

MUENSTER ENTERPRISE

VOLUME XL

MUENSTER, COOKE COUNTY, TEXAS 76252

OCTOBER 23, 1977

NUMBER 49

Senator Bentsen's recent column calls attention to the ever increasing cost of living, in which an item costing \$10 ten years ago is now priced at \$18.30; and a house worth \$20,000 in 1967 is selling for more than \$41,000 at this time.

He goes on to state that one of the worst digs into our pocketbooks results from what is happening to the price of higher education. At the University of Austin the annual cost per student went from \$1,750 in 1967 to \$3,200 in '77. And prices at the private universities, which used to be near \$2,500, are about \$4,500 now.

This makes it tough for middle income families who are too well off to qualify for assistance. For instance, the family with an income of \$15 to \$20 thousand finds itself in a strain keeping up with every day expenses while saving enough to put a son or daughter through college. Or think about the burden of trying to educate two students. It can't be done on an income of \$15,000, which used to be considered as big money.

Bentsen is completely right about these things, but we think it is unfortunate and frustrating to hear national policy makers fretting about the symptoms of economic ailment rather than tackling the causes. We'd be better pleased if our senator and lots of other important men in government were working on a cure for the ailment rather than relief of its pain.

The Washington crowd has been guilty of keeping inflation in high gear. It knew all along what the spendthrift policy would lead to but did nothing to stop it. Those people knew as well as we that our savings were being eroded but they went on allowing the thievery from people who had saved.

If this inflation curse had been prevented, the cost of education would be no problem. Much could be paid from savings and the balance could be spared from present income.

Back to the present student financing problem, Bentsen complains about federal student loans because so many are in default and they are a nuisance to the banks, who don't like to loan money at 7 per cent for up to 14 years and be forced to do a lot of federal paperwork.

Bentsen proposes education authorities such as the South Texas Authority, which raise their funds by the sale of bonds and use them in taking up the notes that students had made to banks. The intention is to improve in two ways . . . by helping more students and also by reducing the shocking number of defaults. The idea is good and practical. It should be promoted.

The Department of Public Safety has just appealed to Texas motorists to give better voluntary compliance to the 55 mile per hour speed limit. From its own observation as well as surveys conducted by the Department of Highways and Public Transportation, DPS states that the vast majority of vehicles are exceeding the limit.

Meanwhile traffic fatalities are increasing, showing an 8 per cent increase over last year, according to Col. Wilson Spier, the DPS head man. Traffic deaths have increased from 2,467 at this time last year to 2,675, and the percentage of increase continues going up.

Spier says that 74 per cent of the motorists now are driving over 55 whereas 69 per cent exceeded the limit a year ago. (Continued on Page 10)

Quilters Needed For SNAP Project

SNAP will have a quilt set up, ready for quilters on Tuesday, November 1. There will be the usual luncheon at 12:30 and anyone interested may begin quilting, and until afternoon church service. There will also be quilting on the following Thursday and succeeding weeks until all quilts are completed.

Those who wish to have quilting done may phone Mrs. Gladys Lutkenhaus at home 759-4373 or at the SNAP office 759-2922, for more information or to have names placed on the waiting list.

Muenster Holliday Near Showdown In District Race

The day of reckoning for the Muenster Hornets and the Holliday Eagles is at hand. Friday night they battle on the Eagles' field to determine who remains unbeaten and becomes the showdown opponent with the other competitor in the title race.

The other prospect is Archer City, which also has a perfect record and will be awaiting its turn to take on the winner. After the second round of games of the loop schedule, Muenster, Holliday and Archer City are equal title contenders with 2-0 records, whereas Lindsay, Callisburg and Petrolia practically eliminated with 0-2 standings.

Under the circumstances this game can be regarded as the first of three which will decide the championship. If Holliday wins, its second test comes next week. If Muenster wins, the showdown comes a week later. Of course there are also possibilities of Archer City going all the way or an ending in a three way tie.

Regardless of future possibilities the Hornets are keenly aware that this game is the one. It is the obstacle that must be overcome to remain in the race.

Because of it, spirit is soaring this week at Muenster High. Players and students know that the job, which has been traditionally tough since the two schools were in the same loop, will be tougher than ever. The Eagles will take no chances since last year when they were stunned by a major upset on the Hornet field. They will come out looking for revenge.

At the same time the Hornets can recall previous losses they would like to avenge. They too have great inducement for a great effort.

According to the record the odds are about even. The teams had near equal margins in their wins of the past two weeks. Holliday has the better pre conference standing but allowance can be made for extra potent opposition in Muenster losses to Aledo and Bridgeport.

As appraised by Coach Stinson, Holliday is comparable to Aledo. The team is good, big and solid with the depth that is possible in a high enrollment school. Holliday is just short of Class AA and Muenster is just over Class B. This factor may enable the Eagles to use offensive and defensive platoons whereas the Hornets will have to play both ways.

Good news for the Hornets is that they came through the last game in condition. Assuming they can stay well in practice they should be physically ready Friday. The recent return of Bryan Sicking to the lineup is something more in their favor. He has been going great in the past two games after missing the first half of the season.

Jaycees Sponsor Rebuilding Fund For Ed Hess Home

The Ed Hess family is the current exclusive beneficiary of the Jaycees' Special Relief Fund. As pointed out by Jaycee President Chuck Bartush Jr., the fund is made available to help the family restore the home which was badly damaged in a recent fire.

Donations to the cause can be made, anonymously or otherwise, by depositing to the special fund at the bank or giving to a member of the Jaycees. Until a cut-off date is announced all money received in the fund will be given to the Hess family.

The fire occurred on October 3 destroying the contents and interior finish but leaving the framework and floor in good condition, an estimated loss of more than 50 per cent. Rebuilding includes wall panel, ceiling floor covers, built ins, fixtures and furniture.

