Proposed Amendments

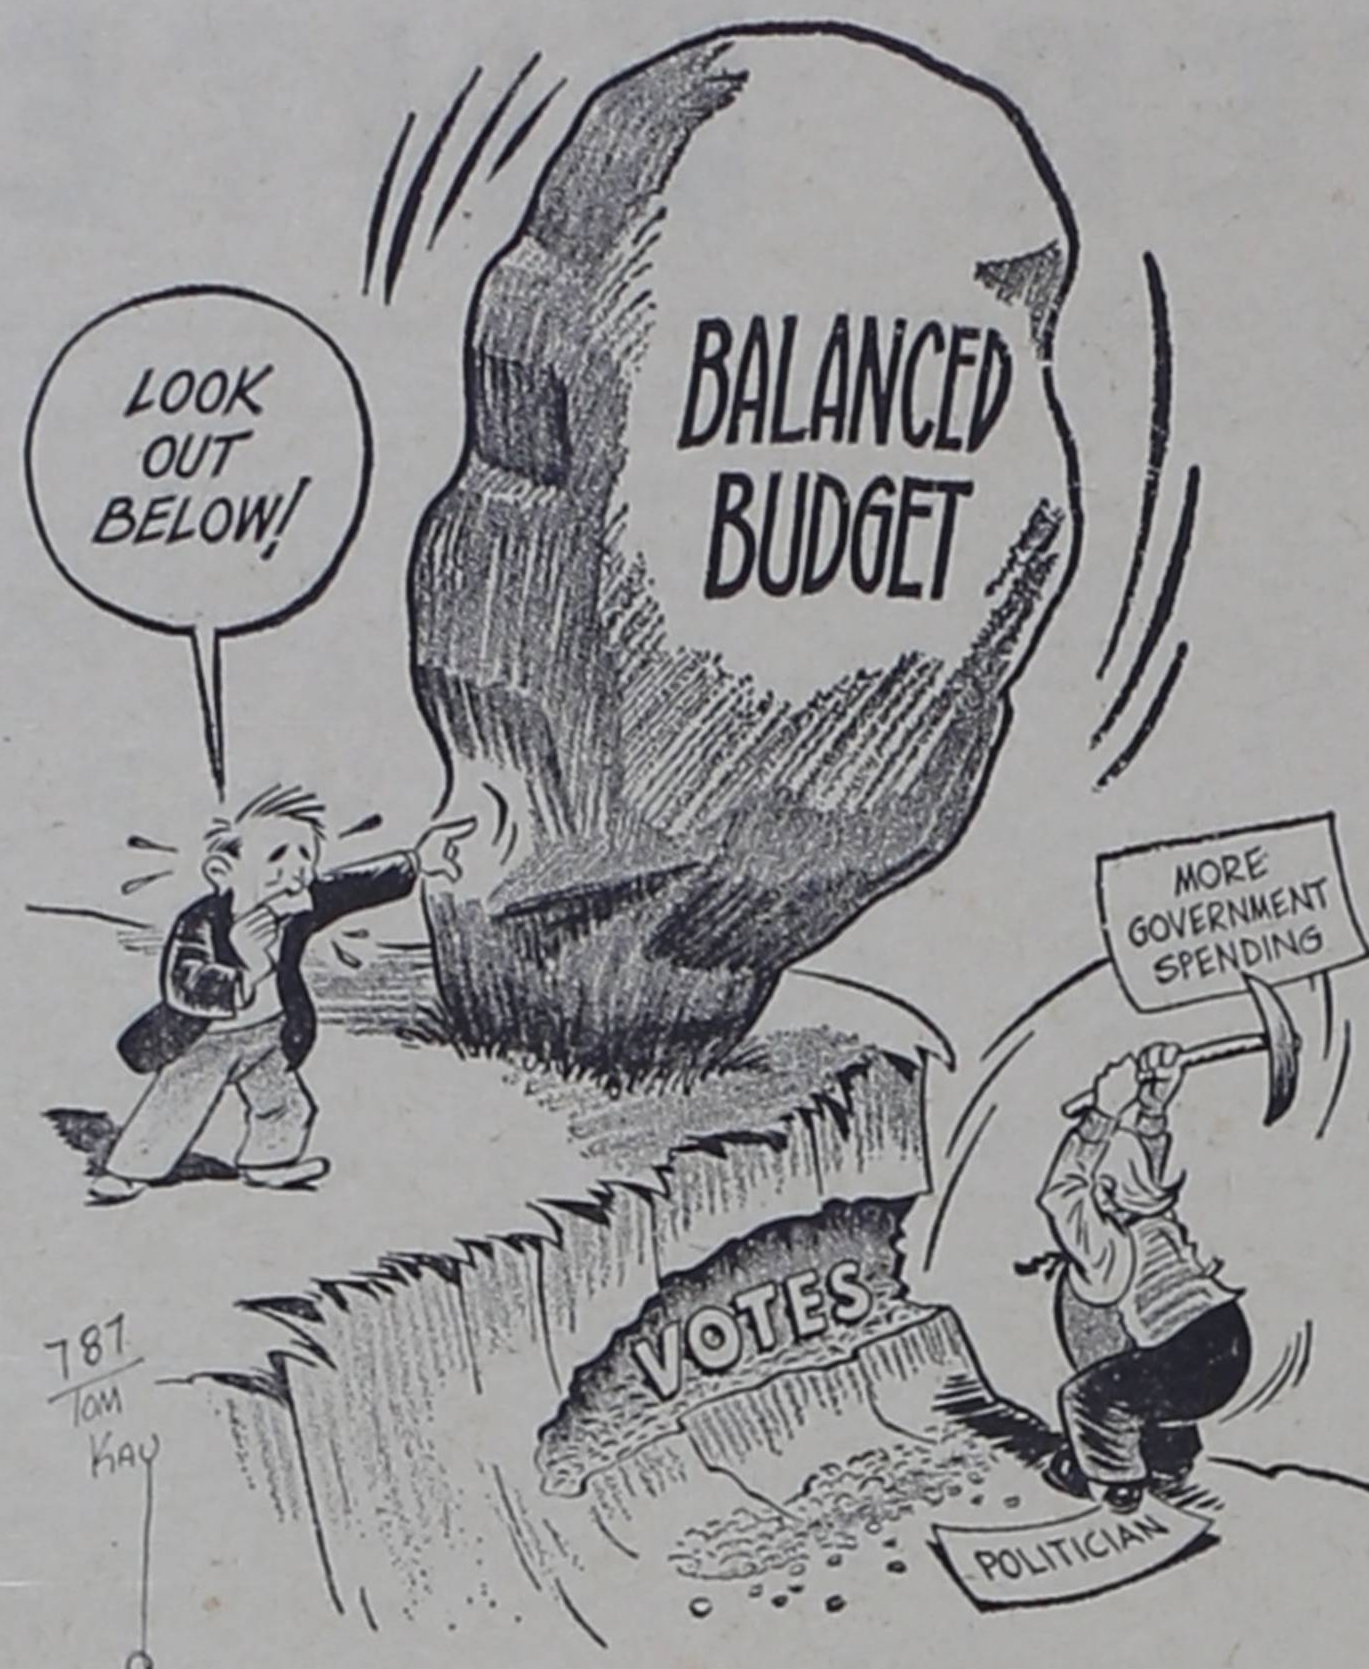

In the general election of November 6 the voters of Texas will have the opportunity of deciding on 14 amendments to the state constitution. For the convenience of people who would like to know the basic provisions of the 14 proposals, the Enterprise offers a brief explanation of

each. This series, presented by the Texas Manufacturers Association, is not intended to endorse or criticize any amendment, but only to inform.

AMENDMENT NO. 1 AUTHORIZING POLITICAL SUBDIVISIONS TO PROVIDE INSURANCE FOR ALL EMPLOYEES

For or Against:
 The constitutional amendment providing workman's compensation insurance for all employees of all political subdivisions.

The Constitution presently permits counties and other political subdivisions to obtain Workman's Compensation In-

POLITICAL FOLLY

urance for appointed employees. This amendment would permit this insurance coverage to be extended to elected officials of the county or subdivision.

AMENDMENT NO. 11 AID TO DEPENDENT PEP-SONS

For or Against:
 The Constitutional Amendment raising the limit on use of state funds to assist needy aged, needy blind and needy children from forty-seven million dollars (\$47,000,000) to fifty-two million dollars (\$52,000,000).

The resolution increases the Constitutional limitation on total aid funds from 47 million to 52 million dollars annually. This fund applies to the needy aged, needy blind, and needy children of the State. The three classes of grants under this ceiling are essentially in the following condition.

