

# MUENSTER ENTERPRISE

VOLUME XXV

MUENSTER, COOKE COUNTY, TEXAS

FEBRUARY 10, 1961

NUMBER 12

**Buck passing on a grand scale** has been recommended in the problem of deciding how the State of Texas shall raise funds needed to meet its anticipated \$100 million deficit. The idea is to have taxpayers choose their own poison.

That choice, according to the suggestion, is to be made in a special referendum along with the special senatorial election on April 4. The ticket would list the three principal revenue proposals . . . a sales tax, an income tax, and a payroll tax . . . and let voters indicate the one they prefer.

**At first glance it seems like** the democratic way of solving a difficult problem. What could be fairer than getting the answer direct from the people themselves? On second glance, however, we wonder whether this isn't really the most unfair method of all, ultimately imposing the tax burden on the group which has the least voting power in its own defense.

It can be assumed that every voter in the referendum will favor the method which is least burdensome to himself. In other words, he will vote to dump the load on someone else. The net result will be that the method with the most votes will hit the smallest number of people. Is this what the legislators want? Or do they have a foxy plan to adopt the proposal that gets the smallest vote . . . and which will spread the tax bite over the greatest number of people.

**Also involved here is** the subject of legislative responsibility. The suggestion proposes that our elected representatives, who have recently been authorized a fat salary increase, evade a difficult decision and let the public do its own deciding. Now that the pay raise justifies our expecting more of them, this proposal invites them to shirk a big part of their duty.

At the same time it calls on every Texas voter to take on a big responsibility. Casting a conscientious vote requires extensive study of all the proposed revenue methods, which would turn into a good sized job for every person. It seems more reasonable to leave these matters of study and decision to people who are being paid to do it.

**A more appealing proposal,** also on the state's fiscal problem, is to work on methods of reducing the state's expenditures. We doubt whether it can be cut enough to take care of the 100 million dollar deficit, but surely, in an operation as big as that, some savings should be possible. One group urges a "Little Hoover Commission" to eliminate duplication and waste in state government. One urges adoption of changes which would greatly reduce the cost of collecting taxes. In keeping with the old proverb that saving counts as much as getting, it would be a good idea to determine and cut out unnecessary expenditures. Maybe then it would not be necessary to raise so much money.

**How many people are really** aware how much they contribute to Uncle Sam in income tax? The average person hardly knows what his salary is. All he sees is the take-home portion, which to him is the real amount of his pay.

To get that point across to his employees a Minnesota publisher has adopted a sort of shock treatment. He pays their full wage the first three weeks of the month and deducts the full month's withholding tax from the final week's pay.

Assuming a wage of \$100 a week, here's how it works. The employee has the pleasure of receiving \$100 each week for three weeks, then the bottom drops out. The fourth week he gets \$32.80 if he's married, \$23.60 if he's single. No doubt, he's impressed.

If more of that were done the general public might become more aware of its tax bite . . . and more resentful. Then we might also find more interest in demands for federal economy. The reason we don't have more objection to our outrageous taxes is that too many don't know what is happening to them. They are simply outfoxed by the bureaucrats.

**Recommended legislation** in Washington includes a return of the proposal for a minimum wage of \$1.25 an hour. (Continued on page 8)

## Water and Sewer Rates Increased By City Council

An increase of water and sewer rates to become effective on the next billing was voted by the Muenster city council at its regular meeting Monday night. The average increase per customer for both services will be \$1.00 per month.

The rate hike was favored by the council as the fairest way of raising additional funds needed for the city's operating budget. This method spreads the cost over all who get the benefit of the city's service, including many who pay no property taxes. Raising the money by taxes would have required an increase of 30 cents on the tax rate.

Revenue gains from the increase is expected to be about \$4500 a year.

The new water rate schedule is as follows, 1000 gallons or less, \$2.50. Next 4000 gallons 55 cents per 1000. Next 10,000 gallons 50 cents per 1000. Next 15,000 gallons 45 cents per 1000. Next 20,000 gallons 40 cents per 1000. All additional 35 cents per 1000.

Former rate was 1000 gallons or less for \$2.00. Next 14,000 gallons 50 cents per 1000. Thereafter 30 cents per 1000.

The sewer rate per month was raised from \$1.00 to \$1.30 per customer.

In most cases, according to Water and Sanitation Superintendent Steve Mosler, the increase will be 1.00 or less for both services. A customer using the minimum will pay 80 cents more than before. A customer using 5000 gallons of water will pay \$1.00 more, and the same applies to a customer using 15,000 gallons.

A survey of accounts shows that a small percentage of customers use over 15,000 gallons a month. In January 1959 there were 8 of them, in July 1959 there were 64 of them.

After a customer passes 15,000, however the increase builds up faster. At 20,000 gallons it costs 1.75 more. At 30,000 it costs 3.00 more. At 40,000 it costs 4.00 more.

## MHS Cagers Drop Two at Callisburg

Coach Bob Gay's MHS girls put on their best performance of the season at Callisburg last Friday to hold the undefeated 37-B champs to a count of 38-30.

After a 10-4 first quarter lead the host team gained slowly for scores of 22-10 and 54-20 the next period, then lost two players on fouls. In the final quarter Muenster trimmed six points off the margin. Scorers for MHS were Cain 12, Hellman 10, Tuggle 8.

In the next game Muenster boys took a 15-12 first quarter lead and slipped badly in the next period, trailing 29-20 at intermission. The rest of the game was about even and the next two periods ended 41-34 and 59-47. Harris led the scoring effort with 20. Flusche hit 9, J. Hellman 7 and M. Hellman 7.

Final games of the season scheduled for Saint Jo Tuesday were postponed because of weather and will be played Friday night.

## Parochial Girls Are SAL Champs

Sacred Heart Tigerettes got a good scare at Dallas last Friday but finally took the game as well as the Southwest Academic League district title by a 35-31 decision over OLG Academy.

In the first period Sacred Heart took a slim 6-5 lead but by half time they were behind 16-12 and ending the third quarter they still trailed 27-25. Dominating the last period they finally edged ahead for the four point lead. Joyce Hacker, with 28 points, was the hot shot of the game. The win gave the Tigerettes a perfect record in conference play . . . two over St. John's and two over OLG.

## NEWS OF THE SICK

Mrs. Joe, J. Wimmer is convalescing at home after dismissal from the Sanitarium following major surgery. She is still a shut-in and while up occasionally has doctor's orders to rest most of the time.

Alphonse Hoenig keeps making headways, slowly but surely, and is up and around now wearing a brace on his injured back after being in a cast since a fall Nov. 18. He was in Nocona Hospital this week Monday through Wednesday to have the cast removed and the brace fitted.

Oscar Miller expects to go back to work at Endres Motor Company Monday after a week of taking it easy at home following a week of treatment at the VA Hospital in McKinney. He was dismissed from the hospital Saturday.

In Flow Hospital at Denton, John Koerner of Pilot Point is making progress in recovering from a stroke. He'll be hospitalized for some time, according to reports this week.

Mrs. Will Sicking is back in circulation again, recovered from major surgery performed January 5.

Victor Hartman was dismissed from Methodist Hospital in Dallas Monday after skin graft surgery on his left leg and is getting around in his home some in a wheel chair.

Dick Trachta returned to work at Shamburger Lumber Company Monday. He had a gall stone operation Jan. 16.

Sam Biffle, 88, has been dismissed from Gainesville Sanitarium following surgery for a broken right hip sustained Jan. 22 and is convalescing at Wilson's Rest Home in Gainesville. He is able to spend short periods in a wheel chair. Doctors estimate it will be at least three months before he will be walking again.

## 6.7 Per Cent Miss City Tax Deadline

Property owners of Muenster have paid up 93.3 per cent of their 1960 city tax, according to a report at the city council's meeting last Monday night.

Now delinquent and subject to penalty charge are tax statements in the amount of \$1,148.87. The total tax bill was \$17,147.43 and the amount collected through Jan. 31 was \$15,998.56.

## 8.5 in Snowfall Sets New Record In Muenster Area

Snowfall early this week was definitely the heaviest in Muenster for several years and possibly an all time record breaker. Combined measures Monday and Tuesday were 8.5 inches, according to Steve Mosler's official report.

