VOLUME XXX

MUENSTER, COOKE COUNTY, TEXAS 76252 SEPTEMBER 30, 1966

NUMBER 45

It's a special pleasure for the column this week to recognize the Golden Wedding Anniversary of Mr. and Mrs. J. M. Weinzapfel, which they will observe next Monday with hundreds of their relatives and friends.

Arriving at this milestone in their lives, they enjoy a satisfaction that is attained by only a small percentage of married couples. Congratulations and good wishes are in order for them, as for all who are favored by that blessing.

But theirs is more than just another golden wedding. To Muenster people it is a special occasion because, through the years, Joe and Julia Weinzapfel have been something special to this community. Along with rearing a fine family and compiling their own success story, they have had a big part in the progress of this community. Thousands of folks here and away from here regard them as Muenster's number one couple.

If there were such a title as Mister Muenster, it would go to Mr. Weinzapfel. Since back in 1923, when he came here to help organize the Muenster State Bank, he has been both leader and principal worker in most undertakings to promote the welfare of the town and its surrounding rural area. He exercised the vision to see what was needed, the leadership to get projects on their way, and the energy to keep pushing toward the goal. He was the principal driving force which has enabled Muenster to enjoy a long time reputation of exceptional progress. He inspired and directed many of the efforts which enabled Muenster to move forward while many other rural communities were going backward.

Mr. Weinzapfel is the man who launched the effort and did all of the detail work in organizing Muenster as a city, with power to govern itself and provide the improvements essential to comfort and growth. And as the years passed, he had a prominent part in building the water system, streets, sewer and various other municipal projects.

He was one of those who induced local members of the old and disintegrating Farmers' Union to maintain their cooperative effort by setting up their independent organization, the Farmers' Marketing Association. He encouraged the local dairy industry and the cheese plant, which, after FMA's merger with North Texas Producers Association, developed into the present NTPA milk processing plant.

Mr. Weinzapfel was one of the pioneers of rural electrification in Muenster. Shortly after the Federal REA was established he worked with a small group of local farmers in applying for the project which has developed into Cooke County Electric Cooperative Association. That small group is due all credit for the vision and timely effort which established Muenster as headquarters for the three-county rural electric system.

Likewise, Joe Weinzapfel was out in front of the soil conservation movement. He sparked the effort which made this community an early participant in conservation methods — and an early beneficiary of conservation profits. He was one of the small group organizing the Elm-Red District's annual conservation awards banquet, the first such program of the nation, and still recognized as one of the best to promote the cause of conservation.

A perennial project pursued by Mr. Weinzapfel is that of good rural roads in the community. For many years he has been a one-man committee reminding state and county officials of local needs and striving to bring more road improvement projects to Muenster. If any local person deserves credit for local road improvement, it is he.

Most recent on Mr. Weinzapfel's long list of community achievements is the Muenster Memorial Hospital, the project on which he gave several years of intensive work along with the building site and far more than his share of cash contribution. As every adult of this community knows, that project from beginning to conclusion can be credited to his hard work and dedicated determination in spite of discouragement. He organized the original fund drive, carried on all correspondence, supervised construction, arranged

## Extensive Damage By Smoke Results From Pagel Fire

Fire shortly after 5 p.m. last Thursday did extensive damage to the Maurice Pagel home, charring the kitchen where the blaze originated and causing heavy smoke damage to all other parts of the house as well as to furniture and clothing.

Muenster volunteer firemen rushed to the scene and spent about a hour fighting smoke. The blaze had been extinguished by Maurice Pagel and neighbors. Fire started from a grease explosion on the kitchen range.

An estimate of the loss had not been completed Wednesday this week.

## Jaycees Prepare For Muenster Day At Dallas Fair

Plans to make a big event out of Muenster Day, October 16, at the State Fair are beginning to shape up.

Henry Weinzapfel of the Muenster Jaycees, who are sponsoring the local effort, said Wednesday that some exhibits are getting ready, a Miss Muenster contest is in motion, and arrangements are made for bus transportation.

He particularly emphasized that point, saying the news will be welcome to a number of persons who have no way to go, or, for various reasons, prefer not to drive. Local school buses will be used and the round trip charge will be \$1.00 per person.

The Muenster Day observance was encouraged last week Friday in a luncheon meeting sponsored by Muenster Telephone Corporation and featuring a talk by Gershon Cnaan, chairman of the Texas German Day Council.

The whole program, he pointed out, includes a pioneer ball October 15 in Dallas Memorial Auditorium and the State Fair's German Day billing on the 16th.

The ball features a band concert by a Naval band, a choir concert by Muenster and Dallas Frohsinn singers, solos, and a dance with the Peppermint Polkas playing.

The fair features Muenster and Comfort as German communities sharing the spotlight, and honors the late Fleet Admiral Chester Minitz. Also on the program are a "Gemuetlichkeit" program at the bandstand, folk dancing and singing and a closing ceremony.

## Hornets Trampled In Scoring Spree By Ardmore Bs

The game with Ardmore B's Tigers Thursday night is one that Muenster Hornets fans would rather have recorded by statistics instead of the score. It looks better that way.

For instance, Muenster had 15 first downs and the visitors 16. Muenster had a total yardage of 262 and the Tigers 444. But the figures that count were 62-6.

So the Hornets felt somewhat like the Giants after the Cowboys' scoring spree the Sunday before. There was not that much difference in the game, but when it was over the score board told a tragic story.

Muenster's lone touchdown came about 10 seconds before intermission, after the Hornets managed to group three nice gains for a 54 yard drive to the Tiger 5. Next four plays made 1, 2, 1, and 1, and Wayne Klement had the pleasure of going over. The count then was 28-6.

Starting the game Ardmore went 61 yards in ten plays for the first score. The drive included a pass for 22 and the touchdown pass for 10 from Keaton to Hitt.

## County UF Drive Opens Tuesday at Kickoff Dinner

Cooke County's United Fund program for 1966 got under way at a lively and well attended kick-off dinner Tuesday night in the Community Center of Gainesville.

The crowd was especially enthused over its main speaker, Bill Herman of Detroit, an executive of the Valeron Corporation, which has established two of its plants in Gainesville. They loved being told that Gainesville and Cooke County are something special to Valeron, preferred over 250 towns in 34 states as the city for its expansion program.

Big factors, more important than the location, were the interest and cooperation shown by so many people. He said that the United Fund way is the right way for a community to meet its charitable obligations. It saves a tremendous amount of work for solicitors and saves contributors the bother of being approached several times. He was pleased to recall also that United Fund organized in Detroit, his home town.

About a dozen Muenster couples were there, headed by Ernest Jaska, local chairman for the drive.

Jaska stated Wednesday that he has materials for the campaign and expects to have it moving very soon. Like workers of Gainesville, he is aiming at a two week deadline.

His method is to select a worker from every firm in town having four or more persons, to solicit from their respective firms, and to have another group to call on remaining people.

Muenster's goal this year is \$1685. The county goal is \$49,250 — to meet the budget of eleven participating agencies.

## NEWS OF THE SICK

Debbie Cler was back in school Tuesday following an appendicitis operation at Muenster Hospital Friday.

Hubert Wilde of Gainesville, formerly of Muenster, was admitted to Gainesville Hospital Saturday for medical care. He joined his son, Barney Wilde, who entered the hospital two weeks earlier. Barney was dismissed Monday.

Joe Voth of Justin, a resident at Golden Years Rest Home several weeks, has returned to his home.

## HOSPITAL NOTES

The following patients were admitted and dismissed during the past week at Muenster Memorial Hospital.

Thursday: Admit — Deborah Cler, Lee Roy Hess.

Friday: Dismiss — Mrs. P. C. Buck, Saint Jo, Mrs. J. C. Trachta.

Saturday: Admit — Rickey Huddleston, Myra. Dismiss — Mrs. Leo Henschel, Lee Roy Hess.

Monday: Admit — Anton Dieter, Lindsay, Ruth Ford, Gainesville, Margie Hesse. Dismiss — Deborah Cler.

