

# MUENSTER ENTERPRISE

VOLUME XXVII

MUENSTER, COOKE COUNTY, TEXAS

MARCH 15, 1963

NUMBER 17

If the scarcity of comment around here is an indication, Muenster is practically sitting out next Tuesday's election on the issue of expanding Cooke County Junior College. There's very little talking, which normally means there will not be much voting.

At first there was criticism over having only one voting box in the county-wide election. Folks were exercising a typically human trait in sounding off about the boner, but they showed little resentment. After having their say they dropped the subject, and apparently have also forgotten about it.

That's a poor way of exercising one's citizenship, but, after all, it is a convenient and practical solution, especially if one happens to be in favor of the proposal. It's taken for granted that support will be plentiful at Gainesville anyway, so county people sitting it out are just permitting Gainesville people to do the job themselves.

One thing is obvious in Cooke County. Gainesville residents, when just in fairly good agreement, can control our county elections. Population figures in 1960 showed over 13,000 in Big G and less than 10,000 in the rest of the county. If the idea of college improvements is well sold in Gainesville other people can save their time and energy.

In this case this column doesn't object to that situation... because it believes that the expansion will be worth far more than its cost to the rural areas as well as to Gainesville.

For an estimate of the value we can compare cost and benefit. An average person's tax, based on current valuations, would probably be about \$2.50 a year, or \$25.00 for the ten years. But a student can save an average of \$1,000 a year by attending college at home.

Over a 10 year period there will be several dozen youngsters in this community who get the benefit of that \$1,000 saving. Odds are that one of them will be a good friend, or relative, or member of the family of every person paying the extra tax. In time all of us will have reason to be glad we helped. And we'll have the added satisfaction of knowing that we helped to provide better facilities than the school can offer now.

A person might say that opportunity to attend is available now, and youngsters will continue attending even if the expansion program is voted down. To a great extent that is true. However we must remember that, with present facilities, enrollment cannot go much higher. At the time when college enrollment is increasing steadily the local college would reach its limit and would be forced to turn down applications. Facing the facts, we have to admit that someone close to us will be disappointed if the expansion is not carried out.

Much has been said about the economic value of a college education... the greater earning capacity of the average college graduate. That has a big bearing on the current issue, when we consider that failure to improve the college may result in loss of opportunity to someone near and dear.

Another economic value also figures in. That is the every day community benefits resulting from a larger county college. Assuming that the enrollment doubles in the next 10 years, and that is easily possible if the present trend of college increase continues. That would mean big business, the principal benefit going to Gainesville but some of it being felt also in the rest of the county.

Present enrollment brings in about \$60,000 from tuitions and (Continued on page 8)

## FFA Boys Enter Project Animals In Fat Stock Show

Boys of the Muenster FFA chapter will take twelve of their project animals to the county's annual junior fat stock show at the Gainesville Fair Grounds Friday. All of the entries were shown Monday at the local FFA project show.

John Walterscheid and John Stoffels will each show 5 fat barrows. Roy and Joe Hartman will each show 1 fat calf.

Judging at the show begins at 9 o'clock. Thereafter entries will remain on display until taken to the Gainesville Live-stock Auction for selling at 1:30 o'clock. Friday is a regular sale date at the Gainesville auction.

All animals in the show must be sold.

## SH Alumni Hosts Area Volley Ball Teams in Tourney

Preliminaries are finished and teams are divided into champ and consolation brackets at Sacred Heart Alumni's volley ball tournament this week.

Three more evenings of competition remain with Thursday's games clearing the way for semifinals on Friday night and finals on Saturday night.

After the games Saturday, trophies will be presented to the winner and runner-up of the champ bracket and the winner of the consolation bracket in both the men's and ladies' divisions.

In the champ bracket of the men's tournament the remaining teams are Field's Ranch of Saint Jo, Geer Tanks of Jacksboro, Dan's Drugs of Pilot Point, O'Neal's of Nocona, and Lindsay. Those eliminated in the champ bracket are Nocona Independents and Muenster Teachers.

Teams remaining in the men's consolation bracket are Sacred Heart High, Muenster Mill, SH Alumni, Sacred Heart Exes and Nocona Leather. Sivells Bend was eliminated from the bracket.

In the champ bracket of the ladies division are Muenster CYC, Jo's Beauty Shop, Holliday, North Saint Jo and Sivells Bend Whizettes.

Remaining in the ladies' consolation bracket are Muenster Bluebirds, SH Alumnae, O'Neal's of Nocona and Cooke County Junior College.

In men's preliminary games Field's Ranch beat SH High, Nocona Independents beat Sivells Bend, Muenster Teachers won for forfeit when Bob Brown of Pilot Point failed to appear, Geer Tank beat Muenster Mill, SH Exes won on Bellevue's forfeit, Dan's Drug beat Nocona Leather, O'Neal's won on Yarbrough Grocery forfeit, and Lindsay beat SH Alumni.

In the ladies' preliminaries Muenster CYC won on Montague's forfeit, Jo's Beauty Shop beat Muenster Bluebirds, Holliday beat SH Alumnae, North Saint Jo beat O'Neal's and Sivells Bend Whizettes beat Junior College.

## Plant Sorghum Early to Insure Better Yields

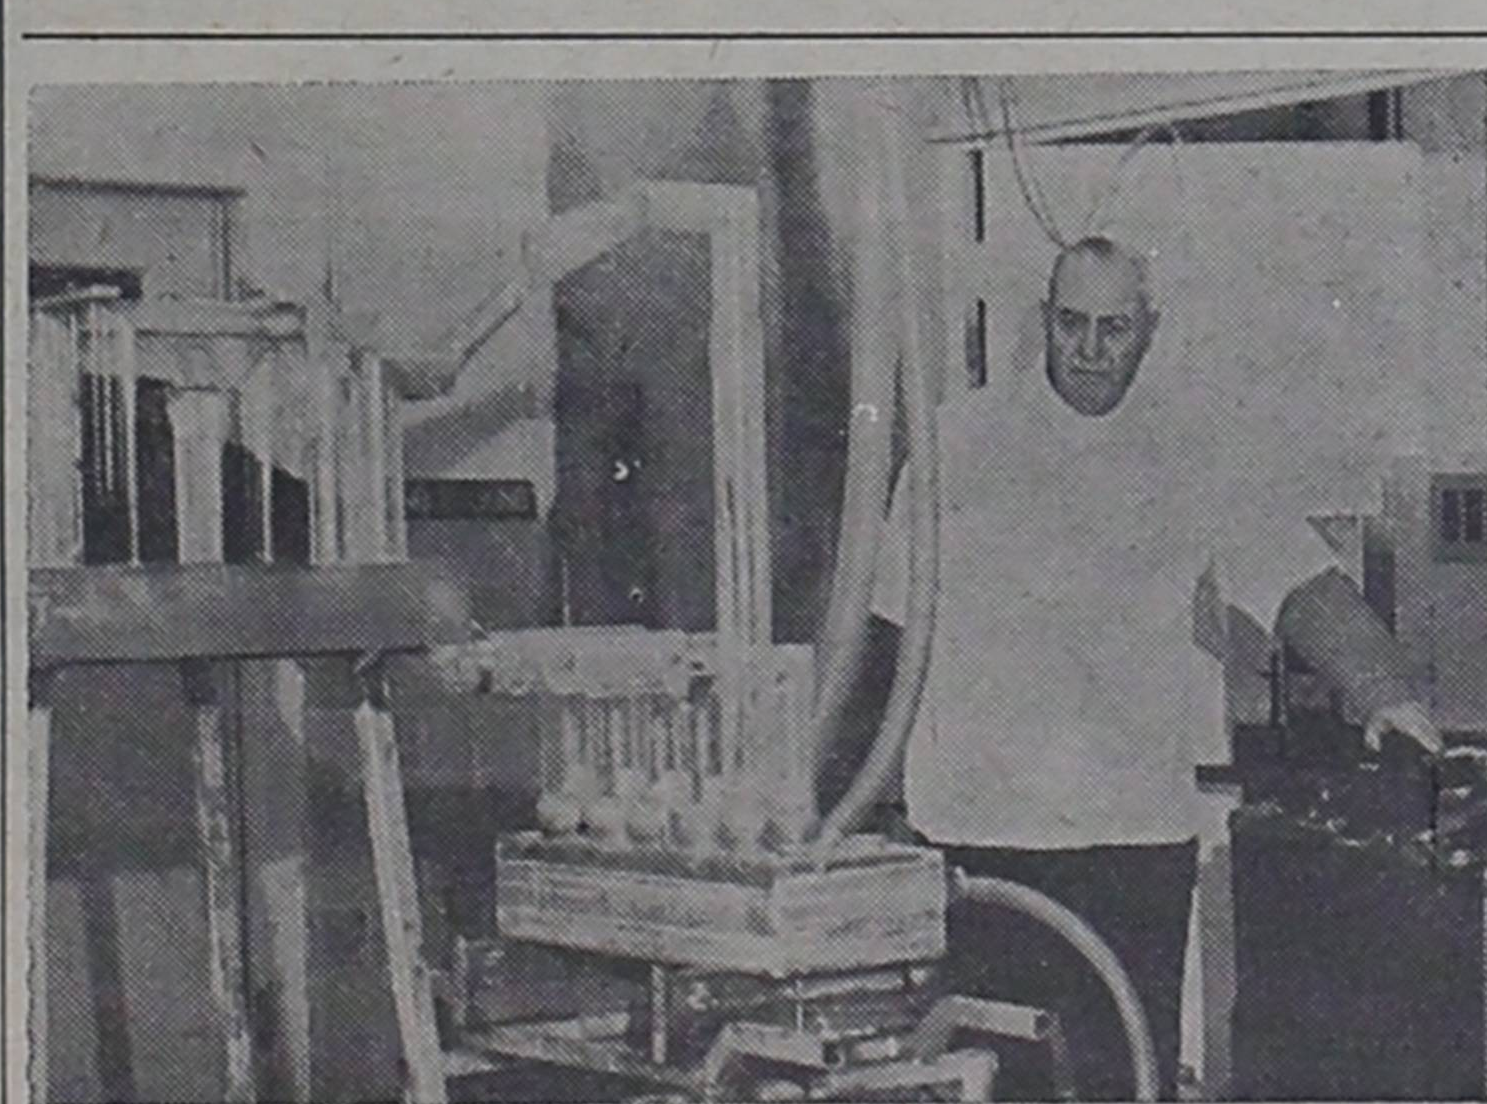

Area farmers were reminded this week to plant grain sorghum during March to insure better yields.

