

MUENSTER ENTERPRISE

VOLUME XVII

MUENSTER, COOKE, COUNTY, TEXAS,

SEPTEMBER 25, 1953

NO. 44

Children and pets beware! A dog poisoner is operating again in Muenster.

This week yours truly received a report that two family pets under proper control on their own premises were fed strichynine. One of the dogs was on a leash which was tied to a clothesline. The other was inside the house some 30 to 45 minutes before it died and had been in the backyard for only a few minutes prior to that time.

In both cases the poison could not have been given except on the premises on which the dogs belonged. In other words some hateful, contemptible fiend, who can't even justify his or her action on grounds that the victims were trespassing, went so far as to trespass on the owner's property in order to carry out this cruel outrage. In the one case it is even possible that the depraved creature carried the lethal dose inside the owner's house. Thirty to 45 minutes is plenty of time for strichynine to take effect. During that time the owner was gone, and the dog was locked in all the while.

At various times in the past this column has urged people to make sure that their pets do not leave home and become pests. Though it has never condoned the barbaric cruelty of sentencing an animal to the agony of death by poison it has admitted that there is some justification in humane disposal of a dog when it becomes a neighborhood nuisance. But there is no excuse for this kind of sneaking cowardly cruelty to heartbroken children as well as to the dog.

Incidentally, if anyone doubts that the dog which died inside was poisoned, it was examined by a veterinarian, who said that the death was caused by strichynine.

Whoever is doing the dirty work has operated very smoothly in the past. So far, it seems, not one person has grounds on which to point an accusing finger. But some day the ugly truth will get out and he or she will rate about as much respect as the mangiest pooch in town . . . and maybe face a few legal penalties as well. Worse even than poisoning pets is the horrifying risk of exposing children to poison. Everyone knows that tiny tots are not particular about what they put into their mouths. What if such a child found the bait first?

In just a few days we of Muenster are due to learn something about the success of our pavement project. Will the enthusiasm spread and result in a fine street system like that nearing completion at Saint Jo, or will the spirit fizzle out because too many are unwilling to join in the good work?

According to reports making the rounds there are stretches of street due to remain rough and dusty because one person or a few are unwilling to go along with their neighbors. Unfortunately, it just doesn't happen that people who want the improvement live together. So quite a few are wondering whether their enthusiasm will end in disappointment.

Before the city council decided on the present paving plan it considered several ideas. It thought about a bond issue which would eventually be paid out by tax revenue. That led to a big problem. Obviously the cost of paving all streets would be too great, so some would have to be left out of the project. That doesn't work because too many would gripe about being left out . . . with justification, too, because they would be helping carry the tax load. Unless the city can afford to pave all streets it can't afford to pave any. That is, to pay the total cost.

Another alternative is to let property owners pay all the cost of paving in front of their property. That doesn't work either because too few can afford the job. Between those extremes is the compromise plan which city officials believe will work out best. The city helps pay, bringing the price to the property owner down to a reasonable figure. The only trouble is that some do not agree the improvement is worth even that much.

What to do about it? Best thing apparently is to think it over (Continued on page 10)

Record Player to Replace Bells in New Parish Church

A super powered record player will replace the bells originally planned for Muenster's new Sacred Heart Church.

J. C. Trachta, donor, was advised this week by Cowdin Brothers, contractor, that the unit has been ordered and will probably arrive within two months.

The player can be operated automatically or manually and will probably be set to play the Angelus daily at 6 a.m., noon and 6 p.m. Other tolls will be sounded by direct control. Bell sounds to be reproduced are recorded from the actual ringing at famous cathedrals in Europe. Records are also available of famous chimes, Christmas hymns or any other sound desired for broadcasting from the church.

Four huge amplifiers will send the recorded sound in four directions from the tower. The instrument itself will be at the main floor level.

The only bad feature is that it is completely dependent upon electricity. It's useless during a power failure and, like a clock, the automatic control will have to be reset after every power interruption.

Volume? Plenty of it. Superintendent McAdams said that it will send sound farther than the local church bells ever did.

NEWS OF SICK AND INJURED

Jimmy Lehnertz received treatment at the local clinic last Thursday afternoon for burns on his right hand and the right side of his face after a boiling radiator shot water and rust on him while he was servicing a tourist's car.

Clifford Endres, 12, son of Mr. and Mrs. Paul Endres, is a patient at Gainesville Sanitarium since he broke his right leg Saturday morning. The fracture is between the knee and hip. Clifford was on an overnight camping party with a Boy Scout patrol at the parish picnic grounds and was gathering firewood when the accident happened. One of the concession stands fell on him.

Mrs. Ruth Hoover of Myra has been dismissed from M&S Hospital after medical care.

Mrs. J. S. Bagwell of Myra is confined to bed with a serious leg ailment. She is the mother of Dick, R. P., Leslie and Cecil Cain who are making frequent visits at her bedside.

Hornets Lose 7-0 In Tight Contest With Pilot Point

The Hornets, though showing a great improvement over their performance in the season opener a week earlier, did not have the power to overcome the combined opposition of the Pilot Point Bearcats and a series of tough breaks, so they went down in a 7-0 defeat to their second class A opponent.

Joe Noggler was particularly marked by a jinx. On three separate occasions he ran for beautiful gains, only to have the play called back and penalized. One sprint was for 37 yards to the 10. Another was for 25 to the 20. The other was for 20 in mid-field. Besides he fumbled a punt, which Pilot Point recovered and had one of his punts blocked.

There were only five penalties against the Hornets, for offside and backfield in motion, and all cost the Hornets heavy. Besides, the only three passes attempted by the Hornets were all intercepted.

The Pointers on the other hand were hustling just as hard and earning some of their breaks by a headsup defensive game along with a fine record of pass snaring, both offensively and defensively. Besides the three interceptions they made good on 5 of their 10 attempts for a total gain of 50.

On the running plays they definitely played second best. (Continued on page 10)

IMPATIENT POW—This unidentified G.I. virtually "went overboard" on seeing relatives awaiting his arrival from Korea. Buddies restrained him, however, and he marched off the ship along with 437 other repatriated POW's who recently docked at San Francisco, Calif.

MHS Meets First 10-B District Foe Friday at Alvord

Coach Troy Stewart has grounds for worry as his Hornets line up opposite the Alvord Bulldogs Friday night at Alvord in the first 10-B district clash of the season.

First there is a possibility that his team will not be up to full strength. An ankle injury in the Pilot Point game last week has kept Joe Noggler off the practice field and an upset stomach has done as much for Don Moon. Coach Stewart expects both to be in uniform Friday night but is wondering how long they will be in action.

Another factor is the lop sided defeat inflicted by Alvord on the Bowie B team. Though he knows nothing about the Bowie team Stewart is impressed by the 41-0 score.

Tigers Will Play 8 Game Schedule

The 1953 Tiger schedule is complete. Beginning with their game here Thursday the parochial boys will have an opponent every week, closing the season on Nov. 13 with Lanier here.

Father Christopher announces Tuesday that the two open spots on the schedule have been filled by Nocona B and Sherman B, Nocona playing here on Oct. 1 and Sherman playing there on Oct. 16.

The revised schedule now shows eight games, four with members of the Southwest Academic League and four with non conference opponents. Five will be played here, three away.

Mrs. Maggie Reiter Dies in Oklahoma

Mrs. Maggie Reiter, 74, sister of John Walter and aunt of the Reiters living here, passed away last Thursday at 9 p.m. in Mercy Hospital, Oklahoma City.

Funeral services and a requiem mass were held at 9 o'clock Monday in St. Mary's church of Wanette, Oklahoma.

Her survivors, besides Mr. Walter, are two sisters, Mrs. Anton Doer of Cleburne and Sister Rita of St. Joseph's Hospital, Brainard, Minn.

Attending the services from here were John Walter, Mr. and Mrs. Clem Reiter, Mrs. Alphonse Reiter, Mrs. Wilfred Reiter, Frank Martin and Mr. and Mrs. Lawrence Martin and son, Douglas. Those from Gainesville were Joe Walter, Mr. and Mrs. Tony Reiter and Mr. and Mrs. Henry Luttmer.

Jerry Wayne was the name chosen by LaQuita and Kevin Sandman for their new brother christened Sunday afternoon in St. John's Church, Valley View with Father Anthony Guidja officiating. Mr. and Mrs. Henry Sandman of Valley View are the parents, Mr. and Mrs. Louis Sicking of Muenster are the sponsors.

Parochial Cubs to Play Dallas Team Here Next Sunday

The Sacred Heart Cubs, composed of elementary students at the parochial school, will have their first try at competitive football next Sunday at 3 on the Tiger field when they take on the St. Joseph's elementary team of Dallas.

Father Patrick Hannon, coach, says he expects to schedule more games for the lads during the season. Prospective opponents are the parochial elementary teams of both Dallas and Fort Worth. Each city has its own parochial schedule and Father Patrick has hopes of finding enough open dates among the several teams to give the youngsters a good season.

District Contest On Grass Judging Set for Saturday

The third annual Upper Elm-Red Soil Conservation District Grass Judging Contest will be held in Gainesville Saturday, Sept. 26th. Sponsored by the Supervisors of the district this contest is open to all FFA Chapters and 4-H Clubs within the district.

