MUENSTER, COOKE COUNTY, TEXAS 76252 JULY 29, 1966

NUMBER 36

Prime Minister Ky of South Vietnam says that final victory in the present struggle will require an invasion of North Vietnam. A very unusual idea among the many that have been mentioned so far on the subject. The proposals usually call for defeating the Viet Cong and allowing South Vietnamese to establish a stable government of peace and independence, but no more.

Of the many official statements to date, Ky's seems to make the most sense. It implies the elements of loss and penalty, by which alone the aggressors can be convinced that crime does not pay.

From what we have heard so far the war has been a one-sided affair with the red Vietnamese in a position of everything to win and nothing to lose. We're all aware of the general set-up. Ho Chi Minh sent his infiltrators south with orders to take over. Presumably the Viet Cong would become the new heads of government. But we all know they would be only puppets and Ho would be the big cheese. Or, just as likely, Ho would simply announce himself as the boss of all Vietnam. The motive from the start was to conquer and claim.

Answering the Saigon government's plea for help, we got into the fracas and told Hanoi that we will not tolerate any such thievery. Furthermore we will not tolerate the presence of its thugs, and we are determined to chase them out. We sought negotiations on those terms, assuring that all would be forgiven if they would go home and behave.

Ho thumped his nose in return. And it's not surprising. He had all to win and nothing to lose by keeping the fight going.

After a long time, much too long, we finally decided to get rougher, as a stronger effort to discourage Ho's continued aggression. Even then we hit only a selected few military targets of North Vietnam while telling the world our intention was only to make the invasion so difficult and costly that Ho would quit and call back his men.

Despite the escalation our intention was still only to chase out the invaders. North Vietnam still had all to win and nothing to lose by fighting on.

In view of those facts it's easy to see why the war is still raging. Why shouldn't Ho be stubborn as long as he sees the slightest chance of victory but no indication that his own government is in danger?

As a matter of fact, why shouldn't all two-bit red dictators all over the world launch similar campaigns to "liberate" their non-communist neighboring countries? Their odds are as good as Ho's. They too have all to win and nothing to lose.

Well, it seems that Premier Ky has the best idea so far. Those thugs should have something to lose. South Vietnam with our help ought to make an example of Ho Chi Minh, thereby serving notice on his fellow gangsters elsewhere that crime does not pay. Ky's proposed invasion of North Vietnam is in order. Not only that. A complete job is in order — ending in the removal of Ho and his red henchmen and the liberation of North Vietnam from red tyranny. It's high time to show red aggressors that it's risky to reach for a neighbor's real estate.

Actually it's amazing that it has taken these several years to bring forth that suggestion. Through the ages Ky's proposal has been taken for granted. Any time one ruler tried to remove another he knew very well that he was taking the risk of being removed. Up to our own time there are plenty of cases of ambitious men whose covetous campaign backfired for them. Why should this country ignore the lessons of history? Why should we assure the big criminals that they can enjoy immunity while stretching out their greedy hands?

There's more to Premier Ky's statement. He was asked how about the danger of bringing Red China into the war by invading North Vietnam. His answer: "In my opinion, the real enemy, the real danger for the present, and particularly for the future, in Southeast Asia is the Chinese Communists. And with their policy

Twenty Teachers Listed for 66-67 At Sacred Heart

When Sacred Heart School opens a month from now students will find twelve teachers from last year's faculty, five old familiar faces returning after absences both long and short, and three that are new to the local staff.

Sister Richard, assistant principal, named the teachers this week but declined to name their subjects — in the academic department — until all duties have been assigned.

At the top of the list Father Alcuin Kubis continues as superintendent and also shares with Fathers Andrew and Benedict as religion teachers in all grades.

The school's principal is Sister Roberta. Other teachers returning from last year are Sisters Richard, Christopher, Anna, Alberta and Henrietta, also lay teachers Sara Fleitman, Joe Felderhoff and Brother Thomas Mosier.

Returning from longer ago are Sisters Amora, Theresina, Gerarda, Rose and Grace. And newcomers to the staff are Sisters Maurine and Angeline and Miss Evelyn Fetsch.

That completes the list of teachers in academic subjects. Still to be named at the convent are the music teacher, or teachers.

Another faculty member to be named is an athletic coach. Father Alcuin said he is looking but cannot make a statement at this time.

Not on the teaching staff but remaining at the local convent is Sister Helen, the housekeeper. And superior at the convent will be Sister Roberta.

Teachers from last year who are not returning are Sisters Geraldine, Genevieve, Mary John, Romana, Barbara, Alcyia and Rosaria, and James Mosier and Walter Wolf.

\$49,250 Budget Adopted by U. F.

Directors of the Cooke County United Fund adopted a budget of \$49,250 at their meeting last Thursday.

That's \$4,600 over last year's budget, and represents recommendations made by the Budget Committee consisting of Lambert Bezner, Don Howeth, Golden S. Plumlee, Dr. Harry Roark and Jim Smoot.

Participating agencies and the amount budgeted for each are: Boys' Club, \$10,000, Boy Scouts \$5,000, Camp Sweeney, \$7,000, Camp Fire Girls, \$5,500, Council on Alcoholism, \$300, 4-H and FFA, \$2,000, Hi-Y and Tri-Hi-Y, \$300, Muenster Youth Council, \$650, American Red Cross, \$9,500, Salvation Army, \$6,000, Texas Rehabilitation Center, \$500, office and campaign expense, \$2,500.

