VOLUME XXVI

MUENSTER, COOKE COUNTY, TEXAS

NOVEMBER 24, 1961

NUMBER 1

**How time flies!** Though it doesn't seem nearly that long, a look at the volume and number identification on this paper reveals that the Enterprise today is beginning its second quarter century. This is our silver anniversary.

It was Thanksgiving Day, 1936, the Texas Centennial Year, when the first issue of this paper was published in spite of warnings that the odds were stacked against it. There were friendly reminders that several other publication efforts had failed before, also that the town was too small to support a newspaper. And looking back now, yours truly can recall that the dire predictions were almost true. The going was rough for the first few years. But, fortunately, the initial optimism held out long enough and the Enterprise gradually got itself established as one of the going concerns in this little town with a big future.

For that this column is deeply grateful to the cooperative spirit of this community. Generous acceptance by subscribers and advertisers was the big factor which enabled the Enterprise to pull through. The same has been true since then. Continued generous support has enabled this paper to keep pace with local progress and maintain a standard that does credit to this thriving community. For years we have been told that the Enterprise is above average for the size town it represents. All the while we have explained proudly that Muenster is above average for a town of its size.

As mentioned several times in years past, the coming of our anniversary on Thanksgiving Day is an appropriate coincidence. Because the only proper way to observe it is an expression of gratitude for the many blessings we have enjoyed.

This column thanks every person who has helped us in any way... our subscribers, our advertisers, our news sources, the customers of our commercial printing department. It thanks the community for a high level of prosperity which the paper was privileged to share. It thanks Almighty God for health and many other factors which are best explained by the sustaining hand of Divine Goodness. Those are the things which deserve special mention on this special anniversary.

About the best way of counting our blessings during the past 25 years is by a brief review of the community progress we were privileged to share. In 1936 Muenster's population was about 500. This figure is a guess based on census count increase from 400 to 600 during the decade. At that time the city and community had few of the developments that we enjoy today. But many major improvements can be listed during the next quarter century as the city's population grew to last year's official count of 1190.

About the first recalled by this column is the Main Street pavement. And now, we can proudly claim, few towns of our size can match us in mileage of well maintained pavement. Another improvement that came soon was the sewer system, small at first, but like the water department constantly extended and improved to provide exceptional service to the growing city. Another city addition is the swimming pool.

Probably the biggest single community improvement through the years was rural electrification. That project was originated by a group of far sighted local men and has grown into a big business serving about 3,500 customers and supporting a very substantial part of the local economy.

The rural area also has several other major developments. Better farming practices have brought soil conservation and improvement with vastly increased yields and a system of detention reservoirs for flood control. All roads are much better. Some are paved. Others are gravel in good condition. Dozens of farms have modern Grade A dairies. And modern homes are the rule rather than the exception. The well developed rural area is the backbone of Muenster's progress.

Still another rural development is the consolidation of several small school districts into the present Muenster district, the largest in the county. That gain is reflected in the

## Initiation Will Head Local KC Program Sunday

Muenster Knights of Columbus will be hosts next Sunday for an all-day program featuring a bi-district initiation for the six councils of Districts 6 and 47.

About 24 candidates are expected, 14 from Muenster and the others from Gainesville, Denton, Sherman, Denison and Pilot Point.

The day's schedule will begin with assembly of Knights and candidates in the parish hall at 8:45 and procession to Sacred Heart Church for the 9 o'clock Mass and Communion.

Next on the program is the first degree initiation in the K of C hall starting at 11 o'clock, and to be followed by the second and third degrees.

Arrangements have been made to entertain visiting ladies during the initiation.

After the initiation members will be joined by their ladies for dinner in the K of C club room. The rest of the evening will be taken up with a party and dance, to which members are invited to bring guests.

## Doc Morrow, 86 Local Pharmacist Claimed by Death

John Thomas Morrow, familiarly known as "Doc" Morrow, died about 5 p.m. last Thursday in a Gainesville hospital which he entered earlier in the day. He was 86. The day he died was one of few Thursdays he had missed coming to Muenster, since serving as relief pharmacist at Dixie Drug Store.

He was a graduate pharmacist and spent most of his life as a drug salesman. Before his retirement in recent years he traveled a considerable territory in North Texas and Southern Oklahoma. He often served his customers as a registered pharmacist when emergencies arose and filled a real need here in Muenster.

Funeral services were held at 2 p.m. Saturday in the First Presbyterian Church at Gainesville. Burial was in Fairview Cemetery.

Survivors are his wife, the former Helen Peterman of Marietta, Okla., one son, one grandchild and one brother.

## Abbot Alfred Receives Abbatial Blessing Nov. 23

Rt. Rev. Alfred Hoenig, O.S.B., 49, first abbot-elect of Corpus Christi Abbey, will receive the abbatial blessing in solemn ceremonies to be held at Corpus Christi Cathedral on Thursday, November 23 at 10 a.m. His Excellency, Bishop Mariano S. Garriga of the Corpus Christi Diocese will officiate and celebrate the Solemn Pontifical Mass.

Many bishops and Benedictine abbots gathered from all parts of the country, as well as relatives and friends of the new abbot, are expected to attend.

Assisting Bishop Garriga in Thursday's ceremonies will be Rt. Rev. Edward Burgert, retired abbot of New Subiaco Abbey, and Rt. Rev. Michael Lensing, Subiaco's present abbot.

Rt. Rev. Gilbert Hess, president of the Swiss American Congregation of Benedictine abbots and abbot of Blue Cloud Abbey, Marlin, So. Dak., will preach the sermon.

Other ministers include Reverends Bodmayr, Martin Fischer, Herman Laux, Sylvester Schad, Msgr. William Oberste, Msgr. Gerald O'Doherty, Msgr. William Hennel, Robert Clark, Paul Hoedebeck and Edwin Wright.

The essential rite of the ceremony will occur when the bishop imposes hands on the abbot's head. The bishop will then present the abbot the crozier and ring. At the end of the Mass, the abbot will receive the miter and gloves from the bishop who will then enthronize him.

