MHS Hornets Beat Era Hornets 25-0 In Homecoming Tilt

In the featured event of the 1952 Homecoming, Muenster High's Hornets coasted to an easy 25-0 victory over the lightweight Era High Hornets last Thursday night, marking up their sixth win out of nine games of the season to date.

The first half of the game was all Muenster's as the local boys scored three times and ran up a total yardage of 229 while holding their visitors to a net gain of exactly zero.

But an inspired Era team returned the second half and bested Muenster by a thin margin of 2 yards in total gains. They failed to score, however, whereas Muenster put over another touchdown.

It was the visitors' success on a desperate passing attack which accounted for most gains in the second half. Christian hit his mark on 7 out of 9 tries and Selby and Lewis did most of the catching for a total of 80 yards. Ground gains were good for only 32. Meanwhile Muenster gained 16 on passes and 94 on the ground. Muenster made 5 first downs in each half. Era made 1 in the first half, 6 in the second.

The local team drove to its first score without delay, returning the opening kick to the 23 and completing the 77 yard march in 12 plays. Noggler scored from the 9 and kicked wide on his try for extra point.

Resuming play they held the visitors on the first series of downs and Richey returned Era's

(Continued on page 10)

.35 Inch Rain Fails To Relieve Drought

Muenster's drought remains unbroken after a .35 inch rain Sunday morning. The shower served nicely as a dust settler but it fell far short of meeting crop and pasture needs. If the rain had any effect on crops it probably caused more harm than good. The limited moisture may have sprouted some seeds but it definitely was not enough to sustain continued growth.

In the three months preceding the shower the community has had .48 inch in August, .04 in September and none in October. Total rainfall for the year to date is 17.40 inches, more than 10 inches under the average for this time of the year.

Hornets End Season With Tough Tussle Friday at Saint Jo

Second place rating in the 11-B conference race will be at stake, but that is only incidental when the Muenster Hornets and Saint Jo Panthers tangle in their annual grid classic Friday night. The traditional rivalry existing between the schools inspires considerably more spirit on both sides than the district honors that happen to be at stake.

A symbol of that rivalry is a roving trophy . . . a gilded horse-shoe on a satin cushion . . . which the Saint Jo boys are determined to start roving. Originally presented by Muenster two years ago, it was taken home by the Hornets and retained by them last year. After each game captains and homecoming queens of the two schools meet on the field and the losers present the trophy to the winners.

As regards advance dope, the game is a toss up. Both teams have won easily over all conference foes except Sanger, which defeated Muenster and looms as a favorite over Saint Jo on the Panther field next week. Outside the conference the only common opponent was Valley View, Wichita County, which tied the Panthers and lost to the Hornets.

REVIVAL BEGINS SUNDAY

A revival will begin at the First Baptist church here next Sunday, Nov. 16, and will continue through the following Sunday, Nov. 23.

Rev. Andy Stowe, new resident pastor will conduct the services. They will begin at 7 o'clock each night of the week.

IKE AND MAMIE—DICK AND PAT—The two first families of America wave to the people. Seen above, left to right: soon-to-be first lady Mrs. Eisenhower; President-elect Ike, himself; Vice President-elect Dick Nixon; and Pat Nixon, answer cheers on the eve of the overwhelming Republican landslide. The Grand Old Party, piling up over 400 electoral votes, cracked the "Solid South" for the first time since Herbert Hoover's election in 1928.

WITH THE MEN IN SERVICE

Ends Visit Here

Captain Jane Hoehn left Tuesday to begin her drive back to Washington, D. C., where she will resume her duties as a nurse at the Army Medical Center, after a 20-day leave, part of which was spent with her sister, Mrs. Ed Cler and family here. Enroute back she will stop in Saint Louis to visit an aunt, Mrs. Margaret Toule, and in Illinois and West Virginia to see friends.

On 15-Day Leave

Sgt. and Mrs. Weldon Doughty are spending a 15-day army leave with his parents, the Joe Doughtys and other relatives. Sgt. Doughty is stationed at Camp Carson, Colorado.

Has Sprained Ankle

The Paul Nieballs heard from their son, Pfc. Paul R. Nieball, last Wednesday night when he spoke to them by telephone from Camp Pendleton, Calif., where he is stationed. He said he is recovering satisfactorily from a sprained ankle sustained during maneuvers recently but still has his foot in a cast. He also mentioned that he will have a holiday leave and that he and his wife will be here for Christmas.

Inducted In Army

Jimmy Russell of Myra left Tuesday for induction in the army.

Armistice Day Leave

Melvin Herr of the Naval Technical Training Center, Norman, Okla., had Armistice Day off and spent it here with his parents, the Frank Herrs. Teddy Gremminger of Carswell AFB, Fort Worth, spent Sunday night, Monday and a part of Tuesday here with his parents, the Ted Gremmingers.

Plans Revealed for Turkey Day Picnic

Committees got started this week on preparations for the annual Thanksgiving parish picnic for the new church fund.

The event, to be held on the church grounds, features a dinner and the usual bazaar concessions. The parish park was voted out as a picnic site because of the probability that it will be too cold for comfort.

46 Deceased Knights Honored at Memorial

Forty six deceased members of the Muenster Knights of Columbus council were honored at the annual K of C memorial service held Sunday afternoon.

The ceremony was conducted by Grand Knight J. P. Flusche assisted by Father Louis Deuster, Earl Fisher, John Fisher and Joe Vogel. Afterward Father Louis spoke briefly urging knights to remember the departed brothers in their daily prayers, and also led in prayers for the deceased.

Jim Sharp of El Paso visited his father, Joe Sharp at the VA hospital in McKinney during the weekend. Mrs. Sharp remains at her husband's bedside.

Edna Hesse Reigns As Tiger Queen at SH Homecoming

Miss Edna Hesse, a junior at Sacred Heart High School, will reign as queen over the annual homecoming ceremonies here this Thursday night when the Sacred Heart Tigers meet the Boys Ranch Ranchers.

Miss Hesse will be crowned in regal ceremonies beginning at 7:45 on the football field. The homecoming program will begin at about 7:30 with a parade down Main street. The queen and her court will ride in a convertible, followed by Pep Squad members in H-formation.

On the 50-yard line Tiger Co-captain Joe Felderhoff will crown Miss Hesse and she will present him with the homecoming football. Co-captain James Mollenkopf will present Her Highness with a bouquet of white mums tied with red satin ribbon.

Princesses in the queen's court are Dolores Haverkamp, escorted by William Walterscheid, Caroline Hesse escorted by Sylvan Walterscheid and Theresa Mae Felderhoff escorted by Donald Bayer.

Train bearers are Rachael Endres, Cynthia Stoffels, Judy Danglemayr, and Barbara Jean Esker.

The Tiger squad and the pep squad will form a guard of honor through which Her Majesty and members of her court will march off the field to places reserved in the grandstand.

To complete the homecoming, a dance will be held in the VFW hall after the game.

County 4-H Leaders Receive Awards at Program Tuesday

Cooke county's annual 4-H awards program was held Tuesday night at the community center building in Gainesville with 4-H boys and girls present in full numbers. Their parents and friends joined them to swell the attendance.

Gold star awards for 1952 were awarded to Michael Neu, son of Mr. and Mrs. Ted Neu, route 1, Gainesville, and to Gladys Kammerdiener, daughter of Mr. and Mrs. Charlie Kammerdiener of the Downard - Fairplains community. A chuck wagon style dinner opened the program at 7 p.m.

In keeping with the established custom, Donald Bayer of Muenster county 4-H gold star boy for 1951, served as master of ceremonies. He was assisted by Margie Sellers of Callisburg, last year's gold star girl.

Principal address of the evening was brought by Richard S. Stark, state representative from District 49-F. He was introduced by Shelby Fletcher, county judge-elect.

County, district and state awards won by boys and girls were presented during the evening. (Continued on Page 2)

News of Sick And Injured

Amber Estes is back in Muenster since Tuesday when doctors at Harris Hospital in Fort Worth dismissed him to return home. He is recuperating nicely, though slowly, and will return to the hospital for a check-up in six or eight weeks. Meanwhile he is up for short periods each day in a wheel chair, and wears a back brace part of time. He is still paralyzed in his back. Estes was injured in an oil rig accident last June 25.

Mrs. John Eberhart entered Gainesville Sanitarium Tuesday for medical treatment. She had been ill for several days.

Miss Lizzie Koelzer is reported improved from an illness that confines her to bed since the latter part of last week.

Frank Klement is making a satisfactory recovery from a major operation performed at Gainesville Sanitarium Saturday morning.

Dale Wilde was in Dallas for a check-up Wednesday and, according to his doctors, is making splendid progress in his recovery from polio. However, he is still a bed patient for at least another month, being permitted up for only short periods a few times a day. His parents, the Richard Wildes, and his grandmother, Mrs. Hubert Wilde of Gainesville, went to Dallas with him.

Henry Yosten was dismissed from veterans hospital in McKinney Monday. He had surgery on Nov. 4.

Cecil Ice was dismissed from M&S Hospital Friday after being a patient for medical treatment.

Mrs. Leo Appel of Houston, the former Lillian Fisher of this city, is recovering from a major operation. Mrs. Henry Pick is in Houston with her sister and family.

