

MUENSTER ENTERPRISE

VOLUME XV

MUENSTER, COOKE COUNTY, TEXAS, JULY 13, 1951

NUMBER 34

Another gratifying development in behalf of the soil conservation movement in Texas was the announcement in Dallas last week that the Texas Bank and Trust Company has instituted an annual awards program to recognize five of the state's outstanding soil conservation district supervisors each year.

Jack Garrett, president of the bank, said that his bank is definitely concerned with the growth and expansion of the soil conservation program in Texas and wanted to give encouragement to its development.

Behind that announcement by the Texas Bank and Trust Company is a little story which should give considerable satisfaction to us of the Upper Elm-Red district. Until last May Garrett was just another of the many metropolitan bankers who took agriculture for granted. But then he attended the soil-awards banquet in Gainesville . . . and started thinking about the urgency and vital importance of the soil conservation movement. Now he's taking an active part in promoting the good work.

Thanks to the awakening of men like Garrett the soil conservation movement is gaining momentum in Texas. By comparison with the support it deserves, however, the movement is still lagging pitifully.

On an average the metropolitan financial and civic leaders are bubbling over with ideas relative to industry, transportation, marketing, mining, petroleum or sulphur. But they think too little of soil depletion. Many are aware that land isn't what it used to be, and they actually show concern about providing new means to occupy those who have had to leave the farm.

Figured on a long term basis those leaders have been guilty of deplorable short sightedness. A few generations hence the history of Texas economic development will tell an appalling story of feverish anxiety to get at resources under the ground while neglecting even more precious resources going to waste on the surface. It does seem absurd, doesn't it? It prompts us to wonder why the whole state doesn't join in a mighty movement adopting soil conservation and development as its most urgent concern.

Common sense tells us that's the thing to do. Oil, sulphur, minerals and such resources are safely stored under the ground. They can't get away. But fertility can and does get away. Well, then, which job ought to come first?

The urgency becomes more apparent when we consider the nature and use of the resources. Land is basic. It is the one resource needed to sustain life. It supplies all food and clothing. Without it we would not be here to use the other resources. Can anyone think of those things and doubt that land conservation is the state's number one concern?

The Texas Bank and Trust Company deserves credit for joining in a big and worth while undertaking. And it deserves credit also for offering its awards to a group of men who to date have been the real unsung heroes in the conservation movement.

Supervisors as we all know, are the men who have to handle all administrative work in the program. They put in lots of hours at no pay and the good they accomplish enriches people all over the district. They are public benefactors in a big way, and they richly deserve any recognition they get for their efforts. In a way they are more deserving than individual farmers who gain distinction for notable achievement. The profit from a farmer's effort enriches him, but the profit from a supervisor's good work enriches those who cooperate in his program.

Reports from Washington lately seem to indicate that controls are due to be trimmed down considerably. Which, in (Continued on Page 12)

Carter and White To Appear Monday At Ag Club Meet

That meeting of the Cooke County Agricultural Club originally announced in last week's Enterprise for Monday, July 9, will be held next Monday, July 16, for sure. The time is 8 p.m.

As revealed in the previous notice, the meeting will be held in the public school auditorium, and it will present State Senator Joe Carter and Commissioner of Agriculture John White as speakers on a program which will follow the regular business session.

Ray Kupper, president of the organization extended a general invitation to all farmers and business men of the community, whether or not they are club members, to come and hear the messages of these officials Monday night.

Muenster business men are cooperating with the club by providing refreshments for the group. Rudy Hellman, in charge of that detail, said the refreshments will probably be ice cream.

Heretofore the agricultural club meetings have been held in the community center building at Gainesville. Next week's meeting here is the first of a series to be held in rural areas of the county.

Area Teams Form Softball League

With the softball season practically half gone the seven teams of this area finally got together this week and organized a league. Until now all the clubs had been operating separately, arranging for games as best they could.

According to Pat Hennigan, VFW manager, the league will include Muenster Veterans Muenster Ruffnecks, Bezner Chicks, Lindsay, Era, Saint Jo and Nocona. Games will be played on Tuesdays and Thursdays of each week until each team has played each other team twice. First games will be played next Tuesday night.

The schedule has not been drawn up at this writing, and it is not known now which of the two local teams will play here. Hennigan pointed out, however, that with two entries in the league Muenster is due to have a home game every scheduled night.

Getting back in action since the recent rains, both local teams went down in defeat. Monday night Saint Jo bested the Veterans 17 to 8. The previous Tuesday night Nocona trounced the Ruffnecks 14 to 7.

Visiting Mrs. Fr. Seyler since Tuesday is her sister-in-law Mrs. Lula Neises of Temple.

The Earle Ottos joined his brother, Sidney Otto and wife and daughter Patsy, of Gainesville Friday for a weekend trip to Galveston.

Mrs. C. D. Richards and son of Albuquerque, N. M., arrived the latter part of last week for a visit with her parents, the Matt Mullers.

GOING HOME—F9F Panther jet fighters wing homeward to the deck of the carrier USS Princeton, upper left, after another air strike in support of UN forces battling Communist troops in Korea.

Mrs. J. D. Hott Hurt In Car Crash Sunday

Mrs. J. D. Hott was released from Gainesville Sanitarium Tuesday after being a patient, since suffering injuries in a car accident Sunday evening.

The accident occurred on Main street here at 7 o'clock when the car in which Mrs. Hott was riding with her husband collided with a car driven by Herman Moster of route 6 Gainesville.

Mrs. Hott received a serious gash on the right side of her throat when she was thrown against the instrument panel of the car. A Gainesville ambulance was summoned to take her to the sanitarium.

Damage to the Hott car was estimated at \$250 and to Moster's at \$450.

Former Resident Dies at Wichita

Mrs. Mary Geis, 79, sister of Mrs. J. M. Weinzapfel, and a former resident of Muenster, died in a Wichita Falls hospital Tuesday morning at 8:45 after being ill about six weeks. She had been bedfast four weeks in the home of a daughter in Electra with whom she resided the past five years.

Funeral services were held Thursday morning at Sacred Heart church in Wichita Falls and the body was taken to Scotland for burial.

Mrs. Geis, the former Mary Meurer, was the oldest of the 12 children of Mr. and Mrs. John H. Meurer. Her father was a native of Germany and her mother was a native of Holland. Mary was born April 15, 1872 in Lutesville, Mo., came to this community with her parents as a young lady and married Mr. Geis here, then moved to Scotland to reside. He died there many years ago.

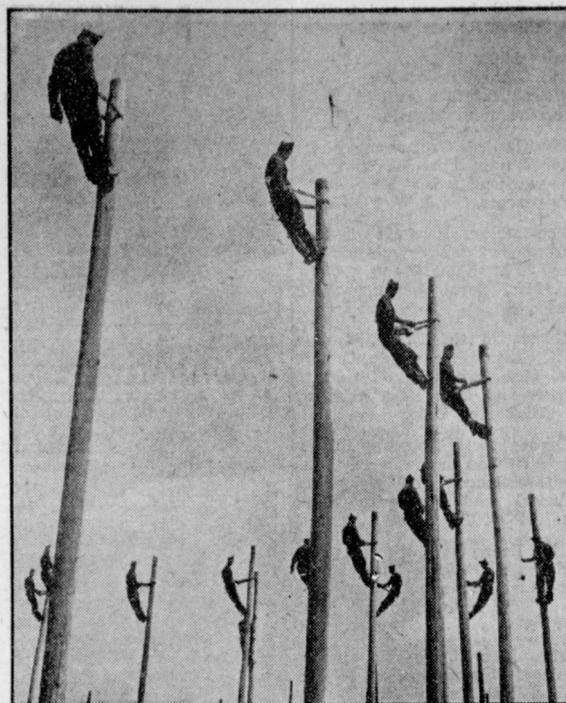

Survivors are three sons, L. J. Geis of Wichita, W. J. of Scotland, and W. H. of Sunset; one daughter, Mrs. Frank Leischer of Electra; four brothers, Joe and Charles Meurer of Windhorst, H. A. (Dick) of Scotland, and W. L. of Slaton; five sisters, Mmes. S. P. and Ed Otto of Wichita Falls, Mrs. Carrie Wolf of Stratton, Colo., Mrs. Lucy Jansen of Canon City, Colo., and Mrs. Weinzapfel of Muenster.

WITH THE MEN IN SERVICE

Paul Luke has received a promotion to Private First Class at Camp Carson, Colo., where he is training for company clerk.

PFC Henry Felderhoff recently left Fort Sam Houston at San Antonio for Fort Bragg, N. C. His new address is: PFC Henry A. Felderhoff, 321st A. M. D., Ex. Southern Pine, Fort Bragg, N. C.

Arthur Hennigan left Wednesday to return to San Diego, Calif., after completing a leave with his parents, the Fred Hennigans. He will leave the San Diego Training Station soon for further training with the Navy in Rhode Island.

