DARKEST BEFORE THE DAWN

The United Nations is now going to help Castro with his farming.

Managing Director Paul G. Hoffman of the UN Special Fund, one-time head of Studebaker and technically, at least, an American has authorized a

\$1.5 million agricultural aid program to teach the Communist Cuban regime how to diversify its crops and fulfill Fidel's moldy promise of emergence from a sugar economy.

This project, designed to help overcome the devastation Castro inflicted on his own country by burning the cane fields and sugar centrales and killing the livestock, was endorsed in the spring of 1961 by 17 of the 18 nations on the governing council of the Special Fund, the US alone objecting vigorously, then and since. (It would seem obvious that, if we are not to take direct action in Cuba, the political demise of Castro and Communism can only be brought about by internal decay.)

But Mr. Hoffman says he has ordered only a six-months trial of the five to ten year project. And while the US contributes about 40 percent of the money for the Fund, he insists that no US dollars will be spent on this effort.

All this is beside the point, however, and even Mr. Hoffman admits that the expenditure of currencies other than dollars in this aid-to-our-enemy is only a bookkeeping gimmick.

What the UN does, its members do. When the UN Educational, Scientific and Cultural Organization puts out a booklet (as it did a year ago) hailing the USSR as a "brotherhood of free and equal peoples", we — who contribute twice as much as the Soviets to the support of the UN and give it a lavish establishment on our soil — endorse this drivel before the world. When the UN "Peace Force" ravaged pro-

AID OR RAID?

LOOK BEHIND THE MONEY SCREEN

Only the letter "R" separates federal aid from federal raid. This is more significant than coincidental. History has repeatedly shown that when Washington extends financial help to states and communities it also invades their prerogatives for self-determination of their affairs.

Put a little more bluntly, it is invariably the case that concealed by the "money screen," is a task-force of bureaucrats armed with regulatory powers that encroach on the traditional rights and privileges of states and communities.

Addition of the letter "R" becomes even more apropos when it is remembered that the federal government has no money of its own and in order to give it away it must collect it from the citizenry in taxes — or borrow it and make present and future taxpayers liable for its repayment.

Thus when it dispenses its largesse through aid programs the government must "raid" the U.S. Treasury which is the repository of taxpayer funds.

It would be well for all Americans to pay careful heed to the closeness of "aid" and "raid" in considering the Administration's massive and costly aid-to-education program.

Western Katanga, the blood of the innocents stained the hands of every member.

When the US pulls out of the UN — as it will just as soon as the American people make up their minds that they have been had — this crackpot sounding board, this Nirvana of little men, this travesty of human progress will fold like wet card board. And we shall then, perhaps, regain some national dignity and self respect and sense of direction.

Who knows but Mr. Hoffman has helped to speed the day.

THE BIGGEST!

Recently released statistics place the United States government as the world's largest spender, lender, borrower, employer, property owner, tenant and insurer, and under the New Frontier proposals, is headed for even bigger things to come. The following figures were compiled by former Budget Bureau Director Maurice H. Stans.

The Government of the United States:

Taxes and spends \$90 billion dollars a year, which is \$1 out of every \$6 in goods and services produced in the United States;

Employs 2.5 million civilians and 2.8 million military personnel, which is one out of every 13 persons employed in the United States;

Owns 767,766,434 acres of land, about one out of every three acres in the country;

Owns 421,260 buildings with 2.5 billion square feet of floor space, and leases 96,381,000 square feet of building space and 1,676,000 acres of land;

Has \$15 billion in farm commodities and stockpiled strategic materials;

Owns \$122 billion in military weapons and equipment;

Has loaned \$24 billion to veterans, home owners, business, farmers and foreign countries. Anaheim, Calif., Bulletin

ARE WE WORTHY TO BE FREE?

Rather than repeat the dirge of the moral coward who would sell his soul and crawl on his belly the rest of his days, "I'd rather be Red than dead," why don't we show so much courage and fire in defense of our ideals and our country that the Communists would begin to say, "It's better to be alive in a capitalist-dominated world than to be a dead Communist."

