## Muenster Favors GOP Candidates In Three Races

Few if any political observers will envy this writer tonight as he passes up the fascination of watching election returns and turn to the usual Tuesday night job of getting this column ready for the Linotype. As quite a number are aware, there is no radio or TV nearby, hence the remarks here can not and will not be affected by the big news which is starting to come in from election headquarters.

Obviously, then, this column will do no gloating or complaining over the outcome of today's many races. From what has been said here many times before, there can be no doubt that Con is hoping fervently for a trend toward conservatism, but satisfaction or disappointment, whichever it will be, will have to be postponed for a few hours.

Perhaps it's better that way, because it prompts more caution of expression and less tendency toward partisanship. The column will refrain from any predictions of utopia or calamity. But it can with complete conviction urge an open minded acceptance of the outcome and a determination to make the best of whatever political setup the voters have given us.

We have good reason to assume that the next few years will be the most critical our nation has ever faced and to hope that the men elected today will have the judgment and integrity to strengthen our freedom and economy . . . and above all to advance the cause of human freedom and dignity in world affairs. Regardless of which political party shows the gains, we prayerfully hope for a revival of the principles which made this country great and still stand out as the only real guide to national and international happiness.

That the world looks anxiously to this country for leadership was shown beyond doubt when President Kennedy gave his ultimatum in the Cuban affair. Practically all free nations commented favorably. They admired his courage in demanding a halt of communist expansion. And they were especially pleased by his apparent intention to go farther and eliminate the red menace in Cuba. But world enthusiasm has cooled as our determination cooled to the point of practically assuring Moscow that it may continue its ugly influence in this hemisphere.

A valuable lesson can be learned from those developments. A courageous stand on principle and human dignity is the way to domestic and global respect. Our leaders have had ample opportunity to learn that they must aim to win this war, whether it stays cold or turns hot, and not merely strive to get along in the Soviet inspired policy of co-existence. Experience has shown long ago that co-existence deals are enemy gains. And common sense dictates that it is nothing but a compromise with evil. Now that the political contest is over, we hope our leaders will recall the favorable reaction to their sample of statesmanship and set their sights on winning the world struggle.

An awakening is equally urgent in domestic affairs. For, after all, it doesn't make sense to promote socialism at home while fighting it abroad. And that's the direction in which we are headed even though our welfare state enthusiasts insist to the contrary.

It's true, we cannot at this time visualize ourselves as slaves of a totalitarian atheistic government. But it's time for us to realize that increasing dependence on government inevitably leads to increasing no oversight by government. In time the leveling-off socialistic process leads to the point where initiative vanishes and those who have been providing funds for give aways start asking for their share of hand-outs. As revenue sources dry up there is only one course left to the bureaucrats. They have to quit giving and start demanding. Businesses that folded are taken over by government. Employees who were once free are compelled to do as the government says, or else. The end result is complete slavery as practiced in communist countries.

The farther we go in the process, the more difficult it is to stop. That's why, this column hopes that votes now being counted will call for a swing to the right . . . and if not, that the elected officials, regardless of their political views, will see the handwriting on the wall, and change their ways accordingly.

## SH School Plans Open House Nov. 13

Faculty and students of Sacred Heart School are extending a general invitation to the public to attend their open house next Tuesday, Nov. 13, in keeping with American and Catholic Education Week.

In their combined observance of the two events, open house will be held from 4:30 p.m. to 7:30 and again following novena devotions.

Both grade and high school will feature exhibits in the class rooms plus an art exhibit and 4-H Club achievements.

## Eagle Powerhouse Is Next on List For Muenster Hi

Muenster's Hornets will be facing their toughest odds of the season Friday night at Valley View when they square off opposite the mighty Eagles, generally rated as the favorites of District 10-B.

The Eagles enjoy a perfect record for their season to date and share the conference lead with Era's Hornets, whom they will meet in the last game. Muenster's record is an unimpressive 4-3-1, including last week's 15-6 loss to Era.

Despite the odds, however, Coach Richardson and his boys are far from ready to concede the game, and they have their fingers crossed hoping for the breaks that would help them turn the trick. Two factors working together could do it for them, that is, playing one of their better games while catching the Eagles below par . . . or perhaps being on the lucky side of a few breaks. Even then the Hornets realize they have a big job which calls for their very best hustle every minute of the time. On the other hand, peak performance by the Eagle powerhouse could cause lots of trouble for the Hornets.

As regards team condition, Muenster's good luck is still holding out. All are physically ready for the game.

## Local VFW Group At District Meet

Ten members of Muenster VFW Post and its Ladies Auxiliary attended the weekend District convention in Denton. Theme of the meeting was "Teamship" and "Unity." This was stressed in all principal addresses. Department Senior Vice Commander Jim Starkey of San Angelo was the keynote speaker. District Commander J. A. Gooch of McKinney and Ann Marshall, Department president, were also on the program.

Six state officers attended the Auxiliary meeting: Ann Marshall, president; Doris Parker, junior vice president; Leonard Rowland, secretary; Thelma Mullins, assistant secretary; Marie Copeland, color bearer, and Betty Starkey, banner bearer.

Attending from Muenster were Arthur Hess, Post commander, Herbie Herr, Arnold Schilling, Gary Kurkendall, Mr. and Mrs. Ray Voth, Mr. and Mrs. Arthur Bayer, Mrs. Don Flusche and Mrs. Charlie Pagel, Auxiliary president.

## Sacred Heart and Pilot Point Will Play "B" Contest

The teams of Sacred Heart and Pilot Point will meet Thursday night in what amounts to the eleventh game on the football schedule of each school. The tussle will take place in Pilot Point beginning at 7:30.

Technically the game is listed as a contest of B teams, but actually it will have some of the regulars from each team. Those are the players who have missed one or more games in the season to date.

