VOLUME XXVI

MUENSTER, COOKE COUNTY, TEXAS

APRIL 20, 1962

NUMBER 22

"The heavy hand of government has just won a Pyrrhic victory". So says Editor David Lawrence of U. S. News and World Report in what may prove to be a prophetic statement on results of last week's interference by the Administration following the steel industry's announcement of a price increase.

We fervently hope the nation will be able to survive this blow at one of its most cherished traditions. If not, historians of the future may identify April 11, 1962, as the date beginning the decline and fall of the American Way.

Without doubt this is the most brutal case to date of applying dictatorial pressure on American industry. Every threat known to the federal brain trusters was applied in coercing companies to knuckle under. Steel executives saw the handwriting on the wall. Official harassment would cost them more than they could possibly win by the price hike, and, in view of the government's hostile attitude they were likely besides to lose their case in the end.

In the first place there is ample cause to dispute the administration's claim that price increase is unjustified. After four years of increasing costs, largely because of official government policy, without compensating increase of price, how can they say that steel companies are not entitled to the increase? Especially when the industry warned before the government's recently negotiated fringe benefits to labor that it could not absorb more costs.

Even assuming that the need is debatable the big issue here is the government's right to dictate to private enterprise, and the possible effect on the entire country's economy. What's to be expected when business is guided by government snooperism instead of the free competitive system which has given us almost two centuries of phenomenal progress?

One way or another David Lawrence's prediction must come true. The victory will cost dearly, either to the administration or to the nation, or to both. Our best hope now is that the official meddlers rather than the country will have to pay for this regrettable exploit in dictatorship.

An interesting point in morality is involved in the current issue over the pari-mutuel amendment which will be on the state's primary ballots on May 5. Opponents of race track betting base most of their fight on moral grounds, listing the many evils that can be expected if the amendment is approved. But in a strict sense it's hard to be certain that logic is leaning to their side.

Even though it must be admitted that legalized betting will bring many of the undesirable consequences they predict, it is also a fact that the real harm derives from abuse of betting rather than from the right to bet. The principle is somewhat similar to that concerning the use of alcoholic drinks. The evil is in excessive drinking, not in just taking a drink.

This principle can be conveniently applied to the old question whether it's sinful to play poker. The answer may be yes or no, depending on an all important "if". If stakes are low and the amount involved is no more than a person can reasonably spend on other recreation, the game can hardly be judged as wrong. But if stakes are high and loss would result in the neglect of family support or some other obligation, the game can very properly be regarded as wrong.

To carry the principle farther, it might be added that, in some cases, other expenditures normally regarded as legitimate can be just as wrong as gambling. Spending on self gratification of any kind to the neglect of rightful obligations is wrong, and the total of distress caused by this practice is many times greater than that caused by gambling.

But getting back to the basic issue, there's still the big question of whether all should be deprived of a right just because some people abuse it. Without doubt there are many who use and enjoy their right prudently. Should they have to abide by rules that are intended strictly for the imprudent?

As a matter of record the column explains that this treatment of the subject is strictly academic. Con has no yen to bet on the ponies and will not

Knights Sponsor Benefit Event For Hospital Fund

With hopes of taking their pledge over the top, members of the Muenster KC Council are getting set this week for their hospital benefit party to be held on Easter Monday.

The event will consist of a picnic featuring games, eats, drinks and the customary fund raising concessions plus a dance with music by Bill Tanner's Jet Tones. Picnic begins at 2 p.m. and extends into the night. The entire program will be at the parish hall.

Also participating as a sponsor is the local court of Catholic Daughters. They will have concessions at the picnic to raise funds for their hospital pledge.

Knights are confident that this event will complete their \$5,000 pledge. A similar program on Easter Monday last year netted over \$2700.

NEWS OF THE SICK

Mrs. J. W. Hess entered M&S Hospital as a medical patient Monday.

Six-months-old Gary Henschel, son of the Rufus Henschels, was dismissed from the Sanitarium Tuesday after being a patient for treatment and observation since Sunday. His mother stayed with him while he was hospitalized.