Early planting lets sorghum mature before the build-up of midge, an insect that relishes growing sorghum. Dr. Aaron Baxter, rural development specialist for Texas Power & Light Company said.

Studies at the Temple Experiment Station show that yields of grain sorghum planted after mid-April are usually less than half of that planted in March. Dr. Baxter reported.

The soil specialist added profitable grain sorghum requires adequate fertilization and fertilizing will help it mature. He concluded that grain sorghum should be planted thick — using about six to eight pounds of seed per acre for the most profitable results. The seed should be a variety adapted to this area and should be treated with both fungicide and insecticide.

"If you feel neglected think of Whistler's father."

LOW-COST WATER TREATMENT — Austin Engineer David E. Sayre is pictured checking his newly-developed pilot plant for the desalination of brackish waters. The "electrolytic" process gives promise of a major breakthrough in this vital field of water treatment. Sayre said power costs for operating the plant are amazingly low — from a few mills to pennies per 1,000 gallons. This could mean, in the very near future, the economical treatment of the nation's vast saline water supplies for many industrial, agricultural, and municipal uses. The Sayre process is designed also to recover valuable metals from ore-rich waters.

## Box Lobby of Post Office Gets Drop for Letters

A complaint that's been expressed many times since Muenster's new post office opened is being eliminated this week. A letter drop is being installed inside the box lobby for the convenience of customers who wish to mail letters while the service lobby is closed.

Until now outside boxes have been the only provision for that purpose. They are located beside the driveway convenient for a person to mail a letter from the driver's seat. Those boxes have been highly satisfactory to persons coming to the post office only to mail letters.

But they were not satisfactory to persons who mailed letters and picked up mail on the same trip. While the service lobby was closed such people got their mail in the box lobby and had to go outside to mail their letters.

From now on the arrangement is convenient for everybody. Letters can still be mailed from cars in the boxes outside. Or they can be deposited inside the box lobby. Or, as before, they can be deposited in the service lobby during regular office hours. From those choices every customer should find one to suit his convenience.

## Muenster Entries Win Six Medals At Science Fair

When winners were announced at the Cooke County Science Fair for 1963 Muenster Public School students were among the champions gathering up one first, two second and three third place medals.

Becky Davidson exhibited the winning entry in the third grade division and Billy Joe Pratt was close behind taking second place honors. Ricky Tuggle was third in the fourth grade.

In seventh grade Linda Wilson won third on her exhibit and in Physical Science for high school girls Diane Horn was second and Donna Tuggle third.

More than 200 entries were judged in the annual county event last Thursday afternoon. Awards were presented during a banquet Friday at 5:30 at Cooke County Junior College where the displays were open to the public.

## Tigers Lose 16-0 To Pilot Point in Baseball Opener

Adam Wolf's Sacred Heart Tigers got rough treatment from Pilot Point last Friday in a baseball game that opened the season for both teams. They were annihilated 16-0.

The game started off fairly even but got more one sided as it went along. The visitors just kept cashing in on the combination of nine hits and nine errors. Meanwhile the Tigers' hits were scattered and the Pointers did not oblige them with errors.

Pitchers for Sacred Heart were Johnny Wolf and Francis Fuhrmann. Together they fanned 14 Bearncats. Tiger hitters were Wolf, Fuhrmann, Dennis Hess and David Hess.

Sacred Heart goes to Pilot Point this Friday for a return game.

## NEWS OF THE SICK

Andy Hofbauer has been admitted to Saint Paul's Hospital in Dallas for X-rays and observation. He is in Room 230 and will be hospitalized long enough to enjoy hearing from friends.

Robert Klement is back at regular classes full time at Muenster High this week after three months of illness from which he has made a complete recovery.

Mrs. Henry Henscheid was dismissed from Gainesville Hospital Wednesday to continue recovery at home after a week of hospitalization following surgery.

Business is back to normal at the City Hall this week after being almost at a standstill during the weekend. City Superintendent Steve Moster and City Secretary Joyce Temple both had forced vacations on account of flu.

Mrs. Wendell Richey is back at home after being a patient at Nocona Hospital. She was dismissed Friday after having surgery Wednesday morning. After leaving the hospital she spent several days convalescing at the home of her parents, the Dick Cains.

Mrs. Lambert Beyer is back at home in Gainesville, dismissed from the hospital, but her baby daughter remains in the incubator. The infant weighed two pounds 15 1/2 ounces at birth and will have to gain five pounds before leaving the hospital.

Brenda Felderhoff, baby daughter of Mr. and Mrs. Vincent Felderhoff, was admitted to Gainesville Hospital, Lindsay Street, Tuesday.

## Parish Observes Old Tradition on St. Joseph's Day

Traditional observance of St. Joseph's day is again planned for Sacred Heart Parish on March 19, next Tuesday.

Program for the feast includes evening mass. After the services members of St. Joseph's Society will join with members of St. Anne's Society for a catered meal in the Parish Hall.

The day is also the time for electing officers of the St. Joseph's Society. While the men take time out from the social to have their monthly meeting and election the women will also have their March business meeting.

History of the special observance of March 19 goes back to the early days of the parish in 1894. After two churches were destroyed by storms parishioners invoked the protection of Saint Joseph, patron of builders, and vowed to observe his feast as a holy day. The tradition has been continued through the years.

## Former Resident Mrs. Anna Muller, 76, Dies Monday

Mrs. Anna Muller, 76, of Rosston, former Muenster resident, died Monday 11:40 a.m. in a Gainesville hospital. She was the widow of John (Shorty) Muller who died Oct. 1, 1949.

Funeral services were held at 2 p.m. Wednesday in Rosston Methodist Church with the Rev. W. D. Graig of Nocona officiating. Burial in Rosston Cemetery was directed by George J. Carroll and Son Funeral Home. Grandsons served as bearers.

Mrs. Muller was the former Miss Anna Steuter, born Aug. 3, 1886, in Copenhagen, Denmark. She was married to John Muller in Muenster in 1903. The couple farmed here until 1918 when they moved to Rosston and continued farming.

Survivors are eight sons, Henry Muller of Caldwell, Idaho, Charley, Joseph and Ernest of Rosston, August and Christopher of Valley View and Servie and Richard Muller of Gainesville; four daughters, Mrs. E. L. Links of Rosston, Mrs. Leon Jacobs of Fort Worth, Mrs. Bill Kline of Hurst, and Mrs. Gene Combs of Bedford; 34 grandchildren and 17 great-grandchildren.

## Pete Tempel Dies

A former Muenster resident, Pete Tempel, died Friday morning in Glendale, California. He was 70 and a brother of Mrs. Tony Trubenbach Sr. of Muenster and Mrs. Ed Oberhart of Gainesville. Other survivors include his wife.

## Local FFA Boys Have 65 Animals In Project Show

Sixty five animals were on display Monday in the annual project show held by the Muenster chapter of Future Farmers of America in the chapter pens at Muenster High School.

The show was in progress from 10:30 to 2:30. At 1 o'clock the entries were judged by T. R. Hutchens, agriculture teacher of Sadler-Southmayd High School, and classified according to quality as blue, red or white ribbon animals. Every entry received a ribbon and shared in the prize money, which is provided for the event by Cooke County United Fund.

Special awards were given also to the grand champion and reserve champion of each class and to two owners for best grooming and best showing of their entries.

In the hog show John Walterscheid had the grand champion fat barrow and the reserve champion female. Bub McElreath had the champion female and Donnie Fisher the reserve champion male. Thirty five animals were in the show and were classified as 12 blues, 14 reds and 9 whites.

Donnie Hellman had both champ and reserve champ of the feeder lamb show. Nine sheep were entered, 5 judged as blues, 4 as reds.

David Fisher had champ and Roy Reiter reserve champ in the dairy heifer show. Of the eight entries 4 were classified as blues, 3 as reds and 1 as a white.

Of the ten feeder calves Tommy Flusche and David Sicking had champ and reserve, which were the only blue ribbon animals. The other eight got red ribbons.

Two entries in the fat calf division got blue ribbons. Roy Hartman's was the best and Joe Hartman's was reserve champ.

Only one animal was entered in the beef breeding heifer class. It received a red ribbon.

Roy Hartman got the award for best grooming, David Fisher for best showmanship.

## Program Given At Garden Club Is "For The Birds"

Muenster Civic League and Garden Club members heard an informative and entertaining discussion entitled "For the Birds," at their March meeting Monday night. Miss Bettye Dodds gave the program.

She suggested ways of coaxing robins, blue birds, cardinals and others to make their homes in local gardens, mentioned different grains, seeds, suet and fruit and vegetable scraps suitable for birds feeding, and distributed booklets with illustrations of bird houses and information on how to build them and where to locate them.

Miss Dodds emphasized that although some birds make nuisances of themselves, all birds serve gardeners and farmers by eating quantities of insects, worms and weed seeds.

Mrs. Arthur Felderhoff and Mrs. R. N. Fette were co-hostesses in the latter's home and Mrs. L. B. Bruns conducted the business session.

Members were reminded of an outstanding spring flower show to be held in Dallas March 16-24 at the World Exhibits Building, State Fair grounds, showing ten gardens representative of as many countries. It promises to be of interest to the whole family.

