247 Are Enrolled In Red Cross Swim Classes

Muenster's second largest Red Cross swimming course is in session now. A check of the list Wednesday by Carl King, pool manager, reveals a total of 247, just 3 under last year's high of 250.

A breakdown of the figures shows beginners head the enrollment list with 110. There are 70 advance beginners, 44 intermediates and 23 swimmers.

Rosemary Fisher is director of the program and she is assisted by Peggy Hellman in supervising the instructions by 28 instructor aids. Both of the girls have Red Cross ratings as water safety instructors.

The course got under way Tuesday and continues through this week and next week, except July 4. There are three 1-hour periods each morning and schedules are arranged so that each pupil will receive five hours of instruction. At the end of those who pass their courses will receive official Red Cross pins, badges or certificates.

There will also be special ratings for the instructors, based on their effectiveness as teachers. Besides serving as awards they will be useful to those who wish to continue in the Red Cross water safety program.

Next on the local pool's program, according to King, are junior and senior life saving classes for the more advanced swimmers. Students must be 12 years old to enroll in the junior class and 16 years old to enroll in the senior class. Rosemary Fisher will be the director again. About the only detail still to be decided, King said, is the starting date. He said it will be soon after the present course ends and the date will be published as soon as it is known.

Instructors' aids assisting Misses Fisher and Hellman are Ann Stewart, Beverly Koeler, Kathy Miller, Donna Endres, Sue Flusche, Peggy Endres, Mary Ellen Endres, Janice Grewing, David Fette, Bobby Bruns, Frank Luke, Johnnie Schneider, Jim Endres, Fred Fuhrmann, Mike Endres, Rita Fette, Kathy Swirczynski, Cindy Swirczynski, Carl Endres, Jill Swirczynski, Mary Jane Swirczynski, Alan Miller, Roy Reiter, Paula Herr, Doris Schilling, Margaret Kralicke, Janice Wilde and Joan Wilde.

In his letter James also mentioned that mail has been censored and their newspapers arrive with stories clipped.

Muenster Team Leads in County Softball League

Muenster's Center took the lead Tuesday night in the Cooke County Softball League. It has a 3-0 standing after winning 8-4 in a tussle with Bullard Supply for the top spot.

A big second inning put Adam Wolf's fellows in command. Bullard had taken a 1 run lead in the first on 2 hits and an error, and the Center came back slugging the next inning. Six hits, an error and a walk were converted into 7 runs. An error followed by a double in the sixth gave the Center its eighth score. Bullard got 1 in the 5th on 2 doubles, 2 in the 6th on Gilbert Hermes' homer following a single.

George Petrus, pitching for Bullard, fanned 8, walked 5, and allowed 9 hits. Alvin Hartman fanned 2, allowed 7 hits and no walks.

Center's hitters were Carl Walterscheid 2 doubles; Leonard Reiter a single and a double; Tommy Herr, Willie Walterscheid and Alvin Hartman each a double; Tomny Flusche and Adam Wolf each a single.

In their second game, with Southland Paint, the Muenster fellows made a race track of the diamond. Final score was 28-1, with two homers for Tommy Herr.

Site Okayed for Cable TV Tower

Muenster Telephone Corporation has received its permit to build a tower and antenna for its proposed Cable TV service. Alvin Fuhrman, manager, said this week all is clear now and prospects are still bright for having the service available for new programs in the fall.

The tower will be located about 1500 feet northeast of the Precinct 4 equipment shed at the northeast city limit. It will be 250 feet high.

Joe Fisher Heads 4th Degree KCs

J. W. Fisher and Joe Horn swapped jobs in the Bishop Danglemyr General Assembly of the Fourth Degree Knights of Columbus as a result of the annual election held Monday night, the 26th. Fisher now heads the organization as faithful navigator, succeeding Horn. And Horn has Fisher's former post of sentinel.

Another change was the election of J. P. Flusche to succeed Andy O'Connor as captain. However, since O'Connor has been bedfast for many months, the members voted to give him the title of honorary captain.

Other officers were re-elected. Father Alcuin Kubis, friar; John Mosman scribe, Henry Weinzapfel, comptroller; L. A. Bernauer, purser; J. C. Trachta, pilot; Otto Sladeczek of Sherman, admiral; Nick Miller, sentinel.

The local assembly is made up of members from Muenster, Lindsay, Gainesville, Sherman and Decatur.

James Hess and Family to Join, Live in Kuwait

James Hess who works for the Kuwait Drilling Company in Kuwait, Arabian Gulf, writes his parents, Mr. and Mrs. Gary Hess, — the letter dated June 20 — that things are getting back to normal after the holy war and he's looking forward to joining his family at Copenhagen, Denmark, the latter part of July. He has been with the company a year and will have a month's vacation.

His wife and children Gina, Una and James have been with her parents in Copenhagen where Mrs. Hess helped her mother care for her father during a long illness. He died last month.

After their vacation — they plan to spend part of it seeing Spain — the family will be together in Kuwait. James has living quarters and their furniture is on the way.

