

**Next Monday is Labor Day.** Most likely it will be observed as usual by a lot of speeches in which union leaders emphasize the social and economic gains made by the working man in the past few decades. There will be talk about higher pay, shorter hours and better working conditions.

All of that is fine, provided it doesn't just stop there. No Labor Day statement can be considered as complete unless it mentions Labor's responsibility along with its rights and privileges.

Even then the speech isn't quite adequate. It's one thing to tell a man he has a duty to give an honest day's work for an honest day's pay, but unless he understands something of the economic structure into which his job fits he isn't likely to be very much impressed.

The time has come to quit bragging about the concessions that have been won from "hard hearted industrialists" and to start talking about Labor's place in our complex economy. It's time to say more about the basic fact that industry is a three way partnership consisting of Labor, Capital and Management. Labor does the work using the materials, tools and other facilities provided by Capital, whereas management handles the planning, purchasing, selling and all the other jobs necessary to co-ordinate Labor and Capital into a productive team. Which is more important? That's like asking which is the most important leg on a three legged stool. All are essential.

Under the circumstances doesn't it seem more fitting to preach co-operation instead of the old antagonism? Why not concentrate more on how each member of this partnership can help the other rather than on striving to get a little larger share out of the fruits of production?

Before going further let's take note of the fact that Labor is not the only offender in this economic struggle. Others too are grabbing for more than their share, and so we have the vicious circle of higher wages and profits followed by a higher cost of living, after which Labor and Capital again raise their ante.

The day we're looking for is the one when the partners get together in a mutually helpful spirit and agree to stake their individual welfare on the welfare of all, then work together to make the whole industry thrive. Our country today has more than a few examples of such teamwork. The companies operate on a profit-sharing basis. They have no industrial troubles because every worker is personally interested in seeing the company prosper.

Another subject deserving serious thought on this Labor Day is a roll back of prices and wages. Not by government edict, but on a voluntary basis and in such a way that none of the principals will be hurt. By such a plan the country may possibly succeed in restoring some of the lost values to people's savings.

It's an ironic fact that union leaders who boast most loudly about their service to the common man, have been guilty of an enormous disservice. The only greater offender is our spendthrift government. Their constant fight for higher wages and shorter hours has contributed greatly to the present high cost of living. They have knocked much of the value out of insurance, bonds, bank deposits and other forms of savings.

They have failed in their real job as leaders. While getting their members higher pay they have failed to bring them a greater measure of the things that money will buy. And worst of all they have penalized past diligence and thrift.

They can, if they wish, do something to reverse the trend. All they have to do is consult with their industrial partners and start figuring on ways and means. There was a way up, so there has to be a way down.

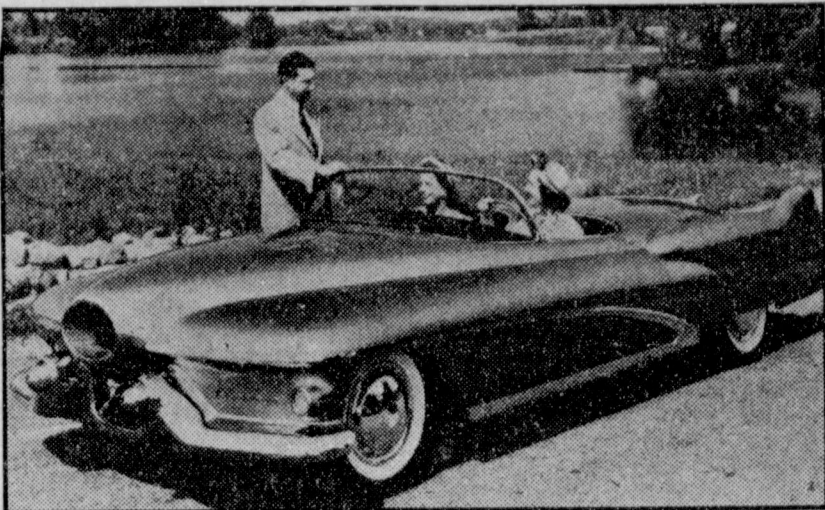

## Lt. Ray Stewart Missing, Probably Killed, in Korea

First Lieutenant Ray Stewart is officially listed as missing and probably dead in Korea, according to messages received here this week by his wife.

The first message, received Sunday from the War Department, listed him as missing in action. Another message Wednesday from the Air Force officer's father in Galveston quoted a later and more detailed official report stating that on August 25 Lt. Stewart's plane had been hit by anti-aircraft fire and burst into flames, and that he was not seen to parachute from the plane. He has not been seen since, dead or alive.

Mrs. Stewart is the former Evelyn Wiesman and with their two children is making her home here with her parents, the Henry Wiesmans, since her husband went overseas about a month ago. He went to Japan and from there to Korea as an F-51 pilot.

