

A bouquet to the Muenster VFW post for very commendable community service on many occasions during the few years of its active and useful career. Last week the organization added two more nice projects to its record of civic improvement. One was sponsoring the traffic safety sign on Pat Hennigan's lot beside the highway, the other was placing a fancy trash receptacle in front of the post office.

The safety sign is especially noteworthy. Using the slogan originated by Gainesville Rotarians early this year it stands as a constant reminder to the community to drive carefully and save lives. Few drivers can pass it without noticing the green light and the slogan "Keep the green light burning, don't cause the red light to burn for you". And few will notice it without being impressed... without taking either conscious or subconscious heed of the advice given.

Though it isn't likely we'll ever know that the sign was directly responsible for saving a life we can still get a great deal of satisfaction from the knowledge that some drivers will be a little less hazardous because of it. May the VFW members have the pleasure of seeing their green light burn for a long long time.

As regards that dressy trash receptacle, may they also have the pleasure of seeing that it does help to keep Muenster clean. We hope this is the end of littering the post office floor and the area just outside with rejected circulars and the like. Thoughtful, constructive things like that derive from genuine community spirit and they deserve general community appreciation.

Hearing a man like Martin Dies today, the greatest puzzle that enters our minds is how this nation of supposedly intelligent people could have been so thoroughly taken in by the agents of the Kremlin. Back in the thirties, Dies relates, the Un-American Activities Committee exposed hundreds of cases of treachery and espionage, identified thousands of red agents many in high places of the government and revealed scores of communist front organizations. Evidence in all cases was conclusive and was duly submitted to proper government authorities. But nothing ever was done about it.

Many of us recall how Dies and the comparatively few other voices in the wilderness tried to bring the country to its senses. We recall how they were smeared by reds and brushed off by politicians who were too blind to realize that they were being played for suckers. Sadder of all is the fact that many an influential American still is not wised up as much today as Dies was 15 years ago.

Without mentioning the Truman-MacArthur controversy Dies related a few facts which should help orient us on the right or wrong of Asiatic policy. During the war we agreed to restore Manchuria to China. It had been taken by the Japanese. But instead we gave it to Russia. Later as the Chinese Civil war developed we insisted, on Russia's request, that Chiang admit Chinese reds into the government. When he refused we withdrew all economic aid and left the Nationalists as helpless victims of reds who were not only equipped with Japanese war loot left to them by us but also aided by Russia. Our excuse for deserting Chiang was the "Corruption" in his government. Imagine the absurdity of our government objecting to corruption!

It's a matter of history that the whole mess in Asia has resulted from foggy thinking and subversive activity in our own government. Whether or not people agree with MacArthur strategy, the fact remains that in conscience America has an obligation to the Chinese Nationalists to do what it can to correct our former injustice.

Congress has just uncorked (Continued on Page 10)

TP&L Increases Local Light Rate

Application by Texas Power & Light Company for a small increase in electric rates was approved by the City Council at its last meeting. The increase to the average residential customer will be less than one and one half cents per day, it was pointed out by C. B. Stringer, manager for the Company, and he added, that even the large residential customers with monthly bills averaging around \$15 will have an increase of less than two cents per day.

"This is the first time since TP&L began serving Muenster that the Company has sought an increase in its electric service rates," said Mr. Stringer. "As a matter of fact, it has made numerous voluntary reductions — four since 1932."

Mr. Stringer pointed out that the last voluntary decrease in 1946, shortly after the war, was made with the belief that prices would level off. But, instead of leveling off, prices continue to rise.

"The cost of almost everything required in providing electric service likewise has continued to increase," Mr. Stringer said. "Prices for labor, generators, substations, power lines, and other materials and equipment we use have increased about 50 per cent since 1945 and up to 100 per cent since 1940."

"Although costs of carrying on our business have continued upward, we have done everything possible to delay the need for an increase in rates. We have carefully analyzed and planned our activities to make the most effective use of materials and manpower. Much of the Company's outstanding indebtedness has been refinanced to require less interest on borrowed money. Automatic equipment has been installed wherever feasible."

"These and other measures have contributed to the Company's ability to continue operating on a sound basis despite continued rising costs. But now we have come to the point where a modest increase in electric rates is necessary."

News of Sick And Injured

Mrs. John Beard entered Gainesville sanitarium Sunday for medical treatment.

Mrs. J. S. Hofn who had been in a cast for 10 weeks following an operation on her hip, is out of the cast since Tuesday. She will be confined to bed at least another week before trying to get up and around. She broke her hip last May and the surgery was necessary after the bone failed to knit.

Mrs. Ed Eberhart entered Gainesville sanitarium for medical treatment this week.

F. J. Schenk of Wichita Falls, formerly of Muenster, is recovering normally from major surgery performed at Bethania Hospital recently but is still confined to his home at 1610 Lucille Street.

YESTERDAY'S QUEEN—The beautiful Boyan Djavidan is shown at right as she appeared in 1910 when she was Queen of Egypt and commanded a staff of 65 servants. Now, at age 72, at left, she is seeking a job as a maid in Paris. Her husband, King Khedive Hilmi II, was dethroned and she has since been living in different countries. She hopes to return to Philadelphia, where she was born May Torok.

FFA Dairy Judging Team Wins Second In District Contest

Competing with 55 other teams, the Muenster FFA dairy cattle judging trio won second place last Saturday, April 14, in the Area 5 FFA judging contest in Arlington. The team's achievement entitles it to enter a state-wide contest at A & M college on May 5.

Members of the team are Billy Whitt, Wilfred Klement and Billy Bezner. Whitt and Klement ranked with the top ten for individual honors, Whitt scoring third high and Klement sixth.

Other FFA boys attending the Arlington meet were Glenn Hellman, Lawrence Dankesreiter Jr. and Johnny Morris as members of the livestock judging team, and Edward Pick, Delbert Walterscheid and Wilburn Hall as members of the poultry judging team. Neither of the teams placed in the contest.

Ralph Maglaughlin and Charles Coe accompanied the boys on their trip.

Adults Invited To Appliance Show In School Next Monday

A general invitation was extended this week to all adults of the community to attend a demonstration on the care and use of small electric appliances and a home lighting demonstration next Monday afternoon, April 23, from 2 to 3:30 in the homemaking department of the Muenster High School.

Mrs. Nella V. Payne, home economist for Texas Power and Light Company, will be in charge of the appliance program demonstrating use and care of ice cream freezers, waffle irons and grills, home freezers and similar appliances. O. O. Williams of General Electric Company will assist in the appliance show.

Mrs. Weldon Strader and Mrs. Parkhill will demonstrate proper lighting for the entire home.

About 15 kitchen articles will be presented as prizes and ice cream and other refreshments will be served to those attending.

Earl Robison Named Clayton's Successor As School Trustee

Earl Robison is the new member of the Muenster School Board succeeding C. G. Clayton who resigned because he had difficulty attending meetings. In his letter of resignation Clayton explained that his job as an oil field pumper often kept him too late to permit his coming to meetings.

Robison was appointed at a special board meeting last Friday night. He is a former county commissioner for precinct 4 and lives in the Valley Creek area.

Rev. Freeman Walls of Sherman filled his regular appointment at the Shiloh Baptist church Sunday. While in the community he and his family were guests of the Calvin Calverts.

TO GO WITH GLASS HOUSES—The transparent plastic doors and hood on the car, above, may not please those desiring privacy, but Italian producers of the auto can be sure they have something different, if nothing else. The vehicle was on display at an international exhibition in Turin, Italy. Seven countries participated, including Germany for the first time since World War II.

WITH THE MEN IN SERVICE

PFC Leonard Walterscheid has advised his family that he arrived at Yokohama, Japan, on April 4, and was going from there to Pouson, Korea, to be a field artillery mechanic. They have not heard from him since his arrival in Korea.

Pvt. Clifford Otto of Fort Benning, Ga., is here on an overseas leave to visit his parents the W. W. Ottos. He recently completed basic training with a tank battalion.

Rupert Hoenig and Ernest Sicking have received their first promotion and are now privates first class. The new rating was given Friday at Sheppard AFB where both are attending mechanics school. They were home for a weekend visit with their families, the Joe Hoenigs and Ben Sicking.

Sgt. Harold Trachta of Carswell, AFB, Fort Worth, spent the weekend with his mother, Mrs. Annie Trachta and family.

The four soldiers from Camp Chaffee, Ark., Pvts. Alfons Koesler, Herbert Yosten, Leo Hesse and Virgil Streng spent the weekend with their families. According to reports they are due a ten day leave shortly and after that are slated for overseas service with the exception of Leo Hesse who at the time was not included in those orders.