Realizing that grass is perhaps the greatest single crop in the district the Supervisors are sponsoring this event to promote a better understanding of grass and its correct use among the future farmers and ranchers. This contest will also serve to give the district teams additional training in preparation for the Dallas and Fort Worth Contests which are held later in the year.

Registration of teams will start at 9:00 A.M. in the High School Gymnasium and will end at 9:30 A.M. Briefing and explanation of (Continued on Page 9)

WITH THE MEN IN SERVICE

On Overseas Leave

Jerry Fette, airman first class, arrived here last Thursday night to spend an overseas leave with his family, the Henry Fettes. He will report to Camp Parks AFB, Calif., and will go from there to Korea. He has been stationed at Warren AFB, Cheyenne, Wyo., since he enlisted in the Air Force in January 1951.

Gets Promotion

Mitchell Wolf is a PFC now. He brought news of his promotion and a chevron last weekend on a visit to his parents, the Lou Wolfs.

Return to Duty

Pvt. Michael Driever left Tuesday for Camp Chaffee, Ark., to report for duty after 30 days leave here. He was accompanied by his mother, Mrs. Rosa Driever, who is vacationing a few days before returning.

Curley Pels left Wednesday ending a 30 day leave following his return from Korea. His new station is Sewart AFB, Tenn.

Annex to VFW Hall Starts Next Week

Work on an addition which will double the guest space in the VFW hall is due to begin the early part of next week.

The annex, measuring 36 x 50 feet will be built at the east end of the present structure to make an over all size of 36 x 130. The design will be similar in all respects to that of the present structure.

Other improvements planned with the addition is a PA system to assure uniform sound throughout the dance hall and resurfacing of the present floor.

50 Local Students Continue Studies Away From Home

Muenster this year is experiencing the biggest emigration of students in its history. According to reports reaching the Enterprise an even 50 young men and women have enrolled for continued studies in institutions away from here.

Thirty are attending college. Burt Hamric is enrolled as a freshman at Texas Western College at El Paso, Jerry Fuhrman is a freshman at Creighton University, Omaha, Neb.; and Mr. and Mrs. Kenneth Wiesman are attending Houston University where he is a sophomore and she is a senior.

Joan Klement, Pat Stelzer and John Ayles are first year students at NTSC, Denton, where Willard Hartman, Reynold Reiter and Merlin Joe Evans are continuing as sophomores. Henry Weinzapfel, who attended Saint Edward's in Austin last year, has transferred to NTSC. He is also a sophomore.

Six young men are studying at Texas A&M College. Donald Bayer, Wilfred Klement and Billy Whitt are freshmen, Ralph Cole is a sophomore, Douglas Robison and Virgil Walter are seniors.

Bill Fuhrman is continuing at Saint Louis University, James Cole has returned to Southwestern Medical in Dallas, Monte Hellman is continuing at Marquette Medical school and John Myrick returned to Texas University, Austin, where he is a pre-medical student.

Ronald Herr, Roger Wolf and Damian Hellman returned to Texas Tech as sophomores and Donald Lehnertz began there this (Continued on page 10)

SHHS Tigers and Bells High Clash Here Tonight at 8

Father Christopher Paladino is expecting a real test for his Sacred Heart High Tigers Thursday night when they meet Bells High gridders on the local field.

According to reports he has received the visitors boast a light but potent team composed mostly of third and fourth year students. Hurt little if any by last year's graduation, the team has been spared the usual re-organizational problems and are expected to show a late season standard of coordination.

Nevertheless Father Christopher is confident his boys will be equal to the test. After three weeks of practice his line is developing to take up most of the slack caused by graduation, and his backfield should be better than before. Mollenkopf and the Knabe twins are back with more weight and more experience and Henschel is doing a fine job of filling the vacancy left by Endres.

SH Alumni Elects Billy Miller Prexy

Billy Joe Miller heads the Sacred Heart Alumni as president for a new year. He was elected Wednesday night when the annual election of officers was the principal business at a meeting of the organization.

Other officers are Mrs. Robert Bayer, vice president; Mrs. Norbert Walterscheid, secretary; Alvin Fuhrman, treasurer, and Miss Irma Hofbauer, reporter.

Members outlined plans for the year's program and appointed chairmen to head committees.

Water and Smoke Do Most Damage In Fire at Bakery

A fire, believed to have been caused by faulty wires in the attic, did considerable damage to the upper structure of Herbs Bakery Wednesday night, and resulted in several hundred dollars worth of water damage to the lower part of the building and supplies.

The blaze was discovered about 7 o'clock, some thirty minutes after the Herbs had gone to the Ace Cafe for their evening meal. They discovered that it was their place when they followed traffic after the fire signal sounded. They said that the only flame burning in the place when they left was in the water heater.

The corrugated iron roofing on the building is given credit for saving both building and contents. Except for a few flames that flickered through cracks at times, the fire was confined to the attic until under control.

When firemen had finished their job not a charred spot was visible below the ceiling. However water and smoke had come through and ruined all supplies not in sealed containers. Equipment and furniture were generally undamaged but badly in need of cleaning.

Muenster volunteer firemen were on the job minutes after the signal sounded and worked for about an hour before they had the flame extinguished. Their first task was to chop holes in the wall above the ceiling level at both the north and south ends of the building. After that was finished they had trouble directing their streams through the dark attic filled with smoke and a maze of rafter braces.

A group of early arrivals broke into the place and cleared two rooms of the west side living quarters of clothing and furniture. None of those items was damaged by water. Choking smoke and heat prevented removal of any of the kitchen furniture, however, later inspection revealed little damage to those things.

New Well's Water Rates Good Report

Water in the city's new well is not only plentiful but soft and free of contamination. An analysis report just received by Water Superintendent Steve Mosler from the State Health Department states that the water contains 23 parts per million of hardness and that it is approved by the health department.

Mosler said the water tests about the same as that in the old No. 1 well, both of which have softer water than the No. 3 well.

Reports on the most recent analyses of the three wells are as follows:

No. 1, tested in May 1952, total hardness 20 p.p.m.
No. 3, tested in December 1952, total hardness 88 p.p.m.
No. 4, tested in September 1953, total hardness 23 p.p.m.

On city records the No. 2 well is listed as abandoned, hence no analysis has been run on it since the No. 3 well was drilled to replace it.

Reports also show that No. 3's quality has improved considerably. The hardness test has dropped to 88 p.p.m. from the original test of 199.

J. B. and Ray Wilde left Tuesday afternoon for Andrews, Tex., to spend a few days with their drilling and lease interests.

Bill Pierce, who presented the fire prevention program at the City Hall Monday night, and his wife, of Fort Worth, were supper guests of the Hugh Jacksons before the program.

SCHEDULE OF COMING EVENTS

THURSDAY, Sept. 24, SHHS Tigers vs Bells Hi, here.

FRIDAY, Sept. 25, MHS Hornets vs Alvord Hi, here.

TUESDAY, Sept. 29, MHS Juniors vs Callisburg, there.

SUNDAY, Sept. 27, SHHS Juniors vs St. Joseph's of Dallas, here, 3 p.m.

BIRTHDAY DINNER HONORS FRANCES SPAETH SUNDAY

Miss Frances Spaeth of Dallas was honored Sunday with a surprise dinner in observance of her birthday at the home of her brother and family, the Henry Spaeths.

A decorated cake was the centerpiece for the table, and places were laid for the honoree, her mother, Mrs. George Spaeth of

Lindsay; Mrs. Ed Blumberg of Pilot Point; Messrs. and Mmes. Alois Haverkamp, Wilfred Reiter, Arthur Felderhoff and Andrew Schoech and their families of Muenster; the Joe Spaeths and children of Henrietta; Miss Olive Haverkamp and the Walter Barrys of Dallas; the J. P. Kneupers and the Richard Schumachers and their families of Gainesville.

Pee Wee Hornets Triumph 32-7 Over Saint Jo Kittens

Jimmy Hellman ran wild Tuesday night to pace the Muenster Pee Wees in a 32-7 triumph over the Saint Jo Kittens. The game played at Saint Jo was the first in the little fellows' 1953 six-game schedule.

A comparison of the Muenster and Saint Jo junior teams this year is practically the same as last year, but reversed. In '52 the Kittens had the advantage in weight and experience and bested the Little Hornets in both games. This year those lads have mostly grown out of the junior class and the team has to depend on little fellows. The Muenster junior lineup, however, is practically the same, with the benefit of a year of growth and experience.

The first score of the game came early in the second quarter as little Hubert Richey broke loose for a 30 yard dash to the goal.

Later in the same quarter Hellman passed to Jimmy Harris for a 20 yard gain and the second touchdown.

Twice in the third quarter and once in the fourth Jimmy Hellman got loose for scoring runs. Playing quarterback in the T formation he kept the oval and swept around end for gains of 30, 40 and 60 yards.

The only extra points were scored on passes thrown by Jimmy Harris. Biffle caught one and Swirczynski caught the other.

