Tigerettes Win Champ Trophy in Sanger Tourney

With joyful reunions and public fanfare the first group of Cuban invasion prisoners ransomed by the \$53 million shipment of foods and medicines arrived just before Christmas in Florida. That must have been a wonderful experience for the prisoners, getting home after 20 months of misery as captives of the bearded fanatic, always wondering whether they would be disposed of in typical communist style.

No doubt the deal also brings welcome relief to the official conscience of this county. It compensates, at least to a small extent, for the betrayal those invaders experienced on their mission. They had official assurance that United States air support would help them in their landing. But the promise was cancelled, unknown to them, and they found themselves helpless against the Castro forces. The whole episode makes a disgraceful chapter in our history. And now the exchange amounts to an official admission of guilt as well as an act of ransom.

But let's remember also that it's a highly profitable deal for Castro. This urgently need stock of foods and drugs will give substantial help to his sagging economy. We have been maneuvered into helping our enemy.

Of course, there is also another way of looking at it. Most likely our foreign aid do-gooders would have given the stuff to Castro anyway. So, this time at least, we can assume that we have a return for our gift.

Official decree states that reading the Bible is illegal in public schools of Illinois. At the same time a state law requires that a Bible be provided for every state inmate. Parents have the comforting (?) assurance that even though their kids are not permitted to read the Bible in school they will be permitted to do so if they go to prison.

In what seems to be a well started movement in many parts of the nation, merchants of Texarkana have removed from their counters all items manufactured in communist countries. They are doing so on the request of a "Committee Against Sale of Communist Slave Products."

The idea sounds like a dandy. After all, it is absurd for us in this country to help out our enemies by buying their goods, and it's a step in the right direction when systematic effort is made to stop or at least reduce the sale of such goods. Merchants who cooperate are doing a service to their country, and they deserve special credit because forfeiting those sales is expensive to them.

Though the motive behind this movement is praiseworthy, there is some question as to whether it is quite fair. It depends on whether the merchant knew the source of his merchandise. We can imagine that a store owner, like his customers, may not be aware that certain items were made by red slave labor. In that case removing the items from sale becomes an undeserved hardship. And if that is true the boycott movement should begin closer to the source instead of in his store. Importers should be contacted first. If they fail to respond the word should be passed on to wholesalers, retailers and the public. Taking punitive action seems justified if the business men concerned were properly informed before they bought.

Suppose also that before this movement came up the merchant knew that certain items were made by red slave labor and peddled them anyway to undersell American made products. Little can be said for his attitude, and he's entitled to little sympathy if stuck with a loss.

Anyway, here's hoping that the movement will be effective and will result in less American patronage to the slave labor countries.

Religious Classes Start January 7

Father Richard Sokolski of Gainesville has announced that he will start a new series of instruction classes in Muenster Monday with three classes arranged for Monday night each week.

The classes begin at 6:30, 7:30 and 8:30 p.m. in Sacred Heart High School. Topics will be Faith, The Bible, and Logic. Anyone interested is invited to attend one or all of the classes. First of the series begins Monday, Jan. 7. They'll continue until the end of the school term.

The Tigerettes are champs of the girls division of the holiday invitation basketball tournament at Sanger last weekend.

They claimed the trophy by a decisive 41-27 win over the girls of Paradise High. Prior to that they rolled up even more one sided scores of 71-36 and 50-27 over the teams of Era and Krum.

Two factors figured in the comfortable margin of Sacred Heart victories. The Tigerette forwards, Joan Kaiser, Joyce Haverkamp and Ruth Wimmer, were hitting the hoop consistently. Meanwhile the guards, Judy and Sandra Walter and Patsy Klement, allowed their opponents very few good shots.

The final game started close, with a 7-5 lead for Sacred Heart ending the first quarter. From there on the Tigerettes gained steadily. Scores ending the other periods were 23-14, 30-18 and 41-27. Kaiser scored 27 and Haverkamp 10.

In their opener with Era and the semi-final with Krum the Tigerettes were in charge all the way. Scorers in the first game were Haverkamp 30, Kaiser 26, Wimmer 14. In the next game they were Haverkamp and Kaiser 21 each and Wimmer 8.

1962 Was Next to Wettest Year Here Total: 41.77 in.

The year just ended was next to the wettest on record for this community. The official total as listed on Steve Moster's US Weather Bureau records is 41.77 inches, which is about 10 inches above average here but also about 10 inches below the soaking year of 1957 — when a number of new flood prevention dams were put to the test. The total then was 51.80 inches.

