**ONLY WAY TO STOP BIG GOVERNMENT**

As Congress opens its 1963 session, one fact is certain: The poor taxpayer is in for another beating! Despite promises of tax reform, only John Q. Public can pay the bills for government's wild spending sprees.

While bureaucrats and pressure groups propose pet projects for bigger and bigger government, the taxpayer feels helpless, unable to cope with a government that has grown too large to handle.

At the root of this problem is the concept of limited government. Once we had a system wherein the government could only enact laws or programs that were authorized in the Constitution. To go beyond that limitation required a Constitutional amendment — which, of course, is much harder than just passing a law by a simple majority.

Under this system, the taxpayer could devote himself to his own business — secure in the knowledge that his government could only operate within a specific framework. There was no danger that Congress might suddenly legislate free speech out of existence — or that his family might be taxed \$100 per year to support foreign dictatorships.

Now, however, all restraints

**U. S. AND USSR VS. RED CHINA**

One thing against which patriots have to guard is this: for several years, many top government officials have held the view that the time would come when the U. S. would join with Soviet Russia in fighting Red China. Eisenhower himself strongly held this belief.

If the time ever comes when China and Russia are engaged in war against each other, for Heaven's sake, for the sake of humanity, for the sake of civilization, let them fight it out, by themselves.

That is what we should have done with Hitler and Stalin. Had we not given to Russia the astronomical amount of aid we did, Germany and the USSR would have so weakened each other that we would not have had any threat from either of them in this century. Instead, Roosevelt and his red advisers created a Frankenstein monster which bids fair to destroy us and the whole world, unless we drastically change our policy.

Let us not make the same mistake again!  
 — Tulsa Weekly Crusader

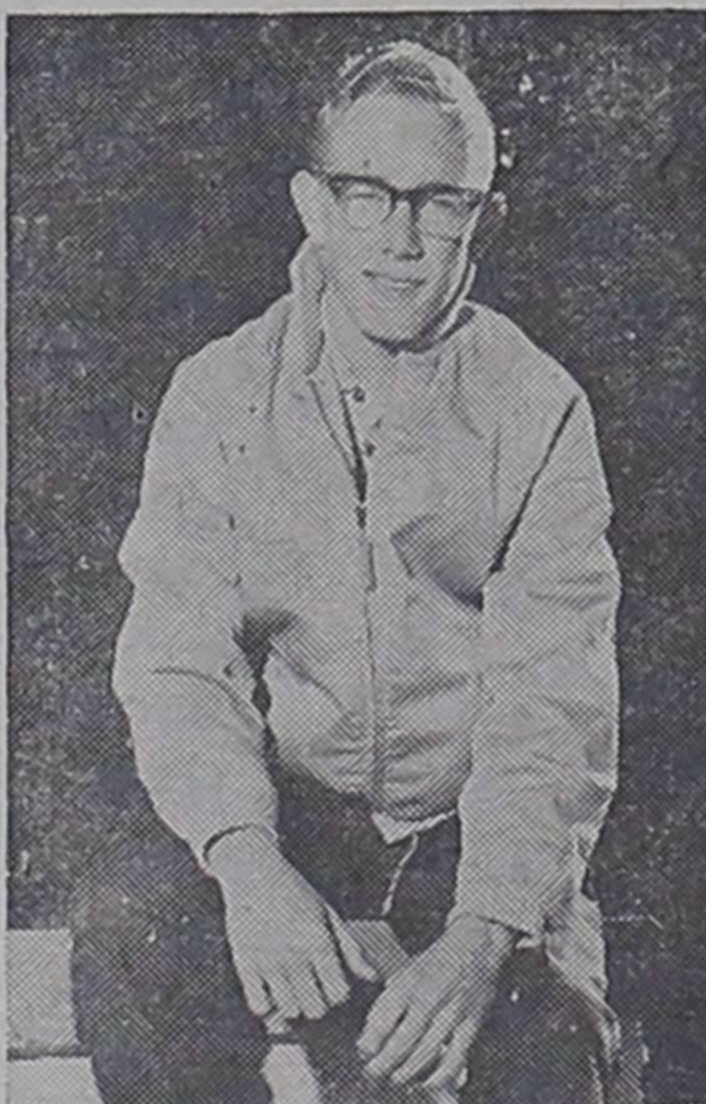

**THIS IS COMMUNISM**

A brief review of the objectives of communism might be in order. Marx, the father of communism, proclaimed that the objective of world socialism could be obtained through taking money and items of wealth from those who produced them and redistributing them on the basis of need.

If this is accepted as communist theory and method (surely, it cannot be successfully refuted), then we would contend that not only does foreign aid NOT stop communism, it IS communism.

The taking of the money of American taxpayers (those with ability) and the giving it away to non-Americans and non-taxpayers in far away places (those in need) is the essence of communism. How is it reasonable to assume that by practicing communism via our state department and kindred agencies, we will contain communism or reduce its efficacy?  
 — Colorado Springs Gazette

"I simply can't understand," said wife, "why you always sit on the piano stool when we have company. All of our friends know that you can't play a note."  
 "You're right, dear," said hubby, "but as long as I am on the stool, neither can anybody else."