Going to Texas U

Dale Klement of last year's Hornet football and track teams has indicated his intention to attend the University of Texas and try for membership on the track squad. He is going on his own but was assured that an athletic scholarship is available for next year if he earns a place on the team.

MHS Signs Two Sooners

Band Director

Gareld Payne, a graduate of Oklahoma City University with the degree of Bachelor of Music, will be band director at Muenster High School this year.

With his coming the music department goes back on a full time schedule. For the past several years here the band directors have been on part time while continuing their college work.

Payne is a native of Oklahoma, finished high school at Weatherford, Okla., and got his music degree from Oklahoma City University. Since then he was in the armed service two years and taught at Bakhito, Okla., one year. He is working now toward his masters degree in music. Payne is also qualified for choral training and to give private lessons in organ and piano.

Frank Wilde Dies In Amarillo after One Year Illness

Frank Wilde, a native of Muenster, the first boy born in the new colony after it was settled 75 years ago, died in Amarillo early Wednesday morning. He had been in failing health since undergoing lung surgery a year ago.

Funeral services are planned for Friday at 9 a.m. in Amarillo with burial at Hereford.

Frank Wilde is survived by his wife, the former Miss Rose Schmitz whom he married in Muenster; one son James of Dimmit; one daughter Mrs. Dorothy Craig of Amarillo; four grandchildren; one sister, Mrs. Herbert McDaniel of Muenster and two brothers, J. B. Wilde of Muenster and H. S. Wilde of Gainesville.

Leaving Thursday to attend the services were Mr. and Mrs. J. B. Wilde and Mrs. Herbert McDaniel.

Polk Quits MHS. Takes Offer in Poverty Program

Coach James Polk will not be back with the Hornets of Muenster High School this year. He submitted his resignation Monday to Superintendent L. B. Brunns and said that he has accepted a position as counselor with the Neighborhood Youth Corps on the Department of Health, Education and Welfare.

His job will be to work with high school dropouts in the local five county area, helping them to find job training opportunities, encouraging them to return to school, etc., and check in their progress. The area includes Cooke, Montague, Denton, Grayson and Fannin Counties, with headquarters in Gainesville. He will continue living here.

Superintendent Brunns said Tuesday that he does not have a replacement for Polk, however he has a contact, a former local coach, and expects to know soon whether he will accept.

Polk said his decision was a hard one to make. He and his family have been happy with the friendship and hospitality they found here and he enjoyed his three years working with local students. But the financial inducement was too good to pass up.

News of the Men in Service

Mr. and Mrs. Felix Becker and son Leo drove to Dallas airport to meet their grandson, Pvt. Johnny Becker, Friday afternoon when he arrived from Silver Springs, Md., and had an hour between flights. He was going to Fort Bliss, El Paso, for further training, following a leave with his parents, the Vincent Beckers, after completion of basic training in Georgia.

John Ladd, CTC, U.S. Air Force, his wife Philomena, and their sons Robert 13 and Vernon 11, visited three days last week with her mother, Mrs. John Felderhoff, after returning from Hawaii and before going to Travis AFB, Calif., for his new assignment. It was their first visit home since they left the mainland four years ago. They visited his mother in California, stopped at Wichita Falls with her sister, Mrs. Rita Jennings and left Saturday to visit his relatives in Oklahoma City.

English Teacher

Mrs. Phyllis Coffey of Thackerville, Okla., joined the Muenster High School faculty this week as its new English teacher. She succeeds Mrs. Charlie Cash of Callisburg.

The new teacher is the wife of the new superintendent at Thackerville. She has a BA degree from Southeastern Oklahoma State College of Durant and has had six years of teaching experience since then. Her last two years were spent at Kerens, Texas, while her husband was principal there. They moved to Thackerville when he got the superintendent job there. She will drive daily to her work here.

Mrs. Bob Kupper and children Doyle and Douglas, Marlene and Eric of Marlin spent last week here with her mother, Mrs. Werner Endres. Marlene stayed for a longer visit.

Jaycees Set For Fish Fry

Friday is the big night and Jaycees are all set for their fourth annual fish fry in the city park starting at 7 o'clock. Members are confidently expecting their biggest attendance ever.

It will be a benefit affair to raise funds for Muenster Public Library.

Tickets are selling at \$2.00 for adults and \$1.00 for children under 12, and people are invited to come with big appetites — and not be bashful about going for seconds. Tickets are available at White Auto Store, Tommy's Barber Shop, The Center, Fisher's Market and individual Jaycee members, and at the fish fry.

On the menu are fresh channel catfish, pinto beans, macaroni, onion rings, salad, pickles, tartar sauce, lemon wedge, hot rolls and iced tea. Jaycees will prepare and serve it under supervision of Emil Rohmer.

Songs by the Frohsinn choir of Dallas and the Muenster choir, separately and together, will head the entertainment. Another feature is a general songfest for those who wish to participate. Song leaflets will be available.

NEWS OF THE SICK

Gary Wayne Hermes, 6, son of Mr. and Mrs. William Hermes, was a patient at Methodist Hospital in Dallas three days last week for skin graft surgery on his left hand to repair damage left by a burn. His parents were with him for the operation and Mrs. Hermes stayed until Saturday when he was dismissed. Gary is due back Friday for a checkup.

