Tigers, Jesuit B Tangle Saturday In Annual Classic

The annual football classic of Sacred Heart High, the clash of Tigers with the Jesuit B Rangers, is on schedule for Saturday night at 7:30 on the Tiger field.

Coach Joe Felderhoff says that he has no definite idea of what to expect of the Rangers, since he has no report of their games, if any, to date nor any information on the ability of team members. So he is assuming that the Rangers will have their usual tough outfit and the Tigers have a big job waiting for them.

Last year the better than average Tiger outfit was nudged out 18-20 by the Dallas fellows. Assuming that the Jesuits will have about the same strength Felderhoff is looking for a real struggle and possibly also a win.

The Tigers this year, with most of last year's starters back on the team, probably are a bit more potent. And all are in good physical condition. They came through their first game without injury and had an open date last week.

After the game there will be a dance for Sacred Heart students in the gym, the music to be furnished by The Circe.

Hornets Shine in 6-0 Decision over V. View Warriors

With a 6-0 win over the Valley View Warriors of Kamay, Muenster's Hornets last Friday gave big encouragement to their coach, their fans and themselves.

They were a different team from the one that was lucky to get a 6-6 tie at Lindsay the week before. The boys had overcome most of the confusion of that initial effort and showed a great deal more coordinated teamwork.

They were at their best in the first quarter, during which they had possession most of the time in a steady 65 yard drive to the goal. Likewise in the second quarter they dominated with the result that, up to half time the Hornets led 6-0 in score, 9-0 in first downs and 128-24 in total yardage.

To open the game Muenster kicked on its first series of downs and so did the visitors. Then Muenster started the only completed drive of the night with Ken Stormer, Wayne Klement and Tommy Tuggle alternating at the totting assignments. They used thirteen plays and five first downs in completing the 65 yards.

The scoring play was a slick 9 yard run by Stormer, who shook off a tackler at the scrimmage line and scooted over without being touched again. A pass from Cain to him for bonus points squirted away.

Urban J. Endres Is President of Muenster C of C

The job of shaping up a Muenster Chamber of Commerce got under way in its first meeting of directors Tuesday — at which the first business was electing officers as follows: Urban Endres, president; Mrs. Ernest Medders, vice president; Ernest Jaska, secretary-treasurer.

Next in order was a start on the membership drive, which the directors hope to finish before an installation banquet on October 19. A special inducement for the drive is the fact that all members who join before then will be guests at the banquet. Membership fee is \$15 for an individual and \$25 for a business firm.

The membership committee includes Al Felderhoff, Mrs. Ray Evans, Mike Sloan, Richard Grewing, Jerome Pagel, Bruno Fleitman and Rufus Henscheid.

A special committee for the installation banquet includes Ernest Jaska, Emil Rohmer and Dick Trachta.

The directors also set up a road committee to begin a study of feasible road improvements in the area. On that group are J. M. Weinzapfel, Ernest Medders and Urban Endres.

Directors also favored a special immediate project of putting Muenster's best foot forward during the national cutting horse finals at Colonial Acres Coliseum in mid-November. Suggestions were to offer help in conducting the show itself and to make the town look its best. The latter includes cleanups, trimming shrubs, mowing lawns and vacant lots, decorating store fronts, erecting banners, setting out the flag, etc.

Hornets to Host Armored Reserves Thursday, 7:30 p.m.

Armored B of '66, successor to the team that shaded last year's Hornets 29-24, will be in Muenster Thursday night for their annual game with the Hornets, and prospects at first glance are not good for the Hornets.

At this time that is the best guess on the game. For lack of other data it is assumed that the visitors will have their usual strength, and that is considerable from a school the size of Armored, whereas the MHS boys of this year are somewhat weaker in size and experience.

The game will be on the Hornet field starting at 7:30.

All of the MHS fellows except one are in top condition for the tussle. Ken Stormer came out of the last game with bruises but Coach Richardson expects him to be ready for the Armoredites.

Teachers Attend Austin Symposium On Speech Defects

Eight teachers from Sacred Heart School attended the Speaker's Symposium on Language Disabilities in the Municipal Auditorium in Austin on Friday, September 16. Mr. Ernest Medders, who is on the Governor's Advisory Board of Education, sponsored the teachers' attendance at this meeting.

The delegation led by the principal, Sister Roberta, included the following: Brother Thomas, Miss Sara Fleitman, Sister Christopher, Sister Anna, Sister Alberta, Sister Angeline, and Sister Henrietta.

The discussions at the meeting included critical evaluation of diagnostic and remedial methods of teaching a child to read. Early diagnosis of language disabilities was encouraged to ensure a developmental reading program for every child. Over 2,200 delegates heard the Honorable Ben Barnes, Speaker of the House of Representatives, express gratitude to the world-renowned speakers who participated in the symposium.

