VOLUME XXVII

MUENSTER, COOKE COUNTY, TEXAS

MARCH 29, 1963

NUMBER 19

## Automatic Phone Service to Start May 4 at 2 p.m.

The biggest check that yours truly has ever seen came here Tuesday morning as the first Hill-Burton installment toward construction of Muenster's hospital. The amount was \$114,935 — a lot of money that has already been drastically shrunk by repayment of borrowed funds, and probably isn't sufficient to pay the next statement of building expense.

It points up the important fact that more money is needed very soon and generous response is urgently requested in the newly revived hospital drive.

As a group of solicitors prepares to call over the community it's a good idea to consider a few of the reasons why we should give all we can.

The first is that it will be a valuable community facility standing ready to help each one of us and offering additional value because of its excellence and nearness. In time those benefits will reach many folks of the community, or relatives and close friends. All of us are clearly aware that its value has a bearing on our personal lives, that to some extent at least we are personally indebted to it and feel in our hearts that we owe it our support. It is everybody's project. It deserves everybody's help.

Business judgment also prompts generous giving. The more we can raise in cash the less we have to borrow, the lower our interest payments have to be.

Community pride counts too. Muenster has a reputation for doing things right, a reputation which is put to the test in this campaign. Pride and judgment and conscience all urge us to do our very best.

Don't be surprised if next year's car license plate bears some sort of slogan intended to do a bit of public relations work for the state. Before the legislature is a bill calling for a slogan to be imprinted on the tag. Three choices are given in the bill: "Lone Star State", "Vacation State" and "Texas Has Everything." Some of our good Texas citizens think they have better ideas, of course, so, suggesting slogans is quite a popular past time nowadays.

After thinking it over you're probably convinced, too, that your idea is a lot better than the three suggested. If so, don't be bashful. Turn in your suggestion. You have at least one chance in a million to put your idea across.

Or maybe you'd rather say that you don't want any slogan at all. As this column recalls, that was the reaction of one state official when the subject was first brought up. He said the word "Texas" says plenty all by itself — that it serves as slogan as well as identity. Besides, he objects to extra lettering, because that amounts to cluttering, making the tag harder to read.

Regarding the cost of adding a slogan, don't let it disturb you. They say it can be done for just \$150, the cost of new dies on the plate making machine. If you really want to save money tell 'em to discontinue the front plate. Making only one could reduce the annual cost by \$400,000.

Getting back to the triple choice of slogans, you may have recognized it as a commonly used trick to play you for a sucker. The brain stormers aren't offering a choice as to whether or not a slogan should be adopted. Turning your attention to the choice of slogans is a way of making you take for granted something which has not actually been decided.

The same system is used by our federal government in imposing its ideas on us. Ways are proposed to bolster financial stability of the UN, when many of us think it should not be bolstered at all. Or there's a big argument over whether both parochial and public school should get federal aid, when we think the government should keep its nose out of both schools. And there are controversies over how much farther we should go in providing our people with the benefits of welfare state when history and common sense both insist that socialism ought to be abolished instead of embellished.

One of the great needs of our country nowadays is to distinguish between real issues and phony issues. We're wasting time when we plan ways to prevent the spread of Cuban communism to the rest of America. Our purpose should be to get rid of the Cuban reds. (Continued on page 8)

## CDA Reception to Have Over Twenty Candidates Sunday

More than 20 candidates, probably 25, await reception in the local court Catholic Daughters of America in a formal ritual Sunday afternoon at 2 o'clock in the KC Hall.

After initiation ceremonies there will be a catered meal. Mrs. Steve Mosler, district deputy, will preside at the reception.

Visiting CDA officers will include Miss Loretta Knebel of El Campo, state regent; Mrs. Fred Polansky of Dallas, state secretary and Miss Ella Nuschy, Dallas district deputy.

## School Announces Dates and Entries For Spring Meet

Local entries in this year's interscholastic league competition, along with dates and places scheduled for the events, were announced this week by Superintendent L. B. Bruns.

District literary events for the grade school will be held on April 6 at Cooke County Junior College.

High school literary events will not be held on the district level. First competition in the regional meet to be held at North Texas State University, Denton, on April 19.

Track and field as well as tennis begins on the district level and winners advance to the regional meets at Denton.

Tennis matches were held in Valley View Wednesday and regional tennis is dated for April 18 at NTSU.

Saint Jo will host the district track meet Friday and winners from it will qualify for the regional at NTSU on April 20.

Entries in the grade school literary events were named as follows. Fifth and sixth spelling and plain writing: Sandra Sloan and Debbie Cain, entries; Alice Arend and Sharon Williams, alternates.

Seventh and eighth spelling and plain writing: Linda Owen and Debbie Russell, entries; Tommy Tuggle and Linda Wilson, alternates.

Number sense: Chris Cain, Terry Cason and Linda Owen, entries; Debbie Russell, alternate.

High school entries in the regional literary meet have been named as follows.

Two Muenster teams are participating this week in an invitation basketball tournament at Saint Jo, both in the consolation bracket.

Muenster Teachers lost their opener to Prairie Valley Exes 38-23 and Sacred Heart Alumni lost to Slidell Exes 41-27.

## NEWS OF THE SICK

Bill Derichsweiler was in Dallas Tuesday to see a specialist about his knee and made arrangements to enter Baylor Hospital one day next week for surgery.

Mrs. Harold Luke of Arlington is back home since Monday recovering normally from goiter surgery the preceding Friday in Arlington Memorial Hospital.

Tony Wimmer is back at home since Tuesday after undergoing major surgery at Baylor Hospital in Dallas. His wife and Mrs. Al Horn drove to Dallas to bring him home.

Leo J. Haverkamp who became ill suddenly Sunday evening and was at Gainesville Hospital for X-rays and tests was transferred Wednesday to a Dallas hospital for further tests and observation.

Mrs. Ewald-Fuhrmann of Terrell is a hospital patient there having undergone surgery Friday. She expects to be dismissed this weekend. Mrs. Clem Hofbauer visited her daughter and family four days the past week. She returned home Sunday bringing her granddaughter little Michelle. Fuhrmann with her for a few weeks' visit.

J. R. Winstead, 84, is a patient at Richey Street Hospital in Gainesville with a broken left hip. The accident happened in a fall at his home northeast of Muenster about 1 a.m. Saturday and he waited until 6 a.m. to call his daughter, Mrs. Lester Epps of Gainesville who came and took him to the hospital. X-rays showed the bone splintered and needing surgery. It looks like a long hospital stay for Mr. Winstead. He welcomes cards and visitors. He's in Room 116.

