TROUBLE TO SHOW PROPERTY
65 BROOKWOOD, TEXAS

Planned Funeral Before His Death

born December 6, 1910, in Brown county and had spent his entire life in the Anderson community where he was born. He was a grandson of the late Uncle Bill Anderson, a noted pioneer of the county and a member of the late Uncle Bill's grange band. For the past four months he had been working at odd times with his brother-in-law, J. F. Wallace, 1207 Cottage Street, a local manufacturer.

Young Anderson is survived by his parents, Mr. and Mrs. M. G. Anderson; four brothers, Freeman Anderson and Herman Anderson, both of California, Claude and Brandy Anderson of Brownwood; and two sisters, Mrs. Grace Wallace, 1207 Cottage Street, and Mrs. Nessie Anderson, 1207 Cottage Street. He is survived by the following uncles and aunts: P. H. Anderson and R. L. Anderson of Brownwood, Storm Anderson of Roswell, New Mexico, F. M. Anderson of Mineral Wells, Mrs. H. S. Pettigo and Mrs. W. A. White of Brownwood.

Funeral—Tuesday

Funeral services were held at four o'clock Tuesday afternoon in the Staley Cemetery with the services being conducted by Rev. J. M. Cooper, the minister requested by the family. One of his notes, which was made in the Staley Cemetery.

pall bearers who were designated by young Anderson in one of his notes and who served as such are, Raymond E. Vick, Johnnie A.

It was found that he had received a fractured skull and several broken ribs. He had not regained consciousness at noon Tuesday. Attending physicians stated that the boy's injuries were serious, but, in their opinion, were not fatal.

The three Harris children, together with young Pittman and Jimmy Paulson were taken to the home of W. H. Pittman, who lives in the Pompey community, a short distance from Zephyr, at the time of the accident. Ben Pittman, father of the boy who was driving the car, stated that he knew no reason for the accident, other than that his son may have been driving

A composite image featuring a black and white photograph of a young man in overalls and a circular inset illustration below it. The illustration depicts two boys in a physical struggle, with one boy holding a stick or stick-like object over the other's head.

EXPENSE ACCOUNTS FOR CAMPAIGNS ARE FILED BY CANDIDATES

The Antioch Home Demonstration Club met at the school house Tuesday, June 26th, with 16 members present. Miss Mayesie Malone came and brought with her, Mrs. Elizabeth Temple, poultry specialist with the Frisco, and Miss Casey, of Mullin. Miss Casey is soon to be a home demonstration agent.

Due to the fact that many of the farmers of the county are busy with the harvesting of grain in all sections of the county, attendance at the Poultry Clinic, held Saturday afternoon by Mrs. Elizabeth Temple, poultry expert with the Frisco Ry. was light. Mrs. Temple was assisted by Miss Mayesie Malone, county home demonstration agent of Brown.

The regular meeting of the Woodland Heights Home Demonstration Club was held at the school house last Monday. Plans were made for a community fair to be held in September.

The demonstration of fancy pack was interesting and instructive and all were eager to get to this work. The members are very enthusiastic in the club and are anxious to make a good showing at the county fair despite the fact that they are so young in the work.—Reporter.

the Nell Melchinger. And please tell them come to me last and when they are at my side, sing the first and last verses to, "I'll Go Where You Want Me to Go, Dear Lord," and ask if anyone wants to see me come more and then sing all of "Sweet Bye and Bye" and if they keep coming don't change to another song. Keep those who are to escort me to my last resting spot separate from others."

"Thank you."

"The deceased friend and lover to Raymond E. Nick."

Signed, GRADY M. ANDERSON.

ATTENDANCE POULTRY CLING SATURDAY LIGHT, FARMERS BUSY

Due to the fact that many of the farmers of this county are busy with the harvesting of grain in all sections of the county, attendance at the Poultry Clinic, held Saturday afternoon by Mrs. Elizabeth Temple, poultry expert with the Frisco R. Y., was light. Mrs. Temple was assisted by Miss Mayesie Malone, county poultry demonstration agent of Brown county.

