

If a terrible tragedy should shatter the serenity of North Main Street one of these fine days, don't be surprised. As things have been going for the past several months this community is long overdue for a first class smashup, or perhaps a horrible slaughter of some heedless school child.

Discussions at the Community Council pow-wow last Thursday night got around to that subject, and some of the incidents mentioned were enough to convince any thoughtful person that this sort of recklessness is not likely to continue without bringing on a tragedy.

For instance, there's the near miss of a few weeks ago which avoided by a split second a smash up which most certainly would have been the messiest of all local wrecks. Father Anthony Schroeder told of it and he says, it still gives him a scare just to think of it.

Two cars were racing abreast up the street when a car started across at an intersection. For an instant, as the car kept moving toward the path of destruction, a collision seemed inevitable. But just in time the slow driver noticed and jammed on his brake, as the speeders shot past. Father Anthony estimated that the racers were doing eighty or better.

There have been scores involving school children too. Little tots apparently paying no attention in crossing while a break neck driver roars toward them. And countless cases of other speeders who apparently had an open road but could not have stopped if trouble had developed.

Summing it all, there is one fact to which Father Anthony can testify emphatically. Drivers by the dozens pass the school-church area every day at speeds of considerably over sixty. Many are rushing at such a furious speed that they could not possibly avoid trouble if it suddenly appeared before them.

Others too have witnessed terrifying moments. It isn't any secret that show-off drivers are thumbing their noses at the grim reaper every day. Some of these times they won't get away with it.

What to do about it? Well, there are at least two solutions. One is enforcement, the other is voluntary application of safety standards. We could assume the expense of keeping an officer on duty and instruct him to crack down on every wild driver. But that seems so unnecessary. Why should we pay out good money to make ourselves do the very thing that our judgment tells us to do anyway?

Con firmly believes that much of the North Main hazard will be eliminated if the reasonable, cooperative drivers, when they reach that stretch, will think a little more about the danger involved. In many cases it is as simple as that. Without a thought people come roaring, into town at the same speed they were driving on the open road. Heading for the country they do the same thing. There's no malice involved. Just a bad habit. And we're certain that lots of people are willing to do something about that.

"Slow" signs in the school zone might help also. Remind the driver that he's reached the danger zone and if he's the right kind of person he'll gladly slow down.

Parents too can do something to help. Some of the offenders are kids in family cars, and some of their recklessness could be discouraged by the old fashioned expedient of refusing to let them have the car when they are known to be driving improperly.

What's more, yours truly has enough confidence in humanity to believe that the youngsters themselves can do a lot to get other youngsters in line. All kids like to make an impression, and too many have the silly idea they can make heroes out of themselves by being more daring and reckless than the next fellow.

If enough of the sensible kids around here make up their minds to do it, they can change that standard. Let the wild drivers know that the impression they make is all bad and that they are doing more harm than good for their popularity voting.

We could hire a cop to make ourselves behave. But why do it? Coercion is distasteful whereas we can get a lot of personal satisfaction out of developing a safe and sane traffic standard on our own initiative.

## City Water Supply Boosted 30 Percent By Well Repair Job

The water situation at the No. 2 well is somewhat better but still not so good as the city would like to have it. Water Commissioner Steve Mosler disclosed Wednesday that the overhaul job just completed by Cecil Sims netted an increase of about 50 gallons per minute bringing the well's total production to about 110 gallons per minute.

Though the volume is only a little more than half the rated capacity of the pump, it amounts to an increase of about 30 percent in the city's supply of available water, perhaps enough to allow unrestricted use through the summer. Last year the city found it necessary to ask for water conservation.

Another possible improvement is a decreased content of hard water. Assuming that the same volume of hard water is still mixing in Mosler believes that the tests to be analyzed in a few days will show a lower percentage content because it is mixed with a greater volume of good water.

Well work consisted of removing about 80 feet of sand from the pipe and making additional perforations at the water levels. Efforts to clean the well down to the lower Trinity level failed, hence the well is now producing from the upper Trinity level and another soft water sand above the Trinity. Had it been able to get down to the lower Trinity level, the city might possibly have attained the desired 200 gallon capacity.

Examination of the pipe disclosed that there are no breaks allowing high level hard water to leak into the well. Apparently, then the water follows the outside of the casing down to the soft water level and mixes with good water entering the well. Nothing can be done to correct that fault.

## Students to Attend Movie and Lecture On Driving Safety

Some day next week the students of both Muenster high schools will hear a lecture and see a movie on driving safety. The program will be conducted by a representative of the state highway patrol district office of Fort Worth before a joint assembly of the two high schools.

Superintendent Weldon Cowan made arrangements for the program last Monday when Patrolmen Bill Simmons and Lester Robertson were here for a special meeting with school bus drivers. At this writing Cowan has not been advised when the man will be here.

Speaking to the bus drivers Simmons and Robertson emphasized the fundamentals of careful bus driving such as observing speed limit, stopping off the road, keeping children seated, using the stop signal and directional lights, and keeping brakes, lights, wipers, and steering gear in proper working order. They also advised that officers will patrol the bus routes soon looking for persons who drive past the busses when they are admitting or discharging pupils.

## State Issues New Drivers' Licenses

AUSTIN.—Texans are now getting a new form of drivers' licenses.

Old licenses still are valid, but will be replaced with the new form as they expire.

The Texas Department of Public Safety has announced also that it would notify drivers about a month before their licenses are due to expire.

The new license will be mailed out in the form of a post card arranged to permit separation to allow for proper fitting into billfolds or card cases.

Facilities at Endres Motor Company were expanded this week to include a body repair and paint department. Bill Hunt, who operated his own paint and body shop in Gainesville for the past 8 years, is in charge of the new department.

**TO TOUR DIOCESE** . . . Bishop A. Daanglmayr, D.D., Auxiliary Bishop of Dallas, will speak at five mass meetings of Catholics next week on behalf of the campaign to provide funds for the improvement and extension of the work of Catholic Charities in North Texas. Meetings will be held in Abilene, Tyler, Fort Worth, Dallas and Wichita Falls. The campaign is being conducted as a tribute to Bishop Joseph P. Lynch, D.D., who is celebrating this month his fortieth anniversary as Bishop of Dallas and his fiftieth year as a Catholic priest.

