

## Dr. McAlister of NTSC Will Talk at MHS Graduation

This weekend forty young men and women of this community will proudly step forward to receive their high school diplomas. They will be justifiably conscious of their achievement in reaching the goal which only a few years ago appeared as one of the really important events of their lives.

On this day of their arrival we sincerely hope they will enjoy every bit of the satisfaction they anticipated. For, after all, it does mark the completion of a long and tedious task. They deserve the congratulations which friends shower upon them. They have a right to feel that they earned the gifts which are presented in remembrance of a worth while achievement.

In view of such considerations this column joins in the customary expression of congratulations and best wishes . . . and places the greater emphasis on good wishes. Because the job completed is insignificant by comparison with the one that lies ahead.

The thoughtful student most likely has already noted that this big day is referred to both as graduation and commencement. The one word implies completion of something, the other the beginning of something. And he does not need to be reminded which of the two words should register more strongly on his consciousness. What's past merits a bit of celebration, but what's coming merits a great deal of serious thought.

The obvious fact is that graduation is the commencement of a more serious life. It is the point at which youngsters either take their place among the breadwinner or continue their studies for the special training which is expected to lead to a fuller life a few years later.

Whichever course the graduate has in mind he ought to resolve to go on learning, to acquire all the knowledge and skill his circumstances and ability will permit. On his job or his farm, or in his college classroom, he should be eager for all the knowledge he can absorb, with a view to achieving more, earning more, and above all attaining more understanding and appreciation of the wonders that were placed here for us by an all-wise and all-powerful Creator.

Like the wonders of nature which are spread all around us, the possibilities offered by continued learning are practically limitless. It can lead to an invention or discovery which serves mankind, like the achievements of Edison or Pasteur. It can lead to greater efficiency on a job, greater yield on a farm, greater welfare for one or many. It can lead also to spiritual maturity resulting in contentment here and happiness hereafter.

A very satisfying thought as a person considers these compensations is that the least tangible is the most attainable. Spiritual maturity is within the reach of any person who applies his ability to the resources that the Divine plan has placed at his disposal. Few are destined to do things which command wide-spread temporal notice, but all are intended, and have sufficient opportunity, to do things which command eternal notice. That is inherent in the relationship between Creator and creature.

The comfort associated with such thoughts is one of the blessings of Christianity. A life can be wonderfully enriched by awareness of the infinite wisdom responsible for wonders which challenge our human wisdom. Conversely, there must be a sad void in the makeup of those who do not believe in a Supreme Cause as author of the secrets which they seek from nature.

A person wonders, for instance, at what goes on in the mind of a Soviet scientist as he deals with atomic and nuclear force. How far can he go without discovering the inconsistency in his professed belief and the created wonders he seeks to understand? Perhaps it isn't too much to hope that the force of truth is already dawning on such people and will eventually lead to a solution of world problems.

Truly a world of wonders and great possibilities is spread out before the youngsters who have reached their commencement. As

Dr. Sam McAlister, head of the Department of Government at North Texas State College, will deliver the commencement address at graduation services for Muenster High School seniors Friday night in the school auditorium.

Ranking next to him as program headliners are Valedictorian Juanita Wieler and Salutatorian Norma Klement.

Herbert Meurer, president of the school board, will present diplomas to the 24 graduates and Principal L. B. Bruns will present the special awards.

Also included on the program is an invocation by Rev. D. S. Pettijohn, a benediction by Father Christopher Paladino, and a musical selection by a trumpet quartet from the MHS band.

Starting time is set for 8:15 when Margaret Milner will play the processional as seniors enter the auditorium. She will also play the recessional closing the program.

After commencement the graduates will be guests of room mothers at a reception in the gym.

## Over 200 Attend VFW and Auxiliary District Meeting

More than 200 Veterans of Foreign Wars and members of the Ladies Auxiliaries of District I gathered here for the annual district convention Saturday and Sunday.

Principal speaker at the noon banquet Sunday was J. W. Cole of Abilene, state senior vice commander, who themed his talk to the occasion and spoke on the VFW.

Pat Hennigan was master of ceremonies. He also introduced State Senator Doyle Willis of Fort Worth, judge advocate of the Department of Texas, and Mrs. Anne James, District I Auxiliary president. Both spoke briefly. Other guests introduced included post commanders and district officers from Dallas and Fort Worth.

As a surprise gesture the master of ceremonies called for Mrs. Joe Lehnertz who was catering the meal. She left her kitchen duties momentarily to acknowledge a burst of applause with a bright smile and to bow gracefully. She is known to most of those attending the event, having been VFW State Mother of the Year in 1954, and having been honored at the Texas state convention in Fort Worth that year. Mayor Urban Endres gave the welcome address and Father Louis Deuster gave the invocation.

In closed meetings to elect officers for the district in the afternoon, Muenster placed two on the roster from the VFW Post and two from the Auxiliary. F. A. Kathman Jr. is the district's new quartermaster and Pat Hennigan is a new trustee. Mrs. Ray

## Memorial Service Dated for June 3

Sunday, June 3, has been set for this community's annual Memorial Day services, according to members of the Muenster VFW Post and Auxiliary who are planning the observance.

An appropriate program in memory of service men of all wars will be presented following the 10 o'clock mass. Members of the Post are planning procession details, the Auxiliary is arranging for flowers for grave decorations and corsages for Gold Star mothers, and the Benedictine Sisters are taking over the children's part of the program—recitations and placing of the bouquets.

This year's service differs in two respects from previous Memorial Day ceremonies. It will be held on the Sunday after Memorial Day instead of the Sunday preceding it so as not to conflict with end of school programs, and it will be held after mass in the morning instead of as a special service in the afternoon. A complete program of the observance will be announced in next week's Enterprise.