As the final act of the ceremony, the abbot will go in procession through the Cathedral imparting his first solemn blessing.

A native of Muenster, Abbot Alfred was born on May 22,

## City Yule Lights Await Turn-on Friday Night

The city's customary Christmas display of twelve strings of colored lights across Main Street and the highway are up waiting to be switched on Friday night. They were installed Tuesday and Wednesday by workers of TP&L and the city.

And just so the public will know, says Steve Mosler, missing lights can not be blamed on the installing crew. Vandals were out Tuesday night, before the job was finished, shooting bulbs with BB or pellet guns from the strings that were up.

The same thing happened last year and before the Christmas season ended dozens of bulbs were shattered. As a result the city council did a lot of deliberating before deciding to put the lights up again this year.

Before installing this time all those vacancies as well as burned out lights were replaced with new lights and complete strings were given a final check.

## 1.83 Inch Rain

Crops of the area got another nice assist Tuesday and Wednesday from a good 1.83 inch soaking rain. The moisture is most welcome to grain fields and pastures, both already in fine condition as well as on the land that awaits future planting.

The month's measure now stands at 2.88 inches and the year's total at 29.22.

## NEWS OF THE SICK

Morris Hacker, 13, son of Mr. and Mrs. Johnny Hacker is dismissed from St. Paul's Hospital to continue recovery at home. He's still a bed patient — at least another week — and then will be a shut-in for some time before he can start back to school.

Clinton Endres is up and around the house this week for the first time in four months. He's using his right foot and leg for the first time since July 15 when bones were broken in a car-scooter accident. He was in a body cast until the middle of last week. At the Sanitarium the full length cast was replaced by a walking cast. Clinton is looking forward to returning to classes at Subiaco Academy at an early date — perhaps after the Thanksgiving holidays.

The baby daughter of Mr. and Mrs. Bernard Haverkamp was dismissed from the Sanitarium Sunday after four days of medical care. Five-month-old Jean had virus pneumonia.

Two-year-old Darrell Zimmerman, son of the Albert Zimmerers of Lindsay, broke his right leg in a fall at home and has the injury in a cast from his knee to his foot.

Donald Vogel sustained a cut on the left leg Saturday in a chain saw accident and has seven stitches in the gash below the knee. But the injury didn't keep him from classes at Muenster High. It was still hurting Monday but he reported at school. He is the son of Mr. and Mrs. Joe Vogel.

J. W. Morrison who has been in and out of M&S Hospital recently returned Friday for treatment and observation after becoming ill at his home.

Former Muensterite Jerry Fuhrman of Austin has informed his parents, the H. J. Fuhrmans, that he is on the road to recovery after two weeks of hospitalization following a kidney stone operation. Earlier this year he had the same kind of surgery. He was dismissed from the hospital this week Tuesday.

Mrs. Joaline Richter has been dismissed from the Sanitarium after being a patient about six weeks for surgery and treatment. She is back at her home, 1208 Whaley Drive in Gainesville since Monday.

Mrs. Bill McCollum of Dallas continues gaining strength at her home where she is still taking it easy after illness and surgery. Her mother, Mrs. Dick Cain, who is back after a week in Dallas with her, reports recovery is steady.

## Estimate Upped, Plans Okayed on Local Hospital

Final approval of floor plans by the U. S. Health and Welfare Department marks another step in the Muenster Hospital's advance to the construction stage. Still to be finished, and approved, are the detail plans for construction.

A report of the approval along with a revised estimate of the cost was received Tuesday by J. M. Weinzapfel from the architect, J. R. Killebrew of Wichita Falls.

The present estimated cost is \$374,188, the increase resulting mostly from addition of living quarters for the administrative personnel and recommended fire-proofing provisions.

Assuming that the revised figure will be the approximate contract price, Mr. Weinzapfel said that the community's share in the cost is increased by about \$37,000 and the goal of the local drive will have to be revised accordingly.

At this time the cash on hand is about \$125,000, he pointed out, so the amount still to be raised is over \$160,000. Most of that is pledged but much more is needed.

Mr. Weinzapfel especially urges prospective donors to inquire into the tax advantages of making gifts of personal property instead of cash.

For instance real estate or cattle can be given rather than the money received from selling them. Thereby the donor has a lower actual income and at the same time he is entitled to a deduction for his charitable donation. By doing that many can give substantially with comparatively little sacrifice.

He also encouraged establishment of memorial funds to the hospital. An example was that started Tuesday by Claude Jones and First State Bank of Gainesville honoring the memory of J. W. Hess for his many years of service to soil conservation.

## H. M. Hatfield Dies Of Heart Attack

H. M. Hatfield, long-time employee for Trumter Oil Co. in this area, died 7:15 p.m. Monday following a heart seizure which began Sunday night at his home, 608 S. Grand Ave., in Gainesville. He was under oxygen in a Gainesville hospital and was showing slight improvement when the end came unexpectedly.

Funeral services were held Wednesday morning in the George J. Carroll & Son Chapel at 10 o'clock and burial was in Fairview Cemetery. Rev. Wilbur Mix, pastor of First Christian Church, officiated.

Survivors include his wife, one son, one daughter, a stepdaughter, two sisters, one brother and three grandchildren.

## Muenster Splits Pair of Games With Collinsville

Muenster High teams broke even last Friday night in their pair of games with Collinsville in the local gym. MHS girls lost 44-24 and the boys won 39-33.

In the curtain raiser the visiting girls were consistently good on their shots and dominated all but the second quarter. That's when Muenster got hot and put on a surge of super playing. They started the period trailing 18-4 and ended it trailing 22-19. But the rest of their game was sad, 11 behind at the third period and 20 behind at the end.

Leading scorers for MHS were Hellman 12 and Cain 10. The Hornets, too made a bad start but held out better with their recovery. About midway in the first quarter they were behind 10-2 then ended the period trailing 12-10. Next period they squeezed out a 15-14 lead and closed the third still a point ahead, 26-25. In the fourth they gradually pulled away for the 6 point lead. Top scorers were McElreath 12, Hellman 9, Flusche 9.