In his letter James also mentioned that mail has been censored and their newspapers arrive with stories clipped.

2 Buildings Okayed For Public School

Two new buildings for Muenster Public School — a classroom building and a field house — will be under construction as soon as workers can get on the job.

That was the decision of the school board in a special meeting Wednesday night. Charley Hellman, board president, said the classrooms come first and will probably start before the end of the week. The other will start at the first opportunity. Both are to be finished for the next school term. The jobs are being built jointly by the two local lumber yards.

The class building will be

located at the northwest corner of the school ground. It will measure 136x50 with the long dimension running east and west. That will provide a ten foot corridor with four classrooms and a rest room at each end. Classrooms will be just under 20x30 each and rest rooms just under 20x16 each. It will have entrances at the east and west ends.

Walls will be heydite tile filled with styrofoam for insulation, the roof will be baked enamel on steel, ceilings will be suspended acoustical tile, lights will be fluorescent.

Original plans for central cooling are less firm than before. Trustees are less interested as they consider the cost and the number of days per year it is likely to be used.

The field house will be located north of the Hornet football field and will measure 30x100. Its dressing rooms will replace the small ones beside the gym which are outgrown. The old dressing rooms will be used for PE locker rooms.

Jaycee Fish Fry Plans in Motion

Muenster Jaycees are working now on their annual fish fry, to be held in the city park Friday night, July 28. Funds raised by the event will be used for the park improvement program.

The park program is mostly an expansion program and will almost double the shaded picnic area. It consists of removing under brush from the southeast part of the park and planting carpet grass. Also included is furnishing the area with picnic tables and barbecue pits — and removal of the oil storage tanks near the swimming pool. Volunteer workers on the project, mostly Jaycees, are on the job almost every evening.

Tickets are available now from the Jaycees for the fish fry. The cost is \$2.00 for an adult and \$1.00 for a child under 12. The menu, printed on the back of the ticket, promises fresh catfish — "all you can eat" — plus pinto beans, macaroni, onion rings, tossed salad, pickles, lemon, hot rolls and tea.

CDA Sponsors Variety Program For July Fourth

Plans for a bang-up Fourth of July celebration here have been completed by Muenster Court Catholic Daughters of America, sponsors of the program.

Most of the events are free and the public is invited to attend at City Ball Park.

This is a contest with prizes for the best decorated boy's and girl's bicycle and two prizes, first and second, in the tricycle lineup. Mrs. Martin Kralicke, chairman, said prizes to be awarded are on display in the window at Ben Franklin Store.

At 7 p.m. a women's softball game will be the feature attraction.

From 9 until 9:30 there will be a fireworks display and following, all youngsters "can shoot their own" but only in the park.

An added attraction for teens will be a street dance from 9 to midnight at Third and Oak — KC Hall and park streets. The Circle will play. Dance tickets will be one dollar each.

CDA members will sell eats and drinks in the park from 6 to 9 o'clock.

One might say that LBJ was using courtesy as a cold war weapon during the past weekend. And most of our country is ready to agree that he did the job very well. Despite early snubs he persisted with the red carpet treatment until the reluctant Kosygin had to accept US hospitality or stand convicted of very rude diplomatic behavior.

At the same time the president scored a slick triumph over communist propaganda. That's obvious from the fact that the Soviet press was conspicuously silent about the summit meeting. The reds were caught by surprise and did not have a chance. On short notice they did not have time to prepare their usual well planned publicity exploiting the occasion to their advantage.

We have to admit, of course, that circumstances favored us in this event. The Mideast situation was serious enough to warrant the personal appearance of Russia's top man at the United Nations. He decided to come on short notice, too short to allow the usual special preparations for a summit meeting. That could explain his original reluctance to talk with the president. However the special efforts made by LBJ, especially the genial, hospitable attitude, allowed Kosygin little opportunity to decline.

We can be glad that the meeting was arranged at this time. Fresh from the debacle in the Israeli - Arab war, the Soviets have just experienced one of the worst set backs ever in their long time effort at leadership in global power politics. One would suppose that they are less arrogant than they have been for a long time and more inclined to listen to reason.

There never was a better time to tell the reds about our ideas for world peace — about the urgent need for all countries to abandon the power struggle and strive for their people's welfare. We would like to think that President Johnson succeeded in putting that point across and the past weekend will mark the beginning of easing tensions.

At the same time we should be aware that we certainly cannot take things for granted. While willing to cooperate in peace efforts we must keep up our guard. Russia has a bad habit of breaking agreements.

The report is out that Russia again faces hard times because of crop failures. If so we can expect our good will to be expressed in offers of more grain to them — and probably also to the Arabs, who seem to be in even worse trouble. This seems to be a fine opportunity for requiring that Russia quit agitating war and supplying weapons for the red campaign in various parts of the world. Surely Kosygin should understand that we want no more of the old arrangement in which we sent food to Russia while it sent out war equipment to kill our soldiers.

