

MUENSTER ENTERPRISE

VOLUME VI

MUENSTER, TEXAS, COOKE COUNTY, FRIDAY AUGUST 28, 1942

NUMBER 40

After spending more than six months at the dual role of columnist and one of Uncle Sam's uniformed nephews, Con has decided that there'll have to be some changes made. Heretofore Confeiti has been written somewhat leisurely on Sunday — however there have been a few Sundays that afforded little leisure. Hence it was quite a problem to get the column away.

Last Sunday was one such case. Guard duty. It allows intermissions, of course, but it hardly leaves a person in the proper spirit for writing. Besides, it's reasonable to assume that Sunday KP is coming — with no spare time whatever. And if an opportunity for a weekend pass should present itself, Con certainly doesn't want to be hampered by obligations to a paper.

So — We'll try a different system in the future. Jot down a few impressions every day, in diary form, and send it in once a week. The idea has another merit. Perhaps in the not too distant future regular contributions will not be possible. But the habit of writing daily will at least result in a fairly complete record — even though it may be several weeks late in reaching print. Well, here's the beginning:

MONDAY, AUG. 17.—An uneventful day, nothing but complete the 54-hour stretch of guard duty that began at 11:30 Saturday. Which means just loaf around except during the time we're actually pounding the beat. Early this morning we were rejoicing that most of it was over. After all, in spite of rather light duty, a fellow gets tired of having his night's sleep interrupted twice and spending more than 2 days with his shoes on.

But we felt rather lucky when we discovered what was happening to the rest of the gang. To begin with their usual 30 minutes of close order drill was stretched to an hour with considerable double time thrown in for good measure. Apparently some of the boys weren't so alert after a huge week-end and somebody decided to teach 'em a lesson.

Then came extended order drill. Actually this is a formation for maneuvering in the hot zone. Men are scattered, and advance according to signals from their leader, rushing in a crouched position from one bush or boulder to another, always careful to keep out of the enemy's sight — or at least provide a poor target. Hit the dirt — and a plentiful sprinkling of cactus needles — jump up, race forward another 20 or 30 yards, and hit the dirt again at the next cover. It's a strain. We're told that that kind of action, but we gotta know it anyway, just in case.

TUESDAY, AUG. 18.—The morning consisted of drilling, close order and extended, and a short lecture on reconnaissance — which might be checking on enemy positions and strength, or simply looking over the country for the best possible bivouac area.

The afternoon was occupied by with pick and shovel practice. Correction: Just the shovel. Picks aren't necessary in this sand, which I can testify is at least 7 feet deep. Our job was to dig a sink hole for kitchen drainage. Next comes a fill of rocks, followed by a layer of sand bags and a final surface of plain desert dirt. All drainage here is handled that way. The bath house and each separate hydrant, even the waste from the over-size water bags in mess halls. Incidentally, the mess hall isn't exactly a hall. Rather a pavillion. A roof but no sides and plain desert dirt for a floor.

I was a little disappointed this morning at not being chosen for the group, on a special detail to Rice, about 70 miles from here. But since the men are back I realize I did not miss anything special. Just a Chic Sale carpenter job. Perhaps there is a little significance.

FOR VICTORY

BUY UNITED STATES WAR BONDS AND STAMPS

IN HAWAII

Pvt. Joe Sicking, son of Mr. and Mrs. Ben Sicking, is in Hawaii with Company B, 19th Infantry. He was inducted in the army February of this year and trained at Camp Wolters, Mineral Wells, before going overseas. He was called for foreign duty in June.

Married Men Face Reclassification By Christmas

Major-General Lewis B. Hershey, national selective service director, said Friday that "reclassification of all married men" would probably begin in October, and certainly by Christmas.

"We will run out of single men in a few months, and then we must turn to the married men," the director stated in an interview, adding:

"Men with secondary dependents or a wife only will be taken first. If I were a man with a wife only, I would make arrangements to enter the army now.

"We will have to change our conception of what is considered support. The wife would certainly not live in luxury."

Earlier, General Hershey said selective service needs men "at a rate which would have been considered super-human a year ago," and that "the number of able-bodied men in industry must be drastically reduced in the very near future."

"Industry must re-place so-called vital men otherwise eligible for the draft with women and older men," he told the National Institute for Commercial and Trade Organization executives on Northwestern University campus. He continued:

"I can't talk too much about the necessity of getting men in 2-A and 2-B replaced.

"We have learned there are very few irreplaceable men, and in industry, agriculture and in government we have got to train people to replace draft-age men, and we have got to do it quickly.

"In the past, selective service has protected vital industries, such as aircraft and ship-producers, against loss of manpower, but from here on, when the army needs the man, there will be no waiting until he is replaced."

MUENSTER FARMERS ORGANIZING FOR PRIORITY AREAS

In order that farmers and land owners may be in a position to take advantage of the many opportunities offered by soil conservation districts, land owners and tenants in the Muenster vicinity are making an effort to establish four such areas.

In addition to the priority area Muenster now has, four new districts are being formed, and the sooner the men interested in this work sign up, the sooner engineers will plan the farms to assist in a complete soil conservation and proper land use program, it was stated. The government will pay only one cent for soil conservation actually done and an allotment of \$130,000 is set aside for this purpose for the county.

New districts being formed are one for Southeast Muenster which covers the sector between the East Muenster priority and the Hood priority areas, bordering the Muenster-Linn road on the west line; the Southwest area, using the Highway for the north line; the Northwest area being west of Muenster to the Marysville road; and the Northeast area, covering all the northeast portion, down to the East priority area, now planned.

A number of farmers in these areas have already signed up and as soon as the majority have expressed their desire to cooperate a meeting will be called to organize such areas, and work will begin.

Farmers interested who have not already done so are asked to stop by the Muenster State Bank and sign a petition to the district supervisor of the Upper-Elm-Red Soil Conservation District.

IN ALASKA

Cpl. R. W. Herr son of Fred Herr, is stationed at Ft. Greely, Alaska, since July 1941. He enlisted in the army in September 1940 and trained at Fort Francis E. Warren, Wyo., and at Portland, Oregon, before being called for foreign service. He is with Company G, 37th Infantry.

