FEBRUARY 13, 1970

NUMBER 12

A sorry spectacle of partisan politics was presented by a group of Democrats last Sunday in their TV show on the state of the union. Allegedly a statement of their version of present conditions, it was actually a criticism of the Nixon administration for failing to clean up in one year the mess they had created in eight years. It's hard to imagine a more absurd attitude.

Of course it is a fact that our situation is far from ideal. However it's also a fact that some improvements have been made even though the problems are not completely solved. For instance, the hot-test issue of a year ago, the Vietnam war, has cooled considerably under the policy of shifting more responsibility to South Vietnamese so that our troop strength can be gradually reduced.

Another improvement is apparent in city and campus rioting. One might say that the violence had reached its peak before the Republicans took over and was calming down mostly because of reaction from cities and colleges, and not because of pressure from the administration. Nevertheless, as a matter of fairness, it seems that the critics should have given Nixon credit for that if they felt justified in lambasting him on other counts.

One of those other counts is inflation. As most of us are painfully aware, our money lost more of its value in 1969 than ever before. But who can say the GOP was to blame for that? After the dollar's steady decline for eight years, after an increase of \$57 billion in the national debt during that same period, inflation had acquired momentum. The inherited situation seems more at fault than the administration. Besides, there's no reason to think that Democrats would have retarded inflation any more successfully.

Without going farther into particulars one can simply say the Democrat fault finders goofed in a big way. In criticizing Republican failure to perform miracles they were really pointing out their own previous faults.

Regarding the economic situation, this column continues to be baffled by the apparent inability of both sides to find a solution. We are told that the causes of inflation are rising prices, rising wages and deficit spending. From that it appears that it can be controlled by control of those factors, furthermore that the control can be achieved by the cooperative effort of top men in industry, labor and government.

This need not mean federal imposed controls with all the confusion of regulation and policing and black markets. Rather, a frank agreement should do the trick. Industry and labor, by holding the line, could stabilize price and wage levels while a budget minded congress could stabilize the supply of money.

Of course that would be a sharp departure from the present method of operation, in which each segment is constantly seeking the best deal for itself. It would require self restraint, seeking the deal that is best for the country as a whole, also the vision to understand that, in the long run, the principals of the prudent dealings will actually profit by their apparent sacrifice.

Reasons for higher wage demands are well known. Workers want to improve their buying power. But the raises don't have that effect. Instead the raise is soon absorbed by price increase and one's actual buying power in relation to earnings is back to the old level. In the meantime, however, savings lost some of their real value, and the over all net effect is a loss in buying power despite wage raises. The effect is even worse on people with fixed income. They do not have the benefit of wage increases. Rising price means only a lower standard of living to them.

This is only a buyer's view of the situation. But others too have problems. Because of reduced buying power the manufacturer, the wholesaler, the transporter and the retailer all have less business.

This isn't just theory. It's a hard fact known to everyone who saves and everyone who has a fixed income. A large segment of the American population has been robbed of some of its rightful standard of living by the mistaken i-

Two Programs on Heart Research Booked Thursday

The Cooke County Heart Association's program in Muenster this year will consist of two meetings on February 19 and a Heart Fund collection on February 23, according to statements this week by B. J. Swirczynski and Mrs. Martin Kralicke.

First of the meetings will be in the MHS auditorium for students of both Muenster high schools. Dr. Le Beau, of Wichita Falls, a specialist of internal medicine, will talk about heart and blood vessel diseases, which are the principal causes of death in this country. He will also talk about the amazing progress of recent years in medical and surgical treatment of the diseases through funds provided by the Heart Association. Another part of the program is a film on heart diseases.

Dr. Le Beau will address the students at 2:30 p.m. and he will talk at a short meeting of the Hospital Auxiliary in the Muenster Clinic starting at 8 p.m. Adult visitors are invited to attend either of the meetings.

The next activity is a door to door collection for heart research on Monday, February 23, beginning at 6 o'clock. It will be conducted by a local committee headed by Mrs. Kralicke in cooperation with the Cooke County Heart Association. Persons who wish to support the program are asked to have their donations ready and their porch lights burning when the workers arrive.

KC Initiation to Honor JFK Memory

Grand Knight Marty Klement of the Muenster KC Council announced this week that planning has started on a district initiation commemorating the anniversary of the initiation of the late John F. Kennedy.

The council is joining about 6,000 other KC Councils of the United States, Canada, Mexico, Philippines, Puerto Rico, Canal Zone, Guatemala and the Virgin Islands in a membership drive honoring the memory of one of the order's most distinguished members, Robert Walterscheid is chairman of the drive.

Klement said the Admission degree will be late in March and the Formation and Knighthood degrees in April. Dates and places will be decided in planning with the Gainesville and Denton Councils, the other two units of this district.

Fifteen Boys Sign For Track Team At Sacred Heart

Unofficially the 1970 track season has opened at Sacred Heart. Most of the 15 boys who have signed for the team are out on regular conditioning runs, and all dressed up in their brand new red warm-up suits. Included in the group are several boys who will be occupied by basketball for two more weeks. Regular practice will start Monday.

At this time the team is looking forward to four invitation meets and the Texas Independent Schools Conference meet. First one will be on March 7 at the Cowboys Relays, Coppell, Tex. On the 14th they will go to Holliday, on the 21st to the Red River Relays at Saint Jo and on April 4 to the Boswell High Relays at Saginaw. The TISOC meet is booked for April 13 but location remains to be seen.

Boys who have signed for the team are Ronnie Hess, Cletus Bayer, Paul Bayer, Bill Bartush, Tim Bindel, Henry Knabe, Allan Hess, Kevin Swirczynski, Tommy Felderhoff, Fred Fuhrmann, Billy Bayer, Allen Trubenbach, Melvin Luke, Mark Schmitt and Melvin Schilling. All of them are starting on a weight lifting program scheduled 2:30 to 3:30 on Mondays, Wednesdays and Fridays. The equipment, built by Coach Joy and the boys, is located in the old building east of the parish hall.

Participating in that, along with the track teams are Gary Endres, Larry Bayer, Ross Felderhoff and Jim Schmitz.

Mr. and Mrs. Gene Schmitz visited in Archer City Sunday with her sister and family, Mr. and Mrs. Bill Crow.

Gretchen Koesler Is Homemaker of Tomorrow at MHS

Gretchen Koesler, on the basis of her score in the homemaker knowledge and attitude test taken by senior girls, is Muenster High School's 1970 Betty Crocker Homemaker of Tomorrow, it has been announced. She is the daughter of Mr. and Mrs. Norbert Koesler.

In addition to receiving a specially designed silver charm from General Mills, sponsor of the homemaker education program, Miss Koesler is now eligible for one of the 102 college scholarships totaling \$110,000.

From school winners in the state, a State Homemaker of Tomorrow and runner-up will be selected within the next few weeks. The state winner will receive a \$1,500 scholarship and the runner-up a \$500 educational grant. In addition, the school of the state Homemaker will receive a complete set of Encyclopedia Britannica from Encyclopedia Britannica, Inc.

This spring, the 51 Homemakers of Tomorrow representing every state and the District of Columbia, each accompanied by a school advisor, will join for an all-expense-paid tour of Washington, D. C., and Colonial Williamsburg. Climax of the tour will be announcement of the 1970 Betty Crocker All-American Homemaker of Tomorrow. She will be awarded an increase in her scholarship to \$5,000. Second, third and fourth-rank Homemakers in the nation will also receive scholarship increases.

A record 646,041 senior girls in 15, 040 of the country's high schools, were enrolled in this year's Search.