Christi Rohmer, daughter of Mr. and Mrs. Arnold Rohmer, has returned to school on a part-time basis, since October 20. She is becoming accustomed to a walking cast.

Rosston Residents Sing Praises of FM 373 Extension

Jim Penton, a member of the Mayor's Committee of Rosston, has expressed the enthusiastic opinion that appreciation of Rosston area residents should be shown for the great improvement they now have in driving conditions. The extension of FM 373 from FM 1620 to FM 922 has recently been completed, serving the Rosston, Leo and Prairie Point areas.

Penton also said that a vote of appreciation should be given to Muenster banker, J. M. Weinzapfel, who worked for years in support of the new road. Weinzapfel has been active on the "Texas Good Roads Committee" for many decades.

An autumn floral arrangement was delivered to Muenster State Bank Tuesday morning with an appropriate card of thanks, sent in appreciation from the Rosston Mayor's Committee.

MHS Eliminated In 13-A Volleyball

Muenster High's volleyball season ended abruptly Monday when the team was eliminated from 13-A competition by a loss to Callisburg. They dropped one game by a hot 16-14 count the other, by a more decisive 15-8.

Unfortunately the junior varsity had a win that was just for experience. One of the games was most unusual in that Barbie Walterscheid started her serve at the short end of 8-0 and served the entire game for a 15-8 win.

Callisburg varsity's win qualified it to meet the winner of Holliday-Petrolia for the district title.

The Hornets have a roster of 20 and are losing five by graduation. They are Shirley Monday, Clara Knabe, Thelma Lewis, Sandy Schneider and Ruth Walterscheid.

It's Time to Change Clocks

Clock changing time is here again. At 2 a.m. Sunday the nation will officially discontinue Daylight Saving Time and return to Standard Time, in which noon comes at the middle of the day, like it did long ago.

Getting back in tune with the sun involves setting clocks back an hour some time during Saturday night. Failure to do it will result in being an hour early for church service Sunday.

DST is observed for six months a year in accordance with the 1966 Uniform Time Act. It becomes effective on the last Sunday of April and ends the last Sunday of October.

Tiger Field Gets New Scoreboard

A handsome new scoreboard, a gift from Muenster State Bank, has just been installed on the Sacred Heart football field. It is at the south end of the field mounted on the heavy pipe used by the former scoreboard, with controls in the pressbox.

It measures 8 feet high by 16 feet wide plus an 8x8 extension with the bank's name. At the upper corners are spaces for visitors and home team scores and a digital style clock between them will show minutes and seconds remaining in the quarter.

Across the bottom are spaces to indicate the down, yards to go for first down, and the quarter of play. All of the figures are shown in lights.

The scoreboard replaces one that was erected in 1969 as a memorial to Leon Endres, a former Tiger who was killed in an automobile accident. It was a used unit purchased from Archer City when that school changed to a later model.

Tigers Will Start TCIL Schedule at Tyler Saturday

It's going to seem like starting over when the Sacred Heart Tigers resume their football schedule Friday after two open dates in a row. The team originally had an open date on the 14th and had another forced on them on the 21st when Cistercian of Irving cancelled because of injuries and illness.

Coach Ed Stock thinks the big time gap has been a handicap to the team. Even though the boys have been working faithfully they lacked the inducement and challenge associated with a weekly contest. Besides they missed the opportunity of testing the benefit of practice under pressure of game conditions.

Otherwise, says Stock, the Tigers are fine. All are in top physical condition and looking good in practice. Furthermore they are ready mentally.

That's the situation as the Tigers enter their TCIL conference race. Tyler Gorman is the first of three games for the title, and, according to the season so far, will call on the very best Sacred Heart effort.

A good comparison is the two teams' games with Bishop Lynch, in which both did better than the score indicated. SH played on equal terms except three big plays which beat 'em 19-3. Gorman trailed 7-0 at the end of three periods and lost 28-0 after three late turnovers.

Also SH has a 5-1 season to date whereas Gorman has 3-4 including losses to extra stout teams such as Lynch and Waco Reicher. An impressive win was its 20-0 decision over Christ the King of Lubbock, one of the four district members of TCIL.

A factor with a possible bearing on the game is Gorman's home field advantage. Coach Stock hopes to overcome that situation by driving to Tyler the day before and allow time for the boys to get over travel fatigue.

Physically the teams appear to be about equal. Over-all weight is about the same and both have better than average speed.

Sewer Extension to Valenite Is Major Building Project

Extension of sewer and water service to the new Valenite factory west of town has developed into a major project. That applies especially to the 1801 foot sewer main with about equal distances of 8 inch and 6 inch plastic pipe.

The big job is in digging ditch for the sewer, using a backhoe. It's depth ranges mostly from 6 to 8 feet with occasional locations of solid rock requiring blasting. To date Bernard Hesse and Willie Robertson have used 220 sticks of dynamite. Another major problem is a system of oil field rod lines that must not be disturbed. And an additional job is construction of five manholes along the way.

The sewer main extension connects with the former line a short distance north of the Bedrick house and goes to the Valenite building. It is intended not only for the new structure but for future development in the area south of Highway 82 and west of the city park as far as Valenite.

A water main follows the same route, being installed a few feet south and west of the sewer line but near the surface. Compared with the other job this installation was a breeze. Besides less digging it did not require the precise depth to assure gravity flow.

The extension is financed partly by the city, partly by Valenite and property owners. All will be compensated gradually as the area is developed.

On the job are city employees plus Tom Swirczynski and Bernard Hesse as equipment operators. Steve Mosier is supervising.

Two Meetings Set On Certification to Buy Pesticides

Farmers and homeowners who want to qualify for the purchase of restricted pesticides have that opportunity at special meetings next Tuesday and Wednesday.

