

# MUENSTER ENTERPRISE

VOLUME XIX

MUENSTER, COOKE COUNTY, TEXAS.

MARCH 11, 1955

NUMBER 16

A note in the news says talks are in progress in Geneva on the subject of releasing U.S. civilians now held prisoner by the Chinese Communists . . . and the reds indicate some willingness to cooperate if the ransom is high enough.

The item does not mention what type of pay off the pirates are hinting for. Most likely they would consider a spot in the U.N. Or Quemoy and the Matsus along with an agreement by the United States to clear out of Asia thus giving them the opportunity to go on and enslave the rest of Asia. We can take it for granted that the demand is high. The one fact communists have established beyond the shadow of a doubt these past several years is that they have a special talent for making their international gangsterism pay off.

To us the Communist insolence is all the more infuriating because it is added to other insolence which should not be tolerated in the first place. Kidnapping and detaining our citizens is the original insult. As for the ransom, no demand no matter how small, should ever be honored with our consideration. On principle we should not consent to pay as much as a single bowl of rice for all the American citizens now held in China. Every standard of civilization proclaims that the men are being detained . . . probably subjected to the usual array of communist inspired indignities besides . . . in violation of decency and justice, hence our only honorable response can be an ultimatum to set them free or else.

A humiliating change has come over this country in the past half century. Our official attitude is so tragically different from that exemplified by Teddy Roosevelt in the famous incident with the North African pirate chief. An American citizen had been kidnapped and Teddy received a message demanding a ransom for his safe return. Roosevelt sent back word that he'd have the American unharmed or the pirate dead, and ordered his fleet to start moving. The man was released unharmed and without ransom.

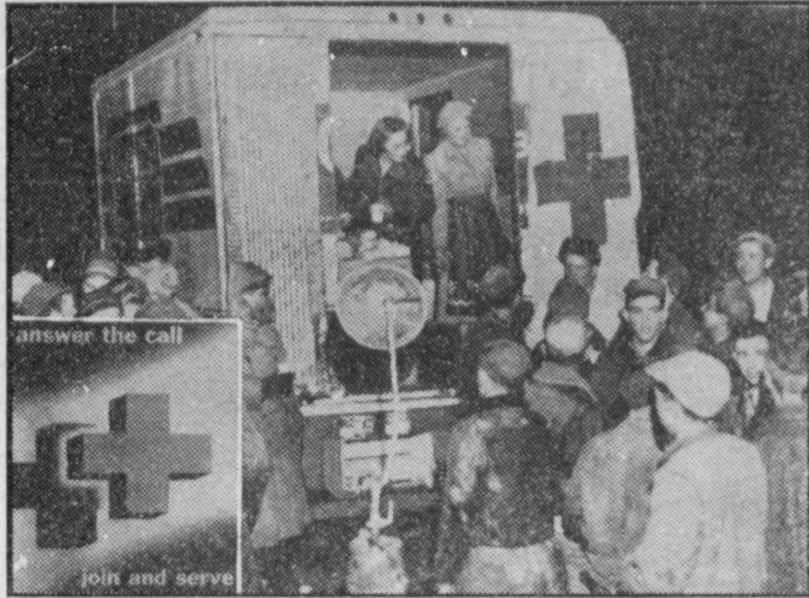

What's to keep the U.S. from acting on that principle now? What's happened to the old time spirit that made us respected by the world at large and feared by scoundrels?

The present situation is no different from that of Teddy Roosevelt's time. Americans have been captured by a ruthless gang of international criminals. And we're in position to counter their insolent demand with an ultimatum of our own. What's more we're altogether able to back our ultimatum with force if necessary. Senator Knowland's recommendation to blockade the China coast is a mild application of that principle, but it would probably be sufficient. The Peiping mob would come to terms in a hurry if they discovered that nothing comes into their country until the Americans come out.

But we mustn't do anything so drastic. Instead we should heed the wailing of our good British ally, which might lose a bit of the profit it realizes in trading with our enemy. Yes, and we should listen also to the propaganda of the reds and pinks over here who have had an anti-American and pro-communist attitude on every issue that has come up since the red conquest of China first got under way. After singing the communist praises for years those same propagandists try to capitalize on our fear, telling us of Chinese and Russian might and our danger in talking back to the reds.

The propaganda is wearing thin lately. The average American knows that the reds are stinkers, also that they haven't a ghost of a chance in a showdown conflict with us. However, we're less successful in shaking off the British influence. Those self-centered but short sighted allies, who honor the cut-throat Chinese regime with official recognition and keep urging world-wide recognition by a seat in the U.N., who now clamor for abandonment of more Nationalist islands to the reds, persist in the folly that co-existence can be made possible by more concessions.

In the first place their attitude (Continued on Page 10)

ANSWER THE CALL—Your Red Cross disaster service is one you may never need—but it needs YOU. Budget for '55 is \$5,127,000 for preparedness, relief. Join and serve during March.

ANSWER THE CALL—Your Red Cross supplies 40 per cent of the blood used in hospitals, needs an estimated \$14,287,000 to finance the program this year. Join and serve during March.

## Park Improvement Work Accompanies Pool Excavation

The first big step toward providing a pleasant recreational area for Muenster got under way last week end with excavation for the swimming pool and a general clean-up and beautification job.

The pool, which will adjoin the concrete slab at the south, now awaits forms and concrete work. Its top will be somewhat higher than the present ground level and dirt removed in the excavation will be shaped around it to form a terrace.

Several notable improvements are in the making in the park area. Dead trees, brush and saplings were cleared away, and high spots were worked into gullies to provide a generally clear and smooth area to the creek bank. At the same time unsightly blocks of concrete and several other objects were pushed into the creek.

Grader work will follow soon to put finishing touches on the bulldozer's job, after which the entire area will be planted in lawn grass. San Augustine seems to be preferred for that because it thrives better in shade and requires no mowing.

Other improvements planned are picnic tables and barbecue pits, which can also serve as incinerators, and possibly more kiddies play ground equipment.

Even the park driveway figures into the general change over. The entrance will be near the north-east corner and will lead due west past the north side of the pool, then make a loop southwest of the pool.

Civic organizations of the community are invited to join the city in the over-all program. To that end the VFW Auxiliary is considering sponsorship of the kiddies wading pool which will adjoin the main pool. Lions have also agreed to lend their help but have not decided definitely what project they will take on.

Help will be welcomed by the city on any of several jobs that are in sight. Such as sodding the area, providing park equipment or helping toward construction of the bath house.

## Playground Events Of District Meet Slated for Friday

Competition in the 1955 Interscholastic League spring meet begins Friday of this week when the seven participating schools meet at Valley View for their opening events.

Those events are tennis, volleyball and playground ball. Participating schools are Muenster, Callisburg, Era, Valley View, Saint Jo, Sanger and Alvord.

Other events of the district meet will be spread over four more dates. Declamation is scheduled for next Thursday night and most of the literary events will be held the following day. Subjects for that session are ready writing, number sense, poetry reading, spelling, typing, short-hand and slide rule.

The meet continues the following Thursday night with a one-act play contest in the Callisburg auditorium and ends on Friday the 25th with the district track and field meet at NTSC in Denton.

## 4 County Class B Track Teams Will Have Practice Meet

First competitive action of the season for Muenster's track and field team, and to some extent a preview of the official district meet on March 25, is scheduled for Wednesday of next week when Cooke County's four Class B schools meet in practice in Gainesville's Leeper Stadium, beginning at 1 p.m.

Anticipated as the outstanding feature of that affair is the annual sprint by Joe Noggler and Tommy Turner, the two outstanding Class B speedsters of the county. Both step off the 100 yard stretch in less than 10 seconds and Noggler will be striving to repeat his previous triumphs over the Valley View flash.

Other good performances are due to develop in events that will present several of last year's other district leaders. They are Richey, Whitt, Harris and Dougherty of Muenster, Hobbs and Crowsey of Callisburg, Haynie and Martin of Valley View, and Burks, Eason, Durham and the Sherrill brothers of Era.

Probable members of the Muenster team are Noggler, Wendell and Hubert Richey, Wimmer, Wolf, Hallmark, Whitt, Dougherty, Swirczynski, Harris, and Moon.

Plans to participate in the Possum Kingdom Relay at Graham Saturday have simmered down considerably since last week. Coach Hosea said Wednesday that most of the boys are not ready for competition, hence the school's only entry will be Noggler. Several other team members will go along and watch for ideas to improve their own performance.

## WITH THE MEN IN SERVICE

**Has Navy Discharge**  
Joe Moster is back at home with a discharge from the Navy. He spent the past year in North Africa and received his separation papers in Washington, D. C., before coming to Muenster. He is here with his mother, Mrs. Theresia Moster and family.

**A Civilian Again**  
Bernard Luke is back at home as a civilian after serving in Uncle Sam's Navy for four years. He returned to Muenster Tuesday night. Bernie was a land based sailor and spent most of his time at Quonset Point, R.I. He took regular cruises in connection with his duties and was aboard the Bennington when it was shaken by explosions last May. He was not injured. He also served aboard the Hornet and Tarawa.

## City Ballot to List 4 Names for 4 Jobs

Indications now are that there will be no changes in membership of the Muenster city council this year. The official ballot for the April 5 voting will show the four incumbents but no other candidates.