Tina Wilde, eight-year-old daughter of Mr. and Mrs. Ray Wilde, has 17 stitches in her legs, the result of tumbling through a plate glass door at Wilde Chevrolet Co. The accident happened Saturday evening when the Wilde children were playing at the garage. Tina was stitched at Muenster Hospital and went to Gainesville to stay with her aunt Mrs. Freddy Schmitz and family while her mother was a patient at Muenster Hospital. Mrs. Ray Wilde was dismissed Tuesday, recovering from surgery, and Tina is back at home recovering from cuts.

Mrs. Frank Klement was dismissed from Presbyterian Hospital in Dallas Wednesday. She had eye cataract surgery last week Thursday.

Long Illness of 'Stormy' Blanton Ended by Death

John W. (Stormy) Blanton, 82, a long time carpenter of Myra who had worked on many building jobs in Muenster, died Sunday morning in Houston after a long illness.

Funeral services were held Tuesday at 10:30 in the chapel of Geo. J. Carroll and Son Funeral Home with the Reverend W. D. Craig of Nocona officiating. Burial with Masonic rites was in Fairview Cemetery of Gainesville.

Blanton was born August 9, 1883. He was a member of the Myra Methodist Church and the Myra Masonic lodge.

Survivors are his wife; one daughter, Mrs. Bent Leigh of Houston; three sisters, Mrs. Charles Noble of Valley View, Mrs. Sim Littlejohn of McKinney and Mrs. Floyd Watts of Gainesville; three brothers, Lon of Valley View and R. W. and Grady of Gainesville; and one grandchild.

Wolf Resigns as Athletic Director At Parochial High

With less than three weeks to go before the start of football practice the Sacred Heart Tigers are in need of a coach. Father Alcuin Kubis, superintendent, disclosed Sunday that Walter Wolf, the team's skipper, has turned in his resignation as athletic director.

"We hate to lose him," Father Alcuin said, "and Walter quit reluctantly. But his change is well justified by financial gain." Walter has accepted an offer from a new manufacturing firm in Gainesville.

Since the announcement Father Alcuin has been hunting for a replacement. He said Wednesday afternoon that he has spotted one prospect and expects to see him in a few days, but would not say whether he considers the prospect hot or cold.

Wolf closes his coaching career after five years of working with the parochial school athletes. He came to Sacred Heart as assistant to his brother, Adam, and moved up to head coach when Adam resigned two years ago. Besides coaching the Tigers in football, basketball and baseball he has had charge of girls basketball and Cub football — seventh and eighth grades.

Last year's Tiger gridders were district champs of the Texas Catholic Interscholastic League and are hopefully eyeing the trophy again this year.

Local Fire Chief Attends Firemen's School at A&M

Fire Chief Alvin Hartman represented the local volunteer department at the annual Firemen's Training School at A&M University July 17-22. During the five-day school he attended an instructor's training course.

A total of 1,651 men from 456 cities, 17 states and two foreign countries were enrolled.

The local chief's attendance at the school benefits the city by maintaining its key rate for insurance. He was sponsored by the city and Cooke County Farm Bureau.

Mrs. Hartman and children Monica, Bobby and Kenny went along for a vacation. They stayed at College Station and the children went swimming every day.

Together the family visited Larry Reiter and Doug Hellman, students at A&M. And after the school closed they drove to Houston to spend the weekend with her brother, Charles Felderhoff.

Outstanding events were a tour of the Astrodome, a game between the Astros and Pirates, a movie, "The Sound of Music," and a tour of the NASA Center where they saw among other things two of the space ships the astronauts manned in outer space. They also toured the Humble Building, tallest in Houston, and rode the elevator to the 45th floor.

College Gets Grant

Cooke County Junior College is one of 52 institutions of higher learning in the state approved for grants of \$5000 each from the U.S. Office of Education under provisions of the Higher Education Act of 1965. The money is to be used for the purchase of library materials.

A cellulose sponge can sop up water 20 times its weight.

School Enrollment Date Is August 26

Classes at the Muenster schools will begin on Monday, August 29, according to a joint announcement this week by Father Alcuin Kubis of Sacred Heart School and Superintendent L. B. Brunns of Muenster Public School.

That's a week later than last year and the reasons are to avoid some of the August heat as well as to allow teachers, especially at the parochial school, more time to get their work organized. Most of them arrive here after August 15.

The first day to report will be Friday the 26th. Students will be expected at 9 o'clock

Saturday Service Ends at Bank

Remember to do your weekend banking on Friday — and better just make a habit of it. Saturday banking service in Muenster has come to an end. For the first time since the bank's opening in 1932 it is operating on a five day week.

The new schedule was adopted early this month by Muenster State Bank and the other four banking institutions of the county after being in use for many years in the big city banks.

With Saturdays off the bank will observe fewer legal holidays. Eight former free days are cut off leaving holidays for New Year's Day, San Jacinto Day (April 21) July 4, Labor Day, Thanksgiving and Christmas. Law specifies that 5-day-a-week banks may observe only those holidays.

Sister Geraldine Gets Executive Job at Convent

Sister Geraldine, principal of Sacred Heart School last year, returns to her convent at Jonesboro, Ark., this year as newly appointed sub-prioress of the Olivetan Benedictine community. Along with her duties as first assistant to the mother superior she will be supervisor of schools served by the convent.

