LABOR STATESMEN PLEASE NOTE

We, the American people, are an easy-going lot. Our patience, like our generosity, is legendary. Yet, historically, we don't like being pushed around. And a nation-wide survey just completed by the Opinion Research Corporation of Princeton, N. J. is convincing indication that we don't like compulsory unionism today any better than our ancestors liked the officiousness of the Crown two hundred years ago.

Ninety-three percent of the American public, the researchers learned in a record affirmation among public opinion polls, believe that no American should be forced, against his will, to join a church, a union or a political organization. Only four percent expressed approval of compulsory membership. Compulsory union membership is exemplified in the "closed shop", in which a man can only be hired if he is already a union member; the "union shop", in which a non-member may be hired but must join in 30 days; the "agency shop" in which a non-member may stay out but must pay full membership dues in order to get and hold a job. The remaining three percent had no opinion.

This survey was made by Opinion Research for the National Right to Work Committee, which, with the aid of local groups, has been battling state by state to enact and enforce laws banning compulsory unionism. The Committee also is mobilizing citizen support of

Section 14(b) of the Taft-Hartley Act which recognizes the right of states to enact and enforce right to work laws. Thousands out of the 15,000 Committee members in the 50 states are workers, and most of these — including the president and the board chairman — are union members. The militant opposition of such union members to compulsion has been a prime factor in the passage of Right to Work laws in 19 states thus far!

For years the Committee has been fighting an uphill battle for popular support, slowly gaining recruits and prestige. But as the survey so eloquently testifies, the American public, long apathetic to the mushrooming political power of such ruthless labor leaders as Jimmy Hoffa and Walter Reuther and the welding of a labor monopoly immune to antitrust laws, is finally aroused.

It has shrugged off unconscionable strikes, illegal picketing, the violence of goons. But it's not going to stand aside much longer and see free-born American workers shaken down or fired for refusal to join a union.

'MESS' BECOMES A MENACE

Whatever has been going on in Cuba since Fidel Castro took over on New Year's Day in 1959 is about to come to a boil.

We say "whatever has been going on" because our official policy — except for our half-hearted and disastrous support of the Cuban patriots in their invasion effort at the Bay of Pigs — has been that of the Three Monkeys. We have, under both Eisenhower and Kennedy, been determined to see no evil, hear no evil, speak no evil.

Today, however, it is obvious that this 44,000 square miles of land under the loom of the North American continent and within 100 miles of territorial United States has become a vast Communist staging area under the direct supervision of the Kremlin.

Since late July, five USSR passenger ships with an estimated 3,000 to 5,000 "passengers" and 11 merchantmen from iron curtain countries have unloaded in Cuba under Communist military security. At this writing, 15 more Red ships are reported on the way with 1,000 more "technicians". Underground reports from Havana place the Soviet troops now in Cuba at "over 12,000".

President Kennedy told his press conference of August 22 that he had no information on troops landing recently, but was

aware of the arrival of "supplies and technicians of a rather intensive quantity in recent weeks".

We hope that he knows, too, the nature of these "supplies" and can find out about the troops inasmuch as he told the American Society of Newspaper Editors last April 20 that it was not (then) our intention to abandon Cuba to the Communists and that "our patience is not inexhaustible". He also declared that should our hemisphere neighbors fail to resist "outside Communist penetration", the US Government "will not hesitate in meeting its primary obligations, which are the security of our nation".

As mentioned above, "outside Communist penetration" of Cuba took place long ago, and Cuba is now under active Kremlin management. Or, doesn't that count?

CLASSROOM SHORTAGE?

People keep telling us that far more students will be trying to go to college than there will be places for them. Therefore the federal government must step in with financial help for the construction of facilities among other things. What was quite interesting to us was the fact that recent estimates by college authorities indicate 25,000 to 50,000 more places exist in colleges than are being filled. Thus it is interesting, if not a little distasteful, to hear all this belling on the part of those who would seek to panic us into further extension of the already long arm of government aid.

— Rosholt, S. D., Review

IT STARTED IN 1913

Today it costs the people of the United States 90 times as much to govern twice as many people as it did 50 years ago. . . . This situation started in the year 1913 when the 16th Amendment to the Constitution was passed. When that Amendment was ratified without any limit beyond which the government could tax its citizens, the government began to grow . . . that innocent appearing tax of 3 percent on a few rich people (has grown) until today those same rich people are paying 91 percent tax and the poor people who were to have been the beneficiaries of the tax are paying 20 percent.

YANKEE IMPERIALISM

An editorial on "Yankee Imperialism" by Dr. Ricardo Castro Beeche, editor of La Nacion, Costa Rica's leading newspaper, comes as a cheerful interlude amid all the fuss and fury of the Fidel Castro communistic regime in Cuba and tells the world how the "American way" is regarded by another Latin nation to the South of us; Says Dr. Beeche: "Yankee Imperialism means a country which has gone into two world wars with enormous sacrifice of lives and money and which hasn't taken a single inch of land from the beaten countries. It means a nation which devoted hundreds of millions of dollars to the reconstruction of battle-torn countries after World War II through the Marshall Plan. . . . Yankee Imperialism says a man has a right to happiness through a worthy life. Perhaps the Soviets could tell us how this compares with Russian Imperialism. The Soviets hold all the countries defeated by them under their yoke without any freedom at all."

— Winter Haven, Fla., Herald

Albert Einstein was once asked what kind of weapons would be used in World War III. "I don't know", he answered. "I don't know what they are developing, because things are progressing so rapidly, but I can tell you what they'll use in the fourth world war. They'll use rocks."

