

MUENSTER ENTERPRISE

VOLUME XIV

MUENSTER, COOKE COUNTY, TEXAS, MARCH 24, 1950

NUMBER 18

It is generally agreed these days that one of the smelliest incidents ever to befoul the dignity and prestige of our government is the present investigation of Senator Joe McCarthy's charges, that the State Department is loaded with reds and fellow travelers. But there is not much agreement on which side is causing the stink.

The group being investigated and their supporters and a large number of persons who resent having the government's prestige dragged through the dirt refer to the investigation as shameful and disgraceful and an unscrupulous maneuver of partisan politics.

The other side claims that official refusal to have the accused persons' loyalty records brought into the open is equivalent to an admission that something is rotten.

One amazing development is that quite a number of good sincere people, who are practically dedicating their lives to the survival of the American Way and the defeat of communism, have expressed themselves as unequivocally opposed to a revelation of contents in the FBI loyalty files. Their contention is that the secrets disclosed therein would give valuable information to unfriendly countries and the political turmoil resulting therefrom would cause the very chaos that communists have been trying to attain all along.

As most of us are aware, a favorite method used by communists to advance their cause is to break down as much as possible the harmonious functions of legitimate government so that their vulture members can feast on the ruins. From that line of reasoning emerges the paradoxical claim that Senator McCarthy is unwittingly aiding the red cause by his efforts to have reds kicked out of our government.

All of which may actually be true. As one who can fathom very few of the maneuvers of Washington politics, yours truly only expresses the hope that the sound and fury, regardless of how it's settled, will result in greater devotion to this country and all the fine virtues it stands for.

But at the same time one can hardly escape the alarming observation that this country must be in a pitiful mess indeed if it cannot safely risk the storm of exposing the traitors in its government or disclosing the "secrets" involved in the records of its individuals. Imagine the sinister implications in this kind of caution. We shudder at the mere thought that it is safer not to look for traitors in the state department and permit them, if they are there, to continue their subversive work than it is to face the consequences of exposures and disclosures. What is the extent of present red power anyway? What kind of damaging facts are now sealed in the loyalty files?

To our way of thinking the very implications in the recommended caution provide another good reason for taking the bull by the horns and fighting this case openly and courageously to the finish. If the dangers exist let's grapple with them now instead of permitting them to grow to even greater strength. If the subversive elements are at work now what chance can we possibly expect later by letting them continue and choose their own time for the eventual show-down?

Aside from that consideration there's plenty to be said for an old fashioned open-and-above-board inquiry that hews to the line and lets the chips fall where they may. Senator McCarthy has made some serious charges and he has stated that the charges can be substantiated by FBI files. But the administration will not permit him to present those files as evidence. Perhaps it is true, as the administration claims, that he is a liar, but how can the administration escape suspicion when it suppresses the evidence? How can we simple citizens escape the con-

(Continued on Page 8)

Finishing Work on New School Ground Begun This Week

Finishing touches for the new public school site got under way this week when earth moving equipment started leveling off the lot to prepare for grass sodding, landscaping, and building a driveway to the bus loading rack. Another job scheduled for the near future is the removal of frame buildings used for office and warehouse during the construction period.

The general plan explained by Superintendent Weldon Cowan is to remove dirt from the west part of the lot down to the level of ground surrounding the school. The dirt is used to fill in at the east side of the lot maintaining the level as far as it will reach and ending in a terrace leading to the lower level. All the ground will be sodded.

Also on the plan is a curb along the west side driveway and along the street at the front. The west driveway will be gravel and the street at the south will most likely be pavement.

According to information received by the Enterprise this week all concerned in the cooperative pavement deal have agreed to do their part. Father Anthony Schroeder reported that the church committee had okayed a curb and pavement adjoining the church property. Superintendent Cowan said the school board had agreed to put in curb and pavement on its side. The City of Muenster had previously offered to pay for one-third of the pavement if the church and school would pave their respective thirds of the street.

Sodalists Sponsor Three-Day Retreat For Parish Youth

Sodalists of Sacred Heart High school are sponsoring a three-day retreat this weekend for the youth of the parish and will have a formal reception of new members Saturday.

The retreat opened Wednesday night with a conference at Lenten devotions. Rev. John Mitchell, pastor of St. Mary's church at Henrietta, is retreat master.

On Saturday morning, preceding the high mass, 22 new members will be received into the society by Rev. Andrew Wever, spiritual director of the group.

Father Mitchell will officiate at the Mass at 7:30. Both Gregorian Chant and contrapuntal music will alternate in the "Missa Salve Mater" which will be sung by members of the sodality. The offertory "Ave Maria" will be the two part composition of J. B. Mollter. After Mass sodalists will all join in a special canticle of the Blessed Virgin, "The Magnificat", and an antiphon selected from the Second Vespers of the Feast, "Ecce Ancilla Domine".

The annual Communion breakfast for the sodality will be held Sunday following the group's attendance at 8 o'clock Mass and corporate Holy Communion.