Needy children: While this type of program is generally criticized, the present \$3.9 million expended in grants in Texas represents the least per capita expenditure of all fifty-one jurisdictions. Aid ceases in Texas when the child becomes fourteen years of age. Figures show that of children on the rolls below eighteen years of age, Texas has fewer percentage-wise than any state except New Hampshire.

Needy blind: The present \$80 monthly maximum grant will probably not require additional funds as approximately seven hundred recipients over the ferred to the Old Age Assistance rolls when the Blue Cross-age of sixty-five years trans-Blue Shield Medical assistance became available last year.

Needy Aged: Presently the Old Age Assistance grants are approximately \$55 monthly and with the addition of the medical insurance, run from \$65 to \$67 monthly. There have been some additions to the rolls as stated above. The combined grants are rated 37th among the states, exceeding slightly most of the other Southern states.

This amendment would permit the Legislature to appropriate more funds to any one or all of these three purposes. The present ceiling of \$47 million is now being expended.

The Texas Research League has released a final survey report on public welfare services at the request of the director of the Department of Public

Welfare. In that report the League recommends abolishing the constitutional limitation, emphasizing responsible reviewing of welfare needs and goals by the legislature and the Governor. The League also recommended laws providing for liens against the estate of Public Assistance Recipients for making near relatives responsible for support of the needy aged.

AMENDMENTS NO. III, V AND IX ALL PROVIDE FOR THE CREATION OF HOSPITAL DISTRICTS

For or Against:
 The Amendment to Article IX of the constitution permitting the creation of hospital districts in Ochiltree, Castro, Hansford and Hopkins Counties, each district to be coextensive with the limits of such county.

SJR 22 provides for and permits the Legislature to create Hospital Districts in Ochiltree, Castro, Hansford, and Hopkins Counties. The Legislature has already passed such enabling acts for Ochiltree, Hansford, and Castro Counties. The resolution provides for the creation of the district and authorizes the levy of a \$75 tax per \$100.00 valuation, on a majority vote of the participating, qualified voters.

For or Against:
 The constitutional amendment authorizing the Legislature to create hospital districts and prescribing limitations upon the powers of such districts.

HJR 51 is a separate constitutional amendment which provides that the Legislature may

create such districts composed of one or more counties or any part of one or more Counties with the same powers in each to purchase, construct, renew and repair buildings, for improvement, for equipping them, and also provides further that the tax exceed \$.75 per \$100.00 valuation. This resolution would apparently put an end to the need of a new resolution on the subject of hospital districts each time a county desired to create a district, and places a general authority in the legislature for the formation of hospital districts in any given area.

For or Against:

The constitutional amendment authorizing the construction, equipping, maintenance and financing of a home for the aged in Titus County and for permitting the legislature to authorize the creation of two (2) hospital districts in Brazoria County, one of which is to include all or part of the West Columbia, Brazoria, and Damon independent school districts, and the other coterminous with the Sweeny independent school district, also providing for a possible consolidation of the two by qualified voters of such districts, and providing for all necessary construction, equipping, maintaining and financing if authorized.

HJR 70 provides for the creation of two separate hospital districts in Brazoria County and the enabling legislation for these districts has already been enacted. The authorized levy in the Brazoria County districts is \$.25 per \$100.00 valuation of taxable property.

Enabling hospital district legislation was enacted or amended during the last session under authority of Article 99, Section 4 of the existing constitution for Comanche, Dallas, Lamar, and Wichita Counties. (Continued next week)

The oldest incorporated trade association in the country, the United States Brewers Association, was organized in 1862... the same year that

IN TEXAS... a new governor, Francis Richard Lubbock, guided a bankrupt state through that bitter Civil War year. Cotton, exported through Mexico, brought desperately needed foreign gold. Homefront industries were established. Comforts were few, but morale stayed high... and there was good Texas beer, enjoyed then as now.

For then, as now, beer was the traditional beverage of moderation—light, sparkling refreshment that adds a touch of Southwestern hospitality to any occasion. Texans have always enjoyed the good fellowship that goes with every glass.

TODAY, in its centennial year, the United States Brewers Association still works constantly to assure maintenance of high standards of quality and propriety wherever beer and ale are served.

WOULD YOU TRUST A MAIL ORDER DIAGNOSIS?

Of course you wouldn't. You realize how important it is to know your doctor and discuss your health problems with him face-to-face. It is equally important to know your pharmacist—to meet him face-to-face, as you do at this Pharmacy, and talk to him about dosage directions and other pertinent information. His personal interest in you cannot be duplicated by mail order "prescription factories."

can you identify this symbol...