PLANS COMPLETED FOR GALA PARISH PARTY ON LABOR DAY

Plans for the annual Labor Day picnic and dance are complete, and according to reports it will be one of the outstanding community social events of the year. Headlining the committees on arrangements are Rev. Richard Eveld and the presidents of the various parish societies.

Several entertainment features have been added to the program which will include a "Country Store", "The Hall of Wonders", a cake walk, and outdoor games, such as horseshoe pitching, dart throwing, sack races and ball games.

Mrs. J. B. Wilde and her committee are in charge of securing cakes and other items for the store and will supervise the making of homemade candies and popcorn balls. Mrs. Felix Becker is in charge of publicity, placement and purchasing and Mrs. John Kathman will be in charge of making the ice cream.

The Catholic Daughters of America will manage the cold drinks, candy and ice cream stand and the Saint Anne's Society will take charge of making hamburgers and barbecue sandwiches.

The Young Ladies Sodality is to provide prizes for the Tango stand, which the Knights of Columbus will manage, and in addition the girls will be in charge of a number of novelty booths.

The Holy Name Society is to supervise the outdoor games and contests and Victor Hartman and C. M. Waltescheid will be in charge of the novelty game. Henry Wiseman and committee will be in charge of the dance hall and the Muenster Youth Band will give a concert between 8 and 9 o'clock, after which the dance will begin on the main floor, while the other features, and the card and domino games will continue in the basement.

Everybody is invited to attend. Proceeds will be placed in the new church building fund.

FAIR ENDS SATURDAY SETS NEW RECORDS FOR ATTENDANCE

The 16th annual Cooke County Fair rang down the curtain in the early hours Sunday morning after one of the most successful seasons in the history of the exposition, despite the effects of the war.

Attendance records fell several times during the Fair, to set new high records for a number of days. Friday's attendance alone was 4,234, an increase of 235 over the attendance for the same day last year and a new all-time high for Friday. Paid admissions for the first five days totaled 19,817, an increase of 168 over the same period last year, despite a 50 per cent increase in admission prices.

These figures do not include children under 12 years of age and soldiers who were admitted free. Gene Autry's rodeo was a big hit, providing plenty of thrills, comedy and splendid exhibitions of trick and fancy roping and riding. Huge crowds attended the performances.

Other fair attractions drew capacity crowds and home exhibits, livestock and poultry exhibits were some of the finest in the Fair's history.

Because of popular demand, the carnival midway and the Bill Hames shows remained in Gainesville four more days concluding activity Wednesday.

GLEESON TO ADDRESS K OF C Muenster Knights of Columbus will hear George P. Gleeson, director of USO at Camp Howze, at their meeting next Wednesday evening in the K of C hall, and a full attendance is urged.

Organization Meet of USO Is Held Friday

Sponsor, Hostess Duties Told By Miss Hensler; Committees Formed

Approximately fifty Muenster women and girls attended an organization meeting for the USO club to be operated in Gainesville for soldiers stationed at Camp Howze, Friday afternoon in the public school here.

Miss Muriel Hensler, USO director for women's activities, presided at the meeting and distributed copies of suggestions for hostesses and sponsors in USO clubs. She explained the duties of sponsors and hostesses, stating that sponsors will be responsible for a limited number of girls who will attend social functions and hostesses will receive the guests and make them feel more comfortable at the club.

During the meeting three committees with leaders and assistants were organized as follows:

Sponsors Committee: Mrs. Joe Luke, chairman, and Mesdames Nick Miller and Al Walterscheid, assistants. These ladies have cards for girls, desiring to be junior hostesses, to fill out. Local young ladies wishing to be junior hostesses may get these cards from the ladies on the committee and after filling them out, with parents' consent and the references of two persons who are not related, return them to the committee. They will then be eligible for a USO badge. This group includes unmarried young women between the ages of 18 and 30.

Hostess Committee: Mrs. J. H. Cook, chairman, Mrs. Frank Kaiser, assistant. These two ladies will accept the names of women who wish to assist with USO work by spending a part of their time at the club, in much the same capacity as that of a hostess in the home.

Home Hospitality Committee: Mrs. T. S. Myrick, chairman, and Mrs. J. B. Wilde, assistant. This committee is in charge of accepting the names of persons who wish to invite soldiers to visit in their homes for Sunday dinner or supper, etc. Any local citizen wishing to entertain two or more soldiers at dinner on Sunday should notify this committee.

All persons interested in any phase of volunteer service work are requested to contact these committee chairmen.

Plans are being made to have the first USO dance this Saturday evening in the High school gymnasium, Gainesville, which will be used until a USO club building is either acquired or built.

It was stressed that these USO dances are conducted on the strictest basis and that girls attending them must arrive with their sponsor, cannot leave the building until after the social and must be accompanied out of the building by their sponsor. A girl cannot date a soldier on these nights. She must arrive and leave with her sponsor.

Miss Hensler and George P. Gleeson, director of the club, are on duty at the chamber of commerce office and will be glad to answer any questions or give any information on the subjects.

ORGANIZATION MEET FOR NUTRITION CLASS HELD HERE MONDAY

A group of Muenster women met with Miss Nette Shultz, county agent, in the K of C hall Monday evening to organize a nutrition class, which Miss Shultz will conduct.

Meeting days were set for Tuesday and Thursday of each week from 3 to 5, the course to begin on September 10. There will be ten lessons.

Mrs. Jake Pregel was appointed chairman and is this week soliciting the names of ladies of the community who wish to take the course, so that a large number can profit by the instructions. The class is not conducted unless the enrollment is at least twenty. Certificates will be issued at the close of the instruction but a member must attend 8 of the 10 lessons to qualify.

Persons interested are asked to see Mrs. Pregel.

SCORES OF PERSONS GAZE AT FULL MOON TUESDAY

Scores of local persons witnessed a total eclipse of the full moon Tuesday night. Weather conditions made the orb plainly visible. The eclipse resulted from the earth being interposed directly between the sun and the moon preventing light rays from the sun to reach the moon's surface.