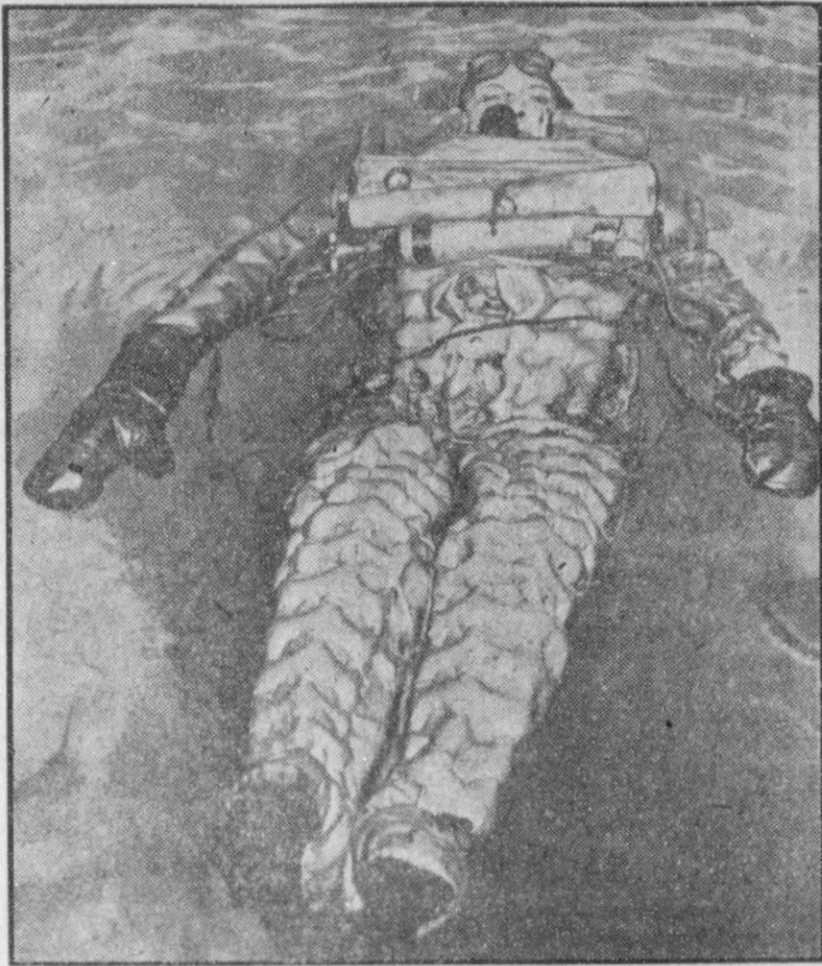

New members are Donald Bayer, Randolph Bayer, Michael Driever, David Endres, Willard Hartman, Ronald Herr, George

(Continued on Page 8)

DAY OF RECOLLECTION SPONSORED SUNDAY BY GAINESVILLE KNIGHTS

A day of recollection similar to that held here a month ago will be sponsored by the Gainesville-Lindsay Knights of Columbus Council at Gainesville next Sunday, March 26. Father R.A. Tynan, S.J., of Jesuit High Dallas, will again be in charge.

The program will begin with 8 o'clock mass followed by breakfast and conferences before and after noon and end with Benediction about 4. Opening and closing services will be in church, the conferences in the old school building north of church and meals in the church basement.

NEW SUB ESCAPE SUIT—Demonstrated at Portsmouth, England, the British navy's new immersion suit is made of rubberized nylon and comes complete with an escape breathing apparatus. The suit, when packed, weighs six pounds and is given added protection by the quilted effect. It is equipped with a shoulder lamp which burns for 30 hours to aid rescue work.

News Of Sick And Injured

Alvin Hartman is absent from his usual job at the Enterprise this week and for some weeks to come as a result of an injury received operating a press last Friday. One bone of his left index finger was fractured and the flesh was badly mangled when the finger got caught in the machine. Alvin reported Wednesday that the finger is healing nicely and will probably have only a few scars to show for the accident.

Mrs. August Friske returned from Gainesville sanitarium Monday and is convalescing nicely from surgery performed last week.

Mrs. Frances Haverkamp is recovering slowly but satisfactorily from major surgery performed at St. Joseph's hospital in Fort Worth on March 10 and will be permitted to return to her home this weekend.

Ed and Don McKinney are confined to the home of their parents, the Ed McKinneys, on account of mumps.

Mrs. Looney McGowan has been ill with a throat infection for the past week.

Mr. Lawrence Roberg, Mrs. Katie Roberg and Carrie Roberg, accompanied by Mrs. Cecilia Spies of Gainesville, spent Monday in Fort Worth.

Red Cross Total Reaches \$400 as Drive Nears End

About \$400 are in the till and present indications are that the community will either come close or barely go over the top in this year's Red Cross drive. The quota is \$475.

Since last week deposits in the bank have increased from \$211 to \$320 and reports from some workers who have not turned in their collections indicate that approximately \$80 more has been collected.

Several of the workers report also that they will still have to

(Continued on Page 8)

St. Joseph's Society Re-elects Officers

Members of the Saint Joseph's Society reelected five of their six officers Monday night when the annual election of officers featured their business session.

Returned to office for another year are R. R. Endres, president; Joe Hoening, vice president; Meinrad Hesse, financial secretary; Frank Klement, treasurer, and Al Walterscheid banner carrier. The new member of the executive committee is Robert Knabe, recording secretary.

Cowan Asks To Be Advised of Children Missed on Census

With the annual scholastic census about two thirds completed Superintendent Weldon Cowan this week expressed concern over the possibility of missing some of the school age children. To minimize that chance he asked this week that parents who have reason to believe that their scholastic age children have been overlooked either write or phone about them.

The child most likely to be overlooked he said is one not on last year's report, such as the child who moved into the district during the past year or one who lived here and reached the scholastic age during the past year. A child is of scholastic age if he or she reached the age of 6 on or before September 1, 1949.

If parents know that their children were included on this school district's census last year they need not notify Cowan. Every child on last year's list will be checked and if still of scholastic age and still in the district, will be included in the count.

In that connection Cowan also explained that new scholastics are not likely to be missed if older brothers or sisters appear on last year's list. Parents will report them when he calls to check on older children.

Parents who do not have children on last year's list are especially urged to report their 6 year olds. This is important to the school because every child missed represents a loss of one per capita allotment during the next school year.

Muenster, Saint Jo Are Only Baseball Teams in District

Baseball will have a short season at Muenster High School this year. Coach Hood disclosed this week that Muenster and Saint Jo are the only two teams of District 13-B competing in conference baseball this year. Two other teams, both in the Wichita Falls area, advised recently that they had changed their original plans.

Accordingly the local conference season will consist of a three game series with Saint Jo, the winner to represent this district in a bi-district game.

Other games, if any, on the local schedule will probably be played with local sandlotters and other high schools in the neighboring district to the east. Valley View, Sanger, Whitesboro and Pilot Point are prospects but none have been scheduled to date.

Time Lost During Bad Weather Delays Opening of Theatre

The opening of the new Relax theatre building has been postponed until April 2. That decision was made last week end when F. E. Schmitz, owner, discovered that workers did not expect to make up the time lost during severe weather earlier in the week. Cement work and plastering had been postponed several days because of freezes and threatened freezes.

Unless some other unexpected trouble interferes, Schmitz said, the theatre will open for sure on April 2.

The opening show will be "Fighting Man of the Plains" starring Randolph Scott, a recent release now being shown in the larger theatres of large cities. It will end a week's run in a Dallas theatre on Saturday April 1, and the Relax management will make a special trip to pick it up the following morning.

This week work on the building is moving rapidly. Sheet rock on lobby ceiling is finished and awaiting paint. Plaster on the walls of lobby, rest rooms, ticket office, cry room and the front sections between side walls and stage is also due for completion before the end of the week. Acoustical celotex is installed on all the ceiling and most of the back wall. Completion of that job awaits installation of the projectors, so holes can be cut in exactly the correct place.

Meanwhile equipment and furnishings await the end of building work. The screen, projector and seats are all here, ready to be put in. The screen is new and much larger than that used in the old location. Also about 200 seats are new. The 250 old seats and the old projector have been renovated.

