

MUENSTER ENTERPRISE

VOLUME XVI

MUENSTER, COOKE COUNTY, TEXAS, NOVEMBER 30, 1951

NUMBER 2

A report from the West Texas Chamber of Commerce serves to remind us that oil definitely is a big contributor to the welfare of Cooke County and the Muenster community.

The figure shows that county production in 1950 amounted to almost 7.5 million barrels and the total production since oil was discovered here in 1926 through 1950 was almost 75 million barrels.

Considering that about half that oil is produced in this end of the county, we can readily see that Muenster is doing quite all right. At the present price of oil that amounts to big money.

It is true of course that a large portion of that money goes out of the community and into the tills of large oil companies. And it is equally true that a lot of money is paid by the big companies to individuals in the community. This column cannot say how much has been paid out here in leases and royalty sales but it happens to know there are cases of farmers who either paid off the farm mortgage or bought additional land on the oil income.

Besides, there's the matter of abundant work opportunities. Quite a number of people are making a comfortable living on drilling, well servicing, lease management and other activities necessary to maintain the local field. Everything considered, it becomes apparent that oil accounts for several million dollars of local income every year.

And still, oil is the lesser of Muenster's two principal sources of income. Primarily this is an agricultural community deriving its bread and butter income from crops, livestock and dairying. Taken as a whole the community does very well at farming, probably better than the average farm community, and the oil income is just that much additional.

Oil to Muenster is like a new source of income to a family that's already making ends meet with something left over. Suppose it get \$60 a week and lives on \$50. That's \$10 to the good. Another \$10 doesn't seem like a great deal when compared to the original 60, but, since the necessities are already accounted for it actually has the effect of doubling the family's net income. That's about how this community has been operating in recent years. Farming sustains it and then some. Oil provides the additional money to boost net income to a handsome figure.

We're a fortunate people, we of this community. Call it luck, the plan of Divine Providence, or anything we wish, the plain fact is that we are getting a wonderful break.

We regret to deflate the very commendable community pride of a couple of local fellows who got enthused about seeing Muenster cheese on food counters in Los Angeles and Detroit, but the sad fact is that they did not see their home town's product.

Cheese that is labeled as Muenster cheese happens to be a certain variety like roquefort or limburger. Cheese that is made in Muenster bears the brand name Elkhorn. In other words when the sign says Muenster cheese it isn't cheese from Muenster.

On second thought, maybe the column is too hasty with its correction. There's the chance, you know, that those guys saw Elkhorn cheese and knew where it came from.

Clothing Drive For Korea In Progress

The clothing drive for Korean relief, being sponsored by Sacred Heart parish on a community-wide scale, will come to an unofficial close this weekend.

According to Pastor Father Louis, members of the parish societies plan to meet Monday to prepare the clothing for shipment. Items contributed after Sunday will be welcome he said, but will have to be included in a later shipment.

All kinds of clothing, bedding and shoes are needed by Korean war sufferers.

Billy Whitt Named National 4-H Farm Safety Champion

National honors for outstanding 4-H Club work in farm safety were conferred on Billy Whitt last Sunday in the National 4-H Club

Billy Whitt

Congress in Chicago. Billy, previously named the Texas 4-H Farm Safety Champion, was the state's entry in national competition for the title of National Farm Safety Champ. He is one of six Texas boys and girls winning national 4-H honors during the first two days of the five day congress.

Whitt's honor was awarded on the basis of an official state 4-H report outlining his activity in Farm Safety.

In summarizing his record the state 4-H report says that he "has demonstrated what vigilant safety practices can mean to a community. By means of surveys, demonstrations and clean-up campaigns he has made his home and community more safety-conscious and has helped to prevent accidents. During seven years in 4-H he has established an enviable record in leadership and in publicizing club work, having made 93 talks at meetings and on the radio and written 120 stories for release. He worked at distributing 500 Farm Safety sheets in making surveys on neighbors' farms as well as his own."

Hornets, Panthers, Indians Dominate All-District Teams

Four of the Muenster High Hornets are on this year's 12-B all-district football team and two more Hornets are on the all-district reserve team.

They were selected Monday night in a meeting of district coaches and superintendents at Era.

Sanger matched Muenster in mythical honors by placing an equal number of players on each of the two teams and Saint Jo did almost as well with three on the first string and two on the second. Valley View had three on the second team and Era had two. Boyd, cellar occupant in conference standing is not represented on either of the two teams.

The all-district lineup is as follows: ENDS: Ayles (M) and Myracle (SJ). TACKLES: Draper (S) and Stelzer (M). GUARDS: Sewell (SJ) and Cole (S). CENTER: Walterscheid (M). BACKS: Lovell (S), Bishop (S), Hellman (M) and Thurman (SJ).

