The Frank Hennigans and children left Thursday morning after being here since Saturday to visit family members and friends. They were among those attending Father Weinzapfel's mass and the reception Wednesday. Other family members present for these events and for a visit with their parents, the R. R. Endreses were Sister Cecile of Wichita Falls and Floradell Endres of Fort Worth.

COMPLETE FUNERAL SERVICE

Miller Funeral Home

The John Tuckers and Sonny of Houston spent the weekend here and in Myra with relatives. Sunday their daughter, Mrs. Joe Tempel, entertained with a dinner party for them. Other guests present were Mrs. Tucker's parents, Mr. and Mrs. Sam Epps of Myra, the Lloyd Tuckers of Gainesville, and the Harrell Cockrills and two daughters of Denton.

New cars delivered lately include a Ford 2-door to Oscar Miller, a Ford 4-door to Wilfred Luttmir, a Ford 4-door to Tom Jetzelsberger, a Ford 2-door to Mrs. Isabell Fette, a Ford 4-door to R. J. Samples, and Ford pickups to the Muenster Mill, W. B. Wilson, G. L. Dickerson and Paul Clayton.

JOHN HERR HOME IS REUNION SCENE SUNDAY

The home of Mr. and Mrs. John Herr was the scene of a family get-together that observed two wedding anniversaries Sunday.

Guests for the day included Mrs. Herr's brother-in-law and sister, Mr. and Mrs. Elbert Vance of Hereford who were observing their first wedding anniversary. The Herrs were observing their 26th anniversary.

Other out of town guests were Mr. and Mrs. Q. D. Pettigrew of Dallas and the Leonard Bengforts and family of Lindsay. Mrs. Pettigrew is the former Miss Therese Herr.

The Vances were enroute to Alabama to attend a reunion of members of his family.

Rev. Weinzapfel

a bouquet of lilies. Gussie Hellman and Joe Arthur Jackson were candle bearers. They were followed by Father Weinzapfel and his assistants for the mass.

Others participating in the service were members of the Sacred Heart choir.

Monsignor Anthony Daly of Wichita Falls delivered the sermon, in which he referred to the newly ordained priest as a direct descendant of the original apostles who had received their sacred commission from God Himself. By transmittal through the centuries, Monsignor Daly said, he has received from Jesus Christ the power to change bread and wine into the Lord's body and blood, to forgive sins and to administer the rest of the sacraments that Christ instituted, as well as the assignment to care for His flock.

Stressing that last point the speaker said that Father Weinzapfel in his ordination severed his connections with family and community in order to become a servant of God under direction of his bishop. Also in that connection he made special mention of the Weinzapfel family record of service to humanity and God, one son having given his life in the armed service, and two having dedicated theirs in the holy priesthood.

After the sermon Monsignor Daly asked the congregation to kneel and Father Weinzapfel gave his first priestly blessing.

After the mass the procession, in its original order, returned to Sacred Heart School.

Shortly after the mass, as the crowd drifted to the parish lunch room for a community dinner honoring its new priest, members of the Muenster band arrived and played several selections. They had just returned from the Circus Round-up parade in Gainesville.

About 500 attended the dinner which was prepared and served under supervision of the St. Anne's Society as a benefit for the new church fund.

Afterward relatives and friends of Father Weinzapfel gathered at his parents' home to continue their observance of the occasion.

Father Weinzapfel was born in Muenster on April 9, 1929. He attended Sacred Heart School until his last year of high school when he entered St. John's Seminary in San Antonio. After high school he continued at St. John's for two years of philosophy and two of theology then entered Assumption Seminary in the same city for his final two years of theology. He became a sub-deacon in May, 1953, and a deacon the following November. He expects to be assigned soon to parish work in the Diocese of Dallas.

Mr. and Mrs. Elton Ballanger of Valley Creek community were Sunday afternoon guests in the home of Mrs. Alys Graye and her brother, Oliver Walker, route 3, Muenster.

Other things being equal, that is the best government which most liberally lets its citizens alone. Through the whole range of authority, he governs best who governs least.

F. J. Walterscheids Celebrate Silver Anniversary Monday

Mr. and Mrs. Frank Walterscheid of Hereford celebrated their silver wedding anniversary on Easter Monday with a reception and dinner for relatives and friends in St. Anthony's school hall.

The wedding date was April 15 and the couple and their family attended an anniversary mass in St. Anthony's church that morning.

For the reception the hall was adorned with seasonal flowers and the table was centered with a decorated wedding cake. Mrs. Walterscheid wore an orchid nylon dress and a pink carnation corsage with silver ribbon.

Fifty-four guests registered in the guest book. Sixteen were relatives from Muenster including Mr. and Mrs. Al Walterscheid (nee Catherine Loerwald) who were best man and maid of honor at the couple's wedding.

