'Poss' Swirczynski Improves Slowly After Tough Week

Herman "Poss" Swirczynski, though still seriously ill, seems to be on the road to recovery.

Returning from a visit to his bedside in St. Anthony's Hospital, Oklahoma City, Tuesday night, Ray Swirczynski, Rudy Hellman and Herman Stoffels, reported that he seemed more alert than at any time since his accident in the Shawnee cheese factory a week before. Other favorable signs are normal pulse, temperature and other body functions.

His improvement follows a week of critical illness, especially two sinking spells when there was little hope of his pulling through. One was last Friday shortly after his operation, the other was Monday night.

On the operating table doctors spent six hours removing bone splinters from his forehead and sinus area and adjusting the remaining bone to its proper position. And at this stage they expect the bones to heal satisfactorily and do not intend to put metal plates in his head.

Since his injury he has been attended constantly by his wife, his son Max, and his daughter, Sister Monica of Jonesboro, Ark. Frequent visitors are his other children, his parents, brothers, sisters and a number of local friends.

Swirczynski was hurt about 9 o'clock on Tuesday of last week while removing gauges, valves and other equipment that had been purchased from the Shawnee cheese factory for use in the Muenster plant. The Kraft company had closed down the plant and was removing equipment. It is not known whether he was injured by a falling pipe or hurt himself in his haste to get out of the pipe's way. Others, hearing the noise of falling pipe rushed to the boilerroom and found him unconscious on the floor.

He was rushed to the Shawnee hospital and taken to Oklahoma City later in the day.

Honors Awarded to Twenty-four Scouts

Court of honor for members of the local boy scout troop was held Monday night in the K of C hall with 10 scouts tagged for advancement and 14 receiving merit badges.

The boys conducted the candle lighting ceremony at which Scoutmaster Nick Miller presided. He presented badges to the boys and miniature replicas of the badges to their mothers. Ben Seyler, committee member, aided in the presentations.

Rev. Anthony Schroeder was the featured speaker on the benefits derived from scouting.

Miss Jeanette Neurer presented a musical program of piano selections.

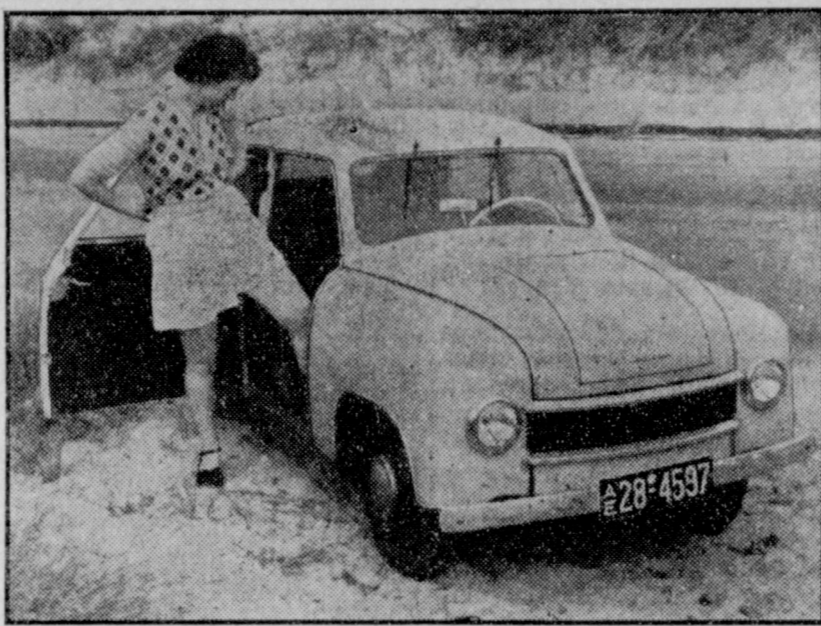

Parents and friends of the boys and scout committee members and their wives witnessed the program.

Recipients of advancement certificates to star scouts were Billy Ben Boyles and Joseph Felderhoff; to first class scouts, Jimmy Hellman, Robert Meurer and Clifford Swirczynski; to tenderfoot scouts, D. Kaderli, Ted Henschel and Lawrence Milner; and tenderfoot investitures, Gerald Pels and Eugene Schoech.

Merit badges went to Jerry Henschel, two, first aid and public speaking; Billy Ben Boyles and Randy Bayer, first aid; Joseph Felderhoff, carpentry; Maxie Swirczynski and Jimmy Hellman, home repairs.

Patrol leadership honor badges went to Larry Hofbauer, Senior Patrol leader; Larry Hennigan, Clifford Swirczynski and David Walter, leaders of Patrols No. 1, 2, and 3, respectively and Ray Luke, Robert and Virgil Henschel, assistant leaders of 1, 2 and 3, respectively, and Paul Hesse, troop scribe.

A pot luck supper followed the ceremonies and Randy Bayer and Larry Hofbauer gave an informal report on the recent trip to Camp Philmont.

LOOKS LIKE A TIGHT SQUEEZE—Latest thing in midget-sized autos is this new German car, the Lloyd, being inspected by a prospective buyer in Paris. The tiny two-horsepower vehicle has a maximum speed of 60 mph and a motor that can be replaced for \$27.

J. M. Sparkman, 83 Dies Sunday After Extended Illness

J. M. Sparkman, 83, a former resident of Muenster, died Sunday afternoon in a Dallas hospital after an extended illness. He had been confined to bed since he suffered a stroke of paralysis in Oakland, Calif., in May 1950, after which he returned to his home in Gainesville. He spent part of the time in a Gainesville hospital and was in a Dallas hospital the last four weeks.

Funeral services were held Tuesday at 5 p.m. at the George J. Carroll and son Funeral chapel and burial was in Fairview cemetery. Dr. Earl J. Patton of the First Methodist church and the Rev. J. W. Slagle, officiated.

