VOLUME XXVII MUENSTER, COOKE COUNTY, TEXAS OCTOBER 11, 1963 NUMBER 47

Muenster Jaycees and lots of others did a wonderful job in public relations at the State Fair last Sunday. Their exhibit, their enthusiasm, and their obvious pride in connection with Muenster Day undoubtedly did more than the combined efforts of many previous years in bringing a favorable community impression before the eyes of Texas.

Thanks to the State Fair officials Muenster was given an opportunity to step into the limelight. Thanks to lots of energetic and enthused workers Muenster made the most of its opportunity. Our people went there not just to accept the courtesies extended them but also to show other people that theirs is a mighty fine town. By their exhibit and their spirit they added something to the Fair.

The principal sign of their success was public interest in their display. A crowd was there constantly, visibly impressed by the composite demonstration of what makes Muenster tick. It enjoyed the artistic presentations of the Bavarian Wood Carvers, the operation of a miniature rotary drilling rig (loaned through the courtesy of Wichita Company, Wichita Falls), sample dresses from the dress factory, displays by NTPA, colored scenes of the area on an automatic projector, a tape recording, a selection of conservation photos, a sketch of the hospital plus placards indicating other area activities and interests. And, of course, visitors got additional information from hosts and hostesses who were at the place all day. Hundreds of folks who never heard of our town before will remember it favorably.

And there was another display scattered over the entire fair ground. It resulted from identification cards reading "I'm from Muenster" worn by about 300 of our home towners. Unfortunately the demand for those cards was underestimated, so the supply fell short by 150 to 200 — which could have added nicely to the favorable effect. Even so the cards got lots of attention. One lady stopped a weaver and asked how many people live in Muenster. Told that there are about 1250, she said, "I've seen all of them."

Still more favorable notice resulted from Muenster's participation in the official parade of the day. Jo Ann Fisher was a lovely queen. Lots of other folks joined the Muenster people in cheering her and her duchesses on the handsome float provided by the Fair.

And there were other occasions at which Muenster came before the public eye. A delegation represented the town at an official luncheon. Sacred Heart Choir joined Frohmann Choir of Dallas in a concert of German songs. The band and pep squad was in a half-time show at a soccer game in the Cotton Bowl and also in the parade.

All in all it was a grand day for the old home town, about the biggest good will triumph ever in its 74 year history. That was evident from favorable remarks heard by dozens of our folks at various times during the day. Such as: "Muenster must have a wonderful community spirit... that town is really on the ball... a place that gets things done... a town with a future."

With an abundance of pleasant memories Muenster thanks the State Fair for courtesies of the day and for the privilege of publicizing itself.

## Peewees Playing Just for Practice

Peewees of the Muenster Public School are playing strictly for practice this season. Recruiting their players among 60 pounders they don't have much chance against teams averaging about 100 pounds. Muenster juniors have four hundred pounders, the others are tiny tots. They have played twice to date and lost both by a score of 22-0. Saint Jo and Lindsay were the winners. In both games the kids had the satisfaction of occasional first downs, and they missed a score by only one yard. Sam Sparkman was the carrier. And Mike Cason has been showing the makings of a hot defensive player.

## Two Events Mark KC Observance Of Patron's Feast

Two events sponsored this weekend by Muenster Knights of Columbus will observe the feast of their patron saint, Christopher Columbus. On Sunday morning members and their ladies will attend the 9 o'clock high mass and receive Communion in a group at Sacred Heart Church. Afterward they will have communion breakfast in the parish hall. Guest speaker is Dick Hatton, master of the North Texas district of Fourth Degree Knights of Columbus.

Saturday night the KCs will sponsor a dance in the parish hall.

## Tigers Swamped 40-12 by Slick Panther Offense

The Sacred Heart Tigers discovered last week that reports on Saint Jo's power are not overstated. In the clash of the previously undefeated teams, it was the Panthers who came out with flying colors and a record that looked better than ever. The score was a decisive 40-12. It seemed as though the Panthers did everything right as they moved smoothly to one touchdown after another and capped every one with a two points bonus score. Meanwhile the Tigers' gains were scattered and resulted in only a pair of touchdowns.