Others from Muenster attending the observance were Messrs. and Mmes. Oscar Walter, Lawrence and Andy Wimmer, Meinrad Hesse and Henry N. Fuhrmann, Mrs. C. M. Walterscheid, Carl, Donald and Martin Walterscheid.

Mrs. Walterscheid, the former Miss Elizabeth Loerwald of Lindsay was married there to Mr. Walterscheid in 1929, and they lived in Muenster 14 years before moving to Hereford in 1943. They engage in farming.

They are the parents of eight children: Leonard, stationed in Kokura, Japan, with the army, and Vincent, Kenneth, Larry, Betty Lou, Alvin, Jeanette and Doris Jean, at home.

SH Piano Pupils in National Contest

Adjudication of 34 piano students of the Sacred Heart School of Music will begin next Thursday, April 29, when Katherine H. Townsend arrives to preside at the hearings sponsored by the National Guild of Piano Teachers, New York City.

These auditions are something like a "track-meet" for pianists, Sister Dolores, music instructor, said, and result in many scholarships. Those who do satisfactory work in the spring auditions may take part in the autumn International Recording Festival and win cash prizes from \$5 to \$750.

Each student plays from memory three to ten numbers and all above elementary stage are required to pass a test on scales and cadences. Auditions are conducted privately to put the student at ease.

Teachers' Meeting

ing number of people are placing greater emphasis on the importance of a wholesome family environment. He attributed undesirable trends of the past mostly to the complacency that accompanies national progress and security. When people get along well they have a tendency to think they can go it alone. But developments such as the world has seen lately, especially the horror of atomic and hydrogen weapons, make them scared, and they try to get closer to God.

As regards the American home he called attention to alarming conditions less than a decade ago when both parents and children drifted in and out, and family life was approaching the stage of deterioration which preceded the downfall of nations in the past.

Pointing to the current growing influence of church and home, he then called on teachers to keep pace by increasing their contribution to the civilization of tomorrow.

Mr. Sturgeon also presented a brief outline of the state's century of public school development, explaining that little progress was made for the 60 years prior to adoption of the Gilmer-Aikin program in 1949. But now, he said, we have the framework of a system that can be developed into the nation's best. Of course there are problems ahead, and the greatest of those is to recruit the thousands of teachers needed to make up for present shortage along with annual retirements and increasing enrollment.

The speaker was introduced by Virgil Welch, superintendent of the Callisburg school. Superintendent Weldon Cowan was master of ceremonies and Charlotte Wolf, accompanied by her sister, Lu

Rena, gave three vocal numbers. Opening invocation was offered by County Superintendent W. E. Chalmers and the benediction by Father Christopher Paladino.

In the annual election of officers the group unanimously approved the nominees named by Superintendent Randolph O'Brien of Valley View, chairman of the nominating committee. They are L. P. Bruns of Muenster, president; Ervin Wilson of Era, first vice president; Mrs. Leahy of Callisburg, second vice president and Mrs. Bill Searcy of Muenster, secretary-treasurer.

A man was complaining that he had just bought a prefabricated house, and that it had in the end, cost him \$50,000.

"Fifty thousand!" exclaimed one of his friends. "Isn't that an awful lot to pay for a prefab?"

"Yes," said the home-owner.

"It wasn't so much to begin with, but I told that factory I wanted it right away, and they sent it to me air mail."

Local News BRIEFS

Mrs. J. S. Horn attended Easter Sunday services in the new Sacred Heart church—her first attendance at church services since she broke her hip almost four years ago. Walking for some time and able to get around at her home, she was unable to go to church because she couldn't climb the steep steps at the temporary church.

Mrs. Callie Baumhardt's home was the scene of an Easter reunion for which all family members were present: Lawrence and family of Wichita, Kansas, Ralph and family of Amarillo, Omar and family of Waco, Roy of Kelly Field, San Antonio, Mrs. Frank McClendon and family of Devol, Okla., Mrs. Eddie McCreary of Sheffield, Mrs. Bertie Lou Webb of Wichita, Kansas, and Miss Margie Baumhardt of Waco.

The George Lutkenhaus home was the scene of a reunion on Easter Sunday with all family members present including the Henry Sandmanns and children of Valley View.

Mr. and Mrs. Joe Fisher Sr. were hosts in their farm home Sunday for a family reunion and covered dish dinner at noon. All the Fisher children and their families from this city were present.

Mr. and Mrs. Joe Luke spent Easter Sunday and Monday as guests of the Eugene Michels family at Munday.

Guests of Joe and Russ Linn during the past weekend were their sister and husband, the W. B. Parkers of Dallas.

The Tony Gremmings had as Easter guests their children, the Robert Mayers and two daughters of Pilot Point and Miss Dolores Gremminger and her fiancé, Billy Howell, both of Fort Worth.