**YOUNG TEXAN FOR JANUARY** — John Franklin Nance, 15-year-old tenth grade student of El Paso, has been named "Young Texan of the Month" for January by the Optimist Clubs of Texas and the Troy V. Post Foundation. Nance, the first 1963 winner of the coveted Young Texan honor, is an outstanding Austin High School student, and an award winning cornet soloist. Nance was chosen from hundreds of nominees from across the state by a panel of notable Texans including Chief Justice Tom Clark.

**MAKE THEM USE THE FRONT DOOR**

One of the most rewarding New Year resolutions that the Administration and Congress could jointly make would be the elimination of "back-door spending."

Backdoor spending is the expenditure of funds outside the regular appropriation process. It is a violation — at least in spirit — of the Constitution which holds that federal money can only be spent when the Congress duly appropriates it.

This practice cannot be dismissed as inconsequential. In 1961 it amounted to just under \$20 billion — divided among federal programs for agriculture, airport, area redevelopment, foreign aids, highways, housing, school milk, and loans for veterans. As large as that sum was the money originally requested was even greater — \$29 billion.

In 1962, happily, encouraging progress was made in curbing

backdoor spending. Through the combined and commendable efforts of the Administration and the Congress the rearflow was reduced to \$437 million. First the budget requests were slashed from the \$29 billion sought in 1961 to \$2 1/2 billion in 1962. Then the Congress performed more surgery on that amount, reducing it to \$437 million.

It is not enough merely to cut down on the total spent in this evasive manner. The backdoor should be securely locked and permanently sealed.

**THE OTHER SIDE OF THE COIN**

There has been criticism, much of it undoubtedly founded on the shifting sands of political expediency, of American medical practice and the allied arts.

So it may be wise to take a brief look at the other side of the coin.

The U. S. Public Health Service reports that a baby born in 1961 had a life expectancy of 70.2 years — the first time the figure has exceeded 70 years. This represents a three and a half year gain in the past 10 years, which is certainly an extraordinary achievement by any standard.

The health service also reported decreases in the death rates in all the age groups. Five of the 10 leading causes of death lost some of their power — accidents, vascular lesions, influenza and pneumonia, general arteriosclerosis, and diabetes mellitus.

So we are living longer, and we are, generally speaking, leading healthier, more productive lives. Numbers of elements have contributed to this achievement. Better medical attention and techniques are at the top of the list.

We want, of course, to be the beneficiaries of greater progress still. We want to see the still-unconquered killers, such as heart disease and cancer, brought to book. Our best hope for that lies in keeping medicine free — and not subjecting it to the chains of rule books written and administered by bureaucrats.

President Taft's weight varied from 300 to 332 pounds; Andy Jackson weighed in at 140.

She: "You can take me to the dance tonight if you like ... unless (coily) you meet somebody more attractive in the meantime."  
 He: "I say! That's sporting of you. We'll leave it like that then, shall we?"

A teacher once had the son of the town's outstanding citizen and banker in class. The boy cheated constantly and yet she was afraid of telling his father. She finally wrote on his report card; Forging his way steadily ahead.

**GROWING ON TREES**—You've probably heard of shoe trees, but here's something you may never have heard of: fish trees. Sound fishy? Well, it's just part of an exotic fantasy that was filmed by an Italian documentary director, who brought the scene from the place in the sun, Bora Bora, in the picturesque South Sea Islands.

**Marysville News**  
By Mrs. John Richey

Jimmy Robison spent the weekend with Mike Holcombe at Gainesville. The Earl Robisons visited her sister and family, the A. S. Holcombes Sunday afternoon and brought Jimmy back with them.

Mr. and Mrs. Lloyd Barnhart drove to Prosper Sunday for a visit with the Sid Johnsons.

Mr. and Mrs. Gordon Ramsey of Gainesville were Sunday guests of the Grady McElreaths.

The Rev. Larry Eaton of Fort Worth is the new pastor of Marysville and Sivells Bend Methodist Churches. After services at Sivells Bend Sunday the pastor and his wife had dinner with the Milton Hickmans. Joining them for visiting in the afternoon were Mr. and Mrs. C. L. Miller of Smithville.

Mr. and Mrs. Jiles Doughty of Nemo visited the Joe Dough-ty's Wednesday and were Thursday and Friday guests of Mrs. B. G. Lyons. Other weekend visitors were grandchildren, the Ed Eastins of Garland and additional guests on Sunday were grandchildren, the Bill Paces and their daughters Marinelle and Jane of Ardmore.

Mrs. Milton Hickman and daughter Paula were recent visitors in Dallas with the Paul Hickmans and cheered her brother, the Rev. Jim Bowman with visits. He is a patient at Baylor Hospital following a heart attack Mrs. Hickman and Paula made the trip to Dallas with Robert H. Hickman and Miss Linda King who had visited in the Hickman home.

Visiting the Ernest McElreaths Sunday afternoon and staying as supper guests were the Rufus McElreaths and children of Sivells Bend, the Joe Carroll McElreaths and daughters of Gainesville and Mr. and Mrs. Roy Pawless of Nocona.

**Shower Is Honor For Pam Russell**

A pre-nuptial party and gift shower honored Miss Pamela Russell, bride-elect of Curtis Wells of Saint Jo, Friday night in the Myra school with a sextette of hostesses entertaining.