Mrs. A. C. Flusche of Denison, 80, is a patient at Denison's Madonna Hospital with a broken hip sustained in a fall at her home Friday. Get-well wishes will reach her addressed to the hospital.

Mrs. J. Q. Stewart Jr. is back at her home in Gainesville dismissed from Baylor Hospital, Dallas, after undergoing surgery last week Wednesday. She returned home Saturday. Her sister, Faye Fette, stayed at the hospital with her the five days she was a patient.

Bill Birden, son-in-law of the J. M. Weinzapfel, is making recovery from a major operation at Great Lakes Naval Station Hospital in Illinois, according to word from their daughter Mary of Milwaukee, Wis., giving a report on her husband.

Seven-year-old Terry Hess is a shut-in this week at the home of his parents, Mr. and Mrs. Ed Hess, with a broken ankle and is learning to walk with crutches to return to classes in the first grade at Sacred Heart School next week. The accident happened Sunday during play.

Herman Luttmner is out and around again this week after having the mumps.

Mrs. W. M. (Geneva) DeBorde is recovering from major surgery performed last Wednesday at Medical Arts Hospital. Her mother, Mrs. S. P. Durham of Roston, was with her until Saturday night. They talked together again by telephone Tuesday evening and Mrs. DeBorde said she was expecting to leave the hospital Wednesday to stay at the home of her niece in Dallas until Sunday and come home then. At least those were the plans at that time.

## FHA Makes Plans For Coming Events

Planning for coming activity occupied members of Muenster High FHA Chapter at their March meeting Wednesday night.

First on the calendar is an area meeting this weekend in Denton. Miss Doris Vavra, chapter sponsor, and Rita Fisher, will attend Friday to be present for the House of Delegates session. Saturday other members will attend. Theme of the Saturday program will be "Launching Good Citizens Through FHA."

The Future Homemakers will participate in the Easter Egg Project for the Denton State School by providing eggs for the youngsters' egg hunt. And the girls selected April 24 as the date for the annual Mother Daughter Banquet.

## Year Shows Drop In Local Deposit, Gain for County

Banks of Cooke County in their official statements of condition as of March 18, showed another substantial gain in deposits for a one year period. But Muenster State Bank did not share in the gain. For the first time in many reports it failed to place at or near the front in the percentage of gain shown by county banks.

Total deposits of the county's four banks now stand at \$22,523,549, a gain of \$520,124 during the year. Muenster's deposit was \$3,568,335, a drop of \$21,327 during the year.

As regards business since the first of this year, however, the Muenster bank is more nearly in line with the others. Their combined deposits were \$23,838,044 at the last official statement on December 28, so their loss for the past quarter was \$1,314,495. During the quarter Muenster deposits declined by \$306,904.

Loans, like deposits, increased during the year on a county wide basis. The present total is \$9,798,019, an increase of \$379,477. In that respect Muenster went along with the county trend. The present local total is \$1,760,069, a gain of \$25,885.

For the past quarter, however, loans, like deposits, have tumbled. On December 28 the total for the four banks was \$10,228,081, \$430,062 over the present amount. Muenster's loans also declined during the quarter. Previous total was \$1,816,634, \$56,565 more than now.

According to J. M. Weinzapfel, president of the Muenster bank, the hospital construction job accounts to a great extent for the decline in local deposits during the past year. Prior to the statement over \$244,000 had been paid out of the local bank. Other construction and land purchases also drew on local deposits.

Regarding the county's drop in deposits since the beginning of the year, Weinzapfel said it is normal. Taxes account for most of the drain.

## FHA, FFA Chapters Present Programs At PTA Meeting

Two programs, presented by students, featured the March meeting of the Muenster PTA Monday night. Future Homemakers of America gave a style show and the Greenhand Future Farmers of America demonstrated how to carry on a meeting according to parliamentary procedure.

Miss Doris Vavra, FHA adviser, narrated the fashion parade in which all the girls wore shirtwaist dresses they had just finished as a chapter project. FFA Chapter Adviser Edgar Dyer presented his boys in their model meeting.

Paul Fisher, president, conducted the business session during which a nominating committee was named for next month's election. Serving on the committee are Ed Cler, Charley Hellman and Mrs. John Mosman.

Mrs. Urban Endres, banquet committee chairman, reported that dates have been set for the All Awards Banquets. The elementary department's will be on April 18 and the high school's on May 4.

Other announcements concerned coming events. They include a bake sale by the freshman class on April 6, FHA Mother-Daughter Banquet on April 24 and the Junior-Senior Banquet and Prom on April 27.

After adjournment the home-making class and Miss Vavra served coffee and brownies.

Girls participating in the style show were Brenda Gason, Linda Whit, Peggy Branch, Cindy Cain, Debbie Fette, Rita Trubench, Margaret Lawson, Sandra Cler, Joyce Rumley, Florence Walterscheid, Norma Lutkenhaus and Mary Frances Knabe.

Boys demonstrating how they carry on their chapter meetings were Dicky Embry, president; Ray Rumley, vice-president; Jimmy Robison, treasurer; David Fisher, secretary; Bub McElreath, sentinel; Joe Hartman, student adviser; and Glenn Fleitman, reporter.

"No matter what other nations say about us, immigration is still the sincerest form of flattery."

## Two Are Coasting, Four Are Racing For City Election

The ballot for Muenster's city election next Tuesday, April 2, offers contests for two offices and easy sailing for two others.

The election will be held in the city hall from 8 a.m. to 7 p.m. with C. F. Gobble in charge as election judge.

Earl Fisher is unopposed in his bid to succeed Herbert Meurer as Mayor and W. J. Luke is unopposed to succeed Al Felderhoff as Alderman, Position 3.

For the offices of Aldermen 4 and 5, races are officially under way but very little activity has been apparent. Gene Hoedebeck is the incumbent and Don Flusche the challenger for position 4. Ray Otto is the incumbent and Jerry Wimmer the challenger for position 5.

## Notes on Building and Improvement

As usual since the hospital construction job was started, it dominates building activity in the Muenster area. The big, \$666,000 project is moving ahead steadily and beginning to show up as a magnificent building.

Another big job is the telephone project. New exchange buildings are complete at Muenster, Myra and Forestburg and equipment installation is under way with plans of putting it to use on May 4.

Also non-residential is the city's reservoir and pump house on the lot west of the bank. Concrete walls are complete on both structures and forms are being built now for the concrete roofs.

Among the homes, the big job is the two story Colonial house for the Medders northwest of town. Though well advanced, it still has several more weeks to go.

The B. J. Swirczynskis will be able to move soon into their new home in the east part of town. It's a 4-bedroom brick home with central heating and cooling, 2½ baths and double carport.