## 42 Pre-Register In SH First Grade

Forty-two youngsters who will be first graders at Sacred Heart school next September were signed up for classes in an early registration at the school Monday. This is eight short of the number anticipated to make up the beginner class, according to baptismal records at Sacred Heart church. The children not yet registered are expected to get their names in by the beginning of the next term.

Next year's first grade enrollment will be six short of this year's total. There were 56 beginners for the current term.

## Funeral Service For John M. Luke Held Here Saturday

Final services for John Martin Luke, 69, of Fort Worth, a resident of Muenster for many years, were held in Sacred Heart Church Saturday morning at 9:30 with Father Patrick Hannon celebrating the Requiem mass and delivering the funeral sermon.

Father Patrick also officiated at the burial in Sacred Heart Cemetery under direction of Nick Miller Funeral Home. Bearers were Paul, Dan and Bill Luke, Paul and Gilbert Endres and Jerre Friske.

Rosary for the deceased was recited in the funeral home Friday night at 8.

John Luke died early Thursday of a heart ailment which had afflicted him for more than six months.

He was born at Leopold, Mo., on January 5, 1886 and came to Muenster with his family in January 1903. About four years later he became the Katy depot agent at Myra and remained there until 1919 when tuberculosis forced him off the job. After a year of recuperation he remained at Muenster doing electrical work until he moved to Fort Worth in 1936. For the past 14 years he has been an employee of Convoir.

Mr. Luke was married here to Miss Annie Streng in November 1911. She died in 1934. His second wife, whom he married at Fort Worth in 1940 survives him.

Other survivors are two sons, Vincent and Edwin, and one daughter, Mrs. C. J. Rucker, all of Fort Worth; three grandchildren; five brothers, Henry, Ben, Joe and Alphonse of Muenster and Carl of Hereford, and three sisters, Miss Theresa Luke and Mrs. W. H. Endres of Muenster and Mrs. Martin Friske of Gainesville.

## NEWS OF SICK AND INJURED

John Rohmer, 70, hurt in a farm accident at his home, is a patient at M&S Hospital in Gainesville with fractures of both the right and left leg. The accident happened Monday evening at about 5:30 when he was caught in a power take off shaft on a side delivery rake. His son Maurus was working with him and cut off the tractor, preventing further injury. Mr. Rohmer's left leg is broken in two places above the ankle; the right leg, also badly bruised, is broken below the knee. He'll have casts on both breaks for at least six weeks.

Mrs. P. J. Rollman was in Fort Worth Tuesday for a check-up of her left foot on which she had surgery two weeks ago. She is doing fine and is able to get around without crutches now. Her daughter Veronica accompanied her to Fort Worth. The next examination is scheduled in two months.

Mrs. Mary McDaniel who was a patient at Gainesville Sanitarium for medical care has been dismissed and is convalescing at the home of her son and daughter-in-law, the Herbert McDaniels, with whom she lives.

Father Paul Hoedebeck writes his parents that he is back at Subiaco Abbey, much improved, after being a patient at a hospital in Morrisons Bluff for about a week for examination and observation. His trouble has been diagnosed as an allergy and is being treated.

## Bids Requested for 3 More Reservoirs On Elm Watershed

Work on three more detention reservoirs on Big Elm Creek is due to begin in about two months. They will be located south of the creek on the Voth, Fette and Otto farms.

Invitations for bids on the three jobs, grouped together as a single project, were sent out on May 16 by state headquarters of the soil conservation service. The sealed bids are to be opened publicly at 2 o'clock June 13, and the contract will be awarded to the low bidder.

Approximate specifications listed on the invitations include clearing and grubbing 36 acres, excavating 70,700 cubic yards, placing and rolling 241,750 cubic yards of embankment, placing 38,550 cubic yards of topsoil in spillways, pouring 147 cubic yards of concrete, furnishing and installing 672 feet of concrete pipe and 80 feet of metal pipe, and furnishing and installing 8,740 feet of wire fence.

## Swimming Pool Will Open June 1

The swimming season at Muenster will open on Friday, June 1. Members of the city council in their meeting Monday night set the date and appointed L. B. Bruns as pool manager. Laurence Saye will assist him.

The council also decided to have a formal dedication of the pool as soon as convenient. The date for that along with other relevant details will be determined at an early meeting with program sponsors.

Another event planned for the pool is a class for beginning swimmers, probably to be held the latter part of this month. It will be a Red Cross supervised course and probably will be held shortly after a similar course is finished in Gainesville.

Indications now are that Muenster will have three instructors qualified to teach the beginners class. Bruns received his certificate last year. Laurence Saye and Gretchen Hellman, who passed the Red Cross life saving course last week, are attending the instruction classes this week.

Others who passed the life saving course last week are Dee Kaderli, Dan Hamric, Theodore Walterscheid, Johnny Fette, Juanita Wieler and Ruth Endres. All are qualified to serve as life savers at the pool.

Bruns stated the pool will be open daily from 2 to 9 p.m. Baskets and checking service will be provided for those who change clothes in the pool's dressing rooms. Charges will be 15 cents and 35 cents. Soft drinks, candies, and perhaps other snacks also will be available at a concession stand.

By previous arrangement the pool will be available for private swimming parties. Persons interested can get details from Bruns.

Preparations for the opening will get under way next Wednesday when Bruns and Saye will flush out the pool and start filling it. While water is running in they will organize their concessions and other facilities and also move a section of bleacher seats to the adjoining concrete slab for the convenience of spectators.

Driveways and parking area in the park are ready. So is the Maple Street approach, which leads to the park under the highway overpass. Gravel to complete the railroad crossing was hauled in this week.

## WITH THE MEN IN SERVICE

### He's Sergeant Now

A recent promotion at Camp Pendleton, Calif., has made Gene Luke a Marine sergeant. He is the son of Mr. and Mrs. Ben Luke.

### Back From The Service

Robert McElreath is back at home with a discharge from the army after serving in Germany for 15 months. He received his separation papers at Camp Chaffee, Ark. His parents are Mr. and Mrs. H. E. McElreath of Sivelis Bend.

