Adopts Budget for Scholastic Year

A budget estimated at \$245,-950 for the 1962-63 school year was adopted for Cooke County Junior College by the board of mages before then. They will Good summer moisture helped coach and seventh and eighth trustees in its meeting of August 7. The trustees also approved will also have a practice test else. Grass was green and Mrs. Marie Mosman, science, the amended budget for the past scholastic year.

The estimate is based on expected receipts as follows. State fund 103,950; Tuition 50,-000; Local maintenance tax 80,000; Mary J. Cox Estate scholarships 12,000.

Expenses are estimated as follows. Administration 21,000; General expense 7,900; Instruction 128,085.60; Activities 11,-Mrs. Carol King, third and 200; Extension and public service 1,000; Library 6,000; operation and maintenance 31,720. The total of those expenses is Getting set for the start of 206,905.60 leaving 39,044.40 as a school, the teachers will have reserve for improvements and contingencies.

Comparing with last year's Lunch room personnel at the amended budget, the new one cellent safety record in the op- Fleitman and Earl Walterscheid. methods of spending. The estimate shows that total expected expense will be 20,893.70 greater than last year, hence the reserve for improvement and contingencies will be that much less than last year.

> The greater expense results principally from the increase of 19,215 in the instruction budget. Other expense items, some lower and some higher than before, total about the same as last year.

Abbot Alfred Starts 3 Weeks of Crowded Schedule

Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in . . . then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks

of quality are the real keys to low cost. Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

> This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck . . . selection is still good . . . deliveries are prompt . . . and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time. Come in and take full advantage of it!

STRAIGHT SHOOTING

Gainesville

It happened IOO YEARS ago

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862.. the same year that

IN TEXAS . . the entire state waited, with hopes and prayers, for news of Terry's Texas Rangers, beloved for their courage, daring and skill as fighters. With Albert Sidney Johnston in Kentucky, in and out of Tennessee with Nathan Bedford Forrest, into Georgia with Fighting Joe Wheeler

.. where there was a battle to be won for the South, the Rangers were there! And then, as now, beer was the traditional beverage of moderation-light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with

every glass. TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality

count on GAS heat to pour on the comfort when other kinds of heat fail!

Hard to believe now — but it does get chilly here. Doesn't bother GAS heat. It never gives up because the air gets too frozen for "heat pumping." Never needs repairs for complicated moving parts (needs none to produce heat). Never gouges your pocketbook for doing the job - GAS is the lowest-cost heat you can buy!

It's smart to modernize with GAS heat now ... call your heating contractor or LONE STAR GAS

School Starts at Lindsay August 23

Registrations for Lindsay's new school year will take place August 23, next Thursday, and classes will begin the next Monday, August 27.

The four Sisters of Divine Providence arrived from San Antonio the past week. They are Sister Ada and Sister Anita returning to their former assignments and two newcomers, Sister Ferdinand and Sister Miriam Dorothy. For the latter it's actually a return home. She's the former Miss Dorothy Lueb, a native of Lindsay and daughter of Mrs. Pete Lueb now of Carlsbad, N. M.

4 Lindsay Ladies Attend Workshop On School Lunches

Four women from the Lindsay School lunch room attended the annual school lunch workshop held at Texas Woman's University, Denton, August 6-10. They are Mmes. Frank Kuhn,

Joe Koerner, Margaret Koerner

and Norbert Zimmerer. The workshop covered problems of school lunch workers and directors, menu planning and food selection. It was codirected by Dr. Pauline B. Mack, dean of TWU College of Household Arts and Sciences, and Miss Dulcie Wilroy of the Texas Education Agency school lunch program. Other demon-

strators and lecturers assisted.