Results! Why man, I have gotten a lot of results. I know several thousand things that won't work.

AHA! THAT'S IT!

Facts About Social Security

According to Gus Jones, district manager of the Sherman Social Security Office, more than one million eligible people 65 years old and older have not yet applied for their social security payments. Many have not applied because they are still working, he said.

However, since last year it has been possible for many older people to collect their full or partial retirement benefits even though they still work.

Under the changed law, those eligible for social security retirement payments may earn up

to \$1200 a year and still receive all benefit checks for the year. If earnings are over \$1200, the new rules frequently permit the payment of some social security benefits. The amount payable depends on how much over \$1200 a person earns and on the amount he would normally receive from social security each month.

For each \$2 of earnings between \$1200 and \$1700 only \$1 of benefit payments is withheld. For earnings above the \$1700 bracket, \$1 of benefits is withheld for each \$1 of earnings.

One example, Jones said, would be a married couple who are both 67 years old, fully re-

tired, and eligible for \$1800 a year in social security benefits. Even if the husband were working and earned \$2,000 a year, he and his wife would be entitled to social security benefits of \$1250 for that year under the new rule.

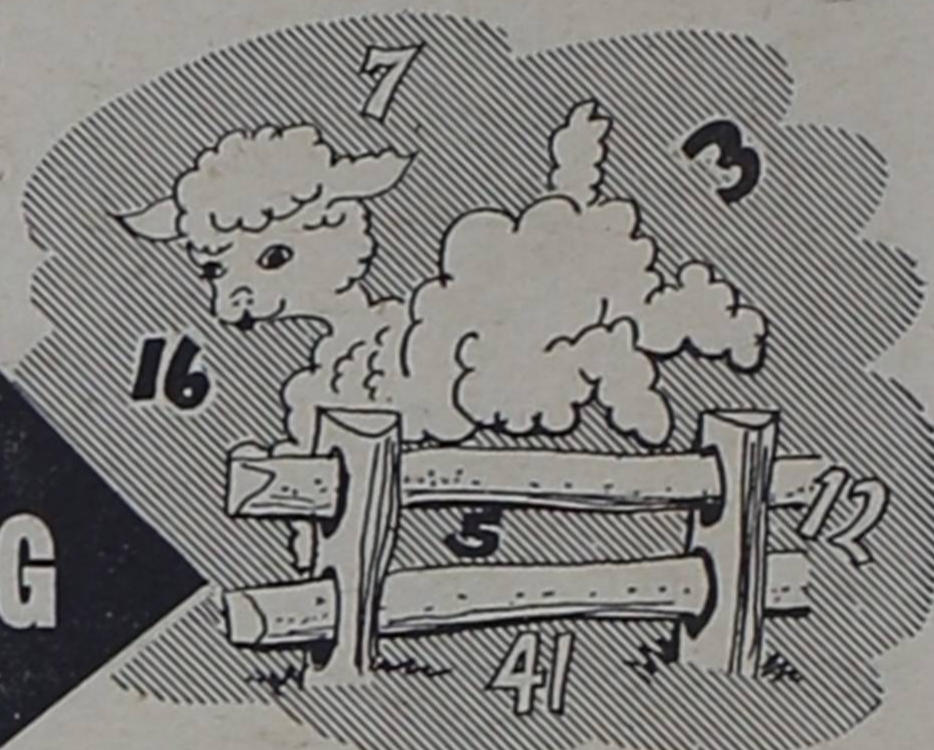

Persons who want to figure out how much they may receive in social security benefits even though they are working, have been invited to visit the Social Security Office, 300 E. Houston, Sherman, Texas for more information.

Jones explained that some of them may be entitled to back

payments of up to 12 months. Interested persons in this area are reminded that Noel Wall, Field Representative, will be in Gainesville, Texas in the basement of the Gainesville Post Office each Tuesday and Thursday mornings from 9:30 until noon.

11 States, Canada On Itinerary of Milners' Vacation

Eleven states and Canada were on the vacation trip itinerary of Mr. and Mrs. M. F. Milner. Their son and his wife, Lt. and Mrs. Lawrence Milner, saw some of the sights with them.

The Muenster couple visited first with Lawrence and Roma at Battle Creek Mich., where he is stationed with the Air Force, and the four made a boat excursion through the locks from Lake Superior to Lake Huron, and took a ferry into Canada. Back on the west shore they made a loop of Lake Michigan and had a tourist's tour of Chicago.

After leaving Battle Creek Mr. and Mrs. Milner visited in Detroit where they especially enjoyed the Henry Ford Museum. And they drove into Kentucky to see where Mr. Milner's people lived years ago. Last sight-seeing stop was in Jackson, Miss. It was a two-week trip.

Parents' Move to Town Is Occasion Of Bindel Reunion

For the first time in 62 years Frank Bindel is living in a different home. Mr. and Mrs. Bindel moved Monday from the farm to town to occupy Katie Hacker's house, 409 N. Pecan. The couple has retired from farm work after 37 years of married life on the same place. Mr. Bindel's parents lived on the farm in early years and Frank was born there.

The move from farm to town was accomplished with help of the Bindel children and grandchildren and they made a "party" out of it. Joining those from here were the William Koerners and children of Pilot Point, Leonard Bindel and family of Carrollton, the Archie Livingstons of Myra and the Gilbert Bindels of Gainesville. Mr. and Mrs. Wilfred Bindel were hosts in their home for noon dinner for the group and they celebrated Mrs. Gilbert Bindel's birthday. A decorated cake added a festive touch to the family gathering.