County Agent Neil Tibbets announced this week that the first meeting will be Tuesday, Nov. 1, 7 p.m., in the vocational ag building of Era High. The next will be Wednesday the 2nd, 7 p.m. in the vocational ag building of Lindsay High. Either meeting can qualify a person for a pesticide certification, which is required for purchase of the restricted pesticide.

Students Create Landmark Mural

A landmark creation just getting started is a mural reflecting German tradition and heritage on the east wall of the AMPI plant near the intersection of Highway 82 and Main Street.

Thirty six members of the Sacred Heart Art Club and Patti Eberhart, their teacher, spent all of their class day Wednesday sketching the scene on the wall in charcoal and starting the paint job. Monica Hess of the sponsoring Bluebonnet Home Demonstration Club and Steve Walterscheid were there to help.

Mrs. Eberhart said the group will work whenever it has the opportunity expecting to finish the mural in two weeks. It will be done for sure before Thanksgiving, she added. When the club left the scene Wednesday it had the sketch-

ing almost completely finished, also the blue of the sky and the green of several trees.

The idea originated with the Bluebonnet Club which sponsored a contest of drawings and sketches in a German atmosphere. Bert Hesse was named the contest winner and his entry was chosen for the general scheme and most detail of the mural. Ideas from the other entries are being worked into the scene.

Next step after the original entry was an enlarged sketch of the original with additions and deletions. Then a scale was established whereby the drawing could be fitted into the available space on the wall. The measure is 66 feet wide by 13 feet 11 inches. Mrs. Eberhart and Steve Walterscheid worked together in combining features from the originals into the guide sheet and they are also directing work on the mural. Besides they expect to add other details as the work progresses if and when an inspiration presents itself.

The scene presents a cluster of buildings of traditional architecture in a village at the foot of a mountain. Details will be determined by the imagination and patience of the artists.

Drought Hangs on Thru Third Month

With 27.51 inches of moisture to date and only two months remaining the community has poor prospects of receiving normal rainfall this year.

Besides, the situation is worsened by the fact that the decline of rainfall has occurred during the past three months. The drought is becoming critical. Pastures have quit growing and plowed fields are too dry to sprout grain. Cattlemen faced with skimpy grazing and hay shortage, have been reducing their herds.

According to Steve Mosier's record, the October rainfall to now is only 1.35 inch, while August and September had 1.42 and 1.31, a total of only 4.08 for the three months. By contrast the community had 23.43 in the first seven months.

Saturday's rain yielded 1.23 inches and five other small readings of the month added .06 for a total of 1.35. Combined with records of the previous nine months, the total now stands a 27.51.

Soil Conservation District Receives Award of Honor

In recognition of its continuing record of excellence in soil and water conservation, the Upper Elm Red Soil and Water Conservation District has received the Good-Year Honor Award for the past year. J. H. Bayer, district chairman, accepted the presentation at the 37th annual state meeting of Texas soil and water conservation district directors in Lubbock.

Also representing the local district at the meeting were Mrs. Bayer and Mr. and Mrs. Hinds Clark of Nocona. About 800 persons attended.

Purpose of the meeting was to review developments affecting conservation programs and activities. The theme was "changing Challenges."

Among speakers of the meeting were Governor Dolph Briscoe and persons who are active in state and national conservation programs. After adjournment a tour was conducted on the Frank Gray farm near Lubbock. Gray has a contract with the city of Lubbock to receive its treated sewage water, which amounts to approximately 17 millions gallons a day.

Young Homemakers

Young Homemakers of Texas organized Wednesday, October 26. Meetings will be held on the first Wednesday of every month. The next meeting will be Wednesday, November 2 at Cooke County Electric Co-op at 7:30. A special program will be held and all are invited.

Hornets Beat Petrolia 35-7

MHS Hornets joined Holliday and Archer City at the top of district standing by rolling over Petrolia 35-7. Meanwhile Holliday beat Lindsay 35-13 and Archer City nudged Callisburg 9-6. The three leaders now are 2-0 in 13-A and the other three are 0-2.

The Muenster boys had no problems running up a comfortable margin in the first half and they still dominated in the second when reserves saw a lot of service. Actually the Pirates had net gains of -14 in offensive action and 1 first down, on the last play of the game.

However theirs was the big play of the game. On a kick off just before halftime, Joe Allen bobbled the ball and seemed about to be mobbed by a swarm of Hornets but broke through somehow and won a hot race down the left sideline. The run-back covered 95 yards, and the kick for bonus point was good.

The Hornets made their start on the opening kickoff when Nick Walterscheid's return reached the 42, then followed promptly with a drive for the remaining 38 yards. They used twelve plays in going the distance, Bryan Sicking accounting for 50 yards in nine carries, and scoring from the 6.

Sicking, benched with an injury the first five games, has been the Hornet's strong runner since he got into harness. Others prominent on the totting job are Gary Hermes and the Walterscheid twins, Nick and Neil.

The try for PAT was bad. Muenster led 6-0 at 7:02 in the first period.

The second drive started from the Pirate 32 after Kim Walterscheid recovered Petrolia's fumble on the kickoff. Two runs each by Hermes and Sicking reached the 4 where a penalty and a busted play lost yardage to the 13. From there Sicking made 3 (Continued on Page 10)

Stenholm Is Candidate for Burleson Seat in Congress

Today I am announcing my candidacy for the United States Congress from the 17th Congressional District of Texas.

Our district has been fortunate to have had Omar Burleson as our Congressman for the past 31 years. Following his retirement at the end of his current term, Congressman Burleson will return to us as the same good man that he was when he went to Congress years ago.

I began to consider running for the office following Congressman Burleson's August retirement announcement. What I firmly believe after much thought these past weeks is that the voters in the 33 counties that make up this district can do something unique for the country — we can send a man to Congress who is aware of urban problems and at the same time has an agricultural background that qualifies him to represent the people whose livelihood depend on the land.

