

The current bulletin of Texas Farm Bureau has a comment on the US announcement of December 19 revealing that trade restrictions on nonstrategic goods between U.S. and Red China are lifted. The FB bulletin remarks that "anything sold or traded with any of the Communists or their allies, from a toothpick to a milling machine, will be used to wage war, both hot and cold, against the United States."

That statement is based on one of the most obvious and most significant, facts of this century. Communism, as a social, economic and political system, was a complete flop. On its own merits it could not have lasted more than a few decades. In fact, the Soviet Union was on the verge of starvation and economic ruin in less than fifteen years.

Nevertheless it has grown until the red menace now occupies a large part of the globe and threatens to take over all of it. The reason is that its leaders were the all time greatest in using other people and other countries for their own advantage. A trusting world has been exploited and it continues to be exploited.

The Vietnam situation serves as a good example. Supplies flow endlessly through North Vietnam into the South and about 80 per cent of them are furnished by Russia, which in turn gets a large portion of them from Czechoslovakia.

The Czechs of course, have no choice in the matter. They are a captive people, especially since the Soviet crack-down over a year ago. Their industries grind out huge quantities of munitions, machinery, etc., in return for raw materials sent in by Russia, which, incidentally, determines prices on both ends of the deal.

So, the Soviets are using the Czechs in helping Vietnam wage war against us. One might go even farther and say they are using this country against itself. US has trade relations with Czechoslovakia. Directly or indirectly that trade helps Czech economy, enabling it to do a better job for Russia.

All this is just one of many current versions of what has been going on for many years. It started in a big way in the thirties and continued through World War II when US aid saved Russia from extermination by Hitler. After the war our country was a party to peace manipulations whereby the Soviets took over the Baltic and Balkan countries. Then came the UN, also manipulated with US help for the special benefit of communism. And more recently we made every effort to continue friendly relations with Russia when we knew very well that it was the real enemy behind our enemies of North Korea and North Vietnam.

The great mystery of this century is how a nation like ours, which advanced so far in scientific and industrial know-how, which leads the world in standard of living and landed men on the moon, could have been taken in so completely by the reds. By our boners we made the enemy what he is today.

An equally great mystery is our persistence in making the same old mistakes. Now, for instance, we support the red inspired UN policy of sanctions against little Rhodesia

MOD Collection Scheduled Feb. 1 At Church Doors

Muenster's 1970 March of Dimes fund is expected to receive a big boost Sunday, Feb. 1, when VFW Auxiliary members, sponsors of the campaign, accept voluntary donations following services in Sacred Heart Church.

The annual church door collection is the fund's chief source of revenue here.

Other contributions will come from school children. Dimes folders were distributed at both schools this week.

Auxiliary members issue a reminder that all funds collected in the drive are now used to fight birth defects and that help is available locally should it be needed.

A film on birth defects including the effect of drugs in connection with birth defects is scheduled for showing this Thursday night at 8 o'clock in MHS Auditorium for parents and high school girls of both schools.

David Fette, left, and Dale Cash, right, were promoted to the rank of Eagle Scout at Court of Honor ceremonies Monday night. With them is Scoutmaster Ed Schneider.

David Fette and Dale Cash Receive Top Scout Rating

Dale Cash and David Fette reached the highest rank of Scouting Monday night when they received Eagle Scout insignia and certificates at a court of honor ceremony in the VFW Hall.

Presentations were made by Scoutmaster Ed Schneider, who also gave miniature insignia pins to the Eagles' mothers and insignia tie clasps to their fathers. The parents are Mr. and Mrs. Charles Cash and Mr. and Mrs. R. N. Fette.

Just before each of the scouts received certificates of the last merit badges awards by which they qualified for Eagle rank. The badges had been given previously so they could be attached to uniforms. Dale Cash received 5 and David Fette received 11.

Earlier in the court of honor Jimmy Luke and John Henschel received their tenderfoot pins signifying admission to the Scouts, and Ramon and Damian Luke received their insignia of promotion to second Class Scouts.

The court of honor was held jointly with the regular January meeting of Cub Scouts and Webelos. Refreshments were served by the Scout mothers and Den 2 Cub mothers.