Mrs. Medders received special recognition at the meeting. Speaker Barnes introduced her and acknowledged with praise and gratitude the interest, time and energy she is giving to the problem of language disability.

Jaycees to Select Queen for Fair's Muenster Day

Muenster Jaycees this week launched a search for Miss Muenster to represent the city at the State Fair on Muenster Day, Sunday, October 16. She will be a member of the official party representing Muenster at the fair on German Day, designated as Muenster and Comfort Day.

Procedure for selection of the title winner begins with a community wide nomination ending next Tuesday night, Sept. 27. To be eligible a girl must be a resident of Muenster, single, and aged 16 to 21 inclusive.

Nominations, to be submitted in writing, need state only "I nominate (NAME) as a candidate for Muenster Day Queen at the State Fair." No signature is needed. Nominations should be mailed to Muenster Jaycees or left at Tom and Jerry's Barber Shop.

A screening committee will select 14 girls from the nominees. They will be notified promptly and invited to a tea in the home of Dr. and Mrs. Martin Kralicko. Others there will be out of town judges and a Jaycee wife accompanying each contestant. Tentative date for the tea is Oct. 9.

At that time five finalists will be picked, then the winner and runner-up selected and announced.

Gerald Hess is general chairman of the contest for the Jaycees.

Friday Luncheon Will Boost Fair's German Day

Promoting German Day in Texas, which will be featured at the State Fair on Sunday, Oct. 16, Gershon Canaan, chairman of the German Day Council, will be in Muenster Friday for a noon luncheon meeting at Rohmer's Restaurant. His appearance is sponsored by Muenster Telephone Corporation.

Purpose of his visit is to promote and plan for German Day at the Fair, at which Muenster will share honors with Comfort as featured communities and the late Fleet Admiral Chester Nimitz will be specially honored. Canaan expects to see all local people who are working on the German Day program.

Library Sponsors Art Show Sunday In MHS Gym

An art show presenting outstanding paintings and drawings of this area, particularly those made since the last art show, will be held in the Muenster High School gymnasium Sunday, September 25, starting at 1:30 p.m. It is sponsored by the Muenster Public Library and supervised by Alex Lutkenhaus.

Artwork from Muenster, Gainesville, Saint Jo, Nocona, Bowie and Henrietta will be on display, Lutkenhaus said.

There will be no admission charge, however a box will be handy for donations to the library.

Pre-School Class Starts October 3

The pre-school program in Muenster will begin on Monday, October 3, Superintendent L. B. Bruns announced this week. It will be a six months course, ending March 31, to give advance training to children who will start school next year.

Enrollment will be held on Wednesday, September 28, beginning at 8:30 o'clock in the auditorium. All children who reached their fifth birthday on or before September 1 are eligible to attend.

It is estimated that the community has about fifty children of that age, so the class will probably be divided into morning and afternoon groups, as it was last year. The purpose of the early registration is to organize the separate groups and prepare records before classwork starts on the following Monday.

Mrs. Josie Christian, last year's teacher, will be back on the job again.

Because of increased enrollment in the public school this year, additional space must be provided for the pre-schoolers. That space is the present band room. It will become a regular classroom and the band, as several years ago, will practice on the stage of the auditorium.

Funeral Held for Leo Klimpt, 63, at Altus, Ark., Monday

Funeral services with Requiem Mass and burial were held in Altus, Ark., Monday at 10 a.m. The pastor, Father Thomas Buegrler formerly of Muenster, officiated in St. Mary's Church and at St. Mary's Cemetery.

Among those attending the funeral were Joe Knabe, Gilbert Knabe, Messrs. and Mmes. Fred and Harold Knabe, all of Muenster, Mr. and Mrs. Kenneth Reynolds of Forestburg and Mr. and Mrs. James Knabe of Gainesville.

The local group visited with Father Thomas and he showed them through his new rectory. He sent regards to all his former parishioners.

New Ordinance Is Discouraging To Pest Peddlers

A new city ordinance intended to restrain unwelcome peddlers in the city of Muenster was passed Monday night by the Muenster city council.

It specifies that any person going into or upon a private residence as solicitor, peddler, hawk or transient vendor without having been invited by the occupants of that residence for the purpose of soliciting the order or sale of merchandise shall be guilty of a misdemeanor and subject to a fine of not more than \$200.

The purpose of the law, says Mayor Earl Fisher, is to discourage obnoxious and unscrupulous peddlers with a penalty that can be applied and also providing residents with a first line of defense against people they do not know.

Hereafter people can refuse anyone calling by phone for an appointment. Or they have grounds for prosecution if a salesman comes uninvited and acts in any way that can be regarded as a nuisance. Still the law does not hinder the kind of door to door business which would not provoke a resident's objection.

Benefit Ball at Colonial Acres to Aid W-F Center

Plans have been completed by Mr. and Mrs. Ernest Medders to host a gala benefit ball at Colonial Acres Coliseum on Saturday, October 1.