Tuesday: Admit — James Hellingner, Lindsay.

Wednesday: Admit — Charles Fisher.

## Bank's Deposits Gain Since June

Deposits at the Muenster State Bank increased slightly during the past quarter but decreased more during the past year.

Responding to last week's quarterly call from the State Banking Commission, the bank reported total deposits of \$3,170,139.04 on September 20. That represents a gain of \$4,308.57 since the statement of June 30 and a decline of \$111,083.32 since the statement of October 13, 1965.

Total loans at the bank show a gain for both the quarter and the year. The figure just reported is \$1,919,076.70, a gain of \$6,616.93 for the quarter and a gain of \$28,996.11 for the year.

Combined deposits for the four Cooke County banks decreased whereas the total loans made a gain. Deposits of all for the latest call were \$23,369,166.96, a decrease of \$87,255.42 during the past year. Loans of all were \$11,724,406.75, an increase of \$1,046,109.33 for the year.

## Three Hospitalized By Two Car Crash

Sister Edna and Sister Henrietta of the Sacred Heart faculty and Mrs. Joe Kathman are in Muenster Memorial Hospital with injuries sustained Wednesday afternoon about 5:15 at the intersection of Highway 82 and Walnut St.

The accident occurred as the sisters' station wagon, west bound, collided with Mrs. Kathman's car which had been east bound and was turning north on Walnut.

All were taken to the hospital and Sister Edna and Mrs. Kathman remained for treatment of cuts and bruises. Sister Henrietta was dismissed after first aid treatment but returned Thursday morning.

## Parochial Tigers Tangle Next with Coyotes of Anna

Joe Felderhoff and his Sacred Heart Tigers are confident but far from taking anything for granted as they head for Anna Friday night and a battle with the Coyotes. Game time is 8 p.m.

Recalling their slim 14-12 win last year, and looking for about the same caliber of opposition, Felderhoff assumes that his boys have a big job ahead and can make the grade if they will play a big game.

He is concerned by reports that the Coyotes have two hot shot backs handy at both running and passing — the kind of fellows who may go all the way at any time.

The Tigers, after a terrific effort against Jesuit B last week, are not quite in top condition. Steve Hess has been hobbling since with a knee injury that will at least hinder him and possibly eliminate him Friday. And some of the other boys are nursing sore spots.

However there's nothing wrong with spirit. The boys think it's time for a win, and that's what they will be straining for.

## Tigers Settle for 20-20 Tie with Jesuit B Rangers

The annual big battle between Sacred Heart's Tigers and the Jesuit B Rangers on the local field Saturday night ended in a 20-20 deadlock.

And Tiger fans, after an agonizing final four minutes, were pleased to settle for that. As things were going Ranger prospects for the winning score looked very good, but the determined Tiger defense held on until the clock finally stopped the visitors only two yards away from the all important deciding touchdown.

Candidates are Carol Pels, Diann Felderhoff, Mary Koesler, Gloria Haverkamp, Mary Ellen Endres, Margie Fuhrmann, Debbie Fette of Dallas, Jill Swirczyński, Ruth Yosten, Janie Fleitman, Eileen Knauf, Gloria Gieb, Mary Wimmer, Sharlene Wimmer Linda Fisher.

Those selected to compete for title have been notified to attend a tea on Oct. 9 in the home of Dr. and Mrs. Martin Kralicic for final screening and selection of the winner by out of town judges.

One of the 15 will be a member of the official party representing the community at the fair.

Those selected to compete for title have been notified to attend a tea on Oct. 9 in the home of Dr. and Mrs. Martin Kralicic for final screening and selection of the winner by out of town judges.

## 57 Register for Pre School Class

Fifty seven tiny tots reported to the Muenster public school Wednesday to register for the pre-school course which will begin next Monday, October 3.

Superintendent L. B. Bruns said that the course will be held in two classes, as it was last year. The morning session, from 8:30 to 11:30 has an enrollment of 29 and the afternoon session, from 12:30 to 3:30 has 28 enrolled. Mrs. Josie Christian, last year's pre-school teacher is back for the program, which is authorized for six months, ending March 31.

Special arrangements were required to find space for the pre schoolers because of increased enrollment in the elementary department this year. The little ones are assigned to the band room and the band students are using the stage of the auditorium.

## Dates Changed for KC Observance Of Columbus Day

Dates are changed for two K of C events observing Columbus Day. To avoid a conflict with homecoming festivities at Muenster High School the dinner-dance has been postponed from October 8 to the 15th. And the communion breakfast has been set forward from October 16 to the 9th.

Plans for the breakfast still are not definite. The dinner dance, to be held in the parish hall feature the catering of Mrs. Joe Lehnertz and the music of the Music Masters of Ennis, who play polkas and waltzes along with the modern tunes. Tickets at \$5 a couple are available from Gene Hoedebeck, Joe Hoenic and Ernest Jaska.

## Jaycees Select 15 Candidates for Miss Muenster

First step in the selection of Miss Muenster to participate in German Day festivities at the State Fair on Oct. 16 was completed Wednesday night by Muenster Jaycees when they selected 15 names submitted in nominations by the community. The original plan to select 14 was changed when two girls were tied.

One of the 15 will be a member of the official party representing the community at the fair.

Those selected to compete for title have been notified to attend a tea on Oct. 9 in the home of Dr. and Mrs. Martin Kralicic for final screening and selection of the winner by out of town judges.

Candidates are Carol Pels, Diann Felderhoff, Mary Koesler, Gloria Haverkamp, Mary Ellen Endres, Margie Fuhrmann, Debbie Fette of Dallas, Jill Swirczyński, Ruth Yosten, Janie Fleitman, Eileen Knauf, Gloria Gieb, Mary Wimmer, Sharlene Wimmer Linda Fisher.

## 1000 Will Dine-Dance at Coliseum in Benefit for Rehabilitation Center

Pre-party preparations predict a fabulous time in store for those who attend the formal benefit ball at Colonial Acres Coliseum Saturday night.

The invitation dinner-dance is being given by Mr. and Mrs. Ernest Medders as a benefit for the North Texas Rehabilitation Center in Wichita Falls.

Tables will circle the dance floor and there will also be bleacher type seats. Music will be furnished by Wayne King. An attendance of 1000 is expected.

The black tie affair will begin with a cocktail party from 8 to 9 p.m., then dinner followed by dancing to 1 a.m. A dinner designed for the most discriminating of gourmets includes prime rib eye

## Bill Pratt Appoints Gene Roberts as Muenster Deputy

Muenster has a resident officer again. Sheriff Bill Pratt said Wednesday that Gene Roberts of Gainesville has taken the job of deputy assigned to Muenster. He will move here on October 1.

He comes under the same arrangement that the city has had for several years with the sheriff's department. His principal duty is in Muenster and the city council pays half of his salary.

Roberts is a native of Gainesville, 26 years old and married. They have no children.

## Tough One Awaits Hornets in Clash With Brewer B

This week's game apparently will be another tough one for Coach Glenn Richardson's Muenster Hornets. B stringers of the Brewer High Bears, from Cowntown, are expected to invade the MHS field with a lot more tonnage and speed than the local fellows can cope with.

Information reaching Coach Richardson is that the school is rated 3-A and a wealth of football talent is left after the first team lineup is eliminated. Some 40 to 50 boys are expected to be suited out for the Bruins.

On the Hornet side there'll be the outfit that lost 62-6, but played considerably better, in the game with Ardmore B last week. Probably it will be more potent because Ken Stormer, playing part time and under par last week, is expected to be back to normal. All of the other Hornets are also ready.

Brewer's power for the game is expected to be slightly enhanced by the fact that its top team is idle this week and a number of reserves that might normally go with the A string will be eligible for this tussle.

However that open date also means an open date for the school's band, which now is expected to come with the Bs and use half time here to rehearse its show. If so, local fans have a treat in store. Brewer's band rates as a real dandy.

## Green Pennants To Fly at Schools In Safety Program

Green pennants will be waving from the flagpoles of Muenster's two schools — if the students practice safety rules.

