

MUENSTER ENTERPRISE

VOLUME XXXIV

MUENSTER, COOKE COUNTY, TEXAS 76252

OCTOBER 30, 1970

NUMBER 49

There's something different about the election which is to be held next Tuesday. We are hearing more comment on public indifference. The country's voting record, which has been shamefully bad for many years, is expected to be worse than ever.

A national survey predicts that 55 per cent of the qualified people will vote. A little more than half of them will decide who will have charge of the country's destiny in the next congress. It's really pitiful compared with other countries. Over 90 per cent in Switzerland, over 80 per cent in Sweden. About 80 per cent in Italy. It's humiliating compared with the vote of the last election in South Vietnam when Cong terrorists were doing their utmost to prove that the country was not capable of holding an election. Though many were risking their lives, about 90 per cent of the eligibles turned out to vote.

It's pathetic that only about half of us Americans, supposedly the most advanced people of the world, will take the few minutes needed next Tuesday to exercise their sacred rights of participating in the world's best government. Apparently the other half doesn't know or doesn't care what can happen when so many people become unconcerned about the duties of citizenship.

The big wheels of communism are watching us Americans, and laughing. As they have said often before, they look forward to eventually taking us over. They have agents over here busy at preaching their doctrine, teaching subversion and stirring up turmoil. Like termites they are eating away at the foundations of our government. Meanwhile we cooperate by letting the foundations rot.

Much has been said in the past year or two about the silent majority. Meaning we people who favor traditional standards of peace, honesty, decency and patriotism, as contrasted with the loud mouth trouble makers. Well, we also have a silent majority with reference to government. They are the people who do the work, pay the taxes, and support common sense social, fiscal and economic policies, as contrasted with the something-for-nothing and radical elements. But some of them, in fact many of them, apparently don't intend to vote. They just won't bother to take off from business or recreation. They don't seem to realize that good ideas need to be backed up at the polls.

Centuries ago Plato said "The penalty good men pay for indifference to public affairs is to be ruled by evil men." In a strict sense he was saying that people who don't bother to vote are, indirectly, casting their votes for poor government.

Those who shirk their responsibility like to excuse themselves by saying that their vote doesn't count anyway. Usually they are correct, too. The margin of election victory seldom comes down to one vote. But there have been exceptions which had an important bearing on history. And no one knows if or when the exception will happen again, if or when one of us will cast the vote that turns the course of history.

The story has been told often about the gain miller of Indiana who decided at the last minute to go and vote. He voted for Ed Hannegan who won by one vote in the race for state legislature. In those days each state legislature elected the state's senators to Washington, and the Indiana lawmakers chose Hannegan. Later, when the matter of admitting Texas to the Union was voted upon the result was tied and Hannegan cast the deciding vote which admitted Texas into the Union.

Another important single vote is one that was not cast. A Rhode Island farmer of Colonial days arrived too late to vote and his favorite candidate for the legislature lost by a single vote. The man who won later went to the Senate and cast the deciding vote which started the Revolutionary War.

Those are only two cases. There are records of dozens more, on local, state and national levels, in which an election was decided by one vote, some with a significant bearing on history.

The point is to vote. It's always important as a duty of citizenship. It may be especially important because it is

GOLD STAR WINNERS — Sacred Heart High Seniors Tommy Felderhoff, second from left, and Miss Peggy Endres, were named Cooke County's Gold Star Boy and Girl for 1970 at the annual 4-H Achievement Banquet Monday night. Michael Sloan, left, presented the awards to the county's outstanding 4-H members. State Rep. Ralph Hall, right, was guest speaker at the annual event in Cooke County Junior College. (Photo courtesy Gainesville Register).

Two SH Seniors Win 4-H Gold Star Award

Two Sacred Heart High seniors have won Cooke County's Gold Star Award, highest county honor in 4-H Club work.

Miss Peggy Endres and Tommy Felderhoff were recognized as the outstanding 4-H members of 1970 at the annual 4-H Achievement Banquet Monday night in Cooke County Junior College.

The Gold Star Girl is the daughter of Mr. and Mrs. Paul Endres. The Gold Star Boy is the son of Mr. and Mrs. Thomas Felderhoff.

Mrs. Jay Pybas of Sivells Bend was honored as the top county 4-H adult worker. She received the 4-H Leader Award.

Michael Sloan, manager of Muenster Cub Scouts welcomed ten new members into the pack at their meeting Monday night and Cubmaster Charles Bartush presented awards to six members for achievement since the previous awards presentation.

The new members are Chris Jaska, Tim Hermes, Chris Hennigan, Bert Hesse, Gene Luttmir, Floyd Felderhoff, Marlin Wimmer, Terry Knabe, Mike Hesse and Michael Sickling.

Award winners were Kenneth Hartman, Wolf, Golden Arrow and Silver Arrow; Bert Miller, Wolf and Golden Arrow; Gary Henscheid, Mark Felderhoff, Phil Wolf and Paul Bartush, Wolf.

The meeting was marked by a splendid attendance of 75 percent of mothers and dads with their boys. Mrs. Charles Bartush, den leader coach, took attendance roll call which resulted in Den I winning the prize with 83 per cent present. Mrs. Alvin Hartman is Den I mother and Mrs. Herbie Miller is her assistant.

Mrs. Larry Hennigan was introduced as new mother for Den II succeeding Mrs. Alvin Fuhrman. Her assistants, also new, are Mrs. Leo Hesse and Mrs. Albert Dangelmayr.

Den III, led by Mrs. Albert Zimmerer, has a new assistant, Mrs. R. N. Fette. And Den IV, headed by Mrs. Charlie Pagel as den mother has Mrs. Fred Knabe as new assistant.

Charlie Pagel accepted the job of Webelos leader to succeed Edgar Dyer on Jan. 1. He will name his assistant later.

Cubs' project for the past month was putting together miniature Ford Pintos, the cut-out models donated by Endres Motor Company and pasted to cardboard by the boys. These models were on display and one boy from each group told something about the project.

The meeting opened with the flag ceremony led by Den III and opening prayer by the pack and ended with unison singing of God Bless America and refreshments served by Den III.

Cooke County Electric Cooperative which sponsors the event, presented these awards before over 100 4-H'ers and some 300 people gathered for the event.

Jimmy Gaston and Cathy Sellers of Callisburg, '69 Gold Star winners, were toastmasters with Bob Smith of Cooke

County Electric Cooperative giving the welcome. State senator Ralph Hall was banquet speaker sharing some of his personal experiences with the 4-H members and their parents in the audience.

Bank officials of Cooke County including J. M. Weinzaepfel, of Muenster State Bank, presented the other county winners with medals.

Muenster 4-H winners include: Achievement — Mary Lou Fleitman, Peggy Endres, Margie Felderhoff.

Agriculture — Allen Flietman, Larry Bayer.

Beef — Paul Reiter, Ricky Walterscheid, Bill Felderhoff, Jack Dangelmayr, Chris Felderhoff, Leon Bayer, Dan Sickling, Paul Bayer.

Bread & Cereals — Lora (Continued on page 4)

However, it was not a score to be ashamed of. Despite the odds the Tigers were long on spirit and stopped the Hornets six times. In addition they put on two drives of their own, both going inside the Hornet 10, but lacked the strength to finish the job.

Greenhill showed its muscle the first time it got hold of the ball. With 80 yards to go it scored in just four plays — two short runs, then 17 by Harrison and 52 by McCutchin. Kevin Swirczynski blocked the kick for extra point and the count was 6-0.

On their next possession the Hornets moved 34 yards to the 20 and tried a field goal but had it blocked. Then, after a kick by each side, Greenhill blocked a Sacred Heart punt and was in business only 30 yards away.

McCutchin's pass to Bangs was good for the distance, giving the visitors a lead of 12-0. A run for bonus points was short leaving the count at 12-0.

After that the Tigers started (Continued on page 4)

Everybody is welcome, even urged to attend. Tickets of three dollars per person include chips and dips. Table reservations are being taken by Mrs. Walter Grewing and Mrs. Dickie Grel.

Program Observes Education Week at SH High Thursday

In observance of American Education Week students of Sacred Heart High School met in an assembly Thursday morning, Oct. 29.

Donna Rohmer, student council president, led the assemblage in prayer after which Father Placidus Eckart introduced guests including Mayor Michael Sloan.

Miss Rohmer, the school's DAR winner, was presented her award and Thespian awards were given.

Mr. Joe Felderhoff who attended a drug workshop earlier this month gave a report on the meetings.

Entertainment followed with singing and prose and poetry readings. Performing were Kevin Swirczynski, Debby Walterscheid, Mary Lou Karlick and Ernie Martin. Parents and friends attended.

Coming Soon: A program on drug abuse, sponsored by both local schools. Complete information will be available next week.

House Committee Holds Hearings on Long School Year

Merits and demerits of a four quarter educational program will be discussed this week Friday in a special hearing at Arlington conducted by the House Committee to Study the Extended School Year. The hearing is one of a series held throughout the state to obtain responsible statewide opinions on the program and make recommendations to the legislature.

Superintendent L. B. Brunts will attend as a representative of Muenster Public School.

The committee is composed of three legislators, a member of Texas Education Agency, a member of the Texas State Teachers Association, and one school superintendent.

Meeting Booked on Swine Production

Cooke County people who are interested in pork production are invited to a meeting on swine raising Thursday, November 5, 7:30 p.m. in the Home Demonstration Building at the northeast corner of the Cooke County Fairgrounds.

County Agent Neil Tibbets announced the meeting this week saying it will be conducted by Dr. William B. Thomas, animal husbandman of the Texas A&M Extension Service. His discussion will include all phases of swine production.

4-H Meeting Changed

Members of Muenster Community 4-H Club are being reminded that the date and place for their next meeting has been changed. It will be held on Thursday, Nov. 5, 7:30 p.m. in the KC Hall. The changes apply to this meeting only.