All proceeds from the invitation-only affair, to which some 500 couples have been asked, will go to the North Texas Rehabilitation Center in Wichita Falls.

Since construction of the huge show barn, Mr. and Mrs. Medders have become quite well-known throughout Texas, and elsewhere, for their lavish dances and receptions. The dinner-dance for the Center however will be the first benefit affair.

Plans indicate it will be a fabulous event. The formal (black tie) party will start with a cocktail hour at 8, dinner will follow at 9 and then there will be dancing to music by Wayne King.

Mrs. Medders was pictured in Sunday Wichita Falls Times observing therapy being conducted at the Wichita Falls Center. She is a member of the advisory committee to the Legislative Committee on Language Disorders and in this capacity participated in the Speaker's Symposium on Language Disabilities in Austin last Friday.

THE NEW OUTLOOK

It being the responsibility of a newspaper to inform, interpret and explain, we pause here to talk patiently with those people with old-fashioned ideas who find it hard to understand the true meaning of some of the "demonstrations" they see reported on TV and in news pictures. They see high-spirited youth breaking into stores and walking away with television sets, cases of whiskey, lamp shades and shoes and other goods, and from this they jump to the conclusion that laws are being broken.

Actually what they are seeing is the Great Society in action. These beneficiaries merely take direct action to get the good thing of life, without waiting for the tax people to take the money from the rich so that politicians can give it to underprivileged voters. In other words, these direct-action types are idealists, striving to right ancient wrongs, and doing only what any normal deprived, disadvantaged and frustrated person ought to do.

A Vice President of the United States, no less, has made this kind of thinking official, or at least semi-official, in saying that if he had to put up with some prevailing inequities he'd riot too. And the same thinking has been expressed by various brethren of the Orthodox Demagogic and Peripatetic Clan, whose

chapters are everywhere there's trouble brewing. These union derbysts of the new creed have made it plain that it's a person's rights, nay verily his duty, to break any laws that seem onerous to him. So why take seriously the law that says "Thou shalt not steal?" Especially when you're only stealing from society and taking the stuff that by all rights ought to belong to you.

The real criminal, you see, is society. So who can blame anyone for anything when all he's doing is showing resentment against a society that has been mean to him? This also explains many murders. Quite often there's nothing personal in these murders. The perpetrators knife, gun or garrote fellow-citizens because they symbolize a society that has been rotten to them. Ergo, how can anyone call them criminals?

As for policemen, everyone knows that there would be no crime if it weren't for police brutality (which forces people to oppose violence with non-violence or vice versa). Fortunately the Supreme Court is making it impossible for cops to continue their wicked ways, arresting people. The millennium will be ushered in when the Court declares all police forces illegal and disbands them.

Now, you understand, don't you?

A MONEY-MAKER FOR GOVERNMENT

Recitation of statistics is usually a pretty dry business, but some of the statistics relative to the size and scope of the world's petroleum industry are so astonishing that they should catch the eye of even the most statistic-weary reader. World consumption of petroleum products broke the 30-million-barrel-a-day mark for the first time in 1965. Total production averaged over 31 million barrels a day.

The U.S. is by far the largest consumer of petroleum products. Communist bloc countries account for 15 per cent of the total world consumption. Japan has been showing the greatest rate of increase and last year used 1,416,909 barrels a day of oil products. The Middle East countries, which are in one of the largest oil-producing areas, consumed only 409,000 barrels a day in 1965. Western Europe's inland consumption rose to an average of 6,606,000 barrels.

In the light of these figures, it is no exaggeration to say that civilization floats on oil. The higher and more complex the society of any nation becomes, the more oil is required to keep it functioning. And even more significant than all of this, according to Petroleum Management, is the fact that petroleum operations provide governments with about 4 times more income than the oil industry of the world earns. It is estimated that government revenues from fees, direct excise taxes, duties, royalties, etc., amounted to \$26.3 billion in 1965, while earnings of free world operating companies probably ran between \$6.5 billion and \$7 billion. The investor-owned oil industry is one of the greatest assets of the U.S.

MEN ON THE WAY UP

If you don't believe that wages are going up throughout the country just ask the people involved with the war on poverty program.

There is little doubt that wages are on the increase in a big way among people with the anti-poverty program. For instance, a welding instructor worth \$3,200 on one payroll became worth \$9,780 when placed on the OEO payroll. A physical education instructor who had earned \$4,600 found he could command \$9,480 as an anti-poverty warrior.

School teachers, it is reported, are being pirated away from dollar-conscious districts at Great Society salaries that are usually twice what they had previously earned.

And, the dedication to duty displayed by these anti-poverty warriors is almost stupefying. For instance, an OEO official was invited to speak to a graduating class of Head Start scholars aged five and six years.