All of us in the district (1) school teachers, (2) small businessmen, (3) oil and gas producers, (4) bankers, (5) private and public employees, (6) farm & ranch people — are dependent upon our basic source of wealth, which is the land. Food, fiber and energy production provide us either directly or indirectly with our livelihood. This is true whether we live on our farms, in small towns, or in our large cities. What helps food, fiber and energy producers helps us all, what hurts them hurts us all.

The value of agricultural and energy producers to the well being of our district and the nation has increased over the years. At the same time, however, the number of Americans engaged in this production has decreased. What is even more important, the voice of this important segment of our community has also decreased in Washington where the laws, ruled and guidelines are written that regulate the economy where we all make our living.

These facts make the 17th Congressional District very important. We can project our way of life by sending a man to Congress — someone who has grown up in this area; someone who has been involved in both agriculture and energy production; someone who can attempt the hard

School Observes Church Vacations Awareness Week

All across our country the week of October 9 to 15 was celebrated as Church Vacations Awareness Week. During that special week, the Junior High Religion classes at Sacred Heart School departed from the regular religion lessons to take time to think about the men and women who serve the Church in a special way as priests, brothers, sisters and permanent deacons.

Students did research on

the life and works of such great church leaders as John Neumann, Mother Seton, Thomas Merton, Isaac Jogues, Junipero Serra, Martin de Porres, Dorothy Day and Mother Cabrini. Pictures were collected and posters were made telling the story and illustrating their contributions in the service of the Church.

Posters were also made describing the life and works of present day priests, brothers, sisters and deacons.

As a culminating activity, the Junior High classes celebrated a special liturgy on Monday, October 17, in the Convent chapel.

Following the homily, Father Placidus called upon the students to explain to the assembly their posters, which decorated the chapel walls. In the offertory procession, in addition to the Eucharistic gifts, students carried up symbols of religious commitment — the priest's or deacon's stole, a sister's profession crucifix, a medal with the Benedictine motto: Pray and Work, and a copy of the Rule of St. Benedict which is followed by the priests and sisters serving in Sacred Heart Parish.

In the Prayers of the Faithful, students thanked God for the lives and works of the great men and women who have answered His call, "Come, follow Me," and asked for guidance and courage to live out their lives in His Will.

At communion, the student body was privileged to receive the Holy Eucharist under both species.

The special liturgy, in which each of the Junior High Students had a special part, was planned by them under the direction of their religion teachers, Miss Dorothy Bengfort and Sister Georgia. Father Placidus was celebrant of the Mass. Mrs. Ruth Felderhoff was organist and song leader; guitarists were Mary Margaret Rohmer and Mary Caplinger.

SNAP Plans Dance

An Autumn Swingtime Ball will be sponsored by SNAP on November 8 at the Community Center for Senior Citizens. A happy hour, 7-8 p.m. will be followed by music for dancing by an orchestra from Dallas.

Honor Roll Listed At Muenster High

Honor rolls in Muenster High School and Muenster Junior High for the first six weeks have been announced as follows by Alfordean Winn, principal.

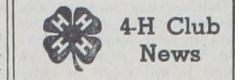

A Honor Roll
 7th grade: Wayne Carroll, Brent McElreath, Garland Tate, Mary Winn.
 8th grade: Peggy Winn.
 9th grade: Glenn Fisher, Barbie Wimmer, John Zimmerman.
 10th grade: Julia Bright, Toni Dittfurth, Lou Dyer, Kimberly Walterscheid, Gary Zimmerman.

B Honor Roll
 7th grade: Steven Bayer, James Bright, Susan Fisher, Virginia Fisher, Gregory Luke, Stephanie Richey, Carl Sicking, Teema Tisdale, Shelly Zimmerman.
 8th grade: Charlotte Fleitman, Kerre Lindsay, Carla Walterscheid, Vance Wells.
 9th grade: Karl Barnhill, Judy Dittfurth, Larry Fleitman, Benji Luke, Charles Lutkenhaus, Ronda Reiter, Glenda Sicking, Ricky Winn.
 10th grade: Floyd Felderhoff, Mark Felderhoff, Cathy

Flusche, Michael Lewis, Janel Lutkenhaus, Carla Otto, Todd Richey, Bev Trubebach, Judy Walterscheid, Karen Walterscheid, Robert Weinzapfel, Renee Wilde.

11th grade: Tami Fanning, David Felderhoff, Kathie Fisher, Jeannie Haverkamp, Carl Pagel, Bill Sicking, Barbie Walterscheid, Brenda Walterscheid, Robin Walterscheid, Sherri Wolf, Greg Wilde.

12th grade: Karen Barnhill, Lenzy Dyer, Connie Flusche, Gary Hermes, Clara Knabe, Thelma Lewis, Shirley Monday, Bryan Sicking, Bert Walterscheid, Wayne Wimmer, Ruth Walterscheid.

SHHS senior 4-H girls club met on October 4 to hear Mrs. Karen Gillman lead a discussion about consumer education. Items included "What Is a Consumer?", "Rights and Responsibilities of a Consumer", "What Should a Consumer Do With a Defective Product?"

Mrs. Gillman also distributed tickets for 4-H Day at the State Fair. A game was followed by a skit about 4-H and then a discussion of the need for parliamentary procedure. President Brenda Voth presided for the business meeting. Mary Luke is club reporter.

Introducing **FORD'S BETTER IDEAS FOR '78**
 featuring the new Fairmont...the Ford in your future.

The Fairmont idea.

Fairmont . . . a new car built for today, but designed for the years ahead. Fairmont combines fuel efficiency, space efficiency and cost efficiency. It's trim outside, and easy on gas, yet it's roomy inside. Stylish, but it doesn't cost a lot. With impressive ride and handling, that's Fairmont—a whole new line of better ideas.

Fuel efficient.