The Men In Service

Home From Thailand
Air Force Sergeant Ray Rumley arrived in Dallas Tuesday from Thailand and is on a 30-day leave with his mother Mrs. Melba Kinsey and family. He will be assigned to McConnell AFB, Wichita Kansas, after his leave. He was stationed there before going overseas. Meeting him on arrival at Love Field at 5 a.m. were his mother, brother J. D., sister and family, the Richard Herrs, Patricia and Rose.

Separated from Service
David Fisher arrived home Monday after an eleven month tour in Vietnam. He has been separated from the service and is with his parents, the Paul Fishers.

Muenster Juniors Select Class Play

Muenster High Juniors have selected "The Jury Room" as their class play and will begin casting soon.

The play is a drama in three acts with a cast of seven girls and five boys. Mrs. David Bright and Mrs. Henry Weinzapfel are directors.

Plans are to stage a matinee performance on March 13 and a night performance on March 15.

Recreation Hall Opens Next Week

A recreation hall is due to open next week in the building adjoining Tom and Jerry's Barber Shop.

It will be operated by Tommy Herr and Jerry Wimmer in connection with their barber shop. They have installed a door connecting the two places along with their general repair, remodel and redecorate program.

Equipment is expected to include pool tables, shuffle board, pinball machines, candy and cold drink dispensers.

Students, Parents Invited to SHHS Career Day Feb. 16

College-Career Day sponsored by Sacred Heart High School, will be held next Monday, Feb. 16 beginning at 9 a.m. and concluding at 3 p.m.

Seniors, juniors and their parents of SHH are invited to attend, and so are those of Muenster High School, Lindsay High and Saint Jo High School to whom special invitations have been sent.

College-Career Day will feature talks by representatives of business organizations, technical schools, colleges and universities.

The program is arranged for four separate periods in the morning and four in the afternoon.

According to the program prepared, time for the various lectures and college career representatives on the program, is as follows:

9 to 9:30, TWU, Denton and University of Texas at Arlington.

9:30 to 10:30, Mass and Coke bank.

10:30 to 11:00 NTSU, Denton and University of Dallas.

11 to 11:30, Austin College, Sherman, Cooke County Junior College, Gainesville, St. Edward's University of Austin.

11:30 to 12, Midwestern University, Wichita Falls, and Our Lady of the Lake College, San Antonio.

12 to 1, lunch.

Afternoon sessions will be devoted to careers and job training and will be presented by representatives as follows:

1 to 1:30, Weber Aircraft, Gainesville, American Airlines (pilots and stewardesses), Dallas.

1:30 to 2, National Supply, Gainesville, and LTV, Dallas.

2 to 2:30, Dentistry and Dental Assistants, Gainesville, Draughon's Business College, Dallas.

2:30 to 3, Navy, Gainesville, Air Force and WAF, Sherman, Xerox, Dallas.

Periods are arranged so that students and parents who wish may attend more than one of the briefings. Each representative will be available for consultation, questions on study, costs, financial aid, school requirements, etc.

This is Sacred Heart's third annual College-Career program and the first all-day program. The other two were night sessions.

Audubon Member Talks at Meeting Of Garden Club

Members of the Muenster Civic League and Garden Club at their regular meeting Monday night heard a delightful talk on birds by Mrs. A. C. Koon of Gainesville, a member of the Audubon Society.

The speaker drew from a wide range of knowledge based on study and travel in describing interesting birds and interesting facts about birds. She has conducted a number of guided tours on bird study on this continent and in Europe. She illustrated much of her speech with colored slides.

A particularly interesting part of her talk concerned the amazing concentration of many species of birds in the Rockport, Texas, area at migration time. On their flight to Central and South America, and on return, birds from all over this country seem to funnel through a strip about a hundred miles wide. At times the ground appears to be covered and the air filled with them.

Mrs. Koon gave the members a number of helpful hints on cultivating the friendship of birds. Such as providing water, when and what to feed, their favorite kind of shelter.

Members carried the subject into the business session, voting to erect a Martin house at the public school and promote erection of more Martin houses around town.

The meeting was in the home of Mrs. Oscar Detten with Mrs. Joe Sicking as co-hostess. They carried out the Valentine theme in decorations and refreshments.

Mr. and Mrs. Leo Hess and children of Dallas were weekend visitors with their parents, the Albert Hess family and the Joe Vogels. Saturday evening they attended the Concert and Dance in the Parish Hall. Leo who is a member of the Froshinn Singers of Dallas joined the group there for the Concert.

Attempted Robbery of Muenster Bank Fails

An attempted robbery of the Muenster State Bank was foiled last Thursday night but it was nevertheless a terrifying experience for Bank President Herbert Meurer and his wife Evelyn.

The would be robbers, a man and a woman, apparently were convinced by Meurer that they could not outdo the time clock, but they showed no sign of failure when they left. In fact the Meurers lay bound and afraid for two hours on the living room floor thinking all the while that the woman was on guard in the next room.

It all started about 6:30 when the pair entered a back door and asked Evelyn if her husband is Herbert Meurer. Moments later when Herbert came into the room the man pulled out his gun and revealed his intention.

He demanded that Meurer open the bank for him and turn over its money to him. Meurer said that it could not be done. The currency was in a time locked safe that could not be opened until 8 the next morning. The only money available was several hundred dollars worth of coins in the vault. But opening the vault

SHH Speech Team Wins Trophy in Debate at Tourney

Sacred Heart High School students have won their fourth trophy this year with third place in debate at Bryan Adams High School Speech Tournament in Dallas, February 6 and 7.

Donna Rohmer, daughter of the Arnold Rohmers, and Peggy Endres, daughter of the Paul Endreses, won four out of four debates which advanced them to the finals where they earned the third place award.

Fifty-three schools representing three states were entered in the two day tournament. Entered as a team, Donna and Peggy debated teams from Ursuline Academy, Dallas; Kimball High School, Dallas; Sherman High School, Sherman; Lubbock High School, Lubbock; and Tascosa High School, Amarillo.

Sacred Heart also had four students to advance to the semi finals. Susan Endres, daughter of the Ray Endreses, and Mary Lou Kralicke, daughter of the Martin Kralickes, went to the semi finals in poetry.

Larry Bayer, son of the Alfred Bayers, advanced to semi-finals in prose while Phyllis Bindel, daughter of the Wilfred Bindels, entered original oratory semi finals.

Other students entered in the tournament were Doug Yosten and Joe Swirczynski in poetry; Myron Hess in prose and extemporaneous speaking, and Melvin Luke, Doris Schmitt, and Kathy Rohmer in extemporaneous speaking.

Doris Schmitt and Peggy Endres were entered in original oratory. Duet acting teams were Gayle Sicking and Mary Mickelson; Doris Schmitt and Mary Lou Kralicke.

Gayle Sicking and Peggy Sicking were entered in prose. Dramatic interpretation contestants were Donna Rohmer and Debby Walterscheid. Carol Yosten and Kim Reiter were entered in standard debate.

The first trophy this year was won by Mary Lou Kralicke a Midwestern University, Wichita Falls. She won first place in the poetry division for her presentation of "Grapes", by Robert Frost.

The second and third trophies were won at Sam Houston High School, Arlington. The second-place trophy in humorous interpretation was won by Doris Schmitt for her selection, "Krackers", by Mason Williams. Doris is the daughter of the Al Schmitts.

Mary Lou Kralicke won the third-place trophy in poetry with her presentation of "Grapes", by Robert Frost.

