MUENSTER, COOKE COUNTY, TEXAS, FEBRUARY 29, 1952

NUMBER 15

Columnist George Sokolsky, who richly deserves nation wide acclaim as an outstanding champion of the American way of life and a long time foe of communism, takes occasion in a recent article to castigate some of the Johnnys come lately in our country's belated awakening to the threats of communism.

He singles out an amendment passed by the American Federation of Radio Artists to the effect that no one can be a member if after Dec. 31, 1945, he has been a member of the communist party or a communist front or has assisted in promoting the work of the communist party.

Sokolsky want to know, and so do a lot of others, why Dec. 31, 1945, should be designated as a "date of virtue." Why was it all right for a person to be a red or pink prior to that date but not after? No wonder he refers to the AFRA amendment as "an historic stupidity."

Most likely the reason behind it is an attempt to absolve the dupes who fell for the communist line without knowing what they were doing. Ever so many intellectual four flushers, who appraised themselves as wise people, spent quite a number of years openly espousing the so-called social reforms of communism without realizing that they were only participants in the red campaign of agitation. In their simple mindedness and pitifully materialistic viewpoints they did not stop to consider how communism can be reconciled with basic concepts of Christianity or Americanism.

So they were suckers. And the AFRA apparently decides now that the line was clearly drawn by Dec. 31, 1945. A person can be excused for being a communist before that date but not after. What piffle!

According to Sokolsky's way of thinking, it isn't that simple. He knew what communism was back in 1917. And everybody since that date has had ample opportunity to learn about its objectives and methods. The world knew about the massacres, confiscations and purges in Russia. Churchmen constantly warned that communism violates the laws of God and outrages the dignity of man. The committee on un-American activities frequently exposed it as subversive. There was plenty of opportunity for everyone to know the score from the very beginning. To take up communism a person had to be either vicious or dumb.

This isn't intended to imply that every person mixed with the red menace was a criminal or complete ignoramus. Some who joined can be more charitably described as moral illiterates who just did not know that they were lending their efforts to the work of the devil. This well intentioned but superficial thinking told them that communism offered a solution for some existing evils, so they were for it.

Unfortunately the existence of shabby conditions in our way of life also contributed much to communist expansion. Ever so many victims of social and economic injustice were eager to listen to the promises of rabble rousers. They were for the system which proposed to take from the haves and give to the have nots. Only they did not know that the vicious cure they hoped for was worse than the disease. They believed that Americanism has failed the people whereas they should have known that people were failing Americanism.

Considering shallow thinking and deplorable conditions, it is reasonable to excuse some people for getting on the wrong track. But no one can be excused for remaining there. Anyone who continued membership in the organization after discovering its methods and aims is guilty of a crime against God and mankind, whether the date is before or after Dec. 31, 1945.

Sokolsky is right. The AFRA is ridiculous when it attempts to use a date in separating traitors from loyal citizens. The

2 Masked Bandits Rob J. C. Trachta Of \$400 Saturday

Two armed and masked hold-up men Saturday night robbed J. C. Trachta of approximately \$400.

The highjacking occurred about 10:30 just as Trachta arrived at home after closing the Palace Drug Store for the night. He had just stepped from his car, on the driveway in front of his garage, when the two bandits came from the shadow beside the garage and demanded his money. He was taking money from the cash drawers of Palace Drug and Palace Cafe home for safe keeping. He did not know the exact amount.

After robbing him the bandits ordered him to lie on the lawn until they entered their car and drove away. They threatened to kill him if he attempted to give an alarm before they were gone.

As soon as the bandits were gone Trachta phoned in a report of the robbery. County officers and highway patrolmen rushed out to investigate but found no clue to help them solve the case.

Pastors Announce Services for Lent

Observance of Ash Wednesday, the first day of Lent, started a series of Lenten services in Sacred Heart church.

The distribution of ashes, a practice of great antiquity, was held here after the 8 o'clock mass, at 3 o'clock in the afternoon, and again after the 7:30 rosary devotions.