Fairmont sedans offer the best mileage ratings in their class.

4-Speed Manual	Automatic Transmission
33 MPG (Hwy)*	33 MPG (Hwy)*
23 MPG (City)*	22 MPG (City)*

*EPA estimates with 2.3 litre engine. Your mileage may vary depending on your car's condition, optional equipment, and how and where you drive. California and Wagon ratings are lower.

Space efficient.

More than 90% of the head room, leg room, shoulder room of most large cars.

Fairmont is not a little car. It's engineered to be space efficient with 90% of the room in key areas of most large cars. And Fairmont's roomy trunk holds ten assorted pieces of luggage.

Cost efficient.

Fairmont sticker prices will be competitive. And Fairmont is designed to keep scheduled maintenance costs down.

Compare Fairmont's excellent combination of high mileage ratings, roominess, and low sticker price with any other car sold in America. You'll see why we call it the Ford in your future.

THANKS

I wish to thank Father Placidus, Father Stephen, Bishop Dangelmayr, Dr. Knight, Dr. Antonetti, the wonderful nurses, the good cooks for care and kindness shown me during my hospitalization. Special thanks to good friends, relatives and neighbors who visited, sent flowers and cards and all who offered prayers for me. May God bless you. Elizabeth and John Haverkamp and family

Stenholm . . .

job of convincing Congress that we in rural America need to be heard.

We cannot separate the problems of farmers, ranchers, independent oil and gas producers, and all of those other vocations in our district from the problems of other areas of our economy. Businessmen, manufacturing people, consumers, agricultural and energy producers, and Senior Citizens share these same basic problems: Costs of production and cost of living are rising every day because of inflation, government regulations that have no relation to the needs of the country punish producers and consumers instead of encouraging production, initiative, and peace of mind.

With the wholesome basics of life that I enjoyed growing up in this area, I am convinced that we must fight to regain those qualities we once had and want to have again. God willing and with your support, we can accomplish these goals and when I am elected your continued support will always remind me of where I am from.

BIRTHS

Mr. and Mrs. Tom Flusche announce the birth of their son, Jeffrey Patrick on Sunday, October 16, at 4:53 a.m., weighing 7 lb. 10 oz., in Muenster Memorial Hospital. Jeffrey Patrick is a little brother for Jami. Their grandparents are Mr. and Mrs. Albert Dangelmayr and Mr. and Mrs. J. P. Flusche.

For Goodwill Industries
The Cub Scouts will distribute Goodwill bags on the last Sunday in Oct. and pick them up on the first Sunday in Nov. They ask that the bags be filled with any repairable items to be used by Goodwill Industries.

Muller Baptism

The baptism of Christopher John Muller was held in St. John's Church of Valley View on Sunday, October 16 at 3 p.m. Father Anthony Gajda officiated.

Baptismal sponsors were John H. and Norma Kubicek of Era. Altar boys were Dave and Steve Kubicek, and Michael Lutkenhaus, of Lindsay.

The long baptismal gown was of white eyelet and handmade by the baby's mother. It was identical in design to the christening robe worn by the baby's mother and grandfather. A white bib with a red applique representing Christ, was made by the godmother, Mrs. John H. Kubicek, and presented at the ceremony.

A reception and supper hosted by Christopher John's parents, Weldon Chris and Doris Muller, followed in St. John's Parish Hall.

Guests were Mr. and Mrs. August J. Lutkenhaus, Leo and Charles of Muenster, Mr. and Mrs. Walter Lutkenhaus and family of Lindsay, Mr. and Mrs. Dennis Lutkenhaus and family of Callisburg; Mr. and Mrs. Chris M. Muller and Julie; Mr. and Mrs. Harold Alexander and family; Mr. and Mrs. Bobby L. Muller and family; Mr. and Mrs. Henry Sandmann and John E. Kubicek, all of Valley View.

Also Mr. and Mrs. Mark Pels of Pilot Point; Mrs. Ricky Allen of Gainesville; Mr. and Mrs. Henry Muller of Caldwell, Idaho; Mr. and Mrs. Alfred Hacker and Glenn of Valley View; Mr. and Mrs. Tommy Patterson and family of Era.

If you feel you have no faults — that makes another.

Mrs. R. Zimmerer Is Shower Honoree

Mrs. Robert Zimmerer of Gainesville was the honoree for a layette shower Saturday, October 22 when five hostesses entertained in the Bruno Zimmerer home in Lindsay, 2-4 p.m.

The come-and-go event was attended by 45 relatives and friends.

Hostesses Claudia Zimmerer, a friend and Dolores Zimmerer, Margie Zimmerer, Janie Wilson and Joanie Jones, sisters-in-law presented a corsage made of white baby socks and lace.

Refreshments of cheese balls, sausage patties, crackers, coffee, hot apple cider, mints and nuts were served from an attractive table decorated with candles and an arrangement of flowers made of baby socks, lace and a pair of yellow booties.

The hostess gift was a yellow and white checkered bassinet cover.

Included among the guests were the honoree's grandmo-

thers Mrs. A. I. Kubis and Mrs. Tony Felderhoff; a great aunt Sister Florence Marie Kubis of San Antonio, also Mrs. Charles Felderhoff of Dallas. A grandmother, Mrs. Joe Beizer of Lindsay was unable to attend, but sent a gift.

Elizabeth Moster Sees W. Texas Kin

Mrs. Elizabeth Moster returned Sunday evening from a nine day visit in Levelland

NOTES FROM THE LIBRARY

We have added many travel and adventure books to our shelves. Some of them are The Reader's Digest "Story of the Great American West", Richard Halliburton's "Complete book of Marvels" (a magic carpet to all the wonders of the world), "Walk Straight Through the Square (walking tours through Europe's most picturesque cities and town) and the new revised edition of "Texas: A Guide to the Lone Star State." Added also are volumes of Time-Life Books "This Fabulous Century," "Prelude" covers the years 1870-1900, and Volume I covers 1900-1910.