All-district reserves are: ENDS: Lynch (S) and Calvin (VV). TACKLES: Davis (VV) and T. Harris (SJ). GUARDS: Samek (E) and Wolf (M). CENTER: Ashcraft (S). BACKS: Maxwell (SJ), Hamric (M), King (E) and Crisp (VV).

The coaches and superintendents also presented the district football trophy to the Sanger coach for presentation to his conference championship team.

Another trophy presented was that for outstanding sportsmanship. It was awarded to Era on the basis of its team's fine spirit and the student body's friendly, hospitable attitude toward its visitors.

Three representatives from each school in the district will meet here on Jan. 21 to draw up next year's conference schedule. The purpose is to determine conference dates early so that each team will have ample time to match games for other dates on its schedule.

At A&M Conference

Leo Sicking, line superintendent, and Frank Felderhoff, construction foreman of the Cooke County REA, attended a state wide job training and safety conference at A&M College Friday and Saturday.

County Sends Four Delegates to 4-H National Congress

Four Cooke County 4-H boys enjoy the distinction this week of representing the state of Texas at the 30th National 4-H Club Congress in Chicago. All are 1951 state champions in their chosen fields of 4-H activity.

Billy Whitt of Muenster won his honor in the Farm and Home Safety program sponsored by General Motors and is that company's guest at the National 4-H Congress.

Adam Wolf Jr., of Gainesville is state winner of the trip provided by Stanolind Oil and Gas Company for his outstanding record in tractor maintenance.

Jerry McDaniel of Gainesville won his honor in Soil Conservation.

Julius Hess of Lindsay received the Santa Fe state award for General Excellence in 4-H club work.

County Agent B. T. Haws, who coached the four county 4-H winners in the state competition, accompanied them on the trip to Chicago. He is one of the state's two official chaperones to the convention.

The state delegation assembled at Fort Worth Friday and went in a group from there to Chicago. Before leaving the members were guests at a banquet sponsored by Sears Roebuck.

'51 Hornet Record: Second in District, 8 Wins Out of 10

The final official standing of teams in District 12-B as disclosed at a meeting of coaches at Era Monday night shows the Muenster Hornets occupying second place position as a result of their one conference loss to the undefeated Sanger Indians. Saint Jo, with losses to both Muenster and Sanger, occupies the third position in the upper bracket.

The lower bracket ended in a three way tie between Valley View, Era and Boyd. All lost to the upper bracket teams and won one each in the games among themselves.

The Hornets' complete season record was 8 victories out of 10 games. Scores were as follows:

Hornets	Opponents	Score
	Marietta	6
40	Era	7
26	Valley View (Cooke)	0
6	Valley View (Wichita)	20
26	Bryson	0
33	Boys' Ranch	12
12	Alvord	6
1	Boyd (Forfeit)	0
20	Sanger	25
18	Saint Jo	0

WITH THE MEN IN SERVICE

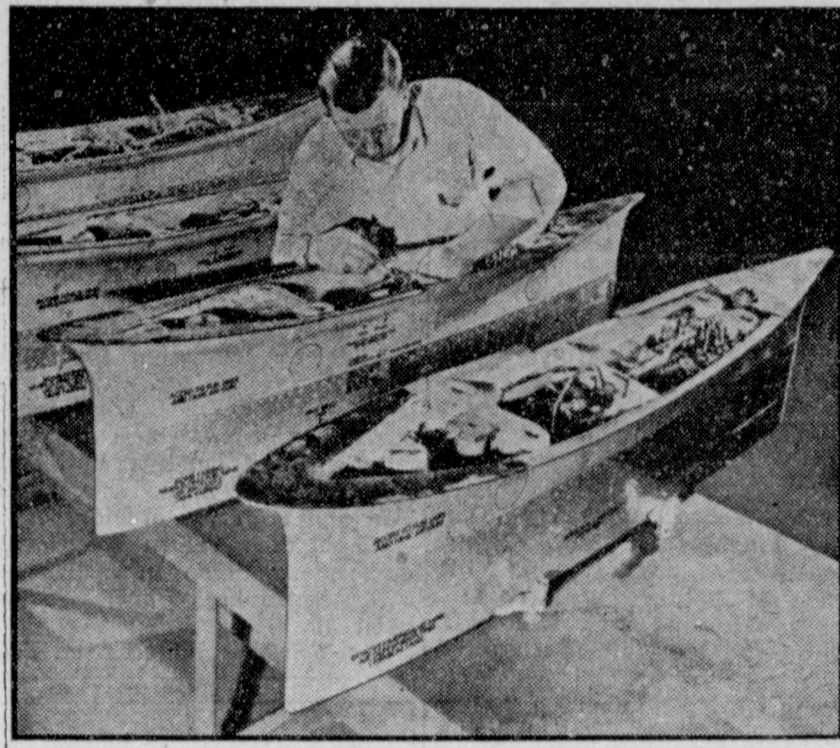

Sgt. John Durbin of Fort Sam Houston, San Antonio, was at home with his family for the holiday weekend.