Ray Wilde, Chevrolet dealer, stated this week that the heads of both schools have authorized participation in the Green Pennant Safety Program, which is intended to inspire greater safety consciousness by presence or absence of the pennant. While it flies the pennant is a reminder of a good safety record, but its absence

## Four Lane Road OK'd To Saint Jo

AUSTIN — Plans to purchase right of way for the future construction of two additional lanes on U. S. Highway 82 in Cooke and Montague Counties were approved today by the Texas Highway Commission.

The right of way purchases are to be made along the highway from Muenster in Cooke County to Saint Jo in Montague County.

The Cooke County portion extends 6.4 miles from Muenster to the Montague County line. Estimated cost of the State's share of the purchases is \$68 thousand.

In Montague County, acquisitions will be made along 2.1 miles of U.S. 82 from the Cooke County line to Saint Jo at an estimated State cost of \$7,500.

The State Highway Engineer was directed to enter into contractual agreements with appropriate local officials for the purchase of the additional right of way.

## Election Oct. 4 to Name Elm-Red Zone Supervisor

Tuesday night, October 4th is the annual election day for soil and water conservation district supervisors. The election meeting this year for Zone 3 of the Upper Elm-Red Soil and Water Conservation District will be held in Muenster on Tuesday night, October 4, 7:30 p.m. in the meeting room of the TP&L Building.

A fine program of conservation films and talks will be presented with Neil Tibbets, Cooke County Agent, as chairman of the meeting. Tony Walterscheid of Muenster has served as district supervisor of this zone for the past ten years.

Zone 3 of the Upper Elm-Red S&WCD, comprises all of west and northwest Cooke County. Everything west of a line in Cooke County from the Highway 35 Red River bridge through Gainesville, southwestward along the Hood road to the Hood Community and southward along county roads through the Leo Community on to the Denton County line.

In elections of this nature, only landowners are permitted to vote. The person elected as

### WATCH THIS NEW LINE

We suspect that you'll be hearing more and more of a new propaganda line that is starting to make its appearance.

For a long time we were assured that with a schism inevitable between Russia and China, we would do well to play it smart and cozy up to

the Russians. An essential part of this propaganda assured us that whereas the Chinese were "hard" Communists the Russians were rapidly becoming "democratized." The proof? Well, look at all the new consumer goods in GUM, the official department store in Moscow. Wasn't this proof positive that the Russian people wanted butter and not guns (and stylish clothes)? So, arguing from this shaky premise, the propagandists said we'd be smart to be nice to the democracy-loving Russians, do more trading with them, and stop being so hard-nosed. That was the line until recently.

The new line makes an abrupt switch. The basic idea is that our big opportunity lies not with Russia but with the Red Chinese. Why is this? Well, look at those Red Guard outbreaks in China. Did you notice how those rampaging young Reds made a special target of certain European Reds? And damaged official

### NATIONAL NEWSPAPER WEEK

This year, National Newspaper Week will be observed from October 9 through 15, and it is an appropriate time to draw every American's attention to his daily dependences on the written word for his knowledge, the protection of his political freedom and the furtherance of his material well-being.

The written words, appearing regularly in some 11,000 newspapers throughout the 50 states, are the permanent record of news, information and opinion, which are primary factors in crystallizing majority public opinion. Under our form of government this will continue to shape national policy and the kind of country we are to live in.

Let's declare War on the CAUSE of Poverty. There will always be some people mentally, morally, physically unable to earn a living. They should be under expert care or in institutions.

Others don't want to work — living off the working taxpayer is too easy. It "relief" were reduced too necessities, we'd be surprised at how many of these would sprout ambition.

But by far most of the poor don't know how to win their war — and they are the only ones who can win it. They need skill more than money.

The inexorable rule (which all the laws in the world can never change) is that you are paid out of what you produce, so to earn more, produce more. Therefore let's stop telling people we can give them something for nothing. No one can. Let's help them understand they must produce more, and then help them to do it. Not cutting the work week "to spread the work."

Complaining to a visitor about the cost of some minor surgery, the hospital patient remarked: "What this country needs is a good \$50 scar."

### DON'T SELL U.S. SHORT

Contemporary happenings have a way of changing appearance as they recede into the pages of history. It is interesting to conjecture how historians will record the economic status of the U.S. during the 1960's. The headlines will tell of strife and poverty. Production indices, on the other hand, will indicate an abundance such as no nation had ever known. For the sake of the record, it should be reported that although large numbers of people are classified as poor by government definition, very few Americans today are actually denied the minimum acceptable level of health, housing, food and education.

In 1960, according to Mr. M. A. Wright, president of the Chamber of Commerce of the United States, only about 7 per cent of American dwelling units were dilapidated. By 1964, more than 90 per cent of American households had television. Four out of every five households had telephones and at least one automobile. Among families, officially classed as "poor", earning \$3,000 or less, there is more material well-being than might be thought. For example, over 75 per cent own a television set, about half own both a television set and a telephone, three fourth own a washing machine, 20 per cent own a home freezer, 65 per cent have a dwelling unit that is not dilapidated, with running water and bathroom facilities for

their own use, and approximately one in seven bought a car last year. Admittedly, statistics are unreliable guides in measuring poverty. However, the foregoing should be of more than passing interest to historians.

A moment of careless driving can mean a lifetime of regret.

property of European Communist nations? That, according to the propagandists, gives us our opportunity. The tension between Moscow and Peiping is greater than ever. This is where we should step in, extend the hand of friendship to Mao Tse-tung, and show him that Khrushchev, Kosygin, etc., ever were.

Of course, these about-face propagandists point out, we mustn't extend an empty hand. When we extend it, we should have it full of lots and lots of foreign aid. After all, as they lay it on the propaganda line, the U. S. is in much better shape than Russia to extend the necessary billions of dollars that Mao must have of he is to build a democratic nation, presumably made up of properly prosperous agrarian reformers.

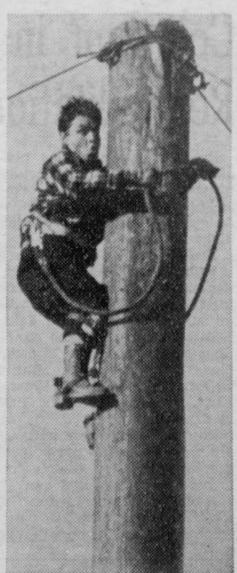

So far the line has made no mention of admitting Red China to the United Nations, as part of the friendship pitch, but you may be sure that that part of the line will be advanced one of these days. Real soon.

Meanwhile, notice how the "liberals" go to work on this one.

**NOTED AND PASSED COSTLY COINCIDENCE:** Because the alert bells didn't ring in their offices to let them know a vote was being taken, Senator Hickenlooper and Cotton were not on hand to cast their votes for an economizing amendment to legislation on public construction, which both of them favored. Result: The amendment failed to pass, by just one vote. The bells were fixed shortly after the vote was taken, which fact offers no clue as to whether or not they might have been "fixed" beforehand. Ask not for whom the bells toll — this time the taxpayers pay toll because the bells didn't.

### Buying Gasoline In Russia Takes Time and Patience

Cash has gone out of style at gasoline stations in the Soviet Union.

The American Petroleum Institute publication Oil Facts reports that Russian motorists have to fill out a questionnaire, go to a government office to buy a coupon booklet, then go to a government-owned station to trade the coupons for gasoline.

At the stations, which are hard to find even in large Russian cities, the motorist may have to wait in line for a long time. Then he has to guess how much his tank will hold, check his coupons, and handle the hose himself. All the attendant does is to collect the coupons and set the pump dial. For oil, anti-freeze or repairs, the driver has to go elsewhere.

By contrast, Oil Facts points out that United States motorists are free to choose among an estimated 214,500 privately owned stations, each competing to supply the best possible goods and services.

**MHS Science Club Organizes, Elects**

Members of Muenster High School's Science Club have organized for a new term and have elected officers.