More action for the fans but not for the record was a pair of beautiful runs by Richey. One was a 30 yard touchdown dash called back and penalized because of an illegal formation. An end lined up a little too far back and officials ruled that 5 players were in the backfield. On the next play Richey advanced 34 yards to the 1 but the play was called back again. The same end in correcting his previous mistake moved too far forward and drew an offside penalty.

Saint Jo's only touchdown came during the last two minutes on a reverse play good for 70 yards and a line plunge added the extra point.

The next Pee Wee game will be played at Callisburg next Tuesday night.

VFW and Auxiliary Cheer Patients in Bonham VA Hospital

A program sponsored jointly by the VFW and Auxiliary members of Muenster cheered about 150 patients at the Bonham Veterans' Hospital Friday night.

The event started with musical selections by Sonny and Norma Jean Walterscheid and Ronnie Kathman with Larry Kathman as master of ceremonies. Next came a bingo party with cigarettes, canteen tickets and a home-made cake as prizes, followed by refreshments of ice cream sandwiches.

The Muenster group in turn was entertained by a tour through the beautiful new VA hospital by Mrs. Cunningham, supervisor of arts and crafts at the institution.

Adults accompanying the young performers were Mr. and Mrs. Francis Wiese, Mr. and Mrs. F. A. Kathman, Mrs. Pat Hennigan and Mrs. John Huchton.

Guests of the Marvin Morrisons Wednesday were his niece and her husband, Mr. and Mrs. Lloyd Berry of Hot Springs, Ark. They are on their way to Lubbock for a visit with her mother, Mrs. E. G. Smith.

MUSICAL KING—Songwriter King Bhumipol Aduldet, of Thailand, is shown with his son, Prince Vajiralongkorn, heir apparent. The king was educated in the United States, and his music has been used in Broadway shows. The picture above was taken on the prince's first birthday.

Firemen Get 300 Feet of New Hose

Every house in the Muenster city limits has fire protection now. The fire department has just added 300 feet of new hose for a total length of 1400 feet, which is more than ample to reach a fire hydrant from any house in the city.

Since the addition there are 1200 feet of large hose and two 200 foot lengths connecting at the end of the large hose, enabling firemen to attack the blaze from two directions. In an emergency those hoses can be connected for extra length. Still more length is possible by adding on the hose from the pumper truck.

The new hose is a recently developed type of heavy duty mildew proof hose built to last years longer than the old type of hose.

Fort Worth Fireman Gives Program Here

Bill Pierce, fire inspector with the Fort Worth Fire Department presented an interesting program to a small group at the city hall Monday night on preventing fire and what to do in case of fire.

He showed pictures and miniature models in his combined talk and demonstration on the causes of home fires and means of preventing them. His audience was made up mostly of Muenster firemen and city officials and Chief Loyal Burchfiel and Assistant-Chief Paul Clayton of the Saint Jo fire department.

The speaker's program was similar to that he presents before schools and civic groups in Fort Worth. He said he will try to bring the program to Muenster schools at a later date.

"Typical Cowboy" Wins Pony

For being chosen the most typical young cowboy at a rodeo, Dan Sears of Orange, grandson of Mr. and Mrs. Byron Sears, is the proud owner of a new pony complete with saddle and bridle. The Orange Junior C of C, sponsors of the rodeo, provided the pony and the Kiwanis Club furnished the saddle and bridle. Dan is the son of Mr and Mrs. Thomas Sears.

Don't believe all you hear; believe less of what you overhear.

Building And Improvement Notes

Four new buildings are going up as a result of the continued boom in poultry business here, mostly in connection with the production of hatching eggs on contract for premium prices.

Byron Sears is building a 30 x 70 poultry house. Foster Davidson's will be 40 x 80 and Curley Fuhrmann's will be 40 x 100. All three are getting set for the hatching egg production deal. The fourth new building is Frank Bayer's, a 30 x 40 brooder house.

BARBARA HOPE WOLF CELEBRATES BIRTHDAY

Barbara Hope Wolf celebrated her birthday Friday with a party at the home of her parents, the Charles Wolfs, in the afternoon. She was seven years old.

Gifts, games and refreshments of birthday cake, ice cream and punch made it a jolly affair for Barbara and her guests: Nancy Jane Bernauer, Douglas Mitchell, David Lee and Bryan Ray Russell, Flora Mae Sims and Patsy Streng. Her grandmothers, Mrs. J. S. Russell of Myra, and Mrs. Henry Wolf, Sr., were special guests. Other adults present were Mmes. C. D. Mitchell and Herbert Russell.

FRIENDLY NEIGHBORS CLUB MEETS WITH MRS. M. H. KING

Members of the Friendly Neighbors club gathered in the home of Mrs. M. H. King Wednesday night for a progressive 42 series.

After the games the hostess served chocolate cake topped with ice cream, and iced punch to Mmes. Urban Endres, M. D. Kaderli, Troy Stewart, Bill Searcy, David Trachta, Jim Embry, Ray Swirczynski, Lawrence Bruns, Al Wiesman, Walter Rawley and Bill Hunt.

Winners in the games were Mrs. Endres, high score, Mrs. Kaderli, second high, and Mrs. Searcy, low tally. Mrs. Stewart secured the galloping award.

Local News BRIEFS

Mr. and Mrs. Lester Harris had as their guests last Wednesday his cousin, Isaac Worley and wife of Roseville, Mich. It was their first return to Texas for a visit in 33 years.

Mr. and Mrs. Herbert Berend and three children of Windthorst are making their home here while he is working for an oil well drilling company in this area. The Berends are occupying an apartment in the Ed Pels home.

The Gerald Metzlers and the Leroy Metzlers have returned from a 10-day vacation trip most of which was spent in Milwaukee.

Mr. and Mrs. Earl Cravens and son spent one day last week in Grand Prairie with her parents, Mr. and Mrs. Earl Reeves, and also visited her sister, Mrs. Billy Joe Dennis and family.

T. J. Hoffman of Wichita Falls spent Saturday here visiting his parents, the John Hoffmans.

Mrs. Tony Gremminger and Mrs. J. M. Weinzapfel were in Fort Worth Saturday and until Sunday noon visiting their daughters, Dolores and Mary. Saturday morning they attended the wedding of their niece, Velma Morbitzer.

Clarence Matula spent the weekend with homefolks at Granger.

Mr. and Mrs. Ray Hess and children were Sunday dinner guests in the Frank Evans home at Pilot Point. In the afternoon the two families drove to Lake Dallas to watch the motor boat races.

Mr. and Mrs. Arthur Hess returned Saturday night from a 3500 mile wedding trip to Colorado, Wyoming and places of interest in that area, and in Idaho Falls, Idaho, with relatives.

Bud Hincamp of Saint Louis, Mo., spent Friday night and Saturday until noon here with relatives of the Fette families. He was an overnight guest in the G. H. Hellman home.

Mr. and Mrs. G. H. Hellman are back at home after a two-month vacation in Allegan, Mich., with their daughter and family, the Vincent Bakers, in Milwaukee with their son, Hugo Hellman and family, and their grandson and wife, the Monte Hellmans. They also visited Niagara Falls and drove into Canada. Enroute home they visited the Dingman families in Fort Madison, Wis., and their son and family, the F. W. Hellmans in Tulsa.

—Boyd and Breeding Photo

Alyce Siegmund, Charles Davidson Say Nuptial Vows

Mr. and Mrs. Charles B. Davidson will make their home north of Muenster when they return from their wedding trip. They were married Friday evening in the home of the officiating minister, Rev. Joe Funk, and Mrs. Funk.

The bride is the former Miss Alyce Siegmund, daughter of Mr. and Mrs. Otto Siegmund, route 6, Gainesville, and the groom is the son of Mr. and Mrs. Foster Davidson, route 3, Muenster.

For her wedding the bride wore a two-piece fall dress in navy blue with matching accessories and navy velvet hat. Her flowers were a white orchid corsage.

Mrs. Davidson graduated from Era high school last June and her husband graduated from Gainesville high school in 1946. He served in the armed forces two years.

MRS. WALTERSCHEID IS TRIPOLI CLUB HOSTESS

The Tripoli club met with Mrs. Earl Walterscheid as hostess in her home Tuesday night. Mrs. Albert Herr was the month's birthday honoree and received a gift from the members.

After the card games the hostess served baked Alaska and coffee to Mmes. Andy Arendt, Paul Arendt Jr., Paul Arendt Sr., Ray Voth and Vincent Zimmerer.

MRS. DEWARD MARTIN IS HONORED WITH GIFT PARTY

Mrs. Deward Martin was complimented with a gift party on Wednesday afternoon, Sept. 16, with Mrs. Roy Atteberry and Mrs. Earl Cravens as co-hostesses in the former's home.

Games and contests started the entertainment program with prizes going to winners. The honoree was the winner of the last game and her award was a decorated bassinet filled with lovely gifts.