Members participated in a round table discussion on the need of city trash and garbage pickup.

Next month's meeting will have as hostesses Mrs. Earl Fisher and Mrs. Ted Gremminger. Miss Doris Vavra will conduct a flower arrangement demonstration.

A refreshment course was served by the hostesses to 19 members and two guests, Mrs. Ed Pels and Mrs. Al Felderhoff.

## News of the Men in Service

### Gets Promotion

Airman Jimmy Sicking got a promotion and a transfer recently and had a two-week leave to spend with his parents and family, the Bernard Sicking's. The raise in rank made him an airman second class and the transfer moved him from Lowery AFB in Colorado back to Texas. He's getting settled now at Biggs AFB, El Paso.

## School Election Has 2 Candidates For 2 Positions

There are no contests on the ballot for the trustee election of the Muenster school district. Voters will find two candidates for the two open positions on the local board and one candidate each for Precinct 3 and Precinct 4 positions on the county board.

Ed Cler is seeking re-election on the local school board. Joe Galloway is a candidate to succeed J. J. Wimmer, who is now completing his seventh three-year term.

A. T. Strader is a candidate for re-election as Precinct 3 representative on the county school board and Joe B. Hundt is a candidate for re-election as Precinct 4 representative.

Separate ballots will be used at the local election. One has the Precinct 3 candidate with the local candidates and the other the Precinct 4 candidate with the local candidates.

## 556 on Record as Muenster Voters

Muenster will have 556 recorded voters plus an indefinite number of over age exemptions qualified to vote in elections this year.

A list of voting boxes in the county released by Tax Collector-Assessor Rafe Piper shows that North Muenster has 419 poll taxes and 21 exemptions, and South Muenster has 111 poll taxes and 5 exemptions. The number of over-age exemptions is not definitely known.

The total number of recorded voters of the county this year is 5821, including 4072 poll taxes and 1749 exemptions.

Further study of the list shows that Gainesville has an overwhelming majority of the county's recorded voters. It has 2457 poll taxes and 1683 exemptions for a total of 4140. That is over 70 per cent of the county's recorded voting strength.

The ratio of actual voting strength, however does not run as high, because over age voters are included in the Gainesville total but not in the rest of the county.

Assuming that the total strength is proportional to the number of poll taxes sold, Gainesville has about 60 per cent of the actual voting strength.

By the same proportion Muenster has about 13 per cent of the county vote and slightly less than one third of the vote outside of Gainesville.

## Sponsors Meet to Plan Program for Awards Banquet

Details on this year's awards banquet honoring the conservation champions of Upper Elm Red Soil Conservation District will be worked out Thursday afternoon in a meeting of bankers, publishers and radio people at the First State Bank in Gainesville.

Their purpose is to determine when and where the banquet will be held, nature of the program, awards to be given, etc.

After the meeting the group will be guests of First State Bank for its traditional steak supper at Mo-Jo Lodge, Leeper Lake.

## BIRTHS

Mr. and Mrs. Irven Derichsweiler of Lewisville announce a seven pound daughter born 2:10 a.m. Wednesday, March 13. She's a sister for Debbie and Ronnie and a granddaughter for the Bill Derichsweilers, Muenster, and the D. L. Bowers, Saint Jo. Mr. and Mrs. Derichsweiler went to see the newcomer Wednesday.

## Volley Teams Play At Pilot Point

Sacred Heart Alumni teams in the volley ball tournament at Pilot Point last week played some hot contests but failed to get any trophies.

The ladies beat Collinsville in their opener and Sivells Bend in their next game, then lost to Greenwood in the semifinal of the champ bracket.

Alumni men No. 1 beat Pilot Point Untouchables and Tioga Bulldogs before being eliminated by Bob Brown of Pilot Point, the team that went on to the championship.

Another Muenster team, Alumni No. 2 lost two contests in a row.

## County Will Vote Tuesday on Bond Issue for College

Qualified voters of Cooke County who are also listed on the county roll of taxpayers will decide next Tuesday, March 19, whether the county college district will issue bonds to finance construction of two new buildings at Cooke County Junior College.

The election will be held in the gymnasium of the college from 8 a.m. to 7 p.m. with Mrs. Ed Liedtke of Gainesville as presiding judge and representatives from the county's rural areas as assistants. Joe Luke of Muenster is listed as one of the clerks.

The proposed new buildings, which are to be approved or rejected by voters, are a science building with 8,910 square feet and a combination library and administration building with 14,355 square feet. Their estimated cost is \$350,000.

Bonds to raise that amount are scheduled to be retired over a period of ten years, at an interest rate 2 1/2 per cent for the first five years and 2 3/4 per cent for the next five years. Sale of bonds has been guaranteed at those rates. Based on present county valuations, a tax of 10 cents per \$100 is considered adequate to retire the bonds.

It is also pointed out that the tax cannot continue after the bond is paid out. Purpose of the bond issue and the tax is to finance one specific project. In that respect it differs from the college district's present 20 cent tax, the purpose of which is to provide funds for maintenance, a continuing expense.

The need of additional buildings at the college results from vastly increased enrollment in recent years. When the building was erected three years ago it had ample accommodation for its enrollment of 200 full time students. Now the enrollment is increased to a full time equivalent of more than 400 students. Besides, judging from the recent rate of increase and predictions for the near future, the college expects continued growth for the next several years. Without the added facilities the school would have to turn down student applications.

During the past three years the college made some additions to take care of the growth. Those additions were financed through the 20 cent maintenance tax which was authorized in the previous election. Now, however, the combined cost of maintenance and past improvement uses all of the tax revenue. Hence additional revenue is needed for additional expansion.

## Farm Bureau Will Conduct Campaign On Wheat Election

The Texas Farm Bureau will conduct an intensive informational campaign in coming weeks on the wheat certificate plan to be voted on in the late spring, according to TFB President C. H. DeVaney.

"We will give all the facts, including the possible effects if the referendum carries; also, the effects if it fails, and alternatives that might develop in either event," he said.

The state farm leader said the Farm Bureau will not attempt to tell any wheat farmer how to vote.

"It is our belief that the wheat producers of Texas and the United States, if given the facts on the real issues involved in this coming referendum, will vote 'no' by an overwhelming majority!" DeVaney declared.

He noted that voting delegates from county Farm Bureaus adopted the following resolution at the TFB convention last November in San Antonio:

"Farm Bureau should use every effort to defeat the referendum on the certificate plan for wheat if it is presented for vote."

The Farm Bureau leader said the up coming wheat vote poses a "great challenge" to wheat farmers, including those who might grow wheat as a minor part of their farming or livestock operation. He explained (Continued on page 5)

## Schedule of Coming Events

## HOW TO NEGOTIATE WITH COMMUNISTS

By Harry Browne  
 Americans were shocked recently to find their disarmament negotiators virtually throwing themselves at the Communists — in an effort to arrive at any kind of a nuclear test ban.

Yet this has been the pattern of the entire Cold War. We offer — they refuse — we offer more — they still refuse — we offer even more yet — and still they refuse.

And so it's not difficult to see where all this will end. We will eventually agree to — and uphold — a nuclear test ban that permits the Communists to cheat.

### Assumed Policy

Our foreign policy is based on the assumption that we and the Communists are equal — that if we don't come to an agreement with them quickly, a nuclear holocaust will destroy the world.

But if we are really equals, why must we give them wheat at subsidized prices? Why do they need our machine tools so badly? Why are we giving them foreign aid? Why do we allow

their embassies to steal our secrets? Why do we willingly give them all of the knowledge and fruits of our productive private enterprise system — when we know communism could never produce such abundance?

In other words, if they are our equals, why are we keeping their system alive?  
**Obvious Solution**  
 Since the only real threat to world peace comes from the Communists, why don't we just cut off the help we're giving them — and let their system fall of its own weight? If we really want peace, that course seems obvious.

So, let's do the obvious — break off all diplomatic relations, all foreign aid, and all trade with Communist countries. Once they can no longer rely on our help, their own slaves will keep them too busy to harass us — and their system will fall within one year.

What could we possibly lose by such a policy? Is there anything that the Soviets produce that we can't make for ourselves? Is there one single thing that we have gained by negotiating with them?

### Gain from Policy

Obviously, we would gain everything — and they would be forced to face the truth that communism cannot succeed without the help of capitalism.

Under these circumstances, disarmament will no longer be a problem, and there will be no more talk of giving up our status as an independent nation.

If this is the kind of foreign policy you'd like to see Amer-

After a "tax cut" — the shadow remains

ica pursue, get busy and tell somebody — your Congressman, our President, newspaper editors and radio commentators. Let's quit debating false issues like disarmament and start talking up the only foreign policy that can defeat the Communists.

### COSTS OF BIG GOVERNMENT

It is people who create wealth. Governments only consume wealth. It is government consumption of wealth which causes poverty, loss of jobs and lack of opportunity.

If Lake County could keep its Income Tax contribution at home, the County would have enough money to care for every needy person, improve the schools and have considerable left over.

This overhead cost of sending it to Washington, paying its expense and sending it back consumes a big chunk of it, and this cost helps no one except the unneeded government employees.

It is both morally and economically sound to care for the needy. But if government did not take so much there would be more left in the pockets of citizens, who could then buy more. This would create care for a lot of the needy.

Then last — but not least — when government pays the bills it dictates the terms and when government dictates, freedom is lost, initiative is lost and we have a society of big government and of little people, all of whom are needy.

No, we're not against helping any person, but history tells the story that a government handout puts a harness on all the people, both little and big, and the little people suffer the most.

Join us in our efforts to show people that the "Welfare State" is a slave state. Do this and we together will be serving our neighbors, our community and our nation.

Zion-Benton, Ill., News

The best seat belts today can be unfastened in a split second with the flip of a finger. A seat belt can bring you through a terrific crash without being knocked senseless. Then you flip your finger and walk away.