GETTING UP IN THE WORLD—Communications lines are vital to an army and in combat zones must be constantly repaired. So the U. S. Army Signal Corps trains "pole climbers" like those seen above at Camp Gordon, Ga. After six weeks of training in maintenance of communications equipment, students are assigned to duty with regular Signal Corps units.

13th District Will Vote Sept. 8 for Gossett Successor

AUSTIN.—A special election to name a congressional successor to Rep. Ed Gossett of Wichita Falls will be held Sept. 8, Governor Shivers announced Friday.

Gossett has resigned effective July 31 to become general counsel for Southwestern Bell Telephone company.

Candidates for Gossett's place are expected to include Walter Jenkins of Wichita Falls, who recently resigned as administrative assistant to U. S. Senator Lyndon Johnson, District Judge Frank Ikard of Wichita Falls, State Rep. Doug Crouch of Denton and State Senator Wayne Wagonseller of Stoneburg.

State Rep. Deno Tufares of Wichita Falls also has indicated he may make the race.

County's Recorded Voting Strength For '51 is 5,179

Cooke County this year has 5,179 recorded qualified voters. According to figures released last week, the county tax office has issued 3,936 poll tax receipts and 1,234 exemptions.

The number, however does not represent the county's total voting strength. It does not include the complete list of over-age citizens living outside the city of Gainesville who are qualified to vote without an exemption certificate.

This year for the first time over-age people of Gainesville come under the regulation requiring aged persons in cities of 10,000 or more to get exemption certificates. Prior to the last census report no over-age county resident needed a certificate. Some persons outside Gainesville also secured exemptions this year even though they were not required to do so.

The combined recorded voting strength of Muenster's two boxes this year is 539. South Muenster has 112 paid polls and 6 exemptions. North Muenster has 368 paid polls and 53 exemptions. Most exemptions for these boxes consist of under-age voters. Allowing about 60 for over-age voters, the community's actual voting strength is approximately 600.

Citizens of this area will have at least two more opportunities to vote this year. A special election on September 8 will name Ed Gossett's successor to congress. Another in November will accept or reject proposed constitutional amendments.

Knights Meet This Thursday and Next

This month's regular meeting of the Knights of Columbus, normally held on the first Wednesday, will be held this week Thursday, according to an announcement by Grand Knight Herbert Meurer.

The principal business at that meeting, Meurer said, is the installation of officers elected at the regular meeting in June. J. W. Fisher, who received word last week that he has been appointed to another term as district deputy, will be in charge of the installation.

Originally the meeting was postponed a week because the regular date fell on July 4, then it was postponed another day because the CYO Club will use the hall this week Wednesday.

Next week's regular K of C social gathering also has been postponed from Wednesday to Thursday. The change was made to avoid conflict with other scheduled activity.

Drive and Picnic Raises \$20,000 for New Church Fund

A tally of proceeds this week revealed that the combined drive and community picnic sponsored jointly by local Knights of Columbus and Catholic Daughters of America added about \$20,000 to the new Sacred Heart Church fund.

Cash donations received in the drive amounted to \$16,575, and promissory notes boosted the amount by \$1,227. Net proceeds from picnic concessions and the dance amounted to slightly more than \$2,350.

Speaking for himself and members of the committee, Chairman Arthur Endres expressed appreciation to all who contributed to the success of the venture, to the workers who helped conduct the drive and picnic, to all those who responded with donations and their attendance at the picnic and dance.

Glenn Hellman had his tonsils removed at the local clinic last Thursday.

Mrs. Al Yosten returned home Sunday from Gainesville sanitarium and is recovering normally from major surgery. She says many thanks to all who remembered her with cards, flowers and other kindnesses while she was in the hospital.

Jim Enderby, 11, son of the Sam Enderbys of route 6 Gainesville had an operation Saturday at Gainesville sanitarium.

Red River Ferry North of Muenster To Be Started Soon

A project which has been considered in this area for several years, the road and river crossing to connect Muenster with Leon and Jimtown, Okla., is due to get under way next week.

Jerome Pagel disclosed Wednesday that the Community Lumber Company has all materials to be used on a heavy duty ferry capable of transporting a loaded trailer truck across Red River. C. J. Fette, in charge of building the craft, expects to start the work next week.

Local business men who are backing the project look forward confidently to developing a mutually beneficial relationship between the two areas that will be connected. They also have visions of eventually developing sufficient traffic to warrant the construction of a bridge across the river. That possibility is indicated by a recent appropriation to build a bridge replacing a ferry near Clarksville.

The connection between Muenster and the river bend area of Oklahoma is a natural in several respects. By direct route and ferry crossing Leon and Jimtown are about 20 miles from Muenster. The nearest present route is more than 50 miles, nevertheless stockmen of the area have been taking the long route to bring their cattle to the Muenster Livestock Auction. Others in the bend have indicated that they would like to send milk to the local cheese plant.

The route also has possibilities of becoming an artery of traffic between Oklahoma City and Fort Worth. It is on a direct line between the two cities and may in time become the connecting link between pavement extending from each. At this time plans are under way to connect Gainesville and Decatur. An extension of the South Muenster road connecting with it near the Denton County line would provide a direct way to Fort Worth. A road south from Oklahoma City already extends as far as Lindsay.

Commissioners on both sides of Red River have agreed to build or improve roads approaching the ferry, which will be slightly west of due north of Valley Creek. In Oklahoma the road will extend due south from a point about midway between Leon and Jimtown. On both sides the job consists mostly of repairing present roads. Very little new road building will be necessary.

The ferry will be anchored to each shore by a cable. A motor boat will serve as a tug to pull it across the river.

Softball Pee Wees Will Play Friday

Another battle of the little fellows is shaping up for Friday night when the Junior Scouts take on the Muenster Pee Wees. The game is due to start at 8:30.

Last Friday night the Junior Scouts had a big time defeating the Gainesville Scouts by a lopsided score. Senior Scouts started the game and took an early strong lead. After that Manager Steve Moster turned the game over to his juniors.

SCHEDULE OF COMING EVENTS

FRIDAY, July 13, CDA meeting, K of C Hall, 8 p.m., followed by social in Mrs. Ben Seyler's home.

FRIDAY July 13, Junior Scouts vs Muenster Pee Wees. 8:30 p.m.

MONDAY July 16 Cooke County Agricultural Club program, Public School 8 o'clock.

TUESDAY July 17, Softball, first league game.

THURSDAY July 12, K of C meeting.

THURSDAY July 19, K of C social program.

Local NEWS Briefs

Mmes. J. B. Wilde and M. J. Endres spent Friday in Dallas.

Jim Cook spent the weekend in Bowie with friends.

Donny Whitt is spending the week with his cousin, Kenneth Whitt in Fort Worth.

The Lex Linns and son Dave of Pasadena, Texas, visited here last week with his brothers, Joe and Russ.

Miss Theresa Winstead of Amarillo is here for a vacation visit with her grandparents, the J. R. Winsteads.

Miss Joan Roberg of Fort Worth is here this week on vacation with members of her family.

The E. P. Buckleys had as guests Tuesday and Wednesday the R. J. Burks and son of Dewey, Okla.

Andy Yosten has joined the personnel in the mechanical department at the F. E. Schmitz Motor Company in Gainesville.

Rev. Cletus Post left Sunday to attend the funeral of a cou-

sin in Altus, Ark., and returned Wednesday night.

The Ralph Hellmans and son of Fort Worth spent Sunday here with his brother, Charley and family.

Mrs. Effie West has returned home after visiting several weeks with her son and family, the Albert Rectors at Sherman.

Miss Stella Streng has returned to Gainesville after spending a week's vacation with her parents, the John Strengs.

Mrs. Darrell Trotter and daughter Jan of Fort Worth spent the weekend with Mrs. Trotter's parents, the J. W. Fletchers.

The Melton Ramseys of Karmay spent Sunday with his father, V. M. Ramsey and his sister, Mrs. Sam Sparkman and family.

Guests in the R. M. Zipper home last week were his sisters, Mrs. Annie Till of Corpus Christi and Mrs. Dora Fritcher of Chickasha, Okla.

Dinner guests Thursday in the Jos. Fleitman home were Mrs. Andrew Roewe and daughter, Frances, and Catherine Heuman, all of Pilot Point.

The Leonard Luttmers and children of Valley View spent the Fourth with her father, Jim Walker and grandmother, Mrs. Ada Walker.