Sister Geraldine leaves after teaching twelve years in Sacred Heart, the past three plus nine years at various times before that.

Her new work will bring her back occasionally to consult with the local faculty.

BIRTHS

Mr. and Mrs. Ted Henschel announce arrival of their second son, a brother for 20-month-old Curtis. The newcomer was born at Muenster Hospital Thursday, July 21, at 5:52 p.m. He weighed five pounds five ounces. Welcoming another grandson are Messrs. and Mmes. Ed Hess and Henry Henschel. Mr. and Mrs. Tony Fuhrmann of Lindsay are great-grandparents again.

From Houston comes announcement of the birth of a nine pound boy to Mr. and Mrs. Earl Swingler. Now 10-year-old Ronnie and his two big sisters have a baby brother. He was born Friday July 22. The news was promptly telephoned to Muenster to the baby's grandmother, Mrs. Joe Swingler.

Proudly announcing their first child, an eight pound two ounce girl, are Mr. and Mrs. Bobby Yosten of Dallas. And Mr. and Mrs. Al Yosten are happy being grandparents for the first time. The baby was born Sunday, July 24, 9 p.m. The maternal grandmother is Mrs. R. L. Jininez of Dallas. And there are two great-grandparents, Mrs. Bob Yosten of Muenster and Joe Tischler of Celina.

Mr. and Mrs. Rudy Dieter of Lindsay are parents of a son born Saturday, July 23, at Gainesville Hospital. He checked in at 11:06 a.m. weighing nine pounds three ounces. Others welcoming him are his sister and two brothers and grandparents, Mr. and Mrs. Phillip Metzler and Mrs. Val Dieter, all of Lindsay.

to enroll and check out books and be assigned their desks and lockers.

The announcement also listed the year's calendar which is being observed by both schools. As in previous years schools will follow the same schedule as much as possible in order to avoid unnecessary travel for the bus system which serves both of them.

There will be eight holidays in addition to the Christmas vacation. They are booked for September 5, November 1, November 24 and 25, December 8, December 22 to January 2, March 24 and 27 and May 4. The school year ends May 24, 1967.

Some changes of enrollment are expected this year to relieve the previous over crowded condition at Sacred Heart. The school has been warned by Texas Education Agency that its accreditation is jeopardized by having too many in a classroom.

Steps to correct that situation were started last Sunday at a special pre-registration for all students but the first graders who were registered before the last school year closed. As many as possible of those students will be accepted and the others will be notified that they can't be accommodated. Enrollment at the public school is expected to increase accordingly.

One Vacancy Remains on Staff Of Public School

With one exception, the teaching staff at Muenster Public School is complete for the coming scholastic year.

Superintendent L. B. Brunns said Tuesday that two vacancies which had existed all summer were filled that day, and another vacancy, which developed Monday, may be filled soon.

The new staff members are English teacher and band director. The one still needed is athletic coach.

The faculty list at this time is as follows:

L. B. Brunns, superintendent. George Petrus, principal and social studies.

Edgar Dyer, agriculture. Mrs. Jane Weinapfel, home-making.

Allen Harshburger, shop and mechanical drawing.

Mrs. Marie Mosman, science. Miss Bettye Dodds, commercial.

Carl King, Mathematics. Mrs. Phyllis Coffey, English. Gareld Payne, band.

Mrs. Patsy Sloan, library. Mrs. Josephine English, Mrs. Carol King and Mrs. Prudence Selby, elementary.

If federal appropriations continue in their subjects two other teachers, on the job through the summer, will be back at school. They are Mrs. Edgar Dyer in remedial reading and Mrs. Josie Christian in the Head-Start program.

Driver Training Course Nears End

The summer course in driver training in Muenster is nearing its end and likely will be finished Friday.

James Polk said Tuesday that thirteen have taken drivers tests and all but one have had the restriction removed from their restricted licenses. They are licensed drivers.

The remaining 16 will take tests Friday, if time will permit. Otherwise the last of them will get tests next week.

The driving course is the same as that given during the regular school year. Students do class work and take an examination before taking six hours of driver training and six hours of observation with their instructor.

After that they take the regular test for a driver license with an officer of the Department of Public Safety.

Mr. and Mrs. Joe Hess had as guests last week her nieces and nephew, children of the Marvin Rauschubers of Valley View, while they were in San Antonio. Charles and Kevin helped entertain their cousins, Karen, 8; Gail, 5; Carla, 2; and Don seven months.

INTIMIDATING THE OPPOSITION

The power of federal investigative and regulatory agencies is more and more being used to harass and coerce those who express views in opposition to "official policy".

The National Right-to-Work Committee, for example, has been under investigation since early this year by the Internal Revenue Service to determine whether it should lose its tax-exempt status. The Committee led the successful fight against repeal of section 14(b) of the Taft-Hartley Act. The result was a major setback for the Administration and a disappointment for labor organizations which had counted on federal repeal of state right-to-work laws.

Reports the National Review "The Administration is continuing its vendetta against the National Right-to-Work Committee... Unable to unearth any wrongdoings, the first IRS agent was 'reassigned' and the second one became 'sick'. The Committee now is being investigated by a third agent, requiring the entire process to start again." The Labor Department is looking for any possible violation of

the Landrum-Griffin Act. The implication that federal investigative powers are being used to intimidate and suppress is obvious.