### A REALISTIC APPROACH

A good deal of talk is going the rounds these days regarding the Liberty Amendment to the Constitution.

Most people think of it hopefully as merely an amendment devised to do away with the federal income tax. That and nothing more.

In reality the bill is much more than that. What it proposes to do is take the federal government out of private business and put it back where the constitution originally planned it should be.

The backers of the bill lay claim to certain facts which read well. Their contention is that if we return, at nominal value, the various businesses in which government is now engaging to private enterprise we will be able to make payments on the national debt, bring about, through increased efficiency, a boom in the national economy and thus remove the necessity of the income tax.

Of course to accomplish this enormous task would involve pruning the federal government back to a considerable degree. To the tune of eliminating better than 700 federal agencies which

are now engaging in private enterprise at the expense of the taxpayers.

It would entail the return to the states and individuals of the millions of acres of land now under federal stewardship. And it would put the individual states back in the drivers seat where taxation is concerned. The federal government would still retain the constitutional sources of income such as excise, corporate taxes, duties and other taxes which have always been within the framework of that body. These, it is maintained, would be ample to maintain our national defense and other vital items.

Being a firm believer in states rights we are heartily in favor of the plan. And we confess that we could do without paying the painful and burdensome taxes which Uncle Sam demands from us to maintain his far flung empires. We look eagerly to the day when the people will have, even if they have to take it, a larger voice in government. We relish the day when we can call ourselves free men again instead of economic slaves toiling for federal masters.

We have read all that we can find on the matter and have satisfied ourselves that the bill is a workable one, a realistic one potentially at least an answer to at least a great many of our economic woes.

### Safety Inspection Deadline Is Only One Month Away

With about one month left in which to have motor vehicles inspected, Captain Marvin Blount, Motor Vehicle Inspection Service of the Texas Department of Public Safety, urged motorists to obtain their 1963 inspection stickers immediately. In doing so, he advised that 60% of the registered vehicles in Cooke County have not been inspected for the current year.

"At the present rate of inspection it looks as though the usual ten per cent who wait until the deadline for inspections will be waiting in line on April 15. With crowded inspection stations on this deadline date immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience."

Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and inspection station. If car owners obtain their 1963 inspection stickers early, they will avoid unnecessary delays in inspection.

If a person is thrown from a car during a collision, his chances of being killed are five times greater than if he remained inside the car. Seat belts will keep you "packaged in."

### Candidates Await Mar. 31 Reception In CD of A Court

Eighteen candidates await reception in the local court Catholic Daughters of America on March 31 when the formal ceremonies will be held in the KC Hall.

Final plans for the initiation were completed at the court's March meeting Friday night. Other plans in connection with the event were announced. A buffet supper will follow the afternoon program. It will be a catered meal for members at \$1.25 and those planning to attend are being asked to turn their names in to the officers so that they will know how many to prepare for.

Court Chaplain Father Alcuin Kubis was present and encouraged the women to attend the day of recollection to be sponsored by the Knights of Columbus Council on Sunday March 24. A Jesuit priest will be in charge of the program scheduled to begin at 1 p.m. in Sacred Heart Church and conclude with mass at 5 o'clock.

Officers and members in the drill team set this week Thursday as time for practice in preparation for the reception.

Mrs. Charles Taylor conducted the business session and Mrs. Clyde Fisher served refreshments afterwards. Some 30 members were present.

### Good Attendance Marks Triduum of Franciscan Group

Father Elias Koppert, O.F.M.

An average attendance of between 60 and 70 members of the Third Order of St. Francis of Sacred Heart Parish marked the three days of special services and conferences in connection with the 1963 Triduum.

Father Elias Koppert, provincial from Chicago, was in charge.

Each day began with mass at 8 a.m. and a morning conference, and each afternoon there was a special service and sermon and opportunity for individual conferences.

Among topics on which Father Elias spoke were Desire for Perfection, That I Know Myself, God Is Love, St. Francis, The Mother of God, and The Spirit of Brotherhood in the Order.

It was voted to place a plaque containing the "Peace Prayer of St. Francis" in Muenster's new hospital as a memento from the fraternity.

Special features and services during the three days included the reception and profession of two new members, Mrs. John Knabe and Mrs. Leo Sicking. Father Elias also led the fraternity in consecration to the Sacred Heart and ended the triduum by giving the Indulgence Blessing and the Papal Blessing.

One day he was with the members of St. Mary's Parish in Gainesville and one day he met with St. Peter's Parish tertiarities in Lindsay.

### In Weatherford at Sister's Funeral

Mrs. T. S. Myrick's oldest sister, Miss Lillie Bradshaw, 65, a native and life-long resident of Weatherford died suddenly of a heart attack Friday afternoon at the family home. She had been taking care of her 87-year-old mother, Mrs. Pauline Bradshaw, who is critically ill.

Funeral services were held Sunday afternoon in Weatherford.

Among those at the funeral were Mrs. Myrick, Jim Myrick, Mr. and Mrs. Pat Stelzer of Dallas and Mr. and Mrs. J. M. Weinzapfel. All of the Bradshaw brothers and sisters attended the services. Some were there at the time of Miss Bradshaw's death. They came on account of the critical illness of Mrs. Bradshaw. Mrs. Mike Tarantola of Arlington, Va., and Miss Lou Dora Bradshaw of Ivy, Va., made a flying trip to attend the funeral.

BUM STEER—The weather vane was not working, so a cowpoke had to straddle the slanted roof to adjust it. The high adjusting job took place near Nogal, Ariz.

### JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yelling for attention all the time, buy a "new reliable" Chevrolet.