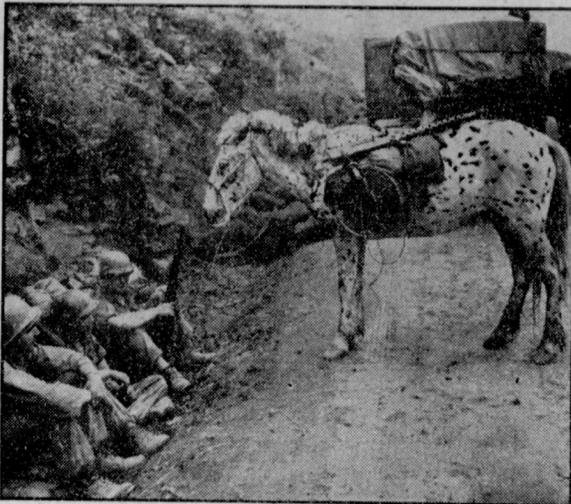

Miss Joan Zipper who attends business college in Fort Worth visited last Friday in Dallas with her sister, Miss Ernie Zipper.

Mr. and Mrs. Tom Sears and children of Orange are spending this week of his vacation here with his parents, Mr. and Mrs. Byron Sears.

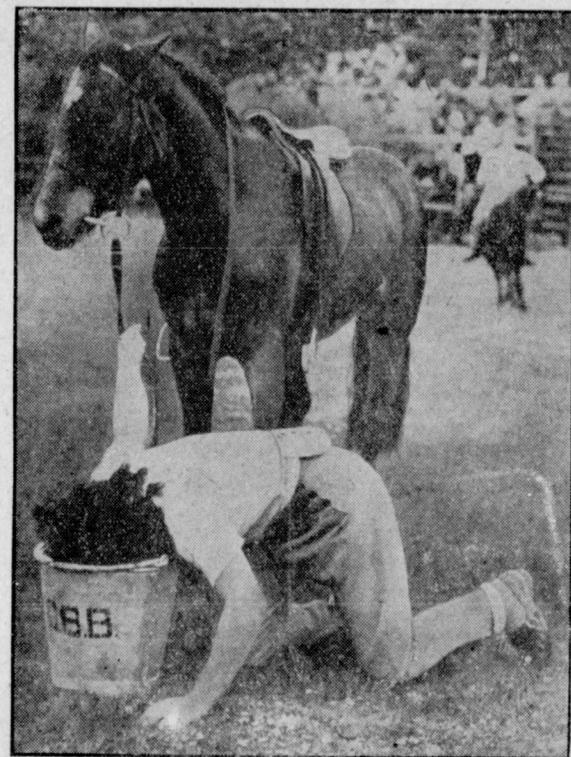

Monte Hellman who is attending summer sessions at Marquette University is here for a short visit with his parents, the Rudy Hellmans.

Mrs. Henry Walterscheid had as dinner guests Thursday her niece and nephews, Mrs. Ed Sturm, and Joe and Alois Pels and their families of Pilot Point.

The Bill Strengs and four children of Modesto, Calif. are here this week to visit his par-

THEY ALSO SERVE WHO ONLY STAND — War does not always consist of bombs, bullets and bayonet thrusts. Sometimes it consists of just sitting around and waiting for the order to move on again. At such times it is deemed highly desirable to have a recruit who will carry more than his share of the load, which is precisely the reason why these G.I.'s in Korea enlisted a native horse in their outfit.

PAIL AND WON—The horse looks as if his rider, Mavis Wilkins, is so hungry she has to eat his old oat dinner. But she's just ducking for apples as one of the stunts in an obstacle race in the Festival of Britain horse show and gymkhana at Bournemouth, England. Mavis won, heads down.

From where I sit ... by Joe Marsh

Might Say The Birds Got "Nettled"

Had dinner with Tik Bradley the other day, and over a frosty bottle of beer I found out about his job with the U. S. Fish and Wildlife Service.

"Now just exactly what do you do?" I asked him. "Shoot birds with a cannon" he calmly replies.

Seems they actually do use a cannon—to shoot out a net over a flock of birds feeding on the ground. The birds start to take off at the sound of the shot, but the settling net brings them back to earth. Then they're banded around the leg so more can be

learned about their migratory habits. Afterwards, they're let loose—and everyone's happy.

From where I sit, it was a good example of how when you learn the real facts they're often not as bad as they may sound at first. Like with people. Get to really know your neighbor and chances are you'll be more tolerant of his preferences—even though they're not your own. Take a good look, before you jump to conclusions.

Joe Marsh

Mary Ann Sicking, Jerry Pels United In Thursday Rite

Miss Mary Ann Sicking, daughter of Mrs. Henry Sicking of Münster and Jerry Pels of Pilot Point, son of Mrs. Agnes Pels of Fort Worth, exchanged marriage vows in Sacred Heart church at 8:30 on Thursday morning, July 5.

Rev. Cletus Post officiated at the double ring ceremony and at the nuptial high mass. Gladiali and Snow on the Mountain and daisies adorned the altar.

Anthony Luke, organist, played the traditional wedding procession and recessional and accompanied the church choir in singing the Gregorian chant "Mass of the Angels."

The bride was lovely in a formal white gown of sheer eyelet embroidered organdy worn over a hooped taffeta petticoat. The dress featured a Peter Pan collar, short puffed sleeves, fitted bodice and bouffant skirt terminating in a wide ruffle caught at intervals with blue bow knots. She wore a fingertip length veil of nylon net attached to a tiara of orange blossoms and seed pearls, and completed her costume with nylon net mitts. Her flowers were an arm bouquet of white carnations.

For something old the bride wore an antique gold brooch belonging to her grandmother, Mrs. Gus Knabe, and for something borrowed she carried a white prayer book belonging to her sister, Mrs. Bernard Gieb.

Attending the bride were her sister, Miss Clara Mae Sicking as bridesmaid, and the groom's cousin, Miss Rose Ann Sturm as maid of honor. Their dresses of sheer yellow and blue organdy, respectively, over taffeta were made identical to the bride's. They wore matching picture hats and mitts and carried colonial bouquets of painted daisies.

Harry Sicking, brother of the bride, was best man, and Paul Sturm was groomsman for his cousin.

Mrs. Sicking attended her daughter's wedding in an Irish linen lace dress in ecru shade, a white lace picture hat and other accessories in white. Mrs. Pels wore a navy blue crepe dress with white accessories. Both wore corsages of white carnations. Mrs. William Pels of Pilot Point and Mrs. Gus Knabe grandmothers of the couple, al-

MRS. JERRY PELS whose marriage took place last Thursday is the former Mary Ann Sicking. Since returning from a short wedding trip Mr. and Mrs. Pels are making their home in Pilot Point.

Boyd & Breeding Photo

so had white carnation corsages.

After the services, brunch was served in the home of the bride's mother to members of the bridal party and Father Cletus, the immediate members of both families and the two grandmothers.

A lace cloth covered the bride's table which held the three-tier wedding cake. Yellow and blue asters were used in an arrangement on the table, and summer flowers decorated the home.

An informal reception began at 3:30 in the Sicking home and a buffet supper was held at 5 for about 100 guests. Misses Dolores Haverkamp and Betty Jo Owen presided at the bride's

Mrs. Pels is a native of Münster and attended Sacred Heart school.

Among out of town guests at the wedding were Messrs. and Mmes. Bill Pels, Ed Sturm and family, Joe Pels, Alois Pels, and Andrew Roewe and family, all of Pilot Point; Miss Christine Roewe and Miss Catherine Heuman, Walter and Billy Dankesreiter and Charles Boerner of Pilot Point; the Bernard Giebs and family of Lindsay and the Carroll Sullivants of Gainesville.

GIFT PARTY COMPLIMENTS NEWLY MARRIED COUPLE

Mr. and Mrs. Jerry Pels of Pilot Point, newly married couple, were honored with a miscellaneous gift shower and party Tuesday afternoon in the home of Mrs. Henry Sicking with Mmes. C. L. Dickerson and Gene Gieb as co-hostesses.

The party rooms were decorated with summer flowers and the gift table was centered with potted yellow and blue asters.

The hostesses directed game and contests in which Dolores Haverkamp, Mrs. Andy Monday and Mrs. Pels won prizes.

After the shower gifts had been opened and admired the hostesses served ice cream and cake to 24 guests.

MRS. CLARENCE HELLMAN CLUB HOSTESS THURSDAY

Mrs. Clarence Hellman entertained members of the Get-Together Club in her home Thursday when the group gathered for a regular afternoon of progressive 42.

Summer flowers adorned the party rooms and the hostess arranged four tables for the games.

Awards went to Mrs. Joe Kathman for high score and to Mrs. John Wieler for low tally while Mrs. J. B. Wilde secured the galloping prize.

The hostess served ice cream and cake to members and two guests, Mrs. Gus Hellman visiting here from Corpus Christi, and Mrs. M. J. Endres.

ERNIE ZIPPER TO MARRY JIM STOCKMAN AUGUST 4

Mr. and Mrs. R. M. Zipper have announced the engagement and approaching marriage of their daughter, Ernie, to Jim Stockman of Dallas and Tulsa.