After the unwrapping of gifts by the honor guest, the hostesses served pink lemonade and individual small cakes iced in white and topped with pink rosettes to Mmes. John Schmitz, Pete Rossion, Hiram Atteberry, Adolph Walterscheid, Thomas Sicking, Herbert McDaniel, George Jetzelsberger, T. J. Suttle, Mary Griffin, Oscar Griffin, John B. Wilson, Monroe Wilson, H. D. Wineblood, Velma Griffin and Ruth Smith, Mrs. W. L. Cravens and Dorothy Waggoner of Myra, and Mrs. T. J. Clark of Gainesville.

Ed Wolf of Whitney spent several days of last week here with his mother, Mrs. Henry Wolf and other relatives.

HOFBAUER-FUHRMAN RITE SET WEDNESDAY, OCT. 7

Mr. and Mrs. Clem Hofbauer have announced the engagement and approaching marriage of their daughter, Miss Irma Hofbauer, to Ewald Fuhrman, son of Mr. and Mrs. Matt Fuhrman of Lindsay.

The wedding will be solemnized here in Sacred Heart church on October 7.

Miss Hofbauer is a graduate of Sacred Heart high school. Mr. Fuhrman served in the army two years with duty in Germany.

CARD OF THANKS

Seeding Accurately at 5 m.p.h.

with a McCormick MF drill. Low, rubber-tired wheels make possible much smoother, faster travel in the field and on the highway.

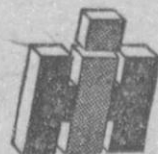

You can do three different jobs at once with a McCormick MF drill

1. Seed grain, soybeans, and other crops with yield-boosting accuracy. The McCormick MF drill sows both large and small seeds in any desired quantity per acre. Furrow openers, built for your soil, place seed at uniform depth for even germination and uniform ripening of the crop.

2. Distribute commercial fertilizer in any quantity from 30 to 1,135 pounds per acre as you seed. The MF drill ordinarily places fertilizer in the row with the seed, but it can be equipped to distribute fertilizer separately. Big capacity fertilizer hopper lets you work longer between refills.

3. Seed grass, clover, or alfalfa at the same time you sow and fertilize the nurse crop. The grass seed attachment for the MF drill lets you vary the seeding rate as little as one quart per acre. Grass seed can be released through the grain tubes or sown broadcast.

We'll be glad to give you complete details on how this drill helps crops grow faster—how it makes fertilizer go farther by placing all plant food within easy reach of the plants. A wide range of sizes and equipment enables you to select a McCormick MF drill that's tailor-made for your needs. See us for more facts when you're in town.

SOMETHING TO DEMAND

Must the national debt limit be raised? Every man, woman and child in the nation has a very real stake in the answer to this question. The legal limit now is \$275,000,000,000. It is expected to be reached early in 1954. Then the national debt will be imposing a \$7,000 mortgage on the present and future income of every American family. There is a way out of the financial mess our government's in without plunging ourselves further and further in debt. It can be stated simply: cut federal spending to equal income.

Senator Harry F. Byrd of Virginia, one of the nation's acknowledged authorities on the federal budget, puts it this way: "It may be that the administration would be forced to operate on a very prudent and conservative budget in order to avoid an increase in order to avoid an increase in the debt limit, but the President has the authority, if he chooses to use it, to place every agency of the government on expenditure rations and limit the expenditures

in such manner as he deems best."

Good Example

Governor Francis Cherry of Arkansas, when he took office last January, insisted that the legislature give him the power to cut state expenditures below the legislative appropriations if tax income should fall below the budget allotments. Sixty days later the income from taxes did fall below the rate necessary to support the appropriations.

The Governor had a choice to make. He had a substantial treasury balance. He could take the politically "easy road" and dip into this treasury balance to make up the difference between income and outgo. But that, he knew, wouldn't be sound governmental practice. It would be like borrowing money for spending. He chose, instead, to cut expenditures. His instruction to his Director of Finance and Administration wasn't the loose political generality—"cut to the bone." His instructions were specific: "Cut expenditures to the tax revenue available to every department."

Better Government

The Director of Finance and his Budget Director sat down with each departmental head, one by one, and cut the expenditure allotments to an overall figure equal to a conservative estimate of anticipated revenue. Each three months this will be done. And as a result Arkansas citizens get higher quality, more efficient, less costly government service, for Governor Cherry has challenged the departmental heads to "make up, in management efficiency and ingenuity, for the reduction in dollars and cents."

What Governor Cherry is doing for state government in Arkansas can be done for federal government by the present administration. It is the sensible, sound policy to follow in any financial matters. Senator Byrd says, "We all know there are thousands of ways to reduce government spending that can be accomplished by executive order without impairing benefits as measured by real value. I regard a \$275,000,000,000 debt as a menace that not only will harass those of us of this generation but many generations of Americans to follow us."

Stability At Stake

Dr. Melchoir Palyi, internationally known economist, explains the "menace." He emphasizes that increasing the national debt weakens the dollar in international exchanges and weakens the strength of our nation in international affairs. He cites, also, current examples of European nations whose internal stability has been perhaps critically injured by money policies creating constant inflation. The French franc has been constantly

Trimming Down The "Wasteline"

watered down in purchasing power by loose government policies, and the stability of France as a nation has been woefully shattered.

The new administration in Washington did some substantial budget cutting, and Congress went even a little farther. Both were following the clearcut mandate of the electorate for a balanced budget, reduced expenditures and reduced taxes. But

neither went far enough. They have not achieved a full step toward sound government until they bring government spending within its income. The American public must now renew its demand that this be done.

Diplomats are clever people who get us out of scrapes that we wouldn't get into if we didn't have diplomats.—Mirror, Clear Lake, Ia.

Materialistic Spirit Helps Communism

THERE WOULD BE no communists today if the Christians of the last century had lived their faith. There will be no communists a century from now if we live our faith to the fullest, if we show the communist world what it means to be a Christian in act as well as in word.

It is because those professing to be Christians contradicted their belief that communism is the threat that it is today. They were Christians in name but not in fact, hearers but not doers of the word of God. They bring to mind Mr. World: Mr. World went to Church; He never missed a Sunday. Mr. World went to hell For what he did on Monday.

HONEST REFORMERS who sought an improvement of man's social condition were repelled by the hypocrisy of those who called themselves Christians. They turned elsewhere. Many, despairing of finding a better solution, became communists.

The vocation of the modern Christian is to rectify this state of affairs. He must show the modern world that Christianity is the answer to its personal and social problems. He can do this only by bearing witness to the substance of Christianity by leading a good life.

THE CHRISTIAN who believes that Christ lives in every man must act toward his fellows in accordance with this belief. He who believes in the world of the spirit must act as if he is preparing himself for the life of the spirit.

He who believes that the love of God is the only real concern of human life must make his criterion of success holiness, not a higher income. The Christian must bear witness to an order of justice, mercy, and charity far transcending the world of finance and economics.

WHEN THIS IS accomplished the communist menace to our freedom and rights will be removed. Communism will melt in the realization that Christianity alone can satisfy the needs of mankind. Then there will be peace. — (By Ellwood Kieser.)

Fordomatic leaves 'em all behind

— It's the newest word in smooth, versatile automatic drives . . . and it does its job so well that the whole car industry is scampering to catch up.

Automatic Gears Plus Torque Converter

Does more things automatically

Fordomatic goes beyond the range of ordinary automatic transmissions to give you extra safety and convenience. You have at your command extra passing power all the way up to 58 miles per hour and extra engine braking at any speed. Only Fordomatic, in Ford's field, gives you these pluses.