A veteran of world war 2, Stewart served as a fighter pilot during that conflict.

## Teachers Named at Parochial School

Faculty assignments announced this week at the Sacred Heart School reveal that most of last year's teachers will again be back at their regular jobs. The only changes are Sister Celine who returns after a year's absence to succeed Sister Eymard and Sister Theophane who returns after five years to succeed Sister Gertrude.

High school teachers are Sister Theresina, principal, and Sisters Celine and Geradine. Grade school teachers are Sister Carmelita, principal, and Sisters Gregory, Ann, Theophane, Evangelista, Pauline, Christine, Cabrini and Gabriel.

Sister Dolores continues as instructor in the Sacred Heart music school and Sister Anselma continues as housekeeper in the Sister's home.

All the Sisters are now here awaiting the opening of school next Tuesday. The last of the group arrived Sunday from the Jonesboro, Ark., mother house. Sister Eymard will teach in Engelburg, Ark., this year and Sister Gertrude will teach in Wynn, Ark.

## Cowan Announces Faculty Assignments

The following faculty assignments for the coming scholastic year at the Muenster Public school were announced this week by Superintendent Weldon Cowan.

Lawrence Bruns: shop and social science. Mrs. Johann Bezner: library and speech. Mrs. Frances Mitchell, English and commercial subjects. Mrs. Marie Mosman, English and science. Mrs. Gladys Ashlock: homemaking. Miss Ruth Hopkins: first and second grades. Mrs. Doyle Hood: third and fourth grades. Miss Waldine Midgett: fifth and sixth grades and music. Father Anthony Schroeder and Rev. E. O. Hartwell: Bible.

## Hornet Prospects Good, Says Hood

Coach Doyle Hood is looking forward to another successful season with the Muenster High Hornets. After working out with 23 boys in the first fall practice Monday night he said that he expects to have about the same strength that he did last year.

The starting lineup is due to be about equal to that of last year. Greater strength in the forward wall, which will include six lettermen, is expected to compensate for less backfield strength, which includes only two lettermen.

At the same time prospects for reserve strength are somewhat better. Substitutes who were light for the job last year have improved nicely and are ready to handle their assignments much better. In some cases, Hood said, the regulars will have to hustle all year to hold their places on the starting lineup. In any event the team strength will not be as seriously weakened by replacements as it was last year.

Lettermen back in uniform: Damian Hellman and Bert Hamric in the backfield and John Aytes, Roger Wolf, Gerald Walterscheid, Larry Walterscheid, Pat Stelzer and Richard Knabe in the line. Other promising youngsters of the squad are Joe Noggler, Wendel Ritchie, Clyde Muller, Ervin Dirichsweiler, Gene Luke, Milburn Cravens, Herbert Otto, Eugene Walter, Wilfred Klement and Billy Whitt.

## County Red Cross Flood Quota, \$1600

Citizens of Cooke County have been asked to raise \$1600 for flood relief in Kansas, Missouri, Oklahoma and Illinois, County Red Cross chairman, B. A. Dillard announced this week after receiving a letter from Mrs. Alma Johansen, former county Red Cross worker now assisting in the flood area.

Mrs. Johansen states that more funds are urgently needed even though the national organization's entire disaster relief budget for the year is being used in the area.

Dillard said the county chapter will first attempt to meet the quota through a plea for personal contributions. People are asked to leave their money at either of the two Gainesville banks, the Muenster bank or the Red Cross office.

If that method falls short the chapter will organize a special drive for funds.

## Both Local Schools Open Next Tuesday

The 1951-52 scholastic year at both Muenster schools will begin next Tuesday, Sept. 4, and will open with a half day schedule consisting of the various organizational details prior to starting the regular daily class schedule on Wednesday. No lunch will be served by the lunch program on that day.

The first day's program will begin at 8:30 and end at 11:30. Thereafter classes will be from 8:30 to 3:30.

On Friday morning, 8:30 to 12, Muenster High School will have its second day of advance registrations. About 40 students registered Monday.

## Firemen's Benefit Dance Monday Night

Members of the Muenster Volunteer Fire Department will have their annual benefit dance Monday night in the K of C hall.

Money made on the affair as usual will go into the department's social fund and will be used principally to provide snacks for meetings. Income from the dance constitutes the only compensation the members receive for a year of service.

Mr. and Mrs. Joe Swirczynski returned home Sunday evening from Oklahoma City where they had attended the bedside of their son, Herman. His son, Max, and daughter, Sister Monica, returned to his bedside after spending several days at home. Sister Monica will leave from there to return to Arkansas. She will be a teacher at Holy Souls school in Little Rock for the coming term. About the middle of next month Max will return to classes in Dallas at Mount Carmel Seminary.

## W.M. Truebenbachs Honored On Golden Anniversary

Mr. and Mrs. W. M. Truebenbach, who were married here in 1901, observed their golden wedding anniversary Tuesday with an all day celebration that included a religious service and a reunion of the family and friends.