Starting the year, rainfall was moderate. The first three months were considerably below normal and so was May. But it was near or above average for all the other months and it set new records in June and September. Readings for those months were 8.76 and 5.49 respectively.

The monthly record for the past decade is as follows.

Social Security District Office Changes Location

Since Friday, December 28, the Sherman Social Security District Office is in its new location at 315 West Mulberry in Sherman. The new office is just north of the Municipal Building.

In announcing the move, Gus Jones, District Manager, stated that the new building provides several improved features. "Free on-street parking is available, greater space will allow privacy for interviews, acoustical-type ceilings make a quieter working area, and the attractive appearance of the interior contributes to the pleasantness."

Persons who are unable to go to the district office are reminded that Noel Wall, Field Representative, is in the Basement of the Gainesville Post Office each Tuesday and Thursday morning from 9:30 until noon and will be happy to assist in any way possible with social security problems.

Camp Fire Girls Activity

Camp Fire Girls headed by Mrs. B. J. Swirczynski and her assistants Mrs. Herbie Miller and Miss Doris Fisher, had a holiday party on Dec. 27 with friends as guests. The event was held at the club house with 10 members and eight guests present. The girls presented gifts of candy to their leader and assistants, played games and served refreshments. Guests were Elaine Otto, Kathleen Swirczynski, Doris Trubebach, Delores King, Charlotte Tempel, Kaye Klement, Lynn Reiter and Beverly Koelzer.

Camp Fire girls headed by Mrs. Don Flusche and Mrs. Ray Hess will have their regular meeting January 9 after school. Activity since the last meeting was a Christmas party preceded by caroling. Mrs. Richard Swirczynski and Mrs. Ray Sicking accompanied the group of 11 girls and their leaders on their singing march on the evening of Dec. 21, then gathered at the Flusche home for refreshments and a gift.

Muenster Hi Will Start Friday on District Basketball

The district basketball schedule for teams of Muenster High School will begin here Friday night with Lindsay's teams as the competition. Last action will be with Saint Jo on February 8.

A double round robin schedule, in which each team plays each other team twice, again makes up the district season, and games are on a here and there basis except Lindsay which plays all games away because it has no gym.

The schedule, announced this week by Coach Glenn Richardson, is as follows. Jan. 4, Lindsay, here. Jan. 6, Valley View, here. Jan. 8, Era, here. Jan. 15, Callisburg, there. Jan. 18, Saint Jo, there. Jan. 22, Lindsay, here. Jan. 29, Valley View, there. Feb. 1, Era, there. Feb. 5, Callisburg, here. Feb. 8, Saint Jo, here.

Mrs. Werner Endres continues gaining strength and was out on Christmas Day to attend church services. Holiday visitors with Mr. and Mrs. Endres were their daughter, Mrs. Bob Kupper and children of Marlin. Another daughter, Dolly, Mrs. Joe Gorman and her family, called from Rockford, Ill., for a telephone visit.

In Subiaco, Ark., over the holiday weekend were Mr. and Mrs. Andy Schoech and Mr. and Mrs. Arthur Felderhoff. They visited their son and nephew, Frater Frown Schoech, and saw other Muenster boys in the seminary and fathers in the monastery.

Mr. and Mrs. Melton Ramsey and sons Robby and Ricky had a holiday visit in Hereford with her parents, the Bill Duncans.

NEWS OF THE SICK

Al Flusche of Decatur, former Muenster resident, is a patient at Decatur Clinic Hospital for treatment of hepatitis. Monday he received a blood transfusion and possibly will require more blood, according to word from Decatur Wednesday. The Knights of Columbus Council of Windthorst of which he is a member supplied the blood required. Al will have to have about three months of quiet and rest for his recovery.

Mrs. John Steele is back in Gainesville Hospital, Richey Street, after suffering a light stroke Sunday about noon. She had two more seizures after entering the hospital. She is not permitted to have visitors at the present time.

For Mr. and Mrs. Ray Wilde the weekend was filled with trips to hospitals. Their baby daughter, nine-month-old Renee, who had been sick with virus for a few days became seriously ill Saturday evening and they took her to Gainesville Hospital. Doctors there recommended a specialist and the parents went to Flow Hospital in Denton where the baby was hospitalized through Sunday. In the meantime, Joanie Wilde, 10, broke a bone in her right foot during play at home and had to be taken to Gainesville Hospital for X-rays and setting the break. Both patients were back home Sunday night and on the road to recovery.

