Funeral Services Held Saturday For John Walterscheid

Funeral services were held in Sacred Heart church Saturday morning at 8:30 for John Walterscheid, 65, who died suddenly from a heart attack Wednesday night.

Pastor Rev. Herman Laux officiated at the requiem high mass and at the burial in Sacred Heart cemetery. Nick Miller was in charge of funeral arrangements.

Pallbearers were Otto, Wilfred, Joe Henry, Al, Harold, and Paul Walterscheid, nephews of the deceased.

Mr. Walterscheid's death at about 9 p.m. Wednesday came as a severe shock to his family and his friends. He had never been afflicted with a heart ailment and always enjoyed apparent good health. He had worked all day on the day of his death, returning to his home late. He did not mention feeling ill and passed away suddenly while he was talking with his wife after the evening meal.

Mr. Walterscheid was born in Carroll, Iowa, on Dec. 4, 1883, a son of Conrad and Eva Walterscheid, and came to Muenster with them in 1890, shortly after this colony was founded. He had lived here ever since. He farmed until about 15 years ago and since then had engaged in carpentering.

He married Miss Catherine Haverkamp on Nov. 26, 1907. In April, last year, he built a new home in the west part of the city.

Survivors are his wife; 4 daughters, Mmes. John Hacker and James Eckart and Miss Dorothy Mae Walterscheid of Muenster and Sister Thomasina of Jonesboro; five sons, Alphonse, Andrew, Norbert, Raymond and Henry, all of Muenster; 18 grandchildren and two brothers, Joe and August Walterscheid of Muenster.

Muenster Girls Win At Saint Jo Tuesday 17-12

Muenster softball girls defeated the Saint Jo girls Tuesday night at Saint Jo in an action-packed game that ended with a score of 17-12. It was the last game of the season between the two teams. The Saint Jo team is disbanding preparatory to several players' departure for college.

Muenster and Saint Jo met five times this season with the local team winning four of the games. With Saint Jo off their schedule the girls still have games matched with Marietta, Sanger and the Boy Scouts. They play Marietta here this Thursday night at 8:30 in a return game with Marietta trying to even the score. Muenster beat them by a score of 19-2 recently on their home diamond. They intend to play Sanger here next week and have no definite date with the Scouts.

Plans for 4-H and FFA Grass Judging Contest Announced

The grass judging contest for 4-H and FFA boys of Cooke, Grayson and Montague counties will be held on Sept. 17, beginning at 9 a.m., according to an announcement by the district supervisors of the Upper Elm-Red Soil Conservation district, sponsors of the contest. It will be held at the Gainesville high school.

Final plans for the contest were made at a meeting of supervisors, county agents and vocational agriculture teachers in the Gainesville court house Monday morning.

Fifty different plants will be used for the 4-H and FFA boys to identify, to mark as an annual or perennial, cool or warm season plant, climax or invading, and to score as either good, fair or poor as to grazing value.

Each county in the district may enter one team of five 4-H boys and each FFA chapter may enter one team of five boys.

District supervisors will present awards to the first three high teams and the three high individuals in the contest. They will also be hosts for a noon luncheon for the boys and their instructors.

This contest will precede the state-wide contest to be held in Dallas during the Fair in October when local winners will compete for state honors.

Muenster men at the Monday meeting included Edward Helton of the local soil conservation work unit and Ralph Maglaughlin, vocational ag teacher of the public high school.

Scouts Beat Girls And Get Award In 3-Game Contest

The Boy Scouts came back with a vengeance Wednesday night, and beat the softball girls by a 6-7 score in one of the most exciting games on the Muenster diamond this season. The game ended a three game contest in which the Scouts took two wins and a twenty dollar bonus given by W. R. Russell.

Jerry Henscheid, pitching for the first time, was outstanding in the 8-inning game. Lorene Derichsweller gave her usual good performance pitching for the girls.

The girls lead until the seventh when the Scouts tied at 6. In the opening of the eighth the girls failed to score, then Maxie Swirczynski brought in the winning run for the Scouts.

The lads won another victory when they met their fathers this week Tuesday. The dads played a good game hoping to avenge a loss inflicted by their sons last week. But they weren't quite good enough. The final score read 22-18. Ben Seyler pitched for the papas.

Miss Emily Fette of Dallas spent the weekend and until Tuesday here with homefolks.