Games scheduled with Pilot Point Tuesday night were cancelled. The Bearcats declined because of too little practice after extending their football season a week to play a bi-district game.

Next action for MHS will be at Forestburg Friday night.

## Mrs. John Tempel Dies Thursday

Mrs. John Tempel, 71, a pioneer resident of this community, died suddenly at her home about 6 a.m. Thursday morning.

The report of her death was received as the Enterprise was going to press, too late for further details and funeral arrangements.

## MK&T Removes Muenster Depot

Progress at Muenster is taking an apparent set back this week with removal of the Katy station, which had served the community for almost 70 years. The depot was built shortly after Muenster was founded in 1889.

But the loss is really unimportant. The building had been vacant since early fall of 1960 when the doors were closed and Paul Luke, local agent, was transferred to the MK&T office in Dallas. Since then local freight service has not been available here. Railroad shipments had to be picked up in Gainesville. Passenger service was discontinued in the summer of 1959.

For many years the Katy was an important factor in Muenster's development but its business declined as good roads enabled cars and trucks to take over. Its only service here now is car load shipping which can be arranged by having a car spotted on the local siding.

## BIRTHS

Proudly announcing their son are Mr. and Mrs. Jimmy Lehnertz of Gainesville. Terry, Cheryl and Jimmy Joe's baby brother arrived 12:13 a.m. Friday, Nov. 17, checking in at eight and a half pounds at Gainesville Sanitarium. Mr. and Mrs. Joe Lehnertz are the grandparents. He's number 19 for them.

Mr. and Mrs. Joe Henry Walterscheid have announced a daughter, Karen Kay, a sister for Stephen, Pamela and Gary Joe and a grandchild for Mrs. Joe Walterscheid and Mrs. Henry Koelzer of Fort Worth. The newborn weighed eight pounds six and a half ounces at birth 10:15 p.m. Wednesday, Nov. 15, at the Sanitarium. At baptism services Sunday Father Alcuin officiated. Sonny Walterscheid and Betty Ann Dangelmayr are the godparents. Mrs. Herman Dangelmayr served as proxy for Betty Ann who is in college in San Antonio.

Mr. and Mrs. Damon Fuhrmann of Lindsay have named their new daughter Jo Ann. She was baptized Sunday by Father John in St. Peter Church with her uncle and aunt, Mr. and Mrs. Ray Hess of Muenster as godparents. Jo Ann was born Thursday, Nov. 16 at M&S Hospital. She has three sisters and one brother. Her grandparents are Messrs. and Meses. H. S. Fuhrmann and Pete Block, all of Lindsay.

## Clear Creek Watershed Group Sets Election

Members of the Clear Creek Watershed Authority have made plans for the election of directors to serve one, two and three year terms and have set January 10, 1962, as the election date.

This and other business came before the Authority at a regular meeting in Muenster State Bank on Nov. 16.

President J. M. Weinzapfel presided and read two letters of interest. One was from Natural Gas Pipe Line Company of America stating that the company has no objection to the Authority's impounding water on the pipe line on one of the flood prevention sites. The other letter was from Brazos Power & Electric Company listing a cost estimate of over \$6,000 for moving their line which is involved in one of the sites.

Soil Conservation Service personnel gave a summary of construction progress on the 21 reservoirs now under contract, pointing out that 12 sites are complete or near completion with the remaining sites

## Death Ends Long Illness Of J. W. Hess, Pioneer And Community Leader

A career of nearly five decades devoted to outstanding civic and religious activity ended Sunday with the death of Justin W. Hess. The 70-year-old leader died at about noon in a Gainesville hospital after an extended illness. With him when the end came were his family including his nun daughter and granddaughter.

Funeral services were held Tuesday morning at ten o'clock in Sacred Heart Church with Father Alcuin Kubis officiating at the solemn requiem

## 3 Hornets Named On All District Football Teams

In spite of being next to last in season standing the Muenster Hornets placed two men on the 12-B all district team and other player on the second string.

Best representation on the two dream teams was taken up by the top bracket teams, Era, Valley View and Callisburg. Each had six players on the two teams.

Selections were determined at the past-season meeting of coaches and superintendents from the nominations listed in advance by the coaches. Each coach's nominations were made from members of opposing teams and did not include any of his own players. Those nominations were tallied at the meeting to select the all district teams. Results were as follows.

**FIRST TEAM**  
ENDS: Kupper (VV), McDaniel (C). LINEMEN: Don Hutcherson (E), Flusche (M), Nehib (VV), Aikin (C), David Hutcherson (E), Hamilton (C). The latter two were tied for fifth position, so both were placed on the team. BACKS: Dutton (C), Hellman (M), Bryant (VV), Southard (E).

**SECOND TEAM**  
ENDS: Hudspeth (E), Henley (SJ). LINEMEN: Mask (VV), Neu (VV), Hough (S&S), Welch (E), Klement (M), Christian (VV). The latter two were tied for fifth place. BACKS: Hollandsworth (C), Davis (E), Carney (S&S), Dougherty (C).

Remaining nominees were given Honorable Mention listing. They are W. Vogel and Wiesman of Muenster; Sparkman, Hogan, Martindale, Younman, Hogan, Martindale, Young, Clifton and Vandever of Valley View; Rogers, Skinner and Ward of Callisburg; Russel, Massengale, Ford, Epps and Roberts of Era; Hartman, Richardson and Terry S&S; Lamkin and Hutcherson of Saint Jo.

## News of the Men in Service

### Enlist in Navy

Add two more to Muenster's men in the service. Tim Fette and Billy Owens left Sunday for final physicals after enlisting in the Navy and expected to go right on from Dallas to San Diego, Calif.

### Gets Address

Jerry Endres, on foreign duty with the Navy, has written his parents, Mr. and Mrs. Roy Endres Jr., from Japan and lists his address as follows: Jerome R. M. Endres SKSN; Box 64, Navy No. 3923; c-o Fleet Post Office, San Francisco, Calif.