Polls indicate the majority of Americans agree with the National Right-to-Work Committee's opposition to the repeal of 14(b). But, even if they did not, such strong-arm actions against peaceful and loyal opposition cannot be condoned in a free society. The right to oppose, as well as propose, is fundamental to representative government — it ensures that constructive criticism and debate will prevent ill-considered action. Use of federal power to restrain that right is sheer contempt for constitutional guarantees.

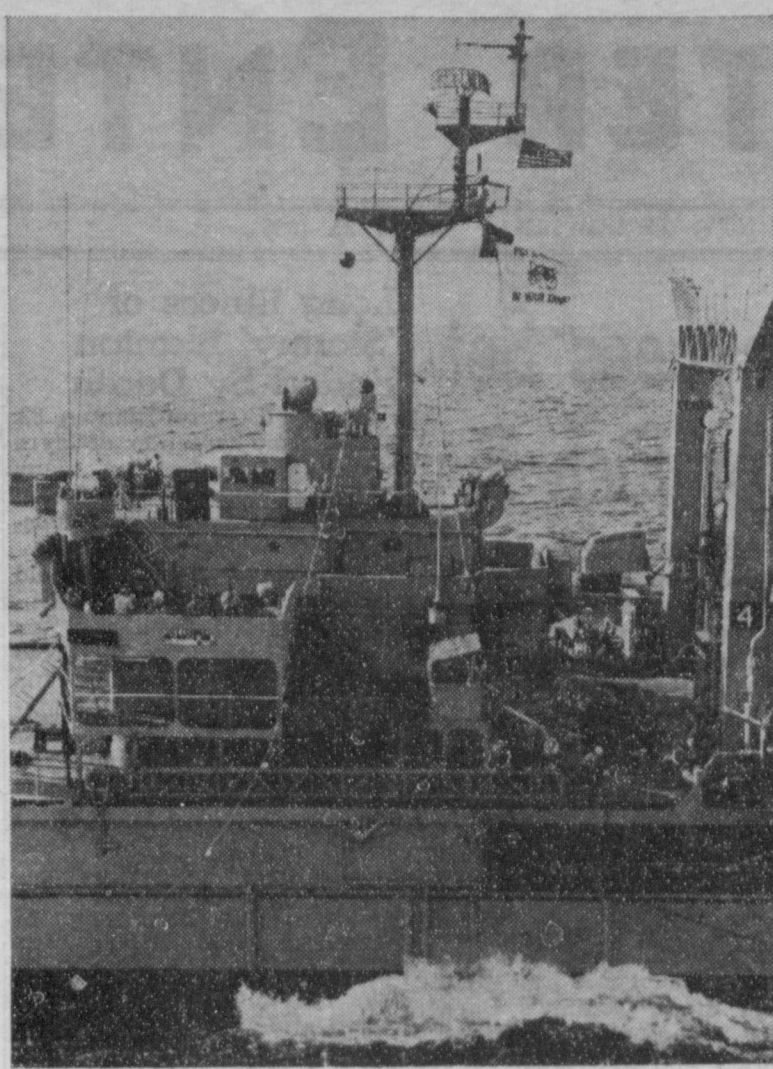

MORE PAY — IN PUFFBALLS

The U.S. Senate, as it takes up the minimum wage bill already passed by the House, has the opportunity either to increase or lessen the chances that it will bring on a faster rate of inflation than we are already experiencing. Already the Subcommittee on Labor has adopted an amendment, by Sen. Yarborough of Texas, which could result in economic chaos. The Yarborough amendment would hike the minimum wage to \$1.60 an hour as of February, 1968, instead of waiting until 1969 as the House version stipulates.

The House version was bad enough, from the risk-of-inflation standpoint. After the first increase to \$1.40 in February, 1967, the boost to \$1.60 two years later would amount to a 7.2 percent increase per year. That's considerably higher than the 3.2 percent "guidelines" which President Johnson and his advisors have said must be followed to prevent inflation troubles. Raising it to \$1.60 in just one year, as Sen. Yarborough proposes, would be a 14.3 percent increase.

Statistics, however, are not so revealing of the danger as is a statement made by Congressman Morris of New Mexico: "The fact is that a minimum wage increase that is thrust upon the economy at a rate too rapid to be properly absorbed might result in drastic economic consequences which would find our wage earners with less dollar-for-dollar purchasing power than they have today." Congressman Morris, incidentally, has favored an increase in the minimum wage all along. He has also favored putting off the hike to \$1.60 until February, 1970, to minimize chances that it will have consequences he described.

Actually, if one looks only

TIGER IN THE TANKER—The U.S.S. Navasota, a fleet oiler which has adopted Humble Oil & Refining Company's advertising slogan, "Put A Tiger in Your Tank," is shown flying her tiger flag during the refueling of a Navy fighting ship supporting the action in Viet Nam. According to the ship's skipper, the flag, which was especially made for the Navasota by Humble, is flown during refueling operations "to the great delight of our crew and the crews of the ships we service."

at statistics, a big and fast minimum wage hike appears to be a real good lead for every wage-earner. It's a well-proved fact that as surely as the minimum goes up, so will the pay of most who are earning above the minimum. The trouble is, prices for most everything we have to buy have a habit of going up too. A big, fast hike in the minimum wage will give some people a lot more pay all right — in inflated dollars — puffballs. That leaves them better off, we suppose, than the fellow who then has no job at all because the hike in the minimum has priced his job out of existence.