On Monday morning the blanket was 3.5 inches deep. Much of it melted up to mid afternoon when more snow started falling, but much of that also melted as the temperature remained several degrees above freezing. Later the mercury dropped and the snow piled up to an average depth of 7 inches. Because the total depth included some from the day before Mosler could not determine the amount of the second snow, so he estimated it at 5 inches from the melted measure of .48 in. The previous day's melted measure including some rain, was .46 in. Before the snow, on the 5th, the rain measure was .34. The month's total moisture to now is 1.28 inches.

Next heaviest snows recorded here both occurred in 1959. Jan. 5 and 6 had 6 inches. Feb. 24 and 25 had 5 inches.

## News of the Men in Service

### Here After Graduation

Herbie Cunningham is here for a 14-day visit with his family following graduation from electrical school at the San Diego Naval Training Station in California. After completion of his leave, Herbie will return to California for an assignment in Long Beach.

### Two Join Husbands

Mrs. Larry Hennigan and Mrs. Lloyd Trubenbach and baby daughter Lisa who have joined their husbands in California and for 2 weeks have been enjoying each other's company are being separated. Both men have been at Fort Ord but Lloyd has just received a new assignment in San Francisco so the Trubenbachs will be moving farther north in California. Mrs. Trubenbach phoned her parents, the Arnold Friskes at Gainesville Thursday evening to tell about Lloyd's transfer and Mrs. Friske phoned to relay the message to Lloyd's parents, the Alois Trubenbachs.

## Phone System Gets New Owners

Another step in the development of Muenster's improved telephone system was accomplished Wednesday night when stockholders of the Muenster Telephone Company voted to sell its assets to Muenster Telephone Corporation of Texas, of which Alvin Fuhrman and W. J. Miller are owners.

The sale was mostly a formality carrying out an option agreement which was made before application could be filed for the REA loan. Paper work in the sale will be done within the next few weeks.

## City Election Will Name 4 Officials

Voters of Muenster will cast their ballots for four city officials on Tuesday April 4. Positions to be filled are those which will be vacated by the expiring terms of Mayor Herbert Meurer and Aldermen Alphonse Felderhoff, R. J. Hellman and Ray Otto.

The election was ordered by the council in its regular meeting last Monday night.

To date no one has announced as a candidate for the election.

Council members whose terms expire next year are Richard Grewing and David Trachta.

## Hospital Drive Reaches \$186,551

Add \$1066.51 to the hospital campaign for a new total of \$186,551.59. As reported Wednesday by Secretary Dorothy Harthan the fund gained \$600.48 in. The previous day's melted measure including some rain, was .46 in. Before the snow, on the 5th, the rain measure was .34. The month's total moisture to now is 1.28 inches.

The beer concession at the event was planned and carried out as a hospital benefit affair. Oil operators and business men contributed to stock the concession and all sales were turned over to the hospital fund.

## Higher Rate OK'd After Completion Of Phone Project

A rate increase for the Muenster Telephone Company was authorized by the city council Monday night as one of the steps necessary to clear the way for extensive improvements. The city OK on charges was necessary so the owners can submit their rate schedule as one of the requirements to qualify for the \$490,000 loan which has been approved by Rural Electrification Administration.

The rates approved by the city as well as the schedule of rural rates will become effective when the phone company begins use of its dial phones, which is estimated at about 18 months from now.

Request for the rate change, along with a summary of improvement and expansion plans, was presented to the city council by Alvin Fuhrman and Wm. J. Miller, who will be owners of the improved system.

Changes of city rates, as allowed by the council, are as follows. One-party business phones up from \$6.00 to \$10.50 a month. Two-party business phones up from \$5.00 to \$9.00. One-party residential phones up from \$4.00 to \$5.00. Two-party residential phones up from \$3.50 to \$4.50. Four-party residential phones up from \$3.00 to \$4.00. Extensions of business phones up from \$1.00 to \$1.50. Extensions of residential phones up from \$1.00 to \$1.50.

(Continued on page 8)

## BIRTHS

Happy parents of a new baby — an eight pound two ounce son — are Mr. and Mrs. Leo Hesse. The little boy was born Wednesday, Feb. 8, at 2:20 a.m. Welcoming a little brother are sisters Margie and Joan. Mrs. Gertrude Bayer is the grandmother and Mrs. Joe Walterscheid is the great-grandma.

Charlotte Faye Bayer, eight and a half pound daughter of Mr. and Mrs. James Bayer of Valley View, born Feb. 2, was baptized Sunday in St. John's Church. Mr. and Mrs. Wilfred Bindel are their niece's godparents. Father Anthony Gajda officiated at the christening service. The newcomer has two sisters and two brothers and is a grandchild for the Joe J. Neus of Lindsay and the Frank Bayers of Muenster. The John Walters and Mrs. Jos. F. Neu are the great-grandparents.

Mr. and Mrs. Leonard Zwinggi of Gainesville have announced a son born Feb. 3, 9:10 a.m., weighing seven pounds 11 ounces. He's a grandson of Leo Zwinggi of Lindsay.

Mr. and Mrs. Calvin Evins are parents for the first time with the birth of a six pound son February 2. The baby's daddy works for Victor Koelzer Well Service.

## Muenster Bank Increases Capital Stock to \$100,000

Muenster State Bank's capitalization has been increased from \$50,000 to \$100,000 and its capital structure has been increased from \$200,000 to \$250,000.

The changeover was completed last week on the approval of the state banking commission and additional shares of stock have been issued to the bank's stockholders.

## Near 7100 County Residents Listed As Voters in 1961

The registered voting strength of Cooke County this year will be about 7090. That is the estimate of the county tax office on the basis of poll tax receipts and exemptions used and applications still on hand for later issue of receipts.

At the time of the report, last Monday, office personnel were still filling out receipts from the special additional order which arrived during the weekend.

The figure given was approximate, not official. The official count will be available after the total figures are determined and allowance is made for the exact number of poll tax receipts and exemption certificates voided during the season.

Total voting strength of the county cannot be accurately determined. Along with the recorded voters are several hundred over-age voters not required to pay poll tax or secure exemption certificates.

## 64 Students Make Honor Roll at SH

Sixty-four students of Sacred Heart School attained honor roll rating for the third six-week period, 34 of them fulfilling requirements for the "A" honor roll while 30 completed the essentials for the "B" honor roll.

On the "A" honor roll are the following:

Grade 4 — Melvin Bayer, Beverly Koelzer, Doris Schilling, Susan Yosten, Janice Wilde, Diane Hess, Dolores Pels, Cynthia Bindel, Kaye Klement, Ann Stewart.

Grade 5 — Linda Rohmer, Sandra Sicking, Shirley Klement.

Grade 6 — Linda Fisher and Wayne Klement.

Grade 7 — Monica Becker, Paulette Endres, Gloria Haverkamp, Deborah Schilling, Cynthia Stoffels, Mary Wimmer.

Grade 8 — Dwayne Schilling, Jerry Taylor, Larry Reiter, Theresa Dangelmayr, Margaret Lawson, Marilyn Walterscheid, Florence Walterscheid.

High School — Claudia Endres, Eileen Knauf, Jeanne Hofbauer, Virginia Taylor, Shirley Wimmer, Bobby Pels.

"B" honor roll, Grade 4 — Shirley Dittfurth, Herbert Fette, Gary Gieb, Renita Walterscheid, Kenneth Yosten, Rose Ann Sicking, Bobby Sicking, Alice Arend, Carmen Wimmer, Robert Knauf.

Grade 5 — Glenn Trachta, Thomas Trachta, Imogene Vogel.

Grade 6 — Deborah Fette, Gloria Gieb, Mary Hesse, Andy Klement, Doris Lutkenhaus, Linda Zimmerman.

Grade 7 — Patsy Arend, Monica Cler, Candice Fette, Pauline Fleitman, Leon Knauf, Rudy Koesler, Carol Mosman.

Grade 8 — Danny Hoenig, Shirley Vogel.

High School — Alvin Hacker, Kathy Trubenbach. No listings are made of students in the ungraded primary department.

## Scouts Begin Work For Ad Altare Dei Awards in Spring

Of interest to local Boy Scouts and their parents is the annual presentation of Ad Altare Dei awards, scheduled for early spring, the exact date to be announced. The Bishop of the diocese presides for this ceremony in the Dallas cathedral.