Interscholastic League rule specifies that a player is permitted to participate in ten games during the season. Both schools have had nine games to date and have another scheduled for next week. Hence the boys who missed any previous game can play both this week and next week without exceeding their 10 game limit.

Coach Adam Wolf said that Tigers who played in nine games will not suit out for this one in order to save their eligibility for the final game next week with Jesuit B. They are Virgil Hess, Quentin Hess, Dennis Hess, James Eckart, Frank Schilling, Francis Fuhrman and Pat Klement. The remaining 19 boys on his squad are all physically ready for the game.

Wolf expects the Pilot Point coach to follow the same plan. Boys who have had nine games will sit out this one and save their eligibility for a conference game next week.

## NEWS OF THE SICK

Charlie Fisher is a surgical patient at Gainesville Hospital, Richey Street, following a major operation Tuesday. Miss Emma Fisher of Fort Worth arrived Monday to spend a week with her mother and help nurse her daddy.

Mrs. Mary Elizabeth Felderhoff was dismissed from Gainesville Hospital Sunday afternoon to continue convalescing at home after being hospitalized a month.

Former Muensterite Jess Kathman of Portales, N. M., is a patient at Gaston Hospital in Dallas undergoing tests and observation for surgery later this month. His wife is in Dallas with him. The couple has a son living there. Jess is a brother of Joe and Bill Kathman.

Bill Kathman was dismissed from the VA Hospital in McKinney Tuesday after being a patient ten days. He'll return for more X-rays and treatment after Thanksgiving.

Good news from Dallas is that Mrs. Rudy Hellman is dismissed from Methodist Hospital and is continuing recovery at the home of her son, Dr. Monte Hellman and family, 3434 Navajo Dr., Dallas 24. She enjoys company and visitors are welcome.

Mrs. Albert Dulock is back at her home, 614 Potter St. in Gainesville, doing fine after surgery in Fort Worth. Her son Ed Dulock went to Fort Worth to bring her home last Wednesday and her daughter-in-law, Mrs. Albert Dulock Jr., accompanied her to spend a few days.

## Tigers Win 49-30 In Scoring Spree With Greenhill

One of the wildest football games ever played here was last Friday night's scoring spree in which Sacred Heart coasted comfortably on a 37-0 half time lead for an eventual win of 49-30 over the Greenhill Hornets of Dallas.

During the first half it seemed the Tigers could do nothing wrong and Greenhill could do nothing right. Toward the end of the period the visitors started clicking and thoroughly outplayed the Tigers, but their deficit was too big.

Two fumbles started the game. Sacred Heart lost the ball on the kickoff and recovered it two plays later. Short plays reached mid-field and a Wolf-Fuhrman pass made 48 to the Hornet 4. Three tries later Schilling crashed over for the last yard. A pass to Fuhrman added two points.

Just before the next quarter opened the Tigers started again. A pass to Virgil Hess made 19, Wolf ran for 14 and four plays later Wolf made the final 10.

Moments later two passes produced another quick TD. A heave to Fuhrman made 15 and one to Dennis Hess made 41. Wolf's run added 2 points.

After that Greenhill connected on two good passes for 40 yards but Wolf's interception stopped the drive and got the Tigers started again. The big plays were a pass to Virgil Hess for 39 and a 10 yard scoring run by Dennis Hess. Virgil Hess kicked for an extra point.

Moments after play resumed a Greenhill pass was tipped perfectly to Johnny Wolf who found the way open for a 50 yard gallop to the goal. Virgil Hess plowed over for two (Continued on page 8)

## Contract Awarded For Construction On Highway 82

A contract for 4.6 miles of construction on US 82 between Gainesville and Lindsay has been awarded to a San Antonio firm, it was announced in Austin this week by the State Highway Commission.

Subject to the concurrence of the Bureau of Public Roads, The Jarbet Co. submitted the low bid of \$646,637 on the project. Grading, structures, flexible base, and asphalt concrete paving from 697 feet west of west city limits of Gainesville to 4.7 miles west is expected to take 220 working days, according to L. B. Dean District Highway Engineer at Wichita Falls.

## Home From Germany

Airman Pat Hess arrived Monday—back at home for the first time in three years—after completing his tour of duty in Germany. He has a 30-day leave to spend with his parents, Mr. and Mrs. Albert Hess and family, before reporting for re-assignment at Scott AFB, Belleville, Ill. Pat was stationed near Bad Kissingen and saw quite a lot of foreign country on leaves while he was overseas.

## Big Gift Gives UF Strong Start In Current Drive

Muenster's United Fund Drive is more than half way to its goal as of noon Wednesday. Henry Weinzapfel, community chairman disclosed that \$776 has been given and pledged. The local quota is \$1400.

Generous response at the dress factory accounts for most of the contribution during the first few days. Employees have agreed on a 25c per week plan which will net \$241 in six months and the management gave \$200. Cash turned in to the bank amounted to \$315.

The drive here got under way Monday morning at a kickoff breakfast in the Center Coffee Shop where workers received their contact cards and heard talks on the present goal and allocations to the participating agencies of Cooke County. The speakers were Don Howeth and J. H. Parker, chairman and president respectively of the county campaign, and Charles Rutledge, representative of Community Service Bureau, which is helping in the campaign.

Local workers are Mrs. Louis Roberg, Mrs. Earle Otto, Joe Horn, L. B. Bruns, Steve Moser, Marty Klement, Mike Sloan, Arthur Endres, Ray Wilde, Herbert Miller, James Walterscheid, Rody Klement, Joe Galloway, Clyde Fisher, Bill Pratt, Urban Endres, B. J. Swirczynski, Jerome Pagel, Dan Luke, James Hess, Pat Hennigan and Alvin Fuhrman.