The day's program began with a high mass in Sacred Heart church and included breakfast and dinner in the home of the honor couple for family members and out of town guests, and an informal reception and buffet supper in the parish hall for 150 guests.

All four of the attendants at their wedding 50 years ago are still living and three of them joined in the observance. They are Mrs. A. H. Rebentish of Dallas, the former Miss Maggie Kaiser; Mrs. Joe Sicking of Gainesville, the former Miss Maggie Truebenbach; and Frank Truebenbach of Muenster. Frank Deerksneider of Nebraska was unable to attend the celebration.

Mr. Truebenbach was born Feb. 24, 1878 in Rulo, Neb., a son of Mr. and Mrs. Thaddeus Truebenbach, and moved to Muenster with them when he was 15 years old.

Mrs. Truebenbach was born Theresia Judy in Delbruck, Germany, on Oct. 10, 1881. Her parents were Mr. and Mrs. Joseph Jude. They came to the United States in 1884, settling in West Point, Neb., then moved to Monray, Neb., where Theresia attended school. In 1896 they migrated to Texas, settling in Muenster.

Theresia Judy and Wenzel Truebenbach were married here on Sept. 10, 1901, and have resided here since with exception of about five years, 1905 to 1911, when they lived at Lindsay. Mr. Truebenbach engaged in farming and only two years ago retired from active work and moved to town. His son now manages the farm.

They are the parents of six children one of whom died in infancy. The other five joined with them in celebrating the golden wedding anniversary. They are Mrs. Frank J. Hacker, Andrew, Miss Eleanor, Miss Marie, and Sister M. Celine, all of Muenster. They have seven grandchildren.

Mr. Truebenbach has two sisters and two brothers living: Mrs. Barney Voth, Frank and Tony Truebenbach of Muenster, and Mrs. Joe Sicking of Gainesville. Mrs. Truebenbach has four sisters living: Mrs. Henry Wolf of Muenster, Mrs. Katie Meier of Randolph, Neb., who attended the celebration, and Mmes. John Vanjohn of Orient, S D., and Lizzie Grossrode of Osmond, Neb., who were unable to attend.

Rev. Anthony Schroeder, pastor officiated at the anniversary high mass at 8 a. m. in the presence of a large assemblage of relatives and friends of the couple. Yellow mums and fern adorned the altar, and gold and blue ribbons marked pews down the center aisle.

Anthony Luke, organist, played a wedding march as the couple entered the church, and remained at the organ to assist the church choir in singing the beautiful Gregorian Chant Mass No. 8, "Missa de Angelus".

Mrs. Truebenbach wore a navy bemberg sheer dress with navy accessories and a gold tinted gardenia corsage. The Truebenbach home and the parish hall stressed the golden wedding theme with a profusion of mums, marigolds, zinnias and lantanas and ferns. The honorees' table held a large decorated three - tier square wedding cake on a gold lace doily, flanked with gold candles. Other table decorations were gold tinted leaves and berries arranged down the center of the table. Over the table, (Continued on Page 10)

## News of Sick And Injured

Magdalen Noggler underwent a tonsillectomy at the local clinic Saturday.

Frances Knabe, 13, daughter of the Robert Knabes, had her tonsils removed at Gainesville sanitarium Friday.

Billy Owens, 8 year old son of Mr. and Mrs. Buck Owens, had his tonsils removed last Thursday at Gainesville sanitarium.

Henry Fette returned home Thursday of last week after an operation and ten days of recovery in the Gainesville sanitarium for gall stones complicated by pneumonia. At this time he is improving steadily, but finds the pneumonia slower in healing than the operation.

Herman Swirczynski is improving slowly but still is not out of danger, according to a report received Wednesday by his mother, Mrs. Joe Swirczynski. He is in Saint Anthony's Hospital, Oklahoma City since August 14 when he received a serious head injury in an accident at the Shawnee cheese factory. During the past several days he has been permitted to spend brief intervals in a wheel chair. He is healing nicely from his skull operation but it is still feared he may have a blood clot on his brain. Though normal most of the time he still has delirious spells.

## Report Indicates Fire Department's Cash Value to City

Concrete evidence of the dollars and cents value of the Muenster volunteer fire department and the city's fire fighting equipment was indicated in a letter received this week by Fire Chief Pat Hennigan from Olin Culberson, secretary of the State Firemen's and Fire Marshals' Association.

In his letter Culberson stated, "It is a most wonderful record, and I am sure your citizens will be justly proud and appreciative of what has been done by the department. This statement shows what a tremendous investment the fire department is to your city."

The statement sent by Culberson itemizes previous losses, credits and penalties from 1928 up to the present date. It reveals that in 22 years Muenster citizens have paid \$78,908.53 in premiums and collected \$14,556.00 on losses, exclusive of the business done by mutual companies.