Ken Stormer is president; Wayne Klement, vice president; Shirley Klement, secretary; Sharlene Wimmer, treasurer; Karen Vogel and Ann Sicking, reporters.

At their initial meeting in the TP&L community room, students were assisted by Mrs. John Mosman, science teacher, Carl King and Ernest Jaska in planning the year's program. They set the third Wednesday of each month as meeting time. Twenty-eight members were present.

Resting from their labors in the sandbox, two tots were philosophizing.

**Local Group Sees Arlington Rites**

A group from Cooke County attended ceremonies in Arlington on Wednesday, Sept. 21, when the new St. Matthew's church and school was blessed and dedicated. Father Hubert Neu, native of Lindsay, is pastor.

The combined church-school building will eventually be only the school and the present church area will become the auditorium after the church is built. Bernadine Sisters staff the school.

Bishop Thomas K. Gorman officiated and clergy from a wide area attended the evening ceremony.

Among those attending were Father Neu's relatives — his parents, Mr. and Mrs. Joe J. Neu of Lindsay and Mrs. Lawrence Zimmerer of Lindsay, Mrs. Wilfred Bindel, Mr. and Mrs. Gus Lutkenhaus, Norma and Charles Lutkenhaus of Muenster, Mrs. James Bayer of Valley View and Mr. and Mrs. Raymond Hoenig of Irving.

Mr. and Mrs. Dale Hess and daughter Deana of Lewisville spent the weekend visiting their parents, Messrs. and Mmes. Bill Derichswieler and Gary Hess.

**Club Sets Benefit Spaghetti Supper**

Muenster Civic League and Garden Club has announced the date of its benefit spaghetti supper and is completing arrangements for the event. Mrs. Joe Lehnertz is in charge of catering.

It will be held in the Parish Hall lunch room on Tuesday, October 11, with serving from six to seven and from eight to nine. This will give church goers who attend the evening novena an opportunity to eat before or after the services. There will be no serving during church time.

The supper is planned as a benefit for the organization's St. Francis statue project.

Miss Kaye Dolle And Richard Pagel To Marry Nov. 5

Announcement has been made by Mr. and Mrs. Herbert Dolle of Littlefield of the engagement and approaching marriage of their daughter, Miss Marilyn Kaye Dolle, to Richard D. Pagel, son of Mr. and Mrs. Jerome Pagel of Muenster.

The young couple is planning the wedding for November 5 at 6 p.m. in Sacred Heart Church at Littlefield.

Miss Dolle is a 1962 graduate of Littlefield High School and has been employed in Fort Worth.

Mr. Pagel is a 1962 graduate of Muenster High School and has just completed a four-year tour of duty with the Naval Air Corps.

After their marriage they will live in Muenster. He is associated with his father in the lumber business.

**Trio Return From 12-Day Vacation**

Get Dorothy Hartman, Helen Hess and Rose Hofbauer in a conversation and they tell a lot of interesting things about their vacation.

The trio spent 12 days on a trip, mostly seeing Washington, D.C. They had a conducted tour of the capitol and White House, visited President Kennedy's grave, saw the changing of guards at the Tomb of the Unknown Soldier and other interesting things in the nation's capital and at Mt. Vernon and Norfolk, Va.

Going they stopped at Olney, Ill., for a visit with Mrs. Hofbauer's sister Sylvia, Mrs. Charles Everett and family and before they left for home they visited Miss Hartman's cousin and family, the Vincent Beckers at Silver Springs, Md. On the way back they stopped at Winston Salem, N. C., and toured the R. J. Reynolds Tobacco Co.

**Hospital Auxiliary Sets Dance Nov. 12**

Members of Muenster Hospital Auxiliary at their September meeting made plans for a benefit dance they will sponsor on Nov. 12 in the VFW Hall. Titled "Harvest Moon," the dance will be semi-formal. Tommy Harkness will play.

Mrs. Richard Grewing, president, presided in the presence of 26 members and Sister Mildred, hospital administrator.

Reports since last month's meeting revealed that the organization's benefit ice cream supper netted \$140 for the treasury. The group voted a \$25 contribution to the Civic League and Garden Club's fund for a St. Francis statue to be erected on the inner court of the hospital.

After adjournment, refreshment hostesses Mrs. Charlie Pagel and Mrs. Dolphy Joe Hellman served cake and coffee and Mrs. Ervin Hamric won the door prize, perfume presented through courtesy of Cooke County Electric Co-op.

The draft board asked this young fellow his occupation. He said he was a comedian. An examiner said, "Oh? Then let's see you do something funny." This young fellow turned to the long line of men behind him and yelled, "You can go home, fellows — I got the job."

### New Constitution For Texas Asked By Gov. Connally

AUSTIN, Tex. — A complete revision of the Texas Constitution, proposed by Gov. John Connally and endorsed by the state Democratic convention, looks like the big state capitol news of the coming years.

Republicans likewise gave approval at their state convention to the idea of modernizing the 1876 constitution. But a long row lies ahead. Already many are expressing doubt as to the wisdom of a complete revision.

It would be a long process. First, the Legislature would ask the voters to approve the calling of a constitutional convention. Then, presumably, delegates to the convention would be elected. Their final product would go to the Legislature for submission to the voters for approval or rejection.

Governor Connally's suggested route would be to set up a cabinet system like the federal government. This would give the governor responsibility for all phases of state government. Now he appoints only one major state department head — the secretary of state.

This is the age of the economic genius who can spend money he hasn't got and money he is not going to get.

### 3 Muenster Girls Study Nursing at St. Paul's, Dallas

DALLAS — Three nursing students from Muenster will be among the 51 members of the freshman class in the St. Paul Hospital School of Nursing this year.

They include Judith Dangelmayr, Monica Fetsch and Deborah Schilling.

This year's class represents the largest class since 1951 when 52 students were enrolled in the three-year diploma program.

Students spent the week registering at the St. Paul School of Nursing and the University of Dallas where they carry a full course load during their freshman year. The remainder of the week has been spent in orientation sessions and social events at the two campuses.

Misses Dangelmayr, Fetsch and Schilling are all graduates of Sacred Heart High School. Their parents are Mr. and Mrs. Albert Dangelmayr, Mr. and Mrs. Paul J. Fetsch and Mr. and Mrs. Frank A. Schilling.

An economist discussed the why's and wherefores of our economic system for more than an hour, covering the subject well. When finally he was finished, the toastmaster added: "Ladies and gentlemen, what our speaker has been telling you is that if your outgo exceeds your income, then your upkeep will be your downfall."

### Student Council At SHH Organizes

Members of Sacred Heart High Student Council, getting organized for the new term, assumed a number of duties for themselves.

They voted to take charge of the candy store at school and to be in charge of the concession stand at home football games, proceeds of which will go into the council treasury. Only popcorn sales will be handled by the senior class.

Student council also agreed to keep the student lounge clean and to be monitors during study periods in the study hall.

Plans have been made for a dance the council will sponsor on October 1 in the Parish Hall. It will be for students of Sacred Heart High and Muenster High. The Circes will play.

President Donny Stoffels presided. Sister Roberta or Sister Richard meet with the council. Other officers are Stan Endres, vice president; Margaret Kralicke, secretary; Connie Endres, treasurer.

The town's most important citizen was being interviewed about soon becoming an octogenarian.

"I'm sure our readers would like to know what exercises you use to keep fit," suggested one reporter.

"Son," was the answer, "when you're pushing 80, that's all the exercise you need."

### Soil District Sets Contest for Oct. 8 In Grass Judging

The 17th annual Upper Elm-Red Soil and Water Conservation District grass judging contest has been set for Oct. 8, and district officials are hoping to have more than 100 boys participating.

The contest is open to 4-H Club and Future Farmers of America Chapter members in the Elm-Red District. The contest will be held at Cooke County Junior College with registration opening at 8 a.m. Actual judging will start at 9 a.m.

Harold Skaggs, chairman of the Elm-Red board, said that all 4-H members and all FFA members are eligible to enter. One junior and one senior team from each county 4-H organization and each FFA Chapter in the district will be eligible to compete for awards.