The Joe Walter family spent Easter Sunday together in their home in Gainesville. All their children were present including John Paul of Subiaco, Ark., Rita of Our Lady of the Lake College, San Antonio, and the Ed Sickings and family of Muenster.

Mr. and Mrs. Herman Gay and sons, Bob and Charles, of Abilene, spent Easter with her mother, Mrs. Albert Address at Myra.

Mr. and Mrs. Raymond Boerner and family, Joseph Heuman, Lawrence Roewe, Catherine and Frances Heuman and Frances Roewe, all of Pilot Point, visited relatives and friends here Sunday and attended the parish picnic.

Mr. and Mrs. Clarence Wilson had as guests, Saturday Mrs. L. O. Blanton of Sherman and her son Roy Blanton of Gainesville. The Blantons, former residents of Saint Jo, had been there to visit relatives. It was Mrs. Wilson's and Mrs. Blanton's first get-together in 30 years.

George Gehrig is back at home after taking his uncle, John Gengen, to his home in Idaho Falls, Idaho.

Mr. and Mrs. Joe Swirczynski had their children and grandchildren with them for Easter for a reunion. Out of town members of

the family present were George and Ed Swirczynski and children of Fort Worth and the Bob Swirczynskis and family of Ardmore.

Mr. and Mrs. Al Horn and her father, John Schmitz, all of Dallas, visited relatives and friends here Sunday and were among those attending the parish picnic.

How smart can machines be?

Back in the twenties there was a stage play about mechanical men, who repaid their creators by trying to wreck civilization. "Robots" have made people uneasy ever since.

How smart can a machine be? At General Electric we're beginning to find out. For some years now we've been working with machines that come startlingly close to thinking like men.

Can they outsmart men? Just the opposite: they make men even smarter by taking over routine mental chores and freeing men for the creative thinking only human minds can encompass.

A jet engine used to be designed by trial and error. You had to build it first, or a costly model, to find out how it would work. Now, an electronic computer helps solve long and complex jet development problems in advance. In 15 minutes it goes through 8 million mathematical calculations and comes up with an answer that would take a mathematician 7 years.

In management, "hunch" is giving way to fact. Electronic data-processing machines zip through head-spinning statistics on market changes, product design and income trends to come up with the answers General Electric managers need to make sound decisions, not hopeful guesses.

Their ability to digest tons of data in a hurry may one day help the farmer by making weather predictions more accurate. They may shed new light on the reasons for boom and bust.

Machines that can read, write, do arithmetic, measure, feel, remember, now take the load off men's minds, just as machines have eased the burden on our backs.

But these fantastic machines still depend on people to design and build and guide and use them. What they replace is drudgery—not people.

Don't worry; smart though they are, machines will never be as smart as people. Not while people are smart enough to think them up, smart enough to let them do a man's drudging work.

The American Way

SECRET STRIKE BALLOT

By Maurice R. Franks

Union Busting—is that what President Eisenhower's proposal for a secret strike ballot adds up to? Or does it offer full support to the basic principles of unionism and provide an effective safeguard to those principles in times of economic crisis?

The general impression, conveyed by those opposing the secret ballot is that the American workingman is something of a hopeless degenerate, lacking all ethical conscience and mental capacity. Indeed, they seem determined to present him as a nincompoop, totally incapable of deciding for himself such questions as directly affect his own and his family's personal welfare, or of recognizing a situation— which on rare occasion can arise—wherein his duty to his union surpasses his duty to himself.

This charge, implied by his union and political protectors, is as insulting as it is incompetent. For if he is the chump they seem to think he is, then certainly that same worker is too big a chump ever to be allowed free exercise of his rights of American citizenship. Certainly no moron as dull as he is thus made out to be, should ever be permitted to cast a vote on regular Election Days when problems are presented to him far more complex than the down-to-earth, personal one of deciding whether he thinks it would be better for himself and his union to stay on the job or strike.

But the fact is, our nation and all of its political institutions have been soundly benefited by the mind of the American workingman as contributed through his vote—and it is absurd not to trust his judgment in the matter of a union strike vote.

Two important considerations make it clear that the workingman should be protected by law from his leaders even before they undertake, with bullying methods, to protect him from his

employer.

The first consideration is the fact—supported by plenty of evidence—that we have in our industrial midst certain top-flight labor leaders definitely committed to the overthrow of our form of government. Such labor leaders, obviously, are working—not for—but against the best interests of American industry's employes.

The second is that the secret ballot provision in many a union constitution can, because of no neutral supervision, be abused by crafty union leadership and is no more than a delusion and a snare.

Take the case of a local union undertaking to conduct a secret ballot at a secret meeting. The union's membership may total 5,000. At the meeting in question as few as 500 members may attend. Those 500 in all secrecy can vote away the rights of the 4,500 and the whole affair be in full accordance with the secret ballot provision of this particular union's constitution.