This column has been convinced for a long time that the American news media have contributed to social turmoil by playing up the sensational news. Loud mouth rable rousers like Stokely Carmichael and Martin Luther King have become much bigger than they deserve mostly because the press and radio and TV have made big news of their disgraceful statements.

Incidentally, the \$64 question these days is why law enforcement people don't lower the boom on Carmichael. Things he has been saying and doing are most obvious cases of inciting to riot. We have laws to deal with that, but this modern outlaw apparently remains immune. The crimes he has provoking in rioting, arson, looting and murder easily qualify him for rating as the nation's Number One Public Enemy. He deserves to be locked up for life. Still he remains free to cause more and more trouble.

But back to the subject — a prominent Negro lawyer says "I'm tired of having my leaders selected for me by NBC and CBS television networks." He was referring specifically to Carmichael. "We can't take care of Stokely because he's not responsible to us — and he is described as our leader. Well, I'd like to pick my own leaders so I can kick them out when they get out of line."

An old saying states that (Continued on page 8)

WILL NON-COMMERCIAL TV BE EDUCATIONAL OR BRAIN-WASHING?

The U. S. Senate about three weeks ago passed by voice vote a bill setting up a system of non-commercial, educational TV and radio stations. It was passed by a voice vote and has gone to the House where its sponsors may succeed in getting it the same off-the-record approval. Anything advanced in the name of education slides by like greased lightning in the Congress. We don't know if education is a Sacred Cow of a Golden Calf, but the politicians bow down and worship when the word is heard.

The measure extends and expands a five-year program of federal grants for construction and operation of TV and radio stations.

It would establish a Corporation for Public Broadcasting, controlled by a 15-member board.

And right there is where the sleeper lies. The President would name nine members of the board and they, in turn, would select the others. Of course, those they select will be carefully screened and their views no doubt will coincide with those of the ones the President selected and be right

in line with what the President also thinks.

With that kind of control of a propaganda machine as part of the Government, how can we point the finger of scorn at the Russian practices of "brainwashing?"

The bill calls for an appropriation of nine million dollars for the first year and authorizes \$10.5 million for federal grants toward the construction of new stations within this year. And don't forget our national elections are next year.

EXPO MONTREAL

Americans preparing to journey to the "World Fair" in Montreal, Canada, should prepare for some shudders that haven't been widely publicized. One, in particular, is the Cuban pavilion. There are some 250 Cuban delegates, 60 of them "security personnel". And it shouldn't take much imagination to realize the types that Castro will trust to depart Cuba to represent him in Canada. You can get a Havana cigar there if you wish. But don't turn your back on the types passing them out.

DRAFT-DODGING PLAN

Lawrence Timbers, of Washington State, suggests legislation permitting any young men who so wish to refuse to serve in the armed forces. By this plan all the young men would have to do is sign appropriate papers giving up for life the right to vote, the right to hold public office, or to receive Federal financed benefits of any and all kinds.

DREAM BECOMES NIGHTMARE

In effect, Secretary of the Treasury Henry H. Fowler has announced a speed-up of inflation.

Of course, he didn't call it by that nasty word. What he talked about was raising the "permanent" ceiling of the admitted national debt from \$285 billion to \$365 billion — an increase of \$80 billion over the "permanent" present "ceiling" and \$29 billion over the "temporary" ceiling of \$336 billion.

Those figures are beyond most persons' comprehension, but the meaning isn't.

What's happened is that President Johnson and his twisted-arm followers in Congress have become confused between the nightmare in Vietnam and the Great Society dream. They escalate the war, and escalate spending for the dream, too.

So when there isn't money enough to cover expenses they merely raise the "ceiling" and incur more indebtedness.

What this means is that the President and Congress recognize no reins on spending. All they've got to do is mortgage your future a little more, and a little more, and still more.