2 Days Registration To Precede School Opening on Sept. 6

The Muenster public school will officially open on September 6, but registration for high school students will be held on August 30 and 31.

In a statement this week Superintendent Leo Neyer disclosed that the two special registration days have been set as a means of assisting students in their choice of subjects. During those two days teachers will be in the school building to counsel students in selecting courses which harmonize best with their future plans. The early registration will also assist the faculty in arranging the most convenient schedule of classes.

In case some students are unable to register on the specified days they are urged to enroll prior to August 30. They may call at the school office for the special arrangement.

Primary and elementary pupils will enroll on September 6.

Each high school student will be expected to register for six subjects, Neyer said. Two of those six will be subjects required for the state approved course and they will definitely be on the school's curriculum. Of the four elective subjects chosen the student will actually take two, if possible the first and second in his order of preference.

In addition to the four regular classes the student will have a period for physical education and another period during which he is permitted to leave the school for religious instruction.

Students enrolling are expected to be mindful of the requirements for graduation, which consists of sixteen credits including 3 in English, 2 in mathematics, 2 in social studies or history, 1 in laboratory science and 8 in approved electives. Extra curricular activities will be allowed extra credit in addition to the 16 approved credits.

Of the subjects offered each is worth one credit except vocational agriculture, which is worth 1½ credit. The list is as follows: Freshman; English, Algebra or General Mathematics, Home Economics, Vocational Agriculture, Shop, Latin, Biology.

Sophomore; English, Algebra or Geometry, Shop, Vocational Agriculture, Home Economics, Latin, Business Arithmetic, Typing, World History, Biology. Junior; English, Constitution and Government, Typing, Vocational Agriculture, Home Economics, Shop, Algebra, Business Training, Business Arithmetic, Chemistry.

Senior; American History, Chemistry, Problems in American Democracy, Typing, English, Shorthand, Bookkeeping, Home Economics, Vocational Agriculture, Shop.

Miss Ruby Kelly of Gainesville will teach home economics in the Muenster High school this year. She graduated from NTSC in 1947 and has been teaching in Palacios, Texas.

Miss Gladys Wilde, daughter of Mr. and Mrs. J. B. Wilde of this city, will be a teacher in the elementary grades at the public school this year. She graduated from Texas Tech in 1948 and taught at the State Training School for Girls in Gainesville last year.

Hornets Will Have First 1949 Session Sunday Afternoon

The first call for 1949 Hornet football practice was sounded Wednesday when Father John Walbe, athletic director of Sacred Heart High School, announced an organization meeting for next Sunday, August 21.

All boys interested in being on the Hornet squad this year are asked to meet with Coach Frank Hennigan at the high school at 1:30 Sunday afternoon.

Rev. Cyril At Aunt's Funeral In Nazareth

Rev. Father Cyril was in Nazareth, Texas, Friday to conduct funeral services for his aunt, Mrs. Barbara Lange, who passed away on Wednesday. Pastor Father Gregory Boeckman delivered the funeral address.

Mrs. Lange is survived by her husband, Henry Lange, one daughter and six grandchildren.

Notes On Soil Conservation

J. W. Hess recently completed building over 5 miles of channel type terrace on his farm at Hays. The terraces were built with a blade and all of the dirt was moved down hill to form a channel 8 to 10 feet wide. The back slope is low and nearly flat. Standing at the foot of the slope and looking across the field it is hard to see the terraces because there is no high ridge sticking up. This type of terrace is not hard to work with farm equipment. Mr. Hess is chairman of the Board of Supervisors of the Upper Elm-Red Soil Conservation District.

John and Joe Kleiss are completing the terrace system on the field, across the road, north of their house. The terraces outlet onto pasture. All of the runoff water from the new terraces has been running into the new pond that was built last winter. Most of this water is now being diverted past the pond but if it is ever needed it can be run back into it.

Al Wiesman has built another terrace about one-half mile long to outlet into his sodded waterway. He seeded the waterway a year ago last spring and got a scattered stand of grass. He sodded all of the areas that needed it this spring and seeded a buffalo grass lane to connect the waterway with the farmstead. The lane and waterway have been fenced and grazed. There is a good stand of both the bermuda and buffalo grass and it looks good.