License Plates Available Here Starting Monday

New license plates for practically all kinds of motor vehicles are on hand at Tom and Jerry's Barber Shop awaiting the beginning of sales next Monday. As in previous recent years the sales there are arranged through courtesy of the county tax office as an accommodation to Muenster people.

Buying the plates is going to be considerably easier and faster than formerly. A person needs only to present the form recently received from the Department of Public Safety along with a check in the amount specified on the form. The person receives his plates immediately and a strip of adhesive paper with number matching that of the plates is attached at the top of the triplicate form. One part of the form is handed back as a receipt, one is kept by the tax office and the other is sent to DPS at Austin.

The procedure changes for new cars. In that case a form has to be typed out with the same information shown on the DPS form, and the form for next year's registration will be made from it.

License plates for all vehicles have blue letters and numerals on a glowing white background. The series available here are as follows.

For passenger cars, FRT-200 to FRT-799. For commercial pickups and trucks 2P-3000 to 2P-3149. For farm pickups and trucks 8L-3700 to 8L-3849. Motorcycles X-45701 to X-45725.

Muenster Public Library is in its new location now, making the move Friday from Fourth Street to Main Street in the Myrick Building and staffers continue busy shelving the books.

A moving van made two trips to transfer the library's approximately 5,000 books in boxes.

Mrs. Joe Luke, librarian, says that regular hours will be kept at the new location while shelving continues. The library will be open for business every Tuesday from 3 to 5 p. m. and every Thursday from 9 a. m. to 5 p. m.

At the end of moving day Friday library staffers were treated to dinner at Rohmer's Restaurant through courtesy of Ernest Jaska.

Attending were Mmes. Luke, Tony Gremminger, Steve Moser and Albert Schilling, Miss Elizabeth Herr, Mr. and Mrs. Lee Toothaker and Mr. and Mrs. Jaska.

Scholastic Census For '70 Nears End

With only two days left in this year's scholastic census, Superintendent L. B. Bruns makes a final request this week to be notified in case a child was missed.

As far as he knows all children have been accounted for and the job of transferring information from the census blanks to the final list is in progress.

In compiling the list of names he has checked the former census and all present attendance records, including pre-school pupils who will reach scholastic age on or before September 1.

However, Bruns points out the possibility that a child not attending pre-school may be missed because the school has no record of him or her.

Hence a final reminder. If a child will be 6 on or before September and has not been enumerated, the school office should be notified immediately.

Another reason for a complete list. The scholastic census hereafter will be held each fifth year. A child missed on this count will be off the census roll for five years.

16 New Members Join at Meeting Of Cubs, Webelos

Ten youngsters received merit badges in the Cub Scouts and Webelos and sixteen were admitted into the two organizations at their regular January meeting Monday night in the VFW Hall. The meeting was held jointly with a Boy Scout court of honor.

Kevin Hess received the Wolf badge from Cubmaster Alvin Hartman, Benny Bindel, Mill Murch, Robert Grewing, Timmy Wolf, Darrell Pagel, Danny Walterscheid, Mike Richardson, Lenzy Dyer and Robert Hartman received scientist badges from Webelos master Edgar Dyer. The lads also presented demonstrations they learned in earning their awards.

Membership of the Webelos was increased by two as Larry and Billy Phillips transferred into the den from Mineral Wells. The fourteen new Cub Scouts are Kenny Hartman, Brian Bindel, Terry Rohmer, Billy and Bobby Hennigan, Paul Bartush, Bill and Pete Green, Gary Henschel, Bert Miller, Phil Wolf, Curtis Grewing, Mark Felderhoff and Robert Weinzapfel.

Clyde Fisher, committee chairman, presided at the meeting. Cubmaster Hartman announced that Cubs and Webelos will attend the 9 a. m. Mass on Feb. 8 in observance of Boy Scout Week. Boys who have uniforms will be expected to wear them. He also said that plans are started for the Blue and Gold Banquet to be held with the pack meeting of February 23.

Don Murch, former committee chairman and Webelos leader received an appreciation gift for his help to the Cubs and Webelos. The family is transferring from Muenster this week.

Attendance banner was won by Den 4 with 86 per cent of the parents present. Refreshments were served by mothers of Den 2 and Scout mothers.