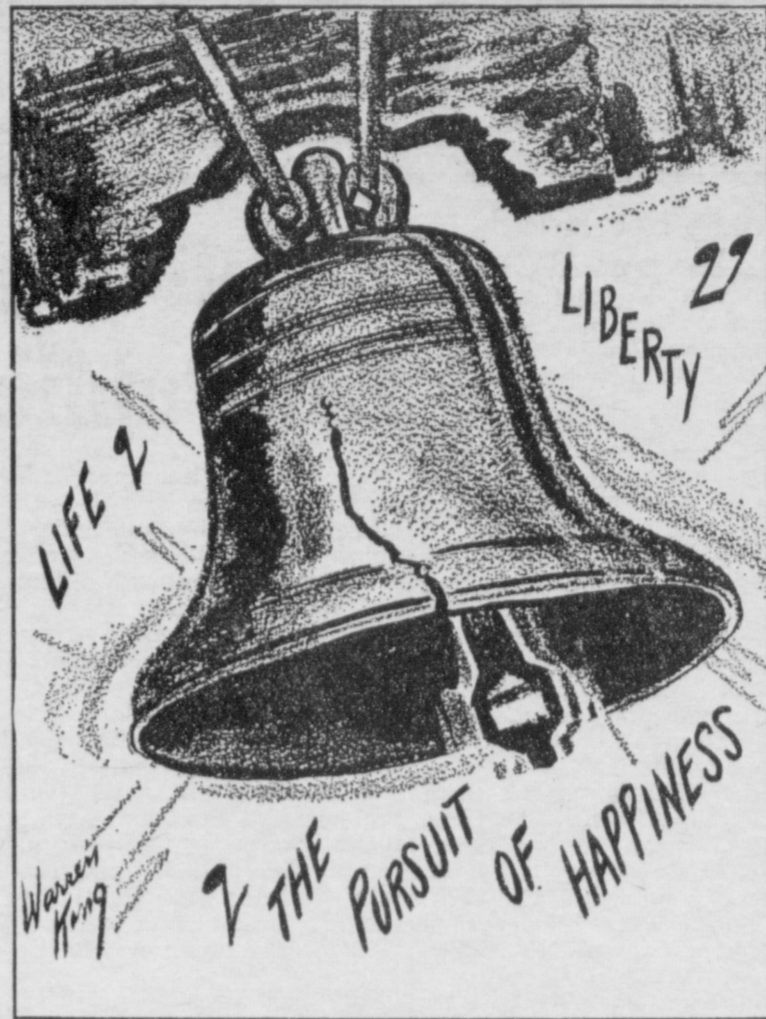

For you it means that you work more hours per day to pay your taxes and have fewer hours left to earn your living. To illustrate: Since Jan. 1, 1967 you've been working two and one-half hours a day for taxes, and five and one-half hours for other needs. What this means is that Uncle Sam is increasing his borrowings and his spendings, and you'll soon have to work three hours a day to pay taxes and have only five hours left to work for other necessities.

Another raise or two in the debt ceiling will have you working half your time to support Uncle Sam. One of the reasons you don't recognize what you pay for in your working hours is because tax "extractions" are made the "painless way" by withholdings from your pay check, and by indirect levies on everything from your purchase of imports to your purchase of a gallon of gasoline.

The politicians' dream is turning into a nightmare with frightful nightmarish consequences.

LET FREEDOM RING

FOURTH OF JULY

On Independence Day, 1967, it might be well for us to remind ourselves that the freedom which we commemorate is not self-perpetuating. It is something we must work for, conscientiously and continuously, even as did our forefathers. They were ready to die for freedom; can we do less than strive to nurture and protect it?

Of the fifty-six who signed the Declaration of Independence, five were captured by the British and executed as traitors; nine others died from wounds or the hardships of the Revolutionary War. Still others saw their homes and plantations destroyed. For those who lived the reward was poverty — their possessions commandeered, their lands laid waste.

These were the men who gave us an independent America one hundred and ninety-one years ago. They are the men who pledged: "For the support of this declaration, with a firm reliance on the protection of the Divine Providence, we mutually pledge to each other, our lives, our fortunes, and our sacred honor."

Through their sacrifice we do have freedom. We do have our unalienable rights of life, liberty and the pursuit of happiness.

Let us not take these sacred rights and our God-given freedom for granted. There are those who would chip away, little by little, these things we cherish most. It's up to us to prove that we will not be deprived of our heritage.

KOREAN TRUCE VIOLATION

A letter from the Department of the Army states, in part: "A record has been kept of the Korean truce violations on both sides since Military Armistice of 27 July 1953. The violations as of 1 November 1966 are as follows: a. The United Nations command has

charged the North Korean/Chinese Peoples Republic with 5,300 violations . . . b. The North Korean/Chinese Peoples Republic have charged the United Nations command with 42,211 violations . . . That's an average of 70 alleged violations a day on both sides. Busy peace isn't it?"

It seems like every time you're about to catch up with the Joneses, they refinance. Speak softly and only those closest to you will ever know how little you know.

TRUTH IN PACKAGING

In Tallahassee, Florida, State Legislator Donald Reed asked the legislature to amend a "truth in packaging" bill to prevent women from wearing hair dye, wigs, wiglets, false eyelashes, contact lenses, falsies, hippads, girdles or make-up. The language of the amendment included items tending to "alter the appearance of any package to such an extent as to deceive one as to the actual contents thereof."

The amendment was passed by an overwhelming voice vote. Whereupon it was quiting time and the legislators had to go home to the little woman.

Congressman Reed withdrew the amendment before adjournment.

**Kathleen Yosten
And Edward Bonner
Say Wedding Vows**

Sacred Heart Church was the scene of wedding ceremonies Friday at 7 p.m. when Miss Kathleen Yosten became the bride of Edward Bonner.

Parents of the couple are Mr. and Mrs. Henry Yosten of Muenster and Mr. and Mrs. E. F. Bonner of Forestburg.

Father Alcuin Kubis officiated at Mass and performed the double ring ceremony. Anthony Luke, organist, and the men's choir provided nuptial music including "On This Day" and "Ave Maria." White gladioli and candles adorned the altar before which the couple pledged vows.