Pvt. Robert Bayer of Fort Riley, Kansas, came in this week on an overseas furlough to visit his mother, Mrs. Joe Bayer and family.

Pvt. Arnold Knabe, training for a military policeman, has the following address: Pvt. Arnold Knabe, ER 18320717, 373 M. P. Co., Fort Sam Houston, Texas.

Arthur Hennigan writes his parents, the Fred Hennigans, that he is keeping busy with the various details of boot training at San Diego Naval Training Center. His address is: Arthur F. Hennigan SR, 423-26-15; Co. 51-404; U.S.N.T.C., San Diego 33, Calif.

Pvt. Quintin Lehnertz is entering his eighth week of army training as an infantryman at Fort Jackson. He recently received a marksman's award in shooting. His complete address is: Pvt. Quintin Lehnertz, 540-019048, Co. M 200 Infantry, APO 31, Fort Jackson, South Carolina.

Pvts. Teddy Gremminger and Gerald Bayer, both at Camp Gordon, Ga., but in different outfits, got together last week and plan on frequent visits in the future. If present classes proceed on schedule Teddy will receive his first leave in about three weeks.

Rev. Cletus Post is spending this week in Altus, Ark., with members of his family. On Monday he officiated at the wedding of his sister in that city.

Mrs. Frank Kathman joined her brother, M. D. Ellis and wife of Saint Jo, on a weekend trip to Killgore to visit another brother, Jack Ellis.

Rev. Eugene Knoff Dies Sunday After Extended Illness

Rev. Eugene Knoff, 53, chaplain at Bethania Hospital in Wichita Falls since last September, and a former resident of Muenster, died early Sunday morning after a long illness.

Funeral services were held Wednesday morning in Subiaco, Ark., at Saint Benedict's church and burial was in Subiaco Abbey cemetery.

Father Knoff was a native of Germany, brought here by his parents when he was two and a half years old. He attended the parish school and left from here to enter the priesthood at Subiaco Abbey in Arkansas. He was ordained at Little Rock in 1922. He has held the position of prefect of Subiaco Academy, director of the school's music department and a teacher in Subiaco College. Later he engaged in parish work in Arkansas until ill health caused by heart trouble forced him to take lighter duties.

Surviving him are ten younger brothers and sisters including Rev. Leonard Knoff of Laneri High school in Fort Worth, and Sister M. Anna, a teacher in the Sacred Heart parochial school here.

Sister Anna joined her brother, Father Leonard, to attend the funeral services.

Meurer Elected New P-TA Prexy

Herbert Meurer is the newly elected president of the Muenster Public School Parent Teachers Association. He and other new officers were elected Tuesday night in the school auditorium at the organization's liveliest and largest meeting of the year.

Other officers elected were Mrs. T. S. Myrick vice president and program chairman, Mrs. W. B. Wylie secretary, Mrs. M. D. Kaderli treasurer and Ralph Maglaughlin parliamentarian.

The only other business at the meeting was the purchase of new tables for the school lunch room. The organization is sponsoring the project and seeking individuals or firms to buy the tables. To date the VFW Club and Muenster Livestock Auction have each offered to furnish one. Tables will be delivered next summer.

The rest of the program consisted of a group sing-song led by Miss Juanita Weinzapfel, a style show, a show by first to fourth graders and refreshments of coffee and cookies prepared and served by the Homemaking class.

The style show was two-fold. Homemaking girls first modeled their class project clothing then modeled a group of garments furnished by McCall pattern company through the cooperation of the Charm Shop. Piece goods from the Charm Shop provided background decoration for the show.

The kiddies show was presented as a radio program with Ronnie Dickerson as master of ceremonies. Numbers he introduced were group singing by all four grades, a folk dance by 4th graders and individual acts by Connie Long, Sharon McGowan, Linda Dickerson, Jimmie Cain, Billy Owens, Patricia West, Pic Hemphill, Angela Dern, Peggy Helton, Carolyn Cain, Butch Hammer and Beth Wylie. Mrs. Doyle Hood and Mrs. R. N. Fette directed their program.

Schedule of Coming Events

FRIDAY, April 20, benefit social sponsored by S. H. Sophomores in church basement, 8 p.m.

FRIDAY, April 20, Grass experiments report, the high school auditorium, 8 p.m.

FRIDAY, April 20, baseball practice, City Team, 8 p.m.

THURSDAY, April 26, Quarterly deanery meeting of NCCW in Sherman beginning at 2 p.m.

Pasture Research Findings Will Be Told Here Friday

At a meeting to be held in the high school auditorium Friday night, April 20, at 8 p.m., farmers of this area will have an opportunity to learn the results of grass planting and grazing experiments conducted at the Texas Research Foundation at Renner.

Milo L. Cox and Fred Shaw, members of the foundation research staff will be here to give reports on grasses and legumes that had been under grazing since October 1, 1950. A group of local farmers and business men accompanied the Muenster FFA class on a tour through the foundation several weeks ago and have been awaiting a detailed report since that time.

One report will show a comparison of milk production costs indicating that a volume produced for \$2 on good grazing would cost about \$5 with good hay and silage and about \$6 with manufactured feeds.

The Texas Research Foundation is financed by private individuals and businesses and has no connection with State or Federal experiment stations. They work to solve problems posed by the institutions or individuals who put up the money. Their work to date on forage production for livestock is exploding some old established ideas and establishing a pattern for more efficient winter and summer feeding.

Everyone is invited to this "Grass on Cropland" program. Refreshments have been promised after the meeting.

County Teachers To Meet and Dine Here Next Tuesday Night

About seventy five members of the Cooke County Teachers Association will be in Muenster next Tuesday night for their annual social meeting which will be featured by a dinner in the local high school.

Members of the Muenster Homemaking class under the direction of Miss Ruby Kelly will prepare and serve the meal.

The association consists of teachers from all the county's rural schools.

Adult Homemaking Class Next Week Changed to Monday

Next week's regularly scheduled adult homemaking class will be held Monday night instead of Tuesday. Miss Ruby Kelly, instructor, announced this week that the date has been changed to avoid a conflict with the County Teachers' meeting and dinner to be held in the school Tuesday night.

Miss Kelly said also that the class Monday will take up a new subject, textile painting.

LOCAL NEWS BRIEFS

M. D. Kaderli has a new green Chevrolet tudor.

Mr. and Mrs. Al Walterscheid were business visitors in Fort Worth Tuesday.

A new white asbestos siding double garage is nearing completion at the Adolph Walterscheid farm.

Gene Hoedebeck spent Wednesday in Dallas attending a Power Glide School for Chevrolet mechanics.

Mrs. Leonard Walterscheid of Lawton, Okla., spent Thursday through Sunday here with her husband's parents, the August Walterscheids.

The Werner Henscheids of Hereford spent last Wednesday, Thursday and Friday here with his father, Bill Henscheid and other relatives.

Friends here learned this week of the recent marriage of Dorothy Lutkenhaus of Mercier,

GIBSON GIRL RETURNS—The beloved blouse and skirt of the Gibson Girl is being brought back for spring by French designers. This one-piece cocktail dress with a blouse and skirt effect was recently unveiled in Paris by Jean Patou.

Kansas. She is now Mrs. George Reining and lives in Adrian, Minn.

Mrs. Effie West has returned from an extended visit with her daughter and family the Albert Rectors in Denison. They accompanied her home and spent Sunday as guests of the Johnnie Wests.

Guests in the Stock home Sunday afternoon were Mrs. Wayne Waggoner and three daughters and a girl friend, all of Denton. The Waggoners lived in the Stock home several months during world war II.

Guests of the Andy O'Connors and the Andy Mondays for the weekend were Mr. and Mrs. Bill Fry of Dallas. Mrs. Fry is the former Cecelia O'Connor. When they returned home they took Mrs. John Schmitz and Dolores Monday home with them for a week's visit.

In the recent Dairy Show held at Gainesville it was Danny Bayer who was runner-up with his exhibit in the Brown Swiss breed and Donald Bayer who received a blue ribbon in the Milking Shorthorn division. The Enterprise got Danny and Donny mixed last week and listed the winners incorrectly.

The Johnny Wimmer family moved during the weekend to occupy their new home in the northeast part of town. Mrs. Joe Bayer moved from the farm to reside in the house the Wimmers vacated and Joe H. Walterscheid has taken over the farm where Mrs. Bayer lived. Her son, Arthur, leaves on the 24 for the army and her daughter, Ethel, lives in town with her.