Herr and Trubenbach Open Feed Store

Another new business has started in Muenster. The Stockmen's Feed Store, jointly owned by Tony Trubenbach Jr. and Albert (Buster) Herr, opened last Saturday in the Kaiser-Meurer building. It features the Sunglo line of feeds.

Herr will be at the store regularly as manager. Trubenbach will continue with his cattle feeding and spend part time at the store.

Since returning from service in World War II Herr has been employed at the Muenster Machine Shop. Norbert Mages, a Korean War Veteran, succeeds him at that job.

LAWSON IS STORE MANAGER

Leo Lawson has been named local store manager for the Jones and Laughlin Supply company. He replaces A. B. Williams who has been transferred to the Wichita Falls office of the company. Lawson has been associated with J&L since March 1948.

Council Proposes Cooperative Plan For Paving Project

Proceeding on a plan adopted in special session last Friday night, members of the Muenster city council are confident they will develop a residential paving project for the city.

Since Friday they have been consulting with paving contractors in an effort to determine how much the job will cost, and they expect to have bids from each of three contractors before the end of the week.

The situation is complicated somewhat by the council's request for bids on a complete job, including base preparation, and also on surfacing only. The intention is to find out whether anything can be gained by using local facilities and the city's own equipment to prepare the gravel base. When all figures are available the council will decide what type of job it prefers and what size of project it wants to undertake.

The plan in general, as explained by Mayor Hoffman at the council meeting, consists of voluntary local financing and repayment out of a special street fund over a period of several years. In this manner the city can get its pavement in a single project and pay for it out of future revenue. Hoffman estimated that with sewer bonds paid off and lower street maintenance expense the city can budget as much as \$5,000 a year toward retiring the debt.

The council unanimously favored the idea as the best advanced so far. A previous suggestion that people pay for pavement fronting their own property (Continued on page 10)

Tigers Tangle with Ranchers Thursday In Homecoming Tilt

Odds will be stacked against the Sacred Heart High Tigers Thursday night when they take on the stout Boys' Ranch Ranchers in the limelight event of the school's 1952 homecoming program. The game follows coronation ceremonies which are scheduled to start at 7:45 p.m.

Reports reaching here indicate that the Ranchers have made big improvements since last year when they lost 33-12 to the Muenster High Hornets. They defeated Laneri 19-7 as compared with the Tigers' 7-0 win over the Micks.

Both the Tigers and Ranchers are members of the North-East Texas Academic League.

22 Teams Say They Will Enter Tourney Here in December

Almost a month before the annual Muenster Invitation Basketball Tournament, to be held in the local gym Dec. 9-13, Superintendent Weldon Cowan announced this week that 22 of the 24 expected contenders have already announced their intention to participate.

Schools to be represented in both the girls' and the boys' divisions are Muenster, Saint Jo, Forestburg, Callisburg, Sanger, Valley View, Era, Alvord, Slidell and Prairie Valley. Sacred Heart Hi will have only a girls' team and Goldburg will have only a boys' team.

The tourney will be in progress Tuesday, Wednesday and Thursday nights, Friday afternoon and night and Saturday morning, afternoon and night. Trophies will be presented to winners, consolation winners and outstanding players.

SCHEDULE OF COMING EVENTS

THURSDAY, Nov. 13, SHHS Tigers vs Boys Ranch, here, following Homecoming queen coronation at 7:45.

THURSDAY, NOV. 13, Social meeting KC members and families.

FRIDAY, Nov. 14, MHS Hornets vs Saint Jo, there, 8 p.m.

TUESDAY, Nov. 18, Lions club meeting.

TUESDAY, Nov. 18, PTA meeting.

The most gratifying development around town nowadays is the increasing interest in a paving project . . . and it's all the more gratifying because of the method proposed to get it. As so often in the history of this community, it seems again that good judgment and cooperation will be combined to put over a good plan in a way that will not be a strain on anyone.

At a special session Friday night city councilmen considered it and gave it their unanimous and enthusiastic approval. As of now they are going forward with detail work confident that they will have a really fine street system before this time next year.

Here is how the project is going to work out. People will be asked to pay the initial paving cost fronting their property and the city will repay them over a period of five or ten years out of the budget which is set aside annually for street improvement.

In one respect this will be somewhat similar to a bond issue. It will provide money in advance and is to be repaid out of city revenue in future years. But it is ever so much better than a bond issue in that it does not require payment of interest, which over a period of twenty years would run almost as high as the cost of the original project. As regards persons who advance the money, the use of good streets will be worth more than the interest they would normally receive from their small investment. Or to put it another way, they still get their interest indirectly. They don't have to provide revenue to pay the interest . . . and money saved is money earned, says an old proverb.

The nice feature about this deal is that it is strictly voluntary and cooperative and that it need not be a strain on anyone. It's true that everybody will be invited to join in the good work, but a person needn't feel that he is obligated to assume a financial burden to do his part. It's already evident that quite a number are ready to advance more than their share in order to put the project over. They feel that the pavement is well worth their inconvenience of having a few hundred dollars tied up for a few years.

That arrangement eliminates complications arising from the inability or unwillingness of some to join in the project, and provides for pavement wherever the council decides regardless of whether all people on the street are able to advance their share.

In case anybody questions the city's ability to repay all this money, his attention is invited to the fact that street expense already costs about half as much as the proposed annual payments. Besides, with sewer bonds paid off, the city is able to put more into its street budget. Mayor Hoffman estimates the city is able to pay as much as \$5,000 a year on the project. That means paying for \$25,000 worth of pavement in five years, or \$50,000 worth in ten years.

As regards details on what streets are to be paved and how far, the council still has lots of figuring to do. It has to determine how much base work is needed and what the surfacing job will cost. After that it can decide on the total length of the (Continued on page 10)

Students, Lions, VFW See Film on Harvest

Weldon Cowan, secretary of the Muenster Lions club reminded members this week of their regular meeting next Tuesday night and called special attention to a film, American Harvest that will be shown as an entertainment and education feature.

The picture, distributed by Chevrolet Motor Co. tells the story of American production in technicolor, the harvest referring to minerals, lumber, oil, livestock, etc., as well as farm crops. It also follows some of the raw materials through manufacturing processes to the finished product.

Others to see the picture are the veterans, the children of both local schools and the Era school children.

Gracie Wimmer And Paul Luke United In Marriage Monday

Miss Anna Grace Wimmer and Paul Luke exchanged marriage vows Monday morning in Sacred Heart church at 8:30. Rev. Louis Deuster read the double ring ceremony and officiated at the nuptial high mass. White chrysanthemums, greenery and candles adorned the altar.

The bride is the daughter of Mr. and Mrs. C. J. Wimmer and the groom is the son of Mr. and Mrs. Henry Luke, all of Muenster.

Mr. Wimmer gave his daughter in marriage. She wore a white satin and lace wedding gown designed with a moulded bodice and petal point sleeves. The full gathered skirt swept into a cathedral length train. Lace panels accented the skirt from the waist to the hemline.

The bride's fingertip length veil fell from a half hat of satin and lace ornamented with seed pearls and she carried her flowers, an orchid surrounded by stephanotis, with white satin streamers tied in lovers' knots, atop a white prayerbook, a gift from the groom. She carried a pearl and sterling rosary belong to her sister-in-law, Mrs. Lawrence Wimmer.

Miss Marcelene Wimmer, niece of the bride, was maid of honor and Miss Doris Hellman was bridesmaid. They wore ballerina length dresses of bronze taffeta with net overskirts, fully gathered onto fitted bodices. Their half hats were of bronze taffeta with sequins and they wore matching gauntlets of taffeta.

—Boyd and Breeding Photo
Both girls carried arm bouquets of bronze chrysanthemums.

Michael Luke, of Kirtland Air Force Base in Albuquerque, was his brother's best man. Daniel Luke, cousin of the groom, was groomsman, and the ushers were Lawrence Wimmer and Leo Haverkamp.

Anthony Luke, church organist and a cousin of the groom, played the wedding marches and remained at the organ to assist the church choir in singing the mass, "Missa Tertia".

Mrs. Wimmer wore a wine dress with black accessories and Mrs. Luke chose a gray dress with black accessories, for her son's wedding. Both wore white chrysanthemum corsages.

Immediately following the ceremony, a breakfast for members of the wedding party and friends was held in the home of the bride's sister, Mrs. Leo Haverkamp.

At 4 p.m. a reception began in the parish hall and a buffet supper was served to 125 guests. Decorations in the hall stress the bride's colors of white and bronze, and autumn leaves. Mmes. Gerald Metzler and Ray Otto presided at the bride's book.

A dance in the VFW hall concluded the day's festivities.

When the couple left on their wedding trip Mrs. Luke was wearing a two-piece brown suit with brown and white accessories and the orchid from her wedding bouquet. They will make their home here in the Arnold Rohmer cottage.

Mr. Luke is depot agent for the Katy Railroad here. The bride has been employed in the office of the REA for the past five years. Both graduated from Sacred Heart High school in 1947. Mr. Luke served in the army for 21 months, with one year in Korea and held the rank of sergeant when he was discharged October 4.

Out of Town Guests

Among out of town relatives at the wedding were Messrs. and Mmes. Joe Schroeder, Albert Schroeder, Fred, Julius and Paul Schroeder, Mike Wolf, George Hoff, and Edmund Conrady, all of Windthorst, Al Reiter of Gainesville, Martin Friske of Lindsay, Frank Uptmor of Tours, Ernest Uptmor and Frank Uptmor Jr. of Waco, and Joe Lucian of Dallas.