The bride, presented in marriage by her father, wore a gown of white lace with fitted bodice, long sleeves and ruffled skirt cascading in tiers into a chapel train. A crown held her veil and she carried a colonial bouquet of white roses, stephanotis and English Ivy.

Miss Carol Ann Yosten, bride's sister, was maid of honor, and Doug Yosten, a brother, was best man. Ray Stewart and Tom Yosten, cousins of the bride, ushered.

Miss Yosten wore a sea green floor-length dress with lace bodice and nylon chiffon skirt, and a matching veiled headpiece. She carried a sin-

gle long-stemmed white rose. Her dress was made by the bride's grandmother, Mrs. Frank Yosten.

Other grandparents at the wedding were the maternal grandfather and grandmother of the bride, Mr. and Mrs. Henry Wiesman.

Wedding reception and buffet dinner were in the Parish Hall where Miss Monica Yosten, a cousin, registered 150 guests. The bride's table carried out her colors with white wedding bells and green gladioli and held the handsome wedding cake. It was served by Mrs. Henry Spaeth of Gainesville after the couple cut the first piece. Other members of the house party included Mrs. Joe Lehnertz and Mrs. Gertrude Bayer. Mrs. Lehnertz catered the meal also at the wedding of the bride's parents 20 years ago come Nov. 22.

Following a short honey-

moon, the newlyweds are at home in Denton where he is employed at Moore's Business Forms. He was graduated from Forestburg High School. She is a graduate of Muenster High School. For her wedding trip the bride wore a turquoise knit suit with beige accessories.

are remembered as the Davidson sisters Juanita, Bertha and Lois, sisters of Mrs. Ralph Esker of Oklahoma City, also formerly of Muenster. The group spanned many years reminiscing and catching up on family news. It had been 13 years since Mrs. Fleitman and Mrs. Gilbert had seen each other.

Mr. and Mrs. Stan Wylie and children of Grand Prairie spent Sunday with her parents, the Bill Kathmans.

Miss Marliese Kupper of Marlin is vacationing two weeks with her cousin Nancy Fuhrmann. She came to Muenster with her brothers, Chris and Phill, who were weekend guests of Mrs. W. H. Endres.

Seeing Muenster for the first time this week is John Listi of Dallas, vacationing with Gary Fetsch and the Paul Fetsch family. John, 10, is en-

joying farm life while his parents are vacationing in Las Vegas.

Mrs. Anthony Lamanna and children are ending a visit with her parents, the Ray Klements, this weekend, when the husband and father joins them for a visit and they'll return home together. He brought them to Muenster two weeks earlier.

Sunday visitors with the Herb McDaniels at their home and with J. B. Wilde at Muenster Hospital were a second cousin, Clarence Micke, his wife of Gilman, Wis., and their daughter from Minnesota. It was their first visit here. They were enroute to Dallas where the daughter, who is a county agent, attended a meeting this week.

Dividing a weekend visit with the Bill Derichsweller and Gary Hess families were

their children Mr. and Mrs. Dale Hess, Deana and Darrell of Lewisville. A nephew, Jim Schmitz, accompanied them home and is spending this week in Grapevine with another aunt and family, the Richard Zimmerers, who met him at Lewisville.

Mr. and Mrs. Ray Evans have as their guest this week his sister, Mrs. Irene Meadows of Madill, Okla.

Mr. and Mrs. Ed Swirczynski and children of Fort Worth spent a few days this week with his parents, the Joe Swirczynskis, and other relatives while they were on vacation.

Mrs. Harold Walterscheid and granddaughter Jimmie Lynn Harris of Oklahoma City, who spent the week here, went to Fort Worth Sunday to spend the day with the Charlie Stelers. Jimmie Lynn remained there with her uncle and aunt

to spend this week. Her sister Starla Harris, who spent last week with the Stelzers, accompanied her grandmother home to spend this week in Muenster.

Mr. and Mrs. Glenn Cathey and children Joyce, Iris and Pat started their trip back to Norwalk, Calif., Thursday this week after vacationing with relatives here, at Lindsay and in Fort Worth. They headquartered with their parents, the Clive Gobbles here and the Martin Friskes at Lindsay. Who is the INDEPENDENT?
How he can save you money at the supermarket!

By H. W. GANES
Grand Manager, Shurfine-Central Corporation, Fort Worth, Texas

There is probably no word that has been bandied about more before the American consumer than the word "independent." It has been used, misused, overused and over-estimated into one obscure vocabulary word it has lost its meaning—if, indeed, it has not in the meantime. Its most often intended inference is that one has some sort of little All-American gun team to tap into all sides and angles to arrive without one to participate in the word "independent" with the use of the store.

