**Letters To the Editor**

Dear Editor,  
This letter is in thanks of all that the businesses and citizens of Muenster have done to support us in our football season. Our special thanks go to the following people for the donations which helped us charter a bus to San Antonio:  
Catholic Daughters, Mrs. Veronica Hoagland, Hesperian Savings Assn., H&W Meat Company, W. J. Luke, Tom's Candy Distributor, Denis's Texaco, Mr. and Mrs. Wayne Grewing,

Texas Power & Light, Hoebebeck G.M.C., Pagel's Grocery, Koesler's Jewelry, Tugle Motor Co., Hess Furniture, Endres Motor Co., Fischer's Meat Market, Gerald M. Graham D.D.S.

We are sincerely sorry if we left anyone out. Without your constant support we could not have followed the Tigers through their successful season.

Thanks again,  
S. H. Drill Team

To the Editor:  
Many thanks for the newspaper which carried Daniela's birthday. This made us very

happy.

We shall always have the best memories of our stay in America and especially in Muenster. We often speak about it and are looking forward to visiting there again in three years.

We would like, through the newspaper, to greet everybody whom we met in Muenster.

Best wishes,  
Peter Trieb and family

To the Editor,  
I would like to use your paper to thank all those involved in the AMPI plant mural project, art students, poster project winners, Bert Hesse, Jeannine Flusche, Ben Bindel and others whose drawings inspired the scene; AMPI who provided the wall; Monica Hess for the idea and hard work; Patti Eberhart, who should be given honorary Muenster citizenship; Steve Walterscheid and all the painters, both student and adult.

Projects such as this can make our town unique. And the idea, work and cooperation must come from within the town.

This project should serve as a challenge to others to see what they can do to make our town more beautiful; and to all to see that all vandalism and destruction is discontinued.

Sincerely,  
Theresa Walterscheid

Dear Mr. Hartman:  
We were in Muenster last week for the game between Sacred Heart and St. Joseph Academy. We'd like to commend the citizens of Muenster for the fine treatment they gave us. We enjoyed every minute of our stay — the cheese and sausage were terrific.

Most important of all was the fact that we shared in a game that teamed up two of the greatest groups of students in the state. Your boys and ours are to be commended and they are examples of other youngsters.

Again, thanks to all your citizens for making us feel at home.

Very truly yours,  
Mrs. Mario Yzaguirre (No. 20)

Dear Editor:  
On behalf of Coach Hess and myself, I would like to express a sincere thank you to all the Tiger fans for their faithful support this past football season.

During the years I have resided in the Muenster Community there has been an overwhelming supply of spirit in backing both schools no matter what they do. The loyalty is sincere and true.

I would also like to thank the officers and directors of the Muenster State Bank for their generosity in purchasing our new scoreboard. Thanks also to the Muenster merchants, Catholic Life Insurance, Sacred Heart High School parents and friends who supported us on our TCIL Championship games.

Sincerely,  
Coach Eddie Stock

**Birthday Party For Clive Gobbie**

Clive Gobbie's birthday Saturday, December 3, was an especially happy and satisfying day for him. A party in his honor was held at Oak Tree Lodge Nursing Home. Mrs. Gobbie was a special guest.

Guests included 28 members of their church group and the pastor and his wife, and other friends.

The group enjoyed singing and visiting. The birthday cake was a conversation piece. It was a gift from the Gobbles' friend, Mrs. Kay Marshall of Lake Kiowa, who baked and decorated it with the emblem of the University of Kansas where both attended college.

Punch and birthday cake were served.

Mr. Gobbie received many birthday cards from friends and asked that his deep appreciation be expressed.

There are dozens of 19" diagonal Color TV sets on the market.

So why should you buy this one?

**RCA XL-100 19" diagonal**

**Consider these four seasons**

- 100% solid state extended life chassis. Designed to outperform and outlast any previous RCA chassis. It runs significantly cooler than its predecessor for greater inherent reliability.
- Automatic color control and flesh-tone correction system. Works to keep colors consistent. Also gives you natural background colors side by side.
- Super Accu Color black matrix picture tube. Produces sharp, dramatically detailed pictures. Black matrix absorbs room light to assure vivid color, even in bright light.