Then there's the case of an international union with a membership of a million or more scattered in numerous locals from one end of the U. S. to the other—such as the auto, steel or communication workers' union, for example. Now the constitution of such a union may even call for a local-by-local referendum vote; and such a vote may also be as secret as the union constitution calls for—even when a clear majority of ballots actually oppose a strike. But what can be even more secret—and I mean secret!—is the method of counting, recording and reporting the vote. Especially when no neutral agency is present to watch these proceedings—and when it is a fine advantage for the union's negotiating committee to be armed with a rousing strike vote when they sit down to negotiate a new contract with management.

Such considerations as these show how essential it is for such a secret ballot to be taken under auspices other than those of the union itself—particularly in so serious an economic crisis as one involving a possible strike, when

Crime Caused By Moral Indifference

By J. Edgar Hoover, Director, Federal Bureau of Investigation

TOO OFTEN the downfall of a nation results when individuals outlaw God, destroy the moral code, and worship at the altar of materialism.

The ancient glories of Greece and Rome were destroyed by the cancerous growth of moral indifference. Men believed that they were self-sufficient and foolishly made their own rules of conduct. The mandates of the moral law were not old-fashioned to them—they simply ignored them. Without God, these nations declined and then fell—victims of their own selfishness.

WE HAVE SEEN HISTORY repeat itself in our own day. The Fascist dictators destroyed human dignity and attempted to wipe out religion from the hearts and the minds of the people. The net result was chaos, and the Fascist dictators toppled and fell, as their predecessors before them—victims of their own stupidity.

Our own generation is producing too many men and women who have outlawed God because He interferes with the individual's self-interest, whether in pleasure or in business.

GOD HAS BEEN blocked out

of too many homes and entire communities. Proof of that can be found in the sordid record of crime, and in the ever increasing materialistic way of life.

The well-being of our nation is seriously challenged by crime. We take pride in the progress we have made in the arts and sciences, but we allow conditions to exist which produce a major crime in our country every 14.9 seconds. This force of criminals is a constant threat to our individual liberty.

UNFORTUNATELY, the crime problem continues to be essentially a youth problem. This fact certainly presents a definite challenge to provide proper guidance and instruction for our young people. If the basic foundation is not strong, all the training and culture erected upon it will topple when the tempest comes.

We take pride in the physical, intellectual and material growth of our nation. Yet we are stunted spiritually. We depended a great deal upon God's help over the years, but now that we have come of age, vast segments of our population apparently feel that God has served His purpose and is no longer needed.

RELIGION has been literally tossed into the junk heap, and moral indifference still remains one of the great basic causes of present-day crime.

† Paulist Pasture Service, Washington 17, D. C.

Mr. Hoover

the financial interest of every worker and the vital interest of large segments of the general public are immediately at stake.

That the public is deeply interested in a peaceful solution to

a labor-management dispute is clearly revealed in the case of a milk strike, when even babes-in-arms must suffer its consequences.

And maybe this is why Mr.

Eisenhower construes it a function of government to supervise a strike vote and see that each ballot is cast in all secrecy—and a responsible counting of ballots performed. At least in the case of nation-wide disputes affecting entire industries—such as coal, steel, transportation, communications, and the like—when the domestic and foreign commerce of the American people as a whole can be in high jeopardy.

Who is wise? He that learns from everyone. Who is powerful? He that governs his passions. Who is rich? He that is content.

From where I sit... by Joe Marsh

So They Stopped Baiting Each Other

If you want to hear a real hassle, listen to Cob James and Whitey Baker on trout fishing sometime. You'd think it was more important than anything.

Cob favors dry flies. Whitey pooh-poohs anything but wet flies. Cob swears by a Fan-Wing Royal Coachman; Whitey won't hear of anything but Silver Doctor. And so it goes—they can't even get together on steel rods versus bamboo rods.

But on Saturday, each got back from Fox Creek with a catch that couldn't have differed by more

than a couple of ounces! Then over a friendly glass of beer, they allowed as how maybe they were both right... which is how so many arguments should end.

From where I sit, life would be a whole lot pleasanter if we all respected one another's opinions—whether about trout flies, or having a glass of beer, or voting. After all, a person has a right to follow his own line of thinking.

S.H. Students Win In Poster Contest

Winning four out of five top spots for the best art posters in a state-wide U. S. Treasury sponsored art project, is a record achieved by students of Sacred Heart parochial school, according to an announcement this week by Evelyn M. Crowell, education director for Texas, U. S. Savings Bonds Division, Dallas.

The four posters will be sent to Washington, D.C., for display with the best five entries from each state. Title of the project "Future Unlimited" depicts what students and their families are saving for through Saving Stamps and Bonds.