Quick on the draw

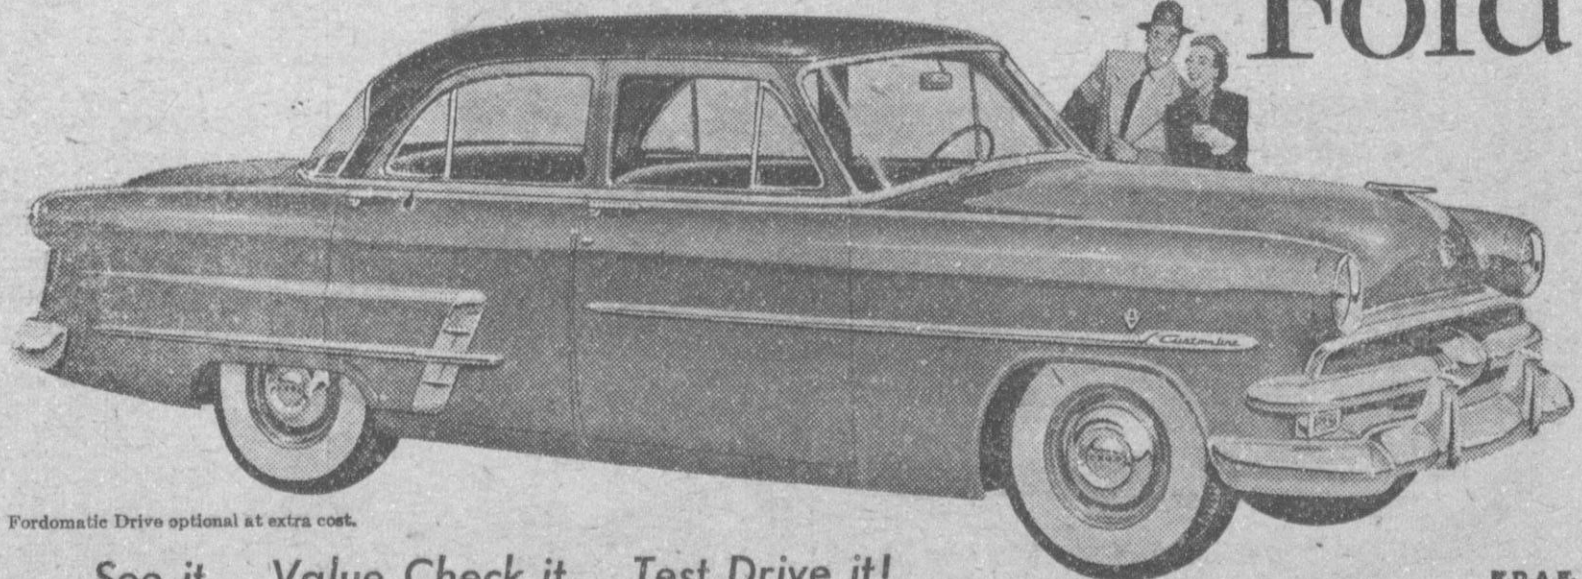

Step lightly on the accelerator—and response is terrific! With Fordomatic's versatile "getaway" gear, Fordomatic slips gently, automatically into high at just the right moment. If safety permits, you may go all the way up to 65 mph in "double-time" before the shift takes place.

50 Years Forward on the American Road

It's one of 41 "Worth More" features that help make Ford worth more when you buy it . . . worth more when you sell it!

Ford

Fordomatic Drive optional at extra cost.

Planned Lending

Why the Banker Asks Questions

A business man contemplating an important trip would carefully map out his itinerary. He would consult time tables to find out when he could leave and when he could expect to get back. Nothing in these sensible preparations would indicate that he did not want to go.

Yet many borrowers assume that the banker does not want to lend because he asks for facts and figures before he sends any of his depositors' dollars on a trip. The banker, too, is merely following a policy of conservatism for the service and protection of all concerned.

A GOOD BANK TO BE WITH

Bulcher News

Mr. and Mrs. August Hyman had as guests Sunday afternoon her brother and wife, Mr. and Mrs. Sammy Dennis of Gainesville. Sunday night their son and family, Mr. and Mrs. Delbert Hyman and children of Kermit, Texas, arrived for a few days visit.

Cleta Sue Cannon left Sunday to enroll as a freshman in NTSC. Her father and mother, Mr. and Mrs. Calip Cannon, took her to Denton.

Mr. and Mrs. E. Newby were in Henrietta over the weekend, where they visited their son, J. W. Newby and family. He is suffering from a serious foot injury.

Pvt. Carroll Lee Webb is spending a 10-day leave with his parents, Mr. and Mrs. F. M. Webb. He is stationed at Fort Hood.

Mr. and Mrs. Artie Montgomery of Fort Worth visited his parents

and grandmother, Mr. and Mrs. Ed Montgomery and Mrs. Mollie Montgomery, several days last week.

BULCHER CLUB MEETS WITH MRS. FLEITMAN

The Bulcher Home Demonstration club met Thursday in the home of Mrs. Albert Fleitman with Mrs. Johnnie West as program leader on "Parliamentary Procedure".

Mrs. Dexter Dowd, president, presided during the business session. Mrs. Bailey Dennis presented the \$20 and the red ribbon award won on the club's exhibit at the county fair, and asked members to turn in a record of their year's accomplishments at the next meeting.

Mrs. Charles Crabtree directed the recreational hour and Mrs. West won the game prize.

The hostess served refreshments after adjournment.

Gunpowder is a black substance used in marking the boundaries of a nation.

We didn't all come over on the same ship, but we're all in the same boat.—Bernard Baruch.

YOUNG AND TOUGH—Scrappy little John L. White wears a derby that vaguely recalls the era of the "Great John L." of a few decades past. The five-year-old lad recently won the New York Police Athletic League's annual mosquito-weight boxing title.

BULCHER KEWANEE GROUP HOLDS SAFETY MEETING

"Safety Review" was the topic read and discussed by the Kewanee employees of the Bulcher District, at their regular monthly meeting held Wednesday of last week. J. D. Atteberry presided as chairman.

The group set October 8 as their next meeting date. This will coincide with the community's regular meeting night,

and a program on "Fire Prevention" is being planned for presentation to all the community.

A race track is the only place to find windows that clean people.

Patient—Will the operation be dangerous, doctor,

Doctor—Now don't you worry about that. You can't buy a dangerous operation for only \$50.

Marysville News

Mr. and Mrs. Whitt Templeton have returned to their home in Paris after a weeks visit with Sam Richey and members of his family, Fred, Jess, John and Herman Richey, and Mrs. Henry Hobbs and Mrs. Tom Binford at Valley View.

Rev. and Mrs. Stanley Daniels of Fort Worth were in Marysville Sunday for church services and were dinner guests of Mr. and Mrs. James Cole.

Visitors in the John Richey home Sunday were Mr. and Mrs. Coy Fite and daughter, Kathy of Ringgold, and Mr. and Mrs. Hulen Turrentine and sons, Mike and Charles of Stoneburg.

Mr. and Mrs. Henry Hobbs and daughters, Pat and Jean, and Wanda Richey visited the Sterling Hobbs family in Sadler Sunday.

Mr. and Mrs. Herman Richey and daughters, Deanna and Linda, spent Sunday with the J. H. Tuggles in Gainesville. Mrs. Richey remained at her father's bedside until Monday evening. Mr. Tuggle is seriously ill.

Mr. and Mrs. Houston Miller of Sterling, Colorado, and their grandson, Terry Trice of Pampa are visiting her father, Mitchell Moon, and her brother and family, the Bill Moons. Sunday visitors of Mr. and Mrs. Bill Moon were her sister and brother-in-law, E. R. Sanford and wife of Ft. Worth.

Check the used car, sure! But check the dealer too!

Is he in business "to stay?"

When you buy a used car from a Ford Dealer, you're dealing with an established businessman who has a large investment and his good name at stake. We're here today, and we'll be here tomorrow!

Does he really know cars?

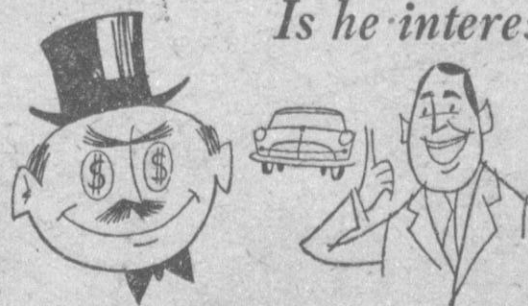

Ford Dealers are in the service business, too; work with cars day in and day out. We know how to spot trouble fast. And our expert mechanics have the equipment and "know-how" to handle any service job.

Are his prices really fair?

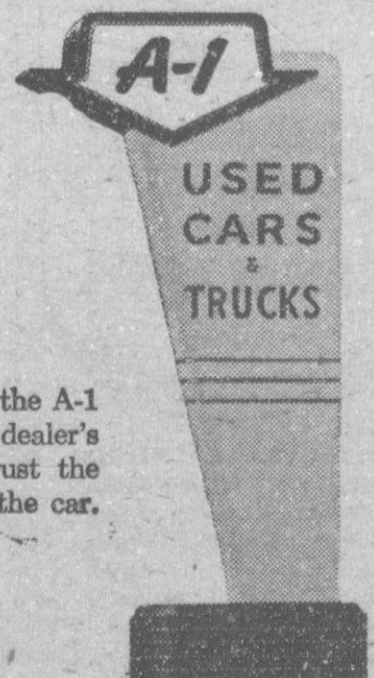

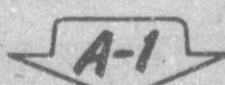

Ford Dealers handle used cars and trucks as a service to customers who trade them for new ones. We get a lot of trade-ins. And we keep them moving to free our working capital. That's a good reason why we offer our used cars and trucks at rock-bottom prices.

Is he interested in you?

Remember—we Ford Dealers want to keep your good will because we want to take care of all your automotive needs. Someday we hope to sell you a new car, or another used car, and in the meantime, we want your service business.

Do his cars meet A-1 standards?

IT'S WHERE YOU BUY IT THAT COUNTS!

When you go to a Ford Dealer's and see the A-1 label on a car, you know it has met with the dealer's A-1 standards. And because you can trust the man you bought it from, you can trust the car.

Soil Conservation Notes

The building of terraces to protect sloping fields and the preparing of waterways for grass planting next spring have been the major soil conserving practices put on the ground around Muenster. Continued dry hot weather has delayed planting of alfalfa, vetch and winter peas for winter cover crops.

Walter Becker has just completed 3,863 feet of field terraces. The terraces were built with a three-disc plow using the island method of terrace construction. The plow-built terraces are broad and can be crossed easily with all types of farm equipment. All the terraces outlet into a grassed-over natural drain that was sodded three years ago to afford a safe outlet for terrace water. Joe Knauf has constructed 3,200 feet of channel type terraces to protect a portion of his cultivated land. The terraces outlet onto pasture grasses.

