

Diplomacy is a strange game of international politics that often defies understanding. There are incidents which seem to clash violently with principle and self interest, which are the very opposite of what reason and fairness would have us expect.

Such is the case regarding our relations with Rhodesia. The report Monday that our State Department has ordered the closing of its consulate in that little country came as a shock, even though it was not much of a surprise. Our country has been guilty of shabby treatment to Rhodesia for several months. Nevertheless, millions of Americans kept on hoping that when the chips were down our government would take a stand that we could be proud of.

Well, that's not the way it turned out. Instead of ending a shameful injustice we made it worse. We not only continued our economic sanctions but applied political sanctions as well. We desecrated our national tradition by condemning the very same action that our country had taken less than 200 years ago.

One would think that US, more so than any other nation, would have been sympathetic with Rhodesia when it declared its independence from England. Especially when its reason for breaking away was so similar to our own. Rhodesia has its fill of the mother country's meddling just as we did, and it deserves freedom as much as we did. A factor that makes the interference even more intolerable is England's hypocritical demand, inspired by the UN, for proportionate representation of blacks in the government. It made no difference that Rhodesia's representation by color was already much better than England's. Nor that the fault finders of UN were communist dictatorships which allow their people no representation whatever in government. It did not matter either that Rhodesia had a stable government, whereas other countries of Africa, dominated by blacks, had constant chaos and civil war.

One can understand the motives behind demands on Rhodesia. England has a dog in the manger attitude. If it can't rule it wants to make sure that country's attempt at self government will not succeed. And communists are applying their old standard schemes. They want unstable government which will fall apart thereby creating a fertile area for the further spread of communism.

Because Rhodesia refused to submit to political pressure, UN turned to economic pressure. It imposed sanctions, to which our country shamefully and foolishly gave its support. And now, adding insult to injury, US also withdraws diplomatic recognition. It joins in the shabby plot to exterminate a country which is trying desperately to remain a member of the free world, which is on our side in the global struggle against communist conquest, which shares our traditional ideal in trying to establish its independence, which offered a helping hand to us in the Vietnam war.

Aside from the fact that we are betraying a friend, and that Rhodesia deserves better treatment on its own merits, there's the baffling problem of why US should cooperate with England or the UN in pressuring another country. The Reds, who dominate the UN, are our sworn enemies and England has given us any number of raw deals by cooperating with the enemy to the detriment of American interests.

Everybody knows that Russia is providing weapons and supplies to North Vietnam and it did the same for North Korea. It organized and it sustains communism in Cuba, and it supports the red revolutions in Latin America. For years it has been involved in communism's continuous war with this country. It has been our enemy in hot and cold war. It deserves no favors whatever from us.

Meanwhile England's policy has consistently favored our enemies over us. It has hauled war supplies to North Vietnam. It provides strategic materials to Cuba. It maintains trade and friendly relations with Red China. It's the so-called ally which has actually been more helpful to the enemy than to us.

And, finally, what's the price we pay for participating (Continued on page 8)

## Project Show for MHS Ag Students Will Be Tuesday

Boys of the Muenster chapter of Future Farmers of America will show a big portion of this year's projects next Tuesday, March 17, at their annual livestock show. The event will be held in their project pens at the public school starting at 1 o'clock.

Judging will begin at that time and the animals will be on display for a while after that, for the benefit of visitors who would like to come and see. However they will be there only as long as necessary. Edgar Dyer, ag teacher, said that animals which will be entered in the county fat stock show Friday ought to be taken home as soon as possible. Hence the project show will be rather short.

Animals expected are about a dozen fat steers, some dairy heifers, feeder calves, pigs and lambs. All of them will be classified as blue, red and white ribbon animals and the show's grand champion and reserve champion will be selected from the blue ribbon winners. The judge will be Tommy Davidson, ag teacher of Cooke County College.

Besides ribbons the boys will get prize money from the funds provided by Cooke County United Fund for 4-H and FFA members. Fat steers from the local FFA show will go next to the annual Cooke County FFA and 4-H Fat Stock Show on Friday, the 20th, in Gainesville. Animals entered by the boys of both organizations will be shown and judged that afternoon and will be auctioned at 7 that night in a special sale which has become an annual event to encourage the youngsters in livestock projects. Usual procedure is for supporters to pay premium prices to the boys at the special auction then dispose of the animals at a regular auction.

## No Trash Dump At Roadside

Persons who dump their trash into ditches beside the road are becoming more of a problem lately and they are being specially asked to stop doing it.

Commissioner Robert Bayer said the unwarranted heaps of litter and garbage are at best a nuisance to county employees and an expense to taxpayers. But they are worse if a gush of rainwater scatters them before they are found. The trash then may deface a wide area of roadside or a field, may even cause injury or damage.

Bayer said that the dumping violates laws on both littering and polluting. People who do it are reminded that this is more than just a matter of inconvenience and expense. Guilty persons are subject to prosecution. If they continue the practice they will find themselves in trouble with law enforcement officers.

## Ray Wildes Win Trip to Europe in Chevrolet Contest

Mr. and Mrs. Ray Wilde received the good word Tuesday that they won an eight-day paid trip to Europe. They will go in April in a group with other winning Chevrolet dealers and the all-paid trip for two includes the flight and hotel accommodations plus eight days of guided tours in London, Paris, Holland and Switzerland.

The Chevrolet contest was held in January and February and contestants were graded on their sales volume in relation to a quota based on previous sales.

## Susan Yosten on NTSU Honor Roll

Susan Yosten was among 771 students of North Texas State University named on the honor roll for the fall semester with listing of 3.5. Susan is a freshman student majoring in journalism, a daughter of Mr. and Mrs. Leonard Yosten, a graduate of Muenster High School.

## Domino Tournament

Hood Community Improvement Club is sponsoring a domino and 42 tournament Saturday, March 14, 7 p.m., in the community center building. Everyone invited.

## Safety Inspection Deadline Nears

There still are nearly 3.2 million Texas vehicles yet to be inspected before the mandatory April 15 deadline, Department of Public Safety warns.

About 2.4 million cars and trucks have complied with inspection requirements since the new period began on September 1. This is the last deadline under the old law. State now is on a 12-month inspection period, with stickers expiring the last day of the month, 12 months from date of the sticker.

New stickers are placed on the left side of the windshield. They show the month of inspection and expiration. So, if you still have a sticker on the right side of your windshield, your car must be inspected by April 15.

## JCs Basketball Game Friday Is For Scholarship

Muenster and Gainesville Jaycees will clash in a basketball game here in Sacred Heart High Gym this week Friday beginning at 7:30 p.m.

The game is a scholarship benefit to assist a SHH senior in attending Cooke County Junior College. Tickets are a dollar for adults and seventy-five cents for students and children. Tickets may be purchased from SHH Honor Society members headed by Connie Endres or at the door the night of the game.

Honor Society members will be in charge of a concession stand dispensing sandwiches, snacks and cold drinks.

## Windthorst Hosts District Meet of Catholic League

Saint Mary's Parish, Windthorst, was host for the district meeting of the Catholic State League, northern district, Sunday afternoon, entertaining a large group of delegates and visitors from the affiliate parishes.

Theme of the convention was CEF - Citizens for Educational Freedom - with Brother Jansen of San Antonio as principal speaker at a joint meeting of men, women and youth in the KC Hall.

League's district president George Beamon of Windthorst presided and introduced John Fuhrmann of New Braunfels who explained the purpose of CEF and how it started. Brother Jansen elaborated in detail how CEF can help all non-public schools, not only Catholic schools.

He said all parents have a right to get use of their tax dollars. Several states have this aid and Texas can have it too if enough people ask for it.

Election of district officers for another term was the highlight of the business session.

George Beamon was re-elected president. Mrs. Wilfred Bindel of Muenster is the new vice president succeeding Mrs. Adolph Fuhrmann of Muenster. Diane Schroeder of Windthorst succeeds Betty Schroeder as secretary and Otto Hemmi of Scotland is the new treasurer succeeding John Osterman of Windthorst.

