VOLUME XVI

MUENSTER, COOKE COUNTY, TEXAS, MAY 9, 1952

NUMBER 25

If you're one of the people who don't like the high cost of government, or the system of withholding income tax from your pay, or serving as Uncle Sam's unpaid tax collector to send in someone else's income tax, it is just possible this bit of information will rub your fur the wrong way.

Nowadays Treasury Department check writers are working fast and furiously to catch up on income tax refunds. According to Paul Banning, chief disbursing officer, about 8 million checks have gone out in April and about 9 million will go out in May. The total of all these checks will be about \$2,100,000,000, as compared with a flat 2 billion last year. So the chances are that you, if you are due a refund, will get back a little more than you did last year.

There's no doubt that the average taxpayer gets quite a kick out of receiving his refund. To him it's like finding that much. He gets back something he never had in the first place. He gets a puny trifle of what had been taken out of his pay, but this is cash in hand whereas habit has accustomed him to disregard what never reached his hand. Psychologically, the government has something there. It has a way of clipping people and making them like it.

But the man who thinks about the situation a little certainly doesn't like it. He sees the whole procedure as silly, extravagant and downright vicious. . . a method of keeping on thousands of unnecessary employees and handing the bill to the taxpayer.

Just trace through the income tax procedure and decide for yourself what a screwy system it is. Four times a year the person's tax is submitted by his employer, or he submits his own if he pays quarterly. That makes four separate payments for the tax clerks to deposit and four entries to that person's credit in the tax record. But that isn't all. Suppose the person has had several jobs during the quarter. There will be that many payments and that many entries on his record. At the same time his wife may be working. So the clerks go through all the same rigamarole for her account.

At the end of the year the man and his wife make a joint return which has to be reconciled with the record and an adjustment made. Either they pay some more or they get a refund. Not one return in a hundred comes out even with the amount already submitted. So there you have at least nine transactions for the payment of one tax, besides all the extra work of preparing and filing all the separate records.

Now compare that with the way it used to be. At the end of the year the man and wife made out their joint return and submitted payment with it. There was only one transaction and the data was all combined in the single report. Even that report was easier to check because it did not require searching through files and comparing with records set up each quarter.

There's no question about it. The Internal Revenue Bureau's wasteful method of collecting income tax is an inexcusable imposition on every citizen. Each one of us pays quite a few extra dollars every year just to support that cumbersome system.

And that isn't the only imposition. Employers are saddled with the job of collecting, remitting and preparing a mess of records for the government. It's a nuisance to the man who has only one employee. It's an extra expense to the man who has a big payroll.

All this our socialistic Fair Deal government imposes on us and still has the gall to claim it's doing us a favor. "Raw Deal" is a better name for it. They hand us that old stuff about the convenience of paying regularly and avoiding the strain at the end of the year. But they conveniently neglect to tell us what we pay for the convenience. And they conveniently neglect to ad-

GROUND BROKEN FOR NEW MUENSTER CHURCH. The Most Rev. Augustine Danglmayr, auxiliary bishop of Dallas, and Rev. Louis Deuster O. S. B., pastor of Sacred Heart Church, move a couple of extra shovels full of dirt for Photographer Kent Bellah after the official ground breaking ceremony on Wednesday, May 30. The new church, costing about a half million dollars, will have a seating capacity of 800.

Eighty Represent Elm Red District At Awards Dinner

Muenster, with 20 persons present, and the Upper Elm Red Soil Conservation District, with 80 persons present, were well represented at the annual conservation awards program sponsored last Thursday night by the Fort Worth Press. Next to the Dalworth delegation, which turned out 140 strong, the local district's group was the largest present.

Total attendance at the program was about 900, exceeding by more than 200 the best previous crowd in the seven year history of the event.

The purpose of the annual program is to recognize the state's outstanding contributors in the soil conservation movement during the past year.

As in years past the local soil district was recognized for its work. The Gainesville Daily Register received a plaque for the state's outstanding soil conservation edition in 1951. J. W. Hess was introduced as winner of the Texas Bank and Trust Co.'s award to the state's outstanding supervisor. And the Sperry neighborhood group was named as runner-up in the contest for the state's outstanding conservation group. The Sperry group will receive a \$200 cash award in a Zone 5 program at Stephenville.

The award won by Mr. Hess is a trip for him and his wife to any place in the United States. They plan to go to Washington state this summer.

FMA Installs New Type Cooling Tower

A new modern type water cooling tower is the latest improvement at the FMA cheese factory. It will replace the large old style tower which had been in use for some 15 years.

The new unit will be much smaller but more efficient than the old. It differs principally in that water will be cooled by a strong air draft created by a fan whereas water was formerly cooled by the atmosphere as it flowed over a system of wooden baffle plates. It will be 22 feet high whereas the old unit was 33 feet high.

A 7½ horsepower motor will drive the big suction fan mounted near the top of the tower. It will create the air current which cools the water.

Nogglor Was Fast, Others Were Faster

Tough competition in the preliminaries kept Joe Nogglor out of the finals in both the 100 and 220 yard dashes at the Class B Interscholastic League Meet in Austin last Saturday.

Coach C. R. Coe said that contenders in preliminary heats were grouped at random and Nogglor happened to be running against two of the meet's best. He was eliminated from the 220 with a time of 22.4 whereas boys in some other heats qualified with as high as 23.7.

The same applied to the 100 yd. dash. Nogglor failed to qualify for the final although his time was better than some who did qualify.

News of Sick And Injured

Mrs. J. C. Trachta underwent major surgery at Gainesville Sanitarium Tuesday morning.

Mrs. David Trachta entered Gainesville Sanitarium Sunday night for observation and treatment.

Herman "Boss" Swirczynski has returned to work at the cheese plant after being off duty since a serious accident last August.

John Hess underwent an operation at Gainesville Sanitarium last week Wednesday and is recovering normally. Members of his family cheering him with bedside visits Sunday included his sons, John Louis and Wilfred, who are working in Waldo, Ark.

Sharon McGowan, 9, had her tonsils removed Friday morning at M&S Hospital and returned home Saturday evening. Tuesday she started back to classes in the third grade at the public school.

Matthew Bernauer, son of the Joe Bernauers of Panhandle formerly of Muenster, sustained a broken back in a car accident recently and is in a cast in St. Anthony's Hospital in Amarillo, according to word to his uncle and aunt, the L. A. Bernauers and other relatives. It is believed he fell asleep at the wheel of his new Studebaker when he was less than a half mile from home, enroute there from Amarillo, and rolled the car several times. Matt is a nephew of the Bernauers and Millers.