MOUTHFUL—Maureen Connolly, Pacific Southwest Tennis Tournament star, is not taking a big bite from her tennis ball. Actually, she is following through on a return shot and the ball is on its way back to her opponent, Doris Hart. Camera - coincidence creates the choking illusion. In fact, Maureen played so well she beat Doris 6-4, 3-6, 6-1 in the game at Los Angeles, Calif., recently.

CIVILIAN AT WORK—Chairman of the Board of Remington Rand Inc., ex-General Douglas MacArthur chats with Ethel Davis, a sightless demonstrator at the 44th annual business machine show in New York's Grand Central Palace. She is seen above explaining how she operates a computer. MacArthur officially opened the show.

There's nothing the body suffers that the soul may not profit by.

Vetch roots open the soil and permit more water to go into the ground and less to leave the farm.

4-H Awards - - -

ing, along with special awards presented by business firms.

Muenster 4-H clubbers receiving awards were Donald Bayer, state farm and home safety contest winner. Young Bayer also received county awards for farm safety, for leadership and for entomology. Other county awards were presented to Thomas Hesse and Larry Hofbauer for farm and home safety; Paul Hesse, poultry; James Wolf, William Fisher, and Paul Fleitman, entomology; Carrie Ann Gehrig, home improvement; and Phyllis Schmitt, clothing.

Blessed Events

Mr. and Mrs. M. L. McGowan announce the birth of a son at M&S Hospital at 5:45 p.m. Monday, Nov. 10. The infant boy, who has his father's name, is also welcomed by his three sisters, his grandparents, the E. S. Lawsons of Muenster and Mrs. S. A. McGowan of Gainesville, and a great-grandmother, Mrs. S. N. Bateman of Gainesville. Junior weighed in at seven pounds four ounces.

Mr. and Mrs. Larry Yosten welcomed the arrival of an eight pound six ounce boy, their first son, at the Muenster Clinic on Monday, Nov. 10, at 5:50 p.m. They have three daughters. Mrs. Bob Yosten and Mrs. Lena Arend of Lindsay are the baby's grandmothers.

Mrs. Ruth Needham is rejoicing over the arrival of a granddaughter. She received a cablegram Sunday morning from her son and daughter-in-law, the Jack Needhams, announcing the arrival of Jackie Lynn in Italy where the father is stationed with the army. Also welcoming the little girl are her brother, Chris Michael and her sister, Karen Ruth.

Knife - Fork Club Seeks Members Here

Invitations to join the Cooke County unit of the nation-wide Knife and Fork Club are being received lately by several residents of Muenster. The organization, as explained by Theo Fisher, who is currently setting up the county unit, is primarily a dinner-lecture club presenting guest speakers of national and international reputation. The club customarily meets once a month, the speakers being assured through the organization's state and national connections.

The monthly dinners for Cooke County are to be held in Gainesville. Other North-Texas cities with club units are Sherman, Denison, Denton and Wichita Falls.

Ike Limited to Eight Years as President

Dwight D. Eisenhower, president-elect, can't remain in the White House more than eight years.

The new president will be the first one limited to two terms. He can be re-elected only once.

The two-term limitation is the newest addition to the Constitution. Known as the 22nd Amendment, it was ratified last year and affects all future presidents.

As the incumbent at the time the amendment was ratified, President Truman was not affected by it. However, Truman decided not to try for another term.

The amendment, submitted to the states by the Republican-controlled 80th Congress, says no person may be elected to the office of president more than twice, and no vice-president who has served more than two years of an unexpired presidential term may be elected president more than once. That means that a vice-president becoming president during the last two years of his predecessor's term could be elected president for two 4-year terms—a total of 10 years.

But if the vice president became president during the first two years of his predecessor's term, he could be elected president only once thereafter.

I am the inferior of any man whose rights I trample underfoot.—Horace Greeley.

The critics didn't think "Uncle Tom's Cabin" was much of a book, but 6,500,000 copies had been sold on the 100th anniversary of the day it was published in 1841.

The U. S. Department of Commerce budget for 1940 was \$51,500,000; for 1953 it proposes to spend \$931,200,000—and that would be an increase of 1,709 per cent!

POWER APLENTY

If you are one of those who has worried for fear he might wake up some fine morning to learn the world's gas tank had at last gone dry, Charles F. Kettering, research wizard of General Motors, has news for you. "We have gained, rather than lost," says "Boss Ket", explaining that what we have learned about using fuels properly has more than made up for all the coal and petroleum we have burned up in the last hundred years.

"In the same length of time that we have been taking fuel out of the ground," writes Dr. Kettering in an article in American Engineer, "we have improved the efficiency of our engines so that what we have in the ground today has been multiplied by at least two.

"We are in exactly the same position as the farmer who worried about what he would do for rail fences once the woods were all cut. He quit using rail fences long before the woods were gone. I believe that we are going to quit digging coal while there is still coal in the earth. We will

raise our fuel, just as we did when there were horses on the farm. One acre of ground ought to be enough to run an automobile for a year . . . if we keep on friendly terms with the sun, we can write our own ticket."

All of this is most cheering, at a time when we can use cheer. Furthermore it comes from a top authority. But, while the subject is beyond the scope of Dr. Kettering's article, we should never forget that science has moved just as far and just as fast toward our destruction as it has toward our future needs. To paraphrase our favorite scientist we could say of our so-called "human" race: "If we can not keep on friendly terms with each other, we will write our own ticket" . . . to you-know-where!

Local News BRIEFS

Mr. and Mrs. Herman Jungman of Munday came here Friday to join the Joe Lukes on a fishing trip to Lake Texoma Friday and Saturday. They spent Saturday night here and then the four of them spent Sunday with Mrs. Luke's mother, Mrs. August Friske in Gainesville. The Jungmans returned home Sunday evening.

Miss Clara Richter of Dallas spent the weekend here with her father, W. T. Richter and other relatives.

The Jack Fletchers and daughter, Patricia, spent Tuesday night and Wednesday here with their parents, the J. W. Fletchers and his grandmother, Mrs. F. M. Shiflet.

Mr. and Mrs. Doyle Hood and daughter, Ruth Ann, were dinner guests in the Ray Evans home last Thursday night and were among fans at the Hornet homecoming ceremonies and game with Era.

NORTH AMERICAN NYMPHS—Three beauties from the three North American nations of Canada, Mexico and the United States make up this inspiring pyramid on water skis at Florida's Cypress Gardens. At left is Yankee, Jannette Burr; on top, Amparo Batani of Mexico, and at right, Carol Ann Duthie of Toronto, Canada.

Mrs. C. W. Ratliff and sons, Mike and Sammy of Lubbock spent the weekend here with her parents, the John Fettes and other relatives. Saturday Mrs. Ratliff and the Herbert Meurers and children, John David and Robert and Miss Jeanette Meurer, attended the Texas Tech-NTSC football game in Denton.

College students from Texas Tech spending the weekend here with their families were Miss Jeanette Meurer, Damian Hellman, Roger Wolf, Larry Jo Walterscheid and Ronald Herr. The latter came to Muenster from Denton after the Texas Tech-NTSC football game Saturday afternoon. Seeing the game and bringing him home were his father, Frank Herr, his brother, Tommy, Miss Alma Henscheid, Gene and Dan Luke.

Pvt. Hank Walterscheid of Camp Chaffee, Ark., was here for a weekend visit with his wife and other relatives.

Mr. and Mrs. Bill Hoehn and son, David, of Cactus spent the weekend here at the home of his sister, Mrs. Ed Cler and family, where his other sister, Capt. Jane Hoehn of Washington, D. C., was also a guest. Joining the family group Sunday was their brother, Jack Hoehn, his wife and children of Nocona.

Mrs. Lucille Fancher of Gainesville spent Sunday visiting the Needham families here.

GIFT PARTY HONORS MRS. WALTER LUTTMER

A gift party honored Mrs. Walter Luttmer Sunday afternoon in the home of her parents, the J. J. Haverkamps, where party rooms carried out a color scheme of pink and blue.

The honoree was presented with a pink corsage upon her arrival.

A progressive 42 series entertained the guests until hostesses served apple pie with ice cream and coffee. The honoree opened and displayed shower gifts presented by the 14 guests present and those received from some who were unable to attend.

In the games Mrs. Ray Kupper made the high score and Miss Lynette Walterscheid the low score. They gave their awards to Mrs. Luttmer who won the galloping prize.

SANDRA KAY INSELL HAS BIRTHDAY PARTY

Sandra Kay Insell of Gainesville observed her fourth birthday with a dinner party given by her parents, the W. E. Insells in their home on Nov. 2.

The little honoree received a shower of gifts and the dining table held a decorated birthday cake.

Present were Sandra's grandparents, the Bill Kathmans and the Harper Insells and the Stan Wylies and son, George, of Sanger, Miss Gracie Insell, the hosts, the honoree and her sisters, Cynthia Ann and Linda Sue.

Mrs. Ray Hudson of Myra spent Tuesday in Leo with her mother who observed her birthday.

BIRTHDAY OBSERVANCE

A turkey dinner in observance of her birthday honored Mrs. Leonard Walterscheid of Gainesville on Nov. 5 in the home of her sister-in-law, Mrs. Norbert Koesler here.