## PP&K Contest Set Saturday at 9 on Parochial Field

Next Saturday, November 10, is the day for Muenster's contest in the nation wide Pass, Punt and Kick program sponsored by Ford Motor Company in cooperation with the National Football League. The local sponsor is Endres Motor Company. The contest will be held at 9 o'clock on the Sacred Heart football field.

Originally the contest was set for last Saturday and the entry deadline was October 31. But a mix-up developed and the date was changed to the 10th. The sponsors also postponed the entry deadline for the benefit of boys who may have slipped up because of the misunderstanding. Entries will be accepted up to the time of the contest.

To enter the boy and parent must both report. Ages eligible to enter are 7 through 11, and they will be divided into the five age groups for the contest.

Three prizes will be awarded in each age group. First is a warm-up jacket, second is a football helmet and third is a football with autographs by professional stars. Also records of the winners are forwarded for competition in the national contest.

Pat was stationed near Bad Kissingen and saw quite a lot of foreign country on leaves while he was overseas.

## Young Farmers Sponsor Program On Care of Stock

Everyone interested in the care and treatment of ailing livestock is invited to be a guest of the Muenster chapter of Young Farmers at a special meeting and program next Monday night, 8 o'clock, in the Muenster Livestock Auction.

The Young Farmers have arranged for the appearance of Fay Lowe, manager of Franklin Serum Co. of Fort Worth in a demonstration program on livestock skills and health. He will use live animals in his program, demonstrating dehorning and treatment of animal diseases.

Added attractions for the meeting are refreshments and a door prize.

## Nuns Make Study Of Hospital's Equipment Needs

As construction work proceeds on schedule, steps are being taken now to see that equipment for Muenster's hospital will be ready when the building is finished.

Starting on that assignment Mother Philippa and Sister Mildred of Jonesboro Convent came here during the weekend to get information on available equipment, specifications etc.

They got most of their information last Friday on a trip to Archer City and Wichita Falls in the company of J. M. Weinzapfel and Hubert Felderhoff. At Archer City they found practically the same situation that is expected here. A new hospital the size of Muenster's with about the same needs. The management there provided a list of its equipment and also advised where quantities might be raised or lowered.

The visit there also provided a sort of preview of Muenster's hospital. J. R. Killebrew of Wichita Falls is the architect of both, and they are similar in many respects.

The nuns also consulted with Killebrew about the equipment and took all information back to the convent where they will prepare their list of needed items. Bids will be invited when the list is finished.

Meanwhile progress is steady but still hard to see at the building site. Digging is finished, piers and foundation are poured and work is proceeding now on concrete beams. That will bring the building up to floor level and progress thereafter will be more apparent.

## 15-6 Loss to Era Blasts Muenster Out of 10-B Race

Muenster High's chances at a possible share in the District 10-B title ended abruptly last Thursday night in a 15-6 loss to last year's champs, the Hornets of Era.

That leaves Era and Valley View as the loop leaders with perfect records of three wins each. Sanger is next with a 2-1 standing, Muenster has a 1-2 standing and Callisburg and Saint Jo share the cellar with 3 losses each.

As the game developed here last week it became apparent that Era has been coasting in recent games and turned on its full power at the proper time. They were in command for most of the game and left no doubt that they were entitled to their win. And only time kept them from scoring again. They were nearing the pay-off of a sustained drive as the game ended.

The first quarter was a defensive tussle in which each team made only one first down. But the very first play of the next period seemed to be the spark that fired the visitors for their first score. Kirby's pass to Hudspeth gobbled 29 yards to the Muenster 40, and another, three plays later, got to the 22. Six tries made the distance from there and Stacy Russell went over for the touchdown. Kirby followed over and Era led 8-0.

For the rest of the period Muenster made better progress but failed to keep going.

And again as the second half opened Muenster made two successive first downs and then fumbled. Era made a first down and kicked when the second series bogged down. Then Muenster finally managed (Continued on page 8)

## Clothing Drive in SH Parish Set 3 Days Next Week

The approaching Thanksgiving season again brings the annual clothing drive for the Holy Father's storeroom to benefit the world's needy. Muenster residents will join thousands of others throughout the United States in contributing clothing, shoes and bedding.

Sacred Heart Parish will conduct its drive as a quickie again this year. The three-day drive is slated for Tuesday, Wednesday and Thursday of next week: November 13, 14, 15. The former Youth Center on Main Street will be the collection depot.

Plans for the event were announced at the business meeting of the parish St. Anne's Society Sunday night and Mrs. Alphonse Hoenig, president of the sponsoring organization, has accepted the job of general chairman.

All members who can spare time are urged to help in sorting and packing the clothing. Husbands are asked to assist in roping and moving the cartons.

Everyone is urged to cooperate by bringing contributions on the designated days. Lack of storage facilities for longer periods makes it necessary to hold delivery dates to those three days. Another request: please have clothing clean and mended. The sponsors pointed out that time will not permit a staff of menders and sewers to ready clothing that needs repairs.

"Operation Clothes Closet" this year will be the fourteenth annual Thanksgiving clothing drive for the Vatican storehouses.

Mrs. Alfons Koesler Sr. has volunteered to make hospital bandages and hospital shirts at her home, to include in the shipment, and is asking for old sheets and worn shirts for this project.

In other announcements, Mrs. Frank Herr, parish NCCW president, advised that Sacred Heart Parish will host the quarterly meeting of the NCCW of the Sherman Deaneary on Nov. 29. Forty members attended the meeting and Mrs. Al Walterscheid won the door prize.

## Muenster Gives \$427 to Cemetery

Members of the Sacred Heart parish donated \$427 to the cemetery fund at the semi-annual collection taken after church services on All Saints Day by ladies of the Muenster Civic League and Garden Club. That amount is about \$40 under last year's collection.

