

MUENSTER ENTERPRISE

VOLUME XVIII

MUENSTER, COOKE COUNTY, TEXAS,

OCTOBER 29, 1954

NUMBER 49

Little by little Muenster is showing signs of developing into a city, but not quite as fast as some of the local folks seem to expect.

Street markers were erected a few weeks ago and since then the city has sent cards designating the proper address of every home and business house in town. Now, to the distress of Postmaster Arthur Endres and his helpers, a few people are using their newly assigned street addresses on their mail.

Post office personnel have noticed letters with street addresses shown along with names. Those addresses neither helped nor hindered because they were ignored and the letters were delivered to the persons addressed, as usual. They have also noticed mail with the street address only as a return, and one of those brought on a problem. The letter bounced back for some reason and the post office workers had no idea who should receive it. After several inquiries they learned who lived at the designated address and put it into the proper box at the post office.

So, the post office bunch is most anxious to get the idea across that we're still not ready to use big town methods of addressing mail even though lots of us think we have quite an up and coming city. As a matter of fact we'll have to wait until Uncle Sam gives us city delivery service before we have any use for street addresses on our letters and parcels.

If folks really want to be helpful, Endres suggests, they can do so by giving their correct mail address along with their names. This applies especially to those whose names are similar. For instance, suppose there are four John Does here. Middle initials may be different but not all who write them use the initials. And the PO personnel wonders who is supposed to get the mail. Or suppose there are several A. Smiths with different combinations of names and initials. But some items of mail are addressed simply to A. Smith. Who should get them? Well, the names Doe and Smith are fictitious here, but the predicament is not. The post office has that very problem to contend with.

Children's mail causes another headache. Little Sally Smith gets a birthday card. Nobody in the post office knows her or what family she belongs to. Which of the Smiths should get the card? Problems like these stump fellows who have been on the job for years . . . and very frequently result in bad guesses with consequent delay before the mail eventually reaches the intended person. Obviously such mail could be speeded along wonderfully if the proper mail address . . . the post office box number, the rural route and box number, or general delivery . . . were shown with the name.

There are times, too when this additional information is desirable even though confusion is not likely. A new helper unfamiliar with the location of patrons' boxes in the post office can lose a lot of time hunting when box numbers are not marked on the mail. Several hundred such short delays can add to a long delay in distribution. Frequently that is the reason why some of us do not find our mail in the box as early as we expected it.

So, take a tip from your postmaster if you would like to have better mail service. Wherever possible see that your correct mail address is used along with your name, especially so if your name is similar to someone else's. Specify it when ordering papers or magazines. Urge friends to use it. And send children's mail in care of their parents. And, please until Uncle Sam sets up a city delivery service, don't use a street address. It definitely is not a mail address.

Of course we have hopes that the city will grow enough before so many years to qualify for mail delivery service. A good reason for these hopes is the development that was made possible by the overwhelming majority of votes favoring improvement bonds in last Saturday's election. Though not calculated to bring on a boom, this action opens possibilities for greater welfare which very possibly can lead to

General Election Next Tuesday Ends Quiet Campaign

A general election campaign which seemingly has been favored by even less interest than the normal off-year election in this area comes to an end next Tuesday as people of Muenster join the rest of the nation in expressing their preference for Democratic or Republican candidates.

As usual in the state the outcome is taken generally for granted as voters give their final OK to winners of the July and August primaries.

Not even an exceptionally long list of proposed amendments has aroused public interest. Discussion on them has been practically non-existent even though some propose big changes in the state's government.

For the convenience of voters who have had little opportunity to learn about the amendments the Enterprise is publishing this week a short summary of each. The article appears on page 3.

Election at Muenster's two voting boxes will be held at the customary time and places. I. A. Schoech will be election judge at the public school and Paul Fisher will be judge at the elevator just south of the railroad. Voting hours at both places will be 8 a.m. to 7 p.m.

Underdog Tigers Humble Ranchers With 6-0 Surprise

Father Christopher's Sacred Heart Tigers, still smarting from the 37-7 walloping they received from Laneri the week before, snapped back with fury Friday night and upset the favored Boys Ranch Ranchers 6-0 on the Ranchers' field.

However, it was an upset in score only. According to statistics the Tigers were second best all the way through, and their disadvantage was intensified by four tough breaks on kicking attempts. Two punts were blocked, two tries went sour as the ball was fumbled on the fourth down play.

In first downs and total yardage the host team had the better record, however Sylvan Walterscheid, playing a whale of a defensive game, saw to it that no drive was sustained for long.

It was his vicious tackle that turned the otherwise one sided game in Sacred Heart's favor. Woodward, the Ranchers' powerhouse fullback came storming around right end and Walterscheid charged in with an impact that sent the ball flying. Hofbauer came along at just the right moment, caught the fumble in the air, and breezed 50 yards to the goal.

Officials ruled that a Tiger blocker had clipped on the 20, so the score was nullified and the

MHS Homecoming Date Is Nov. 12

Homecoming Day at Muenster High this year will be Friday, Nov. 12 and will be featured by the Hornets' game with the Alford High Bulldogs.

Plans for the event are getting under way at the public school this week and a full program of activities will be announced later. One detail to be lacking in the pre-homecoming preparations is the customary contest for the honor of homecoming queen. This year the football queen, to be elected by the Hornets, will be homecoming queen.

Joyce Wiesman Is 1954-55 FHA Prexy

Members of the Muenster FHA chapter in their meeting last week elected Joyce Wiesman as president for the current school year.

Other officers elected are Louise Butler, vice president; Corina Vogel, secretary; Juanita Wieler, treasurer; Clara Fisher, reporter; Norma Klement, historian; Patsy Morris, parliamentarian; Marcy Klement, song leader and Mary Trubenbach, pianist.

In the same meeting the girls favored Jerry Klement in their selection of chapter sweetheart for the year.

Hermes Family Kin Struck by Tragedy

Mrs. Clem Hermes of Lindsay received word Monday night of the tragic drowning of the two little daughters of her nephew and niece, Mr. and Mrs. Joe Wolf of LaFeria.

The two tiny girls, Pamela Jo, 3, and Elizabeth Ann, 4, wandered away from their home and drowned when they fell in a cesspool about 5 p.m.

The Wolfs have one other child, a three-week-old boy. Mrs. Wolf was taken to a hospital suffering from shock.

Cousins of the family living here are Mrs. Joe Hess, Mrs. Vincent Felderhoff, and Mrs. T. Voth.

Tiger-Eagle Game Is Feature Event of SHH Homecoming

The Sacred Heart Tigers will be out to give their homecoming fans something to cheer about, as well as to improve their standing in the district race of the Southwest Academic League, when they take on the Catholic High Eagles of Texarkana Friday night on the parochial field.

And, according to the dope on comparative strength they are slight favorites to do just that. In last week's tussle with Laneri the Eagles were clobbered 39-0, whereas the Tigers made a slightly better showing in their 37-7 loss to the Micks a week before.

There are other factors also which encourage Father Christopher to expect the sixth win of the season and the second in district competition from his youngsters. The boys are in top condition whereas they were slowed down somewhat by minor injuries in the Laneri tussle. From all indications they are set to perform like they did in upsetting the Boys Ranch crew last week. The Tiger coach also recalls that a few tough breaks went against the Tigers in their Laneri contest, and they actually showed up better than the score indicated.

In spite of confidence, however, he's taking nothing for granted. The Eagles dearly love to lick Sacred Heart and they are determined besides to avenge a walloping last year.

Muenster and Era Tangle Thursday In 10-B Top Tussle

The eyes of District 10-B will be centered on the Muenster field Thursday night at 7:30 as Coach John Hosea's charges encounter their first serious challenge in this year's conference schedule. It's going to be the Battle of the Hornets, Muenster Hornets vs Era Hornets, in a clash which will eliminate one of the three undefeated clubs acknowledged as leading contenders for the district title.