The wedding will be solemnized in Dallas on the morning of Saturday, August 4.

The bride to be has chosen her sister, Joan as maid of honor and her niece, Joanie Kaiser as flower girl.

Meanwhile a series of pre-nuptial courtesies are honoring Miss Zipper. A crystal shower was held in Tulsa on June 23.

Miss Zipper is a native of Münster and a graduate of Sacred Heart High school with the class of 1948. She attended business college in Amarillo and

has been employed in Dallas for the past two years. Mr. Stockman, whose parents live in Tulsa is also employed in Dallas. They will reside there after their marriage.

FORTY-TWO CLUB MEETS IN AL FLEITMAN HOME

The Al Fleitmans were hosts in their home last Tuesday when the Forty-Two Club gathered for a regular evening of games.

Prizes were won by Ed Endres for high score and Mrs. Ed Endres for low score. Walter Klement won the galloping award.

Mrs. Fleitman served refreshments to 16 members including Mr. and Mrs. Eddie Fleitman, new members.

LET'S STOP THIS WASTE

"Then spake Jesus to the multitude, and to his disciples, saying, 'The scribes and Pharisees sit in Moses' seat: All therefore whatsoever they bid you observe, that observe and do; but do not ye after their works; for they say, and do not.'"—Matthew 23:23. From this admonition of Christ has grown a popular precept, usually reserved for mortals who haven't formed the habit of practicing what they preach. It goes like this: Do as he says, not as he does.

Leland Burress, editor of the Gooding (Idaho) Weekly Leader, thinks the precept might well apply in the case of Edward H. Foley, a Federal Treasury official, and what happened recently at Sun Valley. Mr. Foley had come out to Sun Valley from Washington to tell the Idaho Bankers Association what this country needs and what each citizen should do. Mr. Burress, the reporter-editor, got the facts.

Saying and Doing

What Mr. Foley said: "One major financial mobilization need at this time is that each individual citizen be made acutely aware of the desirability of curtailing his own expenditure programs so far as they

fall outside the defense area." In other words, we citizens must cut down on non-essential expenses, tighten up the old belt, cheerfully sacrifice our pleasures so that we can meet the tax bill for the nation's defense.

What Mr. Foley did: He took with him to Sun Valley his wife and Mr. Preston Delano, Federal comptroller, and Mrs. Delano. The Foley party disdained use of commercial transportation. They decided, it seems to make the trip a pleasure junket supreme! A 40-passenger four motored Coast Guard transport, with a crew of six officers and enlisted men, became the private air-liner for the party of four. The Foley party remained at the swank Sun Valley resort altogether four days — and so did the flight crew of six. Just the gas, oil and lubrication for the party's junket cost an estimated \$1,945 and the crew's pay and maintenance expense for the four-motored Coast Guard transport must, of course, be added to the cost which the citizen-taxpayer must "tighten up the old belt" to pay!

Highest of Government

Mr. Burress, the Idaho newspaperman, wasn't searching out secrets. The story of what Mr. Foley said and what Mr. Foley did was dropped in his lap. The big Coast Guard C-54 came down on the Gooding field near his newspaper office and stayed four days while the Foley party enjoyed Sun Valley scenery and the famed cooking. The several thousand dollars waste of taxpayers' money and the inconsistency in what this Federal Treasury official said and

*Quoted from the "Dictionary of Foreign Words," issued by the Soviet Government.

"The Fool Hath Said In His Heart, There Is No God" Psalms 53:1

what he did is but a tidbit example of what's transpiring on a huge, wholesale scale in our government.

Before the Communists invaded South Korea and drew the United States into the war, the Hoover Commission had turned up sufficient evidence of bureaucratic mismanagement and

waste to warrant recommendation of \$3 to \$4 billion reduction in Federal spending; and in the President's present \$72 billion budget for the coming fiscal year qualified authorities on Federal finance have said \$9 or \$10 billion of unnecessary spending could be saved by the institution of commonsense econ-

omic measures — without hurting the defense effort.

Economy — Yes and No
 "Strict economy in non-defense spending is required," said President Truman in his budget message. And Secretary of Defense Marshall echoed: "We must avoid waste of the productive energies that have helped make our nation powerful". That's what they say. But where are the economy measures? Well, the Secretary of the Treasury has just renewed a request for \$100 billion in new taxes — which would hit the earnings of everyone a severe blow.

It is true (as Secretary Snyder says) that we should balance the budget. This is a basic need to halt ruinous inflation. But it is also true that present tax revenue would be more than sufficient to meet all the real needs of the government — IF capable management and strict economy were applied throughout the whole extravagant and seemingly heedless Federal bureaucracy. It's a big "IF". Tightening up the old belt seems to be a slogan meant only for taxpayers. For government employees and bureaus it just simply doesn't mean what it says. Mr. Foley's under-secretary of the Treasury, has demonstrated that fact. It is high time the taxpayers called a halt to the gross extravagance in our government, for it is robbing us all and dissipating the productive energies of the whole nation. Unless we do the outcome could be very very serious.

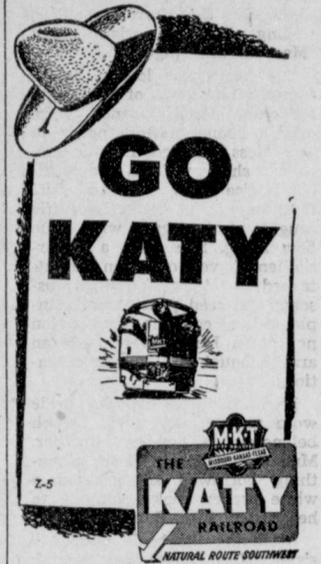

The four cornerstones of character on which the structure of this nation was built are: initiative, imagination, individuality, and independence.

—Capt. Eddie Rickenbacker

Taxpayers Furnish 19,888 Automobiles.

It costs the taxpayers plenty to supply Federal employees with automobiles and gasoline to run them, according to testimony before a Senate Appropriations sub-committee.

General Services Administrator Jess Larson testified that the executive branch of the government alone operates 19,888 cars. The President, cabinet officers, and other high officials have limousines. Employees in the lower ranks get coupes or jeeps. The government also hires 7,052 full or part-time chauffeurs to operate the cars, which drive an estimated total of 220,000,000 miles per year.

Ikard Announces Platform in Race For Congressman

District Judge Frank Ikard of Wichita Falls has authorized the Muenster Enterprise to announce his candidacy for U. S. Representative from the 13th Congressional District of Texas subject to the special election Saturday, September 8.

Governor Allan Shivers has called this election for selection of a successor to Rep. Ed. Gossett, who has resigned effective July 31.

A native of Clay County, where his parents, Mr. and Mrs. Lewis Ikard, reside, Judge Ikard is of pioneer stock. His grandfather, the late W. S. Ikard,

laid out the city of Henrietta and later introduced Hereford cattle in this North Texas area.

Judge Ikard attended the public schools of Clay County and was graduated from the University of Texas. As a youth, he worked on the farm and in the wheat harvests. He also made several trips as a "herder" with carloads of cattle which were shipped to markets in Fort Worth, and worked summers as an ambulance driver on night call in Henrietta.

While attending the State University Judge Ikard served as deputy sergeant at arms for the Texas State Legislature in Austin for three years to help pay his way through school.

"This also was a labor of love, because I enjoyed the parliamentary processes of law making. I resolved then to take part in this work, but realized that a man should have some practical experience with local problems and should know the people he represents," the Judge recalls.

He has been a practicing lawyer in Wichita County since his graduation from law school in 1937, with the exception of his military service.

A combat infantry private with Company M, 110th Infantry of the 28th Division, Ikard was sent overseas to France, Belgium and Germany after 17 weeks of basic training. He won two battle stars before he was captured following a delaying action in the Battle of the Bulge. He was held prisoner of war for seven months, during which time he learned of the horrors of Nazi prison camps. His normal weight of over 200 pounds on his six-foot, four-inch frame was down to 150 pounds when he was liberated in central Germany.

"My experience as a combat infantryman has given me a strong desire to keep my country out of war if possible, and my experience as a prisoner of war has given me an everlasting desire to preserve the American way of living," the Judge declares.

"I believe our standard of living must be protected from further inroads of inflation," Judge Ikard said, adding, "because people who work for a living cannot continue to meet the ever-increasing cost of living and businessmen see yesterday's profits eaten up by today's costs of operation."

Frank Ikard was elected by the Democrats of Wichita County as Chairman of the Wichita County Democratic Committee in 1946 and 1948, and headed the Texas State Veterans Affairs Commission in 1947 and 1948. He resigned these posts when he was named judge of the 30th District Court by the late Governor Beauford Jester.