The total eclipse extended from shortly after 10 to 11:35 p. m.

Scrap Campaign Gets Under Way

O'Daniel, Smith, Jester and James Win In Run-Off

MUENSTER LOSES VOTE FOR VAN ZANDT

Picks Three Winners And Two Losers in Election Saturday

Muenster picked three winners and two losers in last Saturday's run-off campaign.

In the state senator's race for the ninth district, which received more attention than any other, Muenster supported Olan R. Van Zandt, the incumbent, who lost to Charles R. Jones of Bonham, Cooke county, likewise, supported Van Zandt.

Muenster favored James V. Allred for the U. S. Senate, although W. Lee (Pass the Biscuits, Pappy) O'Daniel carried Cooke county, and was swept into the office to represent Texas for his first six-year term.

John Lee Smith, for Lieutenant Governor, Jesse James, for State Treasurer, and Beauford Jester, for Railroad Commissioner, unexpired term, were Muenster favorites who were successful in getting into office.

Unofficial election results in both Muenster boxes are as follows:

For the Senate—Allred, 217, O'Daniel, 142; For Lieutenant Governor—Beck, 154, Smith, 156; For Treasurer—James, 205, Hatcher, 112; For Railroad Commissioner—Brooks, 162, Jester, 195; For District Senator—Jones, 50, Van Zandt, 299.

Totals for Cooke county are as follows: Allred, 1,898; O'Daniel, 2,415; Beck, 1,916; Smith, 1,933; James, 2,156; Hatcher, 1,600; Brooks, 2,095; Jester, 1,991; Jones, 1,640; Van Zandt, 2,399.

LEAGUE, GARDEN CLUB SPONSOR DRIVE FOR NEW SERVICE FLAG

Muenster will soon have a new service flag. At their meeting Friday members of the Civic League and Garden Club decided to take charge of the business connected with purchasing a new flag and to sponsor a drive for voluntary contributions to defray its cost.

Collections got under way Sunday when members of the organization took up donations at church following services, and a box to receive additional funds has been placed in the Muenster State Bank where persons who desire to give to this cause and have not yet done so may leave their contribution.

The service flag the community has had since the beginning of the war has become too small and the new one will be of ample size, with space for two hundred stars. Approximately one hundred men from this community are already in the armed forces.

The flag committee is composed of Mesdames J. M. Weinzapfel, J. B. Wilde and Jake Pregel. These ladies will also affix the stars to the banner thereby saving considerable expense as a flag bought with the stars in place amounts to quite a bit more than one on which the stars are sewed at home, it was revealed.

As soon as the new flag is finished it will be on display in the Bank and at the public school after which it will be permanently preserved, along with a scroll of names of the men in service, in the Sacred Heart church.

CITY-WIDE CLEAN-UP SET FOR SEPT. 7th; COOPERATION URGED

A city-wide clean-up will be conducted in Muenster on September 7, at which time a truck will make the rounds, including stops at all business houses and residences in the city limits, picking up trash that has previously been boxed or sacked and set at the curbs or in alleys, it has been announced.

The campaign is sponsored by the Civic League and Garden Club, and as in previous clean-ups of this type the minimum charge for pickups will be 25 cents.

Leaders of this movement wish to remind housewives that tin cans are being collected in the scrap campaign and should not be included with the rubbish that it set out for collection on September 7. Tin cans should be boxed separately brought to town and dumped west of the city jail, for use in the war effort. All other trash and rubbish should be disposed of in the city clean-up.

Junk Rally Set For August 29

Muenster and all Cooke County is "all set" to take part in the scrap collection which is due to begin on August 29th. A county-wide organization has been formed and plans completed for the scrap harvest which is expected to yield many tons of valuable material for war use. Farmers are urged to comb every acre of their farms for any type of scrap that might be of use and are reminded to make the canvass thorough and complete.

Chairman Fred Snuggs of Gainesville, of the Cooke County Salvage Committee, will direct the campaign in Cooke County, assisted by sub-chairmen who will serve in their respective precincts.

Muenster's chairmen are Mayor Ben Seyler, J. P. Flusche, H. L. Tinsley, Adolph Herr and J. A. Fisher.

The collection depot to which farmers will deliver their scrap has been established at the local junk yard on South Main street, where J. P. Flusche will be on duty to receive it, weigh it, and make payment for it at prevailing prices. This junk may also be donated by citizens who wish to do their share in the war effort.

All types of scrap material are needed, but there is a particular need for scrap iron and other metals and rubber. Everything made of these materials and not in use should be gathered up. Discarded farm implements, broken parts, worn hoes, shovels, broken hammers, nails, rubber articles, copper and brass, aluminum pots, pans, etc. The prime purpose of this drive is to harvest all scrap now scattered on the farms of the nation and deliver it through regular channels to the war factories.

Tin Cans
A government owned tin can shredding plant has been constructed in Dallas. This plant will serve Dallas-Fort Worth and surrounding territory within a 100-mile radius. Shredded tin cans from the Dallas plant will be shipped to copper mines in Arizona and New Mexico, where they are used in chemical process for the recovery of copper. Copper is a critical war material, vitally needed in the manufacture of shell cases, planes, tanks, guns and other war munitions.

The success of the tin can salvage program is dependent upon housewives, who are asked to remember to save all cans, bring them to town and dump them on the lot west of the city jail which will be their collection headquarters. While practically all other scrap has market value in cash, no money will be paid for tin cans.

But most persons will be grateful if a means for the disposal of these unsightly objects that at this time make many an alley and side road in Muenster a sore-eye spot.

Tin can salvage will continue for the duration of the war, since the need for copper will grow increasingly urgent as war production is stepped up.

It was mentioned that dirty, corroded, burned and rusty tin cans cannot be used in this drive, and so again, its success will be dependent on housewives, who will place cans in containers and store them until they are brought to town. No special treatment of the cans is required, other than they should be rinsed after they are emptied. If they have not been rinsed and the residue of the contents are dried in the cans, they will be acceptable, but it will be better for the processors of the cans if they are washed.