Mrs. Ray Lindemann of Scotland, president of the State League Women's Section, also addressed the group and State President John Gass of San Antonio gave a talk on vacations, membership and CEF. He invited all to San Antonio to the state convention July 17-19.

Scotland will host the next district meeting this fall. Past state presidents received pins. They were presented to Joe Kraus of Dallas, Nick Block of Lindsay and Andy Roewe of Windthorst. Rural Life Essay awards were presented to Lindsay and Windthorst youths. There were no entries from Muenster.

Attending from Sacred Heart Parish were Father Placide Eckart, Denis Walterscheid, Messrs. and Mmes. Adolph Walterscheid, Martin Bayer, Norbert Koesler, Wilfried Bindel and J. M. Weinzapfel, Mrs. Tony Gremminger, Mrs. Adolph Fuhrmann, Misses Phyllis Bindel, Vivian Yosten and Frances Hess.

The afternoon began with benediction in St. Mary's Church by Father Cletus Post, pastor, and concluded with a social and refreshments. Father Damian Wewers attended with the Lindsay delegation.

Experience is knowing a lot of things you shouldn't do.

## Lone Bandit Robs Bank at Saint Jo

Another case of bank robbery shook the area Wednesday. This one was at Saint Jo, only ten miles away from the robbery and attempted robbery of Muenster bank in recent months.

About 2 p.m. a nervous lone bandit did the job at Saint Jo. He jabbed a pistol into the back of Daniel Boone, a customer making a deposit, who first thought it was the clowning of some local friend. He understood, however, when the bandit jabbed hard and said "I mean business."

The robber passed a plastic bag around Boone to the teller's cage and ordered it filled with money. As soon as the bag was full he left the bank and escaped in a white car. Several Saint Jo people described him as middle aged with dark hair, about 6 feet 2 inches and weighing about 180 pounds.

The loss was estimated at \$5,900. H. D. Field said the exact amount would be determined Thursday.

Muenster bank was robbed of \$2500 on November 25 but the money was recovered when the robber was captured less than an hour later. Again, on February 5, a man and woman changed their plan after Herbert Meurer convinced them the bank's time lock could not be opened.

## Muenster Entries Rated High in 4-H Fat Stock Show

Muenster entries in the Cooke County 4-H Livestock show in Gainesville last Saturday received two champ awards plus nine blue ribbons, five red ribbons and two white ribbons.

Dan Sicking won the award for the best heavy weight steer and Allen Fleitman got the grand champ award for a beef heifer. The two top awards of the show, however, did not come to Muenster. Scott Wilson of Gainesville had the grand champion steer and Cindy Hudspeth of Valley View the reserve champion steer.

The show champions were selected from a group of 17 animals which had been classified as blue ribbon animals. Eight of those were shown by the following Muenster 4-H members: Dan Sicking, Lyle Klement, Billy Felderhoff, Paul Reiter, Leon Bayer, Rickey Walterscheid, Tommy Felderhoff and Allen Fleitman.

Muenster also had 5 of the show's 13 red ribbon steers. They were owned by Sandy Reiter, Jack Dangelmayr, Chris Felderhoff, Larry Bayer and Tommy Felderhoff. Also Lenora Fleitman and Jack Dangelmayr had two of the show's five white ribbon steers.

In the swine division Mike Luttmer had Muenster's only entry, a blue ribbon winner.

Muenster had no entries in the sheep division. Most if not all of the steers shown by 4-H members will be back in Gainesville Friday, March 20, for the annual FFA and 4-H Fat Stock Show. Along with FFA entries, these animals will be shown and judged Friday afternoon and will go on auction Friday night.

Each animal there will be sold twice. First to an individual or firm paying a premium as a reward for the members' effort. Then the new owner will sell at a regular auction.

## Local Gals Win V'Ball Trophy in Lindsay Tourney

One of Muenster's ladies teams, the Independents, came home with a trophy from last week's volley ball tournament at Lindsay.

In their opener they encountered a tough outfit from Carney Plumbing of Whitesboro and had to settle for a place on the consolation bracket. However it was clear sailing after that as they eliminated the Mixer Bunch of Muenster, Lindsay High, the Fifteen Nockers of Muenster before beating Webb Service Co. of Gainesville in the consolation finale.

## Bake Sale Saturday

Seniors of Sacred Heart High School will conduct a benefit bake sale Saturday, March 14, all day at Fisher's and Hofbauer's stores.

## The Men In Service

### Enters The Army

Mike Hennigan is Muenster's newest young man in the Army. He left Wednesday this week with inductees from Cooke County and telephoned his parents, the Pat Hennigans, that he was headed for Fort Lewis, Wash., for basic training. Mike was No. 87 in the national draft lottery. A family farewell honored him at his parents' home Sunday. Guests included his grandparents, the William Sandmanns of Lindsay and the Henry Hennigans of Fort Worth. Monday night Pvt. Pat Hennigan Jr. called from Fort Bliss, El Paso, to visit long distance with his brother and family.

### Tilger Assumes Command

Lieutenant Commander Billy R. Tilger, USN, on Feb. 10 relieved Lcdr. Donald L. Solomon as commanding officer of the USS Benawah (APB-35). Tilger's wife is the former Anna Grace Fette of Muenster. She and their children Matthew, Katie and Maggie are residing in Norman, Okla. He is the son of Mr. and Mrs. Ralph Tilger of Trenton. Benawah is now operating in the Mekong River, Republic of Vietnam, where she supports the Navy's Mobile Riverine Forces. Some of the services provided by the Benawah to the assault craft, river patrol boats and other craft operating in the Mekong Delta include supplies and provisions, minor boat repairs, a mobile helicopter base, complete medical facilities, gun fire support and a command and communications center. Lcdr. Tilger has served aboard the USS Helena, USS Boyd and USS Tioga County. He has been on duty at the Naval Station, Orange, Texas; NROTC Unit at the University of Oklahoma, and has completed a Defense Department postgraduate course in Washington, D. C.

His most recent assignment was on the staff of Headquarters, U. S. European Command in Stuttgart, Germany. For his work in the J-2 directorate of that command he was awarded the Joint Service Commendation Medal.

### Back From Vietnam

Airman Tom Swirczynski has finished a year's tour of duty in Vietnam and is on leave with his wife Paulette and his parents and family the Ray Swirczynskis until the end of this month. His next assignment will be at Tinker AFB, Oklahoma City, and the couple will be together there.

### Headed For Korea

Army Pfc Roy Hartman will end a 14-day leave Saturday and fly to Seattle, Wash., on the first lap of his trip to Korea. He was at Fort Bliss, El Paso, for basic and at Fort Ord, Calif., for advanced training. His parents are Mr. and Mrs. Herman Hartman who have another son in the Army. Warrant Officer Thomas Hartman is serving in Vietnam.

### Endres Mtr. Wins Trip Abroad for 4 In Sales Contest

Mr. and Mrs. Marty Klement and Karl and Karlyn will be the guests of Ford Motor Company on a nine-day trip to Europe. They'll use the prize just won by Endres Motor Company in Ford's nationwide Family Fiesta sales contest.

They will go about mid-April flying both ways, will spend five days in Spain and four days in Rome.

Grading in the contest was based on a dealer's sales in relation to a quota which had been determined by former sales. That quota put Endres Motor in the same volume bracket with dealers in cities of three to fifteen thousand population.

In the final calculation Endres was one of the nation's top ten dealers in its quota and sales ratio. The contest started the last week of December and ended on February 28.

Mrs. Mary Match returned to her home in Tulsa, Okla., Thursday after visiting since Saturday with Muenster relatives. She was the houseguest of her brother Bill Derichsweiler.

The people we think have good sense are those who agree with us.

## Election Will Have 1 Race on 3 Ballots

Now it's official. Muenster voters will find only one contest on the ballots of three local elections on April 4.