Fewer things in the most communities the largest supermarkets are very often the "independent" — supermarkets owned by individuals, families or partnerships operating one or more stores in a relatively small geographic area. These supermarkets are truly "independent" of the dictates of faraway management and rigid operational policies. Their "independence" is made their own decision as to what they will allow them to offer more of the brands, services and products that you in your community prefer. True "independence" is their decision as to who will supply them; but allowed many of them to join together in the ownership of their own warehouses, processing and distribution facilities... including the lowest cost of food available at the supermarket.

No it is with the 800 supermarket as a store who comprise Central Corporation. Their stores are diverse in name, size and appearance, but they have three common denominators: they are "independent" in the best sense of the word for you, they have Shurfine brand on their shelves, and from 20 to July 30, they will be celebrating your "freedom from high prices" with their own Shurfine "Independents Days Sale!" Don't miss it!

Celebrate your freedom from high prices!

At a dinner party several of the guests were arguing whether men or women were more trustworthy. "No woman," one man said scornfully, "can keep a secret."
 "I don't know about that," huffily replied a woman guest. "Why, I have kept my age a secret since I was twenty-one."
 "You'll let it out some day," the man insisted.
 "I hardly think so," responded the lady. "When a woman has kept a secret for 27 years, she can keep it forever."

Abbot Alfred Is Reunion Honoree

Abbot Alfred Hoenig of Corpus Christi was the inspiration for a family reunion during his visit here and the get-together was held Sunday evening with a covered dish supper in the TP&L community room.

Seven of his eight brothers and sisters were present. Attending with the Muenster relationship were sisters, Mrs. Ray Stanley (Clara) and son Joe of Seagraves, Mrs. Leo Fetsch and her husband of Rhineland, and nieces Misses Helen and Janice Vogel and Mrs. A. D. Adair and her husband, all of Fort Worth and a nephew Kenny Otto and his wife of Gainesville. A sister, Miss Anna Hoenig of New York City, was unable to attend.

After supper Abbot Alfred showed films of his European trip. He returned to Corpus Christi Tuesday. Muenster was his last stop on a two week trip that included a religious conference in Winoski, Vermont, and attendance at the Catholic State League convention in Windthorst.