Mrs. Temple, with Miss Malone, has made numerous visits to poultry farms and flocks during the past week of the county that poultry flocks as a whole are in fine condition, but reports the use of certain keys being higher than it should be.

Mrs. Temple stated Saturday that those raising and attempting to raise turkeys do not use the knowledge available and for that reason many of the young turkeys die. Mrs. Temple states that the biggest mistake made by turkey raisers is in allowing the turkeys to run with the chickens.

Mrs. Temple discussed the diseases prevalent among turkey flocks and among chickens Saturday, at the same time discussing the cause, prevention and cure of these diseases. Several poultry owners brought young chickens and turkeys in Saturday for diagnosis by Mrs. Temple, these being afflicted with internal parasites, to a great extent.

The poultry clinic Saturday afternoon concludes Mrs. Temple's work here for the present.

Home Demonstration Club Meeting Held

The regular meeting of the Woodland Heights Home Demonstration Club was held at the school house Monday. Plans were made for a community fair to be held in September.

The demonstration of fancy packs was interesting and instructive and all were eager to get to this work.

The members are very enthusiastic in the club and are anxious to make good showing at the county fair, despite the fact that we are busy in the work.—Reporter.

FARMERS OKED DEMS PLATFORM

CHICAGO, July 2. —(AP)—The Chicago Daily Journal today printed a telegram from Adam A. McMullen, Republican Governor of Nebraska, and leader of the Lowden agricul-

tural group at the Republican National Convention replying to a request from the newspaper for his opinion of the agricultural plank in the Democratic platform adopted at the Houston Convention. Governor McMullen's reply follows:

"Answering your wire, the Agricultural plank in the Democratic national platform is satisfactory to the farm organizations because it embodies specifically the provisions of the McNary-Haugen bill, although it does not use the term equalization fee.

"It provides 'first for a federal farm board, as did the McNary-Haugen bill; second in the following language: 'Appropriate government aid to co-operative associations in the form of credit loans on a parity with the terms of loans authorized recently by the government to aid shipping.'

"Third in the following language: 'we pledge the party to an honest endeavor to solve this problem of the distribution of the cost of dealing with crop surpluses over the marketed units of the crops whose producers are benefited by such assistance.' It provides for the equalization fee provision of the McNary-Haugen bill.

"The equalization fee provision of that bill simply planned a method whereby the farmer could distribute any surpluses of crops produced at

his own expense without governmental subsidy or bonus. That is the heart of the legislation the farmers demand. It places farming industry on a respectable business basis. This plank should have been incorporated in the Republican National platform as it would be in keeping with the fundamental doctrine of protection upon which the Republican party is founded.

"The Democratic party does not believe in the protective tariff and yet the agricultural plank of its platform extends the protective system to agriculture, no doubt on the theory that the protective system is a permanent economic institution.

"Adam A. McMullen, Governor."

COUNCIL GETS JUNE REPORTS

Reports of city secretary, chief of police, city recorder and attorney for June were received and approved Tuesday evening by City Council.

The report of City Secretary Joe Leach follows:

Expenditures
General Funds \$1,667.92
Water Department 4,440.80
Sewer Services 3,261.26
Sanitary Department 2,330.77
Police Department 852.86
Fire Department 1,237.12
Total \$14,687.29

Receipts
Water Taps \$ 680.73
Water Services 1,413.23
Sewer Services 212.60
Sanitary Services 150.90
General Fund 150.90
Police Fund 874.20
Street Department 823.50
Plumbing Permits 138.50
Occupation Tax 7.25
Gas Taxes 24.50
Light Inspections 41.05
Total 4,968.01
Taxes Collected 1,151.06
Total Collected \$6,119.07

Lee Reports
City Attorney R. E. Lee reported collection of delinquent taxes to the amount of \$1,151.06. His commission for collection was \$115.10, to which was added criminal fees of \$171, making a total of \$296.10.

