MUENSTER, COOKE COUNTY, TEXAS 76252 JANUARY 12, 1973

NUMBER 8

Considering the many ways our country has been played for a sucker, it isn't surprising to learn that someone would suggest our giving the Panama Canal Zone, including the big ditch, back to the Republic of Panama. However it is very surprising, and also very disturbing that we have people in our government who would allow so absurd a proposal to attain the dignity of an issue.

Ninety nine per cent of our citizens instinctively answer with an emphatic No. Of course we will not consider turning back the land or the canal to the left wing dictatorship in the saddle down there.

In the first place, is there any reason to think that Panama can do a better job of managing the area or the canal? Past instability of Central American governments would hardly recommend it for the job.

Regardless how that answer comes out, there's the more important question of "why should we give away our title to this real estate?" History records the fact that US bought the Canal Zone fair and square at a terrific price, including private land holdings within the Zone. After all that the US spent more millions of dollars building the canal. If the price of acquiring is any criterion this country has a firm hold indeed.

But that's not all. Purchase of the land was accompanied by a treaty giving US authority to govern the zone, build the canal and operate it perpetually. Our claim to the zone is supported by every standard known to modern civilization.

Needless to say, there's a familiar ring in the scheme to take the Canal Zone away from this country. Red propagandists accuse us of imperialism, obviously parroting the reference to it as "occupied territory" by Alger Hiss our State Department traitor and convicted Soviet spy.

To us that kind of talk is so much hog wash. But it takes on some sort of weight when presented by our left wing media, the writing and unwitting allies of the State Department, the United Nations and the Red leaning boss of Panama. They're trying to use the big lie technique in putting over this deal. No matter how wrong it is they're trying to repeat it until it's accepted as right.

One of the ironies of this situation is that Reds are accusing us of imperialism in Panama. Talk about the pot calling the kettle black! Can anyone imagine more absolute imperialism than the Soviets are imposing now on all of the Baltic and Balkan satellites of Europe?

Isn't it about time to throw the imperialism accusation as well as the other Red lies back into the Soviet face? ... and to stand our ground before the UN and twisted thinkers and traitors who keep up the constant attack on this country? Let's set our course by old time American standards regardless of how much the Reds howl.

It might be a good idea also to consider our future and our pride. Concerning the Panama deal, it's just possible that in a few short years the canal would be closed to us but open to the Reds. Turning the Zone over to the red sympathizers without pondering that angle would be the ultimate in folly.

Quite often we have had occasion to learn that visiting Soviet diplomats and students and cultural exchange personnel or plain tourists have extra curricular interests which come under the general heading of spying. Relative thereto the Farm Bureau bulletin presents an item revealing the extent of our hospitality to our USSR visitors, regardless of the nature of their intentions. The FB bulletin says: "On November 2, 1972, the Associated Hospital Service of New York, 80 Lexington Avenue, New York City, announced a special health benefit program for citizens of the U.S.S.R. who are "study" visitors to the United States. This is in accordance with an agreement between the United States and the Soviet Union, through which Soviet citizens are entitled to full coverage of all expenses relating to health care during their visits to the United States. Funeral Held for Mrs. J. Pautler, 91 80 Year Resident

Funeral services were held Tuesday morning in Sacred Heart Church for Mrs. Joseph Pautler, 91, who died Sunday at 8:30 a.m. in Muenster Hospital. She was a Muenster resident 80 years.

Father Bede Mitchel was celebrant of the 9:30 funeral Mass, delivered the sermon and officiated at graveside rites in Sacred Heart Cemetery. Nick Miller Funeral Home was in charge of arrangements.

Bearers were grandsons: Gene, Danny and Billy Owen, Earl and John Cunningham and Mike Owen.

Rosary was recited in the Miller Chapel Monday at 4 and at 8 p.m.

The former Miss Elizabeth Rohmer was born June 7, 1881, in St. Joseph, Mo., and came to Muenster with her parents, Mr. and Mrs. John Rohmer, when she was 11 years old. She married Joseph Pautler here on Jan. 13, 1903. They were parents of ten children. In 1953 they celebrated their golden wedding anniversary. After her husband's death in October 1957 Mrs. Pautler left the farm and moved to town.

She is survived by three sons, Joe, Henry and Alfons Pautler of Muenster, four daughters, Mrs. Clarence Owen of Fort Worth, Mrs. Ray Owen, Mrs. Herb Cunningham and Miss Hilda Pautler, all of Muenster; 25 grandchildren; 68 great-grandchildren; one brother John Rohmer and one sister Miss Odella Rohmer, both of Muenster.

All Time High in Deposits Reached At Muenster Bank

An all time high in deposits at Muenster State Bank was reached on January 2, just a day after the official report requested by the state banking commission as of December 31, 1972. The high figure was \$6,366,488 on Jan. 2 and 6,364,364 on Jan. 3.

The deposits on December 31 added to \$6,198,046.44, which represented a gain of \$1,035,843 for the past year and also a gain of \$111,132 for the past quarter.

However, local loans, with a total of \$2,461,143.74 dropped for both the year and the quarter. The figure had been reported at \$208,588 higher a year ago and \$34,627 higher three months ago.

Other banks of Cooke County also reported record deposits adding to an all time high of \$50,260,469.35, for a gain of more than \$8 million in the past year.

Combined loans in the four banks are \$24,899,962.48, a gain of \$2.2 million in 1972.