## Knights to Sponsor Day of Recollection Here February 26

Completed plans were announced this week by K of C District Deputy J. W. Fisher for a Men's Day of Recollection to be held here on Sunday, February 26. Rev. R. A. Tynan, S.J., of Jesuit High School, Dallas, well known retreat master in the Diocese of Dallas, will have charge of the program.

The event is sponsored by the K of C Sixth District, which includes councils in Muenster, Gainesville, Sherman, Denison and Pilot Point. All members of those councils are urged to attend and any other man; whether or not he is a member of the order or of the Catholic church, is invited to attend.

A Day of Recollection, as explained by Fisher is a day of spiritual uplift, a sort of short retreat, during which the participants reflect on values pertaining to their temporal and eternal welfare.

The program will begin with Mass at 8 o'clock followed by breakfast at 9:30. Conferences at 10 and 11 will complete the morning schedule. After 12 o'clock lunch the afternoon program will consist of a conference at 1, rosary at 2, two more conferences at 2:30 and 3:30, and the closing service consisting of the Way of the Cross and Benediction at 4:15. Opening and closing services will be in the church, conferences in the K of C Hall and meals in the school lunch room.

Each person attending will be charged \$2 to defray the cost of meals and Father Tynan's trip to Muenster.

## CATHOLIC STATE LEAGUE OFFICERS AND LINDSAY GROUP PLAN JULY MEET

Meeting in San Antonio on Feb. 13, members of the executive committee of the Catholic State League of Texas, and a delegation of Lindsay citizens made tentative plans for the annual convention to be held in Lindsay the latter part of July.

Mrs. Joe Luke, state treasurer, attended the session, and the Lindsay delegation included Rev. Conrad Herda, Joe Bengford, Jake Bezner, Bernard Zimmerer and Ben Hermes.

Plans outlined at the meeting indicate that the convention at Lindsay will be one of the outstanding gatherings of the League.

Mrs. Luke left on Feb. 5 and visited relatives in Robstown before going to San Antonio. While in that city she was the guest of her niece, Mrs. Charles Denny and family. She returned to Muenster Tuesday afternoon.

## Biffle Announces For County Sheriff

Albert M. Biffle of Gainesville this week authorized the Enterprise to announce his candidacy for the office of Cooke County sheriff subject to action of the Democratic primary in July.

He will make his formal statement to voters at a later date.

## Bankers Meet Here To Plan Help In Soil Conservation

An association to assist supervisors of soil conservation districts in promoting greater interest in conservation activity is the purpose of a special meeting sponsored Thursday by the Muenster State Bank.

Representatives of all banks in the Upper Elm-Red soil conservation district have been invited to meet here with State Conservationist Paul H. Walsler, District Conservationist Clyde H. Wells and supervisors of the local district. Speakers for the event are Walsler, Wells and V.W. Redman, vice-chairman of the district.

According to a schedule given Wednesday by J. M. Weinzapfel, the group will gather at 11:30 in the FMA assembly room, have dinner at 12:30 at Steve's Cafe, and begin the meeting at 1:30.

## News Of Sick And Injured

Mrs. John Wieler, who was injured in a car accident on Feb. 7 and who is a patient at Gainesville sanitarium since that time, is reported "doing fine" this week overcoming the ill effects of a skull fracture in the back of her head.

Earl Walterscheid returned to M&S hospital in Gainesville last week Thursday when his back began giving him serious trouble. He was a patient there until this week Wednesday when he was taken to Dallas to a kidney specialist for observation and examination. Earl sustained his back injury in an oil field accident on Jan. 17 and although his back was in a cast he was able to get around fairly well after leaving the hospital the first time.

August Walterscheid went to McKinney Wednesday to be at Veterans hospital about five days for a checkup, and treatment if needed. His wife and Mr. and Mrs. John Felderhoff drove him to McKinney.

Cecil Cain was confined to his home several days this week due to an abscessed wisdom tooth and received penicillin treatments for the infection.

Emil Rohmer is back at home after receiving treatment at Veterans hospital in McKinney for about two weeks. He was dismissed last Thursday.

## McKinney Man To Succeed Huff On Local School Staff

Beginning March 1, Harold Allen Beam of McKinney will replace Frederick Huff as instructor in English, History and General Science at Muenster High School, according to word received this week from Superintendent Weldon Cowan.

Huff resigned about three weeks ago in order to be with his parents when they move from their present home in Denton to Pittsburgh, Pa., some time in March. Because of his father's ailing health Huff decided to move immediately rather than wait until the end of the school year.

The new teacher received his BA degree at Southern Methodist University in 1948 and has since completed all but the thesis on his MA degree at the University of Texas. He is 30 years old and unmarried.

## NCCW ORGANIZATION HAS MEETING, INSTALLATION OF OFFICERS AT DENTON

Installation of officers, informative and inspiring addresses and a book review were highlights of the quarterly meeting of the Sherman deanery of the National Council of Catholic Women Thursday afternoon, Feb. 9, with the Denton women as hostesses for the program.

Mrs. J.M. Weinzapfel of Muenster was installed as deanery president and Mrs. A.G. Hutton of Gainesville as treasurer. Other officers are Mrs. Robert Rombach of Denton, first vice president; Mrs. Lillian Sacra of Denison, second vice president; Mrs. John Mosman of Saint Jo, third vice president; Mrs. Hugh Johnson of Denton, recording secretary, and Mrs. James Cooney of Sherman, corresponding secretary. (Continued on Page 8)

## Frank Bayer Loses Part of Left Arm In Oil Field Accident

Frank Bayer, 46, lost his left hand and most of his forearm in an oil field accident last Thursday afternoon, Feb. 9, while working on the C.J. Fette lease four miles southeast of town.

Members of his family reported this week that he is doing well at Gainesville sanitarium where he is a patient since the accident.

Employed by Hollandsworth Drilling company, Bayer caught his hand in a V-belt on a mud pump. Fellow workers immediately applied a tourniquet to stem the flow of blood and took him to the sanitarium. Bayer never lost consciousness and walked into the hospital and into the operating room under his own power. The arm was cut off about three inches below the elbow.

