

# MUENSTER ENTERPRISE

VOLUME XIX

MUENSTER, COOKE COUNTY, TEXAS.

AUGUST 19, 1955

NUMBER 39

Stan Shively of the TP&L community development division insisted he was not just dishing out the blarney Tuesday when he said Muenster is well ahead of the average small town. He mentioned the prosperous farming activity, religious, educational and recreational facilities, nice homes and thriving business. Factors which many of us have been taking for granted but which, when called to our attention, stand out in their real value as the assets which make Muenster tick. The thought of those factors, and others that any of us could name, prompts us to admit readily that the man was not spreading it on. Definitely, we do have a community to be proud of.

As important as any of those things is the fact that we still are not satisfied with our town. We're still looking for ways and means to improve. We have good business but we want better services and better values to increase our trade volume. We have a good school system but we'd like ever increasing cooperation between the separate institutions so as to increase our children's educational opportunities. We have good looking homes and well kept yards but we want the added beautification touches to make them even nicer. We have recreational facilities but we want more, along with the planning and supervision to get the most possible benefit from them. We have a huge payroll, much larger than the average for our size town, but we want to provide also for the up and coming generation, as well as attract more good citizens to our town. We have dandy municipal services and facilities, but we'd like to assure a better standard of living for a larger number of people.

So, while we already have lots to brag about we also have lots of other things to work for. And by the time we reach some of our present goals there will be more to merit our attention. The job is endless, however each new step attained imparts a satisfaction of having added something to our pleasure and pride. It just happens that our community development clinic occurred while Muenster is going strong on improvements. Five new buildings due to be under way soon. A swimming pool and expansions in the waterworks and sewer systems also in progress. It's a most fortunate coincidence. This study of our town, besides increasing our appreciation for the improvements under way, suggests new channels into which to direct the momentum of progress which has been attained.

There are good reasons to expect, for instance, that park development will go on in high gear. The fine swimming pool now nearing completion is only a beginning. People are talking about clearing more brush away, sodding the entire area, adding kiddies playground equipment, picnic tables, a concession stand, etc. The enthusiasm is here. Willing workers are plentiful. Good planning and direction can get marvelous results.

The same applies to the downtown face lifting job. By the time five new buildings are finished the improvement urge can become contagious. Maybe other buildings will follow. Maybe some of the present ancient places will be favored with modern fronts or general overhauls.

All that will be accompanied by still another improvement. Several eye-sores are to be removed. A year from now the business area will be a credit to the town. We won't have to rush visitors past it any more, hoping they do not notice it while we're heading to show-off the rest of the town.

Members of the city council are due lavish praise for their recent decision to get rid of the temporary buildings in the town's restricted zone. The policy will do much for the town's appearance besides bringing substantial benefits in insurance reductions. Some will no longer be penalized because of the fire hazards beside them.

Another progressive move well worth the council's attention is a taxing policy that will be less discouraging to those who want

(Continued on Page 12)

**PIPE THIS**—Farmer prepares to lay plastic pipe with this automatic device on a plot of land near Franklin, Pa., where the labor-saving mechanism is manufactured. Disposable reels holding up to 600 feet of piping are attached to the machine, which is constructed for a three-point hitch, but which is adaptable to any farm tractor, according to the manufacturer. Operating at tractor speed, it is designed to uncover a trench, lay pipe 14 to 20 inches deep and back-fill after itself, at the rate of 100 feet per minute.

## Stable Basis for Continued Growth Noted in Muenster

Basically Muenster is an exceptionally stable and progressive town and provides a good foundation for the additional improvements and facilities which will appeal not only to its home folks but also to others who are seeking a location for business or industry.

That was an opinion expressed by Stan Shively of TP&L's Community Development Department as he presented a report on Muenster's recent Community Development Clinic to members of the Lions Club Tuesday.

He said the community is built on a sound agricultural economy, the farmers being above average in progress and earnings, and the town can boast of exceptionally good schools, churches, homes and municipal services... along with several creditable business houses.

The town's most obvious shortcoming, as he sees it, is that the appearance of some buildings does not do justice to the business in them. "We've got the goods, but we can make it more appealing by putting it in a better looking package." Every new building or modernized front would be a distinct community asset. As little as a new paint job would add some value.

The most effective way of attaining the desired community improvements, according to Shively, is to arouse as much public interest as possible in them. Get the word around so more will be familiar with the possibilities. Have meetings to discuss and plan improvements.

He cautioned against too much rushing, however. Too big a task may turn out to be a white elephant. Instead he recommends taking up one project at a time and finishing it before turning to something else. The exception to that rule is to have separate groups working on separate small

## 3-Run Homer Licks Locals at Wichita Softball Tourney

Failure to hit when it counted eliminated the Muenster-Gainesville boys from the regional softball tournament at Wichita Falls last Thursday night. They lost to Abilene 7-4 in spite of slamming out 10 hits to their opponents' 6.

The heartbreaking blow came in the eighth inning as one of the Abilene fellows broke the 4-4 tie with a 3-run homer.

During the early innings the Cooke County boys pounded the ball steadily, but the blows were not effectively grouped. Twelve runners died on base during the first five frames. Nevertheless they managed 4 early runs and led by a 4-2 count until the fifth when Abilene caught up with a 2-run homer.

Van Cleave and Wiese joined in the heavy hitting with a home run each.

## NEWS OF SICK AND INJURED

Mrs. Fred Hoedebeck is recovering and was able to sit up for the first time Wednesday following three days of serious illness resulting from a kidney ailment and virus infection.

Commissioner John Klement was dismissed from Gainesville Sanitarium Tuesday and is regaining his strength at home. He says he is feeling all right, but is still "stiff and sore" from injuries received in a car collision August 4.

Burt Hamric and Denis Hofbauer, and Robert Fuhrman of Lindsay, received treatment at Gainesville Sanitarium Tuesday and Wednesday for acid burns. The boys were working on an oil rig for Leo J. Haverkamp Well Service when they came in contact with the acid. Some of it got into their eyes. Body burns were termed as minor but the trio was kept in the hospital for special eye treatments.

Donald Wilson has been dismissed from Gainesville Sanitarium and is convalescing at his home from injuries, including skull and shoulder fractures, he received in an accident while working with a hay baling crew.

Jeanette Bayer was a patient at M&S Hospital several days this week for medical treatment. She is the 14 year old daughter of Mr. and Mrs. George Bayer.

Donald Bayer was dismissed from M&S Hospital Friday after being there a day and night. He underwent eye surgery. He is the son of Mr. and Mrs. Martin Bayer.

## Ordinance to Ban Hogs in City Limit

Raising or keeping hogs within the city limits of Muenster will be unlawful in the near future.

An ordinance to that effect had its first reading at the city council meeting Tuesday night and is likely to be approved at the next session.

Mayor Urban Endres said the council based its action on the many complaints that have been made here in recent years. Certain neighborhoods get a strong whiff of the hog pen odor when atmospheric conditions happen to be right. They were prompted to take action because one of the pens is unpleasantly close to the park area, which is being developed now.

The regulation on "keeping" hogs is intended to restrict the time hogs can be kept at the local sale barn. The city has no wish to penalize the local livestock market but it does not want a herd of hogs there for several days before or after a sale.

Other livestock is not banned by the ordinance. Council men did not consider the few horses and cattle within the city limits as offensive.

## Next Sunday Set As Opening Date At Swimming Pool

The swimming pool will open Sunday at 2 o'clock, members of the city council decided at their regular session Tuesday night.

According to Mayor Urban J. Endres there will be no ceremony connected with the event. Formalities will wait until next summer when the shower house is finished, lawns are established and parking area is designated... in short, when the pool and surroundings have their finished look.

The informal opening was okayed in order to allow area residents the use of the pool for the few weeks remaining in this swimming season.

Admission charges will be 15 cents and 35 cents.

Since the shower house is not ready for use people are reminded to wear their swim suits to and from the pool.

Work on the shower house is under way, and outside walls will be far enough along by Sunday to join with the fence and completely enclose the pool. No plumbing facilities will be ready, however.

Enclosing the pool was considered as a must before it could be put into use. The council's intention is to keep it locked when not officially open and supervised, as a precaution against tragedy.

Mayor Endres said that the pool should be completely ready by Sunday. Inside paint has had its week of seasoning and water is being run in Wednesday and Thursday nights. Pool equipment such as ladders and diving boards are installed. Water treating and filtering equipment will be ready Friday or Saturday.

E. A. Stein of New Braunfels, (Continued on Page 12)

## Margaret Elkins is Chosen Farm Queen

Miss Margaret Elkins of Downard-Fairplains was chosen queen of the Cooke County Farm Bureau Wednesday night in a final elimination contest at the parish park here in Muenster. Miss Joan Klement, Muenster's entry, ran a close second and is Miss Elkins' alternate in the district contest.

Several hundred persons, Farm Bureau members and their families, attended the event which began with a barbecue supper at 7 p.m.

Ben Davis, Bureau president, emceed the queen's program and crowned the winner, Bobby Zimmerer of Lindsay was crown bearer.

Entertainment featured music by Hubert and Herbert Haney, twins from Valley View who played the mandolin and guitar and sang; Norma Jean and Sonny Walterscheid in vocal and accordion selections; and Beatrice and Cecilia Zimmerer, accordion duo.

Mayor Urban Endres gave the welcome address.

Contestants in addition to Misses Elkins and Klement were Misses Betty Bierschenk of Valley View, Ann English of Rosston and Alta Louise Kuhn of Lindsay.

Judges were Mr. and Mrs. Wm. G. Hawkins of Ringgold, W. O. Childers of Saint Jo and C. J. Howard of Nocona.

## Attend NCCW Meet

Mmes. Tony Gremminger, Paul Fisher, Frank Herr, Joe Horn and Herman Fette represented Muenster's Sacred Heart parish NCCW unit at the quarterly meeting in Denison Monday. Principal speaker for the deanery meeting of the National Council of Catholic Women was Mrs. James Adams of Dallas. Other parishes represented were St. William's of Greenville, St. Mary's of Gainesville, St. Peter's of Lindsay and St. Mary's of Sherman. Father Henry Felderhoff introduced the clergy president. Father John Duesman led the opening and closing prayer and Mrs. T. L. Anderson, deanery chairman, gave her report. The next meeting will be held in Denton in December.

Wednesday morning Sisters Eymard, Jerome and Grace went to Montague for two weeks of catechism instructions for children of that area.

## Pantry Shower for Sisters' Home Set For Sunday Night

The annual pantry shower for the local Benedictine Sisters will be held next Sunday night, August 21, it has been announced by the St. Anne's Society, sponsors of the event. It will be held in the parish hall.

The party, like other yearly showers for the Sisters, will provide gifts of canned goods, staples, and other food items for their pantry and locker. This year's affair differs in only one respect: men of the parish are invited to join their wives in attending the party. Ladies who attend are asked to bring cake or cookies for refreshments. Cold drinks will be provided by the sponsoring group.

The event will get under way immediately after the evening mass and benediction.

Not all the Sisters who will teach here during the coming term will be in Muenster by next Sunday but those who are here will be present to get acquainted with the parents of their students.

## 4-Lane Highway And Bright Lights To Lead Into City

The first step in converting Muenster's highway approach from the east into a four lane road was taken Tuesday night as the City Council decided to proceed immediately with installing curb along the street from the city limit to the Main Street intersection.

The action was taken in accordance with a standing offer by the Highway Department to provide curb to curb pavement... after the city has installed the curb.

That pavement is due to be 64 feet wide, allowing space for four traffic lanes and a parallel parking lane beside each curb.

Another improvement planned for the street is a string of mercury vapor lights replacing the old dim street lights now in use.

Curbs for the job are of somewhat heavier construction than those used in residential areas, to conform with highway requirements. The city will supervise all construction but the charges will be paid by the property owners.

## Eighteen Sisters To Staff Parochial School Next Year

Seven of the eighteen Benedictine Sisters who will be stationed here during the coming school year arrived Tuesday and Wednesday and the others are expected to arrive in small groups until Friday of next week.

With the early arrivals members of the Sacred Heart Parish received their first report on who will staff the school for the coming year, however information on assignment of teachers to the specific grades still is not complete.