Special services will be held each Wednesday, Friday and Sunday during Lent. The Friday night and Sunday afternoon services will include the Way of the Cross and the Wednesday night service will include special devotions.

Muenster Generous In Blood Donations

Muenster people donated more than 20 percent of the blood given last Thursday to the Red Cross Bloodmobile on its regular stop in Cooke County.

Mrs. Doris Sutton, executive secretary of the county Red Cross chapter reported this week a total of 116 pints of blood were donated, and 25 of those were donated by Muenster residents.

The bloodmobile will return to Cooke County in April or May. Blood collected by it is sent to the armed services in Korea.

Scholastic Census To Begin Saturday

Parents of the Muenster Independent School District are reminded this week that the annual scholastic census of the district will begin Saturday, March 1, and should be completed by April 7.

Announcing the census, Superintendent Weldon Cowan called attention to the state law which specifies that the count shall include all children between the ages of 6 and 18 on Sept. 1, 1952, who are residents of the district on April, 1952. Children born on or before Sept. 1, 1934, or after Sept. 1, 1946 must not be enumerated.

Cowan also called attention to that section of the census which refers to physical handicaps. Parents are required to report cases of blindness, deficient vision, deafness, deficient hearing, speech disorder, mentally retarded, curvature of the spine, club feet, infantile paralysis, leg of arm amputation, nervous disorder or lowered vitality.

To save time for the enumerator parents are asked to prepare a list showing the name, sex, and date of birth of each scholastic age child and have it ready when he arrives. The count will probably start Saturday.

The total of last year's school census was 588.

Four Escape Injury When Car Overturns On Slick Pavement

Four occupants of Leonard Walterscheid's car miraculously escaped "without a scratch" when the car failed to make a curve on slick pavement and rolled over twice Monday afternoon about 16 miles south of Bowie.

Riding with Walterscheid were his wife and infant son, Tommy, and Gerald Owens. The men, who work for the Sam Harrison Drilling Company near Bowie, were returning to Muenster after working the 8 to 4 tour.

The 1949 Ford 4-door was so badly damaged in the wreck that it will not be repaired.

After the accident, Owens caught a ride to Muenster with a passer-by and notified Mrs. Alfons Pautler to pick up the Walterscheids and Endres Motor Company to haul in the wreck.

Grade School Lads Win at Callisburg Invitation Tourney

The little fellows of Muenster public school returned from the Callisburg Grade School Invitation Tournament Friday night with the championship trophy. The youngsters outclassed Collinsville's lads 19-8 in the tourney final.

On their way to the finals the local Pee Wees first eliminated Callisburg, then Saint Jo.

Their tournament prize consisted of a regulation basketball trophy, the metal figure of a basketball player mounted on an engraved pedestal. In addition Dickie Cain received a silver basketball as an individual trophy for his selection on the all tournament team.

Collinsville girls won a thrilling 27-20 victory over Forestburg for honors in the girls division of the tournament. Muenster did not enter a girls team.

Members of the local boys team are Dickie Cain, Dee Kaderli, Wallace Dougherty, Hubert Ritchie, Jimmy Harris, Pete Hammer, Jimmy Biffle, Wylie Lewis, Ray Winchester, Reynard Walterscheid and Lawrence Milner.

KC - CDA Sponsor Day of Recollection Sunday, March 9

An invitation to all adults of the community was extended this week by the local Knights of Columbus and Catholic Daughters of America for the Day of Recollection to be held here on Sunday, March 9.

The event, which is described as a day set aside for taking spiritual inventory, will begin with the 8 o'clock mass and continue through most of the afternoon. The exact closing time will be determined later.

According to Father Louis Deuster the service will be conducted by Father R. A. Tynan of Jesuit High, Dallas, or another priest of that institution.

Those who participate in the Day of Recollection will be expected to remain in a group from the beginning until the closing service. Breakfast and lunch will be provided for them in the school lunch room. Cost of the meals and expense of the conductor's trip will be defrayed by a charge of \$2.00 per person.

