

73 Local Students Continue Studies Away From Home

Although the current football season has only started and future developments could make early bragging look mighty silly before the rigging is packed away in moth balls, this column nevertheless blurs out bluntly with a prediction that the community will be mighty proud of its two 1955 teams.

In action so far both have given a good account of themselves. Considering the opposing power in each of the four games, both served notice that they will be worthy foes to the remaining teams on their respective schedules.

Rating Sacred Heart by its opening performance is slightly difficult because the opponent was clearly outclassed. The four touchdown margin was easily attained, however there is some significance in the fact that the Tigers uncorked an array of slick maneuvers which made the gains appear easy. Additional comfort for the local supporters can be derived from the nice showing made by reserves after regulars turned the job over to them. As individuals they will be good hands for spot substitutions even though as a group they are still short on power and finesse.

That they aren't quite ready to take over the main assignment was alarmingly apparent last Saturday night when the St. Mark's boys annihilated them in a rally that made Tiger fans jittery. Two prompt scores over the youngsters put the visitors in position to steal back the game by springing a touchdown play. Fortunately the Lions did not succeed in slipping anything past the regulars in the closing minute.

The thrill of that game was the smooth operation of the Tiger aerial attack. Henschel was good at hitting his target and Herr and Fleitman were equally good at hanging to the pigskin. Meanwhile Walter and Mollenkopf showed lots of ability as ball toters.

From the looks of things so far it seems safe to predict that the Tigers will have another fine season.

The name can be said for the Hornets, who are commanding a fair measure of respect lately after being originally rated as just another team in the district. A good showing in clashes with two outfits of higher circuits has left little room for doubt in that regard.

First of all the 19-0 loss to Pilot Point was more of a build-up than a let-down for local enthusiasm. The opposition in that case was made up mostly of fellows who won a Class A title last year. Holding such a team to 3 TDs is a fair achievement, especially since two nice set-up plays and one scoring run were the only difference in an otherwise even match.

If any still doubted that the Hornets have possibilities they had good reasons to revise estimates after the second game. The foe in that case was 2-A Whitesboro, a couple of steps higher in the state's schoolboy rating. Though weak for its class Whitesboro still ranks as strong competition for a Class B team, so the Hornet decision of 13-0 is definitely one to be proud of.

The big factor in that tussle, and the big reason behind growing enthusiasm, is the neat offensive strategy uncorked by Hellman, Richey and Biffle. A little more polish on their option plays can develop into big headaches for the other teams of the district, perhaps even as painful as Noggler's dazzling speed was to them last year.

Another pleasant discovery last

P-TA Begins Year With Four Projects

Members of the P-TA, 85 strong in their first session, started the new school year by taking on four new projects for the immediate future.

They voted to buy a baritone saxophone and three additional uniforms to completely equip the band's present membership. They also decided to operate a concession stand at the visitors' side of the football field and to sponsor a bake sale on October 1.

Superintendent Homsley spoke to the group on the school's aims and policies and anticipated program for the coming year.

Miss Juanita Wieler also spoke briefly as representative of the high school student body.

Refreshments of cookies, coffee and punch were served by Mrs. Homsley and the FHA girls.

Muenster this year has 73 young people continuing studies in schools away from home. It's a new high figure in community history. Last year's total was 50.

Of the 73 students, 37 are attending college, 12 are in nursing schools, two are in academies, seven are seminarians, 11 are in the convent, one is in beauty school and three are night college students.

Allan Dale Eberhart is enrolled as a freshman at St. Mary's University in San Antonio where Larry Hofbauer is continuing study for the third year. Mary McGannon is a sophomore at Our Lady of the Lake College in the same city. Her brother Charles is a senior and Jerry Henschel is a sophomore at St. Edward's in Austin.

Four young men are students at Texas University in Austin. Jerry Fuhrman is a junior and a journalism major after attending college elsewhere last year. Edwin Hammer, also a junior, is continuing his classes and John Myrick, who graduated in June, is working on his masters degree in science. At the same time he's teaching chemistry lab. Joe Noggler is a freshman at the Longhorn institution, attending on an athletic scholarship.

Enrolled as freshmen at Ranger Junior college are Lloyd Trubenbach and Wendell Richey. Burt Hamric is continuing at Texas Western college, El Paso, where he is a junior this term and Allan Hoffman, also a junior, is continuing at Midwestern in Wichita Falls.

Four boys are back at the University of Houston. Kenny Wieman is a senior and Mitchell Wolf, Wilbert Vogel and Johnny Fisher are sophomores. Two, Melvin Herr and Jerry Fette, are freshmen at Gainesville College.

