Feb. 1 Is Deadline For W-2 Forms

The deadline for employers to give employees their 1970 W-2 forms is Monday, February 1, 1971, Ellis Campbell, Jr., District Director of Internal Revenue for North Texas, said today.

The form should show earnings, income tax withheld and Social Security information.

A copy of the W-2 from each employer has to be filed by the employee with his income tax return. Therefore, it is important that employers furnish W-2's to their employees by the date required to permit timely preparation and filing of employee's tax returns.

Darrell Royal Heads State Drive For Easter Seals

Coach Darrell Royal of the University of Texas at Austin has been named Chairman of the 1971 Easter Seal Campaign in Texas.

Mr. William Claunch, Jr., Easter Seal Representative for Cooke County, has been notified by P. O. Settle, Jr., of Fort Worth, President of the Texas Easter Seal Society, that Royal will lead over 35,000 volunteers in the Annual Appeal for funds.

The legendary director of athletics and head football coach of the Texas Longhorns, Royal rose from a small town in Oklahoma to the heights of college football.

As State Chairman, Royal joins with 223 Easter Seal Appeal Chairmen throughout Texas who are participating in the largest funds appeal ever staged by the Texas Easter Seal Society.

Last year over 21,000 crippled children and adults in Texas received rehabilitation and other services rendered by the Texas Society through 20 treatment centers and affiliated Easter Seal chapters, regardless of race, religion, economic status, or the cause of crippling.

According to The Montana Citizen, "A new 22-page booklet 'Equal Rights for All' published by the AFL-CIO makes no mention of the right to work without joining a labor union..."

3.76 in 76 States Goal of Statewide Farming Program

A program to increase Texas agricultural income by more than a billion dollars by 1976 was announced by Dr. John E. Hutchison, director of the Texas Agricultural Extension Service, in January of 1970.

This goal calls for \$3.76 billion in total cash receipts by the end of the 1976 crop year, not including government payments; and was determined from projections by Extension specialists and individuals in the agricultural industry. A committee of agricultural economists with the Extension Service studied past production records and made projections for 1976 based on current trends and expected improvements in technology and marketing.

Projections on an individual county basis were made by program building committees, made up of businessmen and producers. The expectations were then organized along county, Extension district and economic area lines to give producers across the state "something to shoot for."

In addition, annual goals were determined for the various agricultural commodity groups to allow a yearly measure of the program's success.

Texas presently accounts for about five percent of the total national agricultural cash receipts. But to achieve the goal of "3.76 in '76", the state must claim almost ten percent of the projected national increase in the coming years. Extension specialists and county agricultural agents are scheduling meetings with producers throughout the state to help them with new advancements in technology and marketing in their particular areas.

it continues to shrink at the same rate the next 28 years, as it has during the past 28 years, it will be worth only 18 cents as we reach the end of the 20th Century. By that time, as "Salt Lake Business" points out, the average worker now receiving \$7,200 in wages would have to earn \$16,800 just to keep even; \$3,000 cars would cost \$7,000, \$25,000 homes - \$58,000, \$4,000 college tuition - \$9,400, \$275 television sets - almost \$640.

If the present spending habits of government continue to outstrip the productivity and tax-paying ability of the people, the average worker will be no closer to winning the race against inflation than he is today. And the bigger the wage increases, the bigger the government deficits, the faster the inflationary spiral will turn. Somewhere along the way, the mirage of security within the framework of a welfare state will vanish.

Your SS Tax

Congress did not change the Social Security Law during 1970. The present Social Security law contains an automatic increase in the percent of tax rate to be applied to the maximum earnings of \$7,800 per year. The rate that will be in effect for 1971 and 1972 is 7.5% for self-employed persons and 5.2% for each, the employee and the employer for employed persons. This tax rate continues to escalate under current laws reaching 7.9% in 1987 for self-employed and 5.9 for each of the employee and the employer for regular employed persons.

There was a determined effort made in Congress during 1970 to change the Social Security benefits and rates but all of these proposals failed to pass. There is some talk now that this movement will be reviewed in this session of Congress making it retroactive to January 1, 1971.

Medicare Sign-up Deadline Mar. 31 For 65 Year-Olds

A very important date is near for some area residents over age 65, states Gus Jones, manager of the Sherman social security district office. This date, March 31, is the ending of a three month "General Enrollment Period" which began January 1, 1971, provided for under the Social Security Medicare law. A person who is eligible but has never enrolled in part "B" of Medicare can sign up during this "open" period which ends March 31, Mr. Jones stated. Medical coverage will be effective July 1.