Chris Cain was dismissed from Nocona Hospital Friday to continue recovery at home after having an appendicitis operation.

Urban Endres has been nursing a pierced ear drum since the latter part of last week. He received the injury while working in brush at a roadside ditch trying a wrecker tow-line to a car.

School District Scholastic Count Will Begin Soon

The annual scholastic census for the Muenster school district is shaping up now and is due to start moving in the very near future. Superintendent L. B. Bruns disclosed that information from last year's official record is being transcribed on the census forms, after which practically all forms can be completed by verification of parents.

The reason for this method is to make sure that no present students will be overlooked. As regards those parents Bruns is confident that six-year-olds of the family will also be included. Each family is checked for children who will have reached their sixth birthday on or before Sept. 1, 1963, in addition to the others listed.

Principal concern again is not to overlook 6-year-olds from families not listed before. Bruns has no school record or old census figures to refer to in those cases.

So he's asking the cooperation of parents of the youngsters in order to avoid missing them. Official scholastic count for the district last year was 702. Total enrollment the first day of school was 703.

Mr. and Mrs. Carl Herr of Pilot Point were visitors Monday with their sisters, Misses Lena, Elizabeth and Katie Herr. It was a belated Christmas visit with a gift exchange. They also visited with his brother John Herr and family.

Mr. and Mrs. John Knabe Feted On 50th Wedding Anniversary

Memories of "way back when" were recalled Saturday as Mr. and Mrs. John Knabe celebrated their golden wedding anniversary. The festivities included an anniversary mass in Sacred Heart Church at 4 p.m. and a reception and dinner in the Parish Hall.

Helping them celebrate were their six children, 39 grandchildren, 14 great-grandchildren, sisters and brothers and other relatives and friends. Over a hundred guests were present.

Father Alcuin Kubis officiated at the mass and presided for the renewal of the vows made by Miss Katie Gremminger and John Knabe 50 years ago in Windthorst where the couple married.

They lived at Windthorst two years, then moved to Muenster for 12 years, returned to Windthorst for six years and came back to Muenster in the fall of 1933 to stay. Mr. Knabe has farmed all his adult life.

Wedding attendants in 1913 were Nick and Miss Sophie Gremminger. The latter who is Mrs. Frank Butler and lives at Olney now was attendant again. Nick Gremminger, now of Evansville, Ind., was unable to be present and Frank Knabe of Hereford took his place.

The 50-year bride wore a two-piece blue suit dress with black accessories and a gold corsage. The men's choir sang the mass. Sister Leonarda was organist and Mrs. Norbert Walterscheid was vocal soloist.

An after dinner program featured a half-century of history involving the goldenweds from the time they met in Windthorst, their trip to church in a hack for their marriage, in a blizzard on that January 9 in 1913, and on through the years to the present time. Their granddaughter, Miss Carol Lee Sicking of Fort Worth composed and presented the history. She pointed out that the celebration came early while family members could get together during the holiday weekend.

Father Alcuin gave a congratulatory message. Mrs. Joe Schroeder of Windthorst spoke for the children and Richard Schroeder of Windthorst spoke for the grandchildren. Herbie Knabe, another grandson, was master of ceremonies.

Mr. Knabe was born in St. Libory, Neb., Oct. 6, 1888 and was seven years old when he came to Muenster with his parents in 1895 six years after the community was founded. Mrs. Knabe is a native of Missouri, born in St. Genevieve County, July 11, 1889. She was only four years old when her

Mr. and Mrs. Leroy Berend of Hereford visited her parents, Mr. and Mrs. Ed Hess and other relatives during the recent holidays.

More Uniformity In Envelope Sizes Demanded by PO

Not only postage rates but size and shape of envelopes come under new postal regulations. Since Tuesday the postal department does not accept pieces that are oversize or undersize or odd shaped.

The purpose behind it all is to allow more mechanization. Postal employees wish to rule out the sizes and shapes of envelopes which give trouble in automatic stamp cancelling machines.

Hereafter an envelope must be not less than 3 inches wide and not less than 4 1/4 inches long. And it must be no more than 9 inches wide and 12 inches long. Also, the shape must be rectangular, not circular, triangular, or some other shape which might foul up the automatic equipment.