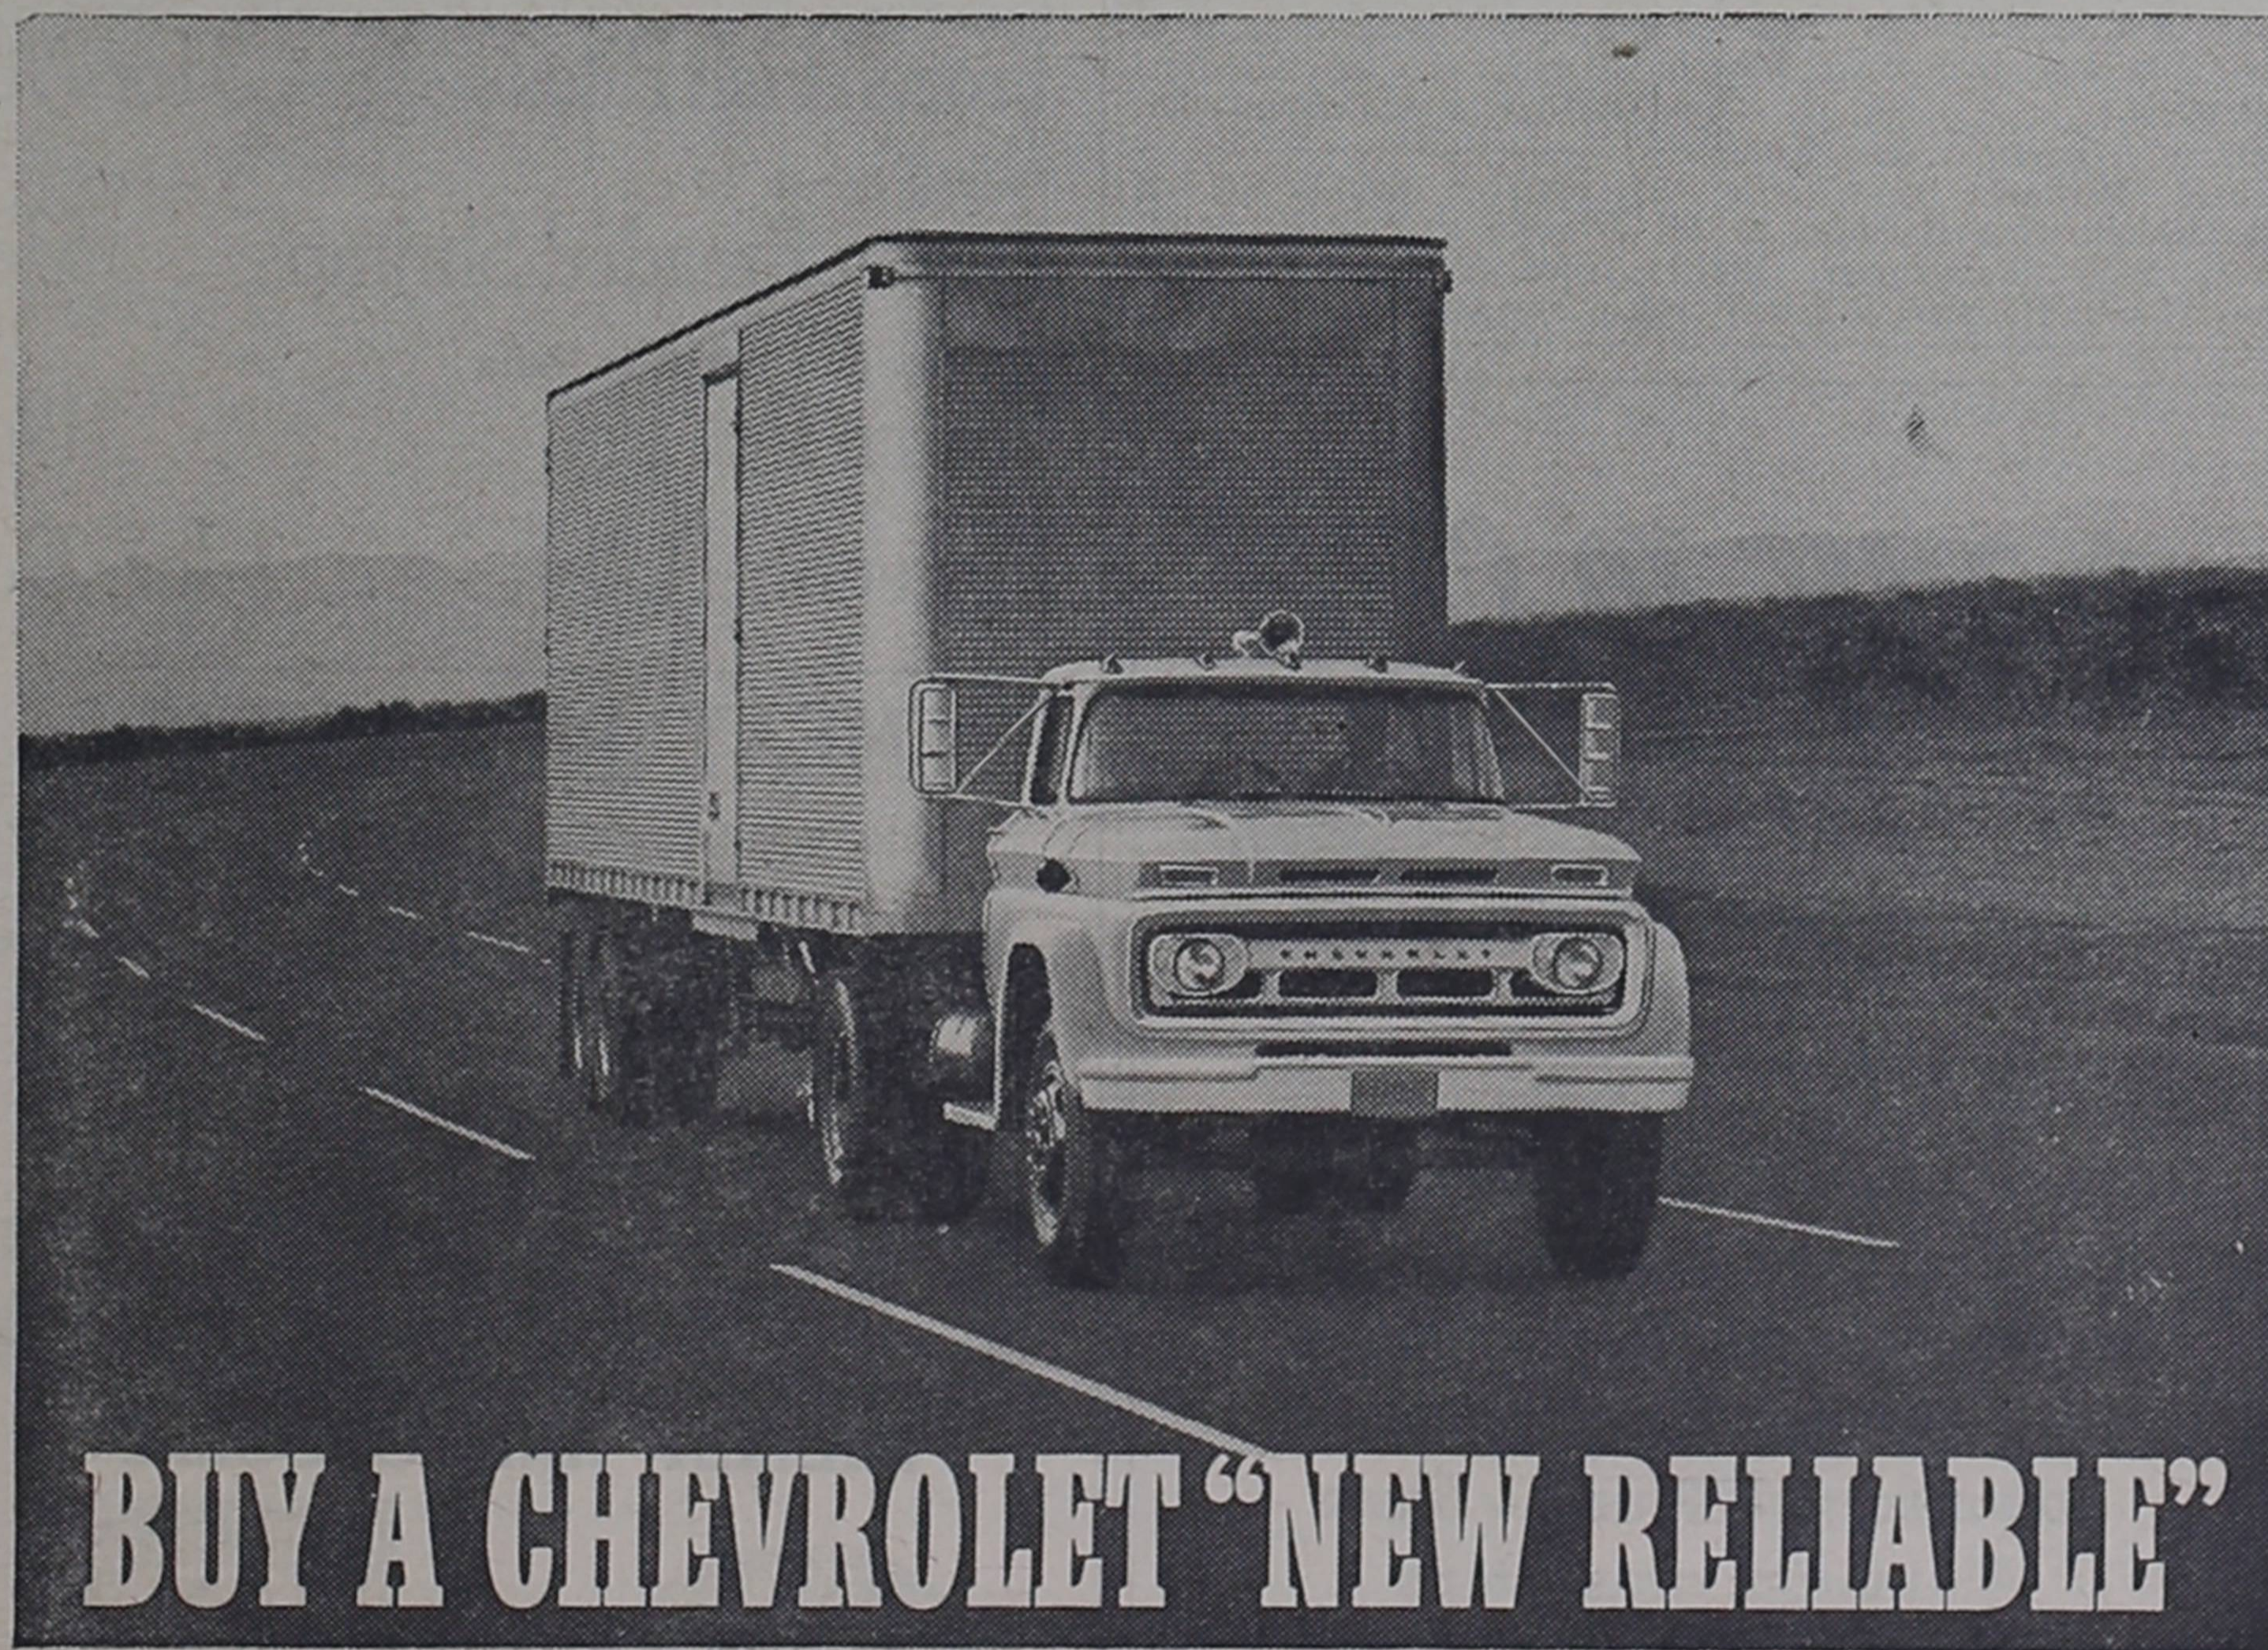

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for you, not vice versa.

The way to build such a truck is to put more quality into it. For example, Chevrolet doesn't build one type of suspension system for all sizes of trucks. Chevrolet designs suspension systems to

fit your need. The light-duty type is strong on comfort. Another kind for heavier trucks stiffens up as you increase your load and vice versa. Make sense?

Conventional pickups have double-wall construction in cabs, doors, lower side panels. Roofs are insulated. Body floors are select wood, not metal. Tailgate chains are wrapped in rubber. If you'd like to examine or drive a new '63 Chevrolet truck, just call us. We'll be right over.

## Local News BRIEFS

Former Cooke Countians who resided in the Forestburg and Rosston areas were back there Sunday. They are Mr. and Mrs. Robert Jones and Mr. and Mrs. Ollie Jones of Fort Worth. They were gathering information for Robert Jones' forthcoming book, "The Lost Treasure of the Findley". They gathered history for the historical work from Rosston Cemetery where they found the grave of their childhood school teacher Sherman Bewley.

Former Muenster residents Mr. and Mrs. Bill Herr of Pampa had a few days visit this week in the old hometown with relatives and friends.

Cheering Mrs. Henry Pick with a weekend visit while she had the flu were her daughter and family, Mr. and Mrs. Jim Schwartz, Jimmy and Phil, of Fort Worth.

Miss Clara Fisher came from Fort Worth Thursday to spend to Saturday with her parents, the Charlie Fishers, and Miss Emma Fisher and her roommate, Miss Judy Phillip, also of Fort Worth, came Saturday and stayed through Sunday.

The Tony Wiesmans of Gainesville have word that their son Louis Wiesman and family are back in Texas. His oil field work transferred him from Farmington, N. M., to Kermit.

The Wendel Richey family is together again since Mrs. Richey is back at home recovered from illness that sent her to Nocona Hospital for three days. While she was hospital-

ized Graig Richey visited his aunt and family, the Bill McCollums at Dallas, Robynn Ann stayed with her grandparents, the Herman Richeys at Gainesville and baby Todd Richey stayed with his grandparents, the Dick Cains. Mrs. Richey spent several days convalescing at her parents home. The McCollums came for a weekend visit bringing Craig back and the Dickie Cains and children of McKinney joined them for a visit Sunday.

Mrs. J. C. Darilek of Fort Worth helped nurse her mother, Mrs. Henry Henscheid, who was hospitalized at Gainesville last week.