Panthers went for a score the first time they got hold of the ball. They used ten plays in covering the 62 yards and finished their drive on an 8 yard pass from Boyd to Martin, McMahan, the 200 pound bruising fullback, plowed over for extra points.

Sacred Heart's comeback started fine. From their 38 they made three first downs to the 16 but failed on the next series. Then they held the Panthers and, after the kick, had another chance from Saint Jo 34. A dandy pass from Ray Wimmer to Quintan Hess advanced to the 8 and four more plays reached the goal. Dennis Hess made the last two yards. A run for extra points failed and Sacred Heart trailed 8-6.

Next Panther score was another steady push. Five running plays and 6 passes gobbled up the 65 yards on that trip and McMahan powered over for the last 11, and also for two extra points.

After that the teams exchanged kicks before Sacred Heart converted apparent disaster into its second touchdown. Wimmer, apparently trapped, squirmed free just long enough to heave a long one up the field. Robert Klement was there as it came down and scooped the rest of the way for 61 yards and a TD.

On the kickoff that followed Yetter received, faked a hand-off, evaded three tacklers, and sprinted. The run was good for about 80 yards. A pass to Arledge made the count 24-12 and the half ended moments later.

After intermission Sacred Heart failed on its first series and Saint Jo started from the 46. A pass made 11, and three plays later another pass from Boyd to Yetter made the last 32. And again Boyd to Arledge for extra points.

From then until late in the final quarter neither team made any progress. Each made a few first downs but no two together. Then the Panthers clicked again. It was an 82 yard drive on 12 plays. Yetter scored from the 4. The Boyd-Arledge pass combination worked again for bonus points. Game at a glance:

SH	SJ
First downs	9 17
Yards rushing	105 141
Yards passing	83 142
Passes completed	5-12 12-23
Intercepted by	0 1
Fumbles lost by	1 1
Yards penalized	50 40

## Young Farmers Will Meet Monday

Dr. Jack Fowler, veterinarian, will head the program for Muenster's chapter of Young Farmers at its meeting Monday night. His subject is animal diseases and methods of caring for them. The meeting will be open to anyone interested in the subject. It will be in the Muenster High School agriculture room, starting at 8 o'clock.

## Muenster Hospital Formal Opening Dated December 8

Sunday, December 8, has been set for the formal opening of Muenster Memorial Hospital — provided the huge amount of work still remaining can be finished by then. Directors of the hospital authority, meeting Tuesday night, said that since the day has been adopted as the community's birthday they are especially partial to it and will make special efforts to finish their building and their program in time.

Sister Mildred was asked to take charge of the overall program and to invite community organizations to help with the details. The board also decided to invite some prominent person as speaker and other prominent people as guests, especially state and federal officials who had a part in the project. Their principal concern will be the people of Muenster and nearby areas, the potential future patrons. They want those people to know what the hospital can offer them.

Directors also decided that arrangements should be speeded on memorials in the hospital. Several persons have indicated that they wish to provide a room or its furnishings as a memorial, and the hospital will mount plaques indicating all memorials. However it will take time to make the plaques. All that will be in place on opening day must be ordered very soon.

Persons who wish to make memorial donations are asked to see J. M. Weinzapfel. To avoid duplication he is the only person keeping a record of memorial assignments.

Other business at the meeting was approval of drawings submitted by the Bavarian Wood Carvers for artwork inside and outside the hospital chapel. There will be a large carving over the altar, small carvings of the 14 stations in the Way of the Cross, and a large plaque on the chapel wall in the hospital's main corridor.

## Kids Will Compete Saturday in PP&K

Saturday is the big day for kids of the Muenster area competing in this year's Punt, Pass and Kick contest. Endres Motor Co., local sponsor, reminds the boys this week that the event is set 9 o'clock Saturday morning on the Sacred Heart football field. And deadline for entering will be Friday. No one will be allowed to enter Saturday.

The contest will be conducted by several local Jaycees under supervision of Coaches Adam Wolf and James Polk. Accuracy counts as much as distance in the contest. A boy's score is determined by the total distance of his punt, pass and kick less their distance from the line. A pass 60 feet long and 10 feet to the right or left of the line counts only 50 feet.

Four age groups are entered: 8, 9, 10 and 11. Winner of each group gets a jacket; second place gets a helmet and third place gets an autographed football. Records of first place winners are sent in for competition in area wide contests which lead to nation wide competition.