A number of Scouts are working for the required credits to qualify for the honor, the highest a Catholic Scout can receive.

Other members of the local troop are eligible but need to fulfill certain requirements for necessary advancement prior to becoming a candidate for the medal of honor, here.

As explained by President J. M. Weinzapfel the added capitalization results from a transfer of funds from the reserve account. By stabilizing that portion of its resources the bank has strengthened its capital position, provided greater security to depositors and placed itself in a position to give better service to the community.

This is the third time the bank has increased its capital since it was organized in 1923 with a capital of \$17,500. In 1940 it made a 40 per cent increase raising its capital to \$25,000. In 1952 and 1961 it made 100 per cent increases raising the capital to \$50,000 then to \$100,000. The bank's stock now numbers 1000 shares with par value of \$100 each.

In addition to its capital of \$100,000 and certified surplus of \$150,000, the bank has a reserve which, as of its last quarterly statement, was over \$26,000.

## Revised Count of Census Shows 683 5 Less than 1960

A welcome revision resulted from the final check of last week's unofficial count of the scholastic census. The district total was upped from 658 to 683, and the loss of students, unofficially reported at 31 now stands at 5.

Final results of the enumeration were announced this week by Superintendent L. B. Bruns. It is the actual count of local school children but subject to final check and possible change by county and state officials before it can be declared official. Dual listings sometimes occur when people move and children may be counted in two districts.

The county and state correct such duplications. The official count then becomes the basic figure to determine a district's per capita allotment for the next year.

A big net loss on moves in and out of the district accounts for the drop in census count. It more than offsets the gains of first graders over those who are dropped because of over age.

The list shows 65 six-year-olds. Last year's list of 17-year-olds, who have been dropped because they are past the scholastic age limit, is 59. The district gained on those groups. However students moving here from other districts are only 8 while students moving away are 19.

A breakdown of the figures shows 331 boys and 352 girls, on the scholastic roll. A further breakdown according to age groups is as follows,

6 year:	31 boys	34 girls,
7 year:	26 boys	32 girls,
8 year:	26 boys	25 girls,
9 year:	31 boys	39 girls,
10 year:	32 boys	31 girls,
11 year:	32 boys	27 girls,
12 year:	23 boys	27 girls,
13 year:	29 boys	28 girls,
14 year:	28 boys	29 girls,
15 year:	24 boys	22 girls,
16 year:	23 boys	37 girls,
17 year:	26 boys	21 girls,

## Schedule of Coming Events

FRIDAY, Feb. 10, CDA meeting, KC Hall, 7:30 p.m.  
FRIDAY, Feb. 10, MHS vs Saint Jo, there.

FRIDAY, Feb. 10, Muenster Juniors vs Rad Ware, there.  
SATURDAY, Feb. 11, Dance in VFW Hall.

SUNDAY, Feb. 12, Third Order of St. Francis meeting, 2:30 p.m.

MONDAY, Feb. 13, Civic League and Garden Club meeting in the home of Mrs. Al Yosten, 8 p.m.

TUESDAY, Feb. 14, Valentine Carnival at MHS, 7 to 9 p.m.

TUESDAY, Feb. 14, VFW and Ladies Auxiliary meetings, VFW Hall 8 p.m.

THURSDAY, Feb. 16, Muenster Juniors vs Valley View, here.

**FREEZY DOES IT**—The New York skyline presents a chilly picture from the icicle draped promenade of Governor's Island in the middle of New York Harbor.

## AMOS 'N ANDY BOOKKEEPING

Expansion of the social security system to include medical care for elderly persons, offers some tough nuts to crack. Experience shows that in politics things are advocated that are unworkable. Richard Starnes, columnist

for the Washington Daily News, reveals some not very comforting statistics on the entire social security set-up. "In its first quarter century" he says, "social security took in \$70 billion. It paid out \$50 billion of that, and has \$20 billion of government bonds in the kitty. Against that \$20 billion there are obligations, at the present rate of benefits, of \$360 billion."

If you wonder how the social security system has reached such a pass the answer is simple. Mr. Starnes cites a not unusual case — a

pensioner who paid for three years, starting in 1937. Then he retired. Since he and his late wife together have drawn \$13,490 in benefits while their total contributions to the fund have been \$40. But in the case of young people starting to work circumstances are reversed. They can never hope to take out as much as they are forced to contribute.

There is little justification for further taxing, in the name of social security, already overtaxed younger workers to provide medical care for millions of elderly persons who are both able and willing to care for themselves. Senator Harry F. Byrd, a distinguished democrat who has as great an understanding of the fiscal problems of the federal government as any man, does not mince words, "I am opposed to . . . compulsory medical service and hospitalization under the Social Security System. I am convinced this would lead to socialized medicine with the possibility that it would bankrupt the social security trust fund."

### CO-EXISTENCE

The Russians talk much about peaceful co-existence out of one corner of their mouths while out of the other they prove they don't believe in it.

There are some Americans who believe that the Russian Bear and the American Eagle can lie down together in that so-called "peaceful co-existence."

We can co-exist peacefully with the Russians temporarily if we concede, a little bit here and a little bit there, to their demands — if we appease Khrushchev as England's Chamberlain appeased Hitler prior to World War II.

Chamberlain and the English people learned that you can't avoid war by appeasing a dictator whether he wears the "Swastika" or the "Hammer and Sickle." There are two things that we must do, if we are to avoid war with the Reds: (1) Keep our powder dry; and (2) Concede absolutely nothing further to the Reds, as every concession we have made to Russia so far has strengthened the Russian Bear and weakened the American Eagle.

The possibility of peaceful co-existence with Red Russia, otherwise is a delusion, which the following story serves to prove:

Visitors to a zoo were labeled "Co-Existence," a lion and some lambs. However, the zoo director cleared up the mystery. Said he: "It's a cinch. There's nothing to it. All I have to do is add a few fresh lambs every now and then."

### MIGHTY MIDGET

The Amarillo News in a recent editorial said, "Our U. S. A. has only seven per cent of the world's people. It has less than half the land area of Russia, not counting satellites. China, India and Russia all exceed it in population. America is second rate as to population and area. But she is a mighty midget."

The reason the News said the latter is found in the fact that although the United States has only 7 per cent of the world's people, they produce a third of the world's goods and services and over half the world's energy output.

The electric utility industry has been a work horse behind the production of power to run the nation's industrial machine and to electrify its homes. Today with a maximum production of power for present demand the electric industry is expanding for the future and is investing heavily in atomic energy research and for the production of electric power.

It is the record of free enterprise that entitles the U. S. A. to the title of "Mighty Midget."

### DON'T SKIP BREAKFAST

Breakfast should provide one-fourth to one-third of the recommended daily dietary allowances. Failure of school children to perform at their best both physically and mentally may be due to eating poor breakfasts or none at all. Teenage girls especially should be aware that studies have shown that the omission of breakfast is an ineffective way to control weight. Breakfast needs careful planning and often especially liked dishes to tempt the appetites of those who feel they have no time to eat.

Why the editor's job is a headache. "Professor Ernest Brennecke, of Columbia University, is credited with the discovery of a sentence that can be made to have eight different meanings by placing the word 'only' in all possible positions in the sentence: 'I hit him in the eye yesterday.'"  
 — Coronet.

He Never Gives Up

### A WISE INVESTMENT

In these days of multi-billion dollar government budgets, the spending of \$25,000 by a public official normally would pass unnoticed.

But when a public official spends \$25,000 so wisely that it results in a saving to the taxpayers of more than \$400,000 in one year, the story merits a fanfare of trumpets to call it to the attention of every custodian of public funds in the land.

Such an investment was made in Polk County, Iowa, when State Highway Commissioner James Statton a year ago ordered distribution of a number of special reflective license plates to determine their value in preventing accidents.

The year-end report of the Polk County experiment indicated the reflective plates were so effective in preventing rear-end collisions at night that citizens of the county saved more than \$400,000 that normally would have been the costs of these accidents. The plates were particularly effective in reducing the number of rear-end collisions involving parked

### or stalled cars at night.

So successful was the Polk County test that Commissioner Statton has recommended the adoption of reflective license plates by the entire state. It's an idea that might be considered by public officials in other states.

### Top Job Holders

Seven Presidents of the United States — Lincoln, Jefferson, Jackson, Fillmore, Buchanan, Garfield and Arthur — were born in log cabins.