In acquiring that fine ratio the city has also acquired a handsome credit rating. The present credit of 25 per cent became effective in 1945. Because of it Muenster residents are now enjoying a reduction of 25 percent on their normal insurance premiums. Last year that credit was worth almost \$4,300 to people of Muenster, reducing the normal premium cost from \$17,178 to \$12,883. Since it included several large 5 year policies the premium was exceptionally large. Usually the premiums less credit, amount to almost \$5,000, representing an annual saving of more than \$1,500 to (Continued on Page 10)

## H. J. Flusche, Son of Muenster Founder Dies at Electra

Final rites for H. J. Flusche, 67, long-time resident of Mount Carmel were conducted Saturday morning at 9 o'clock at Mount Carmel Catholic church, five miles north of Electra. Flusche died Wednesday after suffering a heart attack. He was attending to chores at his home when he was stricken, and died a few minutes later.

Mr. Flusche was a son of Emil Flusche, one of the original founders of Muenster and Lindsay, Pilot Point and Mount Carmel. He lived at Lindsay as a boy and attended school there. He lived in Tulsa, Okla., for a while before settling at Mount Carmel in 1906.

At the time of his death he was still serving as president of the Wichita County school board, a position he had held since 1940. He was first elected to the board in 1934.

Flusche was one of Wichita county's leading advocates of soil conservation and is credited with having been the first farmer in the Electra district to build terraces on his farm. He was a member of the board of supervisors of Wilbarger-Wichita Soil Conservation District since it was organized in 1945 and was chairman of the board at the time of his death. He also served in almost all of the various government agency offices that are open to farmers.

He is survived by his wife, three sons, three daughters, nine grandchildren, a brother, Albert Flusche of Electra and a sister, Sister Mary Lambertina of Milwaukee, Wis.

Among relatives at the funeral were cousins, Mrs. H. J. Fuhrman of Muenster and Mrs. John Bezner of Lindsay, Mrs. Alois Hess of Muenster and Mrs. Bomar Woods of Gainesville.

**Joan Arendt And Albert Bauer Jr. Marry at Lindsay**

Miss Joan Arendt, youngest daughter of Mr. and Mrs. Paul Arendt of Lindsay, and Albert Bauer Jr., son of Mrs. Albert Bauer of LaFeria, exchanged marriage vows Thursday morning, August 30, in St. Peter's church at Lindsay.

Rev. Francis Zimmerer of Windthorst, cousin of the groom, performed the double ring ceremony at 8:30 and officiated at the nuptial high mass.

White gladioli and greenery adorned the candle lighted altar before which the couple exchanged their vows. White bows and tapers marked center aisle pews in the church.

The church choir, with Mrs. W. J. Schmitz at the organ, provided the wedding music.

Mr. Arendt gave his daughter in marriage. She was a lovely bride in a gown of white nylon marquisette over satin. The dress was designed with a fitted bodice pointed at the center front and back, a sweetheart neckline, long sleeves gathered at the wrist and pointed over the hand, and a full skirt that extended into a chapel length train.

The bride's veil was of French illusion, fingertip length,

th, and fell in tiers from a satin Juliet cap adorned with stephanotis clusters at each side. A single strand of pearls and matching ear rings were the bride's only jewelry. Her flowers were white gardenias and stephanotis in a shower arrangement. She carried a blue rosary.

**Bridal Attendants**

Mrs. Vincent Zimmerer, sister of the bride was maid of honor and Mrs. Carl Bauer sister-in-law of the groom and Mrs. Emmet Fette, another sister of the bride, were brides-matrons.

Mrs. Zimmerer wore a frock of chartreuse cohoma bridal net over taffeta, and Mmes. Bauer and Fette wore dresses of winter peach net over taffeta. The costumes were designed similar to the bride's dress with pointed bodices and full skirts and sweetheart necklines accented with pointed portrait collars. They wore matching half hats adorned with frenched white carnations, and matching mitts and carried colonial bouquets of white carnations, with matching netting. Their jewelry, pearl necklaces and ear rings, were gifts from the bride.

The groom's attendants were his brothers, Edward and Carl Bauer, and the bride's brother-in-law, Emmet Fette. Rickey Bauer, nephew of the groom, was ring bearer. Johnny Arendt and Vincent Zimmerer ushered.

For her daughter's wedding, Mrs. Arendt wore a navy crepe dress with pink accessories. Mrs. Bauer wore a navy sheer dress with navy accessories. They both wore pink gardenia corsages.

**Wedding Day Festivities**

The program of festivities for the wedding day: breakfast, dinner, a reception, a buffet supper, and a dance. The home of the bride's par-

ents was the scene of the wedding breakfast for members of the bridal party, and for the dinner at noon at which members of both families and out of town guests were present. A hand made Irish linen cut work and embroidered cloth covered the bride's table which held a large wedding ring cake. Imperial crystal and sterling were used for the service.