Melvin Herr, who is with the Navy at Kingsville, was at home Saturday and Sunday to visit his parents, the Frank Herrs and family.

Pfc. Mike Luke, stationed at Kirtland AFB, N. M., spent Thanksgiving and the weekend here with his parents, the Henry Lukes.

Joe Moster and Bernard Luke resumed their duties at the Naval Air Training Station in Corpus Christi on Monday after spending four day leaves at home.

S-Sgt. and Mrs. Keith Tompkins are here for a visit with her parents, the Victor Hartmans. They came here from Tennessee where he was on duty at Seward AFB. Sgt. Tompkins has received a new assignment that will take him to Japan. He will report for orders on Dec. 15 at Travis AFB, California. Mrs. Tompkins will make her home here while he is overseas.

THE HULL YOU SAY?—Well, you'd be wrong, because John Heuss of an electrical appliance firm in Mansfield, O., is not finishing off the bodies of miniature vessels. He's actually doing precision work on a group of hull-like units which will be fitted to the underbelly sections of F-84 Thunderjets. Called pylons, the units, used for carrying auxiliary fuel tanks, armament such as bombs, rockets, napalm tanks, can be jettisoned if necessary.

SHHS Tigers Win 4 Games out of 6

The football record at Sacred Heart High this year was short but good, the Tigers winding up their season with four victories out of six games.

Handicapped by injuries, they took a discouraging loss in their season opener with the Texarkana Eagles, and in mid season they were nosed out by one point by the Laneri Micks of Fort Worth. In other games the Tigers were victors by comfortable margins.

Scores for the season were as follows:

Tigers	Opponents	Score
0	Texarkana	34
32	Jesuit B	0
19	Whitesboro	7
12	Laneri	13
33	St. Mary's	6
52	Trinidad	0

Cafes Change After Bernauer Retirement

Two cafe changes are going to be made here on or about December 1. Mrs. Ted Gremminger will move her business into the place vacated this week by L. A. Bernauer and Mrs. Kate Fette will take over Mrs. Gremminger's former location. Bernauer will retire after operating his lunch room in the same place for almost 36 years.

Remodeling precedes Mrs. Gremminger's move to her new place. Partitions were moved to make the dining room more than twice its former size, the kitchen was enlarged and additional equipment was installed. The place is also getting new paint and floor covering.

As soon as the work is finished Mrs. Gremminger will move. After that Mrs. Fette will move in.

Scouts Enjoy Night In Spite Of Rain

Members of the Muenster Boy Scout troop had their snipe-hunting party rained out Monday night but transferred their food to the K of C hall where they enjoyed hot dogs and soda pop, then played games, discussed a scrap iron campaign and planned a Christmas party.

Two new members, Dan Hamric and Gene Hartman, were present. Committeemen—Ben Seyler and Frank Bayer attended and Father Louis was a special guest.

Scoutmaster Nick Miller helped the boys plan a scrap iron drive they will conduct in the community soon, and assisted in plans for the annual Christmas party and gift exchange to be held on December 17.

Guests in the Claude Cannon home on Thursday were her sister and husband, the Harry Perrymans and three children of Fort Worth and Mrs. Violet Tuggle and son of Nocona. Also a guest in the Cannon home is Mrs. Cannon's mother, Mrs. Ruth Pittman, who is spending several weeks here.

Children Continue To Ride while Bus Deal is Considered

Muenster's school bus problem is partly solved, and all children of the community are still riding to and from their classes.

The crisis for school children living in the Myra district was settled at least temporarily by using the Sacred Heart Booster Club's football bus. Since last Monday, when the state's order to discontinue transporting Myra scholastics out of the district on Muenster public school buses became effective, the parochial football bus has been on regular schedule picking up students in the district.

As regards the Muenster district bus problem, the solution still is not in sight, however, all children are still riding and will continue to do so until an official order is received from Austin instructing the school board to quit transporting parochial children. In a meeting with local parish and school representatives two weeks ago the state officials said they would allow a few weeks to work out a solution before sending the order.

Alternatives being considered are separate bus systems for each school, a single system operating as a common carrier and not under either school's jurisdiction, and a complete public school system with the parochial school under public school supervision.