Eight Presidents didn't go to college; 23 were lawyers. Tyler was the first chief executive to be photographed. Taft the first one to play golf, and McKinley the first to have an auto.

Anybody who wants to live a peaceful, quiet, uneventful life has just picked the wrong time to live.

## IS THE ATOM GOOD?

by Thomas E. Murray, former Commissioner, United States Atomic Energy Commission

LIFE CHANGED for all of us with a blinding flash on July 16, 1945. On that day by the witchery of science a piece of sun was remade over the sands of Alamogordo, New Mexico. What happened at Alamogordo when the first atomic bomb was successfully tested was the result of ages of man's study and research into the mysteries of the universe in which he lives. Something awe-some, something inspiring and frightening took place. Man had controlled a new kind of force.

It is a part of man's duty to discover more and more of the nature of the world he lives in. It is a part of the instinctive search for God in the heart of every man. For in the unity, the harmony and the order of the universe, revealed little by little and at painful cost are found reflections of the perfections of God Himself. "See how the skies proclaim God's glory, how the vault of heaven betrays His craftsmanship."

WHAT IS the atom with all its fearsome or awesome power but another creature of God, to be used to help man fulfill his purpose here on earth? Fundamentally, the situation of man in the atomic age is not different from the other "ages" which have marked his progress.

The same principles govern his life, his purpose and his destiny. The same basic problem faces man in this new age, as has always faced him: using the power given him for his good or for his ill, for his aid or his destruction.

Out of a piece of steel, for instance, one can fashion a surgeon's healing scalpel or a cutthroat's dagger. The same choice that is laid before man in the use of any creature is now laid before him in the use of nuclear energy. The exercise of that choice is the fundamental problem of our atomic age.

Man's surroundings and the things he deals with have changed with the coming of nuclear energy. But two fundamental things remain unchanged.

THE FIRST is man's nature. Whether he be in a cave, striking sparks from a flint, or at the controls of a cyclotron, juggling with electrons and protons, a man cannot escape from the fundamental truth that he is a creature of God.

THE SECOND is the plan of God. Man's discovery of the atomic powers has taken place with the consent and the will of the Creator. It is completely within the design of God that man has come to this knowledge.

It will help us to keep our balance, if we remember that all man's knowledge, all his accomplishments, are not solely his own but are made possible with the ever-watchful help of God.

† Paulist Feature Service, Washington 17, D. C.

### The Unemployed

There is no accurate way of measuring unemployment — the figures representing it are as distorted as images in a fun house mirror. In the first place, many groups such as summer resort employees, fishermen, farm workers, guides and others who never worked 12 months out of the

year, never considered themselves "unemployed" during slack periods until the advent of unemployment compensation. Secondly, when "benefits" approach the take-home pay, they subsidize and prolong voluntary unemployment.

Some girls break a date just by going out with him.

**Lesson on Manners Given 4-H Clubs**

Sacred Heart senior 4-H club girls enjoyed their February meeting with its program on manners and discussion of the annual Share the Fun contest on March 6 and Dress Revue on March 28.

Mrs. Everett Yeatts, home demonstration assistant agent, was with the girls for their business session, Charlotte Wolf, president, presiding. Mrs. Yeatts distributed pamphlets on the dress revue

which the girls plan to enter. They are also getting a group together for the Share the Fun contest. Joyce Haverkamp, reporter, listed 18 members present.

For the program on manners, members of the senior 4-H boys club and Assistant County Agent Brooks Smith joined the girls, Mrs. Yeatts and Mr. Smith seated themselves at a table and went through an imaginary meal with the club members watching to identify bad table manners and report correct procedure. They received pamphlets on good manners after the demonstration. Carol Henschel and Janice Vogel led the group in songs to conclude the meeting.

**Junior Club Meeting**

Junior 4-H Club girls had a similar program when Mrs. Yeatts met with them to discuss the Share the Fun program and junior 4-H boys and Mr. Smith joined them for the program on manners.

Mr. Smith demonstrated the "wrong" way of table manners while the two groups watched. Afterwards the children received booklets on "Manners Pay Off."

For the girls' business session, Linda Zimmerer presided and Gloria Gieb read roll call for which 49 members responded. Dianne Shumaker is club reporter.

Recreational Leaders Debbie Fette and Shirley Klement led songs after business concluded.

**Intermediate Club**

The program on table manners was repeated for the Intermediate 4-H girls and boys in a joint gathering. Mrs. Yeatts and Mr. Smith giving the demonstration and following up with a question and answer session.

During the girls' regular meeting Debbie Fette presided and the group discussed the dress revue and Share the Fun contest. The eighth grade girls have already formed their team for the annual contest and a group of eight are rehearsing their entry number. It's a dance routine with Jane Hess, La Vern Otto, Alma Herr, Debbie Fette, Rita Trubebach, Rachel Endres, Theresa Fleitman and Angeline Hess.

To end the meeting Candy Fette and Judy Dangelmayr led songs. Angeline Hess, reporter, counted 44 present.

**Sozy Secretary Sez**

*I add a few drops of olive oil to the water when I wash out my doekin or chamois gloves. Then after they dry, they're soft and pliant.*

**NOTES FROM CITY LIBRARY**

Among City Library's new books is "Witch's Silver" by Dorothy Gilman Butters. It's a story that will delight young adult readers and they will find the book hard to lay down without reading completely through it.

Here's a peek of what's between the pages of Witch's Silver.

After the happy glow that came with Tom's sudden proposal of marriage, Arbella Martin despairs of ever having the courage to face his parents. Because, after all, her people are only Maine folk and his are wealthy summer people.

But Grandmother Martin who is proud of the tradition and independence of the Martin family, presents Arbella with the diary of another Arbella of long ago who had more than enough spunk when she needed it.

From it the young Arbella learns that it was in puritanical Boston of 1703 that Arbella Hewitt, once tribal sister to an Indian, set heads to wagging and tongues to clucking when with single-hearted zeal she set out into the north woods with a frail little boy cousin as her only companion and a worn red stone as a make-believe trail-man.

This Arbella was seeking, not self-confidence for she had plenty of that, but a buried treasure — a chest of heirloom silver — that could give her freedom from her patronizing relatives.

How two dashing ships' captains found themselves involved in her foolhardy venture and hopelessly captivated by her charm, and how Arbella herself, having hardily won both things she was after, gave up first one and then the other for a kind of treasure she had not even dreamed of, makes a heart-warming story that not only inspires Arbella's modern namesake but is sure to delight young readers.

The February issue of Boy's Life is here now and ready to be checked out. This is a magazine for all boys. The current issue features "Strengthen America."

**Who's Who Roster At Muenster High Lists 28 Students**

Twenty-eight students of Muenster High School have been named on the 1961 roster of Who's Who, claiming a total of 43 titles.

Chosen by the students as favorites are the following:

Best all-around girl and boy, Paulette Walterscheid and Mark Hellman, Hornet Beauty, Carolyn Fette; Handsome Hornet, Jimmy Wiesman; Most Popular Clyde Walterscheid and Carolyn Fette; Most Whitty, Ted Kathman and Carolyn Fette; Most Bashful, Pic Hemphill and Doris Fisher.

Most Energetic, Dyann Hellman and Milton Fette; Most Ambitious, Milton Fette and Jo Ann Fisher; Most Likely to Succeed, Martha Sue Meurer and Mark Hellman; Most Friendly, Milton Fette and Carolyn Fette; Cutest Boy Mark Hellman; Cutest Girl, Jeannette Walterscheid; Best Groomed, Sharon Klement and Milton Fette.

Selected by the faculty as outstanding students are:

Gerrie Trubebach, home-making; Johnny Reiter, book-keeping; Nancy Rathburn, typing; David Yosten, science; Brenda Tuggle, mathematics; Rita Fisher, history, Mary Lou Swirczynski, English; Della Wimmer, Band; Johnny Reiter, agriculture; David Yosten, shop; Noble McElreath and Paulette Walterscheid, most polite; Harold Flusche and Dyann Hellman, most athletic.

Class favorites are Seniors Carolyn Fette and Clyde Walterscheid, Juniors Judy Yosten and Jimmy Wiesman, Sophomores Nancy Rathburn and Robert Klement, Freshmen Pamela Russell and John Walterscheid.