Points To Remember
This is not just another drive, but a substantial campaign which must go on until the war is won.

No piece of iron or steel is too big or too small to be turned in. If there are big piles of scrap in dealers' yards, that does not mean that the campaign is finished. We need all the scrap we can get. Materials will be moved only on direct orders from steel mills, and these orders will come later.

LOCAL KNIGHTS COLUMBUS INVITED TO WINDTHORST

In an invitation received Tuesday by Grand Knight J. W. Fisher, Muenster Knights of Columbus are invited to attend initiation ceremonies at Windthorst Sunday, August 30.

The second degree will be exemplified promptly at 12 o'clock, noon, and the third degree will follow. A Dutch lunch will be served after the rites and the affair will be concluded about 6 p. m. A number of local members are making plans to attend.

LOCAL NEWS BRIEFS

Short Items of Interest About Folks You Know
ROSABELL DRIEVER, Society Editor

Miss Ernie Herr of Dallas spent Sunday here with her father, Fred Herr and family.

Mr. and Mrs. P. W. Hellman and daughter of Fort Worth spent Sunday here with relatives.

Little Betty Witherspoon has recovered from a tonsilectomy performed at the local clinic Saturday.

J. L. and Betty Cole are spending this week visiting relatives in Chico.

Since the beginning of the week Mrs. G. A. Stelzer is assisting at the City Hotel as waitress.

Miss Florene Endres had her tonsils removed at the local clinic Tuesday and is recovering normally.

Mrs. Frank Lutkenhaus left Thursday for Mercur, Kansas, where she will make her home. She will be Postmistress at that town.

Mrs. Theo Wiseman and little granddaughter, Carolyn, spent Tuesday and Wednesday in Sanger with Mr. and Mrs. Tony Wiseman.

Mr. and Mrs. Steve Fette recently moved from Flora, Ill., to Louisiana, Mo., where Steve is working on a defense project, it was learned this week.

Mr. and Mrs. Ben Hellman and their daughter, Mrs. T. P. Frost, spent from Friday to Tuesday in Dallas where Mr. Hellman was under medical observation.

The Al Bayer family will move this weekend to occupy the Louie Lutkenhaus home the place they vacate will be occupied by Mr. and Mrs. J. M. Tempel.

Mr. and Mrs. Billy Showers and daughter, Jane Gall, have returned to their home in San Antonio after visiting with her parents, Mr. and Mrs. Joe Bergman.

Misses Ila and Nila Bussey of Ryan, Okla., and Miss Ruby Nell Ward of Marietta, were week-end guests of Miss Joyce Williams in Muenster.

Mr. and Mrs. Andy O'Connor and daughter, Miss Evelyn, and Mrs. A. C. Stelzer visited in Sherman Sunday. Miss Evelyn remained there at Saint Vincent's Hospital, to be employed.

Miss Bertha Jane Hoehn has returned to Austin to resume her course in nursing at Breckenridge hospital after spending a three weeks' vacation here with her parents, Mr. and Mrs. A. T. Hoehn.

Mr. and Mrs. C. J. Kaiser were hosts at a six o'clock dinner in their

home Wednesday evening honoring Mr. and Mrs. Leonard Yosten. Other guests were Mr. and Mrs. Henry Wiesman and family.

Following regular practice Friday evening members of the Youth Band were treated to a feast of ice cold watermelon by their director, Rev. Richard Eveld, at the parish hall.

Miss Muriel Hensler, associate director of the County USO, spent Monday, Tuesday and Wednesday of this week in Kansas City, Mo., attending a regional conference for all directors of the women's division of the N. C. C. S.

Thomas Weinzapfel and Urban Endres left Friday by motorcycle for a vacation trip to Mexico and other points of interest. They will stop at Corpus Christi to visit Cadet Norman Luke before returning home.

Mrs. G. E. Kittley of Rule, and Mr. and Mrs. Allen S. Jones of Grand Prairie, visited Mr. and Mrs. M. R. Estes Sunday. Miss Lonell Estes returned to Grand Prairie with Mr. and Mrs. Jones for a few days visit.

Little Alvina and Gerald Steinberger of Windthorst are here for a visit with their grandmother, Mrs. Peter Bindel, and other relatives. They were accompanied by little Mary Jean Schenk of Scotland who is visiting relatives and friends in this city.

Mrs. Anna Wiedemann and daughter, Miss Mary, have returned to this city following close of school at Denton, where they spent the summer, and are at home in an apartment at the John Eberhart residence.

Rev. Richard Eveld entertained the group of children who sell Sunday Visitors and other Catholic magazines at church with a chicken fry and outing at Leonard Park Sunday afternoon. The youngsters reported a fine time.

Mr. and Mrs. Harold Beasley, formerly of this city, now residing in Marion, Indiana, are the parents of a daughter, Janice LaTrelle, born on August 11. Mr. Beasley is employed in a defense factory. While in this city he was manager of Marion Supply Co.

Bob Hinton of Coffeyville, Kans., is residing here since the beginning of the week, and is employed at Camp Howze. He will be joined by his wife and two sons, to make their home here, during the week-end. Mrs. Hinton is the former Miss Regina Franken, a native of

this city. Sisters Leonard and Irmina returned to Muenster Thursday after spending three weeks at the motherhouse in Jonesboro, Ark. They were accompanied by Sister Thomasita and Sister Anselma, who will be guests of their parents, Mr. and Mrs. John Walterscheid and Mrs. John Haverkamp, Sr., for two weeks.

Mrs. Christopher Fette and daughter had as guests during the weekend Cpl. and Mrs. Joe Cresanti of Fort Sill, Okla. On Sunday Mrs. Fette entertained with a dinner for the visitors for which Mr. and Mrs. Henry Trachta were also guests. Cpl. and Mrs. Cresanti returned to Fort Sill Monday afternoon.