Hornets Need Two More Games to Fill 1950 Grid Schedule

Next season's Hornet football schedule now has definite dates for eight of its ten games and will probably be complete in the near future.

The schedule so far, as announced Wednesday by Coach Doyle Hood, is as follows.

Sept. 15, Era here
Sept. 22, Whitesboro here
Sept. 29, Valley View of Iowa Park (conf.) here
Oct. 13, Bryson (conf.) here
Oct. 20, Pilot Point here
Oct. 27, Alvord there
Nov. 10, Anna here
Nov. 17, Saint Jo there
The dates to be filled are Oct. 6 and Nov. 3.

Fire Nipped Early At Ben Seyler Home

Early discovery of a fire at the Ben Seyler home about 6:30 Sunday morning enabled Seyler to handle it in short order and limit the loss to a few items of clothing and books. Several charred spots in the attic floor and rafters are not sufficiently damaged to require replacement.

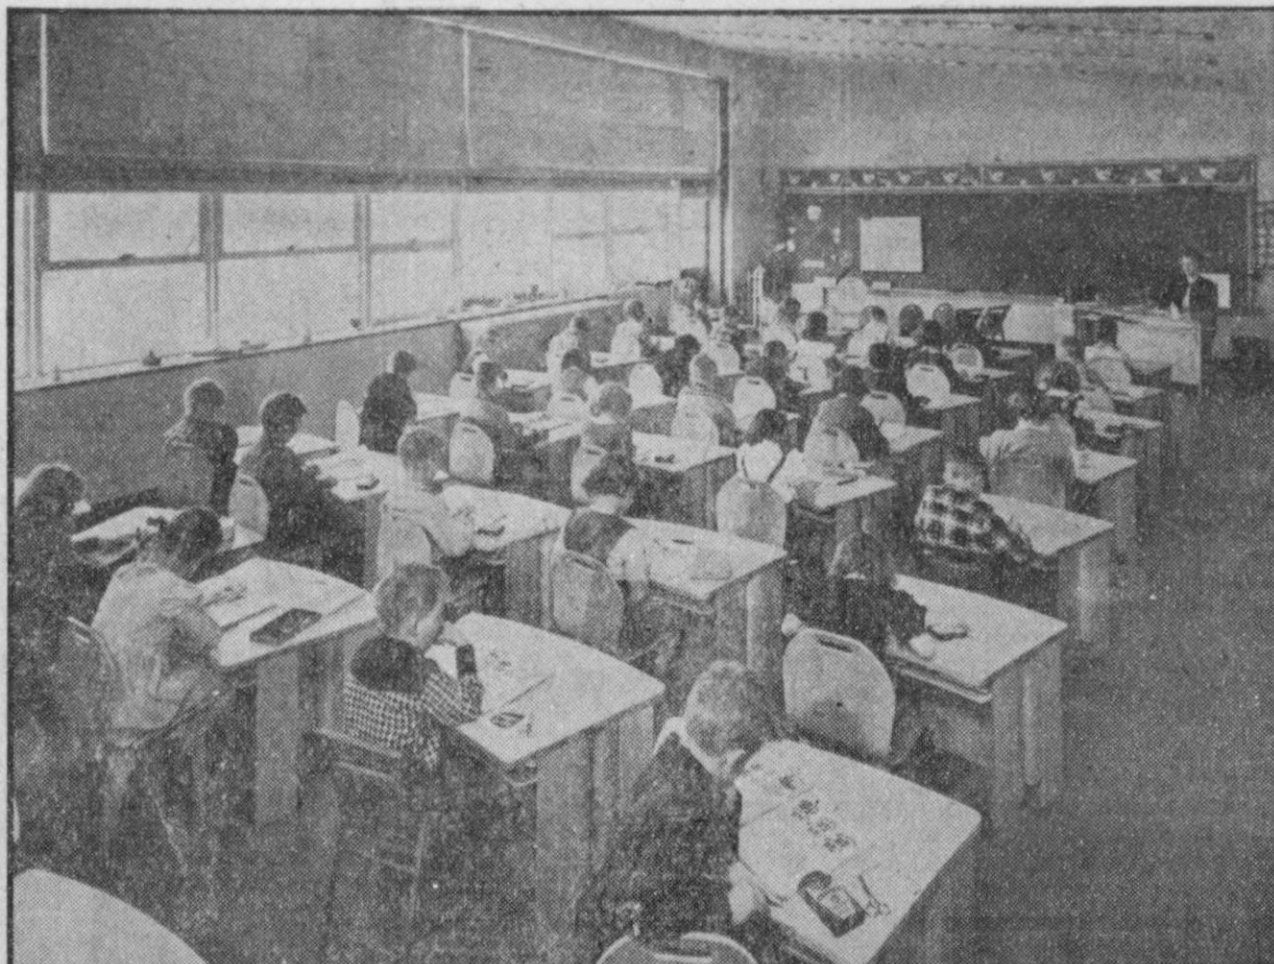

Billy Seyler first noticed a dense smoke in his bedroom and told his father. Ben discovered that the smoke was pouring through an attic door and found the blaze at once. One bucket full of water was enough to extinguish it.

A short circuit in the electric wiring was named as the cause.

Miss Dolly Lehnertz of McKinney spent Friday to Tuesday here with her parents and family. She is a nurse at Veterans Hospital.

Schedule of Coming Events

SATURDAY, March 25, Reception of new members in St. Anne's Society at 8:30 Mass and Communion breakfast following church services.

"LITTLE RED SCHOOLHOUSE" GOES MODERN—A far cry from the rustic schoolhouse of Grandpa's day is this first grade classroom in Muenster, Ind. Youngsters sit on posture-training chairs and use individual plastic-topped desks. The "blackboard" is made of green glass to reduce eyestrain. Easy on the eyes, too, is the lighting system—a glass wall with white basswood blinds to control sunlight, and sloped ceiling with recessed fluorescent lighting. Despite the innovations, crayons and scissors are still standard equipment for the youngsters.

**Preston Smith of
Lubbock Announces
For Lt. Governor**

Preston Smith, 38-year-old Lubbock business man, entered the political arena this week by announcing his candidacy for Lieutenant Governor. Smith is a three-term veteran of the Texas House of Representatives. He was first elected in 1944 to represent District 119. During his service in the

House, Smith has been for four years a member of the appropriations committee. He has also served as chairman of the sub-committee on higher education. He is a firm believer in the application of sound business methods in the operation of the state government.