Present were the honoree, her husband and their son, Tommy Lynn, the August Walterscheids, the Carl Schillings, Wilfred Walterscheid, and the Norbert Koeslers and children. Card games furnished entertainment after the meal.

Joe Swirczynski is spending this week in Ardmore with his son, Bob and family. He will return home Friday after being there since Sunday.

The sooner you have your picture made, the better. Come now!

THE MOST DRAMATIC READING

The McCarran Internal Security Committee of the U. S. Senate is digging out some startling facts on the Communist Fifth Column organization in our nation. But the reports on its findings are not getting wide enough circulation throughout the population. They ought to be read and studied by every parent and teacher, by every college student and high school seniors in the nation. They shed light on an internal conspiracy that, in spite of a growing resentment against it, is still scoring amazing successes in its work to communize America.

Anybody can get copies of the Judiciary Committee's transcripts simply by writing his Congressman or Senator, or the U. S. Government Printing Office. Ask for transcripts of the hearings delving into subversive infiltration. These documents provide the most dramatic reading available in America today. They bring into the reach of your mind and mind's eye exciting and vitally important episodes in the great human conflict of this age—Godless Communism vs. Christianity: Freedom vs. Slavery.

The Radio Writers

A Judiciary sub-Committee recently released transcript of testimony taken in its investigation into Communist infiltration of radio, television and the entertainment industry. The sub-Committee said its hearings in this field sought to determine: (1) "To what extent are these media of expression conduits for the poison of Godless Communism" and (2) "To what extent has the Communist fifth column succeeded in worming its way into the nerve centers of public expression." The sub-Committee's conclusions, based on its

findings, are stunning. It finds that pro-Communist writers have gained the political control of an organization of 1,500 radio writers who produce 90 per cent of the spoken words heard on all the radio networks of the country. The Committee concluded, further, that this Red stranglehold was being used in some instances to slant news and dramatic shows in a manner to subtly conform to the Communist line and to just as subtly undermine our love of country and its institutions.

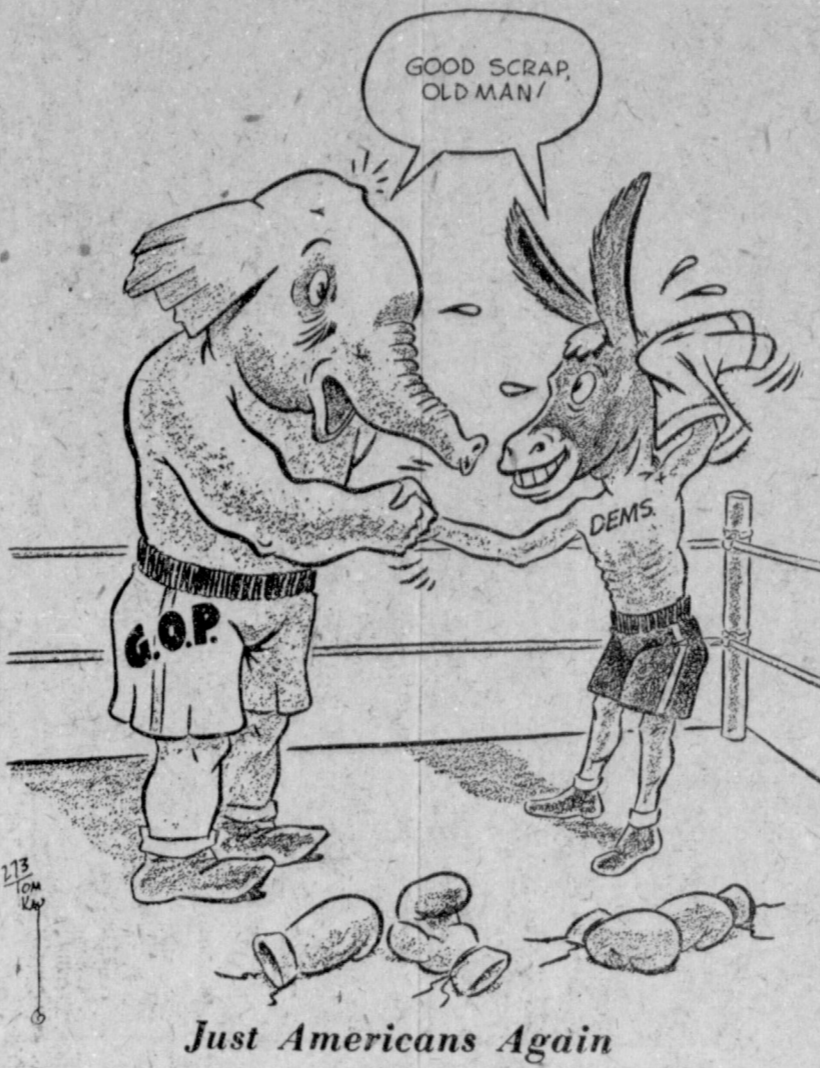

Exposing the Reds

An anti-Communist faction of the radio writers' guild is fighting the Red control. Members of this anti-Communist group have been testifying in the Judiciary Committee hearings. Paul R. Milton, author of 10 books, contributor to such magazines as the Saturday Evening Post and Life, and for the past 10 years a top-flight radio writer, has given testimony clearly exposing the whole body of the danger.

"The more Communist individuals or the Communist element are in control of any element of the broadcasting industry," he told the Committee, "to that degree they lend that industry to the dissemination of Communist ideas... This means that the broadcasting industry, through programs, through the publicly expressed attitudes of its personalities, can aid in the dissemination of Communist ideas by means of radio and television.

Use Cunning Technique

"Communist ideas and attitudes may be expressed in the most ordinary dramatic programs by holding up to ridicule the various American ideals of free enterprise, of democracy, of capitalism as we understand it, of American institutions in the shape of our legislative arms; of holding up, for instance, the FBI to ridicule... It is possible for a writer to hold up to scorn an American ideal without in any sense seemingly carrying out a propaganda activity. This can have the effect of arousing public opinion on a question under

Just Americans Again

an emotional stimulus which has a Communist origin and which is not clear to anybody except close observers of the situation... At times it may be extremely critical for the security of our country."

Paul Milton, who is working among them and has been fighting them for years, believes that Communists should be legally controlled — outlawed. "I hope,"

he told the Senate Judiciary Committee, "that eventually it will be decided within the framework of American history and ideals, that to be a Communist or to subscribe to doctrines of that nature is treasonable." Most sober-minded people who know Communism for what it really is feel the same way. Get these Judiciary Committee transcripts and learn why.

"My Father Taught Me!"

SOME TIME AGO, the newspapers carried a story of a boy picked up by the police after he had run afoul of the law. Asked how and where he had learned the procedure of this particular bit of crime, the lad promptly replied, with some show of pride, "My father taught me."

Now, it is not enough for a man and a woman to cooperate in the act of creation. Their's is a further and a holier duty. An immortal soul is entrusted to their earthly care so that they might bring it back again some day to the Almighty.

PARENTS HAVE a definite obligation, a clear duty, not only to take care of that child's bodily health and physical needs, but also and especially they must teach that child of God and His commandments. They must instill in that child, as far as they are capable of doing, a goodness of soul, a strength of character, that the passage of the years will never dull.

Then only are they fulfilling the bargain they made with Almighty God when He condescended to breathe an immortal soul into the material body they helped produce.

THERE IS A STORY told of an incident that happened many years ago. The man was an alcoholic and, on this particular night, snow covered the ground. His little son

was sent out to bring him home from the town's tavern. Trailing his father home, the little boy took care to walk in the depressions made in the snow by his father's shoes. After a little while, the boy shouted ahead to his father, "Look, Dad, I'm walking in your footsteps." The drunken man stopped still, pondering what his son had just said. Never again did the man touch intoxicants.

WHEN YOUR SON or daughter says, "My father, my mother, taught me," make sure it isn't evil you've taught them. Make sure your footsteps are walking in the Way of Life.

"It were better that a millstone be tied about your neck, and you be cast in the depths of the sea than that you scandalize one such little one who sees the Face of My Father Who is in heaven."—(by William W. Buechel).

1,200 4-H Winners to Receive Coveted Trips

A panel of 4-H'ers discusses Club Congress theme "Serving as Loyal Citizens Through 4-H." More than \$750,000 in college scholarships, savings bonds, trips, leader training and other rewards is being contributed through the National 4-H Committee to promote the activities of 4-H—the world's largest volunteer youth organization.

CLIMAX of a year of earnest 4-H Club work for some 1,200 enthusiastic 4-H boys and girls will be the 31st National 4-H Club Congress scheduled to convene in Chicago, November 30—December 4. These outstanding young people, selected from more than 2,000,000 4-H Club members in the 48 states, Alaska, Hawaii, and Puerto Rico, are winners in 4-H projects conducted through the Extension Service.

For this select group of 4-H'ers, the trip to the Congress is a coveted honor earned only through diligent effort. As Congress delegates, they receive various 4-H awards arranged through the National Committee on Boys and Girls Club Work, a citizens' group which lends support to the 4-H program.

More than 40 business firms, foundations, and public-spirited individuals sponsor national and sectional 4-H award projects as their contribution to this sound, successful youth program. The donor organizations provide to the National Committee grants totaling more than \$750,000 to be used for 4-H medals, trips, college scholarships, watches, savings bonds, leader training, and other aids.