The Sparkman family lived in Muenster north of the city on the farm now occupied by C. M. Walterscheid for several years before they moved to Gainesville. He was born in Dallas county on Aug. 13, 1868 and came to Cooke county in 1890. His wife who preceeded him in death, was the former Thirza Stout. They were married in April, 1891, in Burlington.

Survivors are four daughters, Mmes. John Eberhart of Olney, Ill., Wana McWhirter of Gainesville, Clarence Mayall of Marietta, Okla., and Harvey Shanks of Levelland; three brothers and one sister.

Mrs. W. A. Hoskins, Myra Resident 45 Years, Dies Sunday

Mrs. Millie Katherine Hoskins, 79, a resident of Myra for about 45 years, passed away in a Dallas hospital Sunday. She had been ill two years.

Funeral services were held Monday afternoon at three o'clock in the chapel of the George J. Carroll and Son Funeral Home and burial was in the Reed cemetery. Rev. Franklin Ray, pastor of the Blue Mound Methodist church, and the Rev. J. W. Slagle retired Methodist minister, officiated.

Bearers were Parker Fears, Ernest Biffle, Burnie Rosson, Ike Townsley, Jake Biffle and Ike Fulton.

Mrs. Hoskins was well known in Cooke county through her association with the Myra Telephone Exchange which her late husband, W. A. Hoskins, acquired in February 1928. He died the following November but the family continued operating the exchange.

Mrs. Hoskins was born in Fayetteville, Ark., on Nov. 16 1871. Mrs. Hoskins was born in Fayetteville and came to Cooke county as an infant with her parents, Mr. and Mrs. Joseph Gregory. They lived at Hood where she married Mr. Hoskins in April 1897. They moved to Myra in 1906.

Survivors are two daughters, Mmes. J. T. Biffle and Irene Randall of Gainesville; three sons, Joe of Harlingen, H. C. of Dallas, and Don Hoskins of Myra; six grandchildren; four brothers and four sisters.

WITH THE MEN IN SERVICE

PFC Leo Hesse called Tuesday night that he had arrived in California and was enroute home on a leave to visit his father, Joe Hesse who is ill. Leo had been in Japan since the latter part of July.

Seven Cooke county men including Rufus Henschel and Clyde Fisher of Muenster and Duane Flesherman of Oklahoma City, formerly of this city, were inducted for military service last Thursday. Word from Clyde and Rufus to their parents, the John Fishers and the Henry Henschels, the following days advised they were assigned to the Marines and were leaving Dallas by plane for San Diego where they will receive training.

Joe Moster of the Naval Training Station in Corpus Christi was here Saturday and Sunday to visit his mother and family.

Melvin Herr and two navy buddies, Gene Shonkweiler and Gene Weller, all of Kingsville, spent the weekend with Melvin's parents, the Frank Hesses and family.

Leonard Hartman is back home with a discharge from the army. He arrived at Fort Hood the latter part of last week and his wife joined him there. They returned to Muenster Saturday. Leonard was in Japan for the past seven months.

Cpl. and Mrs. Herbert Fette and son and Cpl. Jerry Fette of Cheyenne, Wyo., arrived last Friday on a 10-day leave to visit the boys' father, Henry Fette, who is ill. The Herbert Fettes are guests of her parents, the Albert Knabes.

Pvt. Eddie Krahl writes his wife that he is getting along fine in Korea where he is a cook. His address is Pvt. Eddie P. Krahl, U. S. 54037696 Btry. C. 99th F. A. 1st Cavalry, APO 201 c-o Postmaster, San Francisco, Calif. While Eddie is overseas his wife is staying with her parents, the Ed Eberharts.

PMA Starts Selling '52 Crop Insurance

Cooke County wheat producers have started signing up for Federal Insurance on their 1952 wheat crops and all eligible are urged by H. B. Newberry, County PMA secretary to figure their protection of wheat crop investment as a part of their farming plans.

He pointed out that the crop insurance premium represents a small addition to the investment of money and labor in producing a crop, and with this addition a farmer protects himself against losses from damage or destruction of his crop.

Any person with an interest in a wheat crop in Cooke County at planting time may apply for the insurance.

Applications are being taken at the PMA office, Gainesville, by Herbert Moody and Leon Cason at Era, and by Cecil Gillum at Valley View.

Mrs. Alfons Pautler and son, Roger, left Tuesday morning for a vacation visit with relatives in Olney, Ill.

MHS Students Will Register Aug. 27, 31

Advance registrations at Muenster High School for the 1951-52 scholastic year will be held next Monday, August 27 from 9 a.m. to 8:30 p.m. and again on Friday, August 31 from 9 a.m. to noon.

Superintendent Weldon Cowan said that the early registrations are intended to permit ample time for arranging each student's schedule, and students are urged to come in and get their courses lined up on either of those two days.

As in previous years the first day of school will be short, beginning with the assembly in the auditorium at 9 and closing at 11:30. No lunches will be served that day. On the next day the school will take up its regular daily schedule.

Faculty members will have their first meeting of the year on Friday, August 31, 1 p.m.

Death Wednesday Claims Emil Vogel; Burial Friday, 8:30

Emil Vogel, 78, a resident of Muenster for 46 years passed away at his home at 3:10 Wednesday afternoon after being ill about three and a half weeks.

Funeral services will be held Friday morning at 8:30 in Sacred Heart church and interment will be in Sacred Heart cemetery. Rev. Anthony Schroeder, pastor, will be the officiating minister.

Mr. Vogel was born in Baden, Germany, March 23, 1873, and came to the United States when he was 16 years old. He settled in Pennsylvania, then moved to Indiana, and then to Postum, Ill., where he met and married Miss Anna Kleiss on April 13, 1899. They came to Muenster to reside in December, 1905.

Mr. Vogel engaged in farming southwest of the city until 14 years ago when he retired from active work and moved to town. Mr. and Mrs. Vogel shared the home of her sister, Miss Lena Kleiss since that time.