Muenster Donates \$1074 to Date in United Fund Drive

Muenster's 1970 United Fund drive came to an unofficial end Wednesday as Johnny Pagel, community chairman, sent \$1074.50 to the Cooke County UF headquarters. It is not completely ended, he said, because a number of campaign packets are still out, and he hopes to receive them in the near future with about \$100 more for the community's donation.

That figure represents an increase over last year's community total, which amounted to about \$1,000.

A report from the county UF campaign last week revealed that the fund had reached \$32,000, which is about 60 per cent of the goal of \$52,000. Muenster's remittance follows that report, bringing the figure to over \$33,000.

Workers who helped in the local drive are Bob Pels, Roy Monday, Dan Hamric, Butch Fisher, Willie Fisher and Don Wilson.

Tough Pilot Point Awaits Hornets

Coach Glenn Richardson and his MHS Hornets will continue their fight for survival in the 12-B district race Friday night when they go to Pilot Point for a tussle with the Bearcats, who are rated by the Hornet boss as considerably tougher than their two losses would indicate.

Pilot Point was nudged 16-14 by Nocona and 14-13 by Frisco and is as tough as either of them, according to Richardson. It means that the Hornets need to play better than in their 22-12 loss at Nocona if they expect to have a chance at Pilot Point.

Also they'll have to avoid mistakes like those against Lake Dallas last week. However the Hornets looked good in other periods of the same game and are hustling this week to improve and also to eliminate the errors. A factor in their favor is they will get to operate at full strength. No injuries are left over from last week.

The MHS boys at this time are tied with Frisco for third and fourth place in district standing with a 1-1-0 record each. Muenster beat Lake Dallas and lost to Nocona. Frisco beat Pilot Point and lost to Sanger.

Nocona, 2-0-0, is alone at the top with wins over Muenster and Pilot Point. Sanger 1-0-1 is next with a win over Frisco and a tie with Lake Dallas.

Next to last is Lake Dallas, 0-1-1, with a loss to Muenster and a tie with Sanger. And last is Pilot Point, 0-2-0, with losses to Frisco and Sanger.

Hospital Auxiliary Set for Masquerade Halloween Ball

Muenster Hospital Auxiliary members are ready to welcome a big crowd to their Halloween masquerade ball Saturday night in the VFW Hall. While costumes are encouraged they are not necessary for admission.

This event will start a fund to finance the organization's present big project — a complete Endoscopic Set for Muenster Hospital. The set consists of a range of highly delicate instruments for diagnosis and treatment of body parts contained in the throat and chest cavity.

Everybody is welcome, even urged to attend. Tickets of three dollars per person include chips and dips. Table reservations are being taken by Mrs. Walter Grewing and Mrs. Dickie Grel.

Program Observes Education Week at SH High Thursday

In observance of American Education Week students of Sacred Heart High School met in an assembly Thursday morning, Oct. 29.

Donna Rohmer, student council president, led the assemblage in prayer after which Father Placidus Eckart introduced guests including Mayor Michael Sloan.

Miss Rohmer, the school's DAR winner, was presented her award and Thespian awards were given.

Mr. Joe Felderhoff who attended a drug workshop earlier this month gave a report on the meetings.

Entertainment followed with singing and prose and poetry readings. Performing were Kevin Swirczynski, Debby Walterscheid, Mary Lou Karlick and Ernie Martin. Parents and friends attended.

Coming Soon: A program on drug abuse, sponsored by both local schools. Complete information will be available next week.

General Election Date Is Tuesday

The lukewarm attitude which is said to prevail over much of the country concerning next Tuesday's general election seems to apply also at Muenster.

As the day of decision approaches little if any interest has been generated in the races, except for the offices of US senator and the top state offices. George Bush and Lloyd Bentsen have been slugging it

Students to Hear Army Sergeant on Life in Vietnam

Sergeant First Class John F. Warner, a representative of the Department of the Army Speakers Program, will address an assembly of Grades 7 through 12 at 2 p.m., Friday, November 6, in the Muenster High School auditorium.

The speaker's program, of which SFC Warner is a member, has provided Army speakers on request for public meetings for several years. It gives audiences an opportunity to hear first hand experiences and observations of a recent Vietnam returnee so the solid achievements of American soldiers over there can be understood.

After two years of service in Vietnam Warner has a wealth of experience to tell. His first assignment was as operations advisor at a training center with Military Assistance Command Vietnam. Back in the states he was an instructor at Louisiana State University.

In August 1969 Warner began his second tour of duty in Vietnam, serving as a platoon sergeant, first sergeant and platoon leader.

Homets Win 24-13 Over Lake Dallas

A thrilling 24-13 win over the Lake Dallas Falcons was the big event in a delightful Muenster High homecoming last Friday night. The Hornets sweetened their victory immensely by coming from behind after their visitors had posted all of their 13 points in the first 8 minutes of the game.

And the game was tense until the last minute, when MHS scored its fourth TD for a comfortable margin. Up to then it was anyone's game with the Falcons a constant threat.

It was a different story, however, at the beginning. Neither team moved on first possession. On the second Muenster's kick, on the second series was blocked and the Falcons were 42 yards away. A pass for 4 yards plus a 20 yard scoot by Quarterback Lancaster and an 18 yard pass from Lancaster to Howard put Lake Dallas on the board. A kick upped the count to 7-0.

The next one came quickly on a big break. On their 30 after kickoff, the Hornets were penalized back to the 10, missed three pass attempts and fouled up their kick. The Falcons took over on the 10, from where Lancaster scored on a run around right end.

Hard times had still not ended for the Hornets. On their next two possessions they fumbled the ball away.

As the second quarter opened the Hornets finally got organized. With 66 to go they reached the goal in eleven plays with principal gains on Tim Hennigan's 28 yard run, Jim Endres' 8 yard pass to Glenn Felderhoff and 11 free (Continued on Page 10)

Muenster Juniors Tie Lake Dallas 6-6

The Little Monsters dominated their game with the Lake Dallas juniors last Thursday night but too many of their gains were wiped out by mistakes, so they had to settle for a 6-6 tie.

The touchdown was scored by Steve Klement in the second quarter on a 3 yard plunge into the line completing a 65 yard drive. There were other drives too, but none of them went all the way.

The Lake Dallas youngsters got their TD in the fourth period on a 75 yard run. That run along with one on a fake kick account for the only two first downs of the game by the host team.

Next game for the Muenster juniors will be with Pilot Point Thursday at 6 p.m. on the Muenster field.

out. So have Preston Smith and Paul Eggers, and to a lesser extent also Ben Barnes and Bryron Fullerton.

In races for national and state representatives Graham Purcell and Walt Parker are opposed by Joe Staley and Roger Durham, both hardly known in this area.

The ballot lists 22 candidates of the Democratic party for national state and county offices. Ten of them have Republican opponents, the others are unopposed.

Along with candidates, the ballot has 7 proposed constitutional amendments, two of which are receiving most of the public interest. No. 2 concerns repeal of prohibition of open soloons. No. 3 concerns assessment of land tax on the basis of productive capability instead of the land's market value.

The limited interest brings up a question; how many of the community's 1055 eligible voters will show up at the polls? North Muenster has 886 and South Muenster 169.

The North Muenster election will be held in the K of C hall with B. J. Swirczynski as the presiding judge, and the South Muenster election will be in the scale house of Muenster Milling Co. Voting hours at both places are 8 a.m. to 7 p.m.

Garden Club Will Collect Sunday For Cemetery Fund

The annual fall collection for Muenster Cemetery Fund will be held Sunday, the feast of All Saints, following all services at Sacred Heart Church and following the evening Mass Saturday. Donations will be accepted at the church doors by members of the Civic League and Garden Club.

This collection will be the first one for the cemetery this year. Mrs. Steve Mosler, chairman of the cemetery committee, reminded that the customary Memorial Day collection was omitted so a more generous donation is in order now.

Money given to the fund is used for cemetery maintenance such as labor, water bills and replacement of shrubbery and flowers.

CDA Sets Bazaar Dates Nov. 6 and 7 In K of C Hall

Muenster Catholic Daughters of America have set the dates for their annual benefit bazaar and bake sale for Friday and Saturday, November 6 and 7. Those dates were decided on at the court's October meeting. The two-day event will be held in the K of C Hall.

Members will also be inviting coffee-break attendance. They'll serve coffee and baked goods during the day.

The bazaar will feature needlework and other handmade items, the bake sale will provide a steady flow of fresh breads and pastries and there'll be a white elephant sale.

Mrs. Ed Schmitt, grand regent, presided for business and introduced Mrs. Sterling McCool of Gainesville who presented a program of tin craft. She demonstrated as she talked and had on display an assortment of useful and attractive items including picture frames, dresser stands, trays and lamps, all fashioned from tin cans.

Before the meeting opened a trio of Sacred Heart High speech and drama students performed. These were Alane Yosten, Karla Yosten and Peggy Hoedebeck.

Paper Drive Saturday

Seniors of Sacred Heart High will conduct a scrap paper drive Saturday, Oct. 31. It will be a morning drive and persons with paper to give are asked to have it out at the curb by 9:30.

Drive-In Window Will Open Friday

The bank's new drive-in window will go into business Friday, October 30, at 10:30 o'clock.

Henry Weinzaepfel made the announcement this week, adding that the late opening applies only to the first day. After that the window will be open for the full banking day, stating at 9 o'clock.

CEF Backs Bill To Assist Teachers Of Private Schools

The Texas Federation of Citizens for Educational Freedom, at their Second Annual Meeting held in San Antonio on October 4, came out strongly in favor of a bill to be presented before the Texas Legislature in January. This bill proposes that the State of Texas contract with the lay teachers in accredited Texas non-public schools to pay them 75 percent of the state's minimum salary schedule.