The students also have a weekly TV program on Channel 2, from 12:30 to 1:30 p.m. each Tuesday. Presenting half hour programs for various clubs and organizations is another project undertaken by the class.

would set off a burglar alarm. The woman robber argued that the alarm could be disengaged but Meurer said the mechanism was inside and could not be touched.

The pair indicated that, alarm or no alarm, they did want the heavy coins. They would wait until 8 o'clock and get into the safe. Then Meurer brought up another problem. Other employees customarily open the safe. He said he could not open it and could not name the person who can.

The man then demanded the names of all the men employees, saying he was going to round them up and wait until morning. After that the pair bound the Meurers with nylon venetian blind cord and the man said the woman would remain on guard while he

Extra Copies of Parish Directory Still Available

Father Placidus Eckart, pastor, announced this week that extra copies of the Parish Directory are available and the deadline for leaving orders is next Wednesday, Feb. 18. The price is \$1.25. Orders are requested by mail only, addressed to Sacred Heart Rectory. Payment will be on delivery. Father Placidus asked that money not be included with the order.

The directory, published in observance of Sacred Heart Church's 80th anniversary and released during the weekend, contains 44 pages, 31 of them covered with individual or family pictures of parishioners, school faculty, parish commissions, pastors, servers and choir. The introduction is by Father Placidus. The final 12 pages lists in alphabetical order, the names, addresses and phone numbers of parishioners.

Mass Attendance Marks Scout Week

Muenster Boy Scouts, Cub Scouts and Webelos joined Sunday in observing National Boy Scout Week with attendance at 9 a.m. Mass in Sacred Heart Church. Parents attended with their sons. The boys were in uniform.

Leading the march into church was Joe Bartush carrying the U. S. Flag. Other flag bearers were Linzie Dyer, Cub Flag; Tim Felderhoff, Scout Flag, and David Fette, Papal Flag.

Scout honor guards for the flags were Carl Pagel, Kent Fuhrman, Jack Endres, Billy Phillips, Johnny Schneider and David Bright Jr.

Father Placidus Eckart directed a part of his sermon to the Scouts. Presenting the vessels at offertory were Cubs Stuart Wolf and Kevin Hess, Webelos Robert Hartman and Danny Walterscheid; and Scouts Johnny Schneider and David Bright Jr.

The choir sang "God Bless America" on the march into church and "Battle Hymn of the Republic" on the march out after services.

Man of La Mancha To be Staged Here By SH Students

"Man of La Mancha" now playing on Broadway, has been selected by Sacred Heart School as its annual theatrical production this year.

With special permission from Tams-Witmark of New York City, Sacred Heart High has obtained the musical score which cannot be released for production before May 15. It is scheduled for presentation here the weekend of May 15-17.

Students from grades seven through twelve are eligible for roles. Try-outs for casting will begin in mid-February under direction of Brother Thomas Moster, drama instructor, and Sister Maureen, music instructor.

Written by Dale Wasserman with music by Mitch Leigh, and lyrics by Joe Darion, "Man from La Mancha" is the musical version of the adventures of the famous Don Quixote.

Mr. and Mrs. Charlie Stelzer of Fort Worth visited Sunday with their aunt, Mrs. L. A. Bernauer.

rounded up the other men of the bank.

Herbert was told to lie face down, his hands tied behind him and his feet were bound. Evelyn was permitted a sitting position, hands tied in front and feet also tied.

After about two hours and no sound from the woman supposedly in the next room Meurer decided that the intruders were gone. He crawled to a table, got a scissor from it and the two freed each other. Then he got a shotgun from another room and searched the house to make sure the robbers were gone. After that he phoned a report to the sheriff's office.

Mr. and Mrs. Meurer said they can identify the pair if they see them again, even though the robbers were careful to be seen as little as possible. The Meurers were quickly told to turn their backs and remained that way through the conversation.

The robbers, though failing here are believed to have had better success later that night. At about 11:30 an armed man robbed the Curtwood Motel at Gainesville of \$754. His description fits that of the man at Meurer's and a woman was seen in the get away car as it left. Until Tuesday night no suspects have been arrested in either case.

The affair was the second robbery experience in which Meurer has been involved lately, and he states emphatically he hopes this is the last. Twice is more than enough of facing a criminal threatening and being tough with a gun.

The previous robbery occurred about 2 o'clock on November 25. The robber asked Meurer to go into a conference room with him for confidential talk and then told that it was a stick-up. While other personnel were unaware of what was going on he forced Meurer to go to the vault with him and hand over \$25,000 in cash, then escaped out of a back door of the bank.

Officers were on his trail minutes after he speeded out of town, followed him and also alerted other officers of the area. Less than an hour later the robber was arrested following a brief exchange of shots near Slidell and all of the stolen money was recovered from his car.

That bandit was identified as Jimmy Lee Belcher, 18, of Sanger. He has been charged with armed robbery and is still in Cooke County jail.

Mark Stanfill Wins Spelling Bee At Public School

Mark Stanfill, a sixth grader, is the junior high spelling champ of Muenster Public School and will be its representative in further competition of the National Spelling Bee which is sponsored in Texas by the Dallas News. Curtis Klement is runner up in the local contest, qualifying as the school's alternate in case Stanfill cannot compete.

The representative was determined in a contest last week open to students of the sixth, seventh and eighth grades. Others competing in contest with Stanfill and Klement were Lyle Klement, Alan Britain, Debbie Reynolds, Johnny Eckart and Monty Reiter.

Next step of the national spelling bee is a county contest at Gainesville.

Tax Collections Over 94 Per Cent

Muenster taxpayers slipped slightly this year from their previous good record of promptness. Delinquency was over five per cent on arrival of the deadline whereas it was under five last year.

Mrs. Glenn Richardson, city secretary, said that the city has received \$23,852.12 on its total assessment of \$25,439.81. That figures to 93.8 per cent whereas it was 97.3 in '69.

Mrs. L. B. Bruns, tax assessor-collector of the school district, reports receipts of \$139,952.39 on total assessments of \$148,556.46 for a small improvement on last year's record. It's 94.2 per cent this time, was 94.1 last year.

Inflation

"Most people have been taught to think of inflation as a rise in prices. This use of terms is misleading, for it takes the focus off the real problem. A rise in prices is not inflation, but rather a consequence of inflation. Inflation is a dilution of the medium of exchange. Actually, it differs from counterfeiting in two respects: (1) inflation is legal and (2) the dilution is by the Federal government rather

er than by individuals." The above quotation was taken from an article written by Leonard Read, president of the Foundation of Economic Education in January of 1970 entitled "High Time To Awake. Read clearly identifies inflation in such a way that anyone can understand the problem and the solution.

COMPLETE FUNERAL SERVICE

Nick Miller Funeral Home

The solution, as stated by Read, is as follows: "If inflationary history is not to repeat itself in the U.S.A., what phenomenon must we look for in order to warrant a confidence in our economic future? The answer is clear: Only when there is an effective consensus favoring a reversal in governmental spending. That spending will have to be low enough so that it is again politically expedient to collect all the costs of government by direct tax levies. This, in turn, requires an understanding that the responsibility of government is not to insure welfare, security, prosperity; its role is to invoke a common justice, codify the taboos against destructive actions and enforce them; in a word, to keep the peace."

Understand a billion dollars? Or does it stagger the imagination, grasping to understand that it's a thousand millions?

A Harvard specialist illustrates it this way:

If the lady of the house goes shopping for 40 hours a week, spending \$1,000 an hour, it will take her 35 weeks to spend a million dollars. If she followed the same schedule, spending a billion would take her 481 years. That's one way to tell the difference between a million and a billion.

Using her charge-plate at the rate suggested, it would take her 173,160 years to spend the equivalent of the U. S. national debt.