## School Transfer Deadline is June 1

Parents living outside the Muenster school district who intend to transfer their children into the district for the coming scholastic year are reminded this week that they have only until June 1 to submit their applications.

Commenting on the transfers, Superintendent H. H. Homsley emphasized their importance to the local school. Unless the transfer is properly made the student's share of state per capita allotment cannot be collected by the district in which he attends.

## Officials Elected, Procedure Okayed For Little League

Muenster's Little League of pee wee baseball players is practically organized, on paper, and the actual organization of teams will start next week as the youngsters report for practice and try-out next Monday and Tuesday night.

The administration part of the league was set up and procedure was decided last Friday night in a meeting of representatives from the four sponsoring groups.

Financial sponsorship of the league will be a joint venture shared equally by the four clubs. Their estimated initial cost for uniforms and other equipment is \$600. The city's contribution to the venture is free lights for the first season.

After organization it is believed the league can be self sustaining. Charges of 10 cents for high school students and adults and 5 cents for grade school children along with profits at a concession stand are expected to be sufficient for the league's current expenses.

Actually the sponsors will get a slight return on their investment from their 25 per cent commission on concession profits. The sponsor of the home team at each game will take care of collections and concessions.

Aside from the joint sponsorship in financing the league each club will sponsor a separate team. That arrangement, assures a definite group of supporters for each team.

Teams and their sponsors are (Continued on Page 10)

## Lindsay Festival To Mark Pastor's 40th Anniversary

Lindsay's St. Peter's parish this week extends a general invitation to everyone to be at Lindsay Sunday, May 27, to help celebrate the 40th anniversary of the ordination of its pastor, Rev. Conrad Herda.

Committees in charge of the day's events have arranged a full program to interest grownups and children. Dinner at noon, various entertainments, and refreshments during the afternoon and evening are among attractions.

Proceeds from the affair will be the parishioners' gift to Father Conrad in appreciation of his work and will help toward the trip he will take to visit his old home in Germany. He will sail on June 8.

As a tribute to the pastor, the congregation summed up his outstanding work and achievements during the time he has been at Lindsay and published it in an attractive booklet.

The condensed history gives a short life story of Father Conrad, tells of his building program during his two pastorates—the first 1923-25 and the present which began in September 1938. The book also lists spiritual advancements in the parish: vocations, missions, introduction of the Third Order of St. Francis, four years of perpetual adoration in the church, and other parish statistics. There are about 145 families in the parish numbering about 550 persons.

June 8 is Father Conrad's 40th anniversary of ordination and that is the day he plans to sail for his homeland. In conditions permit he will also visit other places. He is a native of Silesia, Germany, where he was born Sept. 8, 1885. He studied at Subiaco Abbey and was ordained in 1916.

## Mrs. M. Fuhrmann, Lindsay Resident For 60 years, Dies

Death Monday claimed Mrs. Mike Fuhrmann, 72, a resident of Lindsay for more than 60 years. She died at her home at 7 a.m. as the result of an ailment that began last September. She was critically ill the past two weeks.

Funeral services with solemn requiem mass were held Wednesday at 9 a.m. in St. Peter's church. Rev. Aloys Fuhrmann of Subiaco, Ark., a son of the deceased, was celebrant of the mass in the presence of the Rt. Rev. Abbot Paul Nahlen of Subiaco Abbey. Rev. Conrad Herda, Lindsay pastor, was deacon, Very Rev. Joseph Fuhrmann of Fort Worth was sub-deacon, Rev. Leo Koesler of Subiaco, a nephew, was master of ceremonies and Rev. Louis Deuster of Muenster was present in the sanctuary.

The Rt. Rev. Abbot delivered the funeral sermon. Grandsons (Continued on Page 10)

## Bishop Will Talk And Give Diplomas At SH Graduation

The Most Rev. Thomas K. Gorman, Bishop of the Dallas-Fort Worth diocese will be the featured speaker here at the Sacred Heart school's formal closing exercises Sunday.

He will officiate at the 7 o'clock evening mass, deliver the combined baccalaureate and commencement address, present diplomas to the 16 high school seniors and hand out certificates to the 43 elementary graduates. The service this year combines what was formerly three separate programs held annually by the school.

Anthony Luke, church organist, will play the processional and recessional and the men's choir will provide vocal selections.

High school graduates, in caps and gowns, will receive Holy Communion in a body during the mass.

## School Board OKs Eleven Teachers; Two More Needed

Re-appointment of almost all faculty members of the Muenster Public School was announced by Superintendent H. H. Homsley Tuesday following a meeting of the school board Monday night.

The only exceptions are Miss Betty Stewart, who announced earlier that she intends to quit teaching and enter civil service work, and Laurence Saye, whose re-appointment is contingent on his moving to Muenster. Up to now Saye has not mentioned whether he will accept the school's offer.

The stipulation in Saye's case is in keeping with a local policy established several years ago. An exception was made during the past year because Saye came as a replacement to fill the vacancy caused by the death of Al Greco. His home is in Whitesboro.

Faculty members definitely appointed are Superintendent H. H. Homsley, Principal L. B. Bruns, Coach John Hosea, Band Director Jimmy Harris, Glenn Hellman, Mrs. H. H. Homsley, Mrs. John Mosman, Mrs. John Hosea, Mr. and Mrs. Weldon Holland and Miss Betty Cole.

### Varied Program and Awards Presentation Feature Class Night

A full attendance of parents and family members of the students, friends and patrons of the school filled the parish hall. Carol Voth served as mistress of ceremonies.

The little girl who has been named Judy Marie is the granddaughter of Mrs. H. P. Stoffels of Lindsay.

### Full House Cheers Operetta Given by Elementary Pupils

"Season of Happiness," an operetta in three acts presented by Muenster Public school students from grades one through seven, showed to a capacity audience in the school auditorium Tuesday night.