Mrs. Joe Walterscheid, Mrs. John Felderhoff, Vincent Felderhoff, Miss Theresa and Tony Hesse left Friday for a week's visit with relatives in Jonesboro, Ark., and with Pts. Joe Henry Walterscheid and Al Hesse at Camp Robinson, Ark. They were accompanied as far as McAlester, Okla., their first stop, by Mrs. Joe Hesse, who remained there to visit her sister, Mrs. Ben Derischweiler and family, until the party returned via that route.

MOVING PICTURES SHOWN AT MEETING OF GARDEN CLUB

Muenster Civic League and Garden Club members enjoyed seeing two reels of movies Friday afternoon following their regular monthly business session in the public school.

The films belong to Mr. and Mrs. Weinzapfel. One reel shows local scenes, homes and families, high spots of the Windthorst and Lindsay golden jubilees and a series of pictures taken of the Garden Club ladies on their recent tour to the cemetery to inspect the progress of their major project.

The other is of scenery in Hawaii and includes pictures of the Weinzapfels' son Ensign Robert Weinzapfel, and others which were taken by him during his stay in Hawaii and were sent with his personal belongings to his parents after his death. Most of the pictures are in technicolor and are both beautiful and interesting. Some of the local shots are quite humorous.

Joe Weinzapfel showed the films and Mrs. Weinzapfel presided as commentator. A musical background was provided by Miss Mildred Walterscheid and her accompanist.

Mrs. Joe Luke, president, presided at the business session and committee reports were heard, routine business discussed and new activity planned.

Speaking for the sanitation committee, Mrs. J. B. Wilde advised that a general city clean-up will be held on Monday, September 7, and urged full cooperation of all members of the organization and also all citizens of the town.

Mrs. Nick Miller gave an account of cemetery work and Mrs. Jake Pagel disclosed that work had been done at the city markers and the words "Muenster" had received a fresh coat of luminous paint. Mrs. Jim Cook, chairman of the defense committee, announced that magazines are wanted for Camp Howze and anyone having magazines may leave them at her home or at the Enterprise office. With the arrival of men at Gainesville's camp, magazines are welcomed for the soldiers to enjoy during their leisure hours. She also announced that eighteen Muenster women, including five club members, are busy knitting for the Red Cross, the present assignment being mufflers and sweaters.

The meeting room was decorated with arrangements of marigolds grown in the yards of Mrs. Andy

You might as well CONFESS!

Almost everyone likes a mystery—almost everyone enjoys the thrilling excitement of tracking down a criminal with an ace detective. But some are a little ashamed to admit reading mysteries. Well—you needn't be.

Maybe you didn't know that many college professors, bank presidents, great scientists, captains of industry,

even the President of the United States all like their mysteries. In fact, millions of Americans are reading more mysteries today than ever before. Why? Mainly because these fast-paced, easy-reading stories are both relaxing and refreshing. It is for them—and for you—that we are publishing

Ellery Queen's Mystery Magazine

Edited by Ellery Queen, famous detective of the radio, the movies, and best-seller books, it is devoted exclusively to the best in detective crime short-story literature. And we mean literature. The fact that a story owes its plot to crime and detection need not prevent its being well written. Short detective fiction that is well written is not too readily available. But we are finding them—in books, in magazines, in the files of famous authors—and by arrangement with other publishers as well as with authors, we reprint in the approved Reader's Digest manner the best detective fiction to be procured.

Such masters as Dashiell Hammett, Agatha Christie, Stuart Palmer and Ellery

Queen are to be found in it. But stories are selected on their merits, not on the authors' names. Tough and suave, casual and swift, comic and tragic, they are mingled with refreshing variety and stimulating change of pace. Rare gems, fit for the most critical, delightful to the most naive. You will find the new magazine well printed—sharp and clear, kind to the eyes. You will find the same size as The Reader's Digest—convenient to hold, to handle, to slip into your pocket. You will find the cover as pleasant to look at as a book jacket. And you will find the contents the most satisfying quarter's worth of good entertainment you have found in many a day. On sale at all good newsstands—25c a copy.

SPECIAL 10c OFFER TO READERS OF THE MUENSTER ENTERPRISE

Because we want you to know Ellery Queen's Mystery Magazine we will send you a copy of this anthology of the best

detective stories new and old—60,000 words of thrilling mysteries—for only 10c, the cost of postage and handling.

Fill in and mail the Coupon below with 10c today.

with him after an extended visit here with their sister, Mrs. Cain.

PHYSICAL EXAMS ARE URGED FOR SCHOOL CHILDREN

AUSTIN, Texas, August 24.—The State Health Department urges all parents to have their children undergo a thorough physical examination before entering school next month. The importance of such examinations can not be over-emphasized according to Dr. George W. Cox, State Health Officer, who declares that the health of a child has a direct bearing on his progress in school.

"It is advisable to have school children examined several days or even weeks before school begins," Dr. Cox asserted, "so that minor ailments can be corrected and any possible serious one placed under treatment."

Dr. Cox also advised parents to take their children to a dentist for a thorough dental check-up and cautioned that an examination of the eyes be not neglected.

"In the old days it was considered only necessary to have school children provided with necessary books and some new fall clothing," Dr. Cox said, "but today we recognize that it is more important to be sure that his health has been properly safeguarded."

Immunization for protection against communicable disease should be effected before a child enters school, where he spends most of his time indoors with a group of children, which facilitates the spread

of infectious diseases. The student who has been immunized and whose health is under observation of the family physician, whose eyes have been examined for corrective treatment, and whose teeth have been cared for by a competent dentist stands a much better chance of success in school than does the student who is handicapped by one or more physical defects.

It might be a good idea for somebody to get up a poll to see how much attention people pay to polls.

GETTING IN THE SCRAP

As furnaces are roaring to produce more steel for tanks, planes, and aircraft carriers, Uncle Sam's scrap pile is rapidly diminishing. The need for scrap and more scrap is becoming more and more urgent.

And Uncle Sam isn't the only one who is feeling this shortage. Hitler is also having trouble keeping Axis furnaces fed with scrap. But what a difference between his way and the American way of collecting it! Confiscation of all unused iron and steel in Germany has been ordered by the Fuehrer, with the campaign enforced by uniformed police under Heinrich Himmler, Gestapo Chief.