At 4 p. m. an informal reception began in the parish hall with some 200 guests present. Mmes. Earl Walterscheid and Ray Voth of Muenster, sisters of the bride, registered the guests in the bride's book. Mmes. John P. Hoberer of Lindsay and Albert Herr of Muenster, other sisters of the bride, served the wedding cake at the buffet supper.

The dance will conclude the day's program. During the latter part of the dance Mr. and Mrs. Bauer will leave on a wedding trip. The bride will travel in a ginger colored two piece suit with brown and gold accessories. She will wear a gardenia corsage. When they return they will make their home at LaFeria on a farm.

The bride was born in Lindsay and is a 1949 graduate of Lindsay high school. The groom is a native of LaFeria. He graduated from St. Joseph's high school in Brownsville and attended A. & M. college at Kingsville.

Among out of town guests at the wedding were Rev. Alcuin Kubis of Corpus Christi, Rev. Bernard Dougherty of LaFeria, the J. F. Bauers and family, the Carl Bauers, Steve and Rita Kaye Phillips all of LaFeria, and the John Cholicks and son of Rio Hondo.

**Area Milk Control Begins in October**

WASHINGTON.— The Agriculture Department will start regulating the marketing of milk in a North Texas area on Oct. 1.

Under a federal order, the department will set minimum prices which handlers will be required to pay dairymen supplying Cooke, Collin, Dallas, Denton, Ellis, Fannin, Grayson, Hopkins, Hunt, Johnson, Kaufman, Lamar, Parker, Rockwall and Tarrant Counties.

The order was approved by about 87 percent of the affected dairymen voting in a referendum Aug. 3.

The order had been requested by dairymen as a means of stabilizing prices which, they said, had varied widely in the area. The department will not set retail prices.

### HIDING BILLIONS

Lois Johnson, former Secretary of Defense, in testifying before the Senate committee investigating the firing of General MacArthur, stated that he was asked to include billions of dollars of foreign aid in the military budget. He refused and not long after that he got fired.

In commenting on this request, Mr. Johnson said, "The minute you begin to conceal in military budgets moneys that are not actually for military purposes the public can't know what is going on." Some of us have suspected for a long time that this sort of thing was done almost as a matter of course every time a budget was made up, but we never before knew for sure.

In all probability, whoever it was asked Secretary Johnson to hide some foreign aid funds in the military budget didn't

see anything wrong with such a request. His reasoning probably was that since it's easy to get money from Congress for the military and hard to get as much as "we" should have for foreign aid, the thing to do is put the hard-to-get money in where it can't be identified, then after it has been appropriated spend it as you see fit — no one will ever know the difference anyway.

In commenting on this editorially, the Chicago Tribune, among other things, said:

"That such an immoral proposal could even be considered indicates certain conclusions which cannot fail to be of interest to taxpayers. The first is that the administration is willing to engage in a fraud upon the citizens. The second is that, since the appropriations affected in the intended fraud concerned handouts abroad, the administration, by attempting to conceal them, confessed that it could not justify them. If it could justify them to the people, there would be no necessity for subterfuge. The only reason

why the administration would resort to such deception is that it knows that the people are fed up with constant diversion of their tax dollars into foreign hands.

"Of equal importance, the suggestion that these billions be hidden in the military budget demonstrates that Mr. Truman's budget has been deliberately made into such a jungle that no one can accurately say how the money will be spent. If billions in foreign handouts can be used to water the military budget, who can say that additional billions for other non-military spending devices are not also included? Who can say that the whole budget has not been watered?"

I'd say that this shows beyond question that Senator George, Chairman of the Finance Committee of the Senate, in proposing to give the entire budget a careful going over, is very definitely on the right track. Now, if wage earners, businessmen, farmers, housewives and others can somehow be persuaded to put the heat on their congressmen and senators, there is a good chance that in the current fiscal year for the first time in a great many years, the bureaucrats will have less money to waste (throw away, that is) than they had the year before.

Personally, I think the budget should be cut at least ten billion. But if it's only cut half this amount it will be a very worthwhile saving and what is equally important will represent a reversal of the big spending trend. Also, and this is mighty important, too, it will serve notice on the executive branch that Congress has at long last again taken over its rightful function of controlling the purse strings.

### THE LOWDOWN FROM HICKORY GROVE

I will now discuss Einstein. My word, says Henry, you and Einstein. Hold your horses, I says, it is not Relativity that I will tell you about, it is what Einstein said when he laid down his slide-rule and talked Main Street talk. He said, "I live in that solitude that is painful to youth but is delicious in maturity."

I been pondering, and you know with more and more people retired at 64 and then not knowing what to do with themselves, I figure they must have missed something along the road or they would have 100 things to catch up on. They would not need ask a psychologist what

to do next.