Sister Leonarda, who has previously spent many years here, returns as superior and music teacher. Sister Patricia, also a former teacher here, will be high school principal. Other high school teachers are Sisters Aloysia, Eymard and Jerome.

Sister Roberta, a newcomer, will be the elementary principal. Teaching with her in the grades will be Sisters Ursula, Gebharda, Grace, Rose, Canisia, Gregory, Richard, Dennis, Alberta, Romana and Theophane. The elementary department has one teacher more than last year.

Sister Frowina, daughter of Mrs. Joe Hacker, returns to her home town as house keeper for the Sisters. Two other natives in the group are Sister Aloysia, daughter of Mrs. Mike Kleiss, and Sister Romana, daughter of Mr. and Mrs. John Rohmer.

Only six of last year's faculty are back with the school. They are Sisters Aloysia, Gebharda, Grace, Gregory, Dennis and Alberta. Four have not served here before. They are Sisters Roberta, Richard, Romana and Frowina. The other eight have been on the local faculty at some time in past years.

## Mrs. Henry Wolf, 80, Resident Since '96 Claimed by Death

Mrs. Henry M. Wolf, 80, a resident of Muenster for more than half a century, passed away Sunday night at 11 o'clock at her home six miles west of the city. She had been in ill health for several years and was seriously sick for about two weeks.

Funeral services were held Wednesday morning at 8:30 in Sacred Heart church with Rev. Patrick Hannon officiating at the requiem high mass and Rev. Louis Deuster delivering the funeral sermon. Burial was in Sacred Heart cemetery under the direction of Miller Funeral Home.

Bearers were six grandsons: Mitchell and Roger Wolf, Cecil Wolf, James and Truman Wolf and Billy Don Wolf.

Rosary services were held at the Miller Funeral Home Monday and Tuesday nights at 8:30. Another rosary service was at 4 o'clock Tuesday by members of Saint Anne's Society of which she was a long time member.

Mrs. Wolf was born in Germany on August 12, 1875. As Mary Peitzmeier she came to America with her parents when she was five years old, settling with them in Nebraska. She lived there until Jan. 1896 when she came to Muenster. In January the following year, on the 26th, she married Mr. Wolf here and they lived here continuously except the years 1901-1904 when severe drought induced them to move to Colgate, Okla., then Indian Territory, where they could get free range for their livestock. Mr. Wolf was a cattle raiser and farmer. The couple returned to Muenster to their farm in 1905. He died in February 1951.

All members of the family were together for Mr. and Mrs. (Continued on Page 12)

## Highway Engineer Helps With Plans For Muenster Park

Muenster will have the benefit of expert advice in developing its city park and also in developing the Sacred Heart parish park northwest of town.

Ben J. Lednicki, park engineer for the Texas Highway Department, inspected the areas and made recommendations last week in response to an invitation by J. M. Weinzapfel.

He described the city park as a million dollar area with a wonderful potential for improvement into a fine recreation spot. He also said that since the park is beside the highway his department can give technical help in its development if the city will welcome tourists to use it as a related facility in the state's roadside park system. He added, however, that the department cannot give financial help because no part of the park is on its right of way.

The first detail in his plan is to provide an approach to the park from the west. It would connect with the highway just west of the Brushy Elm Creek bridge and would require another creek crossing just south of the highway bridge. A concrete dip with limited drainage beneath is regarded as adequate for that purpose because of the detention dams planned up-

(Continued on Page 12)

## Band Practice Will Begin Next Monday

Calling all band members and prospective members. Practice for the coming school year starts next Monday night, Superintendent Homsley announced Wednesday.

Director Jimmy Harris has sent word that he will come to Muenster promptly after his graduation this week at Central Oklahoma Teachers College of Edmond, Okla., arriving during the weekend. At the same time he suggested that band players report for an early start so that they can be ready for the early football games.

Practice sessions will be at night while the football team goes through its pre-school workouts.

Frankie Owen, Bride Of James Hermes in Wednesday Service

—Boyd and Breeding Photo

Miss Frankie Marie Owen, daughter of Mr. and Mrs. Ray Owen of Muenster, became the bride of James T. Hermes, son of Mr. and Mrs. Joe Hermes of Lindsay, in a ceremony performed Wednesday afternoon at four o'clock in Sacred Heart church.

Rev. Louis Deuster, pastor, read the service and officiated at the nuptial high mass. The church choir, with Anthony Luke at the organ, sang the mass "Missa Tertia." Miss Norma Jean Walterscheid sang "On This Day" as a pre-nuptial solo, and joined Miss Caroline Hesse after mass in "Mother at Your Feet."

The double-ring rites were exchanged before an altar adorned with seasonal flowers, greenery and candles.

Mr. Owen gave his daughter in marriage. She wore a floor length wedding gown of lace and nylon tulle over satin. It was designed with a portrait neckline, outlined with lace flower applique. The fitted bodice had tiny sleeves and she wore long lace mitts. The skirt of tulle over bouffant tiers of net was accepted with a wide lace flower applique motif. Her circular veil of nylon tulle was joined to a headpiece of lace and net sprinkled with seed pearls. She carried stephanotis centered with an orchid.

Attending Bride

The bride's attendants were her sisters, Miss Georgia Ann Owen, maid of honor, and Miss Lois Owen, bridesmaid. They wore dresses of aqua blue nylon organza over taffeta with basque bodices and wide ballerina length skirts, matching mitts and half hats and carried colonial bouquets of yellow rose buds.

Another sister, Little Miss Cheryl Kay Owep, was flower girl. Her costume duplicated the ones worn by maid of honor and bridesmaid except that it was floor length. Her flowers were

yellow gladioli. After the mass the bride placed these flowers at the feet of the statue of the Madonna in the Blessed Virgin's shrine while she and her husband recited an act of consecration to Mary.

Walter Hermes, a cousin, was best man and the groom's brother Alfred Hermes was groomsman. Another brother, Donald Hermes of Austin, and the bride's cousin, Gene Owen of Jacksboro, were ushers.

Reception

A reception and buffet supper for relatives and friends of the couple and their families was held in the parish hall after the church services. Misses Carolyn Cunningham and Caroline Hesse registered about 250 guests. Kathman catering service was in charge of the meal.

When the newlyweds left on a trip the bride was wearing an ivory suit with brown accessories and the orchid she carried at the ceremony.

To Live in Muenster

When they return from their honeymoon Mr. and Mrs. Hermes will live in Muenster, occupying Andy Yosten's house in the east part of town.

Mrs. Hermes is a graduate of Sacred Heart High school with the class of 1954 and is employed at Fisher's Market and Grocery. Her husband was graduated from Lindsay High in 1950 and served in the U. S. Army with duty in Hawaii. He is employed by National Supply company at Gainesville.

Pre-Nuptial Party

As a pre-nuptial courtesy a trio of hostesses entertained with a miscellaneous gift party in the parish hall for the bride-elect. The honoree was presented a yellow daisy corsage and after a series of games opened and displayed her shower gifts. Hostesses Mmes. Julius Hermes, Herbert Cunningham and Emil Rohmer served refreshments to 23 guests.

Father, Son Share Birthday Honors

Dick Cain and his son Chris Michael shared honors at a dinner party on August 12 when they both celebrated their birthdays. Mrs. Cain entertained in their home for the occasion. Family members were guests.

Two decorated cakes graced the table with Chris Michael's carrying out a western theme and indicating he was six years old. A "candle blowing ceremony" was a feature of the party. Homemade ice cream accompanied the cake for dessert.

After dinner, home movies, principally those showing family activity, entertained the group.

Mr. and Mrs. Alfred Hoedebeck and children of Irving were here Sunday to visit members of his family.

MRS. DAVID FORGEY is the former Miss Olive Haverkamp. Her wedding took place in Dallas August 6 at Saint Edward's church. Mr. and Mrs. Forgey, honeymooning in California, will make their home in Dallas. She is the daughter of Mr. and Mrs. Al Haverkamp.

Felderhoff Sisters Honored at Reunion

The three Felderhoff sisters, Sisters Amora, Lutgardis and Mildred and their niece Sister Georgia, visiting here Wednesday, were honored at a family reunion Wednesday night at the home of Mr. and Mrs. Tony Felderhoff. All their brothers, sisters, cousins and their families attended the event.

While the get-together honored all four nuns it was a special courtesy for Sister Mildred who on August 15 observed her silver jubilee as a nun at Holy Angels Convent.

Messrs. and Mmes. Hubert and Tony Felderhoff who were there for the ceremonies brought the Sisters home with them. Coming they stopped in Denison for a short visit with their brother and uncle, Rev. Henry Felderhoff, and after they arrived in Muenster they were guests for supper in the home of Mr. and Mrs. Arnold Rohmer.

Wednesday during the day Sister Georgia visited her mother, Mrs. Joe Felderhoff, her brother Arthur Felderhoff and her sisters, Mrs. Norbert Walterscheid and Mrs. Arnold Rohmer. They all joined in the reunion party at night.

Sisters Amora, Lutgardis and Mildred visited their sisters Mrs. Ben Sicking and their brothers during the day.

Thursday family members took them back to Jonesboro by car.

Cooke County Fair To Open August 29

GAINESVILLE. — The annual Cooke County Fair in Gainesville, opens Monday, August 29 with special features scheduled each day.

A big Fun show featuring the eminent comedy magician, Zaney Blaney, and the remarkable night club comedian, Uncle Willie, will be given Monday, Tuesday and Wednesday nights at 8 o'clock in the ball park. On

Blessed Events

Mr. and Mrs. Alois Hess announce arrival of an eight pound boy at the Muenster Clinic Friday, Aug. 12, at 6:30 a.m. The baby has four sisters and two brothers and is the grandson of Messrs. and Mmes. J. W. Hess of Muenster and Joseph Hundt of Lindsay. He was born on his Grandpa Hundt's 83rd birthday. At baptism services Sunday he was named Myron Joseph. Father Herbert Patrick officiated assisted by Herbert Hundt of Lindsay and Miss Rosina Hess as godparents.

Mr. and Mrs. Joe Tempel announce the birth of a seven pound 11 ounce daughter, their fourth girl, at Gainesville Sanitarium Tuesday, Aug. 9, at 7:43 p.m. The baby's grandparents are Mrs. Luke Tempel, Muenster, and Mr. and Mrs. John Tucker of Houston. Mr. and Mrs. Sam Epps, Myra, are the great-grandparents. In christening services Friday the new arrival was named Anita Diane. Father Christopher officiated, assisted by Mr. and Mrs. John Huchton as sponsors.

Mr. and Mrs. Bill Hunt are parents of a daughter, their third girl, born at Gainesville Sanitarium Wednesday, Aug. 10, at 8:51 a.m. Also welcoming the baby are her sisters, Jamette and Andra, and the grandparents, Mr. and Mrs. Charles Wilson of Gainesville and Mrs. Jimmie Hunt of Fort Worth.

Mr. and Mrs. Leo J. Mosman of Myra announce the arrival of their son, weight eight pounds 12 ounces, at Gainesville Sanitarium, 7:05 a.m. Wednesday, Aug. 10. They have three other boys and one girl. Mr. and Mrs. Pete Mosman of Gainesville and Mrs. Will Sicking of Myra, are the grandparents.

Mr. and Mrs. Anton Fleitman welcomed a son at the Saint Jo Clinic on August 8. The little boy has a brother and three sisters and is the grandson of Mrs. Joe Fleitman, Muenster, and Mrs. John Schilling of Houston. He weighed seven pounds two ounces and has been named Patrick William.

Thursday, Friday and Saturday nights, Bobby Estes' rodeo, featuring Ken Maynard, will be the principal attraction.

Gerry, the elephant, will go through her act each evening at 7:30 o'clock in the children's playground area and Sam J. Beattie will screen free movies from a screen on the stage in the same area Thursday, Friday and Saturday nights at 8:30 o'clock.

The Bill H. Hames Shows will be on the carnival midway each day as they have since the fair started back in 1927 and there will be a free act on the midway nightly at 11 o'clock.

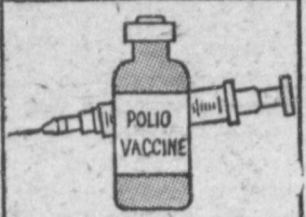

There will be many exhibits in the various buildings, including home demonstration club, 4-H clubs, farm women's agriculture, livestock, and poultry. In the main building will be many commercial exhibits and a State Highway department display.