Hornets Run Over Panthers 18 to 0 in Season's Last Tilt

Muenster High's Hornets soundly outplayed the Saint Jo Panthers here on Thanksgiving Day to rack up their eighth victory out of ten games and win second place honor in the 12-B conference race. The score was 18-0 with Damian Hellman totting the ball in all three touchdown plays.

The Hornets bested the invaders in other statistics as well as the final count. Their net yardage on ground plays was 193 as compared with the Panthers' 33. Gains on passing plays were 118 for the Hornets and 21 for the Panthers. First downs 7 to 3 in favor of the Hornets. During the second half Saint Jo was held to a net gain of only 16 yards, 17 in the air and a net loss of 1 on the ground.

Muenster's first counter came early in the game following a thrilling 50 yard gain on Hamric's pass to Hellman. Saint Jo had received the kickoff and kicked on fourth down. On the Hornet's third try, from their 41, Hellman took Hamric's heave near the 50 and took advantage of some fine blocking on his run to the 9. Noggler and Hellman each gained 4 and Hellman went over from the 1. His kick was wide.

Saint Jo came back with its best drive of the game advancing from its 20 to Muenster's 37 and marking up its only three first downs of the game before the Hornet defense held. The rest of the half was a see saw featured by three fumbles and an interception, the breaks being divided evenly between the two contenders. The Hornets made scattered gains, however, while stopping the visitors cold and were threatening on the 10 as the period ended.

The second half opened with (Continued on Page 10)

**Georgia Spaeth And
Walter D. Barry Jr.
Married in Dallas**

Miss Georgia Spaeth of Dallas, daughter of Mrs. George Spaeth of Lindsay, became the bride of Walter D. Barry, Jr., son of Mr. and Mrs. Walter D. Barry of Dallas during a nuptial mass in Holy Trinity church, Dallas, at 10:30 a.m. on Saturday, Nov. 24. Rev. James Thompson was celebrant of the mass and performed the double ring ceremony.

The bride was given in marriage by her brother, Joe Spaeth of Greggton. For her wedding she chose a demi-tasse gown of champagne tulle, styled with a basque bodice of matching pou d'ange lace. A wide oval shaped neckline, edged by a ruffled banding formed a decollete effect around her shoulders. Gauntlets of the lace lengthened the short shaped sleeves. Full gathered layers of tulle fashioned the very bouffant skirt which was complimented by applied designs of the lace.

She wore a tiny brim of champagne satin covered with layers of ruffled illusion sprinkled with seed pearls, and carried a purple orchid and stephanotis showered with champagne streamers.

For something old she carried a rosary brought from Germany by her father, the late George Spaeth, she borrowed her mother's engagement ring, carried a blue handkerchief, a gift from the groom's mother, and wore a single strand of pearls, a gift from the groom.

Miss Theresa Mae Spaeth of Lindsay was her sister's maid of honor. Crisp taffeta in aqua fashioned her demi-tasse dress with its scalloped neckline and short capped sleeves. The fitted bodice was embroidered in an all over design in dyed-to-match thread and the full skirt opened to a fan of pleats in the front. Bronze chrysanthemums with aqua streamers fashioned her arm bouquet. She completed her costume with a brim of aqua taffeta and illusion and white

semi-formal gloves.

First Lieut. Richard Ploch of Fort Sill, Okla., was best man. Henry Spaeth, brother of the bride, of Gainesville, and Harold Marcus of Dallas were ushers.

Immediately following the ceremony a reception was held in the home of the groom's parents at 4052 Purdue. Decorations carried out a pink and white color scheme and the table held the three-tier wedding cake flanked by silver candelabra, and the silver punch service.

Members of the house party were Miss Frances Spaeth, sister of the bride, Miss Margaret Pelzel, her cousin, Miss Bobbie Taylor, and Mrs. Robert Moore, all of Dallas and Mrs. Clyde Barker of Corpus Christi.

After the reception Mr. and Mrs. Barry left on a wedding trip to New Orleans. For traveling the bride wore a royal blue milatene suit, mauve hat and gloves, brown lizard shoes and bag, and a purple orchid.

When they return they will make their home in Dallas at 5819 Grassmere Lane, Apartment 4.

The bride graduated from Era

High school and is a 1950 graduate of North Texas State College in Denton. She is employed by Atlantic Oil company as a stenographer.

Mr. Barry graduated from Highland Park High school and is a 1950 graduate of Texas A&M College. He is an industrial engineer at Chance Vought Aircraft corporation.

Among out of town guests at the wedding and reception were the bride's mother, the Joe Spaeths of Greggton, Messrs. and Mmes. Al Haverkamp, Andrew Schoech, Wilfred Reiter, and Arthur Felderhoff of Muen-

ster, and Mr. and Mrs. Henry Spaeth of Gainesville.