Assisting were Father Bruno Fuhrmann and Father John Walbe of Lindsay. Father Christopher Paladino was present in the sanctuary. In his sermon, Father Alcuin paid tribute to Mr. Hess saying he had worked far beyond his strength. The pastor also conducted graveside rites in Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements. Bearers were Roman Klement, Herman Hartman, Carl Schilling, Albert Hess, Al Walterscheid and Joe H. Walterscheid.

Three rosary services were held at the Miller Chapel Monday: at 4 o'clock conducted by the St. Anne's Society, at 4:30 by the Third Order of St. Francis, and at 8 by St. Joseph's Society and the community.

Justin W. Hess was a Muenster native, born April 9, 1891, about a year after his parents, Mr. and Mrs. Frank Hess, moved here from Ople, Kansas. He was one of the first children born in the community after its colonization.

He was married to Miss Margaret Klement in 1914 and was the father of nine children.

Mr. Hess marched in the front ranks of pioneer and present day progress and was widely known as an outstanding soil conservationist. He helped organize the Upper-Elm-Red Soil Conservation District and was chairman of the board of directors for 13 years — from its beginning in 1942 until 1956 when he resigned due to failing health. He won conservation awards on a local, district and state level.

He was among those instrumental in bringing rural electricity to the community and was chairman of the board of directors for the first two years of the Cooke County

## Parochial Teams Wallop Lindsay And Windthorst

Sacred Heart basketball teams made a clean sweep of their two double headers on their home court during the past week. They took Lindsay Friday night, Windthorst Tuesday night.

The Tigerettes sailed to easy wins in both games with scores of 58-12 in the first and 78-26 in the second. Leading scorers in the Lindsay game were Hacker 17 and Wimmer 15 for Sacred Heart, and Hermes 10 for Lindsay. Hacker went on a 62 point scoring spree Tuesday night and Wimmer added 12. Poirot hit 11 for Windthorst.

The Tigers staged a sizzling second half comeback Friday for their 32-29 decision over Lindsay's Knights. At intermission they were at the short end of a 19-12 count and rallied to outscore their guests 20 points to 10 in the next two quarters. Wolf led the Tigers with 11. V. Hess and Otto made 6 each. For Lindsay Sandmann scored 12, Morisak and Haverkamp 7 each.

The parochial boys had less trouble with Windthorst. In a strong first half they stacked up a comfortable 37-18 lead and coasted through the second half for the final score of 52-35. Wolf had a big night for a total of 31 while Otto and V. Hess were tied with 9. Windthorst's leaders were Poirot 16 and Green 9.

## Unchanging Duty in a Changing World

The 228 Catholic bishops of the United States said that this hour, when the forces of freedom and of tyranny face a showdown, is the nation's time of greatest opportunity. The theme of the statement issued by the bishops at the close of their annual meeting is "Unchanging Duty in a Changing World."

"Because we have so often faltered in our course," they said, "and because the com-

munist nations have profited by our mistakes to inspire false ideals and to awaken glittering but barren hopes, we must not be discouraged, imagining that our hour of opportunity has passed.

"It has not passed. The hour of greatest opportunity is striking now, as the forces of freedom and of tyranny grid for a decision."

The bishops note the historic religious origins and traditions of the United States but deplore a decline in morals and the need of rebuilding "a sound religious and moral foundation for America."

Evidences of moral decline are seen by the bishops "in the alarming increase in crime, particularly among the young; in the sensational treatment of violence and sexuality in literature, on the stage, screen and television; in the disclosures of greed and

cynicism in government, labor and business; in the stubborn continuance of race prejudice and injustice; in the multiplication of divorce and the rapid disintegration of the family, and in a harsh and pagan disregard of the sacredness of human life concealed under the mantle of science."

The bishops blame much of this on "a pernicious cult of the image" and lay against popular education a measure of responsibility "for the decline and rejection of moral principles."

The great need stressed in the bishops' statement is to "recognize and affirm the essential place of religion and morality in the formation of the human personality if we are to survive as a moral people."

"In a world in which individual obligation is being denied, we must show the reality of personal responsibility — transcendent responsibility to God for all acts and attitudes, personal accountability for self, for family, for community, for nation."

The statement emphasizes that the soundness of society depends on the principles of life: the unity and sanctity of marriage, parental duty and authority, and filial reverence and obedience.

Beyond the family, the bishops appeal for adherence to "those moral principles which govern man's wider social relationships" and which "must be made to permeate all of society and its institutions. The laborer must bring them to his union meetings; the industrialist, to the business world; the teacher of his class; the parent, to his home — each to the sphere of life in which he moves."

The statement calls attention to the principles of social justice emphasized in the recent encyclical of Pope John XXIII, "Mater et Magistra."

In regard to other nations, the statement calls for spiritual leadership as well as material help, "not as mere counter-moves against communism, but for their essential rightness, as expressions of our highest principles: love of God and love of neighbor."

### Christmas Seals

One of the greatest joys of Christmas is giving to — and for — others. And, surely, one of the most significant symbols of this spirit is the tuberculosis Christmas Seal.

Through your Christmas Seal contributions of previous years, you have given life. You have helped to save thousands from TB.

Now, at last, there is promise that this burden can be lifted. This year, for the first time, experts are agreed that tuberculosis can be eliminated in the United States in a single generation.

They have mapped out the course for a new, all-out attack against the disease.

To this new attack the Anti-Tuberculosis League has committed its total resources . . . and they need your help now! Answer your 1961 Christmas Seal letter today. Give generously!

You'll be giving to unborn generations the opportunity to grow up to a society free from the dangers of infection, illness and possible death from tuberculosis.

### OUR RELIEF DILEMMA

While nobody in this enlightened day wants to return to the 19th century workhouse cruelties described by Charles Dickens, it is apparent that tightening or revision is needed in our system of relief especially as to the federal government's Aid to Dependent Children program. There should be some incentive to people to get off relief and support their children.