## Council Dines and Discusses Plan for Electrification Day

A discouraging crowd of about 35 persons was present last Thursday night for a splendid dinner unspoiled by after dinner speeches. It was the annual spread given by the Muenster Community Council for members and their ladies.

Immediately after the meal members went into a huddle for their monthly meeting and ladies broke into two groups, one attending the garden club meeting and the other gathering for a visit in another part of the lunch room.

Principal discussion at the council meeting concerned plans for another Rural Electrification Day similar to that last year. Dick Cain reported that the last date on which the Gainesville Community Circus tent is available is Easter Monday, hence a show similar to last year's will have to be held on that date or before.

Members also discussed the advisability of making the show a two day event by having the annual Muenster horse show the preceding day. The plan was suggested as a special favor to exhibitors, giving them an extra day of display. No definite plans were made, however committees have started working to decide on the date and arrange a program.

Another subject discussed at the meeting was the fast driving on North Main street. Father Anthony Schroeder reported that persons speeding past the church and school zone are a serious hazard to the safety of children. He suggested that the council use its influence to have "Slow" signs erected in the school zone and take other necessary steps to keep cars within legal speed limits.

An election of officers, scheduled for the meeting, was postponed in order to keep the meeting from lasting too long.

## CENSUS SUPERVISOR TO INTERVIEW APPLICANTS AT GAINESVILLE FEB. 10

Benjamin E. Hausler, Wichita Falls, district supervisor for the 1950 U.S. census, will be at the Chamber of Commerce office in Gainesville on Tuesday, February 21, at 1:30 p.m., to interview applicants for crew leaders and to conduct examinations for them.

Notices are being mailed to all crew leaders applicants on record as of February 10, but others interested in crew leader positions may make application at the time of Mr. Hausler's visit.

Enumerator applicants will not be considered at the time of Mr. Hausler's visit next week. They will be interviewed and examined about the first week in March, he states.

## Rain Measures .98

In spite of the abundance of dampness, fog and slush last weekend, Muenster had less than an inch of rain. According to the measures of Steve Mosler's rain gauge the total was .98 inch, of which .80 fell Saturday and the balance fell Sunday.

## Paul Wiesman Dies Of Injury Received In Oil Rig Accident

Paul Wiesman, 29, of Gainesville, died in Baylor hospital at Dallas at 8:15 a.m. Thursday, Feb. 9, as a result of injuries received in an oil field accident the preceding day.

Wiesman was an employee of Harvey Brothers Drilling company and was working on a well near Bonita. A piece of 4X4 timber is reported to have fallen from the derrick, striking him on the head and crushing his skull. The accident occurred at about 10:30 a.m.

He was taken to Dallas immediately and an operation was performed in an effort to save his life. He lived only a few hours after the operation.

Funeral services with Requiem Mass were held Saturday morning at 9:30 in Saint Mary's church in Gainesville with the pastor, Rev. Peter Molloy, officiating and burial was in Fairview cemetery. Relatives from this city attended the last rites.

Pallbearers were Ewald Berend, F.E. Schmitz, Paul Schad, Herman Schniederjan, Julius Loerwald and Leo Schmitz.

Paul was born in Muenster on May 26, 1920, a son of Mr. and Mrs. Carl Wiesman. The family moved from here to New Mexico and had been living in Gainesville for the past 10 years. On the 25th of April 1946, Paul married Miss Leona Schumacher, daughter of Mr. and Mrs. Henry Schumacher, in Gainesville. He served with the 71st infantry division in Europe during world War II and was in the army four years. He was a member of the Knights of Columbus and the American Legion.

Survivors are his wife, his parents, two children, Paul Jr. and Cathey Ann; three brothers, Ed and LeRoy of Gainesville, and Lawrence of Rio Hondo and one sister, Anna Marie Wiesman of Gainesville.

## 31 Hornets Report For Spring Training

Thirty one high school lads reported Wednesday afternoon to begin a thirty day stretch of Spring training for the 1950 Hornet football squad.

According to Coach Doyle Hood the squad consists of next year's sophomores, juniors and seniors. Prospective grade school graduates, who will be freshmen next year, are not expected to report.

Players received their uniforms Wednesday and will begin the training schedule Thursday.

## SCOUT WEEK OBSERVED HERE WITH TWO EVENTS

Two events observed National Boy Scout Week here with members of Troop 664 participating one hundred per cent in both events and their parents joining them for one.

On Boy Scout Sunday the troop, their Scoutmaster and the scout committee attended the 8 o'clock High Mass and received Communion in a body as the religious part of their program.

On Monday night, parents joined their sons in the K of C hall for a pot luck supper and program.

Ben Seyler, chairman of the Scout committee, addressed the assemblage briefly and introduced the speakers, Rev. Anthony Schroeder, Jay Leath of Gainesville, Circle Ten field representative for Cooke county, and Mr. Woods, scoutmaster of a Gainesville troop.

Boxing matches and games of 42 and cards followed.

Mrs. Nick Miller and mothers present made tentative plans to form a Boy Scouts Mothers Club and will work out details in the near future.

## Schedule of Coming Events

THURSDAY, Feb. 16, Sacred Heart PTA, parish hall, 7:30 p.m.  
 Friday, Feb. 17 CDA social, the parish hall, 7:30 p.m.  
 SUNDAY, Feb. 19, VFW Auxiliary buffet supper, PTA lunch room, 7 p.m.  
 TUESDAY, Feb. 21, Get-together Club, Mrs. Joe Horn's home, 2p.m.  
 TUESDAY, FEB. 21, Adult home-making class, the K of C hall, 7:30 p.m.

The Curley Bolens, Michael Driever and the Tom Petersons drove to Bowie Sunday afternoon to visit Mr. Peterson's relatives.

**Marcella Haverkamp Paul Tempel Marry Wednesday Morning**

Miss Marcella Haverkamp became the bride of Paul Tempel on Wednesday morning during a Nuptial Mass in Sacred Heart chapel at 6:30. Rev. Andrew Wewers officiated at the ring ceremony and was celebrant of the Mass in the presence of relatives and friends of the couple.

The bride is the daughter of Mr. and Mrs. Ben Haverkamp and Mr. Tempel is the son of Mr. and Mrs. John Tempel.