Chief of Police reported 24 fines paid, totaling \$289.50. Pond fees were \$4.

City Recorder C. H. Murphy reported 53 cases, with fines totaling \$319.40. Fines were for following causes: Speeding 4, drunk 15, running red light 6, disturbing peace 4, overtime parking 17, improper parking 4, double parking 1, affray 1.

Mrs. Joe Horton Winner District Living Room Prize

Mrs. Joe Horton, of the Mt. Zion Home Demonstration Club, is the winner of the District living room contest, according to information received by Miss Mayes Malone, county home demonstration agent Saturday. Miss Horton had formerly won the county contest which entitled her to compete in the district. Her victory in the district contest places her in the state contest with a chance at the state title. In addition to winning a place in the state contest Mrs. Horton will receive a prize of \$10 and a free trip to the annual Short Course held at College Station.

Miss Malone, as well as all connected with the home demonstration work in the county, are well pleased with the showing made by Mrs. Horton and feel that her chances in the state contest are good.

2 Youths Paroled by Governor Moody

AUSTIN, July 3. —(AP)—Earle Russell and Carl Presley, McLennan county youths, were paroled today by Governor Dan Moody from two year theft and burglary sentences. Russell, the Governor's proclamation said, was only 17 when he reached the penitentiary. Presley 18. Clemency was recommended by the McLennan district judge, county attorney, county judge, and other officials.

The governor also granted a 60 day furlough to James E. Hill, given four years in Wichita county on forgery conviction. Hill's family was reported to need his assistance.

PIONEER DIES HERE FRIDAY

Richard Andrew Rapp Hallum, age 61, for the past 45 years a citizen of Brown county, died about 10 o'clock Thursday night in a Brownwood hospital where he had been for treatment. Mr. Hallum lived about eight miles southwest of Brownwood and had been engaged in farming and the livestock business, being prominent in both. He came to Brown county in the '80s and has seen the county develop from strictly a cattle country to the prosperous farming county that it now is. He has watched Brownwood grow from a small western town and outpost to its present city-like proportions. And during all these years he has done more than his share in the making of Brownwood and Brown county what it now is.

Richard Andrew Rapp Hallum was born August 26th, 1866, in Anderson county, Texas, and was the son of Mr. and Mrs. R. G. Hallum Sr., and was therefore a member of one of Texas' oldest families and one of the pioneer families of Brown county. Mr. Hallum had never married, choosing to live alone. He was a member of the Methodist Church.

Funeral services for Mr. Hallum were held at 4:00 o'clock Friday afternoon at the First Presbyterian Church and were conducted by Rev. W. B. Gray, pastor of that church. Immediately following the services in the church, burial was made in Greenleaf.

Mr. Hallum is survived by two brothers, R. G. Hallum of Brownwood and B. A. Hallum of Brady; a sister, Mrs. W. A. Storey of Brownwood; and the following nieces and nephews: R. K. Hallum, Brownwood; C. M. Hallum, Brownwood; Roscoe Hallum, Brady; Miss Lena Hallum, Brownwood; Dr. Roy G. Hallum, Brownwood; J. A. Hallum, Brownwood; John Stewart Hallum, Brady; B. A. Hallum, Jr., Brady; Miss Ruth LaVerne Hallum, Brady; Mrs. C. H. Cox, Barnhart; Mrs. Browning Roberts, Goldthwaite; and Miss Stella Story, Brownwood.

Active pall bearers for Mr. Hallum's funeral were: Lee Wison, Frank Nicholson, Will Drew, Walter Oden, Clint Brown and John Wise.