A letter from Juanita Weinzaepfel to her parents tells of a visit in Switzerland and a telephone conversation with Sister Theresina's sister. Juanita was unable to leave the tour for a personal visit.

LOOKING AHEAD

BY GEORGE S. BENSON
 President—Harding College

The Nature of Moral Decay

The high school in a little southern city some years ago employed a football coach. He was a good-looking young giant, only a few years out of college, and unmarried. It turned out that his first love was not football but "wine, women and song." In the afternoon he coached the football team and the boys looked upon him almost worshipfully as their leader, an example toward which to strive. In the evenings the frolicsome coach frequented the honky-tonks in the outskirts of the city. Sometimes his mixed parties became boisterous. By mid-season four or five of the older boys on the football squad had begun to accompany their coach on his honky-tonk parties and were drinking liquor with the crowd and otherwise following their coach's example. By the season's end, 10 or 12 of the 40-man squad were involved in the parties which were by then being held twice or three times weekly. The effect on the team was disastrous. The last football game of the season was lost 120 to 0.

Tragic Results
 Loss of the football games wasn't tragic; what happened in the lives of some of the players was. Some became drunk-

ards. Some were picked up and jailed for petty crimes. One, a popular backfield man who had been the first player attracted to the coach's extra-curricular parties, died a violent, spectacular death on the city's Main Street. His slayer was a minor "character" reportedly involved with the victim, in the narcotics trade.

The foregoing is a true story. It is told here to illustrate two facts: (1) It is the nature of all animals, including man, to follow the leader; and (2) Immorality or rottenness, in a group or in a nation, starts at the top, among the leadership, and spreads downward. Throughout all the 175 years of our nation's existence there have been isolated pockets of corruption and evil and immorality. But they've never spread upward; they've always spread downward.

An Example

That is the nature of human decay. The dregs of society do not serve as examples in behavior for citizens to follow. The scene in a typical municipal court, with its assorted lineup of miserable offenders, would hardly ever lead the court clerk to steal or defraud or pander or become a drunkard. But if the judge on the bench were taking bribes, and the clerk knew it, the clerk might be influenced to become corrupt himself.

Distinguished clergymen and lay leaders recently have been debating the question "Is Christian Morality Deteriorating in America?" It is my firm conviction that only by rationalizing, or kidding one's self, can a flat negative reply be given to this vitally important question.

At Last The Truth

However, the weight of evidence suggests that America's 150 million citizens still are strong enough morally, as a whole, to form a bulwark against further spread of the rottenness that has been revealed in the nation's public life, in the doings of prominent political leaders and their cohorts.

At the Top

If, on the other hand, the widening area of corruption and graft now being exposed in Washington should be condoned by our citizenry, as it has been condoned by some of the political leaders, the whole nation will be caught in it. In the long run the great rewards in life will be withheld from the evil-doers. This basic law of God is not likely to be recognized and properly revered, however, when corrupt public officials continue to be granted the respect of citizens and are permitted to amass substantial

wealth through their unethical practices.

Such examples of conduct as are now being displayed in public life, with little if any penalty exacted, may be expected to influence many people to question old codes of ethics: "Don't be silly; get yours while the getting is good"—this keynote the code of behavior in some quarters in Washington and which has already spread down from Washington infecting college athletes and officials, revenue collectors, many, many people in various other walks of life. In the fence post, rot starts at the bottom and spreads upward. In a nation of people rot starts at the top and spreads downward. Once it has started, only an aroused Christian people can stamp it out—at the source.

It has been wisely said that if you lend a friend five dollars, and you never see him again, it's worth it.

Guilt, Unhappiness And The Modern Soul

by Fulton J. Sheen

THE PRINCIPAL REASON for the unhappiness of the modern soul is his denial of personal guilt. The modern soul thereby excludes not only forgiveness, but the peace that comes from a reconciliation with the God of Love.

Never deny personal guilt; it has five serious effects in your soul: (1) It destroys character by eliminating responsibility and therefore freedom. (2) It makes forgiveness impossible by denying there is a sin to be forgiven. (3) It turns people into scandal-mongers, gossips, tale-bearers and violent revolutionists, because it makes them project their own guilt to others to escape their uneasy consciences.

(4) It leads to greater sin by making conscience less reproachful and virtue more distasteful. (5) Finally, denial of personal guilt leads to despair which develops into a positive fanaticism against religion and morality, which hatred is a sure sign of guilt.

THE WORST THING in the world is not sin, but the denial of sin; this is the unforgivable sin. If the blind deny they are blind, how shall they ever see?

Our Lord did not like the "nice" people who denied personal guilt. What moved Him to invective was not badness, but self-righteous goodness. We find no words of condemnation against Magdalene, who stumbled on the problem of sex, nor on the penitent thief, who found it difficult to respect possessions.