For her wedding the bride wore a becoming two piece suit of navy blue with a white Spring straw hat, white nylon gloves and other accessories in navy. Her flowers were an arm bouquet of white carnations.

Miss Lorine Haverkamp attended her sister as maid of honor wearing a fuchsia two piece suit with pink and white accessories and a corsage of white carnations.

Joe Tempel, cousin of the bridegroom, was best man.

The bride's mother was attired in black with matching accessories and the groom's mother wore a navy ensemble with navy accessories.

After the service Mrs. Luke Tempel, aunt of the groom, was hostess for a wedding breakfast which she served in the John Tempel home to the bridal party and their parents.

At noon the bride's parents were hosts for a dinner and informal reception for relatives and friends. The bride's table carried out the all-white wedding theme and held a three-tier decorated cake. Guests were served the cake after it was cut by the newlyweds.

Mr. and Mrs. Tempel will make their home in Muenster in the Arnold Rohmer cottage. He is employed at the FMA Store. Both were born in Muenster and attended school here. During the war he served in the army for three years and three months with active duty in the European theatre.

Bob Swirczynki of Oklahoma City was here Monday for a visit with his parents and other relatives.

**SHEEP-COUNTING NIGHTS ARE GONE**—In Chicago, Rosemary Mulvaney demonstrates what the "slumberbug," invented by Charles Beazley, left, does to persons troubled by insomnia. A double-toned hum, similar to a foghorn's wail, is reproduced through a loudspeaker near the ear of the victim. Then, says Beazley, sleep is but a few winks away.

**BONUS BOY**—Here comes one of those unpredictable balls from the long arm of Lomita, Calif., high school athlete Paul Pettit. The 18-year-old wonder boy has signed with the Pittsburgh Pirates for \$100,000 bonus, to be paid over a period of 10 years in addition to his salary.

**RUTH FISHER PRESENTED AS OLV COLLEGE FAVORITE**

When the five 1950 OLV College favorites were presented last Friday night during the annual Marian Ball, Miss Ruth Fisher of this city was presented as the freshman favorite. The dance and program was held at the Fort Worth Country Club.

Attending from Muenster were Ruth's parents, the John Fishers, and Clyde Fisher, Ethel Schmitt, Barbara Miller, Norbert and Tommy Felderhoff.

Ruth accompanied them home for a weekend visit.

**TEXAS HIGHWAYS WORTH A BILLION**

Texas now has a billion dollar highway system. Such is the gist of a report issued by D.C. Greer, State Highway Engineer.

In a year-end summary he said that the value of highways in this state is \$1,115,000,000. This figure includes all investments made in roads and bridges which remain in use on the state system.

The latest national analysis from Washington shows Texas to be in the lead in Federal aid post-war construction. Work constructed on the Federal aid system in Texas since V-J Day amounts to \$218,000,000.

**Windshield Stickers Are Traffic Menace**

NASVILLE. — "Dickey Birds" are creating a serious traffic menace in Tennessee, State Safety Commissioner Sam K. Neal said.

Neal said many motorists are sticking the toy birds to their windshields and rear mirrors in such a way as to obstruct visibility.

He said he would issue a regulation prohibiting the use of the gadgets if he could find authority under the law to do so.

**Catholic Daughters Plan Mission Work And Discussion Club**

With work for the missions heading the list, members of the local court Catholic Daughters of America, planned activity for the coming months, particularly during the Lenten season, when they met for a regular monthly business session Friday night.

The mission work will stress the rolling of hospital bandages for shipment to leper hospitals. The women made a plan whereby each month ten members will participate in this work. They are chosen alphabetically. Those designated to participate this month at the meeting on Friday, Feb. 17, are Mmes. Callie Baumhardt, L. H. Baumhardt, Martin Bayer, Wm. Bergman, L. A. Bernauer, James and Lambert Bezner, Rufus Bezner, Herman Danglmayr and Al Eberhart. These members may obtain further details, if they desire, from Mrs. Callie Baumhardt, who is chairman of the committee.

Members made plans for a discussion club for the court during Lent and tentatively set Friday of each week as the meeting date. Meetings will begin immediately after Lenten evening devotions. Mrs. M. J. Endres was appointed chairman to work out necessary details.

Mrs. Paul Fisher reported that a box of clothing and food had been sent to Rev. Emil Schmidt, an expellee priest of the U.S. Zone in Germany, and the court expressed intention to continue collecting clothing and food and ship them to Father Schmidt for his people. Mrs. Fisher has a list of especially needed articles and sizes of garments and anyone desiring this information may secure it from her.

Other business during the meeting consisted of the unanimous appointment of Mrs. Herman Fette to fill the unexpired one-year trustee term of Mrs. Al Schad who resigned when she moved from the city.

An interesting added feature of the meeting was a report by Mmes. Joe Fisher Sr. and J. M. Weinzapfel on the quarterly NCCW meeting held in Denton on Thursday.

Mmes. Joe Wilde and Wm. Ber- man were named hostesses for the social this month. They will entertain in the parish hall this Friday night at 7:30.

Curley Bolen and Tom Peterson were in Sherman Thursday night to attend a Chevrolet dinner meeting and instruction class.

**Teddy Gremminger Heads Holy Name Society as Prexy**

Teddy Gremminger is the new president of the Holy Name Society, Julian Walterscheid is the new vice president, and Melvin Herr is the new secretary-treasurer to serve during the coming year. They were elected during a regular meeting Monday night.

Father Andrew Wewers met with the boys and gave a short informative talk.

Other business in addition to the election of officers consisted of plans for the reception of new members and the formation of a discussion club.

The formal reception of new members is scheduled for the second Sunday in March at the Holy Name's 8 o'clock Mass and will be followed immediately by a Communion breakfast in the PTA lunch room.

The discussion club will hold its initial meeting this Friday night with Father Andrew helping in the organization. It was mentioned that all boys of the parish, both members and non-members, are welcome to attend these discussions.

A lively attendance of a large number of members marked the meeting.

**MRS. EMMET FETTE IS GAY MATRONS HOSTESS**

Members of the Gay Matrons Club had their regular monthly social Thursday afternoon, Feb. 9, with Mrs. Emmet Fette as hostess in her home.