With the passing of the deadline Tuesday for filing as a candidate for the hospital board, Rufus Henscheid, secretary, said that no new names were added. Candidates who will appear on the ballot are incumbents Albert Dangelmayr, Norbert Felderhoff, Rufus Henscheid and Ray Voth, plus Sylvan Walterscheid replacing Al Felderhoff, who declined to seek re-election. That will be five candidates for five available positions on the board.

## H. S. Wilde Dies At Gainesville

Hubert S. Wilde, 81, of Gainesville, former Muenster resident and businessman, died at about 5 a.m. Thursday in Gainesville Hospital from a heart ailment.

Funeral arrangements are pending.

Wilde is survived by his wife; three sons, Richard of Muenster, Barney of Dallas and Hugo of Gainesville; two daughters, Mrs. J. O. Petway of Gainesville and Mrs. Carl Bentley of Duncan, Okla.; one sister, Mrs. Herbert McDaniel of Muenster and a number of grandchildren and great-grandchildren.

## Jerry Hoenic Is Crew Leader in Population Count

A list of 40 census crew leaders announced this week by and for the Wichita Falls census office includes Jerry Hoenic of Muenster. His principal duty in that position will be the supervision of 15 to 20 enumerators in the nationwide census which begins on April 1.

Training of the crew leaders is under way now. Topics covered in the training session include procedures for recruiting enumerators, training, canvassing methods, preparation and submission of reports and supervision to insure an accurate count.

## Winners Listed In 250 Projects At Science Fair

Students of Muenster Public School responded in a big way to last week's open house and science fair observing Public School Week.

In addition to work specimens in their non-science subjects in all of the classrooms, about 250 had entries in the science fair. Exhibits for grades 6 through 12 were in the gymnasium. For grades below 6 they were in the respective classrooms in the elementary building, except the first grade, which was not in the science fair.

The science fair was a part of the nation wide science program and local winners qualified to enter regional competition at Dallas. However, according to Mrs. Marie Mosman, science teacher, none of the local students is expected to go.

Judges at the show were science teachers Alvin Riddle of Era and Ronnie Green of Lindsay. They named first, second and third place winners in each of twelve classifications as follows.

Second grade: Robert Weinzapfel, Kathy Flusche, Norma Switzer.

Third grade: Kathy Davidson, Robin Walterscheid, Pat Walterscheid.

Fourth grade: Mike Richardson, Bert Walterscheid, Lenzy Dyer.

Fifth grade: Pat Davidson, Kathy Sicking, Betty Bayer.

Sixth grade: Becky Fields, Shelia Grewing, Gina Felderhoff.

Seventh grade: Ronnie Weinzapfel, Ray Luke, Mary Lou Fleitman.

Eighth grade: Curtis Klement, Dolores Bayer, Mark Jaska.

Ninth grade: Phillip Russell, Pam Schneider, Lonnie Hellman.

Boys HS biology: Danny Fette, Weston Powell, Carl Bayer.

Girls HS biology: Marilyn Felderhoff, Debbie Sicking, Gwen Fleitman.

Boys HS physical science: Alvin Hoenic, David Fette, Leon Klement.

Girls HS physical science: Alice Klement, Suzanne Huchton, Debbie Yosten.

The hospital board election will be held on April 4 along with the school board election and the city council election. Together the three elections will fill vacancies for eleven positions and only one of them will be contested.

In that race Gus Lutkenhaus, William Walterscheid and Larry Tisdale will compete for Place 6 on the school board, for which the present trustee, David Trachta, will not seek re-election.

Otherwise Urban Endres and Jerry Wimmer are unopposed for re-election to the school board; Rody Klement, Richard Grewing and Aubrey Tuggle are unopposed for re-election to the city council; and the hospital board candidates are also unopposed.

## Winter Returns With 5 in. Snow

Winter has returned in both appearance and temperature following balmy week end weather. Thursday dawned with a half inch blanket of snow and a reading of 30 degrees. The two days before started with temperatures in the upper thirties.

Actually the area had an inch of snow, according to Steve Moster's estimate. Above freezing temperature melted some as it fell, however, the actual measure was a half inch Thursday morning. Moisture measure at that time, of rain and snow, was .15 inch.

According to Mueher weather bureau records, this is the first measurable snow of the year and only the second of this winter. The other came on December 30. Four traces since then were not enough to measure.

Though late, only nine days before Spring, this snow does not set a record. Last year's last was on March 29. Other late snows were March 9, 1964, and March 12, 1968, both being two inch snows.

Nevertheless the lateness of the freeze causes concern. Nice weather brought out the fruit blooms, which may have been damaged. The answer will be known in a few weeks. Moisture measure for the month now stands at .60 and the year's total is 4.79.

## Hornets Score 7 In Speedy Meet At Coppell High

The MHS Hornets got only 7 points in last Saturday's track meet at Coppell, but Coach Glenn Richardson was not down hearted. Considering their score was a fair achievement.

About 40 teams were there, mostly Class A and 2-A, and also Celina, the super B team which won the state B title last year and was high scorer last Saturday.

Andy Knabe was sixth in the 880 run with 2:08 and Le-on Klement was seventh with 2:09.2. John Monday took fourth in the high hurdles with 16.4. Earl Koelzer won the preliminary of the event in 17 but that was not good enough to qualify him for the final.

However Koelzer earned 4 points in the other hurdles event. He got fifth running the 330 in 43.8. Monday's 45 in that preliminary was not good enough.

Other good records, but not point makers in the Coppell meet, were Henry Sicking's 5:03.1 for seventh in the mile, Terry Miller's 56.6 in the 440, and John Dangelmayr's 121 feet in the discus.

The discus event netted 2 points for the only other area school to score at Coppell. Ronald Hill of Valley View heaved the discus 135 feet.

This week's program will be more of the same kind of competition for the MHS boys. They'll be at Holiday, again mingling with the Class B, A and 2-A teams.

**Judge by Deeds, Not by Words**

Newspaper's syndicated Washington columnist, Nick Thimmesch, revealed some interesting information about politicians who scream the most about punishing Southern States for not integrating their schools fast enough: Some of the biggest table-pounders and finger-shakers send their own children to private schools or to virtually all-white suburban public schools in Maryland and Virginia rather than to the predominantly colored schools in Washington, D. C.

Liberal Senators who live in the Nation's Capital are among the worst followers of the double standard. Sen. George McGovern (D-S.D.) who yields to no one in his verbal liberalism, has two children he sends across the District line into Maryland public schools, paying \$1,014 annual tuition for each.

Senators Charles Percy (R-Ill.), Birch Bayh (D-Ind.), Edward Kennedy (D-Mass.), Abraham Ribicoff (D-Conn.), Clifford Case (R-N.J.), Charles Goodell (R-N.Y.), Eugene McCarthy (D-Minn.), and

William Proxmire (D-Wis.), have, says Thimmesch, "either sent or are sending their children to high-priced (up to \$1,900-a-year tuition) private schools afflicted with the racial double-standard and status-conscious bickering that privileged folks indulge themselves with."

Even privileged Negroes apparently don't want to send their children to the District's heavily integrated schools. The only Negro member of the Supreme Court, Thurgood Marshall, who led the fight against Southern segregation, placed his children in a private school, as did Julius Hobson, a black militant on the D. C. school board. James Farmer, the Negro assistant secretary at the Health, Education and Welfare Department, also has "two children in private schools," says Thimmesch.

"These folks," says Thimmesch, "apparently think integration is for lowbrow Southern whites, the poor and those beer-drinking ethnics in the North whose cars bear bumper stickers reading 'Support Your Local Police.'"

"Integration is a moral as well as a legal matter, and the hypocrites want to unload the moral burden on lower-income groups."