Just how bad the situation has become in many parts of the country is revealed by Charles Stevenson in a November Reader's Digest article, "Children Without Fathers," which should be must reading not only for legislators but for all taxpayers.

Between 1945 and 1961, he reveals, ADC enrollment in California jumped from 701,000 to well over 3,333,000 — more than a four-fold increase in dependency during a period of unprecedented prosperity in which the population of the U. S. increased by only 30 percent. One out of every 25 children in the country is on ADC.

In addition to California, investigations have revealed especially shocking conditions in New Jersey, Wisconsin and Illinois. In Chicago, seven out of ten ADC families collect for illegitimate children. In California, ADC supports 70,000 illegitimates.

"It can only be concluded," writes Stevenson, "that the federally subsidized ADC relief rolls are contributing to debauchery and fostering a demoralizing dependency on government handouts. . . . The program has actually functioned in such a way as to encourage illegitimacy and fraud, and it has stifled individual initiative toward moral or financial self-improvement."

In some cases, this has resulted in two and three generations of a family continuing on relief. It should not be too difficult for a nation that can split the atom to work out an answer instead of a panacea for this problem.

### THINGS ONE REMEMBERS

There has been much criticism of the prices charged for prescription drugs. The writer of this piece, as a layman, hasn't the slightest personal knowledge as to whether these criticisms are justified or not.

But he has just had an illuminating experience. He was struck with a sudden infection, diagnosed as an exceedingly severe case of erysipelas complicated by other disorders of a serious nature. There was severe pain, along with temperatures running to 104 degrees.

The treatment consisted primarily of heavy doses of antibiotics. Within three days infection and temperature were gone, and convalescence began.

As a matter of curiosity he asked the doctor, who is also an old friend, what would have happened in the same circumstances 50 years ago. The doctor answered: "You don't have to go back that far. Even when I started to practice, within the last 20-odd years, you'd probably have been dead in 24 hours. We didn't have the weapons to fight with."

The modern antibiotics, bought at retail in a prescription pharmacy cost something like \$6.00.

**FOR and AGAINST** for CHRIST-against COMMUNISM  
 BY BILLY JAMES HARGIS, LL.D. FOUNDER CHRISTIAN CRUSADE

### Communists War Against the "Ultra Right"

In a lengthy feature article in the July 16, 1961 communist Worker, Gus Hall informed fellow communist conspirators that, "The threat from the extreme right is serious" and "continues to mount." He warned communists that the current right-wing threat is "even a greater threat than the movement led by the late Senator Joe McCarthy." In the July 23 Worker communists were urged in a special editorial to study and circulate this article. It was also printed in the August issue of Political Affairs, the official communist monthly in the United States. All of this stress on the Hall "Ultra Right" article pegs it as a key communist directive.

Hall and the communists seem considerably disturbed by what he calls "conspiratorial action groups" which he said are spearheaded by "the John Birch Society". Anti-communists in the military service have been a major target of the communist conspirators and their allies for months. In his July 16th Worker article Gus Hall said: "Another pronounced characteristic of this growing Fascist movement is its spreading influence among the higher military personnel. The case of General Walker was only a symptom of a much deeper affliction." Hall's article warned the communists that the aim of these so-called "ultra right" forces was "the complete destruction of democracy," meaning the destruction of Communism.

Much confusion has been planted in American minds by enemies of our constitutional form of government regarding the extreme left and the extreme right. The farthest extreme of the left, as the term is understood generally today, is Communism. Basically and broadly, communism is total dictatorship where the people have no rights except those granted by an all-powerful government. Fascism and Nazism are generally considered today to be the extreme right. However they are also total dictatorship under which the people have no rights except those granted by the government. In any meaningful definition of terms, Fascism and Nazism would also have to be classed as being at least in the area of the extreme left.

Actually, the "extreme right," today, is the opposite of total government dictatorship. This was left us by our founding fathers, and dedicated anti-communists will usually be found on the extreme right under this classification of terms. In the twisted communist mind, therefore, only fascists oppose communism. Thinking Americans must not be deceived by this propaganda line, but must see clearly that the "extreme right" is composed merely of people who believe in freedom.

**To The Citizens of Cooke & Grayson Counties**

In asking you to approve at the polls on December 16 my desire to serve you in the Texas Legislature, I pledge to hear each viewpoint presented to me on every issue; to judge each issue on its merits; to support those issues that are consistent with individual liberty and sound fiscal policies; to oppose those issues which undermine individual initiative and our free enterprise system of economics.

In general I am convinced that the hand of government is too much in our private affairs and takes too much of our livelihood in taxes . . . from both old and young!

I respectfully ask for YOUR vote and approval.

### County's Annual Christmas Seal Campaign Begins

The traditional annual Christmas Seal Campaign has been opened with the mailing of Christmas Seals to Cooke County residents.

"Over nine million lives have been saved since the first Christmas Seal was sold, but the saving of lives is not enough," declared Mrs. J. O. Miller, County chairman. "We must see to it that every family is spared the suffering and tragedy of this long-term, chronic illness."

"Proceeds from this year's Christmas Seal Campaign must do more than maintain our present TB control activities," said Mrs. Miller. "We must expand efforts to find all the unknown cases of TB lurking in this community; increase our efforts to help ex-TB patients get back on their feet and stay there; extend our educational program so that people of all ages learn how to protect themselves from TB; and we must put more money into medical research to find better ways of fighting TB."

Bach, the composer, was the father of 20 children.

### 60th Wedding Day Of Warner Prices Brings Celebration

Sixtieth wedding anniversary was celebrated by Mr. and Mrs. Warner Price at their Saint Jo home Sunday and some 100 relatives and friends called during the hours of two and five for the open house party.

Punch and cake were served and the honor pair — both near 80 — were busy receiving congratulations.

Their three children, Mrs. Lynton (Pauline) Mitchell of Gainesville, Olen Price of Nona and Ellis Price of Wichita Falls were hosts for the observance. The honorees have five grandchildren and seven great-grandchildren.

They were married in 1901 at Mt. Zion in Montague County and have lived all the years of their married life at Saint Jo.