"Ethel" (the story of Mrs. Robert F. Kennedy) and "Lamy of Santa Fe" (first archbishop of Santa Fe) are two biographies added this last week.

McNaughton books continue to arrive. "Beggarmen, Thief" by Irwin Shaw is a sequel to "Rich Man, Poor Man." "Oliver's Story" is by Segal, author of "Love Story". "The Reef Girl" is the last novel of one of the greatest story writers of all time, Zane Grey. "Sea-witch" by Alistair MacLean is about an enormous mobile oil rig anchored off the American coast in the Gulf. You are bound to find something to your liking at the Muenster Public Library! Library hours remain the same: Tuesdays and Thursdays, 8:30 to 5:00, Wednesdays, 3 to 6 p.m.

Mrs. Walterscheid Honored on 70th

Mrs. Adolph Walterscheid was honored with a family gathering Sunday evening, Oct. 16 in the home of her son and family, Mr. and Mrs. Julian Walterscheid and children, as an early observance of her 70th birthday.

A supper of fried chicken, salads and trimmings included a beautifully decorated birthday cake, made by a granddaughter, Stacie Walterscheid. It was served with ice cream for dessert.

Guests, who presented a shower of birthday gifts, included Mr. and Mrs. Denis Walterscheid and family, Mr. and Mrs. Sylvan Walterscheid and family, Mr. and Mrs. Mike Fuhrmann and infant Leslie, who was joining a family reunion for the first time, Mrs. Don Rice and Toby of Gainesville and Sherri Herr, and the hosts, the Julian Walterscheids and family.

Toby and Leslie are Mr. and Mrs. Adolph Walterscheid's great-grandchildren.

Mr. and Mrs. Walterscheid spent Tuesday, her birthday, in Wichita Falls, shopping and browsing.

Public School Happenings

The Home Projects of all Homemaking Classes are due November 8. The plan that tells about topic selection was due October 10. There are numerous things on which they are able to work. They are: Foods and Nutrition, Consumer Education, Clothing and Textiles, Housing and Home Furnishings, Child Development, Home Management, Home Nursing, and Home and Family Living.

The Muenster High School Band will attend marching contest on Tuesday, November 1st. It will be held at Fort Worth. They are working hard to accomplish a better rating than last year. To do so, they have called practice during week nights. Mr. Hayes, the band director, is also having the players to come in and play and memorize the music.

The Muenster Public Civics class has a new assignment. Each class member must get up in front of the class and talk on any subject for five minutes. This should be a very interesting assignment because of such a variety of topics.

The M.P.S. volleyball team played Frisco Monday, October 17. The A and B teams played. Coach Faye Hamric and Callisburg have set up a date for the district playoff. She hopes they will have a successful season.

The Driver's Ed. Class took the written test Thursday, October 13. A patrolman from Gainesville came and gave the test to the students. The Driver's Ed. teacher is Donald Ostermann.

Last Friday night, October 14, was the Hornets' first District game. It was at Callisburg. The next District games are: Petrolia here, Holliday there, Lindsay there, and Archer City here.

Michael Allen is a new kindergarten pupil. He moved to Muenster with his mother, Ms. Brenda Latvala, from Rogers, Arkansas, and they are now residing on S. Pine Street. Ms. Latvala is a new employee of A-OK Motel.

Janie Fisher's 6th birthday was observed Wednesday, October 12, when her mother, Mrs. Francis (Butch) Fisher brought punch and cookies. Treats were sacks of candy for each classmate. Janie's special guest was her grandmother, Mrs. John Fisher.

A big wheel is a small cog that kept working.

YOU CAN BANK ON IT!

It is a fact not often understood that many times when the bank is unable to make a loan, it is because of federal restrictions. Banks are inspected by the government - for your protection - more closely than anything but prime beef and buck private. One reason for the close regulation is the continuing effort to control recession and inflation.

When banks expand their credit (loans and investments), the money supply is increased. But if the nation's money supply grows too large, inflation is the result. On the other hand, when bank credit contracts, the money supply is reduced. And too much reduction means recession.

To prevent either condition, the federal government views the economy and practices of the nation's banks and has broad regulatory powers.

That's why it sometimes is easier to get a needed bank loan than at other times.

Muenster Juniors Lose Two Tussles To Petrolia Kids

Petrolia juniors came to town with lots of beef Thursday and trampled both teams of Muenster kids. Junior High started the stampede with a score of 36-6, and Junior Varsity upped the count to 46-14.

The situation was the same in both cases. The future Pirates outized, outnumbered and outclassed the young Hornets. They were in command all the way and had no problems pushing over one TD after another. With less than two minutes to play they led 36-0 when the Hornets got off the one big play that took some of the sting out of defeat. A pass from Schneider to Flusche went for 25 yards to pay dirt.

Muenster started the JV game with a lateral pass on kickoff return, on which Kevin Klement almost broke away. He was pushed out of bounds on the Pirate 45. But the Hornets got no farther. Then Petrolia, on first possession, made a 60 yard scoring drive.

On second and third possession they made the job look lots easier. They went 46 in 3 plays and 20 in 2 plays.

Then Muenster got into the game. Klement was the kingpin doing most of the ball

carrying and frequently making a halfback pass. Ricky Winn's heave to Mark Felderhoff for 22 started the first drive. A roughing penalty gave 15 yards for free and 2 runs by Klement put a score on the board.

A successful on side kick was the next starter. Klement got possession on the Pirate 45 and on the third pass attempt following he connected with Weinzappel for the 6 pointer. Floyd Felderhoff's pass to Klement added bonus points.