His survivors are his wife and seven of their nine children, two having died in infancy.

The children are Joe, Alois, Theodore, Lawrence and Raymond, all of Muenster, and Alfons and Miss Lu Vogel of Houston. Also surviving are 29 grandchildren, two great-grandchildren and two brothers, Joe Vogel of Pennsylvania and a brother who still lives in Germany.

In 1949 Mr. and Mrs. Vogel observed their golden wedding anniversary with a reunion of family and friends. All members of their family were present for the occasion.

Group Attends Road Meeting at Wilson

Eight Muenster men were in Wilson, Okla., on Wednesday last week in the interest of promoting an extension of Highway 76, now reaching from Oklahoma City to Lindsay, Okla., to Wilson, Okla.

Local businessmen have hopes the road will eventually connect Oklahoma City and Fort Worth, crossing Red River over the Muenster ferry and proceeding through Muenster to Decatur and Fort Worth.

The occasion was the annual picnic and barbecue given by J. D. Lewis, Wilson cattleman and oil producer, for his friends and employees. A booster for the Highway 76 project, Lewis used the party as a get-together for others interested in the road.

Going to Wilson the local group crossed the river on the ferry, which has been ready for traffic for more than a week. General traffic however, is not being encouraged until road work is complete on the north side.

Those who made the trip are Ben Seyler, John Wieler, Urban Endres, Jerome Pagel, Ervin Hamric, J. B. Klement, J. M. Weinzapfel and Joe Weinzapfel.

Rain Measures .92

A shower measuring .92 inch early Wednesday night brought this community its first touch of early fall temperature but fell far short of supplying adequate moisture to break the prolonged drought.

Total measure for the month to date is 2.53 inches. According to official record .88 fell on August 12 and .73 on August 2.

News of Sick And Injured

Helen Fisher, daughter of the Paul Fishers, is recovering nicely from an adnoicectomy performed Wednesday morning at Gainesville sanitarium.

Mrs. E. O. Hartwell, wife of Muenster's Baptist minister, is reported improving in the Denison General Hospital where she is a patient.

Mrs. Parker Fears is convalescing at her home in Myra after undergoing surgery in Gainesville sanitarium.

Charlie Watson of Myra who spent the past two months at his home with a heart ailment has recovered enough to go visiting and spent a part of last week in Whitewright with relatives.

Archie Lawler of Myra was in Wichita Falls last week for treatment for lead poisoning contracted in the oil field.

People who are inclined to listen to the honeyed words of our welfare state socialized medicine promoters would do well to study closely the report by Fulton Lewis Jr. on his impression of England's venture into socialized medicine.

About the only thing that can be said to its credit is that the program has brought medical care to a limited number of destitute people who did not have it before and it has also eased the financial burden for many who had to make great sacrifice to get care under the former system.

In practically all other respects the thing is a dismal flop. Overworked doctors don't have enough time to give their patients, hospitals are overcrowded, red tape is exasperating. While arrangements are usually made to handle emergencies, sometime ailments may be neglected for months or years. A tonsilectomy, for instance, is not regarded as a matter of life or death, so it awaits its turn on the endless list. Lewis mentioned the case of one child with bad tonsils that was booked for operation 20 months later.

Perhaps the worst feature of all is the prospect of continuous deterioration of medical facilities. As things stand now England faces an alarming decrease in its number of doctors. Young men are reluctant to take up a profession which offers so little. Of those who are studying medicine a large percentage are planning to go to some other country as soon as they get their degrees.

The reason for this phase of national suicide is apparent in a doctor's present predicament. On an average he has some 2,500 patients entrusted to his care. His annual pay, which is figured on a per capita basis, amounts to slightly more than \$5,000 a year. Out of that he pays his own office rent and hires a clerk to handle the enormous load of red tape work. By the time he pays all his expenses and a terrific income tax his net return for the year's work is about in line with that of a day laborer. Incentive is dead in Briton's medical profession. Unless it makes drastic changes, and soon, the country will have a socialized medicine system but no way to administer it.

With such facts apparent to any one who will take the trouble to investigate, doesn't it seem absurd, even unscrupulous, for bureaucrats in this country to keep trying to sell socialized medicine? How can anyone pretend to have the people's welfare at heart when he advocates a plan that has proven itself such a pitiful failure?

Or do they perhaps think their ideas are better than the Britishers? Are they planning to subsidize an army of medical students, offer them fat government jobs on graduation, and build thousands of new hospitals? If so, can they still maintain that they propose to have more efficient and less expensive medical service than we have today?

The more one considers the more one realizes that the business of public health is like any other business. It's better off in the hands of individuals than under the government. We'll do well to keep that in mind when we look for improvements in our medical system.

At the same time it would be well for the medical profession also to think along these lines. One of the reasons given for England's shift to socialization is that medical service was beyond the reach of too many people. As muddled and inefficient as the system is today it is nevertheless popular with that segment of the population which got little or no attention before.

Medical men in this country can well afford to take notice of that. In their fight against socialization they had better

MRS. JOHN WIMMER BACK FROM THREE MONTH TRIP

Mrs. John Wimmer has returned home after a three month vacation visit with her daughters and other relatives and a reunion with her sisters. Her trip took her to Little Rock, Ark.; Evansville, Ind. Shreveport, La. Tyler, Fort Worth and Gainesville.

In Evansville, Mrs. Wimmer and her two sisters were together for the first time in 51 years. They enjoyed a visit in the home of Mrs. Henry Becker there. The other sister present was Mrs. Dena Nohse of Shreveport, La.

While Mrs. Wimmer visited in Shreveport she was in a car accident that put her to bed for three weeks with a back and hip injury. She was riding with a nephew and his family at the time and no one else was hurt. Since returning to Muenster Mrs. Wimmer is visiting with her daughters, Mmes Fred Hennigan and John Streng.