Envelopes formerly in common use which often fell short of the new specifications are birth announcements, thank you notes, bridal shower invitations, birthday invitations, etc.

23 Water Meters Added During '62

Though not an indication of how much the city's population has gained, an increase of 23 in water connections gives little doubt that there has been some growth at least. At this time there are 407 connections. Last year there were 384.

Some of the additional meters are located at non residential buildings. Most are at homes. However the city has no record of how many residents are served by each new connection.

Postal Receipts Fall Behind '62

Hard to explain — and even slightly embarrassing — is the fact that Muenster's new post office did less business than the old one. Figures released this week by Postmaster Arthur Endres show a drop of \$825 during the past year. The total was \$19,095 in 1961, \$18,170 in 1962.

A slump in October accounts for much of the drop, Endres said. November and December were good but not good enough to offset the former drop.

MHS Girls Lose Consolation Final At Sanger Tourney

Muenster High girls got into the consolation final at the Sanger basketball tournament last week but did not get close to winning the trophy. Frisco took an early lead and kept gaining until its 43-26 win. Cindy Cain, Sandra Wolf and Dolores Monday with 12, 5 and 5 were the Muenster High scorers.

In their first tourney encounter Muenster girls lost a 28-26 thriller to Paradise, the team which lost to Sacred Heart Tigerettes in the champ final. It was a see saw contest in which Muenster edged ahead 12-7 at the half after tying the first quarter then went into a slump and trailed 24-17 at the third period. On a fourth quarter comeback they tied the score at 26 each near the end, but Paradise got the winning 2-pointer after that. Sandra Cain scored 11 and Cindy Cain 9.

The second game was a 27-17 win over Sanger as MHS gained steadily in a slow, uneventful game. Top scorers were Sandra and Cindy Cain, 15 and 9 respectively.

Hornets also met Paradise in their tourney opener. Behind 13-10 and 32-26 the first periods they put on a fine rally that tied the count at 32 each early in the third. That was all, however. Paradise won 52-34. Roy Reiter and Roy Monday were the scorers, 13 and 9 respectively.

Next they were eliminated from the tournament by Boyd. In the first half Boyd squeezed out a 20-17 lead and spread the lead to 51-40 the next half. Monday scored 16, Reiter 11.

In other action during the holidays MHS lost a double header to Forestburg on Dec. 21. Hornets were walloped 66-33. The girls made a nice final period comeback but fell short 41-36. Scores ending other quarters were 12-4, 26-10 and 40-21. Forestburg leading all the way. Top scorers were Sandra and Cindy Cain, 18 and 9, and Dianne Horn 9.

Mrs. Shorty Thompson and sons Gaylen and Doug or Sagnaw visited Tuesday with the H. D. Cooks and other relatives.

Higher Rates for Postal Service Begins January 7

Monday, Jan. 7, is the day when postal patrons will have to start putting an extra penny of postage on their mail. This is the rate increase hailed by the administration as a means of getting the Post Office Department out of the red, but was absorbed before it ever became effective by an increase of pay to postal employees.

In general, postage rates are increased one cent on most categories of first through third class. First class mail, that is, letters, cards and air mail are all up a penny. Second class mail formerly free in the county of publication, now costs an additional penny a pound, and rates on papers going outside the county are raised slightly.

Another category is third class mail, mostly unsealed greeting cards. The price used to be 3 cents for the first two ounces. Now it's 4 cents.

Increases which apply most generally, of course, are those in first class mail.

Regular letters, formerly 4 cents, are 5 cents an ounce, and cards, formerly 3 cents, are 4 cents each. Airmail letters are up from 7 to 8 cents an ounce and airmail cards have increased from 5 to 6 cents each.

Drop letters also are subject to the increase and the rate is upped from 3 to 4 cents. Drop letters are those mailed in the post office and delivered to an address in the post office, either a box number or general delivery.

Good Resolution For the New Year: Keep Records!

Back in pioneer times our forefathers found they could keep track of the family history pretty well with a few notations on the flyleaf of the family Bible. But life's not quite that simple any more. Grandpa wasn't covered by social security or workmen's compensation. He didn't have a bank account or safe deposit box, a car and a dozen home appliances being bought on time payment, or a half-dozen insurance policies. We have

taxes great-grandpa never heard of and wouldn't have believed if he had. And had you asked him for a certificate to prove his birth, he'd have thought you'd taken leave of your senses.