LOOK HERE, NAVY—The U. S. Navy may be surprised to learn that it is not the only military group using the Billy Goat for a mascot. Showing their pride in the regimental goat, the Royal Welsh Fusiliers had him lead their parade as they boarded ship recently. They left Southampton, England, for the Caribbean area aboard the liner "Dilwara."

UNVEILING "SHAW'S CORNER"—The late George Bernard Shaw's 12-room home, set in two scenic acres of Hertfordshire, England, was recently opened to the public for the first time. Shown above is the great dramatist's study. It is just as Shaw left it, with full desks and bookcases. The Irishman gave the name "Shaw's Corner" to his home.

Bridgeport Wallops Local Nine 12 to 7

After five tries the Muenster High baseball team still has not broken into the win column. Its latest attempt, Tuesday afternoon on the local diamond ended in a 12-7 win for the undefeated Bridgeport Hi nine.

The Muenster boys gave their visitors a temporary scare, however. In the third they led 5-3, but Bridgeport took over then and held the lead for the rest of the game.

Friday afternoon the team will not play Saint Jo as originally scheduled. Saint Jo agreed on a later date so that members of the local team will be able to take part in the junior livestock show at Gainesville in connection with the Circus Roundup.

Bulcher Among Top Five In Contest

District Agent W. I. Glass of Denton notified County Agent B. T. Haws Friday morning that Bulcher placed among the top five communities in District 4 in the Neighborhood Rural Progress contest. There were 14 communities of the district in the contest.

A committee from Texas A&M college will visit Bulcher on April 21 in the "run-off" campaign of the five district winners.

Winners in the 14 state-wide districts will compete for the state title.

CARD OF THANKS

My mother, Mrs. Henry Sicking, and family join me in sincerest thanks for the many kindnesses extended during my stay in the hospital. We are grateful for every consideration and offer a special word of thanks to the blood donors, to those who helped sit up, and to those who sent flowers and cards.

Harry Sicking

Sears Cooking School

Ladies of the community have another invitation to attend an electric cooking school. Mrs. Nella V. Payne, TP&L home service adviser, called attention this week to a school next Tuesday and Wednesday in the Community Center building at Gainesville. It is sponsored by Sears.

Maryanne Bauer, Eddie Fleitman Are Married Thursday

Miss Maryanne Bauer of Gainesville and Eddie Fleitman of this city exchanged marriage vows Thursday morning, April 12, at 9 a.m. in Saint Mary's church.

The bride is the daughter of Mr. and Mrs. Joe Bauer of route four, Gainesville, and the groom

is the son of Mr. and Mrs. Al Fleitman of Muenster.

Rev. Peter Molloy officiated at the double ring service and at the nuptial high mass. The high school choir sang the mass and Mrs. Joe Schad presented Millard's "Ave Maria" as a vocal solo at the offertory.

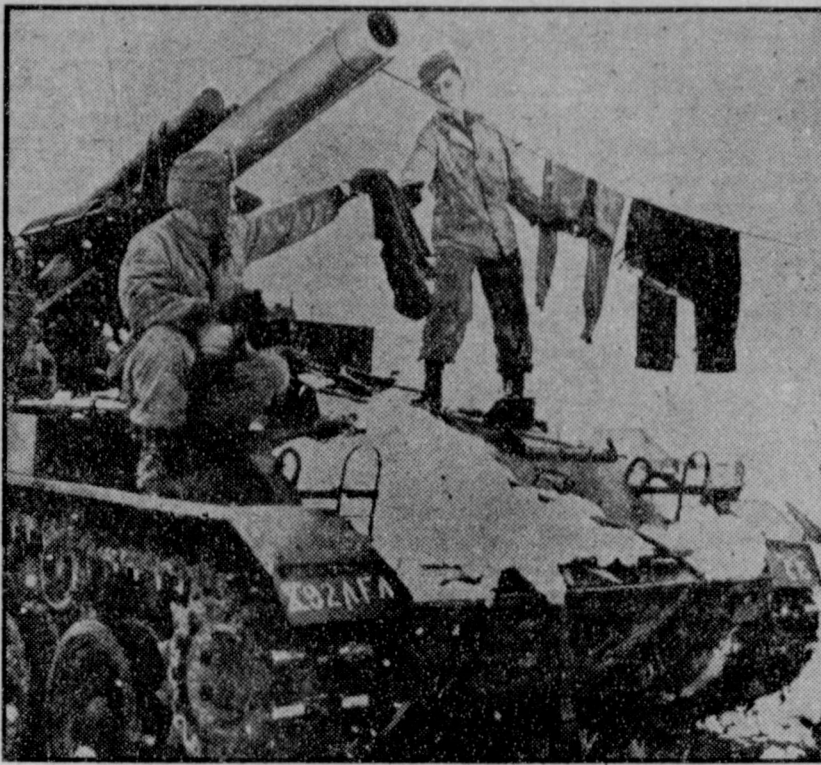

White gladioli, bridal wreath and fern adorned the altar.

Mr. Bauer gave his daughter in marriage. She wore a gown of imported chantilly lace over satin and net. Scallops accented the shoulder line, sleeves and hemline and a yoke of illusion gave an off-shoulder effect. The fitted bodice came to a deep V in both front and back and the gathered skirt extended into a chapel length train. The elbow length sleeves were edged with a deep ruffle of lace.

The bride's fingertip length veil of illusion was caught to a cap of chantilly lace and she carried an orchid surrounded with lilies of the valley on top of a white prayer book. Pearlized orange blossoms from the wedding wreath of the bride's mother were caught with lovers knots in streamers that showered the bouquet.

For something old and borrowed the bride wore an antique cross and chain belonging to the groom's mother, a gift to her from her mother, the late Mrs. Theo Wiesman. She carried a blue crystal rosary belonging to her mother and had a sixpence in her shoe for luck.

Mrs. Robert J. Bauer of Gainesville, sister-in-law of the bride was matron of honor and Miss

TANK HOLDS ARMY LINE—During a lull in the fighting on the central Korean front recently, American tank crew members made good use of their equipment and their time. After washing out some of their belongings, the G.I.'s used the barrel end of a 155-millimeter howitzer to hold their clothesline.

Eileen Fleitman of Muenster, sister of the groom was bridesmaid. They wore dresses of Nile green organdy over taffeta with basque bodices, bouffant skirts and sweetheart necklines with wing collars. Their head-dresses were halos of daisies and their gloves were of white nylon. They carried bouquets of daisies and ivy leaves and wore pearl necklaces and earrings, gifts from the bride.

Sharon Ann Klement, cousin of the groom, was flower girl. Her dress was yellow organdy over taffeta designed with fitted bodice and bouffant skirt, short puffed sleeves and a full sash giving a bustle effect. She also wore a halo of daisies and white nylon gloves and carried daisies and ivy leaves in a basket. Her pearl necklace and bracelet were gifts from the bride.

Werner Henscheid of Hereford attended his cousin as best man and Cletus Bauer, the bride's brother was groomsman. Joe Bauer Jr. and Emil Rohmer were ushers.

For her daughter's wedding Mrs. Bauer wore a green and gray shadow print dress with gray and black accessories and a corsage of yellow rosebuds. Mrs. Fleitman wore a navy sheer dress with harmonizing accessories and a pink rosebud corsage.

A brunch in the Fleitman home honored the couple after the services. Members of the wedding party and immediate members of both families were guests. A color scheme of white, green and yellow was accented in the home.

At 5 p.m. a reception was held in the Bauer home where iris and bridal wreath were used in decorating. The refreshment table held a three tiered wedding cake and green tapers in crystal hurricane holders. Mmes. Ed Sicking and Bernard Swirczynski cut the wedding cake and

Miss Betty Jean Fleitman presided at the bride's book. About 125 were present for the reception and a buffet supper. A dance in the Muenster K of C hall at night ended the nuptial festivities.

When the couple left on a wedding trip the bride was wearing a coffee colored suit with brown and white accessories.

They will make their home north of Muenster where Mr. Fleitman engages in farming.

MES. HORN AND KAISER ENTERTAIN CDA COURT

Mmes. Joe Horn and C. J. Kaiser were hostesses Friday night for the regular monthly social of the Catholic Daughters of America, entertaining in the K of C Hall.

They arranged six tables for a progressive 42 series and after the games served cake and lemonade to those present.

In the games Mrs. Joe Wilde won the high score award, Mrs. Francis Wiese received the consolation favor and Mrs. Martin Trubenbach secured the galloping prize.

The social followed the regular business meeting.

ATTEND DISTRICT TWO GARDEN CLUB CONVENTION

Mmes. J. M. Weinzapfel, Joe Luke, M. J. Endres and Lou Wolf represented the Muenster Garden Club at the District Two convention in Gainesville Wednesday afternoon. Some 100 delegates from more than 36 counties in Texas attended.