## Marcelene Wimmer, Rody Klement Plan September Wedding

Mr. and Mrs. Joe Wimmer have announced the engagement and approaching marriage of their daughter, Marcelene, to R. J. (Rody) Klement, and the couple has planned a late September wedding. The prospective groom is the son of Mr. and Mrs. John B. Klement.

Scheduled for September 24, the wedding will take place in Sacred Heart church during an afternoon mass at 4 o'clock.

Miss Frankie Jo Wimmer will be her sister's maid of honor and Miss Carol Ann Voth will be bridesmaid. The groom will be attended by his nephews, Jerry Klement and Wilfred Klement. Carmen Lee Wimmer and Wayne Klement will be flower girl and ring bearer.

The bride-to-be attended Sacred Heart school and was graduated from Muenster public school. She has been employed by Dr. J. W. Truitt in Gainesville for the past two years. Mr. Klement was graduated from Sacred Heart high school and served two years in the army during world war II with duty in Germany. He is co-owner of Community Lumber company here.

## Nogglor-Fritz Rite Set for August 22

The approaching marriage of Miss Evelyn Nogglor to Martin S. Fritz of Bellevue, Ohio, has been announced by the bride-elect's mother, Mrs. A. J. Nogglor. Mr. Fritz is the son of Mr. and Mrs. Leo Fritz of Bellevue.

Nuptial high mass and double ring ceremony will take place next Monday, Aug. 22, in Sacred Heart church here with Rev. Hubert Neu of Dallas, cousin of the bride, officiating.

Attending the couple will be Miss Margie Fritz and Miss Genevieve Nogglor, sisters of the bride, and her brother Ted Nogglor and a cousin Daniel Haverkamp.

The bride-to-be and her fiance met while he was in the service stationed at Sheppard Air Force Base, Wichita Falls.

## Former MHS Teacher Marries in Austin

Former students and other friends of Miss Mary Firebacher will be interested in learning of her marriage Wednesday, August 10. She became the bride of P. G. Wolf of Austin, a brother of the late H. M. Wolf of Muenster.

The marriage was solemnized during mass in St. Mary's Church at Austin at 8 o'clock in the morning and the couple will make their home in that city.

The bride, who taught in the Muenster public school during the middle 1920's has been teaching in Austin during recent years.

Mr. and Mrs. Frank Walterscheid and daughters Betty Lou, Doris and Jeanette of Hereford arrived Saturday for a visit with relatives and were among guests at the Walterscheid-Mollenkopf wedding Tuesday. They returned home Wednesday.

## Miss Walterscheid, James Mollenkopf Say Vows Tuesday

-Boyd and Breeding Photo

Miss Bernice Walterscheid and James Mollenkopf exchanged marriage vows Tuesday morning before an altar adorned with chrysanthemums and greenery, colored vigil lights and candles. Rev. Louis Deuster, pastor, officiated at the nuptial high mass and double ring ceremony in Sacred Heart church.

Nuptial music was presented by Anthony Luke, organist, and members of the church choir who presented a Gregorian chant mass in honor of the Blessed Virgin, and Miss Norma Jean Walterscheid, soloist. She sang "The Our Father," "Ave Maria," and "Mother at Your Feet."

Parents of the couple are Mrs. C. M. Walterscheid and the late Mr. Walterscheid, and Mr. and Mrs. George Mollenkopf.

Escorted to the altar by her brother Earl Walterscheid, the bride wore a gown of white Chantilly lace and tulle over satin. The moulded bodice of lace had a front of pleated tulle and a small lace collar. The short sleeves were complimented by lace mitts. The triple tulle bouffant skirt, waltz length, was worn over hoops and crinolines. Her fingertip length veil was caught to a pillbox of lace and tulle sprinkled with seed pearls and rhinestones, and she carried an arm bouquet of American Beauty roses.

Her jewelry was an antique gold cross and chain worn by her mother and her maternal grandmother, Mrs. Mike Kleiss, at their weddings. She carried a crystal rosary borrowed from her sister Mrs. Leo Lawson and wore a new penny in her shoe.

### Attendants

Attending the bride were Mrs. Leo Lawson, matron of honor, Mrs. George Mollenkopf Jr., bridesmatron, Miss Joaline Mollenkopf, bridesmaid, and Miss Margaret Ann Lawson, junior bridesmaid.

They wore frocks of embroidered organdy over taffeta in rainbow colors of blue, yellow, orchid and green respectively. The dresses were designed with long fitted torsos and full gathered skirts. They wore white daisy half-hats and white gloves and carried colonial bouquets of white carnations. Their white

necklaces and earrings were gifts from the bride.

Leo Lawson was best man, George Mollenkopf and Herbert Walterscheid were groomsmen and Rick Henry of Gainesville was the junior attendant. Donald, Tommie and Ervin Walterscheid ushered.

### Wedding Day Festivities

Wedding day festivities began with a breakfast for the bridal party immediately after the church services. Mrs. L. V. Henry, aunt of the groom, was hostess in the parish hall.

At noon there was a luncheon in the Walterscheid home with the bride's mother as hostess for members of the bridal party and immediate members of both families.

A reception for relatives and friends began at 4 o'clock in the parish hall and a buffet supper was served to about 275 guests. Kathman catering service was in charge of the meal. Miss LaQuita Cain, Dallas, and Miss Mary Nell Hellman, Wichita Falls, served the wedding cake. Mmes. Earl, Ervin and Donald Walterscheid registered the guests.

At night a dance in the VFW Hall concluded the celebrations. Mr. and Mrs. Mollenkopf left on a wedding trip not revealing their destination. For traveling she wore a blue linen suit with navy blue accessories and a white carnation corsage.

When they return they will make their home here on North Main Street. He is employed in oil field work. Both were reared in Muenster and attended Sacred Heart school.

## Gift Shower Given For Engaged Couple

Miss Celine Felderhoff and her fiance Urban Schrage, visiting here Friday and Saturday with the former's mother, Mrs. John Felderhoff, were complimented with an informal party and miscellaneous gift shower Friday night when relatives and friends gathered at the Felderhoff home.

The twenty guests enjoyed games, viewed the array of presents, and had refreshments of cake, ice cream and punch.

Miss Anselma Felderhoff of Dallas who had been vacationing for two weeks at home returned to Dallas with Celine and Urban Saturday. Also here for the weekend and going back with them was Mrs. Morton Wright of Irving.

Miss Felderhoff and Mr. Schrage will be married in Dallas on August 20 during a nuptial mass at 9:30 a.m. in St. Edward's Church. Rev. Henry Felderhoff of Denison, uncle of the bride, will officiate.

Miss Anselma Felderhoff will attend her sister as maid of honor and Joe Leverette of Dallas will be best man.

After their marriage and wedding trip the couple will make their home in California.

## The American Way

Certain facts about these United States of ours should be repeated over and over. Some of us still do not know them; others of us knew them but have forgotten them; others of us know them but fail to appreciate their full significance, and finally there are the "parlor pinks" and the unintelligent so-called "intellectuals" who just simply ignore them.

So, not in any spirit of boasting or in an attitude of lording it over the less fortunate peoples of the world, but just by way of counting our blessings from time to time and being thankful for them, certain statistics should be constantly reiterated. As for in-

stance:  
 We Americans have only 1/15th of the earth's population, yet we have:  
 Over 1/3 of the world's railroads.  
 Almost 1/2 of the world's radios.  
 Almost 3/4 of the world's automobiles.  
 1/2 of the world's telephones.  
 And we Americans use:  
 Over 1/5th of all the world's sugar.  
 Over 1/2 of all the world's silk.  
 1/2 of all the world's rubber.  
 Almost 3/5ths of all the world's petroleum.  
 And another "for instance":  
 The total buying power of the workers of the United States is greater than that of all the workers of Europe combined and much larger than that of more than one billion Asiatics.

## You Can't Look YOUR BEST—

Unless Your Clothes Look Their Best.

Dyers and Hatters

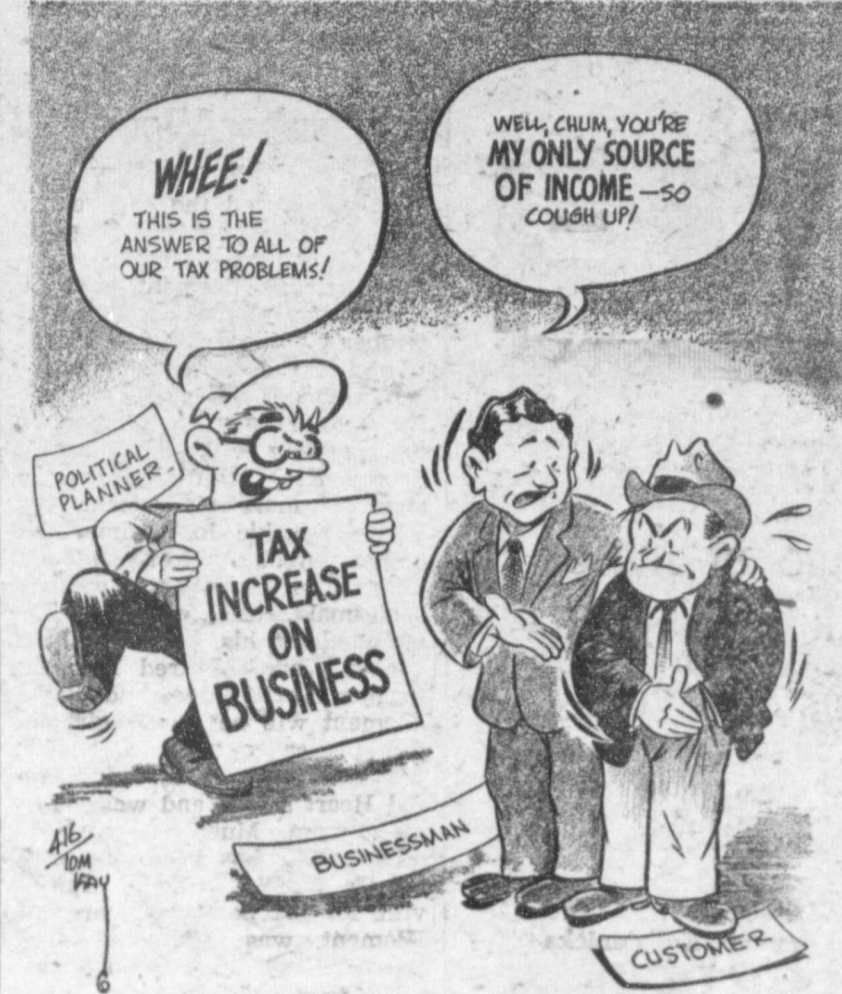

## LONE STAR CLEANERS

J. P. GOSLIN, Prop.  
 Phone HO 5-2151, Gainesville

These are but a few of the "for instances" that can be cited to illustrate just what a lucky nation America really is. Only one more before proceeding with this editorial: We Americans possess two-thirds of the banking facilities of the entire world — yes, unblivable as it may seem, two-thirds.

Why do we enjoy these material things in such abundance, to such a greater degree?  
 The answer is that free men working and living under "The American Way" — or as some prefer to call it, "The American Capitalistic System of Free, Competitive Enterprise" — achieved these things for the United States of America.

No surrender of "The American Way," in whole or in part, is necessary in this cold war emergency, or in any blazing war

It's the Customer Who Pays . . . and Pays . . . and Pays

which we hope and pray will never materialize, if we proceed with determination not to sacrifice it. There is always a disposition on the part of some to abandon everything we Americans cherish in any crisis, real or imaginary. The hysteria of these unsound thinkers must not be permitted to draw us into the whirlwind of their emotional convulsions — to stampee us into abandoning the things that have made this nation prosperous, great and strong.

To continue to provide adequate defense for this country, both labor and capital must do their parts — there must be complete co-operation between these two partners of production — leaders in both groups must insist that neither take advantage of any urgent situation to promote their own selfish ends to the detriment of the others, thus endangering the nation's safety.

"The American Way" is essential to the defense of this country. Let's take no chance on losing it. Let every working man, union or non-union, remember that dictators, (communist or socialist) ruthlessly exploit labor; and let every business man not forget that dictators, (communist or socialist) confiscate and abolish private property, sooner or later.