The 70 actors performed like veterans going through their song and dance routines in a manner that brought loud applause from the floor.

**BULCHER HD CLUB HAS BUSINESS MEET THURSDAY**

A business session and refreshments were on the program Thursday when Bulcher Home Demonstration club members held their regular meeting in the home of Mrs. Paul Tracy.

Discussion of the bake sale at Gainesville was led by Mrs. Bill Harrel, president, who conducted the meeting. It was announced that the club will have its next

meeting with Mrs. Gid Prather.

The hostess served refreshments to Mmes. E. L. Robison, August Hyman, J. M. Shields, R. J. Samples, Gid Prather, R. V. Daffern, E. Newby, Paul Tracy and sons Billy and Harry.

Mr. and Mrs. Ronnie Herr of Lubbock were here for a weekend visit with their families, the Albert Henscheids and Frank Herrs.

**15 From Muenster at National Press Banquet in Dallas**

"No country 'goes' communist, it's 'taken' by the reds," and "Nobody looks less like a communist than a communist," these were among thoughts left by Rev. Patrick O'Connor, principal speaker at the 46th annual convention of the Catholic Press Association at its banquet in Dallas last Thursday night.

Father O'Connor who has spent the past 11 years in the Far East as a correspondent for Catholic newspapers, unfolded story after story, recalling incidents from his experiences. On a few occasions his voice shook with emotion as he recounted scenes he had witnessed in communist held countries.

He spoke to several hundred editors, reporters and visitors from all over the nation and several foreign countries gathered in the grand ball room of the Statler Hilton Hotel.

Another highlight of the program was the presentation of a plaque as a special award to the Most Rev. Thomas K. Gorman, bishop of Dallas-Fort Worth, celebrating his 30th year with the Catholic Press and his silver jubilee as a bishop. He is honorary president of the Catholic Press Association and episcopal chairman of the NCWC Press Department.

Bishop Gorman spoke briefly as did the Honorable Robert L. Thornton, mayor of Dallas. The Most Rev. Bishop Augustine Dangelmayr gave the invocation. Rev. Thomas Weinzapfel was general chairman of the program.

Fifteen from Muenster attended: Mr. and Mrs. J. M. Weinzapfel, Florentine Vogel, Della Fette, Norma Jean Walterscheid, Beatrice Zimmerer, Mr. and Mrs. H. H. Homsley, Patsy Horn, Pat Cain, Janice Klement, Angelina Shumacher, Joaline Roberg, Faye Fette and Rosa Driever.

**FELIX BECKERS RETURN FROM 5500 MILE TRIP**

Mr. and Mrs. Felix Becker returned Saturday from a three-week trip that took them through 11 states and covered more than 5500 miles by train and car.

Among high spots on the vacation were visits with relatives and extensive sight-seeing in Washington, D. C., and surrounding area while they were guests for one week with their son and family, the Vincent Beckers who live at Silver Springs, Maryland.

In Pesotum, Ill., they visited the Hartman and Hauseman families, in Fort Wayne, Ind., they were guests of Mrs. Becker's brother and sister, George Hartman and Mrs. Mary Trabel and other relatives including the Mudrack families. These folks took them by car to Brooksville and St. Peter's Ind., where they visited Mrs. Becker's uncle and aunt, Mr. and Mrs. George Ripberger, who this year are observing their 65th wedding anniversary. They also visited in Detroit, and in Dearborn where they saw another brother, Albert Hartman, and in Milam, Mich., where they visited the Risch family and other relatives.

Rev. Thomas Weinzapfel this Friday takes over as pastor of Pius X parish in Dallas replacing Msgr. Thomas Zachry who goes to Denison as pastor of St. Patrick's parish.

**Saturday, Sunday Are Buddy Poppy Days in Muenster**

Saturday on city streets, and Sunday at local church doors, a group of salesladies will be active. These will not be ordinary salespeople. They'll be members of the Muenster VFW Auxiliary. Their product will be a bright red flower — the VFW Buddy Poppy.

Each year the Veterans of Foreign Wars and its Auxiliary conducts the sale of these symbolic flowers for the purpose of raising funds to help this community's needy and disabled veterans and their families.

The sponsors urge residents of the community to recognize the merits of this cause by contributing generously to its support through the purchase of Buddy Poppies on Saturday and Sunday, the days set aside for the distribution of these symbols of loyalty.

The sponsors further urges all patriotic citizens to wear a poppy as mute evidence of gratitude to the men of this country who have risked their lives in defense of the freedom which Americans continue to enjoy as citizens of this country.

**Auxiliary Retains Mrs. J. D. James as District President**

Mrs. J. D. (Anne) James of Sherman was returned to office as District I president of the VFW Auxiliary during the annual election of officers at the convention here Sunday. She defeated Orpha Grovert of Gainesville in the balloting. Other officers were elected by acclamation. Muenster placed two members in district offices: Mrs. Ray Swirczynski as junior vice president and Mrs. Maurice Pagel as conductress.

Other officers are Marie Bray of Gainesville, senior vice president; Dickie Rodgers of Denison, treasurer; Blanche James of Denison, chaplain; Wanda Harris of Denton, guard; Lena Clodfelter, Ina Hill and Mary Stalley of Gainesville, Denison and McKinney, in that order, three-year trustees. Installation of elected officers concluded the lengthy session. Appointive officers will be named later, it was announced.

About 100 members from the district attended the Auxiliary's closed meeting at 2:15 p.m. Reports from presidents of the district's organizations, the annual district report and the election of officers for the ensuing year were on the afternoon's program. Mrs. Richard Grewing gave Muenster's report.

Delegates and members were present from Gainesville, Sherman, Denison, Greenville, Muenster and Denton. Visitors attended from Dallas, Fort Worth and Abilene.

Seniors of Sacred Heart High are planning their annual school trip which will begin after the close of the term. They'll go to Eureka Springs, Ark., this year.