Whaley Memorial Methodist church was headquarters for the convention. Highlights were a luncheon at 12:30 and a program on "Foliage in Flower Arrangements" by Mrs. D. L. Keeney of Dallas.

Mrs. M. J. Endres spent Friday to Monday in Dallas visiting her daughters, Sisters Agnes and Irma.

WASHINGTON NEWSLETTER

By ED GOSSETT

Washington, D. C., April 13—As this is written two days have lapsed since our most decorated, most distinguished five-star General Douglas MacArthur was fired. To date I have received fifty-nine telegrams signed by two-hundred and two persons, and eighteen letters on this subject. All letters, wires and telephone calls have been deeply critical of President Truman. Most of them demand the impeachment of Truman and the firing of Acheson.

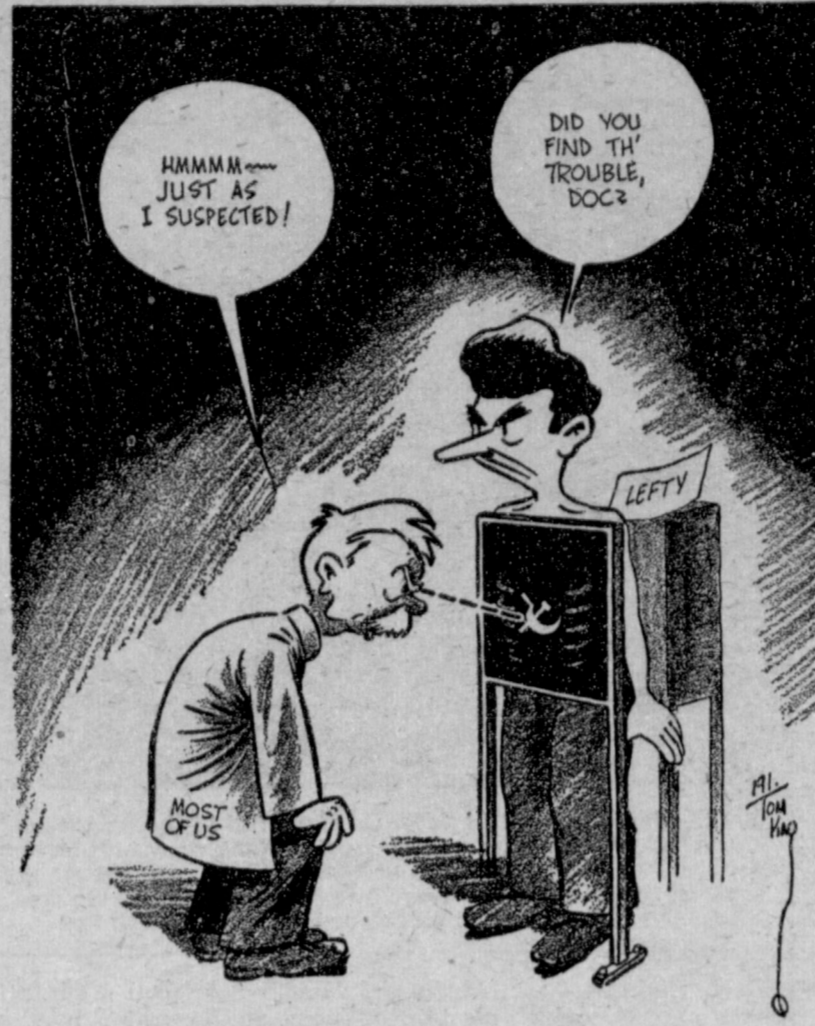

No one has been more critical of the bungling of our foreign affairs than I. The Morgenthau Plan, the Teheran, Yalta and Potsdam conferences, our Palestine policy, and then Secretary Marshall's trip to China, were all major diplomatic tragedies, and sowed seeds of strife, confusion and conflict. Some or all of these were directly res-

ponsible for the Korean debacle in which we now find ourselves. It has been my contention that the pinks and reds within this country, supported and sustained by organized, minority pressure groups of the same hue, have been principally responsible for both our major domestic and foreign difficulties. The tragedy has been that most of these groups have been aided and abetted by many well-meaning, high-minded American citizens; by intellectuals and humanitarians and others frantically seeking for a peace formula and for a way to avoid another world conflict — a strange coalition, some seeking to save and some to destroy our great country.

The President had the authority to fire General MacArthur. The proud, strong-willed General did much to force his hand. Those who grieve because of this crisis must remember and must uphold the sound American principal of civilian superiority over the military. To impeach the President is an impossible remedy. Article II, Section 4, of the Constitution states: "The President, Vice-President and all civil officers of the United States shall be removed from office on impeachment for a conviction of treason, bribery, or other high crimes and misdemeanors."

Many of us strongly agree with MacArthur that Formosa must never be surrendered to the Reds and that UN membership must never be accorded to Red China. However, grave doubt exists even among many MacArthur supporters as to the wisdom of his policy of "an all out war on China." It is thought by many that an invasion of Manchuria or a transporting of Chiang's forces by us to the mainland of China would set off an all out war against China, if not an all out world war. We are told that many war lords within China are now fighting Mao who would fight with him against Chiang.

In all American top bracket leadership, civilian and military, MacArthur has stood out as a

What-No Soul?

strong, positive character. Most Americans are grieved when a strong, positive character is liquidated by smaller, less positive ones. They feel that the negative has eliminated the positive. However, many of those who now acclaim MacArthur strongly condemn many of the things for which MacArthur stands. There are many inconsistent, incongruous elements in the present furor. The great American tragedy is not the firing of MacArthur, but the absence of strong, positive American leadership in the State Department and in the Executive Branch of the government. The President had the authority to fire MacArthur and he cannot be impeached for it. His greatest mistake, however, was in venting his spleen so devastatingly against our Number One soldier. At least, MacArthur should have been left in full control of Japan. His administration of the Japanese Islands has been one of the bright spots in a dismal post-war world.

A lot of MacArthur scuttlebutt is heard around the Capitol these days. Congressman Rankin still reminds us that

MacArthur served on the Court-martial that cashiered General Billy Mitchell. Some still cuss him for leading an attack against the bonus marchers in 1932. Some claim that MacArthur was successful in the Hawaii Conference with President Roosevelt and Admiral King in the early days of the war in having his way. Mr. Roosevelt and Admiral King are said to have insisted on by-passing the Philippines, but the General said no. He has not been as

successful in dealing with Acheson and Truman.
 I shall support a resolution to invite General MacArthur to address the Congress. All of us should know what he can tell us. We must all work and pray for an honest and honorable solution to the Korean debacle as well as some formula for peace.

The heart of that speech lies in this paragraph: "Scandals in our government are not new phenomena. What seems to be new about these scandals is the moral blindness or callousness which allows those in responsible positions to accept the practices which the facts reveal. It is bad enough for us to have corruption in our midst, but it is worse if it is to be condoned as inevitable."
 —Sen. Wm. Fulbright

Inflation

"Inflation is getting out of hand. That is especially true as far as the military is concerned. Since Korea, the prices of essential supplies which the services have to buy have continued to rise without a halt. We have lost more planes, tanks and guns by high prices than have been destroyed by the enemy. Unless drastic action is taken promptly to curb inflation, this nation will soon be so weakened that it could not win in an all-out war with Russia."
 Defense Sec'y George Marshall

When the white men discovered this country, the Indians were running it. There were no taxes. There was no debt. The women did all the work and the white men thought they could improve on a system like that.

LOOKING AHEAD

BY **GEORGE S. BENSON**
President—Harding College
Searcy, Arkansas

One in Every Block

The Bureau of the Census has just published some of the most important facts ever to come to the attention of the American people. They show that American government, conceived by the Founding Fathers as a social instrument for the protection of life, liberty and the pursuit of happiness, has grown into a sprawling, burdensome bureaucracy that would have shocked the imagination of Washington and Hamilton, Jefferson and Jackson.

One of the most disturbing facts about our government today is its payroll. If the families of civilian government workers (federal, state and local)

were precisely distributed throughout the residential areas of the United States there would be one in every block. There are about as many people on our swollen government payrolls as there are Swedes in Sweden or Australians in the whole nation of Australia. Just the salaries alone cost American taxpayers approximately \$19 billion a year. This figure is almost unbelievable, yet it is confirmed by the Census Bureau.