If we cannot muster the courage to do that, we are not worthy of our inheritance and the Lord God Almighty will raise up somewhere, sometime a race of bolder, braver and more righteous men.

"SOAK THE POOR" TAX

In this country we are taking 63.5 per cent of all taxes — from all sources, local, state and federal — from income. Our maximum rate is 91 per cent as compared to Switzerland that taxes only eight per cent. And eighty-six per cent of our lower income tax receipts come from the lower bracket of twenty per cent of income — the small fellow, the small farmer and laborer. All U. S. personal income tax rates above fifty per cent yield less than one billion — less than one per cent of our total Federal revenue!

It is time to work for ratification of the Liberty Amendment which would eliminate the necessity for income taxes.

25th Anniversary Is Celebrated by Mr. and Mrs. Hess

The silver wedding anniversary of Mr. and Mrs. Albert Hess brought a celebration similar to the one on their wedding 25 years ago. Many of the guests at the wedding on Feb. 22, 1838, were again present to help celebrate the silver anniversary. It was observed Saturday.

Festivities started with an anniversary mass in Sacred Heart Church at 4 p.m., Father Alcuin Kubis officiating and presiding for the renewal of vows.

Attendants in 1938 were attendants again. They are his sister Clara, Mrs. Frank Evans of Pilot Point, and Mrs. Hess's brother, Albert A. Knabe. The 25-year bride is the former Miss Agnes Knabe.

For the celebration the youthful Mrs. Hess wore a smart silver gray two piece costume suit with black accessories and a white carnation corsage.

The couple has ten children — eight sons and two daughters — and all were present for the anniversary observance. Airman Pat Hess came home on leave from Scott AFB, Ill., and Mr. and Mrs. Leo Hess came from Dallas bringing their baby, the honorees' only grandchild, little Bryan Hess.

The other children are Earl, Virgil, Angeline, Gilbert, Florence, Melvin, Tim and Clarence, of the home.