The honoree received a pink carnation corsage from the hostesses and a duplicate corsage was pinned on her grandmother, Mrs. J. S. Russell.

Games relating to the wedding theme were directed by the hostesses who later served pink punch and pink and white sugar cookies to 23 guests. Pink roses adorned the refreshment table and white and pink, the bride's chosen colors, were noted throughout the party area.

Sharing hostess duties were Mmes. Max Love, Lee and Archie Livingston, Jack Biffle, U. E. Cato and Bob Tuggle.

Miss Russell's marriage to Mr. Wells will be solemnized in Myra Baptist Church Saturday, Jan. 12, at 7 p.m. She is the daughter of Mr. and Mrs. Joe Russell of Muenster.

**At CDA Event in Marshall Sunday**

Mr. and Mrs. Steve Moster and son Frank spent the weekend at Marshall and Sunday attended the golden jubilee celebration of Court Santa Maria Catholic Daughters of America. The pontifical mass by Bishop Gorman and the noon banquet were open to the public.

All state CDA officers and all district deputies were present. Mrs. Moster is deputy of the Wichita Falls-Windthorst district.

While Mrs. Moster attended a closed meeting and reception ceremony for the organization in the new parochial school Mr. Moster and Frank visited with friends who drove over from Shreveport, La. They are Mr. and Mrs. L. W. Middlebrooks.

The two couples are friends since the men were in the army together. Mrs. Moster joined them for visiting before they all started back to their homes.

COMPLETE FUNERAL SERVICE

Barbara Davidson is a shut-in at home on account of mumps.

Weekend visitor with the John Richeys was Marc Barnes of Hood. He came home with them after their Friday evening visit with the John Barnes family. Saturday Mrs. Richey went to Gainesville to be with her sister, Mrs. Earl Cochran whose husband died at 1:30 a.m. at his home.

Weekend visitors with Mr. and Mrs. Jim Shiflet were their daughter and husband, the Bob Poraths and daughter Sandra, and another daughter of the Shiflets, Mrs. Marian Johnson and son, all of Dallas. Other visitors Sunday were the Joe Carroll McElreaths and two daughters of Gainesville.

**Joe Swirczynski Birthday Honoree**

The Yosten and Swirczynski clan got together Sunday night to help Joe Swirczynski celebrate his 82nd birthday at his home. About 25 gathered for the occasion bringing gifts for the honoree.

After table games and visiting, Mrs. Swirczynski served refreshments including a decorated birthday cake.

Mr. Swirczynski's birthday is Jan. 3 but conflicting events postponed the celebration until Sunday.

In the bar of a swank hotel, the patron was disturbed at the tab for his highball. He complained, "Isn't a dollar and fifty cents rather high for a drink?"

"Well," the bartender explained, "part of it is for the surroundings. All those pictures on the walls aren't copies, they're original masterpieces."

"Well okay," the customer mumbled and left.

The next day he returned and ordered another highball "And don't forget," he said, "I saw the pictures yesterday."

### St. Anne Society Slates Reception For February 3

St. Anne's Society of Sacred Heart Parish is conducting a membership drive and will have a formal reception of new members on Feb. 3. All adult women of the parish are welcome and those interested in joining are asked to leave their names with society officers.

Mrs. Alphonse Hoenig, president; Mrs. Leo Henscheid, treasurer; Mrs. Andy Wimmer, secretary.

Mrs. Leo Henscheid presented the annual financial report for the past year. During 1962 the society contributed two hundred dollars to the church fund, furnished a room in the new convent at a cost of \$230 and contributed \$85 toward other furnishings in the Sisters' home.

The society's funds covered cost of church laundry during the year. A mass was said once a month for the boys and girls in the armed forces, and masses were said for living and deceased members. Greeting cards were sent to sick members.

St. Anne's Society sponsored the annual clothing drive and members helped sort and pack over 6000 pounds of clothes.

Members were reminded that dues for a new year are payable now. The amount is two dollars.

Mrs. Frank Herr, parish NCCW president, announced that she is accepting books to be delivered to the Gainesville School for Girls.

About 50 members were present and Mrs. Frank Herr won the door prize.

### Auxiliary to VFW Initiates Plans for MOD Campaign

Muenster VFW Auxiliary members mapped plans for sponsoring the annual March of Dimes campaign again this year and plan to have the customary church door collection on January 27, last Sunday of the month.

That and other details connected with the drive were on the business agenda at the Monday night meeting of the organization. Mrs. Don Flusche is general chairman of the drive.

Participation in the March of Dimes is listed as an honor roll requirement for January. Two other honor roll requirements were fulfilled. They consisted of sending contributions to the National Muscular Dystrophy Foundation and to the Gonzales Warm Springs Foundation.

The Auxiliary also made plans for its annual Valentine dance to be held this year on Saturday, Feb. 9.

Communications included letters of thanks for Christmas cheer dispensed by the organization. Thanks came from Ferd Haverkamp in Spain, Vincent Bozzone on Okinawa, C. C. Blanton in Germany, and from Dennis Koessler, Gertrude Esker and the Joe Sickings writing for Elaine. Also from Marguerite Porter and Geenie Gooch McKinney, district president and secretary, respectively, for gifts presented at their visit in December.