The official list of uncontested candidates was revealed Monday night at the council's regular monthly meeting. They are Urban Endres for mayor, and Herbert Meurer, Rudy Hellman and J. A. Fisher for aldermen. Since the deadline for filing candidacies was March 5 they are the only persons qualified to have their names printed on the ballot.

## Engineer Reports Map is Ready for Sewer Installation

Work on Muenster's new sewer line at the west side of the city can begin within two weeks, members of the city council were advised Monday night in their meeting with Paul Gregory of the Reaves and Gregory engineering firm of Fort Worth.

Gregory told the council that a map showing present sewer installations and elevations has been completed and that staking for the new line would be finished in less than two weeks. Allowing a few more days to spot new data on the map the firm will be ready to furnish a blue print.

Location and design for the new disposal plant still has not been determined. However, that will not delay the beginning of work on the line. The disposal plant plan is delayed temporarily while the engineer is checking on possibilities of handling the milk plant's waste along with city sewage.

Gregory also advised the council that the city map showing present and proposed waterworks installations has been finished.

The council also met with two representatives of the Katy railroad to discuss the city's request for a warning signal at the main street crossing and a street crossing on Maple, which is intended to be the future main route to the park and swimming pool.

The Katy men offered little encouragement for the signal, saying that it was not justified by the latest traffic count in December 1953. They added however that the company would be willing to make another count to determine if it is justified now. Another factor to consider, they said, is the small number of trains coming through here daily.

Regarding the street crossing the men were more encouraging but made no promise. They suggested that the city file its request in a letter stating what part of the work or expense they are willing to assume on the job.

Of the two requests the city considers the crossing as more desirable. Besides providing another route to the park it can serve as an extra crossing for emergencies when the Main Street crossing is blocked by a train.

## SH Tigers Start Baseball Practice

Regular practice for the Sacred Heart High baseball team started Wednesday as Father Christopher supervised about 30 youngsters at easy tossing to limber their arms gradually. He expects to spend the rest of this week at light workouts and start bearing down next week.

With only four of last year's regulars back the season's prospect looks somewhat dimmer, but the Tiger coach has hopes of finding new talent in his crowd of rookies.

The Academic League schedule this year will consist of two games with each district member, a total of six games. Date for the first game has not been sent in by the league chairman.

Mr. and Mrs. Sparkman Vann had as Sunday guests her mother, Mrs. Joe King, and her brother and wife, the Bob Kings, all of Fort Worth.

## P-TA Will Consider Establishing Fund For School Awards

Ways and means of establishing a permanent fund to provide awards for participation in school activities will be the big subject of discussion at next week's PTA meeting.

Mrs. R. E. Hamric, president, urges every member of the organization to be there if possible and help formulate a plan whereby children other than athletes can earn awards for their efforts in school activity. Another matter to be discussed is the value of awards to be given for each activity.

## 8 Zone Chairmen Named; Red Cross Drive Under Way

Muenster's 1955 Red Cross drive, headed for a quota of \$555 got under way Tuesday as eight ladies took on the job of soliciting funds in their respective zones of the city and surrounding rural area.

Each of the ladies is working as a zone chairman organizing her own group of helpers, according to Community Chairman H. H. Homsley.

They are Mmes. Dick Cain, Al Wiesman, Starling Lawson, Charles Fisher, Lawrence Roberg, T. S. Myrick, J. C. Trachta and Roy Bellville.

Mr. Homsley calls special attention to the fact that this is a regular Red Cross drive similar to those of past years and not connected in any way with the United Fund, which was recently organized in the county.

Most likely Red Cross will participate in United Fund and its 1956 quota will come from that source. However no organization can get donations from the United Fund this year. It has no money to give. Its first drive, which will probably be held in October, will raise funds to meet the needs of participating organizations next year.

## NEWS OF SICK AND INJURED

Adolph Walterescheid is recovering satisfactorily from eye surgery performed at Gainesville Tuesday. He had a pterygium removed from his left eye. It was similar to a cataract operation. He's up and around his home and is making daily visits to the doctor.

Earl Swingler is recovering normally from surgery performed in Jackson, Miss., Monday. Get-well greetings will reach him if they are addressed to 228 Redwood Ave.

Jerry Klement and Donny Whitt, seniors at Muenster High, joined six other Cooke county high school seniors on a trip to Texas A&M College where they spent the weekend in connection with the annual High School Day on the campus. They were accompanied by Charles Wilson, Tim Osborne and Bill Turner of Gainesville who provided transportation for the eight students.

It was the fourth consecutive year the Cooke County A&M Club sponsored the trip for county boys.

## Final Service for Mrs. Joe Hirschy, 69, Held Here Monday

Death Saturday claimed Mrs. Joe Hirschy, 69, formerly of Muenster, following a three months' illness. She passed away in the home of a daughter, Mrs. Joe Gehring, in Dallas where she had spent most of her time since leaving this city about three years ago.

Funeral services were held here Monday morning in Sacred Heart church with Rev. Patrick Hannon officiating at the requiem high mass and at grave side rites in Sacred Heart cemetery. Nick Miller was in charge of funeral arrangements. Rosary was recited at the Miller Funeral Home Sunday night at 8 o'clock.

Bearers were Clarence Fowler, J. M. Weinzapfel, J. H. Otto, John Albers, Lou Wolf and L. A. Bernauer.

Mrs. Hirschy came to Muenster in July 1938 with her husband who established this city's first bakery. He was a baker in Dallas two years, owned and operated a bakery in Wichita Falls for 21 years, 1916 to 1937, and was in Schulenberg one year before going into business here. He died in February 1944 and she continued operating the bakery until 1952.

The former Miss Emilie Duderstadt, Mrs. Hirschy was born at Meyersville, Texas, Nov. 30, 1885. She married Mr. Hirschy in Dallas on May 20, 1913.

Three daughters survive: Mrs. Gehring of Dallas, Mrs. Jimmy Lehnertz of Muenster, and Mrs. Richard Gregorcyk of Victoria. Also surviving are eight grandchildren, four half-sisters and three half-brothers.

Among relatives and friends at the funeral were Mr. and Mrs. Joe Gehring and son, Larry Vest and Mrs. Pearl Calhoun, all of Dallas, Mrs. Richard Gregorcyk and son of Victoria, Mrs. M. P. Wright and Bill Wright of Robstown, Mrs. Dee McKinney, Mrs. Percy Williams and Lonnie Gregorcyk all of Georgetown, and Mr. and Mrs. Oscar Gehring of Windthorst.

## Welch Resigns at Callisburg School

Virgil Lee Welch, superintendent of the Callisburg school and former Muenster teacher, has resigned his present position to become assistant principal in a large high school in El Paso. His resignation becomes effective at the end of the school year and he intends to move about July 1.

He transfers to a new building, the Burges High School, which is due to be completed by September and will accommodate 2600 students. Mrs. Welch will teach in an El Paso elementary school.

## Local Third Order Re-elects J. W. Hess

In the closing session of their three-day triduum and institute Thursday afternoon members of the local fraternity Third Order of Saint Francis re-elected J. W. Hess as prefect, Mrs. Leo Henschel as novice mistress and Miss Lena Kleiss as her assistant. Other officers, all new elections, are R. R. Endres vice prefect, Mrs. J. B. Wilde treasurer, Mrs. J. W. Fisher secretary, and Rosa Driever publicity.

Sessions and conferences of the annual three-day program began on March 1. Rev. Elias Koppert, O.F.M., provincial commissary from Chicago, directed the institute and delivered the principal address each day. Members participated by giving talks and papers at the afternoon and evening sessions.

## SCHEDULE OF COMING EVENTS

FRIDAY, March 11, Catholic Daughters of America meeting, in the K of C Hall, 8 p.m.

FRIDAY, Mar. 11, Playground events of district meet at Valley View.

MONDAY, March 14, Garden Club meeting, in the City Hall, 8 p.m.

TUESDAY, Mar. 15, PTA meeting.

WEDNESDAY, Mar. 16, County Class B track meet in Leeper Stadium, Gainesville.

### S.H. Students Give Vocation Programs

Observing Vocation Month, students of Sacred Heart school have presented skits, arranged various exhibits, and entered a diocesan poster contest.

Eighth grade girls appeared in a playlet entitled "What Katy Did," depicting events in the life of a young girl entering a convent. Eighth grade boys gave a skit about St. Benedict and the life of his monks.

High school students joined seventh and eighth graders in the poster contest and also arranged vocation exhibits. The exhibits will be on display all during the month of March.

### SURPRISE GIFT SHOWER HONORS MRS. RAY SICKING

A surprise gift party honored Mrs. Ray Sicking Wednesday afternoon when a trio of hostesses, Mmes. Eddie Krahl, Bill Flusche of Lindsay and Walter Eberhart of Gainesville, entertained in the Krahl home here.

About 25 guests presented the honoree a shower of gifts tied with pink and blue ribbon and spent the afternoon playing games directed by the hostesses. In contests awards went to Mrs. J. B. Wilde and Mrs. Alfred Sicking as winners.

Refreshments of sandwiches, a dessert, pink angel cake and coffee were served.

### SENIOR CLASS BENEFIT

Seniors of Muenster High will take on their teachers Monday night in a pair of benefit games to raise money for their class fund. Girls will play the faculty women in volley ball and boys will play the faculty men in basketball.