The class was located some 200 miles away — a trip that would have taken a couple of hours in an automobile. But, the anti-poverty official was highly conscious of his responsibility and the post he held. Accordingly, he chartered a twin-engine plane in which to travel to the Head Start "graduates."

An Apology From Yankee Land

PAUL HARVEY REPORTS

Dear Dixie: Can you possibly find it in your heart to accept our sincere apology? When there was race rioting in Little Rock, Arkansas, we were convinced that the cause was callousness. Our public officials and our press in Chicago insisted that the only two reasons for Negro restiveness were your segregated schools and your stubborn governor.

We in Chicago, with integrated schools and a very liberal governor are now writhing in the agony of race rioting. And as we seek to set our house in order, we hope your headlines will be kinder to us than ours were to you.

And when a Mississippi Negro boy was found drowned, we in Chicago called this the "inevitable result of a white-supremacy tradition." Now a Negro girl, 14 and pregnant, has been shot to death on the front porch of her own home in Chicago — and we are confused and ashamed — and frightened.

What are we doing wrong that has made eight square miles of our city a battleground? Help us, if you can find it in your own hurt heart to help.

And Alabama, when your state police were photographed subduing rioters with night sticks, Chicago's bold-face front-pages condemned you for "indefensible brutality." Now Illinois State Police have resorted to armored cars and cracking skulls and shooting to kill...

Your governor has alleged that "Communists are fomenting this strife." We scoffed. Now 13 Negroes on Chicago's West Side have been charged with "plotting treason." We are sweeping admittedly Communist literature from our littered streets.

Forgive us for not knowing what we were talking about. Georgia: When you were photographed in the act of turning back crowds of marching children — we could not control ourselves. The very

idea," the Chicago press editorialized, "that youngsters should be considered a menace sufficient to justify the use of tear gas!"

Now, in our own asphalt jungle, we have seen Negro youngsters of 9, 10, 11 — advance on police with drawn guns or broken bottles — screaming, "Kill Whitey!"

And we used gas and clubs and dogs and guns and, God forgive us, what else could we do! Can you, Georgia, forgive us, too?

We tried the patience we had preached. Honest, we did. We tried so desperately that seven policemen were shot the other night, two of them through the back. So, in the end, we restored to methods more brutal than yours. But, don't you see, we had to!

And our mayor listened to the Negroes' leaders, as he so often admonished you to do. He had listened, he had made compromises and confessions and he had offered sacrificial police officials and school officials — but they kept coming from so many directions with so many demands — and then — demanding to keep the fire hydrants gushing for their playing children during the city's most critical drought —

Dear Dixie, perhaps we have not yet learned fully to appreciate what you have been trying to do to effect evolution without revolution — but for whatever belated comfort it may be, from our glass house we will not be throwing any more stones at you... for a while.

The Texas Highway Department, with 840 thousand acres of right of way to care for, is the state's biggest landscape gardener. Efforts started 30 years ago now beautify Texas roadsides. Plantings subtly call attention to potential roadside hazards and retard erosion.

ANOTHER CITY FED UP

The Job Corps has decided to abandon its controversial women's training center in St. Petersburg, Fla., because of "local hostility." A plan to move the center from its location in a former luxury hotel in a residential area to another hotel in St. Petersburg's waterfront commercial district was given up because of opposition from Florida's Gov. Hyden Burns. The young women trainees will be transferred to some of the other eight women's centers which are in operation in other cities.

The St. Petersburg center has been a focal point of local opposition since it opened in April of last year with nearly 2.5 million dollars allotted to turn potential welfare recipients into useful citizens and effective mothers. An assortment of charges of pampering the trainees, frills, waste of funds, political manipulation, policy conflicts, inadequate screening of recruits, drinking, and sexual escapades has come from critics.

Only last month the city council of New Bedford, Mass., alarmed by a week-end gang fight involving 40 to 60 Job Corps trainees, asked President Johnson to move the Fort Rodman center out of that city. The uprising capped a series of complaints by local residents about inadequate discipline at the center.

Rep. Richard L. Roudebush (R-Ind.) has demanded that the Camp Atterbury, Ind., Job Corps center be shut down, describing it as a "continuing source of scandals," which include reports of fighting, drinking, homosexual activities, vandalism, and the arrest by the Federal Bureau of Investigation of a staff member accused of accepting a bribe. The mayor of Battle Creek, Mich., told the nearby

Fort Custer center to keep its trainees out of that city for a month, after repeated disorders by corpsmen, and threatened to ask the national guard to help police the trainees if his demand was not complied with.

Sargent Shriver, director of the Office of Economic Opportunity, complains about "half truths and innuendos" in defending the Job Corps. He maintains that "nearly all" of the 103 centers exist as good neighbors with adjoining communities. He admits, however, that the Job Corps and other anti-poverty programs are not perfect, but maintains it is unfair to condemn them all because of "isolated incidents."