The point of this is that the average American today has a good many important papers to keep track of. There are birth certificates, receipts, copies of tax returns, sales contracts, and a host of other papers. With a little tidy record-keeping, you can make life easier for yourself and your family when you are gone.

So, why not make a New Year's Resolution to follow these suggestions:

1. Get a heavily bound notebook folder or file folder as a central collecting point for all the records of your affairs.
 2. Put your especially important papers in your safe deposit box, but make a list of those papers and a brief summary of their contents to put in your home file.
 3. Get for your files copies of birth certificates for all members of the family, and add them to the file. Add your marriage license or at least a statement as to when and where you were married and by whom.
 4. Insert your will or a copy of it. If your will is kept elsewhere, include a note telling where it may be found.
 5. During the year, put into the file your income tax withholding statements and receipts for expenditures which may be deductible. Then keep a copy of each year's tax return in the file.
 6. Make a list of all the stocks and bonds you own and where they are.
 7. List all the places you have lived and worked and the names of persons there who you know. Include the schools you have attended and the dates you left or were graduated.
 8. If you may have benefits coming under a profit-sharing plan where you work, make a note of that too.
 9. If you're in doubt about whether an item should be included, put it in.
- This takes time initially, but it will save you both time and worry in the long run.

SYMBOL OF GOOD NUTRITION

Do you like meat? That question will come as an idle one to most Americans. For the vast majority of us like and savor meat, and consume it once or more a day. And we are extraordinarily fortunate in the size and quality of our meat supply.

A recent issue of Life magazine was devoted to "Bounty of Food". A double page spread showed a splendid animal — King Husker, Bull of the Year, who weighs 1,926 pounds and sold for \$32,000. As Life put it: "A magnificent improver of future generations of U. S. beef cattle, King Husker is far removed from his leather-tough longhorn cousin of Chisholm Trail days. He is as much a product of the technological revolution as an interplanetary rocket." Life goes on to say: "In no area of farming has science produced such spectacular achievements as in the breeding and growing of livestock and poultry. . . . Scientific formulas for feed — stuffing it full of vitamins and antibiotics — accelerate the growth of livestock and poultry. Beef cattle can now be fed up to market weight in one and a half years, as against two and a half years in 1930, and chickens which reached a weight of one and a half pounds in nine weeks then, today get up to twice that the same period. Thus if America has a protein problem at all, it is the housewife's chore of making menus from so many meats."

The credit for this can be widely divided among many diverse elements and interests which have made important contributions — scientists, experts in animal husbandry, the producers of livestock, the packers and processors, the retailers who are at the end of the line and must meet and satisfy the demands of the public. A great bull whose name is King Husker is a symbol of the fine standards of nutrition that this country enjoys.

Some people know a lot more when you try to tell them something than when you ask them something.

TWO IRONIES

Over a period of years the United States has been moving closer and closer toward a totalitarian concept — a concept that holds that all major planning should be imposed from the top echelon of the government.

Ironically, the Soviets, who certainly know all there is to know concerning the results of total government direction of the lives and enterprises of a great nation, seem to be moving, even though slowly, in the opposite direction.

Chairman Khrushchev, for instance, recently said that certain capitalistic principles must be introduced into the Soviet economy in order to spur production.

Now, a Professor Lieberman, who teaches at Kharkov University, has publicly presented a strong case against all-inclusive planning from the top. The fact that his findings and opinions have been widely publicized within the Soviet Union proves that they meet with the approval of the ranking authorities in the Kremlin.

According to an account by J. A. Livingston, the well known business and financial analyst, "The professor argues that plant managers and directors do not have enough freedom. They are hampered by orders, directives, and rulings from on high."

"He thinks the executives ought to have discretion, be able to choose their suppliers and select their customers. They ought to be allowed to maximize their profits, and the plant executives who make the biggest profit ought to get the highest rewards."

Mr. Livingston makes this observation: "What a dirty capitalist idea to be bruited about in the Soviet Union: Incentive pay — based not necessarily on the quantity of production, not on meeting of pre-determined goals, but on producing the type of goods other factory managers or consumers really want."

So, the Soviets once again are taking a leaf from the capitalist book. It may be — and here is another irony — that we will need to take a leaf from theirs in its new edition.

GET US OUT

There are still those who seem to feel that the hope of mankind is to be found in the United Nations. What a terrific job of brainwashing has been done on the American people in selling them on this tower of Babel located on the East River in New York City.