Mrs. Larry Gilley Recently Married Honored at Party

A miscellaneous gift shower was given Sunday afternoon for a recent bride — Mrs. Larry Gilley of Fort Worth, the former Miss Ann Stoffels, daughter of Mr. and Mrs. Albert Stoffels of Muenster.

Hostesses for the party were Miss Margie Knabe, Miss Irma Vogel, Mrs. Herman Stoffels and Mrs. Andy Truebenbach who directed table games and served refreshments of ice cream, cake and Cokes to about 30 guests.

At the close of the party the honoree's husband came for her and was introduced to the guests.

Ann Stoffels and Larry Gilley were married August 4 in All Saints Catholic Church in Fort Worth with Father Louis Vazquez officiating and the couple lives in Fort Worth at 4030 Kerry. They were in Muenster for a visit with her family over the holiday weekend.

Activity Crowds Week's Vacation For Knabe Family

Joe Knabe is enthused over his vacation trip. He's had a visit in half a dozen states and sightseeing of historic interest and scenic beauty in several places. Nicest of all was seeing his youngest son, Leon Knabe, who lives with his aunt and uncle, the Boyd Shepherds in Davenport, Iowa.

On the trip with Mr. Knabe were his daughter and son-in-law, Mr. and Mrs. Kenneth Reynolds and children of Forestburg and his son Gilbert Knabe, who came home from the Navy just in time to join in the vacation tour.

Among highlights of the trip were seeing Mark Twain's birth place and cave at Hannibal, Mo., a drive through the Ozarks and a visit at the Lake of the Ozarks, and in Rock Island, Ill., attendance at a world-famous rodeo. And finally, a tour of Frontier Town in Oklahoma City. The week away was crowded with activity.

World's Fair Visit Among Highlights Of Couple's Trip

Back at home, reporting a great time on their vacation, are Mr. and Mrs. Al Wiesman who drove to the west coast and into the Great North West.

Their trip took them sight-seeing through Colorado, Utah with emphasis on Salt Lake City, Grandview and Mabton, Washington for calls on the Schmitts — Charlie and Leo — and then attendance at the World's Fair in Seattle.

They drove the coast line to Portland, Oregon, where sight-seeing included the Mother of Sorrows Shrine, toured the Red Woods and spent considerable time in San Francisco where they enjoyed Fisherman's Wharf, China Town and other attractions and rode the cable cars.

From there to Los Angeles and a round of sight-seeing including Disneyland and a visit with the Charles Harrises. Then Phoenix and Scottsdale, Ariz., for stops. It was a 14-day trip loaded with sight-seeing.

A father said to his daughter, "Your boy-friend approached me and asked for your hand. I consented, dear."

"But father," cried the girl, "I don't wish to leave mother."
"I understand, child," the father said. "Only don't let me stand in the way of your happiness. Take your mother with you."

Miss Ruth Endres Says Vows With Howard Mollenkopf at Nuptial Mass

Miss Ruth Endres and Howard Mollenkopf said wedding vows in Sacred Heart Church Saturday, Sept. 1, in a double ring ceremony at nuptial mass, Father Alcuin Kubis officiating at the 4 p.m. service.

The bride is the daughter of Mr. and Mrs. Arthur Endres and the bridegroom is the son of Mrs. George Mollenkopf and the late Mr. Mollenkopf, all of Muenster.

For her wedding Ruthie wore a lovely gown of white silk organza, the fitted bodice topped with an Alencon lace yoke and featuring short sleeves. Lace also ornamented the voluminous skirt with bustle back effect and chapel train. Her tiered veil fell to waist length from an aurora borealis jeweled queen's crown and she carried a cascade of white roses and gardenias and blue feathered carnations. Her father escorted her to the altar and gave her in marriage.

WEDDING ATTENDANTS

The bride's three attendants were in crystal blue brocade street length dresses with matching veiled halo hats and carried white pom pom mums. Miss Jane Endres of Fort Worth was her sister's maid of honor, Mrs. Virgil Henscheid of Denison, bridegroom's sister, and Miss Sandra Walter, bride's cousin were bridesmaids.

James Mollenkopf attended his brother as best man and Virgil Henscheid and Bernard Hesse were groomsmen. Eugene Walter of Albuquerque, N. M., bride's cousin and Gerald Pels ushered. The bride's young brothers Sammy and Mike Endres and her cousins Phil Kupper of Marlin and Joe and Don Hartman were mass servers.

Mrs. Rody Klement was vocal soloist before mass and again after the service when the bride placed a bouquet of white gladioli on the Blessed Virgin's altar. Anthony Luke was at the organ and the men's choir sang the mass.

Rain Didn't Stop '62 Homecoming At Bulcher Sunday

Bulcher's annual homecoming and old settlers' reunion was almost rained out Sunday but the weather didn't dampen the spirits and enthusiasm of those who braved the elements to attend. No one counted those present and not all registered but it was estimated to be less than a fourth of the usual number of around 500.

Reunioning before and after the noon picnic dinner and singing afterwards kept things lively.