The local residents who are fed up with the hooligan antics of some of the trainees think their protests are based on much more than half truths and innuendos. The incidents which have come to public attention must be pretty bad when a community wants no part of its Job Corps center. And the public can hardly be blamed for wondering how many more such incidents have been hushed up and if the 350 million dollars spent thus far on the centers is not just going for a political boondoggle.

**Virginia Taylor
Prentiss Mangum
Say Vows at Mass**

The wedding of Miss Virginia Taylor and Warrant Officer Prentiss (Pete) Mangum was solemnized in Sacred Heart Church Saturday at 6 p.m. with the bride's uncle, Father Harry Fisher of Fort Worth, directing the exchange of vows and celebrating the Nuptial Mass.

The bride is the daughter of Mrs. Charles O. Taylor and the late Lt. Col. Taylor. Parents of the bridegroom are Mr. and Mrs. James Mangum of Shreveport, La.

Roger Taylor of Houston presented his sister for marriage. She wore a gown of white silk organza over peau de soie enhanced with embroidered appliques. Embroidery edged the Bateau neckline and elbow length sleeves. The skirt, slim lined at the front had fullness gathered at the back and swept into an aisle-wide train. A satin pillow encrusted with pearls held her elbow-length veil and she carried a cascade of white roses and English ivy.

Mrs. Roger Taylor was matron of honor and Miss Jeanine Hofbauer of Dallas was bridesmaid. They wore Empire dresses with avocado green bodice, camelot sleeves, and mint green peau de soie ankle-length skirt. Headpieces were matching organza bows and tulle. Each carried a single long-stemmed yellow rose.

Richard Lee of Shreveport was best man and the bride's brother Jerry Taylor was groomsmen. Edward Pick and Francis Fisher, cousins of the bride, were ushers.

A young brother, Stephen Taylor, presented a single yellow rose to the bride after the services and she placed it on the Blessed Virgin's altar.

Wedding music was provided by Anthony Luke, organist, who also accompanied Mrs. David Walterscheid vocal soloist, and Mrs. Walterscheid and Dr. Martin Kralicke who sang a duet.

Wedding reception was in the Public School dining room where Miss Eileen Knauf, cousin of the bride, registered guests. Another cousin, Miss Rosemary Fisher, presided at the punch bowl and Mrs. Henry Spaeth of Gainesville served the wedding cake after it was cut by the newlyweds.

When the couple left on their wedding trip she was wearing a green knit sheath and black accessories. After a two-week honeymoon he will leave for duty in Viet Nam and she will continue her nurses training at St. Joseph's Hospital in Fort Worth.

Warrant Officer Prentiss is a native of Shreveport and completed his helicopter pilot's training at Fort Rucker, Ala., on Sept. 13. Miss Taylor was there, flying from Fort Worth to attend the ceremony and pinned on his bars. He has already had two tours of overseas duty, in Korea and Europe.

She attended Sacred Heart High School graduating with the class of 1964 and attended NTSU before entering nurses training.

Among out of town guests at the wedding were the groom's mother, his sister Miss Nell Mangum, another sister and her husband, Mr. and Mrs. Rex Crowell and Mr. and Mrs. Richard Lee, all of Shreveport, Mr. and Mrs. Leo Appel of Galena Park, their son-in-law and daughter, Lt. and Mrs. James Smith and son Gregory of Fort Hood, Mr. and Mrs. Jim Schwartz and children, Misses Clara and Emma Fisher and Mr. and Mrs. Paul Nelson, all of Fort Worth.

Sister Cynthia Fisher of Rhineland, Mr. and Mrs. James Walterscheid of Arlington, Miss Claudia Endres and John Fischer of Dallas, Miss Rita Fisher and Mrs. Helen Edmund and daughter Terry of Arlington, Mr. and Mrs. Douglas Hobbs of Gainesville and a number of classmates and friends from Fort Worth.

**Mrs. Kenneth Otto
Heads Department
At Baylor Hospital**

Baylor University Medical Center Department of Nursing has announced the appointment of Mrs. Kenneth Otto, R. N. to the position of in-service administrative supervisor, Women's and Children's Hospital.

Mrs. Otto, the former Miss Patsy Bayer, daughter of Mr. and Mrs. Martin Bayer of Muenster, is a graduate of Sacred Heart High School and St. Joseph's Hospital School of Nursing in Fort Worth. She began her career at Baylor in November of 1962 as a staff nurse. She also worked as PRN nurse in women's and children's hospital and was promoted to assistant supervisor in June 1965.

Mr. and Mrs. Otto reside in Arlington. They have just completed a vacation trip to California.

**Tiger B Stringers
Set Back 6-0 by
Sanger Reserves**

The B string of Sacred Heart's Tigers had lots of competition but handled it well in a game with Sanger B on the latter's field last Thursday night. Despite a loss of 6-0, their coach, Joe Felderhoff, said he is proud of them, especially their goal line stand which denied the Indians a touchdown in four tries from the 1 yard line.