Waterways are the basic foundation of many terrace systems. Often it is impossible to protect a sloping field from erosion by the construction of terraces until a safe outlet for excess run-off water is provided. This means that a grassed waterway must be established to carry the water coming out of the terraces safely from the field. Waterways carry a lot of water and run up the slopes so they must have a good cover of grass to prevent the loss of soil.

In order to get a better stand of grass on waterways it is necessary that a good seed bed be prepared in advance to conserve moisture and keep down competition. Many cooperators of the Upper Elm-Red Soil Conservation District are now preparing their waterway sites for the planting of bermuda grass roots next spring.

Waterways have been staked and the land prepared on the farm of J. W. Fleitman east of Muenster, on the Frank Hacker farm south of Muenster and on the Albert Fleitman farm north of Muenster. At Hood a waterway following a natural drain has been staked and prepared on the E. R. Powell farm operated by C. A. Morris. At Marysville Rufus McElreath is preparing to sod a drain to provide a waterway for safe terrace outlets.

A pond to provide water for livestock has just been constructed on the B. J. Reeves farm near Hood.

A series of meetings to promote the planting of vetch and other winter legumes for soil protection and improvement have been held this week. Clay Sparks vocational-ag teacher at Forestburg and SCS personnel from Muenster are cooperating in telling the people the benefits of planting winter cover crops. The Forestburg FFA five-piece string band furnished music for entertainment. Meetings were held at Forestburg, New Harp and Dye Mound this week. Next weeks' meetings are to be at Marysville on the night of Sept. 23 and at the Ross Point school at 8 p.m. on Sept. 30.

Poultry Industry In Texas Provides Multimillion Income

Recently released figures reveal the economic importance of the poultry industry in Texas. According to John G. McHaney, assistant economist for the Texas Agricultural Extension Service, it takes a lot of eggs to satisfy Texans' appetite for "hen fruit." In fact, he adds, the supply from Texas sources lacks almost three dozen eggs per capita of meeting the demand.

In 1951, 2,921,000,000 eggs were produced in Texas. The per capita consumption was 397 eggs. Therefore, says McHaney, 259,000,000 eggs had to come from other states to make up the difference. The existing favorable egg-feed price ration, the rapidly increasing population within the state and generally favorable economic conditions over the country as a whole, leads McHaney to believe that egg producers in the state would be justified in further increasing the size of their laying flocks.

Final figures for 1952, he says, show the 21,474,000 hens were on the farms of the state. Figures released on July 1 indicate some reduction in this number while the hen numbers for the nation remained about the same as for a year ago. Gross sales in Texas from eggs in 1951, he says, amounted to \$96,871,000.

The Texas broiler industry has grown by leaps and bounds during the past few years and in 1951 grossed \$42,343,000 for the state's producers.

Turkey producers in 1951 had gross sales of \$18,124,000. Final figures for 1951 show that eggs represented 61.2 percent of the total gross poultry income for the state; broilers 27.3 percent and turkeys 11.5 percent.

It adds up, says McHaney, to a whopping total of \$157,338,000. A sizable figure for even the state of Texas.

STARS IN HIS EARS—Major Truman Hemingway of Fairfield, Calif., still proudly wears in his ear a gold star, (closeup, right) symbol of his guerrilla days in World War II. He is one of 12 living Americans who wear the tokens to commemorate close bonds forged in the early days of the war, harrasing the Japs. Hemingway was awarded the Legion of Merit by General MacArthur for his contribution to the Pacific campaign.

The easiest way to get into trouble is to be right at the wrong time. Many a 'big shot' of today once was a 'little shot' who kept in there shootin'!

\$9,600 A YEAR FOR NOTHING

Do you wonder what happens to all that money the government takes from you and other taxpayers?

Much of it is spent usefully. But a lot is wasted. For instance, a State Department employe recently told a House committee that in more than a year of being on the payroll at \$9,600 per annum, he'd never been given any specific job to do. He didn't even know what the branch of the Department he was working for was supposed to accomplish.

What excuse can be offered for this kind of waste?

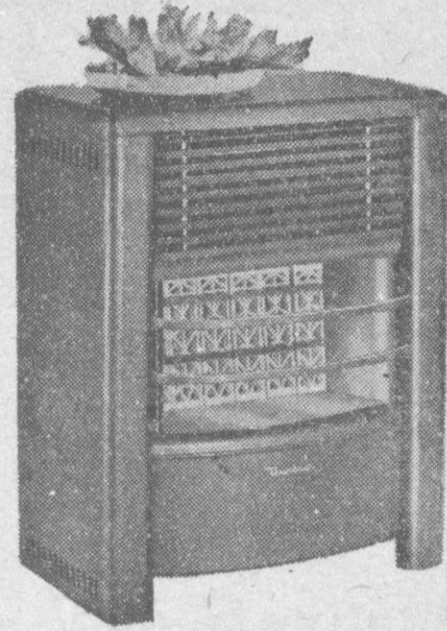

When a man has a rip in his coat and only three buttons on his vest, he should do one of two things, either get married or get divorced.

**IT HAPPENED
15 YEARS AGO**

Sept. 23, 1938

Electric Co-op receives allotment; federal loan of \$178,000 granted for construction of lines in Cooke county. 170 children report at Lindsay school on opening day. Little Marianne Luke escapes injury in fall from moving automobile. Odell Seyler and Alex Lutkenhaus marry. Vincent Becker fractures ankle during ball game. Fire at Lindsay gin causes \$100 damages. Plans for sewer are well received by city voters. Lambert Bezner who was employed in Corsicana and San Augustine for several weeks has returned home and is attending school in Gainesville. Paul Luke observes tenth birthday with party.

10 YEARS AGO

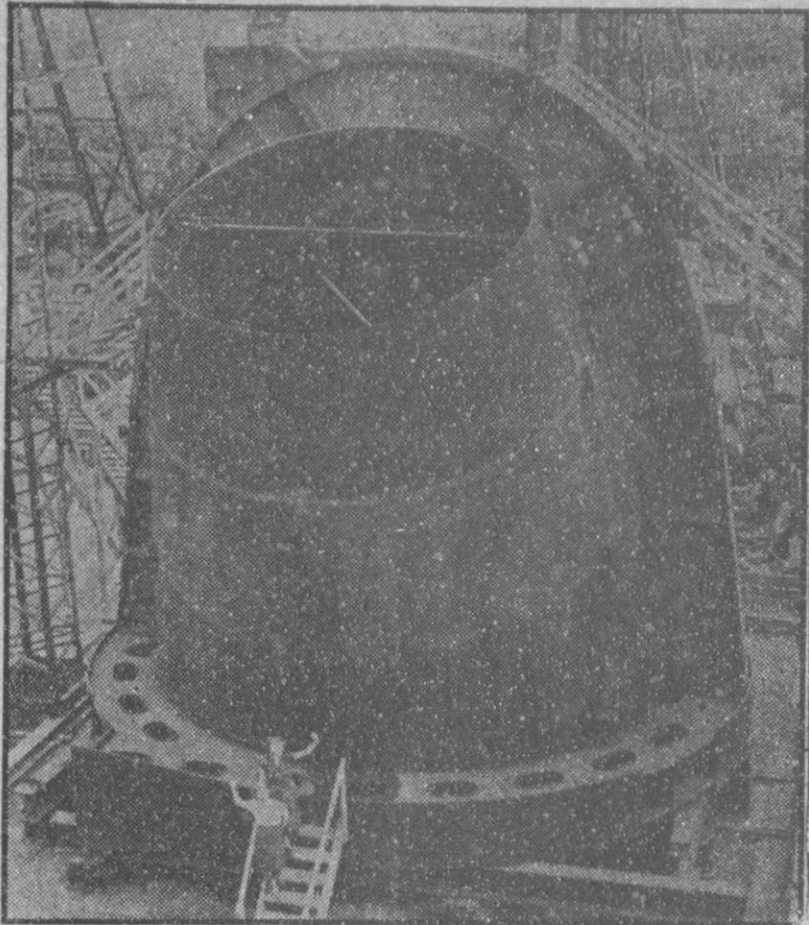

Sept. 24, 1943

Several local boys are seeing action in Salerno battles. Sign-up for No. 4 Ration Book set for October. Fourth Degree Knights will install officers on Oct. 6. Joe Starke has returned from Wichita Falls where he spent four weeks in a hospital for medical treatment. Mrs. Aubrey Jennings and son leave to join Pfc. Jennings in Louisiana. Bond sales here in third war loan drive reach half-way mark as purchases total \$43,000. Home on furloughs this week are Pvt. Heirbe Herr of Camp Phillips, Kansas; Pfc. Louis Sicking of Dayton, Ohio; and T.Sgt. Charlie Wimmer of Camp Campbell, Ky. Cadet Ray Wilde is at Rutgers University for specialized training. Mary Evelyn Seyler heads S.H. cheering group as yell leader.

5 YEARS AGO

Sept. 24, 1948

The Sacred Heart parish annual church drive is under way again; it started Sunday when thirteen members of the parish met with Father Herman to organize their program of canvassing the community. Sacred Heart Hornets face tough test in opener with St.