**William C. Culp Is Candidate for County Attorney**

In recognition of his long and successful career as a member of the local bar and a commendable record as a prosecuting attorney in Cooke county, Wm. C. Culp of Gainesville, has been importuned by voters in numerous sections, to offer himself as a candidate for county attorney at the Democratic primary election to be held July 28.

He has authorized The Enterprise to issue this formal announcement.

Mr. Culp stated that his decision to seek the county attorney's office was reached only after sincere and mature consideration was given to the suggestions of interested citizens in many walks of life that he enter the race. He took cognizance of the assertions made to him that the office now is not being conducted in a manner serving the best interests of the people of Cooke county; that it is top-heavy in some respects and producing little worthwhile results in comparison.

Mr. Culp cited his past experience in conducting the office as the county's prosecuting attorney and said that his record as such is open for public inquiry and inspection. He offers his candidacy on that record.

Indicative of the spirit in which he enters the race, Mr. Culp remarked that no personal animosity is involved—that personalities

in the life of politics, as in legal combat in the open forum between men — is one of the mechanics of the legal profession, with no personal reflection implied or intended against an opponent.

With him, he said further, the contest is strictly a business matter, permitting a free electorate to express its choice of who shall be the county attorney, and regardless of the outcome, he will harbor no ill will against anyone involved.

He solicits the active support and influence of all who believe he can improve the operation of law enforcement in the office he seeks, again referring to his previous experience as county prosecutor as a basis for his candidacy. (pol adv.)

## They Won't Be Missed

Chairman Francis E. Walter, of the House Un-American Activities committee, has expressed the hope that his group will be able to bring out all the facts in the case of Sidney Hatkin, Air Force employee who has been under suspension for 14 months on the charge of being a "security risk."

And if Mr. Hatkin's story, that a member of the Soviet Military Mission in Washington sought to hire him to write a report on U.S. aircraft production, stands up under investigation, says Rep. Walter, we should send Soviet Ambassador Georgi N. Zaroubin back home. He feels that it is "more than a coincidence" that Communist spy rings were exposed in Ottawa, London and

Washington while Mr. Zaroubin happened to be occupying the Soviet embassies in those capitals.

Even though we feel it is a bit late for such stable-door locking, we heartily endorse the idea—providing the ouster is broadened to cover the embassy staff, the consulates and whatever other officials of the USSR are presently loose in our country, and with the further proviso that no replacements will be accepted.

We would naturally expect retaliation with respect to our own officials in Russia. But this too, we believe would be a plus. Under Red Rules, they can hardly be helpful to us. And recalling the treatment accorded the two picture-taking embassy wives a while ago, their very presence in such a country provides potential "incidents."

## Pause For Reflection

... with James C. Ingebretsen President, Spiritual Mobilization  
 "The foreman of a road gang, wishing to prolong the job," according to a recent issue of The Wall Street Journal, "instructed his men to do some stalling. One day he was hailed by one of the laborers, who said:

"Boss, I dug this hole where you told me and began to put the dirt back as I was supposed to, but all the dirt won't go back in. What'll I do?"

For a long time, the foreman pondered the problem.

"There is only one thing to do," he finally announced. "You'll have to dig the hole a little deeper."

There, I would say, is the whole philosophy of "progressive" or "liberal" government. Do as many needless jobs as you can get money appropriated for; and, whenever a project — such as, for instance, Federal "crop control" or "wage and hour control" or "social security" — doesn't quite work out the way it was supposed to, there is only one thing to do — just dig the hole a little deeper.

### THE BEAR'S CHOICE

One of the brown bears kept at the Portland, Oregon, Zoo dug his way out of his cage to freedom. He roamed the woods until he was discovered by visitors. His keeper had no trouble rounding him up. An offering of meat and the bear went back in his cage.

In the wilds bears hibernate at this time of the year when food is scarce, and sleep through the winter. But this bear gave up his freedom for a meager handout.

Man is often like the Portland bear. He fights his way to freedom from oppression and slavery and then gives up his hard won victory for a few pittance from government. Like the bear he accepts the dole of his keeper and the gate slams behind him with a jarring finality. — Industrial News Review.

### "THE EARTH IS THE LORD'S"

"The earth is the Lord's and the fulness thereof." (Ps. 23, 1) These words from the Psalmist bespeak the sacred dignity of the land. It belongs to God. Man has the use of it in sacred trust. He should always approach the tilling of the soil with the reverence due this divine storehouse of God's bounty.

Man must have the technical knowledge and the necessary skill to enable him to bring forth from the land the honor it is capable of rendering its Creator. Through man the earth rises to the fulness of its capacity to praise God. How holy man himself must be if the Lord of the earth is to be praised through his efforts to make of the earth the Country Beautiful.

# The Power of Memorial Day

by Dr. Norman Vincent Peale

I had the privilege of growing up in small Ohio communities in the early part of this century, and one of my most inspirational memories centers around Memorial Day and the old soldiers of the Civil War.

To me, Memorial Day was one of the most moving of all the national holidays. I was stirred by the speeches and martial music from the bandstand or cemetery on what we called "Decoration Day." There was something about the newness of life that the Spring had brought; soft sunshine falling on the fresh green grass of early summer, the misty hills in the distance, the sound of stirring national songs, and above all, the softly flapping flag in the gentle breeze as the speaker told us of our country, the deep devotion of its heroes, and recounted once more the stirring episodes of our heroic past.

And many a lazy summer afternoon, I sat on the coping around the old courthouse listening to the veterans of the Civil War tell of their experiences in the epic struggle between the States. A boy's imagination quickly sent him off behind long columns of blue or grey, and to him, such names as Antietam, The Wilderness, Shiloh, and Gettysburg became very real and meaningful.