After the conclusion of the progressive 42 series awards were presented to Mrs. Val Fuhrman for high score and to Mrs. L. H. Baumhardt for second high. Mrs. Francis Wiese received the consolation and the galloping awards.

Mmes. Fette and Urban Endres received gifts for their new babies from the members.

Decorations in the party rooms, tallies and refreshments stressed the Valentine motif. The hostess served a dessert course to the 12 members.

The March meeting will be held on the 9th with Mrs. E.A. Schmitz as hostess in her home.

Donald Endres has gone to Hereford to be employed.

## WASHINGTON NEWSLETTER

By ED GOSSETT

WASHINGTON, D. C. Feb. 11.—The House passed a bill this week which will reduce government expenses by a hundred million dollars. This is only a drop in the bucket, of course. Post Office Department operated in the red by five hundred and fifty million dollars during the last fiscal year. In other words, it lacked five hundred and fifty million dollars of paying expenses. The bill passed by the House this week raised the rate on the penny postal card from 1 cent to 2 cents. Even two cents on a postal card will not pay for the cost of printing,

distributing, and delivering such postal cards. The bill also increased in a small amount the parcel post rates. It did not reduce the size or weight of packages. In recent years, the government has subsidized to the tune of many millions of dollars, merchants and others using parcel post services. Parcel post has been substantially cheaper than railway express rates. Hence, instead of using express service, merchants and others have resorted to parcel post, which means that Uncle Sam has been paying a part of the transportation costs. Even the railroads have been raising Cain about this situation. The railroads carry the mail at what they contend to be too low a rate. They contend that their pay for carrying the mail has increased only 25 percent in the last 30 years, whereas all other costs have gone up from fifty to one hundred percent. Railroads own the Express Company; therefore, when parcels are taken from the Express Company and passed in the mails, it not only costs Uncle Sam considerable money, but the railroads themselves lose money in the difference between express rates and parcel post rates. They have to haul the stuff whichever way it is sent.

Strong contention is made that the Post Office Department ought to pay its own way. However, when bills to increase postal rates on newspapers, magazine, etc., come before the Congress, members are deluged with letters of protest.

Citizens in the Wichita Falls area are still pleased that the Armed Services have designated Sheppard Air Force Base as a permanent installation. The Department of the Air now operates close to 250 separate and distinct installations. To date, less than 15 of these have been designated permanent installations.

The Civil Aeronautics Administration has supervision over far more installations than does the Air Force. In this country at this time, we have more than six thousand air ports for civilian flying. We have more than one thousand civilian air lines. We even have several thousands planes engaged in agricultural work, such as dusting fields.

The Civil Aeronautics Administration claims that our safety factor in civilian flying continues to get better, notwithstanding a number of tragic accidents in the latter part of last year. Our air lines now fly over a hundred million miles per passenger fatality.

Congress will do very little before the middle of the week, because most Republican members are away making Lincoln Day

## Uncle Sam, Printer

Mr. Truman's new budget has 1400 pages, weighs 5½ pounds. You can have a copy for \$5.50, a dollar a pound.

You, as a federal taxpayer, finance a lot of printing. There are 67 separate government printing and duplicating plants in Washington alone.

San Francisco has 23, Philadelphia 25, Chicago 16, Kansas City and Denver six each, and New York 16.

The Army and Air Force have 140 printing and duplicating plants. The Navy has only 87, the Commerce Department 26, and the Interior Department 15.

Printing is expensive, as your taxes will show.—Fort Worth Press.

The Joe Zippers and daughter, Juanita, of Dallas was here Sunday to spend the day with the Clarence Wilsons.

speeches. This practice has grown up as a matter of custom and courtesy.

## Better Mousetrap Plays on Curiosity

PUEBLO, Colo. — If, reasoned Carl Fuller of Billings, Mont., curiosity will kill a cat, why shouldn't it be just as lethal for a mouse?

Proceeding on that theory, Fuller has constructed a super deluxe mousetrap which he has on display at the Rocky Mountain Inventors' Congress now in progress here.

Here's how his mousetrap works: Mickey is lured into a maze of corridors, hidden trapdoors, slyly placed snaplocks and other unsuspected impediments through his sheer desire to find out just what in the heck the gadget is. Mr. Moore investigated further—with all escape cut off—he finds himself suddenly in a quart jar filled with water.

Voila! Mr. Mouse is drowned. The trapdoor automatically resets itself and is ready for more business.

Tony Trubenbach Jr. has a new 1950 black tudor Ford sedan.

I'M REDDY KILOWATT . . . Your Electric Servant

You've never seen me before because I've always stayed inside the REDDYBOX—your electric outlet. Now I'm stepping out so that we can get better acquainted.

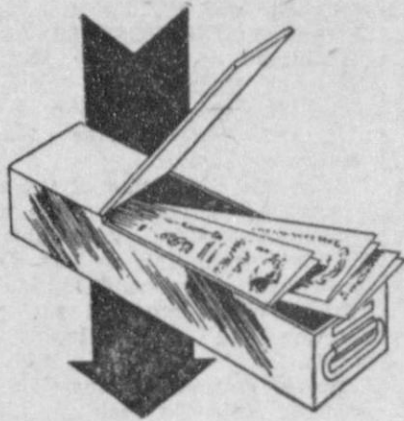

I'm the symbol of good electric service . . . your servant that runs everything electrical.

I'm not like anyone you've ever seen before. My body is made of lightning flashes—my nose a light bulb—my ears are outlets—and those two things sticking out of my head are wisps of curly hair. I move silently in my rubber shoes. I move swiftly, too, at the speed of 186 thousand miles per second . . . I'm the fastest thing on earth.

I'm your economical and willing servant who works long hours at low wages. Whenever you want me I'll be waiting in your nearest REDDY-BOX—electric outlet. Remember, just . . . "PLUG IN—I'M REDDY."

**GARDEN CLUB MEMBERS  
RECEIVE NEW YEARBOOKS  
AT THURSDAY MEETING**

The distribution of new year-books highlighted the regular monthly meeting of the Civic League and Garden Club last Thursday night when members met in the home of Mrs. Anthony Luke. Mrs. Ervin Hamric, program chairman, distributed the attractive booklets containing the 1950 program and membership roster. The books carry out the club's colors of white and green and the covers are handmade featuring a violet, the club's flower.