Members also discussed individual sponsors for each Camp Fire Girl group. Accepting appointments are Mrs. Richard Grewing for Mrs. Bernard Swirczynski's group, Mrs. Ray Swirczynski for Mrs. Don Flusche's group, and Mrs. Frank Felderhoff for Mrs. Giles Trubenbach's group. Three more will be announced later.

Auxiliary members and husbands have an invitation to attend a barbecue supper at the VFW Post home on Sunday, Jan. 19, 6 p.m. sponsored by the local Veterans of Foreign Wars as a treat for the two groups and their spouses.

Mrs. Charlie Pagel, president, presided and Miss Dorothy Hartman won the attendance prize. Twenty-two members enjoyed a social hour and refreshments following the close of business.

### Mary Pratt, Bride Of Maxie Hice in Vows Read Friday

In a wedding ceremony Friday night, Miss Mary Pratt of Muenster became the bride of Maxie Hice of Marietta, Okla. She is the daughter of Mr. and Mrs. J. B. Pratt of Mead, Okla., and a sister of Bill Pratt, Muenster chief of police. Mr. and Mrs. Chester Hice of Marietta are parents of the bridegroom.

County Judge William W. Carroll performed the ceremony in the court house. The bride wore a blue outfit with black accessories. Her sister and brother-in-law, Mr. and Mrs. Paul Lane of Marietta were attendants.

After a brief honeymoon the newlyweds are at home in Gainesville. He commutes to Marietta to his work and she commutes to Muenster to her office job in the dress factory. Before her marriage she made her home with her brother and family, the Bill Pratts, for about a year, since starting work at Muenster Dress Mfg. Co.

tax rate, one in 1966, and the last in 1968. Each increase will amount to one-half of one percent, so that beginning in 1968 and every year thereafter, the worker and the company will each be paying 4-5/8 percent of the worker's earnings up to

\$4,800 toward social security protection.

The difference between the originally planned top tax rate and the rate that will go into effect in 1968 will go partly to pay for the additional protection and higher benefits. It will

also help make up for the money not collected because the tax increases scheduled for the 1940's were postponed.

The income from the schedule of taxes now in the law will be sufficient to pay benefits to all present and future

social security beneficiaries.

For additional information on this subject, Noel Wall, Field Representative, will be in the basement of the Gainesville Post Office each Tuesday and Thursday morning from 9:30 a.m. until noon.

### Another Increase In SS Tax Rate Effective Jan. 1

Gus Jones, social security district manager, reminded workers in the Sherman area that their social security deductions have gone up by one-half of one percent beginning with the first pay they receive after January 1. The social security taxes paid by their employers has also increased by a matching amount, Jones said. With this increase, which has been scheduled in the law since 1958, the worker's share of the social security tax is now 3-5/8 percent of earnings up to \$4,800 a year.

The social security tax deducted from the worker's earnings, together with a matching amount contributed by the employer, is credited to two separate trust funds in the U. S. Treasury, one for the payment of disability insurance benefits. When the worker retires, or if he should become disabled for work, or die, payments will be made from those trust funds to him or his family.

The social security law, as first enacted by Congress in 1935, Jones said, provided only for the payment of retirement benefits, that would range from \$10 to \$85 per month. It was estimated that a social security tax rate of 6 percent, 3 percent from the employee and 3 percent from the employer, would be needed to finance these retirement benefits.

Instead of immediately imposing this full tax rate, Congress wrote into the law a gradually increasing schedule of taxes. The employee's share was to start at one percent of the first \$3,000 of annual wages, matched by one percent from the employer.

These rates were set to rise by stages to 3 per cent each by 1949. The scheduled increases were put off, however, during the 1940's, although President Roosevelt had protested, pointing out that the increase in rates was justified by the long-run financial requirements of the system and that postponement of the automatic increases in the social security contribution rates came at a time when industry and labor, because of high wartime earnings, were best able to adjust themselves to the increases. It was not until 1950 that the rate was permitted by law to go above one percent.

In the years since, benefits have been added for the families of workers (wives, widows, children, and in some cases dependent parents) and also for disabled workers and their families. In addition, benefits have been increased several times to keep pace with rising levels of living and price changes. Under present law, the range of monthly benefits paid to retired workers 65 or over is \$40 to \$127. The maximum family payment is \$254 a month.

Under the law as it now stands, there will be two more increases in the social security

**Money Is Topic Discussed at 4-H January Meetings**

Sacred Heart 4-H Club girls — all three groups — had a program on Money Management at their January meetings. Mrs. Evelyn Yeatts, assistant county home demonstration agent, met with each group separately.

Paula Herr, reporter for the

Intermediate Club, listed 40 members present. Mary Ellen Endres, president, presided and Janie Knaut called the roll. This group learned the correct way to write checks, make out deposit slips and keep records in connection with spending money properly. Mrs. Paul Endres, adult leader, was present. Junior Club members had their president Janice Wilde presiding and heard that the

annual Dairy Foods Show is calendared for Saturday, Feb. 9. Joan Fetsch, reporter, counted 53 members present.