Council Assured Soft and Plentiful Supply of Water

Indications are that Muenster will have no water worries this summer. Reporting before the city council Monday night, waterworks Superintendent Steve Moster said that water is plentiful and soft and there will be no emergencies except perhaps a temporary delay for mechanical failure.

At this time the two city wells produce at the rate of 230 gallons a minute. The new well drilled recently in the north part of town has been pumping at 140 a minute and the No. 1 well is pumping 90. Combined they produce more than twice as much as the city was able to pump last summer. No. 1 prior to pump repairs was down to 60 gallons a minute and No. 2, now abandoned, pumped only 50 a minute.

Besides, Moster explained, the city has reserve capacity in the new water well which can be tapped by changing to heavier pump shaft and impeller and pumping from a lower level.

Rugging the abandoned well has made a big improvement in the quality of water from the new well. Heretofore hard water from near the surface of the old well was drawn into Trinity sand and pumped out through the new well. This was apparent because the water level in the abandoned well fell when the new well was pumping. Now it isn't affected by pumping the new well. Moster said he has also heard several comments about softer water. A sample will be sent in for official analysis, allowing a few more weeks to reduce the percentage of hard water in the reservoir supplying the new well.

Schoolboys Form Vacation League

Muenster will have a team in a school-boy baseball league now being organized in Cooke and Denton counties. To date there are four loop members but it is possible there will be six by the time the boys get set for their regular vacation time schedule.

Teams now organized are Muenster, Gainesville, Callisburg and Sanger. Pilot Point is a possible member if another team somewhere in the area can be formed. The purpose of adding two teams at a time is to keep an even number of members so that all can have games on scheduled dates.

Dick Cain, sponsor of the local team said that all players must be school age according to interscholastic league rules. He must be under 18 as of Sept. 1, 1952.

Local league schedule opens after the close of the current school year. It will consist of 4 games with each member team, the games being played two nights of each week.

Between league games the local team expects to play other junior teams also. Two such opponents on the local list are Nona and Windthorst. Cain said that his team will have regular practice sessions between now and vacation time.

Store Improvement At Fisher's Marked By Special Event

Somewhat late as an anniversary event but still within the silver jubilee year in the general modernizing job just completed at Fisher's Market and Grocery. An "Improvement Day" at Fisher's store Saturday will commemorate the improvement program.

Fishers invite all the community to come in Saturday, look the place over, register for prizes and get in on the special events. Special sales representatives for at least two food distributors will be on hand. Another attraction is an electrical cooking and baking demonstration on a new Philco range by Mrs. Nella V. Payne, TP&L home appliance adviser. A baked ham and other foods prepared by her will be

Local Lions Club Urges Chest X-ray

As their first civic project Muenster's newly organized Lions club has undertaken a campaign to have the largest possible number of local residents report for chest X-rays during the three day stand of the mobile X-ray unit in Gainesville May 15, 16 and 17.

Plans for the project originated at the club's luncheon Tuesday at the Main Cafe. Thirty members and one guest attended.

Besides urging people to take advantage of the X-ray opportunity the Lions will arrange a transportation pool for the benefit of any who do not have a ride to Gainesville. Urban Endres Ray Wilde and Weldon Cowan are in charge of transportation.

Thurs., May 22 Is Blood Donor Day

Muenster has been asked to donate 40 pints of blood toward meeting the county's quota of 150 pints when the Red Cross bloodmobile makes its next stop in Gainesville on May 22. The blood is being collected for the armed forces.

Mrs. T. S. Myrick was advised this week by County Blood Program Chairman Mrs. Wm. Bonner that 5 fifteen minute periods, from 4:00 to 5:15 p.m. have been set aside for Muenster.

Pledge cards for those who wish to donate are available at the Charm Shop and Dixie Drug.

Parish Has Annual May Day Services

Annual May Queen crowning ceremonies for Sacred Heart parish were held on May 1, beginning at 7 p.m. The solemn and impressive services preceded rosary and Benediction in Sacred Heart church.

Participating in the ceremonies were pupils of Sacred Heart High school. Irma Hofbauer, senior, crowned the statue of the Virgin, erected in a shrine of blossoms and a myriad of vigil lights and candles. Honor attendants to Miss Hofbauer were the other nine members of the graduating class. Father Louis officiated at the service.

WITH THE MEN IN SERVICE

Joe Moster, apprentice airman, left Monday to return to the Naval Air Station in Corpus Christi, following his recovery from major surgery performed on April 20 after receiving internal injuries in a car accident. He was dismissed from M & S Hospital on Friday. His brother, Steve Moster, took him to Dallas where he boarded a through bus to Corpus Christi.

Cpl. Rufus Henscheid who has been in the Navy Hospital at Camp Pendleton, Calif., for treatment had an operation Tuesday, according to word to his parents, the Henry Henscheids.

Cpl. Allen Hoffman arrived Saturday from Patrick AFB, Cocoa, Florida to spend a 30-day leave with his parents, Mayor and Mrs. John Hoffman and family. When he leaves here he will go to New Jersey and from there to an assignment in Greenland.

Harold Knabe and Harold (Shorty) Reeves were in the group of 18 young men from the county who left last Thursday for Love Field in Dallas where they were processed and inducted into the armed services. They are the sons of Messrs. and Mrs. Joe Knabe and Jap Reeves.

Alvin Fuhrman, Urban Rohmer and Herbie Yosten, Muenster boys in the Army in Germany, and Ewald Fuhrmann of Lindsay, spent Sunday, April 27, together in Frankfurt. Clifford Otto, who planned to attend the reunion was on duty and couldn't get a pass, according to letters to homefolks. The previous Sunday Alvin and Ewald spent the day in Amsterdam, Holland.

S. Sgt. George Swirczynski of James Connelly AFB, Waco, spent a weekend pass here with members of his family.

Mrs. Rosa Voth, 83, Of Lindsay, Passes Suddenly on May 3

Mrs. Rosa Voth, 83, a long-time resident of Lindsay, passed away suddenly at 8 a.m. Saturday in the home of her daughter, Mrs. J. F. Zimmerer.

Funeral services with requiem high mass were held Monday morning at Saint Peter's church in Lindsay with Rev. Conrad Herda, pastor, officiating. Burial was in the Lindsay cemetery. George J. Carroll and Son Funeral Home was in charge of arrangements. Rosary was recited in the funeral home chapel Saturday night and in the Zimmerer home Sunday night.