But the moral, it is for the ones of 40 and 50 or thereabouts — it is to prepare em' for 64 and prepare like Einsteins versus being perplexed and lost. Folks at 40 and 50 could stay home an evening now and then and do some preliminary pondering — also get acquainted with their off-shoots. And furthermore they are no longer the pictures on the dance floor that they were at 22. You know pop don't knock the ladies for a loop quite so easy after he reaches the 40-50 bracket — and that goes too for the plump and 40 mamas, if she only knew it. I kinda deduct it is time to rejuvenate our thinking. Time to relax at 40 to 50 and thereby avoid being a psychological problem or forlorn guy or dame at 64.

Yours with the low down,  
 JO SERRA

## WHY CATHOLICS "Keep Running to Church"

You've probably heard people comment at times on the fact that their Catholic neighbors go to church so often. Perhaps you have wondered yourself... is all this necessary?

Catholics, you may be sure, have good reasons.

Going to Mass on Sunday is, of course, an obligation for every Catholic. Confession and Holy Communion at least once a year are a sacred duty. But most Catholics go to Confession and receive Holy Communion oftener... some every month, some every week, some every day.

There are also many other special services and devotions for which Catholics go to church. In the average city, the Catholic Church is always open — and seldom empty. Many will enter the church at any hour of the day to visit Jesus Christ present on the altar, mindful of His invitation: "Come to Me, all you who labor and are burdened, and I will give you rest."

But you ask, is all this necessary? Catholics believe it is.

They believe that Christ not only called upon us to honor and serve God... but prescribed the ways in which we should do so. He did not say how often we must go to church... nor how many prayers we were to recite. But He did establish a Church with the power and authority to carry on His work... and He promised that His Church would

last to the end of time — that it would have God's protection in teaching all men to observe all things He had commanded, especially to believe and to be baptized and thereby become members of His Church to attain the purpose of their lives.

And how do Catholics know theirs is Christ's Church?

Because it possesses the distinguishing marks Christ gave His Church. It covers the earth as Christ said it would. Unchanged after nearly 2,000 years, it continues to live and grow in fulfillment of His promise that His Church would last to the end of the world.

But the most convincing mark that He gave it is its unity of faith, worship and obedience under the authority of the lawful and historical successor of Peter the first Bishop of Rome and the "rock" upon which Christ built His Church. Just as Peter was the first Pope and the first Vicar of Christ, so also is Pius XII the 262nd Pope and the Vicar of Christ today.

If you would like to know more about the distinguishing characteristics which Christ declared His Church must have and which the Catholic Church possesses today, we'll be happy to send you without cost or obligation an interesting and enlightening pamphlet. Write today...ask for Pamphlet No. 2-N.

It has been said that when people get together and exchange ideas, then there will be progress. It was for the purpose of exchanging ideas and acquiring new ones that a small group of farmers interested in soil conservation braved the 105 degree weather of August 16 to gather at the Joe Hoenig farm south of Muenster. The group witnessed actual terrace construction by a three-disc plow and by a two-disc Ford intergral plow.

After the terrace demonstration Otto Bynum, soil scientist, address the group. He gave timely advice on ways and means of improving production on soils by increasing the level of organic matter in the soil and improving the soil structure. He stressed the fact that perennial grasses and deep-rooted legumes are good soil conditioners and a means of destroying plow soles, so commonly found on farm land. Plow soles are a compacted layer of soil, found usually at a depth of four to six inches. These plow soles slow the entrance of water into the soil and even prevent plant roots from going down.

A water intake test was run. It clearly illustrated the soil conditioning effects of biennial sweet clover. Land that had grown biennial white sweet clover for several years absorbed water seven times faster than adjoining land that had grown only grain and row crops. This extra water storage capacity of a well conditioned soil goes a long way in preventing drought damage. Co-operators attending the meeting were Joe Hoenig, Ed Sicking, John Haverkamp, Buddy Reiter and John Kreitz.

On Tuesday morning, August 28, another group of interested farmers met at the Tony Klement farm to see a terrace demonstration. Here the terraces were built with three-disc plow and a two-disc integral plow. After the demonstration the group went to the Hesse brothers' farm for a discussion on the effects of soil conditioning with grasses and legumes. Farmers present were Gene Klement, Alfons Hoenig, Joe and John Kleiss, Paul Fetsch, Al and Tony Hesse, Lawrence Martin, Walter Becker, Alfred Bayer, Tony Fleitman, and Dub Taylor and Ross Holligsworth, veterans vocational agriculture instructors of Muenster and Gainesville.

Tony Klement is building a mile and a half of terraces on his farm near Muenster. He is using a three-disc plow and the island method of terrace construction. The terraces empty onto a bermuda grass waterway.