Alphonse and Miss Theresa Luke were in Fort Worth Sunday visiting their nephew and family, the Edwin Lukes, and getting acquainted with the newest addition to the family, a baby girl named Mary Ann. She's a sister for the couple's two boys Joey and Timmy. Also visiting at the Edwin Luke home were Mr. and Mrs. C. J. Rucker and daughters Darla and Theresa and Vincent Luke of Fort Worth.

### Miss Walterscheid Johnny Reiter Set Wedding April 27

Announcement has been made by Mrs. Alphonse Walterscheid of the engagement and approaching marriage of her daughter Jeanette to Johnny Reiter, son of Mr. and Mrs. Albert (Buddy) Reiter.

The couple has selected Saturday, April 27, as the wedding date. The nuptial mass will be celebrated at 5 p.m. in Sacred Heart Church.

Selected as attendants for the bride are her sisters Mrs. Doyle Voth of Lindsay and Miss Frances Walterscheid. The groom's attendants will be Doyle Voth and Jerry Reiter, a cousin.

**UNEXPECTED SURPRISE**—When a movie company locates in a warm area to do a film, it's very surprised when snow falls, as it did in Segovia, Spain, where a new film is being shot. Actor Stephen Boyd found himself driving his chariot on snow-covered roads.

### Camp Fire Girls Activity

#### Leader Meet

Camp Fire Girl leaders met Tuesday night when Mrs. Robert West of Gainesville, county leader, was a visitor and guest speaker. She discussed Camp Fire Week March 17-24, with the 17th designated as Founders Day.

Those present made plans to observe the week with attendance of all girl groups at mass and a brunch afterwards with parents as guests. Tentative date for the observance is March 24. At this time the girls will present an entertainment program to acquaint their parents with Camp Fire activity.

#### Awakanita

Sixth grade Camp Fire Girls had their meeting at the home of Mrs. Bernard Swirczynski Tuesday after school. They elected officers as follows: Dianne Hess, president; Kathy Miller, vice president; Doris Fisher, secretary; Valerie Voth, treasurer; Gloria Morrison, scribe.

In other business the group plans to observe Camp Fire Week by attending mass Sunday, March 17, and having breakfast afterwards at the home of Kathy Miller. Her mother, Mrs. Herbie Miller, is assistant leader.

The meeting closed with refreshments served to nine present.

### SOIL CONSERVATION DISTRICT NEWS

Soil Conservation personnel who assist the Upper Elm-Red Soil Conservation District cooperators in the Muenster-Saint Jo-Forestburg area report that many acres of oats were lost this winter due to cold weather. Several farmers have replanted but many have not.

SCS technicians point out that this is the season for planting clover which could be over-seeded on frozen-out oats fields. Clover is an outstanding soil building crop in this area. (Don't forget to sign up for ASC cost-share). The time is also right for top dressing small grain with nitrogen. A landowner who doesn't intend to fertilize should talk to a neighbor who has. It does pay to fertilize.

Several district cooperators have already applied some permanent practices in keeping with their conservation plan. J. W. Fleitman has cleared 12 acres of timber, sprigged 12 acres of Coastal Bermuda, and built a farm pond. New fences, corrals and buildings have also been constructed. ASC cost-share on the grass planting and timber clearing and pond construction was approximately \$400.

Frank Haverkamp has sprigged 36 acres to Bermuda. These acres will provide safe outlets for about five miles of terraces and high quality grazing for livestock.

Arnie Knabe had a 70-foot wide waterway shaped with a dozer. Approximately six acres, including this shaped area, will be sprigged to Bermuda and will serve as terrace outlets as soon as grass is established. The Voth brothers, Ray and Ted, sprigged 10 acres to Coastal Bermuda making about 30 acres of Coastal under irrigation. This is another "first" for this area.

Other cooperators who have planted Bermuda grass this year include Ben Calhoun, 20 acres; Billy Dangelmayr, 12 acres; Charlie Hellman, 10 acres;

Ferd Luttmer, 12 acres; Ed Knaut, 10 acres.

If you use the district sprig planter don't forget to pay the rent — \$1.50 per acre — it's the only income the district has for upkeep on machinery and other activities.

### 3rd Order Group Has Monthly Meet

March meeting of the Third Order of St. Francis of Sacred Heart Parish was held in church Sunday afternoon after recitation of the office. About 25 members were present. Mrs. Edd McGannon, prefect, presided.

Mrs. Leo Henscheid, fraternity secretary, gave a report on the annual tridium conducted by Father Elias Koppert, Franciscan provincial from Chicago.

Mrs. McGannon announced that offering had been made from the treasury to keep the sanctuary light burning for another year in Sacred Heart Church.

She then presented two short readings entitled "Minute Meditations on the Rule" and "How Do I Love Thee," both appropriate for the season of Lent, as was Mrs. Leo Henscheid's brief presentation "The Spiritual Key."

### Housewarming

Relatives and friends — some 47 of them — staged a housewarming for Mr. and Mrs. Wylie Edwards at their new home in Sunset Friday night. Those attending the party brought gifts, inspected the new three-bedroom brick home and enjoyed punch, coffee and cake. Among those present were Mrs. Edwards' parents, the C. W. Martins.

### VFW at Sherman Flying Roundup

Muenster's Veteran of Foreign Wars Post was among the posts of District I represented at the flying roundup in Sherman Sunday.

Arthur Hess and Herbie Herr were at the Sherman airport for the meeting with the roundup team headed by Carter Younts, department commander, of Sinton and Buck Jenkins of the Department of Alabama, national junior vice commander.

The Golden Rule is old but it's as good as ever. It hasn't been used often enough to result in any appreciable wear.

When the founding fathers talked about "pursuit of happiness", they didn't mean out on the highway at 90 miles an hour.

When some people consider traffic rules and laws, their minds become like concrete: thoroughly mixed and permanently set.

 4-H clubbers of Sacred Heart School's intermediate club had their March meeting Wednesday with Mrs. Evelyn Yeatts bringing the program. She discussed socks and hose and showed the group how to put on nylons correctly.

Linda Rohmer gave a report on the Food Roundup in which she won first place in the county contest. Gloria Gieb reported on the Share-the-Fun Festival. Mary Ellen Endres, president, presided. Janie Knauf called the roll and Paula Herr counted 40 members present.

Traffic crash injuries — both serious and fatal — are reduced more than one-third if car occupants are wearing seat belts.

**Farm Bureau . . .**  
 that if the certificate plan carries in the referendum, "it will be the first step leading toward the complete control of all agriculture under the supply management theory." Defeat of the plan will clear the way for enactment of a sensible solution of the wheat surplus problem," he said.

"Farm Bureau has developed a sound program for enactment after the certificate plan is defeated," DeVaney said. "Many members of Congress are already drafting legislation to be offered after the defeat of the wheat proposal in the referendum."

In citing the widespread opposition to the certificate plan, DeVaney said that voting delegates representing 1,600,000 members of the American Farm Bureau Federation at the December national convention adopted the following policy in regard to this type of farm program:

"We are opposed to multiple price or certificate plans. Such plans require rigid controls, restrict freedom of production, maintain unrealistic high price supports and encourage production of synthetics and other substitutes.

"The multiple price wheat certificate plan, authorized by the Food and Agricultural Act of 1962 is the most complicated and restrictive version ever seriously considered. If approved by a two-thirds vote in the forthcoming referendum, this plan would create a multitude of serious problems never before encountered and divide the market for milling wheat among all growers without regard to milling and baking quality. Fortunately, for farmers, consumers, and all taxpayers, wheat producers can defeat this plan by voting 'NO'.

"We recommend that Farm Bureau organize and conduct an intensive information campaign with wheat growers in all commercial states to explain fully the provisions and implications of the alternative programs to be offered farmers in the 1963 Wheat Referendum."

Grand opening of Sanner Shoe Store set Saturday. Heaviest snowfall of the winter falls Wednesday; three and a half inches cover community; school is dismissed. Eight more pass tests to bring Scout membership to 15. Herbie Yosten is new commander of VFW Post. C. F. Gobble is making satisfactory recovery from major surgery performed at the VA Hospital in McKinney. Father Anthony Gajda of Valley View is continuing to recovery from a paralyzing stroke and is conducting all church services without the help of an assistant now. Lindsay 4-H senior club girls take first place in county Share-the-fun Festival. Four local girls, Janice Klement, Mary Pick, Emma Fisher and Marcy Klement get nurses caps.

**Mrs. Schad Hostess For Altar Society**

The Altar Society of St. Mary's Church, Gainesville, met in the home of Mrs. H. P. Schad for the regular meeting. Father Richard Sokolski was present and opened the session with prayer.

Mrs. Schad presided and committee chairmen gave reports Mrs. J. C. Sluder and Father gave a report on the Interpretation of the Scriptures. This Bible course is being held each Friday evening at 7:30 in the school and members were urged to attend. Father Richard is instructor.

Tentative plans for the society's next event, a spaghetti supper, were announced by Mrs. Joe Krahl. The next meeting will be May 1. The society holds four meetings a year. The hostess served refreshments to 10 members and Mrs. Willard Kuhn won the door prize.

Poise is the ability to talk fluently while the other fellow is paying the check.

**Brooks Smith Is Named Agent for Montague County**

Brooks Smith, assistant Cooke County agent since August 1960 has resigned his post to accept the job of county agent of Montague County. Smith's resignation is effective immediately and he plans to be on his new job by April 1. He will replace Wylie Roberts as Montague County agent.

Smith came to Cooke County after being graduated from Texas Tech. His major was in animal husbandry. He worked with 4-H Club members and helped build the program into one of the best in the state. Under his leadership, the 4-H Horse and Pony Club was organized last year.

County Judge William Carroll sail a replacement for Smith will be named around May 1. Members of the commissioners court accepted the resignation at their meeting Monday morning.