The Texas entry considered the most unusual, according to Mrs. Crowell, is the one submitted by Leonard Bayer, 14-year-old eighth grader at Sacred Heart. It is done in colored crayon and is entitled "My Future Means Security for Eternity." It shows a boy seated at a table looking at his Saving Stamps Album, but with his thoughts directed toward a seminary and a Catholic church.

Other Sacred Hearters whose entries were selected are Irma Starke, 15, in the tenth grade; Clifford Endres, 12, eighth grade; and Frances Knabe, 16, tenth grade. They gave as reasons for saving college education, purchase of homes, farms and household equipment.

According to Mrs. Crowell, the Sacred Heart school was the first Catholic school in Texas to agree to install weekly Stamp Days when the School Savings Program was reactivated in 1951. Since then many other Catholic schools as well as public and private schools have inaugurated similar programs.

At Sacred Heart the program is directed and encouraged by Sister M. Theresina, principal of the high school, assisted by Sister M. Carmelita, grade school principal.

In addition to saving for themselves the students are buying stamps to convert into bonds for the new parochial high school now under construction. Every Tuesday is Stamp Day at Sacred Heart.

At the opening of the 1953-54 school year, students in public, parochial and private schools throughout the nation were asked to depict in any medium they chose, what they and their families were saving for through Saving Stamps and Bonds.

Ten students from Sacred Heart submitted posters in the project.

A family reunion in the home of Mr. and Mrs. C. L. Cravens at Whitesboro included the following guests from Muenster: Mr. and Mrs. Sid Cason and children Brenda, Terry and Mike, Mr. and Mrs. C. W. Martin and Mary Lou, and Mr. and Mrs. Marvin Corbin.

The Lon Blantons of Valley View spent Sunday with their niece and husband, the M. H. Kings.

This is the 1954 Chevrolet Bel Air 2-Door Sedan. With 3 series, Chevrolet offers a model to meet every individual and family need.

These facts about the New Chevrolet can help you make an important decision

Don't you agree that buying a new car calls for careful consideration? Regardless of make, it involves a substantial amount of money and a lot of future satisfaction. This information can give you a better idea of comparative value and help you decide which make to buy.

A good customer of ours was telling us the other day how he sizes up a new car. Because he's bought a number of them over the years, we were interested in what he had to say. We think you will be, too.

Actually, what he does is to ask about seven basic questions. The answers give a pretty complete picture of the car and its comparative value. Here's what he wants to know.

How well do I like its looks?

That's one question, of course, that only you can answer. You're the one who buys the car and you, above anybody else, should be proud of its appearance.

All we can tell you is that we hear a lot of nice things about Chevrolet's new styling. People seem to like the new front-end and rear-end designs, and the way the bumpers curve even farther around the fenders. They like the new styling touches all around the car and the wide choice of bright new colors and two-tone combinations. A good many tell us that Chevrolet has a decided edge over the other cars in its field for smooth and graceful lines.

Who makes the body?

This question takes in much more territory than the appearance of the car. It involves the quality of the

interior as well as the strength and safety of the body construction. That's why we think it worth your consideration that Chevrolet has the only Body by Fisher in the low-price field.

You can see the difference outside and inside. We'd especially like you to look over the new interiors. Just sit in the car, if you will. Feel the quality of the fabrics and notice the more generous use of vinyl trim.

In all these ways, you'll find evidence of superior quality and workmanship. And after all, isn't that what you would expect in Body by Fisher? As you know, Fisher is the largest and most famous manufacturer of automobile bodies in the world. Doesn't it stand to reason that Fisher can build extra quality into the Chevrolet body? It's there and you can see it.

What's under the hood?

You hear a great deal of talk these days about engine power. The truth is that the number of horsepower isn't nearly as important as what the horsepower does for you.

In this year's Chevrolet, you get increased power in two finer engines. There's the "Blue-Flame 125" engine teamed with Powerglide automatic

transmission and optional on all models at extra cost. In gearshift models, you get the more powerful "Blue-Flame 115" engine.

But, actually, the increase in horsepower is only a sort of by-product of design changes made for other reasons. Chevrolet engineers were after greater engine efficiency, not just greater power. So, you get improved acceleration, with greater and safer passing ability. You get quieter, smoother operation. You climb the steep hills with new ease.

How hungry is it for gasoline?

A car's reputation for, and record of, economy of operation is certainly an important consideration to most people. We'd be glad to have you compare Chevrolet in this respect with any car at any price.

And, in the case of this new Chevrolet, you do not have to sacrifice economy for finer performance and more horsepower. That's because the Chevrolet engines are high-compression engines. Their compression ratio of 7.5 to 1 is the highest in any of the leading low-priced cars.

This means simply that the engine compresses, or squeezes, the fuel mixture to a greater degree in order to wring more work out of it. That's how Chevrolet is able to give you an important gain in performance along with money-saving gasoline mileage—and on regular gas, of course.