Activity and topics for discussion listed for the year include a pilgrimage to TSCW campus in Denton, a Spring flower show and local pilgrimage, illustrated talks on landscaping and beautifying

yards and highway, discussions on bulbs and flowering shrubs and a Christmas party.

During the business session President Mrs. Nick Miller presided, and committee chairmen gave reports. A financial report on the birthday calendar was given and Mrs. David Trachta reported that some calendars are left. Persons wishing a calendar may secure one for a small price by seeing Mrs. Miller while the supply lasts.

Mrs. T.S. Myrick reported that four red oak trees were planted recently to replace live oak trees that had died in the park.

Mrs. Tony Gremminger, sanitation chairman, announced that there will be a city cleanup in the near future. A truck to haul trash will be available through courtesy of the FMA and the Boy Scouts will do the pickup work. Each family that has trash to be picked up will be charged a small fee. Exact time of the cleanup date will be announced later.

Members voted to have meetings throughout the year. Heretofore they did not hold meetings during July and August. Members also voted to subscribe to the Lone Star Gardener, official magazine for Texas Garden Clubs.

The program hour featured an informative talk on rose culture by Mrs. Lou Wolf.

It was announced that the March meeting will have a guest speaker, Mrs. S.T. Meador of St. Jo Garden Club, who will speak on chrysanthemums.

Before adjournment members posed for group pictures taken by Clyde Fisher.

After adjournment Mrs. Luke served an attractive refreshment course carrying out the Valentine theme to 22 members.

**THREE COUPLES OBSERVE  
ANNIVERSARY OF THEIR  
WEDDINGS WITH REUNION**

The observance of their own wedding anniversary and of the anniversaries of two of their children's weddings was the occasion of a delightful family reunion and social evening Friday in the home of Mr. and Mrs. J.W. Hess.

The hosts were married on Feb. 10, 36 years ago; their son and daughter-in-law, Mr. and Mrs. Wm. J. Hess were married two years ago on Feb. 10, and their

son-in-law and daughter, Mr. and Mrs. Eddie Schmitt, were married on Feb. 9, eleven years ago.

Guests enjoyed visiting, games and refreshments.

Mr. and Mrs. J.W. Hess have resided in Muenster all of their married lives, farming north of the city. Mr. Hess has long been interested and active in soil conservation work and was one of those instrumental in getting the movement underway here. He is a member of the board of directors of the Upper Elm-Red Soil Conservation district, and is widely known for his participation in conservation work. Mrs. Hess is the former Margaret Klement.

They have nine children, all of this city, with the exception of one daughter, Sister Mary Joan of Little Rock, Ark. The other children are Mmes. Eddie and Leo Schmitt, Al, Joë, Tony and Wm. J. Hess, Helen and Rosina Hess. And they have 12 grandchildren.

Mrs. Eddie Schmitt is the former Margaret Hess, and Mrs. Wm. J. Hess is the former Joyce Rice of Yarnady, Okla. Mr. and Mrs. Schmitt are the parents of three children and Mr. and Mrs. Hess have one daughter.

Mrs. Tom Peterson and daughter, Sharon, returned Saturday from a week's visit in Lawton, Okla., with her mother who was ill.

JOHN O'DOWD TO WED  
IN FORT WORTH FEB. 18**

Mr. and Mrs. John Walter have announced the engagement and approaching marriage of their daughter, Eugenia Walter of Fort Worth, to John O'Dowd, son of Mrs. J.W. O'Dowd of 1207 South Adams in Fort Worth.

The nuptial service will be held on Saturday, Feb. 18, in Saint Mary's church in Fort Worth with Rev. Father Meinard officiating. Members of the Walter family will attend the service.

Mrs. Walter returned Thursday after a several days' visit with her daughter and was among guests at two pre-nuptial courtesies honoring the bride-elect. One was a crystal shower, the other a miscellaneous shower.

THE STATE OF TEXAS**

TO: Mary Evelyn Coldwell Defendant, Greeting:

You are hereby commanded to appear before the Honorable 16th District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 27th day of March A.D. 1950, then and there to answer Plaintiff's Petition filed in said Court on the 17th day of December A.D. 1949, in this cause, numbered 15616 on the docket of said court and styled Earl Turner Coldwell Plaintiff, vs. Mary Evelyn Coldwell Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff alleges that defendant's actions and conduct generally are of such a nature as to render their further living together as husband and wife insupportable, the premises considered, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this the 7th day of Feb. A.D. 1950. (SEAL)

Mr. and Mrs. Charles Reiter of Kerville spent Sunday and Monday here visiting relatives.

## Local NEWS Briefs

Ann Herr and Ronald Herr accompanied Leonard Bengfort of Lindsay to Dallas Saturday where the trio spent the day with Ann's sister, Eugenia Herr.

Curbs are being installed at Dick Cain's home this week.

To date we have filled 450,331 PRESCRIPTIONS Just as your doctor ordered. Bring yours to us WATTS BROTHERS Gainesville

Mr. and Mrs. Julius Stelzer and baby visited here during the weekend with her parents, the Ed Eberharts and other relatives.

The Frank Kaisers had as their guests Friday to Sunday, her nephew and wife, Mr. and Mrs. Arthur Hammon of Brookings, S.D., who were enroute to California to spend their vacation.

Mr. and Mrs. Bob Bell and children, Lynn and Ken, spent the weekend in Grand Saline with Bob's parents and the children remained for an extended visit with their grandparents.

Rev. John Walbe, who is in Charleston, Ark., since leaving the hospital in Boonville, sends greetings and best regards to all his friends. He added that he did not know when he will return to Muenster.

Mr. and Mrs. Ed Swirczynski of Fort Worth and his sister, Mrs. Townsend Miller of Marshall, spent Monday here with their parents and other relatives. Mrs. Miller remained for a week's visit.

Mr. and Mrs. Clarence Wilson left Tuesday morning by car for a week's visit in the Rio Grande Valley. They were accompanied by their niece, Mrs. August Schreiber, who had been their guest for a week and their first stop will be at her home in Edinburg.