**125 Greet Yostens At Housewarming**

A surprise housewarming party greeted Tony and Herbie Yosten Friday night at their new home but the crowd was too big for the house and the party was moved to the VFW Hall after guests went through in relays to inspect the new place.

About 125 friends were gathered for a fish supper catered by Mrs. Joe Lehnertz. After the meal, the Yosten brothers displayed their gifts and the group visited, watched TV, played table games and danced.

**W. R. Linns Share Birthday Honors**

Two birthdays were celebrated Sunday in the W. R. Linn home. Mrs. Linn's birthday was Feb. 2 and Mr. Linn's was Feb. 6.

Their children and grandchildren came for the occasion including Mr. and Mrs. Jim Minto and daughter of Lawton, Okla., and Mr. and Mrs. Ray Smith and son of Dallas.

There were gifts and a decorated cake for Mr. and Mrs. Linn.

Boss — "There's twelve dollars gone from the cash drawer, Miss Jones. You and I are the only ones who have a key to it."

Miss Jones — "Well, let's each put in six dollars, and say nothing about it."

**Family Gathering Honors Don Cooke Marking Birthday**

The weekend brought a belated celebration for Don C. Cooke observing his Jan. 31 birth date because the family couldn't be together in the middle of the week.

The birthday dinner with a decorated cake and a shower of gifts was Saturday with children and grandchildren and the only great-grandchild present.

Mr. and Mrs. Harold Cooke and son Don and their daughter and her husband, Mr. and Mrs. Gene Alexander and daughter Dana, all of Fort Worth were in attendance. Mrs. Alexander baked and decorated the cake for her grandfather.

Saturday night the young people were joined by Larry Sparkman for attendance at the mfdnigh show in Gainesville and Sunday morning the group attended church services at Muenster Baptist Church.

Serving as supply pastor at the local church is Brother Don Hockett of Fort Worth. His wife accompanied him to Muenster and they were dinner guests in the home of Mr. and Mrs. H. L. Gay.

**My Secret**

"My wife," said Sam, "talks to herself."

"So dies mine," confided Bill, "but she doesn't know it — she thinks I listen."

**Mrs. W. H. Endres Hosts Club Meet**

Get-Together Club members gathered at the home of Mrs. Werner H. Endres for their February 42 party and after the progressive series had cherry pie a la mode and coffee for refreshments, Washington's birthday theme was carried out.

Mrs. Joe Luke ran up high score for the top award and Mrs. John Hartman was consolation winner. Mrs. J. B. Wilde drew the door prize. Present in addition to members were two guests, Mrs. Ben Luke and Mrs. R. R. Endres.

Mrs. John Hartman will be hostess for the March meeting.

Modern paintings are like women. You'll never enjoy them if you try to understand them.

**HAMRIC'S**  
The place to go for brands you know.

**Dine Out More Often**

Even though "there's no place like home", it's wonderful to get away for an occasional meal. The whole family enjoys the change, and Mom is especially pleased for the break in her kitchen routine.

For more enjoyable living, make a habit of coming here frequently. You'll love the food and the pleasant atmosphere. You'll be surprised how little it costs.

### Local News BRIEFS

Bad weather cut short a visit planned here by Mr. and Mrs. A. H. Hammond of Bookings, S. D., who arrived Monday and left early Tuesday. They were overnight guests of Mr. Hammond's aunt, Mrs. Frank Kaiser, and visited Monday evening with the L. A. Bernauers. The Hammonds were on their way to California to visit their son.

A 24-hour camp-out by Scouts Sammy Endres, Gene Hoening and Willie Walterscheid was filled with rain and cold Saturday and over night but the trio made it and qualified for advancement in Scouting. They had their camp-out and cook-out at Tony Felderhoff's.

Unfavorable weather Sunday didn't stop Mr. and Mrs. Al Yosten and daughter Judy

from driving to Celina to visit her parents, Mr. and Mrs. Joe Tischler. While there they also went over to see old friends, Mrs. Charlie Maier and daughter Annie. Mrs. Maier is recovering from recent illness.

Former classmates who haven't seen each other in 14 years enjoyed a telephone visit Wednesday when Mrs. Johnny Streng received a call from Mrs. Hubert Kozurck of Chicago, Ill. The caller was in Temple at the bedside of her sick father and said she wouldn't get to make a trip to Muenster — no time — because she had taken her five school-age children out of classes to see their grandfather. She visited here 14 years ago. The two were classmates at Our Lady of the Lake in San Antonio.

Mr. and Mrs. Don Muller and son Ron and Miss Lillian Vogel of Fort Worth drove to Little Rock, for a weekend visit with Corina Vogel who is working in the anesthesia department at St. Vincent's Hospital since becoming a

graduate anesthetist. They enjoyed a tour of the hospital and sight-seeing around town and except for some rain the weather was good. The Fort Worthers have told Mr. and Mrs. Joe Vogel the highlights of their trip and said they'll give more details when they come home for a visit this weekend.

More than eight inches of snow Tuesday prevented a gathering of the Schoech families to observe I. A. Schoech's 81st birthday. But children and grandchildren visited by telephone to say happy birthday and many happy returns of the day.

**Birthday Dinner**  
Eighteenth birthday of Mary Alice Dickerson was celebrated with a Sunday evening dinner in the home of her parents, Mr. and Mrs. A. T. Dickerson. Centerpiece for the table was a decorated cake in the shape of a young lady in a formal gown, and places were laid for the honoree, her parents, her brother Gary Dale, Giles Trubenbach, Phyllis Cler and Mr. and Mrs. Alphons Pautler. Those attending showered Mary Alice with birthday gifts.

**At Scouters Meet**  
Scoutmaster Nick Miller and five members of the Scout committee were in Gainesville Thursday for a round table discussion of scouting in the Cooke County district. The session was held in the district court room at the courthouse. Others present from here were Pat Hennigan, committee chairman, John Mosman, institutional representative; Frank Felderhoff, Billy Joe Miller and Gene Hoedebeck.

**Sheephead Party**  
Nick Yosten's birthday brought the traditional celebration — a sheephead game — attended by card-playing relatives and friends who braved the snowy Monday night weather to gather at the Yosten home for the party. Wives accompanied their husbands and spent their time visiting. Mrs. Yosten served birthday cake and coffee with other refreshments and Mr. Yosten opened birthday gifts.

**Some of the Bites In the Governor's Sales Tax Plan**

AUSTIN — You would pay higher taxes on cars, cosmetics, soft drinks, liquor and home appliances if the Legislature adopts a selective sales tax plan recommended by Gov. Price Daniel as an alternative to his controversial payroll tax. It also provides for levies on typewriters and other business machines, building materials, auto parts, central air conditioning units, boats, home furnishings, and restaurant meals costing more than \$1.

The State Finance Advisory Commission drew up the plan. The governor endorsed it in his message to the Legislature. It appears likely the lawmakers will vote higher taxes on some — but not all — of the items in the plan.

Here is what the plan includes: A penny-a-gallon increase in the state gasoline tax. A tax of 2 percent, instead

of the present 1½ percent, on car and truck sales.

A tax of 3 percent on restaurant meals costing more than \$1.

A tax on central air-conditioning units which would produce \$1 million a year.

Boosting the tax on cosmetics from 2.2 to 3 percent.

Hiking the tax on boats and boat motors from 1½ to 3 percent.

A 2 percent tax on auto and pleasure boat parts, including tires and tubes.

A 2 percent tax on appliances, including ranges, refrigerators, freezers, washers, dryers, garbage disposal units, blenders, vacuum cleaners and electric can openers.

A 2 percent tax on watches and jewelry, replacing the present tax on precious stones and metals.

A 2 percent tax on typewriters, calculators and other office machines.

A 2 percent tax on building materials, and home and office furnishings, including carpeting and bedding.

New taxes at the retail level on beer, liquor and wine. (The beer tax would be a penny for each 12 ounces. The liquor tax would be seven cents for a pint and 10 cents a fifth, while the wine tax would be two cents for a pint and four cents for a quart.)

A tax of one cent on each 16 ounces of soft drinks.

**CITATION BY PUBLICATION THE STATE OF TEXAS**  
 TO: Lloyd Chester Ahlberg  
 GREETINGS:  
 You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 27th day of February, A. D., 1961, at or before 10 o'clock a.m. before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.