Not only should the Yarborough amendment be rejected by the Senate; another should be introduced to put off that boost to \$1.60 until 1970, at very least.

THEY'RE SUPRISED?

When Mao Tse-tung recently told the world that it was up to the North Vietnamese to fight their own battles, without help from Red China, amazement was expressed in some quarters. We are sure Mao's words came as a special shock to this country's highly tamed doves, who spent most of their waking hours quivering, quacking and cooing fearfully about Mao and his big, bad dragon.

The surprising thing is that Mao's statement should be surprising, even to our Fulbrights and Morges. If these people did a little basic reading about Communism instead of talking interminably about it, they'd know exactly what was behind Mao's statement. The simple fact is that back of that statement was another

one which Mao made years ago, and which has been a guiding policy with the Red Chinese ever since: "Enemy advances, we retreat; enemy halts, we harass; enemy tires, we attack; enemy retreats we pursue."

This was the principle that guided Mao when he seized China, after his beaten troops (beaten by Chiang Kai-shek) were fed and armed by Russia from stockpiles sized from the Japanese in Manchuria, and after American "statesmen" of that time saw to it that Chiang received no guns or ammunition from America to inconvenience Mao's agrarian reformers.

It was the principle that caused Mao to throw 200,000 Chinese "volunteers" against our men in Korea when he sensed the vacillating policy of American "statesmen" of that shameful period in American history.

Now that President Johnson has started to show some firmness by hitting at targets in North Vietnam that should have been demolished months ago, Mao has reacted precisely as he said he would: Enemy advances, we retreat...

However, we fear that even such evidence as this isn't enough for the Fulbrights, the Morges, the Clarks and other impervious types. Their cooing will soon resume, demanding that we stop being beastly to the Communists and coax them, pretty please, to come and talk things over.

And then Mao will be back in business. "Enemy halts, we harass..."

The man who enters a cage of ferocious lions impresses everyone but a school bus driver.

State Bond Sale Will Raise Funds For Student Aid

A \$10,000,000 state bond sale has launched a new "opportunity plan" designed to bring college educations within the financial reach of all qualified Texas youth.

"Never again will students of this state be denied higher education because of lack of funds," commented John E. Gray of Beaumont, chairman of the Coordinating Board, Texas College and University System. Initial bond sales was awarded to a Chicago bank.

Action by the Coordinating Board set in motion the loan plan approved by Texas voters as a Constitutional amendment last year. Amendment authorized a total of \$85,000,000 in bonds to provide funds for students unable to continue education beyond high school without financial assistance. Initial \$10,000,000 sale is believed to be more than adequate to carry the program through the first year.

Ceiling on available loans is \$1,000 a year for undergraduates and \$1,500 for graduates. Although a six per cent interest rate is authorized, the U.S. government will pay all interest while a student is in school — and half of it af-

terward for borrowers eligible for federal interest subsidy.

A borrower's family income must be less than \$15,000. Loans are limited to the difference between available resources and reasonable expenses. Money will be available for the 1966 fall semester.

Interested students are advised to contact the financial assistance officer at the school of their choice. Applicants must be accepted for enrollment and have two recommendations.

Every generation of Americans from Plymouth Rock to the Klondike, has played a part in the nation's progress.

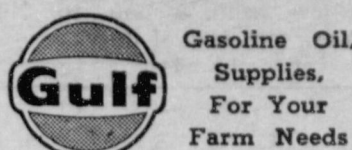

But long before the final chapter is written, the rural electric pioneer has earned an imposing place in the history of rural progress.

BRAZOS ELECTRIC POWER COOPERATIVE generates low-cost electricity for 19 member-owned distribution cooperatives, including COOKE COUNTY ELECTRIC COOPERATIVE. By electrifying remote rural areas, they have opened a new frontier for agriculture, for industry, for rural development and for rural people.

There is a dramatic story of cooperative achievement that blazed a new trail and is Helping Texas Grow.

Birthday Dinner In Dallas Honors Mrs. Carra Pagel

Birthday celebration Sunday for Mrs. Carra Pagel was in Dallas at the home of her daughter and family the Henry Schniederjans.

Accompanying her from Muenster were her son and daughter-in-law, Mr. and Mrs. Charlie Pagel, their sons Darrell, Carl and Curtis and her granddaughter Miss Lou Cole. Mrs. Charlie Pagel baked and decorated the birthday cake and took it to Dallas. It served as a centerpiece for the dinner table.

Mrs. Schniederjan had just been released from Presbyterian Hospital where she underwent surgery on her left leg. She's permitted to be up on crutches for short periods.

All jokes are old; all have been told before. Gratefully, then, we thank new readers and poor memories.

Ten-Year-Old Is Birthday Honoree

Terry Walterscheid celebrated his tenth birthday Sunday afternoon at a party in City Park with his parents, Mr. and Mrs. Willie Walterscheid as hosts. Guests were 16 boy classmates, cousins and other relatives and the honoree's brother Kim.