Janice Vogel conducted the senior girls' meeting and Charlotte Wolf reported 16 members present. In the money management discussion Mrs. Yeatts listed ways money can be earned and saved and passed out money management booklets to the group.

**Local News BRIEFS**

Weekend visitors with Mr. and Mrs. J. A. Sanders were their daughter and son-in-law, the Walter D. Cookes and son Gordon of Fort Worth. Joining them for a Sunday visit were Mr. and Mrs. M. A. Slaughter of Gainesville. Mrs. Sanders and Slaughter are sisters.

Mr. and Mrs. Joe Linn enjoyed a telephone visit with their son Jeff Linn in El Monte Calif., Thursday evening. Jeff and his wife Vera and their children Carol and Joey all reported doing fine.

All's quiet again at the home of Mrs. John Felderhoff since her daughter and family, the Urban Schrages and Craig, Linda and Donna have returned to Salinas, Calif., after a two-week vacation visit. Other relatives visited at the Felderhoff home to see the Californians, those from out of town including Mrs. John Wright and children of Duncanville and Mrs. Rita Jennings and children of Wichita Falls. Another sister of Mrs. Schrage, Mrs. Monty Elliott and family, visited by long distance telephone from Bushnell, Ill. They reported enjoying a white Christmas.

Visitors here Saturday were Mr. and Mrs. Jim Fette and children Dina Kay, Jimmy Joe and Brenda Jean of Dallas. They were guests of his mother, Mrs. Isabel Fette, his grandmother, Mrs. Joe Otto, and made other pop calls.

The Bill Birdens have reported to her parents, the J. M. Weinzapfels, by phone, that they returned to Milwaukee, Wis., safely after their holiday visit here. They made it fine in their car in spite of near zero weather.

Moving from Muenster to Gainesville, Route 1, during the weekend were Mr. and Mrs. Dude Rosson. The place they vacated will soon be the home of Mr. and Mrs. Billy Joe Dangelmayr, recently married couple.

Mr. and Mrs. Lloyd Trubenbach and two daughters have moved from Gainesville to Muenster to live on the farm where his parents previously lived. The Alois Trubenbachs are now located in their new home, Route 4, Gainesville.

Visitors with the M. F. Milners during the recent holidays were Mr. and Mrs. J. B.

**'Miracle Baby' with Birth Defects Is Named March of Dimes Child**

Jimmy Boggess' mother, Mrs. Shirley Boggess, reads a fairy tale to the 1963 National March of Dimes Boy, a victim of the birth defect known as open spine. She is a March of Dimes volunteer in her home town of Coy, Ark., because she wishes to encourage research "to learn why some children, like my Jimmy, aren't born perfect."

Five-year-old Jimmy Boggess of Coy, Ark., a "miracle baby" who has survived a constant battle against serious birth defects, has been named the 25th Anniversary March of Dimes Boy for 1963.

Jimmy, the son of Mr. and Mrs. James Boggess, was born with a birth defect known as spina bifida, or open spine. He underwent an operation when he was five days old to correct this condition. A few months later, it appeared that he also had hydrocephalus, or water on the brain. However, this condition has apparently arrested itself without need of surgery.

In spite of the fact that he also has defects in both the genito-urinary and digestive systems, Jimmy is a happy, inquisitive child who plays with his pets and his toys as eagerly as any other youngster his age. He walks with the aid of steel braces and wooden crutches.

He looks forward to his na-

tionwide tour scheduled for January, which marks the 25th anniversary of The National Foundation-March of Dimes. His picture will be on millions of coin collectors, leaflets and school cards used in every county in the nation. He will also visit with a number of congressmen, senators, governors, mayors, screen stars, TV personalities and stage celebrities.

A winsome, intelligent lad, Jimmy was born in Panama City, Fla., Jan. 20, 1957. His parents, both natives of Arkansas, took him soon after to their home state to be nearer specialists and medical facilities there, so that their son could get the expert medical care he needed to survive.

"Jimmy is a symbol of the 250,000 children born each year in this country with significant birth defects. He is living proof that something can be done for seemingly hopelessly crippled children," said Basil O'Connor, president of The National Foundation-March of Dimes. Jimmy's mother, Shirley Bog-

gess, who was a model before her marriage, today is a March of Dimes volunteer. One of the satisfactions she finds in this work is the hope it affords that "research will find the reasons why some children are not born perfect, and then will find a way to prevent these tragedies. The March of Dimes helped wipe out polio with the Salk and Sabin vaccines. I am certain that something can be done about birth defects."

"I am going to work as hard as I can to see that Jimmy continues to get the best possible medical care, and that funds are available for research so that someday other mothers won't suffer the terrible shock that I did."

"Children like Jimmy will benefit most from expansion of the March of Dimes-supported nationwide network of clinical study and treatment centers, which bring the most modern medical care to victims of birth defects, arthritis and polio. Today there are more than 50 of these centers. Our nation could easily use twice that number."

**Farm Facts**

Americans in 1961 spent \$16 billion on beef, pork, veal, and lamb. That was about a fourth of all money spent on food and added up to \$277 per family.

This news comes from the Economic Research Service of the U. S. Department of Agriculture which notes that we spent more on meat than on household utilities, television sets, and radios combined.