A quarter mile south of town on the FM road Gerald Hess has been building about a month on his new home. It has three bedrooms, attached garage, central heat, combination of brick and asbestos siding.

Completed now is Pete Koelzer's home, a 3-bedroom job with attached garage, central heat, brick siding.

And just started is a new house for the Gerald Metzlers north of Lindsay. It will have three bedrooms, central heat and air conditioning, garage and brick siding.

Remodeling for the R. N. Fettes includes converting a garage and screened porch into rooms and adding utility, patio and carport.

Tony Luke is refinishing two rooms and a bath in sheet rock and ceramic tile.

## Attend Funeral of Brother in Iowa

Mr. and Mrs. Henry J. Fuhrman, Muenster, and Adolph Fuhrmann, Lindsay, returned Monday night from Algona, Iowa, where they attended the funeral of the men's brother, Louis Fuhrmann, 62, who died suddenly of a heart attack at his home on March 18. The trio left the following day by train from Fort Worth.

Funeral services were held last Thursday and the three stayed for a few days of visiting with other relatives.

Louis Fuhrmann is survived by his wife, two other brothers, Joseph of Chicago and Val of Calgary, Canada; and two sisters, Mrs. John Thill of St. Benedict, Iowa, and Mrs. Anna Faber of St. Joe, Iowa.

Mrs. Adolph Fuhrmann met the three when they returned to Fort Worth. Henry Fuhrman stayed there with his son and family, the Bill Fuhrmans for a few days to undergo a physical checkup.

## Volley Teams in Ponder Tourney

One Muenster team is participating in the volley ball tournament at Ponder this week. Sacred Heart Alumni men, sponsored by Muenster Mill defeated Dan's Drug of Pilot Point in its first game, thereby lining up as a contender in champ bracket.

Their next appearance will be Thursday night at 8, playing the Krum Lndependents.

## All Are Urged to Give in Renewed Hospital Drive

The drive for Muenster Hospital's building fund was revived last Thursday night in a meeting of about 35 workers in the recreation room of the NTPA Plant.

No specific figure was set as the goal for the drive. However, another kind of goal was adopted — to give everyone in the community the opportunity to help.

All the workers selected names of persons to be seen and agreed to report back for a meeting this week Thursday in order to turn in their donations and to select names for their next contacts. They also heard reports from J. M. Weinzapfel, president of the hospital authority on construction progress and financial condition of the project. Work is about at the half way stage, and the building fund is overdrawn by \$43,000. He also explained that more than a third of the first Hill-Burton payment would be used to pay off the \$43,000 loan. Therefore money is urgently needed now.

Tuesday the federal aid check arrived. Its amount was \$114,935. The amount expected was \$122,000, half of the money paid, but it was explained that payment is based on the ratio of local and federal participation. The grant is for \$300,000, and the share remaining for the community is \$366,000.

Out of the local share \$201,000 has been paid and \$165,000 is still needed for construction. In addition \$50,000 is needed as a fund to begin operation, making a total of \$215,000 still to be raised.

The purpose of the present drive is to raise as much of that as possible so that the hospital authority will have to borrow as little as possible. Workers are reminded that a good response can mean a double saving for the coming years — a lower interest rate as well as a lower principal.

## 3 Weeks Left for Safety Inspection

With less than three weeks left in which to have motor vehicles inspected, Patrolman H. K. Caldwell, Motor Vehicle Inspection Service of the Texas Department of Public Safety, urged motorists to obtain their 1963 inspection stickers immediately. In doing so, he advised that 45% of the registered vehicles in Cooke County have not been inspected for the current year.

At the present rate of inspection it looks as though the usual ten per cent who wait until the deadline for inspections will be waiting in line on April 15. With crowded inspection stations on this deadline date, immediate service cannot be rendered and car owners will suffer an unnecessary loss of time and inconvenience.

Nearly half of the vehicles already inspected have required some adjustments or repairs which require more time for both the owner and the inspection station. If car owners obtain their 1963 inspection stickers at their earliest possible convenience, they will avoid unnecessary delays in inspection.

## Muenster Wins 2 Doubles, 1 Single In District Tennis

Tennis players of the Muenster Public School won two doubles and one singles match in the district interscholastic league meet held in Valley View Wednesday, and are eligible for the regional meet to be held in Denton on April 18.

Debbie Cain and Debbie Russell were the winners of elementary girls doubles and Linda Sue Wilson was the winner of elementary girls singles.

Virgil Swirczynski and Roy Reiter were the winners of junior high school boys doubles. Matches lost by the Muenster teams were doubles and singles for elementary boys, doubles and singles for high school seniors girls, singles for high school junior boys and singles for high school senior boys.

## ANOTHER HEAVE-HO IS IN ORDER

By Rosalie M. Gordon

Some of the craziest — and oldest — fiscal notions on how to run a government are coming out of Washington these days all dressed up in new labels like "modern" economics and "New Frontier" thinking. No matter what fancy phrases are used to describe these notions, essentially the idea be-

hind them is that government can make us prosperous by borrowing and spending more than it takes in, piling one deficit on top of another. This road to national bankruptcy has been traveled by governments since the beginning of time, always with the same results. But that doesn't present certain New Frontier thinkers from advocating the same disastrous policies as something new and forward-looking. Chief among these New Frontiersmen is Dr. Walter Heller, chairman of the President's Board of Economic Advisers. That makes him the grand exalted theorizer of the New Frontier. Dr. Heller thinks the American people need "educating" in order to accept this theory of his because, he says, we have "a basic Puritan ethic" against deficits.

If we have such an ethic and it makes us suspicious of spending what we do not have, we ought to thank God for it and hang onto it. However, it does not seem to occur to Dr. Heller that perhaps this isn't Puritanism but just plain common sense. After all, the West Germans cannot be accused of having a Puritan ethic, but they

Taxes On Business Are Taxes On You

gave Dr. Heller a grand heave-ho when he tried to sell them the same crackpot economics after World War II. All they had was a good memory — a memory of what happened to Germany when she tried these same ideas after World War I. Her government went in for heavy deficit spending in an effort to bring prosperity to her people. There was the inevitable inflation which economists like Dr. Heller told the Germans could be controlled.

**Remember When?**  
 Do you remember when it cost two cents to mail a letter? Now it costs five cents. When Germany started off on this slaphappy course after World War I, it cost one-tenth of a mark to mail a letter. By the summer of 1923 the cost of a postage stamp had risen to 300 marks. And then the inflation got out of control, as always happens with all inflations caused by government borrowing unless the borrowing is stopped.