Our best defense whether the war be cold or hot, is to keep our ammunition dry by maintaining "The American Way." It has been our bulwark in the past, it is our safeguard now and for the future.

## TWO-AND-A-HALF-YEARS IN HELL

In our joy at having those eleven courageous flyers home again as free men, and in remarkably good physical condition, we should not forget that they left hundreds of fellow Americans behind them—in what condition we do not know. Nor should we forget that these brave men were falsely charged with espionage, convicted as criminals by a kangaroo court to provide the Reds with political pawns—and released on the eve of the Geneva conference for the same use.

Red China has wiped no crimes off her bloody book with this gesture.

A python is not poisonous.

## Liberty Is A Christian Heritage

By Carleton J. H. Hayes, Former Professor of History, Columbia University

IN OUR CENTURY, tyrants of peculiarly menacing character have arisen within, as well as outside, the Western world. They are new Genghiz Khans; and on an everbroadening front they have mercilessly assailed the whole ideal of human freedom.

But the startling setback to liberty in our generation is due only in part to the strength and determination of its acknowledged foes. It is due also to a weakening of devotion and effort on the part of its traditional friends.

I WOULD REMIND YOU that our American coins still emblazon the word "Liberty" and along with it the legend "In God We Trust," and as yet the Supreme Court has not ruled that a violation of our constitutional principle of the separation of church and state. There has been a long and close connection between the liberty we have striven for in our Western Civilization and the Christian Faith by which our ancestors were inspired.

Personally, I must confess a conviction, derived not only from faith but from historical study, that wherever Christian ideals have been generally accepted, and their practice sincerely attempted, there is dynamic liber-

ty; and that wherever Christianity has been ignored or rejected, persecuted or chained to the state, there is tyranny. Our liberty and its Christian basis are indeed inseparable.

THIS WAS significantly recognized by Hitler and has been systematically acted upon by the Communist regime in the Kremlin and its satraps abroad. They are surer of enslaving a nation if they gag or imprison clergymen, close churches and de-Christianize the youth.

Liberty, in its Christian context, has always been a stimulant to independent thinking and an antidote to collective apathy. We need a rebirth of freedom now. I have such deep-seated faith in the Christian doctrine of the nature and dignity of man that I believe he will rise again in revolt and free himself from the despotisms of the present age.

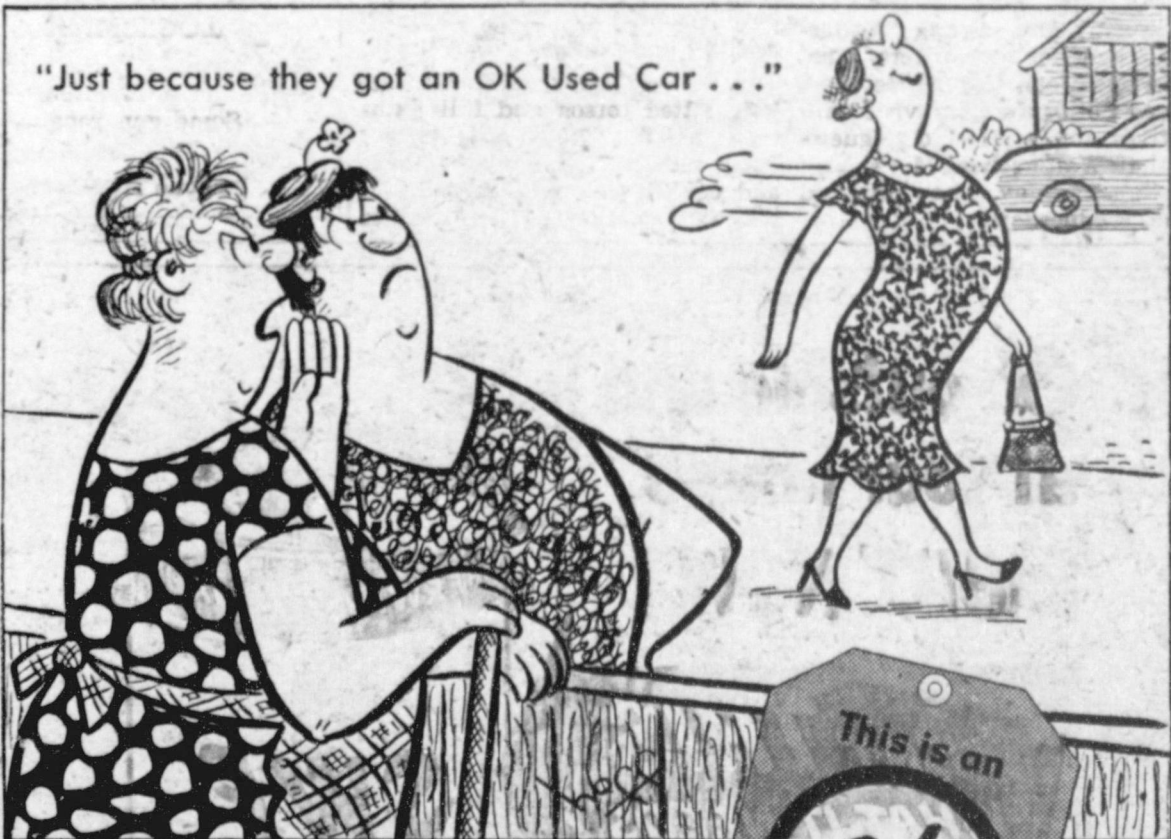

IN THE PRESENT CRITICAL AGE, we need faith, not merely in ourselves or in progress. We need a renewed faith in God and in human brotherhood under God. We need Christian hope, to temper and supplant our present fears and our tendency to despair about what the present world is coming to. Above all we need the charity of Christ, still most pertinent to our civilization in what the Apostle of the Gentiles wrote nineteen centuries ago: "Faith, hope, and charity persist, all three; but the greatest of them all is charity."

THE STATE OF TEXAS  
County of Cooke

In the Name and by the Authority of The State of Texas.

To: Mary Fuller, whose residence is unknown, the heirs and legal representatives of Mary Fuller, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 16th Judicial District, Cooke County, Texas, wherein The State of Texas, Cooke County, Texas and City of Gainesville, Texas are plaintiff; Gainesville Independent School District is impleaded party defendant; and Mary Fuller, et al are defendant, by the filing by said plaintiff of a petition on the 28th day of July, 1955, and the file number of said suit being No. 885 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot 16 in Block 4 of the Rice Park Addition to City of Gainesville, Texas together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

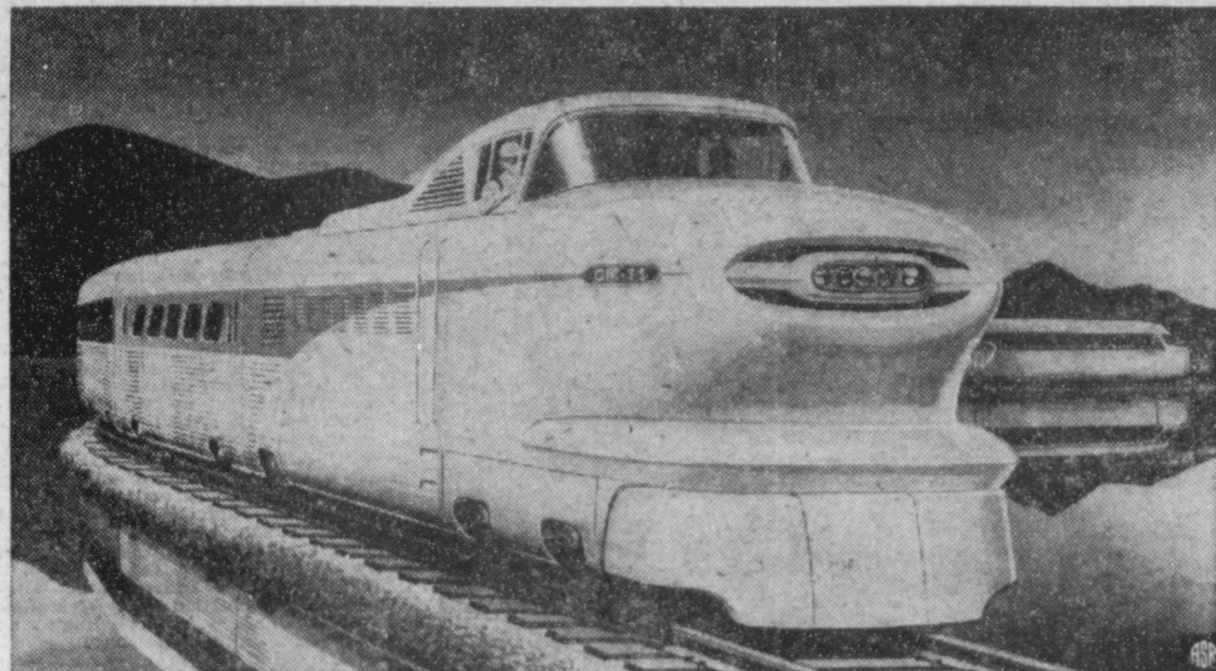

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

State of Texas and Cooke County and City of Gainesville, Texas \$123.84

TOTAL \$123.84

Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, in-

GENERAL MOTORS LIGHTWEIGHT TRAIN, shown here in artist's conception, will be unveiled at the GM Powerama — a "world's fair of power" — in Chicago August 31 — September 25. GM's Electro-Motive Division at La Grange, Ill., is building the revolutionary train at the request of a committee of railroad presidents. After its introduction at the spectacular Powerama, the train will be tested on major railroad lines.

cluding all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 12th day of September, A.D. 1955 (which is the return day of such citation), before the honorable District Court of Cooke County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Gainesville, Cooke County, Texas, this 28th day of July, A.D. 1955.

(SEAL) Woodrow U. Clegg  
Clerk of the District Court, Cooke County, Texas, 16th Judicial District.

**9 Foreign Lands Will Have Exhibits at '55 State Fair**

Nine foreign countries will exhibit at the 1955 State Fair of Texas, Oct. 7-23, imparting a world's fair spirit to America's largest annual exposition.

The nations which have reserved space in the fair's new International Center are Japan, Belgium, India, Egypt, Sweden, France, Great Britain, Finland and the Federal Republic of Germany (West Germany), Fair General Manager James H. Stewart has announced.

Many of the foreign governments are making elaborate plans for their exhibits. Products for which their countries are best known will form the nucleus of most of the exhibits.

For example, Sweden plans to display business machines, sewing machines, high-powered rifles, hand tools, clocks and gift items made of glass, copper, brass and ceramics.

Belgium will show a wide variety of goods ranging from delicate table crystal and kitchenware to electric motors and barbed wire. Japan will feature its new precision-made cameras and India will concentrate on textiles.

One entire end of the General Exhibits Building, second largest on the fairgrounds, is being completely redecorated to house the International Center.

**CARD OF THANKS**

My family joins me in sincere thanks for the many kindnesses extended us while I was hospitalized. We are especially grateful to the Reverend Fathers for their consideration and want to say thank you to all who remembered me with spiritual bouquets, flowers, get-well cards, visits and other thoughtful deeds.

John B. Klement

**Gift Party Honors Dolores Haverkamp**

Miss Dolores Haverkamp, bride-elect of Leroy Wiesmann of Gainesville, was honoree at a party and miscellaneous gift shower Sunday afternoon in the parish hall with Mrs. Walter Haverkamp and Miss Jeanette Haverkamp sharing hostess duties.

Games relating to the bridal theme were played and Miss Haverkamp opened and displayed an array of lovely gifts from those present and from some who could not attend.

The hostesses served ice cream, cake and punch to 15 guests.

Miss Haverkamp and Mrs. Wiesmann will be married here in Sacred Heart church on Wednesday, Aug. 24, during a nuptial high mass at 8:30 a.m. Parents of the couple are Messrs. and Mrs. Al Haverkamp, Muenster, and Carl Wiesmann, Gainesville.

**Telephone Greetings**

Mrs. Jacob Pagel was pleasantly surprised on her birthday when last Wednesday night her daughter and family telephoned greetings from Dotham, Ala. Warrant Officer and Mrs. Janicki and each of the three little girls, Cheryl, Donna and Janelle, talked with Mrs. Pagel. The family moved recently from Ozark to Dotham. It's 30 miles from Camp Rucker where he is stationed but living quarter are much better they said.