Mrs. Voth, the former Miss Rosa Arendt, was born in Allenstein, Prussia, March 23, 1869, and came to the United States as a young lady to live with relatives, the August Hinzmans south of Lindsay.

In 1899 Rosa Arendt married Henry Voth of Krum in Muenster. The couple farmed at Krum for a few years before settling in Lindsay and she lived there since that time. Mr. Voth died in 1933.

Survivors are two daughters, Mrs. Zimmerer and Mrs. Leo Neusch, three sons, Tony, Henry and Aloys, all of Lindsay, one brother, Andrew Arendt of Massachusetts, two half-brothers, Paul Arendt of Lindsay and John Arendt of Gainesville, and 15 grandchildren. Other survivors include three sisters-in-law Mmes. J. S. Horn and Barney Voth of Muenster and Mrs. John Wilde of Harlingen, and a brother-in-law, Joe Voth of Justin.

Council Approves Phone Rate Boost

Effective June 1, rates on all telephones in the Muenster area will advance 50 cents plus 15 per cent tax. To the customer it amounts to a rate increase of 57½ cents.

The increase was authorized in a meeting of the city council Monday night in response to a request by Herman Younger, manager of the Muenster Telephone Company.

Younger pointed out that the increased rate is necessary to keep pace with increasing costs of equipment and materials as well as to provide better service. The company expects to add another operator to its staff in the near future.

Church Contractor Starts Moving In

An indication of future activity at least is apparent at Muenster's new church site, but no work has been done to date. On Monday workmen moved two small portable buildings and a cement mixer on the ground.

Father Louis Deuster said Tuesday that up to that time he has had no definite information on the date that work will begin.

56 Children In First Communion Service

Fifty-six tiny tots of Sacred Heart parish were in this year's First Communion Class on Sunday, May 4. They received the Eucharist for the first time during the 8 o'clock high mass.

Next Sunday, Solemn Communion services will be held for a class of 45 children during the 8 o'clock high mass.

among the prizes won by lucky registrants.

The store's improvement program consists of several new items of equipment, general rearrangement and interior painting. The net result is about a 35 per cent increase in stock along with additional aisle space and more convenient arrangement.

Principal changes were moving the meat counter and refrigerator to the back of the store, replacing small grocery racks with larger ones, and adding a checking counter, a dairy case, a frozen food case, and an ice cream case.

Mr. and Mrs. Bill Hess and children of Durant, Okla. visited with his parents, Mr. and Mrs. J. W. Hess and family during the weekend.

Virgil Walter and classmate, Danny Burkhart, of Arlington spent the weekend with the former's parents, the Al Walters. Saturday night they attended a dance in Denton sponsored by the Newman Club.

Local News BRIEFS

Mrs. Charlie Fisher, accompanied by Mr. and Mrs. Joe Bergman, drove to Wichita Falls Monday to get her mother, Mrs. Mary Schmitz, and drove her to Valley View where she is now making her home after being employed in Wichita Falls.

Mr. and Mrs. John Schmitz of Dallas spent Saturday night and Sunday in the home of their daughter, Mrs. Ray Wilde and family. Joining them for Sunday dinner were the Al Horns and Mrs. J. S. Horn. Before returning home the Dallas couple visited their son, Freddy and family in Gainesville, and relatives and friends in Lindsay.

Vance Johnson of Holliday and C. D. Johnson of Archer City spent Saturday in the R. J. Samples home at Bulcher.

Guests in the Ray Evans home Saturday and overnight were the Roy Lockharts of Madill, Okla.

Guests of the J. W. Fletchers for the weekend were their daughter and husband, the W. M. Terrells and children, Tony and Terry, of Lubbock. Sunday the group attended the annual homecoming program at Marysville.

Sue Tischler of Dallas spent the weekend with her sister and family, the Al Yostens. Joining them for a Sunday visit were their parents, the Joe Tischlers of Celina.

The home of Mayor and Mrs. John Hoffman was the scene of a family reunion Sunday when all their children gathered there for the day. Present were Cpl. Allen Hoffman of Cocoa, Florida, the T. J. Hoffmans of Wichita Falls, the Earle Ottos and daughter, Eileen and Miss Gladys Hoffman.

Gerald Knabe, who works in Jacksboro, was home for a weekend visit with his parents the Joe Knabes. James Knabe is now working near Nocona having been transferred there recently after being in Colorado City. Both boys work in the oil fields.

Mr. and Mrs. Joe Yosten are back in this part of the country after being in west Texas for the past three years. Joe is working for on drilling company and is now located near Nocona. The couple visited Muenster relatives Wednesday.

Dinner guests in the Dexter Dowd home Sunday were the Benny Milburns and son, Chris, and Wayne Dennis and family of Nocona, Bailey Dennis, his wife and son Justin, and Jim Dennis of Saint Jo.

Members of the Bulcher Home Demonstration club who attended the dress review and style show in the community center building in Gainesville last Wednesday were Mmes. August Hyman, Frankye Shields, Johnny West, Effie West, Claude Cannon and R. J. Samples.

Mr. and Mrs. Walter Hodges and son Carl, of Bulcher were in Terrell, Okla., Saturday to attend funeral services for Walter's uncle, Charles Hodges, who passed away in a Bowie hospital.

Bobby Joe Samples of Bulcher was a guest at the Y-Teen Sweetheart banquet in the community center building at Gainesville Friday night.

GARDEN CLUB TO HEAR TALK BY MAGLAUGHLIN

The Muenster Civic League and Garden Club will have the regular monthly meeting and program next Monday in the FFA room at Muenster high school. The session will begin at 8 p. m.

Ralph Maglaughlin will be guest speaker and after his address will present his team of three boys, Wilfred Klement, Eugene Walter and Billy Whit, in their demonstration on testing for plant food in soil. It will be same program presented over TV recently.

Club members will also hear a report on the state convention which Mrs. Joe Luke attended in Waco.

Each member is reminded to bring a madonna arrangement—a madonna statue or vase with flowers.

Building And Improvement Notes

Work is well under way on a new 5 room house with attached garage for the Earle Ottos. It's in the northeast part of town, north of Richard Grewing.

A new exterior paint job now in progress completes a general fix-up program at Jimmy's Service Station. Work completed is a new roof surface and interior painting.