Deadline Arrives to Register, Pay Taxes

The annual deadline for voter registration and taxpaying is practically here. According to law it will be January 31, next Saturday. But because the date falls on the day when tax offices are usually closed the actual deadline this time is Saturday in the school district office and Monday in County tax office and in Muenster City Hall.

Mrs. L. B. Bruns, school district tax collector said she will be on the job Saturday until 4 p. m., hence the deadline there is Saturday. In case payment is sent by mail it must be postmarked Saturday or before.

the actual deadline at the City hall will be Monday. The office will close as usual on Saturday and it will accept payments the next regular business day without penalty charge. Regarding mail it is assumed that anything mailed on Saturday will be in the first mail delivery Monday, and mail payments will be accepted until then.

For county tax payments and voter registration the actual deadline is Saturday. Mrs. Jo Hillis, tax collector, said the office will be open until 5 and her mail box at the post office will be open until 5 p. m. Monday. She said that she is making allowance for letters mailed after the post office closes Saturday noon. She's also making allowance for a heavy work load Monday morning at the post office, therefore will accept all tax payments and voter registration applications which are in her post office box at 5 p. m.

Any tax payments arriving after the designated deadline of each tax office will be regarded as delinquent and subject to penalty. Voter registration applications arriving after the time will not qualify for certificates.

Mrs. Hillis said that the goal of 10,000 registrations in the county seems to be in sight. On Wednesday 8,519 certificates had been issued and a stack of mail applications are awaiting processing. The expected rush of remaining few days should finish the job.

She also pointed out that registrations are expected to go up in an election year. In 1969 there were 8,931.

Mini-Skirts and the Rise in Crime

Apart from the lack of modesty and decency involved, do provocative mini-skirts cause sex crimes? The nation's top law enforcement officials in 62 cities think so. They are convinced that the mini-skirt is a serious cause of sex crimes.

The Facts

First of all, we should look at the facts. From 1958 to 1963 the rate of forcible rape in this country decreased by one per cent. But from 1964 to 1969 it jumped 67 per cent. When polled, 92 per cent of the Police Chiefs, Vice Squad Commanders, and Juvenile Division Commanders thought that revealingly short skirts were part of the cause. Only 5 per cent thought they were not. In the words of one Juvenile Commander in a major city: "Some sex crimes are committed by individuals who are aroused through their sensory perception, and short dresses of some girls could provoke an attack." There is

no use arguing that normal persons would not be so aroused. Crime is committed by abnormal persons.

All 56 of the nation's largest cities were surveyed, plus 72 others ranging down to 10,000 population, to provide for a valid cross section. Sixty-two per cent of the cities responded, from 37 states. The replies were submitted for inspection to the Police Chief in Pasadena (who was not involved) and were approved as authentic. The survey, which has just been completed by Hollywood Social Studies, is a survey that was sorely needed.

Standing or Seated

As already mentioned, the increase in sex crimes began in 1964. Prior to that, as six-year-old TV movies clearly show, skirts covered the knees, standing or seated. It was around 1964 that skirts began to slide well above the knee when a girl sat down. This opened a world of exposure

never before allowed in public by the male population in civilized lands.

What kind of woman was it who started the mini-skirt? Dress designer Mary Quant of London, who is known as "the mother of the mini-skirt," was quoted in Newsweek two years ago as follows: "Mini-clothes are symbolic," she said, of those girls who do not want to wait until dark to "seduce a man into bed." Later in 1964 Quant of London was joined by Courreges of Paris in displaying fashions several inches above the knee, and the "mini-skirt" was born.

An article published in the National Education Association's magazine this year scored school board officials for blindness to the problem of shorter and shorter skirts. The author, a high school senior in Rialto, California, said that sitting across from mini-skirted classmates was like going to a "burlesque show." It was acutely embarrassing to boys and male teachers alike, he said, and was also harmful to the girls — slaves to fashion though they be.

You can try to argue that the alarming rise in sex crimes is a coincidence, but the experts disagree. Said the Commander of the Juvenile Department in one city of 700,000 people: "I personally feel we are in great trouble. Immorality has taken over, and if you attempt to do anything about it, they say you're old-fashioned." Others express similar concern. Not only did the crime of forcible rape increase 12.9 per cent last year, but related sex problems such as venereal disease and illegitimacy suffered an alarming growth.