Oscar Gray stopped by the Enterprise office Wednesday morning to say hello. He and his wife were on their way to Sulphur, Okla., for a vacation visit. They live in Bowie. Mr. Gray is the father of Mrs. Gene Carter. Gene is a former Enterprise employee, and Mr. Gray visited her frequently when the Carters lived in Muenster.

**Classmates Party Honors Mrs. Bright**

Mrs. David Bright, visiting family members here before she and her Air Force husband and their two children go to his new station in Alaska, was honored with a party last Wednesday afternoon when Mrs. Arnold Rohmer entertained in her home.

The affair was a classmates party for girl graduates of Sacred Heart High school with the class of 1944. Seven of the nine graduates were present, along with their children.

The group enjoyed reminiscing, talking about their children, looked at old school annuals and photographs, and took pictures. They had refreshments on the lawn.

Present were Mrs. Lambert Bezner and Jacob of Gainesville, Mrs. Rufus Bezner and Carol and Mrs. Andy Arendt and Butch, David, Kathy and Janie of Lindsay, Mrs. Maurice Pagel and Dwayne and Glenda, Miss Marian Starke, the honoree and her two children David and Lola, and the hostess and her three youngsters Donnie, Linda and Donna Marie.

Dolly Endres, now Mrs. Joe Gorman of Illinois, is the other living member of the class. Miss Alma Marie Luke lost her life in a car accident soon after graduation.

**4 Nuns From Here Take Vows at OLV**

Ceremonies at OLV Convent in Fort Worth Monday attracted about 40 persons from Muenster who went to see their daughters, nieces and sisters take their vows.

Father Louis Deuster celebrated the mass and officiated at the investiture ceremonies. Four of the participating nuns are from Sacred Heart parish.

Four postulants received veils as novices in the order. The quartet included Edna Hesse of Muenster. She will be known as Sister Christina in religious life. Her sister, Sister Roberta, was among a group of four novices who pronounced their first vows and received the black veil as professed nuns.

Two other former Muenster girls, Sister Cecile, daughter of Mr. and Mrs. R. R. Endres, and Sister Francesca, daughter of Mr. and Mrs. August Walterscheid, were among five nuns who made perpetual vows.

**Moved To Fort Hood**

Pvt. Richard Hellinger writes homefolks that he is settled at Fort Hood now after training at Camp Chaffee, Ark. His new address is: Pvt. Richard A. Hellinger, RA 18482658; Btry. C, 49th AFA Bn.; 4th Armored Div.; Fort Hood, Texas.

**I. J. Derichsweiler Shirley Bowen to Marry September 3**

Mr. and Mrs. D. L. Bowen of Saint Jo have announced the engagement and approaching marriage of their daughter, Shirley, to Iven J. Derichsweiler, son of Mr. and Mrs. Bill Derichsweiler of Muenster.

The couple has set Saturday, September 3, as the wedding date. They will exchange their vows here in Sacred Heart church during nuptial services at 7 a.m. Father Louis Deuster will officiate.

Miss Delphine Derichsweiler, sister of the groom, and Harold Bindel, his cousin, will attend the couple.

The bride-to-be was graduated from Saint Jo High school with the class of 1955.

**Baptists Organize Five Youth Groups**

Members of the First Baptist congregation met Thursday afternoon at the church and organized five youth groups. Both boys and girls are included in the organizations that begin with pre-school youngsters.

The following are the groups and their sponsors: The Sunbeams, tiny tots, led by Mrs. Sam Nason.

School Age Sunbeams, sponsored by Mrs. Aubrey Tuggle.

Junior Girls Auxiliary with Mrs. Sid Cason and Jack Tuggle as co-sponsors.

Intermediate G. A. with Mrs. Charlie Clayton and A. T. Dickerson as co-sponsors.

Intermediate Royal Ambassadors (boys) with Rev. Pettijohn and Charlie Clayton as sponsors.

After the meeting the Intermediate GA and RA groups enjoyed a swimming party, picnic supper and softball game at Leonard Park in Gainesville.

Rev. and Mrs. Pettijohn and Mr. and Mrs. Charlie Clayton accompanied the 19 young people.

### Soil Conservation Notes

Gary Hess has joined the exclusive ranks of cooperators of the Upper Elm-Red Soil Conservation district who have completed all the plant, soil and water conservation practices recommended for their farms. Recently he built over a mile of channel type terraces, a part of the coordinated soil conservation plan worked out on his farm with the assistance of a SCS technician.

Other conservation practices already carried out on the Hess farm of 165 acres one mile south of Muenster include two grassed waterways sodded to Bermuda for terrace outlets, four miles of terraces, cover crops such as sweet clover and alfalfa in a regular crop rotation on all the cultivated land, pasture seeding of 56 acres of land that was unsuited for cultivation, and construction of a farm pond.

Gary knows that it pays to farm the conservation way and keep soil and water on the farm. His only remaining job is to maintain and continue practices he has put into effect.

There are only 27 other landowners in the Muenster work unit area who have carried their soil conservation plans to completion.

Cooperation between owner and tenant to get conservation practices installed on the land has resulted in 2000 feet of wide, easy to cross channel type terraces and a farm pond on the Bob Cooke farm north of Muenster. Eddie Fleitman and Bruno Fleitman are operating the farm and are carrying out conservation practices in agreement with the owner.

and John Hoberer are working together to get more than a mile of channel type terraces and a pond for livestock water constructed. Terraces empty into a Bermuda waterway that was sodded for that purpose.

This spirit of cooperation and understanding between landowner and tenant is necessary on many farms to save and improve the soil so that the land will continue to produce the food and fiber so increasingly necessary for a growing population.

A pond for livestock water has recently been completed on the W. R. Linn farm four miles south of Muenster. The pond will furnish water so that better grazing management can be carried out to improve pasture grasses.

According to SCS technicians, now is the time to prepare seed beds and get vetch, alfalfa and winter peas for early fall plantings. Fertilizer can be put on and worked into the soil during seed bed preparation. Winter legumes should not be planted until plenty of moisture is available. It is also time to get waterways marked off so that grain will not be planted on land where grasses are to be seeded or sodded.

### Goats are State's Big Money Makers In Farm Business

By John White  
Agriculture Commissioner

Some of the most interesting and vital work in the Texas Department of Agriculture is accomplished out of the capitol building in Austin and over the various parts of the state.

I had such a gratifying experience recently when departmental work took me to Kerrville for a conclave of one of our least recognized but most successful agricultural industries in Texas -- the International Angora Goat Show and Auction.

Let me say right here that if you haven't been to a Texas goat auction, you've missed some real excitement. There's nothing more true-Texan than this industry.

Goats are a big business in our state. The industry actually originated here, and Texas today raises 95 per cent of the nation's commercial supply.

Why goats? Well, as you may or may not know, mohair—the clipping from the goat's back—is a big money product with a good demand on the market. Mohair is now bringing 85 to 95 cents a pound, somewhat below the peak of a few years ago, but still a real money-maker.

Also, the cost of raising these hollow-horned creatures is relatively low. In the Edwards Pla-

WANT TO COOL OFF? Try feasting your eyes on these snowy scenes. They're all taken from Christmas Cards and made into this "cool off" hat and fan outfit designed to keep your thoughts on the crisp, cold Christmas we'll be having. Br-r-r-r! (But it looks like even snow and ice can't cool off that pretty smile!)

teau and Rio Grande Plain of Southwest Texas where most Texas goats are concentrated, the brush affords ample browsing range. And goats are not averse to crowded conditions. Several can do well on the space required for a single cow.

But back to the Angoras — "queens" of the goat fleet. Two prize Angoras at the Kerrville show brought \$1,000 each — a lot of money for a small animal.

Those goat raisers showed me a phase of the livestock industry which I had thought was gone forever — real old-time stock trading. I stood around and watched with amazement as they swapped their animals just like youngsters trade marbles.

There were some three or four thousand people at the show, and all of them swelling with enthusiasm over their business. And well they might be! Because goat raisers, socially placed at the bottom of the livestock scale, are economically at the top alongside the sheep industry. The glamorous (and of course vital) cattle industry isn't paying off as well these days. A lot of cattle raisers are running sheep and goats to make up money losses in cattle.

And besides that, the queen of the industry, "Miss Angora" Nancy Hunt of Leakey is proof enough the goat raisers know what they're about.

Personally, I think the livestock industry ought to erect a monument to goats. They're certainly keeping a lot of heads above the water.

Father (to prospective son-in-law) — "So you're the young man with both feet on the ground, eh? What do you do for a living?"

Young Man — "I take orders from a man with both feet on the desk."

### Manning Factories With Farm Labor

We commonly think of farm mechanization in the light of the revolution it has brought about in the life and work of the farmer and the farm family. It has transformed that life, making possible maximum production at minimum cost in time and human effort.

That does not end the story. For farm mechanization has been a major force in the development and expansion of industry as well—and in lifting the living standards of the people in the towns and cities along with those on the farms.

Here's what has happened. A century ago, 85 per cent of our population was needed to produce the country's food and fiber. So a mere 15 per cent was left to produce everything else we needed or wanted. This meant, obviously, that most people didn't have much above the bare necessities.

Today less than 15 per cent of the population can produce all the agricultural products we require, plus substantial amounts for exports. So more than 85 per cent have been able to leave the farm and enter other forms of enterprise. The people help produce automobiles, TV sets, and the legion of other goods and services which make up the American standard of living.

The point is that all Americans, including those who spend their entire lives in the crowded metropolises and rarely see open country, have benefited from farm mechanization.

Some people are afraid that they won't hold out until their money is gone. But most of us are afraid that the money won't hold out until we are gone.

THE STATE OF TEXAS  
County of Cooke

In the Name and by the Authority of The State of Texas, I, L. F. Lindsay, whose residence is unknown, George Rogers, whose residence is unknown, the heirs and legal representatives of L. F. Lindsay and George Rogers, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 16th Judicial District, Cooke County, Texas, wherein The State of Texas, Cooke County, Texas and The City of Gainesville, Texas are plaintiff; Gainesville Independent School District is impleaded party defendant; and L. F. Lindsay, George Rogers and their heirs and representatives are defendant, by the filing by said plaintiff of a petition on the 28th day of July, 1955, and the file number of said suit being No. 587 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Being commonly known as Lot 12, Block 154 Gainesville Addition to City of Gainesville, Texas, more fully described as 111½ feet by 150 feet out of the Thomas Toby Survey, in Cooke County, Texas.

Beginning at the North East corner of a tract of land bought by J. J. Curtis from T. M. Wood; Thence South 111½ feet; Thence West 150 feet; Thence North 111½ feet; Thence East 150 feet to place of beginning together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:  
State of Texas and Cooke County and City of Gainesville \$224.02  
TOTAL \$224.02  
Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing

the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgement, including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 12th day of September, A. D. 1955 (which is the return day of such citation), before the honorable District Court of Cooke County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Gainesville, Cooke County, Texas, this 28th day of July, A. D. 1955.

 Clerk of the District Court, Cooke County, Texas, 16th Judicial District.  
 By Anna Mae Shorter, Deputy (37-38-39)

Things had been extremely quiet around the police station for quite a while and the desk sergeant was worried.

"I don't know what to think!" he exclaimed one morning. "Here's a whole week gone by and no robberies, no drunk or disorderly cases — and not even a traffic arrest. If something doesn't happen pretty soon, they'll be laying us off."

"Don't worry about a thing, Sarge," replied a patrolman. "Something's bound to happen soon. I've still got a lot of faith in human nature!"

**Tips on Eye Care By Health Officer**

AUSTIN — If Johnny should come home crying, "Mom, I got something in my eye!" — what would you do?

The sensible thing would be to follow this 3-step procedure recommended by the State Department of Health for just such emergencies:

Lift the upper lid and pull it down over the lower lid. This will allow the tears to wash out the offending speck. Tears are nature's own eye wash.

If this doesn't work, wash the eye with drops of luke warm tap water, using an eye dropper and holding Johnny's head so the water will flow away from the nose, toward the side.