## Charlotte Wolf 4-H Honoree at Texas State Fair

Miss Charlotte Wolf, member of Sacred Heart 4-H Senior Club, was one of 24 outstanding 4-H Club members honored at a dinner in Dallas Saturday night.

She received a medal at a special dinner-dance and was a guest of the State Fair Saturday participating in Rural Youth Day activities on the fair grounds.

The State Fair Honor Award gives special recognition to a boy and a girl from each of the 12 extension districts in the state, the awards based on all-around achievement and leadership records for a period of three or more years. Miss Wolf was chosen from District 4. The boy winner was Raymond Abbott of Montague County.

Also at the dinner were Charlotte's parents, Mr. and Mrs. Lou Wolf, together with Mr. and Mrs. Clyde Yeatts and Banker Claude Jones of Gainesville.

## Don't Pay Now, Wait for Vote on Poll Tax Repeal

A change in routine for many Cooke County taxpayers is in order this year because of the referendum on November 9 to abolish the poll tax.

County Tax Collector Rafe Piper said that persons who normally pay taxes early and include poll tax payments are advised to wait until election results are known before paying the poll tax. If the tax is retained they still have plenty of time. If it is repealed the cost of voter registration will be 25 cents instead of \$1.75. He also pointed out that no poll tax payments will be refunded if the law is repealed on November 9.

One small group of voters is advised to act early however. Those who can vote on an exemption certificate under present law should get their certificates, which will be valid whether or not poll tax is retained. Under present law they are free. If the law changes persons of all ages must register at 25 cents each, except those over 60 in unincorporated areas and in cities of less than 10,000 population.

In Cooke County, except the city of Gainesville, this means that folks who were 60 or over before January 1, 1963, are not restricted in voting whatever way the November 9 election goes. And those who are 21 or will become 21 during the voting year are advised to get exemptions now for free. If the law changes they will have to pay 25 cents to register. And regular poll tax payers are urged to sweat out the election, which will decide whether they still pay \$1.75 or drop to 25 cents.

## BIRTHS

Proudly announcing their first child are Mr. and Mrs. William Vicari of Montague. They welcomed a six and a half pound daughter Sunday Oct. 6. She checked in at Gainesville Hospital at 9:05 a.m. Mrs. Vicari is the former Miss Nelda Hellinger of Lindsay and Mr. and Mrs. Pete Hellinger are welcoming a granddaughter. So are the other grandparents, Mr. and Mrs. Joe Vicari of Montague.

It's a boy for Mr. and Mrs. Ted Voth. Their nine pound three ounce son arrived Saturday, Oct. 5, 11:20 p.m. at Gainesville Hospital. He's a baby brother for Gene, David and Sandra and a grandson for Mr. and Mrs. Clem Hermes Sr. of Lindsay and Mrs. Barney Voth.

From Marlin comes announcement of the birth of a son to Mr. and Mrs. Mrs. Bob Kupper on Thursday, Oct. 3. He's also welcomed by four brothers and one sister and his grandparents, Mr. and Mrs. Werner Endres.

## Callisburg Will Bring Hot Record To Tiger Contest

Another big one faces the Sacred Heart Tigers Friday night. The opponent will be Callisburg, currently rated along with Saint Jo as one of the two toughest teams in 10-B this season. In view of the fact that Saint Jo walloped the boys convincingly last week, Callisburg is conceded an edge over the Tigers.

Still another fact that commands respect of the Tigers is the Wildcats' defensive reputation. Their goal line has not been crossed. Nor has their 20 yard line. The husky Wildcat line just refuses to budge.

Because of that Adam Wolf and his boys know they have a big job ahead. Nevertheless they have hopes of dumping the favorites. They think there will be less difference in team strength than last week and they are assuming that they will make no more mistakes than the others. It did not go that way last week, Wolf said. If it does this week the Tigers have a much better chance.

Considered a lucky break for the Tigers is the return of Francis Fuhrmann to the lineup. A mighty handy end, offensively and defensively, he has been a big loss to the Tigers lately. The other boys too, are physically ready for the Wildcats.