Person who forgot to bring their money are reminded that donations are still being gratefully accepted. They can be given to Mrs. Tony Gremminger at the bank or to any other member of the garden club.

### "WE'LL BURY YOU!"

Too many of us have brushed off these words from the Kremlin as an empty if belligerent brag. And too many of us have been too sure it can't happen. Too many of us still think Castro as the mangy master of Cuba when he is in fact, but another slave of the Communist conspiracy — the tool that has opened the way for the first mass penetration of the Western Hemisphere by Red arms and troops.

What we need to know are

the facts. And now we can, thanks to dedicated producers, researchers and writers at Columbia Pictures who have put together from a hundred sources — government and private, and many of them secret — what may well be for America the most important motion picture ever made.

After a year and a half of combing the archives of the free world and the films of news services and private collectors, placing the historic bits and pieces in sequence with background narrative to identify the time, the places and the people, the grim story of the march of Marxism, titled "We'll Bury You!", is here for all Americans to see and to ponder. The relentless, ruthless, unswerving rumble of the Red juggernaut that has flattened two thirds of the globe in half a century comes alive on the screen from the first Bolshevik blood to stain the snow of St. Petersburg down to Castro's rape of Cuba.

No fiction ever filmed could more than suggest the savagery of Stalin's brutal purges, the

massacres of innocents — in which Khrushchev first came to fame — the bloody treachery that ended the heroic Hungarian uprising, Castro's wholesale murder in Cuba or the heart-breaking story of the East Germans who challenged death for freedom in Berlin — and lost. And no actors could portray, as do these original scoundrels — Lenin, Trotsky, Malenkov, Khrushchev, Mao Tse-tung, Castro — the consistent use of murder, terror and deceit as implements of Communist policy — internally and externally.

This picture is a must. It will shake us up — as we need to be shaken. It will show us that our grave has already been dug — if we are obliging enough and unaware enough to roll into it. And if we do not, if we shove that threat: "We'll Bury You!" back down Khrushchev's throat, Columbia Pictures will be entitled to some of the credit.

### WHO'S AFFLUENT

Ten thousand dollars a year is an above-average income, and the Government lays heavy taxes upon it. Such earners are considered the "affluent" in our supposedly "affluent society", and it is presumed that they live in the lap of luxury. Who could ask for anything more?

A Washington newspaper suddenly had an idea. Why not ask them? So out went a reporter to find out what such a family wanted. A man, wife and three children were located, who lived on a \$10,000 salary.