Mrs. Price, who doesn't weigh a hundred, still does all her own housework. She was Miss Rosalee Holmes before her marriage and is a native Montague countian, growing up in the Bonita community.

Mr. Price remembers coming from Missouri to Texas in a covered wagon when he was 13 and settling with his parents at Saint Jo.

The 60-year bride thinks modern conveniences are wonderful but still recalls fondly that as young married she and her husband were very happy in a log cabin with a dirt floor which was their first home.

Guests at the celebration came from Wichita Falls, Stamford, Dallas, Denton, Nona and Gainesville to join those from Saint Jo.

Twenty-two attended the dinner including the honorees, and Gene, Danny, David and Alvin Hoenig, the Bill Martins and Chris, the Don Flusches and Connie Jo, Mr. and Mrs. Julius Hermes Jr. and Kenny and Bobby of Lindsay, and the hosts' family.

Here with him were his wife and their children, Karen, Susan and Norman Jr. Other dinner guests were Mr. and Mrs. Herman Jungman of Munday and Mr. and Mrs. Bill Hertel of Seymour. Five new members joined the Sacred Heart senior 4-H girls' club at the November meeting when Mrs. Bernice Thurman gave an illustrated talk on neat and careful care of dresser drawers as an aid to good grooming. Members joined in the discussion by giving helpful hints on dresser drawer care.

Club president Charlotte Wolf conducted the business and recreational leaders Joan Kaiser and Jane Henscheid led a game after adjournment. Janice Vogel is reporter.

For 1962...an all-new kind of Ford!

the car that's just right for just about everybody right size... right price...

You've never seen anything like it, because there's never been anything like it... until today. On the outside the new Ford Fairlane 500 measures a quick 197 inches from stem to stern. A good foot shorter than the cars from which it borrowed its name, it calls the snugest parking places home. At the same time, on the inside the new Fairlane 500 is every inch as big as some of the biggest Fords ever built.

The new Fairlane 500 is priced way under previous Fairlanes, well under many compacts. But Fairlane economy doesn't stop with a pretty price tag. It runs to amazing gas savings—with the world's first economy V-8 or the nickel-nursing Fairlane Six. Routine service is reduced to a minimum—30,000 miles on many items, only twice a year or 6,000 miles on the rest. And it adjusts its own brakes.

## right between Galaxie and Falcon

- RIGHT! Big-car room, ride, performance.
- RIGHT! Compact-car price, economy, handling.
- RIGHT! Only car anywhere near its price with the twice-a-year maintenance schedule first introduced by Galaxie.
- RIGHT! Unique economy choice: the world's first economy V-8 or the delightfully thrifty Fairlane Six.

- RIGHT! Fine-car upholstery, appointments, luxuries.
- RIGHT! The built-in value that pays off in pleasure now—and in profit when it comes time to trade.
- RIGHT! Quality and precision craftsmanship you've never before enjoyed in any car anywhere near its low price.

The good wishes came from near and far and Mrs. Frank Yosten entertained with a party in the evening. Ladies brought their husbands with them for the party in the Yosten home, one group playing 84, the other pinocle. Mrs. Martin Becker baked the beautiful cake and took it to the party to be served with other refreshments by the hostess.

**Fourth Birthday**  
 Mrs. Ray Wilde and children Danny, Janice, Joan, Teena and Gregg and Mrs. Al Horn were among the 35 guests attending the Thursday afternoon party for their niece and cousin, MaQuita Schmitz, daughter of Mr. and Mrs. Johnny Schmitz of Gainesville. **NOTES FROM  
CITY LIBRARY**

"Hot Rod," one of the new books at City Library, is so packed with suspense that to begin it is to read it, spellbound, to the end. And to have read it is never to forget it.

This story by Henry Gregor Felsen is written especially for teenagers in language they use and understand.

Speed, more speed, suspense, taking curves on two wheels, these made up Bud Crayne's days and he was proud to be thought the wildest, most reckless driver of a "heap" in his hometown. He was the idol of the younger boys, the little fellows who listened to his boast that "Speed will get you anywhere; brakes are only for sissies."

And for a time it looked as though Bud really knew what he was talking about. Then two little lads tried out his advice and two home were made sadder by the tragedy that followed. And Bud for the 1st time questioned his own wisdom. Still, there was his "gang" the high school crowd in whose eyes Bud could do no wrong.

What if he HAD been grounded by the police for reckless driving? What if his showing in the rodeo had, somehow, not been what he or they had expected? Speed was the thing and Bud its guiding force. And then came horror and a lesson learned too late.

This is one of many books ready for checkout at the library. And readers are again reminded that new magazines and periodicals arrive every month and are available just as books are.

Husband — "Do you have any idea how many really great people there are in this country?"

Wife — "No, I don't, but I'm sure it's one less than you think."

**Long List of  
Farming Firsts  
Claimed by Texas**

By John C. White  
Agriculture Commissioner  
Traditionally, Texans probably lay claim to more and better of most any and everything than any of the rivalling 49 states. Often as not, these Texas boasts are tongue-in-check accommodations for folks who just expect us to brag. In agriculture, however, the Lone Star State has a long list of firsts of which we ought to be reminded, just in case we ever need some "real" verbal ammunition.

Difficult as it is, it's necessary to start our tirade on pride with an admission: Texas is not first in the nation in total value of agricultural products. We rank fourth with a total annual farm income that exceeds two billion dollars, which is no small shakes. This is about a fifth of total income for the state each year.

Of major farm products, however, we can claim more production firsts than any other state. Some of these are:

**COTTON:** This is our most valuable crop, and far more cotton grows in Texas than in any state. Our farmers produce about four million bales a year, worth some 700 million dollars.

**BEEF CATTLE:** Here again we lead the nation, production-wise, and beef cattle provide Texas' second largest source of agricultural income; earning about 400 million dollars a year. We might add that the long-range cattle industry originated in Texas, and we're still far ahead of the rest in cattle raising.

**SORGHUMS:** Texas out front again. Next to cotton, this is the state's most valuable field crop and the third most valuable source of farm income.