Born on a Williamson County farm, son of Mr. and Mrs. C.K. Smith, he stayed with farm life until 1931. He is the seventh child in a family of 13 and has six brothers and six sisters.

Much of his career in the House has been devoted to championing the cause of Texas' rural people. He was author of the rural hospital bill and co-author of the rural telephone bill, and also has been active in the fight for farm-to-market roads and soil conservation. Smith has been a supporter of all veteran legislation.

Of his hospital plan, Smith says, "This measure will go a long way toward solving the doctor shortage in small communities. If the counties will vote bonds for hospitals and then lease them to some of the young doctors just out of college who have no financial means to build their own hospitals, the younger men will not be so inclined to go into the large towns where facilities are available."

Commenting on his race for Lieutenant Governor, Smith said, "Much of Texas' population is centered in rural areas and small communities. Unless you have lived on a farm or in one of the very small towns, of which there are many in the state, you can't realize how much is needed in the way of worthwhile legislation for the rural areas. Texas needs the services which the rural population provides. The rural population needs better facilities for day-to-day living. As Lieutenant Governor, I will continue my efforts to see that this important segment of our population receives as many needed improvements as possible, along with other necessary and important legislation."

Smith also authored the bill, in the House, which would require all boards, bureaus and state agencies that spend state tax money to hold open meetings and to advise the press in writing in advance of such meetings. The measure passed the House but did not get through the Senate.

**WHAT PRICE
GOOD ROADS?**

It is certain that my seven point program has caused some discussion and it deserves further thought and consideration. If you question the wisdom of its adoption then it must be the cost. (MONEY) I asked a dealer in materials if it would cost more to build small bridges of concrete rather than lumber. His reply was, "I think it would cost less, certainly over a period of time the cost would be much smaller." You pay taxes for road up-

keep and improvement. If the roads are to remain as they are now or have been, how much will it cost you in wear and tear to run your car and truck in the next four or five years?

Why not begin now to make some permanent and lasting improvement on our roads?

Please continue to discuss the seven point plan.

Thank You
JOE WYATT

For Commissioner of Precinct No. 4.

FIVE S. H. PRESS CLUB MEMBERS ADMITTED TO JOURNALISTS' SOCIETY

Five members of Sacred Heart Press Club, Mary Ann Felderhoff, Anselma Knabe, Pauline Mages, Florence Fette and Verena Henscheid, were admitted to membership in Quill and Scroll, international honorary society for high school journalists, in a solemn initiation ceremony held in the school lunch room Thursday night immediately following the meeting of the Sacred Heart Parent-Teacher Association.

The impressive candlelighting ceremony took place before a backdrop of white upon which were mounted, in blue letters, the words Truth, Initiative, Opportunity, Leadership, Loyalty, Enlightenment and Friendship, also represented by blue and

yellow candles which the new members lighted while they recited appropriate lines. The candles, in inverted V formation centered a table adorned with yellow snapdragons in blue containers.

Melvin Herr, editor of the school publication Mosaics, and Bernice Henscheid also participated in the program. The former gave a brief history of the club and student requirements to be eligible for admittance in the society.

Sister Mary Eymard, faculty adviser of school publications, presented gold membership pins to the five new members.

The faculty of Sacred Heart school, Father Anthony Schroeder and a large number of PTA members witnessed the program.

P-TA WILL GIVE AWARDS IN 4-H SEWING CONTEST

Members of the Sacred Heart P-TA will sponsor a sewing contest being conducted by Sacred Heart 4-H club girls and will award prizes in the junior and senior division according to announcement at the association's meeting Thursday night.

No definite plans have been arranged but there is a probability that a style show will be arranged and all girls will model the dresses they are making.

TWO HONORED WITH BIRTHDAY OBSERVANCE

A family birthday dinner at her home complimented Mrs. Tony Gremminger Sunday at noon. Out of town guests present were Mr. and Mrs. Robert H. Mayer of Pilot Point and Mr. and Mrs. William Weinzapfel and son of Windthorst.

Joe Otto's birthday inspired a delightful family party at his home Sunday night. It was a surprise affair attended by his children and grandchildren from this city. The guests presented the honoree with a decorated birthday cake and bought covered dishes for refreshments after a social evening.

P-TA Begins Plans For Easter Monday Benefit

This year's annual Easter Monday bazaar and dance will be sponsored by the Sacred Heart P-TA, and tentative plans for the event were announced at the association's meeting last Thursday night.

Chairmen, who are organizing their helping committees, were announced for various games and refreshments stands.

Proceeds from the benefit will go into the P-TA fund to purchase a movie projector and other items needed by the school.

Eight Boy Scouts Pass Tests On Sunday Hike

Eight members of the local Boy Scout troop passed tests Sunday while the Scouts were on all day hikes.

Scoutmaster Nick Miller, who hiked north of town with his boys of Patrols I and II, supervised a test in which five boys stepped off a four acre tract. The five boys are Clifford Swirczynski, Carl Walterscheid, Robert Meurer, Jimmy Hellman and Larry Hennigan. Three boys, Billy Ben Boyles, Ernest Bayer and Jerry Henscheid, completed tests in first class cooking.

Senior Patrol Leader Steve Moster and his boys hiked southwest of town and spent their time in rifle practice.

AT FORT WORTH BREAKFAST

Mr. and Mrs. John Fisher were in Fort Worth Sunday to attend a Father-Daughter breakfast given by Sodalis of OLV College in observance of St. Joseph's day. They were guests of their daughter, Ruth Fisher. Sodalis and their parents attended the 8 o'clock mass at St. Mary's church and had breakfast afterwards. Father Finton was the principal speaker.

Citation by Publication

THE STATE OF TEXAS
TO: George W. Blanton, whose residence is unknown, if living, and if dead his heirs other than Mrs. Miriam B. Salisbury and W. C. Blanton, if any, who are unknown and the said W. C. Blanton, whose address is unknown, if living, and if dead his unknown heirs Defendants, Greeting:
You are hereby commanded to appear before the Honorable 16th District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of May A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 13th day of March A. D. 1950, in this cause, numbered 15654 on the docket of said court and styled James H. Allen Plaintiff, vs. E. B. Blanton, Jr. et al Defendants.
A brief statement of the nature of this suit is as follows, to wit:
Suit in trespass to try title brought by plaintiff against defendant's to establish his title to a part of Lot 6 in Block 29 of Sparks addition to the City of Gainesville, in Cooke Co., Texas.
BEGINNING at the intersection of the East line of Commerce Street with the North line of McClain St.; THENCE North 50 feet to corner; THENCE East 100 feet, more or less, to West line of lot formerly owned by J. N. McKinley; THENCE South 50 feet to North line of McClain Street; THENCE West 100 feet to beginning; and in which plaintiff affirmatively pleads the ten, five, and four year statutes of Limitation, as is more fully shown by Plaintiff's Petition on file in this suit.
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas, this 13th day of March A. D. 1950.