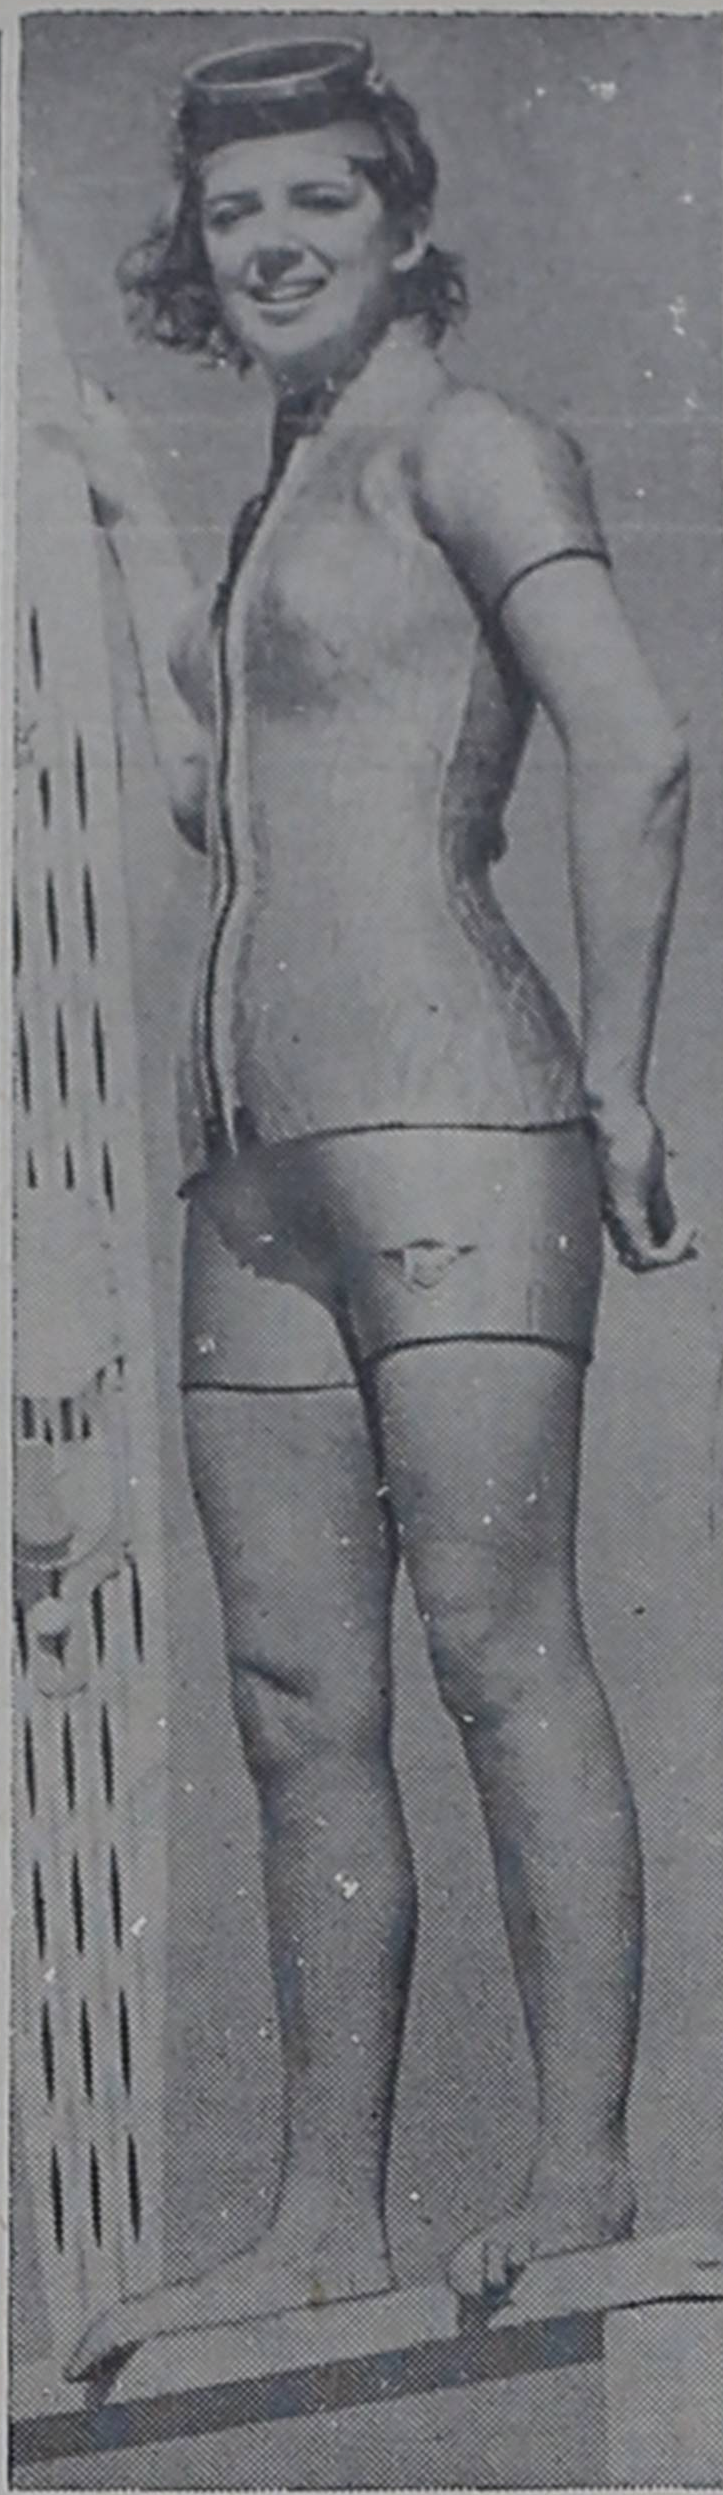

After the church service, guests gathered at the Parish Hall for a reception and a buffet banquet. About 300 guests were registered by Miss Nellie Ann Hess of Lindsay and Miss Margie Knabe, nieces of the honorees. The registration table held a Madonna arrangement of white snapdragons and two pictures, one of the couple, the other of the couple and their attendants taken on the wedding day.

The honorees' table held the handsome three-tier anniversary cake flanked by tapers, and carried out the wedding theme in silver bells, glittered styrofoam double wedding rings and white flowers.