Melvin Sicking Is Reunion Honoree

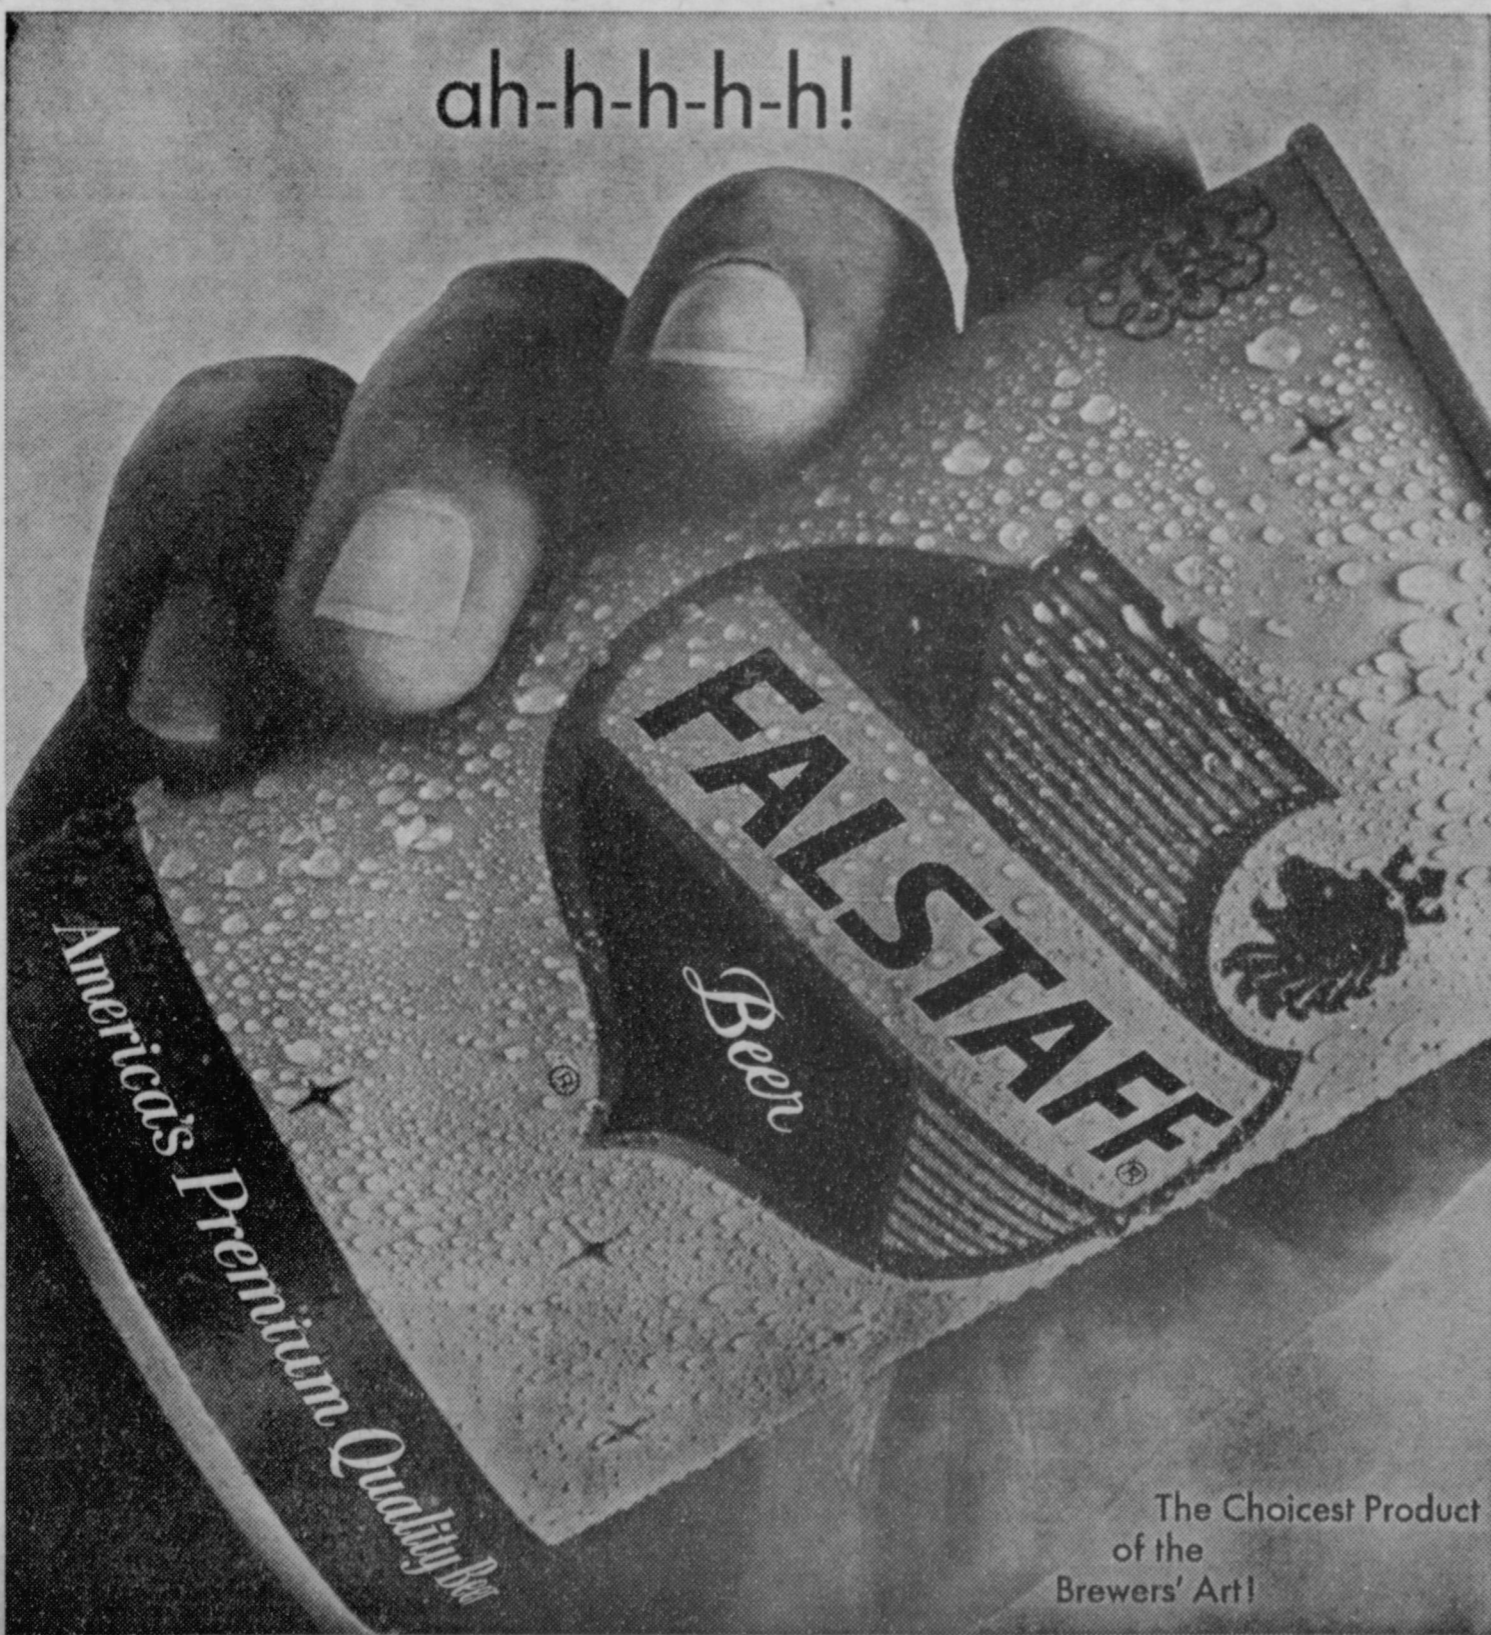

A family gathering Sunday was a farewell fete for Naval Airman Melvin Sicking who left Monday to return to San Diego, Calif., after a leave with his parents, the Bernard Sicking.