Wylie Roberts who was Montague County agent for 12 years has accepted a similar job in Kaufman County.

Modern man: One who drives a mortgaged car over a bond-financed highway on credit-card gas.

Whales, largest animals ever to inhabit the globe, come in many varieties including sperm, killer, humpback, narwhal and bottle-nose. But most curiously named, reports the Chicago National History Museum, is the "right whale". The 45-foot mammal was dubbed this by whalers because it contained large amounts of the precious oil they were seeking, had the longest and best 'whalebone', was a slow swimmer and conveniently floated when killed.

**NOTICE OF SALE OF REAL ESTATE UNDER EXECUTION**  
 THE STATE OF TEXAS  
 COUNTY OF COOKE  
**NOTICE OF EXECUTION SALE**  
 By virtue of an execution issued out of the District Court of Knox County, Texas, on a judgment rendered in said Court on the 6th day of March, 1959, in favor of H. F. Lack and against the said H. B. Poff, in the case of H. F. Lack against H. B. Poff, No. 5294, in such court, I did on the 25th day of February, 1963, at 4:00 o'clock P.M. levy upon the following described tracts and parcels of land situated in the County of Cooke, State of Texas, as the property of the said H. B. Poff, to wit:  
 Being an undivided 054687 leasehold working interest in the minerals which the judgment defendant owns in the South 100 acres of the following described land, which leasehold working interest the judgment defendant owns under an oil, gas and mineral lease from Frank J. Trubenbach and wife, to H. B. Poff dated September 19,

1946, recorded in Volume 311, on page 432 of Cooke County Deed Records, covering the following described property:  
 200 acres of land in Cooke County, Texas, out of the Peter Davidson and Jonathan Clark surveys and being lots Nos. 1 and 2 of H. L. Stuart's subdivision of the G.S. Johnston ranch, described as follows:  
**BEGINNING** at the NW corner of said lot No. 1 being the NW corner of the Peter Davidson survey and the SW corner of the A. Patterson survey;  
**THENCE** South with the west line of said Peter Davidson survey at 1088 varas passing the SW corner of said Davidson survey in all 1188 1/2 varas to SW corner of said Lot No. 1;  
**THENCE** East 950 varas to SE corner of said Lot No. 2;  
**THENCE** North with the east line of said Lot No. 2, crossing the South line of the Peter Davidson survey at 130 1/2 varas in all 1188 1/2 varas the NE corner of Lot 2 on the North line of the Peter Davidson Survey;

**THENCE** West 950 varas to the beginning and on the 2nd day of April, 1963, being the first Tuesday of said month, between the hours of 10 a.m. and 4 o'clock p.m. on said day, at the Courthouse door of said county, I will offer for sale and sell at public auction, for cash, all the rights, title and interest of the said H. B. Poff in and to said above described real estate located in Cooke County, Texas.  
 Dated at Gainesville, Texas, this 26th day of February, 1963.  
 O. E. Whismand  
 Sheriff of Cooke County, Texas  
 15-16-17

**Lone Star to Open Fertilizer Plant At Gainesville**

Lone Star Producing Company's Chemical Division is beginning immediate construction of a fertilizer service center and mixing plant at Gainesville, it was announced today by Roy E. Jury of Dallas, division vice-president.

"These modern, functional facilities will be in operation on approximately April 15," Jury said. "We expect to have both bulk and bagged fertilizer materials and mixed goods in the hands of dealers no later than May 1."

"This will be the first of a number of service centers planned to enable Lone Star Producing Company dealers to better serve the fertilizer requirements of Texas farmers and ranchers," Jury added. "It will operate under the supervision of H. G. (Mike) Wells of Dallas, manager of marketing for the Chemical Division."

The service center and mixing plant will be located on 15 acres of land owned by Lone Star Gas Company, the parent firm. Plant facilities will also include bulk storage for fertilizer materials, including urea (45% nitrogen), ammonium nitrate (33.5% nitrogen), ammonium phosphate and potash. The company facilities will be located on Highway 82, one mile west of the Highway 77-82 intersection in Northwest Gainesville.

The site can be reached by a network of all-weather highways affording fast delivery of dealer orders. A siding on the property insures fast in and out movement of rail shipments.

It is expected that most employees for the Gainesville plant will be recruited in the Gainesville area.

**IN THIS WORLD**  
 WITH THE NEW WORLD, EUROPEAN FOUND "CHOCOLAT" FLAVOURED WITH VANILLA AND HOT SPICES AS THE ROYAL DRINK OF THE AZTECS OF MEXICO AND THE INCAS OF PERU.  
 CHOCOLATE IS MADE FROM THE BEANS OF THE CACAO TREE, ORIGINALLY FOUND IN THE AMERICAN TROPICS.  
 PARTLY DUE TO HIGH COST AND TAKES THE USE OF CHOCOLATE WAS PRESERVED FOR 200 YEARS AS A LUXURY.

**THEN TWO ENGLISHMEN MADE CHOCOLATE THE WORLD'S NUMBER ONE FLAVOR...**  
 (18th ADVERTISEMENT) JOHN CADBURY'S MILK CHOCOLATE  
 IN 1690 DR. HANS SLOANE INVENTED MILK CHOCOLATE, BUT IT WAS NOT UNTIL THE 1840'S, WHEN JOHN CADBURY PIONEERED IN CHOCOLATE MAKING, THAT THE CHOCOLATE STORY REACHED ALL PARTS OF THE WORLD.  
 IN TURN, CHOCOLATE MADE CADBURY A LEADER OF ENGLISH BUSINESS. CADBURY'S MAIN FACTORY BUILT ON A FARM SITE, PLANNED LIKE A PARK, BECAME A MODEL FOR BRITISH INDUSTRY.  
 THUS, JOHN CADBURY'S INCENTIVE TO MAKE SOMETHING MORE USEFUL GREW TO EMBRACE MANY ACTIVITIES.

Lone Star recently announced that it will construct a \$20 million fertilizer complex between Kerens in Navarro County and Trinidad in Henderson County. When this complex goes on stream in late 1964, it will produce anhydrous ammonia, urea, ammonium nitrate, nitrogen solutions and ammonium phosphates.

"Hello."  
 "Hello."  
 "That you, Jake?"  
 "Yep, this is Jake."  
 "It don't sound like Jake."  
 "Well, this is Jake speaking all right."  
 "Are you sure this is Jake?"  
 "Sure, this is Jake!"  
 "Well, listen, Jake. This is Henry. Lend me fifty dollars."  
 "All right, I'll tell him when he comes in."

**Local News BRIEFS**

Mr. and Mrs. J. P. Flusche and family went to Irving Sunday for the baptism of the Flusches' new grandson, David Craig Martin, baby son of Mr. and Mrs. Bill Martin. The grandparents served as proxy sponsors for Mr. and Mrs. Dave Flusche of Lubbock. After the christening service the two families were together for the evening meal.

Mrs. Bill Duncan of Hereford is visiting her daughter and family, the Melton Ramseys, getting acquainted with her newest grandson. Sunday visitors with the Ramseys were her uncle and aunt, the Buster Duncans and son Billy, and friends Mr. and Mrs. C. D. Matney, all of Milburn, Okla.

Mr. and Mrs. H. D. Cook of Forestburg spent Sunday in Royce City with her uncle and aunt Mr. and Mrs. Robert Terrell. They took covered dishes with them for the noon meal.

Flying in for a visit Thursday with their parents were Mr. and Mrs. P. W. Hellman of Tulsa. They were guests of Mrs. G. H. Hellman and Mr. and Mrs. J. M. Weinzapfel.

Mrs. J. M. Weinzapfel was in Wichita Falls Friday to visit the Steve and Ed Ottos.

Mr. and Mrs. Alvin Fuhrman and Mr. and Mrs. Billy Jo Miller of Muenster Telephone Corporation attended the 58th annual Texas Telephone convention in San Antonio last week. In addition to business there was an entertainment including a banquet and dance and a luncheon for the ladies. Enroute the two couples stopped in Austin for a visit with the Jerry Fuhrmans.

From brewing time ... to taste sublime

**IN TEXAS BEER IS A NATURAL**

Brewed slowly, by a centuries-old natural process, beer is Texas' traditional beverage of moderation — light, sparkling, delicious.  
 And naturally, the Brewing Industry is proud of the millions of dollars it contributes to this state's economy through wages, advertising, rentals, insurance, transportation and utilities. Money made in Texas, spent in Texas. In Texas, beer belongs, enjoy it.

**In the open test that tears 'em apart...the Daytona 500 Ford durability conquered the field**  
**1st, 2nd, 3rd, 4th, and 5th**

**BOX SCORE OF DURABILITY STAMINA AND PERFORMANCE AT DAYTONA, FEB. 24, 1963**

NUMBER STARTED	NUMBER FINISHED	POSITIONS
12 '63 1/2 FORDS	9	1, 2, 3, 4, 5, 10, 11, 17, 24
5 '63 CHEVROLETS	2	9, 14
7 '63 PONTIACS	3	7, 8, 13
5 '63 PLYMOUTHs	3	6, 18, 23
2 '63 DODGES	0	
1 '63 CHRYSLER	0	

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963 1/2 Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story...car endurance that takes brutal punishment and comes back for more.  
 No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking... and all the other things that go into Ford's concept of total performance.  
 These were the same '63 1/2 Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!

IF IT'S FORD-BUILT, IT'S BUILT FOR PERFORMANCE...TOTAL PERFORMANCE

Mr. and Mrs. J. A. Sanders went to Fort Worth Friday to spend the day with their children and families.  
 Weekend guests of the Harold Walterscheids were her sister, Miss Clara Richter of Dallas, and their son and his wife, the Delbert Walterscheids and children Brad and Delanne of Rockwall.

Dr. and Mrs. W. L. (Monte) Hellman have let friends know they are in their new home now. Their new address is 2011 Dancliff Dr., Dallas 24, Texas.