The young guests enjoyed a splash party and everyone joined in a wiener roast after ward. Games followed and birthday cake and ice cream were served.

The cake, made and brought from Fort Worth by Terry's grandmother, Mrs. H. H. Homsley, delighted the children. It was a Batman cake topped with ten sparklers.

Special guests in addition to Mrs. Homsley were Terry's uncle, aunts and cousins, Mr. and Mrs. Wayne Fincher and children Howard, Regina and Eric and Mrs. Barbara McCann and children Jeanette, Tina and Melinda, all of Fort Worth. Howard Fincher who spent a week here returned home with his parents.

Pelzels Back from Chicago Vacation

Vacation for Mrs. Joe Pelzel of Pilot Point and Mr. and Mrs. Carl Pelzel and children Carolyn, Jimmy and Tommy of Ennis was in Chicago where they got acquainted with the newest member of the family, infant Sharon Lynn Pelzel, daughter of Mr. and Mrs. Ernest Pelzel, and renewed acquaintance with the Pelzels' two boys. While they were with their son and brother the Texans also enjoyed sight-seeing with them.

Returning, Mrs. Joe Pelzel and granddaughter Carolyn stopped at Gainesville to visit Mrs. Pelzel's daughter and family, the Leo Felderhoffs. One day they all went to Pilot Point to spend the day with the Alois Pelzels and sons Gregory and Glenn.

One day Mr. and Mrs. Joe Pelzel Jr. and children drove over from Denton and one evening the Leo Felderhoffs, Carolyn, and Mrs. Pelzel Sr. visited in Muenster with the Albert Schillings and swapped stories about their visits in Chicago.

Friday the Carl Pelzels and sons drove over from Ennis, picked up Carolyn and spent the weekend with her parents, the Joe Hoenigs. On the way home they picked up Mrs. Pelzel and she accompanied them to Ennis where she spends the summer.

Other guests spending Sunday at the Hoenig home were the Rupert Hoenigs and sons of Carrollton.

The real estate salesman had spent all day Sunday showing a couple through model homes. "And here," he said wearily at the 10th home he had shown, "is the hobby room. Do you folks have any hobbies?"

"Yes," replied the woman; "looking through model homes on Sundays."

Mrs. Richard Grewing, president, conducted the meeting and Mrs. Walter Grewing and Mrs. Herman Grewing served refreshments to 22 members after adjournment.

Mrs. Rufus Henscheid won the door prize donated by the Charm Shop.

Helen Fleitman Lloyd Prescher Say Vows at Mass

Miss Helen Fleitman and Lloyd Prescher exchanged wedding vows in a double ring ceremony at Nuptial Mass Saturday, July 23, with Father Alcuin Kubis, pastor, officiating in Sacred Heart Church at 11 a.m.

Parents of the couple are Mr. and Mrs. Ben Fleitman of Muenster and Mr. and Mrs. Pete Prescher of Gainesville.

The bride, given in marriage by her father, wore a bouffant gown of white angelmist taffeta and Chantilly lace with long tapered sleeves, moulded bodice and Sabrina neckline embroidered with seed pearls and sequins. Lace appliques sprinkled with sequins adorned the front of the skirt and tiers of lace ruffles down the back swept into an aisle-wide chapel train.

Her elbow-length veil fell in tiers from a crown of pearls and she carried a yellow-throated white orchid and carnations atop a bride's prayer book, a gift from the bridegroom. For something borrowed she carried a pearl rosary belonging to the bridegroom's mother.

Misses Christine and Pauline Fleitman, sisters of the bride, were maid of honor and bridesmaid, and Linda Knabe, bride's cousin from Gainesville, was flower girl. They wore identical floor length dresses of light blue jacquard taffeta with half-moon sleeves and belled skirts, and matching headpieces. Their flowers were white pompon mums in cascade arrangement with matching blue bow.

Bridegroom's attendants were his brothers, Raymond and David Prescher. Pat Sicking, bridegroom's cousin, was ring bearer. Bill Tom Drozd and Jimmy Pulte of Gainesville ushered. Candlelighters and acolytes were J. D. and Johnny Luttmer and Johnny Sicking, bridegroom's cousins, and Melvin Schilling and Steve Rohmer.

Sacred Heart men's choir sang the Mass with Anthony Luke organist. Mrs. Dave Walterscheid was vocal soloist. She sang "Blessed Be This Day" before the service and "Sancta Maria" afterward when the young couple went to the Blessed Virgin's shrine where the bride placed a bouquet of white gladioli on the altar.

White gladioli also adorned the candle - lighted altar before which the couple pledged vows.

Wedding reception and buffet dinner were held in the Parish Hall for some three hundred guests. They were

Pfc. Royce Rennels Recommended for Soldier's Medal

Pfc. Royce D. Rennels of Myra — and another member of the 1st Battalion, 33rd Artillery at Fort Bliss, El Paso, have been cited for heroic action.

Rennels and Sgt. James R. Van Winkle have been recommended for the Soldier's Medal for their prompt action and disregard for personal safety in rescuing an unconscious man from a burning car in El Paso and treating a companion.

The two soldiers are credited with pulling a Midland man from his burning automobile, just minutes before it was engulfed in flames. They administered aid to the motorist who was in a state of shock and bleeding from head lacerations.