PIPEFUL—Seventy-five cubic meters of water per second will soon flow through this giant 165-ton pipe section. Reportedly the largest of its kind in the world, the section is to be installed at a power plant under construction at the River Lech in Bavaria.

Mary's Mustangs. Andy Harrison is recovering from appendicitis operation. The John Kathmans moved into their newly completed home during the weekend. Dolores Henscheid is employed at the FMA store replacing Florence Haverkamp who resigned preparatory to her marriage to Richard Schumacher. Announcement is made of Laurie Wilde's engagement to James Bezner. The Herman Hartmans announce the birth of Joe David. The Joe Hundts Jr. are the parents of a daughter.

**Local News
BRIEFS**

The Sidney Casons visited during the week with her brother, Dale Martin, at Gainesville, who has been dismissed from the hospital after being a patient 31 days after receiving injuries in an car accident on Aug. 13. His back was broken and he will still be in a cast for three more months. Dale lived here until his family moved to Gainesville about three years ago.

The Earle Ottos spent several days of last week vacationing in Galveston. While they were away their little daughter, Elaine, stayed with her grandparents, the John Hoffmans.

Jeanette Fisher and Anna Grace Fette of Fort Worth came home to spend Saturday and Sunday with their families.

Jim Cook spent the weekend in Mexia with his brother and family, the W. H. Cooks, and on Saturday attended a Service Pipe Line company picnic with them.

Mr. and Mrs. Joe Streng of Louisville, Ky., spent from Sunday to Wednesday here with his mother, Mrs. Lena Streng, and then went to Hereford to visit relatives before returning to their home. Mrs. Streng joined them on the trip and will visit with them in Louisville.

The A. J. Schillings and son, John, of Decatur spent Sunday here with relatives and attended the picnic in the parish hall.

Warren McKay of Lubbock, his brother, Arnold McKay of Fort Worth, and their father, John McKay of Shallowater, visited here Saturday with Warren's brother-in-law and family, the Marvin Morrisons.

Mrs. J. S. Horn is spending this week in Windthorst with her son and family, the Jake Horns. She left Sunday in company of the Johnny Zimmerers who spent the day in Windthorst with relatives.

The Reuben Sturms and son, Robert, arrived Sunday to spend a week visiting his parents, the Joe Sturms and other relatives.

Little Karen Ann Eckstein of Fort Worth is the guest of her grandparents, Mr. and Mrs. Byron Sears, for a few days while her parents, the Sid Ecksteins are in Austin on business.

Mr. and Mrs. Fred Steinberger of Windthorst were weekend guests of relatives here. She is the former Miss Helen Bindel.

Guests Sunday in the H. L. Jackson home were the Joe Ottos and children, Norman, Frances and Mike, of Wichita Falls. At supper time they were joined by the William Meurers of Slaton, and Mrs. J. M. Wenzapfel and son, Henry. The Meurers also visited other relatives and friends here. Mr. Wenzapfel was in Archer City for a weekend visit with his father.

*A message to every
prospective new car buyer:*

**You can have
the most popular automatic transmission
to be found in any low-priced car
*Chevrolet's Famous 1953 Powerglide!****

Much fleetier, smoother, more economical! Thoroughly proved and improved through years of development and over a billion owner-driven miles! Production now running at new high levels due to record nationwide demand!

Much More Economical
Chevrolet's 1953 Powerglide Automatic Transmission—teamed with the 115-h.p. "Blue-Flame" high-compression Valve-in-Head engine—brings you *entirely new operating economy* in city driving and on long trips.

Far Livelier Getaway
Put the selector lever in "DRIVE" position—step on the accelerator—and you move smoothly away from a standing start to legal traffic speed in *seconds*.

Important New Gas Savings
You'll never know how economical an automatic transmission can be until you try the 1953 Powerglide. Various improvements, including a more efficient use of engine power, make it extremely thrifty.

In fact, bring you the most important gain in gasoline economy in Chevrolet history.

Great New Passing Ability
The car picks up pace in traffic or on the highway at the touch of a toe, for the '53 Powerglide has an added automatic passing range.

Smoothest No-Shift Driving at Lowest Cost
Driving is almost incredibly easy, changes of speed almost unbelievably smooth... for this transmission gives simplest, smoothest, no-shift driving at lowest cost.

Safe Eyes-on-the-Road Driving
Safety is served in many ways. And one of the most important, perhaps, is that Powerglide permits you to *concentrate* on

driving. You can keep your hands always on the steering wheel and your eyes always on the road.

Full Engine Braking-Power on Hills
Powerglide's flexibility lets you cruise easily up any hill. And you enjoy constant engine braking power for maximum safety when descending.

Rock Out of Trouble
Powerglide's smooth power flow lets you rock out of sand, snow or mud whenever the need arises. "LOW" and "REVERSE" are side by side on the Powerglide quadrant, making the operation doubly easy.

Push-Proof Parking
Put the selector lever in "PARK" position when you leave the car, and a positive gear-type lock holds it in position until you return.

Time-Proved, Owner-Proved Dependability
Come in. Drive a Chevrolet with this finer, more popular automatic transmission. *Test it and you'll want it.* It's time-proved, and road-proved by hundreds of thousands of owners, in over a billion miles of driving.

MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!

J. B. Wilde, Chevrolet Dealer
Muenster

*Optional at extra cost. Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine available on "Two-Ten" and Bel Air models. Power Steering available on all models.

Said plaintiff's petition was filed on the 16 day of September, 1953.
The file number of said suit being No. 16,435
The names of the parties in said suit are:
Margie F. Russom and her husband, J. M. Russom, as Plaintiffs, and Zac P. Smith, Jr.; Carlton P. Smith, Sr.; Brvan Moore, Jr.; Florine Moore Campbell and her husband, Robert Campbell; Flora Moore Herdt, a feme sole; Vera Moore, a feme sole; John Blanton Moore; Howard Hudzene; Clyde J. Hudzens; Al G. Hudzene; Edna Hudzens Smotherman and her husband Ferris Smotherman, Jr.; Mae Irene Hudzens Shook and her husband, J. W. Shook; Onal Hudzene Koontz and her husband, J. H. Koontz; Vera Hudzens Burns and her husband, Robert D. Burns; R. (Ruba) V. Hudzens; Fae Hudzens Scheid and her husband, C. W. Scheid; G. W. Tallaferrro; E. N. Tallaferrro; Mary French and her husband, Allen W. French; Jack Rierdon and his wife Lorene Rierdon; and the Unknown Heirs of D. W. Bird and Alma Moore, deceased, as defendants.
The nature of said suit being substantially as follows:
Plaintiffs sue for a partition of both the surface and the mineral estate of the following described land in the N. J. Tarpley Survey in Cooke County, Texas:
BEGINNING at the SE corner of said Tarpley survey;
THENCE North with its eastern boundary line 581.7 varas to SE corner of a 60 acre tract off of the North end of said Survey conveyed by S. W. Moore and wife to J. L. Smith by deed recorded in Book 75, page 188, of Cooke County Deed Records;
THENCE West with the south boundary line of said 60 acre tract 940 varas to its SW corner;
THENCE South 622.7 varas to the SW corner of said Tarpley Survey;
THENCE North 67 1/2 East with its south boundary line 940 varas to the place of beginning, containing 100 acres of land.
Plaintiffs allege that Marjorie F. Russom is the owner of an undivided 2/3 interest in the land, exclusive of the oil, gas and other minerals therein and the balance, or 1/3 undivided interest, is owned by other defendants, including a 1/25 interest owned by the unknown heirs of Alma Moore, deceased. Also, it is alleged that plaintiff, Marjorie F. Russom, owns 2/5 of 3/164 of the oil, gas and other minerals in the land herein described and the balance of the mineral interest is owned by other defendants, including 33/64 thereof owned by the unknown heirs of D. W. Bird. It is alleged that both the surface and the mineral estate cannot be partitioned in kind and that the property should be sold and the proceeds thereof divided among the owners according to their various interest, and that plaintiffs are entitled to recover \$3,000.00 for improvements placed upon the property.
If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.
Issued this the 19th day of September A. D. 1953.
Given under my hand and seal of said Court, at office in Gainesville, Texas, this the 19th day of September A. D. 1953.
(SEAL) Woodrow U. Clegg, Clerk
District Court Cooke County, Texas

Local News BRIEFS

New Chevrolet sales include a standard green two-ton truck to Shamburger Lumber company and a Regatta blue 2-door sedan to H. B. Poff.

Miss Dorothy Sicking and her fiancé, Harvey Buttrill, his friend and Miss Margaret Sicking, all of Fort Worth, spent Sunday here with family members and were dinner guests in the home of the girls' sister, Mrs. Pete Koelzer. When they returned to Fort Worth Sunday evening, Gus Sicking accompanied his daughters for a visit. Dorothy and Harvey will be married in mid October.

Guests in the J. W. Fletcher home Sunday were Mr. and Mrs. Ted Redman and son, Roy Alvin, of Saint Jo.

Mrs. Lawrence Roberg and Ruth Needham were in Borger and Amarillo during the past weekend visiting with relatives.