The junior division is for first year students, while the senior division is for the more advanced students. Skaggs said.

Prizes to be awarded in the contest include first, second and third place plaques for both the junior and senior divisions, and a medal to the top three individuals of the contest. These awards will be announced and presented during a noon luncheon in the College gymnasium.

At total of 50 plants selected from a list of 130 will make up the contest, and a perfect score is 500. Participants will be expected to give the plant's common name and some other points about the plant, including whether it is an annual or perennial, winter or summer grower, native or introduced and its grazing and wildlife merits.

There is a potential of 25 teams in the Elm-Red District, Skaggs said. He admitted, however, that the board would consider the contest a success if 15 entered.

Soil Conservation Service technicians in the Upper Elm-Red District have been collecting plants for the contest all through the year. The technicians will assist the board of supervisors in conducting the contest.

Gossip is like mud thrown against a clean wall. It may not stick but it leaves a mark.

HemisFair 1968, scheduled in San Antonio, Texas, from April 6 to October 6, 1968, is the boldest and most imaginative endeavor in the history of the Southwest. For six months, this international exposition will inform and entertain more than seven million visitors from nations throughout the world.

Two men had been standing at the bar for quite a while. "Hank," said one to his friend, "does your tongue burn after you drink a lot?"

Hank pondered the question. "Don't know," he replied. "I've never been drunk enough to light it."

### Muenster CC Unit Hailed at Meeting Of West Texas CC

The recent organization of the Muenster Chamber of Commerce was a topic of discussion in the West Texas Chamber of Commerce sponsored managers' workshop in Brownwood this week. Gene Davenport, manager of the Gainesville Chamber of Commerce, told of his organization's activities in assisting in the organization of the Muenster Chamber of Commerce.

More than 50 managers and presidents from West Texas were interested in the development of a better community spirit as a result of this organizational program. At the meeting clinical discussions were held concerning various problems of the local and regional chambers of commerce.

There are a lot of heated arguments over cold cash.

goal. A pass failed. The score was 13-8.

A recovered fumble on the next kickoff put Sacred Heart back in business on the Ranger 39, but not for long. A bad pass for the fourth down kick was a break for the Rangers and the ball was theirs on the Tiger 36. Eight plays made it from there. A run failed. The score at half time was 14-13 favoring the visitors.

Beginning the second half Jesuit made two first downs, then bogged down and kicked to end the series. Larry Hess took it and set sail for the thrilling play of the night. Good blocking helped him at the start and farther along he shook off three tacklers on his 70 yard romp to the goal. He followed up with a kick for extra points. Sacred Heart was leading again, 20-14.

From then until about midway in the last period neither team got anywhere. Rangers kicked and Tigers kicked. Rangers got a first down and failed on a fourth down gamble the next series. Tigers lost possession on an interception and regained it as Sicking pounced on a fumble. Tigers made their only first down of the second half and gained enough for another but fumbled.

Then the Rangers got organized. A pass gained 20, three runs made 12, and a quarterback sneak was good for the last 6. That tied the count at 20-20, and the effort for extra points failed.

With about 4 minutes remaining, the Rangers got into high gear for a final effort. An interception in the Tiger's first series gave them possession on their 46. Seven plays plus 15 yards free on a penalty fell just two yards short of the precious winning points as time ran out.

passed to Hitt for extra points.

Muenster kicked to end its next series and Keaton on the next play connected with Hitt for a 57 yard gain to pay dirt.

Then came the long awaited Hornet revival. Chris Cain's heave to Ken Stormer made 27. A pass was incomplete. Wayne Klement ran for 13. Another pass to Stormer made 14 to the 5. And the next four efforts produced the precious 6 points. A try for bonus points failed. The kickoff that followed ended the half.

Opening the next half Muenster first had to kick on its two series but retained possession both times because of penalties for roughing the kicker. Next they earned a first down and got another on a pass interference call. Next series was 3 yards short and the Hornets lost possession on the 26.

Griffin scooted 14 to the 40 and on the last play of the following series the Tigers were apparently stopped by a muffed hand-off. It looked good for the Hornets, but only momentarily. Keaton scooped it up and sailed 60 yards to the goal. Almon's run added two points.

To end Muenster's next series Stormer ran from kick formation and had yardage to spare for a first down, but fumbled as he was tackled.

The Tigers moved goalward again, starting at their 40. The big play was a beautiful zig zag scamper for 30 yards to the goal by Keaton.

The next two plays were passes to Gary Gieb and Wayne Klement for 13 and 14 and the threat ended suddenly as Ardmore stole a screen pass and returned it 23 yards. On the following play the first of the last quarter, Ward got loose for 47 and another score.

On the first play after kickoff Wayne Klement stretched for Cain's pass and barely touched it, obligingly deflecting it for an easy interception by Stepp who was wide open for a 40 yard gallop and another TD. Martin added bonus points.

The final score came near the end as a pass to Brown went for 56 yards.

Several factors combined to haunt the Hornets. Most important of those were the bulk and speed of the visitors, also the fact that Stormer, nurs-

ing an old injury was playing below par in the first half and went in only for punting in the second half. And a number of passes, apparently good gainers, got away from the receivers.

Despite odds and breaks, the Hornets hustled all the way. Their game was better than their score.

## Green Pennant - - -

indicates that the record is not good.

The program is sponsored nationally by General Motors with the cooperation of its local dealers.

Each school will receive the distinctive green pennant to be displayed below the American flag for as long as the school's student body has no traffic accident caused by one of its members. Initial raising of the pennant must be earned by thirty accident-free days.

If a student-caused accident occurs the green pennant will be taken from the flag pole and displayed in the school building for thirty days. The principal will announce the circumstance which caused the symbol to be lowered and how the student-caused accident could have been avoided. After the thirty days, all of which must be accident-free, the pennant can be raised again.

The program concerns any kind of traffic accident at which the student is at fault — whether he or she is operating a car, motorcycle or bicycle, or whether he or she caused it as a pedestrian. However the school's record is not blemished if a student involved is not at fault. The opinion of traffic investigating officers will decide fault or non-fault.

The program extends through the entire school year, 24 hours a day and seven days a week. A school having an accident-free record for the entire year will receive a Perfect Safety Award certificate to be displayed in the school.

More than a million students of nearly 2,000 schools in 34 states are now participating in the program, and the number is growing.

## MHS Bees Lose 28-8 at Saint Jo

Muenster High School's Bees, the Hornet second stringers, had a rude awakening at Saint Jo last Saturday. They discovered that the future Panthers are a potent outfit and they were reminded by a count of 28-8 that they have a lot to learn.

Saint Jo boys had an advantage in both weight and speed, and they also had the Bees outclassed in running their game. They made far more yardage on their efforts, and lost far less on penalties resulting from fouled up procedure.

The only bright spot in the game for MHS youngsters came a few minutes from the end when a pass interference ruling awarded the Bees a 24 yard gain to the Panther 13. Another pass got to the 4 and then a toss from John Monday to Mike Felderhoff was good for a score. Monday hit the left side of the line for two more points.

Otherwise the game was all Saint Jo's, as indicated by a lead of 16-3 in the first down department. To open the game the Panthers went down the field 61 yards on five plays plus 10 free yards on penalties.

Next score came early in the second quarter after a Muenster kick was blocked at the 15 and one of the Panthers scooped it up and stepped over. The third TD was near the end of the same period when

the Panthers quarterback broke through the line and found the way clear for 42 yards to the goal.

Just before half time the home towners threatened a gain but ran out of time inside the 10.

The Panthers made their last one early in the last period after recovering a fumble on the 20. Six plays made it and the payoff went for 9 yards.

## Children to Get Religion Texts at Church Ceremony

First grade pupils of Sacred Heart School will receive their new religion books in a special ceremony in church Friday, September 30, at 2:30 in the afternoon. Parents of the first grade children are invited to attend this ceremony.