COMMUNIST RULES FOR REVOLUTION (Captured in Dusseldorf May, 1919 by the Allied Forces*)

A. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.

B. Get control of all means of publicity and thereby:

1. Get people's minds off their government by focusing their attention on athletics, sexy books and plays and other trivialities.

2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.

3. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule and obloquy.

4. Always preach true democracy, but seize power as fast and as ruthlessly as possible.

5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.

6. Foment unnecessary strikes in vital industries, encourage civil disorders and

foster a lenient and soft attitude on the part of government toward such disorders.

7. By specious argument cause the breakdown of the old moral virtues: honesty, sobriety, continence, faith in the pledged word, ruggedness.

C. Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the population helpless.

*NOTE: The above "Rules For Revolution" were secured by the State Attorney's Office from a known member of the Communist Party, who acknowledged it to be still a part of the Communist program for overthrowing our Government.

"Most Richly Blessed"

More than a century ago, an anonymous soldier of the Confederacy, caught up in the immense tapestry of tragedy which shrouded the land, scribbled these words born of agony and understanding:

"I asked God for strength, that I might achieve—I was made weak, that I might learn humbly to obey.

"I asked for help that I might do greater things—I was given infirmity, that I might do better things.

"I asked for riches, that I might be happy—I was given poverty, that I might be wise.

"I asked for all things, that I might enjoy life—I was given life, that I might enjoy all things.

"I got nothing that I asked for—but everything I had hoped for.

"Despite myself, my prayers were answered: I am among all men most richly blessed."

This Moratorium Is a Good Idea

The war in Vietnam is not the only one in which the American people are engaged. There is another war, more costly, one which has taken more lives, broken more homes and cost more money in a single decade than most of America's shooting wars.

It is the war of death on the highway.

In the decade of the 60s, the National Safety Council reports, the cost of accidents will exceed \$90 billion. The casualty toll is even grimmer.

Dead, 475,000; permanently disabled, 1.5 million; temporarily disabled, 16 million; partially disabled, 15 million; total vehicles in accidents, 250 million.

Wouldn't this be a good time to declare a moratorium against highway carnage? Wouldn't it be wise to expend that little bit of extra effort that makes the difference between life and death?

Isn't the record of the decade of the 60s enough to call a moratorium?

Health Hints

FROM BLUE SHIELD

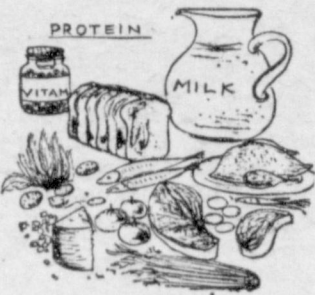

Physicals

Back-to-school days are here again. Along with new notebooks, paper, and pencils, you should send your youngster back to school with a thorough physical examination. If done every year, this keeps examinations on a regular basis as they should be, and prepares your child for the busy school year ahead. The physical should include an eye examination and a hearing test. If your child has not received all the necessary immunizations for good health (such as vaccines against polio, measles and tetanus) this is a good time to have him inoculated.

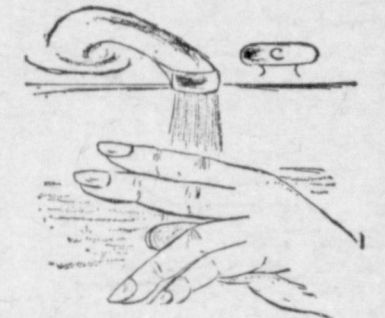

Proper Diet

A mother-to-be should do everything possible to insure her own good health, as well as that of her baby. The first three months of pregnancy can be vital. Each day mother and baby need plenty of protein for building body tissue, calcium for strong bones, plus iron for red blood cells. Protein foods include meat, fish, poultry, milk, eggs, cheeses, breads, and cereals. Calcium and iron are usually supplemented to the diet through vitamins prescribed by the doctor. Remember: see your physician regularly during pregnancy and eat intelligently.

Minor Burns

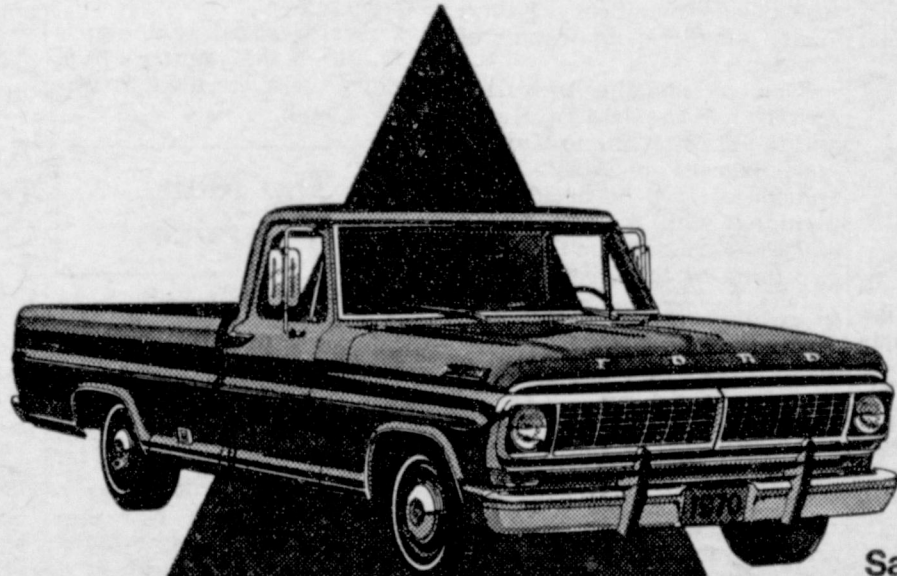

Cold water can be an effective treatment for minor burns. It relieves pain and reduces the tissue temperature. This lessens the possibility of scarring and promotes faster healing. Severe burns should be cared for by a doctor to insure the prevention of infection, and also in treating the victim for shock.

Well, What Do You Know?

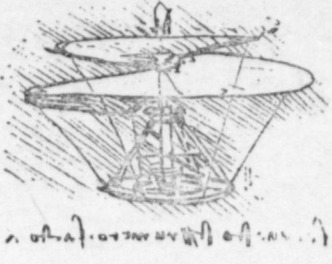

fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Who first thought of the helicopter?

Leonardo da Vinci, the great 15th-century painter and sculptor, was also an architect, a scientist, and an engineer. He recorded many of his observations in note-

books, illustrating his theories with very beautiful and exact drawings. Among these is Leonardo's conception of a helicopter, first drawn hundreds of years before a flying machine was actually built. Twentieth-century engineers, with modern materials, have been able to build models that work perfectly, based on Leonardo's designs. (The notebooks are hard to read, however, because Leonardo used mirror writing; he did not want his ideas to be stolen.)

How does the skunk defend himself?

If you suddenly meet a skunk face to face, stand still. If you jump about, shout, or make any sudden movements, the skunk will take prompt defensive action. If you ad-

vance toward the skunk, it will raise its plumed tail as a clear warning signal. If you still advance, the skunk will whirl quick as a flash and fire salvo after salvo of evil-smelling liquid in your direction. You'll be sorry!

Musk glands inside the skunk's body store this powerful fluid until it is needed. When the skunk is threatened, strong muscles force the fluid out through two small openings, one on each side of the base of the tail. Aiming accurately, the skunk can shoot this clear, yellow fluid a distance of 12 or 15 feet. If it hits a victim in the face he gasps and chokes for breath. He is temporarily blinded and his eyes sting like fire. Water will relieve the pain, but it won't take away the powerful odor.