If the speck still doesn't dislodge, bandage the hurt eye lightly to prevent Johnny from rubbing it, and take him to a physician.

"Remember," the Department cautions, "trying to rub the speck loose can cause infection that may scar the cornea, resulting in partial blindness."

Ever heard someone remark their eyes were "simply worn out"? That's sheer nonsense, says the Department. It's impossible to wear out the healthy eyes by overuse.

Then why do your eyes feel strained? It could be because you need glasses or are wearing improperly fitted glasses. Or it could be that you are failing to follow the rules of good lighting and proper eye use. Or the strain could be due to an eye or body disease.

Under correct conditions you should be able to use your eyes as much as you want to without strain. Healthy eyes give the best and most comfortable service when you sit erect with your work arranged at 45 to 70 degrees from the horizontal and from 14 to 16 inches from your eyes. Tilt-top desks or book easels are best for children.

Reading in bed is perfectly all right, providing you stick to the rules of good lighting and good posture. But it's never wise to read in sunlight even if your book or magazine is shaded.

What about television? It doesn't harm the eyes if the picture is clear and steady, and if there is enough light in the room to prevent too great a contrast with the screen. Avoid sitting off-center or too close to the set.

It's smart, the Department says, to protect your eyes from long exposure to bright sunlight. But don't make the mistake of wearing sun glasses just to look Hollywoodish. Indiscriminate wearing of colored glasses reduces your tolerances to light.

"Man," the health agency concludes, "is normally a far sighted creature. So from time to time as you read or do close work, give your eyes a break by closing them for a moment or by looking into the distance."

A man ordered a bowl of oyster soup in the restaurant, then handed the waitress two vitamin pills with the request that she drop them into the soup as it was being warmed. After a long delay, the diner inquired about his soup. "You'll get your soup, Mister," the waitress flared back, "just as soon as them oysters quit jumpin'."

"Yours 'til Niagara Falls" was once a witty line in an autograph book.

**Local News BRIEFS**

Rev. Paul Hoedebeck returned to Subiaco, Ark., Thursday after a week's visit with his parents, the Fred Hoedebecks and family.

Mrs. H. M. Schmitz has returned from a seven-week vacation trip to Kansas, Colorado, California and Nebraska. In Hays, Kansas, she was the guest of her daughter, Mrs. Joe Thomasson and family. In Craig, Colo., she visited her daughter Louise who joined her on the trip to California where they visited at Los Gatos with their daughter and sister, Mrs. Frances Clark, and went sight-seeing. In Sioux City and Jackson, Neb., Mrs. Schmitz visited her two sisters.

Mrs. Ray Hoedebeck and daughters Patsy, Mary Sue and Diann of Denison, and her son Gene, a member of the Navy stationed in San Diego, Calif., at home on 10-day leave, visited here Tuesday with the Fred Hoedebecks and other family members.

Mr. and Mrs. C. J. Berend and family of Hereford are back in that city after a vacation trip to Colorado. They went sight-seeing in Denver and Colorado Springs and visited the Clarence Erpeldings and Alex Knaufs.

Mrs. J. B. Schmitz and Mrs. Thomas Sicking were in Dallas Monday for Mrs. Schmitz to consult with a throat specialist. X-rays were taken and she should know something definite by the weekend.

Sister Agnes and Sister Antoinette of OLV Convent, Fort Worth, spent Tuesday to Thursday here with family members. Sisters Agnes is the daughter of Mrs. M. J. Endres and Sister Antoinette is the daughter of Mr. and Mrs. C. J. Fette.

Rev. Joseph Weinzapfel arrived Monday to spend a week of his vacation with his parents and family. He and five companion priests returned Sunday from a week's visit in Mexico City. While there Father Weinzapfel had the privilege of saying mass at the main altar at Our Lady of Guadalupe Basilica.

Lt. Col. and Mrs. David Bright and children David and Lola are back in Muenster with her parents, the J. M. Weinzapfels, after a weekend visit in Tulsa with her sister and family, the P. W. Hellmans. Father Thomas Weinzapfel of Dallas joined them for the weekend visit in Tulsa.

Lillian and Norma Vogel and Donald Muller and a friend, all of Fort Worth, came home Satur-

day and joined the Matt Muller family on an outing at Rock Creek, Lake Texoma. They returned to Fort Worth Sunday evening.

Mrs. Frank Seyler returned Sunday from a week's visit in Dallas with her son-in-law and daughter, Mr. and Mrs. Terrell Johnson. They brought her back and visited briefly.

The Methodist church at Saint Jo held its annual watermelon feast Sunday night after regular services. About 75 members of the congregation enjoyed the lawn party. Attending from Muenster were Mr. and Mrs. Jim Cook and Mrs. M. F. Milner and children Margie and Lawrence.

**AT FATHER'S BEDSIDE**

John Mosman returned Monday evening from San Antonio where he attended the bedside of his father, Fred Mosman, a patient at Santa Rosa Hospital. Mr. Mosman was still in serious condition following major surgery but was showing improvement when his son left. Another son, Rev. Fred Mosman, and a daughter, Mrs. Charles Curran, both of Dallas, were also at his bedside. Rev. Mosman returned to Dallas Monday but Mrs. Curran remained at the hospital with her father.

**Bulcher News**  
By Mrs. R. J. Samples

**BULCHER, Aug. 16** — Mr. and Mrs. E. W. Fincher and son John of Quannah visited her brother and family, the Gid Prathers during the week.

Mr. and Mrs. Edd Holmes and children of Fort Worth were recent guests of her parents, the Noah Pittmans.

Jay Jones has been dismissed from the hospital and is convalescing nicely at his home.

Charlie Hyman and family of Shamrock spent several days of the week with his brother August Hyman and also visited his late wife's mother, Mrs. Mollie Montgomery and the Edd Montgomerys.

Carol Lee Webb who is employed at Vernon was at home

to visit his parents, the F. M. Webbs, during the weekend. He has enrolled at Oklahoma University for the fall term and will quit his work on the 27th of this month to get ready for college.

The Bulcher Home Demonstration club will hold its meeting on Tuesday afternoon instead of Thursday, Aug. 18, so as not to conflict with the cemetery working at Coker cemetery. Mrs. August Hyman will entertain the club women in her home.

Jim Dennis of Wichita Falls visited during the weekend with his daughter and family, the Calip Cannons, and his brother Bailey Dennis and family.

Guests of Mr. and Mrs. R. J. Samples Sunday were his sister and husband, the C. D. Johnsons and their granddaughter Brenda Fancher of Archer City.

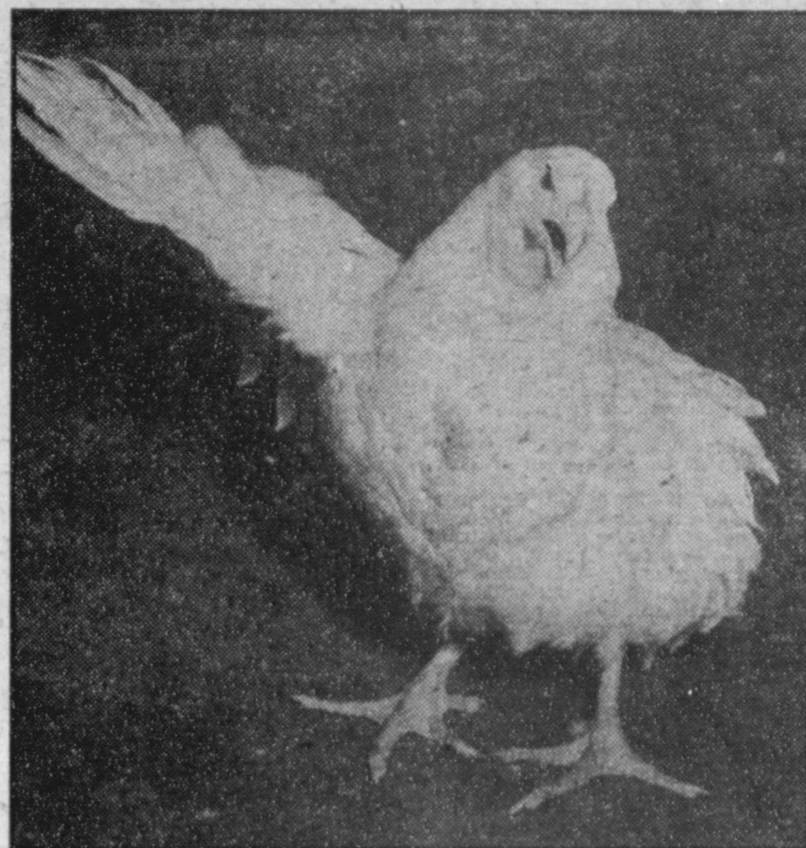

**Club Gets Ready to Install Butane in Community Building**

At their regular meeting in the Bulcher Park members of the Bulcher Progress Club decided it was time to go to work on the installation of the butane system in the community center building. The heating system, to replace the old coal and wood burning stoves was approved at a meeting last spring. Members also made plans to refinish seats for the building which is used for funeral services as well as all community activities during the winter and in bad weather.

Securing the heating equipment and raising finances for maintenance posed a problem and E. Newby, chairman, appointed Mrs. R. H. Sharp, Mrs. R. J. Samples and Mrs. Calip Cannon as a committee of three to work out details and plan fund raising projects. At present the three ladies are soliciting free will contributions.

After adjournment hostesses for the evening served cake and ice cream and those present honored Mr. and Mrs. Dexter Dowd and children with a gift shower. It was a farewell tribute to the family, leaving soon to reside in Nocona where he will be a barber.

'Tis true that age brings with it wisdom — but it sure leaves little time to use it.

**RIGHT-WINGER**—Ultraconservative right-winger gives photographer the bird during a barnyard harrangue in Kansas City, Mo. There's no danger of her winding up in the pot, political or otherwise, as this Arkansas Fryer was born with only the one wing, and has been purchased as a mascot by owner of a wholesale egg concern.

**Fisher and Fleitman Herds Among High Producers in DHIA**

Herds belonging to Paul Fisher and J. W. Fleitman were among high producers in the Dairy Herd Improvement association during July, a report for the month shows.

Leading in both butterfat and milk production were the cows of H. H. Moody with averages of 36 and 1090 pounds respectively. Richard Frasher and Hi-Lo Farms animals tied for second place honors in butterfat with a 32 pound average, and the Fisher and Hoedebeck and Meyers herds were in third spot with a tie of 31 pounds. Fleitman's cows were fourth with 30 pounds.

DHIA Supervisors Carl Kemplin and Meinrad Hesse reported that the association average for July was 26 pounds of butterfat and 710 pounds of milk. Both figures were down due largely to the hot dry weather.

Twenty-one herds in the association were tested during the month. Of 485 cows in milk, 139 produced 40 pounds of butterfat or over.

Individual high butterfat producer with 69 pounds belonged to Richard Frasher and second high with 65 pounds belonged to J. W. Fleitman.

**Can Anyone Live By His Bare Hands?**

Even today, in many parts of the world, men struggle to live by their hands and a few common tools. If we were in the same boat, we'd find unemployment no problem. Even young children would have to work. And no matter what the government might do — such as changing the value of money so that workers would be earning \$100 a day — we'd still be struggling for a bare existence if we had no modern production tools and machines. Life's necessities, comforts and luxuries cannot be printed on paper; they have to be produced.

Real earnings — representing what actually can be bought with an hour's work — have increased in this country three and one-half times since 1890, which is as far back as the records go. These great gains were possible only because of the development of better machines and better methods. No kind of pressure on government for more "purchas-

ing power" could have brought about an increase of 350 percent in the living standards of industrial employees. Real earnings increased in proportion to the worker's ability to produce more — with improved machines.

**Bombs Dropped on Polar Ice Might Flood Continents**

OMAHA — Drowning might be the simplest way to wipe out most of the human race, a Creighton University professor of biochemistry and nutrition said here Saturday.

Dropping hydrogen bombs on the polar ice caps would do the job, said Dr. Victor E. Levine, a fellow in the New York Academy of Science.

The trillions of tons of ice in the Arctic and antarctic regions that control our weather also keeps our continents from being submerged, he explained. If the ice caps were melted, the greater portions of our continents would be flooded.