Muenster has two wins and Era has three, one of which resulted from a better record of penetrations after a 6-6 deadlock with Saint Jo. The other contender is Sanger, with two conference wins to its credit and pointing for its game with Muenster the following week.

According to past performances Muenster rates as a favorite over the defending district champs from Era. Overall the local boys have a perfect record so far as compared with Era's 4-2-1 standing.

Likewise, comparison of scores with common foes leans strongly in Muenster's favor. Muenster beat Pilot Point, Callisburg and Saint Jo by 25-6, 26-6 and 33-0 respectively. Era lost to Pilot Point 15-13, beat Callisburg 19-0 and tied Saint Jo 6-6.

In spite of indications Coach Hosea has the local boys convinced that they have plenty of football ahead of them for the Thursday night skirmish. Era has a husky outfit with hard running backs and a passing attack that has dealt misery to opponents of other games. Besides Muenster has been the talk of the district since the beginning of the season and the visitors have been pepped up to regard this tussle as the big hurdle to clear in their race for another district title.

Laverna Hess to Reign as Queen at SHH Homecoming

A colorful parade, royal ceremonies and the crowning of Miss Laverna Hess as Tiger football queen are on the program for Friday night when Sacred Heart High meets Catholic High of Texarkana for the Tiger's homecoming game.

Miss Hess will be crowned on the 50 yard line before the game and, with her princesses and train bearers, will occupy a seat of honor in the grandstand during the game. Later she will reign over the annual homecoming dance in the parish hall. She will be escorted by Charles Felderhoff.

The night's ceremonies will begin at 7:15 with a parade forming at Main and First. Cheerleaders followed by pep squad members will lead the parade. Her Highness will be riding in a 1955 Chevrolet accompanied by Princess Frances Knabe and train bearers Diane Shumaker and Mary Knabe.

Princesses Patsy Bayer and Della Fette, and little Mary Wimmer and Candice Fette, queen's train bearers, will ride in a new Ford.

On the field Queen Laverna will be met by Co-captains Sylvan Walterscheid and Larry Hennigan for the ceremonies that consist of bouquet presentation, crowning, and football presentation.

The Tiger squad and the pep squad will form a guard of honor through which Her Royal Majesty and members of her court will march off the field to places reserved in the grandstand.

Pee Wee Comeback Falls Short, Cubs Rack up 13-7 Win

Father Patrick's Sacred Heart Cubs were the winners in the battle of the kiddies on the parochial field Tuesday night. The two touchdowns they scored in the second quarter proved to be enough margin to stand up against the strong come-back in the last quarter by Weldon Holland's Pee Wees of the public school and the final count was 13-7.

With Lawrence Noggler showing the way the parochial youngsters got going late in the first period and carried on in the second to mark up their 13 points in a hurry. Ten running plays starting from their 36 reached the Pee Wee 29 where Noggler's pass to Leonard Fleitman was good for 21. On the next play Noggler circled end for the remaining 8.

Moments afterward Noggler returned a kick 35 yards to the Pee Wee 20 then hit Johnny Swirczynski with a pass for the second TD.

After that the game settled down to a defensive struggle until the Pee Wees started rolling shortly after the start of the last

NEWS OF SICK AND INJURED

Mrs. John Fleitman was admitted to Gainesville Sanitarium Tuesday for surgery.

Mary Alice Koessler, 4, daughter of the Norbert Koesslers, had her tonsils removed at M&S Hospital Tuesday and was dismissed Wednesday.

Mrs. Cecil Cain who received medical care at Gainesville Sanitarium last week was dismissed Friday.

Mrs. Joe Walter has been dismissed from Gainesville Sanitarium following surgery and is convalescing at her home, 1805 Refinery Road, Gainesville.

Bill Seyler of Valley View is a patient at M&S Hospital in Gainesville since suffering a heart attack Saturday morning. He is reported improving.

Mrs. Joe Knabe is up and around, doing some of her house work and regaining her strength, following surgery. She says many thanks to all who remembered her with cards, visits and other kindnesses while she was hospitalized and after she returned home.

Chapter Announces FHA Week Program

Girls of the Muenster FHA chapter completed plans this week for a full six day program observing FHA Week which begins next Sunday and extends through Friday, Nov. 5.

The week's schedule is as follows. Sunday is church day and Monday is family day. Tuesday's special event is a weiner roast honoring the senior class. All day Wednesday will be Hobo Day, when girls get jobs around the community to earn money for their chapter fund. Persons who want their help can make advance arrangements by calling Mrs. Anne Searcy.

On Thursday the girls will concentrate their efforts on cleanup of the school grounds and building and on Friday they will entertain the faculty at a coffee party.

Rain Measures 1.64

Little by little the moisture situation in the community is improving. A total rainfall of 1.64 since the latter part of last week combined with more than two inches for the earlier part of the month is paying off nicely in better grazing as well as a good start on grain crops.

Farmers who had their grain planted have excellent prospects for a winter pasture. Others who waited for showers to sprout their volunteer grains are all set to clean up the land and get in their next crops.

Total moisture for the month to date is 3.83, a vast improvement over September when rainfall added to exactly a half inch. However it is still considerably below last year's wet October, which had about 8 inches.

The year's total rainfall to date is 22.19, also considerably below the normal total for this time of the year.

WITH THE MEN IN SERVICE

To Train At Fort Bliss

David Lee Owen has been assigned to Fort Bliss, El Paso, for basic army training, he has advised his parents, the Clarence Owens. He was among Cooke county inductees in the October draft call.

Changes Address

Leroy Schmitz, patient in Brooks Army Hospital, has a new address as follows: S.Sgt. Leroy Schmitz, Ward 42-D, Brooks Army Hospital, San Antonio, Texas.

Wrist Hasn't Knitted

PFC Mike Driever, writing from Augsburg, Germany, where he's stationed at Camp Sheridan, tells that his left wrist, broken in May and in and out of casts since that time, still hasn't knitted and is back in a new cast. He also had dental surgery for an embedded wisdom tooth on Oct. 11, but was back on duty by the 14th. He said to tell everybody hello.

M.P. Duty In Korea

Jerry Hoenig writes his parents that he's on duty in Korea as an M.P. with the First Marine Division and has the following address: PFC Jerome J. Hoenig, 1481824 U.S.M.C.; H&S Guard Section; 1st C.S.G., S.C.; 1st Marine Div. F.M.F.; c-o Fleet Post Office, San Francisco, Calif.

Pilgrimage Visits Gainesville Church

Scores of Sacred Heart parishioners filling dozens of cars made a Marian Year pilgrimage to Saint Mary's church in Gainesville Sunday afternoon. Members of the Third Order of Saint Francis arranged and sponsored the pilgrimage.

Pilgrims gathered here in Sacred Heart church at 2 o'clock for a short sermon by Father Louis Deuster, the Marian Year prayer and Litany of the Blessed Virgin.

After that the caravan left here and each car group recited the rosary enroute to Gainesville. At St. Mary's Father Louis led a rosary, litany and prayers of the Marian Year followed by another rosary, litany and Marian Year prayers led by Father William Lane who then officiated a Benediction of the Blessed Sacrament to conclude the pilgrimage.

Muenster Favors Improvement Bond By Vote of 136-54

By a count of 136-54 taxpaying voters of Muenster in last Saturday's election authorized the city council to issue bonds up to \$50,000 for improvements to the waterworks and sewer systems. There were two separate proposals, each specifying a \$25,000 bond issue and each passed by a vote of 136-54.

It is estimated that considerably more than half of the city's qualified voters cast their ballots in the election. Total voting strength is figured at slightly more than 350, however only those whose names appear on the city's tax rolls were eligible to vote.