Do fishes make sounds?

A fish may make sounds by giving off gas bubbles from its swim bladder. (A swim bladder is a balloonlike structure filled with air.) Fishes can also make sounds with special drumming muscles, which vibrate the swim-bladder wall. Fishes can also produce sounds by rubbing together the teeth in their upper throat, by twisting their head, or just with swimming motions. Sounds are uttered by males during fighting and courtship. Perhaps fish recognize each other through the sounds they make.

Staff Named for SHH 1970 Cordis

"Come together" is the theme chosen by seniors of Sacred Heart High for the 1970 edition of the yearbook, CORDIS.

Brother Thomas has named Connie Endres and Darlene Hess as co-editors; Barbara Knabe and Betty Stoffels as associate editors; Joanie Pels and Dianne Sicking as literary editors; Theresa Becker and Carol Grewing as subscription editors; Paul Bayer, Clifford Zimmerer, Judy Klement and Carol Grewing as photographers.

The seniors will be working during the next four months on the yearbook. It is a summer publication and is due to arrive in August, with the dedication to be revealed at that time.

The class is planning a trip to Dallas in early spring to tour the Tayler Publishing Company, publishers of Sacred Heart's 123 page yearbook.

Surprise Greet J. J. Haverkamp

The family of J. J. Haverkamp surprised him Sunday at noon with a covered dish dinner in observance of his birthday.

Joining Mr. and Mrs. Haverkamp for the celebration were the Willard Zimmerers, Alan, Karen and Brenda of Dallas, the Ferd Haverkamps, Leroy, Jimmie, Ronnie and Eddie of Carrollton, the Ramie Hesses, Donna, Darrell, and Lloyd of Denison, the Wally Luttmers, Wayne, Roger, Kenneth, Bobby and Diane of Lindsay, the Anthony Lukes, Melvin, George and Mary, Mrs. Leo J. Haverkamp and Mrs. Robs Klement, Scott and Melody.

3rd Order Plans Annual Triduum

Members of the Third Order of St. Francis, Sacred Heart Parish, meeting Sunday afternoon heard a letter from Father Bertin Miller, provincial from Chicago, advising that he will be in Muenster to conduct the annual triduum on April 5, 6 and 7.

Mrs. Leo Henschel, prefect, presided after leading the prayer service. Father Placidus Eckart gave a short address and members agreed to again give the annual offering for the sanctuary light in Sacred Heart Church. Twenty-three members were present.

First Birthday

First birthday celebration for Chris Knabe was held Friday when he was one year old. His mother Mrs. Fred Knabe was hostess at the family home in the afternoon. Gifts, games, birthday cake and other refreshments were enjoyed by a group of youngsters and Chris's brothers Terry and Jackie, his sister Janelle and Grandpa Bill Derichsweiler.

80th Birthday

The 80th birthday of Mrs. C. M. Martin of Gainesville, formerly of Hays, was celebrated Sunday with a reunion of family and friends at the Community Center in Gainesville. Nine of her ten children and their families were present. These included Mr. and Mrs. Curtis Martin of Saint Jo. Friends present included Mr. and Mrs. Don C. Cooke.

A real test of willpower is to have the same ailment some person is describing—and not mention it.

Janice Grewing And David Bayer Say Vows at Mass

Wedding vows were pledged in Sacred Heart Church Saturday by Miss Janice Grewing and David Bayer with Father Placidus Eckart celebrating the 5 p.m. Nuptial Mass and performing the double ring ceremony.

Parents of the couple are Mr. and Mrs. Richard Grewing and Mr. and Mrs. Martin Bayer.

Wedding music was by Miss Mary Lou Kralicke, organist, Sister Maureen, vocalist and Sacred Heart Girls Choir.

Candlelighters and Mass servers were Frank Moster, Larry and Glenn Grewing, cousins of the bride, and Leon Bayer, cousin of the groom.

After the service the bride and groom went to the Blessed Virgin's shrine where the new Mrs. Bayer placed a long-stemmed yellow rose on the altar.

Given in marriage by her father, the bride wore a formal gown of white bridal satin, the A-line design accented with lace panels. The brief stand-up collar and full length bell sleeves were edged with lace and embroidered with seed pearls. The detachable circular train with lace appliques and pearl beading was chapel length.

Her fingertip veil was caught to a headpiece of satin leaves and lace appliques sprinkled with seed pearls and sequins. Her flowers were daisies and daffodils.

Bride's sister Miss Carol Grewing was maid of honor and the groom's sister Miss Nelda Bayer of Dallas was bridesmaid. Laura Grewing was her sister's flower girl.

The Misses Grewing wore identical floor-length dresses of avocado green satin with long chiffon sleeves. Full-length sashes of paprika orange satin extended from bows that marked the Empire waist lines. Miss Bayer's gown, identically designed, was of paprika orange satin with avocado green sash.

Their headpieces matched their dresses and they carried baskets of daisies.

Attending as best man was the groom's twin brother, Dale Bayer. Another brother Donald Bayer of Sherman was groomsmen. Herman Grewing, an uncle, and Tom Bayer, a brother, were ushers.

Mrs. Grewing attended her daughter's wedding in a two-piece red-orange knit costume with off-white accessories. Mrs. Bayer, mother of the groom, wore a beige three-piece knit ensemble with beige accessories. Both had yellow rose corsages as did the grandmothers.

Wedding reception and buffet dinner were held in the VFV Hall where the bride's sisters Misses Barbie and Mary Kay Grewing registered about 300 guests. A wedding dance concluded festivities.

After their honeymoon trip the newlyweds will be at home in Muenster at 108 N. Oak. Both are graduates of Sacred Heart High School and he is employed at Shamburger Lumber Co.

Mr. and Mrs. Martin Bayer were hosts for the rehearsal dinner at Rohmer's Restaurant.

Wedding guests included the bride's grandparents, Mr. and Mrs. John Grewing and Mrs. Leo Moster. Also Mr. and Mrs. Albert Bindel of Greeley, Colo., Mr. and Mrs. Donald Bayer and children of Sherman, and Messrs. and Mmes. David, Gerald and Bobby Steinberger of Windthorst and Mr. and Mrs. Teddy Gremminger of Garland.

Annual Library Report Reveals Continued Growth

Annual report from Muenster Public Library reveals continued growth in membership, books checked out, voluntary hours by library staffers, and books added.

During 1969, 115 new members registered, and 79 names were removed from the list leaving a total of 866 registered members on file.

Total check-outs were 13,137, broken down as follows: 12,256 books, 659 periodicals and 22 pamphlets. June was the biggest month for check-outs with 2,846.

Total number of hours worked by library staffers was 2,965. The regular staff worked 2,346 hours and students helping during the summer reading program logged 619 hours.

Books added during the year total 992. Of these 722 were bought through the city budget, 35 from library funds (fines collected and Coke machine), 23 were Memory Books, 25 were free books and 187 were donated.

The library received donations of 469 magazines, donated 325 to Muenster Hospital Library, and assisted 182 student with reference or special books. Fifteen books were lost and \$110.78 was collected in fines.

Mrs. Joe Luke, librarian, led the volunteer staff in hours worked with 806. Others worked as follows: Mrs. Lee Toothaker, 371; Lee Toothaker, 305; Mrs. Tony Gremminger, 98; Mrs. Steve Moster, 120; Mrs. Albert Schilling, 371; Miss Elizabeth Herr, 257.

Other workers included Mrs. J. M. Weinzapfel, Mrs. Martin Becker and Mrs. Edd McGannon, along with 12 girls and boys who worked during the summer.

