Highway Crash Kills 3 Muenster Youths

ALBERT KNABE GILBERT KNABE ERNEST BAYER Wm. WALTERSCHEID JERRY HENSCHIED

DEATH CLAIMED THREE of these five Muenster youths in a highway accident west of Gainesville late Friday night. The dead are Albert and Gilbert Knabe (twins) and Ernest Bayer. Injured are William Walterscheid and Jerry Henscheid. All of the five were classmates in the 1954 graduating class at Sacred Heart High. The accident also killed one and injured two occupants of the other vehicle. They are William Norris, dead, his son, Tommy, and Harold Wise, all of Gainesville.

2 Local Boys Hurt, Total Crash Toll Is 4 Dead, 4 Injured

Three Muenster youths were killed and two were seriously injured late Friday night in the most tragic traffic accident in the history of this community.

The dead are Albert and Gilbert Knabe, 19, twin sons of Mr. and Mrs. Albert Knabe and Ernest Bayer, 18, son of Mr. and Mrs. Martin Bayer. The injured are Jerry Henscheid, 19, son of Mr. and Mrs. Leo Henscheid, and William Walterscheid, 19, son of Mr. and Mrs. Al Walterscheid. All were 1954 graduates of Sacred Heart High School and members of the school's athletic teams.

Also killed in the accident was William Norris, 56, of Gainesville, an occupant of the pickup truck which collided with the 1954 Chevrolet sedan in which the five Muenster youths were riding. Two other occupants of the pickup, Norris' son, Tommy 14, and Howard Wise, 43, were also injured in the crash. All the injured persons were taken to Gainesville Sanitarium.

Skidding Car Hit Broadside

The accident happened a few minutes before midnight on Highway 82 about a half mile west of Gainesville. Its cause is not definitely known, however the investigating officers, Patrolmen Bill Gardner and E. B. Scott, arrived at a possible explanation after talking to survivors. They said it appears as though the west bound car, driven by Henscheid, got off the pavement on the right side of the road and went into a skid as it came back on the pavement. Skidding broadside across the road it crashed into the east bound Norris pickup driven by Wise. The entire right side was torn off the sedan and the left front of the pickup was demolished. Both vehicles are damaged beyond repair.

One of the first to arrive on the scene, minutes after the fatal crash, was Father Christopher Paladino, superintendent and coach of Sacred Heart, with a bus load of students returning from a basketball game with Buckner's Home of Dallas. He administered the last rites of the church and (Continued on Page 2)

Program for Scouts Parents Set Monday

Muenster Boy Scouts and their parents will observe National Boy Scout Week with a church service and a pot luck supper next Monday, Feb. 7. Plans for the observance have been completed by Father Patrick Hannon, scoutmaster, and members of the Scout Mothers Club.

Father Patrick will conduct the religious part of the program and will preside at a court of honor at 7:30 p.m. in Sacred Heart church. Afterward the boys and their parents will have supper in the parish lunch room. Mothers are asked to leave their covered dishes in the lunch room on their way to church so that hostesses for the evening can have the food on the table when services are over.

WITH THE MEN IN SERVICE

Assigned To Hawaii

Word from Marine PFC. Pat Stelzer reveals that he is now in Hawaii having been transferred there this week for duty after serving in Japan.

Graduated At Munich Academy

PFC Mike Driever was graduated from the Seventh Army Non-Commissioned Officer Academy in Munich, Germany, on Jan. 21, and is back at his base, Camp Sheridan, in Augsburg. A mechanic with Battery C of the 5th Infantry Division's 21st Field Artillery Battalion, he successfully completed a five-week course in leadership, map-reading and other military subjects. Mike entered the army in March 1953, re-enlisted for another year the following August and arrived overseas in February of last year after training at Camp Chaffee, Ark. While a civilian he worked for the J. B. Wilde Chevrolet Co.

Gets Promotion

On January 20 Leroy Wiesman was advanced from private first class to corporal. He is the son of Mr. and Mrs. Carl Wiesman of Gainesville and is stationed in Germany.

Returns To Duty

PFC Meinrad Yosten has returned to duty with the Marine Corps at Camp Pendleton, Calif., after completing a 20-day leave with his parents and family, the Nick Yostens.

Returning to USA

Pfc. Raymond Hesse is leaving England this weekend to return to the states and receive his army discharge. He took basic training at Fort Bliss and served his overseas tour in England with an anti-aircraft battalion.

Switchboard Operator

Pfc. Maurus Rohmer, now on a field problem, is serving as a switchboard operator for his outfit, a light 75 MM mobile unit, in England. He wrote his parents, the John Rohmers, this week that the troops will spend two months in the field.

Has Leave In Japan

Marine Pfc. Maynard Williams telephoned his parents, Mr. and Mrs. C. L. Williams, Tuesday to let them know he was fine and was enjoying a leave for rest and recreation in Japan. He is based in Korea.