News of Sick And Injured

Mrs. J. C. Russell, route 2, has recovered from a major operation performed in Nocona recently.

Mrs. Looney McGowan entered M&S Hospital Thursday for treatment for a sinus infection.

Mrs. Mary Stadalman, mother of Mrs. R. H. Sharp of Bulcher, who has been ill with flu was a patient at the Nocona clinic for medical care Monday.

Grade Children at Parochial School Get Physical Exam

A general physical survey is now in progress in the parochial grade school for the purpose of helping teachers and parents discover health deficiencies in the children.

Dr. T. S. Myrick said Wednesday that he is making the examinations and preparing a general record of each child's physical condition. On the basis of that record, he said, teachers will notify parents later if a child is in need of medical attention.

Myrick made special mention of the fact that this is only a survey, and no treatments are being given. He also said that since he is keeping no records of his own he cannot attempt to remember details about a child's condition, hence cannot make a personal report to parents.

He feels that by handling the examination in this manner he is achieving the primary purpose of the survey, which is to inform parents if their children need attention, but is not influencing a parent in the choice of his doctor. He recommends that the parents take the child to their family doctor if the teacher reports a physical defect.

Town and Country Cagers Tie 13 to 13

In a mad scramble purported to be a basketball game at the Muenster High gym Thursday night, the community's Hicks and City Slickers struggled to a 13-13 deadlock.

The contest was a last quarter triumph for the country boys after facing almost certain defeat. Early in the final period they trailed 11-5, but steady pressure from then on netted 8 points while the opposition picked up only 2.

Both sides apparently were willing to let the score stand at a tie. Neither asked for an extra period to decide the winner.

In earlier games on the evening's program the regulars and reserves of Muenster High's girl team defeated the regulars and reserves of Sacred Heart High.

March 27 Set for County Dairy Day

Plans for the Annual Dairy Classification day March 27 at the Gainesville rodeo ground were completed Monday night at a meeting of the county dairy committee in the courthouse at Gainesville.

The show will open at 10 a.m. with the morning devoted to a series of judging contests, open to both men and women in the adult division and to club boys and girls in the junior division.

A classification contest will be held instead of the usual method of placing animals in numerical order. Floyd Carson, County Veteran's School coordinator, will head the judging committee, and \$100 in cash prizes will be awarded for the contest.

The classification of dairy animals will begin at 1 p.m., how-

A two-day retreat for young people of Sacred Heart Parish opened Thursday morning with high mass in church at 8 o'clock. Rev. Reginald Kelly of Wichita Falls is retreat master.

The schedule of services, the same on both days, consists of mass at 8 a.m., followed by a conference, meditation, private reading, a second conference, and prayers.

The retreat is sponsored by the Blessed Virgin Sodality of Sacred Heart High school for all young people of the parish.

Captain Jane Hoehn Unhurt in Car Crash

Captain Jane Hoehn escaped injury but the right side of her car was considerably smashed Monday night in a crash about three miles west of Saint Jo. According to her account, a pickup truck started a left turn just as she was beginning to pass.

Damage to her car, mostly on the right side of the body was estimated at about \$150. She was able to drive it home on its own power.

Captain Hoehn, on 30 days leave while transferring from duty in Korea to the Walter Reed Hospital in Washington, was bringing her car from Oakland, Calif. The car did not arrive from overseas in time for her to bring it along when she first came home. She returned for it after the burial of her father, A. T. Hoehn, early last week. On her drive back she visited with her brothers, Bill at Cactus and Jack at Nocona.

Captain Hoehn expects her car to be ready to continue her drive to Washington late this week.

The program will begin at 7:30 with a supper of sandwiches and home made cookies brought by members, and in addition to speakers will feature movies, a sing-song, and other entertainment.

Also appearing on the program as speakers will be Rev. Louis Deuster, local pastor, and B. T. Haws, county agent.