Those old soldiers used to talk gratefully of Lincoln's insistence that those who had borne the heat of the battle and the burden of the struggle, the widow and the orphan, were to be given not charity, but their rightful due as the dependents of those brave men who had fought to preserve liberty and to keep the Union intact. It was regarded as a sacred duty of the nation, and the nation kept faith with its veterans.

In those days, as now, were many who had been disabled by the struggle. Their ability to compete in life had been reduced by wounds suffered in battle. Even as a boy I remember hearing how it seemed they were thought of only on such days as Memorial Day, when orators, fervent in their patriotism, remembered, if only for a day, the long continuing sacrifice made not by those who had died in battle, but by the disabled who were to live for many years following the great struggle.

The heroes of World War I and World War II and the Korean War are, of course, men who, with no concern for themselves, gave their lives that freedom might live. We can never do them adequate honor. And, we must never forget them. They died in their young life, forsaking the opportunities of the years that the rest of us might live and develop our highest hopes and dreams.

However, there are other living heroes who deprived themselves of either physical, emotional, or mental health for us and for their fellow countrymen. It would be as wrong for us to neglect or forget them as their buddies who today sleep on some Pacific Island or in a European cemetery. A hero dead or a hero maimed and disabled are both due our equal gratitude and our unceasing devotion.

We must never forget that the most effective way of honoring those who have died is to remember the living disabled, that their lives may be rich and full. They are a great asset to our country as the living embodiment of devotion to freedom. A country is recreant indeed which does not everlastingly keep alive grateful appreciation to those who suffered disability to perpetuate everything that we Americans hold dear.

There could be no better time than on Memorial Day to resolve that we shall gratefully support the honored men and women who have suffered disability from the wars of the United States.

 Anyone who thinks high supports help agriculture would do well to read and remember this statement by Dr. George S. Benson: "In every year but one since 1947, farm income has declined — and in all these years until mid-1955, high rigid price supports were in effect. It was un-

der such price supports that our present farm problem developed. In other words, if high rigid price supports were the answer to our problem, we would have no problem."

During maneuvers an army commander ordered this notice to be displayed on a bridge: "This bridge has been destroyed by an air attack."

But to his dismay he saw a foot regiment was calmly crossing the bridge despite his notice. He sent a messenger to see why they dared defy his orders. Ten minutes later the messenger came back.

"It's all right, sir," he reported. "The troops are carrying a notice saying 'We are swimming!'"

The get-together honored the Rohmers' daughter, Sister Romana, who will soon be leaving to return to Jonesboro, Ark., after being a teacher here during the past term, and also served as a house warming party for the Spaeths.

**Programs to Close Myra School Term**

The close of the current scholastic year at Myra school will be observed with three programs, according to Dennis M. Speed and Mrs. Lucy Williams, teachers, who are in charge.

Commencement for eighth graders will take place on Thursday, May 24, with a program at 8 p.m.; the annual May Festival will be held on Friday night at 8; and the final program, an old fashioned "stew" will be held Saturday, beginning in the morning.

At the graduation exercises, County Superintendent W. E. Chalmers will give the address and Lee Livingston, secretary of the school board will present certificates.

Friday's May Festival will feature the coronation of Penny Foster, fourth grader, as May Queen, and folk dances, a clown act and drills by the students. Penny won her crown in a contest among girls of the school who were first elected by popular vote, one from each room, then solicited votes at a cent each. The festival will stress wild flowers in its decorative theme.

Saturday's "stew" is new to this part of the country. History has it that the event originated in Tennessee and moved to East Texas, being taken there by Tennesseesians who made it popular. It features stew as the meal and provides an occasion for getting acquainted, visiting, and promoting community spirit.

At Myra at least two kinds of stew will be served. Members of the community furnish all the makings, the stew is prepared and cooked out of doors on the school grounds early in the morning and it's all free to anyone wishing to attend. There's only one requirement: those wanting stew must bring their own bowl and spoon. Everybody's invited.

Fred Hoedebeck received word Sunday of the death of his sister, Mrs. Katie Habing, 84, in Teutopolis, Ill.

### "Keep Learning" Is Advice to Grads At Baccalaureate

"Keep learning until the end of your lives" was the advice given by Rev. D. S. Pettijohn to graduates of Muenster High School at their baccalaureate

service in the auditorium Sunday night.

Referring to the scriptural passage on Christ's growth in wisdom, he reminded the class that they cannot in other way accomplish the mission that has been assigned to them by Almighty God. He said that each individual has a sacred duty to improve himself constantly and

to turn in the best possible report for his life's record.

Rev. Pettijohn also pointed out that the advice has practical as well as spiritual value. The person who does not keep learning and improving himself will find himself falling behind in the march of progress, missing comforts and joys he is entitled to, and perhaps some of the necessities of life as well.

Also recommended as essentials to a happy and successful life were the virtues of contentment, charity, moderation and diligence. Rev. Pettijohn advised that by applying those virtues each man can make his life pleasing to himself, to his neighbor and to God.

The service opened with a pro-

cessional by Margaret Milner and an invocation by Father Christopher Paladino. Two vocal numbers by the Sacred Heart Men's Choir preceded Rev. Pettijohn's sermon and another number by the same group followed it. In closing Father Christopher gave the benediction and Miss Milner played the recessional.

**Jack Gray Makes  
Statement in Race  
For District Judge**

On April 24, 1956, I announced my intention to seek the office of Judge of the 16th Judicial District, covering Denton and Cooke Counties. The following information is submitted to the people of the Muenster area in order that you may have some basis for judging my qualifications to fill this post.

My parents, Mr. and Mrs. J. W. (Jim) Gray, are natives of Denton County, my father having been born in Friendship, Texas, near Pilot Point. I was born in Denton on January 31, 1923. My wife is the former Miss Nancy Graham, daughter of Mr. and Mrs. W. E. (Bill) Graham, also of Denton. We have two children, Jana, aged 4, and Jill, 20 months.