It is understood also that the approval of waterworks and sewer projects was actually stronger than the vote indicated. Reports are that some persons who favored those projects voted against them because they opposed the swimming pool which has been figured as an additional project becoming possible with a bond issue. Members of the city council have indicated that when waterworks and sewer expenditures are supported by bond financing the general fund will be able to provide for construction of the pool.

Work on the improvement program should begin in about 90 days, according to City Attorney Herbert Meurer. He explained that there will be considerable legal red tape to go through before the bond issue gets official

(Continued on Page 8)

Hornets Win 33-0 In Slosy Scuffle On Saint Jo Field

The golden horseshoe, annual prize in the grid clash between the Muenster Hornets and the Saint Jo Panthers, is back in the MHS trophy case for another year and the score to be marked on its cushion base is the most decisive of the five years it has been used as an inter-school trophy.

Despite the advantage that is usually conceded to a heavier team on a muddy field, Coach Hosea's boys turned in the better record, both on the ground and in the air, for a thrilling 33-0 victory over their hosts.

It was the Hornets sixth straight of the season and the second in the District 10-B race. Other contenders in conference leadership are Sanger with 2 wins and Era with 3. One of the Era wins was won on penetrations after a 6-6 tie with Saint Jo.

Long runs again featured the Hornets' game, however another customary feature was conspicuous by its absence. Noggler did not make any of the touchdown gallops. Defense concentrated on him and the slosy field cramped his style besides. His contribution to the final count was three extra points from placement.

Moon started the Hornet scoring in the third play of the game as he broke through the left side of the line and galloped 50 yards to the goal.

The rest of the half rocked along without further scoring until shortly before intermission when Richey snared a Panther

(Continued on Page 8)

SCHEDULE OF COMING EVENTS

THURSDAY, Oct. 28, Hornets vs Era, here 7:30.

FRIDAY, Oct. 29, Sacred Heart Homecoming ceremonies and Tigers vs Texarkana. Starts 7:30.

SATURDAY, Oct. 30, Public School Spook Carnival, 7:30 p.m.

SUNDAY, Oct. 31, Parochial School Halloween Carnival, Parish Hall, 2 p.m.

TUESDAY, Nov. 2, Lions Club meeting.

TUESDAY, Nov. 2, CDA Social, Mrs. R. N. Fette hostess in her home, 8 p.m.

TUESDAY, Nov. 2, Muenster Pee Wees vs Valley View Juniors, here, 1:30.

WEDNESDAY, Nov. 3, K of C meeting.

**P-TA and School to
Have Spook Festival
At MHS October 30**

Classes and grades at the Muenster Public school this week completed preparations for their annual Halloween spook festival to be held in the school's main corridor and gymnasium Saturday night, Oct. 30, and invite everyone to attend.

As usual each of the high school and elementary classes besides the P-TA, FHA and FFA chapters will sponsor its own concession to raise funds for its treasury. The P-TA will supervise the food—sandwiches, coffee and soft drinks.

Concessions will feature games, contests, fortune telling, magic and spooks.

A dance will begin at about 10 p.m. in the gymnasium.

**Patsy Fette Bride
Of Dan Haverkamp
In Saturday Rites**

—Boyd and Breeding Photo
The marriage of Miss Patsy Fette, daughter of Mr. and Mrs. Joe Fette, to Cpl. Daniel Haverkamp, son of Mr. and Mrs. William Haverkamp was solemnized in Sacred Heart church here at 3:30 p.m. Saturday.

Rev. Louis Deuster read the double ring ceremony and officiated at the nuptial high mass. Anthony Luke, organist, played the processional and remained at the organ to accompany the church choir. He also played the accompaniment for Mrs. Norbert Walterscheid, vocalist, who gave a post-nuptial solo.

The bride wore a white Chantilly lace gown over bridal satin with a moulded bodice, long fitted sleeves and queen's collar. The full skirt was waltz length. Her circular veil of illusion fell from a crown of starched lace embroidered with seed pearls and rhinestones. For something old and borrowed she wore the wedding band her grandmother, Mrs. Joe Otto, received from Mr. Otto on their wedding day 48 years ago. And she had a penny in her shoe. The bride's flowers were a colonial bouquet of red roses. Her father gave her in marriage.

She was attended by her three sisters, Miss Della Fette, maid of honor, and Mrs. Leonard Hartman and Mrs. Johnny Rohmer, bridesmaids. Their bouffant dresses of cotton blue antique taffeta were waltz length and they wore silver metallic half hats and matching mitts. Their brocaded satin slippers matched their dresses and they carried nosegays of red rose buds. Their rhinestone necklaces and earrings were gifts from the bride.

Joe Noggler was best man for his cousin, Leonard Hartman and Johnny Rohmer were groomsmen. Jerry Klement and James Hess, cousins of the couple, ushered.

A reception and buffet supper in the parish hall followed the services. Mrs. Gary Hess, presiding at the bride's book, registered some 200 guests.

Decorations in the hall and on the bride's table carried out her colors and the board held a large double wedding ring cake.

A dance in the VFW Hall concluded the festivities.

For her daughter's wedding Mrs. Fette wore a black ensemble with rose and black accessories. The groom's mother also wore black with black accessories. Both had corsages of white car-

nations. The bride's two grandmothers, Mrs. Otto and Mrs. Henry Fette, had corsages of pink carnations.

After the dance Cpl. and Mrs. Haverkamp left on a short trip. When they return they will make their home at Fort Hood where he is stationed. For traveling the bride wore a navy blue two-piece suit with a white hat and other accessories in navy.

Out of town wedding guests included Lorraine Otto of Amarillo, Joan Klement of Denton, Olive Haverkamp and David Forgey of Dallas and Donald Bayer of A&M College.

**Sunday, 31st, Date of
Annual Parochial
Halloween Carnival**

Black magic, tricks and treats, games and contests are on the program for Sunday night, Oct. 31, when the parochial grade school's annual Halloween Carnival takes place.

The benefit affair will be held in the parish hall beginning at 2 p.m. and will continue into the night.

There'll be a costume contest for youngsters with prizes for the prettiest and funniest masquerades in different age groups. Madam Voodini will be on hand to tell fortunes, visitors will be invited to tour the spook house and there'll be games, eats and drinks for everybody.

Booths will feature home made candy, ice cream and cookies, and there'll be a cake sale. There'll also be sandwiches, pie and coffee.

Everybody is invited to attend. Proceeds will be used for the grade school library. Room-mothers are sponsoring the party.

Summary Constitutional Amendments To Be Voted on in Election Tuesday

By Vern Sanford
Texas Press Association

AUSTIN, TEX. — Widespread interest is gradually being developed in the 11 proposed amendments to the Texas Constitution to be voted on at the general election, November 2.

No organized opposition has appeared against any of the proposals. However, campaigns are being pushed for several of them.

Reports from over the state indicate somewhat of a draw between active support of various amendments and a general tendency to vote against some or all of them because the proposals are not understood or because of some question as to the results of writing such changes into the Constitution.

Amendments are discussed here in the order in which they will appear on the ballot.

SJR No. 7

Senate Joint Resolution No. 7 authorizes the Legislature to increase State spending for Old Age Assistance, Aid to the Blind, and Aid to Dependent Children, by \$7,000,000 a year.

Comments from some members of the Legislature and other people familiar with the program indicate that if the Legislature appropriates the additional money, new taxes will be required.

Some say that most of the money would be used to add more people to the rolls, rather than providing more money to those now on the rolls.

This amendment also would require the Legislature to enact laws making names of those who receive such aid available to the public. These are fighting words to some people who claim such action would embarrass those now on the rolls and their relatives.

Proponents of this provision argue no one should be embarrassed except those who have children or relatives well able to support them, and that these people ought to be exposed.