NO BUSINESSES IN RESIDENCE SECTION NOW

THE comprehensive zoning law controlling the location, size and bulk of buildings, and the kind of business to be conducted in residential sections, and defining residential, industrial and business districts, presented to City Council two weeks ago, was passed under an emergency clause at the regular session of the body Tuesday evening.

Passage of the ordinance bars practically all businesses from the residential sections.

Residential Form
The ordinance is similar to that of Wichita Falls, and recently was sustained in the supreme court. It supercedes and replaced a fill-in-station ordinance passed recently and is much more rigid.

Business districts are within the five limits, industrial district within 300 feet of railroad and all other parts of city are residential districts under the ordinance.

All persons planning to erect buildings or engage in business in residential districts will be forced to ask permits from City Council. In case of disagreement appeal may be made of a board of appeals, composed of three business men to be selected by Council next week.

Public hearing, at which citizens may protest opening of business in their neighborhoods is provided for in the ordinance.

No permits will be required by firms in business and industrial districts.

Fire Limits Extension
An ordinance extending the fire limits passed second reading Tuesday night but will be slightly amended upon third and final reading next week.

It is expected that the newly appointed City Planning Commission will begin active work with the passage of the ordinance.

NEW OFFICERS ARE INSTALLED AT LIONS WEEKLY LUNCHEON

With the largest attendance in several months, and with an unusually interesting and inspirational program, the Brownwood Lions Club installed its officers for the ensuing term at its weekly luncheon, held at the Graham Hotel at noon Tuesday.

The new officers are: Rev. A. C. Johnson, president; J. J. Timmons, first vice president; W. D. Armstrong, secretary; Rex Gaither, treasurer; Sam Cuthbert and J. C. Galloway, directors.

D. J. Johnson of Santa Anna, former Brownwood citizen and former secretary of the local Lions Club, was asked to take charge of the program after the opening exercises, and presided over the further program and presented the new officers. Mr. Johnson was accompanied by the incoming officers of the Santa Anna Lions Club, who were welcomed as guests of the local club.

These were: P. P. Bond, president; E. R. Purdy, first vice president; and Sam T. Kirpatrick, secretary-treasurer.

Gift to Galloway
J. C. Galloway, retiring president of the Brownwood club, was presented by Will H. Talbot with a handsome watch, the gift of several members of the club in appreciation of his services during his term as president. The entire membership stood and greeted Mr. Galloway with rousing handclapping when his services with the Lions was referred to.

When the members were filing out their attendance cards for the day, when first seated at the tables, they were requested to write on the backs of the cards their choice of a candidate for mayor, and two of the greatest needs of Brownwood. These had been fully checked when the meeting adjourned, but going through them hastily revealed that about ninety per cent had named R. B. Rogers as the choice for Mayor, while good roads and water were the needs of the city named.

Special topics relating to Lions were discussed as follows: "Who Is a Lion," H. F. Mayes; "Lions Objects," Dr. W. R. Hornburg; "The Code of Ethics," Judge J. C. Darroch; "The Duties of the Lion Officers," P. P. Bond, of Santa Anna.

Entertainment
A group of the members of the Treble Clef Club, under the direction of Cameron Marshall, were the musical entertainers of the day. The young ladies present were: Misses

Louise McDaniel, Betsy Mayes, Elma Petty, Ola McDonald, Edith Hamilton, Elva Scott, Grace Reeves Pouns, Greta Winebrenner and Lois Hones. Their music, popular with all audiences, is apparently never more so than with the Lions.

President Galloway made a report of the last year's activities in the Lions Club, showing that the Lions had undertaken thirteen major projects, has seen eleven of them carried to successful completion, had abandoned one, and had the remaining one yet on its way to success.

Guests at the luncheon included: Dr. A. D. Porter, of Mineral Wells, former presiding elder of the Methodist church here; Dr. G. E. Cameron, pastor of the First Methodist church, and Judge Perkins of Mineral Wells, candidate for congress, introduced as guests by W. D. Armstrong, Dr. George H. Lawder of Des Moines, Iowa, guest of Dr. Cameron; Mr. G. Fey, guest of Mr. McKnight, and J. W. Peavey, Jr., guest of J. W. Peavey.