# SAVING TIPS on electric heating

1. Keep heating equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
2. Set thermostat at 68° or lower. Lower to 50° - 60° if you'll be away several days.
3. Weatherstrip doors and windows; caulk cracks to prevent drafts and warm air loss.
4. Check the filter every 30 days on forced-air systems. If filter is permanent, clean it by manufacturer's directions; if it's disposable, replace if dirty.
5. Thorough home insulation keeps the warmth in, cuts energy use. Can pay for itself by lowering heating (and cooling) costs.
6. When fireplace is not in use, keep damper closed.
7. On sunny days open draperies, blinds to let in warmth of sun.
8. Open outside doors as little as possible.
9. Keep furniture, draperies away from air outlets and returns so air will flow easily. Clean often.

## I REALLY PREFER RELAXING TO PAINTING

THAT'S WHY I LIKE SATINTONE ... the easy paints

First, they are easy. They brush or roll like a dream, dry in minutes, and the tools wash up in water. More important still, they really last, and I do enjoy the longer time between repaints.

If you'd rather take it easy than paint, next time try Satintone, the latex paint by Colony Paints. We have Satintone for all surfaces; indoors or out.

... you'll like the difference!

**Angie Wiesman Visits in Kermit**

Mrs. Angie Wiesman of Gainesville vacationed for a week and spent the Thanksgiving holidays in Kermit with a son and family, the Louis Wiesmans. She also visited granddaughters, Mr. and Mrs. A. J. Wachsmen of Midland and Mr. and Mrs. Fred Cleere of Odessa. She accompanied her hosts to view the oil rig where her son works, 90 miles from Kermit, on the desert. The holiday was observed Friday evening, because the men worked on Thanksgiving Day.

**Ed Clers Vacation In Big Bend Area**

Mr. and Mrs. Ed Cler vacationed recently with her brother and sister-in-law, Mr and Mrs. Jack Hoehn of Nocona when they did extensive sightseeing in the Big Bend area, Old Mexico, West Texas, and New Mexico.

They saw the state park at Monahans and the Sand Dunes. Of special interest was the "Not-Apparent Forest" of 40,000 acres, where trees grow no more than three feet above soil, but roots grow deep, seeking water, sometimes as much as 90 feet underground. It is a favorite area for "on-location" filming of movies.

In Fort Stockton they enjoyed viewing antique buildings and many old tourist interests.

They stayed in the Big Bend area for three days; when roads were passable they drove, when the road stopped, they walked and walked . . .

The next stop was at Terlingua, the Chili capital, followed by visits in Marfa and Alpine. The drive on El Camino del Rio, one of the most spectacular of the nation, was especially memorable. They saw white tail deer, mule deer, havalina, ground squirrels, coyotes along the highway, and many cacti and desert plants.

The four visited Fort Davis and Mt. Davis State Park, McDonald Observatory on Mt. Locke, highest in Texas and then drove to Kent and Van Horn and saw Guadalupe National Park and ruins of many old towns. They visited the Salt Flats and toured Carlsbad Caverns.

Then followed visits in Almagordo, and Cloud Craft, New Mexico, and in the former they saw the International Space Hall of Fame. They were in White Sands, New Mexico and visited friends in Hobbs, where they also toured the Confederate Air Force Museum.

While in the Big Bend Park, near the Hot Springs area, they met a grandson of the Alec Pulles, a son of Mr. and Mrs. Bernard Huchton.

**YOU CAN BANK ON IT!**

A safe deposit box is not a luxury. It is a second investment. Everyone has important documents which, if lost or destroyed, would cause great inconvenience. Sometimes it even would be disastrous. Stocks, bonds, mortgages, insurance policies, certificates of automobile title, valuable coin or stamp collections, expensive jewelry — all should have the security of a safe deposit box.