WASHINGTON NEWSLETTER

By ED GOSSETT

WASHINGTON, D. C., Mar. 23.—I flew down to San Antonio last week to make a speech to the Annual Convention of the Texas and Southwestern Cattle Raisers Association. It is an inspiration to rub shoulders with the Texas cattlemen. They are a group of rugged individualists who think for themselves and who are devoted to the American system of free enterprise and competitive economy. By and large they represent the pioneer stock that has made this a great country. With a little more than 6% of the world's people and a little over 5% of the world's land, we possess more than half of the world's wealth. Beside these figures, however, we should mark down that the total assessed value of all of the property in the United States of America is approximately 186 billion dollars. Our national debt is 254 billion dollars. In other words, in terms of dollars we are worse than broke. Our only real values are human values.

We can well lose all of these through a mania for security. If people are willing to trade liberty for imaginary security, they wind up losing both liberty and security. Too many people now imagine that through government planning and programs the individual citizen can be given absolute security against all the hazards of life. Such, of course, is utterly impossible. The only absolute security of which I know is the security of the grave and the security of the

jailhouse. The slave is secure only so long as his master is kind and solvent. Striving for security, of course, is a virtue but when supposedly obtained it generally defeats its own ends. Imagine what effect it would have upon the character of youth to know that if he were unable to earn a livelihood or to own a home that such would be furnished him by his government. The illusion of security eats out of the individual his primary attributes of good citizenship. Of course, the antithesis of the indolence which comes from security is the madness which comes from fear. Both extremes are to be avoided. Fear dethrones reason, and induces madness. It is not quite as simple as Mr. Roosevelt's pronouncement borrowed, I believe from Bacon, that "The only thing we have to fear is fear itself." Individually and collectively we, of course, must continue to strive for better standards of living and better security. But we must not delude ourselves into thinking that we can get something for nothing, that everybody can live off of everybody else, and nobody work. I personally subscribe to Emerson's philosophy that everything is paid for at some time or other in some way or other. The books must be and

will be eventually balanced. Someone has said, "A grafter is one whose income exceeds his service to society." Governments must make the ways of grafters and transgressors uninviting. Governments should protect the weak against the avariciousness of the strong. Government should write the rules of fair play and enforce such rules; but government should never undertake to extend to its citizens the illusion of complete security. Governments should not do for the individual what he can do for himself.

People grow strong through discipline and denial. People grow great through sacrifice and service. England never rose to greater spiritual heights than when that distinguished statesman, the Right Honorable Winston Churchill, on coming to power said, "I promise you nothing but blood, sweat, toil and tears." It was this great man too, who said he did not become the King's Minister to preside over the liquidation of the British Empire. His declining years must be sad indeed as he witnesses his successor, who apparently did become the King's Minister to preside over the liquidation of the British Empire by illusory promises of security to the British people.

A prosperous civilization usually destroys itself because of the contentment of the individuals who refuse to stay on guard.

In England, with its "planned economy" and "welfare state" schemes, our loaves of white bread "would be eaten as cake by people who could get it," according to E. F. Mitchell, head of the Master Bakers organization in Great Britain.

NO OTHER METHOD OF COOKING IS AS

SAFE

AS *Electric Cooking*

This wonderful feature in electric cooking will take loads of worries off your mind. It's safe... just as safe as the electric lights in your home. Never fear of unwarranted accidents or burnt hands. The new electric ranges are so well insulated that you cannot feel the heat on the outside of the cabinet, and there are no dangerous mystifying elements. That's not all, no other method of cooking is as cool, clean, or produces better cooking results than electric cooking. See for yourself... and you'll know why thousands are joining the swang to electric cooking.

"A Good Bank to be With"

School Scribblings

By Students of the Muenster Public School

VOL. I

NUMBER 25

Edited by Wilfred Klement and Mildred Hall

Students absent from school because of mumps are Margaret Milner and Dickie Cain from the fifth and sixth grades. From the first and second grades, Don McKinney, Kenneth Hacker, Linda Lee Dickerson, Mary Lou Martin, Sharon McGowan, Ethel Winchester, and Freddy Robeson are absent.

Noble McElreath has returned to classes in the first grade after undergoing a tonsillectomy.

Patsy Cain spent Sunday visiting in St. Jo.

The fifth and sixth grades have organized a court for the students who misbehave in their class. Pete Hammer is the judge. The jury is made up of three boys and three girls who are chosen by the class. They decide how to punish the students. Mrs. Gladys Bezner stated that the court really helped the behavior in these grades.

The local FFA Chapter held its Father and Son Banquet Wednesday, March 22 at 7:30 p.m. in the K of C Hall. L. I. Samuels was the guest speaker. He is the Area 5 FFA Supervisor. The Home Economics students cooked and served for the banquet.

Several members of the FFA chapter will take part in a cattle judging contest at Whitesboro on Saturday, March 25.

All the chickens that the FFA Chapter raised are gone; so the Chapter decided to buy 100 more. The chickens were delivered Tuesday. In the first flock, chickens that were given capette pellets were a half pound heavier than the chickens that were not. Since the boys have found it pays to give the chicks the pellets, all of the present flock will be dosed in four or five weeks.

If you noticed Mr. L. B. Bruns walking around with a big smile and very happy on Monday, you will find that it probably was due to the 10 1/4 pound fish he

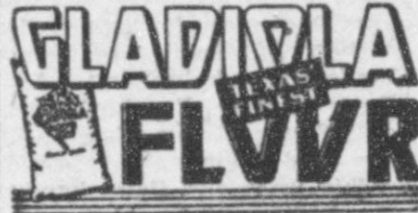

caught Sunday. If you also find that Johnny Fisher and Roger Wolf have made an "A" in shop, it is because they gave Coach Hood and Mr. Bruns some hot coffee on the cold bank of Red River while they were fishing last Sunday.

Saturday, March 18, was a day happily spent by the FHA girls. The occasion was the Area IV meeting in Denton at TSCW. The girls took sack lunches and ate picnic style in Lowry Woods on the campus of TSCW. After lunch they toured the NTSC campus. At 3:45 they boarded the bus to return to Muenster. Mitchell Wolf, Theodore Owens, and Douglas Robison were the bus drivers.

There is nearly a mile of wire in a full sized window screen.