Father Bonaventure, O.S.B. will present the children with a copy of "Come To The Father", which includes an outline for parents. This new series is published by the Paulist-Newman Press and is being used as a pilot program in the parochial school.

Parents of the first grade children are asked to attend the discussion on teaching religion which is scheduled for Tuesday evening, October 4, after novena devotions.

It's beginning to look like those who maintain that the world owes them a living are going to win.

## Birthday Party Is Honor for Cousins

Three little cousins who have birthdays within ten days were honorees at a party Sunday afternoon given by their grandmothers, Mrs. J. C. Trachta and Mrs. John Wieler who entertained in the Wieler home.

Celebrating were LaQuita Walterscheid 3, Sherri Newbill, 2, and Kathy Broome 2.

Guests included Mr. and Mrs. Larry Joe Walterscheid of Dallas and Mr. and Mrs. Mike Newbill and their other daughter Marci of Fort Worth.

Other guests were from Muenster.

Party hats and whistles were favors, birthday cake and ice cream were refreshments and picture taking was included in entertainment.

The refreshment table held three cakes in white, pink and yellow, one topped with dolls and one topped with a toy dog.

Written on a wall in Cuba: "Yankee go home — and take me with you."

The liberty loving are being exceeded by the liberty-taking.

**Jerry Klement Is 4-H Specialist in Florence, Kentucky**

Jerry Klement has completed a year of study in Washington, D.C., on a fellowship and has reported to Florence, Ky., where he will be an area 4-H specialist with the University of Kentucky Extension Service.

He was one of six extension agents in the nation — three of them Texans — who received a \$3,000 fellowship provided by the National 4-H Service Committee, Inc., and Massey-Ferguson, Inc., manufacturers of farm machinery. He was serving as associate county agent in Tarrant County when he received the fellowship.

During the past year he also completed requirements for his Master of Science Degree in Extension Education at the University of Maryland.

Mr. and Mrs. Klement and their children Beth and Philip ended a 10-day visit with his parents, Mr. and Mrs. J. A. Klement this week Tuesday. It was 10-month-old Philip's first visit to Texas and his get-acquainted visit with his daddy's relatives. During their visit Beth celebrated her second birthday.

The fellowship program included an intensive study of government and there were many highlights during the year. Some of these were visits to 120 government offices in all departments of the Federal Government, an appointment with Secretary of Agriculture Orville Freeman, meeting President and Mrs. Lyndon Johnson and many government officials.

Jerry also spent time studying the legislative process on Capitol Hill in congressmen's offices, in committee hearings and in the gatherings of the U.S. House and Senate.

And together the Klements toured all the points of interest in the Washington, Virginia and Maryland areas. Mrs. Klement and the children also visited her family in Utica, Kansas.

Since his graduation from Texas A&M University Jerry was assistant county agent in Denton County and then associate county agent with 4-H Club work in Tarrant County.

During their Muenster visit, his sister and family, the Dick Schleichers of Fort Worth were visitors. Only family member missing was David Klement who is in Detroit, Mich., now on the staff of the Detroit Free Press. He was formerly with the Daily Oklahoman in Oklahoma City.

**Tips From Your Hatchery**

Did you ever figure the sizeable investment you have in your lawn, trees and shrubs? After the initial cost and many hours of toil, doesn't it make sense that money spent to winter proof them is money well spent.

Root stimulator fertilizer will give your lawn the strength to fight off the attack of crab grass and weeds that comes each spring. October is the month to do it. If you have a good credit rating, we have the time.

Wish you would return our fertilizer spreader. If you are too busy, call me and I'll come after it.

**THE BARE FACTS**

Shorn of its garnish and deceptive political trappings, the war on poverty is revealed to the taxpayer as an irresponsible waste, and to the victim of poverty as a cruel hoax. For all the money spent on the war on poverty, about all that has been produced is a series of program catchwords, such as "VISTA" and "Head Start."

A fine is described as a tax you have to pay for doing wrong; and income tax is a fine for doing OK.

**Over 2.3 Million Boys and Girls Participate in 4-H Club Program**

It's big! That's one way to describe 4-H. More than 2 1/2 million youngsters are now enrolled. Twenty-two million Americans are former 4-H Club members. Here in Cooke County there are around 525 members. But the real measure of 4-H is in the job it does for youth. During National 4-H Club Week, September 24 - October 1, is a good time to evaluate the benefits of 4-H Club work.

Any boy or girl between the age of 9 and 19 years of age may join a 4-H Club by agreeing to work on a project and follow 4-H ideals and standards. The main requirement is a willingness to "learn by doing", and "to make the best better" — the club motto.

These groups of young people carry on a wide variety of projects in agriculture, home economics, citizenship and personal development. They apply the latest scientific findings to learn the "why" as well as the "how" of what they do. Developing character and good citizenship are long range goals.

While formerly most 4-Hers lived in rural and suburban areas, there is a recent trend in more city youngsters taking part. Only about half of the 4-H members actually live on farms today. Since every member is expected to have a 4-H project, new projects have been set up to meet this changing 4-H program. 4-H members still have the basic projects of food and nutrition, clothing, beef, safety, and electricity, but newer projects such as photography, horse, public speaking, dog care, and automobile maintenance are

**SOIL CONSERVATION DISTRICT NEWS**

**OUR SOIL ★ OUR STRENGTH**

It's time again to start planting winter cover crops. Winter rains too often damage fields by erosion because there is no plant cover. Much of this loss of top soil can be stopped by the use of crops which will hold the soil in place.

In addition to holding the soil, cover crops slow down rain before it hits the ground and prevents hard rains from packing the soil. Also, with a good cover on the land, runoff water is slowed down and more water can soak into the soil.

Cover crops may be worked into cropping systems so that each year at least part of the land is in a crop that will provide a protective cover for the soil. Crops which provide good cover include close-growing grasses, legumes, or small grain.

For help in developing a cropping system on your farm that will include cover crops contact your local Soil Conservation Service assisting the Upper Elm-Red Soil and Water Conservation District.

Even being right at an intersection won't mend broken ribs.

The population of Venice is steadily draining away to the mainland where industries offer more jobs and better pay. Some 50,000 out of a total of 300,000 have left since the end of the war and the exodus continues at a rate of about 2,000 per year.

"My son," complained the irate father, "is a lazy, good-for-nothing fellow. He won't work, he won't help around the house, and he won't get up until the first rays of the sun hits his window."

"Isn't that rather early for him to get up?"

"You don't understand. His room faces west."

From Brooder to Broiler, this tender bird used just one kilowatt hour of electricity. And because of electricity, she grew to a faster, healthier maturity. Whether she is destined to be a layer or a fryer, power from the BRAZOS ELECTRIC POWER COOPERATIVE will play a part in her future as well. Egg processing plants in rural areas operate electrically and it's amazing how fast electricity can pick a plump chicken and freeze it for the frying pan.

BRAZOS ELECTRIC POWER COOPERATIVE of Waco generates electricity that is distributed to more than 200,000 rural Texans by COOKE COUNTY ELECTRIC COOPERATIVE and 18 other member-owned electric cooperatives. In the home, on the farm, in every field of rural endeavor, the dependable supply of low-cost electricity generated by BRAZOS ELECTRIC POWER COOPERATIVE is Helping Texas Grow.

Automakers recalled thousands of cars for safety checks. The reason they're putting safety belts in cars these days is because people are getting killed before the cars are paid for. Maybe auto license bureaus should call back drivers for the same purpose.

By Mrs. John Richey

**MARYSVILLE, Sept. 27** — Mr. and Mrs. Paul Hickman of Irving visited over the weekend with their son and family, the Milton Hickmans.

Ross Ballinger, native of Marysville and for the past 23 years a resident of California, has moved back to Texas. He moved from Norwalk to Fort Worth last week to make his home. Sunday and Monday he was back in the community visiting friends and stopped in Muenster to see V. M. Ramsey at Golden Years Rest Home. He also stopped at Gainesville for a visit with Mr. and Mrs. Linzie Branch. Ross picked Fort Worth to live in because he has a brother, Kirby Ballinger, living there.