Mrs. Frank Kaiser received a very good report following her annual checkup in Houston. She left here Sunday and returned Tuesday.

Mrs. E. S. Lawson continues as a patient at the Sanitarium, a setback last Friday preventing her dismissal as anticipated. She's improving normally again and if recovery continues may be home for Easter. Mrs. Lawson had surgery for a ruptured appendix on March 31.

Mrs. O. J. Huchton is having a forced vacation from Palace Cafe duty this week on account of a burned left hand sustained when boiling water spilled over it. It was a home accident.

Reported recovering normally from gallstone surgery performed at the Sanitarium is Mrs. Joe J. Wimmer. She had the operation Thursday, April 12.

Jimmy Lehnertz of Gainesville is out and around again after being a patient in the Sanitarium. He was in Muenster Monday tending to business and making pop calls at the home of his parents and with friends.

Former Muensterite Mrs. Henry Luebbert of Fort Worth broke an ankle in a fall at her home Apr. 12 and had to go to Harris Hospital for several days. The foot and leg was put in a cast by a bone specialist and the injury will have her on crutches for some time.

Schools to Have Classes Monday

It will be classes as usual at Muenster schools on Easter Monday, despite the fact that it is traditionally a holiday, and was scheduled that way again this year. It's the last of the make-up days to fill in for time lost during rough weather in January.

As a result the schools' calendar will meet the state requirement and the school year will end on May 18 as originally planned.

Classes Monday will begin at 8 and end at 1:30.

Help Requested To Replace Losses In Recent Fire

Fire early Monday morning destroyed the home of Mrs. Minnie Brewer on Rt. 2 Saint Jo, near Caps Corner.

Only a few items of furniture were saved.

Since then neighbors and friends are working to provide her with another home and furnishings. They are accepting donations to buy a used house and have it moved to the farm, and also are asking for furniture, clothing and bed clothing. Especially wanted is an old wood burning range. Her dress size is 22½ and her shoe size is 7½.

Donations for her may be left at the Enterprise.

Some existing lines will be replaced with new ones and some will be repaired. Besides there will be additional new lines to serve new customers.

The building and rebuilding is slated for the entire area served by Muenster Telephone Corporation, Myra and Forestburg, already using automatic phones, will have their systems improved and expanded.

Tigers Win, Lose In Pair of Games

The Tigers of Sacred Heart broke even in their baseball records of the past week. They were blasted 13-1 by the Leopards of Gainesville and tripped Goldburg 9-5. That sets the season record to date at 9 wins and 2 losses.

At Gainesville last Saturday night the Tigers were simply outclassed. They got only two hits and one run while Gainesville got nine hits and 13 runs. A big fourth inning was the big difference. The hosts brought in 10 runs before the Tigers finally got them out.

Tuesday's game here was more like the usual thing. Jerome Fuhrman as pitcher fanned 10, walked 8 and allowed 4 hits while the visiting hurler permitted 8 hits.

The big inning was the fifth in which the Tigers entered with a 4-2 deficit and came out with a 6-4 lead. Pitcher Jerome Fuhrman was the hero and practically saved his own game. With 2 out he slammed a 3-run double that got the Tigers out of trouble. After that Sacred Heart added 3 runs and the visitors one. Leading hitters were Jerome and Francis Fuhrman and Clarence Bayer. They got 2 each.

J. H. Riley Issues Statement in Race For County Clerk

In making my formal announcement for reelection to the office of county clerk, I wish first to express my thanks to my friends in Muenster and throughout Cooke County for their support in the past.

It is my desire to continue to serve the people well. I welcome consideration of my past record, and call attention to the fact that the latest in photostatic and copying equipment has been installed during my tenure of office. This has made possible the prompt and efficient service you expect from the clerk's office.

Because of the duties of office it may be impossible to see every voter personally, so I take this means of soliciting your continued support.

My wife and my staff of deputies join me in expressing to the voters our sincere thanks for their support in the past, and to assure them that their help in the campaign and their votes on election day will be most deeply appreciated.