Citation by Publication
THE STATE OF TEXAS
TO: Walter J. Reynolds, Defendant, Greeting:
You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 10th day of April A. D. 1950, then and there to answer Plaintiff's Petition filed in said Court, on the 23rd day of February A. D. 1950, in this cause, numbered 15645 on the docket of said court and styled Fannie Reynolds Plaintiff, vs. Walter J. Reynolds Defendant.

A brief statement of the nature of this suit is as follows, to wit:
A suit for divorce from the bonds of matrimony for the reasons of harsh and cruel treatment on the part of defendant toward plaintiff and for reason of his abandoning her more than three years ago, and for the further reason that plaintiff and defendant have lived separate and apart more than 10 years.

BEFORE YOU BUY ANY RANGE
KNOW THESE

Facts about Flame Cooking

Only modern GAS ovens can bake and roast so evenly because oven is ventilated for fresh-air circulation.

Only modern GAS ovens can accurately hold any temperature from 250 to 550 degrees.

Only modern GAS broilers can impart real broiling flavor into foods. Nothing can sear like live flame.

Only modern GAS broilers are smokeless. Only live flame can consume rising food vapors.

Only GAS ranges provide instant heat. Inferior non-flame, artificial methods cannot be as fast as instant flame.

Only tailored flame can fit every pot and pan in your kitchen. No special pots and pans are required for GAS cooking.

Only modern GAS cooking costs so little. GAS ranges operate for one-fourth the cost of non-flame, artificial methods.

Only modern GAS cooking is so dependable. GAS service is your most reliable domestic servant. There are no periodical supply failures.

Only modern GAS ranges can be easily and inexpensively installed. No costly outlets are required as with non-flame, artificial methods.

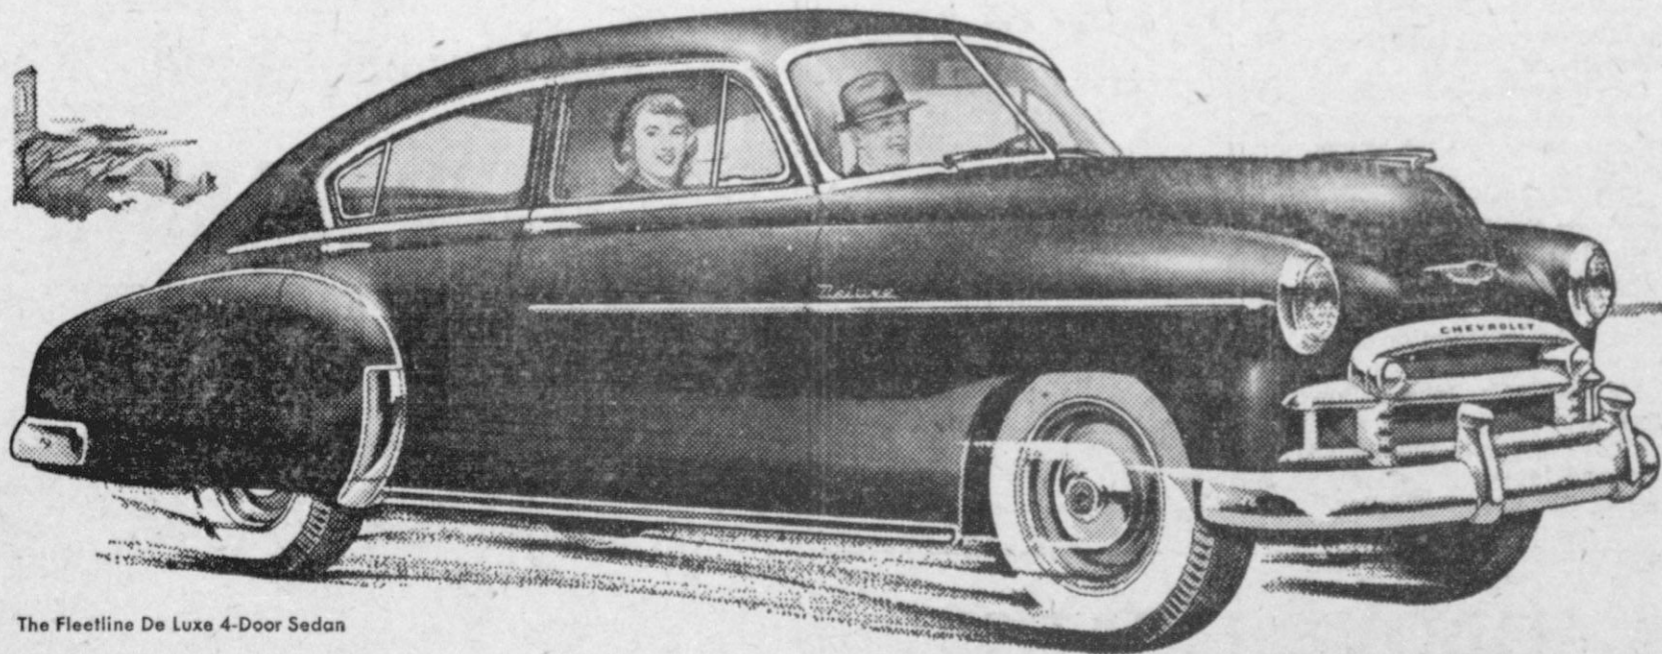

No other type of range is safer, cleaner, cooler, more automatic, more beautiful, or more certain. Absolutely none! No other type of range is offered in so many different models. There is a GAS range to fit every need and every pocketbook.

Mother-Daughter Banquet Given By Future Homemakers

Shamrocks and emerald green predominated in decorations carrying out the St. Patrick's day theme at the Mother-Daughter banquet given by the Future Homemakers of America here on Wednesday night, March 15.

The meal was planned and prepared by the girls under the supervision of Miss Ruby Kelly, FHA club sponsor, to honor mothers of the members. It was held in the homemaking department in the K of C hall where places were laid for 70 guests.

Margie Kathman was toastmistress. Mrs. Arthur Hellman gave the invocation, and Mrs. T. S. Myrick, chapter mother, gave a talk on Irish Legends. "Pat and Mike" skits were presented by Yvonne Scoggins and Pauline Myrick, and vocal selections were given by Alvina Derichsweiler, Mildred Hall, Helen Haverkamp and Pauline Myrick, quartet, with Jeanette Fisher playing the piano accompaniment. Margie Kathman played a piano solo.

Eva Muller led a toast to the mothers entitled St. Pat's Crown, and the response, a toast to daughters, entitled St. Pat's Brim, was given by Mrs. Lynton Mitchell. The benediction was given by Joan Klement.