"We and the Russians have enough A-bombs and H-bombs to do it," Dr. Levine said. "The bombs produce terrifically high temperatures and tremendous quantities of heat," he continued.

"If the bombs were exploded over the ice caps the oceans would be raised and cities such as New York, Los Angeles, London, Paris, and Tokyo would be under water, Omaha probably would be saved. It's 982 feet above sea level.

Dr. Levine, who made frequent study trips to the Arctic, spoke to the Sertoma Club on "The Arctic and its present position in world affairs."

He also said that the Arctic may some day be harnessed to cool your home for weather such as we have been having.

"We pipe oil tremendous distances now," he said. "Some day we will pipe down Arctic weather for our hot summer days."

The professor of chemistry was giving a demonstration of the properties of various acids.

"Now," he said, "I am going to drop this silver dollar into this glass of acid. Will it dissolve?"

"No, sir," replied one of the students.

"No?" said the professor. "Perhaps you will explain why."

"Because if it would you wouldn't drop it in," was the answer.

**MEET A SUCCESSFUL POULTRYMAN!**  
"I'm getting 80% to 90% production with Texo Laying Mash." says  
**R. A. CAUDLE**  
Sulphur Springs, Tex.

You know, folks, I don't want to take any credit away from Mr. Caudle, but the fact remains that 80% to 90% production is not too unusual with Texo Laying Mash. Why, there's some folks within ten miles of this store that don't have to back down a dime's worth to his record.

Of course, the interesting part is this: By increasing your egg production from just 70% to 80%, you actually double your profits. Figure it out for yourself — then stop in and try Texo Laying Mash for just 30 days on Texo's "Double-Your-Profit" Egg Plan. It'll be a real eye-opener.

**UNITED STATES FARMERS IN RUSSIA**—D. Gale Johnson, second from left, former farmer and now an economics professor at the University of Chicago, lets Russian grain run through his fingers as he chats with women workers who help operate a collective farm in the Russian Ukraine. Fourth from left is Ralph Olsen, Ellsworth, Iowa, farmer. Johnson and Olsen are members of the United States farm delegation which made an exchange visit to Russia while their Soviet counterparts were visiting this country.

**Pause For Reflection**

"The cost of electric energy in the average family budget is about 1 percent," said W. C. Mulendore, Chairman of the Board of the Southern California Edison Company, in a talk before the National Industrial Conference Board in New York City recently. "The average family's daily electric bill is 18 cents; their tax bill (concealed and otherwise) is \$5.00."

Both electricity and government are, in their legitimate roles, our servants. Electricity might be considered as a retinue of household helpers performing a great variety of tasks. Government is properly the guard that marches up and down in front of our homes to protect them from harm. Granting that the guard's duties may be basically more important than the household helpers', does it seem right that the compensation for these services should be in the propor-

tion of 18 cents a day to the household servants against \$5.00 a day to the guard?

It seems to me that it is highly important that we so live that we can drastically curtail the ministrations we receive from the guard. If to such curtailment were added efficiency in performance of the functions remaining, surely the guard's salary could, without justice, be materially reduced.

Children need models more than they need critics.

**Marysville News**

By Mrs. Herman Richey

**MARYSVILLE, Aug. 16** — Mr. and Mrs. Duffy Davison and family of Rankin visited his parents, the Jess Davisons, during the weekend. Joining them for a visit Sunday were Mr. and Mrs. Owen Almon of Gainesville.

Mr. and Mrs. J. N. Shaw accompanied Mr. and Mrs. Horace Moody and children Weldon and Sue of Bovina on a vacation trip to Georgia. They visited relatives at Marietta and Atlanta and attended a family reunion at Toccoa.

Mrs. Ella Brock and daughter Ruby of Durant, Okla., were guests of the Foster Davidsons Monday.

Mr. and Mrs. L. L. Bowles and family of Woodward, Okla., visited the W. B. Whitts Tuesday.

Mr. and Mrs. Max Harrell of Sherman were guests of the Bill Moons Thursday.

Mrs. Foster Davidson visited the Monroe and Ambrose Bakers in Wilson, Okla., Saturday and was an overnight guest and Sunday visitor with the Bill Roe family at Whitesboro.

Wanda, Deanna and Hubert Richey, Billy Whitt, James Cole, Douglas Dougherty, Jimmy Kirk and Charles Hallmark drove to Odell Sunday to visit Rev. and Mrs. Gene Hawkins.

Don Ray Moon who spent the summer working in Idaho returned home Friday.

**HARTMANS BACK FROM ELEVEN STATE TOUR**

Mr. and Mrs. Victor Hartman and children Georgia Ann, Della, Gene and Patsy and granddaughter Sharon returned Saturday from a vacation trip that took them through 11 states and covered 3200 miles. They visited relatives in Iowa, Nebraska and Indiana and went sight-seeing going and returning. High spots on the sight-seeing calendar included a visit at Boys Town, Neb., and at the Grotto of the Redemption in West Bend, Iowa. Also of interest was a visit at Kentucky Dam.

They visited Mr. Hartman's only living uncle and aunt, Mr. and Mrs. George Ripperger at St. Peter's, Ind. The couple, 87 and 85, hadn't seen their nephew in 30 years and had never met his family. They mentioned that a grandson was being ordained a priest in Rome and his parents had flown there for the ceremonies.

In Omaha, Neb., they visited Mrs. Hartman's only living aunt, Mrs. Theresia Neuberger, whom they had never seen. In Iowa they visited relatives in several cities and family get-togethers were held.

States on the tour included in addition to Texas, Arkansas, Oklahoma, Kansas, Missouri, Iowa, Nebraska, Ohio, Illinois, Indiana, Kentucky and Tennessee.

Mr. and Mrs. Keith Tompkins and children Judy and Jimmy of Denton were here Sunday to visit her family and took their daughter Sharon back home with them.

Venetian gondolas must be painted black.

**Local News BRIEFS**

Mr. and Mrs. Lee Toothaker were back Sunday after a three-day visit with their son and family in Fort Worth.

Mrs. John Tucker of Houston is here for a visit with her daughter and family, the Joe Tempels, and is getting acquainted with her newest granddaughter, Anita Diane. Mrs. Tucker's little grandson Mike Reece came to Muenster with her.

Mrs. John Schilling of Houston is the guest of her daughter and family, the Anton Fleitmans, and will visit other relatives before returning home about Sept. 1.

Mr. and Mrs. F. M. Milner had as overnight guests Thursday her cousins, Mr. and Mrs. Ralph Hannah and children Cecile and Harlen of Pekin, Ill. They were on a vacation trip.

Mr. and Mrs. Sparkman Vann had as recent guests Mrs. Font Trimmer of Marysville, Okla., and Mr. and Mrs. Demps Vann of Valley View.

Mr. and Mrs. Starling Lawson and children spent several days of the past week in Davis, Okla., visiting his sister, and family, the M. L. McGowans.

Miss Mildred Fisher of Fort Worth spent the weekend with her parents and family, the C.A. Fishers.

Mrs. Ray Wilde and three children spent last week in Oklahoma City with her sister and brother-in-law, the Martin Theimers. Ray went to Oklahoma City Friday for a weekend visit and brought his family back home. Going with him and also visiting in the Theimer home was Leroy Schmitz of Houston, brother of Mmes. Wilde and Theimer.

Mr. and Mrs. J. B. Cason have returned from a vacation visit in Houston where they were guests of their son-in-law and daughter, the Tom Parkinsons.

Mr. and Mrs. Virgil Streig of Robert Lee, Texas, spent a few days of the past week here with his parents, the John Strengs.

Mrs. Joe Swirczynski left Friday by train for Jonesboro, Ark., to attend the annual August 15 ceremonies at Holy Angels Convent. Her granddaughter Carlene Knauf made her first vows. Mrs. Swirczynski visited, too, with her daughter, Sister Helen, and another granddaughter, Sister Monica at the Convent. Mr. and Mrs. Alex Knauf of Woodman, Colo., parents of Carlene, were also present for the ceremonies.

Mrs. Ben Seyler left Saturday for Jonesboro, Ark., by car, to visit her daughter Sister Mary John at Holy Angels Convent and to bring back Sisters who will teach in the parochial school. She went by way of Eureka Springs where she spent a day and night.

Wendell Richey spent a week-end vacation in Galveston.

**THE WILD FRONTIER HAS A NEW KING!**

Great Features back up Chevrolet Performance: Body by Fisher—Ball-Race Steering—Outrigger Rear Springs—Anti-Dive Braking—12-Volt Electrical System—Nine Engine-Drive Choices

The new Chevrolet has proved itself all K-I-N-G in today's toughest driving competition!

Starting at the Daytona Beach NASCAR\*-sponsored trials last winter, the new Chevrolet swept aside all competition in its class in acceleration tests.

And since then what's happened: The latest figures on hand show that so far Chevrolet has piled up a total of 196 points to lead in NASCAR Short Track Standings by 99 points.

Second place is held by a medium-priced car. And Chevrolet's nearest price competitors are running fifth and seventh!

Come on in and try America's real, honest-Injun GO-car of the year!

**IT HAPPENED  
15 YEARS AGO**

August 16, 1940

More than 500 people gather at Voth's ranch Sunday for annual motorcycle races; Urban Endres, the crowd's favorite, places in five out of seven events. Construction begins on FMA turkey shed and vault. William Fleitman begins building new home at Lindsay. Mrs. Jud Boyles and children are visiting here from Illinois. Mrs. Albert Fleitman is recovering from a tonsillectomy. Father Frowin is back in the parish after a several days' visit in West Texas. Work begins on new home for Mrs. Edna Fielder. The Ervin Hamrics and son Burt are visiting here from Flora, Ill. New arrivals: Gerald to Mr. and Mrs. Ed Pels; Suzanne to Mr. and Mrs. Meinrad Hesse; Genevieve to Mr. and Mrs. John Hess.

**10 YEARS AGO**  
August 17, 1945

Japan surrenders Tuesday — Sacred Heart Church bells and local fire siren announce Japan's unconditional surrender here at 6:10 p.m. Mrs. Theresia Haverkamp, 78, dies after long illness. Sister Perpetua becomes new mother superior at Holy Angels convent at Jonesboro, Ark., replacing Mother Walburga who resigned on account of ill health. Six local vets home from overseas are Alphonse Pautler, Bernard Schmitz, Lawrence Knabe, Adolph Knabe, Frankie Trubebach and Chris Fette. New arrivals announced this week: daughters for the Lou Wolfs and Alois Haverkamps, a son for the

**RANK CONFUSION** — Specialist Third Class Gerald Belcher, of Concord, Calif., ponders ups-and-downs of Army life he experienced at Kaiserlautern, Germany, when the Army instituted its new specialist program. Insignia tell the story. He went from Pfc. to corporal to specialist third class in just three days.

Bill Flusches. Harry Sicking and Frank Stoffels leave Camp Maxey for Camp Adair, Oregon.

**5 YEARS AGO**  
August 18, 1950

Death claims Ben Bengfort, 62, a resident of Lindsay for 51 years. With ten men already subject to call and four more due to report for physical exams this community is beginning to feel the effects of the nation's mobilization program. Gainesville is working on plans for a big party to celebrate the city's 100th birthday. Wettest summer record sustained by two-inch rain. Local CYC unit entertains Fort Worth group here. Billy Joe Miller buys Texaco station from Ted Probst. Werner Cler is recovering from surgery performed at the VA Hospital in McKinney. Seventy-fifth birthday surprise greets Mrs. Henry Wolf Sr. FMA employees have annual picnic at Katy Lake. Mr. and Mrs. F. J. Gruber of Lindsay have been vacationing in Hot Springs, Ark., for the past ten days. The Herbert Hundts of Lindsay were among the crowd of more than 100,000 persons at Necedah, Wis., Tuesday for the sixth apparition of the Blessed Virgin to Mrs. Anna Van Hoof.

**Anchor of Freedom  
For 4,000 Years**

With the spotlight on Geneva and the "summiters," it has been easy to forget the Asian problems that seemed so earth-shaking but a few weeks ago. But, we are reminded by Korean Ambassador Ben C. Limb that they are still there. The Formosa tension remains. Quemoy Island and the Matsus have not moved an inch. The swift industrial expansion of Japan and its drive for trade with the Reds go on. Nehru is still "neutral" — by his own peculiar standards. Communist infiltration and turmoil continue in Indo-China, a fact of which we have been reminded only because the fabulous Perle Mesta was among the westerners rescued from the recent Saigon rioting.