We don't do things that way in this country. The War Production Board is organizing a vast scrap drive on a voluntary basis, and industry, through the American Industries Salvage Committee and other groups, is co-operating to assist the efforts of WPB. No, our industries don't need to have their scrap confiscated. They are eager to help!

A case in point is the "modern, efficient alloy steel plant," as dedicated by the War Production Board recently, which was built of used materials and contains equipment made solely from three cities and two states.

Cost of the plant is said by the WPB to represent the "lowest capital investment per net ton of output during the emergency." Thus the scrap is now a "monument to American industrial initiative," said the WPB official at dedication ceremonies.

This is just one of many instances of industries that have gone all-out on their own initiative, digging up obsolete machinery, looking in every corner, and even combing the sweepings from factory floors, so that they might show Hitler who is really "in the scrap."

Dry Grass and Weeds Create Fire Hazard Warns Chief McNelley

A plea for fire safety, issued jointly by Fire Chief R. L. McNelley and Marvin Hall, State Fire Insurance Commissioner, points to the extreme hazards created by dry grass and weeds.

Chief McNelley stated that vacant lots covered with weeds and grass at this time are a serious menace to all surrounding buildings. "Because fire can be started easily in such places," he said, "we must exercise extreme caution to prevent fires due to carelessness. Grass fires spread rapidly, and can easily result in excessive damage to adjacent property.

"If we make certain that all matches, cigars and cigarettes are 'blacked out' before they are discarded, we can prevent many fires

TUF-NUT

Matched Shirts and Pants

Friedman - Shelby Shoes

For Men and Women

JAKE PAGEL, Jr.
Muenster

of fire where there may be a chance of its spreading to grass covered lots.

"However, if a grass fire is discovered, lose no time in turning in an alarm. Don't give it chance to spread before calling the fire department."

Commissioner Hall reported that grass fires have shown an alarming increase over the state during the past few weeks.

"Fire hazards created by dry grass are more serious now than in several years," Hall declared. This is true in both city and rural areas, and it presents a problem for every fire department in Texas.

"We can ill afford the cost of a 'scorched earth policy' at a time when all our resources are needed by our armed forces and the forces of the United Nations. It behooves all of us to prevent the outbreak of every fire."

SWAT THE FLY

COLLEGE STATION, August.—Homemakers are unwilling hosts to an enemy—the common fly. It's a disease carrier and a pest. Swat it! says Bernice Clayton, specialist in home improvement of the Texas A and M College Extension Service.

Flies spread typhoid fever, dysentery and other wasting diseases which cause thousands of deaths yearly. They breed in refuse.

Get rid of them by destroying breeding places, keeping the yards clean and having a sanitary toilet. Screen windows, doors and chimney openings. Trap them before they get into the house (a fly trap is easy to make), and crack down on 'em when they get in. Use fly sprays and get every member of the family to help destroy them. Keep at the job.

Mrs. Clayton suggests checking screens often. Make sure that frames fit doors and windows tightly, and patch holes and repair ripped places. Paint galvanized screens once yearly with thin paint or screen paint, and also paint frames to preserve them. Finally, put a strong spring on screen doors so they'll close quickly.

Screens probably will have to last out the war she suggests and, accordingly, should be well cared for as they guard the health. It's a good idea to put on hooks or latches and protect the lower part of a screen door with a guard. Use two hooks at the bottom to keep window screen securely in place.

Make certain that children do not have an opportunity to play with matches. Avoid starting any kind

LONE STAR GAS CO. WINS PRIZE FOR BEST UTILITY ADS

Lone Star Gas System has won first prize for the best gas utility advertisement published in the Southwest in 1941, according to word received by Will C. Grant, advertising director. The winning ad was written by Willard G. Wiegand, advertising manager for the company, and the award was made in the annual Better Copy Contest of the Public Utilities Advertising Association.

The ad, which appeared in this paper last December, was entitled "Up Goes the Cost of Living in the Parade of Rising Prices — But Natural Gas Remains Low in Price As It Has Throughout the Years!"

It competed with many gas advertisements from other companies in Texas, New Mexico, Oklahoma, Colorado, Utah, Kansas and Arizona. One paragraph from the ad stated:

"Up—Up—Up—go prices! Almost without exception, food clothing, shelter, necessities and luxuries of all kinds, have zoomed to a new high. One by one even the most ordinary commodities have joined the ever increasing parade of rising prices to slash deeper and deeper into the family budget. However, there is one outstanding exception because the price you pay for natural gas service is still the same low rate you have paid for many years!"

Grant pointed out that despite these constantly increased costs for delivering gas service to its customers, the company had voluntarily agreed to a reduction in gas rates amounting to more than two million dollars a year.

COTTON PICK SACKS

COLLEGE STATION, Aug. 22.—Cotton bag manufacturers in Texas have informed the Texas USDA War Board that they can supply plenty of picking sacks made from cotton cloth, B. F. Vance, board chairman, has announced.

Vance said that shortages of cotton duck cloth for the manufacture of cotton pick sacks required a shift to sacks made from osanburg. Texas mills, in answer to queries from the War Board, indicated they could supply as many of the osanburg sacks as needed.

if you really need new equipment

With factories on full war-time production gas ranges and other appliances are becoming less and less available. Therefore take good care of your present equipment. If you need new equipment, the following information will assist you to determine if you are an eligible buyer in accordance with Government orders restricting the sale of gas appliances.

YOU CAN BUY A NEW GAS RANGE IF...

- (1) Your present range is completely worn out and beyond repair.
- (2) Your premises are not equipped with a range and you do not have cooking equipment.
- (3) You are engaged in constructing a Defense Housing project.
- (4) You are remodeling a large home and breaking it into several small apartments, you may purchase the ranges necessary to meet the cooking requirements.

YOU CAN BUY A NEW GAS WATER HEATER IF...

- (1) Your present water heater is completely worn out and beyond repair.
- (2) Your premises are not equipped with usable means of heating water.
- (3) You are engaged in constructing a Defense Housing project.
- (4) You are remodeling a large home and breaking it up into smaller apartments, you may purchase the gas water heaters required to supply adequate hot water.