Among prominent citizens who provide award funds to be administered by the National Committee as an impetus to 4-H accomplishment are Mrs. Charles R. Walgreen, Thomas E. Wilson, Edward Foss Wilson, Wm. Wrigley, Jr., and Gene Autry. Other sponsors are: Westinghouse Educational Foundation, Ford Motor Co., Standard Brands, Kerr Glass, Sears Roebuck

Foundation, Spool Cotton Co., Lederle Laboratories, Ida Cason Callaway Foundation, Carnation Co., Simplicity Patterns, Conrad Hilton Hotel, Hercules Powder, General Motors, International Harvester, Kelvinator, American Forest Products, Allis-Chalmers, Montgomery Ward, Kellogg Co., Dearborn Motors, United States Rubber, Cudahy, Firestone, Standard Oil Companies of Indiana, Kentucky and Ohio, American Oil, General Petroleum, Pan-Am Southern, Stanolind Oil and Gas, Utah Oil Refining Co., Pure Oil Co., the Santa Fe and Illinois Central railroads, Toni Co., Proctor Electric, and Spinnerin Yarn Co.

"The awards presented at the 4-H Club Congress are bestowed for self-earned advancement," G. L. Noble, director of the National Committee points out. "To 4-H Club members they are priceless symbols of achievement and public recognition. That is why so many of our agricultural and industrial leaders are interested in providing incentives that will help to build aggressive, sturdy citizens."

Donors also sponsor educational tours, meal events, and entertainment, which make the National 4-H Congress a memorable experience. However, sober purposes of the meeting are not overshadowed by festivity. Fortnight group discussions, addresses by prominent speakers, exchange of ideas with youths from other countries, and other stimulating features will stress the theme of the year: "Serving as Loyal Citizens Through 4-H."

CDA COURT HAS REGULAR BUSINESS MEET TUESDAY

Plans for a Christmas party for children of members, and routine business furnished the principal discussions at the regular meeting of the local court Catholic Daughters of America Tuesday night.

Mrs. Joe Hoenig accepted chairmanship of the committee to plan the yule party.

Mrs. Lawrence Roberg presided for the business session in the absence of Mrs. Paul Fisher, grand regent.

It was announced that members still have time to bring their gift items for the Indian Missions. Non-members are also welcomed to join in the gifting program. The committee in charge asks that contributions be left at Mrs. Ben Hellman's home as soon as possible.

Items on the want list are small unbreakable toys, soap, children's clothing, school supplies, and toilet articles.

After the business, Mrs. J. M. Weinzapfel served sweet rolls and coffee to those present.

Local News BRIEFS

Mrs. John B. Schmitz and Mrs. Margaret Wilde returned Monday from a visit in Post and Lubbock. In Post they were guests of the Matt Stelzers and in Lubbock they visited friends including Sam Pete Martin and family, formerly of Muenster.

The Ralph Eskers had as their guests for Sunday dinner her brother, Sgt. James Davidson and his air force buddy Gene Cowan, both of Carswell AFB, Fort Worth.

Mr. and Mrs. Alfons Koesler, their son, Tony, and their daughter, Mrs. Tony Hermes of Lindsay, spent the weekend in San Antonio visiting their daughter and sister, Sister Mary Corrine, a patient at Santa Rosa hospital who recently underwent a major operation, and their other daughter and sister, Sister Mary Lin, at Our Lady of the Lake convent.

Mrs. Leon McFarland and son, Jimmy, of Claude, Texas, visited Al Aldrich here and the Ernest Biffles in Myra during the weekend and through Monday. Jimmy has just returned home after two years with the army in Germany.

The M. D. Kaderlis were among football fans at the Texas Tech-NTSC game Saturday. They lived in Lubbock before coming here. Mrs. Ray Evans, Rita and LaQuita Cain were also in Denton, arriving there early enough to see the parade before the game. Murlin Joe Evans and Willard Hartman, members of the college ROTC, participated in the parade.

Mrs. Alec Cannon went to Corpus Christi Wednesday to stay with her mother, Mrs. Annie Lemer a few weeks. Mrs. Lemer, who fell and broke her hip and arm several weeks ago, has been moved from the hospital to her home and her children are taking turns staying with her.

The Carlton Bucks of Wichita Falls spent Sunday in the Dexter Dowd home at Bulcher.

Mr. and Mrs. Dexter Dowd and Linda visited relatives and friends in Nocona Sunday.

Garden Club Hears Mrs. Lee Toothaker At Monday Meeting

Members of the Muenster Civic League and Garden Club heard an instructive and entertaining talk at their regular meeting Monday night when Mrs. Lee Toothaker gave an illustrated lecture on "The Propagation of Roses From Cuttings". She emphasized her points with specimens of roses she has developed, showing their various stages of growth.

As conservation chairman of the organization, she added a few remarks about wildlife, stressing the feeding of birds during the winter months. She suggested placing bread crumbs, suet, and poke berries, along with water, in places where birds can reach them easily and not be disturbed. During the business session, Mrs. Steve Moser, president, presided, and committee chairmen gave reports.

It was announced that the annual parish collection on Nov. 1 for upkeep and beautification of the cemetery amounted to \$388.48.

Members planned December activities which will include a Christmas luncheon and named Miss Olivia Stock as chairman, and decided to give a one-act play entitled "The Garden Club Will Come To Order", and named Mrs. Moser, Mrs. L. A. Bernauer, Mrs. Tony Gremminger

and Mrs. T. S. Myrick as a committee to be in charge of staging and other details.

The luncheon will be for members and their husbands or a guest, and the play, a hilarious comedy, will be presented as a benefit and the public will be invited to attend. Details on both events will be announced as they develop.

An invitation was read from the Saint Jo Garden Club to attend their annual flower show and fair on Friday and Saturday, Nov. 14-15.

The meeting was held in the home of Mrs. T. S. Myrick which was beautifully adorned with floral arrangements stressing the month's theme of chrysanthemums which members brought for display.

After adjournment, Mrs. Myrick and her daughters, Misses Pauline and Margaret, served refreshments of Ritz crackers with cheese spread, salted nuts, fancy cookies and coffee.

Fourteen members were present.

Queen Jane Hellman Reigns at Colorful Homecoming Event

Amid pomp and splendor, before a large crowd of football fans, Miss Jane Hellman was crowned queen of the Muenster High Hornets and reigned over the homecoming game with the Era High Hornets Thursday night, Nov. 6.

The ceremony, held before the game, began with a grand march for which the Community Band played. Marching from the north goal posts, the school's pep squad and the football team formed a double guard of honor through which the Queen and court entered the field for the coronation ceremony on the 50 yard line.

Escorting the queen were Co-captains Bert Hamric and Wilfred Klement. Princesses and their escorts were Norma Jean Klement carrying the gold crown, escorted by Eugene Walter, Louise Butler carrying the football on a red satin pillow, escorted by Joe Carroll McElreath, Mary Nell Hellman carrying an arm bouquet of white mums, escorted by Wendell Richey, Princess Norma Jo Christian, escorted by Captain Johnny Leftwich, represented Era High.

Queen Jane, in a formal gown of white topped with the royal satin robe, was crowned by Co-captain Bert Hamric and was presented the homecoming football which she, in turn handed to Hamric. Co-captain Klement presented the bouquet to Her Majesty.

Duchesses serving as train bearers were Bobbie Tuggle, Sharon McGowan, Carolyn Cain, LuRena Wolf and Harriet Otto. The closing number on the program was the National Anthem by the band.

After the ceremony the queen and her court were escorted to a maroon colored convertible and were driven around the field, then were seated at places of

MAU-MAU MAN—No mama's boy is this sinister member of the dreaded Mau-Mau secret native society dedicated to driving Britain from their African Colony of Kenya. Above is a warrior-member of the Kikuyu tribe in ceremonial dress. The Kikuyu group is the largest tribe in the territory. English officials say most Mau-Mau members are from this tribe and have arrested many of them in an effort to stop the rebellion.

WIN BALL, DROP HATS—Frosh of Chicago's DePaul University bounced their way to victory in the annual frosh versus upper-class pushball contest, and won the right to discard their bright green "freshman beanies." If they had lost, the students would have been compelled by custom to wear the hats till late November. Object of the game is to push the ball over opponents' goal.

honor provided in the grandstand.

The school's annual homecoming dance was held on Friday night in the gym.

GIRLS WIN AND LOSE
Basketball girls of Muenster High divided honors with the Southmayd girls Tuesday night at Southmayd, The Muenster A team lost 21-13 and the B team won 21-18.

Two Pass Tenderfoot Tests
Walter Fette and Clifford Endres have passed requirements for Tenderfoot Scouts and are members of the local troop. They were welcomed to the troop Monday night during a regular meeting.

BAKING DEMONSTRATION GIVEN FOR BULCHER CLUB

Members of the Bulcher Home Demonstration club met Thursday, Nov. 6, in the home of Mrs. Dexter Dowd for their meeting.

Mrs. R. J. Samples gave a demonstration on making coffee cake using a master-mix. After the cake was baked it was served with other refreshments to 15 members. Three new members were welcomed: Mmes. Albert Fleitman, Bailey Dennis and Dexter Dennis.