Bernard Sicking is building a mile of new terraces on the John Felderhoff farm south of Muenster. Mr. Sicking has completed most of the conservation measures outlined in his cooperative agreement with the Upper Elm-Red Soil Conservation District.

Joe Starke is building one new terrace and completing two terraces that he started last year.

John Beard Dies Tuesday, Will Be Buried in Nebraska

John Beard, 78, passed away at his home here at about 6 a.m. Tuesday. His death ended a year's illness, eight months of which he spent in bed.

Funeral services were held in Sacred Heart church Thursday morning at 8:30 with Rev. John Walbe officiating and the body was shipped to Humboldt, Neb., for burial. Nick Miller was in charge of funeral arrangements.

Rosary service was held at the Beard home Wednesday at 8 p.m.

Mr. Beard was born in Galatin, Mo., on Dec. 3, 1870. He lived there until he was 18 years old, then went to Humboldt, Neb., to make his home.

He married Miss Mary Estelle Lockard in 1925 and they moved to Muenster in 1927. They made their home south of town until 1932 when they moved to the city to reside. About a year ago they built a new home.

Mr. Beard was especially adept in the care of orchards, gardens and flowers and many yards in Muenster show evidence of his knowledge and skill in dealing with plants. It was more than an occupation, it was his hobby.

Surviving are his wife and one daughter, Mrs. H. W. Kenner of Prosser, Wash., three daughters by a former marriage, Misses Lova and Mabel Beard of Humboldt, and Mrs. Mary Herren of Oklahoma City 7 grandchildren and 2 great-grandchildren.

Crop Organization For Cooke County Is Formed Friday

J. M. Weinzapfel of Muenster and Mrs. David Smith of Gainesville were nominated for the co-chairmanship of a newly formed county organization called "Crop" at a meeting Friday morning in the Gainesville Chamber of Commerce assembly room.

The organization has as its purpose the gathering of donations from farmers of the various counties and sending them through the various churches to the needy in Europe as well as other war scarred lands.

About 16 representatives from churches, farms and farm agencies attended the meeting.

G. R. Ross and Elmore Thorn, district representatives of the nationwide organization, were present to help the interested parties in creating a Crop organization in Cooke County.

Ross said that Crop is a Christian organization enabling farmers to donate commodities to go for overseas relief. The goods are distributed by the various religious denominations, with 22 Protestant beliefs, 8 Lutherans and the Catholic religion being connected with the organization.