**Where Our Aid Money Goes**

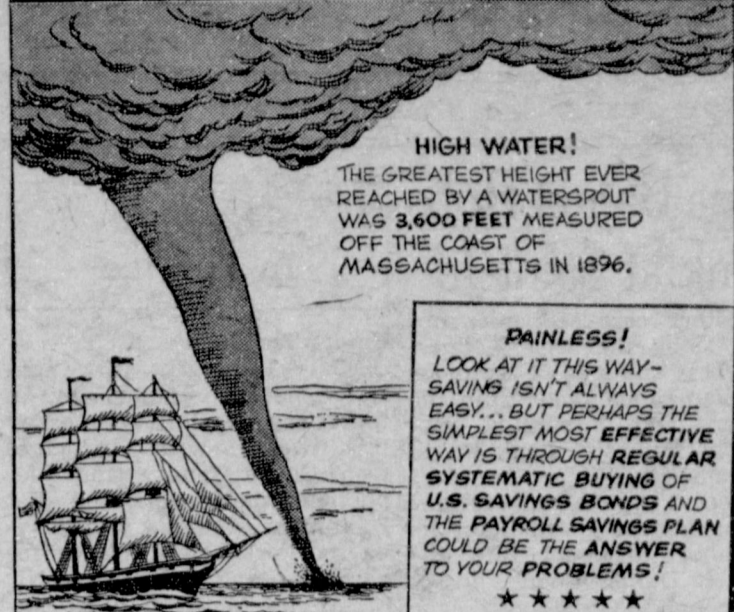

If you wonder why taxes are high and why our country owes more than all the countries of the world combined, just remember that the American people have been taxed to send aid to the countries in which almost 99% of the people of the world are living.

According to Congressman Otto E. Passman, American money has been used to aid all but 36 million people living in the whole world.

The total number of persons in the world is approximately 3½ billion and we have helped approximately 99% of them. This means that on the average every American—man, woman, and child—has been taxed to aid about 17½ persons living in other countries.

**This We Believe**

1. No taxpayer we know would allow anyone to go hungry, but he's getting tired of soaring relief rolls in this decade of all-time high prosperity, and he feels he's being over-taxed to support people not willing to look very hard for jobs to support themselves.

2. We believe leaders who know far more about it than we do got us involved in Vietnam, and other leaders will get us out as soon as it is safe for America, but in the meantime, we believe we should support our fighting men and not support our enemies by attacking our government.

3. We think every worker should be paid well for what he produces, but we object to the kind of inflation brought on by unions who demand more and more money for no more productivity.

4. Every American should get as much education as he can afford and absorb, but we think unskilled youngsters trying to tell a college what to do should be disciplined and sent home until they learn some manners.

5. We believe this is the greatest nation in the world but that's in spite of—not because of—too many politicians who keep themselves in power by squandering the taxpayers' hard-earned money.

And we think the great majority of the 200 million Americans feel the same way we do.

We hope they'll say so.

**Discarded Bottles Help Build Roads**

Thinking Americans are concerned about the litter-strewn American highways. A college student has an idea and his college professor is helping him to implement it.

Experiments are being conducted at the University of Missouri using bottle glass in our highways. Roy Joplin of Kansas City and Dr. Delbert Day are working with crushed throw-away bottles and mixing the glass fragments with asphalt to determine the proper size glass-aggregate and the correct mixture.

They are using this mixture in place of the conventional gravel and limestone aggregate required to form the concrete used in pavements.

Joplin & Day patched a hole in a campus parking lot. Not only did the patch wear as well as a standard limestone-asphalt combination, it withstood traffic and weathering, and was absolutely harmless to tires as well.

Now, encouraged by the parking lot patch test, the researchers will whip up a king-size batch and pave a 600-foot long street area, 20 feet wide, also on campus, and examine it for durability, skid resistance, and a confirmation of its harmlessness to tires.

**Employee Rules 100 Years Ago**

Zachary U. Geiger was a California carriage and wagon maker who wrote and posted the set of office rules shown below. They might suggest some new approaches to the managers of U. S. offices today, 100 years after Zachary U. Geiger put his pen to hand and pinned the results to his bulletin board. "Office employees will sweep the floors, dust the furniture, shelves and showcases. Each clerk will bring in a bucket of water and a scuttle of coal for the day's business. Make your pens carefully. You may whittle nibs to your individual taste.

"This office will open at 7 a.m. and close at 8 p.m. except on the Sabbath, when it will remain closed. Every employee should lay aside from each pay a goodly sum of his earnings for his benefit during his declining years, so that he will not become a burden on the charity of his betters.

"Any employe who smokes Spanish cigars, uses liquor in any form, gets shaved at a barbershop or frequents pool or public halls will give me good reason to suspect his worth, intentions, integrity and honesty. The employe who has performed his labors faithfully and without fault for a period of five years in my service, who has been thrifty and attentive to his religious duties, and is looked upon by his fellow man as a substantial and law-abiding citizen will be given an increase of five cents per day in his pay."

We know we consume lots of food in a lifetime, but can you believe this?

By the time the average American reaches 70, he will have consumed the equivalent of 150 head of cattle, 24,000 chickens, 225 sheep, 210 swine, 26 acres of grain and 50 acres of fruits and vegetables. The statistics are from a consumer marketing specialist at Texas A&M.

**Mystery Solved**

Countless millions of U. S. citizens can recall when, as children, their first act of the school day was to pledge allegiance to the American flag and to the nation for which it stands. Apparently, even this simple patriotic gesture, requiring a minimum sacrifice of comfort or time on the part of the youthful individual, is to be gradually eliminated as part of the educational process.

A press item from New York reports that as a result of two 12-year-old girls challenging the requirement of pledging allegiance to the flag, court action has led to a recommendation to principals of New York's 63 high schools that they suspend the practice. If the principals follow the recommendation, it will mean that about 240,000 New York High School students will no longer be asked or required to stand up and commit themselves to the respon-

sibility of supporting the flag of their nation. Instances like this should clear up the mystery of why lawlessness and lack of respect for persons or property is swamping court dockets and overwhelming police and law enforcement agencies.

**10**

**resounding reasons why you should buy a new Chevrolet instead of a new something else:**

- 1 Higher resale value.** Year after year. No other car in Chevrolet's field gives you as much back on your initial investment.
- 2 Deep down value.** Exclusives like flush-and-dry rocker panels and an extra set of fenders keep Chevrolet looking good longer.
- 3 Smooth, smooth ride.** Because of Chevrolet's computer selected springs, Full Coil suspension and advanced body mounting system.
- 4 Impressive styling.** The impression is that it's an expensive car, if you want to make an impression.
- 5 Massive interiors.** Result? Room to stretch out or to sit tall. Chevrolet has more front leg room than any other car in its field.
- 6 Side-guard beams.** Chevrolet puts more between you and the outside. Steel beams built into every door.
- 7 A finish that lasts.** It's unfortunate other cars in Chevy's field don't have a Magic-Mirror finish because it sure keeps its shine.
- 8 Exceptional engines.** Chevrolet's standard 350-cubic-inch V8 runs on regular fuel. Plus there are five more engines available.
- 9 Tremendous selection.** Of colors. Of accessories. Of engines. Of transmissions. Of fabrics. And of models. There are nine big Chevrolets alone.
- 10 America's favorite.** Something a new "something else" can't claim. If actions speak louder than words, doesn't this say something to you?

## Quarter Horse Judging Contest On Channel 5 TV

Something new for Quarter Horse enthusiasts: sitting in the privacy of their living room and competing for handsome prizes by judging (placing) quarter horses which will be shown in action on TV. Miracle of the electronic age?

Yes, because Farm Director Bob Walsh will show the horses in action for six consecutive Mondays (6:30 a.m.) on Channel 5, WBAP-TV.

Yes, because boys and girls 18 years or younger can view

TV at home, judge the horses, and mail post card telling Walsh how the horses were placed.

Among the prizes: registered Quarter Horse yearling filly, for first-place winner among top 10 contestants.

Mail card to: Bob Walsh, Box 1780, Fort Worth 76101. (Card must reach station before Thursday of each week.)