Mr. Hess is a member of Hess Bros. Drilling Company.

Relatives and friends at the celebration came from Muenster, Lindsay, Gainesville, Pilot Point, Dallas and Denison.

Among out of town guests

were Messrs. and Mmes. John J. Hess, John Louis Hess, Wilfred Hess, Clem Hermes Jr., Leroy Neu, Henry Hess, Paul Hess, Winston Fangman, Frank Haverkamp, Bernard Gieb and Misses Nellie Ann, Margie and Clara Hess and Henry Hess Jr., all of Lindsay.

Mr. and Mrs. Frank Evans and children Carol Ann, Alvin, Edwin and Edgar, Mrs. Ben Knabe and Mrs. Jerry Pels, all of Pilot Point, Mr. and Mrs. Frank Helliner, Mr. and Mrs. Lawrence Knabe and family, Mr. and Mrs. Joe Haverkamp, Mr. and Mrs. Alfred Hess, all of Gainesville and Mrs. H. L. Herron of Denison.

An ordinance declaring the necessity for and ordering the paving and improvements, including curbs and gutters of certain streets and portions thereof in the city of Muenster, approving plans and specifications for such work, authorizing the city water and sewer superintendent and or the Mayor to advertise for bids, directing the preparation of estimates involving the procedure previously adopted by the city council of the city of Muenster and the provisions of Article 1105b of the revised civil statutes of Texas determining that a part of the costs shall be borne by the City and that a part of the costs shall be borne by the abutting properties and the owners thereof, providing for the assessment of the portion of the costs to be born by property owners, and for the fixing of a lien to secure payment of such assessments, stating the time and manner proposed for payment of all the costs, directing the city secretary to cause a notice of the enactment of this ordinance to be filed in the lien mortgage or public records of Cooke County, Texas and declaring an emergency.

Be it ordained by the city council of Muenster:

SECTION 1. That a necessity exists for the permanent improvement of those street or portions of public streets herein listed, by excavating, grading and paving the same, by the installation of drainage facilities herein, and by construction of curbs and gutters where adequate curbs and gutters are not now in place, and such improvements are hereby ordered, and the improvement work hereinafter provided for is to be improved being designated by Street Units as follows:

- UNIT No. 1. On PECAN STREET, from the boundary line of Division Street to Seventh Street, and continuing on Seventh Street to connect with the existing pavement now on said Seventh Street.
- UNIT No. 2. On OAK STREET, from the boundary line of Division Street to Sixth Street.
- UNIT No. 3. On SIXTH STREET, from the boundary line of Hickory Street extending West to Walnut Street, and from the boundary line of Main Street to Elm Street.
- UNIT No. 4. On FIRST STREET, from the boundary line of Main Street to Sycamore Street.
- UNIT No. 5. On THIRD STREET, from the boundary line of Maple Street to Sycamore Street.
- UNIT No. 6. On FOURTH STREET, from the boundary line of Maple Street to Sycamore Street.
- UNIT No. 7. On FIFTH STREET, from the boundary line of Maple Street to Hickory Street.
- UNIT No. 8. On SYCAMORE STREET, from the boundary line of Division Street to Fourth Street.
- UNIT No. 9. On CEDAR STREET, from the boundary line of Fourth Street to Fifth Street.
- UNIT No. 10. On MAPEL STREET from the boundary line of Third Street to Ninth Street.
- UNIT No. 11. On EIGHTH STREET, from the boundary line of Maple Street to Main Street.
- UNIT No. 12. On ELM STREET, from the boundary line of Third Street to Seventh Street.

SECTION 2. Each of said street units shall be paved with one of the following types of pavement: Streets will be paved from curb to curb, curbs and gutters will be constructed where none now exist, and necessary drainage facilities will be installed. In instances where there is now some existing pavement which may be adequate, such pavement, if possible, will not be removed, but repaired and/or resurfaced. All proper grading and proper base and all other necessary work and materials will be done upon said street units in order to effect a good and sufficient paving, from curb to curb, and the plans and specifications for said improvements, heretofore prepared by the City and/or its agents and now on file with the City Council are hereby in all things approved.