SJR No. 8

Senate Joint Resolution No. 8, permits a person who has served some time as a teacher and accumulated credits under the Teachers' Retirement System, and also some time as a State employee, with credits under the State Employees' Retirement System, to count his accumulated credits under both systems in determining his retirement pay.

Apparently but few people would be affected. However some opposition is being expressed by members of both retirement systems to the idea of intermingling the two systems in any way.

HJR No. 37

House Joint Resolution No. 37, provides that proprietary employees of the States' subdivisions may be covered by Federal Old Age and Survivors Insurance.

Other municipal and county employees may now be covered under that system under an agreement between the State and the Federal Government, and in many cases have been.

But the Attorney General has ruled that the State has no authority to make an agreement covering proprietary employees without a constitutional amendment.

SJR No. 10

Senate Joint Resolution No. 10, would create a State Building Commission with broad authority, subject to Legislative direction, to erect buildings for State purposes.

A State Building Fund would be created by transferring to it the surplus from the Confederate Pension Fund.

The present 2c ad valorem tax provided by the Constitution, for Confederate pensions, returns far more than is necessary to take care of the one Confederate veteran and more than four hundred widows of veterans now receiving such pensions from the State.

Therefore the fund is accumulating a surplus of well over \$600,000 each year.

It is anticipated that if the amendment is adopted, nearly \$6,000,000 will be available for transfer to the new State Building Fund in January of 1955.

This amendment has the support of the State Bar of Texas.

The first building, if the proposal is adopted, must be a State Supreme Court Building and it must be dedicated as a memorial to Texans who served in the armed forces of the Confederate States.

SJR No. 5

Senate Joint Resolution No. 5 would increase compensation of members of the Legislature to \$25 per day for the first 120 days of any session.

Texas Constitution now provides \$10 per day for the first 120 days and \$5 per day thereafter.

There is strong support and little or no opposition to this increase in pay, which most people think would about cover legislators living expenses while in Austin.

Included in the same amendment is authority for the Legislature to set salaries of the Governor, Attorney General, State Treasurer, Comptroller of Public Accounts, Secretary of State, and Commissioner of the General Land Office.

The Governor's salary is now set by the Constitution at \$12,000, the Attorney General's at \$10,000, and the other four officials involved are paid \$6,000 a year.

Under this amendment the Legislature could not reduce salaries below these amounts, but could set them at higher rates.

Opinion does not appear to be so nearly unanimous about this part of the proposed amendment. Some people are troubled by the apparent power of the Legislature to change the salaries at will, and they point out that the Federal Constitution and many other state constitutions prohibit a change in salary during the term to which an official has been elected.

SJR No. 14

Senate Joint Resolution No. 14, prohibits use of the credit of the State or any grant of public money for construction, maintenance or operation of toll roads and turnpikes.

Purpose of this amendment is to write into the Constitution a prohibition now contained in the law, but which could be changed by future legislation.

It has the support of the Texas Good Roads Association and many other people particularly interested in the State Highway System, and no known opposition.

HJR No. 16

House Joint Resolution No. 16, would require women to serve on juries.

There are only five states including Texas which do not permit jury service by women.

This amendment would require women to serve under the same rules for jury service as apply to men. It has the active support of many women's organizations.

SJR No. 4

Senate Joint Resolution No. 4 has to do with the terms of elective district, county and precinct offices. It would change all of those which have two-year terms into four-year terms.

It has the support of the County Judges and Commissioners Associations of the state, and the organizations of many other county officials.

The terms of a great number of district, county and precinct offices would be changed immediately if this amendment were adopted. Other such offices are designated to change to four-year terms in 1956 so that, while all of them would be four-year terms after 1956, only about half of them would appear on the ballot every two years.

Wording of this proposal has resulted in confusion as to its effect on the terms of representatives in the Legislature. Many

lawyers are of the opinion that the proposal would require four-year terms for members of the House and other lawyers have said at least it presents a problem which can only be solved by court interpretation.

SJR No. 2

Senate Joint Resolution No. 2, would authorize creation of county wide hospital districts in Bexar, Dallas, El Paso, Galveston, Harris, Jefferson and Tarrant Counties.

The amendment is permissive and, if adopted, would not create any such districts itself. It simply provides that the property-owning taxpayers of the named counties can vote on such a proposal at a later date.

An active campaign for this proposal is being carried on by a statewide committee composed of mayors, county judges, members of hospital boards, and prominent citizens of the coun-

ties involved and some from other parts of the state.

HJR No. 10

Members of the armed forces of the United States or component branches would be allowed to vote under House Joint Resolution No. 10.

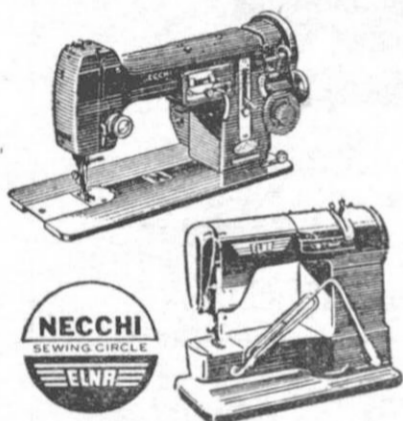

They would be required to pay their poll taxes and could vote only in the county in which they resided at the time of entering the service.

HJR No. 8

The last proposal on the ballot will be House Joint Resolution No. 8, which is a permissive type of amendment allowing taxpayers in counties of less than ten thousand inhabitants to vote on the question of whether they would prefer to have a separate fulltime office of tax assessor-collector.

Duties of the tax assessor-collector are now performed by the Sheriff in these counties.

THE WORLD'S FIRST AND MOST ADVANCED AUTOMATIC SEWING MACHINES

From first seam to final trim, these sewing machines do every stitch of the work... sew on buttons, make button-holes, mend and darn, monogram and embroider, blind-stitch hems, zig-zag and straight... all without attachments.

Youth, America's Richest Heritage

America's Richest Heritage
 Americans as a people like to "count their blessings," to take inventory from time to time of the riches that make this nation great. Often, however, while adding up the coal and wheat, automobiles and homes—the material wealth of the nation—we forget to take stock of the spirit that makes America the great nation it is, the spirit that has been passed down from person to person since the nation began.

Sponsored by the National Council of Catholic Youth, during the week of October 31 to November 7, six million American young men and women will call our attention to our most important national treasure—the American spirit that is transfused from generation to generation. The young people of all races and religions will observe National Catholic Youth Week.

With the youthful talent of hitting the nail on the head, the young people adopted a theme they hope to impress on the nation: "Youth—America's Richest Heritage." In publicizing and discussing that theme during National Catholic Youth Week they hope to remind all Americans that the Nation's future depends

YOUTH America's Richest Heritage

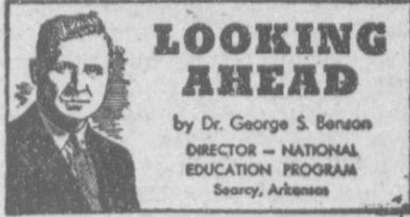

NATIONAL CATHOLIC YOUTH WEEK
 OCTOBER 31 - NOVEMBER 7, 1954
NATIONAL COUNCIL CATHOLIC YOUTH

on how well its youth will carry forward the spiritual strength that is America.

For one week the young people ask America to turn its eyes from the juvenile delinquency headlines, from sensational stories of narcotics, gangs and crimes, to the millions of young Americans who are living the normal, ambitious lives of "junior grade" good citizens. They want to reassure us that youth is preparing to take over the tremendous spiritual tasks that will keep America strong.

Finally they want to point out that we need not fear delinquency

DOES DOLLAR DIPLOMACY PAY?

As the signs of an ever growing leftward trend in England and Europe mount, many American thinkers are beginning to re-examine the "dollar diplomacy" which has characterized our foreign policy since before World War II and up to the present time. One of the most searching examinations is contained in a book just published by Henry Regnery Company, Chicago. It is entitled *The Dollar Dilemma*. Its author is the internationally known and highly respected economist, Dr. Melchior Palyi. He wrote the book as a supplemental text in college economics courses. But it ought to be read not only by students and professors but by every citizen interested in his and his country's welfare.