MUENSTER'S EXHIBIT at the State Fair on Muenster Day, last Sunday, was an attractive presentation of products and activities of the community. This scene was snapped shortly after the display was completed. During the day it was constantly well attended.

## Hornets Win 46-24 In Scoring Spree With Ardmore B

The season's first sweet taste of victory came to the Muenster High Hornets Saturday night as they came out in front of a 46-24 scoring spree with the Ardmore B Tigers.

It was a wide open game featuring long gains on both sides along with four interceptions and three fumbles. As in scoring Muenster led in other statistics: 19-12 in first downs, 340-290 in yardage from scrimmage plus 80 yards extra on a kick return.

MHS started the game with a 63 yard push on 8 tries. Key plays were Stormer's recovery of a Hornet fumble for a gain and Vogel's 20 yard sprint for the score. Swirczynski failed on his try for extra points.

Shortly thereafter an interception and nice return put the visitors on Muenster's 36. A pass went to the 10 a penalty got 5 free yards and three more plays made the remaining 5. The scoring plunge by Sason needed only inches. A kick was wide, leaving the score tied.

On the next kickoff Vogel handed off to Wimmer who got loose for a TD, a total of about 80 yards. An offside ruling made the Hornets try again for extra points, and they made it a second time, on Vogel's pass to Gobble.

After an exchange of kicks Wimmer's interception put the Hornets in business again on Ardmore's 16. Vogel went to the 3 Wimmer to the 6 inch line and Swirczynski went over. Vogel's pass to Wimmer added 2 points.

Second play after the next kickoff Melton's break-away gained 64 yards before he was finally spilled from behind by Vogel on the 13. Nevertheless (Continued on page 4)

## Odds Better But Still Not Good as Hornets Play Rams

For the second week in a row the odds are not stacked quite so high against Muenster's Hornets this week. Though rated as the favorites, S&S Rams do not show the strong advantage enjoyed by Muenster's first three foes.

Like the others, and like all teams to follow, they have the weight advantage. If brute strength is a deciding factor Hornets are out of luck. But Coach James Polk is hoping that speed and spunk will be more important factors. Hornets have shown that they can move, also that they get stubborn about being pushed around.

Comparison of records so far also makes the Rams look better. They walloped Era, lost a close one to the stout Valley View Eagles and lost decisively to power packed Saint Jo.

Physically the Hornets are up to average or better. Two reserves are hurting, Wayne Klement with a broken finger and Terry Wimmer with a twisted ankle. All the others are in good condition.

## SH High Classes To Give Benefit

Sacred Heart High School classes are inviting attendance at their Fall Frolic Sunday beginning at 2 p.m. in the Parish Hall. It will feature traditional picnic concession and stands, games, eats and drinks, and rides for the kiddies.

This is the annual event in which classes work for their particular football queen candidate.

## Let City Remove Gravel from Curbs

Muenster's paving project is finished, but the clean-up following it will probably require about two more weeks. In the paving process a small percentage of gravel base was graded to the sides to cover curbs and prevent accidental spraying of asphalt on the concrete. Now the gravel still has to be cleaned from the curbs.

Until that is done, City Manager Steve Moster says, property owners are asked not to scoop the gravel from curbs into the street. It would be bad for the pavement and would also look bad. Leave it for city workers to pick up.

He adds, however, that anyone wanting the gravel for his driveway or any other purpose is welcome to help himself. Removing it is okay, but don't put in on the new pavement.

## Deposits, Loans At Muenster Bank Drop During Year

A drop in both deposits and loans during the past year was noted at Muenster State Bank in its third quarter report last week. The report was the official statement of condition as of September 30 in answer to a call from the state banking commission.

Deposits here dropped from \$2,867,087 to \$3,766,168. And loans dropped from \$1,756,200 to \$1,625,330. Meanwhile each of the other three banks showed gains in deposits and the Gainesville banks gained in loans. Valley View bank dropped slightly in loans.

Combined report of the four county banks shows gains in both deposits and loans. Deposits grew from \$22,996,560 to \$23,758,237. Loans increased from \$9,343,834 to \$9,848,323.

## NEWS OF THE SICK

Hospitalized in Sherman since last Thursday is Mrs. Wilfred Luttmer. She's a surgical patient at Wilson N. Jones Hospital. Reports Wednesday this week were that she is making a normal recovery.