SECTION 3. The City Water and Sewer Superintendent and/or the City Secretary is hereby authorized and directed to advertise for bids for the improvement work herein described, the advertising receiving and opening of such bids to be handled in a manner prescribed by law. Upon the receipt and opening of the bids for such improvement work, the said Water and Sewer Superintendent and/or City Secretary is directed to prepare and file with the City Council an estimate of the total cost of the improvements herein ordered and the total amount of the part of the costs thereof to be paid by the City of Muenster in accordance with the provisions outlined in Article 1105b, Revised Civil Statutes of Texas, and in accordance with the instructions given by the City Council.

SECTION 4. The City Council of the City of Muenster deems it advisable and hereby determines to proceed under and in the exercise of the powers, terms and provisions of Chapter 106, Acts of the First Called Session of the 40th Legislature of Texas, being, Art. 1105b R.C.S. The cost of said improvements shall be paid as follows:

a. The City shall pay the cost of surveying the proper boundary lines of said streets and shall take care of drainage installations, wherever located and some of the base preparation and paving within street and alley intersections, and not less than 20 percent of the cost of excavation, base preparation and paving of all other portions of street units involved. The remaining cost of all such improvements shall be paid by the property abutting said street units and the owners thereof.

b. The City shall pay its part of the work on the various street units on completion of the work, after same is inspected and approved by the City. The City shall proceed to accept bids and/or make provisions for all the necessary work required to be done on said improvements, and the pro rata share to be paid by the abutting property and the owners thereof shall be submitted a statement showing the portion due on the said pro rata basis.

c. The remaining and pro rata share of costs of such improvements shall be assessed against the respective abutting properties and the real and true owners thereof in accordance with Article 1105b and other regulations relating to said improvements. No assessments shall be made against any abutting property or the real and true owner thereof for costs in excess of the benefits to such property in enhancing value thereof by means of such improvements. The amounts of such assessments shall constitute a first and prior lien upon all such property and a personal liability of the true and real owners thereof, whether correctly named or not, and shall be payable as follows:

When the improvements herein ordered for any street herein designated have been completed and accepted by the City of Muenster, the amount of the assessment against each property abutting thereon and the real and true owners thereof shall be and become payable in full in the event any abutting property or the real and true owners thereof desire to liquidate the assessment obligation in installments they may do so, after receiving a statement of the cost from the City, by signing an agreement to pay the same in not more than twelve monthly installments and paying interest thereon at the rate of five percent. Such installments to be made to the City Treasurer each month,

including the interest thereon, and if default be made in the payment of any of said installment of principal or interest as the same matures, then, at the option of the holder of said lien, the entire amount of the assessment upon which default is made together with reasonable attorney's fees and all collection costs incurred, shall be and become immediately due and payable, and subject to execution as the law provides.

SECTION 6. The construction and installation of the improvements herein ordered in each street unit or portion of street herein designated and described shall be separate and independent of the construction and installation of such

improvements in each and every other street unit or portion of street. The assessments to be levied for the improvements in each such street unit shall be separate and distinct from the assessment to be levied in every other street unit; and in making and levying assessments against property for the improvements in one unit or portion of streets, no matter or circumstance in connection with any other unit or portion of street shall be considered, all as fully and to the same extent as if separate contracts were executed and separate proceedings had with reference to each such street unit or portion of street. And this assessment shall apply whenever such

improvements are made as ordered by the City Council, whether the same be for curb and gutters or the paving of said street or streets or portions thereof. It shall be the same whether the liens are directly taken by the contractor or contractors or whether the liens are assigned to the City and that the holder of said liens shall be the person, persons or firms entitled to said liens as security for the improvements done, and the liens shall be fixed by the filing of this Ordinance with the County Clerk of Cooke County, Texas. Upon payment in full, releases may be executed by the Mayor and City Secretary of the City of Muenster, removing such liens from record. All unpaid liens shall bear

interest as allowed by law and no liens are authorized to be released with the full and final payment of the amounts due by the abutting property and the true and legal owners thereof.

SECTION 7. The City Secretary is hereby directed to cause to be prepared a Notice of enactment of this Ordinance and to file said notice with the County Clerk of Cooke County, Texas, among the deed and lien records of said County.