The chances are you recognized the "monogram" of Texas Power & Light Company. But, whether or not you know the symbol of a company, the really important thing is knowing who and what are "behind" the symbol.

TP&L is an investor-owned company. It is a part of the great investor-owned electric utility industry in America into which more of the life savings of Americans have been invested than in any other industry.

More than 2,400 people, some of them your neighbors and friends, manage and operate TP&L. A large proportion of these men and women are "home-owners" and more than 60% of them have been with the Company for ten or more years.

Because electric service is so essential, companies such as TP&L are regulated by laws. These laws are added assurance to you, not only that you will receive first class and safe service, but also that this service will cost you no more than an efficiently operated company must charge in order to earn a reasonable rate of return on the savings which have been invested in the business.

This is Texas Power & Light Company... investor-owned, business-managed, tax-paying and regulated... providing more than 390,000 customers in North, Central and East Texas with dependable, economical electric service today... planning and building to assure this same service in the years to come.

2 Couples Return From 3-State Trip

The Blue Ridge Mountains of Virginia furnished scenic beauty, and stops in Arkansas, Tennessee and Virginia, provided visiting on a trip for Mr. and Mrs. Ernest Medders and Mr. and Mrs. Jerome Pagel. They took Mrs. Medders' sister and husband, the C. S. Martins, back to Etowah, Tenn. and went on to Wise, Va., to see Mrs. Medders' brother J. C. Smiddy and family. He is director of Clinch Valley College and they toured the school.

The apple harvest was in full swing and the local group enjoyed the experience of picking apples off the trees for themselves.

Going, the six stopped at Subiaco, Ark., to see the Medders' boys, Gene and John Riggs. In Memphis they visited Mr. Medders' folks, and in West Memphis they attended dog races.

Garden Club Sees Landscape Slides For Oct. Program

October meeting of the Civic League and Garden Club featured a program of slides on "New Trends in Landscape Design." Mrs. Dan Luke, program chairman, showed the slides assisted by Mrs. Urban Endres.

Another highlight of the meeting was distribution of the new yearbooks which show an interesting and instructive program for the year.

During the business session routine committee reports were heard.

Mrs. Tony Gremminger asked for volunteers for the cemetery collection on All Saint's Day. Mrs. Edd McGannon accepted chairmanship of the club's Christmas bazaar set for December 1. This will be a hospital benefit featuring gift items, holiday foods and fresh baked goods.

Members discussed other means of adding to the hospital's landscaping fund and plan to sell subscriptions to "Horticulture Magazine." Mrs. Steve Moster is in charge of sales. Mrs. T. S. Myrick has accepted chairmanship of the hospital's landscaping committee.

Seventeen members and one guest attended the meeting in the home of Mrs. Henry Weinzapfel with Miss Doris Vavra as co-hostesses. They carried out a Halloween theme in refreshments.

The November meeting will present a Christmas program of slides. Mrs. J. M. Weinzapfel and Mrs. Al Yosten will be co-hostesses. Members are reminded that roll call each month is answered with "This is what I brought from my garden this month."

A fellow worked hard for years, saved his money and at last took a long vacation in Hawaii. While there the poor man had a heart attack and died.

The body was returned to the States for burial. Two old women at the funeral were surprised to see the body.

"Doesn't he look wonderful?" said one.

"He sure does," the other whispered. "That trip did him a world of good."

CDAs Set Benefit Bazaar Three Days November 6, 7, 8

Mrs. Steve Moster, district deputy of the Catholic Daughters of America District 4, attended a CDA meeting of the Windthorst court Thursday night and reception ceremonies held in Wichita Falls Sunday.

Going to Windthorst with her were Mrs. Tony Gremminger, Mrs. Ted Gremminger, Mrs. Joe Luke and Mrs. Charles Taloyr. The Mmes. Gremminger saw a number of relatives and friends at the meeting.

The reception in Wichita Falls Sunday admitted 20 new members, four from Windthorst and 16 from Wichita Falls including Mrs. Rita Jennings and Mrs. Melvin Herr, former Muensterites. The state regent, Miss Loretta Knebel of El Paso was present. Going with Mrs. Moster from here were Mrs. M. J. Endres and Mrs. Ted Gremminger. Steve Moster chauffeured. Mrs. Endres visited at Mary Immaculate Academy with her daughter, Sister Irma, and Mrs. Moster saw a half dozen nuns she knows from her teaching days at AMI.