Decorations and menus followed the St. Patrick's theme. Programs were in the form of shamrocks, table cloths and center decorations were in Irish green and white, and miniature St. Patrick's hats were favors.

The menu consisted of Emerald Isle fruit cup, fried chicken, English peas, mashed potatoes, giblet gravy, shamrock rolls, lime ice cream and shamrock cookies. Future Farmers of America served the meal and wore a touch of green for the occasion.

The decorations committee was headed by Judy Long, Anna Grace Herr, Pauline Lutkenhaus and Sharon Long. Eva Muller was head of the foods committee.

This was the first banquet given by the Muenster FHA club which was organized last fall. The girls plan to make the affair an annual one.

FAREWELL PARTY HONORS MRS. L. H. BAUMHARDT

Complimenting Mrs. L. H. Baumhardt who will be leaving Muenster soon to live in Wichita Falls, Mmes. Urban and Paul Endres entertained in the former's home with a party Tuesday night.

The farewell tribute was a surprise for the honoree and guests were the twelve members of the Gay Matron's Club, who presented Mrs. Baumhardt with hood-ends as a going-away remembrance.

A progressive 42 series entertained the guests and the hostesses served a salad course and coffee.

In the games Mrs. Urban Endres won the high score and the galloping awards. Mrs. Pat Hennigan won the second high award, and Mrs. Baumhardt received the consolation favor.

Mr. and Mrs. John O'Dowd of Fort Worth spent the weekend with her parents, the John Walters and family. Mrs. O'Dowd is the former Eugina Walter.

20 Muenster Girls Attend FHA Area 4 Meeting at Denton

Twenty members of the Muenster chapter of Future Homemakers of America attended Area 4 Texas association meeting in Denton last Saturday swelling attendance to more than 3000 Future Homemakers present from 27 chapters.

Theme of the program was "Building World Friendship" and an outstanding feature was a panel, "World Friendship", by Denton College students who formerly lived in Honolulu, Rumania, Estonia, Puerto Rico and Germany. They discussed home life, school training and social life in their respective countries.

Entertainment features included tap dances, vocal and instrumental numbers by students a Mexican hat dance, tours of both TSCW and NTSC campuses and a picnic and play hour in Lowry Woods.

Attending from Muenster were Margie Kathman, local chapter president; Eva Muller, vice president, and House of Delegates representative; Margie Baumhardt, secretary; Lillian Vogel, treasurer; Jane Hellman, song leader; Jeanette Fisher, pianist, and Anna Grace Fette, Joyce Grewing, Rosebell and Helen Haverkamp, Ann Grace Herr, Florence Henscheid, Pauline and Margaret Myrick, Judy Long, Alvina Derichsweiler, Norma Vogel, Lynette Walterscheid, Ann Gier, Yvonne Scoggins, and Mrs. T.S. Myrick, chapter mother, and Miss Ruby Kelly, local adviser.

CDA'S HAVE INVITATION TO WICHITA FALLS PROGRAM

Members of Court Saint Mary Catholic Daughters of America have a general invitation to attend reception ceremonies to be held Sunday by the Wichita Falls court.

Local Grand Regent Mrs. Lawrence Roberg received the invitation Tuesday and asks that members planning to attend call her for detailed information.

Mrs. Al Wiesman returned home Saturday after spending five days with her sister, Mrs. Ferd Yosten and family in Fort Worth while Mrs. Yosten was convalescing from a recent operation.

Upper Elm-Red Soil Conservation District News

DISTRICT SUPERVISORS

J. W. Hess, Muenster V. W. Redman, Saint Jo
John Rice, Collinsville Ed Blackmon, Bowie
Willard Kemplin, Valley View

The recent "dusters" that have been getting into eyes and ears, into our food and settling on the housewife's usually well dusted furniture are caused by good topsoil that didn't stay at home in some luckless area. These storms are nature's warning for us to protect the land from wind and rain. This can be done through proper land use, crop rotations that include a legume, use of adapted cover crops, management of crop residues so that the remains of crops are left on or near the surface, terracing and contour farming and regulated grazing of pastures and rangeland.

The job of tying down the topsoil so it will stay at home is continuing in the Muenster area of the Upper Elm-Red Soil Conservation District.

Operation "Waterway" is progressing with both seeding and soddings. Alfred, Lawrence and Ray Sicking cooperated to put in two waterways that will enable them to terrace fields that are losing valuable topsoil. Ray Sicking plans to plant corn in the row with the Bermuda grass on a portion of the sodded area. The cultivation of the corn will aid in establishing the grass. Paul Endres has resodded a part of his waterway that failed to get a good stand of grass last year. Bill Otto and his family have put bermuda sprigs in their second waterway this year. Wilfred Reiter enlisted assistance of school children to drop sprigs in his waterway last Saturday. Hubert Felderhoff has started sodding a waterway along a natural drain that crosses his fields. This will be a continuation of the waterway already sodded on the Herr farm and will carry the water safely to pasture on the Charlie Cler farm. Meanwhile Charlie Cler has sown two waterways to King Ranch Bluestem with the district grass seed drill. Werner Endres has sown two acres of this grass in an area that will go into pasture. Albert Fleitman also used the district drill to sow K.R. on a waterway.

In spite of the weather, spring must not be too far away. Co-operators who believe warmer weather is bound to come soon and who are planting their clover include Byron Sears, who has seeded 35 acres to Hubam sweet clover, J.R. Winstead, 20 acres to Hubam, Leo Rohmer, 5 acres to Madrid and 15 acres to Hubam, Ralph Davidson, 20 acres to Biennial White sweet clover and Ike Fulton who has overseeded 10 acres of pasture to sweet clover.

Ralph Donnell of Saint Jo and W. F. Davidson of Muenster have seeded portions of their rangeland to native grasses. The plantings were made on areas where the native grasses were sparse in an effort to hasten the coverage by these grasses and in so doing to improve grazing and soil and water conservation.

Mr. and Mrs. Walter Kilgore of Gainesville visited here Sunday afternoon with friends.

Albert Schilling who is employed in Paducah, Texas, spent Monday to Thursday here visiting relatives.

Members of the local court Catholic Daughters of America who are planning to attend the state convention in Laredo are reminded to notify Mrs. Lawrence Roberg, grand regent, not later than April 1 so that she can arrange for reservations.

Mr. and Mrs. Joe Schroeder and two children of Windthorst spent most of the afternoon Tuesday visiting here with his brother Father Anthony Schroeder. They were on their way home with three greyhounds just acquired to help Mr. Schroeder's other five hounds in their present war on coyotes and jackrabbits in the Windthorst area.