SECTION 8. The fact that the streets and portions thereof to be improved as herein provided for are in bad and dangerous condition and should be improved without delay creates an emergency and imperative public necessity for

the immediate preservation of the public peace, health, safety and general welfare, requiring that the rule providing that ordinance shall not go into effect before the required number of days and readings thereof, and all other rules requiring the reading of Ordinances more than one time, is hereby suspended; and this Ordinance shall be passed and take effect as an emergency measure and be in full force from and after its passage as provided by law, and it is so ordained.

PASSED, APPROVED and ADOPTED BY THE City Council of the City of Muenster, This the 18 day of February A.D. 1963.

**Celebration Marks
80th Birthday of
Mrs. Walterscheid**

Eightieth birthday of Mrs. Joe Walterscheid was marked by two celebrations — and visitors with gifts and greetings inbetween.

Friday evening all the children and their spouses brought covered dishes to Mrs. Walterscheid's home for supper, and they all brought gifts.

Mrs. Walterscheid was among guests at the silver wedding anniversary celebration of Mr. and Mrs. Albert Hess Saturday, which was her birthday, and all the relationship gathered 'round to sing the happy birthday song.

Sunday afternoon another group of 31—all women—sister, sisters-in-law, nieces, daughters, daughters-in-law and friends gathered in the honoree's home for another celebration with a shower of gifts. Pictures were made.

Grandchildren and great-grandchildren stopped in with gifts during the day. These included a granddaughter, Mrs. Ken Otto of Irving.

**Birthday Surprise
Fetes Mrs. Sicking**

A birthday celebration surprised Mrs. Ray Sicking at her home at noon Sunday when relatives came in bringing dinner ready to serve, including a decorated cake made by Mrs. Albert Zimmerer.

There were 36 kin together including Mrs. Sicking's parents, Mr. and Mrs. Ed Eberhart of Gainesville, and they all brought gifts.

Others present were Mrs. Walter Eberhart and children of Gainesville, the Bill Flusches, Mrs. Ruth Eberhart and the Albert Zimmerers and their families all of Lindsay and the Herman Eberharts and Eddie Krahlis and children of Muenster.

**Early Celebration
For Lee Toothaker**

Lee Toothaker was the honored one at dinner Sunday in observance of his birthday, a week early, when his son and family the Wallace Toothakers and David and Glenn of Fort Worth could be present. They spent the weekend with his parents.

Mrs. Toothaker was hostess for her husband's birthday dinner. A decorated cake and birthday gifts came with the family from Fort Worth.

Farm Facts

Hogs are responsible for almost 10% of the income of the nation's farmers. And in the large grain-producing areas of the Corn Belt, as much as 33% of the farm dollar comes from hog marketings.

"Farmers have a high regard for the hog because of the many advantages of swine raising," the American Meat Institute explains.

"Unsurpassed as a meat-making machine, a sow will produce two litters a year of seven or more pigs each under favorable conditions. "Quick returns and flexibility are other desirable factors of swine production. Hogs may be sold six months or less after birth or ten months or less after the sows are bred.

"This relatively short pre-market interval enables hog raisers to reduce or expand their herds as market and feed prices change.

"More flexibility is possible because hogs can be mar-

COMPACT COMPACT—These two men in Rome, Italy, are not feeding the small car to the larger, they are storing it in the trunk. Vito Pecori, left, feels that he has an answer to the traffic problem that plagues many large cities in his miniature auto.

In the past decade, the U.S. has lost about one million acres of agricultural land each year to urbanization.

Don't Feed The Garbage Can

Is your garbage can a heavy eater? How much does it cost to feed it for a year?

The four common causes for waste in the home, according to Bernice Thurman, home demonstration agent, are: lack of good planning and buying, which result in overbuying, poor preparation and serving of food, poor use of leftovers, and improper practices of preservation and storage.

What to do about them? Plan your buying and preserving so that food can be used or stored promptly before it loses freshness and flavor or spoils.