I am now serving my second term as county judge of Denton County, a post to which I was elected in 1952 and again in 1954. For two years I was a special agent of the Federal Bureau of Investigation, working in the field offices in Boston, Washington, D. C., and Springfield, Illinois. In 1953, I was chosen as the Outstanding Young Man in Denton County, and in 1954, was selected by the Texas Jaycees as one of the Five Outstanding Young Texans. The selections in both cases were based on civic and professional activities in the community in which I live.

A graduate of North Texas State College, I served as a U.S. Marine Corps enlisted man overseas 23 months during World War II. Following my discharge, I entered law school and was graduated from Southern Methodist University in 1949. I was admitted to the State Bar shortly thereafter.

I am currently serving as Chairman of the Chisholm Trail District, Boy Scouts of America (formerly Denton-Wise District), am a member of the First Presbyterian Church USA, the Downtown Bible Class, the Denton Jaycees, the Masonic Lodge, Knights of Pythias, and serve in addition on the Board of Directors of some 17 organizations.

I feel that my record of service in the County Judge's office is evidence of the fact that I have given my best possible efforts to the job and the people who placed me there, and it is on this basis that I now seek promotion to the higher office of District Judge. Space does not permit my going into our various administrative accomplishments, but I want you to know something of my experience in

a judicial capacity. Of the 1498 cases I had disposed of as of April 15, 1956, over 400 were handled in trials by jury or in hearings before the court. Not one of the decisions which I have rendered has been reversed by a higher court. This, I think, is particularly important as a basis of preparation for the promotion which I now seek, for those cases which come before the District Court involve even more complicated legal problems, and of course, higher financial sums, than do the cases in county court. It is therefore, necessary that a person filling the job of District Judge have some background on the bench in order to give the best possible service to the people he represents.

I would be deeply grateful for the support of the people of the Muenster area, and should you elect me to the office of District Judge, I will utilize every bit of energy, ambition, experience and ability at my command to make you as good a District Judge as the 16th Judicial District has ever had.

**Expansion Program  
In '55 Costs TP&L  
Over 16 Million**

Continued expansion of facilities to provide for increasing electric service requirements in North, Central and East Texas was reflected in the Texas Power & Light Company's 1955 Annual Report issued early in May. The Company spent during 1955 a total of \$16,262,000 on new and enlarged facilities. The Company's new 110,000 kilowatt Collin Steam Electric Generating Station in North Texas was completed and placed in service in June 1955, the report stated. Preliminary plans were made for construction of another similar outdoor-type power plant on Stryker Creek in East Texas.

The report cites a 9% increase in operating revenues, 8% increase in operating expenses, and 3.7% increase in net income over the previous year. At the end of the year the Company was serving 325,344 customers, of which 15,522 were added during 1955.

A five-year summary reflects steady and continuous progress in the various phases of the Company's operations. Industrial Development in the Company's service area continued during the past year, with several nationally-known industries moving into this section of Texas.

The Company's report called attention to the fact that Texas Power & Light Company in 1955 was signally honored by being named winner of the 1954 Charles A. Coffin Award, considered the electric industry's highest honor. The Company also won during the year the Thomas W. Martin Award for outstanding contribution to rural life in the area served, and the George A. Hughes Award in recognition of promoting electric commercial cooking.

**SOIL CONSERVATION DISTRICT NEWS**

Rain last week helped firm up seedbeds and put moisture in the soil to enable some of the landowners cooperating with the Upper Elm-Red Soil Conservation District in the Muenster-Saint Jo area to make grass plantings.

Tony Felderhoff planted 10 acres of King Ranch Bluestem on his farm east of Muenster and Piner Griffis seeded a six acre plot of his farm at Saint Jo to this grass. Milburn Reed seeded KR on a waterway on the farm he operates for Jap Coursey south of Saint Jo. This waterway will serve as an outlet for water from a diversion terrace after it is established to grass. The waterway will also serve as a seed plot where seed can be harvested for planting on other areas of the farm.

More Coastal Bermuda grass roots have been planted in an effort to develop a source of roots of this improved grass on cooperators' farms.

Mrs. Tom Agee and Roy Atteberry of Freemound each have made a planting of Coastal. The plantings will be used as nurseries to produce roots for additional plantings. Coastal is a hybrid and produces no seed. The roots and runners are used for planting stock. It is a vigorous, high producing plant. It grows

the candy coated nuggets for baby pigs...

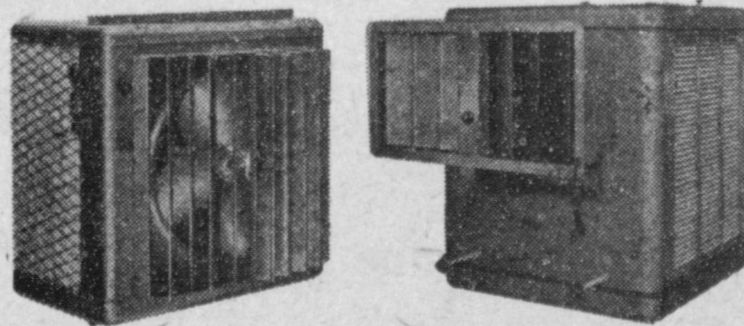

**GET MORE PORK RIGHT FROM THE START**

<b>YOU CAN WEAN PIGS EARLIER</b>	With this perfect baby pig feed — Red Chain Pig Kandy — you can wean pigs earlier. Feed it to pigs at two or three days of age, as a creep feed, keeping out the sow.
<b>SAVE BY FEEDING ANTIBIOTICS TO BABY PIGS</b>	During the nursing period, feed for maximum gain, because early gains are the cheapest. Pig Kandy puts antibiotics and critical nutrients in the pigs earlier.
<b>EARLY GAINS MEAN EARLY PROFITS</b>	When you feed Pig Kandy, you feed antibiotics direct to the baby pigs. This is much cheaper than feeding antibiotics to the sow to be transmitted by her milk.
<b>START FEEDING PIG KANDY AS CREEP FEED</b>	Don't take chances on your pigs health. The first ten weeks are the most critical. Feed the most perfectly balanced feed for healthier pigs, faster growth.