To Be Transferred

Pfc. Willard Hartman has orders to leave Camp Hanford, Wash., on Feb. 11 and report at Pasadena, Calif., on the 18th for specialized training.

Parochial Seniors To Present Class Play February 13

Seniors of Sacred Heart High school will present their class play, "Jane Eyre," on Sunday, Feb. 13, in the parish hall, it was announced this week by members of the cast and Sister Geraldine who is directing the production.

The romantic play in three acts is based on the immortal novel by Charlotte Bronte and cleverly adapted by Wall Spence who lost very little of the original story in his dramatization.

DEATH CAR Three Muenster young men were killed and two were injured in this demolished 1954 Chevrolet sedan as it skidded broadside into the path of a pickup truck. The collision is regarded as the worst traffic tragedy in the history of Muenster and Cooke County.

Polio Fund Reaches \$382 as Week End Raises Over \$250

Contributions during the week-end and on Sunday pushed this community's March of Dimes total past the \$380 mark, and there's more to come, according to Mrs. Ray Swirczynski, general chairman of the campaign to fight polio. The total last week-end stood at slightly over a hundred dollars.

Tabulations show that \$282 came in from different sources, principally from collections taken at Sacred Heart church Sunday during the four services. That amount totaled \$181.47. Other donations came from students of Sacred Heart school who contributed \$45.25, from the Baptist church congregation in a gift of \$12, a five dollar check from the local CDA court, \$10.50 from a "yardstick of dimes," and \$23.12 earned by VFW Auxiliary members.

Carolyn Swirczynski and Sharon Schumacher decided they wanted to do something for youngsters less fortunate than they are and marched through the city Saturday afternoon with yardsticks soliciting dimes. They are daughters of Messrs. and Mmes. Ray Swirczynski and David Trachta.

Saturday night Auxiliary members donned aprons and served at the Hornet awards banquet given by the Mothers Athletic Club. For their services they received ten dollars. Tips from guests at the banquet added to \$13.12.

The present incomplete total will be upped when students at the public school turn in their envelopes and coin containers in business houses are picked up. While no quota was assigned in the campaign, Auxiliary members set a goal for themselves. They hope to raise \$500.

Rev. Thomas Weinzapfel and Rev. Joseph Weinzapfel of Dallas were here Tuesday for a visit with their parents, Mr. and Mrs. J. M. Weinzapfel.

NEWS OF SICK AND INJURED

Stan Wylie entered Gainesville Sanitarium Tuesday for treatment of a back injury.

R. R. Endres entered Veterans Hospital in McKinney Tuesday for medical care.

Mrs. A. T. Dickerson is convalescing at her home after receiving medical care at Gainesville Sanitarium.

Jess Richey underwent an emergency appendectomy at 8 p.m. Tuesday in Gainesville Sanitarium and was reported recovering satisfactorily Wednesday.

L. C. Dennis of Muenster is receiving medical care at M&S Hospital.

Merits of Football Named at Banquet Honoring Hornets

About 300 students and guests attending the annual Hornet football banquet Saturday night heard Superintendent H. H. Homsley explain that football, when played in the proper spirit, imparts several valuable benefits in addition to physical development.

One of those is a sense of responsibility as the player realizes that he has to do his job to make a play successful. A related benefit is an appreciation of team work. Players soon learn that individual efforts are futile when uncoordinated but they can get results when working together. Another is tolerance, as players learn to accept adverse breaks and decisions in a sportsmanlike manner.

Homsley also called attention to possibilities of using football as a stepping stone in acquiring a higher education. It enables many a student who cannot afford to attend college to go (Continued on Page 8)

NTPA Plant Value To Dairymen Seen In Annual Report

The Muenster plant of the North Texas Producers Association netted dairy farmers of North Texas \$86,697 of additional income during the last quarter of last year and additional efforts of the NTPA raised the additional income to \$230,184 during the same period.

That report along with others pertaining to the NTPA operation was submitted to Cooke County members of the organization at their annual meeting held Wednesday in Gainesville. Each county in the vast area served by NTPA, extending from Texarkana to Wichita Falls and as far south as Waco, is currently having its local meeting to hear reports on the year's business and elect a director for the next year.

The local plant's contribution is its extensive sale of Grade A milk since installing its receiving and distribution facilities. NTPA accountants estimate that the milk sold as Grade A netted \$86,697 more than if it had been (Continued on Page 2)

FHA Chapter Slates Bake Sale Saturday

There'll be a variety of home made goodies on sale Saturday when members of the local Future Homemakers of America chapter hold their benefit bake sale at Fisher's Market.

The girls plan to have enough baked goods on hand to last throughout the day, but they've made arrangements to bake at the store and sell their products piping hot, if that is necessary in case of a quick sell-out of foods on hand.

Mrs. Ann Searcy, chapter sponsor, will be with the girls and they invite everybody to stop in, see the display, and buy. Money will go into the chapter treasury.