R.M. Zipper joined his brothers, Joe of Dallas and John of Pilot Point, Tuesday to go to Hereford for attendance at the funeral of their brother-in-law, William Ohlig, on Wednesday. Mr. Ohlig, 58, died suddenly Sunday as the result of a heart attack.

The Clarence Wilson's had as their guest last week her niece, Mrs. August Schreiber of Edinburg. Saturday guests at the Wilson home were Mr. and Mrs. Henry Osterman, their son, Albert, and their daughter, Mrs. Frank Wachsman and baby, all of Windthorst.

At Dick Cain's Livestock Auction a drainage problem was solved last week by installing a standard street curb and gutter along the north side of the building and stock pens. Additional gravel for low spots in the parking lot completed the drainage job.

Mr. and Mrs. Alphons Koesler and son, Tony, spent Friday to Monday in Nacogdoches, La., visiting their daughter and sister, Sister Corinne, a teacher in the parochial school in that city.

The Catholic Daughters will have their regular social this Friday night in the parish hall at 7:30. Hostesses for the evening will be Mmes. Joe Wilde and Wm. Bergman who invite a full attendance.

### Sacred Heart Junior 4-H Club Organized Friday

Carol Ann Hellman was elected as first president of the newly organized Sacred Heart Junior 4-H club at the organizational meeting Friday.

Other officers are Alma Henscheid, vice president; La Quita Cain, secretary; Carrie Ann Gehrig, treasurer; Marilyn Miller, reporter; Mary Nell Hellman, song leader; Colette Hellman, recitation leader; Bernice Walterscheid, cereal demonstrator; Carol Ann Voth, clothing demonstrator.

Edna Hesse and Corinne Vogel are student leaders and Mmes. Arthur Hellman, Clarence Hellman, Bernard Wolf and Dick Cain are adult leaders. Clara Anette Flusche, Mary Weinzapfel and Gretchen Hellman are finance leaders.

The program committee consists of Alma Henscheid, Joyce Wiesman and Edna Swirczynski.

### Blessed Events

Mr. and Mrs. Norbert Koesler are rejoicing over the birth of a daughter, Mary Alice, who arrived on Thursday, Feb. 9, at M&S hospital weighing 8 1/2 pounds. She is their third child and first daughter. At the baby's baptismal service Sunday afternoon Father Anthony officiated assisted by Mrs. Tony Hermes of Lindsay and Leonard Walterscheid as sponsors. Grandparents of Mary Alice are Messrs. and Mmes. August Walterscheid and Alphons Koesler.

Mr. and Mrs. Andy Trubenbach are the parents of a daughter, Laura Mae, born at the local clinic Friday morning, Feb. 10. She weighed 7 3/4 pounds. At the baptism Friday evening Father Andrew officiated and Marie Trubenbach and Herman Stoffels were sponsors. Mrs. Trubenbach is the former Margaret Stoffels. The paternal grandparents are Mr. and Mrs. W.M. Trubenbach.

Mrs. Frank Seyler had as her guests for the weekend her daughter and husband, Mr. and Mrs. Terrell Johnson of Dallas. Saturday evening she entertained with a supper party for her married grandchildren. Present were Messrs. and Mmes. Lambert Benner, Darrell Adams and Pat Henigan.

### School Scribblings

By Students of the Muenster Public School

VOL. I Edited by Wilfred Klement and Mildred Hall NUMBER 20

February 19-25 is National FFA Week. The Future Farmers of America is a national organization of boys studying vocational agriculture. The FFA which was organized in 1928 has chapters in every state of the United States and in some foreign countries. This organization is a non-profit, non-political, farm youth organization of voluntary membership, designed to take its place along

with other agencies striving for the development of leadership, the building of a more permanent type of agriculture, and the improvement of country life. It constitutes one of the most efficient teaching devices for agriculture that has been developed up to the present time.

The Creed of the FFA is: I believe in the future of farming, with a faith born not of words by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny. I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices and policies that are unfair.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so—for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

The local FFA Chapter practiced cattle judging at the Joe Benton Angus Ranch at Nocona, Thursday, February 9. Particularly educational was the judging of a pen of about forty, two to three year old steers. The boys from Muenster will participate in a district judging contest to be held at this ranch later this spring.

The FFA and FHA chapters will hold their regular square dance Friday evening, February 17 at the K of C Hall. This dance was originally scheduled for Thursday, February 25, but has been changed so that Lent may be observed. Invited guests will be welcomed at the dance Friday night.

The FFA chapter will present an assembly program at the high school Thursday morning, February 16.

The Valentine Square Dance sponsored by the FHA and FFA chapters at the K of C Hall, February 9, was enjoyed by the high school students. Refreshments of the FHA girls. Valentines were cookies and punch were served by exchanged.

Clyde Fisher made pictures of the various squares and individuals for the FHA scrap book.

#### Avoid Tight Clothes On Long Drives for Your Heart's Sake

WASHINGTON. — As a precaution against heart trouble, avoid wearing tight clothing when on long and frequent journeys—and get up and move around every hour or so.

This was the advice of some of the nation's leading heart specialists at conclusion of a national conference on "Cardiovascular diseases" Friday.

They recommended such procedures for all people sitting throughout long airplane, train or automobile trips.

They said these were possible

### It Happened 10 Years Ago

February 16, 1940

An enthusiastic interest greeted the introduction of Muenster's mutual hospital plan at a meeting Monday in the parish hall. John E. Surratt and other Dallas men will come to Muenster soon to study methods of this community. Farmers get busy to replace frozen crops. John Bezner of Lindsay sustains facial burns in gasoline fire while he was pouring gasoline into a truck. FMA installs new 300 barrel water supply tank. Mrs. B. J. Lutkenhaus, Muenster's oldest resident, observed her 90th birthday Saturday. Mr. and Mrs. J.P. Fisch observe their 58th wedding anniversary. Mrs. John Furbach and son moved into their new home here Thursday. Work is going forward on new homes for Joe Wilde and Clarence Wilson. Willie and Mary Wilp and Oliver Maker of Oklahoma City, visited relatives here this week.