RATHER DO WE FIND Him inveighing against the Scribes and Pharisees, who denied that they were responsible for their wrongs. Against them, He pronounced His woes: "Woe to you, hypocrites ... Blind guides ... serpents, generations of vipers ... whited sep-

BISHOP SHEEN

ulchres, which outwardly appear to men beautiful, but within are full of dead men's bones and of all filthiness."

He said that the harlots and the Quislings would enter the Kingdom of Heaven before the self-righteous and the smug. He would not condemn those whom society condemned, but rather, those who have sinned and had not yet been found out, or refused to admit it.

TO BE A SINNER, is your distress, but to know it, is your hope. The "nasty" people are the convertible people, because they possess within themselves an emptiness, not like the Grand Canyon, but like a nest which can be filled. They have a hunger and a thirst for something outside themselves. This sense of sin in them does not beget a forlorn despair, but a creative despair, knowing that only God can help them.

Be brave enough to confront yourself with yourself at all times, having trust in God. The greater the consciousness of your own misery, the greater will be your confidence in the goodness and mercy of God.

"Yes... I Condemned THE CATHOLIC CHURCH"

"And you would, too," wrote a non-Catholic recently, "if all the things I heard about it were true.

"For years, I kept hearing that the Catholic Church was opposed to the Bible and tried to suppress it. I was told that the Church had changed Christ's teaching and practiced pompous pagan forms of worship. It was told to me that Catholics worship statues and images, and that the Catholic Church defied God's law and changed the Sabbath.

"But now I have learned that these stories and many others about the Catholic Church are not true—and never were."

Every day, thousands of our non-Catholic friends and neighbors are discovering, as this man did... that Catholic belief, worship and history are widely misrepresented and misunderstood.

That is why we publish these advertisements... and invite you to write for free explanatory pamphlets. We want you to know us as we are—not as false rumors and slanders represent us to be. We want you to know... if only for your own information... what the Catholic Church actually teaches, and what we Catholics actually believe.

This enables you to get authentic information about the Catholic Church—to investigate in the privacy of your own home. Then... even though you may not agree with Catholic beliefs and practices... you will at least understand

them. Only then will you be able fairly and in good conscience to judge our Faith and what it is founded upon.

But more than truth and fairness are involved. For if it is true... as we claim it is... that the Catholic Church is the Church established by Christ, it is vital to your salvation that you investigate the genuineness of this claim. That is why we publish these messages. That is why we are happy to send you... without cost or obligation... authentic information about the Catholic religion on which to form your judgment.

Free

An interesting pamphlet to read in the privacy of your home. It explains Catholic teaching on such matters as divorce—mixed marriages—gambling and drinking—why Catholics do not attend non-Catholic worship—and answers many of the false rumors you have heard about the Catholic Church. No cost—no obligation. Write today—ask for Pamphlet No. KC-15.

Sandmann - Rohmer Vows Exchanged in Lindsay Ceremony

Miss Margie Sandmann of Lindsay and Tony Rohmer of Muenster exchanged marriage vows during a nuptial high mass at 8:30 in Saint Peter's church at Lindsay on Tuesday morning. Rev. Conrad Herda, pastor, officiated at the double ring ceremony and was celebrant of the mass.

The bride is the daughter of Mr. and Mrs. William Sandmann of Lindsay and the groom is the son of Mr. and Mrs. John Rohmer of Muenster.

Mrs. William Schmitz, organist, presented the traditional wedding procession and recessional and accompanied the St. Cecilia's choir members who sang the mass.

The altar before which the couple said their vows was adorned with white mums and greenery. Baskets of mums decorated the communion railing and white satin streamers marked

ed pews down the center aisle of the church.

Mr. Sandmann gave his daughter in marriage. She wore a lovely gown of candle glow satin. The fitted bodice was designed with a Venice lace front, high lace collar and petal point sleeves, the latter also featuring inserts of lace. The bodice came to deep points at the waist-line where it was joined to the full hooped skirt that featured a modified bustle and a cathedral length train. Her fingertip veil of illusion was attached to a half hat of lace and net ornamented with seed pearl and orange blossom trim. She carried a colonial bouquet of white rose buds centered with a purple orchid.

The bride's only jewelry was a triple strand of pearls, and she completed bridal tradition by carrying a new mother of pearl prayer book, a gift from the groom, and an heirloom blue handkerchief belonging to Miss Theresa Mae Spaeth.

Sister Is Maid Of Honor

Miss Marcella Sandmann attended her sister as maid of honor wearing a bouffant Nile green satin dress with a net over-skirt and fitted bodice topped with a bolero jacket. Her net half hat and mitts matched her dress and she carried a colonial bouquet of bronze mums tied with gold satin streamers.