During the business session members discussed ways of raising club funds and decided to join the community Progressive Club in a joint benefit social. Plans are to be worked out with the committees in charge and will be announced later.

Members answered roll call by naming "The Book I Enjoyed Most This Year".

Mrs. E. L. Robison had charge of recreation. Mrs. Bailey Dennis won the game prize and members exchanged gifts from their sunshine pals, whose names were revealed.

Mrs. Gus Knabe spent several days this week visiting her daughter, Mrs. Frank Hellinger, and her son, Lawrence Knabe and their families in Gainesville.

ONE THOUSAND MEN AND A GIRL—All G.I. eyes follow pretty USO dancer Margaret Brown as she whirls through a fast tap-dance routine for the members of the Army's 2nd Division in Korea. Real appreciation for entertainment is shown by United States fighting men in Korea who turn out en masse for all USO shows put on for their enjoyment. Margaret, above, seems to be enjoying the G.I.'s approval as much as they enjoy her dance.

MRS. HELLMAN HOSTESS TO GET-TOGETHER CLUB

The Get-Together Club held its regular meeting Wednesday afternoon, Nov. 5, in the home of Mrs. Clarence Hellman. The hostess arranged three tables for a progressive 42 series and after the games served refreshments to 11 members and Mrs. M. D. Kaderli, a guest.

Award winners in the 42 series were Mrs. Joe Luke for high score and Mrs. Jake Pagel for low tally. Mrs. Arthur Endres won the galloping award.

EARL COLES ENTERTAIN SUNDAY SCHOOL CLASS

Mr. and Mrs. Earl Cole entertained members of the adult Sunday School Class of the local Baptist church in their home Tuesday evening. At each meeting members draw names, which they keep secret until the next meeting, when they have a gift exchange, and the secret pal is revealed.

The hostess served apple pie and coffee to Messrs. and Mmes. Jack Biffle, J. A. Travis, George Hammer, Will Morrison, Clyde Rounsaville and J. B. Cason and Miss Betty Cole.

DINNER PARTY SUNDAY OBSERVES 3 BIRTHDAYS

A covered dish dinner, featuring roast turkey, observed three birthdays Sunday in the home of Mr. and Mrs. Richard Swirczynski. Honorees were Mrs. Adam Beyer and Henry Sandman of Lindsay and Mrs. Carl Beyer of Fort Worth.

Enjoying the meal and a social afternoon were Mrs. Adam Beyer and daughter, Rosalie, the Henry and Frank Sandmans and their families, the Robert Beyers and twins, and the Frank Beyers, all of Lindsay; the Carl Beyers and family of Fort Worth, the Ferd Luttmers and daughter, and the hosts and their daughter.

SAMMY RATLIFF OBSERVES BIRTHDAY HERE SUNDAY

Mr. and Mrs. John Fette entertained with a dinner party in their home Sunday honoring their grandson, Sammy Ratliff, in observance of his birthday. He was five years old on Nov. 10. Sammy and his family, the C. W. Ratliffs, visited here during the weekend.

Joining them and the hosts for the meal were the Herbert Meurers and family, the Herman Fettes and children, and Mrs. Ben Seyler and son, Billy. The table was centered with a decorated birthday cake.

It Happened 15 Years Ago

November 12, 1937

Forty candidates will be received into the Knights of Columbus at an initiation here Sunday. Ben Albers of Lindsay is badly burned in a fall on burning leaves. Fans are received for heating system in parish church. H. H. Kathman re-opens lunch room in Henry Trachta building. Lindsay school installs new drinking fountains. Local men are confident of REA approval on loan application. The John Fishers moved into their new home north of the KC hall Saturday. George Mollenkopf is back in Muenster as an employee of Kingery Brothers after spending several months in Olney; the Mollenkopf family arrived here Wednesday. Little Anna Grace Wimmer is recovering from illness. The Joe Thomassons of Nowata, Okla. are visiting here on their vacation.

10 YEARS AGO

November 13, 1942

Gasoline rationing is delayed until Dec. 1. Virgil Lee Welch, principal at public school since 1937 has resigned; teacher vacancy will be filled by Barbara Harrison. 1942 turkey project opened here Friday. Discussion clubs begin activity. Sons arrive for the Werner Beckers, and Bernard Sickings. Elizabeth Fleitman is recovering from major surgery. Engagement of Mary Elizabeth Endres to Pvt. Val Fuhrman is announced. Nutrition class conducted by Miss Nettie Schultz will conclude lessons Monday. Mary Hirsy is back at home after spending several months in Wichita Falls. Mrs. Pete Block of Lindsay spent the past week in Rhineland visiting her brother, Rev. Herman Laux. Large crowd acclaims Garden Club's first war-time flower show Wednesday.

5 YEARS AGO

November 14, 1947

Mrs. J. W. Fletcher breaks hip while stepping out of car. Death claims Mrs. Sylvester Streng of Temple. Sacred Heart Hornets scalp Sanger Indians 13-0. Parish groups get set for Thanksgiving picnic. Mrs. W. H. Endres is a patient at Scott and White Hospital in Temple. The Henry Fettes move into their new home. Engagement of Louise Felderhoff and Edward Knauf is announced. The Hermes sisters, Louise and Elfreda, are brides in double ceremony held at Lindsay; Louise marries Ed Schad and Elfreda marries Joe B. Hundt. CDA court will have reception for 30 new members Sunday. Mrs. Mike Tarantola and son, Mike, are en-

route to Japan to join S.Sgt. Tarantola. New arrivals: sons for the John Durbins and C. W. Ratliffs. Main Street traffic light burns again after being out about two years.

BIRTHDAY OBSERVANCE HONORS JIM MYRICK

Jim Myrick observed his birthday Friday with a skating party at the Gainesville rink followed by the serving of birthday cake and ice cream at his home and a slumber party for his boy friends.

His parents, Dr. and Mrs. T. S. Myrick arranged the observance. Mrs. Lawrence Roberg assisted them in transporting the youngsters to Gainesville. There were 10 guests.

What's the biggest "little" business in Texas?

It's the business that employs one out of seven Texas jobholders . . .

It's the business that helps to bring you everything you buy, use, eat or wear . . .

It's the business whose taxes build one-third of all Texas highways . . .

It's the TRUCKING business! Over a million Texas men, women and children depend directly on it for their livelihood.

Yet—fifty-six per cent of Texas' trucks are owned by individuals with only one truck. Trucking is probably the biggest "little" business in the State!

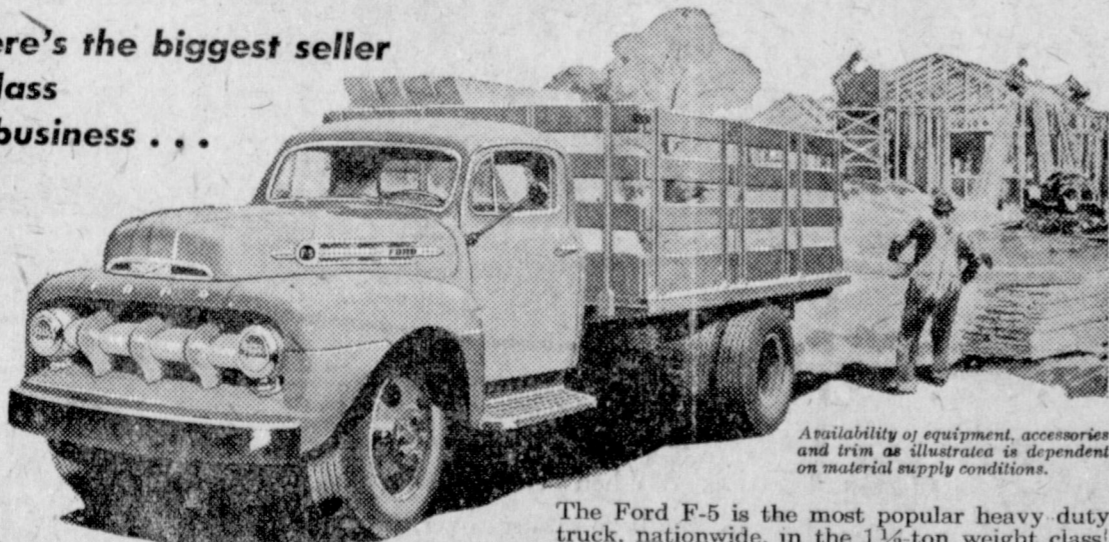

Texans can't do business without truck transportation.

No community can exist, even if it is on a rail line, without trucks to haul goods away from the railroad and get them to stores and homes.

There are 1,788 Texas towns that have no rail service at all. If it were not for trucks, they would have no commerce with the rest of the State and the nation.

Wherever you live in Texas, whatever you do—trucking services are essential to your way of life. Trucks belong!

And here's the biggest seller of its class in the business . . .

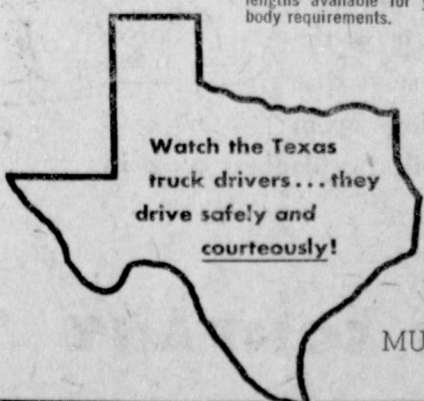

Availability of equipment, accessories and trim as illustrated is dependent on material supply conditions.