Other projects planned by FHA members include a dance on Feb. 19 and a Hobo Day a little later in the year.

Muenster is quite a distance from Gilmer, Texas, but the interests of lots of its people are involved in a law suit concerning electric service in that city.

The contention is over an area including 25 electric customers which was annexed to the corporate limits of the city of Gilmer after having been served by an electric cooperative for some 10 or 12 years. The utility company serving the rest of the city said the co-op has no right there under provisions of the state charter for rural electric co-ops. The co-op maintained that the area was not a part of the city when service was established. Besides, the city of Gilmer granted the co-op a franchise to continue serving in the area. A federal court at Tyler ruled in favor of the rural co-op.

Since then the utility company has filed another suit claiming that the co-op had no right to serve the area in the first place. This suit has been filed in the state court. And the claim is based on an interpretation of words proposed by the utility. The charter specifies that rural electric service may be established in areas not receiving central station service, and the company has interpreted this as meaning availability. In other words the co-op had no business moving in because the other service was "available" to the area. This new case still has to be decided.

It's easy to figure out what could happen to the rural co-ops of the state if this interpretation should stand up in court. Practically every one would become vulnerable to the claim of one company or another, and the extent of vulnerability would be limited only by the extent to which the word "available" is applied. How far away do lines have to be to be considered as available? How much of the local system would become subject to the claims of a power company?

With that interpretation in effect there's no telling how much might be taken away from the co-ops. It can be assumed also that the most profitable areas would become the primary bones of contention and the co-op losses would be proportionately heavy. And when there's no assurance that future development is a safe investment it's hard to see how co-ops could get financing for any additional extensions.

To our way of thinking this is one of the most arbitrary interpretations that has ever been asked of a court. The case is on file, however, and the mere fact that it has gone that far is alarming.

Quite a number of times in the past this column has favored our private utilities in their fight against the socialized public power advocates. It believes that the private companies have done a magnificent job of serving the public besides paying taxes instead of consuming them. It also believes that the nation is better served by them because they can be regulated whereas an all powerful socialized power industry cannot be regulated.

But when one of them seeks a phony interpretation of law in order to plunder the rural co-ops it is definitely out of line.

After all, there's plenty also to be said in favor of the co-ops. (Continued on Page 8)

Public School Will Host 16 Elementary Teams at Tourney

Elementary kids of the Muenster public school will be hosts to about a hundred youngsters of other schools at an invitation tournament next week end in their gym.

Superintendent Homsley said Wednesday that entries in each division will be the first eight teams to accept invitations which were sent out last week end. Up to that time he had received acceptances for both boys and girls from Sacred Heart, Saint Jo, Callisburg, Montague and Nocona.

The 20 games making up a champ and consolation bracket in each division will be played in five sessions of four games each. Thursday and Friday will have both afternoon and night action and Saturday will have four finals at night. The admission charges for each session are 20 and 35 cents.

Blessed Events

Mr. and Mrs. Lawrence Streng of Gainesville are the parents of a seven pound six ounce girl born Jan 29 at Gainesville Sanitarium. The baby, Shirley Marie, is the couples' third girl. Their other two children, Kathleen and Laverna are eight and three years old. Christening services took place Wednesday afternoon in St. Mary's Church with Father Lane officiating and Mr. and Mrs. J. B. Schmitz of Muenster assisting as sponsors. They are the little girl's great uncle and great aunt.

Mrs. V. D. Bozeman and infant

son have been dismissed from the Muenster Clinic and are at their home in Gainesville. The new baby is a grandson of Mrs. Vernon Martin. The Martin family lived here before moving to Gainesville.

Adult Homemaking Invites Enrollment

Women interested in joining the adult homemaking classes at the public school can enroll now and keep up with lessons, according to Mrs. Ann Searcy, instructor.

Two classes are started and are progressing in upholstery and in sewing. Mothers with babies and young children are invited to bring the youngsters along. Baby sitters are on duty during the classes from 2 to 3:30 every Tuesday and Thursday afternoon.

Chili Supper Set For February 9th

A chili supper next Wednesday night, Feb. 9, in the public school lunch room will be a benefit for the band instrument fund, members of the Band Parents Association announced this week.

Hostesses for the event will serve supper continuously beginning at 6 p.m. and invite everyone to attend. The meal will cost fifty cents. Pie will be available at extra cost for those who like to end their meals with dessert.

guests to a social on Saturday, Feb. 5, instead of Sunday as previously announced.

The event was moved forward one day so as not to conflict with a meeting of the crusade crew scheduled for Sunday.

The party will feature card games and food and a musical program. It will begin in the public school lunch room at 8 p.m.

Birthday Dinner Honors Rita Cain

Mrs. Dick Cain entertained Sunday in the Cains' country home with a 5 o'clock dinner party honoring her daughter, Miss Rita Cain, in observance of her 17th birthday.