Miss Dorothy Rohmer of Dallas, sister of the groom, was bridesmaid. Her costume and flowers duplicated those of the maid of honor. Both wore pearl choker necklaces and earrings, gifts from the bride.

Maurus Rohmer was best man for his brother, and Pfc. Raymond Sandmann of Fort Jackson, S. C., brother of the bride, was groomsman. Pat Hennigan and Johnny Rohmer were ushers.

The bride's mother wore a purple crepe dress with black and purple accessories, and the groom's mother wore a turquoise blue costume with black accessories. Both wore shoulder corsages of white mums.

Wedding Day Festivities

Members of the bridal party were guests for a wedding breakfast in the home of the bride's sister and brother-in-law, the Pat Hennigans in Muenster.

At noon the Sandmann home was the scene of a dinner for which immediate members of both families were present.

In the afternoon an informal reception was held in St. Peter's

hall and a buffet supper was served to about 200 guests. Mrs. Pat Hennigan presided at the guest book and another sister, Mrs. Herman Stoffels of Muenster, served the wedding cake.

Decorations in the hall stressed the bride's colors of white and green featuring mums and satin streamers. The bride's table repeated the white and green theme with its linen cover, the decorated cake flanked with tapers and floral arrangement.

A dance at night concluded the day's festivities.

During the latter part of the dance the newlyweds left on a wedding trip. The bride wore a pantomine two-piece wool suit with orchid and black accessories, and the orchid she carried at her wedding.

When they return they will make their home in Muenster. He engages in oil field work.

Mrs. Rohmer graduated from Lindsay High school and prior to her marriage was employed at the Linda Jo shoe factory in Gainesville.

Mission at St. John's Church, Valley View Begins Next Sunday

Father Thomas Weinzapfel this week extended a general invitation to Cooke County friends to attend mission services next week at St. John's church, Valley View.

The mission, beginning at the 8 o'clock mass Sunday and closing at 7 Saturday, will be conducted by Rev. Bertrand Abell of the Passionist Fathers of Houston. The mission will be Father Abell's third assignment in the county this year. He conducted a mission and 40-hour services at St. Mary's in Gainesville last spring.

The schedule, as outlined by Father Weinzapfel, is as follows: Sunday: 8 a.m.; mass, sermon. 7 p.m.; rosary, sermon, benediction.

Monday through Friday: 7:45 a.m.; mass, sermon. 7 p.m.; rosary, sermon, benediction. Saturday, the feast of Immaculate Conception, will follow the Sunday schedule.

MRS. FRANK NEEDHAM IS HONOR GUEST AT DINNER

Mrs. Lawrence Roberg entertained Sunday with a birthday dinner honoring her mother, Mrs. Frank Needham.

The table was laid with crystal and sterling and was centered with a decorated cake. Guests presented gifts to the honoree.

Places were laid for members of the family and Mrs. Frank Fancher of Gainesville.

Auxiliary Guest Speaker

Officers of the Muenster VFW Auxiliary have announced that a guest speaker will be present at their regular meeting Monday night, Dec. 3, and urge a full attendance of members. The guest will be Maurine Palmer of Denison, District One president.

Little Sandra Kay Insel of Gainesville spent several days of last week with her grandparents, the Bill Kathmans, who on Thursday entertained with a Thanksgiving dinner. Guests were Sandra Kay's parents, the W. E. Insels and family and the Harper Insels of Gainesville, and the Stan Wylies of Fort Worth. Sandra Kay accompanied her parents home in the evening.

75 Dairymen Attend ABA-DHIA Meeting

Seventy-five Cooke county dairymen attended the annual meeting of the Dairy Herd Improvement association and the Artificial Breeders association last Tuesday night in the Community Center building in Gainesville.

Dick Bursleson, assistant dairy husbandman of Texas A&M college, was the guest speaker. He outlined the latest developments in the artificial breeding field.

John Hoffman, DHIA technician, presented dairy certificates for outstanding production to Paul Fisher, Richard Frasher and Henry Frasher. Fisher and Richard Frasher also received awards from Texas A&M for maintaining a herd production average of more than 300 pounds of butter fat per year.

Eugene Klement and Alfred Bayer were re-elected directors of the ABA, and Tony Nehib

was elected a new director of the DHIA. Other DHIA directors are C. A. Fisher and Peter Prescher.

Jim Gibbs, field representative of the North Texas Artificial Breeders Farm at Dallas was a guest for the annual meeting.