Is it up to date in features?

We can't think of a new feature or development you might want that you can't have on the new Chevrolet.

Now you can have Chevrolet's zippy and thrifty Powerglide automatic transmission on any model. You can have Power Steering on all models and at a new, lower price. You can have Automatic Window and Seat Controls on any Bel Air or "Two-Ten" model, and you can have Power Brakes on any model equipped with Powerglide. All are, of course, optional features at extra cost.

How popular a car is it?

When you come right down to it, there's no better way to judge the satisfaction a car gives its owners than by its popularity. How many people buy it and keep on buying it?

Well, as you may know, Chevrolet is by far the most popular car in this country. That's true today and it's been true for a good many years now. But it couldn't be true—or wouldn't be true—unless Chevrolet gave its owners an extra measure of satisfaction and value.

How much does it cost?

There's a short, sweet answer to that one: Chevrolet is priced below all other lines of cars. This lower cost is made possible by the greater production facilities and purchasing power of the world's largest manufacturer of automobiles. That is why Chevrolet can offer you all the advantages we've told you about here—and many more, too.

We'd be more than glad to have you see all these things for yourself and to try out this new Chevrolet on the road. We'll be happy to see you at any time.

Bulcher News
By Mrs. R. J. Samples

College students home for the Easter holidays were Cleeta Sue

Cannon and Tom Harris of NTSC, Denton, and Bob Samples of A&M College. Bob accompanied the Douglas Robisons back to Bryan Monday afternoon. The Robisons had spent the holidays at Marysville with homefolks.

Mr. and Mrs. J. M. Shields had as Easter guests their daughter and family, the Charles Dickermans and three children of Fort Worth.

Several families from here are attending the Spring Revival at the First Baptist Church in Saint Jo.

Mmes. Clark Harrell, Steve Ezell and Robert Lindley, all of Electra visited Mrs. Harrell's sister, Mrs. E. Newby Wednesday and Thursday.

Mr. and Mrs. Bailey Dennis had as guests last week his brother Cleveland Dennis, and wife of Olton, Texas.

Mrs. August Hyman accompanied her sister, Mrs. Guy Giles and family of Wichita Falls, to New Orleans, La., to spend the Easter holidays with the Giles' son, Jim Bob, who attends medical college in that city.

The H. J. Terrys and son Mickey of Stillwater, Okla., spent the weekend with their parents, the Gid Prathers here and the H. J. Terrys Sr. at Caps Corner. H. J. Jr. returned to Stillwater Sunday and his wife and son remained for a longer visit.

BULCHER CLUB MEMBERS PLAN COMING ACTIVITY

Coming activity furnished the principal discussions at a regular meeting of the Bulcher Home Demonstration club Thursday when members met with Mrs. R. D. Carver as hostess in her home.

In observance of Annual Home Demonstration Club Week, beginning May 2, members of the Bulcher and Marysville clubs will take part in a radio program presented over KGAF, Gainesville, at 6:45 in the morning. Mmes. E. Newby, Dexter Dennis and Johnnie West will represent the Bulcher club on the program.

Another coming event in which the women will participate will be a joint bake sale sponsored by the Bulcher and Marysville clubs on May 22 with headquarters in Watts Drug Store at Gainesville. Proceeds will go into the county

club council fund.

Mrs. Gid Prather, president, conducted the business session and members answered roll call with "The Dessert I Serve Most."

Mrs. R. J. Samples had charge of recreation and Mmes. E. L. Robison and Bill Harrell won

game prizes.

The hostess served refreshments of cherry pie, ice cream and punch to ten members and three guests.

Joe Myers is visiting friends in Fort Worth.

Mrs. Sallie M. Kidd of Bulcher has a new great-granddaughter, born in Oklahoma City on Easter Sunday to Mr. and Mrs. Glenn Howard. The baby weighed seven pounds 12 ounces. Her grandparents are the Ed Bosts and D. C. Howards, all of Oklahoma City.

Which of these

TWO GREAT OILS

should you use in your car

*If your car is less than 4000 mi. old**

Begin to use Esso Uniflo right away and continue to use Esso Uniflo throughout the life of your car.

This is a new type oil for high compression engines. Uniflo *minimizes* the deposits that are a principal cause of knocking and pre-ignition ping. Highest viscosity index prevents engine "drag," thus saves gasoline. HD, anti-acid, detergent. You get smoother, quieter engine performance . . . lower maintenance costs . . . improved gasoline mileage. A must for every new* car.

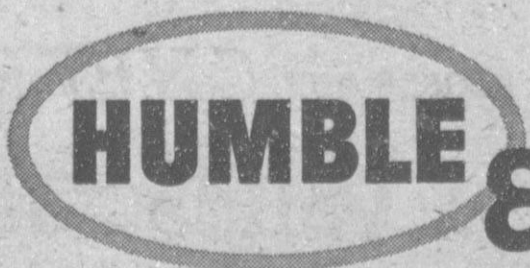

*If your car is over 4000 mi. old**

Humble recommends Esso Extra; it will give you outstanding performance.