That winning touchdown, though important to the record, did not reflect on the quality of Tiger performance, he said. It came when an Indian snared a Tiger pass and found the way clear for 40 yards to pay dirt.

Otherwise the game was mostly even. Fumbles were frequent on the sloppy field, the Tigers losing four of them and the Indians three. However Tigers also recovered four of their own bobbles and the Indians 3. First downs were 9 to 5 favoring Sacred Heart and penetrations inside the 20 by offensive effort were 2 to 1 favoring Sacred Heart.

All of the Tiger team gave a good account of itself, and a few were outstanding. They were Tommy Hess, Tim Endres and Melvin and Alcuin Schilling.

Cooke County delegates to the State Democratic Party Convention in Austin Tuesday included Mr. and Mrs. Ernest Medders and Ernest Jaska. D. C. (Dutch) Schneider was named to the State Committee on Nomination of Officers and Canvassing, and Mrs. Bob Claxton was elected secretary for the Ninth Senatorial District. Both are from Gainesville. Others present from Gainesville were Messrs. and Mmes. Bill Sullivan, Dale Britton and Norbert Felderhoff, Bob Claxton and Mmes. Schneider and John Atchison.

**Public School PTA
Resumes Activity
At Monday Meeting**

Muenster Public School Parent-Teacher Association resumed activity for a new year at its meeting Monday night with an introduction of officers and teachers, program planning and a social hour.

New officers elected at the close of the last term assumed

duties. They are Mrs. L. B. Bruns, president; Mrs. Paul Fisher, vice president; Mrs. Herman Hartman, secretary; Mrs. Tim Stormer, treasurer; Edgar Dyer, parliamentarian.

After teachers were presented and introduced, Superintendent L. B. Bruns and Principal George Petrus conducted a question and answer session. Questions from the floor concerned the pre-school class, school schedules and school

activity in general.

This year the concession stand at home football games will be operated by PTA members, all of them taking turns. Volunteers for supplies and work were accepted. Mrs. David Trachta was appointed to head the telephone committee.

Before business started, the Future Homemakers Chapter presented their officer installation ritual and introduced

candidates.

After adjournment, Chapter members and their sponsor Mrs. Henry Weinzapfel served coffee and cookies during a social period. Some 80 parents attended.

Mr. and Mrs. Frank Haynes Jr. and children Marie, David and Kenneth of Euless were Sunday afternoon visitors with her parents, Mr. and Mrs. M. F. Milner.

Jerry Taylor left Sunday by jet for St. Louis, Mo., where he is continuing his study for the priesthood at St. Louis University. He is studying for a social period. Some 80 parents attended.

Mr. and Mrs. Herbie Knabe have had her mother, Mrs. L. V. Hagan of Claude with them for a week to get acquainted with her new grandson. She'll be returning home this week.

Colonial Acres Has Champs at Abilene Black Angus Show

Colonial Acres Farm showed junior champions and reserve champions at the annual Angus cattle show during the West Texas Fair at Abilene. Rufus Cox, head of the animal husbandry department at Kansas State University, judged the classes.

A bull, Colonial Eva's Bardolemere, was named junior champion bull after winning its late junior yearling class and was reserve champion of the show.

A heifer owned by Mr. and Mrs. Ernest Medders, Blackbird of Eline, was named winner of the late summer yearling class, junior champion female and then reserve champion of the show.

Black Angus cattle from Colonial Acres Farm will be in Memphis, Tenn., this weekend for showing in the Mid-South Fair.

Three of the Herman Hartmann's sons are off to college this term leaving only one boy

on the farm. Tom is back at ETSC, Commerce, a junior; Roy and Joe are at Texas A&M. It's Roy's second year while Joe is a freshman. Donald is in school here.

Aubrey Tuggles Back From Trip

Their first flying trip, touring the nation's capital and other sight-seeing made vacation this year special for Mr. and Mrs. Aubrey Tuggle.

Going to Washington, D.C., they drove with their daughter, Miss Donna Tuggle and her friend Miss Terri Summers returning after a vacation visit here.

Together they visited President Kennedy's grave, saw the changing of guards at the Tomb of the Unknown Soldier, saw the White House and toured the capitol building. They also visited in Arlington, Va., where Mt. Vernon was a highlight.

Returning home Mr. and Mrs. Tuggle flew to Miami, Fla., where they had a stop-over and to New Orleans, La., for another stop and then to Houston. The trip was through courtesy of National Airlines which employs Donna as a reservation agent in their Washington, D.C. office.

Returning they were among 103 passengers on a jet and Mr. Tuggle won the "Hurtz car for a day," free use of an automobile after arrival at Miami.