The reception ceremony was followed by five o'clock mass and dinner at six.

Birthday Surprise Honors F. J. Yosten

Birthday surprises greeted Frank J. Yosten on October 12 making it a happy occasion for him.

A long distance call combining birthday greetings and a birth announcement came from Metairie, La., from his daughter and family, the John Durbins. They told him he had a new grandson, born Oct. 7. They waited to tell the baby news until Mrs. Durbin and the little boy were home from the hospital and to combine that news with birthday congratulations.

In the evening Mr. Yosten was honoree at a party planned by his sons Felix and Henry and their wives in the Felix Yosten home. The relationship together for the occasion included Mr. and Mrs. Ferd Yosten and Suzy of Fort Worth and relatives visited here from Nebraska, Mr. and Mrs. Frank Megstrick. They are from West Point. She's a niece of the Yostens.

Saturday the Nebraskans went to Gainesville to see the Tony Wiesmans and Sunday afternoon and evening they were at a family gathering with supper at the home of Mrs. Bob Yosten. The Paul and Stan Yostens and their families came from Fort Worth and the Albert Spires family came from Gainesville to see the visitors.

The juror was trying to get himself excused from service.

"I owe a man \$25 I borrowed," he told the judge, "and he's leaving town for good today. I want to catch him before he gets to the train and pay him the money."

"You're excused," the judge announced. "I don't want anybody on the jury who can lie like that."

The man, Mr. Henpecko, was heard complaining one night: "I tell you, I want some consideration around here! I want some respect! I will not wash dishes in cold water!"

Good Attendance Reports to Start Camp Fire Girls

Muenster is organizing Camp Fire Girls. And if Tuesday night's interest at the first meeting is any indication of success, the venture promises to be highly successful.

About fifty parents attended the organizational meeting and 43 girls were signed up for participation in Blue Birds, Camp Fire and Junior High Camp Fire.

Those present at the meeting Tuesday night heard Mrs. Joann West of Gainesville, executive director of the Cooke County Camp Fire organization, explain its program, goals and activities and parents participation in the program.

A temporary steering committee was formed from volunteers and consists of Meses Ernest Medders, Ray Otto, Ray Voth, Herbie Miller, Richard and Bernard Swirczynski. Next will be securing leaders and sponsors for the groups. A group is composed of at least six girls. The leader conducts meetings one hour each week or two hours twice a month. Individuals or organizations are being invited to be sponsors. Their chief duty is to assist leaders in furnishing transportation on field trips and to camp.

Parents with girls from age seven or grade two through junior high who are interested in the Camp Fire Girls can get more information by contacting a member of the local committee. Girls who have signed up are asked to get their registration slips filled out and turned in.

Mrs. Bill Stelzer and Mrs. Henry Stelzer received word of the death of their cousin, James Joseph Francis Mulholland, 59, of Fort Worth who died Saturday. Funeral services were Monday in All Saints Catholic Church with burial in Mount Olivet. Mulholland was a retired furniture dealer. He was a regular visitor in Muenster during his younger years.

Marysville Sets Cemetery Working

From Marysville comes word that the annual cemetery working is scheduled for this month — no definite day set but individuals are reminded to tend to weeding and clearing any day that is convenient.

It is also cemetery donation time again. Those who have family members buried in Marysville Cemetery and are unable to help with the cleanup are reminded that donations are urgently needed and gratefully received. Contributions may be mailed to Gainesville National Bank for deposit in the cemetery fund.

Seniors Sponsor Mum Corsage Sale

Muenster High seniors have announced that they are sponsoring a mum sale — they are taking orders for mum corsages for the school's homecoming festivities Saturday.

An order for a mum will help the class, the students pointed out, and since many people annually purchase mums for the football game and dance, it will be a convenience also.

Rosemary Fisher is in charge and will accept telephoned orders at Fisher's market up to noon Friday.

4-H Girls Elect Officers at First Meeting of Term

Sacred Heart 4-H Clubs for girls have re-organized and elected officers for a new year. Mrs. Evelyn Yeatts met with the three groups in their separate meetings. Yearbooks were given out and club records filled out.

Twenty-six members attended the senior girls' meeting. They elected Janice Vogel president, Joan Kaiser vice president, Carol Henscheid secretary, Charlotte Wolf reporter, and Carol Hess and Jane Henscheid recreation leaders.