China and silver appointments were on a large table covered with a white lace cloth. The centerpiece was a white birthday cake decorated in pink and green and topped with 17 candles.

Places were laid for Misses Wanda Richey, Queenie Homsley, Patsy Cain, Norma Klement, Joyce Wiesman, Deanna Richey and Judy Cain; Wallace Dougherty, Wendell Richey, Donny Whitt, Ronald Hallmark, Dickie Cain and Hubert Richey; the honoree and her sister Miss LaQueta Cain, at home for the weekend from NTSC in Denton.

After the fried chicken menu the honoree cut the large cake and it was served with ice cream. After that there were picture taking, and a display of birthday gifts brought by the guests.

Injured Boys Improving

Both Henscheid and Walterscheid are reported as recovering satisfactorily. Henscheid, who sustained a severe bruise and laceration over one eye along with lesser cuts and bruises, was dismissed from the hospital late Wednesday. Walterscheid will have to stay a while longer. His injuries consist of four broken ribs besides other lacerations and bruises.

Two of the men were attending college. Henscheid has been at St. Edward's since September and Gilbert Knabe had enrolled at Midwestern on January 25. Albert Knabe and Ernest Bayer were working on their fathers' farms and Walterscheid was employed by Bayer Brothers, concrete contractors.

Rosary service for the three victims was held Saturday and Sunday nights in the Miller funeral home.

Triple Funeral Services

Monday morning at 9 three hearses moving abreast carried the bodies of the young men from the funeral home to Sacred Heart church for the solemn requiem mass and triple funeral service before a crowd of nearly 1,000 considerably more than could be accommodated by seats. Father Louis Deuster celebrated the mass and officiated at the service.

After that the three hearses, again moving abreast, headed a procession to Sacred Heart cemetery, where the three were laid to rest in adjoining graves. The burial service, also officiated by Father Louis, was under the direction of Nick Miller assisted by George J. Carroll and Son Funeral Home and Vernie Keel Funeral Home.

Bearers for Albert Knabe were Martin Becker, Ray and Roman Klement, Herman, Albert and Frank Stoffels. Bearers for Gilbert Knabe were Charles Stoffels, Albert A. Knabe, Tommy and John Knabe Jr., Meinrad Stoffels and Walter Klement.

Bearers for Ernest Bayer were James Bayer, Danny Bayer, Joey Bayer, Theodore Walterscheid, Sylvan Walterscheid and Wilfred Klement.

In addition to their parents the Knabe twins are survived by three brothers and six sisters: Arnold Knabe of Muenster, Leonard and Adolph Knabe of Hereford, Mrs. Joe Devers of Valley View, Mrs. Walter Morrison of Borger, Mrs. Herbert Fette of Livingston, Sister Mary Benedict of Fort Worth and Mrs. Alphonse Reiter and Mrs. Angeline Shumaker of Muenster.

Bayer's survivors are his parents, five brothers and two sisters: Donald Bayer of A&M College, Tommy, David, Dale and Billy, Nelda and Patsy Bayer, of Muenster.

THE POWER OF A COMMUNIST

It would be reassuring to know that every American citizen has read and accepted the following recent statement by J. Edgar Hoover, FBI chief: "From coast to coast, hardcore Reds continue to use every available technique, ruse, and artifice to capture the minds and control the behavior of loyal Americans, and, in a lamentable number of cases, they are successful in doing so."

Unfortunately every citizen hasn't read this statement. And no doubt many who read it could not accept it as truth because they do not understand the nature of Communism, its tactics and techniques. That's why the exposure and conviction of Carl Braden, Louisville newspaperman, is of priceless educational value to the people of America. Braden was convicted of advocating sedition after being identified as a Communist leader in Louisville by an FBI counterspy. The power and influence of a single Communist — for capturing the minds and controlling the behavior of loyal Americans — is vividly shown in the facts brought out in Braden's trial.

"Respectability" Valuable

The biggest factor in Braden's power and influence in Louisville was the front of respectability he was able to present by being a staff member of the Louisville Courier-Journal. A second factor was his membership in Louisville's St. Stephens Episcopal Church, whose rector, J. Erwin

McKinney, testified in his defense just before he was identified as an influential Communist of long standing. These two positions of respectability provided the base for the wielding of an astonishing mass of influence and power.

State's Attorney A. Scott Hamilton introduced evidence designed to show Braden's membership in a long list of alleged Communist fronts, including the Civil Rights Congress, Committee for a Democratic Far Eastern Policy, Council on African Affairs, the National Lawyers Guild and National Council of American Soviet Friendship. Communist fronts lure thousands of non-Communists into carrying out propaganda work advantageous to the Communist world conspiracy. The Communists in these fronts control the actions of the memberships.