At a conference of party propagandists the local party boss announced to the assembled comrades the launching of a drive for new members.

"We need the active help of every comrade present," he said, "and will reward each one of you according to his accomplishment. Those who bring in two members will have their membership dues cut in half. Those who bring in five will get a free party card. Finally should any of you succeed in bringing in ten new members, we promise you a certificate stating that you never were a member of the Communist Party."

**DON'T LAUGH, FELLOWS**—The little lady may arrive home from her spring shopping tour with a peek-a-boo item such as this. The lightweight picot original is being modeled in Paris, France.

### Parochial Seventh And Eighth Graders Practice Operetta

Seventh and eighth grade boys of Sacred Heart school are adding final touches to song and dance numbers as they prepare for the presentation of an operetta, "H. M. S. Pinafore," an original Gilbert and Sullivan production abridged by Norman Grayson.

It will be given on a double header program March 18 and 20 in the MHS auditorium. The first performance will be a matinee for children. The second will begin at 8:15 p.m. with admissions being twenty-five and fifty cents.

Sister Carmelita, long a fancier of opera and ballet, directs one such play each year if possible, drawing on her students for the cast. This year she selected an all boy cast and the youngsters are taking feminine roles as well as masculine parts.

"Pinafore" tells the story of Josephine, played by Eddie Joe Schmitt, whose social position and ambitious father keep her from her true love, a lowly sailor, enacted by Billy Joe Dangelmayr. She has been promised to a nobleman. Revelation of a secret, that infants were mixed up at birth, brings the story to a happy end.

Solo singers are Eddie Joe Schmitt, John Hoberer, Pat Hess, Jim Gehrig and John Hosea Jr. There are 42 in the cast. Seventh and eighth grade girls will form the choral background.

About 60 minutes long, the operetta promises a full hour of entertainment. Costumes depicting a period in the 1870's, are designed by students and their director and are being stitched up by volunteer seamstresses.

When it goes on the stage, the operetta will represent many hours of work collectively by its cast, not counting immeasurable hours of individual practice.

Sister Cecilia, music instructor at Sacred Heart, is assisting

Sister Carmelita with rehearsals and will play the piano accompaniment for the production.

### JACK WAS WRONG

According to the old nursery rhyme, "Jack Spratt would eat no fat."

The chances are that this aversion of Jack's had a deleterious effect on his health and, very likely, shortened his life.

We often see people trim all the fat off a serving of meat and eat nothing but the lean. Nutritionists frown on that practice. Studies carried on all over the world have shown that fat is

important to human nutrition. It makes needed contributions to complex bodily functions. It helps to keep protein from being consumed for energy purposes. It also aids in storing the protein which must be supplied to the body each day. And it is required by children and teen-agers, as well as adults.

Another misconception is that fat hampers the digestive processes. The truth is that the fat in a properly balanced diet is easily digested by a normal system. In moderate amounts it interferes in no way with the

digestibility of other foods, and it makes a definite contribution to the flavor of meals. Nutritionists are not entirely agreed on just how much fat the diet should contain. But many believe that it should be enough to supply from 20 per cent to 35 per cent of the day's total calories.

Yes, Jack Spratt who ate no fat was wrong. So was his wife who would eat no lean. The human body needs both. Many a man is proud of his father and mother merely because they are the parents of a fine fellow like himself.

### Marion Ray Hott, Gladys Lora Smith Say Nuptial Vows

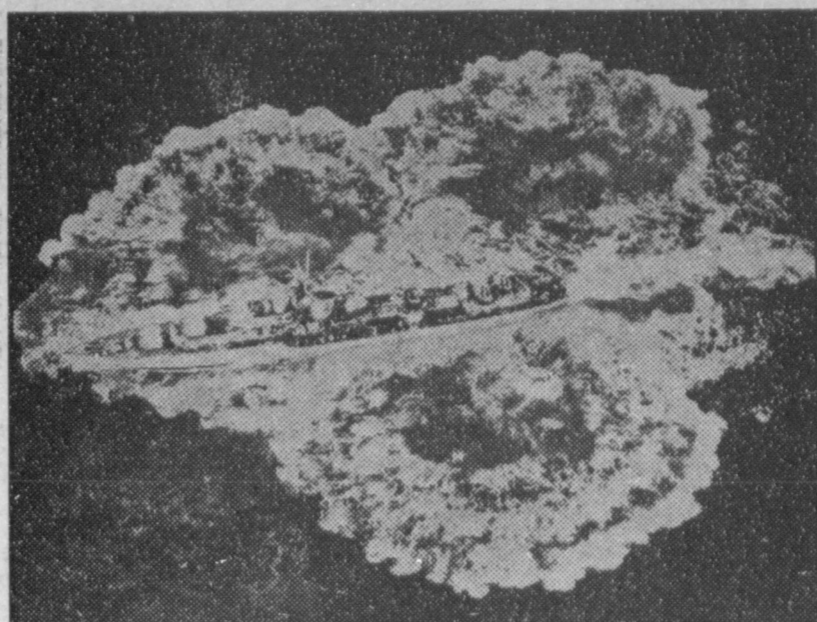

Marion Ray Hott and Miss Gladys Lora Smith exchanged marriage vows Saturday morning at 11 o'clock in a single ring ceremony read by Rev. C. M. Thomas in his home in Gainesville.

The bride is the daughter of Mr. and Mrs. O. P. Pierce of Walnut Bend and the groom is the son of Mr. and Mrs. J. E. Hott of Myra, formerly of Muenster.

For her wedding the bride wore a cream linen two-piece suit with brown accessories and a white carnation corsage. Her attendant, Miss Polly Carr, wore a two-piece pink linen suit with black accessories and a carnation corsage. J. C. Long was best man.

The couple will live in Gainesville at 424 Throckmorton Street.

Nothing ever seems to happen in life as it is feared or as it is hoped.

**LUCKY ON TOPSIDE ONLY**—Good luck for the destroyer, bad luck for any lurking submarine, that's what this gigantic shamrock in Mediterranean waters signifies. H.M.S. Barrosa fashioned this pattern of destruction with a new depth-charge launching device, "The Squid," which flings depth charges ahead of the attacking vessel instead of dropping them behind it.

### St. Anne's Society Starts Plans for State Convention

Members of Saint Anne's Society, meeting Sunday, made plans for a mission exhibit and a souvenir stand at the annual state convention of the Catholic State League here next summer.

The mission exhibit, always a popular feature at conventions, will display altar linens, church vestments and hospital bandages. After the convention all the articles are distributed among needy missions.

Members were asked to contribute soft white material—sheets, shirts, flour sacks—for the bandages and their help was solicited in remodeling vestments. Those wishing to help rip or sew may pick up work at Mrs. Lena Streng's home. Mrs. Streng is in charge of the project.

Plans for the souvenir stand will be carried on by Mrs. J. W. Fisher who accepted chairmanship of a committee to be in charge.

Further convention plans including housing and meals will be discussed at the next meeting. Mrs. Frank Yosten, chairman of

the quilting department, announced that four quilts were delivered recently. Three went to the local Benedictine Sisters and one to Father William Lane of St. Charles church at Gainesville.

Members voted a ten dollar contribution to the annual Peter's Pence Fund for the Holy Father and five dollars to the National Catholic Women's Union Central Bureau Maintenance Fund.

Mrs. Victor Hartman, president, conducted the meeting and won the attendance prize, a silver rosary. Fifty-one members were present for the session in the parish hall following a prayer service in church at 2:30.

### Local News BRIEFS

Airman and Mrs. Antonio Chantre of Wichita Falls spent Sunday here with her parents, Mr. and Mrs. John Streng.

Jerry Fette who works on an oil rig at Roscoe spent a few days of this week here with his parents, the Henry Fettes.

Word has reached here of the recent death of Sister Wilhelmina, a former teacher at Sacred Heart school. She passed away at Holy Angels convent hospital in Jonesboro, Ark., after being ill several months.

Mrs. Joe Swingler left Sunday for Jackson, Miss., to spend about two weeks with her son and family, the Earl Swinglers. Earl underwent surgery Monday and will be hospitalized about ten days. Mr. and Mrs. Hank Walterscheid drove her mother, Mrs. Swingler, to Dallas and she boarded a train there for the trip.

Guests of the Joe Swinglers Friday to Monday were Mr. Swingler's brother-in-law and sister, Mr. and Mrs. Victor Walk of Neoga, Ill., a sister-in-law Mrs. Tillie Swingler, and friends of the family Mr. and Mrs. Henry Zerusen all of Teutopolis, Ill. They also visited the Kleiss and Luttmner families, long time friends from their days together in Illinois.

Mr. and Mrs. Bill Morris were in Bowie Monday afternoon to attend funeral services for Mrs. Annie Belle Wolsie.

Mr. and Mrs. Jim Cook spent the weekend in Garland with her niece and family the Les Leamons. The couple and their four children brought the Cooks home Sunday afternoon and were supper guests in the Cook home.

Mr. and Mrs. John Thul of Bode, Iowa, visited here with the H. J. Fuhrmans and at Lindsay with the Adolph Fuhrmans on Friday and Saturday. They were enroute home after a visit in the Rio Grande Valley.

Mrs. J. B. Golden, guest of Mrs. Lawrence Roberg for four days, left Tuesday to return to her home in Lubbock.