Reports were all good for Mrs. Frank Kaiser when she had her regular routine check-up at Houston the past week.

Gene Gieb expects to be released from Richey Street Hospital in Gainesville early next week after being a patient since last week Thursday for a broken leg. Two bones in the right leg between the ankle and the knee were broken when a drill stem fell on him during work on an oil rig. The injury was in traction until this week Wednesday when a cast was put on.

Good news concerning little Sue Fletcher reached her grandparents, the J. W. Fletchers Tuesday. The little girl woke up for the first time in over a week and asked for something to eat. Her ailment had been diagnosed as sleeping sickness. She is hospitalized at Baylor Hospital in Dallas. Sue is the six-year-old daughter of Mr. and Mrs. Jack Fletcher of Denton.

Mrs. John Knabe was at home for the weekend and returned Monday to Arlington where she is convalescing from recent surgery. She stays with her sister, Mrs. John Zihman, and takes treatments in Fort Worth. A daughter, Mrs. Joe Schroeder of Windthorst, is with her to take her to the doctor. Cards will reach Mrs. Knabe addressed to 706 Center Street, Arlington, Texas.

## Fire Wipes Out All Buildings on Ballinger Farm

A raging fire of undetermined origin Wednesday afternoon about twelve miles north of Muenster destroyed several buildings on two farms along with several hundred acres of grass.

Principal loss was the home of E. E. Ballinger and all its contents. Also lost were all other barns and sheds on the Ballinger place, a barn and two sheds and a hay crop at Earl Robison's, and several hundred acres of range land on theirs and neighboring lands.

The fire was discovered on Ballinger's place shortly after noon by Mrs. Earl Robison, who phoned an alarm to Muenster. Mr. Ballinger was not at home. At that time all his buildings were ablaze and the fire was spreading fast through the tall grass. Returning about mid-afternoon Mr. Ballinger found his place completely burned.

Spreading to Robison's the fire destroyed a barn and two sheds and two hay fields besides other grass on the place. One field had 1200 bales of newly baled hay the other had an estimated 900 bales mowed and awaiting baling.

By 7:30 p.m. Wednesday the fire had spread more than a mile north to Red River. Though it still blazed at both sides several dozen neighborhood fighters had hopes of getting it under control soon. Total acreage lost by Ballinger and Robison was about 400.

Additional area burned was about 400 acres, on the land of Linzie Branch, Dangelmayr Brothers and Frank Solomon.

Answering the call for help were Muenster and Gainesville fire departments, cattle spraying units of Dangelmayr Brothers, Felderhoff Brothers and Tony Trubenbach Jr., along with dozens of volunteers beating the flames with wet sacks.

Mr. Robison disclosed Thursday that the fire was over on his and the Ballinger places but is still going on the rough and brushy area of Frank Solomon's. Flames broke out again at Robison's about 9:30 Wednesday night and the Muenster fire truck helped again.

Other officers are Andrew Schoech, vice president; Ed Endres, secretary; and Lambert Bezner, treasurer by reelection.

The business session was followed by a social hour and refreshments for members and their wives. Over 70 were present from Muenster, Lindsay and Gainesville.

## Scott Will Quit Furniture Store

Scott's Furniture Store in Muenster, after almost nine years, is quitting business. W. E. Scott, manager and co-owner, said Tuesday that his doctor's orders are to start going slower, so he's closing the store to get rid of some of his work load.

The Scott Bros., W. E. and W. L., will continue operating a hardware store in Saint Jo, a furniture store at Nocona and funeral homes in Saint Jo and Nocona.

A storewide sale to liquidate the local store's stock started Monday.

### KEEP SAFE FROM FIRE

This is Fire Prevention Week, and it is good time for all of us to pause in what we are doing and give a thought to care with fire.

Too many fires need never have happened, and a little care on the part of all of us can reduce our tragic fire toll in lives and property destroyed.

On the average, about 1,000 fires start in homes in the United States every day. Last year 11,800 person lost their lives in fires and more than 70,000 received bad burns.

And last year, dollar fire losses in the United States totaled \$1,265,002,000, a new all-time high and an increase of 4.6 per cent over the preceding year.

The tragic thing about all these fires is that three-fourths of them were the result of carelessness, according to the National Board of Fire Underwriters.