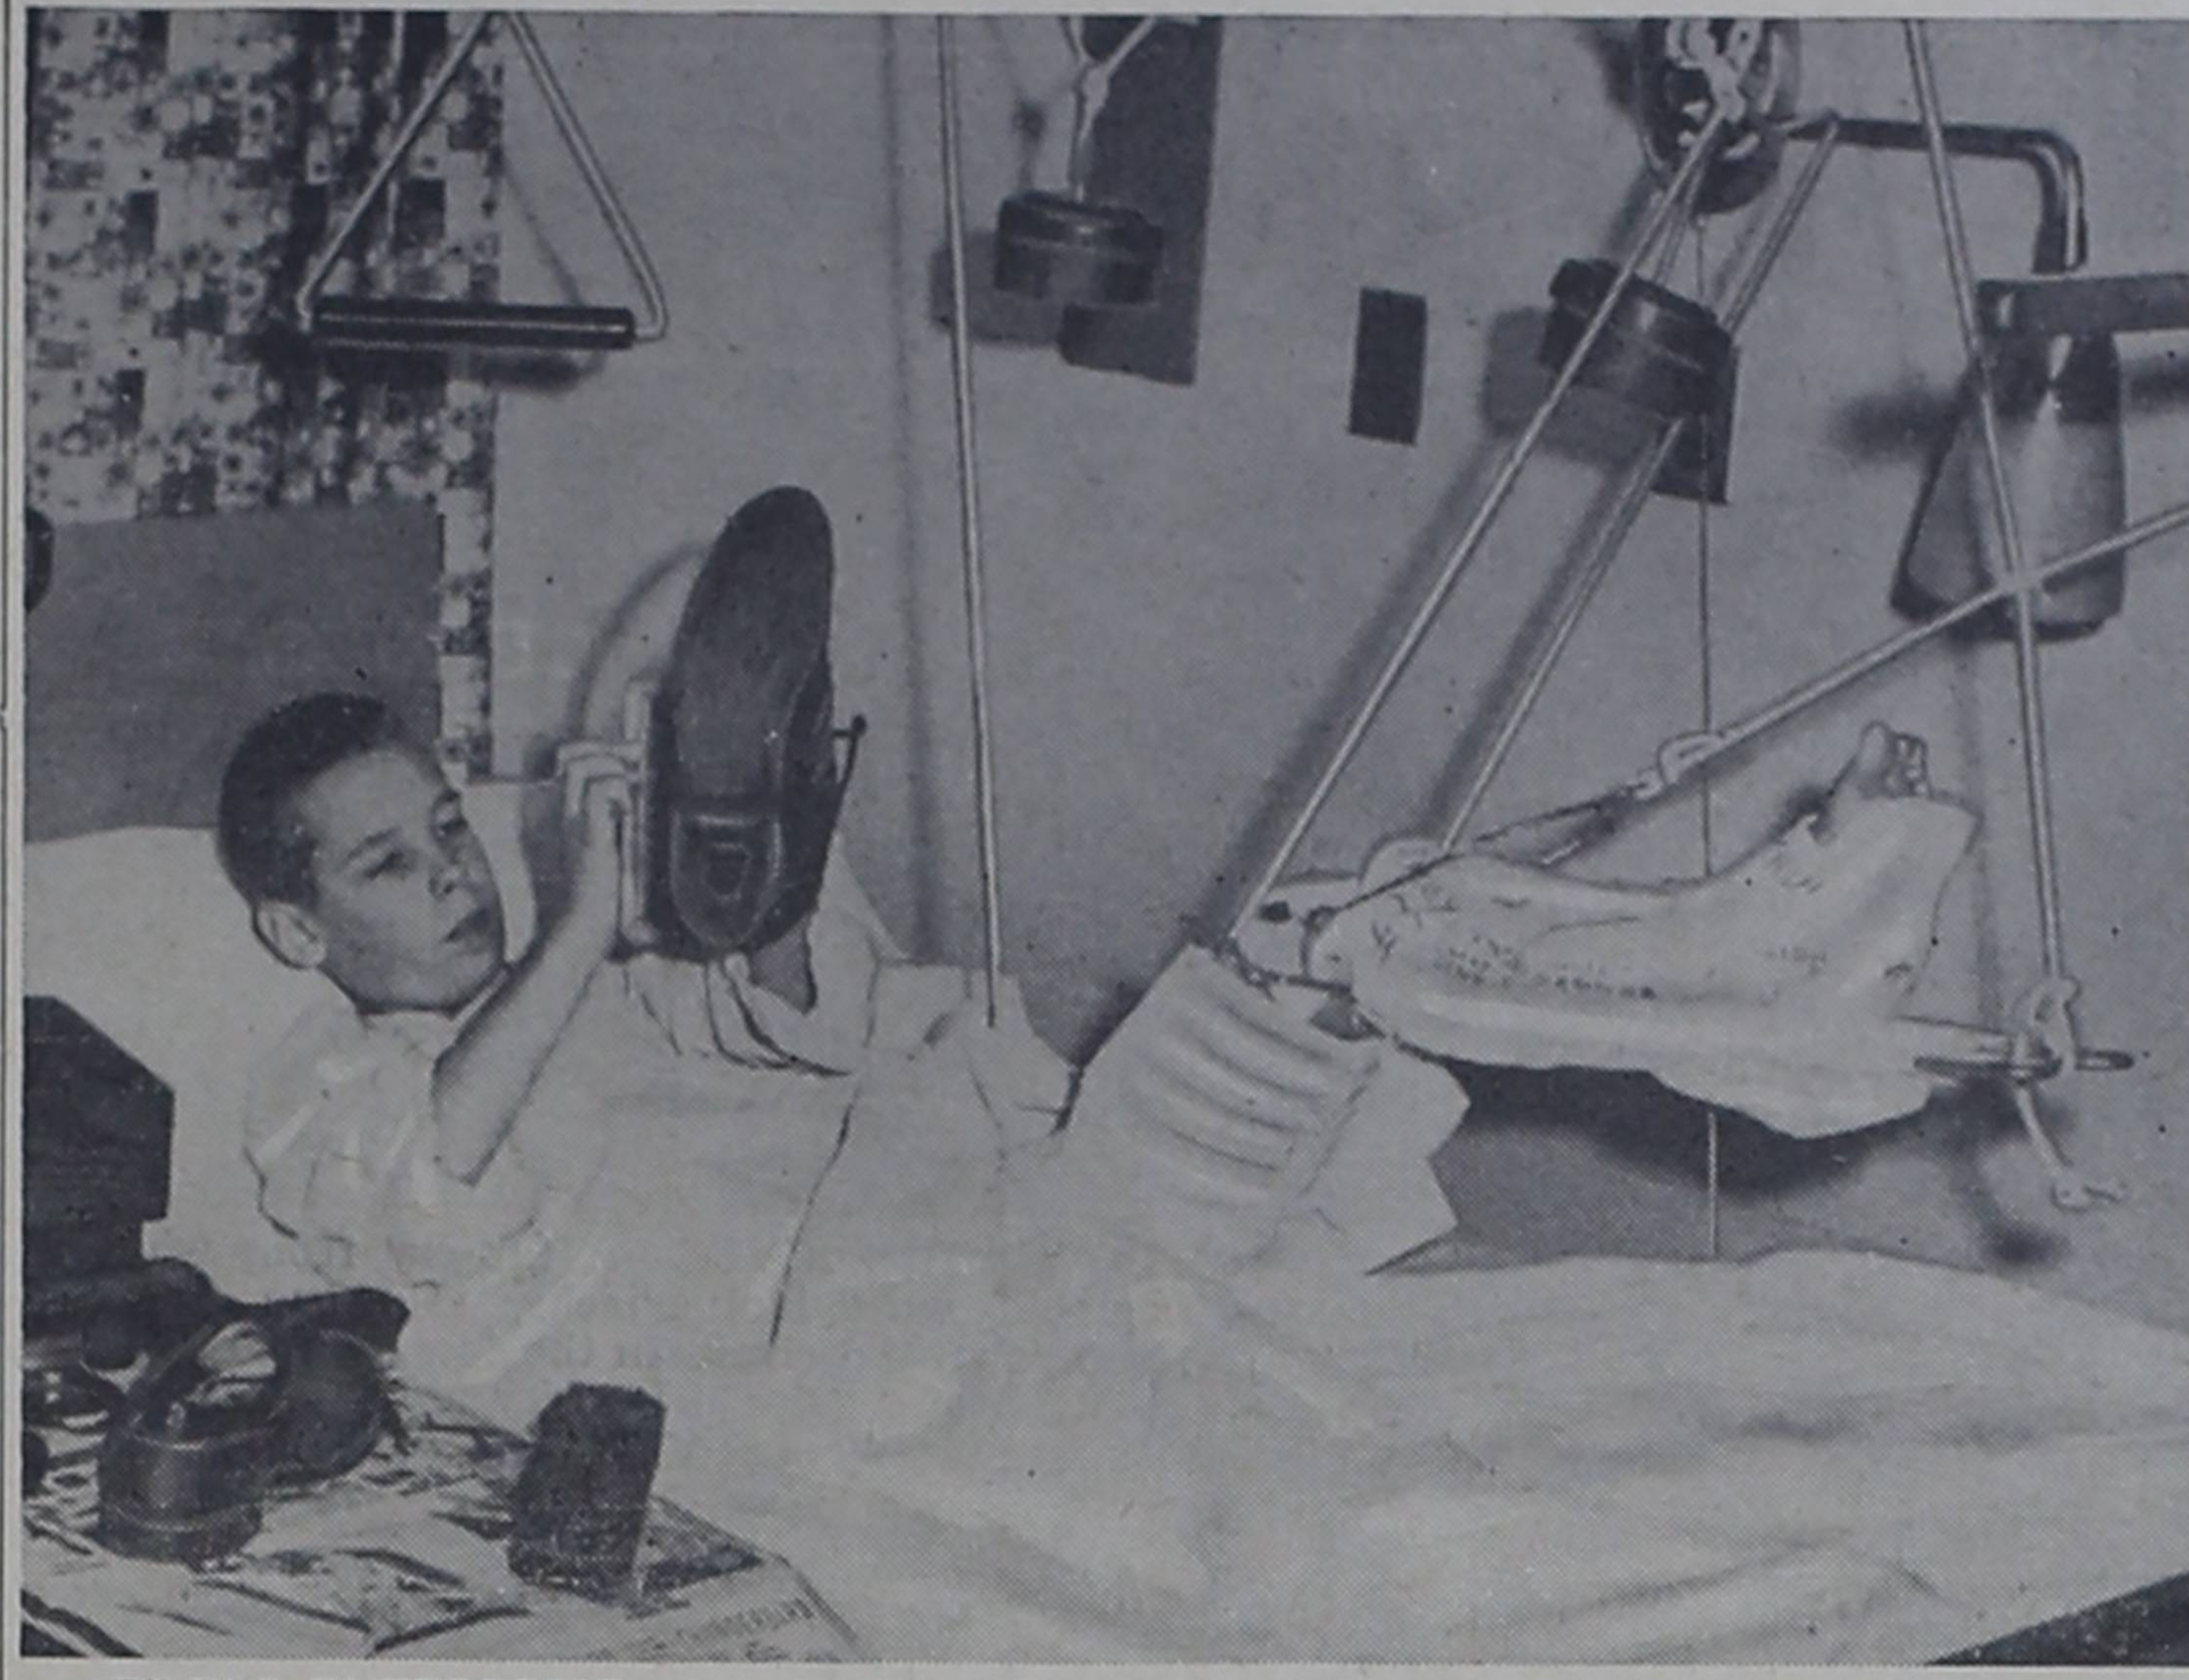

Recognized as the oldest person present was E. W. Johns of Saint Jo who is 89 and looks forward to next year's reunion when he will be 90. He was

born and raised at Bulcher. Coming the farthest distance to attend was W. M. McDowell, 210 Home Ave., Oak Park, Ill. Also from a distance were Mr. and Mrs. Robert Dennis Jr. and children of Adamsville, Ala., and Lt. Col. Henry T. Tucker of Davis-Mothan AFB, Tucson, Ariz.

The largest family present was that of Mr. and Mrs. Robert Dennis of Gainesville with 18 in attendance. Mr. and Mrs. Robert Milburn of Gainesville with a family group of 17 were a close second.

The group planned to get together again for the 1963 reunion which they hope will be favored with better weather.

Mr. and Mrs. C. L. Winchester made a business trip to Ardmore Tuesday.

Werner Becker Jr. Tells of Harvest Time in Germany

PFC Werner Becker, writing from Germany, tells his parents, the Werner Beckers, about getting back to camp from maneuvers and adding the field problem was rather a pleasant one because the weather was warm and it was sunny. And then he told about observing work in the harvest fields.

It's the grain cutting season now, binders are in the fields and shocks are standing all over the country-side. The grain must still be threshed. He also saw the natives putting up hay. They use little pull mowers, or if they have a tractor use mowers that make four or five foot swathes. Then the hay is raked, mostly with garden rakes. There are no balers. The hay is loaded by pitchforks to wagons and hauled in loose. More women than men were working in the fields.