The unavoidable sight caused by short skirts when a girl is seated causes an inner problem to all normal boys, in the opinion of the Juvenile Bureau Commander of an eastern city of 350,000. Yet skirts get shorter and under-clothing skimpier.

The Main Question

On the main question, the experts in our nation's largest cities voted that mini-skirts are a probable cause of the increase in sex crimes. Is a girl more likely to be a victim of sex crimes, including statutory rape, if she wears a mini-skirt? Two thought no, but 56 said yes. Does the wearing of daring clothes increase the chances that a girl may become involved in immoral behavior? Seven said no, while 48 said yes. And what about pornography? Is the combination of pornography and revealing clothes more dangerous than either one alone? Two thought no, but 56 said yes.

The nation's experts on crime went further. One hundred per cent voted that provocative clothing such as mini-skirts can encourage crime. Forty-three to eight attributed the decline in morals partly to the short skirt fad. Forty-nine to five said that sexy styles make moral character more difficult. Thirty-two to one warned parents that shorter dresses should be considered a cause for increased cases of molestation. Over half of the officials thought that provocative styles added to race tensions. Fifty-five per cent said that increased tension from seeing revealing styles tends to increase other problems such as vandalism, reckless driving, drunkenness, and the use of drugs.

Same Percentages

The percentages came out about the same, regardless of the size of a city or its geographical location. Those answering did not know how others would reply, and they are noted as individualists who do their own thinking. On the main questions there was little difference of opinion. The answers indicated almost unanimously that most top police officials attribute the alarming increase in sex crimes partly to short skirts. They also agreed that mini-skirts increase the risk to wearers, even for young girls. In addition, said the experts, the morals of both wearer and viewer are adversely affected, particularly among the youth.

There is no need to belabor the obvious. Women and girls alike, married as well as unmarried, are setting bad example. Parents, husbands, pastors, teachers, writers, and young men on dates have been almost equally guilty for not doing what we can to discourage this brazen habit. We have all failed to face up to our responsibility. We all ought to realize our obligation toward the preservation of modesty, decency and order. We all have our work cut out for us. —Twin Circle, Culver City, Calif.

Confusing Policy

Apart from any question of demerits in the habit, it can be noted—and repeatedly has been—that the Federal Government's position on cigarette smoking is more than a shade confusing. Maybe it depends on which department you are watching for a policy cue.

On the one hand, the Department of Health, Education and Welfare is spending an estimated \$4.5 million a year to combat smoking and its declared effects. That comes to \$12,328 a day.

At the same time, as compiled and reported by the Rockford Morning Times, the Department of Agriculture is spending some \$67 million at home and abroad to promote and subsidize smoking. It breaks down this way: \$5

million for research on better cigarettes, \$31 million to send American tobacco abroad in Food for Peace shipments and a subsidy of \$28 million to stimulate tobacco exports.

That comes to \$193,652 a day. The right hand not knowing what the left hand is doing can be habit-forming, too; and injurious to the pocketbook.

but that increased steadily to a figure of 2,000. This is more trucks than were spotted during the same period in 1967 when the build-up for the 19-68 Lunar New Year offensive took place.

Parochial Girls Tie for Lead in TISC Basketball

Sacred Heart Tigerettes are tied for the lead in the girls division of TISC. Since their win over Greenhill on the local court Tuesday night they are tied with that team in a standing of 2-1. They broke even in games with each other and both beat Fort Worth Christian. Those three are the only girls in the loop.

In Tuesday's game the Tigerettes were barely behind in the first quarters for scores of 7-8 and 13-15 and kept going in the next half while Greenhill slumped. Third and fourth periods were 21-16 and 25-18 favoring Sacred Heart. Peggy Sicking hit 13, Denise Walterscheid 8, Nancy Fuhrmann 4.

The Tigers lost their game practically in the first period. They were 15 behind then and the margin changed very little until the end, when they

trailed by 17. Scores ending the periods were 22-7, 31-16, 47-27, 63-46. Point makers for SH were Babe Schilling 18, Gary Endres 7, Ross Felderhoff 7, Ronnie Hess 6, Jim Schmitz 6, Paul Bayer 2.

Friday night at Trinity Valley the Tigers ran into real competition and lost 89-22. Babe Schilling was high for SH with 9 points. A boys junior game was also one sided but less so. The score was 44-19, Kenny Hess was high with 8 points.