Mr. Callan Graham, Executive Director of the Texas Association of Non-Public Schools, in outlining the legislation, said that "ordained ministers, priests, rabbis and members of religion, who take the vow of poverty" would not be eligible to enter into such a contract. Graham pointed out that this measure was written into the bill to emphasize the fact that these State funds

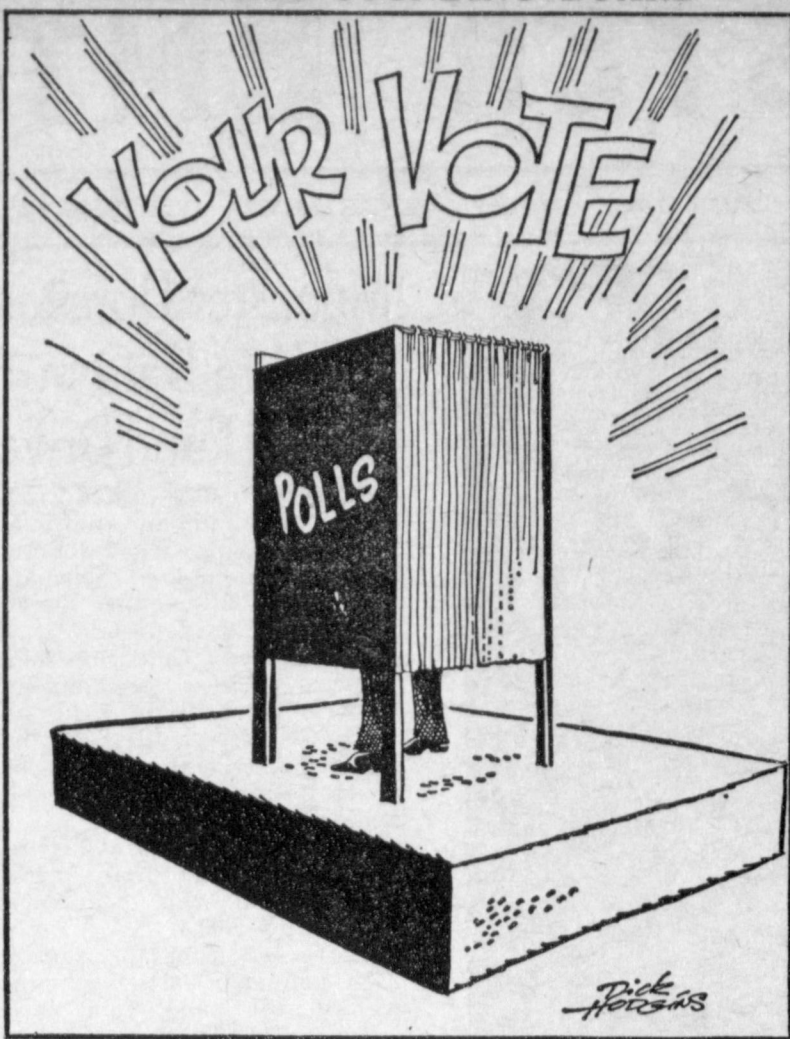

would not be going to a religious-affiliated institution, but rather to a "Citizen of the state who forms a contract with the state to educate the children of this state."

In his presentation, Graham discussed public school finances in an effort to explain why the bill proposes 75 percent of the State minimum scale, instead of some other portion. Education in Texas is financed by both the State and the local school district, with the state paying 80 percent of the operating costs on a state-wide average, while the local school district pays the remaining 20 percent plus the cost of furnishing the permanent plant. Graham, and others who drafted the bill, felt that the proposal of 75 percent, not exceeding the state aid given to the local districts, would be more readily understood and accepted by the legislators.

In addition to Graham's presentation, this Second Annual Meeting included a discussion of the issue of aid to Non-Public Schools by Dick Gill, a Republican candidate for the U. S. House of Representatives, and Joe Hubenak, a Democratic candidate for the Texas House of Representatives. Herbert Van Denend also gave a talk, entitled the "Philosophy of the Non-Public School."

The proceedings of the meeting were taped by Sr. Georgia, who attended with Mr. and Mrs. Ed Endres, Mr. and Mrs. Clinton Endres, and Sister Yvonne, and are available to anyone who wishes to listen to them. Contact Al Hess, president of the Muenster C.E.F., for details.

AMERICA'S SOUNDING BOARD

VOTE TUESDAY, NOVEMBER 3

Since the Presidential election two years ago the phrase "silent majority" has been added to the language. It is said to mean that the will of the people cannot be measured by the decibel level of street demonstrations.

This election will determine the validity of this concept. It also will decide the direction which Congress moves in the next ten years. This is because state legislatures will use the new census figures to determine boundaries of congressional districts. The newly elected legislators will also help determine whether state governments can find effective solutions to many of the problems which are of nationwide concern.

The candidates, office holders, press, radio and TV have done their best to clarify the issues. Now it is your turn. There is really no excuse to be "silent" on Tuesday. Vote!

Thank You John P. Zenger

Every now and then we pause to thank our lucky stars for John Peter Zenger who nailed down the right to freedom of the press back in 1735. And we sometimes shudder to contemplate what it must be like in totalitarian countries today where editors are forced to work under a system of government controlled communications.

Our present reflections upon these matters were triggered by the rhubarb over the so-called "fairness doctrine" enforced by the Federal Communications Commission - the FCC. Said Commission has the power to grant or deny licenses to radio stations, without which said radio stations cannot go on the air. It is an open and shut case of: what the Government giveth, the Government can taketh away.

The FCC says that the Fairness Doctrine means that every radio station "must seek affirmatively to encourage and implement the presentation of contrasting viewpoints." This sounds all right in theory, but in practice it means that the government has the ultimate power to determine what is "fair."

Specifically, the FCC recently refused to renew the license of radio station WXUR and WXUR-FM in Media, Pennsylvania.

Reason? In the words of the FCC: "Broadcasters on WXUR took the consistent position that the Vietnam War is a war solely against Communist aggression; that the United States should do everything in its power to achieve a triumphant military victory; that the war and especially the bombing of North Vietnam should be escalated; and that individuals who suggest a policy other than total victory are appeasers playing into the hands of the Communists."

Now, whether you agree or disagree with the viewpoints expressed over WXUR is not the question. The terrifying point is that a government bureau can and does claim to exert such absolute control over free speech that such views are, in fact unfair - "verboten" - forbidden - the owners cannot go on the air, the employees are to be fired and must seek employment elsewhere.

We shudder to contemplate the consequences if all newspapers were controlled by a government "license" to publish, with complete power to control everything printed in accord with government determined rules of "fairness," and with a government watchdog stationed in each shop to monitor every edition.

Thanks in great measure to John Peter Zenger, we still have a free press in America.

— U. S. Press Assn.

Castro Speaks

There have been a lot of critical things said about the young Americans who make ideological pilgrimages to Cuba to help harvest the sugar crop and return home to spread the gospel according to Castro. It was left to Fidel himself, however, to make the "most unkindest cut of all." The Cuban dictator, himself no model of sartorial or physical elegance has found the American wetbacks something less than ingratiating. In fact, he is quoted as calling them undisciplined and repulsive in their personal habits. Fidel, however, is no fool. He fully recognizes the political capital these dissidents can create for him, and will always welcome their like with open arms. Which is a neat trick when you are holding your nose. — Laguna Beach (Calif.) News-Post.

Things have come to a sad state in this country when a federal official will come to Congress and ask for more money so that the inmates of federal prisons can be fed more meat per day than the average law-abiding citizen consumes. Yet that's exactly what happened. The officials of the Bureau of Prisons also wanted money from the taxpayers for prison facilities that would cost \$64,000 per inmate. At this point, this member of Congress was ready to admit he had heard just about everything in the way of sheer gall, when I was informed that prison officials also wanted more money to provide law breakers with fresh orange juice instead of the canned variety they have been getting and didn't like.

— Ellsworth, Iowa, News

Much Ado About Nothing

A few weeks ago the Washington left-of-center press carried stories hinting darkly of rabid censorship practiced by the military. An editor had been fired, 10,000 Army base newspapers had been circulated, from which a photograph of an unidentified Army General was neatly cut out by razors. Reason; some member of the brass had decided, after the paper was printed, that the photo of the General was "unflattering." There were cries of outrage on Capitol Hill among those quick to attack the military. We must confess that we remained in the dark about the matter until we noticed this clarification by Publisher Julian Star in the editorial column of the Fort Mill Times in Rock Hill, South Carolina. Commented Editor Star:

"Several weeks ago, Major General John S. Samuel, commander of the Lackland Air Force Base in Texas, was presented the Legion of Merit medal."

"The base newspaper, 'Tail-spinner,' carried a story on the event, illustrated with a tightly cropped photograph."

"It was so tightly cropped the general's three stars didn't get into the picture."

"This so distressed a senior non-commissioned officer that he went to the newspaper office, fired the assistant editor and ordered 15 airmen to cut the picture out of the whole edition of 10,000 papers with razor blades."

"This incensed the civilian publisher. He wrote to Senator William Proxmire in Washington. The Senator was incensed. He demanded an explanation from Air Force Secretary Seamons. He wanted to know if the allegations were true and what steps had been taken to prevent such a thing occurring again."

"I think," added the Senator, "this was a violation of freedom of the press and was a waste of the taxpayer's money."

Commented Editor-Publisher Star — and we concur: "What ever happened to the American sense of humor? A good laugh is all this situation required."

Well, What Do You Know? fun, games and knowledge

by MARTHA GLAUBER SHAPP, Editor, The New Book of Knowledge

Do you know how lightning is formed?

Ever since Franklin's day scientists have been trying to discover how lightning forms. So far they know only part of the answer.