In the current issue of the American Legion Magazine is a picture of the Soviet representative at the UN Evgenie Prohkovy captured by the FBI and with his comrades laughing and making whoopee because in spite of the fact they were engaged in espionage against the USA, were released because of diplomatic immunity.

There is another problem, that of wholly untrained governments using the platform of the United Nations for irresponsible propaganda which public opinion all too often tends to swallow. Such governments are not only quite inexperienced but in most cases extremely corrupt. They represent populations which never genuinely elected them and are almost totally illiterate. It is intolerable that the gravest issues of world affairs should be decisively influenced by such forces. If the United Nations is to be the platform for irresponsible and inexperienced nations, then it will prove an increasing danger rather than a useful institution.

If everyone knew the horrific stories behind some of the men who present themselves in New York upon the platform of the United Nations and thereby influence world policy, they would receive a shock from which recovery would be difficult. We are in a madhouse. Men wholly corrupt, often of bestial customs, are now spokesmen upon a platform (for which they do not even pay their subscriptions) which turns the tide in the policies of great nations of over a thousand years of experience. This is a madhouse hitherto undreamed of. It is worse than madness. It is suicidal folly — none the less allowed and even supported by the most important institutions of the world. It is time to re-think our problems. If we do not start re-thinking fairly soon, it may become difficult to find an occasion later in the day.

Fear the goat from the front the horse from the rear, and man from all sides.

\$100 BILLION CONGRESS

The tab has just been totalled on the recently adjourned U. S. Congress which this year is amount ever spent in a peace-spending \$115 billion, the largest time year in history.

We are reminded that the public debt today is \$302 billion. It is now past the high water mark. It is the largest debt in the history of the United States or any nation in history.

The Congress has been criticized for adding to the number of government employees when, according to Congressman Jack Westland, they are falling over each other in many departments. Competent men declare that if there were only one-third the number of employees in the Pentagon they could do better work.

The word "economy" has apparently been completely forgotten in the nation's capitol.

Until the taxpaying public demands a halt to non-defense spending the public debt will continue to soar while the value of the dollar plunges in the other direction.

It was a lively Christmas at the Al Fleitman home with 13 grandchildren and the youngsters' parents together for dinner. Only the Gene Strassburgs and their children Brenda, Karen and Kenny were missing and they telephoned. Everybody took turns talking from Muenster to Dayton, Ohio. It was a white Christmas in Dayton. Brenda and Karen told their grandparents they were making good use of their sled. Temperatures had already dropped five below zero there this winter.

Together with Mr. and Mrs. Fleitman were the Eddie Fleitmans and children Allen Ray, Lenora, Mary Lou and Larry; the Henry Felderhoffs and children Glenn, Doris, David and Floyd from here; Mr. and Mrs. Leon Krebs and children Steven, Cynthia, Sandra, Janice and Pat of Gainesville and Mr. and Mrs. Herbie Fleitman of Denison.

Miss Anna Markowitz extends thanks to all who remembered her with Christmas gifts and cheer. She always enjoyed writing thank-you notes before her eye sight failed. Writing helped her pass the long days as a shut in. But since she lost her sight and is unable to write she takes this means of saying thank you to all for their kindness.

Friday evening guests of the Steve Mosters were Judge and Mrs. Wilson Kermickel of Lubbock, enroute to Gainesville to visit her parents, the Floyd Tudors, and attend their golden wedding celebration held Sunday. Mr. and Mrs. Moster also attended the open house in the home of Mrs. Frank Dustin. Mrs. Moster and Mrs. Kermickel are friends since they worked together at Camp Howze during World War II.

At the John Herr home all the family gathered for a holiday reunion when out of town relatives were present. They were Mr. and Mrs. Earl Sheppard and children of Dallas, the Leonard Bengforts and family of Lindsay and Pfc. and Mrs. Don Wilson of Killeen.

Weekend and New Year visitors with the Nick Yostens were their son and family, the Gilbert Yosten and Gary, Gregg, Glenn, Gayle and Gay. Her parents, the Ewald Berends of Hereford were also holiday visitors with Cooke County relatives.

Paul Luke drove over from Dallas Wednesday for a visit with his mother, Mrs. Henry Luke.

They spent Jan. 1 in Mineral Wells with Mrs. Premier's relatives and came to Muenster for another visit before returning to Illinois.