In that area the people also grow beets, spinach and other garden stuffs. There are apple groves and fields of berries. The berries are delicious, Werner added, and he ate more of them than anything else while his outfit was in the field. He also saw hegari and corn patches.

Werner had planned on getting pictures but couldn't get kodak film. The PXs were out of film at both Wildflecken where he is stationed and at Bad Kissingen.

Mrs. Myrtle Blount of Gainesville accompanied them to visit her niece and nephew. When the Davidsons returned home Thursday they stopped at Callisburg for dinner with their daughter, Mrs. Bill Roe and family.

Cooke Clan Plans Annual Reunion at Sunday Gathering

A reunion of the Cooke clan was held Sunday at Marysville Community Center building with 43 Cookes attending. Dinner was catered by Rohmer's Restaurant. The group had several newcomers in the relationship to get acquainted with and the oldsters spent the afternoon reminiscing.

Because it was all such fun the group decided to make the reunion an annual event, voting to have the Cooke reunion of Cooke County at the same place and on the same day — Sunday before Labor Day — each year. Sheriff J. B. Cooke of Spearman was elected president and Bob Cooke of Abilene (with his wife as assistant) was elected secretary.

Most of the kinfolk spent the weekend as houseguests of the Don C. and Reeve Cookes. The visitors started coming Saturday. Some stayed through Labor Day.

The relationship present: Mr. and Mrs. Don C. Cooke, and Mr. and Mrs. Gene Alexander, Don Cooke, the Harold Cookes and Freddy Duffey of Fort Worth, Mrs. John R. Rice of Wheaton, Ill., Mr. and Mrs. Bob Cooke of Abilene, Mr. and Mrs. J. A picnic supper was enjoyed at the Reeve Cooke home Saturday by the group.