ELECTRIC CHARGES IN A THUNDERCLOUD

No one knows yet how a thundercloud develops a huge electric charge, but scientists do know that these charges exist. The top of a thundercloud is positively charged. The center is mostly negatively charged. The bottom part is usually negatively charged. But sometimes the lower rainy part of a cloud may be positively charged. The cloud's electric strength is in the top and middle sections. It seems to be in this region that most lightning occurs.

(For a free booklet, "The Magic Carpet," illustrated in color from The New Book of Knowledge, send name and address to Martha Glauber Shapp, Box 47, Putnam Valley, New York 10579.)

When the charges are strong enough, electrons flow from the negatively charged section to the positively charged section. A rapid discharge takes place, which is seen as a flash of lightning.

Do you know what a monopoly is?

A monopoly is created by a business or company to control trade and do away with competition. A seller has a monopoly when he has substantially more of any product or service than all the other sellers combined. The monopoly allows him to set the price as high as he chooses and may make him careless about the quality of his product or service.

Why doesn't adhesive tape stick properly when it is too cold or too hot?

Most commercial adhesives work best at room temperature. If it is too cold, the adhesive will harden and lose its stickiness. If it is too hot, the adhesive will loosen. You may have tried to put on a band-aid after a bath and discovered it wouldn't stay on. The hot water made your skin temperature higher. It also formed a barrier between the adhesive and your skin. As soon as you are dry and your skin temperature is normal, adhesive works.

THANKS

Sincerest thanks for many kind remembrances while I was a patient at Muenster Hospital. Special thanks to the hospital staff and clergy and for prayers, cards, visits, gifts and other favors. — Ben Otto.

Many thanks to everyone who remembered me while I was a patient at Muenster Hospital. The prayers, cards, visits and other thoughtful deeds are all appreciated. Special thanks to the doctors and hospital personnel, Father Bede and Bishop Danglmayr. My family is grateful too. — Joe Vogel

Back from Deer Hunt
 Miss Catherine Herr was back on the job at her cafe Monday morning after a ten-day vacation that took her to Colorado on a deer hunt. She made the trip with friends from Gainesville, Denton and Sivel's Bend, the group of ten traveling in a three-car caravan. They headquartered at La Vita, walked through snow 18 to 24 inches deep on the hunt and came home with venison. The party got two fine deer. Going they traveled through Santa Fe, Clovis and Taos sight-seeing and returning they came through Trinidad, Dumas and Amarillo.

Marysville News

By Mrs. John Richey

MARYSVILLE, Oct. 27 — Weekend visitors — Friday over Sunday — with Mr. and Mrs. Howard Houtchens were the Hershell Wilsons and the Bryan Houtchens of Electra. Other guests Friday through Monday were Mr. and Mrs. Roy Lemons of Harold. Mrs. Howard Houtchens was honored by the group Saturday with a festive birthday dinner, decorated cakes and gifts.

Mr. and Mrs. Ed Ballinger of Bethany, Okla., stopped for a visit Thursday morning with Mrs. John Richey enroute to Sulphur, Okla., for the afternoon funeral of his uncle Jimmy Ballinger of Sulphur. He had been residing in a nursing home since his wife's death on August 10 this year.

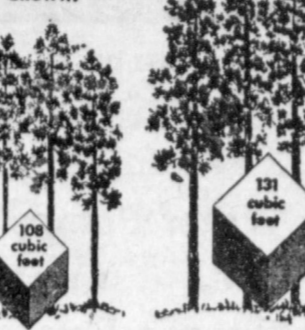

Mr. and Mrs. Tom Binford and Mrs. Jewel Clements of Gainesville visited the John Richeys Thursday.

Mrs. Rafe McElreath is recovering normally from surgery performed at Muenster Hospital Friday. Her sister Mrs. Earl McLaughlin of Dallas attended her bedside through Saturday. Rafe and daughter Becky were there also. Other visitors have been Mrs. Sid Ramsey of Arlington, Gordon Ramsey, Mrs. John Morris, the Ernest McElreaths, the Joe Carroll McElreaths, Mrs. William Hunter and Aubrey Spire, all of Gainesville, and Lish McElreath of Sivealls Bend. The group also cheered Mrs. Lish McElreath with visits. She had undergone surgery in Muenster Hospital Thursday. Friends from Marysville also have been visiting the patients.

Mr. and Mrs. Joe Doughty had as Saturday afternoon visitors their son Weldon, his wife and son Michael of Roanoke. Another son and family, the Wayne Doughtys, also of Roanoke were Sunday visitors.

DID YOU KNOW THAT:

10 YEARS GROWTH

Research in tree improvement by the Texas Forest Service has produced a strain of pine trees that shows growth far in excess of the average trees. A plantation of ordinary trees grew 108 cubic feet in 10 years. In contrast, one planted with the selected strain grew 131 cubic feet in the same period, a difference of 17 per cent in growth. This study is but one part of the overall tree improvement program of the Service aimed at producing better quality trees for tomorrow's timber grower.

Mr. and Mrs. Raymond Davidson were in Dallas Saturday and had dinner with friends, the Jim Hollingsworths. Sunday the Davidsons went to Sulphur, Okla., to visit her sisters Mrs. Irene Dawson, Miss Eva Betts and the Theron Woods. They saw part of what the 11 inch rain there recently had destroyed.

Miss Becky Davidson attended the State Fair Sunday with the Science Club.

Mrs. Charles Davidson has been helping her mother Mrs. O. B. Siegmund get settled in her new location at Gainesville, moving there from the Siegmund farm at Walnut Bend.

Mr. and Mrs. Grady McElreath and Brent were in Collinsville for a Sunday visit with her sister Mrs. Clay Landers and family.

Visiting the John Richeys Sunday morning were Herman Richey of Gainesville and his son-in-law and grandson Fred Muller and Richey of Arlington, the Tom Binfords of Gainesville and their weekend guests Mr. and Mrs. Jordan Rogers and daughter Guylene of Dumont. Having Sunday dinner with the Richeys were Mr. and Mrs. Fred Richey of Sivealls Bend. The four spent the afternoon in Ringgold with the Coy Fite family.

Kim Harrell of Gainesville celebrated her 15th birthday here with her grandparents Mr. and Mrs. Bill Moon. Friday night she was the honoree at a wiener roast on the creek bank and Saturday afternoon she was honored at a backyard cookout featuring grilled hamburgers. Guests were Pam Conley, Pat Hair, Sabrina Taylor, Kathy McKinney and Kim's brother Rex, all of Gainesville. Another guest Saturday was Mrs. Max Harrell.

Mr. and Mrs. Roy Tate were guests for a fish supper with their niece and nephew the Teet Trammels. They were joined there by her brother-in-law and sister the Clarence Smiths. Recent visitors in the Tate home were her brother and wife the Dock Youngs of Norman, Okla.

Mr. and Mrs. Don Ray Moon of Rockwall visited his folks

the Bill Moons Sunday. They were accompanied by friends the Johnny Fenters and two daughters of Mesquite and Mrs. Maggie Burton of Rockwall.

Visitors Thursday with Mr. and Mrs. Lloyd Young were Mrs. Earl Minor and daughter Robbie and Mrs. Wayne Riggs and daughter Amy of Euleus and Mrs. Susan Cowan and daughter Stacey of Fort Worth. Saturday and over Sunday visitors were the Young's son and grandson Mike and Brent of Fort Worth and a friend Richard Estes of Fort Worth and the Earl Minors and daughter. Joining them Sunday after church services at the local church was Brother Aubrey Spire, Mrs. Lloyd Young's brother.

Mr. and Mrs. Sam Sparkman were visitors in Saginaw Sunday with relatives and brought his mother Mrs. John Sparkman back to spend this week with them. Saturday Mr. and Mrs. Sparkman visited their nephew Robby Ramsey of Whitesboro, a patient at Wilson N. Jones Hospital at Sherman for treatment of injuries received while playing ball. Ricky and Robby Ramsey accompanied their uncle and aunt home for the weekend and Sammy Sparkman returned them to Whitesboro Sunday afternoon.

Local News BRIEFS

Infant Julie Ann Wyatt was dismissed from Muenster Hospital Friday and went home to Fort Worth with her mother and daddy the Danny Wyatts Sunday after a weekend visit with the baby's grandparents Mr. and Mrs. Ed Cler. Julie

H.O. Kinne, O.D.
OPTOMETRIST
201 E. Calif., Gainesville
State License No. 26

Ann was born Oct. 18 and remained in the hospital a few days after her mother was dismissed.

Tom Hess, junior at NTSU and his sister Darlene, a freshman there, were at home to join in the homecoming festivities at Sacred Heart. They spent the weekend with their parents, Mr. and Mrs. Ray Hess and family.

Weekending with Mrs. Bob Yosten, guests Friday through Sunday were her daughter Mrs. Curtis Holland and children Curtis Jr. and Loretta of Cleburne. They also visited other relatives and made pop calls on friends.

Among the homecoming crowd at Sacred Heart Saturday were Miss Monica Becker of Fort Worth and her fiancée Gene Lowery of Arlington. They were guests of Monica's

parents, Mr. and Mrs. Werner Becker Sr.

Mrs. Andy Schoech has returned from a 10-day visit in Kingsville with her son and family, the Melvin Schoechs. She was seeing for the first time a new granddaughter, Frieda who was born Sept. 25. The little girl joined Mel Jr., 8, Arnie, 6, Joy, 4, Ricky, 3, and Aaron, 2, in the young Schoech family.

David Otto of Wichita Falls was here Thursday making pop calls on relatives. He's a nephew and cousin of the Otto-Weinzapfel clan.

Mr. and Mrs. Gene Hartman and children Jeanna, Pam and Doug of Denton visited during the weekend with their families the Victor Hartmans and Mrs. Dick Cain and joined in homecoming festivities at Sacred Heart.