Albert and Joe Danglmayr are using a whirlwind terracer to build terraces on their home place; and Eddie Fleitman is using a whirlwind plow to build terraces on the farm he operates north of Muenster.

Andy O'Connor, Hubert Felderhoff, Joe Hoenig and T. F. McKenzie have newly built ponds and are anxiously awaiting a rain to fill them with water.

HOUSE JOINT RESOLUTION NO. 6 proposing an Amendment to the Constitution of the State of Texas amending Article III, Section 51a, providing that the Legislature shall have the power to provide assistance to and provide for the payment of same to residents of the State of Texas who are needy aged persons over the age of sixty-five (65) years; needy blind persons over the age of sixteen (16) years; needy children under the age of sixteen (16) years; removing the Thirty-five Million Dollars (\$35,000,000) limitation upon expenditures for such purposes and providing for a limitation of Forty-two Million Dollars (\$42,000,000) upon such expenditures; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; prohibiting payment of assistance after disposition of property under certain conditions; providing for acceptance of financial aid from the Government of the United States of America for such assistance; providing that the payment of such from State funds shall never exceed the payments from Federal funds; providing for the necessary election and providing for the form of ballot, proclamation, and publication.

Section 1. That Section 51a of Article III of the Constitution of the State of Texas be amended, and the same is hereby amended so that the same shall hereafter read as follows:

"Section 51a. The Legislature shall have the power, by general laws to provide, subject to limitations and restrictions hereinafter contained, and such other limitations, restrictions, and regulations as may be by the Legislature be deemed expedient for assistance to, and for the payment of assistance to:

"(1) Needy aged persons who are over the age of sixty-five (65) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application; provided that the maximum payment per month from State funds shall not be more than Thirty Dollars (\$30) per month.

"Any applicant for or recipient of assistance, including the spouse in each instance, who shall dispose of any property after June 1, 1952, and any person who initially applies for assistance after June 1, 1952, who has disposed of any property within five (5) years prior to the date of application, shall be ineligible to receive assistance; provided that if such property was disposed of by bona fide sale and conveyance, and for value commensurate with the actual market value thereof, such disposition shall not affect eligibility for assistance if it be shown that all proceeds from such sale have been used by such person and spouse for normal living expenses, or for the purchase of other real property of like value. If any recipient of assistance or spouse shall sell any real property, neither such recipient nor spouse shall thereafter receive assistance until all net proceeds of said sale have been expended for normal living expenses; and in case of disposition of such property by gifts or for an amount less than its actual market value, such person and spouse shall not thereafter receive assistance until the expiration of the period of time during which the net proceeds of said sale would have paid their normal living expenses had the actual market value been realized therefrom.

"(2) Needy blind persons who are over the age of sixteen (16) years; provided that no such assistance shall be paid to any inmate of any State-supported institution, while such inmate; and provided that any resident of the State, if otherwise eligible, may not be excluded who has resided in the State for five (5) years during the nine (9) years immediately preceding the filing of the application for such assistance including the one (1) year continuously immediately preceding the filing of such application.

"(3) Needy children who are under the age of sixteen (16) years; provided that no such assistance shall be paid to any child, if otherwise eligible, may not be excluded who has resided in the State for one (1) year immediately preceding the filing of the application for such assistance, or, if said child is under the age of one (1) year, whose parent or other relative with whom the child is living has resided in the State for one (1) year immediately preceding the birth of such child.

"The Legislature shall have the authority to accept from the Federal Government of the United States such financial aid for the assistance of the needy aged, needy blind, and needy children as such Government may offer not inconsistent with regulations herein set forth; provided, however, that the amount of such assistance out of State funds for each person assisted shall never exceed the amount so provided out of Federal funds; and provided further that the total amount of money to be expended out of State funds for such assistance to the needy aged, needy blind and needy children shall never exceed the sum of Forty-two Million Dollars (\$42,000,000) per year.

"Should the Legislature enact enabling laws and provide an additional appropriation hereto in anticipation of the adoption of this Amendment, such Acts shall not be invalid by reason of their anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified electors of Texas at the election to be held throughout the State of Texas on the second Tuesday in November, 1951, at which election there shall be printed on such ballot the following clause:

"FOR the amendments to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollar (\$35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars (\$42,000,000) per year on State fund expenditures for such purposes each year."

"AGAINST the amendment to the Constitution giving the Legislature power to set up a system of payments of assistance to needy persons over sixty-five (65) years of age; to needy blind persons over the age of sixteen (16) years; to needy children under sixteen (16) years of age; removing the Thirty-five Million Dollar (\$35,000,000) limitation upon amount of State expenditures for such purposes; disqualifying persons who dispose of property under certain conditions; providing a maximum payment of Thirty Dollars (\$30) per month from State funds for old age assistance; providing for the acceptance and expenditure of funds from the Federal Government; providing that expenditures from State funds shall not exceed the expenditure from Federal Funds with respect to any individual; and providing conditions as to residence within the State in order to be eligible to receive assistance; and providing a limitation of Forty-two Million Dollars (\$42,000,000) per year on State fund expenditures for such purposes each year."