The old saw about the grass always being greener in the next pasture may be rather lost on today's city fellow. The way to get the message across to him is to say that traffic in the next lane always moves faster.

**Donna Stoffels
Rex Simmons Are
Married at Mass**

Following their wedding trip to Arkansas, Sgt. and Mrs. Rex Simmons will be at home in Fort Worth. She is the former Miss Donna Stoffels, daughter of Mr. and Mrs. Herman Stoffels. He is the son of Mr. and Mrs. Russell Simmons of Pine Bluff, Ark.

The couple married Saturday in a 7 p.m. service in Sacred Heart Church here with Father Andrew Wewer celebrating the Nuptial Mass and performing the double ring ceremony.

Anthony Luke, organist and Mrs. Dave Walterscheid, soloist, provided wedding music.

Presented by her father, the bride wore a gown of white satin with Chantilly lace and seed pearls. The Empire bodice was fashioned with a Mandarin collar and long sleeves. A Watteau chapel-length train enhanced with lace medallions covered the back of the slim A-line skirt. Pearlized orange blossoms and petals held her bouffant finger-tip veil. She carried a purple-throated white orchid, carnations and stephanotis. After Mass she placed a single long-stemmed white carnation on the Blessed Virgin's altar. Her small sister Connie handed her the flower for the presentation.

Mrs. Jim Gehrig, sister of the bride, and Miss Sheila Hennigan, a cousin, both of Fort Worth attended as matron of honor and bridesmaid. They wore Empire dresses of cruise blue peau with matching lace circling the neck-line and short sleeves and extending from the bodice to the floor-length hemline. Their flowers were orchid pompon mums in colonial arrangement with blue, pink and purple streamers.

Sgt. Larry Lang and Sgt. Tom Webb, both of Carswell AFB, were best man and groomsmen. Jim Gehrig and Mike Hennigan were ushers.

—Launer Studio Photo

Connie Stoffels was her sister's flower girl.

Wedding reception and buffet were held in the Knights of Columbus Hall. Miss Karen Simmons of Pine Bluff, Ark., and Miss Pam Stoffels, sisters of the couple registered about 150 guests.

On their wedding trip the bride wore a powder blue wool dress with black accessories.

She is a graduate of Sacred Heart High and is a secretary for Kimbell's Wholesale Grocery in Fort Worth. He was graduated from Pine Bluff High and is stationed at Carswell Air Force Base.

For her daughter's wedding Mrs. Stoffels wore a gold knit suit with black patent accessories and a yellow gladioli corsage. The groom, wore a pink crepe and lace costume and had a pink gladioli corsage.

Special wedding guests were Mr. and Mrs. William Sandmann of Lindsay, grandparents of the bride. Other out of town guests included Mr. and Mrs. Russell Simmons and daughter Karen of Pine Bluff, Mr. and Mrs. Marvin Tischler of Southmayd, Misses Linda Lubbers of Whitesboro, Judy Munchrath, Monica Becker, Brenda Cler, Dolores Sicking, Mr. and Mrs. Albert Cascio and Sgt. Harry Gamble, all of Fort Worth; Misses Linda Rohmer of Dallas, Laura Henry of Burkburnett, Joyce Schmitt and Jean Vogel of Denton, Tom Hess and Stan Endres of Denton.

**Parish Observes
Childhood Day at
Mass, Enrollment**

Holy Childhood Day was celebrated in Sacred Heart Parish on Thursday, February 5, with Mass and reception of new members.

At the offertory of the Mass celebrated by Father Placidus Eckart, pastor, a procession of 51 children, each carrying a plaque on which was printed the name of an adopted mission child, approached the altar to present their gift to God. Twenty-six of these were adopted by individuals. During the procession, the hymn "Whatsoever You Do to the Least of My Brothers" was sung by pupils of grades one through six.

Immediately following the Mass, 41 first graders and eight older children were enrolled in the Pontifical Association of the Holy Childhood. Students of grades two through six renewed their Act of Consecration in the association.

This international association is a world-wide mission organization for all children ranging in age from infancy to thirteen years. It was founded in France and reached the shores of the United States in 1884. National Headquarters was established in Pittsburg, Pa., in 1897.

Muenster was one of the first to initiate it into the parish. The first enrollment took place on January 20, 1895. Father Bonaventure was pastor. Dues at that time, and still today, are 12 cents a year.

The Holy Childhood has been quite active in Sacred Heart Parish ever since it was introduced, but never has the zeal of its members surpassed this year's group as is evidenced by the 60 adoptions within the past four weeks.

Nine adoptions have been made since the Feb. 5 celebration. Adoption is five dollars per baby.

While the baptism of dying pagan children is the chief purpose and aim of the association it is also active in erecting orphanages and institutions where those children who survive may be protected and educated.

Work of the Holy Childhood benefits around 700 mission centers in every part of the world without distinction.

Sister Genevieve is the local mission moderator of the association. She is assisted in this work by Sister Lenore.

**Co-Op Personnel
Attend Convention
At Las Vegas, Nev.**

Four directors and the manager of Cooke County Electric Cooperative Association are in Las Vegas, Nevada, Sunday to Thursday attending the 28th annual meeting of the National Rural Electric Cooperative Association.

They are Mike Sloan, Al Wiesman, J. A. Klement, Jack Crownover and Robert Lewis Jr. and their wives. They were among a large group which left Dallas Sunday by chartered plane and will return the same way Thursday night. Texas was expected to have about 500 delegates at the event.

Listed as program headlines were Senators John Sparkman of Alabama and Edmund Muskie of Maine; David Hamill, REA administrator; Robert Partridge, general manager of NRECA; and Clifford Hardin, secretary of Agriculture.

Bluebirds Make Tour

The ten members of Sacred Heart third grade Bluebirds, Excedrin 10, had a field trip instead of a routine meeting Thursday. Ernest Jaska took the group and their leaders on a conducted tour of the TP&L emergency power station at Gainesville. Mr. Jaska explained how electricity is generated and handed out ballpoint pens and comic books telling the story of Thomas Edison. After returning to Muenster he treated the group to milkshakes.

**Parochial Teams
Drop Two Games**

Sacred Heart Cubs got out of their class but did OK Wednesday night. Cistercian's second team was its B string high school team, and Sacred Heart had only its elementary team for an opponent.

Nevertheless the game was a dandy. The Cubs led 6-3 at the first quarter and 20-15 at the third, and scores were tied 9-9 and 29-29 at the half and the end. A hot streak in overtime gave the visitors their 37-32 win. Scorers were Kenny Hess 11, Kevin Pels 11, Phil Endres 4, Alan Rohmer 4, David Krahl 2.

The main event was a continuation of the Tigers' dismal season as Cistercian gained all the way to its 82-37 win. Tiger scorers were Babe Schilling 12, Jim Schmitz 9, Gary Endres 3, Ross Felderhoff 8.

Sacred Heart teams have three double header programs and one tournament on schedule for their next week. Tigers and junior boys will play Cistercian there Friday night, Trinity Valley here Tuesday and Fort Worth Day School there Wednesday.

**Marlin Wimmer, 8
Birthday Honoree**

Marlin Wimmer celebrated his eighth birthday Friday afternoon at a party at the Put-A-Round. His mother, Mrs. Jerry Wimmer was hostess.

Games, gifts, party favors and refreshments made it a happy occasion for the honoree, eight classmates and his sister and brother.

Present were Stuart Wolf, Burt Miller, Phil Wolf, Benji Luke, Paul Bartush, Bryan Bindel, Terry Rohmer, Mike Hesse, Monte and Renee Wimmer.

I hear they've invented a computer so simple that even an executive can use it.