Truman Wolf celebrated his 12th birthday Sunday by having three of his classmates at his home. His mother, Mrs. Bernard Wolf, served dinner at noon, and additional birthday cake and home made ice cream in the afternoon. Guests were Larry Joe Wimmer, Tim Fette and John David Reiter.

Mr. and Mrs. H. J. Fuhrman attended open house Sunday afternoon at the new home of Mr. and Mrs. Otto Flusche in Gainesville. Punch and cookies were served to about 25 guests. The Flusches received lovely gifts for their new brick veneer house.

Messrs. and Mmes. Jim Cook of Muenster and Joe Parker and Fred Michael of Gainesville were in Bowie Tuesday night to attend a safety meeting and buffet supper given by Service Pipe Line Co.

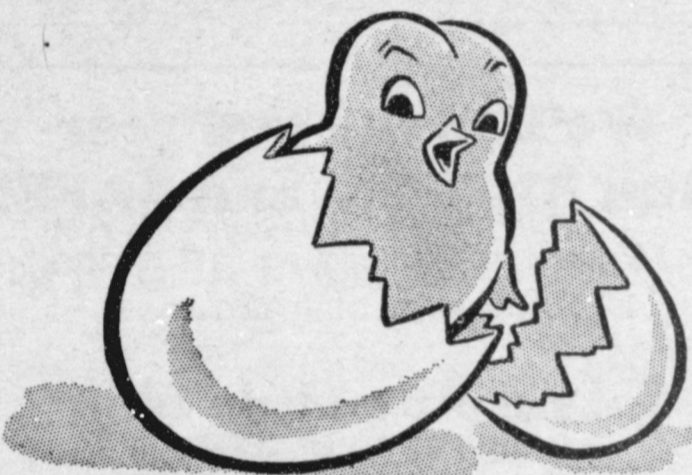

Mr. and Mrs. Ferd Yosten and children Judy, Harry and Teddy of Fort Worth spent Sunday here with their parents, the I. A. Schoechs and Frank Yosten.

Mrs. Clarence Hellman and children and Miss Bernice Walterscheid spent Saturday in Wichita Falls. Mary Nell Hellman and Lorene Fleitman who had spent Friday overnight here with homefolks returned to Wichita with them. The girls attend business college there.

Mr. and Mrs. Rupert Hoenig and son Robert Dale of Dallas spent the weekend here and at Gainesville with their parents, the Joe Hoenigs and the Ted Neus. It was the baby's first visit to Cooke County. Mrs. Hoenig who had spent the past week with her son and family returned to Muenster with them.

Mr. and Mrs. Carl Herr of Pilot Point visited his mother Mrs. Fred Herr Sr. and his sisters Lena, Elizabeth and Katie Sunday.

Mr. and Mrs. Harold Luke and son of Dallas were here for a weekend visit with his family, the Ben Lukes.

I can't start any younger, so, right now, go get me some . . .

## MAKING FREE WITH THE TRUTH

"Those who know the truth," Confucius remarked about 2,450 years ago, "are not equal to those who love it." And it would seem that public servants who are fired with almost religious zeal in their determination to spread the truth abroad, haven't enough faith in the truth to trust it at home.

Spokesmen for the US Information Agency, who profess to believe that the truth about America will make oppressed peoples free, are continually—in their perennial drive for bigger appropriations, illustrating the disadvantage at which they work by stating that the Soviet Union spends approximately a billion and a half dollars for propaganda, while the US spends (in fiscal '55) only 77 millions.

If the American citizens who have to get up our foreign aid funds were to employ similar sophistry in filling out their income tax blanks says Eugene W. Castle, author of the just published "Billions, Blunders and Baloney", our corrective institutions would be filled to overflowing.

One figure is as misleading as the other, says Mr. Castle, whose new book shows up the costly and unending stupidities by which we are spending ourselves into the role of an international Typhoid Mary.

That Soviet expenditure of

\$1,500,000,000, Mr. Castle explains, includes the cost of producing every publication—newspapers, magazines, books, all radio programs and other media in the vast USSR—as well as the Kremlin's foreign propaganda. A similar figure for America, which has probably never been estimated, would be astronomical.

And as to the paltry 77 millions the USIA is snivelling over, that is the budget for this one bureau. Propaganda activities of the State Department and the Foreign Operations Administration bring the figure up to 200 million.

We should also add in, says Mr. Castle, the five billions or so FOA is giving away in military and economic aid—since its objective is also to win foreign support. As the author of the volume that uneasy bureaucrats are sneaking out of Washington bookshops under their overcoats sums it up: "We are spending many billions of dollars more . . . than our Washington officials reveal. It's time to tell the truth. It's time to keep an honest set of books for Americans."

And we still believe what Candidate Eisenhower said in 1952: "We can live within our means. That is what the brains of America can do if we just give them the chance."

## CHINA TRIED IT TOO

As long as there are people and governments to govern them, the struggle of the state versus the individual will go on.

Almost a thousand years ago China indulged in "a little socialism." In the year 1069 that country was afflicted with widespread crop failure. The people were in distress. The emperor established a "new deal" and issued a "declaration of principles" which stated that it was the duty of the government to "love the people and to procure them the real advantages of life which are plenty and pleasure." To accomplish this object the state "shall . . . enforce obedience by wise and inflexible laws." It "shall take possession of all the resources of the empire and become the sole owner, master and employer. The state will then manage commerce, industry and agriculture with the view of succoring working classes and preventing their being ground to the dust by the rich."

The poor were exempt from taxes and land was assigned to farmers each year, the seed distributed among them as necessary. The government decreed the kind of crops to be grown. These reforms were to result in abundance and happiness for all except "usurers and monopolists." Of course prices were also regulated by the state. By 1129 A.D. this socialist-communist system broke down completely.

No, there is nothing new about experiments with all-wise, super governments. They are always accompanied by intervals of darkness for freedom and progress.

The best exercise for the heart is reaching down and helping people up.

A new groom sweeps clean . . . and also washes the dishes.

There Is None So Blind As He Who Will Not See

## "POLITICAL CARE"—NOT MEDICAL CARE

The Dallas Morning News has something worthwhile to say about the medical care problem, under the title "Private Security."

"Ninety-five of every 100 workers are now covered by some kind of private—not government—benefit program," the paper pointed out. "This is not the brag of private business. It is a government figure."

Nine of ten have life insurance. Eight of ten have hospital insurance, and more than half of those have surgical policies. Six of ten are covered for sickness and accident. Five of ten have medical care. Six of ten have their own company pension coverage.

"Yet, there is growing pressure in Washington for the Federal Government to get into the medical business. It makes just as

much sense as the government going into the automobile business so that those who don't have a car can have one—at taxpayers' expense. That pressure is for political 'care,' not medical care."

It's also significant that the growth of the various voluntary health insurance plans has been phenomenal in a short period of time. And that growth continues—which certainly proves that the majority of us want and can afford the protection.

There is, of course, a small percentage of indigent people who can't afford such insurance. They can be helped, in whatever measure is needed, without subjecting all the rest of us to politically-dominated medicine.

Never complain about your troubles; they are responsible for more than half your income.

## Faith Is the Key To the Riddle

By Rev. Richard Walsh

FOR YEARS the best-selling non-fiction have been books on how to gain peace of mind. But even these well advertised cure-alls don't help much if they leave God out of the picture. Without God there is no possible solution to the riddle of modern life.

Fortunately we do know what life is all about. We don't have to throw up our hands in despair and admit that life is meaningless. Nor do we have to take a chance that the secret of the ages lies in this or that new idea. WE KNOW. We know because of faith, because God has told us the answer.

Walsh

**FAITH IS KNOWING.** It is an act of the intellect, our intelligence, by which we accept as true whatever truths have been revealed by God. It is not a vague, good feeling inside that everything is going to be alright. It is an intelligent acceptance of those truths which God has revealed to us.

If the world needs anything today, it needs truth—not theory, not hope, not blind stabs in the dark, but truth. Many of today's so-called educated people affirm that there is no such thing as absolute truth. They say that what is true today is false tomorrow. This is the intellectual crime that festers in some of our great universities

and has spread throughout the country. Truth and error are constantly being changed to fit the times.

**BUT NO MATTER** what our critics allege, we have fixed and permanent truth from the lips of God Himself. The whole of Christian revelation is nothing but the sum total of the truths that Jesus Christ, God Himself asks us to accept on His authority. He was the light who came to enlighten every man with the truth of God.

Some claim they believe nothing they cannot see for themselves. They say faith is alright for peasants, but not for them—to believe what you cannot see is too much to ask. But they forget that almost everything they know comes from some authority they accept without question.

**CONSIDER HOW MUCH** of our knowledge is acquired from human testimony. We don't have any first-hand evidence that Julius Caesar conquered Gaul. We don't really know that there are 400 million people in China. For most of us the facts of history, geography, and the physical sciences are learned and believed on human authority. How stupid it is to reject the authority of Jesus Christ, Who was both God and man.

All of us have been created by the same Father for the same purpose: to live with God forever in Heaven. The journey that ends with the vision of God for all eternity begins with a simple act of faith by which we believe all that God has revealed to us.

From where I sit . . . by Joe Marsh

Uses His Head Saves His Feet

Nobody around here can remember when Pop Turner wasn't our town's postman. He must have been toting that big, heavy mail-sack since Pony Express days.