**Incredible But True**  
 What happened in Germany may sound incredible, but it is true. By the fall of 1923, the Germans were paying 75,000 and then two million marks for a postage stamp. On November 5th the cost of a stamp rose to one billion marks and by December 1st, a postage stamp cost ONE HUNDRED BILLION marks and the inflationary chaos had brought complete collapse to Germany. Then she started over again but under the same theories of cockeyed economics her government began building up the deficits again and finally wound up with Hitler, National Socialism and another war. All this the West German leaders remembered when they told Dr. Heller, after World War II, to go peddle his nostrums elsewhere. We would do well to tell him the same thing.

Beginning July 1, 1963, doctors, dentists and nurses will not be permitted to appear in television commercials, reports the National Association of Broadcasters, nor will actors and actresses be permitted to pose as such.

## WHAT DO YOU MEAN DUMB ANIMALS?

## WE'RE OVERLOOKING OUR STRONGEST DEFENSE

Recent battles between the Defense Department and Congress have raised again the question, "How can we best defend ourselves against the Communists?"

Obviously, as long as we are threatened by Communist imperialism, we must have the best possible defense. As President Kennedy pointed out in the 1960 campaign, "We should have a one-word defense policy — first!"

Unfortunately, now that he's president, he often seems more interested in disarming us than in arming us.

The fact remains, however, that we must be at maximum strength as long as the Communist menace exists.

But aren't we overlooking an essential point when we argue about defense? That is: we wouldn't have to spend so much time and money on defense if we eliminated the Communist threat.

What is the sense of devoting so much attention to the Communist danger — when we're not even taking steps to

## H.O. Kinne, O.D.

OPTOMETRIST  
 210 E. Calif., Gainesville  
 State License No. 26

end that danger?

Isn't it incredible that we're spending over \$50 billion this year to protect ourselves against the Soviets — and at the same time we're selling the Soviets critically-needed wheat at subsidized prices?

How do we explain the fact that we're spending a fortune to arm our allies in Europe to resist communism — at the same time that we're giving aid and weapons to Communist Yugoslavia?

Isn't it a grotesque joke that we're watching American boys dying in South Vietnam — at the hands of soldiers armed by Communist Poland, another foreign aid recipient?

Is all of this just a bad dream? Will we soon awaken?

Our politicians are draining our last dollars to build an invulnerable defense against communism — while they bestow upon the Communists the means to make them a greater threat!

Our defenders ponder the way to build an impregnable wall — but then invite the Communists to walk through the door to spy, to subvert, and to sabotage our defenses.

Yes, we agree; we should have the best defense possible against the Communists. But all of the billions of dollars spent are wasteful and are taken under false pretenses — as long as we continue to help our sworn enemy.

Our strongest possible defense against attack would be to sever all aid, trade and diplomatic relations with the Soviet Union and all Communist countries.

That is the only policy that holds any hope of ending the Communist menace. Because once the Communists can no longer rely on our help, their impractical economic system will destroy them.

But every day that we continue to aid them puts us one day closer to the time when the Soviets really will be able to blackmail us into surrender.

In view of our tremendous defense burden, anything short of a complete break with the Communists is a crime against the American people.

Why not let your government know how you feel about it?

### Church Service, Social Observe Camp Fire Week

Muenster's Blue Birds and Camp Fire Girls Sunday observed Camp Fire Week with a church service and a social event in which their parents and leaders joined.

After the 7:30 mass and Communion in Sacred Heart Church the group of about 150 had breakfast in the Parish Hall. Miss Doris Vavra, secretary of the leaders' group, emceed an after breakfast program the girls put on for their parents.

Second and third grade Blue Birds recited the Blue Bird Wish, Fourth grade Blue Birds gave a recitation, fifth grade Camp Fire Girls presented an Indian number in song and action, and Doris Fisher, junior leader of the sixth grade Camp Fire group, told of the organization's accomplishments since it got under way in Muenster. The Junior High Camp Fire group told the history of Camp Fire Girls through their 53 years of activity. Mrs. Joe Lehnertz was in charge of the meal. Members of the VFW Auxiliary, the sponsoring organization, served.

Father Martin Fischer was a special guest. He directed a part of his sermon at mass to the Camp Fire group.

### Local News BRIEFS

Mrs. John Rohmer is having a week's vacation with her daughter, Miss Ida Rohmer of Fort Worth and together they went to Longview for a visit with the Joe Spaeths.

Spending Sunday in Denton were Mr. and Mrs. J. W. Fletcher who were guests of their son Jack Fletcher and family.

Mr. and Mrs. Bill Derichsweiler and their daughters Mrs. Richard Zimmerer and Mrs. Gene Schmitz and son Bobby were in Dallas Tuesday for Mr. Derichsweiler's checkup and stopped at Lewisville for a visit with Irven Derichsweiler and family.

Off on a vacation in Central America is Mrs. G. H. Hellman. She's the guest of friends in British Honduras... made the trip by jet from Dallas.

Mr. and Mrs. Delbert Walter-scheid and children of Rockwall were weekend visitors with her parents, the Martin Trubenchs.

Back from the races in Hot Springs, Ark., are Mr. and Mrs. Ray Evans and Mrs. J. C. Trachta, horse racing enthusiasts, who spent ten days at Hot Springs. Going, they visited friends overnight in Texarkana, and at the races they enjoyed seeing a number of Gainesville people.

A group from Muenster attended the River Valley Country Club Style Show at Gainesville Tuesday. Charm Shop fashions were among those shown. Attending in Mrs. Ray Evans' party were Mrs. J. C. Trachta, Mrs. R. T. Brock, Mrs. Couch and Mrs. Clyde Bohls of Gainesville and Dude Sunderland of Neocoma. Also attending were Mrs. Urban Endres and Mrs. David Trachta.

Muensterites were among the more than 400 persons attending open house Sunday at the Cooke County Farm Bureau's new office building. Miss

Rita Fisher helped register guests. Every adult registering received a package of rat poison, courtesy of Farm Bureau and all who attended had cookies, coffee or punch for refreshments. Balloons and bubble gum were handed out to the children. Among prize winners were Mrs. Gus Lutkenhaus and Mrs. Jack Biffle. They received travel kits.

Former Muensterites Mr. and Mrs. Willard Hartman and daughter Madonna are at home in Fort Smith, Ark., now. With the transfer from Jackson, Miss., came a promotion for Willard. He's store manager of Tandy Craft and Hobby Mart at Fort Smith. He began working for Tandy Leather Co. last July. Mrs. Victor Hartman has gone to Fort Smith to visit her son and family and help them get moved into their new location.