But the Republic of Korea, Col. Limb recently assured us in a San Francisco speech, can be "the world's anchor in Asia." The ROK army, now 660,000 strong, and which was manning 70 percent of the front line positions at the end of the Korean fighting, says the Ambassador, is described by General James A. Van Fleet as "the largest, most loyal and most modern anti-Communist army of any country in Asia."

Col. Limb further points out that his country "is the only land base for the military power of the free world on the Asian continent. As such it remains a bastion of democracy. So long as the Republic of Korea remains free, with a strong and well-equipped army, the Red imperialists can not count confidently on the indefinite possession of their huge Chinese conquest." On the "miracle of Korea's re-

birth," the speaker reported that at the end of hostilities in July 1953, "the Republic of Korea lay prostrate — a heap of rubble and ruins with some two million killed and wounded, 200,000 orphans and 300,000 war widows. Yet today, two years later . . . schools are being rebuilt, Korea's 45 colleges and universities are again turning out teachers; business, industry and agriculture, paralyzed by the war, are beginning to flourish again."

Thus — after 4,000 years of up and downs, of rising to the heights of cultural and economic development only to be beaten down again; first by the Chinese, then the Mongols under Genghis Khan, by a Japanese invasion in 1592 that sacked almost every city on the peninsula, by a second Japanese invasion in 1910 that resulted in occupation of the country until the World War II defeat of the Japs in 1945, and lastly by the shattering 1950 invasion of the Chinese Reds — the Koreans are coming back!

In his address to a joint session of Congress a year ago, President Syngman Rhee said: "We shall never forget that from our valleys and mountains the souls of American and Korean soldiers went up together to God. May the Almighty cherish them as we cherish their memory."

Nor will Americans forget. But we should remember too, and consider well the advice of Col. Limb that it is on this hallowed ground that the free world, if need be, can best mount its defense against the Asian Reds.

Who is wise? He that learns from everyone. Who is powerful? He that governs his passions. Who is rich, He that is content. — Benjamin Franklin

Citizen By Publication In Delinquent Tax Suits And Return.

THE STATE OF TEXAS  
County of Cooke  
In the Name and by the Authority of The State of Texas,  
To: J. C. Roberts, whose residence is unknown, and the respective unknown heirs and legal representatives of all the above named parties, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 16th Judicial District, Cooke County, Texas, wherein The State of Texas, Cooke County, Texas and the City of Gainesville, Texas are plaintiff. The Gainesville Independent School District is impleaded party defendant; and J. C. Roberts, Heirs and Representatives of J. C. Roberts and their unknown heirs are defendant, by the filing by said plaintiff of a petition on the 28th day of July, 1955 and the file number of said suit being No. 589 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lot 12, Block 4, of the Rice Park Addition to the City of Gainesville together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.  
The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:  
State of Texas and Cooke County and City of Gainesville \$158.04  
TOTAL \$158.04  
Plaintiff and all other taxing units who may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment, including all interest, penalties, and costs allowed by law thereon, may upon request therefor, be recovered

herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

You are hereby commanded to appear by filing a written answer and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 12th day of September, A.D. 1955 (which is the return day of such citation), before the honorable District Court of Cooke County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Gainesville, Cooke County, Texas, this 28th day of July, A.D. 1955.  
(SEAL) Woodrow U. Clegg  
Clerk of the District Court, Cooke County, Texas, 16th Judicial District.

**CATCH!** Conductor on the Long Island Railroad has just tossed a newspaper at Locust Valley, N.Y. "Rusty," the pet collie, below, catches it for her master, operator of a signal tower.

The reason why conscience so often has a still, small voice is because it's a still, small conscience.

I think no one can deny we are mortgaged to the hilt. The federal debt is equivalent to the full value of all the land, all the buildings, all the mines, all the machinery, all the livestock—everything of tangible value in the United States. — Sen. Harry F. Byrd (D-Va).

Claude—"I can't get over how well you and your wife get along. Don't you ever have differences of opinion?"  
Jim—"Oh yes—very often."  
Claude—"And you get over them so quickly."  
Jim—"Ah, that's the secret. I never tell her about them."

**Soil District Sets Sept. 17 for Grass Judging Contest**

The Board of Supervisors of the Upper Elm-Red Soil Conservation District met last Thursday, August 11th, in the Chamber of Commerce with County Agents and Vocational Agriculture Instructors from over the District to work out details for the forthcoming annual grass judging contest. Date of the contest was set for Saturday, September 17th, to begin at 9:00 a.m. Place of the contest was decided on as Gainesville, a central point in the District which covers all of Cooke and the greater parts of Grayson and Montague Counties. There are 24 FFA and 4-H Club Chapters in the district eligible to compete in the contest.

It was decided that again this year both Senior and Junior teams from each location may enter the contest with awards going to the three high Senior teams and the three high Junior teams. Prizes will also be awarded to the three high individuals, selected from both Junior and Senior teams.

Present for the meeting were County Agents Gerald York, Cooke County; Wylie Roberts, Montague County; Nick Owens, Grayson County. Vocational Agriculture instructors present were: Herschel Lester, Era; Glenn Hellman, Muenster; Leon Brazil, Tioga; E. J. Morgan, White-wright; and C. E. Yarbrough, Tom Bean. Supervisors present were: J. W. Hess, Chairman, Muenster; Willard Kemplin, Secretary, Valley View; Rush Freeman, Southmayd; and Henry Reynolds, Nocona. Jack McFerran, Gainesville and Painter Wylie, Whitesboro, of Soil Conservation Service, were also present.

**N. Texas Dairymen Will Receive \$5.17 For Milk in July**

Producers supplying milk to the North Texas fluid milk market (Dallas and Tarrant Counties and 14 surrounding counties) will be paid \$5.17 per hundredweight for milk sold in July 1955, according to an announcement by Byford W. Bain, Market Administrator. For each point (0.1%) that the average butterfat content of producer milk varies from 4.0%, a butterfat differential of 6 cents applies.

This price was computed from reports submitted by milk hand-

lers regulated by the North Texas milk marketing order. The July price this year is 47 cents above the price received by producers during July 1954. It was 1 cent above the price received for base milk and \$2.07 above the price received for excess milk in June of this year, or about 28c above the weighted average June price.

Some people just aren't happy if they haven't a belly-ache.

### Mrs. Henry Wolf - - -

Wolf's golden wedding celebration in 1947.

Survivors are six sons: Edward of Strawberry, Calif., and Henry J., Lou, Bill, Bernard and Charles of Muenster, and one daughter, Mrs. Cecil Sims of Muenster; 15 grandchildren, two sisters, Mrs. Henry Groose Rhode of Osmond, Neb., and Mrs. Katie Meier of Randolph, Neb., and one half-sister, Mrs. W. M. Trubach of Muenster.

Out of town relatives at the funeral included Edward Wolf of California, Mrs. Katie Meier, Mrs. Alice Trapp, and Matt Meier of Randolph, Neb., P. G. Wolf of Austin, Mrs. E. A. Wolf and Mitchell Wolf of Houston, Mr. and Mrs. Frank Wolf of Fort Worth, Mr. and Mrs. John Cain and children and Mrs. Georgia Vann of Dallas and PFC Roger Wolf of Fort Hood. Only one grandson, Cpl. Ernest Wolf of Fort Lawton, Wash., was unable to attend.

Among friends at the services were Mr. and Mrs. Jake Bezner, Albert Bezner and Mr. and Mrs. William Bezner of Lindsay, Mrs. J. S. Russell of Myra, Mr. and Mrs. T. L. Anderson, Mrs. Hillard Hoffman, Mrs. C. D. Mitchell and Mr. and Mrs. Gilbert Holman of Gainesville, and B. C. Redman, Piner Griffins, Mmes. Nettie Moore, Bob Campbell, Earl May, A. O. Rector and Roy Hill, and Messrs. and Mmes. Johnnie Morgan and H. L. Dennis all of Saint Jo.

### Confetti - - -

to improve. Assessments now are based on valuation. The man who puts up a better building has to pay higher taxes whereas the one who keeps his old depreciated place continues to get by for much less.

A fairer way, it seems, is to assess taxes on some other basis, such as a building's floor space or front footage. Quite possibly a few more people would be willing to improve if given that kind of a break in their taxes. As it is now reluctance is understandable. There seems to be a penalty for doing one's part toward community progress.

For real bird lovers, there's a long-playing record with twenty-four bird calls.

**PILGRIM** - Carrying a cross bearing a painting of the Virgin and Child, this religious zealot makes his way on foot through Paris, France, en route to Rome. Below the picture is listed some of the religious shrines throughout Europe to which his pilgrimage has taken him. Among them are: Lourdes-Fatima, Loreto and Liseuv.

### Swimming Pool - - -

the architect who designed the pool, will be here Friday to check the treating and filtering system and explain the proper operating procedure.

The city will use bromine rather than chlorine to guard against water contamination. Mayor Endres said the bromine has been recommended as equally effective, but is less subject to evaporation, has a less pungent odor, and causes less bleaching to swim suits.

By use of the treating and filtering system the city expects to make substantial savings on its water bill. Water will be circulated, spilling over into the gutter at the top and flowing to the filtering bed where trash is caught before the water is pumped back into the bottom of the pool.

L. B. Bruns will manage the pool. Swimming hours will be from 2 to 10 on Saturdays and Sundays and from 3 to 9 on other days of the week.

Bruns stated that standard safety regulations will apply at the pool. Soft drink bottles will not be allowed inside the fence. Scuffling and ducking will not be permitted in the water.

### Continued Growth - - -

Regarding industrial possibilities Shively said the town should use two methods of promoting its opportunity. The first job is to make it as attractive as possible in every way. This calls for every phase of community development . . . in schools, churches, recreational facilities, municipal facilities and services, housing, business and general town appearance. Such factors encourage outsiders to come in and local people to stay at home.

Another big help is to have a special industrial committee to invite prospects into the town. The committee should be well advised on such factors as available housing, available labor, community facilities, etc., and should also be empowered to make commitments regarding the inducements to be offered to a prospect.

Shively distributed about 30 reports on the community clinic, to the organizations and individuals who took a leading part in promoting it.

### Muenster Park - - -

stream. With flood water under control it is believed that the proposed crossing would seldom be impassable.

Mr. Lednicki also suggested additional brush clearance, leveling work and sodding, along with traffic control and a number of added facilities, such as picnic tables, barbecue pit, trash and garbage receptacles and incinerator.

He made similar recommendations on his visit to the parish park and gave Father Christopher a blue print for construction of permanent concrete tables like those used in roadside parks. One form can be used to make all the tables used in both places.

At his suggestion the city has prepared a sketch of the park as it is and submitted it for him to use in further planning. On it he will show his suggestions for additional clearance, parking areas for swimming and picnicking, driveways, and locations for the suggested additional facilities.

### KC State Committee Seeks Students for Catholic Colleges

HOUSTON, TEXAS. - In a letter to the thirty six district deputies and the one hundred forty grand knights of the Knights of Columbus in Texas, J. Ralph Mulvey of Houston the State Chairman for Catholic Higher Education Committee has urged the councils in Texas to appoint a council chairman and committee to further the aims of the state council to recruit Catholic High School students for the Catholic colleges and universities.

In his letter he recommended that each council committee compile a list of names and addresses of Catholic students in their junior year attending public or private schools be forwarded to him, so he can furnish the colleges information for appropriate action and literature. Mr. Mulvey also urges that each council Knights of Columbus hold open meetings for the young students and their parents to interest them in Catholic education on the college level. The State Committee will furnish a capable speaker at no cost to the councils for this purpose.

J. W. Fisher is one of the seven members serving on the State K of C Catholic Higher Education Committee.

"Now remember," barked the sergeant, "they're firing live ammunition, with bullets that will go through a foot of solid wood. Keep your heads down."

The angler had just landed a fish when the inquisitive woman chanced to be passing.

"Oh," she exclaimed, "that poor little fish!"

The angler replied, "Well, madam, if he'd kept his mouth shut he would not have got into trouble."

The mole is blind.