Misses Celine and Anselma Felderhoff of Dallas were guests last weekend of their mother, Mrs. John Felderhoff.

Mrs. Claude Cannon and son, Ronnie, spent Sunday in Wichita Falls with her mother, Mrs. Ruth Pittman, and her sister, Mrs. Violet Tuggle.

Mrs. Curtis Holland of Fort Worth is spending Wednesday to Sunday with her mother, Mrs. Robert Yosten. She will return to Fort Worth with her husband after his visit here next Sunday.

Reynold Reiter left Monday afternoon to enroll as a sophomore at NTSC in Denton.

Mr. and Mrs. Frank Felderhoff visited with Father Henry Felderhoff at Denison Sunday after attending a district meeting of the VFW and Auxiliary.

PARTY AT CAIN'S HONORS MRS. ARNOLD WIMMER

Mrs. Arnold Wimmer was honoree and Mrs. Dick Cain was hostess at a gift party Sunday afternoon in the Cain home.

A color scheme of pink and blue was used in decorations and also the refreshments plate of cake and ice cream.

The honoree received gifts from a large number of guests, also the prizes won at party games and presented by Mrs. Leslie Cain and Mrs. William Koerner.

LUNCHEON MENU

TUESDAY: Short ribs, green beans, potatoes, gravy, cole slaw, milk, bread.

WEDNESDAY: Macaroni and cheese, green beans, pear salad, milk, hot bread.

THURSDAY: Fried chicken, sliced tomatoes, boiled potatoes, gravy, fruit cup, milk, bread.

FRIDAY: Salmon patties, mashed potatoes, green beans, carrot sticks, cherry cobbler, milk, bread.

The cub reporter was told to cut his story to the bare facts. Following his orders he did so and produced this the next day.

"J. Smith looked up the elevator shaft to see if the car was on its way down. It was. Age 45."

VISIT TO HOLY LAND—Two teen-aged monarchs of the Near East—King Hussein II, left, of Jordan, and King Faisal of Iraq—hold ritual candles as they visit the place where Jesus Christ was born. Explaining the shrine to them is a Catholic priest.

In Washington, a federal agency received a letter from a taxpayer inquiring about a pending case. He added this postscript: "I haven't made up my mind on this issue, but when I do I will be very bitter."

An employer was pointing out to his secretary several errors she had made during the day when she interrupted with: "Mr. Smith, it's two minutes after five, you're annoying me on my own time."

Fair Will Feature Antique Auto Show

The growing popularity of the antique automobile hobby in Texas will be demonstrated with the fifth annual exhibition of the ancient beauties at the 1953 State Fair of Texas, Oct. 10 through 25. Dan C. Williams, chairman of the fair's Antique Auto Committee, has announced.

Members of the North Texas Horseless Carriage Club are already busy preparing for the fair—refurbishing and reactivating the classics of yesteryear, ranging from Stanley Steamers to Hupmobiles, he said.

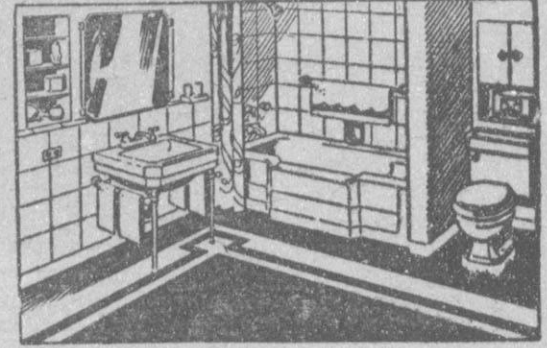

Trophies will be awarded for

best restored cars, cars with best mechanical operation, cars from the longest distance away and most popular cars.

Driving contests to be held Sunday, Oct. 11, will include cranking, backing, blindfold driving, and see-saw balancing events. Plus a contest where the driver spears oranges with a lance while his car is in motion.

Most of the ancient autos are fitted with new bodies and special machine-tooled parts. All are in perfect running condition.

The veterans of the road usually get around under their own power, but if the car is particularly aged and the distance great, some owners transport them via trailer, Williams said.

MHS FRESHMEN GIVE PARTY HONORING SENIORS
 Freshmen of Muenster High School were the hosts at a party Wednesday night in the gym honoring the Senior class. In accordance with school policy the event substitutes for a freshman initiation. The method is to have the beginners do all work connected with the party and everybody except seniors pays an admission charge to defray expenses.
 The program consisted of games refreshments and dancing.

Grass Judging - - -

rules will be covered from 9:30 until 10:00 o'clock with the actual judging coming from 10:00 to 11:00 o'clock.
 After the judging all teams will be carried on a field trip to study native grasses in the field and to hear John Williamson, Soil Conservation Service Range Conservationist, explain range condition classes and management practices.
 Judging teams and their instructors will be luncheon guests of the district supervisors in the Gainesville High School Cafeteria.
 Presentation of awards to the winners will be made in the high school gymnasium at 1:30 P.M. Awards will be given to the three high Senior teams, the three high individuals and the high first year team. District Supervisors J. W. Hess, Rush Freeman, Willard Kemplin, G. E. Blackmon and Henry Reynolds will all take part in the ceremony. Assisting in the contest will be Soil Conservation Personnel who will act as scorers.

VFW and Auxiliary Hold District Meet Sunday at Denison
 Ted Connell of Killeen, state junior vice president, was the principal speaker Sunday at a district meeting of the Veterans of Foreign Wars in Denison. The meeting was held in connection with a district meeting of the VFW Auxiliary.
 The groups were together for a mid-morning coffee and program and also for a noon luncheon but held separate meetings in the afternoon.
 Pat Hennigan, district commander, presided at the VFW session and Mrs. Pat Parker of Gainesville, district president, presided at the Auxiliary meeting.
 Those attending from Muenster were Pat Hennigan, F. A. Kathman, Maurice Pagel and their wives and Ray Wilde. Eleven attended from Gainesville.

Hornets Lose

Favored by circumstances they were on the offensive far more than half of the time but marked up total rushing gains of 113 as compared to the Hornets 125. Eugene Walter was the big obstacle in that department. The little guard made a habit of smearing attempts at the line, and other Hornet front men shared about equally in their solid steady defense. The only Bearcat to give them serious trouble was Crawford. He slipped through several times but the secondary did not permit him to go far. Cole made fewer gains but he had the honor of toting on a 6 yard touchdown plunge.

The Pointers scored late in the fourth quarter on a drive that started at the 46. Three passes accounted for 22 yards and the rest of the distance was picked up on seven power plays that made up their only sustained drive of the game.

In all probability the final whistle prevented them from making another touchdown. After blocking Noggler's kick they completed a 15 yard pass to the 14, then ran out of time.

The first half was Muenster's. In spite of 2 interceptions and 2 heartbreaking penalties the Hornets gained a total of 96 yards and 4 first downs as compared to the Bearcats 77 yards and 5 first downs. The third quarter was fairly even but the fourth was one sided, accounting for the Bearcats' better record for the second half. Pilot Point gained 86 in the second half, Muenster only 29.

Confetti

and decide whether we can ever get a better plan. If not, what's to be gained by waiting? Another thing is for each owner to decide whether he ever wishes to have pavement. In nine cases out of ten the answer to that is yes, and again it's a question of what's to be gained by waiting. Why roll over rough streets, and gather extra dust in our homes, and continue paying higher street maintenance for another five, ten, or fifteen years?

In the last analysis the problem boils down to this. Unless we intend to do without pavement the rest of our lives we might as well get it now. It's a lifetime investment, and the sooner we get it the longer we will enjoy it... and the more money we will save in the long run.

Thomas Alva Edison patented more than 11,000 inventions.

Students Leave

year as a freshman. Glenn Hellman is back at ETSC at Commerce, as a junior this term, and his sister, Jane, is enrolled as a freshman. Larry Hofbauer is a freshman at Saint Mary's University in San Antonio, Herbert Otto is a freshman at John Tarleton in Stephenville, and John David Meurer is a freshman at St. Edward's University in Austin.

Student nurses are Anselma Felderhoff at St. Paul's Hospital in Dallas, Ella Dell Starke at St. Anthony's in Oklahoma City, Pauline Myrick at John Sealy in Galveston, and Jeanette Fisher and Anna Grace Fette at St. Joseph's in Fort Worth. Continuing nurses training are Marianne Luke, Bernice Henschel, Jeanette Walter and Anselma Kathman, at St. Paul's and Margie Baumhardt at Providence Hospital in Waco.

Five students have enrolled in academies away from here. Billy Seyler is at Allen's Military Academy at Bryan; Ray Luke, Richard Hess and Raymond Zimmerer are at Subiaco, and Mary Weinzapfel is a high school freshman at OLV Academy in Fort Worth.

Joe Weinzapfel Jr., is continuing at Conception Seminary, San Antonio. Joseph Felderhoff and Jerry Reiter entered St. John's Seminary in San Antonio, and Maxie Swirczynski has returned to the Carmelite Seminary in Little Rock, Ark. Anselma Knabe has entered OLV Convent in Fort Worth as a postulant.