Dr. Palyi, Hungarian-born and educated in Europe, was chief economist of the Deutsche Bank, Berlin, during the administration of President Paul Von Hindenburg. Hitler's ascendancy led to his leaving Germany. Since 1932 he has taught and lectured at leading American universities and colleges, has contributed to numerous professional journals and published a number of important books.

Weakened Europe

The conclusion of Dr. Palyi's detailed examination and analysis of the economic and sociological plight of England, France and Italy is that the program of American financial aid, and the accompanying fiscal manipulations of our government and theirs, has impeded rather than promoted Europe's self-reliance; that, in other words, Europe's chance for economic and social stability has been weakened rather than strengthened by the billions taken from American taxpayers and given to France, Italy and England.

The real economic trouble in Europe, he says, stems from a reluctance of the Socialist governments of Europe to insist on increased individual work and greater productivity. He says that the British coal industry alone could, if properly managed, go a long way toward eliminating the dollar shortage over which the European politicians so loudly cry as they seek additional billions in gifts from the U.S.A.

Work Needed

"By bringing a reasonable number of Italians into Britain," he asserts, "and by 'inducing' the English and Welsh miners to work, say five per cent harder—just by stopping wild strikes, slowdowns and unnecessary absenteeism—her coal output could

and corruption among young people if they are provided with a firm moral and spiritual training by adults who wish to pass on to new generations the real values by which Americans have lived since the days of the Founding Fathers.

Youth like the six million who will observe Catholic Youth Week with spiritual, athletic, and cultural exercises deserve to be heard. Such youth are indeed "America's Richest Heritage."

have been raised sufficiently to cut her dollar shortage to the bone. In due course, the 'rationalization' of Britain's fuel consumption would do the rest. This increase in coal production would go a long way toward solving her balance of payment problems. The Continent, too, would be greatly relieved of dollar worries by being able to rely on an ample supply of British rather than the twice as expensive American fuel."

Actually, Dr. Palyi observes, American gift money has not been going into channels which help promote the genuine economic strength of the European nations. "Overwhelmingly," he notes, "it was given to foreign governments... But the recipient governments were usually bent on building up their nationalized industries, taking over more plants, and on competing with, or at least directing the investments of, private business."

U S. Responsibility

"The compound effect," he says, "was not only to strengthen—with our help—state and private monopolies which burden the taxpayer with their deficits or the consumer with excessive charges, but to reduce the scope and limit the profit chances of free enterprise. As American aid during the war saved the Communist regime in Russia, and enabled it to become a threat to our national security, so American aid after the war made possible Europe's collectivistic and semi-collectivistic experiments. It is a reasonable inference that without American dollars the planners of Europe would have had to curtail their schemes, and Europe would have lifted itself up from the war by the simple and effective process of going to work and conserving its capital."

Dr. Palyi sees as America's international responsibility: "to bring the nations of the Old and New Worlds back to common sense and self-reliance—by letting them work out their own problems. America... owes leadership to the world, leadership in the direction of restoring sanity. The one way to accomplish that is to stop all aid to Europe other than in specific cases of emergency."

NEWS ITEM

Just to see what would happen, a botanist at one time planted a tree upside down. The branches were stuck into the earth, and the roots were left up in the air. And the tree did not die! The growing power within the tree, which was an elm, turned the branches into roots, and the roots into branches.

The present branches are gnarled, contorted and have the appearance of tree roots, but the leaves the tree bears in summer are genuine elm leaves, though somewhat larger than an ordinary elm leaf. The trunk of the tree is thicker near its top than close to the ground, and the tree would not be recognized as an elm by its shape.

We have a lot of admiration for the person who, like this tree, adapts himself to new conditions if his whole world is turned upside down by some accident or tragedy or hard luck, and keeps the spirit of victory alive and growing, to conquer his difficulties and accomplish his purpose in life. If the elm tree could do it with its limited powers, how much more easily can a human being show his undefeated spirit!

Attention focused on features of Smartly Styled '55 Chevrolets

The fair sex notes new features on the 1955 Chevrolet. (top left) The gas tank filler door now is vertically hinged. (top right) New outside air cowl intake affords more and cleaner air circulation inside the car. . . new sweep-sight windshield is also shown. (lower left) Tiny tot's bonnet favors the bonnet over headlamps. (lower right) New V8 engine is compact and powerful. Header bar of grille is now a part of the hood.

J. B. WILDE (right) of the J. B. Wilde Chevrolet Motor Co. was presented an attractive ebony and silver wall plaque at a recent Chevrolet dealers' meeting held in Dallas, in recognition of more than 25 continuous years as a Chevrolet dealer. Presentation was made at the Adolphus Hotel by Roy M. Cash, zone manager of the Chevrolet motor division. Wilde is entering his thirtieth year of business here. His son, Ray Wilde, joined him as a partner, in recent years.

Local News BRIEFS

Mr. and Mrs. Floyd Morris and children Bobby and Brenda Kay of Wichita Falls spent Saturday night and Sunday with his parents, Mr. and Mrs. Bill Morris.

Mr. and Mrs. M. L. Wright moved Friday from Dallas to Irving where they recently completed a new home. Mrs. Wright is the former Miss Dorothy Rohmer.

Miss Margie Homsley and a classmate, Miss Dortha Dietz, of Abilene Christian College, spent the weekend here as guests of the former's parents, the H. H. Homsleys. Also visiting their parents for the weekend were Mr. and Mrs. Glenn McCann of Midland.

Mr. and Mrs. Billy Showers and daughter, Jane Gail, and Mrs. G. E. W. Adams, all of San Antonio, spent the weekend with the Joe Bergmans and other relatives. Mrs. Showers is their daughter and Mrs. Adams is Mr. Bergman's and Mrs. Joe Kathman's sister.

Mrs. Adolph Dudenhoefter and two children and Miss Marie Dietz, all of Gainesville, visited Mrs. Joe Felderhoff Sunday afternoon. Mrs. Dudenhoefter and Mrs. Felderhoff who worked together in Dietz Bakery years ago hadn't visited each other in 32 years.

The Henry Luebberts and daughters Carol and Henriette of Fort Worth were Saturday visitors here with her mother, Mrs. Henry Stelzer and Mr. Stelzer, and also visited her uncle and aunt, the Bill Stelzers. Mrs. Henry Stelzer has been ill several days but is improving.

Here from A&M College for a weekend visit with homefolks were Donald Bayer, Wilmer Walterscheid, Eugene Walter and Billy Ben Boyles.

Mr. and Mrs. Albert Rohmer returned Tuesday morning from a wedding trip to west Texas and New Mexico, and are settled in their new home on the corner of Third and Walnut. On their trip they made a tour of Carlsbad Caverns and visited in El Paso with his sister and husband, Mr. and Mrs. Pat McCallion.

Mr. and Mrs. Jim Cook were among the 230 employees of Service Pipe Line company at Bowie Saturday night for a barbecue supper at the new armory building. It's an annual event given by the company for workers of the district and their families.

Allan Hoffman, student at Midwestern University in Wichita Falls, spent the weekend with his mother, Mrs. John Hoffman.

The Ed Sickings and family joined other family members Sunday for a visit and covered dish dinner in the Joe Walter home at Gainesville. Miss Rita Walter was home for the weekend from OLL College in San Antonio and others present were the Barry Blevins and daughter, and Mary Jo and Jim Walter. Mrs. Joe Walter is up and around now following surgery.

ANNIVERSARY PARTY
Mr. and Mrs. Andy O'Connor celebrated their 35th wedding anniversary with a barbecue supper in the Lindsay hall on Oct. 19. Forty guests were present and showered the honor couple with appropriate gifts. Jack Hogan and his band played for dancing.