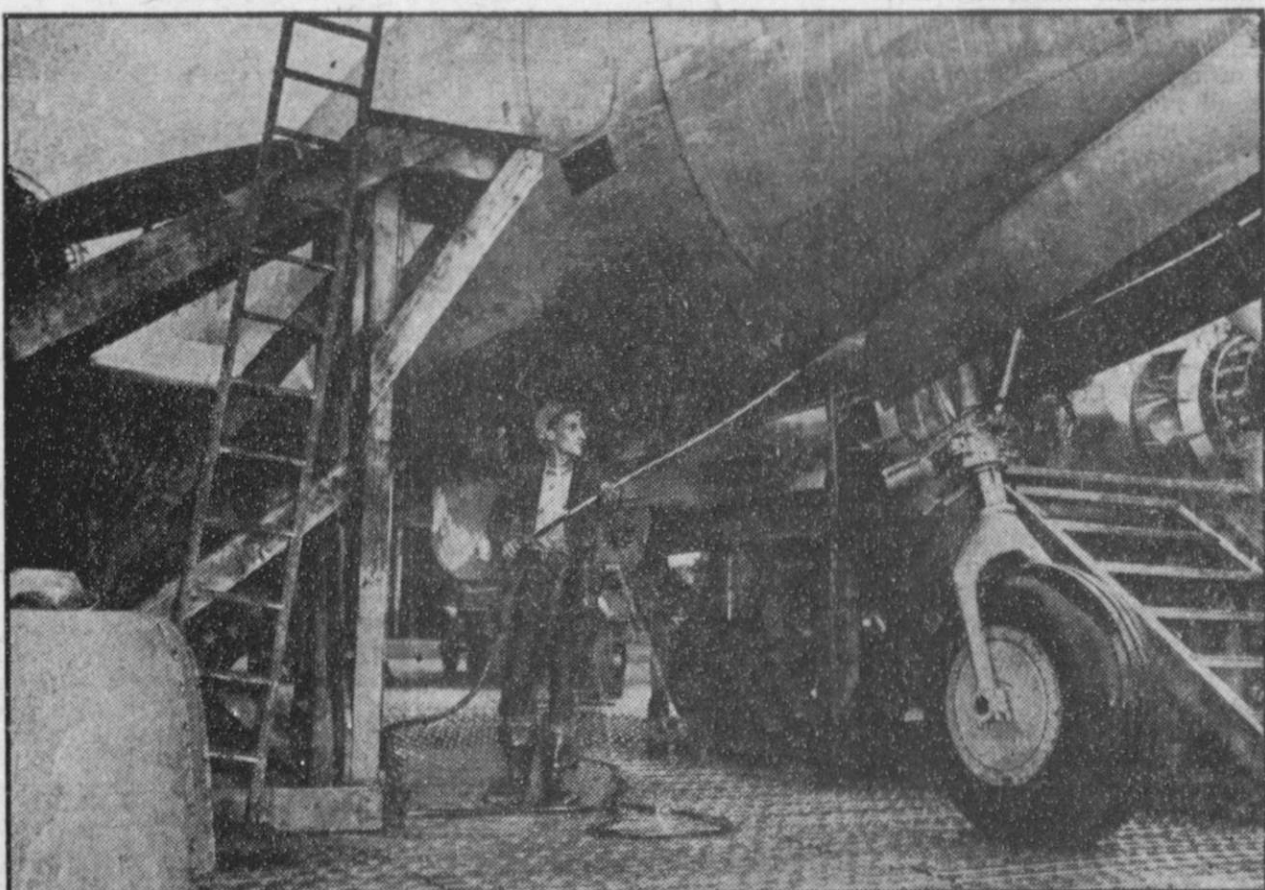

Crop originated three years ago in the middle west but even today is needed in some overseas areas because agriculture in Europe still hasn't reached its pre-war normal and the population has increased 16 per cent, Ross explained. There is only one Crop drive each year, he added, coming at the period of the year in which most of the crops come in.

R.M. Zipper, accompanied by Mr. and Mrs. John Zipper of Pilot Point, spent Friday through Sunday in Hereford visiting their mother at the home of a sister, Mrs. Ed Jesko and family. On Sunday a party honored Mrs. Zipper Sr. on her 85th birthday. The Zippers also visited the Charlie Berends in Amarillo before returning home.

4-H'ers Save Two Million Gallons Of Tractor Fuel

Two million gallons of tractor fuel will be saved this year by 30,000 rural boys and girls as a direct result of putting into daily use practices recommended in the National 4-H Tractor Maintenance program, according to a recent analysis. Potential value of the program was estimated by an oil company official when he stated that if some 3 million tractor operators had a chance to learn the 4-H way of tractor care, 200 million gallons of tractor fuel could be saved annually.

It was pointed out that in these days of declining farm prices, reducing labor costs by means of efficient tractor operation could make the difference between profit and loss in the farming business. One 4-H boy summed up the object of the tractor maintenance program in a few words when he said, "A good running tractor means more cash in the pocket."

Texas 4-H club members not only bring benefits to the farm through skillful tractor operation, but they also have an opportunity to compete for various individual awards. At the end

of each year records are submitted to the Extension office where they are scored on the basis of accomplishment. The Stanolind Oil and Gas Company, sponsor of the program in Texas, provides sterling silver medals for county winners; a trip to the National 4-H Club Congress in Chicago for state champion, and \$300 scholarships for 4-H'ers having the best records in the nation.

Since the project was first inaugurated on a national scale in 1945, more than 110,000 Club members have learned how to keep a tractor in top-notch working order the year 'round. To do the job, 11,500 Club leaders in 41 states were trained in special tractor clinics set up throughout the country for this program.

Herman Schneiderjan of Gainesville won Cooke County and state honors in 1948. Silver medals were awarded to 119 other county winners. The Co-operative Extension Service supervises the program.

Mrs. Henry Pick and two children and Pat and Harry Fisher returned Tuesday after spending the weekend at Galena Park with their sister, Mrs. Leo Appel and family and visiting at Galveston.

Mrs. Mary Schmitz of Wichita Falls spent Sunday and Monday with her daughter, Mrs. Charlie Fisher and family. She spent last week in Valley View. Her grandchildren Clara and Emma Fisher spent the week there with her.