Muenster has 190 boys and girls in its clubs at both schools. Adult leaders are Mmes. Clem Hofbauer, Adolph Walterscheid, Lou Wolf, Eddie Schmitt and C. A. Fisher; and Martin Bayer, George Mollenkopf, C. W. Cowan, Clem Hofbauer and R. R. Endres.

E. Lawson Heads Red Cross Drive; Local Quota, \$555

With E. S. Lawson again serving as community chairman, Muenster faces a quota of \$555 in this year's Red Cross drive. The figure, revealed Wednesday by the County Red Cross chapter, is \$53 less than last year's local quota. Muenster topped its quota by \$16.50 in last year's drive.

The local drive is expected to begin Saturday or early next week. Up to this time Mr. Lawson has not indicated who will help him solicit local contributions.

Quota for the Cooke County drive, which is headed by R. W. (Pete) Briscoe, is \$10,309, and the goal for the nation wide drive is \$85 million. The county goal was determined on a percentage of population basis, and Muenster's part of the county figure was determined in the same way.

Announcing the county drive this week Briscoe pointed out that 58.2 per cent of the county donations will remain in the county to defray expense of operating the local chapter. The remaining 41.8 per cent will go to the national headquarters.

He also mentioned that increasing numbers in the armed services are increasing the responsibilities of the national Red Cross. At the same time the organization continues its service to hospitalized veterans and must be prepared for major disasters all over the country.

Bus Fund Benefit Bazaar Nets \$3,000

The community bazaar Sunday drew a large crowd and netted upwards of \$3000 for the parish bus fund, Father Louis disclosed Wednesday. He could not give the exact amount cleared by the benefit because complete returns from the various booths and concessions had not been determined at that time.

The party started with lunches and refreshments at 11:30 a.m. and continued until 11:30 p.m., featuring a variety of games, and bazaar attractions.

Mayor Hoffman, when asked whether any others had filed with him, reported that two men have previously expressed their intention to run but have not officially submitted their names. He declined to mention names until he has an official announcement.

The city election will be held on Tuesday, April 1, and, according to state regulations on municipal elections, candidates must file at least 30 days in advance to be listed on the ballot. Since the 30th day is next Sunday the effective date is Saturday.

The American Way

By George Peck

Captain Eddie Speaks

On January 19th the Benjamin Franklin Society conferred its 1951 Gold Medal on Captain Eddie Rickenbacker. In making the presentation, Brig. Gen. George L. Bliss stated it was given for "outstanding Americanism — a quality Captain Rickenbacker has revealed over the years in service to the nation in both wars and in the present defense effort."

Benjamin Franklin, in whose name the Society was founded, was a great American. How America could use his ability, wisdom and leadership today! The man who was accepting the Gold Medal, himself, possesses a great many of Franklin's virtues. His entire career proves that he possesses the qualities of leadership and is imbued with the same principles and ideals which actuated Benjamin Franklin. I wonder that one of our political parties has not pounced on him as the Moses to lead this nation out of the wilderness in which it is lost today.

Would that space permitted reproducing here the entire Rickenbacker speech of acceptance! At best, only a few of its highlights can be recounted.

Captain Rickerbacker described communism as "an un-Christian dogma originated by so-called Americans who came here to destroy us." He added that he could not understand how these people could "enjoy the citizenship we offer, capitalize on our opportunities and then deliberately turn around and stab this land, its laws and liberties in the back."

The Eastern Air Lines President warned: "the moral laxness that has encouraged and supported widespread graft and corruption throughout our governmental structure is a far more dangerous enemy than communism because it comes from the inside." He called for "spiritual" as well as military rearmament to provide the leadership the world so sorely needs."

The Ace of World War I closed his address with an appeal to Americans to pray for strength and guidance. From here to the end of this article it is Captain Eddie speaking:

"One of the greatest privileges we have today is the freedom to vote as we see fit. Shall we abuse it, or shall we put forth every effort to see that our friends, families and fellow workers understand and exercise their rights?"