As a district judge he has established an outstanding record, disposing of cases before his court at the rate of 750 a year. This is approximately three times the rate of the average district court in the state. He was elected judge of the 30th District Court for a second term in 1950 without opposition.

He is known as a tireless worker. Litigants before his court have always found that they can

obtain a hearing, and the public outside his court have found him ready to serve in any capacity — from committee work with groups to actual flood residue work such as last summer when he worked around the clock taking people from their flooded homes.

Judge Ikard has always occupied a prominent place in the civic and religious activities of North Texas. Because of the life saving food packages he received from the Red Cross in German prison camps he has been active in Red Cross work and is the first and only North Texan to ever serve on the national board of governors of that organization. He serves with many distinguished Americans.

He also is active as a member of the board of the Young Men's Christian Association and has served as Chairman of the Wichita County Juvenile Board.

Ikard is 37 years old and is married to the former Miss Jean Hunter of Wichita Falls. They have two sons, Frank, Jr., 9, and Bill, 5, and live at 2410 Dartmouth.

(A political Announcement)

Blessed Events

Mr. and Mrs. Frank Stoffels announce the birth of a son, their second boy, at the local clinic on July 5. Baptism services were held on July 9, Father Anthony Schroeder officiating and Meinrad Stoffels and Anna Mae Fuhrmann assisting as sponsors. Mrs. Stoffels is the former Rose Fuhrmann of Lindsay. Nick Stoffels of Muenster and the Willie Fuhrmanns of Lindsay are the grandparents.

Joe Ray is the name of the son and heir of Mr. and Mrs. Raymond Kupper of Lindsay. He weighed in at 7 pounds on July 9 at Gainesville sanitarium. His mother is the former Bernice Haverkamp of this city and the J. J. Haverkamps are the grandparents.

Mr. and Mrs. George Moster of Lindsay are the parents of a five pound 15 ounce daughter born at Gainesville sanitarium on July 3.

1 Inch Rain Weighs 113 Tons Per Acre

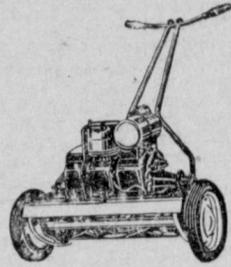

An inch of rain may not sound like much but actually it means 113 tons of water have fallen on an acre of ground or 72,000 tons on a square mile. A 10 inch snowfall will amount

to the same thing. Scientists estimated that rain and snow in the amount of sixteen million tons per second falls on the entire earth's surface.

Hand signals for motorists may be abolished because everybody's got his hand out these days.

SECOND OLDEST STATE BANK IN TEXAS

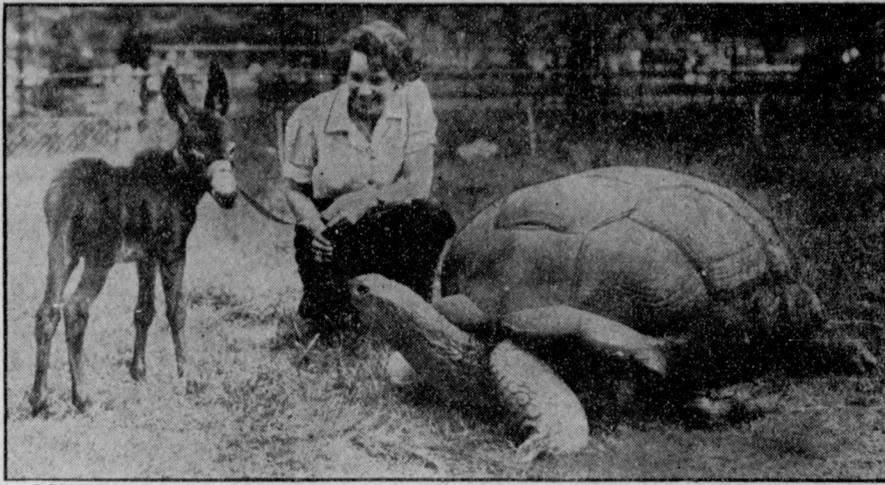

Texas Has Leading Livestock Auction Volume of Nation

COLLEGE STATION.— Texas is the leading state in number of livestock auctions and in number of cattle, sheep and hogs marketed by this method, according to a new bulletin released by the Texas Agricultural Experiment Station. The greatest growth in numbers of auctions has occurred in the past 15 years.

Several reasons are given for the increased growth. Farmers and ranchmen like the ease and convenience of selling and buying through auctions. They like the social and educational aspects of the auction. It provides an opportunity to meet friends and discuss the merits of the animals sold in relation to the prices paid.

According to the Livestock Sanitary Commission of Texas, 168 auctions were operating in Texas on October 20, 1950. Thirty-seven of these auctions in various parts of the state were included in a study made recently by Dr. John G. McNeely, Charles B. Brotherton and Travis M. McKenzie, research agricultural economists.

This study of livestock auctions is mainly descriptive. It does not attempt to point out

SOMETHING NEW, SOMETHING OLD—This ancient tortoise seems to take a dim view of "Ascot," week-old baby donkey, as Peggy Mann introduces them at the London Zoo. "Ascot" looks a bit dubious, too, probably wondering if he's up against a General Patton tank.

any advantages this method of sale may have over other methods, McNeely said. It is an introductory step in what is hoped to be a continuing study of the various types of market outlets available to Texas livestock producers.

Bulletin 732, "Livestock Auctions in Texas," is available from the Publications Office, College Station, Texas.

IN CASE YOU'D LIKE TO KNOW, it required 6,877,000 civilian employees in Federal, State and local establishments to provide us with government in the month of April. The payroll was \$1,645,000,000. Of this total, 2,385,000 toilers worked for Uncle Sam for \$694,300,000. And still they come . . . by the thousands!

"A second-rate army is just as useless as the second-best poker hand."

HOUSE THAT ALAIN BUILT—Six-year-old Alain Cardot and his mother, Mrs. Robert Cardot, gaze happily at the little doll house that served as a model for Alain's prize-winning poster in the Marshall Plan's Child Art Contest. The Cardot family (that's 10-month-old Fylzie in the center) lives in a one-room Paris walk-up.

Lightning Scary, But Simple Rules Reduce Hazards

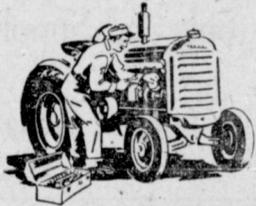

Lightning is not the most important accident killer by far — about 300 deaths a year — but because of its ripping power, its noise and its blinding flash it has held a fearsome aspect for man through the ages. To understand it better, the National Safety Council offers these facts:

problem, as far as individual protection is concerned. Nine-tenths of the fatalities and injuries occur in rural areas or in outlying districts where buildings are isolated and relatively small.

Avoid High Places

High places are the most dangerous. If you must remain outside a shelter, find a gully, a cave or the base of a cliff. Second best is a grove of trees, if care is taken not to stand under the tallest one. Avoid hill-tops, isolated trees and lone buildings.

An ordinary house in a settled district is relatively safe, since

Muenster

there usually are higher structures nearby and the network of plumbing and wiring in a house provides some protection. It is a good idea, however, to stay away from large metal objects in a house, especially if they are connected to the outside by wires.

But don't think that lightning never strikes the same place twice. Wherever lightning strikes,

there is a possibility that it may strike again because certain conditions at that spot may offer a special attraction.

Mrs. N. T. Clark of Gainesville spent Thursday with her daughter, Mrs. Joe Linn.

A SMILE

A smile is quite a funny thing; It wrinkles up your face, And, when it's gone, you never find Its secret hiding place. But far more wonderful it is To see what smiles can do; You smile at one, he smiles at you, And so one smile makes two. He smiles at some one since you smiled, And then that one smiles back, And that one smiles, until in truth, You fail in keeping track. And since a smile can do great good, By cheering hearts of care, Let's smile and smile, and not forget That smiles go everywhere! —Arthur Wallace Peach.

Cultivate Careful Swimming Habits

COLLEGE STATION.— The old "swimming hole" provides welcome relief from the heat of summer but if the rules of water safety are ignored by the swimmer, results can be disastrous.

The number of swimming casualties, says W. L. Ulich, extension agricultural engineer and member of the State Farm Safety committee of Texas, is directly in proportion to the care that is exercised by those who participate in water sports. He points out that there are seven cardinal water safety rules and offers them to those who will be visiting their favorite swimming pool, lake, river or beach this summer.

Never swim alone or in unfamiliar water and don't try to swim long distances, especially in cold water, unless followed by at least two people in a boat. Ulich says never dive into water until you are sure that no under-water obstructions are present. Don't go into the water for at least one hour after eating and don't stay in the water after you become tired or cold.