Said plaintiff's petition was filed on the 12 day of January, 1961.  
 The file number of said suit being No. 18905.

The names of the parties in said suit are: Pearl Ahlberg as Plaintiff, and Lloyd Chester Ahlberg as Defendant.

The nature of said suit being substantially as follows, to wit: A divorce from the bonds of matrimony for the reason of harsh and cruel treatment on the part of Defendant and for the change of name of Plaintiff, Pearl Ahlberg to Pearl Smith, and for general and special relief.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.  
 Issued this 12th day of January A. D., 1961.  
 Given under my hand and seal of said Court, at office in Gainesville, Texas, this 12th day of January A. D., 1961.  
 (SEAL) Milton Thomason, Clerk 16th District Court Cooke County, Texas. 9-10-11-12

**SH Parent-Teacher Conferences End**

Parent-teacher conferences at Sacred Heart School have been completed for the current term.

During the past week parents of high school students met with the faculty for interviews. More than 60 families were represented at the conferences.

Grade school parents and teachers had their conferences after the 2nd six weeks.

Members of the faculty express sincere thanks for the wholehearted cooperation given by parents and their attendance at the meetings.

**February-March Is Renewal Period For Car License**

Austin — February-March is the renewal period for motor vehicle license plates in Texas, announced State Highway Engineer D. C. Greer today.

Texans will notice a newly designed license plate for 1961. A different style of letters and numerals have been used to make the plate more readable from a distance.

A new numbering system will be used for some classifications such as trailers, truck tractors and buses. These classifications will have a one-letter prefix with from two-to-five digit numerals.

For example: A trailer number could be A-10 or A-12345. The numbering system for other classifications will remain the same as 1960. The change in the system was

brought about by the ever increasing number of registered vehicles in Texas.

The Texas Highway Department estimated that vehicle registration in Texas for 1961 will total 4,800,000. This places Texas 3rd in the nation in registered vehicles following California and New York.

"Texas should reach the seven-million mark by the end of this decade," Greer said. "There are more vehicles in Texas today than there were Texans in 1920 and the percent of increase in motor vehicles in Texas in the last four decades is twenty times the percent of increase in population. There are two Texans for every Texas-registered motor vehicle."

Greer stressed the importance of registering all automobiles and trucks in the county of the vehicle owner's residence.

"Do not ask the County Tax Collector to violate the law. He is required to demand to see your certificate of title and 1960 license receipt before he can issue your 1961 plates."

The penalty for operating a vehicle without home-county license plates is the same as operating a vehicle with no plates at all. Court fine can be as much as \$200, plus being required to register in the home county with a 20 percent penalty of the annual fee. Refunds cannot be granted for the illegal plates.

Owners registering illegally in 1961 can expect to face court charges.

"Don't risk an illegal registration," Greer urged. "Remember, too, that a portion of all registration fees stays in your home county to benefit your local community."

**IT HAPPENED  
20 YEARS AGO**

Feb. 7, 1941

Local refinery resumes operation after close-down of several months. Herman Trachta former resident here, dies in Minnesota. Cooke County cotton report shows nearly 15,000 bales ginned. Fifty-six 4-H club boys and girls at Sacred Heart get year books and select projects. Mary and Anna Becker have returned from a several months' visit in Houston. Ted Gremminger of Wichita Falls was a visitor here Sunday. Dorothy Fette and Jack Quinlan of Amarillo marry here. Jitterbugs are asked to calm their feet at KC dances. Roman Trachta, national guardsmen at Camp Bowie, spent the weekend here.

**15 YEARS AGO**

Feb. 8, 1946

Two aldermen will be elected April 2. City tax collections for past year are 92 per cent complete. Forty Boy Scouts prepare for Tenderfoot tests. Telephone lines are being moved and repaired and cable will serve east side of Main street. Emmet Fette buys Aeronca Chief making second plane delivered here.

J. B. Wilde has had his Piper Cub since December. Surgical patients include Carrie Roebert and Joe Fisher Sr. Mr. and Mrs. John Fisch leave here to live in Okmulgee, Okla. Sacred Heart students complete 50 knitted sweaters for Red Cross. Soldiers Bill Hess and Leo Lawson meet in Germany. Alfred Bayer writes from army post in Manila. Soldier Arthur Hess is in Vienna. At Brooks Field in San Antonio Alphonse Felderhoff is recovering from surgery that removed schrapnel from his chest.

**10 YEARS AGO**

Feb. 9, 1951

School lunch room ups price of student meals to 20 cents. Scoutmaster Miller and Boy Scouts hold court of honor. Main Cafe changes hands this week when Mrs. John Steele and Mrs. Lynton Mitchell sell the business to Mrs. Leona Richardson. Mrs. J. S. Horn is at Baylor Hospital as a surgical patient for her broken hip. Tony Wimmer is recovering from pneumonia. Father Anthony Schroeder addresses St. Anne's Society on Charity and Fasting. Gertrude Bindel and Arnold Wimmer marry. County poll taxes drop 20 per cent. Safety campaign in Cooke County aims to reduce traffic accidents. J. H. Andress of Borger visited relatives here during the week-end.

**5 YEARS AGO**

Feb. 10, 1956

District gains 31 in school census as 1956 count climbs to 670. Pre-school count, nearing completion, will be near 300. Albert Fleitman is appointed school trustee for unexpired term of Herman Richey. Rain measure is .42 bringing year's total to 2.39. Cpl. Jerry Hoening is here on leave before overseas assignment. M. Sgt. Harold Trachta visits here after completing duty in Greenland. Norma Klement wins in MHS home-making quiz. District President Anne James is guest speaker at VFW Auxiliary meeting. The Marty Klements move into their new home. Rita Cain and Wendell Richey are married. Mr. and Mrs. John Neu of Lindsay observe silver wedding anniversary.

**Garden Club Topic  
Is Indoor Planters**

Münster Civic League and Garden Club members will hear a talk on "Soil Preparation and Suitable Plants for Indoor Planters" at their February meeting Monday night. Mrs. Henry Weinzapfel will present the program. Hostesses for the meeting will be Mrs. Al Yosten and Mrs. Larry Yosten, entertaining in Mrs. Al Yosten's home. Table setting for the month will feature Washington's birthday theme.

**District Prexy To  
Be at Auxiliary  
Meeting Tuesday**

Mrs. Dickie Rogers of Denison, district VFW Auxiliary president, plans to pay a visit to the Münster organization next Tuesday night at the regular February meeting. That is the word she sent Mrs. Arthur Bayer, local president. Members are urged to be present in full number and are being reminded to bring Red Scissors coupons with them. District I was leading in coupons at last report and hopes to keep ahead for the grand prize.

**Douglas Yosten, 7  
Birthday Honoree**

Seventh birthday of Douglas Yosten brought a party at the home of his parents, Mr. and Mrs. Henry Yosten, for young guests after school. The party group rode the school bus after classes to the Yosten farm home where they had birthday cake, soda pop and candy, played games, admired birthday gifts and enjoyed balloon favors.

The trouble with politicians is that they have more solutions than we have problems.

The northern part of Lake of the Woods Country in Minnesota is further north than any place in any other state in the Union.

Retiring Treasury Secretary Robert B. Anderson (left) and the new Secretary of the Treasury, C. Douglas Dillon, joined in ringing a replica of the Liberty Bell to signal the 20th anniversary of the U. S. Savings Bond program. The recent ceremonies took place on the west steps of the Treasury Building, opposite the east entrance to the White House. Americans now own over \$43 billion in series E and H Savings Bonds. This is an all-time record high.

The Liberty Bell replica in the Nation's capital has counterparts in every state, donated by leading American companies as a feature of the Independence Savings Bond drive in 1950. State governors, as honorary bond chairmen, will rally their volunteer forces with similar bell-ringing ceremonies this spring.

Governor Fricke Daniel proclaims FFA Week in Texas, February 18-25. L-R are Dick Weekley, Executive Secretary, Texas Association FFA; Governor Daniel; Joe Penn, President, Texas Association FFA; and George Hurt, State Director, Vocational Agriculture.

**Local News  
BRIEFS**

Mr. and Mrs. Melvin Schumacher and children Dale, Karen, Kenny, Dennis and Ronnie of Gainesville drove over Sunday to spend the day with her parents, the Ted Gremmings and had birthday dinner at noon with Mrs. Schumacher as honor guest. Her birthday was Tuesday, the observance came early while the family could be together.