BIRTHDAY OBSERVANCE HONORS CLYDE FISHER
Clyde Fisher was honor guest Sunday night at a birthday dinner party when his wife entertained in their home for the occasion.

Principal diversion after the meal consisted of home movies, including those taken by Joe Danglmayr and Norbert Felderhoff on a recent trip to Cuba.

Joining the honoree and his family for the celebration were the Paul Lukes, the Leonard Hartmans, Alfons Koesler Jr., Joe Danglmayr, Norbert and Gussie Felderhoff, Norbert Mages, Rufus Henscheid, Mr. and Mrs. R. J. Grill of Midlothian, Ill., parents of Mrs. Fisher, who were guests for several days, and her brother S.Sgt. Kenneth Grill of Fort Sill, Okla., who was here for the weekend.

BAPTIST MISSIONARY TO SHOW FILMS SUNDAY
Rev. Glen Bridges of Fort Worth will be at the Muenster Baptist church Sunday night, Oct. 31, to show films and talk about his five years as a missionary in Brazil. The public is invited to attend.

Where to Tune in SW Grid Broadcasts

Humble broadcasts of Southwest Conference football games that can be heard in this area this weekend are as follows:

Texas-SMU starting at 1:50 p.m. over WFAA-WBAP-820 Dallas-Fort Worth, and KWFT Wichita Falls.

TCU-Baylor starting at 1:50 p.m. over KRLD Dallas and KFDX Wichita Falls.

Rice-Vanderbilt starting at 1:50 p.m. over WFAA-WBAP-570 Dallas-Fort Worth.

Texas A&M-Arkansas starting at 8 p.m. over KFJZ Fort Worth and WRR Dallas.

Soil Conservation Notes

A carpet of green is fast covering the cultivated fields of farms in the Muenster area of the Upper Elm-Red Soil Conservation district.

Vetch, winter peas, alfalfa, and small grain are growing by leaps and bounds, thanks to the beneficial rains of the past week. These plants cover the soil and protect it from the splash effect of future rain drops. The legumes, in addition to the cover, also add nitrogen and organic matter to the soil.

Tom Sicking has 15 acres of vetch and oats up to a good stand. Paul Fetsch has ten acres of vetch on his own farm and 20 acres of vetch on the J. J. Perkins farm

that he rents. Bruno Fleitman has 60 acres of alfalfa and oats growing nicely. Bob Jones on the Holland farm northeast of Muenster has ten acres of vetch and oats. Others who have planted alfalfa include Tim Stormer, Tony Walterscheid and Andy Wimmer.

In addition to covering up the soil and protecting it from the splash of rain drops, farmers build terraces to slow down the run-off of the water.

Anton Fleitman is working on one half mile and Arnie Wimmer has started 3000 feet of terraces. Wilfred Reiter has just completed a mile and a half of terraces on the farms he operates. These farmers use their regular farm equipment to build the terraces.

Other terraces built recently are 2000 feet by Eddie Schmitt and one mile by Hubert Felderhoff. All of these terraces are channel type, having broad flat

channels and easy to cross ridges. The Felderhoff, Schmitt, Wimmer and Reiter terraces empty on waterways which are sodded to Bermuda grass in order to have a safe outlet for terrace water. Fleitman's terraces empty on pasture land.

Marysville News

By Mrs. Herman Richey

The Earl Robisons had as guests Tuesday Mrs. J. W. Hart and children of Palacios and Mrs. L. P. Davison of Gainesville.

Mr. and Mrs. J. E. Owens of Olney were guests of the John Richeys Friday.

The Foster Davidsons drove to Whitesboro Saturday to spend the day with their daughter, Mrs. Bill Rowe and family.

Mr. and Mrs. Max Harrell of Sherman visited the Bill Moons Tuesday.

Little Donna Joyce Barnes of Gainesville is spending this week with her uncle and aunt, the John Richeys.

Mr. and Mrs. Max Burk and family of Denison spent the weekend with his sister and family, the Nig Wilsons. Sunday both families visited Mrs. Hattie Burk at Myra.

Mr. and Mrs. J. T. Gregory of Long Beach, Calif., spent Monday night as guests of Mr. and Mrs. Bill Moon.

There will be a call meeting of the Marysville Home Demonstration club at the club building Friday afternoon and all members are urged to attend.

MARYSVILLE BAPTISTS ORGANIZE BTU GROUPS

A Baptist Training Union was organized at Marysville Baptist church Sunday evening and officers were elected for an adult class and for a young people's class.

Mrs. Gene Hawkins, wife of the pastor, was appointed assistant director of the union with the director to be elected at a later date. Mrs. Rafe McElreath was named general secretary.

Officers for the adult class are Earl Robison, president; Mrs. Jack Biffle, secretary; Mrs. Buford Whitt, Bible quiz leader; Mrs. Earl Robison, mission leader; Mrs. Earnest McElreath, social leader, and Mrs. Regan McElreath and Jack Biffle, group captains.

The young people elected Billy Whitt president; Deanna Richey, vice president; Wanda Richey, secretary; Patsy Morris, Bible

quiz leader; Donny Whitt, social leader, and Wanda Richey and Jimmy Jack Biffle, group captains.

WMS AND BROTHERHOOD MEET AT MARYSVILLE

The Marysville WMS and Brotherhood met last Monday night in the Baptist church for a regular monthly meeting. The two groups joined in the opening hymn, then each organization retired to its department for separate meetings.

Mrs. Rafe McElreath, new president, led the women's program and James Cole presided for the men's session.

Topic for the WMS was on the theme of the year, "Prepare Ye the Way of the Lord," while subject for the Brotherhood was "Enlisting Men for Christ."

Mr. and Mrs. Reeve Cooke were welcomed as new members.