Mrs. Bill Moon and Mrs. Rafe McElreath and daughter Becky were shut-ins last week on account of illness.

Visiting Mrs. B. G. Lyons over the weekend were daughters, a granddaughter and great-granddaughters: Mrs. Marie Stiles and little Marinell and Jane Pace of Gainesville, Mrs. Vivian Maupin and daughter Mrs. Robert Moore and daughters Vivian Janet and Barbara of Dallas. Mrs. Queenie Bone and son Lucian Bone of Dallas were Thursday visitors. Other guests Sunday joining the four generations were Mrs. Hendricks and Elvin McKenney of Ardmore.

Jim Walker is back in the VA Hospital at Dallas since Wednesday. He was a patient at Gainesville Hospital before being transferred. Tuesday evening Mr. and Mrs. Sam Sparkman visited him at Gainesville Hospital.

Mrs. Charles Davidson and children visited Sunday with her parents, the O. B. Siegmunds at Walnut Bend.

Mr. and Mrs. H. B. Snow of Wills Point visited Saturday overnight with her parents, the W. F. Davidsons. Other visitors Saturday evening were Mr. and Mrs. Albert Shaw and children of Callisburg. Sunday Mr. and Mrs. Snow visited her sister and brother-in-law, Mr. and Mrs. Bill Roe at Callisburg.

Mr. and Mrs. John Richey visited Friday evening at Era with the Fred Richey family and brought Larry Richey and Marc Barnes back with them to spend the weekend. The Fred Richeys came for the boys Saturday.

la of Whitesboro, Miss Maxine Morris of Richardson, Bub, Wanda and Mark McElreath and Kim McElreath, all of Gainesville and Ross Ballinger of Fort Worth.

Weekend visitors with Mr. and Mrs. R. D. Morris were Mr. and Mrs. Joe Hobbs of Plainview and Misses Dorothy and Adeline Hobbs of Hastings, Oklahoma. Joining them Sunday were Mr. and Mrs. Walter Haverkamp and children Monte, Monica and Kar-

David Winchester of Dallas sustained a severe injury to his right hand Friday in a machine accident at work. His parents, Mr. and Mrs. Charlie Winchester, went to Dallas Saturday to visit him and the family and his mother remained for a longer visit.

Mr. and Mrs. W. F. Davidson were Sunday dinner guests of Mr. and Mrs. J. W. Breckenridge at Gainesville.

Brother Aubrey Spire and his mother of Gainesville had dinner with the Rafe McElreaths following services at the Baptist Church Sunday. Other visitors in the afternoon were Mr. and Mrs. Ernest McElreath and son Ronnie of Gainesville.

Mrs. Lloyd Barnhart of Gainesville visited Friday with Mr. and Mrs. Charlie Winchester.

Mr. and Mrs. Joe Wilcox had as their guest for two weeks her aunt, Mrs. B. F. Fanning of Byers, Okla. Other visitors during the weekend were Mr. and Mrs. Bud Wilcox, Mr. and Mrs. Wayne Wilcox and daughters Cerina and Regina of Lawton, Okla., and Mr. and Mrs. Odus Fanning of Allen, Okla., who took his aunt, Mrs. B. F. Fanning to her home.

Mr. and Mrs. John Richey visited Tuesday evening with Mr. and Mrs. Coy Fite at Ringgold.

Billy Owens has let his parents, Mr. and Mrs. Joe Wilcox, know that he has gone to Florida.

Mr. and Mrs. Jim Moore of Muleshoe and her sister, Mrs. Mary Pruitt of Gainesville visited Thursday afternoon at Golden Years Rest Home with their brother-in-law, V. M. Ramsey, and spent the night with Mr. and Mrs. Sam Sparkman. Other recent visitors were Mr. and Mrs. Gordon Ramsey of Gainesville, their son and his wife, the Sid Ramseys of Arlington and Mrs. Leonard Luttmier of Valley View.

Marc Barnes of Era was a surprised honoree Monday evening at a party celebrating his tenth birthday at the home of his parents, Mr. and Mrs. John Barnes. His mother baked the birthday cake, his grandmother Mrs. Fred Richey of Era baked his favorite apple pie and his aunt Mrs. John Richey furnished homemade ice cream. Others helping him eat the party refreshments were Fred Richey, Larry Richey, John Richey, his daddy, sisters Vickey and Donna and brother Sonny. Marc received a pair of new boots as a gift from his family.

Visitors Friday with Mr. and Mrs. Joe Wilcox were her nephews Frank Smith and James Brown of Gladewater who attended graveside services for Mrs. Marvin Wilson of Gladewater at Gainesville.

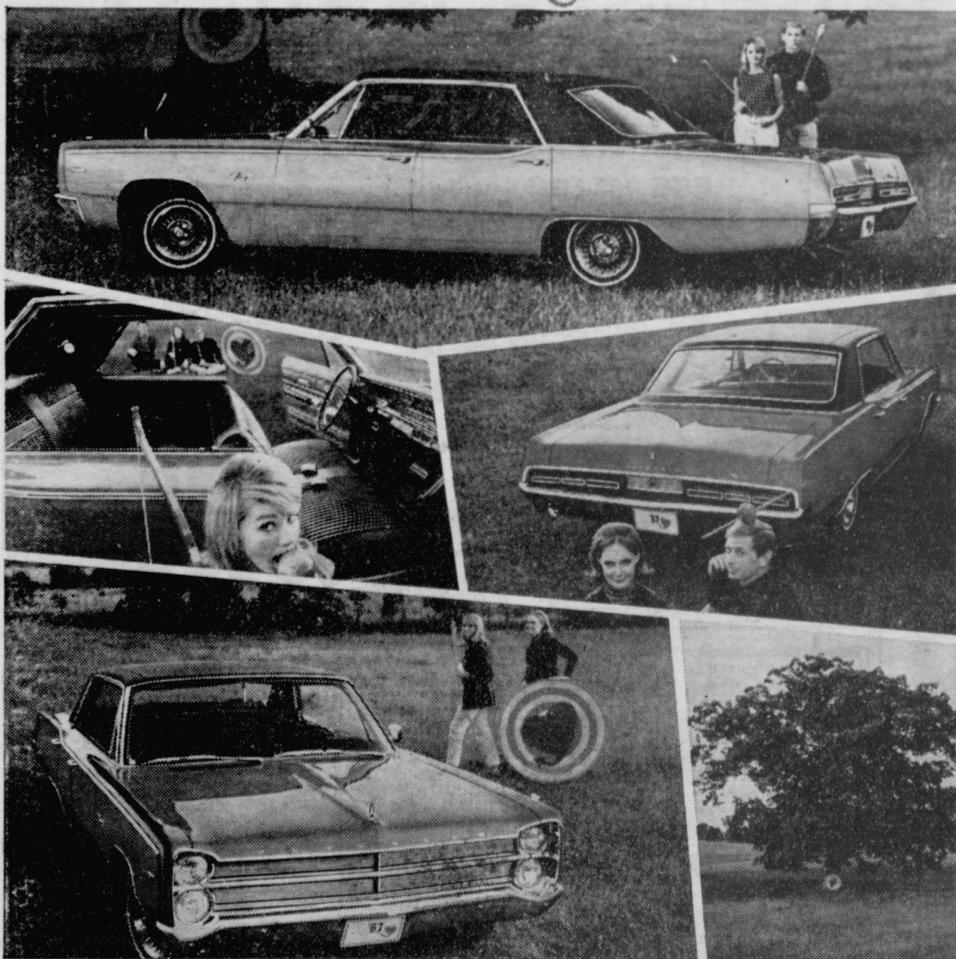

An editor died after lingering illness. His savings barely covered hospital and doctor bills, leaving nothing for funeral expenses. A friend after soliciting funds all day lacked \$1 of having enough. Weary, he said to a stranger, "Could you give me a dollar to bury an editor?"

The stranger pulled out a \$5 bill, and said, "Here — bury five of them."