Part "B" of Medicare or medical insurance helps pay for doctor bills, diagnostic tests, and certain other medical expenses incurred outside the hospital, Mr. Jones added. This will be the last chance to enroll for those people born between October 1, 1902, and September 30, 1903, the manager emphasized. Those born before October 1, 1902 and who have never enrolled are not eligible.

A person who enrolls for part "B" during the "Open" period will have to pay a slightly higher rate if he has had an earlier opportunity to sign up. If you are eligible, simply telephone your Sherman social security office at 893-4301 and file an application over the phone. A representative may also be contacted in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon at the Federal Building.

Toward Safety

TEEN-AGE girl drivers are pushing the boys in the right direction - toward safety. Chrysler Corporation, as part of its review of driver education, asked 2,355 driving instructors in 600 high schools across the nation to rate their young male and female pupils. Conclusions. The boys hold a slight lead - 52 to 48 percent - but the girls excel in accepting instruction more seriously and in eagerness to learn. Parents who are reluctant to see their young offspring compete for the first time with more mature drivers for the narrowing space on the nation's highways, might feel better over another report. Nationwide, according to highway safety authorities, youngsters who take driver education courses have fewer violations and fewer accidents - both sexes included. - Lubbock Avalanche-Journal.

Captives of Hanoi By Anthony Harrigan, V.P. Southern States Industrial Council

In allowing a Canadian television team to interview two American airmen held prisoner in North Vietnam, the Hanoi regime sought to present the captives as opponents of America's Asian policies. The communists also endeavored to give the impression that the prisoners of war are well treated. As usual, Hanoi was engaged in trickery.

Americans trotted out for questioning by Western newsmen aren't free to express their real feelings. If they report the brutal and degrading treatment to which they are subjected, they or their fellow prisoners may be tortured or killed. Even if the men being interviewed don't fear for themselves, they aren't likely to say anything that will endanger their comrades.

If the television networks want to present an accurate account of life inside a North Vietnamese prison, they can interview the handful of Americans who have been released as an international political gesture. One of these former prisoners of war is Lt. Col. Norris M. Overly, USAF, who was shot down over North Vietnam in 1967 and spent five months in communist captivity.

In a recent talk at the annual Air Force Association meeting, Col. Overly told how he was wired to a 50-gallon oil drum and transported across the country. Women, children and old people he reported, "would pick up rocks and come right up to you and bash you in the face."

Col. Overly was confined for a time in a little hut divided into 12 bamboo cells. He was placed in one of these cells, lying on his stomach with his feet in wooden stocks. His arms were tied behind him with wet ropes. He was forced to stay in this position of 29 days.

Arriving at the main POW prison in Hanoi, Col. Overly was placed in a tiny cell. Many of the cells have leg irons on the bed boards. The prison routine is arranged in such a way that the prisoners don't see each other and have no way of buttressing their morals by a group presence. During the day, the prisoners are exposed to endless propaganda broadcasts. "This is what our men have been going through," Col. Overly said, "some for as long as six years."

While American New Left spokesmen regularly visit Hanoi and report the prisoners are being well-treated, Col. Overly described the true conditions. "I think we can safely say," he concluded, "that the North Vietnamese will go down in history as the most inhumane and cruel enemy we have ever fought because of the sheer number of years they are making so many of our men suffer."

Col. Overly's testimony should be borne in mind when one hears New Left apologists for Hanoi say that we should accept their "peace" terms and allow them to have a role in the government of South Vietnam. To allow this brutal regime to extend its will over additional millions of people would be an unconscionable act.

Shrinking Dollar

The publication "Salt Lake Business", published by the Salt Lake City, Utah, Area Chamber of Commerce, has translated government spending and deficits into declining dollar values in a way that can be understood by the fourth grader who will be paying the bill. Since 1942, the value of the dollar has shrunk 58 cents. If

**Birthday Hay Ride Slumber Party for Mary Caplinger, 11**

Mary Kay Caplinger celebrated being 11 years old by having 16 classmates from Sacred Heart School at the home of her parents, the J. D. Caplingers, Friday night for a slumber party preceded by a hay ride.

Mr. Caplinger who shares birthdates with his daughter celebrated by taking the youngsters on the ride. At home Mrs. Caplinger had a meal of hot dogs with all the trimmings and a decorated birthday cake waiting for the group. Mr. Caplinger's one-candle cake was a small replica of his daughter's which was topped with 11 candles.

Final celebration for the girls was breakfast Saturday morning before they returned to their homes.

**Swirczynski Kin Reported Improved**

Reports to Mr. and Mrs. Joe Swirczynski this week regarding the sick and injured of the family are encouraging.