Mary Ellen Endres heads the intermediate group as president, Rita Fette is vice president, Janie Knauf is secretary-treasurer, Paula Herr is reporter, and Linda Fisher and Jill Swirczynski are recreational leaders.

Junior club girls elected Janice Wilde president, Diane Hess vice president, Kathy Miller secretary-treasurer, Joan Fetsch reporter and Doris Schilling and Doris Trubenbach recreational leaders. Fifty-four signed up for membership.

Cain Home Scene Of Birthday Party For Four Honorees

Birthdays of four grandchildren brought a celebration at the home of the grandparents, Mr. and Mrs. Dick Cain, Sunday afternoon.

Sharing honors were Kelley Lynn McCollum of Dallas, one year old, Todd Richey also one year old, Robynn Ann Richey, three years old, and Craig Richey, four years old.

The one-year-olds shared a cake with one candle, and there were two other decorated cakes, one topped with three candles, the other with four candles. They were cut and served with ice cream. Three movie cameras were kept busy taking pictures and the children opened their gifts. Balloons and whistles were favors.

Family members were guests. Mr. and Mrs. Bill McCollum of Dallas, Mr. and Mrs. Wendell Richey of Muenster, Mr. and Mrs. Dickie Cain and children Tammie Sue and Troy of McKinney, Mr. and Mrs. Gene Hartman of Denton, the Richey children's other grandparents, Mr. and Mrs. Herman Richey of Gainesville and their great-grandmother Tuggle, 83, also of Gainesville, and Sandra, Chris and Debbie Cain all joined the hosts in the fun.

614 Enroll at County College, Set New Record

Following the pattern established in institutions of higher learning across the state, Cooke County Junior College experienced an unprecedented enrollment increase this year. At the end of final registration on Oct. 2nd, 614 students were enrolled at the junior college, 402 of them full-time students.

The per cent of increase of full-time students over last year was a record 34 per cent. Enrollment increases were experienced across the board, with increases in day and evening college and in the freshman and sophomore classes. These figures were announced by John H. Parker, President of the institution, at the monthly meeting of the Board of Trustees.

Hornets Win

slipped over from there on a quarterback sneak. For bonus points Donnie Vogel got nice blocking on his dash around right end. That put the Hornets comfortably ahead 16-6.

The Rams then put on two nice drives that fitted together for another score. From their 38 they moved to the Hornet 11 and lost possession on a fumble. Muenster made three short gains to the 24 and fumbled the ball back to S&S. Three plays put the Rams back to the 13 and a pass to Rolling was good for the pointer. Another pass for bonus points was going true to Rolling but Gobble came up just in time to bat it down.

That was the end of the of the scoring but not the end of the action. Muenster kicked on its first series and regained possession in mid field when the Rams lost a fourth down gamble. A pass to Don Vogel reached the 30 and three more plays reached the 19. But that was all. Next four plays got only to the 15. S&S was back to the 28 when the game ended. Game at a glance

Miller Family Has Birthday Cookout

A family reunion with a cookout for dinner at noon observed T. Miller's birthday Sunday. All the family including the honoree's 23 grandchildren attended.

A decorated cake and birthday gifts were a part of the celebration.

Present were the Stan and Paul Yostens and their families of Fort Worth, the Billy Joe and Herbie Millers and their children, the Randy Bayers a daughter of Gainesville, the Ervin Henscheids and son, the Tommy Felderhoffs and children and Teddy Miller.

Party Celebrates 3 Anniversaries

A three in one celebration was held at Sivells Bend when Mr. and Mrs. Robert Richey entertained in their home observing three events.

Mr. and Mrs. Fred Richey were honorees for their 38th wedding anniversary, Oct. 4; Joe Wyatt of Callisburg shared in honors for his Oct. 10 birthday and John Richey was honored for his Oct. 11 birthday.

Picture taking and table games provided entertainment during the evening and there was a gift shower for the honorees. Cake, coffee and soft drinks were refreshments.

Joining in the celebration were Mr. and Mrs. John Barnes and children Donna and Vickie, Mr. and Mrs. Raymond Reed and children Scott and Jana, all of Hood; Mrs. Mrs. Joe Wyatt of Callisburg, Mr. and Mrs. Earl Cochran and granddaughter Anna Lois of Gainesville, Larry Richey, Bobby, Billy, Judy and Johnny Richey of Sivells Bend and Mrs. John Richey.