With a little care, lives can be saved and needless burning of property prevented.

Here are a few suggestions that may keep your home fire safe:

1 — Never leave small children alone. Even if you are leaving for a few moments, get a responsible person to stay with them. When going out for an extended period of time, employ a baby sitter.

2 — Small children and elderly people are the most frequent fire victims. If there are elderly persons in your household, plans should be made to get them out of the house quickly in case of fire.

3 — Use care with cigarettes. Never discard a cigarette or drop a match without being sure it has been extinguished. It's a good plan to break a match after using just to be sure it is out. Keep matches out of reach of children. And never smoke in bed.

4 — Keep a flashlight handy for use in dark places. Never strike matches or carry lighted matches or candles into closets or attics.

5 — Keep your electrical appliances in safe condition. Take them to a qualified repairman if they have loose connections or frayed or worn cords.

6 — Throw out old newspapers, magazines and other waste combustibles regularly, rather than let them accumulate in the basement or attic. These are the things on which fires feed.

7 — Impress upon everyone in your household that in case of fire, first get everyone out of the house, and then call the fire department. Call the department from your neighbor's home, if need be, but never reenter a burning house.

These suggestions could save your life, or the lives of members of your family.

You are the one who can help keep your home safe from fire.

### THE TALE OF A TAIL

An Indian was hailed into court, charged with not paying his income tax. He asked the judge why he should pay income tax, who painstakingly explained that Uncle Sam needed the money so that when he, the Indian, got sick or too old to work or lost his job, the Great White Father would be able to send him some money on which to live. A light of understanding flashed over the Indian's face. "Judge," said he, "That is just like my dog and me. He good dog. He hard-working dog. When he work much hard he come to me, bark, and say, 'Boss, I work hard. Give me nice piece of meat.' I take big sharp knife, cut off piece his 'tail' and say, 'You good dog; you work much hard; here nice juicy piece meat for you.' 'He so dumb. he know no difference. It big laugh... he lick my hand for give him piece of his own tail.'"

### RIGHTS LEADERS, FRAUDS

Major Hughes Alonzo Robinson, Negro ROTC instructor at Fort Valley State College (Negro) has sharply criticized Civil Rights leaders who he says have "perpetuated the greatest fraud upon the American people within the past 100 years."

Major Robinson made a survey of the results of anti-segregation demonstrations led by the Southern Christian Leadership Conference (King's outfit) and others. The result he says "thus far clearly indicate the Negroes have suffered greatly economically because of the demonstrations, and the only persons who have benefitted are the leaders who exploit the ignorance of Negro people for their own good."

The demonstrations, he added "have put the Negroes back 75 years, economically, and the Negro people would be better off if Rev Martin Luther King and others would desist in their efforts."

THERE, THOUGH QUIET  
 For a while, at least, the voices of the quiet Negroes—those who know social change comes slowly and cannot be accelerated by force—will be hard to hear. But they are there and in a vast majority. They will be picking up the pieces after violence has had its day.

### WHO IS 'DANGEROUS'?

The following were among resolutions passed at a meeting of Young Democrats from 13 Western States:

That the United States resume diplomatic relations with Cuba.

That a nonaggression pact be signed between NATO and Communist Warsaw Pact nations.

That the United States withdraw its troops from South Vietnam.

That the House Committee on Un-American Activities be abolished.

That the McCarran Internal Security Act be repealed.

### What the Readers Prefer to See in Their Newspaper

What does the reader want to see in his newspaper? The Gossiper, the house journal of the Worcester (Mass.) Telegram and Gazette, reports a newspaper editor placed his tongue firmly in his cheek and wrote these responses from a reader questioned about what he wants to see in the paper.

- (1) My name.
- (2) A front page article showing how crooked the city government is most of the time.
- (3) My wife's name.
- (4) A feature article showing 25 ways on how to cheat on income tax forms.
- (5) My kid's names.
- (6) A local news item about the affair neighbor is having.
- (7) More news about law-breakers.
- (8) Less news about law-breakers. I was picked up last night and I should not have to pay a fine.
- (9) More advertisements on things that merchants are giving away.
- (10) A front-page picture of my neighbor being hauled out of the bar by his wife.
- (11) A front-page spread about the deadbeat who lives across the street from me who had his car repossessed.
- (12) Forget the last one. I just got word from the finance company that they're coming after my car.
- (13) More letters to the editor naming the crooks we have in town.
- (14) A full page of local

National Board of Fire Underwriters

"WE'LL START WITH THE ATTIC..."

news, a page of national news, several pages of sports and comics, one page on divorces and three pages on all the domestic troubles we are having in town.