Mid-term recess at Texas A&M College gave Mr. and Mrs. Lawrence Milner an opportunity to visit his parents, the M. F. Milners here, and her parents in Sherman, Sunday. Mr. and Mrs. Frank Haynes Jr. and children Nita Marie and Kenneth of Euless drove over for a visit and dinner with her parents but missed seeing her brother and his wife who had already ended their visit.

Visiting relatives in Muenster through this week is Mrs. Leo Schmitt of Mabton, Wash.,

who is the houseguest of her parents, Mr. and Mrs. J. W. Hess and is seeing all the relationship. Mrs. Schmitt made the trip by jet.

Trip was made to Wichita Falls in the snow Sunday by Mr. and Mrs. A. J. Huchton accompanied by Margie Vogel and Mrs. Huchton's brother Billy Fuhrmann of Lindsay, to visit the Gerald Wachman family. Mr. and Mrs. Huchton were godparents at the baptism of their nephew, Jeff Wachman, in an afternoon service in Sacred Heart Church at 2 o'clock.

Enjoying a day away from the usual routine Saturday were Mrs. Tony Wimmer and daughters Della and Jackie and Mrs. Al Horn who were in Dallas visiting the Herbie Ottos. Mrs. Otto joined the Muensterites on a trip to town for eating out and window shopping.

Mr. and Mrs. Angelo Nasche of Fort Worth were weekend visitors with her parents, Mr. and Mrs. Gary Hess and family.

Don Lehnertz and a friend from Denton were here for a weekend visit with Don's parents, Mr. and Mrs. Joe Lehnertz.

Mr. and Mrs. H. L. Herron of Denison visited Thursday with her father, Gus Knabe, and a daughter, Mrs. Gene Gieb and other relatives. They also stopped at Lindsay to visit a daughter, Mrs. Bernard Gieb and family.

A former Muenster resident, Mrs. Mary Trachta Donohoe of Springfield, Mo., recently celebrated her 89th birthday.

Visitors with Mr. and Mrs. Willard Hartman Thursday were Mr. and Mrs. Wesley Hall, Barbara Brasseaux and Russell White, all of Denton and former classmates of the Hartmans at North Texas State College.

Greeting cards for the Herman Swirczynskis came the past week from their daughter Edna, Mrs. Loffie Smith, post-

marked Philadelphia, Pa. With others from her company in Dallas, P&H Industries, she was attending a company convention.

Mr. and Mrs. Melvin Herr and three daughters are making a round of visits using up the final week of vacation left over from summer. They visited his parents, the Frank Herrs and family here, and her parents, Mr. and Mrs. Frank Mages Jr. at Gainesville before going to Fort Worth to be guests of Mr. and Mrs. Tommy Herr and visit with Joanie Herr. They'll be back in Muenster again for another visit before returning to Wichita Falls.

Mrs. William Bergman had as guests Friday her son and his wife and two children of Ardmore, Okla., the Sylvester Bergmans.

Mrs. Wilfred Bindel was in Dallas Saturday to visit her sister, Miss Cecilia Neu and the two came back together, Cecilia spending overnight and Sunday with her parents, the Joe J. Neus at Lindsay.

Misses Clara and Emma Fisher and Barbara Phillips, all of Fort Worth, were here Saturday morning for a visit with Clara and Emma's parents, Mr. and Mrs. C. A. Fisher. Clara bought a new Ford Falcon and drove back to Fort Worth in it after the trio had dinner in the Fisher home.

**Five Hundred at  
Oil Men's Party**

Cooke County oil men had their annual party in Muenster this year, an event of Saturday night which drew some 500 people to the Parish Hall.

Featured attraction was a barbecued venison supper with all the trimmings, followed by a dance.

The venison was from hunting trips made by county oil men during the deer season, French's catering service was in charge of preparing and serving the meal.

**Announcements  
Reports Feature  
St. Anne's Meeting**

Reports and announcements furnished the business at the February meeting of the parish St. Anne's Society Sunday. Mrs. Frank Herr, president, conducted the session in the presence of Father Martin Fischer, spiritual director, and some 30 members. Coming events of interest included the NCCW quarterly deanery meeting here this week Thursday, the Third Order Triduum set for Feb. 28 and March 1 and 2, and the North Texas district meeting of the Catholic State League, slated for April, the definite date still to be announced.

Mission report for the month showed two cartons of clothing and used greeting cards shipped to an Indian Mission in South Dakota and a considerable amount of clothing, shoes and magazines sent to the State School for Girls in Gainesville.

Mrs. Herr read a card of acknowledgment and thanks from NCCW for two layettes contributed to the Madonna Plan and Mrs. Leo Henscheid, treasurer, gave the financial report.

January expenditures were routine: taking care of church laundry and mass stipends. Receipts recorded were 1961 membership dues which are coming in and are now payable. The dues are two dollars a year.

A review of 1960 expenditures revealed about \$350 for rectory repairs including \$78 for linens, \$94 for living room furniture, \$113 for draperies and \$56 for shades, extensions and hooks. Church laundry amounted to \$72, per capita taxes and dues reached almost \$80, summer peach canning and deep freezing for the Sisters amounted to about \$25 and assistance for mission quilting needs was \$10. Other minor and varied expenditures also were listed.

After adjournment the ladies joined members of St. Joseph's Society for a social hour and refreshments.

**Dancing Students  
Entertain at SH  
Home-School Meet**

Routine procedure took up most of the business session at the monthly meeting of the Sacred Heart Home-School Society and the program featured a dance review by students of Miss Joyce Hinsley. The children performed tap and ballet routines. Miss Hinsley also presented a tap dance.

Ray Wilde, society president presided for business during which Sister Celine introduced Miss Ruth Ann Frazier, new lay teacher in high school. She came here from Fort Worth and lives with Mr. and Mrs. Tony Otto in their home.

Sister Carmelita thanked everyone who contributed Betty Crocker coupons and said that the coupons secured a 36-cup coffee maker for the home economics department.

Father Bruno gave his short admonition of the month and Ray Wilde gave a brief report on the men's diocesan retreats, encouraging others to attend. He mentioned the names of the books which were retreat reading and Sister Celine said some of these are available any time from among the more than 6000 books in Sacred Heart Library.

### Lindsay News

The infant daughter of Mr. and Mrs. Albert Zimmerer has been named Deborah Ann. At her christening in St. Peter's Church Father Damian officiated assisted by Miss Cecilia Zimmerer and William Flusche who are godparents of their niece. William was at home visiting his family, the Bill Flusches, during the college semester recess and has returned to A&M.

Visitors with Mr. and Mrs. Bernard Gieb and family Thursday were Mr. and Mrs. H. L. Herron of Denison who spent the afternoon with children and grandchildren here and in Muenster were they also visited Mrs. Herron's father, Gus Knabe.

Miss Cecilia Neu of Dallas was a weekend visitor with her family, the Joe J. Neus.

Father Fintan Oldham and Father Raymond Wewers of Subiaco Abbey, Ark., have been in the area for business and a visit with Father Damian.

M. Sgt. Nick Arend is in California for six weeks of specialized training going from Boosier City, La., where he

is based by the Air Force. Enroute to the west coast he stopped at Lindsay for an overnight visit with his mother, Mrs. Lena Arend, and they went to Muenster to visit his sister and family, the Larry Yostens. Sgt. Arend serves with an air refueling outfit and the present course will make him an instructor. His wife and 3 children remained at their home in Boosier City.

### Marysville News

By Mrs. John Richey

MARYSVILLE — Mr. and Mrs. J. T. Cole drove to Fort Worth one day last week to join the crowds at the Fat Stock Show and rodeo.

Three day visitors, Friday through Sunday, with Mr. and Mrs. Eddie Kuykendall and Colleen were Mrs. C. C. Kuykendall and five children of Medicine Park, Okla.

Illness kept Ricky Tuggle, son of Mr. and Mrs. Jack Tuggle, from school three days the past week.

Mr. and Mrs. Bill Rowe and daughters Elizabeth and Reba of Westview visited her parents, the W. F. Davidsons, Saturday. Coming Sunday from Abilene for a two-day visit were Mr. and Mrs. Bo Snow.