Ronnie Endres of Arlington was among football fans cheering for the Tigers at their homecoming game Saturday.

Weekending at home was Miss Linda Rohmer, student at the University of Dallas. She joined her family, the Arnold Rohmers in attending the homecoming of her Alma Mater, Sacred Heart School, Saturday. Family members took her back to college Sunday evening.

Eleventh Birthday

Mary Kay Grewing who was 11 years old Sunday celebrated by having three friends over at her home Friday after school and over night for a slumber party at the home of her parents Mr. and Mrs. Richard Grewing. The guests were Jeanann Hartman, Sandra Schneider and Donna Grewing. Mary's sisters Barbie and Sharon joined in the fun.

Earl Fishers Have Week in Maryland On Flying Trip

Mr. and Mrs. Earl Fisher had a week's vacation and made a flying trip to visit their son-in-law and daughter Nick and Joan Demshock in Baltimore, Maryland.

Together they crowded in a lot of historical sight-seeing including Harper's Ferry, the Constellation, famed wooden ship built in 1700 and in almost constant use, now a museum piece and restored to its original counterpart.

They visited Fort McHenry, Annapolis Naval Academy, historic Colonial Williamsburg where they spent two days taking in the sights including the governor's mansion and William and Mary College, where the original building 300 years old is still in use on the campus. They visited old plantations and mansions, saw the James River, toured Charlottesville and Monticello, among high spots of the sight-seeing.

They made the skline drive through the Blue Ridge Mountains where scenery was undeniably beautiful in autumn hues.

Earl also got in a bit of golf with his son-in-law. Mr. and Mrs. Fisher returned home Friday.

J. J. Haverkamps Get Surprises on 49th Anniversary

Two surprises greeted Mr. and Mrs. J. J. Haverkamp at their home in observance of their 49th wedding anniversary which was Sunday, Oct. 25.

An early surprise came Thursday when a group of relatives joined at the Haverkamp home taking refreshments with them.

Those present included Mr. and Mrs. Henry Koelzer of Fort Worth and Mrs. Anthony Luke, Mr. and Mrs. Al Fleitman, Mrs. Eddie Fleitman, Mrs. Walter Klement, and Mrs. Joe H. Walterscheid.

Sunday's surprise was a by children and grandchildren who provided covered dishes for dinner and supper and spent the day.

This group included Mr. and Mrs. Willard Zimmerer and Alan, Karen and Brenda of Dallas; Mr. and Mrs. Ferd Haverkamp and Leroy, Jimmy, Ronnie and Eddie of Carrollton, Mr. and Mrs. Raymond Hesse and Donna, Darrel and Lloyd of Denison, Mr. and Mrs. Wally Luttmner and Wayne, Roger, Kenneth, Bobby and Dianne and Mr. and Mrs. Ray Kupper and Mary Beth and Rose Ann, all of Lindsay, and Melvin and George Luke of Muenster.

The group said the celebration was "just a sample" of what the family is planning for Mr. and Mrs. Haverkamp's golden wedding day next year.

Jack Biffle, 66, Is Birthday Honoree

Jack Biffle, 66, Sunday celebrated his birthday at his home in Myra surrounded by his children and grandchildren who spent the day and had a noon birthday dinner prepared by Mrs. Biffle.

Attending were Mr. and Mrs. Jimmy J. Jack Biffle and children, Jim, Brad and Judy of Muenster, Mr. and Mrs. Sammy Biffle and children Gerard and Tresa Jane of Garland and David Biffle of the home. Also Miss Mildred Richardson of Forestburg.

It was seven-week-old Tresa Jane's first visit in her grandparent's home.

Visitors during the afternoon were Mr. and Mrs. Doyle Selby and Mrs. Daisey Hudspeth of Era.

Certain wasps have been credited with becoming the world's first paper mills. Their nests are paper-like substances which they make themselves.

Penni Hess, Three Birthday Honoree

Penni Hess, three years old Sunday celebrated Saturday with an afternoon party at the home of her parents, Mr. and Mrs. Gerald Hess.

Seventeen young friends and cousins and their mothers were guests for birthday cake and other refreshments and the youngsters enjoyed outdoor games.

The cake was a rocking horse which delighted the children and brought many exclamations of pleasure.

Special guests included Penni's cousin Mindy Klement and her mother Mrs. Lloyd Klement of Richardson and an aunt Mrs. Robert Russell. The honoree's brother Glenn and sister Laura were also at the party.

DENISE WALTERSCHEID, Sacred Heart Tiger Homecoming Queen, is flanked by members of her royal court during half-time ceremonies. To the left are Alane Yosten, Darlene Walterscheid and Donna Endres. To the right are Nancy Endres, Ann Bartush and Susan Endres. (Schafer Photo)

SH Homecoming Has Record Attendance

One of the largest crowds ever to attend homecoming ceremonies at Sacred Heart School gathered there for this year's football game and festivities Saturday night.

The Tigers had the audience cheering in their game with the Greenhill Hornets and they cheered again when Miss Denise Walterscheid was crowned homecoming queen in half-time ceremonies. Only disappointment of the otherwise jubilant occasion was the Tigers being on the short end of the 20-0 football score.

In ceremonies at half-time Queen Denise received her crown from Tiger Fred Fuhrmann her escort, who, in turn, had accepted it from last year's queen Carol Grewing. Others participating were Beverly Koelzer Yosten, 1967 queen who presented a dozen red roses, Gloria Gieb Fuhrmann, 1966 queen who presented the banner, and princesses in the royal court, Ann Bartush, junior; Susan Endres, sophomore; and Alane Yosten, freshman.

Their escorts, in the order named were Wayne Grewing, Mark Schmitt, and John Bartush, Tiger squad members.

Queen candidates were seniors. Escorting Darlene Walterscheid was Bill Bartush, escorting Donna Endres was Tommy Felderhoff and escorting Nancy Endres was Alan Hess, also Tiger squad members.

Queen's identity was not revealed until coronation

time. Participating also in festivities were Susan Felderhoff and Christi Rohmer, drill team mascots.

Before the game's kick-off at 7 o'clock the four queen candidates and the three princesses were escorted on the football field by their fathers and introduced to the assemblage.

Denise Walterscheid presented twin daughters Denise and Darlene, Donald Endres presented Donna, and Ed Endres presented Nancy.

Princesses Ann Bartush, Susan Endres and Alane Yosten were presented by their fathers, Charles Bartush, Ray Endres Jr., and Larry Yosten.

After the game there was a social and program and refreshments in the Parish Hall for ex-students with the Alumni Association as host and graduates of 1940, 1950 and 1960 as the honored classes.

Sylvan Walterscheid, Alumni president, was master of ceremonies, Father Placidus Eckart was speaker, Sister Mary John Seyler recognized the honored graduates and Mrs. John Yosten and Mrs. David Bayer presided at the guest book.

An added innovation came with two standing ovations for Sister Theresina who has taught most of the graduates. After Marty Klement, one of the honored graduates, was introduced, he mentioned this fact and the assemblage joined

in cheers for the deserving nun.

Among those attending from out of town to see the game and join in the program afterward were Mr. and Mrs. Herbert Cunningham, Mr. and Mrs. Jim Gehrig, Mrs. Gilbert Boydston, Miss Dianne Endres, Miss Margaret Kralicke, S.Sgt. and Mrs. Rex Simmons, all of Fort Worth.

Miss Joan Kaiser of Azle, Mr. and Mrs. Jim Myrick and Robert Miller of Arlington, Dennis and Donald Hess, Mr. and Mrs. David Forgey, Mr. and Mrs. Herbert Hundt Jr., Mr. and Mrs. Peter Wall, Mrs. Bob Fitch, Miss Linda Rohmer, Mr. and Mrs. Danny Yosten and Leo Hess, all of Dallas.

Mr. and Mrs. Dennis Hess of Richardson, Mr. and Mrs. Jim Fuhrmann of Irving, Mr. and Mrs. Bob Buehrig of Burk Burnett, Airman and Mrs. Tom Swirczynski of Oklahoma City, Mr. and Mrs. James Otto of Garland, Mr. and Mrs. Ray Wimmer of Sherman, Mr. and Mrs. Tom Fuhrmann of Eules, Mr. and Mrs. Bob Kupper of Marlin and Steve Hess of Fort Polk, La.

Misses Lynn Reiter, Karen Vogel, Emily Conrady, Darlene Hess and Dianne Sicking, Danny Hoenig, Rudy Koesler, Mr. and Mrs. Gene Hartman, Mr. and Mrs. Melvin Herr, Tom Hess and Dean Smith of Denton and others from Lindsay and Gainesville.

Tigers - - -

a drive that went 49 yards before it bogged down on the 9. A penalty donated 15 and Fred Fuhrmann, Kevin Swirczynski and David Krahl put together 34 yards in eight plays. But the Hornets called a halt at the 9 and did not budge in four plays.

Then Greenhill headed the other way and got to the Tiger 46 when the half ended.

Starting the second half the Hornets scored another quickie. McCutchin made 12, three more runs added to 9 and McCutchin took off on a 35 yard touchdown gallop, then passed to Maltese for extra points. The score was 20-0 and remained that that way to the end.

A Sacred Heart fumble on the next series gave Greenhill a chance from the 29. However the next 3 downs lost instead of gained and a kick gave Sacred Heart the ball on the 13.

That was the starting point of the Tigers' best drive. Fuhrmann and Swirczynski ran strong as the team gained 50 to the Hornet 37 and then made only 4 in four plays.

They gave up the ball at the 33. But they had it back one play later on a fumble at the 27. A penalty cost 5 yards, then Gary Endres' pass to Tommy Felderhoff got to the 9 just as the last quarter started.

Two runs, for 4 and 2, reached the 3. Another was stopped cold. And on the last chance an attempted end around lost 11 yards.