SH Sophs Solicit Cancelled Stamps To Help Missions

"Calling all cancelled stamps," that's the cry from sophomores of Sacred Heart High and their class sponsor Sister Theresina as they start on another school year of stamp collecting and sorting for the missions.

Actually, the cancelled stamp project is a year 'round activity in Muenster but it's during the school term that students try to amass a real harvest of stamps and ready them for contests. Not because winning a contest is the main object, but only an incentive. The real object is mission work.

Last year Sacred Heart High was first place winner in a nation wide stamp contest. In announcing the contest again this year, the Jesuits of Mobile, Ala., reported on last year's contest and disclosed that over-all last year the contest realized more than a thousand dollars for the Missions in Ceylon.

Everyone who has been saving stamps during the summer is being asked to turn them in now. Others are invited to save stamps and turn them in at intervals, or call the school and someone will pick them up.

Helping Sister Theresina and her class are students through all grades. Even first graders separate stamps roughly into "commoners" and "counters."

On the other end of the age scale are Mrs. Barney Voth, Mrs. Frank Trachta, Mrs. John Walter and Mrs. Alfons Koessler Sr. who are cutting stamps from envelopes and doing a beautiful job.

Night after night Sister Theresina spends her hour of recreation sorting stamps according to value. All are good but some are worth more than others. Counters are divided into foreign, commemorative, high value, postage due, air mail, pre-cancelled, special delivery, etc. And duck stamps are especially valuable.

One of the toughest shopping jobs is to find a wedding present that looks like it cost as much as it does.

Harold Bindel is Birthday Honoree. An early birthday celebration honored Harold Bindel Sunday observing his October 19 birthday.

A noon dinner was held in the home of his parents, the Frank Bindels, and Mrs. Archie Livingston of Myra baked and brought the birthday cake for her brother.

Harold Bindel Is Birthday Honoree

Attending with Mr. and Mrs. Harold Bindel and the hosts were the Wilfred Bindels and children and the Archie Livingstons.

Joining them in the afternoon were the William Koerners and family of Pilot Point. The group greeted Mrs. Koerner in advance for her October 25 birthday — and she got her share of the birthday cake.

IT HAPPENED 25 YEARS AGO

Oct. 15, 1937

Four inch rain and chill come to Muenster. Andrew Schoech and Tillie Spaeth marry at Lindsay. Mrs. Ben Seyler is out and around again first time since being injured in a car wreck nearly five months ago. State Health Department recommends sewer system after survey here. Sacred Heart School receives laboratory equipment and meets state specifications for general science apparatus. Soil conservation boosters plan to secure terrace machines for use in western part of county. The John Koelzers and the John Noggler of Hereford narrowly escape injury in car-truck crash.

20 YEARS AGO

Oct. 16, 1942

Schools mobilize Monday, collect 14 and a half tons of scrap locally in patriotic junk rally to aid war effort. Muenster school district is voted an independent district in a quiet election. Mrs. Clarence Hellman has appendicitis operation. The Arnold Friskes announce arrival of Elaine. Hoelker Grocery at Lindsay is burglarized; loss is more than \$500. Cpl. Roman Trachta reaches overseas destination. Isabel Neu of Oklahoma visited her family at Lindsay Sunday.

15 YEARS AGO

Oct. 17, 1947

C. L. Williams receives fractured skull, broken left arm and other injuries in car crash. Buck Knabe sustains bad bruises in fall from 15-foot shed where he was working. Tree identification features Garden Club meeting. Mrs. C. O. Taylor and children are making plans to join Captain Taylor in Manila. Charles

Knabe, 4, son of the Robert Knabes is recovering from serious illness of lock jaw. Joan Roberg has accepted work in Fort Worth. Sacred Heart PTA pie supper is termed one of most successful events ever held here. Jeanette Meurer wins popular girl contest. Hot lunch program returns to Lindsay school.

10 YEARS AGO

Oct. 17, 1952

City Council approves nine mercury lights for Main Street. Dennis Hofbauer, Ernest Bayer, Ray Luke and Regi Bayer show champions in poultry show at Gainesville. Muenster will host district VFW meeting this weekend. Claude Bayer 8, is recovering from eye surgery performed at Baylor Hospital in Dallas. Soldiers Arthur Bayer and Curley Pels have surprise meeting in Korea. Eddie Krahl is back at home after 15 months in Korea as an army cook. Evelyn Vogel and Clifford Otto marry. Twenty freshman boys join MHS Future Farmers Chapter. St. Anne's Mission Circle elects Mrs. Frank Yosten chairman. Florence Henscheid joins REA office staff.