Rain Sunday Cuts Attendance at KC Outing at Texoma

General rains Sunday cut attendance at the planned outing and field mass for Knights of Columbus and their families at Walnut Creek resort, Lake Texoma, but the program was held as scheduled.

Those present — some 50 — welcomed the sun when it came through clouds and the rain stopped shortly before 11 a.m. There was no rain during the field mass, celebrated by Father Alcuin Kubis at 11 o'clock.

The group joined in a picnic dinner at noon and enjoyed boating afterwards.

Back After Month in D. C., Maryland

Back in Muenster after a month of visiting and sight-seeing in Washington, D. C., Savage, Baltimore and Silver Springs, Maryland, plus an air trip by 707 jet, Gary Cler is telling his family about a never-to-be forgotten vacation. The trip was a graduation present from his aunt, Major Jane Hoehn, who lives at Savage.

Together they saw historic and scenic sights and Gary made a tour of the White

House. Another aunt, Mrs. Albert Hoehn of Dallas, was with him for this tour. The National Shrine of the Immaculate Conception, the Smithsonian Institute, West Point and Mt. Vernon were among outstanding attractions. And weekends with the Vincent Becker family in Silver Springs were fun. Gary left in company of his uncle and aunt, the Albert Hoehns, going by car and came back by jet, his parents, Mr. and Mrs. Ed Cler, meeting him in Dallas. They visited Mrs. Albert Hoehn and children before returning home. Albert was in Amarillo on business.