When you rent a box at the bank, you are the only person who can gain access to its contents. To open your box, you must be identified and sign an entrance card before being admitted to the deposit vault. And just one key will not open a deposit box; it takes two. Both yours and the vault attendant's must be used together. If your key is lost, no stranger will be able to get to the contents of your box.

A safe deposit box is the most secure place for valuable documents and other valuable small items... you can BANK on it!

**Lee Livingstons Observe Golden Wedding**

Mr. and Mrs. Lee Livingston of Myra were honored on their 50th wedding anniversary Sunday afternoon, November 27, during a reception at their home. Hosting the party were their two daughters and families, Mr. and Mrs. Freddie Schmitz of

Gainesville and Mr. and Mrs. Harold Dobkins of Fort Worth, four grandsons, Mr. and Mrs. Buster Bezner, Mr. and Mrs. Mike Schmitz, of Gainesville, Mr. and Mrs. Keith Dobkins of Fort Worth and Steve Dobkins, also of Fort Worth, and two great-grandchildren Rae Ann and Robby Bezner of Gainesville.

Guests at the party were registered as they arrived, by the great-grandchildren. The refreshment table held the beautiful decorated anniversary cake and the punch and coffee services. A centerpiece arrangement of bronze mums was sent by Ruth Jordan and Bess Harvey of Gainesville. The table was covered with a gold cloth, edged with deep, wide lace. The three-tiered cake decorated in pink and white, held tiny figurines of the two daughters, four grandsons, two great-grandchildren. Presiding at the punch bowl, cake and coffee were Mmes. Buster Bezner, Mike Schmitz and Keith Dobkins.

One hundred and four guests attended from Lafayette, La., Dallas, Farmers Branch, Lewisville, Fort Worth, Borger, Lindsay, Muenster, Sanger, San Antonio, Houston, Gainesville, Lake Kiowa and Quanah. There were phone calls from Longview and flowers from Arkansas and many beautiful cards from friends.

Mr. and Mrs. Lee Livingston were married on November 27, 1927 at Myra by the Rev.

**Amy Walterscheid Honored on Sixth**

Amy Walterscheid's sixth birthday of November 29 was observed twice on the important day.

In the morning her mother, Mrs. Sylvan Walterscheid visited the Kindergarten class and served punch and decorated cup cakes. Favors were sacks of candy which Amy presented to her classmates.

During the afternoon and after school, they entertained a group of friends. Joining them were Dana Wimmer, Rene Klement, Rose and Anne Felderhoff. Amy's grandparents, Mr. and Mrs. Tony Felderhoff and several aunts and uncles also attended.

There were gifts for the honoree; group pictures were made and refreshments of ice cream, punch and a decorated birthday cake were served.

**Lone Star Gas suggests HOW TO SQUEEZE MORE COMFORT FROM YOUR ENERGY DOLLAR.**

A tight house is more economical to heat and cool. Insulation is the number one way to save, and the recommended minimum for most homes in this area is R-26\* in the attic, R-19\* in the walls. Weatherstrip windows and doors, caulk cracks and crevices. Consider the installation of storm windows. Use drapes and blinds to control temperatures. Find a conservative thermostat setting that's right for your family, then avoid unnecessary thermostat changes.

Maintain maximum efficiency of your units by having a competent serviceman inspect them spring and fall. Dirty filters cause equipment to work harder and use more energy, so inspect them every 30 days. Clean permanent filters according to manufacturer's directions, replace disposable filters as needed.

Remarkably efficient gas reaches your meter with 93% of its original energy still available — because gas is a natural energy that's used in its original form. Using it directly for the jobs it does best actually helps conserve energy.

For more suggestions, request our free booklet, "Energy Conservation in the Home."

\*"R" stands for the resistance to flow of heat, or winter heat loss and summer heat gain. The higher the resistance value (R), the better the insulating quality. Source: Energy Advisory Service for Texas, Texas A & M University