Continuing college work at Texas Tech, Lubbock, are Ronald Herr, Neil Fisher, Reynold Reiter and Dub Wylie; four are back at Texas A&M, Donald Bayer and Wilfred Klement, juniors, and Billy Ben Boyles and Eugene Walter, sophomores; and three are freshmen at Ar-

Enroute To Korea

PFC Henry Weinzapfel called from Seattle, Wash., to let his parents know that he sailed Friday for Korea. He is aboard the USS Mann and will be on the water 21 days. The Weinzapfels also heard from their son-in-law and daughter, Lt. Col. and Mrs. David Bright, who have arrived at his new station in Alaska where he is on duty at Eielson AFB.

Ends Overseas Leave

PFC Meinrad Yosten ended a 30-day leave and left Saturday for San Francisco, Calif. From there he'll go to Hawaii for duty with the Marines. His brother Herbie took him to Fort Worth where he boarded a train for the west coast.

Returns From Africa

S.Sgt. Ernest Sicking is back at Carswell AFB, Fort Worth, after three months of duty in North Africa. While he was overseas he enjoyed sight-seeing in Spain and England, he wrote his parents, the Ben Sicking's.

Has First Leave

David Endres, airmen apprentice, has completed ten weeks of basic training at the Naval Training Center, Great Lakes, Ill., and is at home since Saturday on his first leave to visit his parents, Mr. and Mrs. R. R. Endres. On October 2 he will report at the Naval Air Station in Norman, Okla., for eight weeks of specialized training. While he was at the Illinois base he got quite a bit of attention in addition to recruit training. His company was chosen by the Naval Medical Research Unit to be used as a check for respiratory infections among recruits. Each week every man in the company received an examination for virus specimens of nose and throat and had a blood sample taken for analysis by the research unit.

Dallas Man Named To Succeed G. York As County Agent

Neal Tibbetts, assistant county agent for Dallas county, has been named county agent of Cooke county to replace Gerald York who resigned last week. Ted Martin of Denton, district agent, made the announcement Friday.

Tibbetts, 29, received his degree in agriculture from Texas Tech at Lubbock and began county agent work in Johnson county where he served more than a year. For the past two years he has been in Dallas. He will begin his work in Cooke county on Oct. 16.

York has been made assistant 4-H club leader with headquarters at Texas A&M College. He and his family will leave Gainesville on Oct. 15 to make their home at College Station. He became Cooke county agent in December 1952.

Tigers Outscore St. Mark's 26-20 In Hectic Tussle

In an action packed game, which the Sacred Heart Tigers apparently had salted away with comparative ease during the first three quarters, St. Mark's Lions of Dallas put on a last period splurge which raised hopes and fears on the two sides of the field and finally ended in a 26-20 decision for Father Christopher's boys.

The Big D fellows brazenly took advantage of the lighter and less experienced reserves who went into action after the third Tiger TD toward the end of the third quarter, and gave the Tiger fans a first class scare before time ran out and relieved the strain.

On the first play of that hectic fourth quarter Walter returned to the field to kick for the kids. The ball was on the Tiger 25. A bad pass from the center went over his head and a gang of Lions nailed him on the 7. At that point first stringers rushed back, but too late. Foxworth already had scoring notions and went over in spite of them. A pass added an extra point.

Another 6 pointer came quickly for the Tigers. They got the ball on the Lion 45 when an attempted on-side kickoff was short of midfield and went the distance in 5 plays. Herr kicked the extra point and the count

Junior FFA Boys Win Third Place In Grass Judging

Judging grass for the first time, the local FFA chapter's junior team captured third place Saturday in the fifth annual Upper Elm-Red Grass Judging contest held in Gainesville.

The team, composed of Billy Otto, Kenny Klement, Jim Myrick and Ronnie Cannon, was coached by Glenn Hellman and began studying grasses Sept. 1.

The chapter's senior team, finished in seventh place. Its members were Wylie Corbin, Douglas Doughty, Sammy Biffle and Jerry Sicking.

Teams from Tom Bean and Tioga FFA chapters took top honors in the senior contest as first and second place winners, respectively. The Gainesville FFA team was third.

In the junior division Tioga was first, Whitewright second and Montague fourth.

High individual in the contest was Dwaine Binford of Gainesville FFA with a score of 450 out of a possible 453.

This year's contest was co-sponsored by the district supervisors, chambers of commerce from Gainesville, Depison, Sherman and Whitewright, and the Muenster Lions club.

Sixty-eight boys from FFA chapters and 4-H clubs representing 18 teams participated in the annual event.

Handling arrangements for the contest were Supervisors J. W. Hess, Rush Freeman, Willard Kempkin and Henry Reynolds.

Construction Starts On New Building For Electric Co-op

Construction on the new combined office and warehouse for Cooke County Electric Cooperative got under way Wednesday as Otto Brothers started moving dirt in preparation for foundation work.

According to R. H. Gray, superintendent for Allen and Wilson, Denison contractor, form building for the foundation will probably be finished in time to allow pouring concrete early next week.