Notes on Building and Improvement

Building news in the community nowadays is dominated by Muenster Memorial Hospital, but lots of other projects are also under way.

Going strong at this time and due to be finished in about a month is the industrial building which will more than double space for the dress factory. Roofing is finished now. Concrete outside, partitions inside and plate glass entrance will probably be finished this week.

Another industrial type building due to start soon is the telephone building. Contract for it has been signed, meanwhile line work for the new system continues.

Formal opening of Fisher's new store last Saturday marks another important non-residential job. It was a renovating and remodeling job so complete that it can be rated as a new one.

Seven new homes and three remodeled homes are under way now or just finished.

Pat Hennigan's house across from the hospital site has been going up for almost three weeks. It is a three bedroom brick house with central heat and two car garage.

Four other houses are practically finished. Harold Bindel's north of town has three bedrooms, brick siding, central heat, attached garage. Pat Schmitz at Lindsay has two bedrooms, brick, carpet and air conditioning. Red Wylie of Forestburg has three bedrooms, brick, central heat, attached garage. Wilfred Koelzer on North Sycamore has three bedrooms, brick, garage and central heat.

Community Lumber Company has completed the two houses on South Sycamore and North Main. Both places are 3-bedroom brick with garage, air conditioning, carpets and drapes.

Three major remodel jobs are under way. Gary Hess has almost finished brick veneering his house and re-roofing a part of it. Charles Taylor is combining a kitchen and porch, finishing a bath in ceramic tile, repairing and refinishing other rooms. Ferd Albers at Lindsay has added a room, overhauled his roof and garage.

New farm buildings are a 20 x 40 sheet iron barn for John Bayer, a 40 x 50 sheet iron combined barn and machine shed for Joe Starke.

Ford Will Repeat Punt, Pass, Kick Contest for Kids

The second annual Punt, Pass and Kick competition for the nation's grade school football enthusiasts has been announced by the National Football League and the Ford dealers of America.

"PP&K" pits the punting, passing and place-kicking skills of boys seven through 11 against all other participants of the same age. The program attracted 205,000 youngsters last year, when it was launched, and was cited by President John F. Kennedy for its contribution to "the physical fitness of our youth."

Registrations for this year's PP&K competition will be held at Ford dealerships, or at locations designated by them, October 1-31.