In the early 1920's the annual meat bill per person amounted to about \$34 for 134 pounds of meat. In 1961 it was \$90 for 161 pounds.

Only 4.5% of our take-home pay, however, was needed for meat in 1961, as compared with 6.7% in the 1920's. About half the meat dollar goes for processing and marketing, though this varies depending on the type of meat.

There are two important reasons for a drop in the percentage of income spent for meat. As consumers earn

more, their buying is more diversified. The percentage spent on meat declines although dollars spent increase. Second, due to greater efficiency, farmers are able to provide more meat to consumers at a reasonable price.

Mrs. Paul Nieball accompanied Mr. and Mrs. Billy Nieball and son Joey to Marlin Sunday to spend the day with relatives.

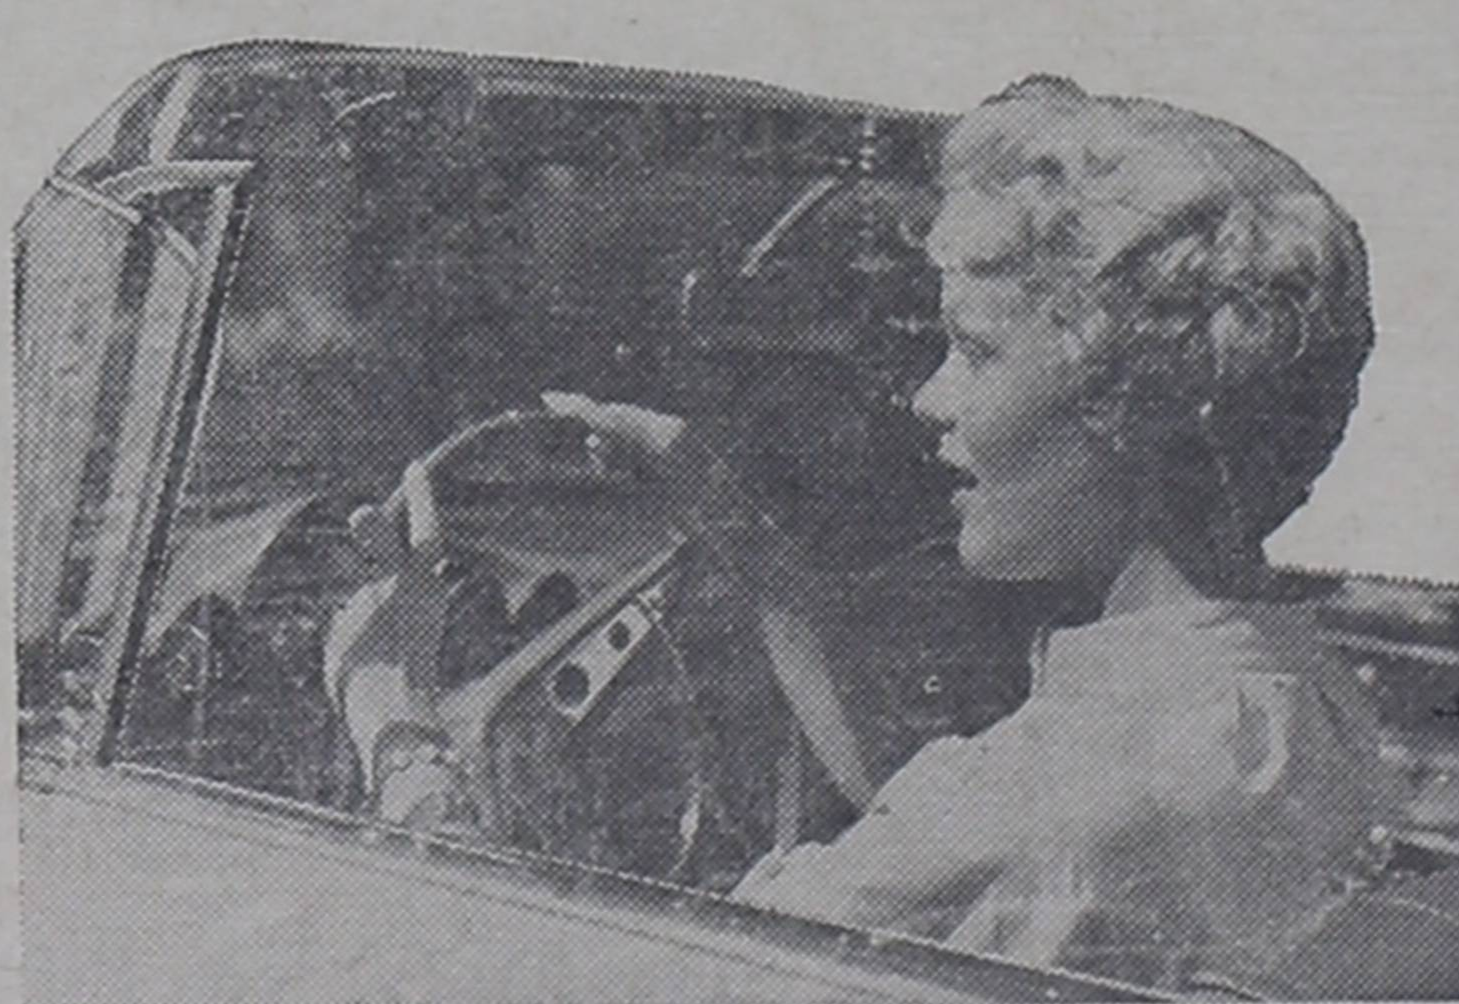

**BIG TURNIP CROP**  
John Schmitz has harvested a big crop of fall turnips. Big in more ways than one. The turnips are huge... some weigh four pounds each. He sowed the seed August 23.