He said he expects the building to be finished in five months if favorable weather prevails, however he is allowing for some bad weather in estimating that the job will take six months.

The co-op's building, on Highway 82 near the east city limit will have a combined office and warehouse space of about 7,600 square feet. It will be built of construction tile and the front will be faced with light brick and stone. Contract price for the building is \$87,041 and additional costs for furnishings and architect's fees are expected to bring the total to about \$100,000. Wyatt C. Hedrick of Fort Worth is the architect.

NEWS OF SICK AND INJURED

Debra Ann Bayer, three-month-old daughter of Mr. and Mrs. Randy Bayer, was dismissed from Baylor Hospital in Dallas Tuesday. She still has the tracheotomy tube in her throat and will be receiving regular check-ups.

Mrs. Ferd Luttmir is recovering satisfactorily from eye surgery performed last week in Gainesville.

George Bayer was dismissed Sunday from M&S Hospital where he was a patient two weeks.

Mrs. Donald Walterscheid was a patient at Gainesville Sanitarium during the weekend. She underwent dental surgery.

Mrs. Gene Schmitz is recovering from an emergency appendectomy performed at M&S Hospital Thursday night of last week. She became seriously ill at about eight o'clock and underwent surgery shortly before midnight.

Mrs. Charley Hellman was out again Sunday after several days of illness that kept her in bed at home. She had a severe throat infection.

Mrs. Tony Fuhrmann of Lindsay is getting around with her left arm in a cast. She broke the arm at the wrist last week in a home accident.

Robert Fuhrmann of Lindsay is walking with crutches since he fell Sunday and sprained his left ankle.

Joe F. Meurer is a patient at Bethania Hospital in Wichita Falls. A telephone call to his sister, Mrs. J. M. Weinzapfel, revealed that he was seriously ill.

Hot Game Expected Tonight as Tigers Tackle Sherman B

The usual hot contest is expected on the Tiger field Thursday night at 8 when Father Christopher's Sacred Heart boys and the Sherman B team clash in their third annual tussle.

The Tiger skipper said Wednesday that he has no information on his visitors' performance in early season games but assumes that they will be about as potent as before. In contests of the two previous years Sacred Heart nosed ahead twice by a single touchdown.

If weights will determine the Bearkittens have a clear advantage. Across the line they will stack up an average of 20 more pounds and in the backfield they will have only a slightly lower average in their favor.

On the other hand the Tigers are not planning to make the game a test of strength. As much as possible they are going to avoid clashes with the beef and stake their chances on speed and aerial attacks.

Sale of Blind-Made Items Sponsored by Local Lions Club

A broom sale sponsored by the Muenster Lions Club for the benefit of blind workers in several factories throughout the state will be conducted here on Wednesday, October 5.

Though identified as a Blind Broom Sale, the event will offer several other every-day household items along with four sizes of brooms. The other articles are floor mats, mops, ironing board covers and pads, dish cloths and pot holders.

All the articles are made by blind people in factories which have been especially established to give employment to the visually handicapped. Similar sales conducted by the other Lions Clubs of the state during the past two years have been a big factor in providing steady employment for thousands of blind people.

Members of the local club voted to take on the project at their Tuesday meeting after hearing Clinton Blakeslee, a blind man in charge of advance arrangements, explain the purpose and procedure of the sales.

He said that all the items offered for sale are made by blind people, also that quality and price are in line with those of items offered in stores.

The organization brings its truck to town on the specified date and the Lions take over the sale. Some remain with the truck, selling the merchandise there. Others sell from house to house. For their efforts the members earn a percentage of the gross sales for their club treasury.

Blakeslee said such sales conducted by 100 Lions Clubs last year sold \$125,000 worth of blind-made merchandise. To date this year the sales have passed \$100,000.

Inspired Hornets Triumph 13-0 Over Favored Bearcats

Predictions took a beating on the Muenster High field Friday night as an inspired Hornet team humbled the favored Class 2-A Bearcats of Whitesboro by a 13-0 count.

The game did not follow that trend all the way, however. All through the first half the visitors made the better showing both offensively and defensively. With Charles Winchester, the 130 pound package of speed, reeling off all the substantial yardage, the Bearcats marked up gains of 71 yards while holding the Hornets to 36. First downs were 5 and 2.

But the trend changed completely after intermission as Jimmy Hellman came back with a quarterback performance that was a delight to Hornet fans. Besides handling the team like a veteran he stepped off most of the yardage on two sustained drives ending on pay dirt.

The big gainers were option plays in which Biffle or Richey was the running mate. Depending on the progress of the play, Hellman either darted through an opening or flipped a lateral to one of the others. The maneuver kept the Whitesboro defense baffled.