Rex Gaither was asked to give a report on the recent trips of the Old Gray Mare Band to the convention, and said that he felt that of the many successes of the band, the last three weeks had been the climax.

President Johnson stated that he was leaving next week to attend the Lions International at Des Moines, and that he would not appoint committees until his return.

Lon Smith was appointed to have charge of next week's program.

Young Brownwood Cow in Shelton Herd Wins Medal

In an official 365-day test the purebred Jersey cow, Jolly's Pretty Fern, in the herd of Shelton Brothers, of Brownwood, produced 402.09 pounds of butterfat and 11,522 pounds of milk. Fern was started on this test when she was two years and three months of age. She carried calf 304 days of the year, qualifying for a silver medal awarded by the American Jersey Cattle Club. Her yield of butterfat was above 50 pounds per month for two months of this test.

Jolly's Pretty Fern is by the Silver Medal bull, Jolly's Cowpup of P. H. and out of Fairy's Fernleaf.

RODEO IN SHANGHAI

SHANGHAI, July 4. —(AP)—Americans in Shanghai enjoyed an unusually enthusiastic July Fourth celebration today. The American marine defense force featured the day with a wild west rodeo, the first ever witnessed in the Orient.

Mr. and Mrs. Bryan Richmond and son visited relatives at Brownwood Friday.

Byrd Buys New Machine to do Pleating Work

Roy Byrd has installed at the cost of \$1,000 a machine known as the Maxani Pleater, in his tailoring establishment on Center Avenue, which is said to be one of the first pleating machines in this part of the country. There is one similar machine in Cisco, one in San Angelo, and two or three in Fort Worth, it is stated, which about sums up the total in this section of the state.

Pleating of an ordinary skirt can be done in five minutes, it is said, whereas the former method required an hour or more. Besides, certain classes of work which could not be done in the shop here by former methods, can be done easily with the new equipment. The machine has the equipment for 35 different pleats, and all dressmakers and others having work of that kind can get their orders attended to promptly, and from the wide range to select from can get exactly what they want as to style of pleats.

It is declared, that of town orders can be attended to and the work sent back to the customer on the same day it is received here, Mr. Byrd states.

The new machine, which has now been on the market a year or so, it is understood, has been approved by the National Association of Dyers and Cleaners. The pleater was installed in the Byrd shop nearly a week ago and is proving highly satisfactory in its work. Mr. Byrd states. Also, the demand for its work by dressmakers and others in Brownwood and by out of town customers is gratifying, he states.

1000 Carloads of Wheat Ready for Sale on Thursday

WICHITA, Kan., July 4.—(P)—A thousand carloads of wheat will be ready for sale here when the Wichita Board of Trade opens tomorrow, it was estimated today from reports of local freight agents.

Agents of the Santa Fe, Orient, Rock Island, Frisco and Missouri Pacific railroads, denied there is any car shortage problem, asserting they will be able to handle all wheat shipment on their line with reasonable expediency.

The only short crop reported in the territory in Kansas, Oklahoma

ATES BUSILY TING VOTERS HOLIDAY CROWDS

or more of the county spoke in the interest of the races at the Fourth celebration at Hot Wells this afternoon and tonight. It was announced, and also tonight there will be the crowning of "Miss West Texas," these events and the races at the fair grounds being features in the holiday entertainment program.

In the talks by the candidates there was nothing approaching a controversial nature further than the statement of J. T. McDonald, candidate for county clerk that he had entered the race for that office only after he had been assured that the present incumbent, S. E. Stark, had stated in his former campaign that he would not be a candidate for re-election this year and the denial by Mr. Stark that he had ever made such a statement or promise, and the statement by M. H. Denman, candidate for sheriff that some of those who were working against him had told that he was drunk in Brownwood last Tuesday night and that such a report was absolutely untrue. Mr. Denman said with a smile that in a former race for sheriff, "They told that I had stole hogs, and the evidence was so plain that I almost thought for awhile that I had got them."