Thereafter the visitors resumed their scoring spree. By half time they led 27-14. After intermission they made a 70 yard drive on first possession, completed a 55 yard drive as the last quarter started, and set up the final TD with an intercepted pass on the Hornet 15.

The Hornets' one successful defensive stand was made in the final minutes when they stopped the Pirates on the 15.

PTO Members Hear Teachers Explain Class Procedures

The October meeting of Muenster Public School PTA on Monday, the 17th, featured an informational program presented by teachers, Edgar Dyer, Robert McDaniel, Rudy Koesler and Donnie Osterman. They discussed their respective curriculums, told what they require and/or expect of students in their classes and what parents can do to strengthen their endeavors.

Mr. Winn, principal, explained graduation requirements, the grading system, honor roll requirements and disciplinary procedures. He also commended students and their parents for good attendance and said that the first six weeks showed 98% attendance. He listed reasons for excused absences as follows: sickness; death or critical illness in immediate family; quarantine; extreme weather conditions. He urged parents to sign excuses for absences of above stated reasons only. And he appealed to parents to make dental and medical appointments for students in the afternoons after school.

Ken Fette, PTO president, conducted the business meeting and told the group that a water fountain will soon be installed in the Lunchroom.

Mrs. David Bright, chairman of the Cultural Committee, announced a program on November 3 at 11 a.m. when Harold Smith, well known lecturer on syndicated TV will speak to grades 7-12.

Mrs. Richard Pagel reported that the Halloween party is scheduled for Kindergarten through sixth grade students on Sunday afternoon, October 30, 2-3:30 p.m. in the Lunchroom.

and your electric bill.

Fuel is essential in the production of electricity. Texas Power & Light Company generating plants burn very large amounts of natural gas or lignite coal and, when supplies of gas are short, oil to produce steam which operates turbine generators. Fuel costs are charged to each TP&L customer according to the number of kilowatt-hours of electricity used by the customer.

Before July 1, 1977, your basic rate for electric service included a fuel cost of about eight-tenths of one cent for each kilowatt-hour. The additional cost of fuel used to produce your electricity was shown on your bill as a fuel adjustment factor.

Since July 1, 1977, under requirements of the new Public Utility Commission of Texas, all fuel costs have been

removed from the basic rate. Now, the entire amount you pay for the fuel required to produce the electricity you used is shown on your bill in the space identified, *Fuel Amt.* This amount is figured by multiplying the number of kilowatt-hours of electricity you used by a fuel adjustment factor which appears on your bill in the space identified, *Fuel Cost per Kwh.* This factor is simply the per kilowatt-hour cost of all fuel required to produce your electricity.

The fuel cost per kilowatt-hour and the fuel amount on your electric bill will vary from month to month. These variations, either up or down, occur as the price TP&L pays for each kind of fuel fluctuates and as the amount of each kind of fuel used varies.

SH Juniors Divide Pair of Contests With Callisburg

Sacred Heart Junior Varsity took the Callisburg JV's to a tune of 26-14 but SH Junior Hi was taken 8-2 in a twin bill with Callisburg's kids last week.

The Tigers got under way on first possession, moving 27 yards in six plays, the pay off being a plunge for 6 yards by Jesse Walterscheid.

Though dominating the first half they could not get organized again until midway in the second quarter when they started a 55 yard drive to pay dirt. They used six plays, two being screen passes of 27 and 10 yards from Ken Hartman to Mark Nasche. The second was good for the TD.

Callisburg got on the board early in the second half on a 25 yard drive using four plays plus free yardage on a penalty. A quarterback sneak for 3 was the scoring play.

After that the Tigers took charge. They gained 35 yards before being stopped by an interception and started over four plays later after Callisburg had to punt on the first series. They used nine plays in going 44 yards. The big gain was a pass for 26 and the payoff was a 2 yard dive by Nasche.

A pass interference call and a 75 yard pass play then sweetened the score for Callisburg. The drive used four plays in going 90 yards and a run for bonus points was good for a score of 20-14. Promptly after that SH scored a quickie. Ken Hartman faked a punt and passed to Gary Henscheid for 61 yards and a TD.

A single big play won the contest for Callisburg Junior High. It was a fine pass and equally good run for 60 yards to the end zone plus 2 bonus points after touchdown for a count of 8.

Sacred Heart's score normally would have been a touchdown and possibly a tied score, but the ball just did not bounce that way. A punt blocked by Bartush was scooped up by a teammate who was tackled just before he got to the goal. The ball squirted into the end zone and a Callisburg boy was winner in the scramble for it. The score was 8-2 and the rest of the game was a deadlock.

Junior High Kids Lose at Saint Jo

The Little Monsters of Muenster Junior High continued their winless way last week in a 20-6 loss to the Saint Jo kids.

Their trouble started early when a young Panther broke away on a 50 yard touchdown sprint. The score remained at 6-0 until early in the third when the Little Monsters put on a 60 yard drive ending in an end sweep by Tim Schneider for 10 yards.

Following the next kickoff Saint Jo did likewise and finished the drive with a quarterback sneak.

A last hope fourth down try late in the game gave Saint Jo a set up for a bonus score. When Muenster lost possession the Panthers had less than 20 yards to go. A series of short gains produced the easy score.

Auxiliary Plans Christmas Party For State School

Muenster VFW Auxiliary, at its October meeting, answered an appeal from Denton State School for Christmas cheer gifts and cash. The school's request emphasized all new-items for Christmas including toys, toiletries, costume jewelry, boxed stationary, etc.

Members will bring individual gifts to the November meeting and voted a cash donation from treasury funds. Plans are to have a deposit cart at the Ben Franklin Store and at the Post Home for use by anyone else interested in joining in the gifting.

Members also agreed to purchase a room flag for Sacred Heart High School according to Sister Mary John's specification, and voted a gift certificate for the Ed Hess family, whose home burned recently.