The home painting jobs now under way are at Henry Fette's and Frank Kaiser's. Another just finished is at L. A. Bernauer's.

Claude Cannon, in the Bulcher community, started work this week on a new barn.

Weekend guests in the August Hyman home at Bulcher were two nephews, Jim Bob and Jack Giles of Wichita Falls. Joining them for a Sunday visit were Mr. and Mrs. S. A. Willis and children of Dallas and Mr. and Mrs. Earl Giles of Saint Jo.

Miss Cleta Sue Cannon, accompanied by Miss Emma Lou Burns of Saint Jo, was in Dallas Saturday to attend a state meeting of the FHA officers and sponsors. Cleta Sue is area reporter.

Spending Sunday in the Hugh Jackson home were Mr. and Mrs. James Bonnell of Dallas. The Jacksons and Bonnells were neighbors in Fort Worth before they moved to Muenster and Dallas.

Two MHS Seniors Invited to Texoma

Muenster High School will be represented this year by Jeanette Walter, the honor girl graduate and Lawrence Dankesreiter, the honor boy graduate at the fifth annual honor graduates day for high schools in the Texomaland area scheduled for Friday, May 16, at Lake Texoma. These students will be accompanied by Frances Mitchell, Senior Sponsor and Mrs. Al Walter.

The honor boy graduate and the honor girl graduate together with the respective school superintendents and their wives from more than fifty communities in Bryan, Marshall and Johnston counties in Oklahoma and in Fannin, Cooke and Grayson counties in Texas have been invited this year for a picnic lunch at the Denison Dam to be followed by a boat cruise on Lake Texoma in the afternoon. In prior years the valedictorian and salutatorian were invited but this year and last year the top senior boy and top senior girl have been selected in order to evenly divide the group between boys and girls, Denison Chamber of Commerce officials have explained.

This special day was first sponsored in 1948 by the goodwill committee of the Denison Chamber of Commerce and has attracted two honor graduates and their school superintendents from a large number of high school in southern Oklahoma and northern Texas each year since then.

Alumni of Subiaco Elects Father Louis

Rev. Louis Deuster, pastor of Sacred Heart church, is the new president of the Subiaco Alumni Association. Members of the association elected him during the annual meeting at Subiaco, Ark., during the weekend. Father Louis replaces E. A. Steinberger of Dallas.

Other members of the executive committee include Jake Bezner of Lindsay, vice president, Rev. Father Michael of the College-Academy as secretary, and Very Rev. Father Maurus of Little Rock, treasurer.

Seven ex-students from Muenster attended the meeting. They are in addition to Father Louis, Al Kleiss, Albert Henscheid, Pat Hennigan, Urban Endres, Arthur Felderhoff and Rupert Hoenig.

Ray Wilde attended a Chevrolet meeting and picnic in Fort Worth last Tuesday. His wife joined him on the trip.

The Jack Fletchers and Patricia of Mineral Wells spent Monday and Tuesday here with his parents, the J. W. Fletchers.

Pledge of Allegiance

There is a lot of nonsense being aired in the controversy over loyalty oaths for teachers. A good deal of it is coming from Leftwing writers, and Leftwing organizations. The official Communist "Daily Worker," for instance, says that it's an outrage to ask a teacher to sign an oath saying he's not a Communist or a member of a Communist-front. This, of course, is to be expected. The surprising thing is that so many self-styled "liberals" op-

pose the loyalty oath on the ground that it is an infringement on academic freedom.

That's the bunk. The only reason the citizenry of state after state is demanding loyalty oaths for teachers is that there are some Communists teaching boys and girls in our schools and colleges and the citizens consider them poison to the minds of these youth and dangerous to our national welfare. The first loyalty of a Communist, as pledged upon his secret oath, is to the U.S.S.R. They are all committed to the overthrow of the United States by force or violence.

LIBERTY VS. COMMUNISM

John Stuart Mill, one of history's greatest champions of true liberalism, emphasized that individual liberty stopped at the point that it began to endanger the individual liberty of others.

 Gainesville, Texas

If Mill lived today I'm sure he would endorse any device that would assist our nation in rooting out the Communist enemies who are openly dedicated to overthrowing this last great stronghold of liberty and human dignity.

Perhaps the truest expression of the Communist credo was pronounced by Bakunin, the first Russian to work with the Germans, Marx and Engels. It removes all the niceties with which those who oppose the loyalty oaths like to clothe the brutal, Godless doctrine. To those who rallied to the Communist cause when he returned to his native Russia, Bakunin said: "Brethren, I come to announce unto you a new gospel, which must penetrate to the very ends of the world... the old world must be destroyed and replaced by a new one... the Lie must be stamped out, and the good way to Truth. The first Lie is God; the second Lie is Right."

DESTRUCTION FIRST

"And when you have freed your mind from the fear of God, and from that childish respect for the fiction of Right, then all the remaining chains that bind you, and which are called science, civilization, property, marriage, morality, and justice, will snap asunder like threads. Let your own happiness be your only Law! Our first work must be the destruction and annihilation of everything that now exists; you must accustom yourself to destroy everything, the good with the bad; for if but an atom of this old world remains, the new will never be created."

In contrast to this evil credo are the great Christian documents of the United States — the Mayflower Pact, the Declaration of Independence and the

Constitution. All the American citizen is asked to say in the loyalty oaths is that he rejects such a credo as Bakunin pronounced and accepts the citizenship responsibility of loyalty to the United States.

One of the most bitter controversies over the loyalty oaths occurred at the University of California. The oath said: "I do not believe in and am not a member of nor do I support any party or organization that believes in, advocates, or teaches the overthrow of the United States government by force or by an illegal method." It's difficult to understand why any American would not willingly take such an oath whenever called upon to do so.

THE VITAL AREAS

A teacher works in the moulding of young minds. And upon the thinking of the young men and women who come from schools depend the future course of freedom in this nation. Thus the teacher has one of the most sacred responsibilities in American life. No wonder our citizens want to require a commitment against Communism and for the U.S.A. from all people in such vital areas.

Federal judges take special oaths. So do government employees in most states. The new Pennsylvania loyalty oath caused Governor John S. Fine to say: "I have just happily concluded the voluntary taking of the oath. Members of my cabinet and thousands of State employees also eagerly reaffirm their patriotism. My own action has stimulated my love of country. This voluntary act has brought a resurgence of patriotic fervor to me. My cup of allegiance to my Nation and my State has always been brimful

Shaping Eternity Is A Mother's Privilege

A MOTHER'S HEART is a divine creation. No one but God could have thought of motherhood. None but God could have given us mothers.