The Millions

These Official figures mean that theoretically each of the other eight families in the typical residential block must chip in nearly \$400 apiece merely to pay the salary of the government worker living in the ninth house in the block. For according to the Census Bureau, the average salary of the 6½ million civilians on various government payrolls is approximately \$3,000 a year.

Of course the government worker who may or may not live in your block is a taxpayer, too, and undoubtedly is a conscientious person. But that does not alter the fact that he does not produce any of the goods and services that go into making the actual wealth income of the nation. The money he handles as well as the money which pays his salary comes out of the productive efforts of his fellow citizens in private business and industry. His contribution to the so-called general welfare is, at best, hypothetical. And by no stretch of the imagination do these 6½ million public workers produce benefits that would justify the taxpayers paying out \$19 billion a year just on their salaries alone.

Cost Tripled

The government payrolls in recent years have grown out of all proportion to the increase in our population. The population has increased only 12 per cent in the last 10 years, while the number of people on the Federal payroll has increased about 100 per cent — and state and local governments have added 1,000,000 permanent new workers since 1940. The combined dollars-and-cents payroll has almost tripled in 10 years.

The mushrooming growth in government and government costs delights the Socialists. Big government and the dependency of the citizenry on big government is the primary Socialist objective. Their scheme has been to gain influence in strategic thought shaping agencies and build a Socialist government here step by step, never identifying it openly as Socialism until it has gone so far the people would have great difficulty changing its course—just as the people of England seem to be finding it most difficult now to stop the growth of their Socialist government.

Economy Ax Needed

But forgetting for the moment the grave Socialist implication, it is utterly ridiculous for Americans to tolerate the employment of one \$3,000 a year government worker for each eight or nine earners or producers in our population.

NOT FOR ART'S SAKE—Sgt. Melvin Bowley, of Seattle, Wash., is shown as he "decorated" the turret of his M-4 tank with a string of fragmentation hand grenades in Korea. Tank Commander Bowley wasn't thinking of appearances, but was using the foresight of a battle-wise tank fighter.

Especially is it ridiculous when national defense production demands, for all kinds of working capabilities, are as heavy as they will be during the next several years. Surely half of the 6 ½ million workers, if lopped from the public payroll gradually over the next year, could be profitably absorbed in our businesses and industries.

Let's add this payroll of \$19 billion to the military expenditures for armies and armament now approaching \$45 billion. And then let's add the more than 15 million government checks that are regularly going out to that many people by way of subsidies, relief, unemployment benefits, etc.—not on active civilian payrolls. When we do this the eight or nine non-government workers in each city block will, on the average, find themselves paying about 30 per cent of their income in direct or indirect taxes. That's far too much. There are many places where the economy ax should be applied. A beginning point could be the public payroll.

Soldiers back from New Guinea report having seen tribes of wild women without tongues. No wonder they were wild!

UNIFORM RECRUITING—To help relieve the shortage of nurses, Uncle Sam has decided to redesign their uniforms. The old starched heavy cotton outfit will give way to the nylon creation, above, which looks and feels like a dress. Some observers believe the uniforms will recruit patients as well as nurses.

TU Sets Dates For Driver Short Course

AUSTIN.— Seeking to cut down the more than 2,000 traffic deaths yearly in Texas, the University of Texas will conduct a short course on high-school driver education May 28-June 1.

The course will prepare high school teachers to instruct pupils in understanding and operating motor vehicles. Studies show high school students with such instruction have approximately half as many accidents as those who have not had the training.

The University's Physical and Health Education Department and Extension Teaching Bureau will offer the course, sponsored by the American Automobile Association, State Department of Public Safety, State High-

way Department, Texas Automotive Dealers Association, Texas Congress of Parent and Teachers, Texas Education Agency, and Texas Safety Association.

COWBOY ROUNDUP PARTY OBSERVES 4TH BIRTHDAY OF TOMMY SWIRCZYNSKI

A birthday party in the form of a "cowboy roundup" honored Tommy Lee Swirczynski on his fourth birthday Wednesday afternoon, April 11, when his mother, Mrs. Ray Swirczynski entertained at their home.

After presenting gifts to the honoree the young guests had a gay time at Tommy Lee's "ranch" where a live donkey took them for rides.

Toy six-shooters were party favors and pictures were taken. The hostess served refreshments to 25 children and their mothers.

The refreshment table held a large square cake on a revolving stand. The cake was decorated to resemble a corral. Green tinted coconut icing, a realistic corral fence and miniature bucking broncs and cowboy figurines adorned the cake.

INVITATION TO ATTEND GAINESVILLE IRIS SHOW

Muenster Garden Club members in particular and all flower lovers in general have an invitation to attend the Gainesville Iris Flower Show on Sunday, April 29, from 3 to 7 p. m. in the community center building on West California street, according to Mrs. J. E. King, publicity chairman of the show.

Blessed Events

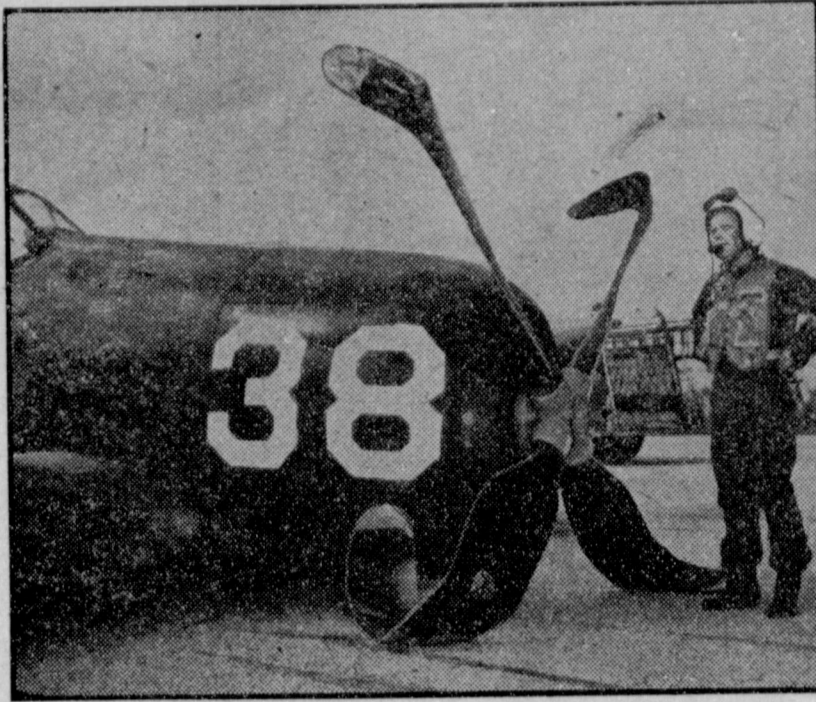

Mr. and Mrs. David Trachta are rejoicing over the arrival of a son, who weighed in at Gainesville sanitarium at 7 pounds 13 ounces on April 12. At the baptism service Tuesday afternoon Father Anthony officiated and Mr. and Mrs. Dick Trachta were godparents. The new boy's name is Tommy Joe.

Mr. and Mrs. Paul Fisher are the parents of a six pound 10 ounce son, Herbert Ray, born at Gainesville sanitarium on April 12. The infant was baptised here Monday afternoon by Father Anthony assisted by Mr. and Mrs. Earl Fisher as sponsors. Grandparents are the Frank Kathmans and Joe Fisher Sr.

Mr. and Mrs. Joe Devers of Valley View announce the birth of a daughter, Victoria Ann, on April 9. Also welcoming young Vickie are her two brothers and the maternal grandparents the Albert B. Knabes of this city.

Mr. and Mrs. J. Q. Stewart of Gainesville are the parents of a daughter, Julia Ellen, born at the sanitarium on April 12. The Stewarts have two other children, David and Mike. Mrs. Stewart is Mrs. Herman Fette's sister and she and the children are here at the Fette home this week.

Inquisitive Cuss
"Why have you got into the habit of walking backwards?" asked the psychiatrist.
"I like to see the expressions of the people following me," replied the patient.

NOT A PROP-ER LANDING—Apparently not consoled by the fact that he made a perfect belly-landing and walked away unharmed, Lt. G. J. Soderholm, of Chicago, stared sadly at the warped propeller blades of his F8F "Bearcat." Soderholm, one of the reservists training at the Naval Air Station at Opa Locka, Fla., was forced to crash-land when the wheels of his plane would not come down.

WOOFING AND HOOFING IT—For the past two years, Monk, at right, has been appearing at the back door of the Rocky River, Ohio, Post Office promptly at 9 a. m. He picks up mailman John Brouse, above, and travels the daily route with the letter carrier. Monk, who is fantastically punctual, began helping Brouse when the mailman became carrier on Monk's street. The only difficulty in their partnership is that the dog often gets confused and reports to work on Sundays and holidays.