**Krum and Slidell
Win District 30-B
Junior Tournament**

Slidell boys and Krum girls are winners of the champ trophies in the District 30-B Junior basketball tournament held in the Muenster High gym last week.

Runners up of the two divisions were Alvord and Forestburg. The Alvord lads gave Slidell a good contest before going down for a 43-32 count. The girls game was even hotter as Forestburg allowed Krum a slim 21-19 decision.

In consolation Lindsay boys won over Valley View by a comfortable 41-25 and Era girls edged Slidell 18-17.

In preliminaries of the girls division Lindsay, Krum, Forestburg and Valley View got into the champ bracket with wins over Alvord, Era, Muenster and Slidell. Krum and Forestburg won the champ semifinals and Krum the champ final. Survivors of the consolation semifinal were Era and Slidell and the final winner was Era.

Boys preliminaries resulted in a champ bracket of Alvord, Krum, Muenster and Slidell with wins over Lindsay, Era, Forestburg and Valley View respectively. In champ semifinal the results were Alvord over Krum and Slidell over Muenster. In consolation semifinal the results were Lindsay over Era and Valley View over Forestburg.

**SH Juniors Play
In S&S Tourney**

Sacred Heart junior teams won one out of their four games in the S&S elementary tournament last weekend. The girls won their opener with Tioga and were wiped out in the semifinal with S&S. The boys lost their first and got into the consolation bracket and were eliminated from that by S&S.

Sacred Heart girls were the better of two low scoring teams in the first one and tripped Tioga 12-5. Their scorers were Laurie Yosten 5, Karla Yosten 5, Laura Kralicke 2. In their next game the girls had a fair floor game but could not find the hoop and the result was a sad 23-6.

The boys lost their first one to Tioga in a miserable first half ending 16-3. A strong comeback in the second half ended one point short, 24-23. Point makers were Kenny Hess 16, Kevin Pels 4, Mike Luttmir 2, Phil Endres 1.

S&S had too much for the future Tigers in the next game. After a close first quarter they gained through the next three for their 50-24 win. SH points were made by Kenny Hess 9, Kevin Pels 8, Phil Endres 2, Mike Luttmir 2, Tim Felderhoff 2, David Krahl 1.

Even people who 'think big' seldom think just how BIG a billion is. Here's an idea of its size . . . Christopher Columbus sailed from Palos, Spain, 476 years ago last August 3, 1968. If he had started a business here the day he discovered this continent . . . and he and his successors had lost \$1,000 every day since the time . . . they would have to operate until the year 4232 . . . 2,263 years from now . . . to pile up their FIRST billion in losses!

**Mardi Gras Queen
King Named at SH**

Chosen as king and queen at Sacred Heart High's Mardi Gras dance Friday night were Paul Bayer and Joanie Pels. King Paul is the son of Mr. and Mrs. Alfred Bayer; Queen Joanie is the daughter of Mrs. Ed Pels. Both are seniors.

Each of the four high school classes had selected one candidate for king and queen. From these eight the royal pair was picked.

A large crowd attended the Sacred Heart Home-School Mardi Gras Carnival Tuesday in the Parish Hall. Gala Mardi Gras decorations adorned the various carnival booths with the big attraction being the colorful Poly-Fluff animal booth and over a hundred happy youngsters taking these animals home as prizes.

Former residents Mr. and Mrs. Bill Hess and children Kathy and Keith of Lawton, Okla., were back Saturday to spend the day with his relatives.

THANKS

Our thanks to everyone who remembered us while we were patients at Muenster Hospital. Special thanks to Dr. Antonetti and hospital personnel for kindness and concern, the pastors for their visits, and for visits, flowers, and cards from friends.

Mr. and Mrs. Jack Biffle.

I would like to thank everyone who helped in any way in making the Sacred Heart Home-School Mardi Gras a success. I am grateful to all, especially the faculty of Sacred Heart, chairmen of the booths, workers and merchants who donated prizes. The cooperation was great and deeply appreciated.

Two Members of Cooke County FB At State Meeting

Two leaders from the Cooke County Farm Bureau are planning to attend a state-wide Texas Farm Bureau Legislative, Membership & President's conference Feb. 11-12 at the Hilton Inn in Waco, according to Mrs. Martin Krahl, information chairman for the local farm organization.

Those attending from Cooke County will be E. V. Fox, county president and J. T. Cole county membership chairman.

The meeting will serve as a "victory report" on the recent state-wide membership campaign and will launch FB's program of work and legislative activities for 1970.

The "victory report" on membership is expected to show a large increase in membership. Current Farm Bureau Membership in Texas is at an all time high of 116,622 members.

Principal speakers are Sidney Dean of Victoria, state FB president; Delwin Jones of Lubbock, state representative; Gordon Morrow of San Benito, chairman of a special FB study commission; Ed McKay of Waco, state FB director of national affairs and Tommy Klemcke of Austin, FB director of state affairs.

Tips from The Hatchery

Like to have beautiful roses this year and spend only 5 minutes a week to produce them? Ortho's new rose fertilizer will produce those large beautiful blossoms like their pictures in the catalog. And it also contains a grass and weed killer that does away with summer hoeing. Works on flowers and shrubs, too. Safe to use on everything except bulb flowers. Then a once-a-week rose dust application before black spot and insects get started. Don't trim those rose bushes until new leaves appear.

**Mosaics Awarded
 1st Class Rating
 In NSPA Judging**

First Class rating was awarded the Mosaics, student newspaper at Sacred Heart High School, by the National Scholastic Press Association at the University of Minnesota in the 81st All-American Critical Service. Approximately 1,600 newspapers from throughout the United States were evaluated.

Newspapers published from January through May were judged on coverage and content, writing and editing, editorial leadership, physical appearance and photography. Marks of distinction for superior achievement may be awarded in each of the five categories and a paper must receive at least four credits to be rated All American.

Mosaics received Mark of Distinction credit for superior accomplishment in editorial leadership and physical appearance. Ratings of First Class (excellent); Second Class (very good), and Third Class (good) are given on the basis of total numerical scores achieved in the five classifications.

"Competition for top rating is tougher each year," Otto W. Quale, NSPA executive director stated. "High school editors, writers and photographers of today grew up in a whole new world of mass communications and their newspapers reflect this sophistication. There is more in-depth reporting and significant editorial content than was apparent five years ago."

"It is a responsible press challenged by great insight to the problems and progress that are a part of their lives today," Quale added.

The same issues received an All-Texas Honor Rating from the Texas High School Press Association.

Mosaics is printed by the Muenster Enterprise.

**Mrs. Al Walter Is
 Birthday Honoree**

Surprises greeted Mrs. Al Walter Monday evening in observance of her birthday. A grilled steak dinner started the celebration at the Walter home. Undersea Connector Gets The Once Over... Nicely

A passing "mermaid" gives a quick check to this rugged electronic connector, developed by Amphenol Connector Division for critical underwater applications. The first-of-a-kind connector is not only waterproof in the mated condition, as our mermaid sees it, but also in the unmated

condition before it's "plugged in." Its outer shell is a special corrosion-resistant steel and that cable sealing adapter on the back end allows the connector to be dragged along the ocean's bottom without catching on any stray pieces of coral.

**Local News
 BRIEFS**

Mr. and Mrs. Ted Gremminger and children Wayne, Kaye, Robert and Brenda of Garland spent the weekend with her parents, the Victor Hartmans and his father Ted Gremminger. The visitors had Sunday dinner in the Hartman home. Other guests were Mr. and Mrs. George Hartman of Fort Wayne, Ind., who were visitors with relatives several days. In the afternoon the two Hartman couples went to Gainesville to visit the Walter Wolf family.