3 Local Entries Rated as Champs In County Show

Muenster boys with entries in the Cooke County Junior Fat Stock Show last Friday won three champ ribbons along with seven blue and seven red ribbons.

Mark Hellman made a perfect score in the sheep division. His two fat lambs won blue ribbons and were also judged grand champ and reserve champ.

Donnie Fisher did likewise on one of his hogs. It got a blue ribbon and also the grand champ ribbon. Red ribbons on four more hogs made Donnie the champ ribbon winner of the day.

The show was held in Fair Park with Thomas Bratcher, head buyer of Neuhoff Packing Co., Dallas, serving as the judge. He made his awards on the basis of quality, not on competition, hence every animal entered received a ribbon and also shared in the prize money, which was provided by Cooke County United Fund.

The boys got more good breaks when their entries were sold after the show at Gainesville Livestock Auction. Prices paid for the animals were above market tops for the day and no commission fee was charged for the selling. Champ owners really hit the jack pot. Prize sheep and hogs brought almost twice the market price. Prize steers brought about 25 per cent above the market.

For those good prices the boys can give most credit to the Muenster and Gainesville auction barns. Both ran up the bidding and bought generously at the high prices.

Ribbons awarded to Muenster FFA and 4-H boys are the following.

In the steer division: Blue ribbons to Joe Hartman, 4-H and Roy Hartman, FFA; red ribbons to Don Hartman 4-H and James Dangelmayr, 4-H. In the sheep division: Two blue ribbons to Mark Hellman, FFA, and blue ribbon to David Vogel, FFA; red ribbon to Jimmy Vogel, FFA.

In the swine division: Blue ribbons to Donnie Fisher, FFA, and Dale Klement, 4-H, and four red ribbons to Donnie Fisher.

Other awards in the swine division went to three 4-H boys from Lindsay. Wm. Beznar got a blue ribbon, Mike Beznar and Jimmy Flusche got red ribbons.

Sediment Control Dams Contracted On Clear Creek

A brand new development in the flood prevention program of this area is the building of six sediment control structures near Forestburg to catch sediment from severely eroded land and thereby prevent silting of creek channels and reservoirs below.

The apparent, low bidder for the contract to build those controls is James Allen of Lancaster. His bid was \$66,803.06.

These sediment control structures are regarded as necessary supplements to a normal flood control program on Clear Creek. Since land there is more than normally subject to erosion, special effort must be made to provide a special place where silt can settle out before water gets into the main stream. In the flood prevention program this provision prevents excessive silting of reservoirs and thereby extends their usefulness for many years.

Also in progress now on Clear Creek is preparation for construction of two more flood prevention reservoirs. Upper Elm Red Soil Conservation District and Clear Creek Watershed Authority announce that bids will be accepted until 2 p.m. on May 4 for construction of dams on Sites 14 and 15, which are located on the Birdson Estate and on land owned by John B and Cord L. Wilson.

Major items of work to be contracted include excavation of 31,610 cubic yards of dirt, placing and rolling 204,910 cubic yards for embankment, 130 cubic yards of Class B & D concrete construction, furnishing and installing 550 feet of reinforced concrete pipe.

WHY DO "LIBERALS" FAVOR COMMUNISTS?

By Harry T. Everingham
 We have had word, again and again, from leaders of patriotic, anti-Communist organizations that "liberal" publishers and broadcasters have interviewed them and then made them to appear as fools before the public.

Eric Sevareid spent an hour on CBS-TV on Washington's

birthday in deriding all loyal, patriotic Americans who have joined organizations dedicated to the preservation of the principles of American freedom under a Constitutional government and free enterprise, as opposed to the principles of Karl Marx, which will lead to socialism, a police state and then a Soviet America.

This coast-to-coast telecast, called "Thunder on the Right," opened with derision of the Minutemen, showing them practicing guerrilla tactics on the banks of the Mississippi as if they expected to find a Communist gunboat there. Sevareid did not let the Minutemen explain that they are simply practicing toward the day of the

Communist revolution in America when they will have to defend themselves and their families. Most Americans have never been told this.