That was the end of scoring threats or progress by either side. For the rest of the time Sacred Heart made a first down and Greenhill two. Sacred Heart recovered a Greenhill fumble. Greenhill intercepted two Sacred Heart passes.

BIRTHS

Mr. and Mrs. Thomas Bayer announce a daughter, their second girl, born at Muenster Hospital Sunday, Oct. 25, 12:51 a.m. She's a sister for Rhonda, a grandchild for Mr. and Mrs. Martin Bayer and Mr. and Mrs. Anthony Klement. The Schmitz of Lindsay has another great-grandchild. The newcomer checked in at six pounds three and a half ounces.

Former Muenster residents Mr. and Mrs. Cyril Yosten of Greenville are proud parents of a daughter and the Felix Yostens and Albert Hesses of Muenster have a granddaughter. Mrs. Felix Yosten returned Monday night from a ten-day visit with the family. The newcomer arrived Friday, Oct. 16, 5:19 a.m. weighing seven pounds 14 ounces. She is welcomed also by her brother Mark. She was baptized Sunday. Her godparents are Thomas and Miss Gloria Yosten, an uncle and aunt of Mountain View, Calif. Serving as proxy sponsors for them were J. D. Luttmer of the University of Dallas and an aunt Miss Monica Yosten of Muenster.

Mr. and Mrs. Billy Atteberry of Nocona are parents of a daughter, eight pounds five ounces, born at Muenster Hospital Saturday, Oct. 24, 7:14 a.m.

Mr. and Mrs. Rudy Dieter of Lindsay have announced the birth of a son, nine pounds three ounces, at Gainesville Hospital Friday, Oct. 23. Others welcoming the little boy are three brothers and one sister and grandparents Mr. and Mrs. Phillip Metzler of Lindsay.

Christening service for Philip Joseph Reiter, infant son of Mr. and Mrs. Jerry Reiter, was held Saturday morning in Sacred Heart Church with Father Bede Mitchel officiating. Mr. and Mrs. Joe Paul Fuhrmann of Lindsay attended as godparents for their nephew. Others present were the baby's mother and his brother Gus.

Muenster boys in classes at Subiaco arrived Tuesday for the school's first quarter break. They'll return Sunday. They are Matt Yosten, Gene and David Voth and Jerry Caplinger, visiting their parents the Larry Yostens, Ted Voths and J. D. Caplingers.

Magic Formula Promotes Nutrition

Right side up or upside down, the 4-4-3-2 formula is magic in assuring well-nourished young people everywhere. And the magic formula is used by the 664,000 boys and girls enrolled in the national 4-H food-nutrition program.

They find the 4-4-3-2 formula an easy way to learn and practice good eating habits. Using the nutritionists' daily food guide, the formula suggests: four servings from the fruit and vegetable group; four from the bread and cereal group; three from the milk group and two servings from the meat group.

The 4-4-3-2 approach to well-nourished young people is featured in a series of manuals developed by the Cooperative Extension Service with the assistance of General Foods Corporation and the National 4-H Service Committee.

Starting with the magic approach in the unit, *Tricks for Treats*, the young people move into *All American Foods, Meals for Today the Easy Way* and *Foods with an International Flavor*. A guide for volunteer leaders supports each unit.

Planning, preparing and serving meals and snacks are cov-

ered in the attractive books. 4-H members enrolled in food-nutrition also learn about buyman-ship, nutrition, foods and customs of America and other countries.

Adding another dimension to the national 4-H food-nutrition program for the 10th year is General Foods Corporation's support through incentive and recognition awards. The company provides \$600 scholarships to six national winners and an expense-paid trip to National 4-H Congress to a winner from each state. General Foods also will host the group at the national 4-H event in Chicago, Nov. 29-Dec. 3. Four medals of honor are offered in each county.

Boys and girls between the ages of 9 and 19 are eligible to participate in 4-H including the food-nutrition program.

For more information about 4-H participation, contact the local county extension office.

Information about the 4-H food-nutrition manuals and guides may be obtained from the National 4-H Service Committee, 59 E. Van Buren St., Chicago, Ill. 60605.

Marysville News
By Mrs. John Richey

MARYSVILLE, Oct. 21 — Mrs. Grady McElreath and son, Brent, spent Tuesday afternoon at Burns City with their mother and grandmother, Mrs. Orbie Ingram, after Brent, a first grader had finished his classes at Muenster Public School.

Mr. and Mrs. Jack Tuggle were Sunday evening supper guests of their son-in-law and daughter, Mr. and Mrs. Eddie Jo Reeves and son, Michael, of Saint Jo, Michael was dismissed Thursday from the Muenster Memorial Hospital after being a patient several days.

Mr. and Mrs. Dan Davidson and family of Fort Worth and Miss Margaret Ann Davidson of Dallas spent Saturday and over Sunday with parents and grandparents, Mr. and Mrs. Raymond Davidson.

Mr. and Mrs. W. F. Davidson and granddaughter, Amy Davidson, spent Wednesday with his brother-in-law and sister, Mr. and Mrs. J. W. Breckenridge in Gainesville. Mr. and Mrs. Samuel Baker of Gainesville were Sunday afternoon visitors with his sister and brother-in-law, the W. F. Davidsons.

Saturday evening guests with Mrs. Earl Robison were her sons, Douglas Robison and family of Gainesville, and Jimmy Don Robison of Whitesboro. Jimmy is doing practice teaching at Whitesboro schools. Mrs. Earl Robison visited Sunday evening at Gainesville with the Douglas Robisons and was their overnight guest after attending services at the First Baptist Church in Gainesville with the family.

Mr. and Mrs. Rufus McElreath of Gainesville were Saturday evening visitors with Mr. and Mrs. Rafe McElreath and daughter Becky. Sunday dinner guest was Rev. Aubrey Spires following services at the local church.

Keep Matches Away from Young Children

Don't give fire a place to start!

Mr. and Mrs. Coy Fite of Ringgold were Saturday afternoon visitors with the John Richeys. Mrs. Lorene Cochran of Gainesville visited Sunday afternoon with the Richeys.

Mr. and Mrs. Joe Martellino of Gainesville were Sunday supper guests of Mr. and Mrs. Larry Sparkman.

Mr. and Mrs. Sam Sparkman visited with Mrs. Leonard Luttmr at Valley View Saturday evening.

Mrs. Agnes Parish and Mrs. W. B. Yancy and daughter, Tresa, of Hurst were Sunday guests of Mr. and Mrs. Tillman Bridges. Mrs. Parish also visited her sister, Mrs. Annie Huggins at the Golden Years Rest Home at Muenster as did Mrs. Yancy and Mrs. Bridges visit there with their mother.

Mr. and Mrs. Lloyd Young and daughters, Pam and Robyn, had as Sunday guests their two daughters and sisters and families, Mr. and Mrs. Wayne Riggs and daughter, Amy, of Euless, and Mr. and Mrs. Earl Minor and Robbie also of Euless; Mrs. Bonnie Colwell and daughter, Carol, of Fort Worth; Mrs. Clayton Gilmer and grandchildren, Sis-sy, Charlie and Scherri, and Mrs. Wiley Gilmer, Gainesville, mother of Mrs. Colwell. Mrs. Young was the honoree for a birthday dinner.

TP&L Announces Plan to Construct Now Power Plant

Texas Power & Light Company announced plans to construct a new power plant, capable of producing 775,000 kilowatts of electric power, at Lake Granbury in Hood County.

T. L. Austin, Jr., TP&L president, said construction of a 775-megawatt unit will begin in early 1972 with trial operations scheduled for late 1974.

The plant will be located about 7 miles southeast of Granbury. The unit will be gas-fired and will utilize the latest design in large steam electric generating equipment.

Electric power produced by the new unit will be fed into TP&L's 51-county system to assist in meeting the growing electric demands of the Company's service area.

A general contractor for the project will be named later, Austin said.

He explained that TP&L has received permission from the Texas Water Rights Commission to use water from Lake Granbury for its electric generating purposes.

Presently pending is a TP&L petition to the Texas Water Quality Board to allow the Company to discharge water back into the lake after it has been used for electric power production.

Lake Granbury was formed in 1969 by the construction of the DeCordova Bend dam, at which time the Brazos River Authority explained that part of the contained water would be used for future electric power production.

According to the Brazos River Authority, the DeCordova Bend Reservoir was built without use of any tax money and is financed entirely by revenues from sales of water by the Authority.

The Authority said "the principal revenues making possible construction of the project are provided under a contract with Texas Power & Light Company and Texas Electric Service Company for purchase of water for industrial use, including cooling water for steam electric power plants."

Whoopers Arriving At Aransas Refuge

Three adult whoopers — one pair, and one single — were sighted this week at the Aransas National Wildlife Refuge, it was announced today by Acting Regional Director W. O. Nelson, Jr., of the Bureau of Sport Fisheries and Wildlife. The whooping crane migration, slightly ahead of schedule this year, is followed with great interest because of this rare bird's uphill battle for survival.

Birdlovers were overjoyed with last year's record number of 56 whoopers which had reached their winter home on the Texas Gulf Coast. Refuge Manager Gordon Hansen, who supervises the Department of the Interior's wildlife refuge confirmed the sighting of the three early arrivals.

From a low of 15 birds in 1941, the flock has shown a slow but steady increase ever since the Aransas Refuge was set aside as their winter sanctuary. Last year 48 adults and 8 young made the perilous 2,000 mile trip to Texas from their nesting grounds in northern Canada. In addition to the wild birds, there are now 23 whooping cranes in captivity, most of them at the Patuxent Research Center, operated by the Bureau of Sport Fisheries and Wildlife in Maryland.

Enrollment Soars In Texas Colleges

There are 427,472 students in Texas public and private junior and senior institutions of higher education this fall. It's a new high!