**MHS Band to Have Weekly Practice During Vacation**

Practice for members of the Muenster High band will continue through the summer, Director Jimmy Harris announced this week.

Starting on June 6 the group will meet every Wednesday night at 8 p.m. in the VFW hall. Former band members who wish to put in practice time are invited to join for the summer. Visitors, too, are welcome, Harris said.

The director has a two fold purpose in holding the summer sessions. One is that players will be in better condition when school starts again. The other is to have a band organized and ready for any occasion that might come up during the summer.

**Mrs. Fuhrmann**

Leon Fuhrmann and Jimmy Fuhrmann were mass servers with Henry Fleitman, Leslie Kuhn and Anthony Hermes.

Burial in Lindsay cemetery was directed by George J. Carroll and Son Funeral Home.

Bearers were Michael Fuhrmann, a grandson, and nephews Cecil Hermes, Lee Mosser, Hugo Mosser, Paul Klement and Damond Fuhrmann. Another grandson, Leslie Ray Lewis, was cross bearer.

Three rosary services were held at the Carroll chapel, at 8 p.m. Monday, at the same hour Tuesday, and at 10 a.m. Tuesday. The morning rosary was recited by members of the Christian Mothers Society of which she was a long time member.

Mrs. Fuhrmann, the former Mary Lucy Mosser, was born in Oran, Mo., August 7, 1883, a daughter of Nicholas and Sophia Mosser who came to Texas settling at Lindsay in the early days of the colony. She attended school there and married Mr. Fuhrmann there on Nov. 24, 1903.

December 27, fifty years later, was a banner day in the history

of St. Peter's parish and especially in the Fuhrmann family. On that day Father Aloys celebrated his first solemn mass in St. Peter's church and his parents celebrated their golden wedding anniversary.

Mrs. Fuhrmann is survived by her husband and ten of their 12 children. The five sons are Henry and Erwin of Lindsay, John of New Braunfels, Val of Muenster and Father Aloys of Subiaco; the five daughters are Mrs. George Hartman of Elmhurst, Ill., Mrs. Albert Klement of Gainesville, Sister Henry Ann of Abilene, Sister Michael Marie of Rowena, and Mrs. Ray Lewis of Dallas.

Other survivors are three brothers, Leo and Albert Mosser of Gainesville and Joe Mosser of Durant, Okla.; one sister, Sister Frances Helen of West, and 35 grandchildren.

All of Mrs. Fuhrmann's children from out of town were present at the last rites. Other relatives and friends from distant places included Mr. and Mrs. Joe Mosser and Mr. and Mrs. Edward Mosser, Durant, Mrs. Louis Mosser, her sons Hugo and Jimmy and her daughter Mrs. Keta Gaither all of Slaton, Mr. and Mrs. A. C. Flusche of Denison, Mr. and Mrs. Carl Pelzel of Denton, Sister Frances Helen of West, Mr. and Mrs. Burt Perrin and Mrs. Nellie Lewis of Dallas, Sister Ernestine and Sister Jane Frances of Denison, and Mrs. Pete Krebs of Tishomingo, Okla. and Mrs. Paul Devers of Dallas. Other relatives and friends were present from Gainesville and Muenster.

Mrs. George Spaeth of Lindsay is spending this week in Crockett with her daughter and son-in-law, the Mark Kutas.

Rev. Joseph Weinzappel visited here Friday with his parents. He came from Denison where he has been administrator of St. Patrick's church since the death of the pastor, Father Henry Felderhoff. Father Weinzappel will return to Dallas to his duties as assistant at St. Bernard's parish in Dallas this Friday. At that time Msgr. Thomas Zachry of Dallas will become pastor of St. Patrick's

**Little League**

Broncs, KCs; Yankees, St. Joseph Society; Tigers, Lions Club; Red Sox, VFW Post. Big league names were favored because little league uniforms with those names are available at lower cost than custom made suits.

Games will be scheduled regularly on Tuesday and Friday nights, giving each team the opportunity to play once a week. Make-up games will be played Sunday afternoons.

First practice is scheduled for next Monday night when 11, 12 and 13 year olds will have the field. The next night 8, 9 and 10 year olds will practice.

When the time comes for picking teams the four managers will choose in turn from the group of prospects. This method of organizing was adopted as most likely to prevent a monopoly of talent by any one.

League officers are Father Christopher, president; Herbie Herr, commissioner; Dr. T. S. Myrick, first vice president, Neil Fisher, second vice president; Ed Endres, secretary; Steve Moser, treasurer. Directors are R. P. Cain, Neil Fisher, Edd McGannon, Teddy Gremminger, Ed Pels, Dr. Myrick, John Fisher and Ed Endres.

**District Meeting**

Swirczynski was elected junior vice president and Mrs. Maurice Pagel, conductress, for the Auxiliary.

The convention began Saturday afternoon with registrations and visiting. A dance at night in the VFW Hall was the principal social event.

Ladies were entertained with a coffee in the Blue Room of the Main Cafe Sunday morning and district officers of the VFW were guests at a breakfast in the Ace Cafe.

After business sessions Sunday there was a social hour with lunch at the Post Home.

Represented were Posts and Auxiliaries from Gainesville, Sherman, Denison, Greenville, Denton, McKinney and Muenster. Guests were registered from Dallas, Fort Worth and Abilene.

**CARD OF THANKS**

The relatives of John M. Luke wish to thank everyone for the many kindnesses and help, the words of sympathy, the flowers and the spiritual bouquets at his death.

Jiggs McDonald of Oklahoma City was among those attending the VFW convention program here. He was a weekend guest of his cousin, Mrs. Dick Cain and family.

**Confetti**