HARTMAN-MASON RITES SET FOR SEPTEMBER 3

Mr. and Mrs. John Hartman have announced the engagement and approaching marriage of their daughter, Loretta, of Dallas, to Edward Mason of that city.

The wedding will be solemnized here in Sacred Heart church on Monday morning, Sept. 3.

The bride-to-be is a native of Muenster and a graduate of Sacred Heart High School. She received her nursing diploma at St. Paul's Hospital School of Nursing in Dallas and has been on duty in Dallas since her graduation two years ago.

Miss Lorine Chasteen of Grapevine is the guest this week of her uncle and aunt, the E. P. Buckleys.

EUGENE KLEMENT HOME PARTY SCENE MONDAY

Miss Cecilia Raleigh of Saint Paul, Minn., arrived Monday for a visit with her sister, Mrs. Eugene Klement and family, and was honored Monday night with a party in the Klement home.

Sharing honors with Miss Raleigh were the George Hartmans visiting here from Fort Wayne, Ind., and the Carl Lukes of Hereford.

Other members of the family present for a reunion visit were the John and Victor Hartmans, the Felix Beckers, the Arthur Endres family, Walter and Rose Marie Becker, the Alfons Hoenigs, Mrs. Joe Sicking and children, Willard and Alvin Hartman, Joan Felderhoff, the Frank Klements, the Alfred Bayers, the Albert Danglmayrs and Joe Danglmayr.

A highlight of the evening's entertainment was the showing of moving pictures by Miss Raleigh. The films were made in Europe when she visited there last year and included scenes of Rome in connection with a Holy Year pilgrimage, and scenes in Lourdes where she also made a pilgrimage.

Miss Betty Lue Buckley is spending this week in Pawhuska and Oklahoma City with relatives and friends. In Oklahoma City she is the guest of a classmate, Miss Mary Reichman. The two girls will leave this weekend by car for visits in Great Bend and Salina, Kansas, with other classmates of Saint Louis University.

We're Selling Our Freedom

An educator friend of mine, Dr. William T. Bean, of Butler, Pennsylvania, has just completed a six-months tour of Europe studying the economic and political aspects of life as lived today by the average European. At the end of his tour, he has written me from London: "For a long time I have heard that an Englishman is the most independent man on earth; that his home is his castle; and that he deeply resents interference with his personal liberties. Well, that is all gone now. Instead, he is about the most completely controlled individual imaginable in a democracy. And he is a perfect example of complete frustration."

The submission to control by the government bureaucracy is the price the Englishman had paid for a long list of government handouts and props — including food and housing subsidies, payment of medical and hospital bills, and all the other Welfare State "benefits". It isn't as good a bargain as he once thought. But he's stuck with it — and he'll be controlled as long as his dependency on government continues.

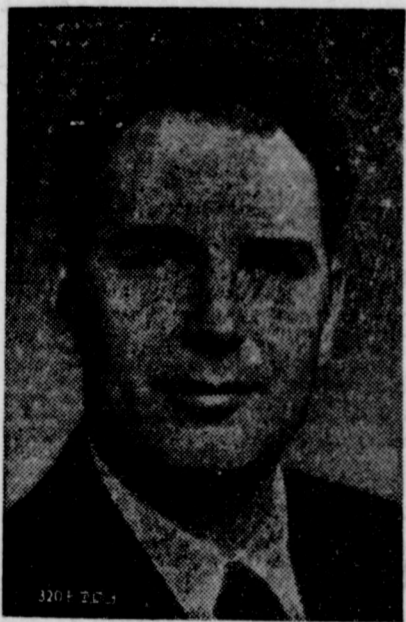

THE LAW OF SUBSIDY

It couldn't be otherwise. Our own U. S. Supreme Court officially acknowledged a basic unwritten political law, when in 1942, it held: "It is hardly lack of due process for government to regulate that which it subsidizes." (Wickard vs. Filburn - 317 US 111, Page 131.)

against this encroaching Socialism, are challenged to show where "anybody in America has lost any freedom in return for Federal government aid," we must deal in fractions. It is only when the small fractions are added up that the total of lost freedom makes an impression and wakes people up. The problem is to awaken enough of them before it's too late.

SIGNIFICANT DECREE

The Federal Government, in the person of Security Administrator Oscar Ewing, has just decreed that the State of Indiana will henceforth be denied its portion of Federal Welfare funds which are granted to the states to supplement each one's payments to its welfare recipients. Why? Because the people of Indiana wanted to exercise their freedom of self-government by having qualified representatives examine the welfare rolls for the purpose of weeding out unjustified claimants and otherwise cutting down on the welfare load. Their legislature passed a law opening the rolls to such inspection. If public security isn't permitted, politically-administered spending bureaus can run rampant with tax money.

But NO! The people of Indiana didn't have this freedom. They had lost it when they accepted the Federal welfare handouts. Mr. Ewing made it clear this freedom had been taken from them. If they accepted the Federal money, he decreed, they would have to take the control that went with it, and keep their rolls secret. This kind of Federal control and tiny loss of freedom exists in every state accepting Federal funds. This is a small fraction. It is hardly noticed. But there are many, many other fractions. In next week's column, we will bring other fractional losses of freedom into focus and perhaps do a little adding up.

Many men are pessimists when it comes to buying... but they like to buy from an optimist.

THE LOWDOWN FROM HICKORY GROVE

For a fine type of citizen who gets the least pats on the back, I doff my skimmer to the Highway Patrol. But if you are a heavy-footed sort who figures you should allow nobody, black, white or bronze, to be ahead of you at any time, you will say, oh! yeh! But without the threat of being flagged down to decent speed by the highway officer, the killing would zoom even further.

For alertness these officers have no superior. They would not survive long if they were not top-notch — they handle some pretty tough and nasty specimens. All day long or all night long their job is to see to it that the citizens of your community can venture out upon the highway with reasonable chance of returning home alive. If you have not thought of it before, give a minute to pondering what it would be like without them.