YOU CAN BUY GAS HEATING EQUIPMENT IF...

- (1) You have rooms in which you do not have some type of heating equipment. This includes appliances such as Floor Furnaces, vented and unvented Circulators, Gasteam Radiators and Radiant Heaters.
- (2) If your present central heating plant is in need of repair, dealers will make the necessary replacements to put it into condition for the heating season. If it is beyond repairs that would restore it to workable condition, it may be replaced from stock if available.

See your gas appliance dealer or your gas company NOW so that you will be prepared for winter. If you are eligible for new equipment you will be assisted in making out the necessary signed application for your requirements.

MARY WIEDEMANN RECEIVES DEGREE AT DENTON COLLEGE

Miss Mary Wiedemann of this city was one of the 365 graduates receiving diplomas at the annual graduation exercises at North Texas State Teachers College on Saturday, August 22.

Miss Wiedemann, daughter of Mrs. Anna Wiedemann, received a B. A. degree. She belongs to the International Relations Club, and is a teacher in the Muenster Public School.

For the first time in the history of North Texas State College, summer graduation will not see the beginning of a three-week vacation. This year the college will continue to offer courses during that time, placing curriculum on a year-round basis.

TUESDAY PARTY HONORS MISS MARIE BRATCHER

Honoring Miss Marie Bratcher of Terrell, who is the guest of her brother and sister-in-law, Mr. and Mrs. W. P. Bratcher, a delightful party was given at the Bratcher home Monday evening for twenty-four young people.

The affair began with a scavenger hunt, after which ice cold watermelon was enjoyed and games played on the lawn.

Personnel included Misses Marie Bratcher, Gladys Wilde, Juanita Weimzapel, Dolly Endres, Dolores Lehnerz, Elsie Besner of Lindsay, Rose Hennigan, Johnny Ann Seyler, Alma Marie Luke, Imelda Felderhoff, Geneva Gremminger, and Edith Mae Rhodes, and Tony Yosten, David Lehnerz, Arthur Felderhoff, Bernard Swirczynski, Ray Wilde, Leo Becker, Harold Luke, Rhody Klement, Werner Cler, Leo Haverkamp, Herbie Herr and Martin Klement.

32,357 ACRES IS COUNTY'S SHARE OF WHEAT ACREAGE

Cooke County's share of the 1943 national wheat acreage allotment of 55 million acres has been set at 32,357 acres, according to J. T. Biffle, chairman of the County AAA Committee. The Texas allotment is 3,727,966 acres.

Mr. Biffle said that 1943 wheat acreage allotments for individual farms will be released as soon as details for the 1943 Federal Wheat Crop Insurance program are complete. He explained that wheat acreage allotments, farm wheat yields, and farm premium rates are all included in the notification to the farmer.

In announcing the national wheat acreage allotment for 1943, Agricultural Secretary Wickard asked wheat producers whose lands and equipment are suitable for growing other crops needed more urgently in the war effort, to hold this land for those crops rather than plant it to wheat. In areas where more urgently needed crops can be grown successfully, the war production plans to be worked out for individual farms will call for a wheat acreage substantially less than the allotment. In areas where wheat produces more feed grain per acre than other crops, however, farmers will be encouraged to plant their full allotment.

"America will be going into the 1943 crop year with approximately a two-year's wheat supply," the Secretary said. "Consequently, even with relatively low yields, the 55 million acre allotment will result in supplies well above any probable emergency. Domestic food requirements of 500 million bushels could be produced on 40 million acres.

"By helping farmers direct their production to needed crops, the wheat allotment is an integral part of agriculture's wartime program for 1943. The AAA committeemen will work out with each grower a war production plan that will enable him and his farm to make the maximum contribution to the war effort. Growers who carry out such plans will be in a position to benefit from such price supporting measures, loans, crop insurance, and conservation payments as may be offered under the program."

MRS. WALTON ENTERTAINS WITH DINNER PARTY

Mrs. Eunah Lee Walton entertained with a dinner party at her home Sunday for a group of out-of-town relatives.

Guests for the meal and during the afternoon were her mother, Mrs. C. J. Tuggle of Myra, and her

three sisters, Mrs. O. R. Landers of Joshua, Mrs. Wright Smith and daughter of Wichita Falls and Mr. and Mrs. W. Pittman of Illinois Bend, and Mr. and Mrs. G. A. Steinger.

The annual death toll of farm fires in this country is estimated at 3,500 lives lost. Two-thirds of the national fire loss occurs on farms and in rural communities.

est, including the Holy Name Cathedral, and saw a good movie. He stated that his mail is arriving fine and included regards to all his friends.

163 PUPILS ENROLL AT LINDSAY SCHOOL

Forty-two high school students and 121 grade pupils reported at Lindsay school on registration day, August 24. In spite of the summer heat, students seem happy and enthusiastic to begin school now, determined to make their attendance record as perfect as possible. It is estimated that school will remain in session for a period of three weeks after which students will be dismissed for a given period of time to help with the cotton picking. Classes will be resumed after a two or three week intermission, the exact date to be announced.

LINDSAY HEARS USO EXPLAINED; WOMEN TO ORGANIZE FRIDAY

Lindsay.—George P. Gleason, director of USO for Camp Howze, Gainesville, spoke to a representative group of men and women of this community in the parish hall Monday evening, explaining the operations of USO.

Miss Muriel Hensler, associate director, in charge of women's activities, will be here Friday afternoon at three o'clock to address the women and girls of the community and asks that all who are interested in USO work be present at that time. The meeting will be held in the hall.

Miss Hensler will explain about hostesses and junior hostesses and the duties of sponsors, and will give the women an opportunity to learn what the USO is and how they can assist in the program.

Girls who wish to attend social functions sponsored by USO in the near future for soldiers stationed at Camp Howze may obtain their registration cards from Miss Hensler at that time.