Annual memorial services were set for November 11, to honor deceased veterans. A short ceremony at the service men's section of Sacred Heart Cemetery, will follow the 9:35 a.m. Mass in Church. The public is invited.

VFW Auxiliary members will participate in the "Get Out the Vote" program for the general election on November 8, and will be available to take voters without cars to the polls. Members also voted a cash donation to the National VFW Home for its Christmas cheer fund.

The bake sale committee reported a successful event and proceeds benefitted the cancer fund.

A "draping of the Charter ritual" was held in memory of recently deceased Mrs. Lola Schilling.

The District I meeting will be hosted by West Tawakoni November 12 and 13.

The business meeting was presided by Linda Knabe and refreshments were served to 15 members by the hostess, Ethel Hesse. Flora Mae Knabe won the door prize.

**ENERGY MANAGEMENT
IS A
FAMILY AFFAIR**

WATER HEATERS - use the second greatest amount of energy in the home. It can roughly use 15% of your homes energy. We suggest that significant savings can be made by setting the thermostat at 130-140°. You will also find an insulation overcoat available which can be placed on your present water heater. This cover allows the heat to stay inside your heater and not leak into the outside air. You may save as much as \$25 a year from this energy saving insulation kit.

Leaking faucets and full flow shower-heads are also big energy users and cost extra money.

You Can't Escape The Energy Crisis . . . But You Can Do Something About It!

**Cooke County
Electric Cooperative** ASSOCIATION

MUESTER, TEXAS

The Hornets

and Nick went in from the 10, then kicked an extra point.

Following the next kickoff the visitors had their first offensive play but got nowhere. On fourth down they had to kick giving MHS good position on the 38. Sicking gained

4 then Neil broke away for the remaining 34. Nick's kick for extra point was blocked. MHS led 19-0 at 1:05 in the first quarter.

From that point through half of the next period the game was a succession of errors to louse up the game's progress. There were busted plays and penalties on both sides also two fumbles lost by Petrolia and one by Muenster. Recovering for Muenster were Curtis Pagel and Eddie Serna. After the Hornets' second recovery they were 22 yards away. Nick scored from the 13 on the third play, also booted the extra point at 6:03.

Todd Richey's interception on the next series on the Pirate 15 was an immediate fat opportunity for more points. However a fumble on the 3 was recovered by Petrolia which punted to end

the next series. Returning to the 19 Muenster had another set-up but made a net gain of zero on three tries. So, Nick tried a field goal, at a distance of 37 yards from the uprights and improved the Muenster score by 3 points.

On the kickoff that followed Petrolia got its big play. Allen's fine scamper put the Pirates on the scoreboard in spite of their disastrous offensive effort. A PAT kick was good. The half time score was 29-7.

The trend of the game continued into the second half. The stubborn Hornet line stopped the Pirates on first series. After the punt MHS reached the 10 on 4 plays and one penalty, then bogged down. Four tries were 2 yards short, so possession went over to the Pirates, who had to kick again at the end of the series.

From the 23 the Hornets started again. The drive needed seven tries. David Felderhoff finished the job with a 1 yard quarterback sneak. That ended the scoring at 35-7.

The rest of the game featured turnovers and penalties as Muenster made three scattered first downs, also failed to take advantage of opportunities, on the 24 and 15 yard lines. Muenster lost possession three times: an interception and two fumbles. Petrolia lost a fumble, recovered by Deryl Zimmerman. The visitors made their one and only first down on the last play of the game.

Statistics	M	P
First downs	16	1
Yards rushing	280	1
Yards passing	8	-15
Passes completed	2-9	2-10

Three Visit in Kansas City
Mrs. Clarence Hellman, Tim Hellman of Denton and Eddie Hellman of Garland have returned from a week's vacation visit in Kansas City, Mo., where they were guests of their daughter and sister and her family, the C. J. Newmans. The day before they left for Muenster, Mrs. Hellman's grandson, Duane Newman was released from hospital care for treatment of his broken right leg. He is a member of the Jr. High football team of his school and the accident happened during the last play of the Friday game.

Father Jerry Mosman, accompanied by Father Mike Frasier of New Orleans, visited his parents, the John Mosmans Tuesday and Wednesday.

Learning Problems Aired at Meeting

A group of teachers and parents from SHS attended a lecture on learning problems, presented on Monday, Oct. 17, by the Dallas Branch of the Orton Society. It was held at the Preston State Bank auditorium.

The noted speaker, Dr. Larry Silver, M.D., spoke on "Overcoming Barriers to Learning". Directing his talk chiefly to parents, he stressed the psycho-somatic difficulties involved when learning problems exist, and he outlined methods of approach for helping parents cope with the situation as it exists in the home and school.

Dr. Silver, an authority in his field, is Professor of Psychiatry, Professor of Pediatrics, and Chief of Child and Adolescent Psychiatry at Rutgers Medical School in New Jersey. His study and years of vast experience in working directly with students and schools in overcoming learning barriers make Dr. Silver a noted and respected authority.

Attending the lecture from Muenster were Sister Alberta Krebs and Mmes. Glenn Smith, Charles Bayer and Ed Knauf.

Confetti - - -

ago. When that many are speeding it is extremely difficult for DPS to slow the traffic down by enforcement. So motorists are asked to give more thought to related considerations. Besides saving on energy it saves in cost of fuel and reduces wear and tear on tires and cars. Also the increase of accidents is increasing the cost of insurance and the number of deaths.

Thinking seriously about these things, we ought to realize that speeding is expensive and risky. So, while DPS is too busy to cope effectively with the problem it's increasingly important to slow down on our own.

Going Strong at Irving
Joel Hellman, son of former resident Damian Hellman has the distinction of scoring all the points for his team, Mac Arthur High of Irving, in its 14-6 win over Grand Prairie last week. He scored touchdowns from the 13 and the 1 and kicked the extra point after each.