Meanwhile "Skiz" Swirczynski did a beautiful job of helping along by clearing the way for the ball toters. Besides, he was a standout on defense. It seemed that no matter what way a Bearcat carrier went, Skiz was there challenging the play with all of

Hornets Favored Friday in Contest With Windthorst

Long odds will favor the Muenster High Hornets Friday night as they take on the Windthorst Trojans in their third contest of the season.

It will be the second trip to Muenster in two weeks for the Archer County boys who tumbled 25-0 before Father Christopher's Tigers on September 9.

Basing a comparison on that game Coach Hosea is confident his starters will enjoy a definite advantage and run up a safe margin early enough to give their understudies a fair share of the action.

Kickoff time is 8 o'clock, on the Hornet field.

Special Group Will Form to Coordinate Progress Efforts

A small group meeting Wednesday night to hear a report on the recent community development clinic considered the big program of accomplishing some of the principal objectives that have been proposed.

Those present decided that the first step in tackling the program is to organize a special committee composed of members from the several other organizations of the community to serve as a coordinating group. Such members would discuss and decide on the most feasible or most urgent projects then introduce them for consideration of their separate organizations. Afterward they could report back what job each group prefers and what help it proposes to give on the job.

Another function of the central committee is to consider and recommend when more than one solution is possible. An example was the trash and garbage disposal problem. Should the service be handled by the city or by a private contractor?

Reports by several persons revealed that some things on the community want list are already shaping up. Stan Shively of TP&L's Community Development Department said that the dean of Baylor Dental School in Dallas will soon set a date when local men can interview some prospective dentists.

J. M. Weinzapfel showed a pencil sketch of proposed park improvements. He asked that interested persons look it over and recommend additions or changes that can be made before blue prints are made of the plan. Opinion at the meeting was that the park should be the community's first project. Efforts will be made to clear brush, improve grades, build driveways and curbs, and establish lawns and shrubbery before next summer. It's a big job and community-wide help will be solicited for it. Mayor Endres said that installation of curbs and the four lane road into town is due to begin soon, also that the job will be followed by installation of mercury vapor lights. Besides, more paving is planned for next year. Available money went into the swimming pool this year. Next year it is slated for street improvement.

Howard Homsley observed that business house improvements likewise are well under way. Contemplated erection of new places along with removal of some old places will be a big step toward the desired better appearance.

Lecture Wednesday Will Explain KC Works and Ideals

Facts about the Knights of Columbus, the objectives, activities and ideals of the order, will be the subject of a talk by John O'Brien of Dallas next Wednesday night in the K of C Hall.

Announcing the lecture this week Grand Knight J. A. Klement called on all members of the local council to attend and learn recent achievements of the order as well as to refresh their memories on other information pertaining to it. He also extended a general invitation to other members of the parish who are interested in knowing more about the KCs. Members of the Gainesville Council have also been invited.

The program will be followed by lunch and a social hour.

Another announcement by the grand knight is that the council will sponsor a group communion and breakfast on Sunday October 9 in observance of Columbus Day, which falls on the following Wednesday.

Mr. and Mrs. Stan Wylie and sons of Grand Prairie spent Sunday with her parents, the Bill Kathmans. In the evening the W. E. Insels and daughters of Gainesville joined them for a visit.

Mrs. Marie Kappas has gone to Dallas where she is employed at St. Rita's Club for girls.

Misses LuRose Henscheid and Clara and Mildred Fisher, student nurses at St. Joseph's Hospital, Fort Worth, spent the weekend at home with their families.

Mr. and Mrs. Ed Cler and family were Sunday dinner guests of the Jack Hoehns in Nocona. They brought their daughter Christy home with them but another daughter, Debby, remained for a longer visit. The little girls had been in Nocona since last week Wednesday. They accompanied Mrs. Hoehn home after she visited here.

Mr. and Mrs. Clarence Hudspeth visited his mother, Mrs. Bill Harvey of Marietta, Okla., at M&S Hospital at Gainesville while she was there during the weekend for a check-up.

Mrs. Chris Buss of Wichita Falls, her daughters, Mrs. Alton Jarvis also of Wichita Falls and Mrs. Theresa Hume of Craig, Colo., visited old friends here and at Lindsay Sunday. Formerly of Muenster, the Buss family moved from here 46 years ago. They visited the L. A. Bernauers, Mrs. Mary Meurer and the Ben Fleitmans here and the Hellinger families at Lindsay.

Mr. and Mrs. C. W. Blanton of Kansas City, Mo., are here for a week's visit with their aunt, Mrs. Frank Needham and family. They arrived Saturday. Also visiting the Needhams is Mrs. Lucille Fancher of Gainesville who is spending a two-week vacation with her aunt and family.

Bates.