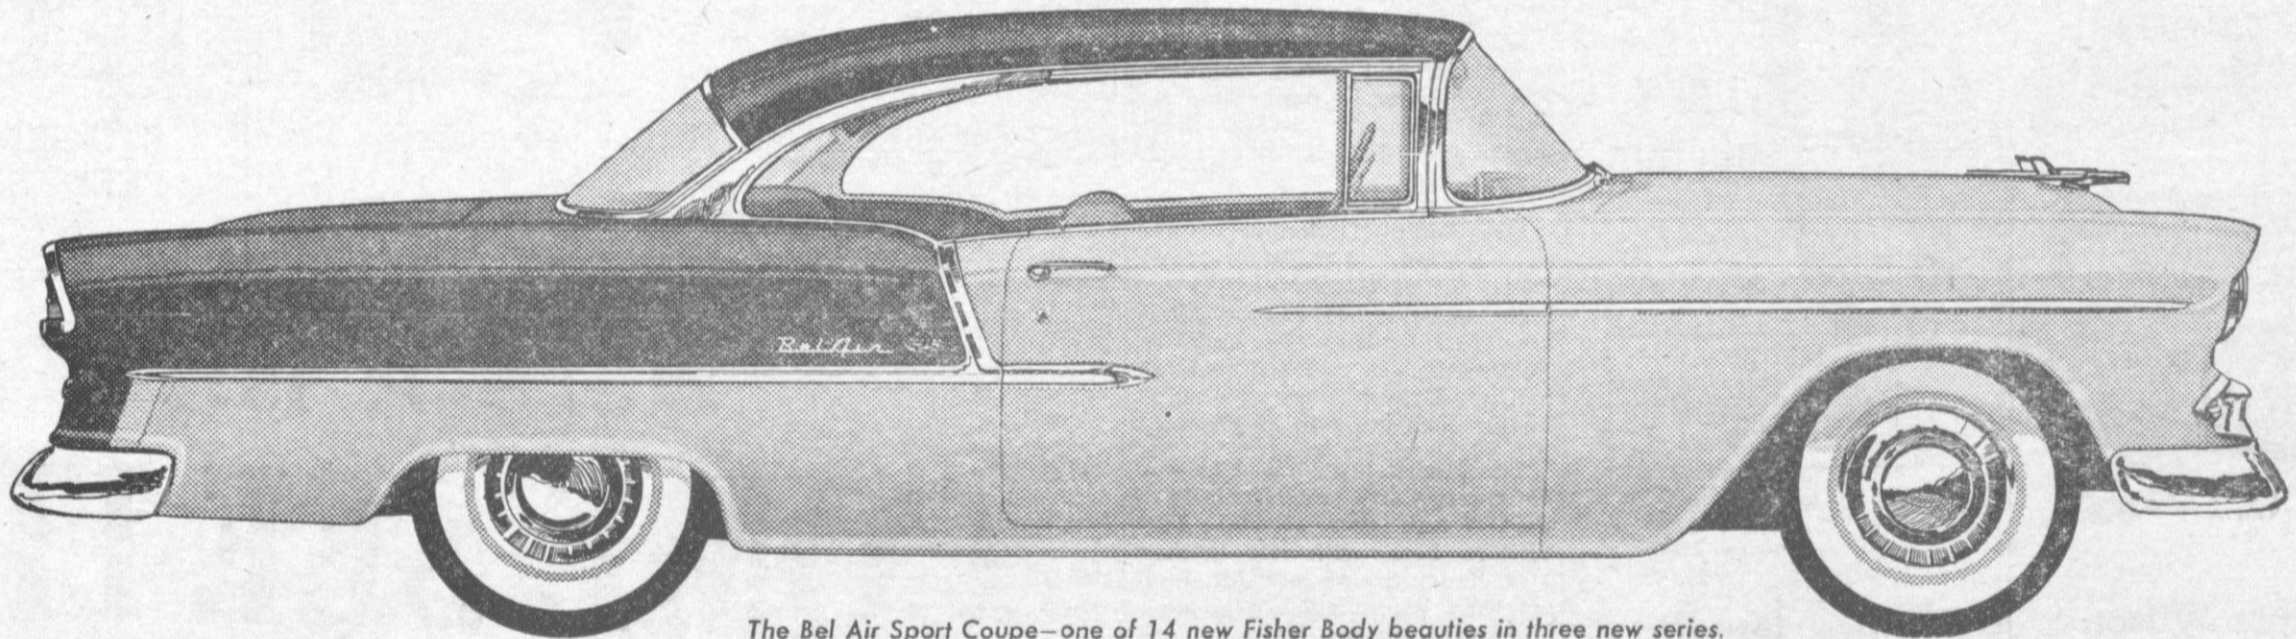

Low...and behold!

The motoramic Chevrolet for '55

Chevrolet and General Motors took a whole new look at the low-cost car

—and just look what happened! **NOW BEING SHOWN!**

The Bel Air Sport Coupe—one of 14 new Fisher Body beauties in three new series.

The valve-in-head V8 as only the valve-in-head leader can build it!

8

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V8." It carries the V8 design to a new high in efficiency with its high horsepower (162), high-compression (8 to 1), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

6

You can choose from two new sixes, too!

Chevrolet also offers the last word in six-cylinder performance and economy! There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new *idea* about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture—all at a modest price. It's something that took a lot of doing and that only the world's leading car builders could do. *Everything's* new in this Motoramic Chevrolet from its lower top right down to its tubeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

The motoramic
Chevrolet

More than a new car—a new *concept* of low-cost motoring!

Citation By Publication
THE STATE OF TEXAS
 To: Mrs. Myrtle Puett Wilbanks, a widow; the unknown heirs and legal representatives of Ernest Puett, deceased; the following heirs of Holmes Puett, deceased; Iona Puett Hendricks, whose husband is unknown, and Orland Puett; the following heirs of Jay Puett, deceased; Irene Puett and Louise Puett; and all persons and their legal representatives claiming any title or interest to the surface only to the hereinafter described real estate.

GREETING: You are commanded to appear by filing a written answer to the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of November, A. D. 1954, at or before 10 o'clock A.M., before the Honorable District Court of Cooke County, at the Court House in Gainesville, Texas.

Said plaintiff's petition was filed on the 23rd day of October, 1952.

The file number of said suit being No. 19235.

The names of the parties in said suit are:

Ollie Morris, a widow, as Plaintiff, and Nannie A. Morris, a widow, et al as Defendants.

The nature of said suit being substantially as follows, to wit:

A suit to partition real estate between the plaintiff and defendants, said real estate being located in Cooke County, Texas and described as follows:

(1) 160 acres of land out of the E. Arnold Survey, Abst. No. 1705, being the NW 1-4 of Section No. 24, of the S.P.R.R. Company Survey, and BEGINNING at the Northwest corner of said Survey, No. 24, a stake from which a P.O. mkd X hrs. N. 29 vrs;

THENCE South 1070 vrs a stake a P.O. mkd X hrs. E. 18 vrs;

THENCE East 845 vrs, a stake from which a P.O. mkd X hrs. N. 4 vrs; a black jack mkd X hrs. S. 65 W. 3 vrs;

THENCE N. 1070 vrs a stake on S.B. line of J. M. Sadler Survey, a stake from which a P.O. mkd X hrs. W. 2 vrs; to a P.O. mkd X hrs. 86 W. 10 vrs;

THENCE W. 845 vrs to the place of beginning. Being the same land described as first tract in the Deed from R. A. McElreath, Receiver, to A. Lee Lewis, recorded in Vol. 165 page 28, Deed Records of Cooke County, Texas.

(2) 38 acres, of land more or less, out of the J. H. Ing Survey, Abst. No. 1615, said Ing Survey, being the E-1-2 of the W-1-2 of Section No. 24 of the S.P.R.R. Company Survey, and described as follows:

BEGINNING at the Northwest corner of said Ing Survey;

THENCE East 199 vrs. to the Northwest corner of the land out of said survey, conveyed to J. W. Davidson, by deed from J. H. Ing and wife, dated January 11, 1886, and recorded in Vol. 44 page 621 of the Deed Re-

ords of Cooke County, Texas;

THENCE South with the West boundary line of said J. W. Davidson land 1070 vrs. to corner on South Boundary line of said Ing Survey;

THENCE West 199 vrs. to the Southwest corner of said Ing Survey;

THENCE North 1070 vrs to the place of beginning. Being the same land described as second tract in deed from R. A. McElreath, Receiver, to A. Lee Lewis, recorded in Vol. 165, page 28, Deed Records of Cooke County, Texas.

(3) 59 acres out of the J. M. Sadler Survey, Abst. No. 902, and described as follows: BEGINNING at the SE corner of a tract of land in the name of Martha Cross, in the heart of said J. M. Sadler tract;

THENCE N. 553 vrs. a stake in the Martha Cross E.B. Line;

THENCE E. 620 vrs. a stake on the point of a ridge;

THENCE S. 553 vrs. to stake in the SE line of J. M. Sadler Survey;

THENCE W. 626 vrs. to the beginning.

Also another tract of land and adjoining the one just described and bought by J. H. Ing from J. P. Cross and wife: BEGINNING at the N.W. corner of J. H. Ing's tract of 59 acres;

THENCE West 75 vrs;

THENCE South 600 vrs;

THENCE East 75 vrs to the SW corner of said Ing tract;

THENCE N. 600 with the Ing W.B. line to the Beginning. Being the third tract in the deed from R. A. McElreath, receiver, to A. Lee Lewis, recorded in Vol. 165, page 28, Deed Records, Cooke County, Texas.