Weekend visitors with the Joe Lukes were their son and his wife, the Norman Lukes and children Karen, Susan and Norman Jr. of Shreveport, La.

Mr. and Mrs. Bill Kathman went to Grand Prairie Sunday to help their daughter, Mrs. Stan Wylie celebrate her birthday at a noon dinner. Also joining in the observance were the Kathmans' other daughter and family, the W. E. Inselts of Gainesville.

Visiting Mr. and Mrs. C. F. Gobble Tuesday were their son and daughter-in-law, the Pat Catheys of Fort Worth. Others making a short visit were Mr. and Mrs. Harv Bowen of Saint Jo and their grandson Tandy Bowen of Irving who is spending a week with his grandparents while his mother is in Albuquerque, N. M., at the bedside of her mother.

**Birthday Honoree**

A supper party was a birthday courtesy Sunday evening for Sonny Walterscheid. His parents, the Mike Schillings, were hosts in their home. Gifts, picture taking and a decorated cake were party highlights. Present with the hosts and honoree were Mrs. Sonny Walterscheid and daughter Renata, Mr. and Mrs. Dennis Hofbauer and son, Mike, and Mr. and Mrs. Floyd O'Neal of Gainesville.

There is a popular misconception that government helps the small businessman. The truth is, if we get much more help we will be forced out of business.

**Heart Ailment Is Fatal to E. Newby At Bulcher Home**

A heart ailment that had been troubling him for some time brought death to Everett Newby, 68, about 3:30 p.m. Sunday at his home on the Dennis oil lease in the Bulcher community where he was a pumper.

Artificial respiration failed to revive him after he suffered the attack.

Funeral services were held Tuesday afternoon at 2 o'clock in the Church of Christ at Saint Jo with Lloyd Norris and Winstead Cooper officiating and Scott Bros. Funeral Home in charge of arrangements.

Surviving are his wife Edith; two daughters Mrs. Carl Rowe of Heflin, Ala., and Mrs. R. B. Dennis of Denton and one son, John Newby of Henrietta; nine grandchildren, one sister and three brothers.

### Lindsay News

The baby son of Mr. and Mrs. Leroy Schmidkofer has been named William Joseph. Little Billy was baptized March 10 with Mr. and Mrs. Joe Paul Fuhrmann as their nephews' godparents. They were accompanied to church by Billy's three sisters and their daddy who witnessed the ceremony and made pictures. The baby wore the traditional christening dress of the Hess family, also worn by his three sisters before him.

Lindsay School had some of the top winners in the Cooke County Science Fair of 1963. Students won three first places and one second. First in fourth grade was Joyce Hellingner. In seventh grade Barbara Fuhrmann was first and Mary Jane Beyer second. Another first was Robert Fuhrmann's exhibit in the boys' biological.

Mr. and Mrs. H. L. Herron of Denison were Lindsay visitors Tuesday, guests of the Bernard Giebs and getting acquainted with their new granddaughter Margie Gieb. The Herrons also visited in Muenster with her father Gus Knabe and other relatives, making pop calls, before they returned home.

### Craft Club Groups Meet at Lindsay

Three groups of Lindsay Craft Club members spent a busy hour and a half at their projects Monday afternoon when they gathered for their March meeting. Ice cream was served before activity started.

Mrs. Bob Lutz and Mrs. Norbert Rohmer supervised their group of 17 girls who painted rabbit spoon-holders. Mrs. Al Bengfort's group of 12 boys made and painted tote baskets. They used equipment purchased through the Gold Bond project which the club participates in.

Mrs. Andy Arend's group did not meet on account of her illness and Mrs. Ray Laux set the meeting of her group for some time later this month.

### Burial at Lindsay For Hess Infant

Mass of the Angels was celebrated in St. Mary's Church at Gainesville Monday afternoon at 3 o'clock for infant Russell Joseph Hess, four-month-old son of Mr. and Mrs. Alfred Hess, 1428 Cherry St., Gainesville. The child died Sunday 4:15 a.m. in Gainesville Hospital.

The Rev. Thomas Taaffe officiated at the mass and at graveside rites in St. Peter's Cemetery at Lindsay. George J. Carroll and Son Funeral Home was in charge of arrangements.

The baby was born Nov. 13, 1962. Survivors in addition to the parents are one brother, Douglas, and grandparents Mr. and Mrs. John Hess and Mr. and Mrs. W. J. Neu of Lindsay.

### Confetti - - -

about \$100,000 from state per capita allotments. Another \$160,000 would be very welcome and helpful to the area.

Figured from several angles, next week's college expansion proposal looks like a good one. There are few in the county whose benefits will not be much greater than their costs.

Still figuring the angles, we can even overlook much of the unpleasantness of paying an additional tax. We can see our money's worth in this deal. Which is a lot more than we can say for our remittances to the federal government.

### Marysville News

By Mrs. John Richey

Mrs. Don Self and son Donny of Dallas and Mr. and Mrs. Eddie Collins and family of Lewisville visited over the weekend with their parents, the Charlie Winchesters.

Double pneumonia sent R. D. Morris to the hospital Saturday. He is a patient at Lindsay Street unit of Gainesville Hospital. Mrs. R. D. Morris has been sick at home and other shut-ins have been Mr. and Mrs. Reagon McElreath, Mrs. W. F. Davidson, Jim Shiflet, Mrs. Grady McElreath and Brenda Tuggle.

Mr. and Mrs. Sam Sparkman and sons Larry and Sammy drove to Saginaw Saturday to visit his mother, Mrs. J. B. Sparkman and his sister and husband, the Joe Hemphills.

Mrs. B. G. Lyons attended a birthday supper and party Saturday evening honoring her granddaughter, Mrs. Ed Eastin at her home in Gainesville. Others present were Mrs. Marie Stiles, the Beverly Eastins, Stanley Drake, all of Gainesville, and the Bill Paces and daughters of Ardmore. Mrs. Lyons returned home Sunday afternoon after staying over night with her daughter, Mrs. Stiles.

Mrs. Joe Doughty and Mrs. John Richey were Wednesday afternoon visitors in Nocona.

Miss Faye Embrey of Sivells Bend spent the weekend at the guest of Linda Wilson.

Mr. and Mrs. Earl Robison have been making regular trips to Sherman for bedside visits with her brother, Ivan Davidson, who had surgery Friday at Wilson N. Jones Hospital.

Mrs. Bill Roe has returned to her home at Callisburg after being a flu patient at the home of her parents, the W. F. Davidsons.

Debbie Cain of Muenster spent the weekend with Becky McElreath.

Mr. and Mrs. John Richey visited the John Barnes family at Hood Thursday evening.

Mrs. Charles Davidson and Becky were among those at the Cooke County Science Fair in Gainesville where Becky won first place on her entry showing the effects of colored lights on plants. Others at the Fair were Mrs. Nig Wilson and Linda. Linda's exhibit placed third. Also taking in the Fair were Mrs. Jack Tuggle and Ricky and Brenda. Ricky was a third place winner on his exhibit.

Mr. and Mrs. Ernest McElreath visited Sunday afternoon with Mr. and Mrs. Ruel Lester at Gainesville.

Mr. and Mrs. Charlie Winchester left Tuesday for Dallas where Mrs. Winchester entered Gaston Hospital as a surgical patient.

Weekending with the Joe Doughtys were their son and family, the Sheldon Doughty of Temple. The Jimmy Doughtys of Muenster joined them for a visit Saturday evening. And Weldon Matthews of Myra spent Saturday over night with Wayne Doughty.

The Delbert Taylors and daughters of Fort Worth were dinner guests of the Nathan Whitts after Sunday services at the Baptist Church.

Mrs. Hattie Burks of Myra visited two days the past week with her daughter and family, the Nig Wilsons.

Patricia Davidson was honoree at a party Monday afternoon celebrating her fourth birthday. Birthday cake, ice cream and punch were served by her mother, Mrs. Charles Davidson to Diane Price and her mother, Mrs. Cooper Price, Brent and Chris Tippie and their mother Mrs. J. W. Tippie, all of Saint Jo, and Mike and Kathy Davidson. The honoree displayed a shower of gifts.

Visitors with Mr. and Mrs. Linzie Branch Monday afternoon were her sister Mrs. Morris Polson of Fort Worth coming with her daughter Mrs. Margie Simpson and daughter Bridgett of Gainesville.

Mrs. Bill Duncan of Hereford has been out for a visit with Mrs. Sam Sparkman while Mrs. Duncan is a visitor in Muenster with her daughter and family, the Melton Ramseys.

Mr. and Mrs. Fred Richey and son Larry of Sivells Bend visited Friday evening with the John Richeys and Larry remained over night and through Saturday.

Miss Peggy Branch spent the weekend in Gainesville with relatives, Mr. and Mrs. Glenn Burch.

Mrs. Charles Davidson and children drove to Walnut Bend Sunday to visit her parents and the youngsters' grandparents, Mr. and Mrs. O. B. Siegmund.

**BOLENS MUSTANG TILLERS**  
have what counts - **TILL-ABILITY**  
There are three MUSTANG tillers to choose from - one is best for your gardening needs.  
**Super Mustang**  
3-hp all-purpose tiller. Tire extensions permit cultivating widths up to 46 1/2 inches; outer tire hubs removable for narrow 12 1/2 inch cultivating; quickly adjustable depth shoe; forward and reverse speeds; Briggs & Stratton Easy Spin starting.  
**Mustang** - 3-hp vertical-drive shaft tiller with fully enclosed worm-gear and clutch assembly. Controlled by just one lever. Quality and dependability at a budget price.  
**Professional Mustang**  
4 1/2-hp heavy-duty tiller, designed for rental use or for the professional gardener. Sturdy, tough, durable - yet well-balanced and easy to handle. Trouble-free features include heavy-duty gear case.  
Choose the MUSTANG that suits your tilling needs. See us today.