"Old Colony Pride"

Only Bates master craftsmanship could give you such beautiful styling and quality for so little. Compare this yourself with similar spreads costing more: you'll see none of the skimping you usually find at "value" prices. Note that "Old Colony Pride" is generously full sized. Handle it: no skimping in weight. Look at the loft and thickness of the loops, see how sharply they make the pattern stand out. Then consider that "Old Colony Pride" is preshrunk, bullion fringed, reversible and perfectly washable. Single or double in Antique White, Snow White, Hyacinth Pink, Daffodil or Mint.

A really remarkable Bates buy at only \$14.98.

Voice of The Multitude

Zoro Neale Hurston, a highly articulate Negro writer, who decided long ago that she would have nothing to say about de-segregation-by-law, has found it impossible to keep silent on the subject. She takes off on what has always seemed to us the crucial point of the whole issue—but which we have not brought up since any comment would come more gracefully and far more forcefully from a member of the black race than from the white.

"The whole matter revolves around the self-respect of my people," writes Miss Hurston in The Orlando (Fla.) Sentinel. "How much satisfaction can I get from a court order for somebody to associate with me who does not wish me near them? The American Indian has never been spoken of as a minority and chiefly because there is no white in the Indian. Certainly he fought, and valiantly for his lands—and rightfully so. But it is inconceivable of an Indian to seek forcible association with

anyone. His well-known pride and self-respect would save him from that. I takes the Indian position."

In the matter of the educational rights of Negro children in the South, Miss Hurston denies that she is "one of those 'handkerchief-head niggers' who bow low before the white man and sell out my own people out of cowardice." If negro schools in Florida were inadequate, or if white schools possessed some advantage "impossible to duplicate," she says, she would be the first to insist on sharing. "But if there are adequate Negro schools and prepared instructors and instructions, then there is nothing different but the presence of white people.

"For this reason, I regard the ruling of the United State Supreme Court as insulting rather than honoring my race." Miss Hurston derides the long-held misconception that "there is no greater delight to Negroes than physical association with whites." She calls this the "doctrine of the white mare," explaining that "Those familiar with the habits of mules are aware that any mule, if not restrained, will automatically follow a white mare."

In Miss Hurston's opinion the segregation issue was politically inspired and a grave mistake "just when the nation is exerting itself to shake off the evils of Communist penetration." She warns that "more important things" may lie ahead and that the ruling may have been a trial balloon. "If it goes off fairly well," she says, "a precedent has been established. Government by fiat can replace the Constitution."

It is refreshing indeed to have these views from a Negro writer. Further, they will be reassuring to those whites who have always considered the Negro race to have been richly endowed with its own special attributes—and a race that SHOULD be as prideful as any other.

The Unending Revolution

The elaborate Centennial of Farm Mechanization, held at Michigan State College during the August 15-20 period and attended by 330,000 people, is over. But the amazing revolution to which it was dedicated continues in full vigor.

It is almost impossible to exaggerate the impact of farm mechanization on an American life. In little more than a long lifetime, machines made it possible for a small part of the population to produce an abundance of food and fiber for all—instead of the great majority having to work the land from dawn to dark to produce the necessities of life. It thus released tens of millions of people to work at other tasks, and to produce the wealth of goods and services which make up our American living standards. It has brought the farmer far greater return for much less arduous labor. It has made modern farming into a business.

Reporters who accompanied

Three's A Crowd!

the Soviet farmers on their tour of Iowa and other agricultural regions all commented on their visitors' amazement that so few people were at work on American farms. They were especially surprised at the lack of women workers, who are a mainstay of the communist farm labor force. The main reason for this, of course, is mechanization. In ag-

riculture, as in all other pursuits, American free enterprise has produced infinitely greater benefits than communist coercion.

America Needs True Homes

By Richard J. Cushing, Archbishop of Boston

PLAYGROUNDS and athletic leagues will not solve fully our juvenile delinquency problem. The answer is in the home—your home!

When I was a boy my father heard our lessons while my mother washed the dishes and scrubbed the floors. Every father on the block did the same thing. They were not educated men, but they were fathers, first, last and all the time.

WE HAD our gangs. There was the baseball gang, and the football gang, the skating gang and the swimming gang. There was plenty of rivalry between the members and not a few fights. But they were clean and fair fights and they were often over the rivalry of achievement—daytime achievement most of it.

These are not pictures from the remote past or the "good old days." They are of decent American youth, virile, ambitious, law-abiding. This kind of living will not be brought back by curfews, by books and articles on causes of juvenile delinquency. Only your family's determination to be the kind of family God meant it to be will bring back these days of happiness.

THE FIRST THING needed is a true home. The true home is

a replica of Nazareth in which the holiest family of all lived. This means a home that is without quarrelling or nagging; neat, orderly, and as attractive as the combined efforts of the whole family can make it.

The ideal home is one that echoes with prayer and love of God and one another. "The family that prays together, stays together"—and plays and works and loves together too. It is a home that lives within its means, not worrying about keeping up with the family next door, enjoying what it has from God's hands.