Percentage of enrollment growth was 8.34 per cent over 1969 when enrollment reached 398,102. Texas growth rate is well above the national average of 4.5 per cent. Figures are preliminary.

Public junior college enrollment jump was phenomenal — 16.26 per cent — totaling 112,219. Public senior college and university headcount increased 5.63 per cent to 240,597. Private senior colleges and universities also gained — 4.61 per cent — to 67,810. Only the private junior colleges showed a drop. They were off 24.87 per cent, to 6,846.

RE-ELECT BEN BARNES LT. GOVERNOR

PROVEN LEADER FOR TEXAS!

Political advertisement paid for by Committee to Re-Elect Lt. Governor Ben Barnes, Ralph Wayne, Chairman.

"Auto theft is as disheartening to insurance underwriters who pay for so many stolen cars as it is to those who lose them," states an officer of the Independent Insurance Agents Association of California. "In 1964, one out of every 153 cars was stolen; but in 1968, one out of every 107 cars was stolen, according to U. S. government figures. The auto theft problem is another factor which causes automobile insurance rates to rise."

Why Preston Smith?

Preston Smith believes in working hard. For you. And that's why he's doing such a good job as Governor of Texas.

When Preston Smith entered public service, he didn't start by asking Texans to elect him Governor. That would have been foolish, because being Governor carries great responsibilities. And it demands the clear, steady judgement that comes only from experience.

Preston Smith had the good common sense to work his way up—gaining insight into how our state government functions.

He served six years each—as State Representative . . . as State Senator . . . and as Lieutenant Governor. Only then, when he felt fully qualified, did he seek the Office of Governor.

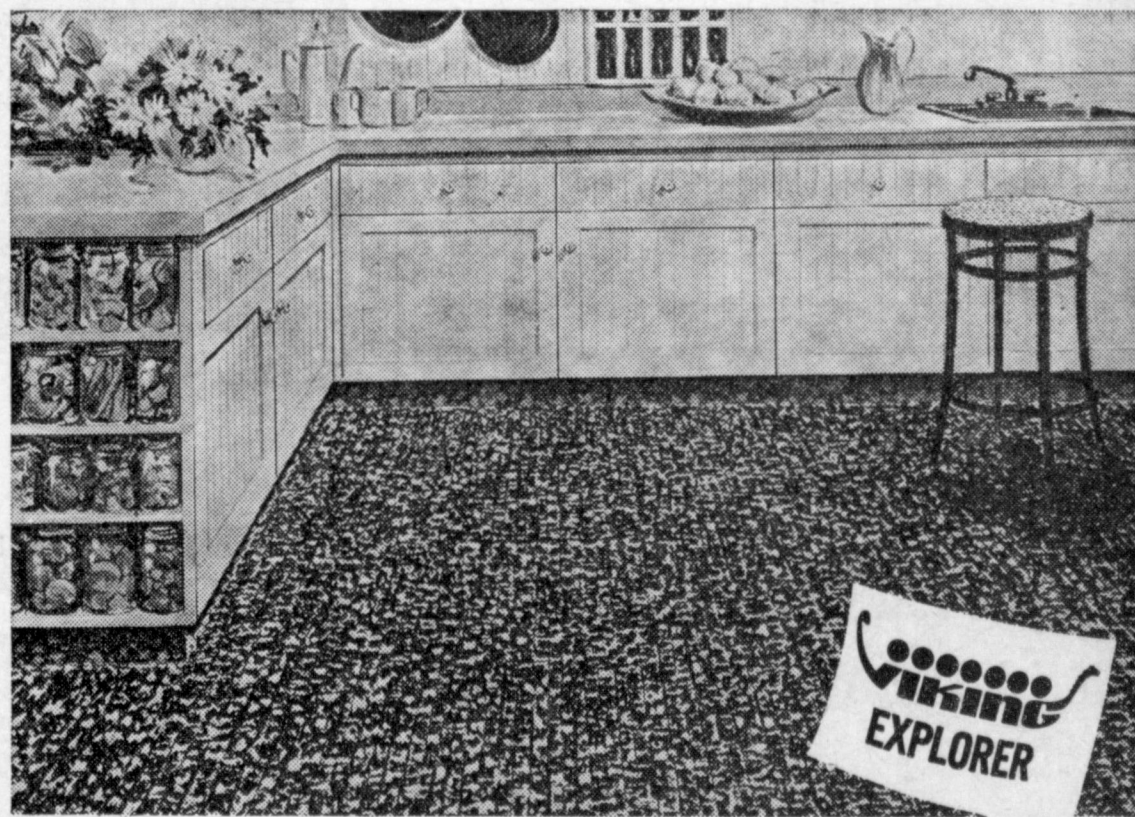

Now, after two years he has expanded the duties of the Governor's Office to better serve all the people of our State.

Yes, Preston Smith believes in hard work. For 20 years, he's been working for Texas—doing a good job. You can help keep him as Governor. Vote. Vote for Preston Smith on Tuesday, Nov. 3.

Preston Smith
is doing a good job. Let's keep him working for Texas.

(POL. ADV.—Paid for by the Committee for the Re-Election of Preston Smith, Mickey Smith, Chairman.)

Viking Kitchen Carpet is for women who don't believe in kitchen carpet. Because it works. Come in and let us prove it!

*Come watch us smear oil over it. Spill grapejuice on it. Scrub it with a stiff wire brush. Put a lighted cigarette on it. Prove to you that Viking Kitchen Carpet can take all the actions and accidents in the kitchen (and nursery, playroom, basement, dining room!) and come up looking like new.

And Viking is carpet — the Real Thing. Not felt, not pressed fiber, not grass — but carpet! Beautiful, warm, cushiony, sop-up noise, non-skid carpet. Engineered to go

where carpet never could before...to take all the dirty work out of keeping up your floors. No more waxing, buffing or de-waxing. Just a light vacuuming, an occasional sponging, and that's it!

This is the one that takes all the upkeep out of housekeeping. Hard to believe? Come see for yourself!

ONLY \$9.95 a sq. ft. completely installed

Viking Kitchen Carpet is made of super-dense nylon, woven super tight, and permanently bonded to a thick undercushion of B. F. Goodrich natural sponge (not foam) rubber.

"Explorer"—a Danish-inspired pattern in black/white; aqua/avocado; amber/gold; brown/russet; cardinal/flame.

*Ask for our free booklet, "Viking Effortless Floor Care."

New arrivals: a boy for the Weldon Bezners; a girl for the Edmond Vieths and Steve Longs.

**Seniors Urged to
Seek Scholarship
In Air Force ROTC**

Dallas, Texas — October 16, 1970 — HIGH SCHOOL SENIORS — Within the next few months you will be giving very serious thought to your future, and in particular the first step — a college education. For many of you, finances may be a factor in your selection of schools. Perhaps the United States Air Force ROTC program can assist you. The Air Force offers a four year scholarship program for selected freshmen. The scholarship provides full tuition, laboratory and associated fees, an allowance for books, plus a cash allowance of \$50.00 a month.

If the college of your choice has the four-year AFROTC program, you may want to consider applying for the scholarship. The training you will receive while in AFROTC cannot be matched. It will help you develop your leadership potential; create a disciplined personality, and generally prepare you for entrance into the Air Force Officer Profession upon completion of your college work. The deadline for applying for a scholarship begins in school year 1971-72

is November 14, 1970. For further details, see your high school counselor. If he doesn't have the detailed information concerning the program, ask him to write or you write to Air Force ROTC, Officer of Information, Maxwell AFB, Alabama. Ask for the bulletin on the Air Force ROTC Scholarship Program. You may also contact the Professor of Aerospace Studies at the following schools in Texas for information: Texas A & M University, Baylor University, Southern Methodist University, Texas Tech University, University of Texas at Austin, East Texas State University, North Texas State University, Southwestern Texas State University, and Texas Christian University.

The skunk uses his potent scent sparingly. He produces it at the rate of only about one-tenth liquid ounce per week.

As Friends Of Our Congressman

GRAHAM PURCELL

We Would Like To Remind You Of His Truly Distinguished Record Of

- ★ EXPERIENCE
- ★ HONESTY
- ★ INTEGRITY
- ★ DEDICATION

LOOK AT THE RECORD

LAW AND ORDER has become a major issue with Johnny-come-lately politicians only in recent months.

- Graham Purcell established a solid reputation as a dedicated crime fighter many years ago while serving as District Judge here in Texas. He established a particularly notable record in dealing with juvenile offenders, exercising firmness tempered by understanding. Such a depth of knowledge of the crime problem is needed more urgently than ever today.

VIETNAM and the end of the war is a big issue today.

- Graham Purcell has been intensely at work on this complex crucial national problem for nearly a decade. He has made four personal inspection trips to the war zone, gathering first-hand knowledge to enable him to deal more effectively with defense issues in Congress.

AGRICULTURE and the plight of the farmer is a perennial political issue.

- Graham Purcell is a recognized authority on American farm legislation. Agricultural leaders from all over the nation respect his leadership as a friend of the farmer and author of beneficial farm legislation. A top-ranking member of the House Agriculture Committee, he is chairman of the important Livestock and Grains Subcommittee.

POSTAL REFORM and better postal service has drawn a lot of attention recently.

- Graham Purcell has worked unceasingly for many years to improve the efficiency of the postal service. Only a few weeks ago Congressman Purcell, as a member of the House Post Office and Civil Service Committee, undertook an exhaustive investigation into mail service cutbacks in North Texas. A report on the probe is expected soon. In the meantime, there already have been noticeable improvements in mail service in many areas.

SHEPPARD AIR FORCE BASE is important to North Texas.

- Graham Purcell has been an effective force for many years in preserving the vital contribution that Sheppard makes to our defense effort. He has resisted reductions in size and manpower at Sheppard, and been instrumental in bringing new programs, construction and personnel to this important base.