Our God could have continued to create men as He made the first man and woman. He brought Adam and Eve into existence by a direct act. It was as simple as that.

Now, however, God allows parents to share in His creative power. In fact, it seems at first glance that God almost makes Himself dependent on their will. Only after the parents have prepared the necessary material, and the mother has furnished the cradle of her womb, will God create the immortal human soul, that principle of life which brings a new man into being.

IT IS INTERESTING that the power God uses in creating an infant's soul is exactly the same creative power He put to work when He made our entire universe.

Both the infant's soul and the world did not exist at one time. Both were entirely made from nothing. Both depend on Him to remain in existence. Both, in a word, have called forth the infinite power of the Almighty.

But here is the tremendous thing. The child nestled in its mother's womb is far more valuable than a dozen worlds for the simple reason that the child's soul will survive long after this universe is no more. The world is temporal; the soul eternal.

The human soul is the basis for the child's dignity, and rights,

and worth. The world could never give these things to the child because the world does not possess them. The material creation only reflects the beauty and majesty of the Creator. The child's soul, however, is made to the very image and likeness of God.

AND, IT IS this infant soul that was redeemed by the precious Blood of Jesus Christ.

This is the reason why every mother affects eternity. Her child, brought forth in time, will live on in eternity. Redeemed

by Christ, her infant is made to enjoy heaven.

This unique power of mothering heaven's future citizens is womanhood's richest privilege. It is also a mother's greatest obligation, and she must not fail her child's soul. If she does, she has been a failure in her most important role.

YES, A MOTHER'S heart is a divine creation. In fact, so wonderful a thing is motherhood that Jesus Christ, God become man, determined to have a mother,—by Alvin Illig.

—tonight it overflows!" This is the kind of patriotism that citizens have a right to expect of those to whom have been entrusted the children of America and thus the future destiny of the nation.

From where I sit... by Joe Marsh

As a Matter of Fact...

Out of all the newspaper and magazine columns I read, the ones I enjoy most are those that pack in a whole lot of facts—unrelated facts, but each one an interesting bit of information in itself.

These columns go something like this: "Did you know that humpback whales are addicted to snoring? That bees have been bred with red, brown, and buff-color eyes?"

"Did you know that lead can be converted to gold—at a cost of \$1,000,000 an ounce? That a 555-pound fat girl went on a diet and lost 401 pounds in 12 months? That

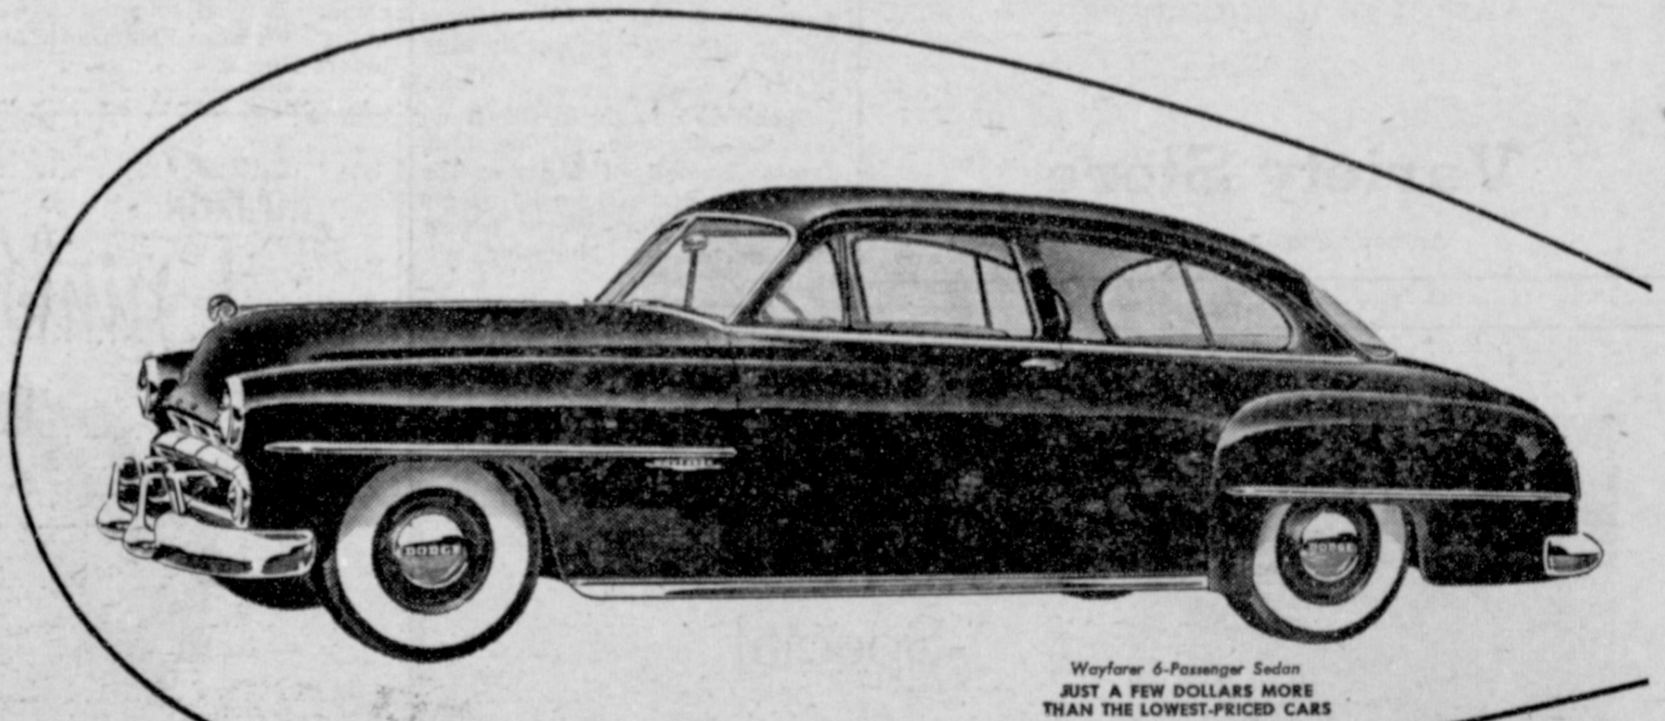

a chrysanthemum has been developed that smells like a violet?"