While walking down the highway to direct traffic around the accident scene, Pfc. Rennels found another unconscious man, thrown from the car and suffering from shock and head injuries. The soldier gave first aid to the victim until the arrival of the ambulance.

The quick action by the soldiers may have saved the lives of the two injured men.

Rennels is the son of Mr. and Mrs. O. G. Rennels of Myra.

Late one stormy night, a tired doctor was aroused from sound sleep by pounding on his door. It turned out to be a farmer who lived quite a few miles out in the country.

The farmer asked how much the doctor charged for country calls.

"Five dollars," snapped the doctor. Impatient that anyone would bargain under such circumstances.

Thereupon, the farmer asked the doctor to drive out to his farm immediately.

The doctor dressed, got into his car and drove out to the farmer's house traveling as fast as the muddy roads permitted.

As they stopped in front of the house, the farmer got out of the car, took \$5 from his pocket and handed it to the doctor.

"What's this?" asked the surprised doctor.

"There isn't anyone sick," the farmer explained, "but a cab would have charged \$10 to bring me out here."

SINGLE INSECTICIDE APPLICATION CONTROLS FLIES UP TO 2 MONTHS

Few livestock producers realize the importance of controlling flies on their premises. In addition to spreading many diseases, these annoying pests can seriously hamper efficient weight gains and milk production.

Now, many livestockmen throughout the country report exceptional long-lasting control of flies with a unique new insecticide, known as Cygon.

Beginning the day after application, Cygon eliminates these pests continuously for up to 8 weeks or longer. Thus, as little as two applications can provide protection against these insects for an entire season. By saving labor normally devoted to more frequent repeat applications of other insecticides, this material significantly reduces the overall cost of a fly control program.

Even species of flies which have developed resistance to other insecticides are effectively controlled, according to research studies and field use on commercial farms.

Thus, an ever-increasing number of authorities are recommending use of the new long-lasting insecticide around feed lots and corrals, in dairy barns, hog pens and poultry houses—in fact, wherever flies tend to breed and gather.

County College Offers Counsel to Veterans Since '55

Cooke County Junior College is offering counseling assistance to veterans who served on active duty with the armed forces since January 31, 1955.

Eligible unmarried veterans may receive \$100 monthly subsistence while completing the first two years of their higher education at CCJC; \$50 monthly is paid to unmarried veterans attending half-time.

Veterans with one dependent may receive \$125 monthly subsistence for a full-time education program and \$65 while attending half-time.

Veterans with two or more dependents receive \$150 monthly for full-time and \$75 for half-time attendance.

Any veteran attending college less than half-time may receive proportionate amounts of subsistence, to be determined by the Veteran's Administration.

President John H. Parker says special remedial help is available to veterans who did not complete high school or who have become academically "rusty" from being out of school several years.

"The veteran who seriously wants to undertake a higher education should find no better place to begin than at a junior college," CCJC President John H. Parker said today. "We do our best to counsel veterans into courses wherein they have the best chance to succeed."

"To some veterans this will mean the usual academic courses. To others it may mean occupational courses in welding, woodworking, drafting, automotive technology, business mathematics, and data processing."

To be eligible for educational assistance, a veteran must have served continuously on active duty for a period of at least 181 days, any part of which was after January 31, 1955. He is not eligible if he was discharged or released from the service under conditions other than honorable.

A veteran who served less than 181 days may be eligible if he was discharged or released because of service-connected disability. A present member of the armed services is eligible if he has served on active duty at least two years.

The maximum assistance available is for 36 months of full-time college work. This would cover four school years of nine months each for a veteran who served on active duty for at least three years after January 31, 1955. A veteran who served less than three years may receive one

Two states, New York and California, are trying a new approach to combat the growing tendency by the general public to ignore a crime being committed instead of trying to prevent it and apprehend a criminal or help a law enforcement officer do his job. Recently California made its first payment under its 'Good Samaritan' law... California last July became the first state to adopt such a law. It compensates private citizens for injury or damage suffered while trying to prevent a crime, apprehend a criminal or help a law enforcement officer.

Girls Club From Wichita Has Tour At Colonial Acres

Seventy-two girls from Southside Girls Club of Wichita Falls saw Colonial Acres Farm Monday afternoon on a tour guided by Gene Riggs, farm manager. Hosts were Mr. and Mrs. Ernest Medders, ranch owners.

Clad in shorts, many of them seeing a ranch for the first time, the girls were treated to a fried chicken and ham lunch in the horse show pavillion.

After lunch, which included watermelon for dessert, the girls sang for their counselors and the ranch staff.

A highlight of the cattle barn tour where they saw the show-winning black and red Angus cattle and Appaloosa horses, was watching a horse being shod. Horse trainer Bob Smith explained the process performed by Junior Styles.

Mr. and Mrs. Medders were out of town.

of aggression, expansion, domination, I think, sooner or later, we as free men have to face the Chinese Communists. And I think it's better to face them right now than in five or ten years."

The man does not deny the possibility of Red China moving into the war but he certainly does not think we should permit Red China and its satellite, North Vietnam, to achieve a stalemate now and

grow into a much tougher future opponent.

On that point it might be added that few military men are worried about Red China at this time. It has too many other troubles to take on a

big fight. The risk admitted by Ky is remote.

Meanwhile it seems like a good idea to set back the red conquest somewhat by taking North Vietnam off its membership list.