Farm Safety Their No. 1 Crop

A \$300 college scholarship and an all-expense round trip to Chicago for the 30th Annual 4-H Club Congress! That was the reward for these two farm boys for their outstanding contribution in their states toward the elimination of accidents on the farm and in the home. They are shown being congratulated by Paul Garrett, vice-president of General Motors in charge of Public Relations. General Motors has sponsored the 4-H Farm and Home Safety Program, in which 400,000 boys and girls are enrolled, for the last seven years. Left to right are: Mr. Garrett; James A. Rosenbaum, of Carilo, Montana; and William M. Whitt, of Muenster, Texas.

THE STATE OF TEXAS

To: Agnes Marie Parsons, Defendant, Greeting:
You are hereby commanded to appear before the Honorable District Court of Cooke County at the Court House thereof, in Gainesville, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of issuance of this citation, same being the 24th day of December A. D. 1951, then and there to answer Plaintiff's Petition filed in said Court on the 1st day of October A. D. 1951, in this cause, numbered 15998 on the docket of said court and styled Raymond Parsons Plaintiff, vs. Agnes Marie Parsons, Defendant.

A brief statement of the nature of this suit is as follows, to wit:
A suit for divorce from the bonds of matrimony for the reason of harsh and cruel treatment on the part of defendant toward plaintiff, for change of the name of defendant from Agnes Marie Parsons to Agnes Marie Kueather, and for general and special relief, as is more fully shown by Plaintiff's Petition on file in this suit.
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand

and the Seal of said Court, at office in Gainesville, Texas this the 8th day of November A. D. 1951.

ATTEST:

Soil Supervisors Buy Equipment, Select Custodians

Assignment of equipment to five custodians of the Upper Elm-Red soil conservation district and a decision to purchase additional equipment were the principal matters considered in an all day meeting of soil district supervisors in the county court house last Wednesday. Cooperators who have been named as custodians of the district equipment are Meinrad Hesse, Joe Hoenig and Alfred Bayer of Muenster, Lee W. Wainwright of Bowie and A. T. Faulkner of Whitesboro. All

were selected on the basis of convenience to the greatest number of cooperating farmers.

After deciding on the type of equipment to be placed with each custodian agreements were drawn up giving each person authority to take charge of the district machinery.

New equipment approved for purchase in the near future, a stalk shredder, a fertilizer distributor and a cultipacker. The additional machinery was made necessary by the addition of 221 new cooperators signed up in the district in September and October.

Another part of the meeting was a talk by Otto Bynum, district soil scientist, on the rates of water infiltration on soil that has been treated with deep rooted legumes and soil not treated with legumes. He stated that rotation of legumes and grasses with other crops will improve the soil's water absorbing capacity.

Edward Pick Gets Sears Foundation's Local FFA Project

Edward Pick has been selected by fellow members of the Muenster FFA chapter as the group's representative to raise a dairy cow under provisions of the Sears Roebuck Foundation.

He will receive \$153.50 from the foundation to be used in the purchase of a registered dairy cow or heifer and will be expected to return either that amount of cash or a calf next year. In effect he has been given the privilege of borrowing without interest from the foundation to begin a dairy project. The foundation's one requirement is that all stock must be registered. Pick has decided on a Guernsey but has not purchased the animal to date. He has the privilege of adding as much as he wishes to the foundation amount provided he prefers to

start his project with fancy stock. After 1 year he returns either the original amount or a calf and the cow is his.

An Ayrshire heifer returned by another chapter was available as a starter to the local chapter, but they elected to take the cash and start with a Guernsey.

The local chapter is the only one in the Denton FFA district to receive the cash loan this year. Other chapters participating are Gainesville, Valley

View, Era, Pilot Point, Denton, Sanger, Justin and Lewisville.

Come-uppance

A haughty Englishman was trying to impress a Scottish Highlander. "My ancestors," he explained with condescending air, "have had the right to bear arms for the last 300 years."

"Hoot, mon," replied the Scot, "my ancestors have had the right to bare legs for the last 2,000 years."

Hornets Win

a Hornet drive for 66 yards and another TD. Hellman's pass to Aytes for 39 yards accounted for the big gain and short gains by Hellman and Noggler accounted for the rest of the yardage. Hellman scored on a 3 yard plunge. His attempted kick for the extra point was blocked.

Holding the Panthers after the kickoff, the Hornets got the ball on a short high kick on the Panther 30. Their threat however ended abruptly as Sewell intercepted Hamric's shovel pass. Then came a short period of tight defensive play. The Panthers kicked, the Hornets kicked and the Panthers kicked again. On the first play of the next series Hellman went around left end for a 69 yard gallop to pay dirt, evading three tacklers and out-running three more Panthers in the sprint. A pass for the extra point was incomplete.

Another short drive by the Hornets ended in a fumble and Saint Jo had the ball as the game ended.