The staff at Muenster Public Library invites everyone's patronage on Thursdays, 8 a.m. to 4 p.m. and 7 to 9 p.m., hoping especially that more will avail themselves of the evening time to check out books.

New books include "Dr. Zhivago," the celebrated novel of the century by Boris Pasternak who won the Nobel Prize for literature in October 1958 one month after it was published in America. It was announced for publication in Russia in 1954 but was withdrawn.

"Doctor Zhivago has still not appeared in Russia. This most important work of contemporary Russian literature has been published in Arabic, Danish, Dutch, Finnish, French, German, Hebrew, Italian, Norwegian, Portugese, Spanish and Swedish.

Metro-Goldwin-Mayer presents a Carlo Ponti production, David Lean's film of Boris Pasternak's "Doctor Zhivago" in Panavision and Metrocolor.

Another new book is "The World in 1984, Vol. 1", new scientist series edited by Nigel Calder. —B.L.

Mr. and Mrs. Bill Terry of Gainesville ended a week's vacation Monday and their little boys ended a vacation of their own. Tye stayed with his grandparents, the Tony Wiesmans at Gainesville and Tim vacationed with his grandparents, Mr. and Mrs. W. M. Terry at Valley View. Don Wiesman of Fort Worth joined his father and brother-in-law dove hunting, with considerable luck, and they all had a dove dinner and supper at the Tony Wiesman home. One afternoon Mrs. Terry, Mrs. Wiesman and Mrs. Don Wiesman drove to Muenster to visit Mrs. Bob Yosten. They discovered that she was visiting in Fort Worth and spent the afternoon with Mrs. Larry Yosten.

Vacation for Mr. and Mrs. Henry Huchton this year was restful with lots of sight-seeing in and around Hot Springs and at Bull Shoals Resort in Arkansas. They drove the Ozark Frontier drive through the Ouachita and Ozark Mountains. Other sight-seeing was at Springfield and Joplin, Mo., and through Kansas and Oklahoma stopping at places of interest on the ten-day trip.

Mr. and Mrs. Mac McKinney of Los Angeles, California, ended their vacation here Friday. They have been visiting her mother, Mrs. Leo Rohmer and family. She's the former Martha Rohmer. The McKinneys came from Waco where they spent part of their vacation with his relatives.

Visiting here Wednesday was Mrs. Al Swirczynski of Mesquite, spending the time with her mother and taking her to see her sister and brother, Mrs. John Wilde and Joe Voth, at Golden Years Rest Home. Mrs. Swirczynski also called on her husband's parents, the Joe Swirczynskis.

Claude Lehnertz was back in Muenster several days this week on a flying trip from Spokane, Wash., to visit his parents. Mr. and Mrs. Joe Lehnertz. He also visited his brother, Jimmy Lehnertz and family at Gainesville. Claude is one of the Lehnertz brothers who operate the famous Longhorn Barbecue at Spokane. He says they are still doing great and that the catering business operated in connection with

### Parochial School Staff at Diocesan Teachers' Meeting

There was no school in Muenster Monday. It was the one day each year when parochial school students have a holiday while their teachers are in class.

Religious and lay teachers of Sacred Heart School were in Fort Worth for the annual Diocesan Teachers Institute.

Public School students also had a free day, arranged in the schedule at the beginning of the year on account of the combined bus system.

More than 900 teachers of the Dallas-Fort Worth Diocese convened in Nolan High School for lectures and workshops.

The secondary and elementary school departments had separate meetings, however both groups emphasized updating the religion program.

Other topics dealt with adolescent morality, teacher-student relationship, reading disabilities and preparation for college.

### Lindsay Squires Nip Pee Wees 18-0

Muenster Public School's Pee Wees, the Little Monsters, were too green for their practice session at Lindsay Tuesday night and came out second best by a count of 18-0.

The difference was in experience, says Coach Glenn Richardson. The Lindsay kids made a team of 11 working together whereas the Muenster kids were disorganized and working separately. Very few of the local boys have played before and they have not had enough time to date to become familiar with fundamentals.

The Squires made all of their touchdowns on end sweeps, one each in the first, third and fourth quarters.

The game was the only practice session on the Pee Wee schedule. Next week they will start playing for the record as they go to Callisburg Tuesday night for the opener of the 7-B junior loop.

The development of intelligence includes an application of solitude.

### Knights Slip Past Windthorst 14-8

A well aimed pass plus a nice run for a total gain of 45 yards was the important difference as Lindsay's Knights nudged the Windthorst Trojans 14-8 last Friday.

Mike Hundt heaved the pigskin to Louis Gieb who scooted for pay dirt and broke a second deadlock in the stubborn contest.

For all of the first half the two teams were struggling along without either being able to get on the score board. Then suddenly, in the third period, Mark Fuhrmann broke the stalemate by intercepting a Trojan pass and returning it 25 yards for the six-pointer. A pass from Hundt to David Arendt made the count 8-0.

That seemed to give the visitors their needed inducement. They promptly moved up field to their first tally. Donald Osterman carried it over and passed to Danny Schroeder for extra points that tied the count at 8-8. Shortly after that the Hundt-

Gieb combination put Lindsay ahead and the game settled down again to a deadlock.

Except for that one big play the teams were very evenly matched. Lindsay led 10-8 in first downs and Windthorst 80-78 in rushing. The only one sidedness was in passing. Lindsay completed 10 out of 20 for 119 yards. Windthorst completed 1 of 7 for 6 yards.

The game was Lindsay's second and last in practice play. Friday night the Knights start playing for the record in their district opener at Caddo Mills.

A spinster was shocked at the language used by a workman repairing a telephone line near her home, so she wrote the company. The foreman was requested immediately to make a full report of what had happened. The report read as follows:

"Me and Spike was on this job. I was up the pole and spilled hot lead on Spike — right down his neck. Spike looked up at me and said: 'Really, Harry, you must be more careful.'"

### Zone Election

The new supervisor must be a landowner within the zone from which he or she is elected. He or she should be actively engaged in farming or ranching and interested in the field of soil, water and plant conservation. All landowners 21 years or older owning agricultural land in Zone 3 of the Upper Elm-Red S&WCD are invited to attend this election meeting and help elect their new supervisor for Zone 3.

The work of soil and water conservation district supervisors is often misunderstood. They do not get paid for their work or contribution to the district soil and water conservation program. The state law under which districts were organized specifies that they receive \$4.00 for attending regular monthly meetings of the Board of Supervisors and receive five cents per mile travel expense from their farm to the meeting place.

Soil and Water Conservation District Supervisors serve in a similar capacity to school boards. They serve as an ad-

visory council and a coordinating board to further the conservation movement in their district. They have many duties such as: sponsoring watershed programs, assisting in maintenance of floodwater retarding structures, securing landright easements for works of improvement, sponsoring youth programs of conservation activities such as grass judging, land judging, essay writing, sponsoring awards programs for outstanding conservation achievement, assisting in the Great Plains Conservation Program, sponsoring the District Soil and Water Conservation Program, etc. Anything having to do with soil, water and plant conservation in their district is a part of their work as a supervisor.

The Upper Elm-Red Soil and Water Conservation District has long been recognized as one of the outstanding districts in the state. A great part of this high rating is due to the leadership represented by the men elected to serve as district supervisors and how well they have used all outside resources.

### Confetti

the bond issue for supplemental financing, and finally did much of the work in organizing the hospital district. The hospital now stands as an exceptionally fine facility, a tremendous asset and an object of pride to Muenster, because Joe Weinzapfel had the vision, ability and will to see it through.

Those are only some of his achievements. Others large and small could be listed by the dozens, often leading, often helping in getting things done to make Muenster a better place to live and make a living. And all the while he has given helpful personal services by the hundreds — or thousands.

All of which can be summarized in a simple sentence. Joe Weinzapfel has been one of Muenster's principal assets through all of these years. He has earned the community's appreciation for all time. On this occasion this column believes it expresses community sentiment in saying "Many, many thanks! I've been a blessing to have you with us."