A TRUE FAMILY is one that lives together—not just at meal-time and bed-time, whenever that may be. It is a family that is at home together whenever possible, having fun and entertaining themselves together.

The best indication that a home is splitting up is when each member goes his own way for entertainment. Actually, mother should entertain her children's friends at home. Hospitality like this doesn't call for luxury or great expense, but simply a little love and interest.

MY DEAR PARENTS, they are your children. You have put many hours of labor and anxiety into their upbringing. You love them and they are your responsibility. They are potentially your greatest happiness and reward in this life. They are God's gift to you; don't treat this gift cheaply.

From where I sit ... by Joe Marsh

... Makes a Man Healthy, Wealthy—and Tired!

Sandy Peterson's nephew Pete has gone back to college. He worked on Sandy's farm a couple of months last summer to get hardened up for football.

He seemed to enjoy farm life all right—but like most city kids it took him some time to get used to a farmer's schedule.

Sandy claims that when he went in to wake Pete—on the first morning—the boy looked up startled and asked what time it was. Sandy replied it was four-fifteen. "Gee," Pete murmured, "if we're going to do a day's work tomorrow you'd better get to bed!"

From where I sit, we must have heard a million stories like that. But they show how some people assume their customs are the only proper ones. To most city folks getting up at 4:15 seems odd, because they don't do it. Just like some people don't think enjoying a glass of beer is "right" ... because they happen to prefer another beverage and haven't waked up to the fact that everyone has a right to his own choice.

N. Texas Dairymen Receive \$5.35 for August Production

Producers supplying milk to the North Texas fluid milk market (Dallas and Tarrant Counties and 14 surrounding counties) will be paid \$5.35 per hundredweight for milk sold in August 1955, according to an announcement by Byford W. Bain, Market Administrator. For each point (0.1%) that the average butterfat content of producer milk varies from 4.0%, a butterfat differential of 6 cents applies.

This price was computed from reports submitted by milk handlers regulated by the North Texas milk marketing order. The August price this year is 22 cents above the price received by producers during August 1954 and is 18 cents above the price producers received for milk during July.

In August an average 1,584,325 pounds (equivalent to three-fourths of a million quarts) of Class I milk (mainly milk, skim milk, buttermilk, chocolate milk, and cream) was sold each day. This was an increase of 5.58% from July 1955 and 6.76% from August 1954.

When you need a quick sprint for safer passing, this V8 delivers!

It's pure dynamite, and you have to go way, way up the price ladder before you ever find its equal.

Chevrolet's new "Turbo-Fire V8" packs a Sunday punch for safer passing that no car in Chevrolet's field can match!

The proof was burned into the sands of Daytona Beach at the NASCAR* trials earlier this year. In acceleration tests, Chevrolet simply walked away from everything else in its field. Plus—and get this—all the high-priced cars except one!

Surprising? Not when you consider that this beauty's been cleaning up on all comers in short track stock car events this season. That's where acceleration really pays off, as well as handling ease and cornering ability—things that mean safer, happier highway driving. Come on in and let a new Chevrolet show you what we mean.

Charles McGannon
Back from Abroad

Charles McGannon, returning from three months abroad, spent Sunday and Sunday night with his parents and family, the Edd McGannons, and left Monday morning for Austin where he is a senior student at St. Edward's University.

He had little time to relate his experiences and tell about sight-seeing in seven foreign countries but mentioned some of the high spots. He had arrived in New York Friday aboard the John Van Oldenbarnevelt which he boarded at Amsterdam, Holland, and was on the water ten days. After that he rode a bus for 30 hours to spend the brief visit with his family.

Charles spent most of his time in Italy, especially Rome, where he saw the Holy Father and was among a group of pilgrims who received his blessing in St. Peter's Square. He attended mass and benediction at which Father Pio the stigmatist officiated, visited the Shrine of St. Francis of Assisi, saw the preserved remains of St. Claire, and the preserved tongue of St. Anthony.

High on the list of the most inspiring sights was a candle lighted night pilgrimage at Lourdes, France. He participated in two processions.

In Sicily he climbed Mt. Etna as far as tourists are permitted to go.

Countries visited were France, Italy, Switzerland, Austria, Germany, Sicily and Holland.

He told about some unusual customs and habits of natives in these countries but fell far short of relating all he saw and did. Said he'd write from school as soon as he was settled in classes.

BIG SWITCH

Statistics show that the average amount of food a person eats is little different from 40 years ago. The big change has come in the kind of food he now eats. Higher incomes have brought about a switch from eating potatoes and other lower priced foods to more expensive foods such as meats, some dairy products and higher priced fruits and vegetables.

Increase in consumption of meats jumped from 54 pounds per person a year to 78 pounds from 1940 to 1954. Cereals dropped from 82 to 74 pounds, and other food made similar drops. It's good business for farmers to watch the switch in consumers' appetites. In controls the market place.