Regarding the charge that he had "promised" not to be a candidate this year, Mr. Stark said that he had never heard such a thing intimated until at a meeting at which the candidates were making their announcements last Saturday night.

Candidates announcing this morning were as follows: Oscar Swindler and J. S. Armstrong, for county superintendent; Clair Bettis, for tax assessor; J. T. McDonald, Luther Cobb and S. E. Stark, for county clerk; C. S. Brynum for district clerk; W. A. Butler for tax collector; E. M. Davis for county judge; W. C. Tolleary for sheriff; and J. T. McDonald, Walter F. Timmins, deputy sheriff, represented Sheriff Fred White, stating that Mr. White was unable to be present. The names of all candidates who have announced were called by L. L. Dubbs, acting as chairman of meeting, in order that all might be given the opportunity to make their announcements.

Mr. Timmins and Mr. Armstrong spoke of needed changes in the school laws of Texas, in order to give better opportunities to the rural school pupils of Texas. Judge Davis spoke of his work in behalf of a law reducing the automobile taxes, and made a vigorous defense of his administration as county judge.

Judge C. H. Jenkins declared that he put the need of judicial reform above that of any other legislation in Texas, although he said that it was a matter that he would not have time to present clearly to the people on this occasion. He said further that if elected he would work for a reorganization of state departments and boards, by which he believed a great saving could be accomplished without crippling the service rendered. He was in favor of amending the search and seizure law in the interest of law enforcement and not in the interest of the criminal. He also favored material changes in the suspended sentence law, he said, and would work for a measure to reduce the automobile taxes and to keep them in the county where they are paid.

A DEFTY TO BORES
BAR HARBOR, Me.—Twenty-six marble fireplaces, all imported from France and England, are in Wingwood House, new mansion here of Edward T. Stotesbury of Philadelphia. In the basement are five air furnaces, and each room is electrically heated.

SEEK PURSE SNATCHER
HOUSTON, July 4.—(AP)—Houston police today were seeking four men, one of whom leaped from an automobile and snatched a purse containing \$800 from the pocket of O. C. Blaulock, driver for a creamery company here, last yesterday.

Reject Bids for New School Here

ONLY four bids were submitted to the Board of Trustees of the Brownwood Public School system at the meeting held in Superintendent E. J. Woodward's office Tuesday afternoon and no one of these four bids was low enough to warrant letting a contract for the construction of the new school building that is to be erected on Avenue K, between Fourth and Sixth Streets. As a result all bids were rejected by the school officials and unless lower bids are received, it is likely that some other course will be taken in securing the new building, it is stated.

It was indicated Wednesday morning that other bids probably will not be received and that the board will employ a man to supervise the construction of the new building on a cost basis, with the school board paying for cost of all materials used and all wages necessary to the construction of the building. Superintendent Woodward stated, however, that another meeting of the school officials would likely be held within the next day or two, for the purpose of discussing more thoroughly steps to be taken as regards the new building.

Architects' estimates of the cost of the building were placed at \$40,000, but the lowest bid was \$44,500, it was stated. The bond issue voted several months ago was for \$50,000, and in addition to paying for the cost of the building, this money must also furnish the building and pay for the addition of two rooms to the North Brownwood ward school, it is stated.

Resolution
An important resolution pertaining to literary qualifications for all teachers in Brownwood Junior and Senior High Schools was passed at Tuesday's meeting. This resolution

SETS RECORD HERE IN FIRST SIX MONTHS

THREE more records for building in Brownwood were broken when the announcement of permit totals for June, made Saturday by Henry Mount, local architect.