5 YEARS AGO

Oct. 18, 1957

Influenza strikes local schools; 229 students are absent Monday. Joseph Pautler, 80, dies following illness and major surgery. Mrs. John Koelzer, 89, dies in Hereford. Moisture is plentiful after 2.60 inches of rain. Father Louis enters Gainesville Sanitarium for treatment of flu. Henry Streng is dismissed from Gainesville hospital but is still partially paralyzed as result of a stroke Sept. 19. Mrs. Paul Fisher is named diocesan NCCW chairman. CDA ships 100 pounds clothing to Indian Missions. Joe Vogels get surprise party on 30th wedding anniversary. Walter Nortman is back at Lindsay recovering from major surgery.

The federal government now spends more than 90 times as much as it did when the income tax law first went into effect. Question: Are the people 90 times as well governed as they were then?

CDA Members at Wichita Falls and Windthorst Meet

Muenster Court Catholic Daughters of America have set the date for their annual benefit bazaar. The three-day event is calendared for November 6, 7 and 8 in the building next to Tommy Herr's Barber Shop.

If enthusiasm is catching the bazaar promises to be a huge success. Members are enthused and are busy as bees working on handmade articles, fancy work, stuffed toys, children's clothing, doll clothing and similar items for sale. They have made a quilt. They will be baking and cooking those three days. And they'll have a White Elephant sale as an added attraction this year. Every member is lined up on one or more committees.

The bake sale will feature fresh breads and pastries and holiday foods to freeze for Christmas use. The White Elephant sale will feature an array of big and small items, odds and ends, and surprises. Final plans for the bazaar were announced at the court's meeting Friday night. Mrs. Charles Taylor, grand regent, presided and 20 members were present.

Announcements included one on the glass tops for the Sisters' desks in the convent. They are on the desks and paid for by the court from treasury fund. There are twenty of them. After adjournment, members stayed on for coffee and cookies served by Mrs. Clyde Fisher and examined bazaar items which were on display.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Grass seed harvest plans are being made by several districts cooperators of the Muenster-Saint Jo area. Most of the native grass observed thus far is getting a good seed fill and landowners are getting combines aimed at the grasses.

Grass seed, especially native grass mixtures and KR Blue-stem, are widely used in re-seeding old fields and depleted rangelands for erosion control and increased grazing. Seed supplies harvested locally have never exceeded the needs.

Grass seed can be harvested with most combines with a few minor adjustments. Grass seed-heads scatter easily so they must be combined as soon as they mature. If in doubt about your grass seed crop seek the help of the local Soil Conservation Service technicians.

Now is the time to begin land preparation for the seeding of these grasses and the sodding of common and Coastal Bermuda. Experience has proven that a well prepared seedbed is often the difference between failure and success.

Several cooperators have laid out their waterways and left them unplanted in order to prepare a good seedbed for sodding next spring. Farms thus favored are those of J. C. Embry and Mrs. J. P. Huds-peth, Forestburg, Wayne Selby on J. D. Howeth's and Werner Becker at Hood, and Eddie Schmitt and Frank Haverkamp, northeast of Muenster. These waterways will be ready to plant next spring when sodding time rolls around.

EXCITING! GO '63 CHEVY II

SPUNKY NEW WAGONS THAT LEAD LONGER, HAPPIER LIVES

What a new kick you'll get out of going places in this one! And what a solvent feeling you'll get as the savings on upkeep mount! There's a full line of models, including three wagons. Basically, we've kept Chevy II's liveliness and roominess and easy loading ways. Kept its crisp looks, too (with a bit of freshening here and there). The changes we've made weren't for change's sake, you see - but for yours. Just for a sample: the brakes are self-adjusting. The new Delcotron generator gives you more electrical reserve power and helps your battery reach a vigorous old age. The Body by Fisher beauty lasts longer, too; air pushes rain and wash water down through the rocker panels (where most rust begins!) in a clever new flush-and-dry system. The ride is smoother and quieter because of a large number of small improvements we've made. And things are a lot plusher inside. Now you've read this far, haven't you? Isn't that good evidence that Chevy II is made for you? The clincher will come when you take the wheel at your Chevrolet dealer's.