Investment opportunities change with the times. It's good business to consult with your banker regarding investments.

Anything less is an
old-fashioned truck!

Chevrolet Truck Work Styling is well illustrated in these four models ranging from the Low Cab Forward and Cameo Carrier of left to the pickup and tractor-trailer unit at right.

**New Chevrolet
Task-Force Trucks**

They're the most modern trucks on the road. If you don't get all the advantages they offer, you stand to lose money on the job today . . . and again at trade-in-time!

Most modern power—V8 or 6

In most new Chevrolet truck models, you have your choice of V8* or 6. Chevrolet's new truck V8's have the shortest stroke of any V8 in any leading truck! That means less friction and wear per mile. The valve-in-head sixes are new editions of the engines that have long been famous as the "work horses" of the truck world! And all Chevrolet truck engines have a modern 12-volt

electrical system for quicker starting, better ignition and a greater electrical reserve.

The truck driver's "dream cab"

That's the closest we can come to describing the new Flite-Ride De Luxe cab. What truck driver wouldn't go for features like these: panoramic windshield for wider, safer vision; concealed Safety Step that stays clear of snow, mud and ice; High-Level

ventilation that provides a more constant supply of outside air in all kinds of weather.

Most modern truck styling

We call it Work Styling—and you get it only in new Chevrolet trucks! Two fresh, functional styling treatments are offered—one for light- and medium-duty models, another for heavy-duty models. Your Chevrolet truck will do your job better—and look better doing it!

Most modern features throughout

Advanced suspensions, more rigid, ladder-type frames! Tubeless tires standard on 1/2-ton models! Come in and see all the ways you're way ahead with new Chevrolet trucks!

*V8 standard in L.C.F. models, an extra-cost option in all others except Forward Control models.

Year after year, America's best-selling truck!

Mr. and Mrs. Coy Fite and family of Ringgold and Mr. and Mrs. Henry Hobbs of Gainesville were weekend visitors of the John Richeys.

The Max Harrells of Sherman visited Mr. and Mrs. Bill Moon Thursday.

Don Ray Moon left Monday for Guthrie to visit his mother, Mrs. Gordon Rodgers.

Mrs. Lonnie Thurman, county home demonstration agent, will meet with the Marysville Home Demonstration club Friday afternoon. Mrs. Rafe McElreath will be hostess.

Marysville Baptist church invites everyone to attend its fall revival to be held at the church Sept. 23 through 25. Evangelist Richard Hollingsworth of Decatur Baptist College will conduct services at 7:30 each night, at 10 a.m. on Saturday and at 11 o'clock Sunday morning.

Getting out of a car on the left or traffic side is always hazardous, especially after dark, but the danger can be greatly reduced by attaching a strip of "Scotchlite" reflective safety tape along the inner edge of the car door. When the door is opened, the safety tape will pick up and brightly reflect the lights of an approaching car, making the extreme left hand edge of the stopped car visible to the approaching driver at distances up to one-quarter mile.

City of Gainesville, Texas are plaintiff; The Gainesville Independent School District is impleaded party defendant; and Henry Loren is defendant, by the filing by said plaintiff of a petition on the 7th day of September, 1955, and the file number of said suit being No. 600 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Farm Bureau Plans Series of Meetings To Shape Policies

Directors of the Cooke County Farm Bureau, meeting Monday, faced a full program of coming events, discussed plans for new activity, and heard Melvin Dansby, field representative, talk on Farm Bureau policy.

Dansby's talk led to the slating of nine meetings to discuss policy development in each town of the area. He said all members have a voice in these meetings and encouraged the directors to urge members to praise or constructively criticize present policy when they attend the sessions.

Meetings were scheduled as follows: Gainesville, Oct. 3; Downard-Fairplains, Oct. 6; Valley View, Oct. 11; Lindsay, Oct. 17; Sivells Bend, Oct. 18; Muenster, Oct. 19; Era, Oct. 20; Ross-ton and Callisburg, dates to be announced.

A county-wide meeting will follow the community meetings. It will be held on Oct. 24 at Gainesville to discuss problems and resolutions brought up in the preceding meetings.

Dansby reminded directors that the Farm Bureau has a legislative director at its office in Waco. He will answer any legal questions asked by members.

A lively discussion was held on the possibility of securing the service of fire trucks for rural areas and J. T. Cole was named chairman of a committee to investigate in regard to fire fighting services available for rural areas. Other committee members are Jake Bezner, Robert Myers and Bruno Fleitman.

A permanent rat and mouse control program for the county was discussed. David R. Smith is chairman of a committee to plan such a program. He is assisted by Leroy Hay and R. C. Doss.

Reuben Hassenpflug asked the Farm Bureau to investigate the present method of grading cotton. He said the method is unsatisfactory to cotton farmers.