Serve food when it reaches the just-right stage. It loses texture, flavor and food value if overcooked or if it stands too long before it is served. Use leftovers promptly in soups, salads, stews or sandwiches. Keep all food clean, cool and covered until you use it. Check food often and keep it moving. Suggestions for planning meals, buying, preparing, serving and preserving foods are given in Extension Bulletin, "Eat Well For Less". You can get a copy from your county home demonstration agent's office on the ground floor of the courthouse, or call HO5-4931.

SYMBOLIC CHECK is displayed to 3-year-old Ronda Weed, a beneficiary of heart surgery, and her mother, by Herbert and Melvin Greensfelder of Logansport, Indiana, identical 67-year-old twins who suffered "identical" heart attacks 10 months apart and have since fully recovered. The \$75,000,000 shown on the check represents the total channeled into medical research by all Heart Associations in the nation since the first Heart Fund campaign was conducted in 1949. The 1963 Heart Fund campaign extends through February.

GOOD HEALTH
COMES IN SMALL PACKAGES

You may have wondered why so many of today's medicines come in small packages. It is because these wonder drugs are so effective there is more cure in tiny tablets, capsules and drops than there was in bottlesful of yesteryear's medicines.

The package may be small, but the results are BIG! Truly, prescribed medicine is the biggest bargain for the money.

Doris Sicking and Cecil Hermes Set Wedding April 20

Mr. and Mrs. Alfred Sicking have announced the engagement and approaching marriage of their daughter, Doris, to Cecil Hermes, son of Mr. and Mrs. Tony Hermes of Lindsay.

The couple has selected Saturday, April 20, as the date for the wedding. It will be solemnized in Sacred Heart Church at 5 p.m. with the groom's uncle, the Rev. Leo Koesler of Subiaco, Ark., officiating.

Attending the bride will be Miss Lynette Sicking of Fort Worth as maid of honor and Miss Rosemary Hermes as bridesmaid. They are sisters of the couple. Linda Sicking, daughter of Mr. and Mrs. Ray Sicking, will be flower girl in her cousin's wedding.

Groom's attendants will be his twin brother, Cyril Hermes, and the bride's brother, Alvin Sicking. A young brother, Randy Hermes, will be ring bearer.

Miss Sicking is a 1962 graduate of Muenster High School and Sherman Beauty School. Mr. Hermes is a graduate of Lindsay High School and has finished his tour of duty with the army.

Promotion Comes To Weinzapfel in Equestrian Order

Participating in the annual investiture and promotion ceremonies of Knights and Ladies of the Equestrian Order of the Holy Sepulchre in Fort Worth over the weekend were four from Muenster, Mr. and Mrs. J. M. Weinzapfel and Mr. and Mrs. Hubert Felderhoff.

Knight Weinzapfel was among those honored with a raise in rank. He was promoted to Knight Grand Commander of the Cross. Among those knighted was Ben Schwegman of San Antonio.

At this annual meeting of the Southwestern Lieutenantcy a reception and buffet supper honored members and candidates at Shady Oaks Country Club Saturday. Bishop Gorman officiated at Sunday mass at 3:30 p.m. and conducted the investiture and promotion ceremonies. Twenty-nine new members were invested and 36 received promotions. A formal banquet at Hotel Texas was the concluding event.

Mr. and Mrs. Weinzapfel were weekend guests of their daughter and family, the H. L. Jacksons who attended the ceremonies and banquet with them.

rich man to protect himself against shysters, the poor man to make sure that his possible victims will get a settlement.

Another bill concerning driving asks for an increase of legal speed limit to 70 miles per hour on certain highways. That too seems like a good idea. For many years cars have been able to roll safely at that speed, provided road conditions permit. Since so many roads, especially expressways, are adequate, there's no real need of driving slower. In fact 70 on the good roads is safer than 60 on many other roads. The law will be more reasonable if it takes those factors into account.

Still another bill that looks good is one requiring welfare offices to make lists of recipients of welfare payments open to the public. You can expect less collecting by the undeserving if that becomes a law. Relief offices will be more careful to avoid exposure for improper handling of funds. And chiselers, also risking exposure, will be less likely to ask for the unnecessary help. Both ways it amounts to a favor to us taxpayers.