Mr. and Mrs. Jerry Knauf of Colorado Springs who were seriously injured in a car accident shortly before Christmas have made headways. He has been released from Denver General Hospital, both legs in casts, and is staying in the home of his wife's mother in Denver to be near his wife who is still hospitalized. With the help of a male nurse who cares for him in the home he visits her in a wheelchair.

Mrs. Virgil Doty of Dallas was dismissed from hospital care Monday and is back at her home. She has both broken legs in casts.

And Arnold Swirczynski has been released from the VA Hospital in Albuquerque, N. M., and is back at his home in San Angelo. He was hospitalized for surgery and therapy since Sept. 20.

Arnold is a son of the Joe Swirczynskis. The others injured are grandchildren.

I've just about quit bothering myself about any contribution to posterity, as it looks now there's a right good chance of posterity not even getting here.

MRS. DONALD FISHER is the former Miss Nancy Henry of Gainesville. The couple married in Sacred Heart Church on January 9 and are at home in Gainesville since returning from their wedding trip. Their parents are Mr. and Mrs. Paul Fisher of Muenster and Mr. and Mrs. Jimmy Don Freeman of Gainesville.

**8 SHH Students Go to Dallas for Speech Tournament**

Eight members of Muenster Sacred Heart High School speech and drama department attended the Eighth Annual Jesuit Invitational Speech Tournament, Jan. 22 and 23.

Participating in original oratory were Phyllis Bindel who reached the semi-finals, and Doris Schmitt and Margie Felderhoff.

Mary Lou Kralicke competed in the dramatic interpretation division.

Debate teams consisted of Myron Hess and Phil Endres, Cheryl Bayer and Beverly Walterscheid. Each team won one debate.

In this tournament participants had to compete in two rounds of preliminary judging.

Students from 53 schools throughout Texas, and from Louisiana, Oklahoma, Florida and Washington, D. C., were entered in the competition.

Brother Thomas Moster, speech and drama instructor, and Tom Felderhoff accompanied the group to Dallas.

**Fritz Zimmerer Is Feted During Muenster Visit**

Fritz Zimmerer started back to his home in Old Mexico Monday after a four-day visit with his mother Mrs. Katie Wilder and Aunt, Jenny Schilling.

In addition to family get-togethers he was a dinner guest of the Lou Wolfs Sunday, was dined by a group at The Center Saturday night and was honored at a roast pig luncheon Sunday night by the Ray Voths and Norbert Walterscheids. About 25 guests attended at the VFW Hall.

His arrival in Muenster last Wednesday night was a surprise for his mother and other relatives. He was in Texas on business, is a former resident of Houston and a graduate of the University of Houston, in classes while a group of Muenster boys was there. These included Mitchell Wolf, Kenneth Wiesman, John David Meurer and Wilbert Vogel.

He is a "shirt-tail cousin" of Mrs. Ray Voth and the other Arendts and that was the group that was together at The Center party. The Ray Voths spent a week's vacation last summer with the Fritz Zimmerer family at their home in Tecoman, Colima, Mexico.

**Babies Baptized In Joint Service**

Two infants were christened in Sacred Heart Church Sunday afternoon, Father Placidus Eckart officiating.

The baby son of Mr. and Mrs. Wayne Klement was baptized Christopher Wayne. His grandparents Mr. and Mrs. Walter Klement attended as godparents. Little Chris wore the traditional baptismal dress that has been worn many times during the past 50 years. His father wore it and his grandmother Klement wore it since the tradition started in the Bill Henscheid family.

Mr. and Mrs. Paul Sicking's new daughter has been named Staci Leigh. Her brother and sister Mark and Miss Debbie Sicking attended as godparents.

**Mrs. John Fleitman Is Birthday Honoree**

Mrs. John Fleitman was honored at a surprise courtesy Saturday evening at her home in observance of her birthday.

Her sons and daughters-in-law, Mr. and Mrs. Leon Fleitman and Mr. and Mrs. James Fleitman arrived with a decorated birthday cake and other refreshments. Their gift was a potted bronze mum plant.

Sunday the two couples and their children Ginger, Shannon, Scott and Tracy with the Leon Fleitmans and Rhonda Sue with the James Fleitmans were guests for dinner with Mr. and Mrs. John Fleitman. The Alvin Fleitmans and their children of Gainesville were unable to attend on account of illness.

### SH Home-School Society Plans for Mardi Gras Event

Members of Sacred Heart Home-School Society began making plans for the students' annual Mardi Gras celebration at their January meeting Tuesday night. Mrs. Sylvan Walterscheid was named general chairman and the date was set for Shrove Tuesday, Feb. 24. Committees will be working on various details of the party.