**CHEVROLET... the Quality truck!**

**WALK AROUND IT. SEE THE DIFFERENCES.**

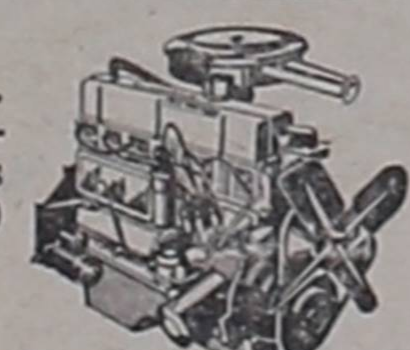

Start at the rear of this Fleetside pickup. Grab the tailgate and pull hard. No give. Two wedge latches keep it tight. Now unfasten them and let down the gate. Jump up and down on it. Does it sag? Notice how the chains are wrapped in rubber so they won't rattle or mar paint.

Now look at the lower side panels. Two walls. You might dent the inside one but it won't show through. The floor will never rust. It's select wood, not metal.

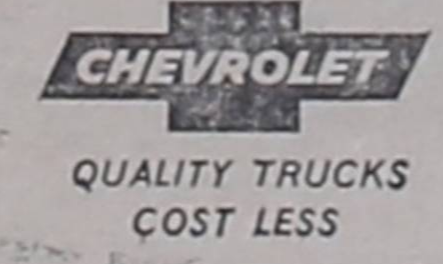

Now please sit in the cab a minute. Comfortable? It also is double walled and the roof is insulated. Let's start 'er up and look for a washboard road. Chevrolet coil-spring suspensions fight road shock better than other types, good for the truck, load and the driver.

There are other things. But you can see why this is a truck that does a job without a lot of pampering. It's built right. Which is why it's usually worth more at trade-in. When would you like us to deliver it?

New High Torque 230-cu.-in. Six is lighter but more powerful than its predecessor. It is standard in Series C10 through C50 models.

New High Torque 292-cu.-in. Six—most powerful truck 6 Chevrolet has ever built! Standard in Series C60, optional at extra cost in lighter models.

Lindsay News

Mr. and Mrs. W. J. Neu entertained in their home Sunday with a family reunion as a farewell honor for their son, Sgt. 1c Louis Neu before he returned to duty at El Paso AFB. He left Tuesday after a 20-day leave. Together for the day were Mr. and Mrs. Alfred Hess and two sons and Mr. and Mrs. Elroy Neu and two sons of Gainesville, Mr. and Mrs. Freddie Neu and family, Leon and Miss Margie Neu and the hosts.

Jimmy Sandmann has rounded out his tour of duty in the army and is back at home as a civilian again.

Lindsay Craft Club leaders met for their planning session Monday in the home of Mrs. Norbert Rohmer and arranged a program for the children's meeting next Monday, Jan. 14. Leaders will have a called meeting Monday at 2:30, before the craft club meeting at 3:30. All groups will meet in the Parish Hall. At the planning session Mrs. Rohmer served fruit cake, coffee and candies to those present.

Mrs. Jake Bezner enjoyed the recent holidays visiting in Ennis with her daughter, Sister Kathleen. Also enjoying the visit was Mrs. Wilfred Bezner who accompanied her. Jake Bezner had a visit with his daughter, too. Joined by the James Bezners and children, he drove to Ennis to get Mrs. Bezner. Holiday phone calls came from the Bezners' two other nun daughters: Sister Anna Rose in Alexandria, La., and Sister Ramona in San Antonio.

Lindsay CYC will sponsor the Deanery Holy Hour Sunday, Jan 13, beginning at 7 p.m.

Lindsay COD Discussion Club groups will have their January meetings Sunday in the appointed homes.

Money Is Topic At 4-H Meeting

"Money Management" proved an interesting topic for discussion at the January meeting of Lindsay senior 4-H Club girls when Mrs. Evelyn Yeatts met with the group.

Being thrifty with money in shopping, getting value for money spent, check writing, and other phases of handling money properly filled the program.

Mary Kay Flusche presided for the business session and Dolores Voth counted 28 members present.

Announcement was made that the annual Share the Fun event is scheduled for March 4.

Patsy Zimmerer and Margie Neu led the group in a game during the recreational period.

Stockmen Asked To Contribute to Screwworm Fund

An urgent "\$-O-\$" distress call is being sent out to farmers and ranchers of Texas during January by Southwest Animal Health Research Foundation and supporting livestock organizations.

It's an all-out emergency appeal for \$1 million in producer contributions to meet the under-subscribed \$3 million SWAHRF goal required to continue the effective program now in progress to eradicate the costly screwworm from Texas and the Southwest, according to C. G. Scruggs of Dallas, Foundation president.