Gathering at the family home for the occasion were Mr. and Mrs. Bill Schneck and daughters Michelle and Lisa of Upland, Calif., Mr. and Mrs. Jim Sicking and son Shawn of Arlington, Miss Judy Sicking of Fort Worth and Mr. and Mrs. Willie Joe Matthews and children Charlotte, John and David of Gainesville.

Melvin stopped at Amarillo on his way back to California to see his brother Airman Wayne Sicking in training there. Bill Schneck also left Monday. His wife and children remained for a longer visit.

Miss Janice Trubench returned to Fort Worth Monday following a four-day visit with her parents, the Joe Trubenchs, after her mother was dismissed from Muenster Hospital. Janice is a student nurse at St. Joseph's Hospital. Her father and sister, Jo Ellen, took her to Fort Worth after she accompanied them to Dallas for Jo Ellen's dental appointment.

The David Bright family will live in Muenster until he locates in civilian life. He has just been retired from the Air Force. They'll occupy the Weinzapfel house, corner Oak and First Street while they're here.

Texoma Savings At All Time High On 5th Birthday

While celebrating its fifth anniversary, Texoma Savings Association of Grayson County, Sherman, announced that its total assets reached an all time high of \$7,301,009.65 at close of business June 22, 1967. "This is a 37 per cent growth over assets a year ago," Lavene G. Ransom, president of the savings and loan stated.

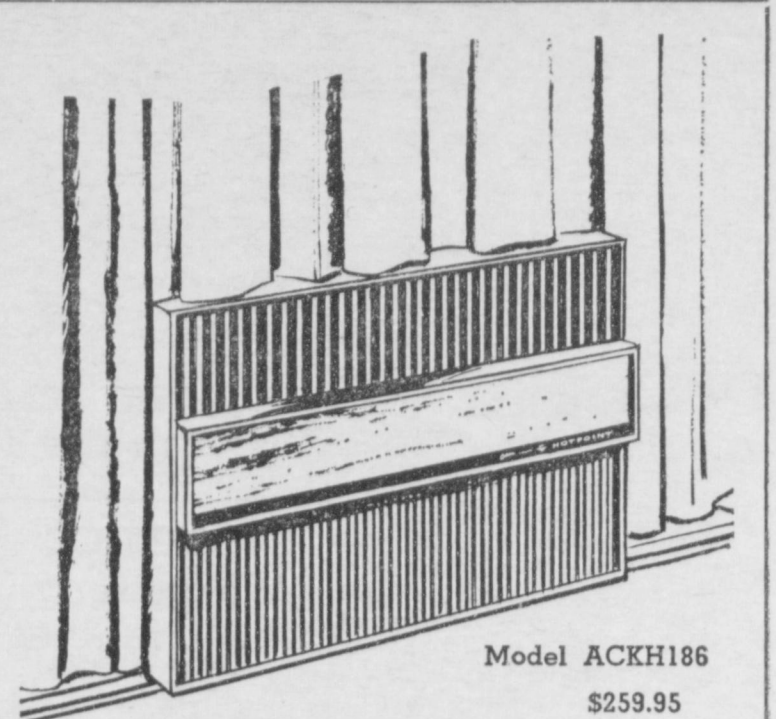

"Most significant in this growth — especially during this year of tight money," Ransom continued, "is the increase of \$2,254,907.21 in customer's savings accounts, which was an increase of 49 per cent over total savings accounts a year ago." Ransom clarified that this savings growth of over two million dollars did include the \$155,306.45 dividends payable June 30, 1967, on savings.

While commenting on the strong loan demand in the area, Ransom stated that all available funds were kept working as the savings institution loaned over \$2,160,000.00 during the past twelve months on home loans and commercial loans in the Texomaland area.

June 22nd was also the distribution date of the 10 per cent stock dividend which Ransom said was paid to the association's permanent reserve fund stockholders out of current six month's earnings. After paying the semi-annual dividend on regular savings accounts and after meeting all Federal Reserve requirements.

pen is mightier than the sword. Nowadays the same can be said for the microphone. Ideas, both good and bad, have influence when assisted by the means of being spread around. And the extent of influence is proportional to the extent of spread. National publicity can make big people out of little people, leaders out of screwballs. News dispensers should be aware of that fact and face up to its implied responsibility.

The motto of one venerable

old newsman was "all the news that's fit to print." That's still a good idea today, probably even more so than it used to be. By that standard the hateful mouthings of Carmichael's kind would be confined to those within sound of their voices — and it would not be long until few are present to listen.

There are two convenient and effective cures for America's racial turmoil. Follow the letter of the law in dealing with rabble rousers. And quit publicizing their rantings.