Lots of activity is booked for the parochial teams during the next several days. Friday night boys and girls will meet Dallas Christian here in a double header. Saturday the Tigerettes and the elementary boys and girls will host teams from Immaculate Conception, Grand Prairie. Monday the Tigerette B string and the elementary teams will be at Saint Jo. Tuesday the first string boys and girls will host Fort Worth Christian.

Walt Parker Asks For Re-Election To Legislature

I have filed to run for a 2nd term as State Representative of District 50.

I feel that as a member of the Appropriation Committee, I was able to secure for Cooke County, the maximum funds available for Cooke Co. Junior College and Gainesville School for Girls.

Serving a second term in the Legislature as a member of these important committees, Appropriations, Higher Education, Highways and Roads, Common Carrier, and Youth, will enable me to be a more effective representative for this district.

There will be several major pieces of legislation that were not accomplished during the past session in the field of law enforcement, dope and narcotics, air and water pollution, and public and higher education that I feel my past experience in the legislature will be of extreme benefit to both Cooke and Denton Counties that comprise District 50.

Muenster Teams Beat Lindsay and Lose to Slidell

Muenster High basketball teams broke even during the week, winning a pair from Lindsay and losing a pair to Slidell.

In the MHS gym last Friday Muenster girls started very cold, making only 9 of 20 free throws and missing all of their 9 field goal attempts in the first half. However after trailing 32-9 at the half they almost broke even with the Slidell gals in the second half. Scores ending the last two quarters were 51-23 and 61-37. MHS scorers were Doris Felderhoff 16, Joan Monday 11, Debbie Yosten 7, Sue Flusche 3.

The game with Lindsay was equally one sided the other way. Muenster gained in three quarters and coasted through the fourth by counts of 15-5, 33-21, 56-27 and 61-38. Doris Felderhoff led the MHS scoring with 33, Joan Monday made 13, Debbie Yosten 9, Sue Flusche 3, Janet Swirczynski 2, Becky Jaska 1. For the visitors it was Carol Felderhoff 24, Janie Zimmerer 10, Becky Fuhrmann 2, Betty Rohmer 1, Patsy Arendt 1.

MHS boys, like the girls, got too much competition from Slidell. Exceptional shooting accuracy plus slick ball handling accounts for the final count of 89-61. The Hornets made a good start, trailing 17-10 at the quarter and 36-29 at the half. Loss of Monday on fouls in the third hurt Muenster and the next two periods ended 65-41 and 89-61. John Monday led the Hornets with 23. Gerry Cash made 11, Glenn Fleitman 8, Tom Henscheid 6, Jim Endres 6, Bob Bruns 5, John Schneider 2.

Tuesday night it was a matter of hot Hornets and cold Knights, and the Hornets got their biggest score ever, 101-39. Even Freshmen had a good night, adding 12 points in the last half of the last period. The count by quarters was 21-11, 44-19, 77-26 and 101-39.

Point makers for the Hornets were Monday 23, Cash 26, Jim Endres 15, Hank Trachta 6, Henscheid 4, Carl Endres 4, Fleitman 4, Lippe 4, Felderhoff 4, Bruns 3, Lippe 3.

High scorer of the night was Mark Metzler with a sizzling 34. But that was practically all for Lindsay. Larry Zimmerer made 3, Don Metzler 2.

Next week's action for MHS will be with loop leading Krum Friday night in the last home games, and at Alvord next Tuesday night.

Destroy Your Old License Plates

Do not casually throw away your old 1969 Texas license plate after replacing it with the 1970 tag warns the American Automobile Association. Your old plate could end up on a stolen car and cause you to be involved in a sticky legal entanglement.

Motorists should destroy their 1969 plates by breaking them in half before discarding them in the trash can says AAA. Otherwise your license plate could be sifted out and placed on another car. If this car was stolen or became involved in an accident, the plate would be traced to its owner, causing needless involvement in what could be a messy situation.

Junior High Boys Win Trophy at Era

Four teams represented this community in a junior high basketball tournament at Era last week, and one of them came home with a trophy. Muenster Public School boys nosed out their neighbors of Sacred Heart 22-20 in the consolation final.