Economical to buy, Esso Extra Motor Oil gives you more for your money than any other oil in the same price range. HD, anti-acid, detergent. Lengthens engine life, gives you better lubrication, a better oil seal, a cleaner engine. Premium quality . . . outstanding performance.

*Many Texans began to use Esso Uniflo in new 1953 automobiles. If you are one of these, Humble recommends that you continue to use Esso Uniflo, no matter how many miles you have on your car. To make a new car's engine run better and last longer, you should begin to use Esso Uniflo when the car is less than 4,000 miles old and continue to use Esso Uniflo throughout the life of the car.

Prescher Continues DHIA Top Records

March statistics for the Cooke County Dairy Herd Improvement association, released this week, show two herds tied for top spot as champion butterfat producers.

The Holstein and Jersey herd of Hi-Lo farms and the Peter Prescher Holstein herd each compiled a 44 pound average for butterfat during March.

It was the fourth consecutive month at the top of the list for the Prescher herd, which took first place in butterfat production in December, January and February.

The Brown Swiss herd of the Gainesville State School for Girls ranked third in the DHIA standings for March with a 42 pound butterfat average.

Other herds in the leading 10 for the month were: Paul Fisher, Hoedebeck & Myers, Paul Fetsch, Richard Frasher, Alfred J. Bayer, Charley Kammerdiener, J. W. Fleitman and John Knabe. The latter two tied for the tenth spot.

The report compiled by J. J. Hoffman, supervisor of the association, showed 25 herds tested with 633 cows in milk.

The average butterfat production per cow was 34 pounds and the milk average per cow was 840 pounds for the month.

Nearly half the adults in the United States have no birth certificates.

SH Tigers Swamp Saint Mark's 7-0

The Sacred Heart Tigers were in rare form Tuesday night as they annihilated St. Mark's of Dallas 7-0 on the local field.

Gilbert Knabe claimed hitting honors for the evening by banging out 3 in 3 trips to the plate and Carl Walterscheid ran him a close second with 2 out of 3. Two more safeties gave the Tigers a total of 7 as compared with the visitors solitary hit.

William Walterscheid and Jerry Hensecheid shared honors in a terrific pitching job. Between them they fanned 19 in the 7 inning contest. Along with the one hit, however, they allowed 9 walks but succeeded in scattering those through the innings and kept out of trouble.

Owls Offer Deal On Season Tickets

For the benefit of local baseball fans who are in the habit of attending the Gainesville Owls' home games, here's a little tip that's worth money.

The Owl management has worked out a deal offering a book of tickets to the home games, 70 in all, for 21 bucks. That figures to 30 cents a game. Another offer that goes with the deal is to reduce the price to 50 cents for admissions accompanying the season tickets. Regular admission price is 75 cents and the old season ticket price is \$52.50.

Tickets will be available until April 30, or until the supply of 1,500 books runs out.

The management's object is twofold. It is hoping for enough increased attendance to net about as much money and it wants bigger crowds of rooters.

Feed Mixed In a Hurry

We've got that extra dry mixer in operation now. That gives us 2 dry mixers each connected with the syrup coater.

You know the mixing process. All dry ingredients go into the dry mixer, then the mixture is run out... into sacks or through the syrup machine. It has to be emptied before the next batch can be started.

But, with another dry mixer on the job we can let one unit run full while the other runs empty. SAVES LOTS OF TIME... YOUR TIME AS WELL AS OURS.

PULLETS and PROFITS grow together when you feed RED CHAIN GRO-MO

GRO-MO is well fortified with the necessary antibiotics to give complete protection to the Vitamin and Mineral needs of Pullets.

RED CHAIN Gro-Mo is a special feed designed for pullets, pullets bred for intense egg production after the bird becomes an egg producer, its inherent egg-laying capacity cannot be improved. The bird can only be managed, or maintained as a layer. But as a pullet that bird can be developed to utilize to the fullest its native egg-laying ability.

RED CHAIN Gro-Mo is a 20% protein feed, which permits greater use of RED CHAIN Alcomo or oats. It is rich in fish and milk growth factors. Gro-Mo is fortified and perfectly balanced with vitamin and mineral needs. It provides the necessary nutrients for continued healthy growth, and the protection and development of inherent egg-laying capacity.

Lindsay News

Mr. and Mrs. Walter Nortman celebrated their twenty-fifth wedding anniversary on Easter Sunday with a program that began with attendance at mass in the morning and ended after a dinner and reception in the Lindsay Hall at night.