June totals was \$210,675. First six months total was \$1,386,625. These figures are the highest ever reached here for the month of June and for the first six months of any year.

Another record broken was for the erection of residences, 44 having been built in June and 245 during first six months.

Although the June record was the lowest this year since March, it surpassed last June, when permits totaled \$176,959. The first six months of 1927 brought in a total of \$1,213,380, or \$173,245 less than the same period this year.

Sustains Record
Besides residences one filling station and one duplex apartment house was started. No major building projects were undertaken. This sustains Brownwood's record of reaching a large permit total with small buildings.

That more records will be broken in succeeding months this year is assured by announcements of buildings to be constructed soon.

Itemized total of buildings erected here the first six months of this year is as follows:
Residences, 245; stores, 9; filling stations, 8; garages, 2; gymnasium, 1; ice plant, 1; church, 1; warehouses, 2; duplexes, 8; apartments, 5; banks, 2; (including repair).

MAMMOTH INCUBATOR BOUGHT BY WITCHER PRODUCE COMPANY
Witcher Produce Company, 402-4 South Broadway, has purchased a \$2,000 egg Smith incubator, according to announcements Friday. The mammoth incubator, when installed will be one of the largest, if not the largest, single affair in Texas. An idea of the size of the incubator may be realized in that it holds three and one-half tons of eggs.

The new incubator is to be installed in December, according to present plans, and will be used for spring hatching next year. With the installation of the new incubator, Witcher Produce will be one of the most complete poultry businesses in Texas. At present the business has its own cold storage plant and own dressing plant for chickens and turkeys. With the addition of the hatchery, Witcher Produce will be able to predominate the poultry business in this section, to a certain extent at least.

Paige and Bell Purchase Brown Apartment Houses

Dr. W. H. Paige and A. H. Bell have bought from Mrs. M. L. Brown the property occupied by the duplex apartments at the corner of Main Avenue and West Anderson Street. The price was \$26,000, this being the second real estate deal within a week in Brownwood in which purchase of property of a value of above \$25,000 has taken place.

reading as follows: "Be it resolved that all teachers now employed in Brownwood Junior and Senior High Schools must have received their college degrees not later than on September 1st, 1929, or else be transferred to one of the ward schools of the city, if retained in the city school system." Mr. Woodward stated Wednesday that there are several teachers in the two schools at present, who do not have their degrees and apparently are making no effort to obtain them.

Several changes and additions to the faculties of Brownwood Junior and Senior High Schools were made Tuesday.

Miss Mary Fay Alexander, for the past year or more an instructor in the College of Industrial Arts, at Denton, was elected as head of the Home Economics Department in Senior High School for another year, replacing Miss Ruth Huey, who recently resigned as head of the department. Miss Eulalia Gavit, for the past two or more years head of the Home Economics Department in Junior High, was transferred to Senior High and will serve as assistant to Miss Alexander, replacing Miss Fenette Griffith, whose resignation was received along with that of Miss Huey. Miss Lillian Burleson, formerly of Belton, was elected to take Miss Gavit's place in Junior High.

Miss Beryl Burnett of Stephenville, was elected to serve as teacher of physical education for girls in Brownwood Senior High. Miss Burnett will also teach Biology, it is stated.

Miss Patti Balza, of the North Texas State Teachers College at Denton, was elected to teach music, drawing and penmanship in one of the ward schools of the city, her assignment to be made later.

Although he is now past 40 years of age he is the youngest man running for the United States Senate in Texas, said Alvin Owsley in his address at Brownwood Hot Wells on Tuesday night. He is old enough to have some ideas as to what ought to be done and young enough to devote his energies to getting it done, he declared, and he observed that two of his opponents are now thinking of going to the hospital and another was "crying for sympathy."