"I wonder what Benjamin Franklin and other founders of our country would say if they knew that less than half of the

citizens of these United States voted in 1948?

"How can we hope to retain our freedoms and opportunities if we disregard our moral obligations and responsibilities to our country?"

"Let us stop fooling ourselves any longer. Let us sit down quietly and analyze ourselves. Only in this manner shall we know wherein we have failed ourselves and our country."

"Let us try today, tonight and every hour of every day and night, to recall something we have failed to remember."

"Let us try to live honestly — to be honest with ourselves, our families, our friends, our government — as Christian Americans should live."

"Let us acknowledge and be grateful for the blessings of freedom which God has given us."

"If we follow these simple Christian principles, then our beloved America shall be strong again, so strong that no power of evil can prevail against us."

"Let us, therefore, pray every night for the strength and guidance to inspire in others the gratitude, the obligations and the responsibilities that we owe to this great land of ours for the sake of future generations — our boys and girls — our Leaders of Tomorrow. Then, and then only, can we say when the candle of life burns low — 'Thank God I have contributed my best to the land that contributed so much to me.'"

Hubby (beginning to lose his temper in the midst of a violent quarrel): "Be careful. You'll bring out the beast in me."

Wife: "So what. Who's afraid of mice?"

Sympathetic Person: "Hello! What's the matter, little boy? Are you lost?"

Little Boy: "Yes, I am. I mighta known better'n to come out with grandma. She's always losin' sumpin'."

All Right... Let Us Judge CATHOLICS BY THE BIBLE!

Many sincere people regard the Bible as the sole authority for Christian belief.

And they reject the teachings of the age-old Catholic Church because these teachings and forms of Catholic worship are not mentioned by name in Holy Scripture.

"Where," some will ask, "does the Bible say anything about the Mass or purgatory? And how about confession to a priest, praying to Mary, and those seven Sacraments you Catholics talk about? They're not in MY Bible."

Although everything contained in the Bible is true, yet the Bible is not the sole source of all truth. For example, we know that Christ established His Church . . . that the Church existed long before the Bible was completed . . . that millions lived and died in the Savior's truth without ever having seen a Bible.

But we are willing to set aside these historical truths for the moment and judge Catholic beliefs and practices by the Bible.

Take first, for instance, the fact that the Bible does not mention the Mass or purgatory by name. Well, neither does it mention the word Bible by name. Furthermore nowhere within its covers is it stated what are the writings which contain the inspired Word of God. The only authority you have for this is the word of the Catholic Church, which preserved and collected the Scriptural writings and put them between the covers of a book.

The word "Sacrament," meaning a sacred rite, is not used anywhere in the Bible. But Holy Scripture does make clear the sacredness of such Catholic rites as Baptism, Confirmation, the

Eucharist, Matrimony, Penance, the Last Anointing, and Holy Orders, the latter rite being the deputizing of the successors to the Apostles.

The Sacraments were in possession of the Church and in daily use before a single line of the new Testament was written. People were being received into the Church by Baptism long before there was a New Testament. They were receiving Confirmation, were being married according to Christ's teaching, and praying over and anointing the dangerously sick.

Christ definitely *did* establish His Church. He *did* deputize His Apostles, and their successors, to continue His teaching. He *did* promise that His Church would endure forever, and could not fall into error. But He *never did say*: "All My teachings shall be in a book. Read and believe nothing else."

A tremendously interesting pamphlet explaining the Catholic teaching concerning such things as the Sacraments, purgatory, why Catholics do not eat meat on Friday, why we call it Catholic Church instead of "Roman" Catholic. For your free copy write today . . . ask for Pamphlet No. KC-28.

How to get what you want and need in a truck

"Dodge 'Job-Rated' Trucks are the best we've ever used!"

... says PAUL CRUCE,
Cruce Butane Co., Tulsa, Okla.