Bob Wills Hears Folks Tell Of Hadacol's Many Blessings

Bob Wills Hears About HADACOL'S Blessings

Bob Wills, famous western music band leader, tells his fans at the Trianon Building auditorium in Oklahoma City about the blessings of HADACOL. In the picture above Miss Carol Jean White, 3636 West Park St., Oklahoma City, tells Bob how much HADACOL has helped her. Hundreds of folks who are obtaining rich blessings from the precious B Vitamins and Minerals in HADACOL visit Wills each week for his network broadcast, which is originated from KBYE, Oklahoma City, Oklahoma's western music station, and sent over a leased wire to stations, KRMG, Tulsa; KWEN, Fort Smith; KGLC, Miami, Oklahoma; KLYN, Amarillo, and KWFT, Wichita Falls.

Hundreds of folks, who are benefiting every day from taking HADACOL meet at the Trianon Building in Oklahoma City where Bob Wills, famous band leader, and his Texas Playboys broadcast each noon for HADACOL.

"It looks like all my fans are getting wonderful benefits from HADACOL," said Wills. "It is a real pleasure to broadcast for HADACOL because the folks taking HADACOL are so enthusiastic that I feel like I am performing a real service for mankind."

Hundreds have told Wills of the blessed benefits of HADACOL and the following statement by Miss Carol Jean White, 3636 West Park St., Oklahoma City, is a good example:

"One of the luckiest days of my life was when I heard Bob Wills tell about the wonderful blessings of HADACOL. I had lost my appetite, my energy was down. I suffered with gastric disturbances and indigestion. I took the advice of Bob Wills and took HADACOL. I felt better right off and have felt better and better as I have continued to take HADACOL. I now recommend HADACOL to my friends."

Miss White suffered with a deficiency of B Vitamins and important Minerals which HADACOL contains.

A lack of only a small amount of the B Vitamins and certain Minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburns, gas pains, and your food will sour on your stomach, and you will not be able to eat the things you like or fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are

surely and certainly the symptoms and signs of the lack of the B Vitamins and Minerals which HADACOL contains. And if you suffer from such a disorder, there is no known cure except the administration of the Vitamins and the Minerals which your system lacks.

HADACOL contains not only one, but 5 of the B Vitamins. HADACOL contains not only one, but 4 of the necessary Minerals. It comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away.

It is easy to understand, therefore, why countless thousands

have already been benefited by this amazing tonic, HADACOL.

So, it matters not who you are . . . it matters not where you live . . . or if you have tried all the medicines under the sun, give this wonderful preparation a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives again because HADACOL supplied the Vitamins and Minerals which their systems needed. Be fair to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Accept no substitutes.

SURPRISE BIRTHDAY PARTY HONORS MRS. J. B. WILDE

Mrs. J. B. Wilde's birthday on Wednesday, March 15, provided a surprise party in her honor in the home of Mr. and Mrs. Ray Wilde with Mmes. James Bezner and Rufus Bezner as co-hostesses with Mrs. Ray Wilde. Guests spent the evening playing 42 and canasta and prize winners presented their awards to the honoree. The hostesses served refreshments after the games.

The invitation list included Messrs. and Mmes. J. B. Wilde, John Klement, Al Eberhart, Joe Swingler, John Eberhart, Jake Bezner, James Bezner, Rufus Bezner and Ray Wilde.

Senior Boy Scout Troop Presents Negro Minstrel

Boy Scouts of the senior patrol presented a Negro minstrel Monday night as an entertainment feature after their regular business meeting.

The minstrel, a womanless wedding, featured Jerry Fuhrman as interlocutor; Donald Bayer as the bride; Randy Bayer, the groom; William Walterscheid the preacher; David Endres, the witness; Maxie Swirczynski, the bride's mother; Larry Hofbauer, the bride's father; Joseph Felderhoff, the village sheriff.

A number of guests attended the show including mothers of several of the Scouts.

Two members, Paul and Thomas Hesse, made application for admission as Tenderfoot Scouts and attended the program.

Mr. and Mrs. Jack Hoehn are the parents of a daughter, their second girl, born March 12 in Electra where the Hoehns make their home. Her name is Janie Lee Ann and she's the granddaughter of A. T. Hoehn of this city.

clusion that McCarthy and the other accusers would be forced to eat their words if the specified files did not substantiate the charges?

Unlike the ordinary case, the burden of proof in these no longer rests with the accuser, at least as far as the reasonable citizen is concerned. McCarthy has named the document which, he claims, shows the evidence and the accused is now in the embarrassing position of refusing to let the document be seen. The average person will naturally assume that the evidence must be there.

We are told also that this is a shabby political stunt perpetrated by Republicans for the sole purpose of discrediting the Democrats. Which seems only like another shallow defense. Suppose, as the critics say, that Republicans are more concerned with putting Democrats on the spot than they are with weeding out the reds, the Democrats are passing up a wonderful political triumph in declining to call their accusers' hand. Judging from past performance of both parties we would not expect either to let the other put over such a trick.

Sniffing in both directions we're inclined to suspect that the stronger stench comes from the administration side. While it is possible, though we can't imagine why, that national security demands keeping those files a secret, we can easily understand that President Truman may have urgent personal reasons to sit on them. Imagine his embarrassment if some of his appointees, or any employees under his appointees, should be proved as traitors. Imagine his future support from left wing voters if their pals in the government were betrayed by the president. And if there are any more sordid facts in the FBI files, imagine how much simpler it is to head off any future disclosures by adopting an absolute policy now.

We feel quite confident that some of the persons accused could be cleared by showing the

files. But that would only weaken the case for those whose files are refused, besides casting greater suspicion on the administration.

Our guess is that Truman is using this means to keep some very embarrassing facts in the dark. Our opinion is that he has no right to do it and that soon-

er or later the effects of it will catch up with him.

You, the Farmall C with TOUCH-CONTROL and this handy two-row corn and cotton cultivator "skim through the field with the greatest of ease," killing crop-robbing weeds at the rate of 30 to 40 acres a day. This outfit gives you speed from the first cultivation on... speed that sweeps away rainy-weather weed growth... speed that gets the job done when you want it done. It's the FARMALL SYSTEM of high-speed, clean cultivation. To mechanize your production job completely, see the Farmall C and its two-row, forward-mounted planters for cotton, corn, soybeans and other row crops. You can get a rear-mounted mower, too, and other quick-change, mounted implements for the Farmall C... all raised and lowered by fingertip Farmall Touch-Control. Come in and see the Farmall C now.