Sister Georgia discussed uniforms for next year and said questionnaires will be sent to parents.

Sister Mary John introduced speakers. These included Charles Dougherty of Education Service Center, Fort Worth, who told about film strips and other educational material the Center has for rent to schools in a 10 county area in North Texas and showed a film of materials available.

Mrs. Joe Luke, librarian,

told about material available for students at Muenster Public Library, Miss Dona Brewster, county extension agent, reported on what 4-H is doing for young people, and Charles Bayer of Sacred Heart Alumni, Steve Moser of the VFW Post and Mrs. Norbert Walterscheid of the VFW Auxiliary, told what their organizations are doing for the community's youth.

Virgil Henscheid, president, presided, Father Placidus led the opening prayer, and Mmes. Ray Voth, Charles Bartush, Martin Kralicke and Albert Zimmerer served refreshments after adjournment.

It was announced that the February meeting is cancelled due to the Mardi Gras celebration that night.

Manufactured dairy products utilized 50% of the 1969 United States milk production. Cheese accounted for 30% of all milk used in manufactured products.

A young man wearing a dog costume was on his way to a masquerade party. Since the party was nearby, he decided to walk.

Enroute, he was spotted by an alert dog catcher who, after checking for a license and finding none, started to drag

the man-in-costume into the back of his truck.

"Are you out of our mind?" he shouted. "I'm no dog. I'm just dressed this way to go to a masquerade party!"

"That's what they all say," said the dog catcher.

### Judge Proclaims 3.76 in '76 Week in County

WHEREAS, the Texas agricultural industry, in all of its phases continues to be our most important industry, and

WHEREAS, agriculture continues to have great growth potential in our county with the rewards from such growth accruing to the benefit of all citizens, and

WHEREAS, there is an urgent need for an active crusade to increase the public's knowledge, acceptance, and appreciation for the highly significant contribution which agriculture makes to the economy of our county and to the level of living enjoyed by its citizens, and

WHEREAS, it is recognized that all citizens of this county have a vital stake and a legitimate self-interest in the general well-being of the farmers and ranchers who provide the great abundance and variety of food and fiber of highest quality which we all enjoy, and

WHEREAS, "3.76 in '76" is a well-conceived program designed by the Texas Agricultural Extension Service, with the endorsement and active support of agricultural agencies, organizations, and individual leaders, to help the agricultural industry achieve its full potential through an intensification of efforts by producers; agribusinesses, and professional agriculturists to bring about an increase in income to Texas farmers and ranchers of \$1 billion by the end of crop year 1976, and

WHEREAS, "3.76 in '76" will narrow the gap between knowledge and practice through the coordinated application of improved production and marketing practices that have been proven to be sound and profitable, and

WHEREAS, the achievement of an increase of \$7 million dollars in agricultural income by the end of crop year 1976 will improve the net profit and competitive position of Cooke County farmers and ranchers and make highly significant contributions to the future economy of the county,

NOW THERE, I Larry Sullivant, County Judge of Cooke County, Texas do proclaim the week of January 25-29, 1971 as "3.76 in '76 Week" in Cooke County and call upon all citizens to join in this observance and to dedicate their efforts to the achievement of its stated objectives.

Dated this 15 day of January A.D. 1971.

Signed: Larry Sullivant  
County Judge, Cooke County

## Health Hints

FROM BLUE SHIELD

### Athlete's Foot

Athlete's foot is just itching to get a hold on your toes. A fungus disease which thrives in warm weather, it is a lot easier to get, than to get rid of. To prevent athlete's foot from getting a foothold, bathe your feet regularly, dry them well, dust powder between the toes, change your socks daily, and rotate your shoes.

### Exercise

Modern technology has become so advanced that we Americans have become actively inactive. Automated living may be easy, but it also eases your muscles out of shape. So begin an organized and practical program of exercising today. You may select activities as vigorous as tennis, or as limited as routine calisthenics and gardening. No matter what your age, exercise will improve your health. Ask your physician's advice about the types and amount of exercise suited to your age, sex, and physical condition. Then get started today!

### Pedestrian Safety

With back-to-school days here again, remind children of these simple pedestrian rules: always stand on the curb while waiting to cross, walk only with the signal light or at the direction of a police officer or school crossing guard, look both ways and watch for turning cars, walk fast but don't run, do not loiter in the middle of the street, and where there is no sidewalk—walk on the left side facing oncoming traffic.