Mr. and Mrs. Martin Trubench took her brother, M.Sgt. Walter Schmitz, to Fort Worth early Wednesday morning to board a plane at Carswell AFB for his return to Westover AFB, Mass., after a leave to visit relatives.

The Stan Wyles and children of Grand Prairie spent Saturday with her parents, the Bill Kathmans.

Father Joe Weinzapfel of Dallas spent overnight and one day the past week with his parents, the J. M. Weinzapfels.

Mr. and Mrs. David Endres and sons John David and Howard of Dallas came to Muenster to spend the weekend with their families. Howard celebrated his first birthday while they were here. They were guests of his mother, Mrs. R. R. Endres, Sunday after visiting the Ed Endres family Saturday. Her parents, the Henry N. Fuhrmanns were away for the weekend visiting in Karnes City with another daughter and her family, the Cletus Bauers. They stopped in Dallas on the way home Monday for a visit. And they visited by telephone with Mr. Fuhrmann's sister, Mrs. Ray Lewis of Dallas. She told them that Leslie Lewis had been home from Subiaco Academy for a weekend visit. On the trip going to Karnes City Friday, the Fuhrmanns stopped at West to see his sister, Sister Michael Marie. She hurt her foot and right leg recently.

Mrs. H. D. Cook and her sister-in-law, Mrs. Wayne Thompson of Saint Jo, spent Tuesday in Bowie on a combined business and pleasure trip.

The CCD Discussion Club headed by Mrs. L. A. Bernauer met in her home Thursday night for the March study.

Twelve were present. They studied the chapter on Actual Sin and had refreshments after adjournment. Miss Katie Herr helped the hostess serve.

Mrs. T. S. Myrick and son Jim drove to Weatherford Sunday afternoon to visit her mother, Mrs. Pauline Bradshaw, and were happy to find her improving, talking a bit and taking nourishment. She has been seriously ill for several weeks. Mrs. Myrick got to see another sister, Mrs. J. O. Miller, who had been with her mother for two weeks. Mr. Miller came for his wife and they returned to Artezia, N. M. Sunday. Taking care of Mrs. Bradshaw now is another daughter Odessa, Mrs. Shirley Leach. She and her husband and son have moved from Mineral Well to stay in the Bradshaw home.

Mr. and Mrs. Leonard Hartman have named their infant son John Edward. He was baptized Sunday evening in Sacred Heart Church by Father Martin with Mr. and Mrs. Arthur Endres as godparents for their nephew. Among those attending the christening service were Johnny's brother Tim and his sister Jean Ann.

#### Tigers Lose Two To Collinsville

The Sacred Heart Tigers lost numbers 3 and 4 of their baseball season Friday and Tuesday to Collinsville. First game was a fairly close one ending 9-7, the other was a 14-4 run-away.

Hits and errors were plentiful on both sides Friday, but Collinsville got the lion's share of them — 9 hits and 9 errors, while Sacred Heart got 8 hits and 6 errors. Going into the 5th the teams were tied at 3 each, then Collinsville got hot for a 6 run rally. In the seventh the Tigers threatened but their effort was limited to 4 runs. Francis Fuhrmann pitched for Sacred Heart.

In the next game Collinsville batters bombarded three Tiger pitchers for 5 singles and 5 doubles in four innings. Seven walks also contributed to the 10 run (14-4) lead at the end of the fifth inning. Actually it was 4½ innings. Collinsville did not need its fifth turn at bat. Sacred Heart pitchers were Francis Fuhrman, Dennis Hess and Jimmy Otto.

#### Miss Judy Walter And Johnny Wolf Say Vows at Mass

In Sacred Heart Church Saturday evening at six o'clock, Miss Judy Walter exchanged wedding vows with Johnny Wolf in a double ring ceremony at nuptial mass. Father Alcuin Kubis officiated.

Parents of the young couple are Mr. and Mrs. Oscar Walter of Muenster and Mr. and Mrs. Adam Wolf Sr. of Gainesville. The bride wore a lovely bouffant ballerina length gown of white lace and nylon over taffeta. Her tiered veil was shoulder length held to a queen's crown of pearls and rhinestones. She carried a white orchid and feathered carnations on top of her prayer-book. Her father gave her in marriage.

Miss Alice Walter was her sister's maid of honor wearing a tangerine dress and matching headpiece. She carried a nosegay of white carnations. Lee Wolf of Gainesville was best man for his brother.

Mrs. Leo Lawson, cousin of the bride, vocal soloist and Anthony Luke, organist, provided wedding music. After mass the couple went to the Blessed Virgin's shrine where the bride presented a bouquet of white gladioli.

The wedding reception and dinner were held at the home of the bride's parents for immediate members of both families.

The newlyweds will be making their home in Gainesville where he is employed. Both attended Sacred Heart High School.

Among wedding guests were the bride's brothers David and Rodney Walter of Dallas and Miss Libby Starkley, also of Dallas.

#### Camp Fire Girls Activity

##### Aowakiya

Fourth grade Camp Fire Girls had their regular meeting Wednesday afternoon in the home of their leader, Mrs. Leonard Yosten, with Mrs. Gerald Hess, assistant leader, helping with the program which consisted of baking three varieties of cookies. These were served as refreshments with hot chocolate. Debbie Yosten was refreshment hostess. The 13 members were present. They are Mary Medders, Susan Stoffels, Patty Tempel, Suzanne Huchton, Janelle Stoffels, Peggy Endres, Joanie Rohmer, Donna Endres, Patsy Felderhoff, Laurie Wimmer, Donna Rohmer, Debbie Yosten and Nancy Endres.

##### Manuka

Fifth grade Camp Fire Girls had their regular meeting March 20 with leaders Mrs. Don Flusche and Mrs. Ray Hess in the Hess Home. Twelve members were present and had a cake baking demonstration. They also worked on pot holders. Kathleen Swirczynski was refreshment hostess, assisted by her mother, Mrs. Richard Swirczynski, in serving. Afterwards the girls sang a song and closed the meeting by forming the Friendship Circle.

**Your Fair Share...**

Most Texans, we believe, are fair-minded folks. They believe in fair play, square dealing, and mutual respect for personal and property rights. Those who want to take advantage of their neighbors are the exception.

Sometimes it may be hard to define "a fair share." This can occur in dividing oil or gas production, when two or more landowners are involved.

As we all know, oil and gas don't pay any attention to fence lines.

Here in Texas many wells have been allowed to produce more oil or gas than they should have because they were drilled on very small tracts. That extra oil or gas came from under the neighbors' land.

Some oilmen made a regular practice of this type of operation. Obviously, one owner got more than his fair share—others less.