TV-judges will be shown one of six classes (2 halter, 4 performance) each Monday morning.

The placings, cuts and reasons of the official judges will be shown by Walsh each Friday morning.

## Doug Fleitman, 4 Birthday Honoree

Fourth birthday of Doug Fleitman was celebrated Saturday evening at a dinner party given by his parents Mr. and Mrs. John David Fleitman in their home.

Special guests were the honoree's grandparents Mr. and Mrs. Julius Hermes Sr. of Lindsay and Mr. and Mrs. Bruno Fleitman. Also an uncle and aunt, Mr. and Mrs. Don Lester of Gainesville. Doug's brother Sammy also enjoyed the party.

The birthday cake was a train cake and there were birthday gifts and picture taking.

Saturday overnight and Sunday visitors with Mr. and Mrs. Alois Haverkamp were their son-in-law and daughter Mr. and Mrs. Gilbert Boydston and daughter Sherri of Fort Worth and Mr. and Mrs. Stanley Krenek, daughter Stacy and son Stanley Jr., also of Fort Worth. Mrs. Krenek is the former Betty Lansfeld of Muenster. The Kreneks visited Saturday evening with the Leonard Haverkamps, seeing their new home for the first time.

## Senior 4-H Girls See Fashion Films

Sacred Heart Senior 4-H Girls Club, meeting for March, discussed coming events in which members will participate and saw a Spring Fashion film strip in connection with the annual Dress Revue, a highlight of up coming contests.

Miss Dona Brewster, assistant county home demonstration agent, was in charge of the program. She said that clothing records must be turned in by March 16 by those who plan to enter the Revue on March 24. It will be held in CCJC gym.

The district food show will be held on March 13 and Method Demonstrations are set for April 3 with district show a week later.

County 4-H Clubbers will be in charge of a concession stand at the Stock Show on March 20. Proceeds will benefit the 4-H treasury.

Peggy Sicking, president, Peggy Endres led the inspiration and Dianne Sicking called the roll. Mary Bayer is reporter.

## 4-H Demonstrations Discussed by Boys

Sacred Heart fifth and sixth grade 4-H Club boys discussed Method Demonstrations at their March meeting and watched Darrel Walterscheid and Tim Sicking present their demonstration on Electricity. Waymon Moore, assistant county agent, led the program and announced that the county method demonstrations elimination contest will be held in Gainesville on April 3. Other members listed the demonstrations they plan to give at that time.

Leon Bayer presided, Darrel Walterscheid called the roll and Paul Reiter reported 18 members present.

## Mrs. Hoenig Hosts Get-Together Club

Get-Together Club members had their March social with Mrs. Joe Hoenig as hostess in her home and spent the afternoon playing progressive 42.

Mrs. R. R. Endres led in the scoring and Mrs. Jake Pagel was consolation winner. Mrs. Joe Wilde won the door prize. The hostess served pie and coffee after the games.

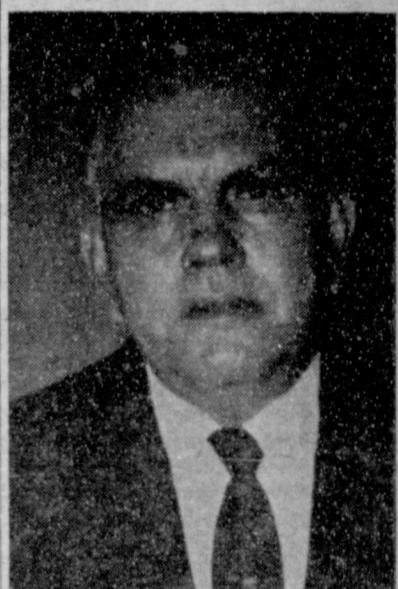

Mrs. Joe Kathman will be hostess for the April meeting.

## Baptismal Rites For Julia Rohmer

Mr. and Mrs. Arnold Rohmer have named their new daughter Julia Marie. She was baptized Sunday at the offertory of the 7:30 a.m. Mass in Sacred Heart Church by Father Andrew.

Attending as godparents were the baby's sister Miss Donna Rohmer and her uncle Norbert Walterscheid. The baby's parents and sisters including Miss Dinda Rohmer of the University of Dallas attended the Mass and witnessed the christening ceremony.

Afterward breakfast was served in the Rohmer home to family members including Mrs. Norbert Walterscheid and children Ricky, Susan and Sandra, Sister Georgia Felderhoff and Sister Amora Felderhoff and Mary Margaret and Christie Rohmer.

## 4-H Sr. Boys Tour Tony's Feed Lot

Sacred Heart Senior 4-H Club boys made a field trip at their March meeting Wednesday afternoon going out in the country to tour Tony's Feed Lot.

Waymon Moore, assistant county agent, was with the group. He discussed beef cattle, prices, etc., making the tour especially interesting according to Tim Bindel, reporter.

The meeting opened and closed in the classroom where Tommy Felderhoff, president, presided and reminded members of coming events. Billy Bayer and Paul Bayer told about their trip to the San Antonio Fat Stock Show where they exhibited their steers. Paul's was third and Billy's was sixth. Both are Hereford-Santa Gertrudis cross.

Muenster is home again for Mr. and Mrs. Wayne Klement who have been residing in Dallas. They're at home on N. Sycamore. Wayne works at Weber Aircraft in Gainesville.

Sunday visitors — dinner and supper guests — of Mr. and Mrs. Joe Hoening were their son and daughter-in-law Mr. and Mrs. Rupert Hoening and children of Carrollton.

Mr. and Mrs. John Wimmer spent the weekend in Garland and Plano with their children Mr. and Mrs. Kenneth Cain and Mr. and Mrs. Teddy Miller and family. Sunday they all enjoyed fishing at Lake Lavon.

**Preston Joy Has 1st Birthday Fete**

The first birthday of Thomas Preston Joy Jr. was celebrated Wednesday evening March 4, when his parents Mr. and Mrs. Tom Joy entertained in their home with a buffet supper.

Guests were the honoree's grandparents, Mr. and Mrs. Frank Joy and Mr. and Mrs. E. M. Bond of Arlington and Mr. and Mrs. Andy Schoech. Mrs. Schoech is the little boy's godmother.

A decorated one-candled cake and ice cream were dessert and the group watched the honoree open his birthday gifts.

**Tiger Trackmen Blanked in First Efforts of Season**

Tom Joy's Sacred Heart Tigers got experience but no points in their first track meet of the season last Saturday at Coppell.

Running against an array of talent from about 40 B, A and 2-A schools, the Tigers did not survive the preliminaries in any event. However they got some encouragement as Ronnie Hess won his heat of the mile run and Melvin Luke ran a good half mile.

Other boys participating were Bill Bartush, Allen Trubenbach, Babe Schilling, Kevin Swirczynski, Fred Fuhrmann, Allen Hess and Tim Bindel.

Several other Tigers, not able to go along last week will be with the team this week as it goes for more experience in the Possum Kingdom Relays at Graham. This is one of the state's big ones with competition for all class schools. Sacred Heart will be in the division for B, A and 2-A schools.

Additional boys on the SH team then will be Mark Schmitt, Henry Knabe, Myron Hess, Cletus Bayer, Paul Bayer and Tommy Felderhoff.

**Group Communion For KCs Sunday**

Next Sunday, March 15, has been set as corporate communion day for members of the Muenster KC council and their ladies.

Plans for it were announced in the council's regular meeting last Wednesday, and Father Placidus Eckart, chaplain, suggested that members make a special effort to get together for the occasion. They are invited to be seated in a group and to receive communion in a group at the 9 o'clock Mass.

**Muenster Hosts Dinner Meeting of Waterworks Group**

Ninety members and guests of the North Texas Waterworks Association heard a warning here Wednesday night of impending water shortage. A speaker from North Texas State University said the ratio of increase in consumption indicates trouble in West Texas by 1980.

Muenster was host member for the organization's monthly dinner meeting, which was held in the VFW hall.