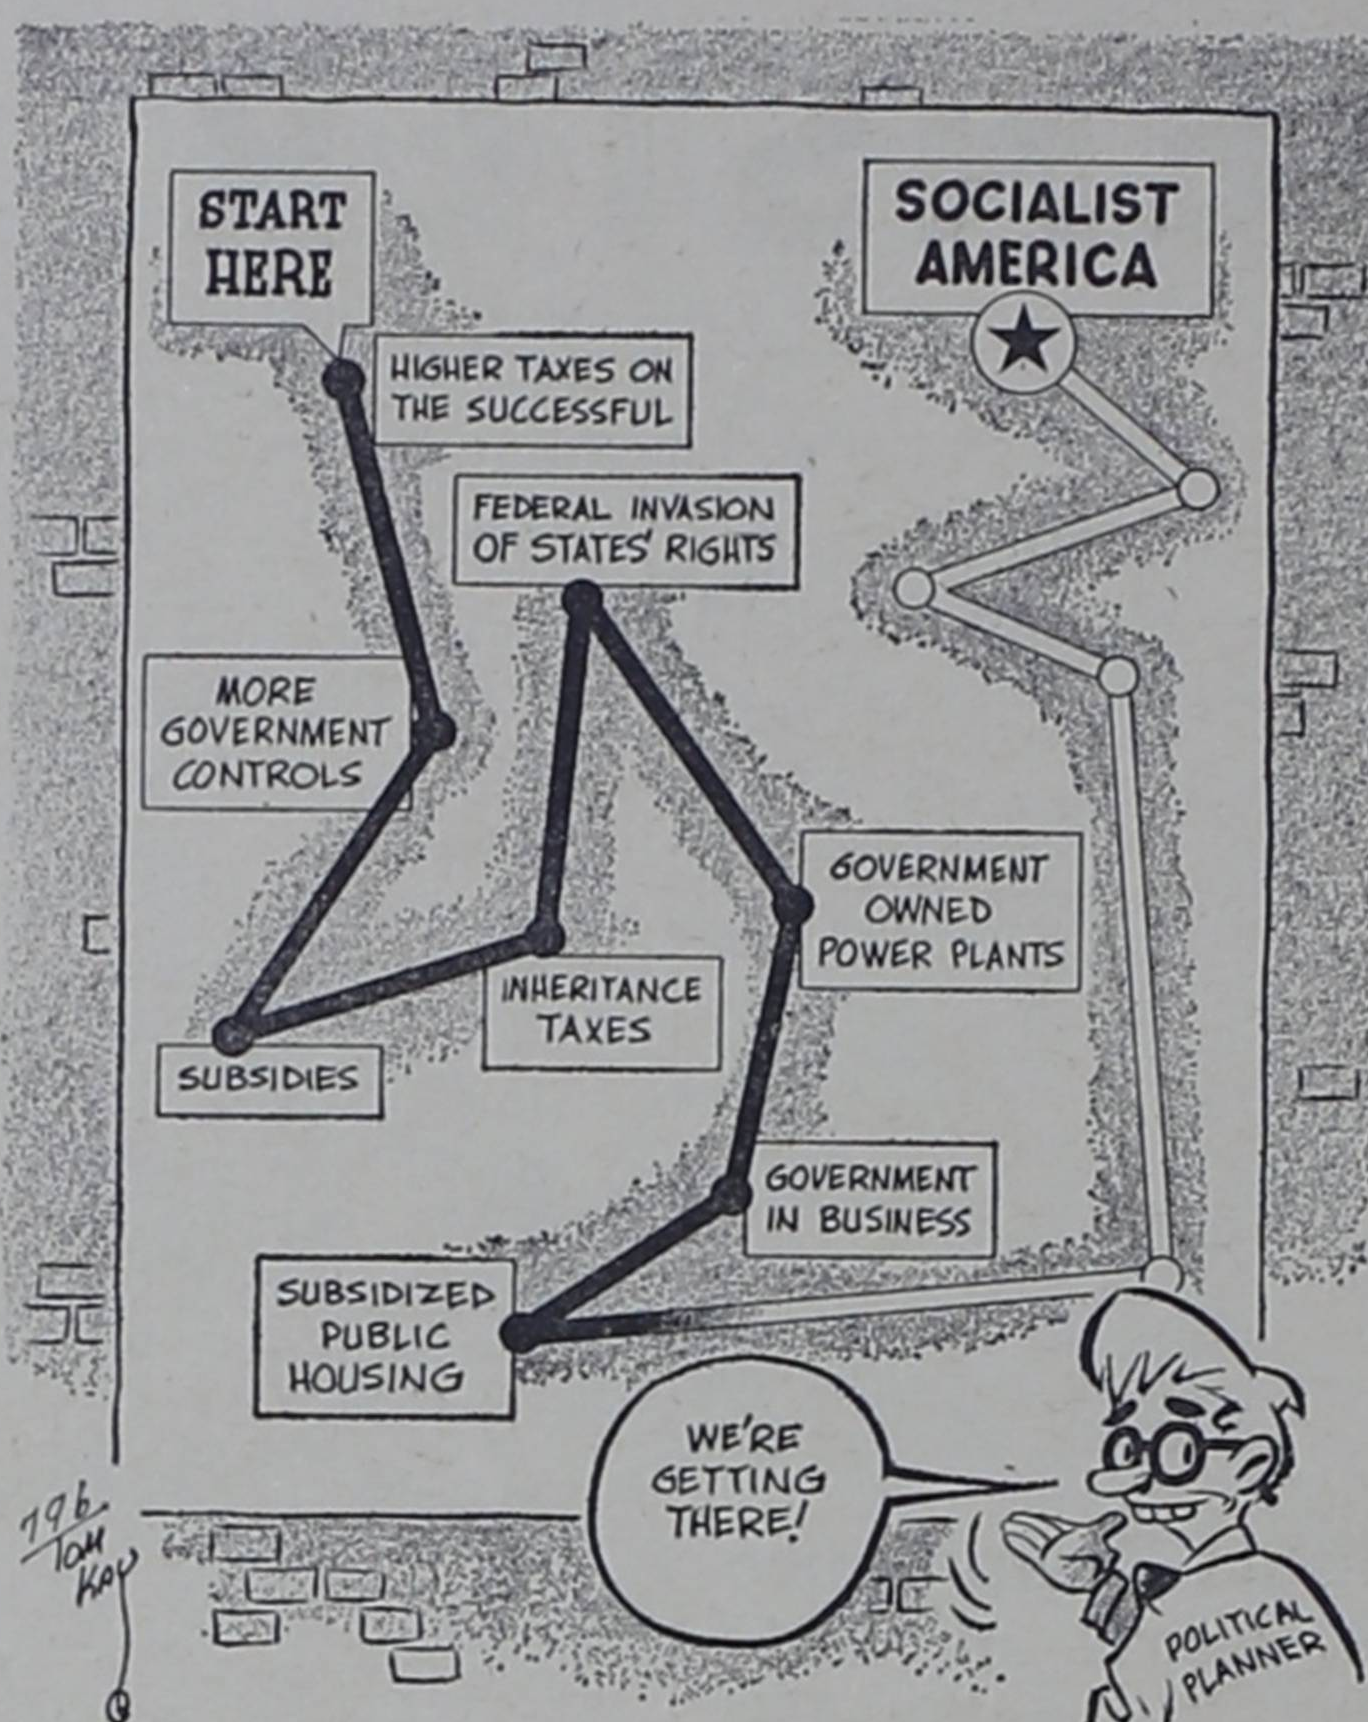

It turned out that this family, living in Washington's steamy climate, hankered for one, or even two room air conditioners. They would like to have a new kitchen range. Their home could use about \$5,000 worth of repairs and renovations, and if they could afford it, they'd buy a stereo phonograph. A second car would be nice, too, with Washington's unhandy public transportation what it is.

Beyond this they would like a sailboat, membership in a flying club and ski equipment. So it appears that they lack some necessities, and would like these and some luxuries. With an income like that, why don't they buy them?

It was also revealed in Washington a few days before, that relief clients (who didn't belong on the rolls legally anyway) were buying just such luxuries on time payments. The \$10,000 a year family is sacrificing its tax money to pay for them.

One reliever owned up to purchasing a \$410 stereo phonograph just like our \$10,000 a year family would like to own and can't afford to buy. Others were buying TV sets, refrigerators and other flossy items they didn't work for, even though they were able to work.

Taxes take about 30 per cent of the income of such a "high income family", which accounts

Time To Reverse The Trend

for their lot, sleepless nights, the obsolete stove and the un-repaired home. The things this family can't buy adversely affect employment.

This is something to remember when it's argued that Government spending is needed to "stimulate" the economy. What the Government spends, it spends instead of letting those who earned it spend it. That's all.

### WHAT HAPPENS WHEN POWER IS GIVEN TO MERE MORTALS

Advocates of a bigger and better UN have recently been set back by a disclosure of possible corruption of unprecedented magnitude within the world body.