McELREATH HOME IS PARTY SCENE SATURDAY

The home of Mrs. Rufus McElreath was the scene of a pink and blue shower Saturday afternoon honoring Mrs. Farrell Kempson of Fort Worth, wife of the pastor of Marysville and Sivel's Bend churches. The guest list included women of the two congregations.

Mrs. James Cole directed games and contests with the winners Louise Huggins and Mmes. M. P. Russell and Buford Whitt presenting their awards to the honoree.

Gifts were presented to Mrs. Kempson in a decorated bassinet.

The refreshment table had as its centerpiece a baby doll in a pink cradle. Plate favors were safety pin storks.

White cake with pink icing and punch were served by Mrs. McElreath and co-hostesses Mmes. James Cole, W. C. Embry, Amos Thompson and H. E. McElreath to about 30 guests.

SOPHOMORES TO SPONSOR BENEFIT PARTY FRIDAY

Sophomores of Sacred Heart High School this week extended a general invitation to everyone to attend the benefit game party they are sponsoring in the church basement this Friday night.

The affair will begin at 8 p. m. and there will be no admission charge.

A charge will be made for games and sandwiches and cold drinks and candy will be sold.

Report Of Dairy Herd Group Shows 316 Cows Tested

The March report for the Cooke County Dairy Herd Improvement association shows 12 member herds tested including five from Muenster. The summary for the month was released last week by John J. Hoffman, technician.

The report reveals that 280 cows were milked, that 71 produced 40 pounds of butter fat or over, that the average pounds of B. F. per cow was 29 and that the average pounds of milk per cow was 680.

Muenster members had 20 cows in the 40 B. F. or over bracket as follows:

Alfred Bayer, seven, B. F. content 40-70. C. A. Fisher, one 44. Joe Fisher, one, 42. Paul Fisher, six, 42-61. J. W. Fleitman, five, 40-45.

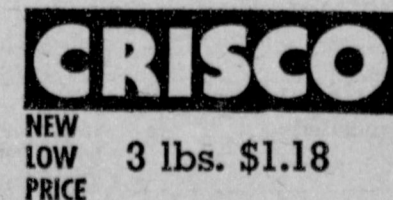

High cow in the association for the month was Skeeter No. 2 owned by Bayer, averaging 70 pounds of butter fat.

In February the report also showed 12 herds tested with the total number of cows 307. Of the 51 that produced 40 pounds of B. F. or over Muenster member herds included 23. Bayer's Skeeter No. 2 was the high producer with 71 pounds of B. F.

Mrs. Johnnie West Is Farm Woman Of The Month of March

Mrs. Johnnie West of the Bulcher community has been named March Farm Woman by the Gainesville Daily Register which sponsors the contest and awards \$25 to the woman selected by a special committee.

A skillful homemaker, and for a while a home economics teacher, an enthusiastic worker with the farm stock and in the fields, Mrs. West this year added to her accomplishments by helping her husband build a barn, a cattle corral and fencing for several pastures.

Mr. and Mrs. West live in a two-story, eight-room house built by his grandfather, I. B. Lewis. Johnnie was born there. His mother, Mrs. Effie West, lives with them and their daughter, Patricia, completes the family circle.

The Wests moved to the house about two years ago when Shelby West, Johnnie's father, died, and the couple has been doing some redecorating.

Last year the Bulcher community entered a Rural Neighborhood Progress contest. Mrs. West was vice chairman of the committee in charge and Mr. West was on the farm committee.

In addition to repairs and improvements on the 600-acre farm, the Wests took part in neighborhood projects, rebuilding the Shiloh Baptist church, repairing the community center building and work in the community park.

On the farm they built a 52 by 36 tin barn now complete except for a front door and cattle corral. They fenced a hog pasture and other acreage on the farm. The back yard was leveled and Mrs. West began work to beautify the front. Mrs. West's work consists largely of helping her husband. She used a hammer efficiently for much of the building even helping nail down the tin roof.

The couple has 52 head of cattle and 19 baby calves to

take care of, and four brood sows, 20 little pigs and 15 shoats to tend. Mrs. West also has 50 hens and is preparing to get baby chicks.

She is also very active in her home. She keeps her pantry filled with home canned and preserved items, last year putting up about 200 jars. She is preparing her garden, planning to raise all the vegetables that grow in the area.

Mrs. West also likes to sew, makes many of her own clothes and all of her daughter's. Patricia is seven and a second grade student at the Muenster public school.

Mrs. West is active in the Bulcher-Valley Creek Home Demonstration club in which she is council delegate, her third time for the honor.

She is the former Hazel Shiflet, daughter of the E. M. Shiflets who live near Pilot Point, the granddaughter of Mrs. F. M. Shiflet and the niece of Mrs. J. W. Fletcher of Muenster. She was born and reared near Bulcher and attended Valley Creek school.

She attended Gainesville High school and Junior College where she majored in home economics and went to North Texas State College in Denton for two years. She taught school two years before her marriage and two years after. She taught the third through the fifth grades at the former Valley Creek school and also taught at Bulcher school where she had a class in home economics in addition to the elementary grades.

New work on Mrs. West's improvement program include remodeling her kitchen, installing a new bath room, yard beautification and fencing for the front and back yards.

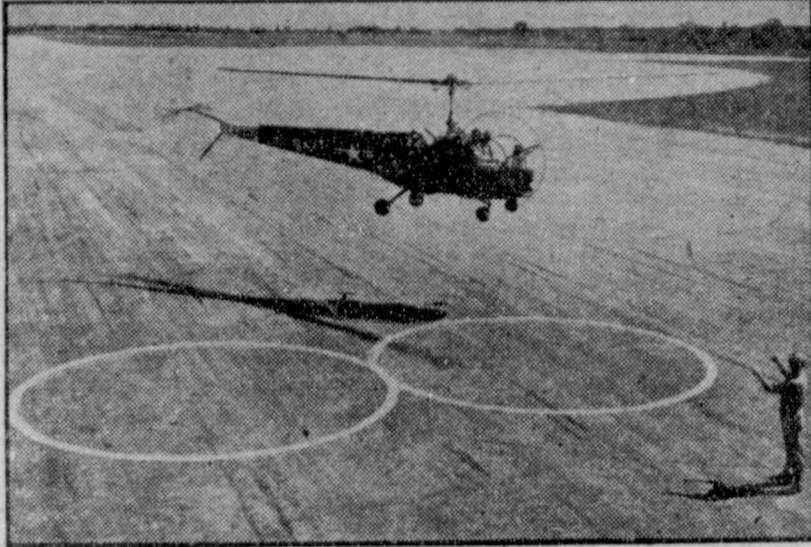

FIGURE FLYING—The Navy's new helicopter training program at Pensacola Air Station, Fla., includes this figure eight flying exercise. At a height of 10 feet, the craft is maneuvered over the numeral painted on the runway. The new helicopter instruction was started in response to the growing proof of the value of the planes in Korea.

Marilyn Gremminger of Wichita Falls was here Saturday evening and Sunday to visit her parents, the Ted Gremmingers.

Kathleen and Clara Richter of Dallas were here for a weekend visit with their parents, the W. T. Richters.

Get behind the wheel of the easiest handling truck you ever drove!

New DODGE "Job-Rated" TRUCKS

The trucks that do the most for you!

Now Dodge brings you important new ease-of-handling advantages—along with all the ease-of-handling features that have made Dodge "Job-Rated" trucks the choice of champion truck drivers from coast to coast!

These new trucks are amazingly easy to maneuver. They bring you all the proved advantages of cross-steering, wide front tread and short wheelbase. And you get the extra handling ease of Synchro-shift transmission—plus steering column gearshift on low-tonnage models.

EXCLUSIVE! gyrol Fluid Drive!

Available on 1/2-, 3/4- and 1-ton models. Makes driving easier with marvelously smooth performance. Cushions against shock and strain, saves on upkeep, and lengthens truck life.

NEW! Worm-and-roller steering gears!

You get safer and easier steering with new steering gears on most models. Precise, positive control. Driving is more comfortable, too, thanks to the new, improved steering wheel position.

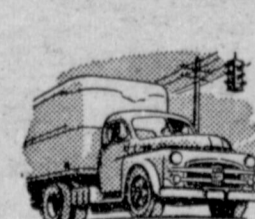

NEW! Shorter turning diameters!

A new Dodge "Job-Rated" truck will make a sharper turn—maneuver into tight places easier—park with less trouble—save you time and driving effort on every trip!