At Houston they met the Rev. and Mrs. John Culpepper, local Baptist pastor and his wife, who were weekendending there and accompanied them home.

**Free Classes in
Basic Education
Offered at CCJC**

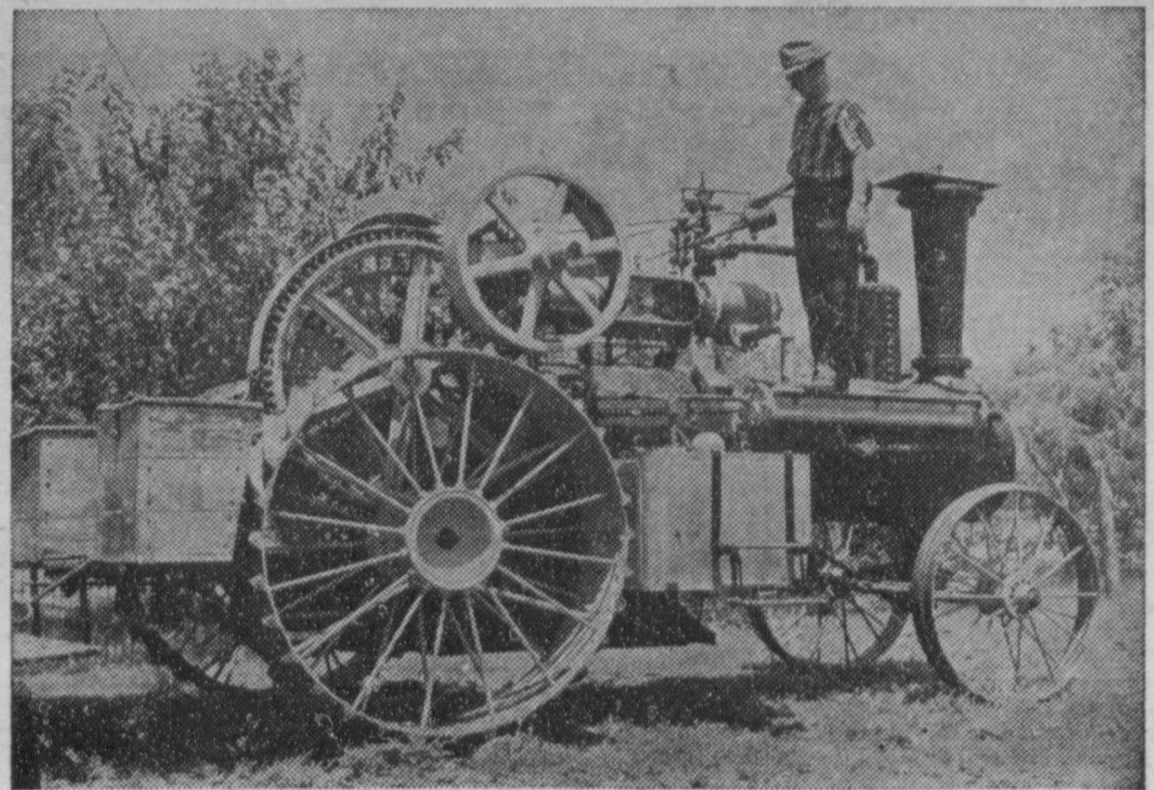

More than thirty Cooke County citizens have been taking advantage of the tuition-free basic education classes being taught on Monday and Thursday nights at Cooke County Junior College. "The three classes now available are financed almost entirely by the Texas Education Agency as a part of the Economic Opportunity Program," says CCJC President John H. Parker. "They are not the same as college-credit courses, but I would not be surprised any day if I were to see some of the same adults signing up for college level courses."

In one of the classes, adults are being taught the rudiments of communication. They practice the three R's, and gradually increase their ability to do school work at higher level courses. "The courses are offered on the college campus because the enrollees are mature adults, including some who are succeeding in the business world but see this as an opportunity to improve themselves."

The Texas Education Agency reports that more than 1,000 Cooke County citizens are eligible for the free instruction, meaning that more than 96 per cent of eligible enrollees are extended an invitation to visit the classes and determine whether they could profit from them.

Each class meets two hours each night. Books and writing equipment are issued free of charge to each participant. Any person at least 18 years of age who has completed less than eight grades of school is eligible to enroll. Any person who feels that he or she could benefit from refresher work at the elementary or junior high levels would be welcomed.

Teachers presently employed to teach the basic education classes are Mollie Dawson, Weldon Holland, and Dale Dennis.

Hold Your Fire!

"Hold your fire — save that wire!"

That's the word for hunters at this time of the year, as thousands of dollars in vital communications wires are damaged by careless gunshots.

NEVER shoot at telephone wires or insulators. The telephone you put out of service may be needed to call a doctor to a sick child, or the fire department, or for some other emergency. You wouldn't want your telephone out of service; don't endanger the service of others.