Many Writing Connections

Braden himself testified that in addition to being a copy-desk "editor" on the big Louisville newspaper, from time to time he did extra reporting for Newsweek Magazine, the Toledo Blade, Chicago Tribune, St. Louis Globe-Democrat and New York News. The prosecution brought out that he also was correspondent for the Federated Press, which serves the Communist Daily Worker. He was an influential member of the American Newspaper Guild's Louisville chapter, and said he had written articles, speeches and radio scripts for important CIO and AFL unions.

Testimony showed that Braden had been extremely active in the Progressive Party, whose top officials always disclaimed charges of Communist control. In Louisville he prepared radio scripts, recruited and otherwise wielded wide influence in the party. He was also secretary-treasurer of the American Peace Crusade which has mobilized considerable strength for admission of Red China to the U. N. and for trade with Red China. Its slogan, designed to attract the support of working people, is: "China Trade Would Mean Two Million New Jobs."

Well of Poison

He also was active in the Women's International League for Peace and Freedom, branded by witnesses as a Red front. This organization was shown to have been active in racial controversies in Louisville. Its corresponding secretary was identified at Braden's trial as a Communist. Prosecutor Hamilton produced almost a truck load of Communist educational and propaganda literature seized in Braden's home, some charging germ warfare against the U. S., some branding America the aggressor in Korea. This was distributed by Braden, the Prosecutor said, where it was felt it would do the most good.

Perhaps the most significant piece of evidence was a letter from a cohort of Braden's telling of working on a campaign in behalf of "the 25 Un-A (Fifth Amendment) contempt cases, the Hollywood Ten (convicted Communists)," and which asked Braden: "We are trying and trying to figure out some way to put

God Is Your Father

By Jerome G. Kerwin, Professor of Political Science, University of Chicago.

MAN HAS AN ENDURING FOUNDATION for the exercise of brotherhood. Man is the image of the living God. Each man shares in the common Fatherhood of the same Creator.

Fraught human nature finds it difficult to recognize the image of God in a disagreeable, quarrelsome neighbor, in the dissolute derelict lying in the gutter, in the vicious murderer in his cell, in wicked blood-guilty Hitlers; but the image of God however distorted is still there.

THERE IS BUT ONE RACE, the human race, existing from the dawn of time till the end of time. There is but one family of people sharing the same weaknesses and the same capacity for the attainment of eternal happiness with God.

No words can adequately describe, and no mind can adequately measure the heights and depths of this great concept of the brotherhood of man and the Fatherhood of God. We cheapen it by sloppy, sentimental appeals and we create scandal by sidestepping its implications.

THE BROTHERHOOD OF MAN is founded in the very nature of man. Man always seeks for happiness. To attain his goal man needs the companionship and help of other men. Not only

does he need society—for certain insects have that—but he needs a true society for the attainment of his happiness.

The true society must promote the opportunities for each man to develop according to his own abilities and restrict all forces that block the realization of what is best in man. This is due each man in justice.

THE DIVINE LAW goes beyond the strict rules of justice, of giving each man his due. The Divine Law leads men to divest themselves of riches and even of life itself for the sake of others. Seeing the Image of God in every human being, a man respects even the least of his fellowmen, whatever their material conditions or the errors of their ways.

The brotherhood of man derives from both the natural and Divine laws. Brotherhood is not a national concept; it is universal. It obliges every man of every nation to love every other man not because they are members of his nation but because they carry about in their bodies the image of God.

THE BROTHERHOOD OF MAN should be the very spirit of the order we call democratic. As Aristotle says in the Politics: "Fraternity is generally held to be the chief good of states because it is the best safeguard against the danger of civil dissensions." The brotherhood of man should be a moving spirit in any democratic society. For without it there can be neither democracy nor human society.

SCOUTS OBSERVE 45th BIRTHDAY

OFFICIAL BOY SCOUT WEEK POSTER

Boy Scout Week, Feb. 6 to 12, marking the 45th anniversary of the Boy Scouts of America, will be observed throughout the nation by more than 3,660,000 boys and adult leaders. Since 1910, more than 22,750,000 boys and men have been members.

"Building for a Better Tomorrow" is the birthday theme. Members of 95,000 Units, through demonstrations and exhibits, will dramatize the purpose of Scout-

ing and the rich heritage it has in this country.

Boy Scout Week marks the completion of the first year of the National Conservation Good Turn the organization has undertaken at the request of President Eisenhower. Units which have qualified will receive National Conservation Good Turn Certificates of Merit awarded jointly by the Secretaries of Agriculture and the Interior, Ezra Taft Benson and Douglas McKay, respectively.

From where I sit... by Joe Marsh

A Winner Every Time!

Last Friday at our big basketball game with Centerville I sat next to a fine-looking old man. Centerville had things their way the first half — and he cheered every score they made.

But our boys began to catch up. Then Stretch Brown put us in the lead with a long set shot, —and I noticed that the old fellow was now rooting for our side. "What team are you for, anyway?" I demanded.