Members of the Bureau's resolutions committee announced they would meet this week. Committee members are Joe Hundt, chairman, and Frank Neu, L. G. Gentle, Tony Sicking and Joe Vogel.

his 135 pounds. More stout play in the rest of the line held Whitesboro to total gains of 60 yards in the second half while helping the Hornet backs stack up their total of 144. First downs during that time were 8 and 4.

The first half was mostly a deadlock with Whitesboro enjoying a small measure of advantage. The Cats at one time picked up three first downs in a row and missed the fourth by one yard. The Hornets got their two successive first downs on Hellman's 13 and McCulley's 15, and lost about as much as they gained for the rest of the half.

The third quarter opened like more of the same as the visitors followed the kickoff with two prompt gains for 13. But that was all. Three more tries added 6 and the Cats booted.

That's when Hellman and company got going. Ten plays advanced 61 yards to the 8 before the visiting defense got really stubborn. Two plays lost 3 and Hellman gained 6. On the next play an over anxious Cat jumped the signal and drew a penalty for his haste. Officials spotted the ball on the 1 and Biffle plowed through for the touchdown.

Determined to retaliate, the Bearcats snapped back with several strong plays before calamity overtook them. Garnett returned the kickoff from the end zone to the 32 and 3 more tries reached the 48. Then a fumble blasted the rally. Muenster recovered and put on a repeat performance of the former drive. Hellman alternated his keeper plays with laterals to Richey and Biffle in a steady march to the 1 where Whitesboro again got stubborn. On his third attempt Richey plunged over. Harris kicked the extra point.

The rest of the game saw lots of action but no more scoring. Dougherty intercepted a Bearcat pass and returned it about 30 yards. On the next series Whitesboro blocked a Muenster kick. Skiz promptly retaliated by grabbing a fumble. Next Whitesboro pounced on a Muenster fumble, and shortly later Richey ended the game by running an interception back about 30 yards. Tigers Win - - -

was 26-7, apparently plenty safe for Sacred Heart, so the reserves went back again.

One beautiful play was all the Lions needed for the next score. They returned the kickoff to their 35. Then Williams passed to Pickens, who was tackled on the spot but flipped to Adams, who came charging along at precisely the right instant. Adams went untouched the rest of the way.

Another attempted on side kickoff went sour but St. Mark's recovered a fumble in midfield two plays later. Their drive that time was briefly interrupted as the Tigers intercepted but fumbled the ball away on the next play. Six plays then covered the remaining 37 yards and the count stood at 26-20. That was too close for comfort. Another quickie TD could have tied the game, a point following it could have won.

The Tiger coach took no more chances. He sent first stringers back. St. Mark's still trying that tricky kickoff, fizzled again so the Tigers went into play on the Lion 46. With seconds left the Tigers tried a long pass for another TD but Williams instead of Fleitman got the ball as time ran out.

The closing period was no more spectacular than the opening minutes when the Tigers covered 56 of 58 yards in three passes. On their first offensive play Henscheid heaved to Herr for 20. Next he hit Fleitman for 15. Three line plays netted only 2 and Henscheid again passed to Herr, for 21 paces and 6 points. As if to finish the job through the air he tossed to Fleitman for the extra point.

For the rest of the half the situation changed to a defensive conflict. Neither team made notable headway, however St. Marks had the better record with 3 scattered first downs to the Tigers' one.

Things happened fast again as the second half opened. With a vicious comeback the Tigers smeared the Lions on their first three tries, recovering the fumbled ball on the third. The series had started on the 36 and the Tigers pushed the ball back to the 18 by their defense. Three ground plays gained 3 and Henscheid hit Herr for a touchdown.

Next the Tigers held on the first series, received the kick, and started their offense from the Lion 48. Mollenkopf picked up 8 and Walter breezed the rest of the way to pay dirt. Then Tiger subs went in and spent a few minutes swapping fumbles with their visitors before the hectic fourth quarter action broke loose.

week was the stout Hornet defense. From end to end the line was magnificent and the biggest performer of all was fly-weight "Skiz" Swirczynski. He plays as though he's bucking for a place on the all-district team.

At this early date it is still difficult to estimate the power of other district teams, so it is a bit rash to predict that the Hornets will cop the loop title. Still yours truly is inclined to voice that very prognostication. On what basis? Let's say about 50 per cent on loyalty and 50 per cent on the fact that they're a snappy outfit.

At the same time this column is inclined to claim also that the Muenster Band will be the champ of the district. That's a lot safer to predict, of course, because there will be no official score or decision to prove that this is wrong. Nevertheless, without hearing or seeing any of the others, this columnist believes the local kids could win in a popular vote over the district. They would be a credit to any Class B school. Jimmy Harris rates a bouquet for fine directing, the members rate bouquets for faithful application.