From where I sit, maybe I'm a kind of "Johnny-one-note." My own columns always seem to revolve around one idea—a plea for us to make sure we respect the other fellow's rights—like the right to vote for your own choice or the right to enjoy a glass of beer now and then. I may not be in style, but I believe my one fact is worth repeating—and remembering!

Grads and Parents Honored by Juniors At Annual Banquet

Seniors of Muenster high school and their parents were honored Tuesday night at the traditional Junior-Senior banquet given in the school library.

The junior class sponsored the event, mothers of the juniors assisted by Mrs. Joe Lehnertz, prepared the dinner, and Sophomores did the serving. Room and table decorations combined elaborate floral displays along with a night club motif featuring cigarette girls, top hat and tails art work and miniature top hats and canes as favors. A corsage was given to each of the Seniors' mothers.

Josh Roach of the TSCW speech department, was the principal speaker. Talking on interruptions in careers, such as a few years in military service, he suggested that the interval be regarded as an opportunity to grow in knowledge and experience rather than as lost time.

The program, with Wilfred Klement as master of ceremonies, opened with invocation by Father Louis Deuster and closed with benediction by Brother Bill Hodge. Burt Hamric presented the Junior class welcome and Roger Wolf responded for the Seniors. LaQueta Cain gave a piano solo and Pauline Myrick a vocal solo. A quartet consisting of Carolyn and Patsy Cain, Judy Cain and LuRena Wolf gave a tap dance number. Carol Hellman, Julia Wolf and Eana Swirczynski presented a pantomime act.

Auxiliary Admits 13 New Members

Members of the local VFW Auxiliary welcomed 13 new members at their regular meeting Monday night, elected delegates for the annual convention, made plans to help the VFW at their Memorial Day services, and arranged for a Poppy Day sales.

The new members are Mmes. Clarence Hellman, Ray Stewart, Gene Hoedebeck, Norbert Walterscheid, Arthur Endres, Wilfred Bindel, Arnie Wimmer, Ruth Needham, Leonard Hartm a n, Norbert Koesler and Ben Luke, Misses Dorothy Hartman and Dorothy Mae Walterscheid.

The organization now has 58 members.

President Mrs. Maurice Pagel was in charge of the business session during which members elected Mmes. Lawrence Roberg, F. A. Kathman, Francis Wiese and Pat Hennigan as delegates to the state convention in Galveston, May 22 through 25.

Mrs. Lawrence Roberg was named chairman of the annual Poppy Day program.

Members are making arrangements to help in the annual Memorial Day services to be conducted by the VFW for the parish on May 30.

During a social hour after business, Catherine Herr and Mrs. F. A. Kathman, hostesses for the evening, served cold drinks and cookies.

Blessed Events

Mr. and Mrs. Wilfred Sicking welcome the arrival of a nine pound, 14 ounce boy, Henry John, at the local clinic Sunday at 1:20 p.m. Also welcoming the new baby are his sister, Rose Ann and his grandparents, L. F. Dankesreiter and Mrs. Henry Sicking.

Mr. and Mrs. Joe Sicking announce the birth of a daughter at the local clinic Tuesday night. The baby has a brother and two sisters. Her grandparents are the Ben Sicking and the Felix Beckers.

Gretchen Louise is the name of the infant daughter of Mr. and Mrs. Norbert Koesler whose baptism took place in Sacred Heart church Friday with Father Cletus officiating and Mrs. J. D. Caplinger of Sherman and Wilfred Walterscheid as sponsors for their niece.

GRADUATE IN DALLAS

Misses Rose Marie Becker and Aileen Fleitman were members of a class of students graduating from a beauty school in Dallas at its graduation exercises Monday night. Both girls went to Austin this week to take state board exams this Friday.

Attending the graduation exercises from Muenster were the Alfons Hoenigs, the Al Fleitmans and daughter, Lorine, Edna Hoenig and Miss Rosalee Fuhrman.

CDA COURT HAS SOCIAL

Mrs. Paul Fisher and Mrs. Charley Hellman were hostesses entertaining members of the local court Catholic Daughters of America for the regular monthly social in the parish lunch room. In the progressive 42 series Mrs. Joe Horn won the high score prize, Mrs. Joe Kathman received the consolation favor and Mrs. Jake Pagel secured the galloping award. The hostesses served home made ice cream and coffee to those present.

Mrs. Joe Henry Walterscheid and baby son spent a part of last week in Fort Worth visiting her mother, Mrs. Henry Koelzer and husband. They returned home Sunday afternoon.

Here is the McCormick No. 64 Harvester-Thresher demonstrating its exceptional capacity for handling rank, heavy oat straw.

Make quick work of harvest

You can combine faster... save more grain with the NEW McCormick No. 64 Harvester-Thresher

Now you can save short, down, or tangled grain... combine heavy, shoulder-high crops without slowing to a crawl. Many owners who have tried this 6-foot McCormick straight-through combine report they can pull it a full gear faster than combines they formerly used. The No. 64 is built extra strong to withstand continuous operation at fast speeds.

Low-angle feeder, 64 1/2 inches wide, keeps rank, heavy crops from balling up and slugging the full-width cylinder.

Widest cylinder—64 1/4 inches—of any combine

built. This six-bar rasp-type cylinder can be operated at speeds ranging from 600 to 1600 rpm. to thresh any crop clean.

Big separating unit puts grain in the bin that smaller-capacity machines leave in the straw.

Combine many crops—small grains, soybeans, sorghums, legumes, and lots of others. The McCormick No. 64 Harvester-Thresher is an all-purpose combine for average-size farms.

See us for all the facts about the new No. 64 the next time you're in town.

Other No. 64 Features

- Full-width, straight-through design
- Auxiliary engine or tractor PTO driven
- Grain tank or bagger
- Sealed, self-lubricating bearings
- One-piece all-steel straw rack

J. B. Wilde left Friday afternoon for Denver City to look over his oil interests in that sector. His wife and their daughter, Mrs. Rufus Bezner, and Mrs. Al Eberhart left early Saturday morning to join him and to visit with Al Eberhart who works there. They returned home Sunday night.

Misses Bernice Henscheid and Marianne Luke, student nurses in Dallas, spent the weekend with their parents, the Leo Henscheids and Ben Lukes.

The T. M. Hammers had as their guest last week their little granddaughter, Jan Patrick, daughter of the Rolland Patricks of Sherman.