Trip to Arkansas was enjoyed the past week by Mr. and Mrs. Paul Fisher, their sons William and Donnie, and her mother, Mrs. Dora Kathman. They stopped in Subiaco for an overnight visit and William saw all his old friends including Fraters Guy Pels and Lucian Gehrig and they all visited with Fathers Christopher Paladino and Paul Hoedebeck. At Jonesboro they visited the Fishers' daughters, Sister Irene and Sister Cynthia. Sister Irene was back in the hospital for treatment of a back ailment. Mr. and Mrs. Larry Yosten had as guests for New Year's Eve and Day one of Larry's army buddies. The two were together three years including their tour of duty in the China-Burma-India Theatre during World War II. The buddy is Oliver Landry. He was accompanied by his two sisters and their husbands, Messrs. and Mmes. Norris Rouseau and Eddie Carmouche. All are from Donaldsonville, La.

Marilyn Moffett And Bernard Luke Say Wedding Vows

The Sacred Heart Catholic Church of Wichita Falls, was the setting for the 6 p.m. ceremony Saturday uniting in marriage Miss Marilyn Kathryn Moffett, of Houston, daughter of Mr. and Mrs. W. J. Moffett, 2720 Chase Drive, and Bernard John Luke, son of Mr. and Mrs. Ben Luke of Muenster.

Six brothers of the bridegroom participated in the wedding, including Father Eugene Luke of Chicago, who officiated, at the nuptial mass.

The altar was lavishly banked with red poinsettias and groupings of white candles.

Anthony Luke and Bill Luke, organist and vocalist, respectively, presented traditional wedding selections.

W. J. Moffett gave his daughter in marriage. She wore a formal gown of white bouquet taffeta fashioned with smoothly fitted bodice and three-quarter sleeves accented by tiny flares at the elbow. Her bell-shaped skirt featured a bustle back topped with a large bow and streamers ending in a peacock train. The fingertip veil of heirloom Brussels lace was caught to a pleated taffeta pillbox hat. She carried a teardrop arrangement of white orchids and Stephanotis attached to her white prayer book.

Her veil was blessed by Pope John. A friend on a tour of Europe last summer took it with her for the blessing when she had an audience with the Holy Father.

Bride's Attendants

Mrs. John F. Sullivan Jr. of Houston was the bride's honor attendant, and serving as bridesmaids were Mrs. John F. Bush Jr. of Lubbock and Mrs. Robert A. Shook of Midland. Their identical ensembles of red velvet were styled with bell-shaped skirts and fitted bodices with bateau necklines which formed V's in the back and were marked with bows. Their headpieces were red satin rings with bubbles of illusion, and they carried nosegays of pink elf roses and fringed carnations surrounded by lace ruffles.

Dan Luke of Muenster, best man, Harold Luke of Arlington and Gene Luke of Lewisville, Tex., attended their brother. Other ushers and groomsmen were Mitchell Wolf of Houston and Melvin Herr of Wichita Falls.

Reception

The Wichita Falls Woman's Forum was the scene of the reception for which the bride's parents were hosts. A candle tree holding pink votive candles formed a background for the receiving line. Garlands of smilax laced with pink flowers entwined the tree. The refreshment table was covered with a floor-length pink taffeta cloth and centered by a silver epergne of pink stock, carnations and pompon chrysanthemums. Garlands of hothouse smilax studded with pink flowers linked the arrangement to flanking silver candelabra. A three-tiered wedding cake and silver punch bowl standing at opposite extremities of the table completed the refreshment table decoration. The registry table was draped with pink taffeta and centered by an arrangement of pink stock, carnations and chrysanthemums. Pink flowers were used in profusion throughout the reception suite. Reception attendants included Miss Mary Jane McDowell of Houston, Mrs. Bruce Baker and Mrs. Lucian W. Parish of Fort Worth, Mrs. J. P. Cummings, Mrs. Charles B. Johnson and Miss Marilyn Heald of Wichita Falls, Mrs. Joe A. Beaty of Henrietta and Miss Ann Pender of Washington, D. C.

She is now a faculty member of the Spring Branch Independent School District in Houston. Also a graduate of NTSU and a member of Lambda Chi Alpha Fraternity, the bridegroom is a senior student at the University of Texas Dental School in Houston. He is affiliated with Psi Omega, dental fraternity.