The Richmond (Va.) News Leader reports that Congressman Donald Bruce uncovered the story after months of painstaking work. Strangely, the wire services and metropolitan press have said very little about it.

According to the News Leader: "There is now reason to believe that no fewer than six high U.S. and UN officials, all of them involved in some phase of the Congo operation, have been directly or indirectly connected with a Swedish-American syndicate engaged in African mining. There is reason to believe that this syndicate would profit enormously by the neutralization, or control,

of the vast copper mines operated by Union Miniere in Katanga."

The article goes on in great detail to relate the various connections involved. These connections explain why the UN has so ruthlessly attempted to destroy the independent government of Katanga. With Union Miniere under central Congolese control (which means UN control), the Swedish-American syndicate would profit greatly — hence the UN Katanga policy works to the personal advantage of the UN and U.S. leaders involved.

For full details, write to your Congressman and ask him for a copy of The Congressional Record for September 12, 1962. Rep. Bruce's speech is on page 18137. It is a well-documented, but restrained, indictment.

Obviously, a full Congressional investigation is called for. But our aim shouldn't be to prove which individuals have dirty hands — although they should definitely be identified and removed. But this experience should prove to us once and for all what happens when too much power is placed in the hands of mere mortal men.

We have given our government far too much power to regulate our lives and meddle in the affairs of foreigners. In turn, our government has delegated too much power to the UN — with no questions asked. When you give this much power

to world leaders, it is almost inevitable that the power will be abused.

Lord Acton said: "Power corrupts, and absolute power corrupts absolutely." As long as we hand such power to government on a silver platter, and relinquish our own responsibilities, corruption will follow. In this case, it has brought on unprecedented atrocities and suffering in Katanga. The next case could be here at home.

It is time that the United States withdrew from the UN and stood on its own two feet. It is time, in turn, that the people of the United States withdrew a great deal of the power they have delegated to (or allowed to be usurped by) their own leaders.

If Thomas Jefferson were alive today, he would not put his faith in the good intentions of U Thant, or even the President of the United States. It was Jefferson who said: "In questions of power then let no more be heard of confidence in man, but let us bind him down from mischief by chains of the Constitution."

Following the fanfare of signing the bill that will shake us down for \$600 million more in postage, and a billion more for Federal pay increases, Pres-

ident Kennedy ordered his bureau chiefs to hold down hiring, fire "marginal workers" and "increase employe productivity". The nation will await these reforms eagerly; but not, we hope, with bated breath.

**Birthday Surprise Grooms W. H. Endres**

Werner H. Endres had a surprise birthday observance Thursday, Nov. 1, at the home of his daughter and family, the Val Fuhrmanns.

The Endres children and grandchildren got together with gifts and birthday cakes for their dad and grandpa and really surprised him. His birthday is Nov. 3.

Mrs. Werner Endres came home from the hospital Friday, dismissed from Gainesville Hospital to continue recovery at home taking it easy and quiet for a while after a heart attack.

There's one doctor for every 2,000 persons in the world. The US averages one doctor for every 790 inhabitants.

**SH Homecoming Crowd Cheers as Queen Is Crowned**

A happy homecoming crowd applauded Friday night when Miss Patsy Klement was crowned 1962 football queen at Sacred Heart High's annual homecoming.

There was no let-up in pomp and ceremony from the beginning to the end of the coronation ritual. Queen Patsy and her royal court, Princesses Gloria Haverkamp, Rita Nogler and Mary Jeanette Knabe, and tiny train bearers for Her Majesty, Dianne Klement, Vicky Haverkamp, Kimberly Klement and Janet Bayer, presented a striking picture in their all-white bouffant formals as they participated in the pre-game program.

Also playing a leading role was Miss Charlene Otto, 1961 Queen, who relinquished her crown, presenting it to Tri-Captain Johnny Wolf, who in turn placed it on the head of the new queen. Miss Otto wore a red wool suit for contrast, carrying out the school's colors of red and white.

The royal party entered the football field from the north under the decorated goal posts and met escorts on the 50-yard line. Johnny Wolf was escort for Queen Patsy. Tommy Fuhrmann escorted Princess Gloria, football bearer; Tri-Captain Virgil Hess escorted Princess Rita, crown bearer; and Tri-Captain Pat Klement escorted Princess Mary Jeanette, bearer of the queen's bouquet.

Others participating in the pre-game show were the pep squad and cheer leaders. In an exhibition of grace and beauty they formed a giant U.F. calling attention to the current United Fund campaign.

The queen and her court had places of honor during the game and were the honored ones at the homecoming dance afterwards.

**Helen Neu, Bride Of Carl Jones in Gainesville Rite**

—Boyd and Breeding Photo

Miss Helen Neu, daughter of Mr. and Mrs. Ted Neu, Rt. 1, Gainesville, became the bride of Carl Wayne Jones in nuptials at St. Mary's Church Saturday, Nov. 3, at 5 p.m. The groom is the son of Mrs. Joe Wilder of Fort Worth.

Father Richard Sokolski performed the double ring ceremony and celebrated the nuptial high mass. Don Owen, organist, and the church choir provided mass music with solos by Frank Haliburton and Miss Charlotte Hoedebeck.

Mr. Neu gave his daughter in marriage. She wore a formal length gown of white silk peau satin fashioned on princess lines with a lace yoke and rounded neckline. The bodice was closed down the back with tiny covered buttons and the long sleeves tapered to petal points over her hands. The bouffance of the skirt was created by multiple gathers falling softly at each side of the paneled skirt front and extending to the back, unfolding into a sweeping chapel train. Re-embroidered lace accented the front panel and folds of satin spanned the waistline ending at the center back in a half pouf.