Poison ivy is an obliging little vegetable. If you forget how to identify it, it reminds you.

**Local News BRIEFS**

Sister Benedict Zimmerer of Westphalia spent Friday overnight here with her mother, Mrs. Katie Wilder and aunt Mrs. Jenny Schilling. She was with a group of nuns enroute to Bethany, Okla., where Sisters of the Northern Region of the Congregation of Divine Providence held workshops and meetings during the weekend. Other nuns in the group visiting overnight with Lindsay relatives and friends were Sister Michael Marie Fuhrmann of Cameron, Sisters Annella Foelker and Henry Ann Fuhrmann of Waco, and Sisters Marie Cecile Dunnesil and Cecilia Marie Connellan of Westphalia.

Mr. and Mrs. Joe Starke had as guests Tuesday and Wednesday her uncle and aunt, Mr. and Mrs. Elmer Stockwell of Greybull, Wyoming. They were enroute home after spending the past four months in McAllen. Mrs. Starke hadn't seen her aunt since 1911. It was a get-acquainted visit with Mr. Stockwell. The visitors were seeing Muenster for the first time.

Mrs. Townsend Miller of Austin spent the weekend with her parents, the Joe Swirczynskis, and also visited her husband's mother Mrs. Helen Miller at Gainesville. Mr. and Mrs. Arnold Swirczynski of San Angelo visited his parents while his mother was a patient at Muenster Hospital.

Mr. and Mrs. Clive Gobble have as their guests since Monday evening her sisters and their husbands, Mr. and Mrs. Henry Patterson of San Bernardino, Calif., and Mr. and Mrs. Willie Eddy of Buena Park, Calif. The two couples are on a car trip visiting Texas relatives. Also spending Monday evening with the Gobbles and the Californians were another sister and her husband, Mr. and Mrs. Hob Dillon of Fort Worth who returned home that night.

Stopping in for visits with the Albert Herra at their home Saturday and Sunday were Mrs. Herra's sister and family the Albert Bauers of La Feria and her brother and wife the Ernest Arendis of Lawton, Okla. They were pleased to find Buster back at home making progress in recovering from injuries received in a fall Feb. 13. He was released from Muenster Hospital on March 4. The visitors also made calls on other relatives in Cooke County.

Mr. and Mrs. Shorty Thompson of Saginaw were business visitors in Muenster Tuesday. They are formerly of Saint Jo.

Pastors of Sacred Heart Parish, Fathers Placidus, Bede and Andrew, were in Windthorst Thursday this week attending a deanery meeting for Benedictine Fathers hosted by Father Cletus Post in St. Mary's Rectory there.

Mr. and Mrs. Don Wiesman and family of Fort Worth visited Tuesday with his parents, the Tony Wiesmans at Gainesville, checking on his dad who had been dismissed from Muenster Hospital Saturday after treatment for pneumonia.

Miss Lisa Petway and the Barney Bergmans of Pryor, Okla., visited by telephone with the Herb McDaniels Sunday night. Lisa called to inquire about her grandfather Hubert Wilde of Gainesville, a hospital patient.

Mr. and Mrs. Alex Lutkenhaus were in Austin last Monday seeing about their calendar contract in which one of Alex's paintings will be reproduced by Steck Co. The scene is Monument Valley. In about two weeks Alex will have about 50 of the calendars available for Muenster distribution. The calendars are for 1971.

Oscar Griffin of Forestburg, presently a resident at Golden Acres Nursing Home in Gainesville, celebrated his birthday there Saturday with relatives and friends calling during the day. A granddaughter, her husband and their daughter of Lubbock were among those helping him celebrate.

Dr. and Mrs. Ernest W. Laake of Dallas visited Sunday afternoon with his sister Angela Laake at Golden Acres Nursing Home in Gainesville and with their niece Rosa Driever, and Mrs. Katie Wilder who were also visitors there.

Mr. and Mrs. Charles Ivers of Fort Worth weekendend with her parents, the Jerome Pajels.

JUNIORS OF MUENSTER HIGH SCHOOL, caught by the camera in a scene from their class play, The Jury Room, a suspense drama. They will stage the production Sunday, March 15, 8 p.m., in MHS Auditorium. In the cast are Mike Jaska, J. D. Rumley, Jo Ellen Trubenbach, Donna Wimmer, Debbie Yosten, Gerry Cash, Laurie Wimmer, Janel Stoffels, Suzanne Huchton, Marla Grewing, Leon Klement and Earl Koelzer. Mmes. David Bright and Henry Weinzapfel are directors.

Guests of Mr. and Mrs. Carl Mullins Thursday and Friday were friends from Amarillo, Mrs. J. E. Funderburg and Mrs. Alois Stevens. It was the first time in Muenster for both of them.

Mr. and Mrs. Stan Wylie and family of Grand Prairie were Sunday afternoon visitors with her parents, the Bill Kathmans.

### THANKS

Sincerest thanks for many kind remembrances while I was a patient at Muenster Hospital. Special thanks to the doctors and nurses for their care and concern and to friends for their favors. My family is grateful too.  
 —Tillman Bridges.

A note of thanks to everyone who remembered me while I was a patient at Muenster Hospital. The cards, visits and prayers meant so much during my shut-in days. Special thanks to the hospital personnel, the Venerable Sisters and the Rev. Fathers.  
 — Mrs. Joe Swirczynski.

My family joins me in this thank-you message to all who remembered me while I was a patient at Muenster Hospital. The cards, prayers, visits and other kindnesses are appreciated. Special thanks to the nursing staff, Dr. Antonetti and Father Bede.  
 —Tony Wiesman.

Many thanks for remembering me so generously while I was in the hospital. The cards, flowers, help, prayers and other kind deeds meant so much. Thanks also to the doctors, nurses and hospital staff and to the Rev. Fathers. My family is grateful too.  
 —Albert Herr.

### SOIL CONSERVATION DISTRICT NEWS

### OUR SOIL ★ OUR STRENGTH

By Eual Davis  
 The week of March 15-21 has been designated as National Wildlife Week.

This year's theme is that wildlife is an indication of environmental quality. This theme says that if you have a good showing of wildlife the water in the area isn't poison, there is adequate cover for protection and raising young, and the food supply hasn't been poisoned with chemicals. Their environment also includes man, and without his help wildlife cannot continue to survive. It is most depressing to think that future generations will know and see wildlife only at a Zoo.

Are you tired of trying to fish in a pond or lake which is choked with moss and waterweeds? You don't have to because you can do something about such a condition. The Soil Conservation Service has some good booklets on management of lakes and ponds for fish production. They are free for the asking. Fertilizer for ponds and lakes should be applied from mid-March to mid-June. Fertilizer should not be applied in July and August as the oxygen is lowest at this time and fertilizer would tie up the oxygen at a time when the fish need it most.

Treatment of water for waterweeds and moss should also be done before mid-June. After that time the decaying plants can tie up the oxygen and cause a die-off of fish. If your pond has too many small fish you may need to clean it out and restock. You might also try spot treating the shallow areas. This would only reduce the number and allow those remaining to grow larger.

Yvonne Gehrig presided, Joey Swirczynski took the roll call and minutes and Gayle Sicking reported 26 members, 10 adults and Mr. Moore present.

### 4-H Horse Club Discusses Rules Plans Activity

Members of Cooke County 4-H Horse Club, at their recent meeting, discussed the organization's rules, made some changes and planned coming activity.

Waymon Moore, assistant county agent, was program leader.

The name was changed from 4-H Horse and Pony Club to 4-H Horse Club. Rules pointed out include: the boy or girl must be a 4-H member, must be between the ages of 9 to 19, must not miss more than three meetings a year, and no one can ride a stallion.

Mr. Moore said a Navajo blanket will be given to an outstanding high-point member. These points were discussed and agreed on.

Mr. Moore also announced that there is a horse judging contest on TV Channel 5 at 6:30 a.m. Mondays that will be beneficial to members.