That's why it's sometimes a shock to see him these days pulling his mail bag around in a "caddy cart," a sort of light wagon that golfers use so they don't have to carry their clubs.

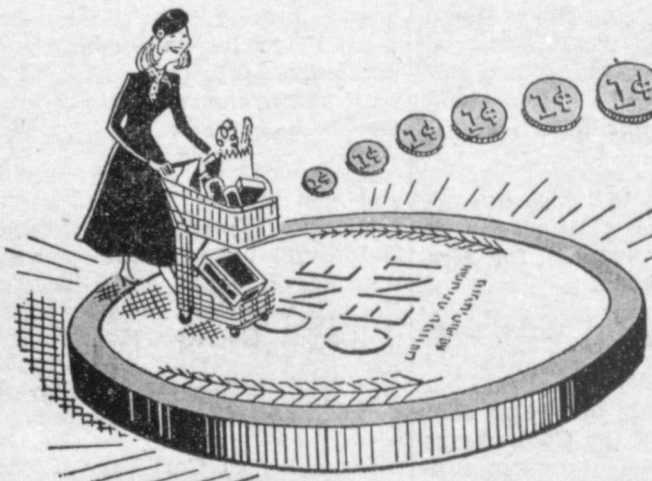

"Folks sometimes holler 'fore' at me and ask me how my game is," Pop reports, "but I'm not ashamed to learn something new. Just wish I'd thought about these

golf gadgets years ago!"

From where I sit, it's good to see someone come up with a new wrinkle—keeps us from feeling too regimented. For instance, perhaps you've always felt that hot milk is the only thing to drink at bedtime. Then someday you meet a fellow who prefers a cold glass of beer. Well, that's his choice—and certainly he's entitled to it. We can't expect everyone to follow our old habits to the "letter."

**Vanishing American**

Some years ago, during the depression, a government agent traveled through the Tennessee mountains making small allotments to impoverished farmers for seed, stock or needed improvements. He found one woman who lived alone, scratching a bare living on two acres of barren ground.

"If the government should allot you \$200.00, what would you do with it?" he asked her.

The woman thought for a moment. Her cabin had no floor, its windows were covered with tar paper, light came through the broken walls. Finally she looked up.

"Reckon I'd give it to the poor," she said.

Hay is something we must make between the time we get out of it until we hit it.

When in doubt what to say, take a chance on getting by with the truth.

**Variety Program Observes 4-H Week**

A variety program Tuesday night in Sacred Heart High gymnasium observed National 4-H Club Week here with members of the school's five clubs participating and parents and friends joining them in attendance.

Miss Nelda Bayer, president of the senior girls' club extended welcome and emceed the program for which Rev. Christopher Paladino was the featured speaker. He praised the 4-H movement, commended the young people on their achievements, and complimented their parents on the interest they take and the help they give their children in their projects.

Education of the youth through such organizations as 4-H has brought farmers forward, has increased farm benefits, has made farm life more enjoyable and profitable and has benefited community life, he said.

Entertainment consisted of 4-H films, pantomimes, vocal and instrumental numbers, a sing-song and a sock dance.

Norma Jean Walterscheid, Della Fette and Ethelmae Knabe appeared in a black-face pantomime, "Shortnin' Bread," and Misses Fette and Knabe followed up in a similar performance of lip singing and action to "I Was Looking Back To See."

Sonny Walterscheid and his accordion, and Denis Hofbauer, Danny and Billy Dean Owen, guitarists, accompanied vocalists Norma Jean, Della and Ethelmae; and Billy Dean sang a solo.

Hostesses for the evening served refreshments and Mrs. George Mollenkopf won the door prize, 15 baby chicks from the Muenster Hatchery.

**Local News BRIEFS**

Weekend guests in the John Herr home were their son-in-law and daughter, Mr. and Mrs. Q. D. Pettigrew and son Timmy of Kaufman.

Sgt. and Mrs. C. C. Blanton of Fort Bragg, N. C., are visiting her parents, the Matt Mullers and family, while he is on leave. Mrs. Blanton is the former Miss Eva Muller. Enroute to Muenster the couple stopped at Forest City, N. C., to visit her sister and family, the C. D. Richards.

Mrs. Joe Swirczynski is visiting in Woodman, Colo., where her son-in-law and daughter, the Clarence Erpeldings and family moved the past week to make their home after living in Bode, Iowa. Another daughter of Mrs. Swirczynski, Mrs. Alex Knauf and her family also live at Woodman which is a short distance from Colorado Springs.

### Auxiliary Reviews Activity; Gets Two Projects Started

Coming activity was reviewed and work on two projects got under way Monday night during a regular meeting of the VFW Auxiliary.

To help furnish the kitchen at the VFW Hall, members inaugurated a sales campaign for silverware. They'll sell vanilla flavoring to secure the 60 place settings.

The other project is making new covers for the 66 tables in the hall. The Charm Shop donated 63 yards of pastel colored Indian head material, enough for 46 tables, and members voted to buy additional yardage for the remaining covers. Two members, Mrs. Ray Swirczynski and Mrs. Dick Trachta, are already busy cutting and hemming the material.

Projects taken over for work and attention within the coming weeks include the sale of Buddy Poppies and Mrs. Walter Rawley

volunteered as chairman of the campaign. She will select assistants for this April activity.

Another and larger undertaking by the organization is the wading pool to adjoin the swimming pool. The Auxiliary plans to finance this addition to the pool.

Honor Roll participation for the month consists of a contribution to Health and Happiness Fund for the VFW National Home at Grand Rapids, Mich. This donation is made from treasury funds. Another contribution, free will silver offerings from the membership, resulted in \$4.35 for the Freedom Scroll.

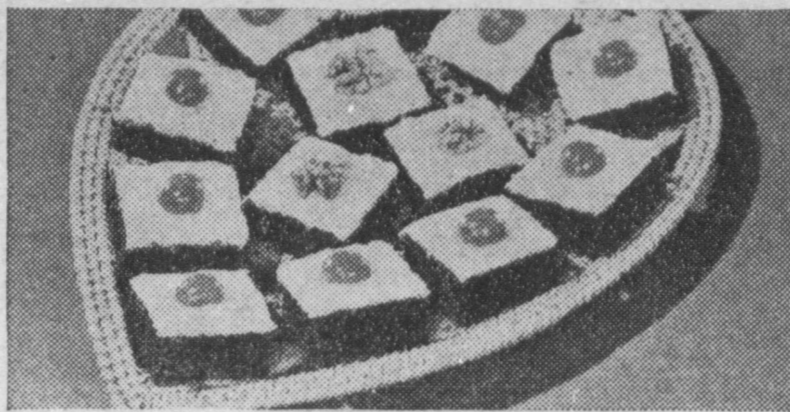

Members also approved a ten dollar contribution from the treasury to the street marker fund.

It was announced that a call meeting will be held on March 18 at which time the annual election of officers will be held.

Mrs. Ray Swirczynski, president, conducted the business session and Mrs. Francis Wiese served refreshments after adjournment. Mrs. Steve Moster won the attendance prize. Twenty-four members were present.

Wouldn't it be nice if anyone tempted to point a finger would instead hold out a hand?

### Tempting Treat or Company Dessert

Delectable fudge squares—quick, easy, and so good!

These Southern Fudge Squares will win applause from youngsters, the men folk and fussy aunts alike. Made thick or thin, they're equally delicious—vary the topping to suit your fancy!

#### SOUTHERN FUDGE SQUARES

- |                                |  |
|--------------------------------|--|
| 1/2 cup shortening             | 1 square unsweetened chocolate, melted |
| 1/2 cup sugar                  | 1 cup sifted all-purpose flour         |
| 1/2 cup KARO Syrup, Blue Label | 1/2 teaspoon salt                      |
| 1 egg, beaten                  | 1 teaspoon baking soda                 |
| 1 teaspoon vanilla             | 3/4 cup sour milk                      |

Cream shortening, gradually add sugar and beat until light and fluffy. Add KARO, beat well. Add egg, vanilla and melted chocolate. Add sifted dry ingredients alternately with sour milk, stirring just until smooth after each addition. Pour into well-greased oblong pan (12 x 7 x 2 inches) or 2 8-inch square pans. Bake in moderate oven (375° F.) about 25 minutes. When cool, spread with your favorite chocolate butter-cream or fudge frosting and cut into 2-inch squares. Makes about 18 squares.

Note: For thick cake-like squares, bake in 8-inch square cake pan in moderate oven (350° F.) about 45 minutes.

What's New—A popcorn device which consists of a pie plate wrapped in aluminum foil containing the kernels and seasoning oil. After enclosing kernels, plate is put over flame. Within three minutes the aluminum container expands like a balloon; two minutes later, popcorn is ready.

### Blessed Events

A seven pound seven ounce daughter was born to Mr. and Mrs. Henry Yosten at 4:45 p.m. Thursday, March 3, at the Muenster Clinic. Others welcoming the new arrival are her sister Kathy, her brothers Henry and Douglas, the grandparents Messrs. and Mmes. Henry Wiesman and Frank Yosten, and the great-grandmother Mrs. Frances Binz. At her christening service Sunday afternoon the little girl was named Carol Ann. Ferd Yosten of Fort Worth and Mrs. Leonard Yosten were godparents.