One of the highlights of the big January fund-raising drive will be "\$-O-\$ Week in Texas" sponsored by the livestock auction market industry during a whirlwind six-day statewide campaign — January 21-26.

"Operation of the screwworm eradication program is reaching a very critical stage in its financing," declares J. R. Taylor of Amarillo, president of Texas Livestock Auction Assn., "and it is hoped that our '\$-O-\$ Week in Texas' may result in raising substantial funds to materially aid and assist the Foundation, which represents livestock producers of Texas and the Southwest."

Taylor and Cecil Ward of Gainesville, a member of the board of trustees of Southwest Animal Health Research Foundation and a past TLAA president, are co-chairman of the special 200-member "\$-O-\$" Screwworm Eradication Committee. Oris Reynolds, vice president of the marketmen's state trade association, is treasurer, and organizational and promotional efforts of the group are coordinated by Grover C. Lee, Jr. of Strawn, TLAA executive director.

Also assisting the special committee are Foundation President Scuggs, Marvin Bridges of Mission, SWAHRF executive director, and V. G. Young of College Station, Texas agricultural agent of the Texas Extension Service.

During the week January 21-26, Co-Chairmen Taylor and Ward said, Texas livestock auction markets will stage sale events and expend special efforts in soliciting and receiving contributions to SWAHRF from thousands of producers in their respective areas.

The screwworm eradication program — projected to cost a total of \$12 million over a period of three years — is a joint operation of the Foundation, Texas Animal Health Commission and the Animal Disease Eradication Division, USDA. Under terms of a memorandum signed by those groups costs were specified on a 50-50 matching basis. The USDA is providing half and the Foundation and five Southwestern states — Texas, Louisiana, Arkansas, Oklahoma and New Mexico — must furnish the other 50 percent of the required funds. Texas Animal Health Com-

mission, with support of state livestock producers, will request the Texas legislature to appropriate additional funds to assist in the campaign to eradicate the screwworm and to establish a barrier zone.

It has been projected by SWAHRF leaders that the barrier of sterile flies along the international border will be in full operation, weather permitting, by Feb. 15. Outer half of the barrier will receive 600 flies per square mile per week, and the inner half, 400 sterile flies per square mile. Estimated size of the barrier is 100,000 square miles which will require 50 million flies per week until July 1, 1963.

SHH Cheerleaders Named for 1963

Tiger cheerleaders at Sacred Heart High have been chosen in view of the 1963 season. The entire Pep Squad participated in the voting.

Heading the list of official boosters is Eileen Knauf, junior. Other yell leaders are Rita Nogglger and Jeannine Hofbauer, juniors, Angie Hess, sophomore and Barbara Hess, freshman.

Miss Knauf has been a member of the Pep Squad for three years and is secretary of the junior class. She was a cheer leader this year. Miss Nogglger and Miss Hofbauer have also been Pep Squad members for three years. The former was the junior queen candidate this year and the latter is treasurer of the junior class.

Miss Hess is sophomore class secretary and a 1962 cheerleader. Miss Schmitt was a member of the Pep Squad the past year. All five are members of the CYC and Sodality.

Camp Fire Girls Activity

Second grade Blue Birds of Sacred Heart School had a regular meeting Friday, Jan. 4, in the club house. After the pledge of allegiance each member told what she liked best at the Christmas Parade in Gainesville on Dec. 15.

Games were played and the meeting ended with the group's forming a friendship circle and reciting the Blue Bird Wish: "To have fun; to learn to make beautiful things; to remember to finish what I begin; to want to keep my temper in; to go to interesting places; to know about trees and flowers and birds; to make friends." Twelve girls were present.

Refreshments were served by Janie Felderhoff assisted by her mother, Mrs. Vincent Felderhoff. Other adults present were Mrs. Richard Swirczynski, leader, and Mrs. Ed Schneider, assistant.

BILL LANE of Gustine has been named outstanding young farmer of Texas. Announcement of the award climaxed the banquet program of the Texas Young Farmers Friday in the Grand Ballroom of Hotel Texas in Fort Worth. Lane previously had been named outstanding young farmer of Comanche County and of Area IV, approximately one-tenth of the state.

Lane was cited for outstanding accomplishment in the successful operation of a 500 acre dairy and stock farm near Gustine as well as for numerous civic and agricultural activities. He assisted in organizing the Comanche County Young Farmer organization and has been active in its progress.

Among the awards Lane received at the awards banquet were \$1050.00 in government bonds, a plaque, and an engraved watch.

Lane is married and has two children.

When you are tempted to tell your troubles to other people remember that half of them are not interested, and the other half are glad that you are finally getting what's coming to you.

A horse can't pull while kicking. This fact I merely mention. And he can't kick while pulling. Which is my chief contention. Let's imitate the good old horse And lead a life that's fitting; Just pull an honest load, and then There'll be no time for kicking.

BOUNCE BACK—Mrs. Sigrid Carlisle suffers the woes of having hit a parking meter with her auto in Fort Lauderdale, Fla. Cheer up! The meter has a flexible post which will bounce back into position.

A hiker climbs a hill and as soon as he reaches the top starts immediately back down. If he averages 2 miles per hour going up and 6 miles per hour coming down what is his average speed for the round trip?