Local Group Helps Homsleys Observe 30th Anniversary

A group of Muenster friends of Mr. and Mrs. H. H. Homsley joined them in Fort Worth Saturday, Dec. 29, for a get-together and dinner in observance of their 30th wedding anniversary. The party was held at Vance Godbey's Smorgasbord, Lake Worth Village, with some 75 relatives and friends present.

Afterwards the local group went to the Homsley's home for coffee before returning to Muenster. Included in the party were Messrs. and Mmes. Herbert Meurer, Urban Endres, Dick Cain, Ervin Hamric and Al Walterscheid, Mrs. T. S. Myrick, Miss Dorothy Hartman and Mrs. Dan Hamric, and the honorees' daughter and son-in-law, Mr. and Mrs. Willie Walterscheid.

Guests also included Mrs. Homsley's mother, Mrs. F. E. Weir of Jacksboro and Mr. Homsley's parents, Mr. and Mrs. B. P. Homsley of Poolville. Mayor Herbert Meurer was among after dinner speakers. R. L. Hodges of Lake Worth was master of ceremonies.

The Homsleys, former Muenster residents about five years and teachers in Muenster High School where he was superintendent, moved to Fort Worth about two years ago when he became associated with Garrett Book Company. They are the parents of three daughters and have six grandchildren.

Ben Lukes Host Holiday Visitors

At the Ben Luke home during the holidays, before and after attending the Saturday wedding of Bernard Luke in Wichita Falls where they were together again, were most of the family.

Father Eugene Luke made a flying trip from Chicago Saturday and flew back Monday, the Gene Lukes and children of Lewisville visited Friday to Monday, Harold Luke of Arlington visited Saturday over night and left Sunday, Mr. and Mrs. Alfred Kuhn of Lubbock left Monday after a three-day visit and Mr. and Mrs. Charles Denny and children Mary Nell, Sharon and John left Wednesday to return to San Antonio after a holiday visit.

The annual holiday reunion of the children of the late Mr. and Mrs. Henry Fette was held Sunday when the Jerry Fettes of Waco could be present. The traditional get-together and noon dinner were held in the home of Mr. and Mrs. Joe Voth.

"They're married for better or for worse. She couldn't do better and he couldn't do worse."

A bookie handed over the money to the little old lady. "How did you manage to pick the winner?" he asked.

"I just stuck a pin in the paper," she answered. "and there it was."

"But how come you knocked off four winners yesterday?"

"Oh," laughed the little old lady, "yesterday I cheated a little. I used a fork."

LIVESTOCK EQUAL PEOPLE

Texas has as many head of livestock as it does people. According to an estimate by the Texas Animal Health Commission the livestock population is 10,000,000. State Health Department estimated that the people population reached 10,000,000 last summer. An audit of the State Board of Veterinary Medical Examiners showed that there's more than one veterinarian for every 10,000 head of livestock. During the 1962 fiscal year, 1,184 vets renewed their licenses, 78 took exams to become veterinarians, and seven took out reciprocal licenses. There are 8,700 medical doctors licensed to practice in the state, or one doctor for every 1,150 persons.

MISUNDERSTOOD

Here are some of the questions and answers overheard at the Bureau of Naturalization: "Where is Washington?" "He's dead." "I mean the Capital of the United States." "Oh, they loaned it all to Europe." "Do you promise to support the Constitution?" "Me? How can I? I've a wife and six children to support."

PROBABLY POSSIBLE

A local forecaster of the weather was so often wrong in his predictions that he became the laughing stock of the community. He, therefore, asked headquarters to transfer him to another station. A brief correspondence ensued. "Why," asked headquarters, "do you wish to be transferred?" "Because," the forecaster promptly replied, "the climate doesn't agree with me." Barber: Was your tie red when you came in? Customer: No. Barber: Gosh!

DO IT BETTER Electrically!

COOK flamelessly!

"Really, Martha, the first time you cook with an electric range you'll wonder why you waited so long to see what it's like!"

This bit of conversation is typical of that you'll hear from the thousands of housewives who have made the change to flameless electric cooking. And, it's easy to understand when you consider that with electric cooking simple controls provide recipe-exact temperatures. . . . top elements are in direct contact with utensils so that very little heat "spills" out into your kitchen. . . . and, with no flame, pots and pans and your entire kitchen stay cleaner.

P.S. to Martha: Before you buy a new range, work up a "Dutch Dinner" evening with a friend or a member of your family who owns an electric range. Try for yourself cooking the flameless electric way. We know you'll like it.