Father Conrad Herda and Father Herman Redder and about 85 relatives and friends attended the observance. The honor couple received a shower of gifts in keeping with the occasion.

Pvt. Walter Wolf returned to Fort Bliss Saturday after spending a leave at home. His sister-in-law, Mrs. Alma Louise Wolf, went back to camp with him to visit her husband, Pvt. Adam Wolf.

Mr. and Mrs. Francis Dieter of Dallas spent the weekend with their parents, the Dieters and Hundts.

Mr. and Mrs. Sammy Harrison and children of San Diego, Calif., have returned to their home after a visit here with her parents, the Mike Dieters and at Gainesville with his mother, Mrs. Alford Harrison. They also drove to Grand Prairie to visit Sammy's two brothers and their families.

The Albert Kubis home was the scene of a family get-together on Easter with an egg hunt for the children in the afternoon. Among out of town relatives present were Mrs. Mary Voth of Muenster and Mrs. Gertrude Morgan and two children of Fort Worth.

Joyce Wiesman Is New FHA President

Members of the Muenster Chapter Future Homemakers of America elected Joyce Wiesman as their president for the 1954-55 school term Tuesday during a meeting which featured the annual election of officers.

Other new officers are Louise Butler, vice president; Corina Vogel, secretary; Clara Fisher, reporter; Pat Morris, parliamentarian; Norma Klement, historian; Marcy Klement, song leader; Mary Trubenbach, pianist.

As their final social for the current school term the chapter will have an outing and wiener roast on May 4.

Blessed Events

It's a boy! Mr. and Mrs. Clyde Fisher announce the birth of their son, weight nine pounds eight ounces, on Easter Sunday, 9 p.m., at the Muenster Clinic. The John Fishers are rejoicing over the arrival of their first grandchild. The maternal grandparents are Mr. and Mrs. R. J. Grill of Chicago. Named Charles Donald at his baptism Tuesday afternoon, the baby is the first boy baptized in the new Sacred Heart church and the first infant baptized by Father Joseph Weinzapfel. He's also the first great-grandson of Mr. and Mrs. Ed Schmitt and Joe Fisher Sr. of Muenster, and has three great-grandparents living in Illinois.

Mr. and Mrs. Herbert Miller announce the arrival of Kathy's baby brother, Glenn Joseph, weight eight pounds one ounce, at the Muenster Clinic Tuesday at 8:30 a.m. The Albert Henschoids and the T. Millers are the baby's grandparents. Mr. and Mrs. Henschoid were sponsors at Glenn's christening Thursday. Father Joseph Weinzapfel officiated.

Mr. and Mrs. Louis Sicking are the parents of their first child, a six pound eight ounce daughter, born on Easter Sunday at 6:25 a.m. at the Saint Jo Clinic. The little girl, named Mary Jo, was baptized Sunday afternoon in Sacred Heart church, and is the first infant christened in the new building. Father Patrick Hannon officiated assisted by the maternal grandparents, Mr. and Mrs. George Lutkenhaus as sponsors. Gus Sicking is the paternal grandfather.

Mr. and Mrs. Albert Hoehn have a brand new baby daughter and there isn't any doubt they got just what they wanted because they picked her out. She's two and a half months old and is named Kathleen Ann. The couple sent announcement of her adoption to his sister, Mrs. Ed Cler, this week. The Hoehns live in Dallas.

Sanger Nips MHS 4-1 for Loop Lead

The Sanger High Indians were winners Tuesday afternoon in the tussle for first place in the district baseball race. At the start of the game, which had been postponed since last Thursday because of rain, Sanger and Muenster were the only undefeated teams in the loop.

Loose playing by the Hornets accounted principally for their 4 to 1 loss. With their 7 errors they allowed the Indians 3 unearned runs, which accounted for the margin of loss. Sanger men made only 3 errors and also had the better batting record, slapping out 5 hits as compared with the Hornets 4. Pitching records were about even. Alvin Fleitman got 9 strikeouts and the Indian hurler got the same number.

Muenster got its lone run in the second as Richey led off with a hit, stole second and third and came in on Kaderli's hit. Next game on the Hornet schedule is with Era Friday afternoon at 1:30 on the local field.

Bob Williams was in Abilene to visit homefolks during the holiday weekend.

acters concerned. Hiss, Silverman, White, Glasser, Pressman, and plenty of others were permitted to go on with their dirty work while FBI files contained enough evidence to warrant a general house cleaning.

All signs point to a probability that the files will be more extensively used in the future. Nevertheless we feel that Ike could have added a great deal of force to his assurance by saying that prosecuting agencies will be as diligent in the future as the FBI has always been.

Another little detail in his remarks on the multiplicity of fears. We hope Ike is right in guessing the Moscow mob will not risk provoking a war. If that's the case something worth while may be achieved by talking turkey about continued red conquest in Southeast Asia.