Then Sevareid and CBS tried to make men who are awakening America to the Communist menace, like Dr. Fred Schwarz, Dr. Billy James Hargis and Capt. Eddie Rickenbacker, look like racketeers, rather than dedicated patriots who are trying to save freedom for the world.

Why have these men and many others like them taken it upon themselves to carry this message to America rather than let the government do it? Because they have seen every evidence for the last 20 years that our government is heavily infiltrated and influenced by the enemy!

Otherwise, why did our State Department allow all of China to fall into the hands of the Reds while they called them only "agrarian reformers."

Why did our State Department help Castro to take Cuba by letting shipments of arms reach him but holding up all shipments to Batista that the Cuban government had already paid for?

Why did Dean Rusk, now Secretary of State, dissuade President Truman from letting General Douglas MacArthur bomb the bridges across the Yalu River in Korea and the enemy bases beyond that river when the Red Chinese were pouring over those bridges to slaughter or capture American boys?

Why, for ten years, did the U. S. Supreme Court make all decisions favorable to the Communists so that the Attorney-General could not prosecute Communists in the U.S.?

Why has the U. S. Attorney-General not arrested the top Communists in this country who have broken the law by not registering by the latest order of the Supreme Court?

Why did President Kennedy remove the man on Communist propaganda mail and allow it to enter the U. S. and be delivered free of charge?

Why has this administration weakened security measures and allowed known Marxist socialists from Harvard University to serve as advisors and top administrators throughout the Executive Branch of the government?

Why has the U. S. delegation in the United Nations voted with the Kremlin bloc to dispossess our NATO allies of their colonies in Africa and Asia — letting these colonies become pro-Red-nations to vote against us in the U. N.?

Why did the U. S. provide planes and bombs to destroy the independence of Katanga — the one province in the Congo that was anti-Communist and pro-Western?

Why does our government fail to inform the American people about the atrocities and threats of the Communists, as they did about the Nazis in World War II — and gag our military leaders to prevent them from doing so?

Why does our government give funds, food and military aid to Communist countries like Yugoslavia and Red Poland — such as training Red fighter pilots for Tito at U.S. bases and selling Tito jet fighter planes at a fraction of our cost?

This is all to the enemy's interest. We, the people, demand that our government give us satisfactory answers to these questions. Or is this no longer a government of, by and for the people? Has this become a dictatorship where the people are not permitted to know what is being done to us and our future? We ask that our representatives in Congress immediately investigate the State Department and provide us with answers to these questions — our future freedom depends upon it!

For more details on the State Department, send a stamped, self-addressed envelope to WE, THE PEOPLE, 111 N. Wabash Avenue, Chicago 2, Illinois.

CLEAN GOVERNMENT?

The Hatch Act of several years ago was supposed to have given us "clean" government in the U. S. Among other things, civil service level government employees were told to stay out of partisan politics as a part of their job.

Now, Senator John J. Williams of Delaware has come forth with proposed legislation which would prevent civil service employees from publicizing the programs of the Administration in power.

Why should the Senator have to resort to such tactics in view of the Hatch Act? Well, for one thing the Civil Service Commission has ruled that it is permissible for civil servants to "explain the Administration's position before interested groups." Also, the Justice Department has just come out with the word that it would be a "grave impropriety" for any civil service employee to speak out against an Administration proposal.

Thus, it is o.k. for an administration in power to use the taxpayers' money to promote its own proposals through civil servants.

We don't know if civil servants are being misused at the present time. But, we do know that the Administration in power is using taxpayers' funds to promote its own proposals for agriculture and to try to defeat the proposals made by Farm Bureau. As a publication on the USDA's mailing list for news releases, TEXAS AGRICUL-

TURE receives pamphlets, speeches and news stories promoting the Administration's farm program. This sort of thing also happened under Benson, but not on the same scope.

But, for the first time, the Administration in power is using taxpayers' money to try to defeat proposals it opposes. Two March 15 mailings from the Secretary of Agriculture's office are good examples. One was the complete text of testimony by Secretary Freeman before a committee of Congress in which he presented opposing views to Farm Bureau's cropland retirement program. The other mailing was by USDA as to what it thought was wrong with the Farm Bureau program. What can a free people do when their government uses their money to oppose them in legislative matters?

