Blood Bank Rates As Big Asset to Patients, Hospital

Muenster Knights of Columbus this week remind the community that Wednesday, June 24, is Blood Bank Day . . . and please mark the calendar.

As a member of the Red Cross blood bank system this community's hospital and its patients, along with other residents of the hospital district, have an efficient and economical arrangement for blood transfusions. Volunteers donate blood twice a year and persons who need blood can get it free any time. A charge is made to cover collecting, packaging, storing, transporting, infusing and other services but none for the blood. It means that the average cost per unit of blood in the Muenster hospital has been reduced from \$46 to \$26. It also means that the hospital saves about \$150 per month on stocking fees.

Muenster made its first deposit in the blood bank on December 17, and started drawing on the account, on credit, 19 days before. The deposit amounted to 59 units and withdrawals amount to 48 units. Eleven units remain in the account. It's time for another deposit. So, the next visit of the Bloodmobile at Muenster is scheduled for Wednesday, June 24.

The shortness of the ticket accounts for the election's exceptionally small turnout. Total votes cast were slightly over 2,000 out of the county's voting strength of about 10,000. Muenster voted slightly over 10 per cent, a total of 99 in both precincts. North Muenster favored Scoggin 63-16. South Muenster favored him 18-2.

Funeral services with Requiem Mass were held in St. Peter Church at Lindsay at 10 a.m. Thursday for Bernard (Ben) Streng, 76, who died Monday morning in Modesto, Calif. He was formerly of Muenster and Lindsay.

Father Bede Mitchell officiated at the final rites and George J. Carroll & Son Funeral Home was in charge of burial in Lindsay Cemetery.

Rosary was recited at 8 p.m. Wednesday in the Carroll Chapel. Ben Streng had lived in California the past 30 years. He was in the construction business. His wife was the former Katie Block of Lindsay. She died while the couple lived there.

Surviving are two sons, Lawrence of Lindsay and Walter of Houston; two daughters Mrs. Margaret Knight and Mrs. Pauline Stone of Fort Worth; two brothers, John Streng of Muenster and Sylvester Streng of Temple; three sisters, Mrs. Theresa Moster and Miss Lena Streng of Muenster and Mrs. Joe Prescher of Lindsay; 10 grandchildren and one great-grandchild.

Next suggested improvement is an ultimatum to trouble makers of the future. Radicals can be warned that no more rioting and violence will be tolerated, and that defiance of the rule will result in expulsion.

Anyone doubting that the method is effective is referred to an incident at Virginia Tech. A hundred campus protestors occupied a building. The president ordered immediate clearing of the building, then immediate arrest and suspension of students who refused to obey. Next he told the suspended students to pack and leave and warned them that they would be treated as trespassers if they came back. A year or two ago Father Hesburg of Notre Dame said he would deal with radicals that way if they tried to take over. It appears to be a system that works if school authorities have the gumption to use it.

Unfortunately, however, we can't depend on the right attitude at all of the universities. A recent news report tells that one school permitted one of the Chicago Seven to speak at an assembly but declined to allow an assembly for a Freedom Foundation program.

The principle of academic freedom has been misused for many years to cover a multitude of sins. Wild ideas are tolerated on the theory that every idea deserves a hearing and that open minded students are free to accept or reject. But the sad fact is that the radicalism is favored. The same degree of "academic freedom" is not allowed, and certainly not encouraged, for presenting the traditional American way. Many students nowadays are subjected to a barrage of propaganda telling what's wrong with their country but hear very little of what's right with it.

Despite all that, the nation can still be proud and pleased that only a comparative few students are taken in by the false prophets. The records show that the vast majority is loyal and sensible and dedicated to its job of getting an education. They refuse to get involved in radicalism.

The majority of students is (Continued on page 8)

Scoggin Wins in Primary Run-off For County Clerk

Frank Scoggin is this year's Democratic nominee for the office of Cooke County clerk. He ran off with the run-off election last Saturday, beating Vernon J. Beeler 1555 to 484.

The Scoggin-Beeler race was the only contest on the ballot for Muenster, and other parts of the county except Gainesville and Lindsay. Those two voted also in the race of Carl Burchfield and Ollie Patterson for Justice of the Peace of Precinct 1. Burchfield won the contest 860 to 567.

Always listen to the opinions of others. It probably won't do you any good, but it will them.

Mrs. Geo. Spaeth Dies Wednesday

Mrs. George Spaeth, 85, of Lindsay died Wednesday afternoon in Golden Acres Nursing Home at Gainesville following an extended illness and surgery for a broken hip.

Funeral arrangements will be announced by Geo. J. Carroll & Son Funeral Home, Muenster. Mrs. J. C. Knepp of Gainesville, Mrs. Walt Barry Jr. of Dallas, Mrs. Mark Kuta of Tucson, Ariz., and Miss Frances Spaeth of Denison, two sons, Henry of Gainesville and Joe Spaeth of Longview, 41 grandchildren, 33 great-grandchildren, two brothers and one sister.

Thanks to jogging, more people are collapsing in perfect health than ever before.

They are spending much of their time working with the Muenster personnel on the special erosion control program recently approved in the northwest part of the county.