Miss Mary Jo Williams and Ray Tempel were married here in Sacred Heart church on Aug. 3, and since returning from a wedding trip are making their home in Gainesville at 1417 Roy. Mr. Tempel is employed with the Wilde Motor company here.

Mr. and Mrs. Buster Herr spent Sunday and Monday in Lawton and at Fort Sill as guests of Miss Mable Green and Sgt. Ernest Arendt.

Clyde and Johnny Fisher are back in Muenster since Sunday night after being in Washtucna Wash., since June 28, helping their uncle, Charles Schmitt, with harvest work.

HE LIKED THE DEPRESSION

By George Peck

In May 1932, an editorial entitled, "I Like The Depression," appeared in the Amarillo (Texas) Globe-News. Its author, Henry Ansley, died after a traffic accident in August that same year. That really was a tragedy. The world sorely needs this brand of humorous philosophy you will agree when you read his editorial printed below just as he wrote it 17 years ago:

I like the depression. No more prosperity for me. I have had more fun since the depression started than I ever had in my life; I had forgotten how to live, what it meant to have

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation that may appear in the columns of the Enterprise will be gladly and fully corrected upon being brought to the attention of the publisher.

real friends, what it was like to eat common every-day food. Fact is, I was getting just a little high-hat:

Three years ago, only one man of the News-Globe organization could be out of town at a time. He had to leave at the last minute and get back as soon as possible. Many times I have driven 100 miles to a banquet, sat through 3 hours of bunk in order to make a 5-minute speech, then driven the 100 miles back so as to be ready for work the next morning. Nowadays, as many News-Globe employees as are invited make those trips and we stay as long as we want to. The whole outfit could leave the office now and it wouldn't make any difference. I like the depression.

I have time to visit my friends, to make new ones. Two years ago when I went to a neighboring town, I always stayed at a hotel. Now, I go home with my friends, stay all night and enjoy home-cooking. I have even spent the weekend with some of the boys who have been kind enough to invite me. It's great to drop into a store and feel that you can spend an hour or two or three or a half day just visiting and not feel that you are wasting valuable time.

I like the depression. I am getting acquainted with my neighbors. In the last 6 months I have become acquainted with folks who have been living next door to me for 3 years. I am following the Biblical admonition, "Love your neighbors." One of my neighbors has one of the best-looking wives I have ever seen. She is a dandy. I am getting acquainted with my neighbors and learning to love them.

Three years ago I ordered my clothes from a merchant tailor — 2 or 3 suits at a time. All my clothes were good ones. I was always dressed up. But now, I haven't bought a suit

of clothes in 2 years. I am mighty proud of my Sunday-go-to-meeting clothes. When I dress up, I am dressed up, and I don't mean maybe. I like the depression.

Three years ago I was so busy and my wife was so busy that we didn't see much of each other, consequently we sort of lost interest in each other. I never went home to lunch. About twice a week I went home for dinner — at 6:30 o'clock. I never had time to go anywhere with her. If I did go on a party, I could never locate her, and since there was always a "blonde" or a "red head" available I didn't worry much about it. My wife belonged to all the clubs in town. She even joined the young Mother's Club. We don't have any children, but she was studying — and between playing bridge and going to clubs, she was never at home.

We got stuck up and high falutin. We even took down the old family bed and bought a set of twin beds — on the installment plan. When I would come home at night, if my wife was at home, she would already be in her bed and I would crawl in mine. If she came in last, it was vice versa.

We like the depression. We have come down off our pedestal and are really living at my house now. The twin beds are stored in the garage and the old family affair is being used. We are enjoying life. Instead of taking a hot water bottle to bed these cold nights, she sticks her heels in my back just like she did before Hoover was elected.

I haven't been out on a party in 18 months. I have lost my book of telephone numbers. My wife has dropped all the clubs. I believe we are falling in love all over again. I am pretty well satisfied with my wife. Think I will keep her, at least until she is 40 and then, if I feel like I do now, I may trade her for two twenties.

I am feeling better since the depression. I take more exercise. I walk to town, a lot of folks who used to drive Cadillacs are walking with me. I like the depression. My digestion is better. I haven't been to see a Doctor in a year. I can eat anything I want to. Three years ago, we had a fillet mignon once a week. Now we have round steak and flour gravy. Then we had roast breast of guinea hen, now we are glad to get sow-bosom with the buttons on it. I like the depression. My salary has been cut to where I can't afford to buy lettuce and spinach and parsley

The Real Solution

and we can't afford to have sandwiches and frozen deserts and all the damfoolishness which has killed more good men than the World War.