### Moisture Is Enemy Of Melting Chocolate

Chocolate will not melt properly if the slightest amount of moisture is introduced. Any moisture will make the chocolate bits tighten into a solid mass. The solid mass may also result when melting chocolate at too high a temperature. If chocolate does tighten, however, you may make it smooth again by heating it in a double boiler over hot but not boiling water, and then blending in up to 1 tablespoon of vegetable shortening.

**NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING**  
**CORRIDOR (LOCATION) AND DESIGN (COMBINED HEARING)**  
 The Texas Highway Department is planning the construction of F. M. Highway 1206 in Cooke County from a County Road Intersection 3.5 miles Northwest of F. M. Highway 1201 Northwest 3.4 miles along or adjacent to a County Road.  
 The proposed construction for this project will consist of Grading, Drainage Structures, Base and Roadway Surfacing twenty feet (20') wide. The right of way required for this construction will be a minimum of one hundred feet (100'). In some cases, additional right of way will be required for drainage outfall channels.  
 Maps and other drawings showing the proposed location and geometric design and any other information about the proposed project are on file and available for inspection and copying at the office of the Resident Engineer, Mr. John C. Simpson at North I.H.

35, Gainesville, Texas. Also, the drawings showing the proposed geometric design have been placed on file with the County. Information about the State's Relocation Assistance Program, the benefits and services for displaced persons and the Relocation Assistance Office as well as information about the tentative schedules for acquisition of right of way and construction can be obtained at the Resident Engineer's Office.  
 Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's Office on or before February 19, 1971.  
 In the event such a request is received, a public hearing will be scheduled and adequate notice will be published about the date and location of the hearing. 10-11

**Castles In Belgium**

All of Belgium's nine Provinces boast many architectural jewels that crown the beauty of their settings such as Westerlo Castle (shown above) of the princely house of Merode.

Some of Belgium's castles offer accommodations to today's visitors and many are State Treasures, marvelously intact, and open to public visit. Probably the best known of Belgium's ancient fortresses is the Castle of the Counts of Flanders in Ghent.

In the Belgian Ardennes some of the oldest Belgian castles brood on cliffs and hills, and the Province of Namur is rich in interesting castles built on defense principles of castles situated in plains. But the Province of Liege probably boasts the most ancient ruined castle in Franchimont where it is believed Charles Martel, grandfather of Charlemagne, was born in 714.  
 There are many princely residences in Belgium, both private and public domain, and somehow the romantic aura that clings to castles defies the inroads of time. Numerous castles, close to Belgium's capital, Brussels, invites easy exploration of their varied beauty and SABENA Belgian World Airlines' jets fly to Brussels daily from New York.

**CITATION BY PUBLICATION**  
 THE STATE OF TEXAS  
 TO: EDDIE FETTE, Defendant.  
 Greeting: YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Cooke County at the Courthouse thereof, in Gainesville, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15 day of March A.D. 1971, to Plaintiff's Petition filed in said court, on the 9th day of November, A.D. 1970, in the cause, numbered 70-294 on the docket of said court and styled ROSINA FETTE, Plaintiff, vs. EDDIE FETTE, Defendant.  
 A brief statement of the nature of this suit is as follows, to-wit: Suit for divorce and partition of property as is more fully shown by Plaintiff's Petition on file in this suit.

**Disabled Veterans Urged to Attend DAV Meet Friday**

Disabled American Veterans of Cooke and adjoining counties are invited to attend a meeting of the Gainesville DAV Chapter and Auxiliary to be held Friday night, January 29, in the Oddfellows Hall, 121 Hird Street at 7:30 o'clock.

Present at the meeting will be Charles B. Lang, Region 2 commander and Marion Lang, commander of the Region 2 Auxillary. Both are from Wichita Falls.

Principal business of the meeting is to review and explain new laws that went into effect on January 1 pertaining to the welfare of disabled veterans and their dependents.

Every eligible person is urged to come to the meeting and join the organization which is dedicated to the welfare of the disabled veterans.

The DAV, organized in 1920, has just completed its 50th anniversary. It was chartered by Congress in 1932 to work for the physical, mental, social and economic rehabilitation of disabled veterans since World War I.

Programs currently sponsored by the organization are National Service Program, National Legislative Program, Scholarship Program for children of DAV, the DAV-Boy Scouts Partnership Program, Employment Assistance Program and Hospital Volunteer Program.

**When you promised to share and share alike, did that mean your wife could use up all the hot water?**

You could get up earlier. Then you'd be sure to beat her to it. Of course she wouldn't be too impressed with your chivalry. Another alternative is a larger gas water heater. Gas water heaters are easy to buy, easy to install, and recover hot water up to twice as fast as comparable electric models.

So stop competing with your better half. Get a larger capacity hot water heater. For fewer fights and lots more hot water.