People in 26 out of 29 oil-producing states have found a way to divide their oil and gas so that each owner gets what is rightly his. They simply put their small acreage together and share the costs and income. This system is known as **POOLING**.

Such a system is needed in Texas. It is proposed in a bill now before the legislature, **HOUSE BILL 510**. When neighbors cannot agree, the Railroad Commission would set up a drilling block and see to it that the rights of all owners are protected... all costs and proceeds equitably divided.

Oilmen who have made fortunes at the expense of others could not be expected to support House Bill 510. They are bitterly opposing it. But the responsible oilmen of Texas are overwhelmingly for it. So are the informed citizens who want to see justice done.

Ask your Senator and Representative at Austin to support House Bill 510—so Texas, too, will have a reasonable and legal way to assure to each landowner his **FAIR SHARE**.

The 1962 honey crop set a new record and it was produced by fewer colonies of bees, the U. S. Department of Agriculture reports. There were some 5,480,000 colonies, about 1% fewer colonies than were on hand in 1961.

Honey production, estimated at 274,814,000 pounds for 1962, was slightly more than the previous record crop in 1961 and 12% more than the 1956-60 average output.

Production per colony averaged 50.1 pounds, compared with 49.7 for 1961 and with an average of 45.5 pounds for the 1956-60 period.

The 10 leading honey-producing states in 1962 (in order of production) were: California, Minnesota, Florida, Texas, Wisconsin, Ohio, New York, Iowa, Indiana, and Illinois. These states accounted for 57% of the crop.

California had a good flow of honey from orange, safflower, and buckwheat crops. In Florida an excellent nectar

flow was produced from citrus and tupelo blossoms. A very good yield was obtained from alfalfa, goldenrod, and basswood in western New York. Domestic consumption of honey averages about 20 million gallons a year.

**SOIL CONSERVATION DISTRICT NEWS**

**OUR SOIL ★ OUR STRENGTH**

Weather in the Muenster-Saint Jo-Forestburg area of the Upper Elm-Red Soil Conservation District continues dry and greatly affects grass planting.

Cooperators are again urged not to plant if the soil seems too dry. Conservationists of the Muenster work unit will be glad to check ground moisture and give advice on the matter. The telephone number is 93.

Bermuda grass roots must be planted in moist soil or they will die. Ground should be packed around the roots to conserve all possible moisture. Scattered showers the past few weeks have allowed some farmers to plant.

Eighteen acres of Coastal Bermuda have been sprigged on the M. J. Kirk farm north of Rosston. J. C. Kirk did the work using the district's two-row planter. Fertilizer was applied at a rate of 125 pounds of 16-20-0 per acre.

Hugo Lutkenhaus sprigged five acres on his home place west of Muenster. He said in-

come from this area amounted to about \$40 an acre. After he subtracted cost of seedbed preparation, seed cost, planting, harvesting and erosion of the soil, there wasn't much left. But he feels that if this area will run one cow and one calf he will make money.

Louis Roberg has 20 acres of Coastal Bermuda planted on his farm near the old Valley Creek school. T. W. Irick did the planting with his two-row planter. Irick also planted 25 acres on his own farm which joins the Roberg land on the north. A one-inch rain was reported in that area last Friday.

Roy Kingery and Wayne Cooke near Dye Mound have sprigged approximately 50 acres to date. They plan to sprig some more. They are using two of the widely advertised "Wichita" spriggers.

Years ago no doctor would pass an accident without helping the victim. Sad to tell this courtesy today is rare. But there's a lot to be said for the doctor's dilemma. He won't help because he fears a lawsuit charging neglect or malpractice. Thus the victim is neglected and the doctor maligned. Because these lawsuits have gotten out of hand, 14 states have enacted so-called 'Good Samaritan' laws to protect the doctor in such emergencies. — King Ferry, N. Y., Tribune

ONLY NEW HOLLAND OFFERS THIS TEAM FOR BETTER FARM MANAGEMENT!

**YOUR BONUS**

Portable Remington Electric Adding Machine prints on tape for permanent records. 10-key ease, speed, simplicity. Can cut your figuring time in half! If you prefer, choose a Remington Monarch portable typewriter instead—fine for the whole family!

...when you buy America's favorite baler!\*

\*Offer applies to New Holland's best-selling balers — 14" x 18" Hayliner® 270 (shown), 14" x 18" Hayliner 271, and 12" x 16" Compact Hayliner 65. Bale-Thrower optional at extra cost.

Now, for a limited time only, we're offering this team for better farm management—two machines every modern farmer needs:

- A New Holland Flow-Action Hayliner, with optional Bale-Thrower, is the world's most modern haying tool. With it, you can bale and load up to three times more hay per hour than a two-man team baling and hand-stacking.
- A Remington Model 8 electric adding machine will speed and simplify your record-keeping—let you manage your operation more efficiently!

Good farm management includes field work and desk work. To help you be top-notch at

both, we're making this unique offer: Buy a Flow-Action Hayliner to cut costs and improve hay quality... get the adding machine as a bonus. It will help you accurately figure the profits of your quality hay program.

Come in soon for a demonstration of New Holland's exclusive Flow-Action... the baler feeding system that sweeps hay gently into the chamber, saving valuable leaves. Every bale is firm, square, uniform—just right for hand-stacking or random loading.

Flow-Action is just one reason why more farmers own New Holland balers than any other kind.

**Facts About Social Security**  
It is never too early to make plans for your future retirement, according to Gus Jones, social security district manager in Sherman. He said the folks in the social security office will be glad to tell you what papers you will need when you file your claim for payments. "You should make your claim for social security retirement payments two or three months

before you actually retire," Jones said. By doing this, you will get your payment on time when you retire.

Mr. Jones warned older workers against waiting until after retirement to make their first visit to the social security office. Some often find that they could have gotten benefit payments even though still working. The best way to avoid this kind of loss is to check into social security before you retire.

If you are near age 62 and have never checked into your social security, do so today. Even if you are not ready to retire, you should check on your social security when you reach age 62, 65, and 72, Jones advised. The social security office in Sherman is located at 315 West Mulberry.

More information may be obtained on this subject from Noel Wall, Field Representative, who is in the Basement of the Gainesville Post Office each Tuesday and Thursday morning from 9:30 a.m. until noon.

**Local News BRIEFS**

Miss Frances Walterscheid has gone to Dallas to attend business college. She had been employed at The Center and the Center staff gave her a farewell coffee and presented her a piece of luggage as a parting gift.