He says the careful water sportsman will never take a chance with a small boat in rough water. And last but not least in importance, he adds, don't move around or "cut-up" when out in a small boat. Entire groups have drowned as a result of a careless act on the

GOOD HEALTH

Answer to Question No. 1:

1. Total blind population of the United States is about 260,000. After a child is three years old his sight should be tested yearly. Treatment of the eyes at birth has saved the sight of many infants.

Answer to Question No. 2:

2. The percentage of patients admitted to hospitals who show chest diseases after routine X-ray is higher than that of the general population. Therefore, a hospital which checks its patients on admission should be an

ideal center for detecting tuberculosis and other diseases of the chest. Many hospitals now take this chest X-ray as a matter of course.

Answer to Question No. 3:

3. The percentage of students planning to enter general practice has increased from 36 to 47 per cent in the last three years, according to a recent poll taken in 19 medical schools. This increase promises more doctors for small town and rural areas.

(Copyright 1951 by Health Information Foundation)

part of just one member of a boating party.

Practice safety whenever you are in or around water. Don't ruin your picnic, summer camp, or vacation, warns Ulich, by forgetting even for a moment that water sports can be dangerous.

Science Rescues Fading Heirloom

For 130 years, according to the Library of Congress, a method has been sought to preserve America's two most precious heirlooms, the Declaration of Independence and the Constitution of the United States. The Library now announces that the U. S. Bureau of Standards has at last come up with the answer! And none too soon, since John Hancock's famous bold signature has already faded, and a "carpet-bug" (not a red-bug) has been apprehended nibbling at the Constitution!

The Bureau of Standards will have hermetically sealed bronze cases built for the documents, the air will be pumped out and protective helium allowed to flow in to surround these talismans of Liberty. The work is to be completed in time for suitable ceremonies on September 17th, which is Constitution Day.

We hope someone will mention on that occasion that it is possible for the American People to become embalmed also . . . in the soothing syrup of Federal responsibility for Everything . . . when these documents will indeed become curios!

CDA Business Meeting And Social This Friday Night

Catholic Daughters of America will have their regular business session of the month this Friday night in the K of C hall at 8 o'clock.

Immediately after the meeting the monthly social will be held in the home of Mrs. Ben Seyler with Mrs. Seyler and Mrs. John Mosman as co-hostesses.

WASHINGTON, D.C. — Disclosures of Communist activity in intellectual sabotage of government through infiltration in the nation's capital have brought more publicity to the state of Wisconsin than the dairy industry. When Wisconsin sent young, dynamic Irish Senator Joseph R. "Joe" McCarthy to the senate, it was little realized the fledgling senator would rock the American public into taking more concerted action against methods that have brought World War III to the nation's doorstep.

Sue Tischler of Dallas spent last week here in the home of her sister, Mrs. Al Yosten and family. Homer Savage of Dallas visited here Sunday and she accompanied him back to Dallas.

GEO. J. Carroll & SON

FAREWELL PARTY GIVEN FOR ARTHUR HENNIGAN

Sailor Arthur Hennigan was honored with a farewell party Tuesday night in the Pete Koelzer home with Victor Koelzer as host.

Sixteen young people enjoyed square dancing and refreshments.

Arthur left Wednesday to return to San Diego after completing a leave spent with his parents, the Fred Hennigans.

Visiting in the Johnnie West home during the weekend and enjoying a fishing trip to Red River were the Wayne Shiflets and son of Fort Worth; Tommy Shiflet of Jacksboro; the Charles Milburns and children of Nocona; the David Milburns and children, Mrs. Charlie Milburn and the Buddy Wades all of Gainesville; the John DeGeorges and son of Keller, and the Joe DeGeorges of Bentley, Pa., who are visiting relatives in Cooke county.

DEARBORN-WOOD BROS.

CORN HARVESTER

saves backs, time and money

This Corn Harvester can be handled easily by the Ford Tractor, or any 2-pow tractor with standard A.S.A.E. power take-off. Unique rotary snapping bar reduces shelling and helps clear trash. Entire harvester tilts forward or back for tall or short corn.

Three gathering chains really keep the corn moving. Ample capacity elevator delivers corn to front or rear of wagon. Blower is standard equipment. For easier, more profitable corn picking, investigate the Dearborn-Wood Bros. Corn Harvester now!

It Happened 10 Years Ago

July 11, 1941

Exceptionally poor harvest closes here. New Magnolia Service Station will open next week; owned by John Wieler, the business will be managed by Bud Bernauer. More than 400 persons gather here Sunday to see motorcycle races in which Urban Endres wins top honors. Norman Luke this week received his private pilot's license in the CAA. Irma Hofbauer recovers from bronchial pneumonia. Roland Patrick joined the Marines during the weekend, enlisting at the Ardmore, Okla. station. The Meinrad Hesses, Mrs. Wm. Walterscheid and Theresa Hesse left Saturday for a vacation visit in Hereford, Carlsbad, and points in Colorado. City expects to resume sewer installation early in September; work to be completed consists of about a mile of line serving about 10 per cent of the city's possible connections in the northwest part of town.

5 YEARS AGO

July 12, 1946

William Schmitz, 86, of Lindsay dies Tuesday. Muenster-Hays school consolidation vote succeeds by big count. Famine relief drive in parish exceeds \$500. Dallas WAA office announces plans to strip Camp Howze. Weather is fine for threshing and the season is almost completed. Miss Elsie Mae Fuhrman is in Dallas this week for dental surgery. Andy Stelzer arrived here this week with a discharge from the army after serving in the ETO. Ray Wilde and Marcella Schmitz will be married at Lindsay on July 23. Lonnie Gieb and Ben Tubb were married July 3 in Oklahoma City. The Richard Hoberers moved from Lindsay to Bode, Iowa, last week. Local cheese plant announces increase in milk price; raises price from 75 to 80 cents per pound of butterfat. New arrivals: Shirley Wimmer to the Johnny Wimmers and James John Eckart to the James Eckerts. City water department gets air compressor.

Phi Beta—"You know, the manufacturers say it takes three thousand bolts and nuts to hold an automobile together."

Phi Gam—"Well, it takes only one nut to scatter it all over the country."

Reminder For A Christian

By Rev. James Keller

Two businessmen in a Chicago restaurant recently were discussing a topic of grave concern to most thinking people everywhere—the threat of atheistic materialism to world peace.

During the concluding conversation over coffee and cigarettes, one of the pair made an enlightening observation. As his companion finished a lengthy outburst on the danger of totalitarianism to our whole industrial and financial structure, he put in:

"You're right — one hundred percent. But if you'll pardon my saying so, many of us seem to have quite a lot in common with the Communies. Now wait a minute," he held up a restraining hand as the other businessman half arose out of his chair in angered surprise: "Let me finish. "Sure, we're against Communism, but isn't it merely for one reason — economic? Everything we've said so far seems to prove it. What bothers us is that it will hit us where it hurts the most — in our pocket-books. If we were honest with ourselves many of us would admit we're almost as much against religion as the totalitarians are."

This incident is told for one purpose: to spotlight a similar tendency among many basically good people, businessmen and botanists, tradesmen and teachers, journalists and juveniles, alike. They are opposed to Communism, but primarily for MATERIAL reasons.

The SPIRITUAL reason, upon which their whole civilization rests, these people disregard almost entirely.

Fundamentally, these men and women are solid citizens. But they leave out of their lives and out of their thinking the one essential point, the "divine spark", whose source is none other than the Creator of the universe, of everyone and everything in it.

They forget that America's greatness lies in her possession of the heritage handed down from the Founding Fathers. They believed that there was such a thing as moral law, that there was a Creator who endowed men with inalienable rights, and that men have souls made for eternal life.

When America ignores these religious principles, the Communists can put away their guns, for we will collapse from within.

TRICKS OF TRADE

Scene: An employment bureau.

A gentleman in the optical business was instructing his son in the technique of chiseling a fair and honest price out of a customer. He said, "Son after you have fitted the glasses to the customer, and he asks, 'What is the charge?', you should say:

"The charge is ten dollars." Then pause and watch for the flinch.

"If the customer does not flinch you say: 'That's for the frames; the lenses will be another ten dollars.'

"Then you pause again — but this time only slightly — and again you watch for the flinch.

"If the customer doesn't flinch you say: 'Each'."

Much Cheaper

An upstate New York veterinary got a call from a local store. A farmer there wanted him to look at a sick cow. The doctor picked up the farmer and drove over winding country roads.

As they pulled up to the farmer's house, the farmer opened the car door and said: "You can let me out here, Doc. I haven't got a sick cow. You see, you charge only \$3 for a visit while a taxi would cost me \$5."

Conceited

"What's the matter with Ted?" "Too conceited. The other day he bought a book called 'What Two Million Women Want,' just to see if they spelled his name right."

Driver's Liability Law Explained

The date is next Jan. 1, and the scene is a busy Texas highway:

John Doe, returning from a long, tiring drive, dozes off at the wheel. Seconds later, his car careens over the center stripe and smashes headon into your car.