Joe Voth of Justin spent Sunday with his sister, Mrs. J. S. Horn. Other guests for the day were Mrs. Horn's daughter, Mrs. Al Schad and family of Gainesville.

Mrs. Joe Luke and Mrs. J. M. Weinzapfel were among guests at the Gainesville Evening Garden Club's guest day Friday. Mrs. D. Werden Scott of San Saba spoke on the importance of conserving wild flowers. Before the talk a reception was held honoring guests.

Visiting with the H. J. Fuhrmans and John Schillings Sunday were Mr. and Mrs. C. S. Strauss, their daughter, Mrs. Juanita Harlow and little son, Sonny, all of Gainesville.

Guests in the Don Cooke home Sunday for dinner were Rev. Roland Barrington, pastor of Liberty Baptist church, and Mrs. Barrington, and their son, Jimmy, of Fort Worth, Mr. and Mrs. C. V. Joyner and daughter, Jean of Pampa, Florida, and Sailor Charles Joyner, on leave, who goes to California this week and then to Japan.

Mrs. John R. Rice and daughter Joy, of Wheaton, spent Friday and Friday night visiting her mother, Mrs. J. H. Cooke and her brother, Don and wife. Mrs. Cooke accompanied her daughter and granddaughter home for a visit.

Guests in the Jap Reeves home Sunday were their children, Janie of Gainesville, the Vernon Waggoners and little daughter, Shirley, of Fort Worth, and Harold (Shorty) Reeves who has been working in Fort Worth and returned home preparatory to entering the army. He is to be inducted this Thursday. The gathering of the family was a farewell tribute. Joining them on the occasion were Mr. and Mrs. Don Cooke.

Weekend guests in the M. H. Grammer home at Myra were their children, Mrs. C. J. Robertson and the Harvey Grammers and son, Mike, of Electra, Mrs. F. E. Perry of Denver City, and the Grammers' granddaughter, Mrs. C. F. Sloan and daughter, Cynthia, of Seagraves.

Mrs. Joe Luke was one of the judges for the spring flower show given by the Gainesville Iris Club last week Wednesday. She assisted in judging interpretative arrangements and was a guest at luncheon for judges in the Turner Hotel. Before the show opened she visited her mother, Mrs. August Friske.

Honored At State P-TA

The World's First and Only Blowout-Safe, Puncture-Sealing Tubeless Tire! The New

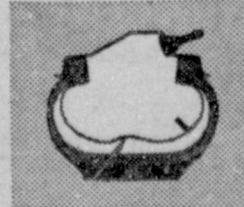

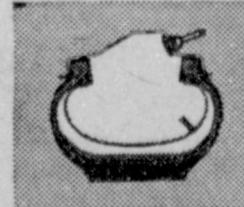

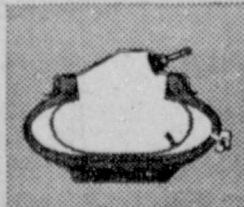

Firestone Supreme

HERE is a tire so completely safe that it marks the beginning of a new era in highway safety. Any tire, even of the tubeless, puncture-sealing type, will blow out if the tire body is torn open by a large, sharp object. But the new Firestone Supreme has a patented construction that gives you the protection you have always wanted against the dangers of all blowouts and punctures. Trade your present tires for positive safety today!

Here's How This Tire Eliminates the Dangers of Blowouts and Punctures

Cross-section at left shows inner diaphragm with safety valve. Illustration at right shows how safety valve closes if tire blows out, retaining a large volume of air.

Cross-section at left shows tire under normal running conditions. Illustration at right shows how if a nail penetrates the tread, the inner diaphragm is pushed aside and soft pliable rubber within the tire surrounds the cause of the puncture, preventing the loss of air.

a New
Electric Range
makes a good
Cook even better!

That's because electric cooking is unexcelled in efficiency. Automatic controls hold the temperature selected. With regulated heat, you're certain to get picture-book results every time. Cooking becomes a simple matter of flicking a switch. What's more, the oven of your new electric range has an automatic time-clock to shorten your stay in the kitchen and guarantee delicious results. You set it for "heat-on," "heat-off" . . . and everything's done but the serving. Yes, a modern electric range takes the guesswork out of cooking . . . makes good cooks even better!

Ask your dealer to show you the sparkling new 1952 electric ranges.

Donald Bayer Wins Farm Boy of Month Award for April

Donald Bayer has been named Farm Boy of the Month of April and has received a \$25 cash award from the Gainesville Register, sponsor of the contest.

Seventeen-year-old Donald, son of the Martin Bayers, has an enviable record with his diversified program in agricultural work since becoming active as a 4-H club member about five years ago. He reached the pinnacle of success for a county 4-H club boy last November when he was elected Gold Star Boy of Cooke County.

That honor did not befall the youth by chance. It was the result of many long hours of work spent in self-improvement and in striving to improve agricultural practices and produce superior livestock.

County Agent B. T. Haws, who takes a great interest in the rural youth of the county, says that Donald has the qualities of ability and leadership to attain success in any field of endeavor he should enter.

A junior student in Sacred Heart high school here, Donald entered the school's 4-H club program five years ago. Since then his projects have increased many times in scope and value. He has completed 15 club projects in hogs, beef cattle, dairy heifers, sheep and grain.

He is carrying out a soil conservation program on eight acres of the family farm a mile north of Muenster for the second year and is participating in a tractor maintenance and farm safety program.

His 1952 projects include two registered Hereford cows with calves, two Rambouillet-Southdown cross lambs, a Jersey cow and calf, a registered Milking Shorthorn heifer, 100 broad breasted bronze turkeys and three acres of oats.

Donald's younger brother, Ernest, is a partner in the beef animals, the turkeys and the lambs. The purebred Hereford calf and the lambs were shown in

the 4-H club and FFA Fat Stock show in Gainesville in April and sold for top prices at the Fort Worth stockyards.

Donald is particularly proud of his registered one-year old Short-horn heifer which won the blue ribbon in its class in the recent Dairy Classification Day at Gainesville. The fine animal came from the Max Hamm herd at Plano. Donald plans to show the heifer at the state fair next fall.

Donald has achieved numerous club honors in addition to the gold star award. He has been president of his club for the past three years and is a member of the county 4-H club council and a district delegate.

He was a member of the county grass judging team which won first place in the state fair contest in 1950, a member of the livestock judging team which won second place in 1950 and first in 1951 in the District IV contests in which 16 other counties took part. He attended the A & M Roundup both years.