"Neither," he replied. "I've got my own team. I figure any kid that does a good job out there

is on my team. Root for the individual like I do — and you'll always back a winner!"

From where I sit, maybe it is a good idea to keep our eye on the individual, instead of automatically grouping him on teams you're "for" or "against." We're all individuals at heart, with our likes and dislikes — our right to prefer tea to coffee or beer to buttermilk...our right to "blow the whistle" when anyone tries to regiment us.

Joe Marsh

If I Had a Million

Have you ever harbored the thought that "if you had a million" you would be able to afford the pleasure of aiding this poor family or of contributing to that church or hospital? "I know I would not be selfish as many rich people are," you tell yourself. "Why if I had a million," you dream on, "I would gratify my benevolent impulses."

Hold it right there! Your imagination is misleading you. Actually, if you did have a million dollars, you would be no more liberal than you are now.

The amount of charity you dispense does not depend on the size of your income. If you are doing nothing for others now, you would do the same if you received fifty thousand a month.

You would be just as wrapped up in yourself as you are now—and WRAPPED.

For it is a well-established fact that one's altruistic impulses decrease in force as one's wealth grows. The kindest, most generous, and charitable people in the world are those who have little or nothing. The best friends to the poor are the poor.

And you, if you have the root of the matter in you, can be as benevolent as the most lavish millionaire. What you need is not the money, but the disposition.

For the one thing to give in this world, the one thing that is worthwhile, the one thing that cheers us all up and adds joy to the soul, is YOURSELF.

Going over new plans for "The Charles A. Sammons Cancer Irradiation Therapy Center" are, from left to right, Messrs. Sammons, President of Reserve Life Insurance Company, Largent Parks, Ben Wooten, and Dr. W. A. Criswell, Baylor University Hospital Trustees. A gift in honor of Mr. Sammons was made by Reserve Life Insurance Company for the purchase of a new "Theratron" Cobalt 60 Beam Cancer Therapy Unit for the Hospital. The building and facilities for the new center will be valued at \$150,000.00.

Baylor Hospital Will Use Atomic Energy for Treatment of Cancer

Atomic energy is to be put to work for the benefit of mankind at Baylor University Hospital in Dallas. Mr. Charles R. Moore, Chairman of the Dallas Executive Committee of the Baylor Board of Trustees, announced this new advance for the treatment of cancer. Mr. Moore stated that plans have been completed for installation of a new "Theratron" Cobalt 60 Beam Cancer Therapy unit at Baylor University Hospital.

The Cobalt Therapy Unit is a new type of giant X-ray-like machine which utilizes radiation from atomic energy to penetrate the skin and retard or destroy the growth of cancerous tissue. In discussing the new unit Dr. J. E. Miller, Chief of the Department of Radiology at Baylor University Hospital, said: "The principle of X-ray therapy has been used in the treatment of cancer for a long time, but the new Cobalt machine makes possible deeper penetration with less harm to normal tissue than was ever possible before." The installation of this advanced machine will place Baylor University Hospital among the leading centers for treatment of cancer in the United States.

The Cobalt Unit weighs approximately eight tons and will require a special building with heavy lead and concrete insulation on ceiling, walls and floor to keep radio-activity under positive control. The new building will be erected adjacent to the hospital's present X-ray Department. Mr. Boone Powell, Administrator of Baylor, said construction will start within thirty days.

According to Baylor Radiologists the Cobalt Unit is ten times as powerful as standard therapy available at the present time. Treatments with this machine are said to be effective on 15% to 20% of the patients who are not helped by the previously available lower voltage and with all patients treated, there is more effective treatment with less adverse effect to normal tissue.

The new cancer therapy unit and the first supply of atomic radiation is scheduled for delivery in Dallas by June, 1955. The cancer treatment center will be in full operation shortly thereafter, according to announced plans.

Bursitis Is Modern Disease Afflicting 2 Million in U.S.

AUSTIN, January 20—"A hundred years ago nobody worried about bursitis because nobody had it," said Dr. Henry A. Holle, State Health Officer. It wasn't until about forty years ago that there was enough of it around for it to be given a name. Today an estimated two and a half million Americans suffer from the hurting joints caused by bursitis.

The reason for the big increase seems to be found in modern living. So many of the things people do—typing, working adding machines, driving, handling compressed-air tools, exercising strenuously on week-ends—are the very things that can cause attacks of bursitis. Too, people live longer nowadays and bursitis most often attacks after

forty when age weakens tendons.

Between the moving parts of muscles, tendons and bones there are cushions—tiny, flat sacs filled with an oily substance. These are the bursae. As the parts move, the two inside surfaces of the sacs glide against each other providing satin-smooth action.