### 5 YEARS AGO

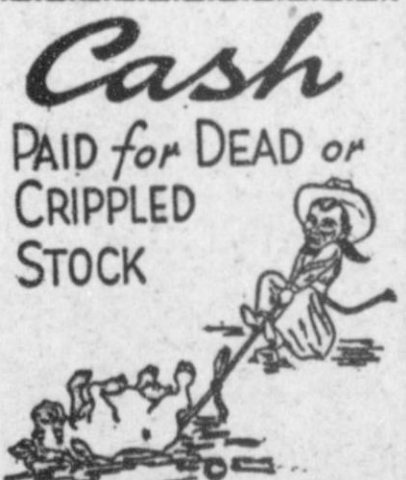

February 16, 1945

Pfc. August Fleitman is awarded silver star posthumously; father of deceased receives medal at Camp Howze ceremony. Lt. Pat Stelzer, member of the 13th AAF is home on leave. CYO stages womanless wedding at Monday social with Tony Rohmer as the bride and Billy Joe Miller as the groom. The Bill Beckers observe their 30th wedding anniversary. Earl Fisher of the Navy is home on leave. Sgt. Marty Klement loses part of his middle left finger in a meat grinder accident in New Guinea where he is an army cook. James Endres, Raymond Walterscheid, Harold Sicking and Frank Stoffels leave for army training. Mr. and Mrs. Jake Bezner observe their 25th wedding anniversary.

means of avoiding circulation disorders which might lead to the formation of blood clots. Such clots, it was explained by interpreters of the report, eventually might be carried to the heart, the lungs or the brain—possibly causing death.

Many people who figure the world has an opening for them usually find it—they end up in the hole.

Salt content of the Great Salt Lake is high because there is no outlet. The lake loses water only through evaporation, leaving only the salt.

Messrs. and Mmes. J.M. Weinzapfel and Earl Fisher attended the annual Lincoln's Day bankers' convention in Dallas Monday. In addition to the usual convention routine the day's program featured fashion shows and floor shows and a banquet. Convention headquarters were in the Baker Hotel, and the other events were held simultaneously in both the Banker and the Adolphus Hotels.

When Mr. and Mrs. Nick Miller observed their 25th wedding anniversary with a special anniversary Mass in Sacred Heart Church at 6:30 a.m. Friday, members of Mr. Miller's Boy Scout troop presented them with a spiritual tribute by group attendance at the

Mass in full uniform and reception of the Eucharist. The tribute was planned as a surprise for the Scoutmaster and his wife.

## easy THRESHES IT

Rubber-against-rubber shelling contacts in the ALL-CROP Harvester give a natural shelling action, just as you rub out a head of grain in the palm of your hand.

The crop falls on a wide, rubberized draper and rides straight to the full-width, spiral-bar cylinder in a thin stream just as it grew in the field. Rubber-cushioned cylinder bars rub out the grain or seeds against rubber concaves.

This same gentle handling of over 100 grains, seeds and beans makes the All-Crop what is . . . truly an ALL-CROP Harvester. Stop in and talk to us about an All-Crop for your farm.

out today, and of course, we made quite a number of mistakes. We learned how (some of us though are still in the learning process) to do these physical stunts and we DO think they are fun!

We're going to have our Valentine Party Tuesday and the sophomores still have us in suspense as to what will take place this eventful afternoon. We just can't find out a thing! It looks as if we really have a few surprises. Perhaps St. Valentine is their private helper for our benefit.

After a few weeks of hunting around in reference books the juniors and seniors finally finished their history themes for the 13th. We almost thought we wouldn't reach the end of the stack but we did and our minds have become more "historical"—we hope.

Fred Bierschenk was a medical patient at Gainesville sanitarium this week.

**BIRTHDAY SURPRISE FOR MRS. JOE OTTO SUNDAY**

Two delightful surprises greeted Mrs. J.H. Otto Sunday in observance of her 64th birthday. The one was a covered dish dinner planned by her children and the other was a visit from her daughter, Lorraine Otto, who came in from Amarillo especially for the occasion. The party brought together all of the honoree's children and grandchildren for the day with the exception of one granddaughter, Emily Fette of Dallas. A family gift to Mrs. Otto is a beautiful floor lamp. Lorraine arrived Saturday and stayed with her sister, Mrs. Joe Fette until time for the surprise arrival at the reunion. She returned to Amarillo Tuesday.

Mr. and Mrs. Doyle Hood were in Leonard Tuesday to attend funeral services for her uncle, Willis L. Keen.

An improvement at Shamburger's is the replacement this week of the old wooden front porch by concrete.

**NCCW MEET - - -**

Msgr. McCullough of Sherman installed the officers.

In naming chairmen of the various committees, three members of the Muenster unit were appointed. Mrs. Joe Hoenig was chosen as deanery chairman of social welfare and war relief, Mrs. John Mosman as organizations and developments chairman, and Mrs. Joe Fisher Sr. as international relationship chairman.

Rev. Charles Smid of Abbot delivered the principal address of the afternoon, speaking on Religion in the Home.

Mrs. Albert Wyss of Denton gave a review of the book, She Wore a Crown of Thorns, a life story of the American stigmatist, Mary Rose Ferron of Rhode Island. Mrs. E. T. Noyes, president of the Denton council, gave the welcome address and Mrs. Weinzappel delivered a message.

Benediction of the Blessed Sacrament concluded the program. Hostesses served dessert and coffee to about 100 members from Denton, Denison, Gainesville, Muenster, Pilot Point, Sherman and Valley View.

Six members of the clergy were present: Msgr. McCullough, Rev. Andrew Wewers of Muenster, Rev. Thomas Weinzappel of Valley View, Rev. Charles Smid, Rev. Father Erbrick of Denison and Rev. Father Walter, pastor of the host parish.

Members of the Muenster council attending were Mmes. Weinzappel, Tony Gremminger, Joe Hoenig, John Mosman, M.J. Endres, Joe Fisher Sr., C. A. and John Fisher, Joe Swirczynski, Herman Fette and Tony Trubenbach Jr., and Misses Olivia Stock Jeanette Meurer and Pauline Mages. Gainesville will be host for the next meeting and a day of recollection is being planned as a part of the program for that time.