**RICE:** We are at or near the top in rice production, rivalled nearest by California. Our rice farmers along the Gulf Coast have done a magnificent job in producing a superior product. Although we lead in rice production, we are pretty far behind in rice consumption. A lot of Texans haven't discovered just how good and good for you rice is.

**OTHER FIRSTS** include production of sheep and goats in which Texas leads, and accompanying firsts in production of wool and mohair, which a lot of folks don't know about.

There are other farm products, certainly, which we can brag about, being near the top in production and certainly at the top in quality. These include, in part, poultry (the commercial broiler industry stated in Texas) and eggs (we rank first in the

South, seventh in the nation in egg production, and our eggs are the best); corn, which ranks second only to cotton in the amount marketed; vegetables, citrus, semi-tropical fruits, melons, dissiduous fruits (peaches, pears, plums), pecans (this is where pecans were first found in greatest abundance), peanuts, and on and on.

So the next time somebody asks you to talk about Texas, tell them about Lone Star agriculture.

### Lindsay News

Plans for a Christmas party and drawing names for a gift exchange highlighted the meeting of the Seventh and Eighth Grade Dramatic Club at their regular meeting Friday. Jimmy Eberhart presided, Eddie Schad called the roll and Linda Hoelker gave the treasurer's report.

Tripoly Club members and guests were entertained in the home of Mrs. A. J. Felderhoff for the club's regular meeting Wednesday night. Apple pie a la mode and coffee were refreshments after the games, enjoyed by 14. Guests were Mmes. Alvin Hartman, Sylvan Walterscheid and Adam Wolf Jr. of Muenster, Mrs. Bruno Zimmerer of Lindsay, and Mmes. Elroy Neu, Ted Schiederjan and Walter Wolf of Gainesville.

Lindsay senior 4-H club girls held their November meeting with Mrs. Bernice

Thurman, HD agent, giving a talk and demonstration on keeping bureau drawers neat. Rosemary Hermes, president, presided and the group made plans for Achievement Day on Nov. 29. Songs followed business during the recreational period.

### Gold Star Awards Go to Lindsay 4-H Club Boy and Girl

Cooke County's 4-H Gold Star winners have been announced for 1961-62. Both are from Lindsay 4-H clubs. Miss Rosemary Hermes is Gold Star Girl. She's the daughter of Mr. and Mrs. Tony Hermes and a granddaughter of Mrs. Alfons Koessler Sr. of Muenster.

The Gold Star Boy is Jimmy Flusche, son of Mr. and Mrs. William Flusche. Gold Star award is the highest given on a county level.

As an active member in Lindsay 4-H club, Rosemary won awards in 1960 in district dairy foods and state canning. The latter earned for her an all-expense paid trip to the

4-H Club Congress in Chicago. Her other demonstrations include clothing, garden, poultry, home improvement, landscape and swine.

She has held every office in 4-H club and is presently serving as president of the Lindsay Senior 4-H Club.

In addition to club work Rosemary sings in the church choir and is organist for the CYC in St. Peter's Parish. The past summer she studied advanced organ and piano in Chicago on a six week scholarship.

Jimmy has been an active member of his club for seven years. He has held the office of president, vice president and reporter. In 1960 he was vice-chairman of the County 4-H Council.

His demonstrations have included swine, poultry, dairy, field crops, beef and dairy animals. He has been a member of the county 4-H grass judging team for four years and has been a member of the land judging team for three years. He plays football and basketball and is an officer in the junior class at Lindsay High.

On Thursday, Nov. 30, Rosemary and Jimmy, along with their parents, will be honored guests at the District 4 Gold Star Banquet at Arlington State College. Also attending will be Neil Tibbets and Brooks Smith, county agents and Mrs. Bernice Thurman, county home demonstration agent.

### Three Study Clubs Report Meetings

The group headed by Mrs. John Fisher as chairman met in her home with 15 present. The hostess and Mrs. Paul Fisher divided time leading and served refreshments afterwards.

Mr. and Mrs. Bill Luke were hosts in their home for the club of which Mrs. Billy Joe Miller is chairman. Mr. Luke led the study and Mrs. Luke served refreshments after adjournment. Eleven were present.

The group of which Mrs. Andrew Schoech is chairman met in the home of Mr. and Mrs. Oscar Walter with Mrs. Walter as leader. Thirteen were present for the lesson and for refreshments afterwards. Next month's meeting will be in the home of Mr. and Mrs. George Bayer.

### History of Choir Told at Concert

A full house packed Muenster Parish Hall Saturday night for a three-choir concert preceded by a country sausage supper and followed by a dance with a Bohemian band.

Sacred Heart Choir was host for the night, entertaining the German singers of the Frohsinn Choir from Dallas and St. Cecilia's Church Choir from Lindsay.

Father Alcuin Kubis emceed a short program between vocal numbers, giving a brief history of the local choir. He called attention to this being the silver jubilee year of Organist Anthony Luke who began in 1936.

Tribute was paid also to two

choir members, Henry and Ben Luke, who have been singing for over fifty years. And Sister Leonarda was recognized and commended for playing a part in local choir history. She was Anthony Luke's music instructor and taught many of the younger choir members in her singing classes.

First high mass in the parish was sung on Muenster's "birthday" December 8, 1889. A group of men sang Gregorian chant without organ accompaniment. Gregorian chant has been kept up to the present day. John Theisen, an early day musician, directed the first choir. John Luke Sr. was next as organist and choir director. Bertha Trachta followed him until Anthony Luke took over. Leo Henschel, present director of the choir, has been in charge since 1929. There are 22 choir members.

on which only one easement each is needed.

### J. W. Hess

Rural Electric Cooperative's operation.

He was a director of the Farmers Union from the time of its organization, 1922, through the time it was the Farmers Marketing Association and until 1954 when it was sold to North Texas Producers Association. And was an early day director of Muenster Telephone Company.

At the time of his death he was a director of Muenster State Bank, an office he held for more than 25 years.