CONSUMER PROTECTION is one of today's big issues.

- Graham Purcell hasn't just talked about consumer protection—he's done something about it. Under his leadership, Congress enacted legislation to tighten inspection on such products as eggs, poultry and meat, thus safeguarding the health and safety of American families. Additionally, Congressman Graham Purcell has made notable contributions to the work of the National Commission on Food Marketing.

Ad Artist Will Be Next Speaker in CCJC Art Course

Bill Taylor a leader in the field of advertising art will be the guest lecturer for the Cooke County Junior College Art Appreciation Course on Tuesday evening, October 27. This artist is excellent in a number of media as well as being original in concept and is a first rate copywriter.

Probably no other artist in Dallas has helped as many young artists, in training

counseling and job finding. Taylor established the placement service of the Advertising Artists Association and participated for 8 years in the Career Clinics of Dallas area schools. For 5 years he has toured with the Project Series, conducting on-campus advertising art seminars in 5 states. He has held most of the offices in the Society of Visual Communications and in the Advertising Artists Association.

It pays to advertise with the Muenster Enterprise.

Don't give fire a place to start!

Tiger Cubs Lose 12-6 to S&S Kids

Sacred Heart's Tiger Cubs had another bad night Tuesday when they took on the juniors of Sadler-Southmayd. The score was 12-6 and it all happened in the first half as S&S put on a good drive and a big play. Meanwhile the Cubs missed a golden opportunity to tie or go ahead.

S&S went for 70 yards in six plays to score their first TD on their first possession.

The Cubs got theirs just as the second quarter opened. Mark Hess broke through the middle and went 33 yards to the goal.

S&S tried to kick ending its next possession and a bad snap from center fouled up the play. All of the Cub line got in on the kill after which SH was

only 17 yards away. Three plays reached the 4, then everything went wrong. Two penalties cost 20 and four plays lost 11. When the series ended the Cubs lost possession on the 35.

Two penalties also cost S&S 10 yards, but then a scaback got away for a 75 yard TD.

The second half was played entirely in SH territory but Cub defense was stout. Best advances by S&S were to the 13 and the 8.

Health Hints FROM BLUE SHIELD

Backaches

Backaches can be a real pain! While backache is one of the most common ailments, it is among the most difficult to diagnose properly. Back pain can be caused by emotional stress, poor posture, shoes that don't fit and heels that are too high. Arthritis, internal injury, kidney trouble or gall stones can also create backaches. Never permit a backache to be treated by massage or other methods until a physician has made an examination. Haphazard massage or heat treatments may temporarily relieve the pain, but may also camouflage the real cause of the problem.

Veneral Disease

Syphilis and gonorrhea, commonly termed veneral diseases, have become the number one infectious disease problem in the United States. More than one million new cases are contracted each year, half of which are found in teenagers and young adults under age 25. Syphilis may eventually result in paralysis, insanity, blindness, heart disease and death. Gonorrhea can cause blindness, arthritis, and sterility. A blood test can confirm syphilis, while a microscopic examination is used to diagnose gonorrhea. To assure prompt diagnosis, treatment, and cure, anyone who suspects he has contracted VD should see his physician at once and confide in him fully.

Aspirin & Toothaches

Aspirin, in all its different forms, is one of the most commonly used remedies for a toothache. Contrary to popular opinion, an aspirin placed directly on an aching tooth can burn the gum tissue surrounding the tooth and can also damage the tooth structure. Aspirin won't cure decay and may mask your symptom. The disappearance of a toothache doesn't necessarily mean that the problem has been eliminated. Rather, the tooth may be diseased and in need of treatment or extraction. Only your dentist can halt the progress of tooth decay.

Heroin Addiction Cure Is Available

HOUSTON, Texas — Your doctor now has available a way to conquer completely heroin addiction. This announcement was made today by Doctor Paul Williamson of Practice Research, Inc.

"First, we put the patient on methadone which might be described as a milder narcotic," Doctor Williamson said. "When an addict takes methadone, he can hold a job or go to school. This is impossible on heroin. In six months to a year, after he establishes a normal life, we then use electrosleep to take him off methadone."

"Electrosleep has been used for as much as ten years in Germany to fight addictions," the doctor said. "It is now being manufactured in Texas, in New York and will shortly be manufactured in Nebraska. The Russians have had a similar technique for twenty years and the Japanese for about eight."

"We have the means, but we haven't the people," Doctor Williamson said. "It is the function of Practice Research to tell the people and the doctors what now can be done. We cooperate in any way possible with all existing anti-heroin programs. Our work is funded by foundations."

"For example, in Fort Worth, there is an entirely private program run by Doctor P. J. Carter. He has had great success with many addicts. Our job is to inform the people and to do anything within our power to assist Doctor Carter."

DEBBIE YOSTEN, a senior, pictured with the crown and the bouquet of mums, was queen of the Muenster High School homecoming festivities last Friday night. Other candidates for the honor were, left to right, Candace Wimmer, Dolly Bayer and Kristie Stormer. Their escorts, all members of the Class of 1970, were Tommy Henscheid, Bobby Bruns, David Fette and John Felderhoff. (Schafer Photo)

MHS Exes Gather for Homecoming Reunion

Former students of Muenster Public School had a memorable and delightful reunion Friday night at the school's annual homecoming festivities. The highlight of their program was a thrilling football victory in which the MHS Hornets overcame an early 13 point deficit in beating the Lake Dallas Falcons 24-13. The win was especially relished because of the keen rivalry that has developed in recent years between the schools.

Traditional queen crowning ceremonies preceded the game and a dance in the K of C hall followed.

First on the program was a parade of MHS band and students from downtown escorting the four queen candidates, who were met at the football field and escorted before the grandstand by four of last year's graduates. Senior Debbie Yosten was escorted by Bobby Bruns, Junior Kristie Stormer by John Felderhoff, Sophomore Candace Wimmer by Tom Henscheid and Freshman Dolly Bayer by David Fette. The MHS band formed a semi-circle behind the group as a background for the ceremony and played "Let Me Call You Sweetheart" after the coronation.

Announcer for the ceremony was Ronald Smith, band director. He introduced each candidate and her escort as they approached their positions before the grandstand, then revealed the result of the secret ballot by football players in selecting the queen. Their choice was Debbie Yosten.

Smith then introduced Elaine Otto, the 1969 queen, John Pagel, president of the exes, Dolphy Joe Hellman, vice president and Mrs. Charles

Hornets - - -

yards on penalties. The pay off play was another 8 yard pass to Felderhoff. A kick for extra point was bad. The score was 13-6.

About midway in the second period Muenster had a big set-up after blocking a Falcon kick and getting free yards half way to the goal on a penalty. That was on the 10 but the Hornets could not make it. After four tries they lost the ball at the 3. They were still trailing 13-6 at half time.

On their first possession of the second half the Hornets started clicking again. Tim Hennigan got 3 and Henry Knabe 6 before Jim Endres on a keeper rambled 43 yards to the 18. A penalty advanced them to the 9 and the third try after that was a pass, Endres to Felderhoff, for 5 yards to pay dirt. A pass for bonus points failed. Hornets still trailed 13-12.

The Falcons' comeback was immediate and stout, a 53 yard drive in ten plays before Felderhoff's interception stopped it on the 17.

After forcing Muenster to kick on the next series Lake Dallas was moving again, gaining 27 to the 17 before Muenster defense stopped the next series cold and took possession on the 18.

At that point the Hornets cranked up their go-ahead drive. Earl Koelzer, Tim Hennigan and Henry Knabe got the ground gains, and John Schneider and Glenn Felderhoff received the passes in the 82 yard push in 12 plays. A 15 yards pass to Schneider scored the TD as the clock said 7:07 in the last period. A run for bonus points failed leaving the count at 18-13.

The final march started after holding the Falcons on a fourth down attempt. With 40 to go the Hornets got 10 on

two plunges by Hennigan then free yardage to the 15 on a penalty. Then they encountered a double tough defense needing four tries to get a first down on the 4 and four more to finish the job. Jim Endres made the last foot on a quarter back sneak. The try for extra point went wide.

Big Day Planned At Montague for SCS Celebration

Mark your calendar for Friday, October 30th as this is the date for the "Final Acre Celebration" for Montague County. On this day at the county seat, Montague, Texas, a planned program of band music, soil's explanation, and brief speeches will be given starting at 10:30 a.m., Friday morning on the Court House lawn. A light lunch will be served following the program.

This special day is to celebrate the completion of all soil mapping in Montague County. This work started about twenty-five years ago. As a result of this achievement a published survey will be made showing all soils in the county in book form. This information will be available to the general public when it is released.

The Soil Conservation Service has taken the lead in this soil mapping work through the assistance rendered by the Upper Elm-Red Soil and Water Conservation District. Each acre of land has been properly identified by name and major characteristics. Soil surveys have many values not only to the land owners but to the urban people, the city and county planners, to the

highway engineer, and to the city developer. This is a noteworthy accomplishment for Montague County.

Olie Carriker, manager of Radio Station KBAN, Bowie-Nocona, will serve as master of ceremonies. Band music, will be played followed by a short speech by Logan Crews, Assistant State Conservationist with the Soil Conservation Service. Lee Putman, and Dennis Clower area soil scientists, will officially map the last acre of the county to complete the survey work. You are invited to be present for this special celebration.

Confetti - - -

the deciding vote. Not to be overlooked is the matter of civic pride. We can be a credit to the community by flocking to the polls, and all of us can share in the community's good citizenship record.

Mr. and Mrs. Tom Fuhrmann and daughter Jennifer of Euless were weekend visitors with her parents, the Gene Giebs and also visited his parents, the Val Fuhrmanns. They attended SH Homecoming Saturday.