Rev. Henry Mazingo and family who were at the Marysville Baptist Church for services were dinner guests of Mr. and Mrs. Reeve Cooke.

Mrs. Vivian Maupin of San Antonio who is attending SMU at Dallas spent the weekend with her mother, Mrs. B. G. Lyons. Others weekending with Mrs. Lyons were Delores Grant of Denton and Ed Eastin of Gainesville. Joining them Sunday were Mrs. Marie Stiles and Mr. and Mrs. Bill Pace and daughter Marinell of Gainesville.

Mr. and Mrs. John Richey drove to Ringgold Saturday afternoon for a visit with Mr. and Mrs. Coy Fite and family.

Mr. and Mrs. Reagon Shiflet of Dallas visited his parents, the Jim Shiflets Saturday.

About the only two things a child will share willingly are communicable diseases and his mother's age.

### 34 Junior Four-H Boys at Meeting

Thirty-four members of the Sacred Heart Junior 4-H club attended their regular February meeting with Brooks Smith, assistant county agent present.

The group discussed the Share the Fun contest and chose a committee to see about getting up an act. Kenneth Stormer heads the committee which includes Douglas Otto, David Hoening, Leon Endres and Wesley Landsfeld. Leon Endres is club president and Wayne Klement is reporter.

After their business session the boys joined the junior girls for a program on manners.

### 1961 Edition of State Travel Map Is Available Now

The 1961 Texas Official Highway Travel Map — with "Over 60,000 Miles of Motor-ing Pleasure" as its theme — is now available to the general public.

Free copies of the new Texas motoring map may be obtained by writing the Texas Highway Department, P. O. Box 5064, Austin, or at highway district offices and travel bureaus. County tax offices have map cards on hand for requesting copies of the map.

Multilane-divided highway miles now completed and charted on the map total 2,067 miles, and include the finished sections of the seven National System of Interstate and Defense Highways located in the state. More than 350 farm-to-market road miles have been added to this year's map. Approximately 20,000 miles of the state's nearly 34,000-mile Farm-to-Market Road System are shown on the map. All of the 26,857 miles of Interstate, U. S. and State Highways are shown.

Roadside parks having full picnic facilities are marked on the map with a green dot — 830 in all on the new 1961 map. A total of 52 State Parks are also shown, their location indicated by a green triangle. Two new recreational State Parks have been added to this year's map — Eisenhower State Park at Denison, and Atlanta State Park at Atlanta. Major lakes and reservoirs are shown on the map, as well as countless rivers, creeks, and streams.

Cities and towns on the map total 1,827. City route maps for the state's dozen largest cities are also included — Amarillo, Austin, Beaumont, Corpus Christi, Dallas, El Paso, Fort Worth, Houston, Lubbock, San Antonio, Waco, and Wichita Falls.

Panoramic Texas stretches out on the reverse side of the map in 14 full-color photographs which give a glimpse of the car-window views along the more than 60,000 miles of the Texas Highway System.

A section entitled "Facts About Texas" boils down the essential data on Texas' terrain, history, and industrial and recreational diversity.

More than half a million Official Highway Travel Maps of the 1960 edition have been distributed — in-state, out-of-state, and to dozens of foreign countries. Out-of-state and foreign countries requests continue an upward climb as Texas becomes more and more well-known as a tourist state.

The map is also used by all state and governmental agencies in the state for determining official highway distances, mileages, zones, and like information.

Cigarettes containing menthol accounted for about 14 per cent of the total cigarette market in 1960, compared with three per cent four years ago.

### Confetti - - -

hour, with more extensive coverage of firms under the minimum wage regulation.

After lamentations of recent weeks about declining gold reserves and unemployment, it's hard to understand how even the New Frontier men can go for this. Loss of markets, both domestic and foreign, leaves little doubt that many American workers have already priced themselves out of jobs. It stands to reason that cheap foreign labor will enjoy even greater advantage, America will lose more business. More Americans will lose jobs.

Higher minimum wage involves more than just better pay for the lower bracket of workers. It calls for a general raise across the board. For instance, the person now receiving \$1.25 could not in fairness be held to the wage level of the least efficient. He would have to be raised proportionately. And, so on and so on. The result: higher costs, higher prices, more inflation, more loss of money value, more loss of markets, more unemployment. Higher minimum wage will not correct any economic trouble but only increase it.

Out of respect for the intelligence of the bill's supporters we prefer to consider this a political gesture rather than a serious effort. It could pass as an attempt to back up a campaign platform even while supporters believe they have little chance of success. And that development seems likely in view of conservative gains and liberal losses in the legislature. For the sake of the nation let's hope it will go that way.

### SOIL CONSERVATION DISTRICT NEWS

### OUR SOIL ★ OUR STRENGTH

Upper Elm-Red Soil Conservation District cooperators have begun a 1961 New Year's resolution of grass planting. But carrying out the resolution is being delayed by existing weather conditions — five days of rain, sleet and snow with only two days of clear weather.

Among the first to get busy with grass planting are Johnny Bayer and the Felderhoff Brothers — Tommy, Norbert and Gus — and Charlie Poyner of Forestburg.

According to records at the local Soil Conservation Service office there is a need for over 200 waterways to provide safe terrace outlets. There are also more than 30,000 acres of old field areas that need to be planted to adapted grasses.

And there are acres that are producing only a fraction of the forage they are capable of yielding and because they are bare for long periods each year they are subject to erosion.

The county ASC will share in the cost of planting grass. Bermuda seed and sprigs are available locally and so is equipment for getting all kinds of grasses in the ground.

Every business concern needs some promising young men — in order to attract good secretaries.

### Telephone Rates

residential phones remain at \$1.00.

Not subject to city approval but listed among the rates was an increase of rural phone service from \$3.00 to \$4.25 a month.

Expansion and improvement plans include a new exchange building at First and Walnut to house the dial equipment and office. It is specially designed to control dust, humidity and fire.

Outside plans call for new cables and lines where needed and a general overhaul of lines that can be brought up to REA specifications. When completed the improved system will have 254 miles of line in the Muenster, Myra and Forestburg area, serving the 720 present customers and about 240 new customers.

All numbers in the system will be able to dial each other without a toll charge. Also they will be on a nation-wide toll network where by incoming calls can be dialed directly to the subscriber. Outgoing calls will be placed directly with a Gainesville operator. This will save time as well as eliminate the need of operators at Muenster. Information calls also will be handled through Gainesville.

The last rate increase for Muenster telephone service was approved by the city council on February 6, 1956. Since 1958 operating expense has justified another increase but request for it was delayed in anticipation of the present project.

### Tips for Filing Your Income Tax

Want to avoid a lot of trouble and get better service from the Internal Revenue Service when you pay your income tax?

Then here are a few tips from Ellis Campbell Jr., district IRS director from Dallas:

1. Follow the instructions on the form you're filing and follow them closely.
2. Be sure you enclose with your check or money order the income tax form — properly filled out — or the director's copy of the bill or notice, as indicated. Also, it's a good idea to use a paper clip — not a staple — to attach these important papers before you tuck them in the envelope.
3. If your account number is stated among your tax papers, be sure to enter it on the check.
4. Whenever possible, type or print your name, address and other information, and do this neatly. Don't use long-hand except when you sign the form.
5. Mail your remittance and papers to the proper IRS office.
6. Don't forget: Final filing date for the return is April 17.

A bargain these days is anything that's only slightly overpriced.

### Myra Nets \$65.65 For March of Dimes

Red Gordon and his Variety Show troupe presented a program of entertainment at Myra School as a benefit for the current March of Dimes campaign. Proceeds of \$65.65 went into the fund.

In another contest, Myra girls vied for the title of Valentine queen secured votes at a penny each and Audra Hunt was winner with 900 votes. \$21.04 was raised for this project.

Pie, cake, coffee and hot chocolate were served.

### Sunshiners Meet

Members of the Myra Sunshine Club had their regular meeting in the home of Mrs. Fred Payne with Mrs. U. E. Cato as co-hostess. Mrs. W. A. Matthews conducted the brief business. Games and refreshments were enjoyed by Mmes. John Steele, Roy Townsley, Lee Livingston, Charlie Randall, Ray Hudson, W. A. Matthews and the hostesses.

The United Nations headquarters now ranks as the top tourist attraction in New York. More than two million persons a year visit it.