I like the depression. Three years ago, I never had time to go to Church. I played golf all day Sunday and besides I was so darned smart that there wasn't a preacher in West Texas who could tell me anything. Now I am going to Church regularly, never miss a Sunday. And if the depression keeps on, I will be going to prayer meeting before long. I like the depression.

1949 State Fair Plans To Welcome 2 Million Guests

A bigger, brighter, gayer, more fantastic and original spectacle is the promise which the world's largest state fair holds to the two million visitors expected for the gigantic 16-day exposition, starting Oct. 8 in Dallas, W. H. Hitzelberger, vice-president and general manager of the State Fair of Texas, has announced.

"The 1949 Fair will be the best-balanced show in the history of the exposition," Hitzelberger said. "This year we will see to it that sprawled over 187 acres of fair grounds will be more of everything which fairgoers like, and that quality-wise all phases of the giant show will be at least two cuts above anything ever before seen at the Fair."

Commercial exhibits such as foods, agriculture, automotive, home show, and farm implements, will feature more interesting displays than at any time since the war. This is attributable, Hitzelberger said, to new market conditions and increased competition for public interest.

Two new foreign exhibitors — the British and Belgian governments — will add a new international flavor to the Fair by presenting the best of their export articles in a serious bid for Southwestern favor.

More money for livestock premiums has resulted in a heavier flow of entries than for any previous Fair. Headlining the 1949 livestock exhibits will be the National Aberdeen Angus show, Oct. 8-13. Herds from all representative Angus-producing states and from Canada are expected. Other breeds in the Beef Cattle show include Herefords, Shorthorns, and Brahmans.

Breeds in the Dairy Cattle show are Holstein-Friesians, Jerseys, Milking Shorthorns, and Guernseys.

Other major shows of the livestock division will be swine, sheep, Angora goats, Quarter Palomino horses, and an outstanding junior livestock show. Premiums total \$65,235.

An entirely new type of Agriculture Show is being built to provide "a harvest of ideas for farmers who wish to increase crop yield and incomes. Featured will be flax, grain, sorghum, corn, cotton peanuts, rice, wheat, roses, pecans, oats and barley. Living, growing specimens of each crop will be presented in a dramatic setting "showscaped" by the nationally-famous Lambert Landscape Co. of Dallas.

A revolutionary poultry exhibit will discard competitive classes and instead show how to raise better poultry under typical farm and backyard conditions.

Three major football tilts — Texas vs. Oklahoma, SMU vs. Rice, and SMU vs. Kentucky — top an impressive nine-game gridiron schedule in the Cotton Bowl which is being increased in capacity from 67,431 to 75,347 by addition of a second deck on the east side. The Fair's parking lot is also being enlarged at a cost of \$25,000 to accommodate 1,000 additional cars under all weather conditions.

Also in the Cotton Bowl will be six nights of free 30-minute fireworks shows and the spectacular "Marchiesta" climaxing Music Festival Day, Oct. 19.

Entertainment features being signed for the Ice Arena, Grandstand and Auditorium, will round out the best-balanced entertainment program in the Fair's history, Hitzelberger said.

Free outdoor acts on the Midway will include the Stratosphere Man, highest sway pole performer in the world; and the Waldorfs, daredevil motorcycle act 100 feet in air.

The women's division will feature two new classifications, potted plants and ceramics, and the world's largest cake baking contest.

Most breath-taking event of all, however, is expected to be Rural Youth Day, Oct. 15, when 75,000 4-H Club boys and girls, Future Farmers and Future Homemakers will be the honored guests of the Fair. "Interest in this day alone is a good indication that the 1949 Fair will be the most successful ever staged," Hitzelberger said.

Mrs. L. H. Baumhardt and two children returned Monday from a two-week visit in Washington state. They made the trip with Mrs. Baumhardt's parents, Mr. and Mrs. H. C. James of Wichita Falls.

Mr. and Mrs. Artie Arendt spent Sunday and Monday in Lawton, Okla., with their uncle and aunt, the J. G. Wolfs, and Miss Mable Green and also visited St. Ernest Arendt at Fort Sill.