That plaintiff is the owner of 14-20ths of said land;

That the heirs of defendant Ernest Puett, deceased, own 1-20th undivided interest in 160 acres described herein as first tract, being eight acres;

That Nannie A. Morris owns an undivided 4-20ths of said land;

That R. D. Morris, John W. Morris, Alice Monroe and Leonard Morris own an undivided 1-5 each of 4-20ths of said land; and

That Nate Hobbs owns an undivided 1-20th of said lands.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 6th day of October A. D. 1954.

Given under my hand and seal of said Court, at office in Gainesville, Texas, this the 6th day of October A. D. 1954.

Woodrow U. Clegg, Clerk District Court Cooke County, Texas (47-48-49-50)

Giles Lehnertz spent Sunday and Monday here with homefolks before returning to Tyler after a deer hunting trip to Washington state where he and his brother Quintin bagged a fine buck.

We're Proud of OUR Market, Not THE Market

It's a fact that cattle prices are nothing to brag about lately, but . . . we can still brag about OUR market as compared to THE market. We still make a habit of paying more, no matter how high or low the current quotation happens to be.

Besides, it costs less to sell here.
 Our customers get more and save more.

BE WISE! FERTILIZE!

Use 16-20-0 Ammo-Phos Fertilizer on your grain and increase the yield 10 to 40%.

Ammo-Phos 16-20-0 fertilizer is water soluble. Moisture will carry the fertilizer down into the ground where it does the most good. Spread it on top of the soil or put in the ground at the same time you plant your grain.

Come and see us soon about your supply of Ammo-Phos 16-20-0 fertilizer.

Hornets Win - - -

pass, broke into the open and outran two defenders 60 yards to the goal. During the period Muenster missed two scoring chances at close range. With four downs to go they failed on three ground plays and completed a pass beyond the end zone. Minutes later they threatened again but the drive fizzled as Young intercepted a pass on the goal line and romped back to the 24.

Moon again started the scoring in the second half. About midway through the period he barged through on the same play that had paid off before. The romp was good for 57 yards.

For their next score the Hornets waited only long enough to get their hands on the ball. Saint Jo was forced to kick on the first series and two plays later Richey faked a hand off and broke loose on a 69 yard run aided by a timely block from Noggler near the line.

About midway in the last quarter Whitt took Richey's pass

CLUB HAS SKIT ON HOW TO CONDUCT MEETING

Correct procedure for conducting a meeting or assembly was the topic demonstrated when members of the Junior-Senior Class Club of St. Peter's school met Friday morning. The social committee presented the skit.

Articles pertaining to the subject were read by Harold Northman, Dorothy Geray, Henry Fleitman, Cecilia Fuhrmann and Lavern Fuhrmann. Verna Kuhn was chairman of the committee.

President Margaret Mary Hermes conducted the meeting and read a ghost story. Members answered roll call by giving a fact from Texas History.

Bond Election - - -

approval from the state attorney general's department. After that bonds will have to be printed and sold before work can begin.

The council's intention is to sell bonds only as funds are needed, probably about \$10,000 worth at a time. In this way the city can avoid to a great extent the payment of interest on money that is not actually in use.

Another contemplated provision to reduce interest payments is to make the bonds subject to recall after a specified date, probably Jan. 1, 1960. After that the city can redeem bonds ahead of scheduled maturity whenever it has available money.

It was pointed out also that the city most likely will not sell all the bonds authorized. Proposed work is not expected to reach the full \$25,000 on either project.

Furthermore all the work, except engineering, will be done by local workers under the direction of Steve Mosler, waterworks and sewer supervisor. Procedure will be the same as usual except that projects will not be held up by shortage of funds.

Principal sewer improvements on plan are a new main west and south of town and expansion of the disposal plant. Waterworks improvements include extension of 6 inch mains in several areas of town and installation of another pump.

The bond will not require an increase in tax, but only a provision to support debt retirement out of the present tax structure. By approving it Muenster voters only decided to make necessary improvements without delay rather than doing the projects in small jobs as funds became available.

and romped over the line for the final tally. The play was good for 38 yards.

Magnificent performance by the entire Hornet line, especially Hallmark and Klement, stood out both offensively and defensively. They provided the openings and scores probably would have been more frequent if the backs had had better footing. Likewise they held their ground consistently against the power offense of their big opponents.

In first downs and total gains as well as the score the Hornets were well out in front. They had 13 first downs and the Panthers 7. Besides they gained 292 rushing and passing and returned kicks and interceptions a total of 119 for a grand total of 411. The Panthers gained 122 on runs and passes and 75 on returns of kicks and interceptions for a grand total of 197.

The game at a glance:

	M	SJ
First downs	13	7
Rushing yds.	213	100
Passing yds.	79	22
Passes completed	5	3
Passes tried	11	17
Intercepted by	3	1
Fumbles lost by	2	0
Yds penalized	20	35

Tigers Win - - -

ball brought back to the 35. However Tiger spirit was fired up and they went the rest of the way. Herr's pass to Fleitman was good for 17. Herr added 2, Mollenkopf stepped off 13, and Haverkamp made the remaining 3.

Early in the game the Tigers gave their hosts a scare on a wide spread play that caught them flat footed. Herr got into the open but he was not fast enough. Woodworth nailed him from behind after a 32 yard gain.

For the rest of the game the Tigers had a full time job coping with their tough breaks and their opponents. First they lost the ball on a fumble but regained it soon the same way. A blocked kick put them in trouble and a Rancher first down went to the 16. A stand there barely held as the Ranchers failed by 1 foot to make their 10 yards in the next four tries.

Walter's 15 and a few short plays got back to the 35 but a fumble on an attempted kick set the Ranchers up again on the 22. Walterscheid's interception and run back to the 35 stopped that threat.

The second half was a defensive battle all the way, broken only by Sacred Heart's quick and surprising scoring drive. The Tigers made 2 first downs in a row on that push. The Ranchers completed two first downs twice, however the latter of those might have gone farther if time had permitted. First down to the 19 had just been completed as the game ended.

Practically all of the game was played in the Tiger end of the field. Except for their touchdown they got across the mid stripe only 3 times and their deepest penetration was the Rancher 36. The hosts' deepest penetrations were the 17, the 7 and the 19.

Herr was back to his old form at ball handling and Walter was most consistent as a ground gainer. Strong boys in the line were Walterscheid, Hennigan and Owen.

The Vincent Zimmerers and Paul Arendts Jr., joined by the Albert Herrs of Muenster, spent Sunday at Turner Falls, Okla., on a picnic and outing that featured fried chicken and picture taking.

Helen Fisher Shows Grand Champ Turkey

Helen Fisher of Sacred Heart 4-H club exhibited the grand champion turkey, a tom, in Cooke county's 1954 FFA and 4-H club broiler-turkey show Saturday.

The show with 246 broiler and 18 turkey entries was climaxed with a successful auction sale with prices for the birds well above the current level.

Cubs-Pee Wees - - -

quarter. Seven plays advanced the ball from the Pee Wee 21 to the Cub 48 where Douglas Hellman, on a fourth down gamble with 7 to go, circled left end and got loose on a touchdown gallop. A pass to Vogel added the extra point.

In the closing minutes the Pee Wees appeared to be headed goalward again but ran out of time on the Cub 25.

In general the teams were very evenly matched. Each got 7 first downs and Cubs gained a total of 135 yards, 92 on the ground and 43 in the air, whereas the Pee Wees gained a total of 121 yards.

Confetti - - -

continued growth.

To extend sewer and water facilities is to extend the convenience and protection which encourage more building, besides creating an over-all atmosphere of progress and community pride which in itself is a valuable asset to the town.

We at Muenster are very fortunate in being able to plan these improvements without an additional tax burden. We are also fortunate in having a progressive public attitude as signified by the strong vote of approval. Finally, as opportunities develop in the future we will be fortunate in being ready to welcome them.

Miss Joan Klement of Denton spent the weekend with her parents, the J. A. Klements.