What we need more of is more of these alert and fearless fellows—they are not out to make trouble, they are out to prevent same, nip it in the bud. Again, I doff my chapeau to all of them. And right here in Hickory, there is Cap Rutherford and in the next county, Cap Ellis — I am proud to know them, but pardner I sure would not choose to tangle with either, if I was courtin' trouble. I would get it plenty — and pronto.

Yours with the low down,
 JO SERRA

PETROLEUM COFFEE BAGS

Now the petroleum industry has come to the aid of the coffee-drinker. The newest thing is individual coffee bags, packaged in saran film — a petroleum-derived plastic. The coffee bags are similar to tea bags, and are said to eliminate waste and to assure that each cup is fresh and brewed to individual taste.

what

Chrysler FirePower V-8

does for you!

YOU'VE HEARD THE TALK about Chrysler's revolutionary new V-8 FirePower engine... with its 180 horsepower, its amazing smoothness and acceleration...

NOW COME DRIVE THE REASON for all this excitement. Here is the most revolutionary advance in American motor car engine design in 27 years!...

HERE'S 180 HORSEPOWER... a full 20 horsepower more than that of the next most powerful American passenger car engine!...

A NEW KIND OF HIGH COMPRESSION... the first Hemispherical Combustion Chamber in an

American car engine actually puts to work more of the energy contained in the fuel than other engines.

HERE'S EXCITING PERFORMANCE... responsiveness, acceleration, smoothness, which no other passenger car engine built in this country can equal today. And you can have it with FirePower even on non-premium grade gasoline.

HERE'S THE SAFETY OF POWER-IN-RESERVE greater than you've ever had at your command — a new high in the instant responsiveness which is the very essence of safety on today's highways!

YOU'LL LIKE CHRYSLER'S POWER BRAKING, TOO... smoother, gentler, swifter stops at any speed than you've ever known. At the touch of your toe, power from the engine helps put on the brakes... reduces foot pressure by as much as two-thirds!

AND HYDRAGUIDE... THE NEW POWER STEERING! It makes driving a car a brand new experience. At your touch on the wheel, hydraulic power provides four-fifths of the steering energy. Even at a standstill, you can turn the wheels with your thumb and one finger! A great safety feature.

COME DRIVE IT... ONLY A RIDE CAN SHOW YOU WHAT ONLY A CHRYSLER GIVES!

Piles of soil began cropping up all around Muenster this week as co-operators of the Upper Elm-Red Soil Conservation District used machines to build terraces and tanks to serve as earthen bulkworks against the ravages of soil erosion.

Terraces are one of man's most important tools for use in preventing soil losses on sloping cultivated land. In the vicinity of Muenster there is very little level land so that slopes must be cultivated. Rainfall running down long slopes, even the gentle slopes builds up in quantity and velocity and so increases cutting and soil carrying power. To shorten the slopes so that the quantity of water is controlled and to move it gradually from the field to control its velocity man builds terraces. Terraces make the water walk — not run — down hill.

Muenster farmers are finding that good, wide, easy-to-farm terraces can be built with farm machinery and they are taking advantage of what they have to provide protection for their land. Charlie Schmitt is using his tractor and a three-disc plow to build one mile of terraces. The terraces outlet onto the bermudagrass waterway that Charlie put in last year. Ray Sicking is also using a three disc plow to construct two terraces that will protect his alfalfa field from further soil losses. These terraces also outlet onto a bermudagrass waterway that was sodded last year. Joe Hoenig and Frank Havercamp are both using their farm equipment to build terraces to protect sloping fields. Bruno Fleitman has completed .6 of a mile of terraces on his home place. He built the terraces with his tractor and a whirlwind terracing plow. All used the island method of terrace construction.

This week has seen increased activity in stock tank construction around Muenster. Stock tanks are important factors in the development of pasture and range improving practices and each pond acts as reservoir to

keep that much more runoff water at home where it is needed and out of overloaded creeks.

Two stock tanks have been constructed on the John Fette ranch operated by S. H. Hilburn. The tanks will make possible the carrying out of a deferred rotational grazing program on the ranch. A stock pond has also been completed on the Albert Fleitman farm. Construction is now underway or will start soon on tanks already staked for Joe Hoenig, Jake Biffle, Frank Havercamp and the Dangelmayr Brothers.

Ain't It Wonderful!

After spending 8 years and a quarter million dollars of the taxpayers' money in a scientific study of the common chigger, a government bureau at Washington came up with a bulletin announcing this profound conclusion:

1. The chigger is a small pinkish insect that frequents lawns and tall grass.
2. When the chigger gets on your skin it causes severe itching.
3. Scratching tends to increase the itching.

For one government-franked envelope and one 3-cent return stamp, any one of 5 million Texans could have given Washington the same tremendous answer... plus a proper embellishment of appropriate language that any chigger scratcher could understand... plus a list of 1,273 remedies that don't work.

Saving to the American taxpayer: \$250,000.00 minus 4 (cents) equals \$249,999.96!

You Hear Strange Things About Catholics

Yes, you can hear some strange things about Catholics.

You hear it said that Catholics believe all non-Catholics are headed for Hell... that they believe non-Catholic marriages are invalid.

Some think Catholics believe the Pope is God... that he can do no wrong... that they owe him civil allegiance and that he should have the political power to rule America.

It is said that Catholics want religious freedom only for themselves... that they oppose public schools and separation of Church and State as evils which should be destroyed.

The claim is made that Catholics pay the priest for forgiveness of their sins... that they must buy their departed relatives and friends out of Purgatory... that they adore statues... are forbidden to read the Bible... use medals, candles and holy water as sure-fire protection against the loss of a job, lightning or being run down by an automobile.

But what is worse, some say, Catholics corrupt the true teachings of Jesus Christ with the addition of pagan superstitions and practices that are nothing less than

the inventions of the devil.