John Doe has caused a traffic accident, and a new state law which takes effect Jan. 1 says he must prove he can pay for the damage. If he can't, the Department of Public Safety can order his driver's license revoked.

You, if you were obeying all the traffic laws and were not to blame, will not be required to do so.

Insurance Cog

That, briefly, is how Texas' new driver's financial responsibility act will work.

The act won't require you to buy any insurance, as many people think.

It won't even require you to show that you are able to pay up to \$15,000 for injuries or damage — provided you don't cause an accident.

But if you do, the new law will hit you squarely between the eyes.

Kelly's Law

The new law, designed to clear the highways of drivers who cannot pay for wrecks they cause, was first proposed by Rep. J. K. Aynesworth of Waco. The version finally passed was a substitute measure proposed by Sen. Keith Kelly of Fort Worth.

The confusion about the new law requiring you to buy insurance arose simply because most drivers probably will find that is the simplest way to protect their licenses in case they cause an accident.

The Picture

Some people undoubtedly will prefer to put up \$15,000 in cash or securities, along with a financial statement, in case they have to prove financial responsibility.

But in no case will you be required to do either unless you cause an accident resulting in \$100 or more in damages or injuries.

Here's something to think about, though. The Department of Public Safety predicts there will be 250,000 such accidents in Texas next year.

Fifty years ago people were worrying about what would become of the younger generation, and time has proved they had a right to worry.

BEN SEYLER MOTOR COMPANY

Muenster, Texas

To Date Texas Has No Smallpox Cases Reported for 1951

AUSTIN.—Not a single case of smallpox has occurred in Texas this year, said Dr. Geo. W. Cox, State Health Officer. Unfortunately, the fact that we had no smallpox does not mean we are immune for all time.

"Smallpox can strike again. For example, in 1947, an infected individual from Mexico innocently carried the disease to New York City. The result was 13 cases and three deaths, the first deaths in 35 years. Service men returning from the Orient caused an epidemic of 68 cases and 20 deaths in Seattle in 1946.

"In spite of Texas apparent freedom from smallpox, vaccination of every child before he is a year old and re-vaccination every three to five years is imperative. This is the only sure way to prevent the disease.

"With the speed of present day travel a person harboring smallpox could alight in our midst at any time. If the public becomes lax concerning vaccination that single case could spread as happened in New York and Seattle.

Dr. Cox asks, "When were you and your family last vaccinated against smallpox? Would you and your children be safe if exposed to this disease?"

County DHIA Unit Is State Runner-up For May and June

The Cooke County Dairy Herd Improvement Association was second high in production among associations of the state for the months of May and June, according to reports released for those months.

A summary for the month of June, as compiled by Technician John Hoffman, shows that 13 Cooke County member herds were tested during the month and that Paul Fisher's cows were the top producers. John Knabe's herd tied with Tony Nehib's for second place. There are 340 cows in the county group.

Association members milked 304 cows, 82 of them producing 40 pounds of butterfat or over. The average pounds of milk per cow was 700 and the average pound of B.F. per cow was 29. In the group of 82 cows in the 40 or over bracket, local members owned 46.

A further breakdown of figures shows that the Paul Fisher herd consisting of 21 cows averaged 830 pounds of milk testing 4.7 with average B.F. content of 39. He had 12 cows in the 40 or over bracket ranging from 43 to 58.

Knabe's herd of 25 cows averaged 810 pounds of milk testing 4.5 in June and averaging 37 for B. F. Eight animals in this herd ranged from 42 to 69 B. F. content with Big Bag, the 69 producer, being the champion in the association for the month.

Other local members, number of cows in the 40 or over B. F. group and their figures for June are as follows:

Alfred Bayer, eight cows, 40-53; C. A. Fisher, five, 41-44; Joe Fisher, five, 40-46; J. W. Fleitman, eight, 41-60.

Statistics for May show Paul Fisher's herd in third place in the county with Phillip the champion B. F. producer in the county group. She produced 75 pounds of B. F.

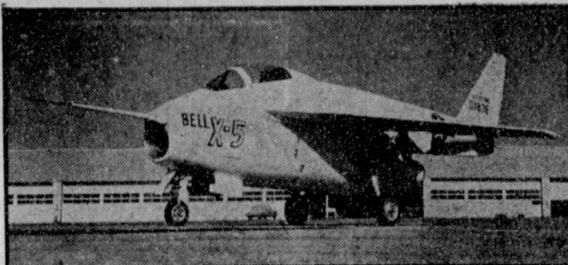

Local members, the number of cows milked and their B.F. content for May are: Alfred Bayer, nine cows, 41-62; Paul Fisher, eight, 43-75; C. A. Fisher, four, 40-41; Joe Fisher, one, 43; J. W. Fleitman, nine, 40-67.

Why did I sock my wife, Your Honor? Well, she kept deviling me all the time.

"Just how did she irritate you?" asked the judge.

"She kept saying: 'Beat me! Hit me! Go ahead, hit me just once and I'll have you hauled up before that bald-headed old reprobate they call a judge, and you'll see what he'll do to you.'"

"Case dismissed."

WHAT NEXT? WHY MOVABLE WINGS!—Newest plane to write headlines in the sky is the 10,000 pound Bell X-5, an experimental aircraft with sweptback wings that can be moved during flight. For takeoff, quick climb and landing, the pilot can adjust the wings to a forward position. Test flights at Edwards Air Force Base, Muroc, Calif., will demonstrate the pilot's ability to increase his speed at high altitudes by adjusting the wing's sweep-back.

Faster Service

They were, very young, very much in love, and obviously the railroad station was the only place they could find to demonstrate their affection. Whenever a train was due to depart they hurried over to the gate and enjoyed a long and fond embrace,

as though one of them was seeing the other off for the last time.

A sympathetic redcap, watching their performance, finally came up to them and suggested: "Why don't you go across to the bus terminal: One leaves there every two minutes."

The Best of Everything!

Texas' lakes and coastal waters are famed for their fine fishing . . . catches of bass, trout, redfish, tarpon and other game fishes gladden the hearts of sportsmen, make a Texas vacation one that's long remembered.

Famed in Texas for fine performance-Texas' own HUMBLE

Esso Extra GASOLINE

HUMBLE OIL & REFINING COMPANY

The extra qualities of Humble Esso Extra gasoline gladden the heart of any motorist. From the time he starts out in the morning until he puts his car away for the night, he enjoys the extra performance that Esso Extra gives his car: extra starting, extra anti-knock performance; and extra power for quick get-away and hard pulls. What's more, he'll value Esso Extra's patented solvent oil—it keeps engines extra clean of soot and carbon.

Stop at the Humble sign in your neighborhood and fill up with Esso Extra, the gasoline that gives you something extra for your money . . . you'll find that Humble service is something extra, too!

For Texans . . . the Best of Everything

Do you want the Best?

Change to Humble Esso Extra Motor Oil

It is an extra quality motor oil that keeps your engine exceptionally clean and well lubricated.

Most important of all, Esso Extra has an extra high viscosity index; it flows instantly in cold weather, stays tough and full bodied for extra protection on the hottest summer's day.

Humble Esso Extra is an "HD" oil that meets every specification for cars with valves operated by hydraulic lifters.

Do you want the best? Stop at the Humble sign in your neighborhood and change to Esso Extra!

HUMBLE Esso Extra MOTOR OIL

PROUD POP—Looking pretty happy about it all, film star Jimmy Stewart puts his wife and family on display in their Hollywood home. With him are his wife, Gloria, her two sons by a former marriage, Michael, left, and Ronald and the most recent additions to the brood, twin girls Judy and Kelly.

Upper Elm-Red Soil Conservation District News

DISTRICT SUPERVISORS
 J. W. Hess, Muenster Henry Reynolds, Nocona
 John Rice, Collinsville Ed Blackmon, Bowie
 Willard Kemplin, Valley View

Sweet clover seeds that will be used as ammunition by Muenster farmers in the battle against soil erosion next spring began flowing into combine hoppers this week. The biennial sweet clovers are gaining steadily in popularity in this area because of their soil improving qualities and their many uses. The top growth furnishes a protective cover for the soil, grazing and hay, while the roots penetrate plow pans, add nitrogen and organic mat-

ter to the soil and improve soil structure. For maximum yields sweet clover is cut high and windrowed with a binder when two thirds of the seed coats have turned brown, allowed to cure about three days in windrow, then combined.

Recent hot weather has hastened the maturity of clover seed and most fields are ready for harvest to begin. Oscar Walter has already completed his harvest. He combined 1,000 lbs.

GOOD HEALTH

Answer to Question No. 1:

1. Not directly, or by themselves. An untreated or unchecked cold may lead to such serious illnesses as pneumonia, pleurisy, tonsillitis and other infections of the upper respiratory tract. Even if it does not cause complications it must be remembered that the longer a cold hangs on, the more susceptible the body becomes to more serious illnesses.