Mrs. Tony Gremminger was the birthday honoree Sunday when her daughters and their families, the Bobby Howells of Fort Worth and the Maurice Pagels, joined her in a celebration. The other daughter and her family, the Robert Mayers of Pilot Point were prevented from being present on account of illness in the family but Mrs. Mayer drove to Muenster Saturday to bring greetings in person and gifts to her mother.

Visiting the R. M. Zippers over the weekend were their daughter and family, the Jim Stockmans and David, Debbie, Ronnie, Michael, Stephen and Karen of Oklahoma City.

Mrs. J. P. Janicki of San Antonio, writing about being back at home after knee surgery says she is doing fine but still has to spend a part of each day in bed. The good wishes from so many people in Muenster and elsewhere were a never-ending source of encouragement and she is more grateful than she can say for such remembrance. She said her daughters counted over a hundred cards and letters from Texas and 16 other states.

Mr. and Mrs. Travis Wickliffe and daughters Rhonda and Dana of Dallas spent the weekend with her parents, the Alois Haverkamps. It was six-week-old Dana's first visit with her mother's family.

Mr. and Mrs. Howard Mollenkopf of Denton divided a weekend visit between their parents, the Arthur Endreses and Mrs. George Mollenkopf Sr. It was Ruthie's birthday observance. Her birthday was Thursday and

her mother and her husband's mother drove to Denton for a surprise visit with her that day.

Mr. and Mrs. Angelo Nasche and sons Angelo Jr. and Mark of Fort Worth spent the weekend with her parents, Mr. and Mrs. Gary Hess and family.

Sister Mary Lin telephoned her mother, Mrs. Alfons Koester Sr., from Denison the past week to let her know she was being transferred from nursing duty at Madonna Hospital in Floresville for nursing.

Wayne Trachta and Robert Walterscheid of Subiaco Academy spent the weekend with their parents, the Dick Trachtas and the Otto Waltersheids. They brought two schoolmates with them for a visit in Muenster.

Mr. and Mrs. Melvin Schumacher and children Dale, Kenny, Karen, Dennis and Ronnie of Gainesville were Sunday dinner guests of her parents, the Ted Gremmingers.

Mr. and Mrs. Edd McGannon's nephew, the Rev. J. Barry McGannon, has been named dean of arts and science at St. Louis University, Mo. He is the son of Mr. and Mrs. Patrick McGannon of Manhattan, Kansas. All three have visited in Muenster. Father McGannon holds a doctoral degree in Education. He was graduated magna cum laude from the University's school of arts and science.

Al Alford and Mr. and Mrs. Carl O'Banion and two children have returned to California after being in Muenster to attend the funeral of Mrs. John Coursey. They traveled by car, leaving Saturday. Mrs. Al Alford who flew from Orange, Calif., as soon as she learned of her mother's illness, is remaining for an indefinite stay. She'll fly home after a visit with her brother and family, the Lynton Courseys.

Enjoying a day in Fort Worth were Mrs. Tony Wiesman and her daughter Mrs. Bill Terry of Gainesville. They took little Timmy Terry with them as far as Valley View where he stayed with his other grandparents, the W. M. Terrys, while his mother and his Grandpa Wiesman spent Thursday in Fort Worth. They visited the Don Wiesmans and Mrs. Don Wiesman joined them in seeing the town and shopping.

Mrs. Bill Duncan has returned to her home in Hereford after an extended visit with her daughter and family.

the Melton Ramseys, during which time she got acquainted with her grandson Reddy Ramsey. Bill Duncan came Friday to spend the weekend and took his wife home with him Sunday. Others coming for visiting while the Ramseys were with the Ramseys were Melton's cousin Sid Ramsey and his wife and their daughters Cindy and Jenny of Arlington accompany by his parents, the Gordon Ramseys of Gainesville. They were Saturday evening guests. Visitors Sunday were friends from Gainesville, Mr. and Mrs. Everett Snow and son.

Mr. and Mrs. Bob Cooke of Abilene were back in Cooke County for a weekend visit and came to Muenster Sunday afternoon to see his brothers Don and Reeve Cooke.

Drive-in banks were established so that the cars could see their real owners.

**36 days that proved Ford's total performance!**

- RIVERSIDE, CAL. January 20**  
In a total performance test of brakes, suspension and steering on the twisting Riverside sports car course, Dan Gurney drove a Ford hardtop to victory over 43 other stock cars. The 500-mile grind demonstrated Ford's superior stamina and road-holding.
- MONTE CARLO January 23**  
The '63½ Falcon V-8 Sprints made their debut with a fantastic showing in the 2,500-mile Monte Carlo Rallye. Through Europe's worst winter weather they placed 1st and 2nd in class. Besides this... one Sprint defeated every entrant in the Rallye's six special stages.
- PURE OIL TRIALS January 27**  
In a competition designed to test all-around performance, Fords were overall winners in Class I and Class II in the Pure Oil Performance Trials at Daytona. Their total performance design added up to most total points in gas economy, acceleration and braking events.
- DAYTONA, FLA. February 24**  
Daytona "500" history was made when '63½ Fords blazed into the first five places! Since Daytona is the toughest track in the world, this was eyewitness proof that Ford's total performance design can endure the maximum in automotive punishment.

... and here are the 63½'s that gave total proof of Ford's durability and handling!

You may never see a competitive auto event. But at 30 mph on rain-slick blacktop, in the close-packed rush of 5 o'clock traffic, on a twisting mountain road, the results are important to you. On every slippery surface you need the kind of roadability that placed five Fords out front in the Daytona "500." On every busy cross street — you want the brakes that won on Riverside's sports car circuit. Your engine will hold up better through years of turnpike use because it's as beautifully balanced as Falcon's Monte Carlo V-8's. The winning competition car is bound to be a great road car — and Ford is the big winner!

If it's Ford-built, it's built for performance ... total performance!

### All-Day Quilting Held at Kuhn Home

An old fashioned quilting party was held Tuesday at the home of Mrs. Henry Kuhn and she served dinner and afternoon lunch to the group of quilters. They quilted a flower garden design.

Together for the quilting were Mrs. John Corcoran and Mrs. Delbert Davis of Gainesville, Mrs. Tony Voth, Mrs. Sophie Stoffels and Mrs. Val Dieter of Lindsay and Mrs. Henry Pick, Mrs. Ben Seyler, Mrs. Norbert Klement and Mrs. Albert Herr of Muenster.

### Skating and Train Trip Planned for Craft Club Group

In a called meeting of the Lindsay Craft Club leaders Monday at the home of Mrs. Ray Laux, leaders planned recreation for the club members.

A skating party for Wednesday night was decided on for the youngsters in Mrs. Ray Laux and Mrs. Andy Arendt's groups.