If all these things—or any of them—were true, it would be a pity. For at least one out of every six Americans is a Catholic—and it would be a national tragedy if one-sixth of all Americans entertained such erroneous ideas.

The Knights of Columbus is an organization of 700,000 Catholic men of reason and intelligence. In our ranks will be found statesmen, scientists, historians, physicians, movie stars, lawyers, educators and others representing every cross-section of American life. And for each and all of them loyalty to the Catholic Faith is the act of a reasonable man.

We are deeply interested in the welfare of our Church and our Country. And we believe the interests of both will be served best when fair-minded people know the Catholic Church as it is—not as it is sometimes mistaken to be.

If you have heard and believed any of these false claims, and want the truth, we will gladly send you a free booklet which explains many aspects of Catholic belief and practice concerning which people are commonly misinformed. Write and ask for Pamphlet No. 1-N.

HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to the Constitution of the State of Texas amending Article III, Section 51a, providing that the Legislature shall have the power to provide assistance to assist in providing for the payment of same to residents of the State of Texas who are needy aged persons over the age of sixty-five (65) years, needy blind persons over the age of sixteen (16) years, needy children under the age of sixteen (16) years; removing the Thirty-five Million Dollars (\$35,000,000) limitation upon expenditures for such purposes and providing for a limitation of Forty-two Million Dollars (\$42,000,000) upon such expenditures; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; prohibiting payment of assistance after disposition of property under certain conditions; providing for acceptance of financial aid from the Government of the United States of America for such assistance; providing that the payment of such from State funds shall never exceed the payments from Federal funds; providing for the necessary election and providing for the form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so that the same shall hereafter read as follows:

"Section 51a. The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions herein contained, and such other limitations, restrictions, and regulations as may be provided by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application; provided that the maximum payment per month from State funds shall not be more than Thirty Dollars (\$30) per month.

"Any applicant for or recipient of assistance, including the spouse in each instance, who shall dispose of any property after June 1, 1952, and any person who initially applies for assistance after June 1, 1952, who has disposed of any property within five (5) years prior to the date of application, shall be ineligible to receive assistance; provided that if such property was disposed of by bona fide sale and conveyance, and for value commensurate with the actual market value thereof, such disposition shall not affect eligibility for assistance if it is shown that all proceeds from such sale have been used by such person and spouse for normal living expenses, or for the purchase of other real property of like value. If any recipient of assistance or spouse shall sell any real property, neither such recipient nor spouse shall thereafter receive assistance until all net proceeds of said sale have been expended for normal living expenses; and in case of disposition of such property by gifts or for an amount less than its actual market value, such person and spouse shall not thereafter receive assistance until the expiration of the period of time during which the net proceeds of said sale would have paid their normal living expenses had the actual market value been realized therefrom.

"(2) Needy blind persons who are over the age of sixteen (16) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application.

"(3) Needy children who are under the age of sixteen (16) years; provided that any child, if otherwise eligible, may not be excluded who has resided in the State for one (1) year immediately preceding the filing of the application for such assistance, or, if said child is under the age of one (1) year, whose parent or other relative with whom the child is living has resided in the State for one (1) year immediately preceding the birth of such child.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer and inconsistent with restrictions herein set forth; provided, however, that the amount of such assistance out of State funds to each person assisted shall never exceed the amount expended out of Federal funds; and provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind and needy children shall never exceed the sum of Forty-two Million Dollars (\$42,000,000) per year.

"Should the Legislature enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this Amendment, such Acts shall not be invalid by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at the Election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election there shall be printed on such ballot the following clause:

"FOR the amendments to the Constitution which the Legislature nows to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollar (\$35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditures from Federal funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars (\$42,000,000) per year on State fund expenditures for such purposes each year."

"AGAINST the amendment to the Constitution which the Legislature nows to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years of age; removing the Thirty-five Million Dollar (\$35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditures from Federal funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars (\$42,000,000) per year on State fund expenditures for such purposes each year."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have the same published and held as required by the Constitution and Laws of the State of Texas.

HOUSE JOINT RESOLUTION NO. 22 proposing an Amendment to the Constitution of Texas by adding to Article XVI thereof a new Section to be numbered 63 and authorizing the Legislature to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the several counties of the State; providing that participation therein by counties shall be voluntary, and authorized by the qualified voters of such county; providing the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein; and providing that administration of said system may be committed to the same body set up to administer the statewide municipal retirement system authorized under Section 51f of Article III; providing for the calling of an election and the publication and issuance of the proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVI of the Constitution of the State of Texas, be amended by adding thereto a new Section, to be numbered Section 63, which shall read as follows:

"Section 63. The Legislature shall have the authority to provide for a statewide system of retirement and disability pensions for appointive officers and employees of the counties of this State under such a plan and program as the Legislature shall authorize; provided, that participation therein by counties shall be voluntary and shall first be authorized by vote of the qualified voters of such county; provided further that the Legislature shall not be authorized to make an appropriation to pay any retirement or disability benefits authorized herein. Administration of such system may be committed to the same body as may be set up to administer the municipal retirement system provided for by Section 51f of Article III."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors at an election to be held throughout this State on the second Tuesday in November, 1951, and at said election the ballots shall have printed thereon the words:

"FOR the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees," and "AGAINST the Constitutional Amendment authorizing a statewide system for retirement and disability pensions for appointive county officials and employees."

Each voter shall strike out one of said phrases on his ballot, leaving the one marked which expresses his vote upon the proposed Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the foregoing proposed Amendment published as required by the Constitution for proposed amendments thereto.

BULCHER GROUP PLANS NEW GAME PRESERVE

Citizens of the Bulcher community held a regular business meeting Thursday night in order to hear reports and continue plans in the Range and Pasture Improvement contest they entered this year.

E Newby, chairman, president, and Mrs. R. H. Sharp, secretary, gave an account of activity during the previous month.