(15) Less stuff about how cute everybody else's kids are. My kids are better looking than those you rave about.

(16) A complete biographical sketch about the "most important citizen in town," and be sure you spell my name right.

■ First, use LSP fertilizers ■ Second, top dress with LSP urea or LSP ammonium nitrate

LSP fertilizers are formulated to contain the amounts of nitrogen, phosphate and potash required to meet the need shown by your soil analysis. You buy the amount of plant food required to afford maximum yields. ■ LSP high-analysis formulated fertilizers help you get the most from every hour worked, every dollar invested. They get crops off to a vigorous start. ■ LSP fertilizers are available in bag or bulk.

When you top dress, use LSP urea or LSP ammonium nitrate. They feed your crop a sustained supply of available nitrogen throughout the growing season. This means bigger and better yields. You apply less material, save time, make fewer stops.

See or call your LSP dealer now for full information on LSP fertilizers, LSP urea and LSP ammonium nitrate.

**City Library Has Added Equipment And 100 New Books**

New books and furniture have been added to Muenster City Library.  
Shelves, two tables and a steel book rack came through courtesy of Cooke County Commissioners Court. These furnishings were discards from the old County Library.  
One hundred books, with titles as varied as reading interests, came from the State Library at Austin. They are on loan for one year.  
Putting in extra time placing shelves and moving books have been Mrs. J. M. Weinzapfel, city librarian, Mrs. Steve Moster and Mrs. Frank Yosten. Lending a helping hand for heavy work have been Tim Mosman and Steve Moster.

Visiting the library last week was Lowell L. Lindsey of Texas State Library, Austin. He was on one of his routine visits to libraries in the state. It was his first in Muenster.

He met at the library with Mrs. Weinzapfel, Mrs. Moster and Mrs. Joe Luke. They discussed library operation and he gave advice on arranging shelves and cataloguing books along with other pointers concerning libraries and librarians.

**Flower Arranging Program for Club**

Muenster Civic League and Garden Club members will have a flower arrangement demonstration at their October meeting next Monday. Mrs. Dan Luke is in charge of the program.

The meeting will be held in the home of Mrs. Ernest Medders with Mrs. T. S. Myrick as co-hostess. Starting time is 8 p.m.

"Thumb Fun." The term "hitch hike" originated many years ago when it sometimes became necessary for two men to go on a journey with only one horse between them. One person would start on ahead on horseback, the other plodding along on foot. At a predetermined point along the route the one on the horse would dismount, hitch the horse to a fence, and continue down the road on foot. The travellers would alternate "hitching" with "hiking," the trip thus becoming quite literally a "hitch-hike."

**Dolores Koelzer And Mark Hermes Say Vows at Mass**

— Boyd and Breeding Photo

Miss Dolores Koelzer and Mark Hermes exchanged wedding vows in a double ring ceremony at nuptial mass Saturday, Oct. 5, in Sacred Heart Church with Father Alcuin Kubis officiating.

The bride is the daughter of Mr. and Mrs. Pete Koelzer. The groom's parents are Mr. and Mrs. Tony Hermes of Lindsay.

Mr. Koelzer gave his daughter in marriage. She wore a wide-skirted floor length gown of white Chantilly lace over taffeta. It was designed with Sabrina neckline dotted with seed pearls and sequins, and was complemented with scalloped-edge sleeves and gauntlets.

A crown of bridal jewels held her fingertip length veil of imported bridal illusion. She carried a white prayer book topped with two white orchids showered with satin streamers with feathered carnations caught in love knots. For something old she carried a hand made lace handkerchief and she wore a blue brooch borrowed from her sister.