In parish life he was a 45-year member of Saint Joseph's Society and through the years held every office in the organization. He was chairman of the Sacred Heart High School building committee and was a 35-year member of the Third Order of St. Francis, serving three terms — 9 successive years — as prefect, from 1952 to 1961, and was currently treasurer of the order. His interest in the Third Order led him to organize groups in Gainesville, and Lindsay.

Although his formal education consisted of only elementary school at Sacred Heart he was self-educated through extensive reading and was a frequent speaker at conventions of the Catholic State League and served as its rural life chairman for several years. And he kept up a steady correspondence with state and national senators and representatives.

His survivors are his wife; four sons, Alois, Joe and Anton Hess of Muenster and William J. Hess of Lawton, Okla.; five daughters, Mrs. Ed Schmitt and Miss Helen Hess of Muenster, Mrs. Leo Schmitt of Mabton, Wash., Mrs. Leroy Schmidkofer of Lindsay and Sister Mary Joan of Little Rock, Ark.; three sisters, Mrs. John Hartman and Mrs. Joe Walterscheid of Muenster and Mrs. John Henschel of Norman, Okla., and 27 grandchildren.

Among out of town relatives and friends at the funeral besides those from Gainesville and Lindsay were Father Christopher Paladino and Dennis Hess of Subiaco, Ark., Mr. and Mrs. Joe Pelzel Jr. of Denton, Mrs. Joe Pelzel and Mr. and Mrs. Frank Evans of Pilot Point, Mr. and Mrs. Gene Loerwald and Mrs. Ed Loerwald of Hereford.

Mr. and Mrs. Andy Schumacher of Nazareth, Robert Wolf of Scotland, E. A. Hoff of Windthorst, Mr. and Mrs. Frank Rauschuber of Valley View, Henry and Alois Beach of Westphalia, Mr. and Mrs. Bob Fitch of Irving, Sister Joan of Little Rock, Ark., Sister Kathleen of Rhineland and Mr. and Mrs. William J. Hess and children Carmen, Charissa, Timmy, David and Kathleen of Lawton, Okla.

### Abbot Alfred

1912, the son of Mr. and Mrs. Aloys Hoenig, both deceased. He received his seminary training at New Subiaco Abbey, where he made his vows as a Benedictine monk. He was ordained to the priesthood on May 26, 1938.

Abbot Alfred has spent his entire priesthood at Corpus Christi Academy. He was principal from 1943 to 1959, when he was appointed prior of the former Corpus Christi Priory. He was elected abbot by the monks of Corpus Christi when Pope John XXIII elevated the priory to the dignity of an abbey on September 2.

### 86th Celebrated By Mrs. J. S. Horn

Mrs. J. S. Horn, 86 on Tuesday, had her birthday celebration Saturday when her children could be here. They gathered at her home, then took her out for a six o'clock birthday dinner at Rohmer's Restaurant.

In the party with Mrs. Horn were Mrs. Al Swirczynski and Mrs. Al Schad of Mesquite, Mr. and Mrs. Jake Horn of Windthorst and Mr. and Mrs. Al Horn.

Mrs. Al Horn baked and decorated a handsome birthday cake which was served at the dinner and everyone remembered the honoree with gifts.

Mr. and Mrs. Joe Horn were unable to attend. With their daughter Dianne and Mr. and Mrs. Jim Doughty, they spent the weekend in San Antonio with their daughter and sister Pat and her husband, Mr. and Mrs. Paul Deltz.

### Clear Creek

to be completed on schedule. This could have all 21 sites finished about April 1, 1962.

Construction on Clear Creek Watershed for fiscal year 1962 includes four more flood prevention reservoirs, plus ten sediment control structures and 20 miles of diversion terraces.

The sediment control structures and terraces are planned for severely eroded land and are designed to keep sediment out of creeks and reservoirs below and to prevent further erosion on the areas to be treated.

This work on the Clear Creek Watershed is the first of its kind done in Texas in connection with a flood prevention plan.

It was also reported that there are nine reservoir sites

vastly improved local school system and the erection of two fine buildings, the public school and Sacred Heart high school, in recent years.

Heading the list of noteworthy new buildings during the era is Sacred Heart's magnificent half million dollar church. Other big parish improvements are the parochial high school and the new home now under construction for the Benedictine Sisters.

Also on the religious side of community progress is erection of the Baptist Church, a local house of worship for several dozen families who formerly had to go to other towns.

Probably the simplest way of indicating local progress during the past twenty five years is to list the new buildings. This column would not attempt to name all of the homes but it can state that more than half of the present houses, probably nearer to three fourths of them, have been built during that time. This factor, along with good streets and well kept yards, accounts for frequent praises of the town's residential area.

As regards business houses, here are some that are hastily remembered as built since 1936. The city hall, the Trachta Building, R & M Garage, the Bank, Charm Shop and Hamric's, Variety Store, NTPA Warehouse, Relax Theatre, Endres Motor Co., Tuggle Motor Co., the Enterprise, seven service stations on the highway, Muenster Livestock Auction, Community Lumber Co., VFW Hall, J. P. Flusche Office, Tony's Seed Store, Hofbauer's Store, Kaiser Building, Electric Co-op Building, The Center, Muenster Equipment Co., Wilde Chevrolet, Miller Funeral Home, Miller Cleaning Plant and the Post Office. Due to start soon are the Hospital and also the Telephone Building with improved lines and dial phones on a system which, incidentally, has also grown tremendously. Not new but remodeled and greatly improved are Muenster Mill, NTPA Plant, Stockmen's Feed store and Rohmer's Restaurant.

Not reflected in new buildings but representing a big contribution to local economy are several oil drilling companies and well servicing companies. They have big investments and account for a big portion of the community's payroll in addition to monthly royalty checks to many local landowners.

Still other local assets are Raden's dress factory with its 40 employees, Bavarian Woodcarving Studio, the beer and liquor business, and of course, the many businesses still operating in the older buildings.

This brief progress report explains why The Enterprise feels privileged to have been a part of Muenster for the past 25 years.