The remaining 23 weeks of the visitors' time in this country is being spent mostly in southern and north central states.

Bank Starts Work On Addition and Drive-In Window

Floor space in the Muenster State Bank will be almost doubled by an addition which got under way last week.

Andy Schoech is in charge of construction on the 25 x 36 2-floor annex at the back of the present building. Its walls will be structural tile and brick with outside matching the present walls and inside brick of another color.

The lower floor of the addition will have a conference room, a lounge, a snack bar, a rest room and storage area. All of the upper floor will be used for storage.

The project includes major changes for the front part of the building. A drive-in window will be installed at the south side and the tellers' department will be moved to that area so that the tellers will be near the drive in window. The inside service windows will face north, whereas they now face east.

The lobby floor, which will be part terrazo and part asphalt tile after re-arrangements, will be covered with carpet. Desks of bank officers will be located in the lobby.

The lobby and teller department will occupy all of the front room of the bank. The bookkeeping machines, now in the teller area, will be moved to the room which is used as a conference room.

If more bookkeeping space is needed a present storage room beyond the conference room will be converted to that purpose.

Community Is Busy With Grain Harvest

Harvest at Muenster is off to a good start but as of Wednesday afternoon farmers are sweating out the "like-ly showers" predicted in the weather report.

Grain dealers estimate that the wheat crop is about one fourth harvested after starting during the past weekend and going strong through several days of favorable weather. Meanwhile some of the wheat is waiting for the harvesting of oats that had been windrowed before the rain or for barley.

Progress has advanced far enough to indicate that average wheat yields in the community are 30 to 35 bushels per acre and average oats

yields are 60 to 65 bushels per acre. In cash value the crops are about equal. Wheat prices are \$1.15 to \$1.20 per bushel and oats prices average 60 cents a bushel.

Quality of the grain has been good, with high test and low moisture content. However dampness increased slightly Tuesday and Wednesday because of increased humidity.

Ray Hess Hurt in Tractor Accident

Ray Hess was reported as resting uneasily Thursday morning in Muenster Hospital as a result of injuries sustained Wednesday morning when a tractor turned over on him. He sustained a broken pelvis and possible other internal injuries.

The accident occurred about 9:30 while he operating a tractor and mower on his farm about two miles south of Muenster. The tractor toppled into a ditch with him, and the rear wheel fell over on him pinning him down. He lay there for about two hours before he was discovered by Jimmy Hendricks, a Bohner Oil Co. pumper who saw the overturned tractor from the road.

Hess remained conscious all the time, giving credit to the water he frequently splashed into his face from a pool beside him.

The reason some Congressmen are so anxious to get re-elected is that they doubt they can make a living in private business under the laws they passed while in Congress.

Dancing Recital Is Applauded by Large Audience

Annual recital by students of Charlotte's School of Dance was presented Saturday night before a large, applauding audience in Gainesville High School Auditorium.

Themed "The Age of Aquarius," the stage settings featured the 12 signs of the Zodiac as the performers, in appropriate costumes that tied in with the theme, went through their routines of ballet, tap, jazz and ballroom numbers. Dancers' ages varied from four years through high school.

Miss Charlotte Wolf, instructor, performed two dances.

The 49 students included 39 from Gainesville, seven from Muenster, one from Lindsay and two from Marietta.

On the program from Muenster were Gina Hofbauer, Michael Sicking, Sherri Kaylor, Kathy Broome, Rosemary and Susan Felderhoff and Stephen Walterscheid. And from Lindsay, Lisa Arendt.

Mrs. Hellman Back From Trip to D.C.

Mrs. Rudy Hellman returned Saturday night from a trip to Washington, D.C., where her son Dr. Monte Hellman and family of Dallas also visited.

Mrs. Hellman went to Dallas for the May 26 graduation of her grandson Pat Hellman from the first grade. The next day she joined her daughter-in-law and son Pat on a car trip to Washington where Dr. Hellman and children Susie, Barbie, Brenda and Chris joined them two days later making the trip by plane.

They all attended the May 30 wedding of Carol Mast, daughter of a couple with whom they formed a fast friendship during the men's tour of military service in Germany.

They also were among guests at the rehearsal dinner and wedding reception in Bolling AFB officers club.

Before leaving Washington another highlight was attending a dinner at the home of the Martin Perpers, who were hosts for a group of families who had been together in Germany and hadn't seen each other since 1961.

And because Chris Hellman is a history enthusiast the family and grandmother made trips to battlefields of the Civil War: Gettysburg, Pa., Antietam, Williamsburg Yorktown, Jamestown, Va., Vicksburg, Miss., and Chattanooga, Tenn.

Miss Doris Lyn Schilling was her sister's maid of honor, Miss Peggy Hellman of Sherman, cousin of the bridegroom, and Miss Judy Dangelmayr were bridesmaids. Janet Dangelmayr, bride's niece, was flower girl.

McCallions Cruise During Leave from Army in England

M.Sgt. and Mrs. Patrick McCallion and children Diane, Neil and Nancy who are living in England, near London, while he is on overseas Air Force assignment report having returned from a cruise through the Adriatic and Mediterranean Seas. Mrs. McCallion is the former Agnes Rohmer of Muenster.