Members planned to have trail rides and horse show demonstrations in April and May. The next meeting March 26 will be held at George Tyler's barn.

Discussion also concerned the coming Horse Show in June. It will be held in Gainesville Riding Club arena. Record Form 656 must be turned in before the show to be eligible.

Five adult directors were elected to help with plans for the show. They are Darnell Graves, chairman, and Eddie Fleitman, co-chairman; Kenneth Kurkendall, Pete Peterson and Bill Dutton.

Those present were urged to invite more members to join so that the club will have more representation in the district.

Students of Sacred Heart High School, accompanied by Sister Elizabeth, Brother Thomas Mosier, Mrs. Tom Joy and Mrs. Joe Felderhoff were in Fort Worth Tuesday to attend Shakespeare's Mid Summer Night's Dream at Casa Manana. They made the trip in two school busses and three cars for the 10:30 a.m. to 12 noon performance.

**Apply Before 65 For SS to Assure Medicare Benefits**

To get full Medicare protection, everyone should apply for social security benefits before age 65, according to Gus Jones, social security manager in Sherman.

This reminder is particularly directed toward those persons who plan to work full-time past age 65, and therefore, will not receive monthly cash benefits, Jones explained. Medicare benefits, both hospital and medical insurance, are available even if the worker continues to work. To receive these benefits, an application for social security benefits must be made.

The worker should apply in advance to get full coverage at age 65. The medical insurance starts with the first day of the month you become 65, only if you enroll during the three months just before that month.

Those who qualify for social security are automatically eligible for hospital insurance coverage beginning with the first day of the month they are 65, if they apply in time. Unlike medical insurance, hospital insurance eligibility can be retroactive up to twelve months, but it is still important to apply before age 65 in order to have your Medicare card at any time it may be needed.

"There is another advantage to applying at 65," Jones said. "When those who continue to work after 65 do retire, benefits can be started without delay when notice of retirement is given. Of course, after age 72, payments are made whether or not the applicant is retired."

Workers will not be disadvantaged in any way by applying at age 65, Jones explained, because benefit amounts are refigured by computer each year for those who continue to work.

"Avail yourself of full Medicare protection. Apply two or three months before the month you reach age 65, even if you are still working," Jones concluded.

A representative may be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building.

**Population Center Moves Westward But Pace Changes**

Late in October 1970, when population totals from the 19th decennial census are firm, the Bureau of the Census and the Coast and Geodetic Survey - sister agencies of the U. S. Department of Commerce - will get together over complicated mathematics with terms like "ground triangulations" and "map coordinates" and come up with a new U. S. center of population.

The 1970 center of population will continue its westward march, but its pace is uncertain because migration rates won't be known until the census is complete. In the previous 18 decades the center moved 701 miles west and 47 mile south of the first center established after the 1790 Census near Chestertown, Md., 23 miles east of Baltimore. The average move west each decade thereafter was about 39 miles.

The center of population as defined by the Census Bureau is that point upon which the United States would balance, if it were a rigid plane and its inhabitants were distributed where they live with each individual assumed to have equal weight. This should not be confused with the geographical center. The geographical center, the point on which the surface of the United States would balance if it were a plane of uniform weight per unit of area, is located in Butte County, S. D. (latitude 44 degrees 58' North, longitude 103 degrees 46' West).

On July 1, 1969, Bureau demographers issued estimates of the current population for each State. Based on these estimates, the center of population as of July 1, 1969, would be located in Looking Glass Township, Clinton County, Illinois, about 2 1/2 miles southeast of the community of New Memphis and approximately 30 miles east southeast of St. Louis, Mo. This point is about 35 miles west and 10 miles south of Centralia, Illinois, 19-60 center of population.

If the current estimates hold true, it would mean the 1970 Census center of population would be somewhere near the July 1 computed center in Looking Glass Township.

Estimates of the population however are subject to error, so firm results from the 1970 count must be in before the exact location is announced. There have been wide deviations from the average westward movement of the center during the 18 decades. Between 1950 and 1960, for example, the center took a 57-mile leap. In 1910-1920, it moved west only 10 miles -- its shortest move in census history. Earlier, in 1850-1860 it took an 80.6 mile giant step, the longest movement westward yet registered.

The 1890 census found the center of population in Indiana where it was to remain for six decennial censuses. The 1890 location was near Westport, 20 miles east of Columbus. A granite boulder on the Columbus-Versailles highway marks the location. In 1910, the center reached Bloomington, Ind., and by 1920, it had shifted the 10 miles noted above, to a point on a beech-covered hillside near Whitehall in the western suburbs

**First Hospital Was In India 600 BC**

Hospitals throughout the world have been in operation for many centuries. The earliest record of hospitals goes back to about 600 years before Christ. The first hospital on record is listed as having been in what is now known as India.

The primary purpose of these early hospitals was for the care of children, pregnant women, and for the indigent. The first records of hospitals show that they were usually found in the lobbies or entryways to churches and temples, the reason for this being that it was generally felt that when a person was ill he needed not only physical but also spiritual help.

This same feeling still passes down to the hospitals of today, and in the majority of non-government operated hospitals, you will find chaplains that are available to administer to the spiritual needs of the patient. Even the hospitals that do not have chaplains on a full-time basis encourage the ministers of the community to visit the hospital patients and care for their spiritual needs.

No formal nurses training was offered in the days of the early hospitals. The attendants, who were untrained, were ordered to give gentle care, furnish the patient with fresh fruits and vegetables, (no central kitchen facilities were available in those days), prepare medicine for the patients, give massages and back-rubs, and keep the patient clean by daily bathing.

The year 1930 found the center located three miles northeast of Linton, Ind., and 1940, for the last stop in Indiana, the center was 2 miles southeast of Carlisle, in Sullivan County. During World War II, the center crossed the Wabash River, marking the Indiana-Illinois boundary.

The north-south movement has been slight. During the 18 decades, the point farthest north was the 1790 location, and the point farthest south, the 1960 location, a difference of about 47 miles or 2.6 miles per decade.

day visitors included the Willis Robisons of Gainesville, Bro. and Mrs. Aubrey Thetford of Collinsville, Mr. and Mrs. Larry Sparkman and friends and Mrs. Wayne Brown all of Irving.

## Lindsay News

Juniors of Lindsay High had a class meeting to elect nominees for Miss and Mr. LHS and chose Mary Jean Schad and Gary Krahl. Their nominees for most popular were Patty Metzler and Richard Hundt, and their class favorites were Janie Zimmerer and A. J. Felderhoff. In the same election by Sophomores, Steve Felderhoff and Patsy Arendt were class favorites, Glenn Beyer and Marian Arendt were most popular and Brenda Beyer and Mark Metzler were nominees for Miss and Mr. LHS.

Voting in Lindsay's city election will be a mere formality with three unopposed candidates on the ticket for three positions. They are the incumbents Mayor Joe Bezner and Aldermen Norbert Zimmerer and Jake Bezner.

Raymond Hoinig was dismissed from Gainesville Hospital Saturday following skin graft surgery on his right leg which was burned by electricity in January. He was hospitalized at that time for leg and hand burns and a broken rib after a pump jack he was helping load came in contact with a highline. Other injuries are mending satisfactory.

Lindsay's annual All-Sports Banquet will be held Saturday, March 14, at 7 p.m. in the school cafeteria.

Knights of Columbus are sponsoring a Mass and breakfast at their hall in Gainesville Sunday, March 15, at 8 a.m. Father Schumacher will be celebrant and guest speaker. Wives and girl friends of members are invited to attend with the knights.

Mrs. Henry Krebs was admitted to Muenster Hospital Monday.