The Ford F-5 is the most popular heavy duty truck, nationwide, in the 1½-ton weight class! It out-sells everything in its class, because it out-values competition. Here's an all-purpose performer with a payload capacity that goes over 8,600 lbs. . . lets you carry big bulky loads with ease. Choose new V-8 power—or all-new Six!

FORD TRUCKING COSTS LESS F.D.A.F.

...Ford Trucks Last Longer!

Using latest registration data on 8,069,000 trucks, life insurance experts prove Ford Trucks last longer!

Watch the Texas truck drivers . . . they drive safely and courteously!

Reading and Lighting and 'Rithmetic

Look what some figure-happy statistician just found out. From kindergarten through high school, school kids have to plow through a pile of books 18 feet high. A photograph taken of this pile of books would make your eyes ache.

Close visual work is hard on the eyes. A New York State survey of 83,000 students showed only one in 20 kids had vision defects at kindergarten age. By senior high, eye troubles affected six students in 20.

Good lighting is one readily available means of making seeing easier for these students. Lighting engineers find that over half the schools still use old, globe-type fixtures that give only one-sixth the light that ought to be on the desks.

In those schools that have installed modern lighting, teachers report that students are more eager to study, are happier and require less discipline. The teachers find their jobs easier.

To help schools analyze what light is needed, General Electric engineers work out various lighting systems in model classrooms where effects can be demonstrated and compared. A booklet is offered, "Making Schoolwork Easier on the Eyes," in which current practices are summed up. (Write the Lamp Division, Nela Park, Cleveland, Ohio.)

It is the aim of General Electric to translate its engineering help into public service at the community level.

You can put your confidence in—

GENERAL ELECTRIC

Local News BRIEFS

Mr. and Mrs. H. L. Herron and daughters, Clara and Henriette, spent Sunday in Denison as guests of Mr. and Mrs. Ben Derichsweiler in whose home a dinner party honored Mr. Herron in observance of his birthday.

The J. C. Trachtas and the John Wielers and daughters were dinner guests Sunday of Mr. and Mrs. H. L. Tuggle in Gainesville.

Miss Bernice Henscheid of Dallas was here for a weekend visit with her parents, the Leo Henscheids.

Mrs. John Tucker arrived Friday morning from Houston for a visit with her daughter and family, the Joe Tempels. She was accompanied by her sister, Mrs. T. B. Bates and daughter, Linda, also of Houston, who are visiting in the home of the ladies' parents, Mr. and Mrs. Sam Epps at Myra.

Johnny Fisher and Mitchell Wolf are back in Muenster after being away about four months working at Bonner's Ferry, Idaho, about 30 miles from the Canadian border. The boys visited scenic spots in Canada including Lake Louise, and enroute home came through the Black Hills of South Dakota.

Mr. and Mrs. Henry Henscheid had as guests during the latter part of the week and until Monday, Mr. and Mrs. Henry Hupperich, their daughter, Elsie, and Mrs. Hupperich's mother, Mrs. Wolf, all of Saint Louis, Mo. The two Henrys are friends since their childhood days in Germany and came to America together in 1924.

Mr. and Mrs. Gerald Metzler returned from their wedding trip last Wednesday night and are settled in their home at 1801 Culberson in Gainesville. Their trip took them to New Orleans, La., Pensacola, Fla., Houston, and spots of interest enroute and returning.

Miss Dorothy Hartman, the Al Walters and their son, Gene, attended the A&M-SMU football game in Dallas Saturday.

Edwin Hammer of Austin, a student at Texas University, spent the weekend with his parents, the T. M. Hammers.

WELCOME BACK TO FREEDOM—Back in the United States after two years spent in Red-China prisons, Maryknoll Sister Joan Marie gets a warm welcome from her brother Joseph Ryan, and her six-year-old niece, Bonnie Marie. The nun is seen above as she landed at New York's LaGuardia Airport after her return from the Far East via San Francisco.

Patricia Gayle is the name of the infant daughter of Mr. and Mrs. Joe Tempel. Her baptism took place Friday morning, Father Cletus officiating, and Mr. and Mrs. Richard Grewing serving as sponsors.

Virgil Streng has gone to San Angelo to work in the oil fields.

Mr. and Mrs. Henry Huchton are back in Muenster after spending several weeks in Mineola while he was working on an oil rig in that area.

Alois Trubenbach, Charlie Schmitt and Mrs. Herman Swirczynski were in Dallas Friday for a visit with Judy Trubenbach at Baylor Hospital and her mother who has attended her bedside since Judy had a leg operation last week, Wednesday. Miss Jeanette Fisher, who had been staying at the hospital to sit with Judy, returned home with the Muenster group.

Pat Hennigan, Francis Wiese, F. A. Kathman, Arthur Felderhoff and Starling Lawson were in Denison Thursday night for a District I Veterans of Foreign Wars meeting and supper program.

Mr. and Mrs. Frank Trubenbach and granddaughter, Colette Swirczynski, visited in Ardmore Friday with their son and family, the Bob Swirczynskis. Their grandson, Roy accompanied them back home for a weekend visit. His parents and sisters, Sonja and Jill, came here Sunday to spend the day with relatives and to take him back home. Joining family members at the Trubenbach home Sunday for supper were Cpl. and Mrs. Bill Metzler of Fort Worth.

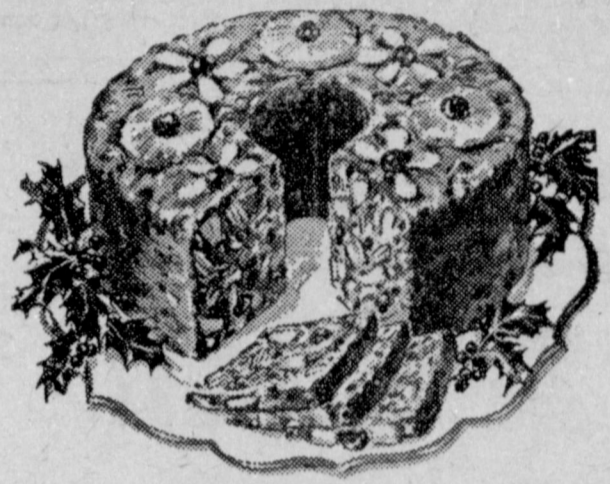

Tony Gremminger spent Sunday in Pilot Point in the home of his daughter, Mrs. Robert Mayer and family where Mrs. Gremminger had been visiting several days. The Gremmingers' daughter, Miss Dolores of Fort Worth, joined her family there for a weekend visit and accompanied her parents back to Muenster for an overnight visit. She returned to Fort Worth Monday after attending the Wimmer-Luke wedding.

WHY PAY RENT?
No doubt you've heard about big companies leasing new cars by the year for their salesmen? Maybe you've wondered, as we have, who makes any money that way. Now we know, Here's the story:

John W. Rollins, an enterprising young man, of Rehoboth, Delaware, was quick to grasp the significance of the country's changing corporate tax laws. He discerned that a company in the maximum excess profits tax bracket had to earn more than \$11,100 to acquire a \$2,000 car for its sales and executive use. Rollins found that the law encouraged such companies to lease, rather than own, these vehicles on a fully tax deductible basis. He's now providing them to

many firms throughout the country for as little as \$850 a year. He's making money on the deal, the corporation is making money and the taxpayer — well, it's really a dark cloud that doesn't have a silver lining.

Be **COZY** inside
When it's **COLD** outside

Insulation and weather stripping pay big dividends in comfort and fuel savings.

C. D. Shamburger Lumber Co.

Richard Trachta, Mgr. Muenster

are we **FARMERS?**
... or **MINERS?**

A **MINER** takes products from the earth and puts nothing back to replace them. In time the mine is abandoned and the land is left with ghost towns and desolation. The Western United States has a great many examples of this.

A **FARMER** takes products from the earth and through cover-cropping, contour farming, strip cropping, stubble-mulching, fertilizing (either commercial or green cover crops turned under), temporary pasturing and water conservation, restores the elements to the earth which his products have taken from it, never depleting the earth, but keeping its state of fertility intact, and even improving that fertility. Where **FARMERS** carry out these practices there will never be any ghost towns or desolation.

Let's look around North Texas and see the people leaving the land, the shift of population from the small towns to the cities. Then, let's evaluate what we see and ask ourselves:

Are We Farmers Or Are We Miners?

TEXAS POWER & LIGHT COMPANY

Members of DHIA And ABA Honored At Monday Session

Cooke county members of the Artificial Breeders association and the Dairy Herd Improvement association were honored at their annual meeting Monday night at the Community Center building by the Gainesville Chamber of Commerce.

Following the buffet style supper provided by the Chamber of Commerce, annual reports for the past year were given by officials of both organizations and awards presented to owners of outstanding herds and individual cows.

Lewis Rigler served as master of ceremonies and introduced E. P. Shelton, vice-president of the Chamber of Commerce, who gave a brief welcoming address to the dairymen and their wives.

Rev. W. D. Craig, pastor of Whaley Memorial Methodist church, gave the invocation.

Paul Fisher, Muenster, president of the ABA, called on Van Hill of Gainesville, secretary, to give the annual financial report and called for the election of three directors to replace those whose terms expire this year.