Colonel Owsley made a very brief speech, giving attention to only one subject of legislation. That was farm relief. He would pledge the farming sections, the direct credit of the Federal Land Banks and the intermediate loan banks, he said. The farmers, he said, were the producers of the food and clothing of the country, and their markets should be kept up. "My conception of my great duty," Colonel Owsley said, "is to keep the markets open and the prices up. He believed that the producers of the raw materials ought to be on an equal basis with the manufacturing interests."

Looks to Future
Colonel Owsley said that he brought a message of hope, and spoke of a "greater Texas of tomorrow" and hoped that as the people sang the patriotic songs on the Fourth of July they would make true the sentiment of the songs and keep America forever "the land of the free and the home of the brave."

The speaker was introduced by Mrs. W. D. Armstrong, who declared that she was not versed in politics, but that she considered this one of the greatest privileges and pleasures of her life. She had driven 142 miles that day for the privilege of introducing the Hon. Alvin Owsley, she said. She spoke of Colonel Owsley's work with the American Legion and declared that there had been no greater National Commander of that organization. "And his buddies are glad to meet him," she said.

Made Long Drive
Speaking at Bridgeport Tuesday morning, Mr. Owsley had driven over 200 miles Tuesday to keep his Brownwood engagement. He was late arriving but addressed a large audience, and one that gave him close and interested attention. Mrs. Armstrong had started on her address before the speaker's arrival, and when he arrived in the crowd she espied him and enthusiastically proclaimed: "He has come! He has come!"

Colonel Owsley was escorted to the platform and immediately began his address. While awaiting for his arrival, the band had played several selections. Rex Gaither had introduced to the audience Merle Baker, the new band director, and under the leadership of Mr. Baker had played and sung, to the tune of "The Old Gray Mare." "We are strong for Alvin Owsley, he's the best man for the place," Rex Gaither had also told the audience a story of Colonel Owsley's friendship to the Old Gray Mare Band at the National Legion convention at New Orleans several years ago.

Big Crowd Present
There was an immense crowd at the Hot Wells Tuesday night, and while the bathing beauties, the dances and other attractions joined in bringing the people together, it was evident that a very large number had come for the purpose of hearing the political speaking. They filled the few seats in front of the platform and then a large crowd stood around behind them, while occasional questions as to when the speaker was to arrive indicated that it was that in which they were interested.

HEADS OLD GRAY MARE 'CAVALRY'

WHEN KATIE MERLE PARKS, of Brownwood, sponsor of the Old Gray Mare Band, official music makers of the Democratic Convention at Houston, rode her horse up and down in the Coliseum aisles during a demonstration for Jesse Jones, Chairman Robinson asked her to "kindly remove the cavalry." Kattie, mounted on her gray mare, was seen just everywhere in Houston.

my congressional opponents in favor of the man who will be next President of the United States, until he was nominated by the Democratic convention at Houston. But after that all three began a mad scramble to get on the Smith band wagon. They are now claiming parenthood of the Democratic national platform in face of the well-known fact that the Democratic party rejected practically every measure proposed by either of them when the national platform was being constructed."

BOY LOSES ARM
LUBBOCK, Tex., July 4.—(AP)—Bobby Ranton, 6, son of R. J. Ranton of Southland, lost his right arm here today when it was caught in a windmill. He will recover.

STATUARY COST CUT
PARIS—Artists believe religious sculpture, now at low ebb, will be revolutionized by a new pressed brick today when it was caught in a windmill. He will recover. statutes can be made for \$100.

CHEVROLET

Hour after hour over any road -and every mile a pleasure

At every speed, the Bigger and Better Chevrolet holds the road with a surety that is a revelation—for it is built on a wheelbase of 107 inches, and the body is balanced on four long semi-elliptic shock absorber springs, set parallel to the frame. It steers with the weight of a hand—for the worm and gear steering mechanism is fitted with ball bearings throughout. And it sweeps along at high speeds for hour after hour without the slightest sense of forcing or fatigue—always under the complete control of its big non-locking 4-wheel brakes. Come in today for a demonstration!