Mr. and Mrs. Matt Neu returned Monday from a five-day visit in Bushland with their daughter and husband, the Arnold Henscheids. Their grandson, Randy Wimmer of Muenster, accompanied them on the trip.

Miss Margie Sandmann has returned from a visit in Galveston and San Antonio. She accompanied her sister and husband, the Herman Stoffels of Muenster, on the trip. The Stoffels' youngsters, Cynthia and Donna, were here with their grandparents, the Bill Sandmanns while their parents were away.

### Mrs. Joseph Neu, 80 Observes Birthday

A surprise party and family reunion honored Mrs. Joseph F. Neu of Lindsay Sunday in observance of her 80th birthday.

Members of the family gathered for the occasion with covered dishes at the home of the Ted Neus at Gainesville where the party began with supper on the lighted lawn. On the refreshment table a birthday cake bearing 80 candles was surrounded by gifts presented to the honoree.

All of Mrs. Neu's children, grandchildren and great grandchildren were present except one grandson, Donald Hermes who is in the army stationed at Keesler AFB, Mississippi.

Mrs. Neu's children are Joe J. Neu of Lindsay, Ted of Gainesville, Mike of Los Angeles, Calif.; Mrs. Joe Hermes and Mrs. John Kupper of Lindsay; and Elmer Gore of Ardmore, Okla.

Out of town grandchildren present included Rev. Hubert Neu and Imogene Neu of Dallas, and the Wilfred Bindels and daughter Cynthia of Muenster.

### "Washer" Donations Sought for Sisters

"We'd rather have a washer than a shower—we need a wash machine badly." That was the comment by local Benedictine Sisters when members of St. Anne's Society discussed with them the community shower they sponsor each September.

So, the sponsor group announces this week that the customary kitchen shower is off the calendar, and members are soliciting cash contributions in lieu of the usual pantry items, kitchen ware and other gifts.

Donations may be made directly to Sister Canisia or to officers of the Mothers Society, Mmes. Frank Herr, Arnold Rohmer, John Fisher and Lena Streng.

### Blessed Events

Mr. and Mrs. Vincent Becker announce the birth of a five pound boy at 12:25 a. m. on August 29, at the local clinic.

Mr. and Mrs. Alfred Sicking announce the birth of an 8 pound 12 ounce son at Gainesville sanitarium on August 26.

Mr. and Mrs. John B. Arend of Lindsay are the parents of a daughter born August 25. She weighed 7 pounds, 2 ounces.

Mr. and Mrs. S. E. Reino of Lindsay welcomed the arrival of a daughter at Gainesville sanitarium on August 26. The baby weighed 6 pounds, 11 ounces.

Mr. and Mrs. Roy Endres Jr. are the parents of an 8 pound 4 ounce boy, Timothy Anthony, born at the local clinic on August 28. David and Floradell Endres were godparents at their nephew's baptism the following day.

### Golden Wedding - - -

large wedding bands entwined and tied with ribbon added a decorative and appropriate note.

Mrs. Tony Truebenbach Jr., a niece, presided at the guest book.

As pioneer residents of Muenster both Mr. and Mrs. Truebenbach contributed much to parish and community life and progress. He is a charter member of the St. Joseph's Society and she is a member of St. Ann's Society. They are kindly, friendly people held in high esteem by all who know them.

The celebration was held early so all participants could attend.

Mr. and Mrs. Andy Arendt were baptismal sponsors Sunday for their niece, infant Arlene Ruth Arendt, daughter of the Artie Arendts. Rev. Peter Molloy officiated at the service in St. Mary's church.

### Fire Report - - -

local people. Another saving not indicated on Culberson's record was explained by J. M. Weinzapfel of the Weinzapfel Insurance Agency. He said that an incorporated city with fire protection enjoys a lower key rate. The combined benefits of lower key rate and credit make the local premium about 50 per cent of what it would be if the city had no fire protection.

Originally, however, local rates were not as attractive as they are now. For the first two year the normal rate applied but a \$3,000 loss in 1930 brought a penalty of 3 percent in 1932 and a \$2100 loss that year boosted the penalty to 15 per cent. After that the rate improved steadily. In 1934 the city got a credit of 6 percent, the next year a credit of 12 per cent, then four years of a 15 per cent credit, five years of a 20 per cent credit, and seven years of the prevailing 25 per cent credit.

Heaviest losses on the 22 years record are \$3,000 in 1930, \$2100 in 1932, \$3379 in 1939 and \$3038 in 1949. Eight years show no losses and six years show losses of less than \$100. Last year's loss was \$17.

Visiting the M. H. Kings last week was Dalton Bright of Marshall.