The family left from Venice, sailed to Corfu, then Athens and from there to Alexandria in Egypt. They spent two days in Israel where they toured Nazareth, Cana, Tiberias, and Captharnam and saw the Sea of Galilee.

They did not get to Lebanon — there was some trouble there. After ten days they arrived in Cyprus, then Rhodes and on to Turkey. After that Dubrovnik in Yugoslavia. Last stop before arriving back in Venice was Patmas where John the Evangelist wrote the Book of Revelation.

They report a wonderful time, a good geography lesson for the children, plus 16 days of luxurious living.

The McCallions have been in England since January 1968 and he will probably be stationed there one more year.

While the Alfons Reiters and Charles Reiters were at Hitchcock for the wedding of Larry Reiter they made a side trip to Galveston for sight-seeing.

A man was warning the little boy next door about being careful crossing streets. "Oh, don't worry," the youngster assured him. "I always wait for the empty space to come by."

You don't realize it, because it has become so much a part of our life, that we are paying taxes twice and three times on some projects, sales, transactions, what have you. Even at that I'd rather be taxed in the USA than live in freedom (allegedly) in Russia or under communism. You never know how valuable you prize your freedom until you lose it.

Parish Societies Name Delegates To CSL Meeting

Sacred Heart Parish societies have elected delegates to attend the state convention of the Catholic State League in San Antonio in July.

Meeting in separate sessions Sunday afternoon St. Anne's Society named Mrs. Tony Gremminger and Mrs. Wilfred Bindel as delegates and St. Joseph's Society elected Wilfred Bindel and Joe Mages. Alternates are Mmes. R. R. Endres, Herbert McDaniel, Albert Hess, Marin Bayer and Leo Henschel, for St. Anne's Society.

Mrs. Tony Gremminger, president, conducted the women's meeting and reported on the NCCW meeting she attended in Fort Worth.

Father Bede was a guest and addressed the group with timely advice for mothers and grandmothers. He also mentioned an hour of adoration asking members to keep this in mind to determine how many are interested in an hour of special prayer.

It was also mentioned that anyone who would like to donate a quilt or a quilt top for the missions, to be taken to the state convention's mission exhibit, should contact Mrs. Bindel.

Sixteen members were present and Mrs. Joe Luke won the door prize.

Wilfred Bindel, president, presided for the men's meeting in the presence of 22 members.

After adjournment the two groups joined for a fried chicken supper.

Some Students Do Not Have to Pay Withholding Tax

The Tax Reform of 1969 is helping thousands of Texas students save time and trouble on filing an income tax return this year. This summer students who will not owe any income tax for the year can fill out the new Withholding Exemption Certificate, Form W-4E. This authorizes their employer to stop withholding tax and they won't have to file an income tax return next January 1 to get their money back. The same rule applies to some retired persons and part-time workers. For 1970, a single person who makes less than \$1,725 owes no tax. This is based on the \$1,100 low income allowance and a personal exemption of \$625. A taxpayer over 65 can earn wages up to \$2,350 without incurring a tax liability. If you qualify, talk to your payroll office, but you will not ordinarily qualify if you are married, due to the community property law in Texas.

Defeating Communism

Communism grows in the same manner as a cancer: On the outer edges as it rots in the middle. When Communism is properly understood it can easily be controlled by limiting its external growth. Failure to control Communism will soon place the world in a decaying situation.

Loan Programs of FHA Explained At TOAD Meeting

Members of the Texas-Oklahoma Area Development (TOAD) Committee at their meeting last week in Cooke County Junior College heard Roy Tisdale, real estate loan officer with the Farmers' Home Administration's Temple office.

His program consisted of slides and printed material with his narration on the various FHA loan programs. He said FHA financing is available to Texans for moderate and low income housing, site development, rental housing, labor housing, home repair, and other types of improvement. He also said that Texans had failed to use some available FHA funds, which would be re-apportioned to other states. John Cunningham, FHA representative of Cooke and Montague counties, was named as one who administered the program well in meeting the community's needs.

The TOAD meeting also heard reports on industrial development, roads, highways, education, community development, ranching and farming. It was hosted by the Gainesville Area Chamber of Commerce and was presided by vice chairman Bob Smith.

Vivid memories of the havoc wrought by the floods following Hurricane Buelah still plague many Rio Grande Valley educators.

At a recent administrator's meeting, the speaker ended a positive statement with, "You can be sure this will happen, come — —" then paused and quipped, "Can you say 'hell' down here?"

From the back of the room came the quick reply, "Yes, you can say 'hell,' but you sure better not say 'high water!'"

like the majority of other people. They are the element of society which makes the country click. They stick to their studies and their jobs. They are holding the country together, preserving its freedom and other ideals in spite of abuse by the radicals.

However they, like the rest of us are being short changed. Students on campus, like people on the streets, have a right not to be molested while doing their job. We like to hope that college bosses will get tough and kick out the radicals, so that more deserving students will be enrolled and all deserving students will be able to do their jobs. At the same time a crack down on radicals of the streets would be a blessing to the rest of our society.