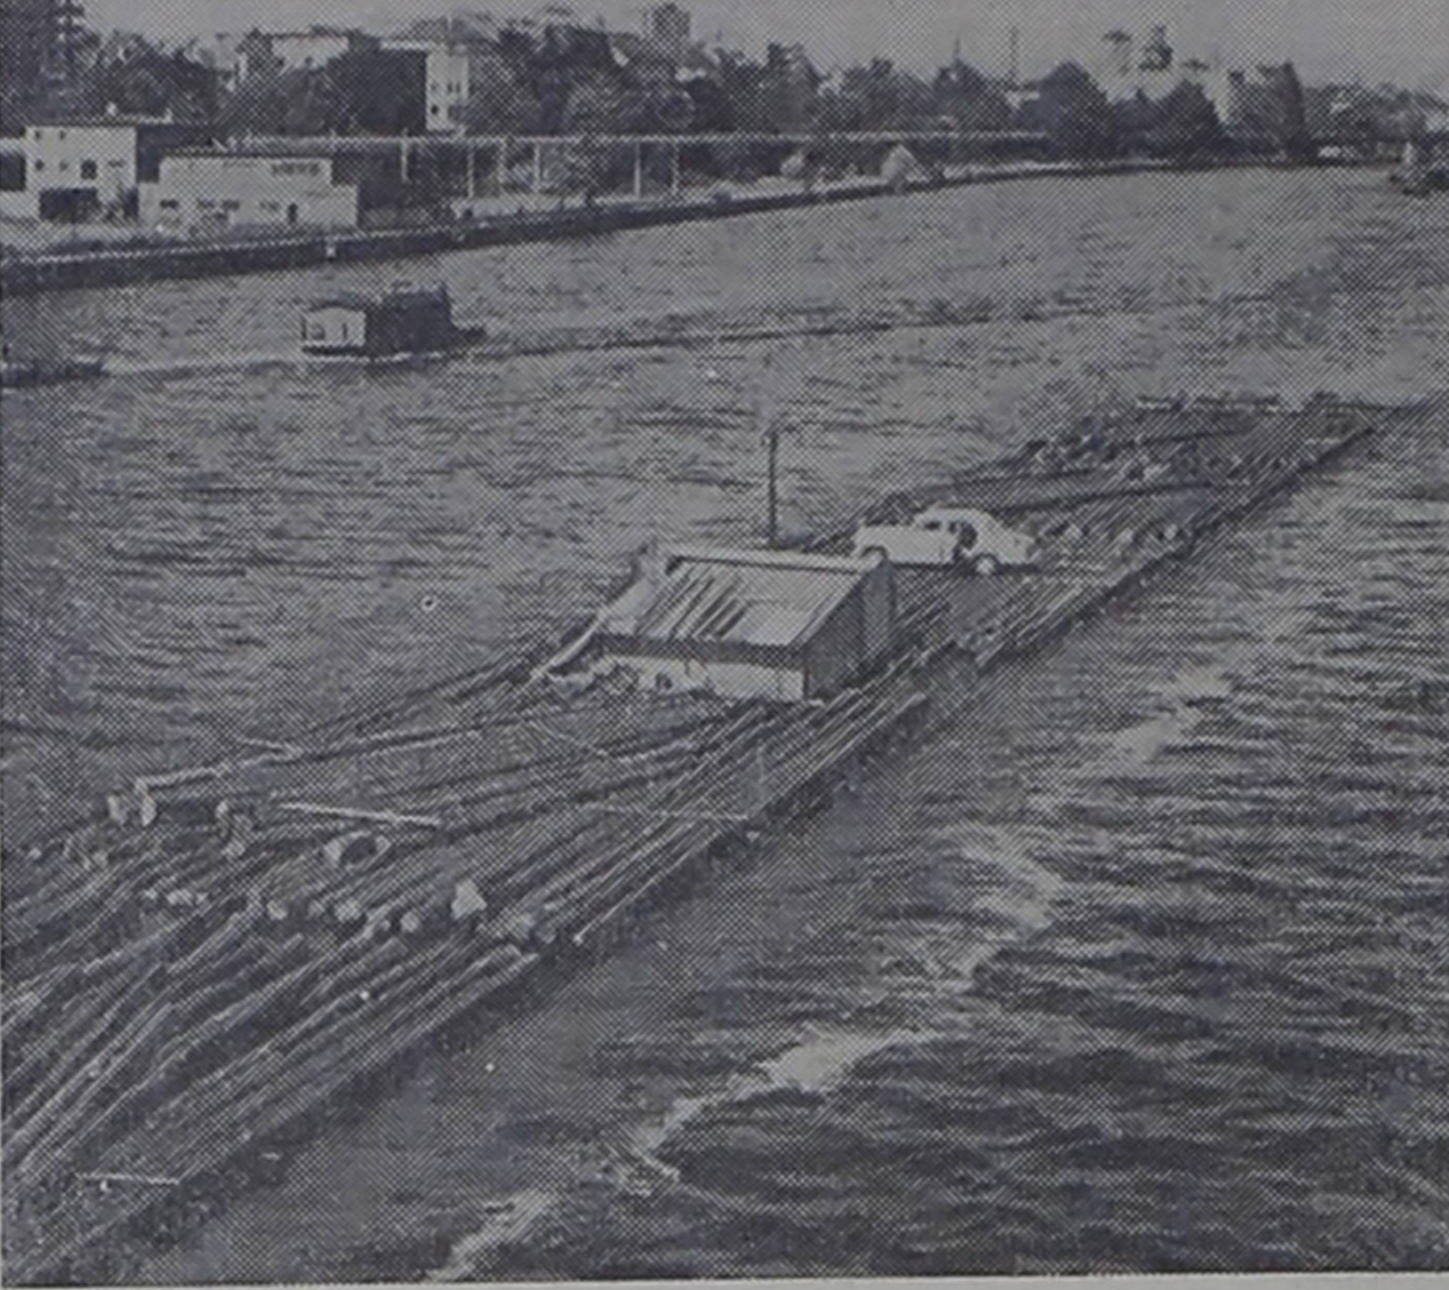

Top prize for the 10 national finalists — one in each age group from both the Eastern and Western Division team areas — will be an all-expense paid Tour of Champions for the youths and their parents December 26-30. It will begin with a two-day visit to Washington, D. C., which will be highlighted by a special tour of the White House.

From Washington, the group will be flown for a two-day visit to the city in which this year's National Football League championship game will be played December 30.

First phase of the Punt, Pass and Kick program is competition in local contests, sponsored by Ford dealers with the cooperation of the NFL. With some 5,000 such contests likely to be held, 75,000 prizes will be awarded to winners of local competitions. First prize will be a warm-up jacket, while football helmets and autographed footballs will be the second and third prizes.

Total scores, based on distance and accuracy of their punts, passes and place kicks, will determine the winners.

From among those competing in local contests, five boys — one each in the seven through 11 age group — will be named regional winners in each of the 14 NFL team television coverage areas. These 70 youths will be eligible to continue in nation-wide competition to determine the 10 finalists.

Cooke, Montague FHA Loans in '62 Total \$334,230

The Farmers Home Administration of the U. S. Department of Agriculture loaned farm families and other rural people in Cooke & Montague Counties a record total of \$334,230. In the Fiscal 1962 Year which ended on June 30, 1962, County Supervisor, John D. Cunningham announced today.

The volume of loans in this area, largest during any 12-month period in the local office's history was 39 percent larger than the 1961 total of \$129,800 and 185 percent above the \$61,535 loan in 1960.

Nearly one-fourth of the total loaned during Fiscal 1962 went for farm operating expenses, almost a fourth for the purchase, development or enlargement of family farms, and about a half went for the construction and improvement of houses and service buildings on farms and in rural communities. Approximately 65 local families were using Farmers Home Administration credit for these and other purchases at the end of the fiscal year, 20 percent more than the year before.

Collections of principal and interest totaled \$126,732 in 1962 compared with \$90,451 in 1961 and \$93,726 in 1960. Approximately one-sixth of the borrowers are paid ahead of schedule on loans which still have several years to run. Loans outstanding on June 30th in the 2-County area amounts to \$792,895 compared with \$458,665 a year earlier.

"Farmers are requiring larger amounts of credit each year," Mr. Cunningham said. "for example, ten years ago FHA operating loans made in this area averaged \$7,000, while this past year the same type of loan averaged \$12,000."

"The upward trend in farm-

ers' credit needs stems from the continuing rise in farm costs and the pressing need to make adjustments and improvements in farming methods to stay in business."