The game was a see-saw all the way with Sacred Heart holding a short lead in every period and Muenster just barely ahead at the end of each quarter. Those scores were 8-4, 15-12, 18-17, 22-20. Tom Hennigan was high for the public school with 9, Randy Wolf hit 7, Ronnie Felderhoff 5 and Tom Otto 1. Kevin Pels scored 7 for Sacred Heart, Kenny Hess 5, Alan Rohmer 4, Jeff Fette 2, David Krahl 2.

In tournament opens the SH teams lost to Rad Ware and Muenster lost to Sanger. In consolation semi finals SH boys beat Era B 21-4 and Muenster boys beat Valley View 13-6, then Muenster won the final.

SH girls beat Era B 12-11 in consolation semifinal as Beverly Walterscheid hit a 2 pointer just before the final buzzer. Next they were clobbered 33-6 by Era first stringers for the consolation trophy. The Era girls had eliminated Muenster 17-10 in the semifinal.

Kin at Wedding Of Pamela Beyer In Fort Worth

A group from Lindsay and Muenster attended the wedding of Miss Pamela Beyer and John Phillip Harper Saturday in St. George Church in Fort Worth. Father Michael Howell, assistant pastor at St. Mark the Evangelist Church in Plano officiated.

The bride is the daughter of Mr. and Mrs. Carl A. Beyer and the groom's parents are Mr. and Mrs. E. E. Harper, all of Fort Worth.

Miss Susan Beyer and Mrs. Billy Hubbard of Arlington were their sister's honor attendants. Misses Carolyn Conner and Paula Howell were bridesmaids.

Shannon Bellamy of Denton was best man and Donnie Bonner, John Ball of Agra, Okla., Robert Blaze, William Driscoll and William Marshall, all of Austin and William Raschke of Berkeley, Calif., were ushers.

The bride's Empire gown of silk organza and Alencon lace was slim beneath a chapel train.

After a wedding trip to Mexico City the couple will live in Austin where both are seniors at the University of Texas.

Among the wedding guests were Mr. and Mrs. Frank A. Sandmann, Mrs. Frank C. Sandmann and daughter Barbara, all of Lindsay, Jimmy Schon of Pilot Point, Mrs. Ferd Luttmner and Mrs. Richard Swirczynski of Muenster.

Miss Karen Vogel of TWU, Denton, came home to spend the weekend with her parents, the Joe Vogels. She brought a classmate, Miss Sue McDowell of Odessa, with her. It was Miss McDowell's first visit in Muenster. Also at home over the weekend were Miss Lillian Vogel of Fort Worth and Lenie Vogel of Dallas. Their mother was dismissed from Muenster Hospital Friday after being a pneumonia patient.

when principle and common sense tell us we ought to be definitely committed to the other side. Among other sad results of that deal, we now refuse to buy chrome ore from Rhodesia and have to get it from Russia, at a higher price. Meanwhile Russia buys at it's own price from Rhodesia's surplus. How's that as an absurdity? We do injustice to ourselves as well as a friend by observing red imposed sanctions which even the reds are violating. In so doing, we make ourselves heavily dependent on our enemy.

Another current puzzle is our attitude toward the Biafra situation. The truth is coming out from there despite efforts to hide it. Nigeria's conquest of pillage, murder, rape and starvation goes on against the crushed Ibos. It's the most inhuman war story of modern history with Russia supporting Nigeria's false claims and our country not

even making a formal protest. Remaining silent under these circumstances is hardly a credit to our country.

In the light of many many sour memories concerning our country's relations with the reds, there are reasons for disappointment in that deal on improved trade with Red China. Experience has taught that any kind of dealing with them sort of fits into their ideas of co-existence. It's not acceptable unless it favors them. They don't want mutually beneficial deals. They just want to continue exploiting us.

Instead of new deals we need to re-examine some of the old deals that are in effect now. It's time to start phasing out those which give direct or indirect aid to the enemy.

Sam Endres, a senior at the University of Texas at Arlington, spent a few days between semesters here at his home with his father, Arthur Endres and Mrs. Endres.

Mr. and Mrs. Wilfred Bindel made a round trip to San Antonio the past Thursday taking their daughter Cynthia back to Our Lady of the Lake College after a long vacation that included Christmas vacation and semester break.

Msgr. Thomas Weinzapfel of Dallas visited his parents, the J. M. Weinzapfels Thursday.