Honor attendants were Mrs. Arnold Knabe, sister of the bride, and her brother, Wilfred Koelzer. Mr. and Mrs. Cyril Hermes of Fort Worth were bride's matron and groomsmen in his brother's wedding. Little Miss Janet

Knabe, niece of the bride was flower girl, and Randy Hermes, groom's brother, was ring bearer. Earl Koelzer and Gilbert Hermes, cousins of the couple, ushered.

The three feminine attendants were identically gowned in azalea pink satin dresses with matching hats. Mrs. Knabe and Mrs. Hermes carried baskets of pink carnations. The flower girl carried a bouquet of white gladioli which the new Mrs. Hermes placed on the Blessed Virgin's altar after the service.

Mrs. Norbert Walterscheid was vocal soloist, presenting "On This Day" before mass and "Mother at Your Feet" after the service. Anthony Luke was organist and the men's choir sang for the mass.

Mothers of the couple had pink carnation corsages and Mrs. Alphons Koelzer, grandmother of the groom, had a white carnation corsage.

The wedding reception was held in the Parish Hall with Mrs. Joe Lehnertz catering the buffet supper. Presiding at the birde's book were Miss

Rita Noggler and Miss Ann Landsfeld. The wedding dance was in the VFW Hall.

When they return from their honeymoon, the newlyweds will set up housekeeping in their own home on the highway northeast of Lindsay. He works for an oil well drilling company. For traveling the bride wore a three-piece white suit with black accessories and the orchids from her wedding bouquet.

She was born in Muenster, attended Sacred Heart School, and was graduated from Madill, Okla., High School. Since her family moved back to Muenster she was employed at the dress factory. Mr. Hermes is a native of Lindsay and a graduate of Subiaco Academy.

Out of town guests, other than those from Cooke County, included Mr. and Mrs. Cecil Hermes and Mr. and Mrs. J. D. Caplinger of Sherman, Mr. and Mrs. John Jones and daughter Debbie and Mrs. C. N. Loffer and daughter Mattie and Sandra McDonald, all of Madill, Okla.

**Self-Help Foreign Aid Provided by Private Group**

Iowa is where the tall corn grows. Some tall ideas take root there, too. Self Help, Inc., at Waverly is one of them, the Catholic Digest reports. Self Help is an entirely new kind of foreign-aid program. Its aim is to help our havenot neighbors overseas to help themselves. It is a nonprofit, people-to-people organization whose slogan — "a stomach gets empty every day regardless of its address" — shows its belief that hunger, not politics, is the basis for world tensions. Self Help's founder, Vern L. Schield, was appalled in the late '40's at the ignorance of agricultural knowledge overseas. "Some of the most productive soils and climates produce almost nothing," he observed. "Even densely populated areas, with their manpower, good soils, excellent rainfall, and plenty of sunshine, grow almost no food. That's because all work is done by hand and crops are poorly tended. Those people need power equipment." And power equipment they are now getting. The donated machinery — small tractors and other farm machinery, windmills, sewing and washing machines — is carefully rebuilt and sold on the most liberal credit terms to foreign missions of all faiths and through U.S. consulates. This plan insures the tiller of a tiny overseas farm that aid is being given at the right time and for the right reason to the right person. Twenty-four million bushels of grain would more than fill all the space in the hulls of liners Queen Mary, Queen Elizabeth, France and United States. It would seem to be impossible to lose 24 million bushels of grain, but the government did it. And now the Agriculture Department assures us that it doesn't matter, anyhow.

**SOIL CONSERVATION DISTRICT NEWS**

OUR SOIL ★ OUR STRENGTH

Vincent Felderhoff completed a 2000 yard damless pond on his place southwest of Muenster this week. The pond will provide stock water for a 60 acre pasture of Coastal and Common Bermuda grass. An 1100 yard pond enlargement was staked the past week by Soil Conservation Service personnel for Frank Zimmerer on the Roy Davis farm southeast of the Leo community. Frank has planted about eight acres of cropland fields to King Ranch Blue-stem and plans to plant 10 to 12 acres more next spring. The conservation plan on C. D. and S. T. Meador Ranch west of Saint Jo was revised the past week. They plan to seed 120 acres of cropland fields with switch grass and begin a deferment program so that the better grasses in the pastures have an opportunity to grow. A farm pond has been staked for Lonnie Bewley near Roston. Leon Young of Saint Jo has just finished clearing 32 acres of brush.