Mr. and Mrs. R. J. Fuhrman of Lindsay announce the birth of a daughter Sunday at 7:17 a.m. at Gainesville Sanitarium. Mr. and Mrs. Matt Fuhrman of Lindsay are the paternal grandparents.

Mr. and Mrs. Paul Neu of Lindsay are the parents of a six pound ten ounce boy born at 5:04 a.m. Thursday, March 3, at M&S Hospital. There are two other children in the family, a boy and a girl. Grandparents are Mr. and Mrs. Matt Neu of Lindsay and Mr. and Mrs. Ed Heitzman of Gainesville. Mrs. Lena Schmitt of Lindsay is great-grandmother.

Mr. and Mrs. Monte Hellman announce the birth of a daughter, their second girl, on Wednesday, March 9, in a Milwaukee hospital at 5 a.m. Grandparents are Messrs. and Mmes. Rudy Hellman and Clarence Hellman, and great-grandparents are Messrs. and Mmes. G. H. Hellman and John Eberhart and Mmes. Catherine Huchton and Ben Hellman. Mrs. Rudy Hellman and Mrs. G. H. Hellman, visiting in Milwaukee, made the acquaintance of the new baby before they started their trip home.

### Garden Club Will Have Meet Monday

Members of the Civic League and Garden Club at their meeting next Monday night will hear Mrs. Steve Moster who will give a talk on "Texas Perennials." They'll answer roll call by identifying an evergreen sample they bring with them.

They'll also bring a blossom and report on their horticultural project for this year—daffodils. While this report was scheduled for next month it has been moved forward because daffodils are in full bloom now.

Mrs. E. C. Meade of Gainesville and Mrs. Robert Talley of Denton, District Two directors, plan to attend the meeting. It will be held in the City Hall.

Too many parents tie up their dogs and let their 16-year-olds run loose.

Policeman: "Is there anything peculiar about your husband by which he could be recognized in case we find the body?"  
Woman: "Yes, he's deaf in one ear."

3 TIMES FASTER • CHEAPER TOO

**NO FLIGHT OF IMAGINATION**—Pilot shown above is seated at an instrument panel which may appear in planes of the not-too-distant future. Office of Naval Research, which recently released this picture at Los Angeles, Calif., says that the round radarscope in bed of panel and semicircular plate resembling a windshield represent flat television tubes which will provide pilot with all operational data he'll need. In-flight test of the system is expected to occur in about three years.

**Home Food Freezer Is More Efficient After Defrosting**

COLLEGE STATION—When your home food freezer needs defrosting, don't put the big job off. A clean box actually leads to more economical operation and longer life of the unit.

It's difficult to set up a regular schedule so defrost when sides of the box become frosted with one-half inch of ice or more, says Roy W. Snyder, extension meat specialist.

Snyder explains that ice acts as a blanket over the refrigerating coils. The heavier the coating, the longer the machinery must run to produce a zero degree temperature, the best temperature for keeping frozen meats, vegetables or fruits.

Plan to defrost when the food supply is low. During hot weather, defrost in the early morning, the specialist says. Take care not to let the food stuffs begin to thaw. This will lower their quality.

Two corrugated boxes placed one in the other with the outer box packed with newspapers for insulation will keep foods several hours. A wool blanket spread over the boxes gives even more ideal holding conditions.

With the contents of the freezer removed, disconnect the electricity and open the door or lid. On warm days the ice will melt quickly, but an electric fan blowing into the box will speed up the process. Use only water from the faucet for cleaning a defrosted freezer, never warm or hot water.

When the frost is melted, clean, dry the box, start the motor, allow the freezer to cool about an hour, replace the food and the job is done, Snyder says.

**POINT OF ORDER**—Their vapor trails forming a gigantic arrow, rockets outstrip the F-84F Thunderstreak fighter-bomber they're launched from during exercises over Western Europe. Based at Bentwaters, Suffolk, England, the F-84F's are NATO's first near-sonic-speed planes capable of carrying atomic weapons.

**KATHMAN HOME SCENE OF FAMILY REUNION SUNDAY**

Mr. and Mrs. Frank Kathman had all their children and grandchildren with them Sunday for a reunion while Mrs. Kathman's brother and his wife, Mr. and Mrs. Jack Ellis of Kilgore, were here for the day. Everyone brought covered dishes for a turkey dinner at noon.

Others present were Mr. and Mrs. Pete Hawthorne and three sons of Greggton, Mr. and Mrs. Charlie Morris and children of Gainesville, the F. A. Kathmans and family and the Paul Fishers and family.

Mr. and Mrs. Ellis had been to Nocona to visit his brother, M. D. Ellis of Saint Jo, who is a patient at Nocona Clinic. He has been ill for some time with a heart ailment.

**CARD OF THANKS**

With deepest gratitude we extend this word of thanks for the many kind acts of sympathy expressed by thoughtful friends, for the flowers and spiritual tributes at the death of our loved one, Mrs. Joe Hirschy.

The Family

**IT HAPPENED 15 YEARS AGO**

March 8, 1940

Soil conservation district for Muenster depends on election Saturday. Parochial High softballers beat Hays 30-1 in season's opener. Mmes. T. S. Myrick, Rudy Hellman, Ben Seyler, Herbert Meurer and J. S. Myrick attend National Flower Show in Houston. Muenster High girls split series with Era volley ball team. Mary Wiedemann of Wichita Falls is spending the weekend here with Elfreda Luke. Olivia Haver-

Official report published in a Los Angeles paper stated: "Police can find no reason for suicide. The man was unmarried."

If our forefathers thought taxation without representation was bad, they should see it now WITH representation.

"People who live it up usually discover that they have to live it down!"—Nell Clarke.

kamp has appendicitis operation. Loud speaker system is installed in Lindsay church. The W. C. Russell family moves to Big Spring. Local REA Co-op energizes new line, adds 150 member-consumers. Muenster Hatchery had the biggest day of its four year career Monday when it set 7,108 eggs, less than a hundred under it full capacity. Fred Herr was around town on crutches this week, one of the few times he has been out since an automobile accident last September. His daughter, Catherine, is improving and is also around on crutches at home but hasn't been out yet.

**10 YEARS AGO**

March 9, 1945

Muenster is slowly recovering from severe ice storm; communication and power lines are being restored gradually; City was cut off from world by worst arctic blast in community's 56-year history; no water supply; cheese plant is paralyzed; schools dismiss; folks improvise home-made lamps; for the first time since the Enterprise was established in Nov. 1936, the weekly edition failed to be printed. Red Cross drive has fine start. Infant daughter of Mr. and Mrs. Bernard Wolf dies shortly after birth. OPA cuts sugar allotment for home canning. PFC Ray Wilde arrives in France. The Rohmer brothers, Alois and Albert, meet in Belgium. Rita Voth receives ensign rating as she is commissioned as a Navy nurse. Lt. Jane Hoehn, recently commissioned, is doing Army nursing in San Antonio. New arrivals: sons for the John Durbins, Edgar Klements, and John Huchtons.

**5 YEARS AGO**

March 10, 1950

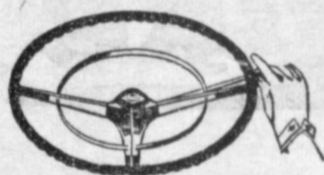

Diocesan charity drive hits jackpot in Muenster parish; fund is already \$5000 over the top and still going in its present fund raising campaign for the Bishop's House of Charity. Relax Theatre closes to prepare for move into new building. Lawson and Clayton seek reelection to local school board. Generous response marks first calls in Red Cross drive. Margie Kathman is Muenster duchess for Gainesville Circus Roundup. Mrs. Francis Wiese is elected president of VFW Auxiliary. J. J. Hoffman is named DHIA technician. Ben Hermes is recovering from minor surgery. Garden Club hears Mrs. S. T. Meador of St. Jo talk on chrysanthemums. New arrivals: daughters of the Ray Voths and T. Vogels; a son of the Henry Spaeths.

**LONE STAR CLEANERS**  
J. P. GOSLIN, Prop.  
Phone HO 5-2151, Gainesville

Are you a "Do-It-Yourself" Driver?  
Or would you rather be waited on hand and foot?

Rather shift for yourself . . . or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

Powerglide, too, is better than ever this year. Even smoother and sturdier. It's the most popular automatic transmission\* in Chevrolet's field!

Rather roll your own . . . or just push a button?

Chevrolet gives you separate crank controls both for windows and ventpanes. It's one of many extra conveniences in Chevrolet's Body by Fisher.

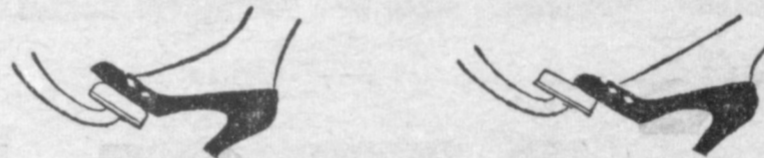

Your fingertip adjusts all four windows with automatic window and seat controls.\* Are available on all Bel Air and "Two-Ten" models.

Position the seat yourself . . . or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable driving position.

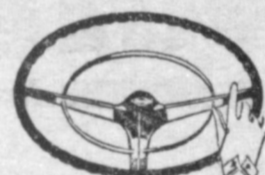

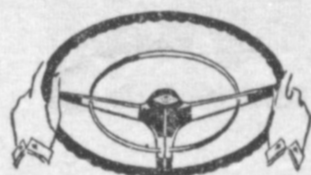

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Apply the brakes like this . . . or have power make it easier?