NEW! 4-speed Synchro-shift transmission

Four-speed now available on 1/2-, 3/4-, and 1-ton models, as well as 1 1/2- and 2-ton. 3-speed Synchro-shift transmission standard on 1/2-, 3/4-, 1-ton... 5-speed standard on 2 1/2-ton, available on 1 1/2- and 2-ton.

What "Job-Rated" means to you...

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job, save you money, last longer.

Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load

—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

See for yourself! Come in and drive an easier handling

CDA Members Plan Coming Activity

At their regular meeting Friday night the local court Catholic Daughters of America made plans to sponsor the annual students' poetry contest, to take out membership in the Family Reading Club, to make the Holy Year visits in a group and to discontinue having their meetings and socials on the same night.

Mrs. Steve Moster was named chairman of the poetry contest and Mmes. John Mosman and Elfreda Fette and Miss Juanita Weinzapfel were named judges. Pupils of the Sacred Heart school are submitting poems and the winning poems here will go to the state contest.

The organization's membership in the book club will provide the beginning of a library for the court. Mrs. Herman Fette was named librarian and will be in charge of the books. A series of book teas sponsored by the court will defray cost of the book club membership.

Members set two dates to get together in a group to make the visits to church for the Holy Year indulgence. The first date is April 22, next Sunday, and the time set is after the three o'clock service. The second date is Wednesday, April 25, after evening devotions.

Members decided to have their monthly social on the fourth Thursday of each month as previously instead of after the business meeting as they did during the past several months. The next social will be held on May 25.

Mission Report

Mrs. Joe Swirczynski gave the mission report which revealed that the court has shipped 200 pounds of clothing, 30 pounds of rolled hospital bandages and 150 pounds of approved literature.

Mrs. Lawrence Roberg, grand regent, presided during the meeting and Mrs. Clarence Hellman won the attendance prize.

SURPRISE HOUSE-WARMING GREETINGS THE R. N. FETTES

A surprise house warming party greeted the R. N. Fettes Sunday when a group of relatives and neighbors gathered at their new home with gifts for the honorees and covered dishes for refreshments.

Enjoying an evening of card games and food were the Anthony Lukes, Ben Lukes, Emmet Fettes, Joe Voths, Joe Fettes, Steve Mosters, Mrs. Henry Fette, Mrs. Lawrence Roberg, Dan Luke, and the honorees.

The Risen Christ Conquers Despair

By FULTON J. SHEEN

There is darkness over the earth; Christ has been recrucified, evil has its hour.

Are you who believe in the Risen Christ surprised? Of course not.

We know that no world which rejects the sovereign love of God, which disrupts family life, propagates evil, fosters irreligion, can live short of war.

But the modern pagans are surprised. Things did not turn out as they planned. They thought science, progress, and education would banish sin and evil. Now they are downcast because they find thistles where they planted figs.

Pessimistic Men

They cannot understand how paganism in thought should end in barbarism of action, how the outlawing of God should end in the tyrannization of man. And they are destined for still greater disillusionments.

They are strangers in the houses they planned for home. They are utterly repudiated and pessimistic. They made a Godless world, now they must live in a loveless one.

Share not this pessimism! Evil is now in the ascendancy; but its victory is transitory, the powers which rule are already dethroned in principle.

The world is ripe for renewal. Out of the estacombs it will come again to give birth to new souls and new hearts. But this regeneration must begin with you and me, as individuals.

Despair Not

The Captain of the Wars, the Risen Christ, could be summoned by the free will of man to smite evil and bring peace, but He will come only when man begins to be disillusioned, not about politics and economics, but disillusioned about himself, for self-disillusionment is the beginning of repentance.

But despair not! Hear ye Him: "I have overcome the world."

Despair not! Christianity is a religion of catastrophe. We were born in the midst of the worst world-shattering catastrophe of the ages—the defeat of Our Leader and Our King. How the Resurrection proclaims that our defeat has been turned into a magnificent victory!

"I Am Life"
Despair not! There are treasures even in darkness. The Christian law of progress is the

MSGR. SHEEN

reverse of the law of the world. The world makes progress when all goes well; the Church makes progress even when all goes ill and it seems that no human power can stop it.

The world must be the battlefield of the City of God and the City of Man; the city of Love and the city of hate, until the trumpet blows and Christ shall reign in mercy to the saved and in justice to the lost, for sin then will have been defeated in principle and in fact: "I am the Resurrection and the Life."

BULCHER GROUP HEARS KEITH SWIM AT MEETING

Bulcher citizens gathered Thursday night, April 12, for a picnic supper in connection with their community meeting.

Mrs. Johnnie West, vice chairman, presided during the business session and introduced Keith

Swim, school superintendent at Saint Jo, who was a guest speaker. He told them about plans for a better school at Saint Jo and of the approaching bond election.

A large group attended the meeting and supper in the community center building.

WHATEVER CROP GROWS HERE

THE FARMALL C WILL BE THERE, ALL THE WAY!

Grains, grasses, field row crops, vegetables—whatever is planted in this mellow, weed-free seed bed, the new Farmall C Tractor with Touch-Control will be on the job all the way. The Farmall C is shown here with the McCormick No. 10-A Disk Harrow.

For the Farmall C delivers practical 5-way power: (1) at the drawbar, for pulling trail-behind machines; (2) at its mounting pads, for pushing forward-mounted implements; (3) at the belt pulley; (4) at the power take-off; (5) at the Touch-Control power arms for raising, lowering and regulating mounted implements by hydraulic power. All at surprisingly low operating cost!

Available for the Farmall C is a full line of matched, quick-change implement units. New and simple in design, each low-cost implement mounts on the tractor to form a compact operating unit. Rear-mounted implements, likewise, are quick-change.

Implements for the Farmall C are under the complete, 2-way hydraulic control of the Farmall Touch-Control. The Farmall C pulls one 16-inch or two 12-inch bottoms; cultivates two rows of wide-planted crops. Ask for full information.

The Best of Everything!

No other state can match the
unique history of Texas... Spanish province,
independent republic, largest of the 48
United States... six flags in all...

...no gasoline with the extra qualities of Texas' own

HUMBLE
Esso Extra
GASOLINE

Texans get extra value every time they fill up with Humble Esso Extra gasoline. Esso Extra gives you extra anti-knock performance; extra power for quick starts, hard pulls; an exclusive patented solvent oil that keeps your engine extra clean. It's the best gasoline you can use—a gasoline that gives you something extra for your money. Fill up with Esso Extra at any Humble sign... You'll find that Humble service is something extra, too.

For Texans ...the Best of Everything

HUMBLE OIL & REFINING COMPANY

HUMBLE
Esso Extra
MOTOR OIL

This is the best motor oil you can buy. Humble Esso Extra Motor Oil stands by itself in quality—competes in price with others. It cleans as it lubricates, fights acid and sludge, keeps a film of protective lubrication on moving parts, has the highest viscosity index (best test of motor oil quality) of any motor oil sold for automotive use in Texas. Your car's engine will run better, last longer, need fewer repairs if you use Esso Extra Motor Oil all the time. Change to Esso Extra!

 Willard Kempkin, Valley View

Erosion knows no boundaries. Water still runs down hill and takes unprotected soil along with it regardless of fence or property lines. In the battle against erosion, as in any other battle, people must work together in mutual cooperation to get the maximum effective protection against this relentless enemy that is forever threatening to destroy the productiveness of the soils. Neighborhood groups working together pooling their efforts and equipment have made the greatest advances in

soil conservation work and are still writing sign posts on the road to better farming and better living.

Cecil Welch and Jim Southard of the Hood conservation group recently demonstrated how landowners can join together to stop erosion on their soils. They pooled their equipment and worked together to shape a gully that followed the fence line between their fields. The sides of the ditch were sloped and the bottom widened and saucer-shaped so that it can be sodded to bermuda grass and made wide enough to spread the water to permit mowing to keep down taller growing vegetation. After grass has been established the waterway will serve as a terrace outlet area and enable both Welch and Southard to construct terraces to protect their fields.

In the Willowalla Creek conservation group near Forestburg, Pryor McGee and Ben Perryman worked together to get waterways shaped in their fields. McGee shaped his waterway to prevent water from his field from running across Perryman's field and a waterway was shaped in the Perryman field to prevent water from a road ditch from crossing the field. Bermuda grass will be established in both waterways and they will serve as terrace outlets for diversion terraces that will cut water from the hills off the cultivated land.