"We do a lot of driving on narrow roads, in and out of driveways, in small yards and other tight spots. We need trucks that are real easy to handle, so we switched to Dodge. They'll turn on a dime!"

"We service oil wells, too, and that's the toughest off-the-road hauling there is. We need plenty of pulling power. For mud and heavy pulling, Dodge 'Job-Rated' trucks are dependable and economical to operate."

SUPPOSE that you need a 1½- or 2-ton truck. Naturally, you'll want one that costs less to run. You'll want one that's engineered to last for years and years. Above all, you'll want a truck that fits your job to a "T".

That calls for a truck in which every unit that moves the load is engineered to meet the most severe operating conditions—one in which every unit that supports the load is engineered to provide the strength and capacity needed. What's more, both load-moving and load-supporting units must be engineered to work together.

The way to get such a truck is to see us about a Dodge "Job-Rated" truck—one that's factory-engineered to your kind of work!

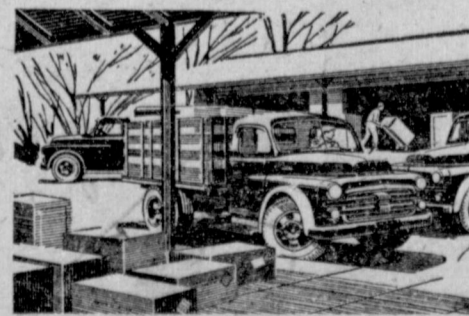

Yes...when it comes to your hauling job, you'll find everything you want and need in a Dodge "Job-Rated" truck!

Time-saving performance. Low loading height on 1½- and 2-ton models and hinged center sections on stake bodies make loading easier. 5-speed transmission available on most models for more power, speed.

Power with economy. The big high-compression engine of a Dodge "Job-Rated" 1½- or 2-ton truck operates with outstanding economy. You get chrome-plated top piston rings, and exhaust valve seat inserts.

Easy handling. Exceptional handling and steering ease is made possible by wide front tread and short wheelbase. Thanks to shorter turning diameters, you can turn sharper either right or left—back into tight places easier.

Soil Conservation Notes

Would you like to see your calves gaining two pounds each day through the summer months? . . . without any supplemental feeding? You would. Then take a tip from the experience of J. E. Jones whose 10-month-old heifers gained an average of two pounds each day for five months last summer — and last summer's heat and dry weather will not be soon forgotten.

Here's his story. Jones has 28 acres of land at Myra. Eight acres of the farm is native blue-

stem meadow and last year twenty acres was in second year Madrid sweet clover. The 12 calves were weighed and put on the farm in the spring. Five months later the heifers were weighed and sold at auction. They had gained an average of 300 pounds each or two pounds each day.

The animals had produced a total of 3600 pounds of beef, which sold for 25 cents per pound. So the income from each acre of the 28 acre farm was \$32 for the five month period. Not bad for a dry summer is it? And this income doesn't count the added fertility and the soil building benefits that the growing of a biennial sweet clover has on the land.

Cooperators of the Upper Elm-Red Soil Conservation District around Muenster are busy getting ready to sow clovers and alfalfa. They know the grazing values and soil improving bene-

fits of these crops from past experience. T. F. McKenzie of Myra has sown 20 acres to sweet clover. W. E. Scott of Saint Jo has planted 20 acres to Madrid for grazing and soil improvement. Andy Wimmer has already planted his clover and Mrs. W. W. Sicking has 20 acres in Madrid.

District owned equipment is being turned over to local farmers for routing to other co-operators, for maintenance and collection of rental fees.

The equipment has been distributed as follows: Meinrad Hesse has charge of combination grain-fertilizer drill, a fertilizer spreader and a cultipacker seeder. Alfred Bayer also has a combination drill, a spreader and a cultipacker seeder. Joe Hoening has not received his equipment yet, but he will soon have a combination drill and a spreader to rent to district co-operators.