Improved brakes and new swing-type pedals make stopping a cinch. And Chevrolet's exclusive Anti-Dive control gives you "heads up" stops!

Chevrolet Power Brakes\* are better than ever this year—let your foot from accelerator to swing type brake pedal.

Want standard steering . . . or extra-easy Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction to a minimum.

There's nothing quite so easy as Power Steering, of course. Good news: Chevrolet's new linkage-type Power Steering\* carries a reduced price!

**Automatically—**

Chevrolet's stealing the thunder from the high-priced cars!

What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride

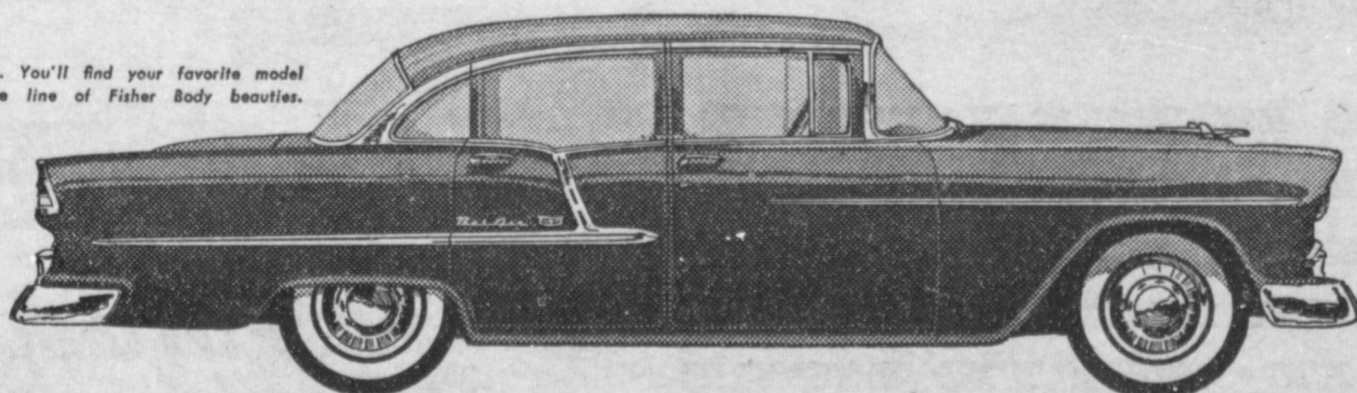

—perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in every way!

\*Optional at extra cost.

motoramic

The Bel Air 4-Door Sedan. You'll find your favorite model among Chevrolet's complete line of Fisher Body beauties.

Again in 1954—for the 19th straight year—MORE PEOPLE BOUGHT CHEVROLETS THAN ANY OTHER CAR!

Gainesville

**Marysville News**

By Mrs. Herman Richey

MARYSVILLE, March 7—Mr. and Mrs. Bob Matthews of Sublette, Kansas, stopped here to spend Wednesday with the Jess Davidsons.

T. C. Wyatt of Winnsboro visited here Wednesday night and Thursday with his mother, Mrs. Rilla Wyatt, and his brother, Joe.

Mr. and Mrs. Max Harrell of Sherman and Mrs. Hugh Harrell of Gainesville were guests in the Bill Moon home Thursday.

Mr. and Mrs. Tom McGill and children Sandra and Dub of Lamesa spent Saturday overnight with Mr. and Mrs. Jess Davidson.

N. W. Whitt is reported quite ill in Gainesville Sanitarium.

Mrs. Lula Richardson and Mr. and Mrs. Keef of Denton were Sunday guests of the Marvin Doughtys and Mrs. Mattie Doughty. Mrs. Keef is the former Charline Richardson.

Mr. and Mrs. Joe Doughty had as guests Sunday Bill Miller of Spearman, Cal Miller of Collinsville, the Sheldon Doughtys and children Melinda and Kenneth and the Weldon Doughtys and sons Gary and Jerry, all of Gainesville.

John M. Duffey of Fort Worth visited the Jess Davidsons Saturday.

Mr. and Mrs. Bill Roe and family of Whitesboro and the Lawrence Martins and children of Muenster spent Sunday with the Foster Davidsons.

Mrs. John Richey and Mrs. Charles Davidson attended the home demonstration club council meeting Tuesday afternoon in Gainesville.

The Darrel Hallmarks and family and Wanda Richey spent Sunday in Ardmore, Okla.

Donny Whitt spent the weekend at A&M College.

The Marysville home demonstration club will meet Friday afternoon in the home of Mrs. Herman Richey. Members are reminded to bring their Red Cross contributions.

**Bulcher News**

By Mrs. R. J. Samples

BULCHER, Mar. 7—Mrs. J. E. Blakely received medical care at M&S Hospital in Gainesville Friday to Sunday. Her daughter Mrs. Jesse Goff is staying with her and her other children cheer her with regular visits.

Mr. and Mrs. J. L. Ivins of Spencer visited her sister and family the R. J. Samples Wednesday.

Contributions to the March of Dimes polio fund in this community have reached \$52.50.

Mr. and Mrs. Gid Prather and Mr. and Mrs. R. J. Samples are taking a church census for the First Baptist Church at Saint Jo. The ladies are working the Bulcher district and the men are working the rest of the area into Saint Jo.

Travis and Christie Cowan and Janice Dodson of Nocona and Maydell Cole of Saint Jo were guests of Joe Ella Prather Sunday.

**PRESERVATION OF FOOD DISCUSSED BY HD CLUB**

Food preservation by both frozen and canned methods furnished an informative discussion at the regular meeting of the Bulcher Home Demonstration club's regular meeting Thursday in the home of Mrs. Bill Harrel.

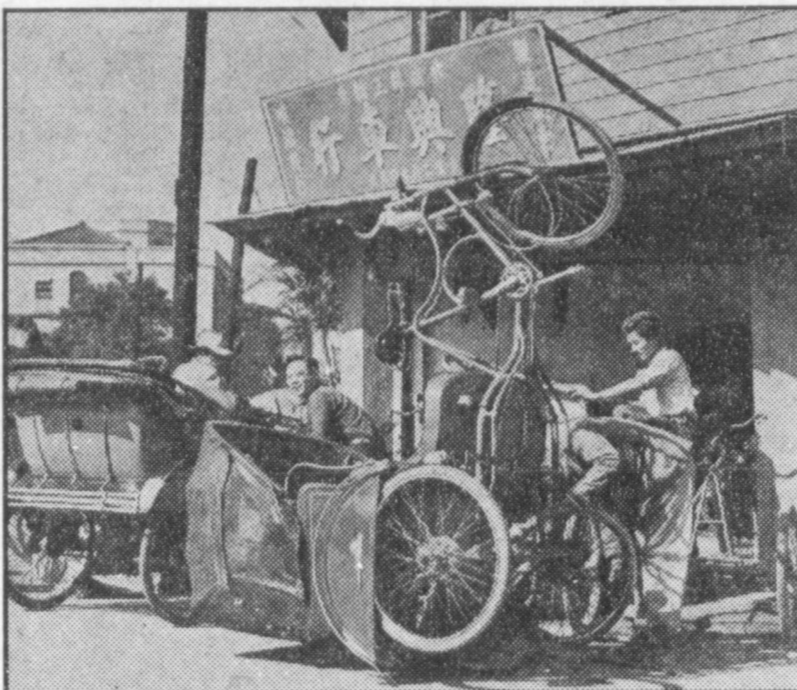

Mrs. Harrel led the discussion on the subject and members answered roll call by stating what they had done in preparation for the spring canning season.

During the business session at which Mrs. C. V. Crabtree, president, presided, members voted to give five dollars to the March of Dimes and five dollars to the Red Cross. They also will help finance the installation of the butane system and stoves in the community building.

After adjournment the hostess served refreshment plates to nine members.

Those present were Meses. Gid Prather, E. Newby, R. J. Samples, Albert Fleitman, Dexter Dowd, J. M. Shields, C. V. Crabtree, R. H. Sharp and August Hyman.

He who is prejudiced is usually down on something he's not up on.

**SERVICE BY THE FOOT**—Pedi-cabs, half bicycle-half ricksha, get servicing at garages such as this in Taipei, Formosa's capital. Popular because less expensive to operate and hire than auto taxis, they supply a necessary portion of the capital's transportation.

**WAR**

A guy with a gun goes out and kills another guy who has no gun. Society then punishes the killer and the dead guy is buried. This is peace.

A guy with a gun goes out and kills another guy with a gun. Then three or more guys get into the brawl and pretty

soon the alley is full of busted heads. This is war.

In both cases nobody is very happy. In both cases there are two things that cause all of the trouble: guns and guys.

One solution is to abolish guns. That's been tried. It hasn't worked. The other is to abolish guys. It looks like that's what they're working on now.

Husband to doctor over the telephone: "My wife just dislocated her jaw. If you're out this way sometime next week or the week after, you might drop by and see her, if you have time and happen to think of it."

It had rained hard. The windshield was sprayed muddy and the car had narrowly escaped a collision several times.

The anxious passenger asked, "Wouldn't it be a good idea to wipe the windshield?"

"Wouldn't do a bit of good," said the cheerful driver. "I left my glasses at home."

# MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

*Ford passenger-car sales to customers outnumbered those of any other make by thousands\**

**AND IT'S EASY TO SEE WHY!**

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six—all with the split-second response of Trigger-Torque power!

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. And, for '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Ford Angle-Poised Ride.

**FORD IS THE LEADER IN ALL THE FEATURES THAT MAKE YOUR CAR WORTH MORE WHEN YOU BUY IT - WORTH MORE WHEN YOU SELL IT.**

## Quail Raising Is Big Business on Clarksville Ranch

CLARKVILLE. — Quail hunters who vow that the South's great game bird is vanishing should drive by the Bar-B Ranch south of Clarksville some idle afternoon.

More than 2,000 plump quail chirp and chatter on the hill behind the big ranch house.

Unfortunately for the hunters, however, they're safely out of range in sturdy wire pens.

A Dallas business man, C. P. Burton, built the Bar-B as his own weekend hideaway. And he began growing his own quail when hunting grew steadily worse.

Burton bought the brood stock and turned the project over to his handyman, Joe Russ.

One hundred pairs of brood

Bob Whites have grown to the present 2,000-plus under the care of Russ and his wife. "Going to have 19,000 on this hill before long," grins Russ.

Varmint-proof pens had to be built. Russ has found possums and other such quail-killers trying to break through the wire repeatedly.

Once a big chicken snake slithered into the brooder pen and swallowed 34 baby quail. After gorging himself the snake couldn't crawl back through the wire. Russ took it from there.

By careful feeding and selection of his brood quail, Russ produced hens that laid an average of more than 100 eggs during the season. Some laid as high as 132, and a couple even got into the swing of things with two eggs in the same day.

Russ keeps a day-by-day check of each hen's laying record.

The quail keep the eggs rolling from April through July and August. Then the eggs go to the huge 9,000-egg incubator. From there, the baby quail are transferred to brooder pens, then to big pens.

The Bar-B birds are marketed for eating purposes or as brood stock. Hundreds go to big Dallas cafes.

Quail at the Red River County ranch live the life of Riley. They eat so good that wild quail from the surrounding woods amble up to the pens and try to get in.

Russ doesn't know just how the birds would fare if they were turned loose for hunting purposes and restocking.

"They're mighty tame," he believes. "And the varmints would eat most of them."

There isn't much chance of predators getting to the Bar-B quail while they're in the pens, however.

Old Joe, a liver-spotted bird dog, is the self-appointed guardian of the Bob White pens. He patrols them at all hours.

Afield and hunting wild quail, Joe is one of the state's finest pointers. But Russ says he wouldn't ruffle a feather on one of the Bar-B birds.

—Bill Thompson in The White-wright Sun.

Little Tommy came home from school with a black eye. "What have you been up to?" demanded his mother.

"I've been fighting Billy Briggs," the boy confessed.

"Well, tomorrow morning take him some cake and make friends," his mother told him.

Tommy did so, but the following afternoon he came home with his other eye blacked. "Good heavens!" exploded his mother, "who did that?"

"Billy did," said Tommy. "He wants more cake."

**GILBERT ENDRES 45tf**

**It's Just a Story**  
A farmer who owned a lazy, balky mule hired a professional mule skinner to "cure" the beast. The skinner began by popping the mule over one lumpy ear with a two-by-four. Then he hopped him on the other side. The mule merely wagged his ears, and the farmer—feeling suddenly sorry for his balky brute—shouted to the skinner: "Hey, I didn't hire you to kill him."  
The mule skinner turned, and explained calmly: "Mister, I've learned that to train a mule, I first gotta get his undivided attention."  
Undoubtedly Guilty—Russian Style:  
One morning Georgi Malenkov's cuff links turned up missing, so he called in the secret police to find the thief. A few hours later the cuff links were found, in a dirty shirt. So Malenkov sent a message to the chief of police, saying: "Cuff links found; release suspects." The chief messaged back: "Twenty-seven suspects already executed. All of them made complete confessions."  
"Our forefathers founded an enduring republic that has probably endured more than they ever suspected it would."—Frances Rodman.

**Schmitt Kids Show Grand Champ Sheep**

Lonnie and Sandra Schmitt, son and daughter of Mr. and Mrs. Johnie Schmitt of Dorchester, are setting records with their prize Suffolk sheep in stock shows around the state. Their ewe and ram took grand champ honors in junior divisions of stock shows at Houston and Austin along with a flock of ribbons for competition in open divisions. They also have a trophy for all breeds of sheep in the medium wool class. Their sheep have won prizes in every event entered at Austin, Houston and San Antonio. Lonnie, 14, and Sandra, 12, are members of the Sherman 4-H club. Their father, Johnie, is a native of Lindsay. He moved to Sherman in 1939.

**Hermes Wins Award In Litter Contest**

Four Cooke county boys, including Mark Hermes of Lindsay, have won top awards in the fall heavy litter contest sponsored by Sears Foundation in connection with its pig program. Hermes who was fifth received a \$35 award for his gilt's litter of seven pigs weighing 363 pounds. Only 15 placings were made in the entire 21-county district of which Cooke county is a member. The contest is not based on size of the litter but on the weight of the pigs at eight weeks. Don Springs of Woodbine and Tommy Colwell, also of that community, placed second and third in the contest and Don Fenley of Hood was seventh.

**MATCHLESS**—Even though it may not be the smallest book in the world as claimed, it would be a gamble to bet there's a smaller volume in existence. This tiny tome, on display in Monte Carlo, Monaco, is compared in size to the head of a pocket-box match.

**CAN'T YOU SEE?**—Queenie, German shepherd who is in training at Guide Dogs for the Blind, Inc., San Rafael, Calif., watches a blind owner-trainee as he reads Braille at the school. Her face mirrors the appeal which she's making as poster dog for the 1955 fund-raising campaign of the non-profit organization.

**Confetti - - -**

is shabby in principle. They ask us to forsake the last remnant of Chinese freedom to the red beasts. Actually, they ask us to give communism a free rein in all Asia, because, with us out of the way the conquest could not be stopped. To be even more exact they ask the surrender of the world to communism, because the conquest of Asia would only lead to more conquests, with less and less chance of stopping them.

And what's the motive behind all this British solicitude for Red China? Obviously it can be nothing more than a deal to assure the status quo at Hong Kong.

New car owners in and around Muenster and their automobiles are Dick Cain, a 4-door Bel Air bronze and beige Chevrolet; John Wieler and Joe Enderby 4-door green and white Ford sedans; Bill Searcy a two-tone tan Buick sedan; Hugo Bengfort, Johnny Tucker and Jake Bezner, half-ton Ford pick-ups; H. J. Hildreth a half-ton Chevrolet pick-up; James Bezner a gypsy red Chevrolet station wagon; Deputy Bill Morris a green 4-door Ford sedan; Wilfred Bezner a 4-door Ford sedan; Tony Wimmer a coral and gray 4-door Bel Air Chevrolet; Clarence Fowler a 4-door blue Ford sedan; Mack Thweatt and Shirley West, 4-door black and ivory Chevrolet sedans; Herman Younger a two-tone green 4-door Ford, Oscar Miller a brown and white Ford club sedan; R. E. Hardwicke Jr. a 4-door Chevrolet sedan; Albert Dangelmayr a 4-door brown Ford sedan; Bayer Brothers a two-ton Ford truck; Earl Bentley a blue and white 4-door Ford sedan; Norbert Rohmer a blue and ivory 4-door Bel Air Chevrolet; C. J. Kaiser a grey and coral Bel Air Chevrolet sport coupe.

**British Housewives Find Way to Collect**

OLDHAM, England. — The scheme of two housewives who qualified for jobless insurance benefits by doing each other's washing came to light in this Lancashire town Sunday. Here's how it worked:

They employed each other and met every Monday to exchange laundry. For six months—the minimum required to qualify for unemployment compensation — they stamped each other's national insurance cards, signifying they worked. Then they fired each other.

For the next six months they collected jobless benefits amounting to 26 shillings (\$3.64) a week each. Then they rehired each other and started another cycle.

A Labor Ministry official said, "I don't think there's anything we can do about it . . . it is probably going on all over the country."

Marriage entitles women to the protection of strong men who steady the ladder for them while they paint the kitchen ceiling.

England wants to keep that little island and the big profits it has enjoyed in dealing with the reds. But it is too dense to realize what would happen after doing its chore for Peking. Is anyone so naive as to believe that the reds will keep their hands off of Hong Kong after taking Formosa and the islands? What dopes the English are! The only reason they still have the city is because the American fleet is there . . . but they urge our country to take the fleet away.

Lately there is more and more indication that America will not fall for any such scheme. Secretary of State Dulles says we will not budge farther, in fact we'll retaliate in a big way if the reds get out of line.

Going on from there, common sense sustains a belief that we will also support a Nationalist campaign to liberate the mainland. There's no point in defending this last frontier of freedom

unless we intend to see freedom spread from there back to the mainland.

More about the absurdity of the British attitude on this issue. They say give Quemoy and Matsu to the reds because the islands are so close to the Chinese mainland. By the same reasoning England should give up Hong Kong. How can they strain their logic enough to support the silly position they have taken?

**HALF PRICE SALE of Picture Frames**

Assorted group of 200 frames at half price or less. Come and see them . . . and if you think the price is too high, make us an offer.