Much of the credit for Donald's outstanding work in agriculture can probably be attributed to the influence of his father, who in addition to operating one of the finest grade A dairy farms in the county is also an adult leader of the Sacred Heart 4-H club.

Donald has a full time job before and after school each day as he handles most of the chores on the 215 acre farm while his father and Ernest supervise the milking.

His achievements are not limited to agriculture, however. He is vice president of his class and was elected class favorite this year, and is a member of the press club which publishes the school paper, Mosaics.

Parochial Seniors Attend Career Day At Gainesville Hi

Seniors of Sacred Heart high school joined seniors from Era, Whitesboro, and Valley View for a career day program Friday at Gainesville high school.

Morning sessions included the general assembly and registration with workshops on banking, business administration, contracting and radio.

The afternoon sessions included workshops on medicine as a profession, railroading, teaching, religious education, engineering, the armed forces for boys, home economics, telephone positions, newspaper, hotel and cafe management, homemaking, music, nursing.

Attending the day's program were 79 persons including the 10 Sacred Heart seniors and their sponsor, Mrs. George Mollenkopf. Lunch was served in the school cafeteria at noon.

Shiloh Church Has Homecoming Sunday

Members of the Shiloh Baptist church extend a general invitation to everyone to attend the annual Mother's Day Homecoming next Sunday, May 11. A program including speakers, singing, dinner and entertainment has been arranged for the occasion.

Principal speakers will be Rev. Albert Simmons of Hereford and the pastor, Rev. T. C. Jones.

Gifts will be presented to the oldest mother and the youngest mother present and to the oldest father in attendance.

The John Kathmans and daughter, Anselma, were Dallas visitors Saturday.

Last Tuesday the seniors of Lindsay high had an outing at Fish Creek where they enjoyed outdoor diversion and food.

Lindsay News

Ens. Hubert Bezner visited here during the week with his mother, Mrs. Joe Bezner and family. Previously serving in the Navy at Port Hueneme, Calif., he was enroute to a new assignment in Miami, Fla. He left here Thursday.

The Paul Arendts Jr., and the Earl Walterscheids and Ray Voths of Muenster, spent Sunday in Windthorst and Scotland. In Windthorst they visited the Wolf and Schroeder families, and in Scotland they attended meetings of the Catholic State League.

Mrs. H. S. Fuhrmann visited her daughter, Mrs. Ray Hess and family in Muenster last week and was among those attending the ground breaking ceremonies for the new church.

Arriving during the weekend for a visit with their parents, the Mike Fuhrmanns, were Mrs. Geo. Hartman and baby daughter of Elmhurst, Ill., and the John Fuhrmanns and two children of New Braunfels.

The Bob Bezners and Al Bezner of Dallas visited during the weekend with their mother, Mrs. Joe Bezner, while their brother, Ens. Hubert Bezner was at home.

Richard Hermes and his mother, Mrs. Julius Hermes, visited in Fort Smith, Ark., last week with their brother and son William Hermes and wife Mary Evelyn. The latter returned home with them to visit here and with her parents, the Clem Hofbauers in Muenster while William is taking a special course of training at Fort Sam Houston, San Antonio.

Miss Mildred Fleitman, a student nurse in Dallas, spent the weekend with her parents, the Wm. Fleitmans and family.

Lindsay school pupils are proud of the new books they secured for their library during the term. A check of the books revealed that the seniors and juniors added 200 volumes, the seventh and eighth grades, 50; fifth and sixth grades 66; third and fourth, 25; first and second, 22, for a total of 363 books. Also added to equipment this year is a set of new Americana Encyclopedias.

Among out of town relatives and friends attending the funeral of Mrs. Rosa Voth Monday were Joe Voth and son, Albert, and daughter, Zelma, of Justin, Mrs. J. S. Horn of Muenster, Mrs. John Stritmatter, Mrs. Julia Stritmatter, and Mrs. John Mae of Fort Worth, and Christine Rowene of Pilot Point.

Guests in Muenster and Lindsay this week are the Ben Theisens and Mrs. Rose Boyer of Saint Louis, Mo. who attended the Gainesville Circus fans convention and the Circus Round-up. In Muenster they visited the H. J. Fuhrmanns and in Lindsay they were guests of the John Bezners. Ben lived in Muenster until he was 12 years old, while his father was the Katy depot agent. The trio will visit in New Orleans before returning home.

The Lindsay Gun Club had a regular monthly social Sunday night featuring games and refreshments. Mr. and Mrs. John Schmitz of Dallas who were in Cooke county for the weekend, joined friends and relatives for the evening at the social.

mit that they can do more clipping and more wasting with less beefing when people never see the money they pay. It's a vicious racket, one that couldn't last as long as a snowball in Hades if those same taxpayers were permitted to think it over and make a choice. The average person isn't an ignoramus. He's willing to forget this easy payment hocus pocus if he knows he can save money by doing it.

One of the most disgusting contentions of our time is that the average person is too irresponsible to provide for meeting his tax obligation at the end of the year. Yours truly, for one, hasn't lost that much faith in human nature. He does not believe that the average person has to be nursed through life by an over-solicitous government. He believes that the income tax system is just another example of too much government, and that the whole country will be better off when we get rid of about ninety percent of the personnel and red tape that has been loaded on us in the past 20 years.

In the opening game of the baseball season Lindsay school played Saint Mary's of Gainesville and won by a score of 8 to 4. Billy Zimmerer pitched for Lindsay and Johnny Flusche hurled for St. Mary's.

Miss Emma Neusch, a student nurse in Dallas, was here for the funeral of her grandmother, Mrs. Rosa Voth and a visit with her parents and family, the Leo Neusches.

Enterprise Product Wins State Award

"The Leopard Tale," published by the journalism class of Gainesville High School and printed in the Enterprise plant, was awarded a "highest rank rating" in the state Interscholastic League Press Conference held in Austin last week end.

Papers were judged on their standard of excellence, considering such factors as content, composition, arrangement and quality of printing.

Windthorst Trims Muenster Lads 7-2

Muenster's Junior League ball team, composed of boys from both local schools, went down to a 7-2 defeat Sunday afternoon in their second contest with the Windthorst school boys. The game, played at Scotland evens the count between the two teams.

It was a close contest most of the way. Windthorst went into the eighth inning with a 3-2 lead, then cashed in on Muenster's errors to push over an extra four tallies.