Answer to Question No. 2:

2. No. Although statistics show an increase in the number of cases of tuberculosis reported in the U.S., the figures are misleading because case-finding methods have improved so that

more cases are now discovered, especially in the early stages when cure is relatively easier and quicker. Whereas five years ago only 2,000,000 chest X-rays a year were taken (outside the armed forces), seven times that many were taken in 1949.

Answer to Question No. 3:

3. There is little harm in using average amounts of salt. In certain kidney and heart diseases your doctor will reduce your salt allowance. Salt in the system helps retain fluids. Contrary to popular belief, it does not make the bones brittle or arteries hard.

(Copyright 1951 by Health Information Foundation)

of Madrid clover seed from about five acres that he once thought was too thin a stand to produce much seed. Al Hoenig and Tony Wimmer have also completed their sweet clover seed harvest and report good yields. Others that are in the midst of harvesting their legume seed include Paul Fisher and J. W. Fleitman.

Andy Schoech has baled hay from his native grass meadow. Andy found that early cutting of grass meadows gives him better hay higher in protein content and also allows enough time for the grass to produce seed to thicken the stand and store up root reserve for vigorous growth next year. Tony Felderhoff also cut his meadow early this year. A portion of this meadow was seeded to native grass two years ago.

The King Ranch Bluestem plot on the J. W. Hess farm north of Muenster was damaged only slightly by the severe winter weather. The KR has made a good growth this spring and has put on seed heads. This aggressive, erosion resisting, high forage producing grass usually produces two seed crops each year in this section and prospects are good that Mr. Hess can harvest both crops this year.

STEVE MOSTER ATTENDS WATERWORKS COURSE

City Waterworks Superintendent Steve Moster has enrolled in a three-week course for Waterworks men being conducted in Gainesville on Monday, Wednesday and Friday nights of each week. The course started Monday and will continue through Friday, July 27.

W. A. Bandy, field instructor for the Texas Engineering Extension service is in charge of the 20-hour course. About 25 men from municipal waterworks in North Texas are attending.

The first week of instruction deals with the theory of handling water, the latter two weeks will be devoted to mechanics and proper technique of handling water.

A written examination will

close the course and certificates will be presented.

Whenever nature leaves a hole in a person's mind, she generally plasters it over with a thick coat of self-conceit.

—Longfellow

"Inflation is like a skittish horse; the time to keep him from running away with you is before he starts!"

If you think you're going to be happy and prosperous by sitting back and letting the government take care of you — look at the American Indian!

We have no more right to consume happiness without producing it than to consume wealth without producing it.

—George Bernard Shaw

Then there is the story of the mountaineer who put a silencer on his shotgun because his daughter wanted a quiet wedding.

THE STATE OF TEXAS
 To: Rufus Fields Defendant, Greeting:
 You are hereby commanded to appear before the Honorable 16th District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 20th day of August A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 5th day of July A. D. 1951, in this cause, numbered 15937 on the docket of said court and styled Lena Mae Fields Plaintiff, vs Rufus Fields Defendant.

A brief statement of the nature of this suit is as follows, to wit:
 A suit for divorce from the bonds of matrimony for the reason of harsh treatment, and for the further reasons that defendant abandoned plaintiff more than three years ago; and for the change of the name of plaintiff from Lena Mae Field to Lena Mae Nero, and for general and special relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this 5th day of July A. D. 1951.

(SEAL) Woodrow U. Clegg, Clerk, District Court, Cooke County, Texas (34-5-6-7p.)

tion of forty-two days from the date of the issuance of this citation, same being the 20th day of August A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court, on the 6th day of July A. D. 1951, in this cause, numbered 15939 on the docket of said court and styled J. F. Caves Plaintiff, vs. Mary Louise Caves Defendant.

A brief statement of the nature of this suit is as follows, to wit:
 Being a suit for divorce for the reason of harsh and cruel treatment on the part of defendant toward plaintiff, for the care and custody of the minor children, James F. Caves, Jr., and Gloria Jean Caves, and for general and special relief, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Gainesville, Texas this 6th day of July A. D. 1951.

(SEAL) Woodrow U. Clegg, Clerk, District Court, Cooke County, Texas (34-5-6-7p.)

Another Outstanding Sale

Last Saturday's sale was the best we have had this year . . . lots of cattle and good prices

THE REASON, AGAIN:

We knew in advance the quality and approximate number of cattle we were going to handle and were able to notify buyers before the sale.

If possible let us know in advance the number and quality of cattle you will bring in. By doing so you will help us get better prices for you.

Your best livestock market is here in Muenster. Prices are higher. Shrinkage loss, commission and hauling costs are lower.

ADAM WOLF WINS 1951 DISTRICT FAIR AWARD

Adam Wolf of Gainesville, member of Saint Mary's 4-H Club, has won the 1951 district fair award, District Agent W. I. Glass of Denton announced Friday.

The award is made annually to the 4-H boy whose accomplishments are judged the most outstanding in the 17-county district. County Agent B. T. Haws reports that Adam has completed eight years of 4-H club work and 38 demonstrations. At present he is an out of school 4-H member.

He will be honored along with 13 other district winners at a banquet at the State Fair of Texas in October and will receive a medal at that time.

Wolf becomes the third Cooke county boy in the last four years to win the award. Leonard Benigfort won in 1948 and Harold Nortman in 1949, Mr. Haws said.

The man who is proud of his ignorance will always have a lot to be proud of.

DOGS OF WAR IN KOREA—Newly arrived in Korea from training at Ft. Riley, Kans., these three German shepherd dogs are members of the 26th Infantry Scout Dog Platoon. They range ahead of patrols and nose out enemy troops. Left to right are Pfc. Edwin Bristol, of Lincoln, Neb., with "Hamlet"; Pfc. Larry Pollard, of Detroit, Mich., with "Orrin"; and Pfc. Houda L. Green of Kansas City, Mo., with "Barrie."

Miss Christine Roewe of Pilot Point was a dinner guest of the Ben Fleitmans Thursday.

The Frank Neus and family and the Bill Seylers of Valley View were among out of town people here for the parish picnic Sunday.

Confetti---

the opinion of yours truly, is good news. Despite all theories of the administration's welfare planners we cannot help thinking that basic Americanism, as our Forefathers wrote it into the Constitution and Declaration of Independence, will accomplish more than controls. It harmonize better with human nature, with economic laws and with the laws of Almighty God.

When the debate started champions of price and wage fixing proclaimed loudly that we can't get along without controls. As proof they referred to rising prices after the start of the Korean war and the stable prices after controls were clamped on. What they failed to mention, however, was that months of loose talk about controls served as an invitation to everyone to establish a higher price and wage level before controls went into effect.

We'll never know the answer, of course, but we wonder nevertheless whether prices and wages would have gone as high if controls had never been mentioned. It has seemed all along

game concessions, and Joe Walter.

Construction of Alumni Hall is being financed entirely by funds made available by former students of the College-Academy. The building program lacks about \$10,000 to complete. Alumni associations everywhere are making an effort to raise the required funds and the picnic on August 5 will be the North Texas group's contribution.

FLEITMAN-REEVES RITES ANNOUNCED FOR JULY 28

Mr. and Mrs. Wm. Fleitman of Lindsay have announced the engagement and approaching marriage of their daughter, Margaret, to Curtis (Benchey) Reeves, son of Mr. and Mrs. Sidney J. Reeves of Jacksboro.

The wedding will be solemnized in St. Peter's church at Lindsay on Saturday, July 28, at 8:30 a.m.

The couple have selected Mildred Fleitman, twin sister of the bride, and Leonard Hermes as their attendants.

Eating between meals helped to develop the sandwich spread.

You cannot help men permanently by doing for them what they could and should do for themselves. — Abraham Lincoln

Subiaco Exes Plan Benefit Picnic At Lindsay, August 5

Members of the North Texas district of the Subiaco Alumni Association met at Lindsay Sunday to plan a benefit picnic to be held Sunday, August 5, at Lindsay. Proceeds will go into the fund to complete New Alumni Hall at Subiaco College-Academy.

President E. A. Steinberger of Dallas conducted the meeting for which 35 members from Muenster, Lindsay, Gainesville, and Denison were present. Members of the clergy present were Rt. Rev. Abbot Paul Nahlen and Rev. David Flusche of Subiaco, Rev. Conrad Herda of Lindsay, Rev. Anthony Schroeder of Muenster, and Rev. Fabien Diersing of Rhineland.

Jake Bezner will be general chairman in charge of the picnic. Other chairmen selected are Rev. Cletus Post, publicity; Ben Hermes, food; Joe Hundt, Al Kleiss and Father Cletus,