Dub Schittler, assistant county agent, addressed the assemblage on organizing a game preserve in the community. He explained rules and gave general advice on the topic. A committee to take charge was appointed. It consists of Calvin Calvert, Johnny West and Claude Cannon.

Mr. Schittler then introduced Emmitt Yoder and Robert Kupper of the Muenster Soil Conservation Work Unit and Ralph Maglaughlin, vocational agriculture teacher of Muenster.

Yoder and Kupper talked on soil saving practices and how to secure help from the government through the Triple A office in getting seed and fertilizer for crop improvement. Maglaughlin showed colored films, "before and after" pictures, relating to soil building in the south.

To close the evening hostesses served refreshments of sandwiches, cookies, potato chips and iced tea to those present.

Harold Reeves of Fort Worth spent the weekend with his parents, Mr. and Mrs. Jap Reeves.

CDA SPONSORED SOCIAL HELD SATURDAY NIGHT

A progressive 42 series, other table games and a cake auction entertained those who attended the ice cream social sponsored by the local court Catholic Daughters of America Saturday night in the parish lunch room. Homemade ice cream and cake were available, along with cold drinks and hot coffee.

In the 42 games Mrs. J. B. Wilde won the high score award and Mrs. Wm. Bergman received the consolation favor.

The cake auction was the concluding feature of the affair. Robert Kupper served as auctioneer.

The party was a benefit for the CDA treasury.

BAPTIST WMS MEETING HELD IN M'GOWAN HOME

Members of the Women's Missionary Society of the local Baptist church met Tuesday with Mrs. Looney McGowan as hostess in her home. Mrs. E. S. Lawson led the Bible study.

The society meets twice a month on the first and third Tuesdays in the homes of members and after the study period has a social hour.

Officers of the organization are Mrs. Ralph Maglaughlin, president; Mrs. E. O. Hartwell, vice president; Mrs. Looney McGowan, secretary; Mrs. J. W. Morrison, corresponding secretary and treasurer; Mrs. Doyle Hood, program chairman.

After the study Tuesday night Mrs. McGowan served cold drinks and cookies to those present.

McCORMICK NO. 24 CORN PICKER

First things most farmers notice about the McCormick No. 24 2-row Corn Picker (for Farmalls H and M) are its trim design and low-cut appearance. First thing they usually say is "Must be a fast worker in the field." Right they are! Yes, the No. 24 is really speedy in the cornfield. It picks up to 3 acres an hour. And it's been designed to cut mounting and dismounting time to the bone. Just 15 minutes for each. No lifting to attach or detach. Get full details on this stand-out among tractor-mounted, 2-row corn pickers from us now.

LOWER YOUR HAULING COSTS...

switch to DODGE "Job-Rated" TRUCKS

SAVE with bigger payloads
Ask any owner, and he'll tell you that payload goes up and costs go down when you switch to Dodge. You get balanced weight distribution, which permits you to haul bigger payloads. And to haul at low cost, you have the right engine for plenty of power.

SAVE with all these proved advantages—In a Dodge "Job-Rated" truck you get all these proved dependability features: Lightweight pistons, two fuel filters, heavy-duty radiator, twin carburetion and exhaust system on high-tonnage models, Cycle-brake linings, and others.

SAVE with a high-compression engine—When you switch to Dodge "Job-Rated" trucks, you get flashing performance with top economy—made possible by powerful engines with high compression ratios! For example, Dodge "Job-Rated" 1/2-, 3/4-, and 1-ton pickups, panels and stakes give you new, higher 7.0 to 1 compression ratio.

SAVE with lower upkeep costs
Satisfied owners agree that when you buy a Dodge "Job-Rated" truck, you get years and years of low-cost hauling. You enjoy the money-saving advantages of 4-ring pistons with chrome-plated top ring and exhaust valve seat inserts—plus new moisture-proof ignition and new 45-ampere generator.

SAVE with gyrol FLUID DRIVE
Available on 1/2-, 3/4-, and 1-ton models! You'll reduce upkeep —get more tire mileage—protect your load—drive more easily and safely! Let us demonstrate this Dodge exclusive.

SAVE with a truck that's "Job-Rated"—A "Job-Rated" truck is engineered at the factory to fit a specific job . . . to save you money. Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed. Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle and others—is engineered right to meet a particular operating condition.

Come in today for a good deal on a truck that fits your job. . . a DODGE "Job-Rated" TRUCK.

Republicans Rescue Texas Tidelands

When the House recently passed Ed Gossett's Bill proposing to restore to the States ownership of their submerged coastal lands by a vote of 265 to 109, or by more than a two-thirds majority, we Texans naturally felt greatly relieved.

But what we Texans ought to know, and what very few of us even suspect is that in many respects we owe this wonderful victory to the Republicans. Yes, The Republicans!

Lets take a look how both parties voted:

For the Bill: **156 Republicans, 109 Democrats**
 Against the Bill: **17 Republicans, 91 Democrats.**

The voting record clearly shows the Democratic Party split wide open on an issue of State's Rights. Fortunately, 90 % of the Republican vote was FOR State's Rights.

I think the time has come for all Texans to state publicly: "Thank God for the Republicans. We needed them and they didn't let us down." Soon, we will need them again to override Harry Truman's promised veto. They won't let us down the next time either; the Republican platform is for State's Rights.

The present so-called "Democratic" platform is AGAINST State's Rights.
 I am sure very few of us know that in 1948 at the

Democratic National Convention, Dan Moody of Texas introduced a resolution which demanded that State's Rights be fully supported by the Democratic Party. THIS RESOLUTION WAS DEFEATED.

As a Texan, I will never forget this insult.

If the Republicans in the House had treated Texas the way we Texans have treated Republicans in the past, our tidelands would belong to the present socialistic administration at this very moment.

It is high time we return to a government that will conduct the affairs of this country strictly according to The Constitution of the United States.

That is why I am going to vote for JOE JACKSON.