(Continued from page 1)

In the fact that our outfit has to handle a job that far away, I suspect we'll be farmed out to that area in the near future. Perhaps it will be our first real experience in our assigned branch of service—building air fields. If so, it'll be a vivid experience of roughing it. Reports are that the place is really primitive.

WEDNESDAY, AUG. 19.—If we had electricity I could have added a note last night about our night vision test. Very simple, but it served its purpose fine. Some 30 or 40 yards away a fellow was moving a strip of white cardboard against a dark background. Our test was to determine whether the strip was horizontal, vertical or diagonal. Yours truly saw the thing just faintly enough to guess correctly.

As regards today's program—hardly worth a mention. Same old basic training routine this morning and more of the drainage pit detail this P. M. Until time for guard duty. Yes, again. Must be making up for lost time. And these lines are being written during the first leisure period, just as darkness is getting thick enough to obscure my writing.

THURSDAY, AUG. 20.—Guard

stationed at Dilworth, S. C. Adolph is a son of Mr. and Mrs. Albert Knabe and is with the 142nd Infantry Regiment.

Privat first class William R. Knabe, a member of Co. H, 358th Infantry, at Camp Barkley, has recently been promoted to technician 5th grade, the public relations office of that camp announced this week. He is a son of Mr. and Mrs. Gus Knabe.

Pvt. Harold Trachta, who began army life at Sheppard Field on August 1, has been transferred to Fort Logan, Colorado, where he is attending a school of special instructions. He is with the air corps and his new address is: 24th T S S Special, Section B, Fort Logan, Colo.

A letter this week from Pvt. Raymond Lutkenhaus advises he is still in Hawaii and is well and busy. He discloses that he knows some of the Muenster and Lindsay boys are stationed on the Islands but so far has not met up with any of them. The scenery is pretty, he says acres and acres of sugar cane and pineapples, "but personally, nothing can take the place of the scenes of the old home town." His address is: Pvt. Raymond F. Lutkenhaus, Btry. E, 64th CAAA, APO 958, care Postmaster, San Francisco, Calif.

Muenster 4-H Girls Win Awards at Fair

Muenster 4-H Club members were among winners for cash awards and ribbons at the County Fair when the women's and girls' exhibits were judged.

Eugenia Herr won second place on 2 quarts of canned snap beans; Alene Swirezanski won 2nd on a slip; Eugenia Herr was second on a shoe rack; Marian Gremminger placed third on a cotton general purpose dress; Rose Hennigan won first on whole wheat muffins and Mary Nell Hennigan was second on whole wheat quick loaf bread.

CONSOLIDATION VOTE

Votes had not been canvassed by the commissioners' court Wednesday on the Muenster-Freemound school consolidation election which took place last Friday. Unofficial returns of votes cast are as follows: Muenster, 37 for, none against; Freemound, 19 for and 19 against.

With the Men In Uniform

"I have arrived safely at my destination" is the message printed on government issued cards received here Monday morning by the parents and friends of Sgt. Jimmy Lehnertz. The destination was not mentioned and the card held only the signature and address of the sender. Sgt. Lehnertz left Camp Young for foreign service on July 28 and this was the first word from him since that time.

A cable from Great Britain was received by Mr. and Mrs. John Felderhoff Tuesday from their son, Sgt. T. Frank Felderhoff. The message reads "Best wishes from all of us. All well and safe. Please don't worry." Frank left Camp Edwards, Mass., on July 28. His new address is: Sgt. T. Frank Felderhoff, ASN 3808 2230, Co. A, 591 Engineers, APO 887, care Postmaster, New York City, N. Y.

Ensign Albert D. Hoehn, son of Mr. and Mrs. A. T. Hoehn, has been ordered by the Navy department to report for active duty, the Eighth Naval district public relations office announced Monday. Ensign Hoehn will report September 1 to the commanding officer at the Naval Training school, Harvard University, for temporary duty under instruction.

Pvt. Arnold Schilling was recently transferred from Camp Wolters to Camp Young, Indio, Calif., where he is stationed with the Medical Unit, No. 1925.

Pfc. Adolph Knabe is now at Camp Edwards, Mass., it was learned this week. He had been

duty carried over to 4:30 p. m., hence nothing else. As regards the rest of the company training was less impressive than the issue of a few items of field equipment. Cartridge belt, shelter half and pack bag. This seems to confirm rumors that have been buzzing around since early morning. We'll probably be out on maneuvers early next week. There are also reports that the war games will be held in the vicinity of Rice instead of Death Valley. Well, at least this sort of makes various reports fit together.

A lucky break for us is, the issue of these pack bags instead of the old-fashioned contraptions the boys of '17 had to use. We had 'em too. For basic training. To roll everything together in that thing was quite a job. Now all we gotta do is fold the stuff and poke it in. Furthermore various items can be taken out without tearing the whole thing apart, and it also fits better across a person's shoulders. That will help on long marches.

FRIDAY, AUG. 21.—Two interesting sessions this morning but back to plain old WPA work this afternoon. A demonstration on the operation of a gasoline-driven jack hammer proved to be a pleasant interlude. Engineers use this tool in spots where the regulation compressed air driven hammer is not practicable. For instance, on a ledge or some other isolated spot to which the compressor cannot be taken. Or if the job requires simultaneous action in a number of places and the air driven equipment cannot handle all at once, such as repairing a runway after an ene-

my raid. Then came drilling on proper operation of a 37 m m gun—learning the specific job connected with each position.

SATURDAY, AUG. 22.—Nothing this morning but routine Saturday inspection—except, of course, the calisthenics and double-time march before breakfast. Confidentially, that's a day's work in itself. Being off the rest of the day doesn't mean we've done nothing. We've had a lucky break as far as rifles are concerned. A new crop of rookies is due here next week and we checked the rifles to 'em. The battalion hasn't enough for everyone. So, for a while, at least, we won't have to worry about keeping 'em clean. That's a real bother out here where dust floats so freely.

This is being written just before noon. If I get the break I'm hoping for I won't be here this evening to complete the day's report. To offset that I hope to follow up in a couple of days with the mention of a very pleasant weekend in a less desolate nook of this state.