And it's a train trip Saturday for the boys and girls of Mrs. Al Bengfort, Mrs. Bob Lutz and Mrs. Norbert Rohmer's groups. They'll board the train at Gainesville at 11:30 a.m. and go to Ardmore. They'll carry sack lunches. The return trip will bring them back to Gainesville at 1:30. All club leaders will travel with the children.

Mrs. Laux announced that Frank Mages of Gainesville was winner of the china pitcher that was given away in Fort Worth at St. Andrew's parish picnic by the Lindsay Craft Club.

The regular monthly meeting for club leaders will be held Monday, April 1, in the home of Mrs. Al Bengfort at 2 p.m. Officers for the leaders group will be elected at that time.

### Family Gathering Honors Serviceman

A family gathering in the home of Mrs. Joe Schmitz Sunday had all her children together for the first time in two years. The get-together honored M.Sgt. Walter Schmitz before he left, Wednesday this week, to return to Westover AFB in Massachusetts. He had spent a ten day leave with his mother and other relatives.

Together for the reunion, joining Mrs. Schmitz and Walter, were Richard Schmitz of Houston, William J. Schmitz of Dallas, Mrs. Agnes Stewart of Dallas and Mrs. Martin Trubench, accompanied by her husband and son Mike, of Muenster.

### Relatives Attend Tours Funeral for Mrs. Rauschuber, 92

Lindsay relatives were among those at a funeral in Tours last week Thursday. They attended requiem mass and burial for Mrs. Mary Rauschuber, 92.

She was the widow of Aloys Rauschuber and had visited in Muenster years back regularly with her relatives of the Dulock family when they resided in Muenster, and since that time had visited in Lindsay with Mrs. Nick Block, a niece, and other relatives.

Mrs. Rauschuber, the former Mary Dulock, was the last of the pioneers of St. Martin's Church at Tours. She had lived there most of her 92 years, traveling to Texas from up north in a covered wagon in the 1870s.

Survivors include four sons and six daughters, one of them Sister Catherine of Our Lady of the Lake Convent teaching at West this year.

Mrs. Rauschuber died March 19 following a stroke two weeks earlier.

Among those attending the funeral were Mr. and Mrs. Nick Block, Mrs. Clem Hermes Sr., Richard Arend and Mrs. Lena Arend of Lindsay and Mr. and Mrs. Frank Rauschuber of Valley View.

### Kit Carson, Guest Speaker for PTC

Members of Lindsay Parent-Teacher Club heard Kit Carson, county school superintendent, as speaker at their March meeting Tuesday night. He discussed accreditation requirements.

Al Bengfort, club president, introduced the guest speaker, and conducted the business session. A nominating committee accepted the job of preparing a slate of officers to be voted on at next month's meeting. On the committee are Gregory Hundt, Mrs. Harold Schmitz and Bill Metzler.

The April meeting will be the last of the current year. First grade room mothers were refreshment hostesses. Mrs. Vincent Zimmerer, Mrs. John Louis Hess and Mrs. Charles Neu served a large attendance.

Zeke came into town carrying a jug under one arm and a shotgun under the other. He walked up to a stranger, leveled the shotgun at him and ordered him to drink from the jug.

Coughing and sputtering, the stranger said, "Tarnation, that's horrible stuff!" "Yeah, ain't it?" agreed Zeke. "Now hold the gun on me while I take a snort."

### Travel Brochure Pictures Texas as "Today's Fun-tier"

Tourists unfamiliar with Texas are expected to get an eye-opening look at the state as the result of a colorful new travel brochure released today by the Texas Highway Department.

The 32-page booklet, "Texas — Today's Fun-tier," is one of several devices used by the State Highway Department to assist Texas in winning a fair share of the burgeoning national travel market.

"Texas realized \$471 million from tourism in 1962, an increase of \$31 million over 1961," explained D. C. Greer, state highway engineer. "But the potential is far greater."

"Before our state can command this potential, however, we must overcome some unfortunate misconceptions about Texas. This new brochure is dedicated to this end."

One of the most prevalent misunderstandings is that Texas is all a vast desert, arid and highly uninviting as a vacation land. The new brochure, coupled with the state's first series of travel posters and the holiday — oriented 1963 highway map, punctures this idea.

Together they emphasize Texas as a land of infinite variety with its roots in gaiety and excitement. The concept is embodied in the theme that yesterday's frontier has yielded to "today's fun-tier."

The new line was adopted by the Highway Department's Travel Division after scores of suggestions had been studied and re-studied.

By the same token the promotion campaign was built around findings gleaned from a nationwide survey.

The study asked prospective visitors what they would least expect to find in Texas. They stressed lakes and rivers, mountains, forests and greenery, beaches and water sports, tall buildings and a cultural atmosphere.

Taking its cue from the replies, the new brochure is filled with 76 full color pictures, most of them devoted to those features the state is not expected to possess yet which it offers in abundance. A case in point are numerous shots of water and water sports, emphasis not out of place since Texas has more inland water than any state except Alaska.

Care has been taken to give equal representation to all parts of the state. As a guide to the uninitiated, the brochure divides Texas into six regions with double page spreads devoted to each.

Another portion discusses the variety of attractions common to the entire state or to more than one region: historical shrines, fine food, superb accommodations, metropolitan bustle, wide open spaces, international flavor, amusement parks and sports.

There is also a section dealing with hunting and fishing information, highway safety and the extensive tourist services provided by the Highway Department through its mail operation and its eight Tourist Bureaus.

Enclosing the 9 by 12 inch brochure is a bright panoramic cover painted by a Texas artist. It contains several dozen of Texas' better-known attractions, all arranged in an imaginative tapestry woven about the "Today's Fun-tier" theme.

The new book, six months in preparation, will complement the existing "Texas" brochure which the Highway Department brought out in October, 1960. Since its introduction nearly 700,000 copies have been printed and distributed throughout the world.

Like the earlier book, the

new publication will be sent on request to persons contemplating Texas visits. Although designed primarily for the out-of-state resident, Texans too are likely to find something new about their state from its pages.

"We have every confidence that tools such as this brochure and its companion pieces will help dispel the gross misconceptions many people have about Texas," said Greer. "And when they find we have something more to offer than desert wasteland, there is every likelihood our tourist industry will attain the stature we expect of it."

not just to keep them in check. We waste more time trying to co-exist with Khrushchev when we should reverse the order and tell him to co-exist or else. Or else what? Go out of business, of course. Communism got what it did only by our help. It continues as a world power only by our help. It would fold up in a few years if we left it completely and permitted it to be destroyed by its own wickedness.