A queen's crown of seed pearls held her veil and she carried a cascade of white roses on a bride's prayer book, a gift from the groom.

Bride's attendants were her

sisters Misses Patricia and Stella Neu. They wore melon veiveteen sheaths with organza overskirts and matching pillbox hats covered with veils. Their flowers were white mums.

Don Wilder of the U.S. Air Force in Mississippi was best man and Wilson Stinnett of Gainesville was groomsmen. Michael Neu, brother of the bride, and Rupert Hoening, a brother-in-law from Carrollton, were ushers.

Reception, buffet supper, and dance were in the Lindsay Hall where Mrs. Joe Lehnertz was in charge. Assisting with the house party were Misses Barbara Shafer and Cecilia Zimmermer. Miss Shirley Neu, sister of the bride, registered about 300 guests.

When the newlyweds left on their honeymoon she was wearing a two-piece red outfit with black and white accessories. They will be at home in Gainesville.

The bride is a graduate of St. Mary's High School and attended Cooke County Junior College. She has been employed at First State Bank. Mr. Jones attended school in Nocona and was graduated from Paschal High in Fort Worth. He spent four years in the Navy and is employed at National Supply Co.

Among wedding guests were Mr. and Mrs. Joe Wilder of Fort Worth, Mrs. Scott Phillips an son of Graham, Sandra Phillips of Denton, Harold Reynolds of College Station, Melvin and W. J. Tucker of Nocona, Mr. and Mrs. Rupert Hoening of Carrollton, Mr. and Mrs. W. W. Stinnett of Denton, Mr. and Mrs. Henry Schlarman of Centralia, Kansas, Mr. and Mrs. Karl Kennedy of Wichita, Kansas, Joan Kupper of Dallas, Leroy Kupper of Houston.

**Students of Art  
Make Field Trip**

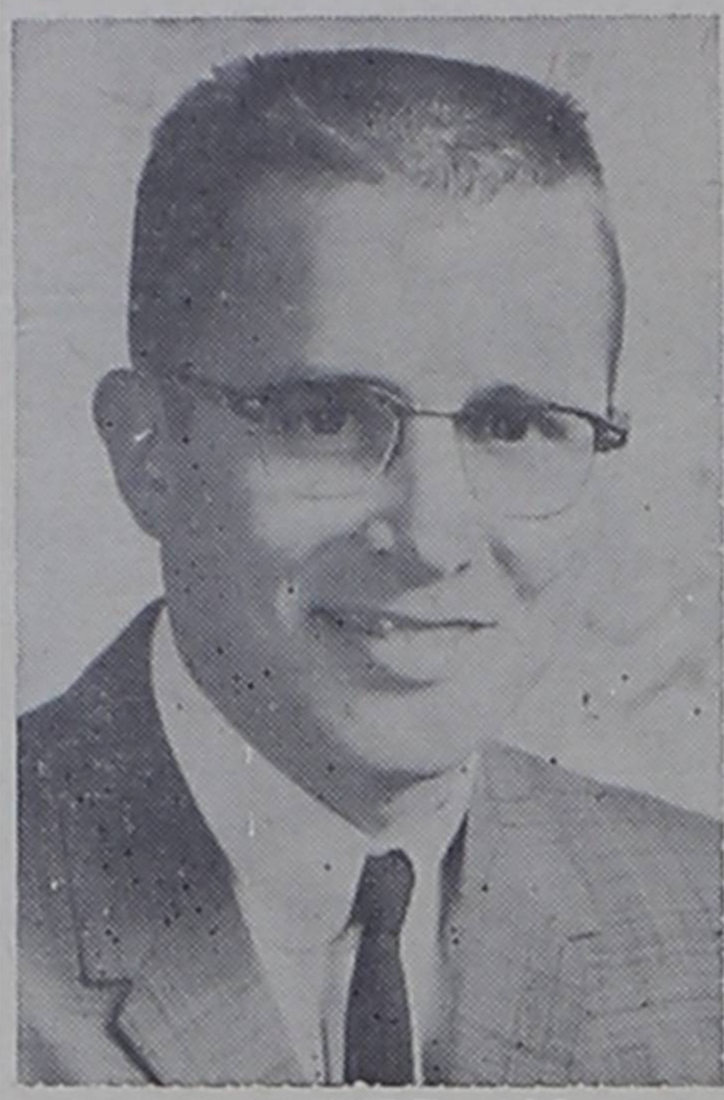

Art centers in Dallas and Fort Worth were visited on a Saturday field trip by art students of Sacred Heart High School in company of Sister Roberta, art instructor, Sister Carmelita and Brother Thomas Moster.

The eight students on the trip were Eileen Knauf, Jeannine Hofbauer, Virginia Taylor, Rita Noggler, Judy Walter, Sandra Walter, Carol Henschel and Jane Trubenbach.

At Amon Carter Museum of Western Art the etchings of Edward Borein are currently displayed and proved interesting. Also at Fort Worth they viewed the famous collection of Walter B. Chrysler Jr. at the Art Center. The exhibit "1550-1650 - A Century of Masters" contains original masterpieces of El Greco, Rubens, Titian, Van Dyke, Rembrandt and other Renaissance artists.

A visit at Fort Worth's Children's Museum gave the group an opportunity to view a display of student works including selections in water color, oil, pencil drawings and tempera paintings. This exhibit served as a challenge to the Sacred Heart students.

At the Dallas Museum of Fine Arts the group enjoyed "The Arts of Man" most of all. It included works dating from 1500 B.C. to the early Twentieth Century.

**Date Nears for Qualifying Exam in Navy ROTC**

High school seniors and graduates have only until November 16 to apply for the Navy's Reserve Officer Training Corps. Applicants will take the nationwide competitive examination on December 8 as the first step toward an appointment as midshipman.