The body has more than 140 of these little sacs. Most important is the subdeltoid bursae in the shoulder, which helps the major shoulder muscle operate. It is the most important because the human shoulder wasn't designed for the work it now has to do. The result is that though bursitis can occur in any of the 140 bursae and often does affect elbows, hips, ankles and joints,

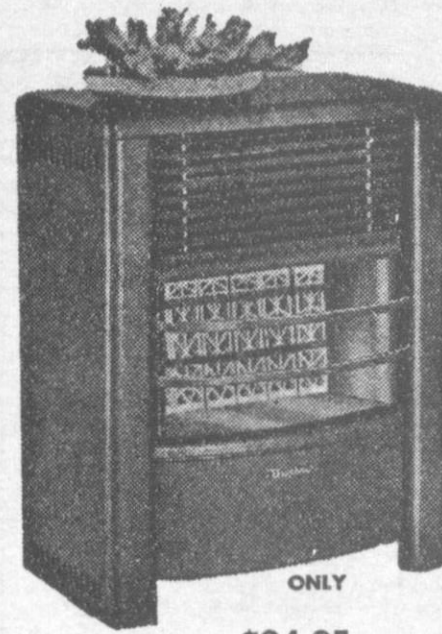

80 per cent of the time it is in the shoulder.

If an attack of bursitis occurs, a physician should be consulted. He can control bursitis but he can't control the results of neglect. Curing bursitis takes time and patience.

All of us have to live with ourselves, so it is up to each individual to see to it that he lives in good company.

The Fastest Twine-Tie Baler in the World!

New Super "77" bales up to 12 tons an hour—and more—in field tests on private farms!

It's the baler for the farmer or custom operator who puts a premium on capacity.

Design is based on the time-tested features of the famous Model 77, America's most widely used baler. The big increase in tons per hour is made through 25 new improvements to cut friction, reduce power waste.

Result? A Super "77" will outbale any other twine-tie or wire-tie, regardless of conditions.

To demonstrate this, New Holland engineers ran production models of the Super "77" in field tests on private farms in all parts of the United States throughout the '53 season. Again and again, the Super "77" baled 12 tons an hour! Under good field conditions, results were even higher.

Good Farming and More Dams Urged To Control Floods

At a meeting of the Elm Fork Watershed Association last Friday Paul Hardin of McKinney, secretary of the East Fork Watershed Association, advised farmers and business men of the area to form a strong organization working toward the conservation and control of water.

He pointed out that such action is important to the farmer because his welfare depends on wise water usage, and it is vital to the business man because he depends on the farmer.

To that end he urged the association to assist in the SCS flood control program by obtaining easements necessary for the construction of a system of detention reservoirs.

At the same time he pointed out that the first essential in a good flood control program is correct land treatment by the farmers of the watershed. Soil must be saved, and water must be permitted to soak in, above the reservoirs to prevent silting.

"We're making progress in conservation," the speaker said, "but we still have a long way to go. We need the interest and the backing of many more people to make the most of our flood control program."

Another speaker was R. E. Lewis, SCS engineer. He spoke of the watershed association's achievement during the past year and reported that five detention reservoirs are either finished or under construction, and more are likely in 1955.

All the organization's officers were re-elected. They are Tom Hickman of Gainesville, president; H. D. Fields of Saint Jo, vice-president; J. G. Biffle Jr. of Myra, secretary-treasurer.

Directors re-elected are J. M. Weinzappel of Muenster, Johnnie Wilson of Gainesville and Jack Martin of Valley View. New directors are Paul Fisher of Muenster and C. B. Potter of Gainesville.

CARD OF THANKS

To those who expressed their sympathy in so many beautiful and practical ways during our recent sorrow, we extend our heartfelt thanks. For the spiritual tributes, the flowers, the many kindnesses we are deeply grateful. Special thanks to the pastors of Sacred Heart church, the Benedictine Sisters, the class of 1954, and to all who extended assistance and offered help. Our sad loss leaves us with grateful hearts toward neighbors and friends.

Agnes F. Hermes and Emil Rohmer United In Lindsay Service

—Boyd and Breeding Photo

During a nuptial high mass in Saint Peter's church at Lindsay on Wednesday at 4 p.m., Miss Agnes Frances Hermes became the bride of Emil A. Rohmer with Rev. Hubert Neu of Dallas, cousin of the bride, officiating.

Parents of the couple are Mr. and Mrs. Joseph Hermes of Lindsay and Mr. and Mrs. John Rohmer of Muenster.

Mr. Hermes gave his daughter in marriage. She wore a frost white Chantilly lace and nylon tulle wedding gown over bridal satin fashioned with a moulded basque bodice of lace designed with a portrait neckline and yoke of illusion. Long fitted sleeves tapered to points over her hands and tiny buttons fastened the waist down the back. Her bouffant skirt of layers of tulle over satin had a full gathered peplum of lace that extended in a deep point at the back and formed a chapel length train.