All of the outgoing directors—

Van Hill, Henry Fuhrmann and Cecil McFarlin — were renominated, but McFarlin asked to be withdrawn because of insufficient time to devote to the work. Bud Dudenhoeffer was nominated for the other directorship and all three were elected by acclamation. They will serve for three-year terms.

John Hoffman, DHIA technician, explained the association's program and expressed the belief that improvement of dairy herds is one of the best ways to insure continued prosperity for Cooke county.

He stressed the importance of keeping records on herd performance by pointing out that such a method removes guesswork from dairy operation and enables the owner to determine if an animal is paying its own way.

Hoffman reported that 17 herds made up of 542 cows are now participating in the DHIA program, and five more herd owners have applied for membership.

"Cooke county has made a record during the past four years that is being closely observed by Texas A&M college—and I feel that our dairymen are doing a fine job," Hoffman concluded.

In behalf of the DHIA, the technician presented herd awards to J. W. Fleitman, Alfred J. Bayer, Paul Fisher, Richard Frasher and Peter Prescher. Certificates for individual cow performance were awarded to Peter Prescher (two), Paul Fisher, (12) and Richard Frasher, (13).

Albert Klement, ABA technician for Cooke county, was introduced and reported that 900 cows in the county had been bred artificially during the past year through the ABA program.

Particularly impressed with the work of the two dairy groups was Dr. David Smokler, owner of the North Texas Artificial Breeding farm at Dallas.

Speaking briefly, Dr. Smokler praised the cooperation and mutual interest between county businessmen and dairymen and the work that has been done by Hoffman, Klement and County Agent B. T. Haws.

The program was concluded with a humorous chalk-talk by Dr. J. R. Reuther of Gainesville.

The Loy Murrells and the Gordon Ramseys of Gainesville spent Monday with the Grady McElreaths.

Waymond Harrison of Wichita Falls spent the weekend here as the guest of Mr. and Mrs. Weldon Holland.

SOLID SILK—Beginning and end of silk hose manufacture is seen above. Pretty Joan Knammiller, all smiles, examines a silk stocking made from unwound cocoon fibers spun by the silk worms wriggling in foreground. Eating mulberry leaves, the worms make cocoons like those on the table edge. More than 80,000 of the insects live and work in what is probably America's only silk mill, built in 1812 in Mansfield, Conn. They eat two tons of leaves annually.

Stockmen Invited To Cowtown Forum

Ralph Maglaughlin this week invites the attention of local livestock raisers to the Texas Livestock Round Up, a forum for the livestock industry, to be held next Thursday, Nov. 20 from 9 a.m. to 3:30 p.m. in the Will Rogers Auditorium at Fort Worth.

Sponsored by the Fort Worth Farm and Ranch Club and livestock interests of Fort Worth, the program presents speakers who are recognized throughout the nation on agriculture and livestock problems.

Maglaughlin says he will attend and will be glad to take a car full of stockmen with him.

George Swirczynski and his mother, Mrs. Joe Swirczynski, went to Fort Worth Sunday to spend the day with their brother and son, Ed and family. Monday George went to work for Bell Aircraft corporation. He has an office job. Ed Swirczynski also works for Bell Aircraft and George is making his home with his brother. Their mother returned to Muenster Monday.

The Ragon McElreaths and children were guests of Mr. and Mrs. Gordon Ramsey in Gainesville Sunday. Another guest was Harvey Booher of Chickasha, Okla., formerly of Muenster.

Hairy vetch will yield from 200 to 600 pounds of seed per acre.

Lindsay News

Mr. and Mrs. Joe Schmitz and daughter, Mrs. Martin Trubebach of Muenster, visited in Dallas one day last week with their daughter and sister, Mrs. W. G. Stewart, the former Agnes Schmitz. Mrs. Schmitz remained for a longer visit with her daughter who had just returned from the hospital after having an operation.

S. Sgt. Walter Schmitz, writing homefolks here, advised that he was scheduled to leave Camp Stoneman on Nov. 5. His tour was to be via Hawaii and Okinawa and he was to spend some time in Japan before being assigned to Korea. He wrote he met Ted Noggler of Muenster and Herman Moster of Lindsay at Camp Stoneman and there was a possibility that the three of them might board the same transport.

Bob and Al Bezner of Dallas visited their mother, Mrs. Joe Bezner, Sunday. Mrs. Bezner has been confined to bed for over a week with a back ailment.

A cooking demonstration by Miss Bernice Puckett, county home demonstration agent, highlighted the regular meeting of the Lindsay 4-H girls club last Thursday. Miss Puckett prepared a rice dish and distributed leaflets containing a variety of rice recipes. Forty-six members were present.

Mr. and Mrs. Johnny Werner, their daughter and son-in-law, the Lawrence Boyces and daughter, Lois, all of Carroll, Iowa, visited their cousins, Jake, John and Albert Bezner and Mrs. Lena Schmitt, from Friday to Tuesday.

The Pete Blocks and the Bill Fleitmanns spent the weekend and to Tuesday in San Antonio with relatives and attended the wedding of a niece. Before returning home they visited in Houston and Galveston.

Bruno Zimmerer and Herman Zimmerer Jr., were gone last week from Sunday to Wednesday when they moved the Franz Wolf household furnishings to Chicago.

Ben Hermes has gone to Covington, Ky., and Cincinnati, Ohio, to visit relatives.

The Mothers Society of the parish sponsored a successful picnic on the church grounds Tuesday afternoon and night. It was the community's annual observance of Thanksgiving, held early so as not to conflict with other events scheduled in nearby parishes on Thanksgiving.

LINDSAY 4-H BOYS WIN ACHIEVEMENT AWARDS

Lindsay 4-H club members receiving awards at the annual achievement program held in Gainesville Tuesday night were Robert Fuhrmann, state poultry contest winner, and the following county winners:

Frank Fleitman, field crops; Henry Fleitman, Lambert Hess and Cecil Hermes, dairy achievement; Robert Fuhrmann, achievement; Cyril Hermes, Melvin Voth and Robert Fuhrmann, poultry; Eugene Block and Paul Kubis, entomology.

Hornets Win - - -

kick to the Era 43. Three plays reached the 30, where Richey broke loose for the second score just before the first quarter ended.

After the next kickoff Muenster held again. Era kicked and the ball was ruled dead on the 38. On the next play Noggler scooted 62 yards to the third touchdown. Another score seemed certain a few plays later after Jones snared an Era pass and returned it 15 yards to the Era 11. But three successive offside penalties plus an offensive holding penalty set Muenster back 30 yards. The Hornets failed to overcome the handicap and the visitors took over on their 19. Three plays later Muenster recovered an Era fumble and was threatening again, on the 7 as the half ended.

Era opened the second half with short gains adding to 19 yards before the drive fizzled and Muenster took over on downs on its 42. Then followed a 58 yard push on 7 plays for the final TD. Jones went over and Noggler kicked true for his only extra point of the game.

Era snapped back with an aerial attack that accounted for most of a 45 yard advance before Noggler intercepted and returned 25 yards to the Era 46. Six plays got to the 3, but the drive bogged down there and the ball went over a foot short of the goal. Era was back to the 30 as the game ended.

Alvord Hi Admitted To Local Conference

The Muenster Hornets will have seven conference games on their football schedule next year. Superintendent Weldon Cowan this week announced changes in the Interscholastic League organization by which Alvord becomes a member of the conference and the official designation is changed from 11-B to 10-B.

Teams in the district next year will be Muenster, Saint Jo, Alvord, Sanger, Valley View, Era, Callisburg and Boyd.

Paving Project - - -

proved to be unworkable. Few if any streets could be completed because too many were unwilling or unable to pay their part. The system of paving and assessing owners likewise proved unpopular. A bond issue also met with objections.

Still another alternative was to pave on a "pay as we go" plan taking on several small projects as funds became available. Objection to that was that several small jobs would cost more than one large job, also that it continues inferior streets and higher maintenance expense for a longer period of time.

As presented, the council's new plan apparently eliminates all those difficulties. If there are any miscalculations about it they have not been discovered up to now.

In brief, it is intended to work like this. Every property owner will be invited to do his part . . . plus a little more, if he is willing to help along. That little more will be used to make up for people who are unable to do their part. The city will issue non interest bearing notes for all money received and pay off out of the special street budget over a period of years. Council men are hoping that most people will consider use of the pavement as ample interest on their money. By eliminating interest they expect to reduce the over-all cost substantially.

Up to this time nothing definite has been decided on what streets to pave. That will depend on the size of the project, which in turn depends on the cost per block of paving.

The real difference between communism and democracy is—plenty.

At the present time there are 83 government corporations competing with private enterprise on a "rent-free, cost-free, tax-free basis," says Southern Textile News.

Confetti - - -

job and what streets will be favored to best serve the general welfare of all residents. It is even possible, if costs are not too high and a ten year project is adopted, that practically all streets can be included.

We'll learn more about those things as the council gathers its figures, but meanwhile we can derive a load of satisfaction from the thought that we have a way to get an outstanding civic improvement without placing a burden on anyone. And once again cooperation and common sense offers the solution to a problem that had stumped us before.

Follow corn or small grain with vetch or winter peas to permit early plantings.

Provide at least one half acre of vetch and small grain for winter grazing for each animal unit on the farm.