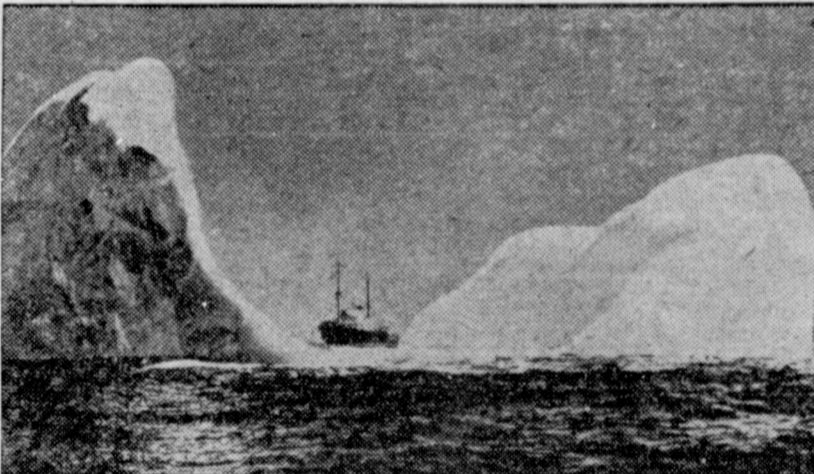

Joe Lewter of Hood is building a mile of terraces on his farm with his tractor and one-

Maybe not quite all the comforts of home—but this cotton balloon cloth sleeping bag hits the spot with tired soldiers. Designed for use in cold climates, the bag weighs less than 11 pounds. Attached to the shell is a canopy which can be brought up over the sleeper's head. The canopy rolls into a carrying case. The wind-resistant, water-repellent sleeping bag keeps a soldier warm in 40° below zero climates.

Mayor Ernst Reuter of Western Berlin expressed gratitude for American church relief to the poor of his city when he visited Chicago and conferred with officials of the Christian Rural Overseas Program (CROP). From left to right: Clifford E. Dahlin, Lutheran World Relief, Mayor Reuter, Ray F. Murray, Catholic Rural Life, and John D. Metzler, Church World Service.

TUG ON TOOTH—First impressions to the contrary, the above is not a food particle lodged upon the crown of a tooth, but the 213-foot tug "Acushnet" steaming toward an iceberg in the North Atlantic. A member of the International Ice Patrol, the Coast Guard tug joins other vessels in spotting and charting menaces to navigation like the above for the benefit of ships plowing North Atlantic routes.

way. The terraces empty onto a waterway that was sodded to bermuda grass two years ago. The waterway has a good stand of grass and has been overseed-

ed to Madrid Sweet Clover. Ed Sicking has had a diversion terrace constructed on his farm he operates southwest of Muenster. The terrace will pro-

tect a cultivated field from hill water that has caused considerable soil erosion in the past.

George Bayer, Oscar Walter, Gene Klement and many others are getting good grazing from their fields of second year sweet clover in spite of the lengthy drought. The clover is 8 to 10 inches high and is furnishing a lot of green forage at a time when it is sorely needed.

There is far more danger in a public monopoly than there is in any private monopoly, for when government goes into business it can always shift its losses to the taxpayer. The government never really goes into business, for it never makes ends meet, and that is the first requisite of business. It just mixes a little business with a lot of politics. —Thomas Edison

Lindsay News

Pvt. William Hermes of Camp Chaffee, Ark., was at home Saturday night and Sunday to visit his parents.

Frank Martin returned home Wednesday after spending several days in Muenster with his son, Lawrence and family.

Pvt. Ewald Fuhrman of Fort Hood was at home for a weekend visit with his parents. He made the trip with Pvt. Alvin Fuhrman who visited in Muenster.

Mr. and Mrs. Frank Mages and Al Mages were Sunday dinner guests of their daughter and family, the John Fleitmans. Other guests for the dinner were Joe Mages and daughters of Muenster.

The J. C. Schmidkofers have word from their son, Joe, saying he is settled for training with the Marines and is doing fine. His address is: Pvt. Joseph L. Schmidkofer, 1175054, 142 Platoon 4th Recruit Training Battalion, U. S. M. C., San Diego, Calif.

Mr. and Mrs. Ben Sandmann and son, Joe, spent last Tuesday and Wednesday in San Antonio visiting their son and brother, Pvt. Herman Sandmann who is in the hospital at Fort Sam Houston recovering from

wounds received in Korean front line fighting with an infantry regiment. A hand grenade exploded shattering muscle and bone in his left arm and wounding him in the chest. He was flown from Korea to Japan where he was hospitalized until he recovered from the chest injuries. His arm will keep him in the hospital indefinitely.

SHOWER COMPLIMENTS YOUNG MATRON SUNDAY

Mrs. J. J. Haverkamp and daughters, Helen and Rosebell, were co-hostesses for a party and pink and blue shower in their home Sunday afternoon honoring Mrs. Ray Kupper of Lindsay.

After presenting gifts to the honoree the guests enjoyed games of progressive 42. The high, low and galloping awards went to Mmes. Troy Cooper, Leo Haverkamp and Bob Kupper, respectively.

Decorations and floral arrangements in the party room, score cards and refreshments carried out the pink and blue theme.

The hostesses served a dessert course and coffee to 20 guests. Others who were unable to attend sent gifts.

The equivalent of eight sacks of 20 per cent nitrogen fertilizer, four and one-half sacks of 20 per cent superphosphate and two and one-half sacks of 60 per cent muriate of potash are required for the production of 100 bushels of corn.

JUST IN CASE—Although Communist planes have not presented a major threat to UN troops in Korea, anti-aircraft units maintain constant vigilance while at their posts. The G.I., at right, scanned the skies while other members of gun crew stood ready for action.

Tiny Chigger Can Cause Big Misery

AUSTIN.—With a few well placed bites a tiny little six legged animal, so small it's hardly discernible without a microscope, can make a red-eyed, itchy insomniac out of a sound sleeper.

Whether you call them red bugs, harvest mites, chiggers or Eutrombidium alfreddugesi, their scientific name, State Health Officer George W. Cox warns you're due to meet them this spring and summer, especially in lawns of Bermuda grass.

Chiggers, Dr. Cox says, can spot an unkept lot a block off, and take to those places like a hungry chicken takes to corn. When you're enjoying a lounge outside on a balmy spring evening, they'll go to work. The itching starts at bedtime, and continues all night.

Seems as though chiggers have declared open season on humanity beginning about May and lasting until cold weather of fall and winter reduces their (the chiggers') numbers. Contrary to common belief, Dr. Cox says they do not burrow into the skin, but merely attach themselves by their mouthparts and suck blood until they're engorged.

That severe itching is caused by an anti-coagulant material they inject into their host, according to the health official. Favorite spots seem to be feet, hands, and stomach. Secondary infection in the form of boils and sores results from persistent scratching.

Dr. Cox says chiggers are tough to control in heavily wooded sections, but in lawns, camp sites, and picnic grounds where grass can be cut close, the job can be done inexpensively and without much trouble.

He recommends dusting or spraying with crude benzene hexachloride at the rate of 2 to 5 pounds per acre.

"Your summer will be more pleasant for the effort," the doctor advised.

A Tip To Veterans of Any Service.

Vacancies still exist in the U. S. Air Force in your old grade or higher, if you qualify in any of 200 technical fields. You can skip basic training—Initial assignments will be made to an

Air Base in your immediate vicinity. See your local Army and Air Force Recruiting Officer for complete details.

Confetti---

another disappointment in its decision to revise the RFC, placing administrative control in one director instead of a five-man board. After the stink discovered in the Fulbright investigation we had hopes that the agency would be discontinued altogether.

We'll give the benefit of a doubt and assume that some or perhaps all of the corruption is being removed, but we're still mindful of expert opinion from men like Jesse Jones that the RFC has outlived its usefulness and should be abolished altogether.

There were cases back in depression days when sound and deserving enterprises needed the government's financial help to pull through the emergency. Banks were not able to handle the deals. But things are different now. Banks are able to handle the deals, so there is no longer a valid excuse to continue the RFC.

In just a few words, here are the principal reasons why this column believes the RFC should have been wiped out. It requires unnecessary federal employees who ought to be changed from

tax eaters to tax payers. It provides another haven for political cronies, influence peddlers and other undesirables. It is socialistic in that it is a business operated by the government in competition with private enterprise. And it is unsound economically in that it entrusts lending to men who do not take a personal loss on bad deals... taxpayers are the losers when RFC makes a bad deal. In that connection this column believes that RFC hasn't a moral right to make any kind of a loan. If a client's credit is good, a legitimate tax-paying business like a bank is entitled to the deal. If his credit isn't good enough for a bank, the RFC has no right to risk taxpayers' money on it.