All his opponents are members of a party that just doesn't know what the words Morality, Honesty, Economy and Courage mean.

This is not the time for party politics.

We must be Americans first September 8th.

I hope we will make that day ring with real Texas independence.

Youths Warned to Register Promptly

AUSTIN, Texas — The number of 18-year-old Texans failing to register under the federal draft law is increasing, Brig. Gen. Paul L. Wakefield, state Selective Service director, said

here today.

State draft headquarters records indicate that registration has been falling off since the end of March. General Wakefield estimated that 2,000 to 2,500 18-year-olds currently are unregistered.

"We've been watching this situation closely since late spring with the hope that the trend would stop," the state draft director said. "We've asked the local draft boards to act under a provision of the regulations whereby a letter will be sent to men in their communities suspected of being delinquent under the law."

General Wakefield reminded males subject to registration of penalties if convicted of failure to comply with the law. He quoted a section of the law providing maximum penalties of fine up to \$10,000 and imprisonment up to five years.

Under the draft act, all 18-year-old males are required to register with the nearest draft board on their 18th birthday or within five days thereafter.

The preacher came along and wrote on a fence, "I pray for all." The lawyer wrote underneath, "I plead for all." The doctor added, "I prescribe for all." The plain citizen wrote, "I pay for all."

"AND WE QUOTE"

Clarence Manion, Dean of the College of Law, Notre Dame University, says in his book, "The Key to Peace" . . . "All over the world there is an immediate demand for enormous quantities of pure Americanism, but unfortunately, the demand comes at a time when we are experiencing a critical shortage right here in the United States."

President Truman, in his Detroit Anniversary speech: "Never, not even in the bitterest political campaigns, have I

seen such a flood of lies and slander as is now pouring forth over the country."

Louis Bromfield, famous author and farmer, arguing the case of "plowless farming" in Successful Farming magazine: "Pretty farming and clean farming have cost this nation billions of dollars in lost, depleted and deteriorated soil. We are still paying the bill in terms of high prices, and in high taxes to subsidize farmers who can not make a living on that same soil."

Frank and Marie Zimmerer of Amarillo spent Saturday night and Sunday with their parents, the Herman Zimmerers.

The Francis Dieters of Dallas are here to spend a week's vacation with their parents and other relatives of the Joe Hundt and Dieter families.

Mrs. Lena Schmitt has returned from a visit in Fort Worth with relatives.

Marine Pfc. Joseph Schmidkofer left Oceanside, Calif., for overseas service on Aug. 16. He is the son of the J. C. Schmidkofers and has been in the Marines since March of this year.

Mrs. Leonard Bengfort and daughter, Susan, spent the weekend in Muenster with her father, John Herr and children, while her mother was on a trip to Hereford.

Visiting the John Bezners this week are their grandsons, Johnny and Steve Bezner of Wichita Falls. The boys are staying here while their parents are at Era at the bedside of Mrs. Bezner's sister.

Mrs. Joe Spaeth and children of Greggton visited here several days this week with Joe's mother, Mrs. George Spaeth and family. They came here to visit Joe who is working on an oil well at Walnut Bend.

The Robert Beyers and his sister, Mrs. Richard Swirczynski of Muenster, spent last weekend in Fort Worth with Mrs. Carl Beyer and family. The Beyers all drove on to Kerrville for a visit with Carl who is a patient at veterans hospital. Mrs. Swirczynski remained in Fort Worth with the Beyer children while their mother was away.

S. Sgt. Nick Arend, son of Mrs. Lena Arend, recently received a third oak leaf cluster to the air medal for meritorious achievement while participating in aerial flight against the enemy. He enlisted in the air corps in September 1942 and is assigned to the 56th Strategic Reconnaissance squadron, medium weather, as a tail gunner. The squadron flies weather reconnaissance missions over Korea to gather vital weather information for the UN activities.

Mr. and Mrs. Frank Mages Sr. have gone to Corpus Christi for a vacation visit with their

Al Bezner and the Bob Bezners and daughter Debby of Dallas visited Sunday with Mrs. Joe Bezner. Mrs. Bob Bezner and daughter remained until Thursday when they accompanied Mrs. Robert Young and son Jimmy back to Dallas. The Youngs were guests here from Monday to Thursday.

Sept. 4 is Muenster Day at County Fair

Tuesday, Sept. 4, has been proclaimed Muenster Day at the Cooke County Fair.

When designating the date last week directors of the fair said they hope to see a large Muenster delegation on that date. They also offered to provide a police escort from the city limits to the fair grounds if the delegation wishes to go to the fair in a group.

177 Class Days, 15 Holidays This Year

Children of the Muenster public school will have two extra days of classes this year . . . unless bad weather interferes. And they will have to make up lost time if weather causes the school to close for more than two days.

According to a schedule just completed by Superintendent Weldon Cowan there 177 days between the opening on Sept. 4 and the closing on May 23. That's two days more than the required minimum.

Holidays listed on the schedule are 1 day on Nov. 1, two days for Thanksgiving, ten days for Christmas and two days for Easter. Mid-term is Jan. 18.

consider ways to make the public more pleased with their method, to bring their fine standard of service within the reach of an ever increasing number of people.

At the same time people should take note of the fact that a government plan of compulsory health insurance offers nothing that isn't already available in voluntary insurance plans. Also that by its very nature the voluntary system is

better. It has to survive on merit because people are free to drop it if they don't like it. Compulsory insurance is different. People are stuck with it whether they like it or not.

MHS Cheer Girls Tie for Top Honor

Muenster High School's team of cheer leaders last Friday completed their special cheer leading course at SMU with a tie for top honors as team of the week. The Sweetwater High team was the other first place winner.

Ratings were decided by course instructors judging a contest on the last day in which the teams demonstrated methods they had learned.

Members of the team are Jane and Carol Hellman, Margie Baumhardt and Jeanette Walter.