John Schmitz is great-grandpa for the first time with the birth of a son to Mr. and Mrs. Tommy Cigelski of Dallas. Mr. and Mrs. Leonard Schmitz, also of Dallas, are the grandparents. Mr. Schmitz visited the newcomer while spending Sunday overnight and Monday with his son and family. He made the trip going with another son Leroy Schmitz and a daughter and son-in-law, the Martin Theimers of Oklahoma City. Leroy who is attending a special school in Oklahoma City spent his free time with his family in Dallas. The Theimers went along to visit relatives. Mr. and Mrs. Leonard Schmitz returned his father to his home.

Freshmen of Lindsay High at their meeting Friday named Carol Felderhoff and Roger Luttmer as class favorites. Their parents are the A. J. Felderhoffs and Wally Luttmers. Miss Felderhoff presided for business and the group decided to have a benefit car wash and bake sale on March 28, 1 to 6 p.m. at the school gym. The class decided not to have an Easter Egg hunt that was previously discussed.

Miss Frances Spaeth of Denison spent the weekend at Gainesville visiting her mother Mrs. George Spaeth at Golden Acres Nursing Home. She was the houseguest of her brother, Henry Spaeth and family at Gainesville.

Mr. and Mrs. Albert Bauer and children Paul and Therese of La Feria drove in Friday for a visit with her mother, Mrs. Paul Arendt Sr. and other relatives at Lindsay, Hood, Muenster and Gainesville. A family reunion and covered dish supper was held Sunday night in the home of Mr. and Mrs. Vincent Zimmerer. Joining the Cooke County relationship were Mr. and Mrs. Ernest Arendt of Lawton, Okla. The Bauers returned home Monday.

### Nancy Arendt and Teacher Give Paper At Science Meet

Nancy Arendt, CCJC student, and Paul Thomas of Cooke County Junior College faculty presented a paper at the spring meeting of the Texas Academy of Science Saturday at Angelo State College in San Angelo.

Title of the paper is "Addition of R Values in Polar Coordinates." Miss Arendt and Mr. Thomas have developed a method of reducing the time required in graphing polar coordinates to about one-fourth of that normally required.

Miss Arendt is the daughter of Mr. and Mrs. Arthur Arendt of Gainesville. She is a graduate of Gainesville High School where she received the award as outstanding math student. Recently she was named outstanding math student at CCJC.

In this hatchet job? Principally we have shut off our former source of vitally needed chromium ore. Now we're buying an inferior grade of the ore from Russia at 50 percent increase in price. Worst of all, we've made ourselves dependent on our enemy for a strategic material. Just how do we reconcile this situation with our ideas of national security?

### Lindsay Has Long List of Candidates On School Ballot

The ballot for Lindsay's school board election will list seven candidates, four of which are unopposed and three competing for two positions on the board.

Superintendent Glenn Hellman explained Tuesday that appointments of five trustees last year apply only to the next election, hence there must be elections of members for unexpired terms of one and two years as well as for the full three year term.

Two will be elected for three years, three will be elected for two years, one will be elected for one year.

Only one member of the present board does not have to be re-elected He is Ray Haverkamp, with a year remaining on his term. The other member with a year remaining is Weldon Bezner, appointee. He is a candidate for a one year term.

Three appointed members have 2-year unexpired terms subject to election. They are Leonard Bengfort, Bruno Zimmerer and Marcus Fuhrman. Bengfort and Zimmerer have filed as candidates but Fuhrmann declined to run and Julius Sandmann filed for that vacancy.

The ballot has four candidates for four vacancies in one and two year terms. All are unopposed unless a write in campaign develops.

Two present members whose terms expire this year are Bill Metzler and appointee Henry Popp. Popp has filed as candidate for a three year term. Metzler declined to seek reelection, and two others, Richard Hermes and Joe Schmidtkofer, filed as candidates. There are three candidates for two 3-year terms and the positions will go to the two receiving the highest votes.

Mrs. Charles Jetzelsberger and son Robert of Fort Worth visited Sunday afternoon with Mr. and Mrs. George Jetzelsberger.

## Building Notes

Foundation work is just finished on a new home for the Urban Rohmers, on the place formerly occupied by their old house, which was bought and moved by Paul Sicking. The new house will have four bedrooms, attached garage, brick veneer, central heating and air conditioning.

Slightly farther advanced is the new home for the Donny Trubenbachs in the addition just beyond the northwest city limits. It will have three bedrooms attached garage, central heat and cooling, brick veneer.

Ground work is finished and foundation awaits the weather at the new home site for Mr. and Mrs. H. D. Cook near Hardy. They will have a 2-bedroom home with double garage, brick veneering, central heat and air conditioning.

Nearer to Forestburg Willie Shults is at the inside finishing stage on a new 3-bedroom house with fireplace, central heat and cool, brick veneer and attached garage.

The Wilfred Koelzers also have painters on the inside work and still need bricks on their house in northwest Muenster. Theirs will be a 2-bedroom house, fireplace, double garage, central heat and air condition.

The Willie Fishers have moved into their new house south of town, near Paul Fisher. It has 3 bedrooms, attached garage, brick veneer, central heat and air condition.

Also recently occupied is the new Gene Klement home on Highway 82 east of town. It's a 3-bedroom house, brick veneer, central heating and cooling, attached garage.

The Bill Richardsons at Rosston likewise are in their new home, a 3-bedroom house with central heat, brick veneer, attached garage.

A major remodel job is going on the Bohner Oil Co. house on the Sicking lease south of town. Besides remodeling of partitions, cabinets

and plumbing it's getting a general repair and paint job. The Kenneth Hale family will occupy it.

A recently finished improvement is a double carport and driveway and utility room at Mrs. J. B. Wilde's.

Lots of shelf work and painting preceded the library's move to the Myrick building last month.

Five new homes in a group are ready for occupancy since early this week when Lone Star Gas made connections at the mobile houses in the east part of town. Sylvan Walterscheid developed a block there for that purpose and installed five units. Also in the area are accommodations for mobile home owners to install their own units.

### NOTES FROM THE LIBRARY

By Bettie Luke

Let's talk about some new books for juniors. Just shelved at Muenster Public Library are many worthwhile books for young people including: "The Uses of Space" by Ben Bova. This is especially for the now generation that considers why man is involved in space exploration. It details many ways in which man can utilize the elements of space for the benefit of human life everywhere.

"Giants" by William Mayne is a collection of 19 stories telling about well-meaning giants as well as evil minded ones. There are a gouty giant, an outwitted giant and a selfish giant.

"An African Elephant" by Rennie Bere describes the patterns of elephant society, the phases of elephant life, courtship, mating, birth and death, physical characteristics, habits of daily life and individuality.

Come and read with us.

Mr. and Mrs. Cecil Sims and their son-in-law and daughter Mr. and Mrs. Charlie Knabe visited Sunday at Springtown with Mr. and Mrs. James Cecil Sims and family.

### Eight-Year-Old Is Birthday Honoree

Janet Schmidtkofer was the honoree at a party celebrating her eighth birthday when her parents, Mr. and Mrs. Joe Schmidtkofer were hosts in the family home at Lindsay.

Thirty-six guests attended the Sunday afternoon party, including girl classmates, cousins and Janet's sisters and brothers.

Special guests were grandparents Mr. and Mrs. Conrad Flusche of Decatur and Mr. and Mrs. J. C. Schmidtkofer. Also an uncle and aunt the James Flusches of Decatur.

Janet opened and displayed gifts while pictures were taken and movies were made.

Birthday cake, ice cream and soda pop were served by Mrs. Schmidtkofer assisted by

her daughter Judy and Mrs. James Flusche and daughter Kathy.

### Miss and Mr. LHS Named at Lindsay

Lindsay High School students Monday elected Miss and Mr. Lindsay High conferring the honors on Brenda Beyer and Francis Hermes.

Brenda is the sophomore daughter of Mrs. Robert Beyer and Francis is the senior son of Mr. and Mrs. Tony Hermes. At the same time students voted as the most popular boy and girl Steve Zimmerer and Marilyn Hundt. Both are seniors.

The four high school classes had previously selected their nominees for Miss and Mr. LHS and had named the most popular in the respective classes.