The supervisors of the Upper Elm-Red Soil Conservation District are letting local cooperators maintain, route and collect for district equipment in an effort to render better and faster service to all farmers who are co-operating in the district program for soil conservation.

\$10,000 CONTEST "FOR BETTER WORLD"

"What One Person Can Do" to help make a better world is the basis of a \$10,000 contest open to all individuals "regardless of age, profession, race, color or creed."

Purpose of the contest is to "dramatize the vital role the individual can play as a Christopher or Christ-bearer in changing the world for the better." It opens on Ash Wednesday, Feb. 27, and closes Easter Sunday, April 13, according to the Rev. James Keller, director of The Christophers, sponsor of the contest.

Entries should be submitted in letter form ranging from 300 to not more than 1,600 words telling what the writer or someone close to him has done to help make a better world. "Literary style is secondary. Truth, sincerity and real achievement even in an apparent small way are important. The mere listing of facts in a letter could suffice," Father Keller said. All entries should be addressed to: The Christopher Contest, 18 E. 48th St., New York 17, N. Y.

Prizes range from \$100 to \$2,000 and, in addition, money paid for any story purchased for commercial use would be turned over to the author.

The Christophers is a Catholic movement that reaches out to all people, Father Keller said. Its purpose is to encourage individuals to enter one of the fields that touch the lives of most people the world over. Each Christopher works as an individual. He takes out no membership, pays no dues and attends no meetings.

USE OF COLOR IS TOPIC AT MARYSVILLE HD MEET

"Use of Color in the Home" was the subject of Mrs. Charley Massey's talk at a meeting of the Marysville Home Demonstration Club Friday afternoon. The speaker, a color stylist for a paint company, used charts and pictures to illustrate her talk.

Twelve club members were present for the meeting in the community center building. Mrs. Earl Robison, president, was in charge of the business session. The meeting opened with the club prayer and Mrs. W. B. Whitt read the club creed.

Mrs. Herman Richey, hostess for the social hour, served cherry pie and coffee to members and visitors. Miniature cherry trees and spring blossoms formed a center piece for the white linen covered table.

The club's next meeting will be on March 14

Building And Improvement Notes

An extensive interior redecorating program is underway at the Palace Cafe where the walls are being redone with a light green decorative wall board. The ceiling has already been finished with white tile board and a new floor will be laid when other work is completed. Business is continuing as usual, the work being done after closing hours.

Aubrey Tuggle has a good start on an enlarging program at his home. He is adding two rooms to the house on the west side.

A series of time and labor saving changes are currently in progress at the Muenster Mill. The feed mixer is being moved and a pipe is being installed to carry feed to it directly from the grinder. New bins are also under construction with augers to carry grain directly to them from the elevator.

Harrison Returns To Duty at Wichita

Patrolman Andrew Harrison of the Wichita Falls police force returned to work last week for the first time since he was injured last October. He is a former Muenster resident and a former city marshal of this city.

Harrison received compound fractures of his right leg above and below the knee when he was struck by a car while writing a traffic ticket for the driver of another car.

He has since undergone two operations on the leg, and is now assigned to desk work until the leg heals.

BULCHER CLUB CLEARS \$154 AT BENEFIT PARTY

A large crowd gathered at the community center building at Bulcher on Wednesday night, Feb. 20, for a musicale and Negro minstrel and a bazaar. The affair was a benefit sponsored by the Progressive Club to boost the improvement fund. Joining Bulcher residents for the evening were people from Saint Jo, Nocona, Muenster, Caps Corner, Gainesville and Sivel's Bend.

In addition to home talent on the program, Mrs. Curtis Young of Dye Mound, a guest performer, presented a Negro monologue, and Vernon Austin and Theo Emery of Sivel's Bend gave musical numbers, Austin playing the piano and Emery the fiddle. From Gainesville a string band consisting of Bill Harrison, Wayne Jetton, Ray Dale Davis and Roy Shannon, gave a group of selections. There was no admission charge.