Roads Are Safer Than Ever Before

Texas highways are now safer than ever before. The number of fatalities has risen yearly, but the number of vehicles and the miles they are driven increase at a much more rapid rate. Highway fatalities in Texas in 1965 numbered more than 3,000. However, had fatal accidents occurred at the same ratio to total miles driven as in 1935 more than 12,000 persons would have been killed.

The Texas Highway Department believes this increased margin of safety is the product of better highways. This week Texas is observing Highway Week with the theme "Better Highways Save Lives ... Time ... Money."

Cubs Lose 22-0 to Whitesboro Kids

The Tiger Cubs, seventh and eighth graders at Sacred Heart, were losers by a count of 22-0 in their first football game Tuesday night. They played the Whitesboro kids on the latter's field.

They started the game as typical beginners but improved fast, Coach Joe Felderhoff said with satisfaction. First quarter was mostly confusion, the second was better, and the second half was still better. Considering their inexperience and weight disadvantage they did fine in holding their hosts to three touchdowns.

All of those scores resulted from long runs, about 70, 50 and 30 yards. Otherwise Whitesboro did not reach the 30. First downs were 7 for the little Bearcats and 6 for the Cubs.

The Cubs missed one good scoring opportunity, four tries from the 1 yard line.

Hornets - - -

water puddles along with constant mist hampered both of the teams. There were ten exchanges on fumbles, four by the Hornets and six by the Warriors. Making the six recoveries for Muenster were Glenn Klement two, and Herbert Sicking, Ken Swirczynski, Chris Cain and Donny Hartman each one.

After the first touchdown the ball exchanged on two kicks and two fumbles before Muenster made a first down, then lost and regained possession on fumbles and completed three more first downs before bogging down. Moments later, after another Warrior fumble they bogged down again and missed a good scoring opportunity. They lost the ball on fourth down on the 12.

Next half found the Warriors back with more determination plus a few breaks, so the Hornets had more trouble.

A penalty on the kickoff gave Valley View a free 15 yards and three more tries made 11 for a first down on the 37. Next series fell short by a yard and Muenster took over but only for one play, a fumble recovered by the visitors.

Next series the Hornets refused to budge on three downs and blocked the kick on fourth down, crashing into the kicker at the same time. So Valley View got the benefit of a 15 yard penalty, a first down on the 16. However, Hornet defense held again and the ball went over on the 12 four tries later.

That ended the Warrior threat, Valley View made two first downs and Muenster one until late in the game when the Hornets put on a nice 46 yard drive and fumbled on the 18.

Defense was solid again and Muenster regained the ball at the same place four plays later. At the time the clock showed 22 seconds and time ran out before the second play.

Bowie Lads Lick MHS Bees 42-0

The Bees of Muenster High were thoroughly smeared, by a count of 42-0, in their first encounter last Saturday night with a team of Bowie High reserves.

They were badly outclassed, says Coach Glenn Richardson, and did not have a chance. The team they ran into was not the expected bottom of the reserve list, composed mostly of rookie freshmen, like the Bees.

Nevertheless it was a well spent evening. The boys got some valuable experience and they kept up their spunk in

spite of the one sided score. They played hard up to the last whistle.

Their next game will be different, however, according to Richardson's guess. Meeting Saint Jo's second stringers on the Panther field at 7:30 Saturday night, they should be about evenly matched. The Panther squad has a few more members than the Hornets, so the reserve strength of the two teams is expected to be about even.

Winter schedule of Masses begins Sunday at St. Peter Church. Time for Masses will be 6:45 and 9:30 a.m.

Knights to Play Windthorst Friday

The Lindsay Knights, after an open date last weekend, will take on their arch rivals from Windthorst Friday night in their second and final practice game of the season. From then on the Knights will have eight district games in a row.

A big assignment faces Coach Henry Schroeder and his Lindsay boys as they host the Trojans, who have lots of experienced hands from the squad that bested Lindsay last year. Last week the Trojans lost to powerful Notre Dame of Wichita Falls. Lindsay's record is a tie with Muenster.

than the government people.

That leaves one big problem still unsolved, of course. Where would money come from to pay present social security benefits? Or future benefits until the give-away feature comes to an end? Either of two ways is possible. A separate program to meet standing obligations while another operates under the new system. Or a combination of the two which pays out the one while establishing the other. Either way an adequate plan to meet both obligations probably would not cost any more than the present scheme,

in which people pay far more than they are due to get.

Whatever the method of change, the objective is most desirable — to take the socialism out of social security and make it an insurance plan, as we were told it would be.

Monsters Play at Lindsay, Tuesday

First grid action of the season for Muenster's Monsters, seventh and eighth graders of public school is set for next Tuesday night.

They will take on the Squires, Lindsay seventh and eighth graders, on the Lindsay field starting at 7:30.