Designed to supplement the officer output of the Naval Academy, the NROTC program makes it possible for a young man to earn a regular commission while studying at a civilian college of his choice which has an NROTC unit. All tuition, fees and books are furnished by the Navy, and the student receives an annual retainer of \$600 for not more than four years. During the summers the student goes on interesting training cruises to many parts of the world. After completing the usual four year college course, he is commissioned in the Regular Navy or Marine Corps and goes on active duty as a prospective career officer in the Naval Service. He receives the same promotional opportunities, duty assignments and benefits as his Naval Academy contemporary.

High School seniors and graduates who have reached the 17th anniversary of birth and have not reached the 21st anniversary of birth on 30 June 1963 may apply for the NROTC aptitude test. Those who make a qualifying score will be given a rigid physical exam in 1963. From the number of qualified young men remaining in competition, more than 2000 will be selected to begin their naval careers in college next September.

Application forms are available at high schools, Navy Recruiting Stations or from the Chief of Naval Personnel, Department of the Navy, Washington 25, D.C.

**Leo Fetsches Tell Of European Tour**

Sunday's Magazine section of the Wichita Falls Times showed a picture of Mrs. Leo Fetsch of Ringland, the former Miss Emma Hoenig of Muenster. She was shown in front of the Papal Palace on St. Peter's Square during a visit to the Vatican where she and her husband and their soldier son from Germany and their traveling companions saw Pope John. Jimmy Fetsch, stationed at Karlsruhe, accompanied his parents.

Mr. and Mrs. Fetsch have just completed a tour of Europe, along with several other tourists. With the picture was a story telling of some of the highlights of the trip. It lasted two weeks and touched on six European countries. Stops were in New York, Amsterdam, Munich, Venice, Rome, Vatican, Lisbon, Paris and Barcelona.

They saw the opening procession of the Ecumenical Council in the Basilica. Rain and cold didn't stop people that morning in Rome. The Fetsches were delighted when they realized they were directly aside of the CBS cameras. They recognized many officials including Bishop Fulton Sheen. He favored them with a smile

for a picture. The Pope passed within six feet . . . the highlight of a most exciting adventure. Words can't do justice to this experience.

Venice is unbelievable, said Mrs. Fetsch. While most of the trip was by air, it was by train from Venice to Rome. With beautiful scenery and grape vineyards on the mountain sides. Women were working in the fields and washing clothes by hand in a public cement trough and later carrying them home on their heads. Many old castles on the mountains . . . white oxen pulling plows.

A special delight was having their soldier son with them on most of the trip. He joined them

at Rome to travel with them until they left Amsterdam to return to the states.

Queen Patsy won the crown in a highly competitive encounter in which she vied with three other contestants securing votes at five cents each. She accumulated 5940 votes.

Other contenders for the crown, Judy Bezner, Marcella Neu and Dolores Voth, were princesses in the queen's court. They gathered 4100, 3760 and 2900 votes, respectively. Together the four raised a purse of \$835 to benefit the school.

For the ceremonies they wore party dresses. The queen, in white, was escorted and crowned by Roy Morisak. Princess Judy wore pink and was escorted by Ewald Hoelker Jr., Princess Marcella was in blue escorted by Donald Sandmann, and Princess Dolores was in apricot, escorted by Tommy Zimmerer.

The pep squad gave a pre-game performance and escorted the queen and her party to places of honor to see the game. The Knights' 42-0 victory contributed to making Homecoming 1962 and outstanding event.

### Tigers Win - - -

more points making the count 37-0 for Sacred Heart.

As the closing minutes of the half ticked away the visitors started going again but ran out of time as they reached the 8.

Starting the second half Greenhill overcame its jinx and soundly outplayed the Tigers for the rest of the game. They made 12 first downs to Sacred Heart's 5 and 246 yards to Sacred Heart's 113. And most of their plays were passes from Betts to Crowley or Jim Galbraith.

After a kickoff return to midfield the Hornets scored in eight plays, the payoff being a pass to Crowley for 4 yards. Betts added two points.

Shortly after that the Tigers made the big play of the night. From his 30 Wolf heaved a long one. Dennis Hess took it, twisted away from a tackler, and raced about 40 yards to the line.

Greenhill snapped back with a 55 yard drive on 6 plays, 4 of which were passes. Galbraith went over for the 4 and Betts followed over for bonus points.

Passes continued to fly and three interceptions marked the action before the next score. Greenhill stole a Tiger pass. Two plays later Wolf stole it back but a big setback on the next play kept Sacred Heart from going on. Greenhill then moved 30 yards to midfield and Wolf's fourth interception of the game put the Tigers back in possession. Pat Klement made 15 and Dennis Hess the remaining 32.

That ended Tiger scoring but the Hornets kept going. On the second scrimmage try Galbraith got loose for 56 yards and a TD. Next time the Hornets got possession they made 45 yards on two passes and Galbraith hit the line for the last 3 yards. Betts added two points. Game at a glance

aged to fit some gains together into a drive that counted. Key plays in the nine-play assault for 79 yards were Weldon Vogel's pass to Monday for 19 yards and his scoring run for 37. That scoot was a real beauty as Vogel twisted and dodged past a half dozen defenders on his way to the goal.

The try for bonus points failed and Muenster trailed 8-6. After an exchange of kicks Era started on its next TD. A screen pass gained 11 to the 33 and a penalty put Era on the 18. Two plays later Russell, the Era workhorse blasted to

the 3. From there Kirby made 1 and Russell the last 2. Kirby's kick was true and put the game on ice by the comfortable margin of 15-6.

In the closing minutes Era moved steadily against the crumbling Muenster defense. Its drive, starting from Era's 26 made 5 first downs in 16 plays and ran out of time on Muenster's 8.