Whether you're building a new home or updating your present one, you'll find that an electric heating system will provide even, draft-free comfort. But comfort is only one reason to switch to electric heat. Many people prefer electric heat because of its cleanliness, its quietness, its efficiency. And, electric heating systems require a minimum of maintenance. Only electric heat offers you such a wide variety of types of heating equipment to fit your particular need.

Contact your home builder, a Certified Electric Heating Dealer or ask Texas Power & Light Company to give you complete information about an electric heating system for your home and tell you about TP&L's special, low heating rate. Call today.

New Language Of Business

Do You Know The 10 Basic Words?

The language spoken every day in the business world is one that even businessmen do not understand clearly. The reason is the computer and the growing influence of electronic data processing on the American scene.

If you think you understand today's business language, here is a test prepared by the International Accountants Society of Chicago, using 10 common computer words. To businessmen, they should be as familiar as the contents of their wallet.

- 1. Bit 2. Program 3. Dump 4. Hardware 5. Terminal 6. Baud 7. Run 8. Unpack 9. Nanosecond 10. Routine

According to Jay Herrett, Director of IAS' Business Electronics Division, "If an executive knows only six or less of these terms, he is in danger of becoming a computer dropout. In fact, these are basic words used every day in many companies. And they are not too far removed from the daily conversation in homes across the country," Mr. Herrett added.

"We know from the number of students enrolling in our home study course in Business Data Processing how many businessmen are beginning to realize the importance of learning to live with electronic data processing."

"The revolution in space travel has brought new words into our vocabulary," Mr. Herrett says, "and so has the computer revolution."

Here are the definitions, taken from the concise Dictionary of EDP Terms published by IAS.

BIT - A contraction meaning a binary digit; a single hole in a punched computer tape or card. Bits comprise a character; characters comprise a word.

PROGRAM - A computer plan for the solution of a problem.

DUMP - To transfer all or part of the contents of one

section of computer memory into another section.

HARDWARE - A term used to describe the mechanical, electrical, and electronic elements of a data processing system.

TERMINAL - A point in a system or communication network at which data can either enter or leave.

BAUD - A unit of signaling speed in data transmission. The speed in bauds is equal to the number of bits per second.

RUN - One performance of a program on a computer.

UNPACK - To separate diverse information which has been included into one machine item or word.

NANOSECOND - A billionth of a second. A time measurement used to measure the operating speed of a computer.

ROUTINE - A sequence of instructions which perform a definite function within a larger computer program.

How well did you do?

For a free copy of the "IAS Concise Dictionary of EDP Terms," write to International Accountants Society, Inc., 209 West Jackson Blvd., Chicago, Illinois 60606.

This 22-page booklet defines 172 of the most commonly used terms in the field of EDP, computers, and management information systems.

Mrs. George Ritcherson and Mrs. John Richey were Saint Jo visitors Wednesday afternoon.

Mr. and Mrs. John Richey had as their weekend guest nephew Sonny Barnes of Hood. Saturday visitors were Mr. and Mrs. Robert Richey and son Johnny. Johnny remained over Sunday. Other guests Sunday afternoon were Mr. and Mrs. John Barnes and family of Hood who took Sonny home with them.

Mr. and Mrs. Larry Sparkman have been visiting his parents, the Sam Sparkmans, a few days and one evening the two couples drove to Whitesboro to visit the Melton Ramseys and sons. Sunday dinner guests in the Sparkman home were the Rev. and Mrs. Aubrey Thetford of Collinsville following services at Shiloh Baptist Church.

Mr. and Mrs. L. T. Ferguson of Ardmore, Tenn., were Sunday visitors by telephone with their uncle and aunt Mr. and Mrs. Nathan Whitt.

Messrs. and Mmes. Raymond Davidson, Howard Houtchens and J. T. Cole attended the Farm Bureau 42 party Friday night.

Bro. Aubrey Spiers of Gainesville was the Sunday guest of Mr. and Mrs. Joe Doughty following services at the local church.

At Kin's Funeral In Elgin, Okla.

Mr. and Mrs. John Richey were among nieces and nephews at the funeral of Mrs. Sallie Wyatt, 84, at Elgin, Okla., Monday afternoon. She died Saturday at the home of her daughter Mrs. Louis McAdoo. Burial was in Sterling, Okla., cemetery.

Mrs. Wyatt lived alone following her husband's death in Sept. 1963, until two years ago when she divided the time between her daughter, Mrs. McAdoo and a son David Wyatt at Elgin. Five grandchildren survive and a number of nieces and nephews including Curtis Wyatt of Whitesboro, Deryl Wyatt of Sherman and Mrs. Evelyn Sills of Gainesville who attended the funeral. The Robert Richeys of Sivells Bend were at Elgin Sunday to visit the families.

Lindsay B Teams Clobber Muenster

Muenster High's B teams were both clobbered here Monday night in a double header with the Lindsay Bs.

First the Lindsay girls romped to a 40-14 triumph then the Knights got even hotter for a 70-48 count.

Jane Zimmerer had a big night for the visitors, pouring in 29 of the points. Her helpers were Judy Beyer 5, Patsy Arnold 2, Elaine Krahl 2, Charlotte Stoffels 2.

Muenster scorers were Joyce Swirczynski 11, Janet Swirczynski 2, Becky Jaska 1.

The other game was featured by Jerry Krahl's phenomenal hot streak for 54 points. He had the range to perfection from every angle and every distance.

Final basketball action of the season for both Muenster and Lindsay is another pair of B contests in the Lindsay gym Thursday night.

Funeral Services For Hutson Twins Friday in Saint Jo

Final services will be conducted in the Scott Funeral Home chapel in Saint Jo Friday afternoon at 4 for Clyde Q. and Calvin Q. Hutson, twin sons of Mr. and Mrs. C. Walton Hutson.

They were born and died last Saturday in the military hospital of Fort Bragg, N. C.

Mrs. Hutson is the former Judy Beth Angell whose parents, the Lloyd Angells, live on an oil lease north of Muenster.

Her husband is the son of Mr. and Mrs. Vernon Hutson of Saint Jo. A member of the armed forces in Vietnam, he returned home on a special leave since last Saturday.

MHS Teams Take Third and Fifth in 30-B Basketball

Coach Charles Cash and his Muenster High basketball teams broke even in their final games of this season. The girls won at Valley View and lost at Forestburg whereas boys lost at Valley View and won at Forestburg.

That ended the girls' season with a record of 11 wins and 12 losses and a district record of 6-8 for fifth place in the final standings. The Hornets came out with a 12-10 season and an 8-6 district record for third place in 30-B.

At Forestburg the game was equally tense. Muenster led 29-27 at the end of the third, Forestburg led 4-3, 18-17 and 37-34 ending the other periods.

Disaster crashed down on the Hornets in their fourth quarter at Valley View. Behind 31-21 at the half, they gained 7 points for a 39-36 score ending the third, then missed everything in the last while the Eagles hit everything.

The period's score was 23-2 and the final count was 62-38. Points for MHS were Bobby Bruns 10, John Monday 8, Jim Endres 7, Glenn Felderhoff 5, Gerry Cash 4, John Schneider 4.

Muenster led all the way in the Forestburg game, but barely survived a late rally for the win of 52-50. Scores at the first three quarters were 20-11, 28-25 and 44-38.

In the final seconds Forestburg missed the shot that could have put the game in overtime. Monday led Hornet scoring with 23, Cash hit 12, Henscheid 11, Schneider 3, Felderhoff 2 and Endres 1.