Her circular veil of imported silk illusion, with hand appliques of Chantilly lace around the edge, fell into two tiers from a face-framing bonnet of nylon net and lace embroidered with seed pearls. She carried her flowers, an orchid and valley lilies, on top of a bride's prayer book and also carried a crystal rosary, gifts from the groom.

Attendants

Miss Peggy Hermes was her sister's maid of honor wearing a floor length petal pink dress of taffeta with a full overskirt of circular tiers of tulle. She carried a cascading bouquet of aqua tinted carnations.

Leo Becker of Muenster was best man and Jim Hermes and Tony Rohmer, brothers of the couple, were ushers.

Acolytes for the mass were Alfred Hermes, Gilbert Hermes and Mark Hermes.

The altar before which the couple exchanged vows in a double ring ceremony was adorned with white gladioli and snapdragons and backed by greenery.

Mrs. William Schmitz, organist, played the wedding marches and assisted the church choir during the mass. At the offertory she accompanied Mrs. Ben Hermes and Miss Angela Hermes, aunt and cousin of the bride, who sang "Ave Maria."

Reception

After the services Mr. and Mrs. Hermes were hosts in the Lindsay Hall for a reception and buffet supper for 340 guests. And later at night a wedding dance was held in the Muenster VFW Hall.

The festivities preceded Mr. and Mrs. Rohmer's departure by car on a wedding trip. They did not reveal their destination. For traveling the bride wore a brown two-piece suit with pink and brown accessories and the orchid she carried at her wedding.

To Live in Muenster When they return they will

make their home in Muenster. Mr. Rohmer is owner and manager of the Ace Cafe. He attended Sacred Heart school and is a veteran of world war II with overseas service in the Pacific Theatre. His bride was graduated from Lindsay High school and was active in the Catholic Youth Organization of her parish.

For her daughter's wedding Mrs. Hermes wore a brown crepe dress with brown and white accessories. Mrs. Rohmer wore a navy blue crepe dress with black accessories. Both had white carnation corsages.

Among out of town guests at the wedding other than those from Cooke county were Mr. and Mrs. Morton Wright of Irving, Mr. and Mrs. Joe Spaeth of Wichita Falls and Miss Ida Rohmer of Fort Worth.

Pre-Nuptial Party

Members of the Young Ladies Sodality of Lindsay honored the bride with a pre-nuptial shower last Friday night. Misses Marcella Hermes and Aileen Schmitz, hostesses, served refreshments to about 25 guests after a series of games based on the bridal theme. The honoree opened and displayed lovely gifts.

Homet Banquet ---

through on an athletic scholarship.

In addition to those serious remarks Mr. Homsley presented a big serving of humor. He had anecdotes, factual and fictitious, on most of the players and some of the guests. Coach Hosea supplied more of the same as toastmaster and in his presentation of jackets to the lettermen. He had a separate little speech for every award.

The lettermen, and honored guests, of the banquet were Captains Joe Noggler and Wendell Richey, Jerry Klement, Donny Whitt, Ronald Hallmark, Jimmy Fisher, Lloyd Trubenbach, Don Moon, Lawrence Milner, Dickie Cain, Hubert Richey, Jimmy Hellman, Dan Hamric, Dee Kaderli, Jimmy Jack Biffle, Jimmy Harris, Jerry Wimmer, Wallace Dougherty, Clifford Swirczynski and Manager Ted Henschel.

Special guests were members of the 1954 all-district football team and their dates. The players, each of whom received a souvenir certificate of his membership on the mythical eleven, are Joe Noggler, Ronald Hallmark and Wallace Dougherty of Muenster; Frank Kerby, Bobby Clement, Neal Odom and Oscar Shelton of Sanger; Mack Holloway and George Peyton of Alvord; Johnny Leftwich of Era and Tommy Turner of Valley View.

The program opened with an invocation by Father Christopher Paladino after which Mrs. R. E. Hamric extended the Mothers' welcome and Donny Whitt responded for the team. The dinner, prepared by the Mothers Athletic Club, was served by the VFW Auxiliary while Bill Searcy's Blue Notes played dinner music. Wendell Richey presented the guests and Joe Noggler introduced the speaker.

Just before the closing benediction by Rev. D. S. Pettijohn the group, at the suggestion of Coach Hosea, stood for a minute of silent prayer in memory of Albert and Gilbert Knabe and Ernest Bayer, who lost their lives in an accident earlier that day.

Confetti ---

They have brought electric service to millions of homes that would still be begging if they had to wait on the private companies. In fact the companies have been mighty busy keeping pace with urban and industrial demands. It's doubtful that they could have reached all the country folks if they had tried.

The co-ops tackled a job that needed to be done and they did it magnificently. What's more they did it in the good old American free enterprise way. They got financial backing from the government, that's true, but the help was in the form of a loan, not a gift. There's nothing socialist about the REA system. Every penny of it is being repaid. Our local system, incidentally, is far ahead of schedule in its payments.