The executive branch is supposed to administer laws, not make them.

Raw Vegetables Make Colorful and Nutritious Snacks

Work more vegetables into the family diet. Try crisp, colorful raw vegetables for appetizers . . . between-meal snacks and tasty salads.

For entertaining, add some carrot curls, celery sticks, radish roses, raw cauliflower or broccoli flowerets to the refreshment tray. Serve a zippy sour cream cheese, or avocado dip for "dunking" the vegetables. Guests will enjoy the informal atmosphere of the party and appreciate the extra vitamins.

Lots of special recipes for salads and salad dressings are given in a colorful new extension publication entitled "Salads." Get a copy free from Mrs. Bernice Thurman, home demonstration agent on the ground floor of the courthouse or call HO5-4931.

Time for Checking Season's Clothing

Check family clothing needs for spring and summer now. Attractive wardrobe is within the reach of everyone. It's not necessary to spend a lot of money in order to be well dressed. The important thing is to plan well and choose wisely.

Check the clothes on hand; include accessories. Decide which ones will continue to be used and which will be given away. Make necessary alterations, bringing garments up to date or putting them in first class condition. This will extend the clothing budget.

Other ideas for cutting clothing costs are given in the extension bulletin, "Wardrobe Dollars and Sense." Ask for a copy from Mrs. Bernice Thurman, county home demonstration agent on the ground floor of the courthouse, or call HO5-4931 and she will mail one.

County Agent Is Guest Speaker at Garden Club Meet

County Agent Neil Tibbets was guest speaker at the April meeting of the Muenster Civic League and Garden Club speaking on summer care of tomato plants in particular and vegetable gardening in general. In connection with his talk he showed and explained a number of slides relating to good planting practices and methods of insect control. In conclusion he distributed leaflets and bulletins of general interest to gardeners. A round table discussion and question and answer session followed.

Seventeen members and one guest, Mrs. Ed Peis, attended the meeting for which Mrs. John Mosman and Mrs. Nick Miller were hostesses in the Mosman home.

After the program Mrs. L. B. Bruns conducted the business session at which time roll call was educational and amusing. Members showed insects, most of them in jars, identified the little creatures and told whether they are helpful or harmful in a garden.

A number of coming events were discussed. These include a meeting in May to honor charter members. It will be held in the Public School and will feature two films "Modern Chrysanthemums for Fall Beauty," and "Modern Roses on Parade."

Another coming event the organization will sponsor is the dedication program at the new Post Office. Members of this committee are Mrs. Arthur Endres, chairman, and Mrs. L. B. Bruns, Mrs. Henry Weinzapfel, Mrs. T. S. Myrick, Mrs. Dan Luke and Mrs. R. R. Endres.

Members discussed attendance at "Six Flags" when other clubs from District 2 attend. Miss Bettye Dodds announced a flower show to be held by Decatur Garden Club on May 5.

Miss Doris Vavra assisted the hostesses in making floral arrangements for the Mosman home. Members admired pink daffodils, red bud and blue-bonnet on the buffet, lilacs in a footed milk glass container, flanked by white candles on the dining table, a bowl of baby double daffodils and purple iris on the television, and mixed artificial flowers with an heirloom china lamp as the container on an end table.

Refreshments carried out an Easter theme.

Members were reminded that for roll call in May they'll be expected to display and identify a tree leaf.

At Grandfather's Rites in Sherman

Mr. and Mrs. Wilfred Lutmer and son were in Sherman Monday to attend funeral services for her grandfather, Michael Prihoda, 72. Father John Duesman officiated at the requiem mass at 10 a.m. in St. Mary's Church and at graveside rites in the parish cemetery.

Mr. Prihoda had been ill about four months. He died Friday.

A native of Czechoslovakia, he was born Jan. 25, 1890. He married Miss Frances Zett in Bomarton Sept. 8, 1910. They celebrated their golden wedding anniversary in 1960.