Proceeds from an auction sale of fancy work, and the sale of Good Neighbor ribbons totaled \$154. Mrs. August Hyman won the gift quilt.

Chairmen of the program, and members of the community this week extended thanks to all who helped make the event a success.

There are 281,632 miles of pipe line in the U. S. carrying crude oil, natural gas and petroleum products,—more than the mileage of all Class I railways in the country.

Beatrice Block and John Kuntz United In Wednesday Rites

Miss Beatrice Block, daughter of Mr. and Mrs. Pete Block of Lindsay, and John Kuntz, son of Al Kuntz of Valley View, exchanged marriage vows during a solemn nuptial mass in Saint Peter's church Wednesday morning, Feb. 20, at 9 o'clock.

Rev. Herman Laux of Little Rock, Ark., uncle of the bride, officiated at the double ring ceremony and was celebrant of the mass assisted by Rev. Conrad Herda of Lindsay and Rev. Cletus Post of Muenster as deacon and sub deacon.

Mrs. William Schmitz, organist, played the traditional wedding music and accompanied St. Cecilia's choir in singing the mass. Spring flowers and greenery adorned the altar before which the couple recited their vows.

Mr. Block gave his daughter in marriage. She wore a lovely gown of white slipper satin and Chantilly lace. The fitted lace bodice featured a Peter Pan collar and petal point sleeves. The full skirt extended into a chapel length train.

The bride's fingertip veil of illusion fell from a crown of valley lilies, and she carried her flowers, white carnations, on top of a white prayer book. Her only jewelry was a triple strand of pearls, a gift from the groom.

For something old she carried a lace handkerchief that her mother carried for her wedding 27 years ago and for something blue and borrowed she carried a rosary belonging to Miss Elfrieda Block. She completed bridal tradition with a sixpence in her shoe.

Miss Elfrieda Block, sister of the bride, was maid of honor wearing an ice blue satin frock made similar to the bride's. She wore a white carnation head-dress and carried a colonial bouquet of white carnations.

Al Kuntz Jr. of Dougherty, Okla., was best man. Leonard Hermes and Herman Zimmerman Jr. were ushers, and Eugene Block, Leslie Kuhn and Henry Fleitman were mass servers.

For her daughter's wedding Mrs. Block wore a navy blue dress with matching accessories and a white carnation corsage.

After the church services, Mr. and Mrs. Damond Fuhrman, brother-in-law and sister of the bride, were hosts for a wedding breakfast in their home for the bridal party, ministers, and parents of the couple.

At noon the bride's parents had the wedding dinner in their home for immediate members of both families. The bride's colors of white and blue were carried out in decorations and the bride's table held the three-tier decorated wedding cake flanked

with tall tapers in crystal holders.

A reception began at 5 in the parish hall and a buffet supper was served to about 150 guests. Miss Mary Alice Block, sister of the bride, presided at the bride's book. A dance at night concluded the day's festivities.

During the latter part of the dance the newlyweds left on a wedding trip. For traveling the bride wore a navy blue suit with navy and white accessories and a corsage of white carnations.

They will make their home on a farm west of Valley View.

Dairy Show-

ever, all animals are required to be brought in by 9:30 a.m. The animals will be judged by age groups instead of breeds.

An added attraction of the 1952 classification day will be two classes open to artificially bred calves. One class will be for animals six months and under 12 months of age, the other will be for animals 12 months

and older. Three places will be awarded in each class with merchandise prizes going to the winners.

The remainder of the event is open to grade and registered animals, but all are required to be at least six months old. The committee hopes to have all entries in by March 15 so that the proper number of ribbons may be ordered. Letters containing entry blanks are being mailed to each dairyman in the county. Others may be obtained at the County Extension office.

More than 100 entries are expected in the show, and the

Gainesville Chamber of Commerce will award cash prizes totaling \$400.

A. M. Meekma, animal husbandman from Texas A&M college, will be one of the judges. Another outstanding dairy authority is expected to be named to assist him.