Survivors are his wife and three daughters Mrs. John Kubicek of Valley View, and Misses Louise and Frances Prihoda of Sherman, eight grandchildren and one great-grandchild. At the rites were relatives from Valley View, San Angelo, Rowena, Pilot Point, Dallas, Fort Worth, Sherman and Sanger.

HD Club Elects Mrs. Paul Fisher As New President

Sister Irma Gets Quote in Paper

Sister Irma Endres was quoted in the Wichita Falls Record News Monday morning in the "Hired Hand" column by Glenn Shelton. Following is the story: "From Sister Mary Irma of the Academy of Mary Immaculate comes a Sunday School lesson about rabbits' connection with Easter. The lesson suggests a rabbit 'as a pure and noble symbol of the Risen Christ,' and adds that 'tracing his trail through the byways of history might make a fascinating thesis for a young research scholar.' The lesson goes on to say that 'the rabbit's burrow, like the tomb wherein Christ lay, is a dark hole in the earth. From this tomb he, too, arises, and with bounding agility skims over hill and dale, a figure of our bodies as they will rise on the Last Day in the likeness of our Risen Lord.'"

Highly educated women make excellent wives. They have a better vocabulary for explaining why dinner is late.

CDAs to Assist KCs Sponsoring Hospital Benefit

At the monthly meeting of the Muenster Court Catholic Daughters of America April 13 members made plans to assist the Knights of Columbus in sponsoring the Easter Monday picnic, a benefit for Muenster Memorial Hospital.

The CDAs also decided to purchase and donate the glass tops for the Sisters' desks in the new convent. They will cover 12 desks with glass topping at \$8.97 each at this time and continue the project later. Twelve desks have been finished by the Sacred Heart High School shop class.

A nominating committee was named to prepare a slate of officers for next month's election. On this committee are Mmes. Henry Pick, Al Schmitt, Arnold Rohmer and Bernard Wolf and Miss Marie Truebenbach.

Mrs. Steve Mosler will be

concluding her duties as grand regent after serving three consecutive terms. She presided at the meeting in the presence of Court Chaplain Father Alcuin Kubis and 40 members.

Announcement was made of the state convention to be held in San Angelo April 27 through 30 and Mrs. Mosler will attend.

Another event of the meeting was announcement of the winners in this year's poetry contest sponsored by the court. There are nine local winners, three in each division, selected from about 80 entries submitted by students of Sacred Heart School.

be concerned personally if the amendment is defeated. The only purpose here is point out that an effort to legislate morality can violate another basic principle of morality.

The correct solution to this problem, of course, is that which respects both sides of the moral issue. We have laws like that, you know. Like allowing moderate drinking but cracking down on drunks. Or allowing fast driving up to the point of endangering lives. In this case it would be fine if a method could be worked out allowing prudent people their rightful enjoyment but setting penalties on the evils which result from abuse of the right.

However that's not the solution to be made at the election. Whatever way they vote, people will be approving some degree of immorality, either placing undue restriction on some peo-

ple's right or increasing the evil that results from excessive gambling.

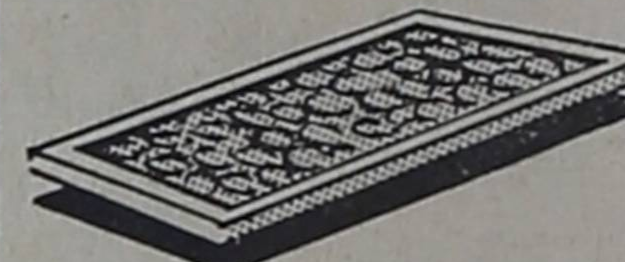

Our ancestors thought nothing of getting up at 4 a.m. I'm the same way. I don't think much of it either.

FILTER TIPS:

- ◆ Now is the time to check the filter on your air conditioners.
- ◆ If your filters are dirty, replace with new ones or, if you have a cleanable type, clean thoroughly.
- ◆ A clean filter improves the movement of the air... gives more cool air... cuts dust and pollen to virtually zero.
- ◆ For information or assistance, call your dealer, air conditioning serviceman or TP&L.