President Herbert Meurer of Muenster State Bank said that the increasing deposits reflect continued good business but also a continuation of the inflation spiral.

Industry files one billion federal reports each year.

Final Rites Held At San Angelo for A. Swirczynski, 60

Arnold L. Swirczynski, 60, a native of Muenster and a resident of San Angelo for 15 years, died in his home last Thursday at 4 a.m. after a long illness.

Funeral services for him were held Saturday morning at 10:30 in Holy Angels Church, San Angelo, with the Reverend Timothy Murphy, pastor, officiating. Burial was in Calvary Cemetery under direction of Johnson's Funeral Home. Rosary services were conducted at the funeral home Friday at 7:30.

Arnold Swirczynski was born here on March 25, 1912, a son of Mr. and Mrs. Joe Swirczynski, and was married to Isabelle Trubenbach on February 6, 1939. Until he moved from here in 1957 he worked with the Precinct 4 road maintenance crew, served in the Army during World War II and was a barber and a street maintenance man. At San Angelo he was employed by Strain Bros., road building contractor.

Father Devers who had been a patient at Wadley Hospital there was back at the rectory but told them he was entering the hospital again this week Tuesday for further care and observation.

City Receives \$9470 Check in Revenue Sharing

Muenster's second installment of Federal Revenue Sharing arrived Tuesday. The check was for \$9470, which is \$399 below that of the December remittance and covers the last six months of 1972. The earlier check was for the first half of the year.

Along with the check was a letter explaining that 6 per cent of the city's allotment was withheld for a reserve fund and adjustments.

The two checks add to \$19,339 as Muenster's share in the Revenue Sharing. This amount is available for financing a variety of programs such as library, health and sanitation, sewer maintenance, street maintenance, recreation, and pollution abatement. Uses to which it will be assigned are to be determined by the city council.

County Judge Larry Sullivan announced Monday that the County likewise has received its second Revenue Sharing check. The amount was \$95,506, about \$4,000 less than the December remittance. His check also was accompanied by an enclosure saying that 6 per cent had been withheld.

Funeral Held for Youth Injured in Hunting Accident

Keith Terry, 18, of Seminole, Okla., who was critically injured in a hunting accident last Wednesday while holidaying with his grandparents, the Gid Prathers at Saint Jo, failed to survive brain surgery at Arlington Memorial Hospital and died there Friday at 8 p.m.

Services for him were held Monday at First Baptist Church in Seminole.

Keith and his brother Mike, were holiday guests of their grandparents and were with their grandfather when the accident occurred. As Keith set the rifle butt down on the pickup floor it discharged crashing a bullet into his temple. After emergency treatment at Muenster Hospital he was moved by ambulance to Arlington. He was born May 13, 1954.

Surviving are his parents, Mr. and Mrs. Jack Terry of Seminole, his brother and grandparents, the Prathers and Mrs. Tom Burris of Nocona.

Former Resident Dies in Wichita

Mrs. Cora Lee Yarbrough, 83, resident of Colonial Manor Nursing Home in Wichita Falls the past three years died Wednesday at 1:30 a.m. She was the youngest daughter of Mr. and Mrs. J. W. Andress, former Muenster residents.

Funeral services will be held in First Presbyterian Church in Marlow, Okla., Friday with burial in Marlow Cemetery.

Mrs. Yarbrough was born in Trenton, Dec. 22, 1889. She is survived by one brother, J. C. Andress of Muenster, a daughter-in-law Mrs. Lois McMackin of Wichita Falls, a grandson Eddie McMackin of Austin and a number of nephews and nieces including Mmes. Ruth Needham and Johnnie French of Muenster and Mrs. Bud Leonard of Gainesville.

Bloodmobile Visit Postponed a Week

Among Muenster's several changes in plans because of this week's onslaught of rough winter weather was Wednesday's visit of the Bloodmobile.

The scheduled collection of blood for the local blood bank had to be postponed for a week. The director of the Red Cross blood bank center at Wichita Falls advised Tuesday that the drive to Muenster would be hazardous, and furthermore conditions certainly were not conducive to a good response of blood donors.

David Bright, custodian of the local blood bank, said the decision was made reluctantly, because bad weather in recent weeks has had a bad effect on collections. The blood supply of the area is running low, and will be considerably lower after the week of postponement.

That means, Bright added, that Muenster has a twofold reason for an extra generous response next Wednesday. Along with the fact that the community is indebted after failing twice to meet its quota, based on its actual use, there's an area wide urgent need for a big collection. Muenster has an opportunity to be of real service to the entire system as well as making up for previous shortcomings.

The custodian, along with Community Chairman J. W. Fisher and the sponsoring organization, the VFW and the KCs, issue a special appeal this week for the best local turnout ever. They ask regular donors to make sure to be there and if possible bring a friend. At the same time they are urgently asking for "new blood" and reminding everyone that going over the quota is a lot more important than it's vitally important to the whole system.

Another inducement is the

fact that donors are giving to their own bank, providing for a day when friends or family, or possibly themselves, will need a transfusion. The blood bank system is a real bargain for patients of the hospital and residents of the hospital district.

As announced last week, the blood collection facilities will be set up in the K of C Hall basement from 3 to 6:15 p.m. Red Cross technicians will be assisted by local nurses and members of the Hospital Auxiliary.

FB Disapproves USDA Cut-Off of Cost Sharing Fund

Texas Farm Bureau President J. T. (Red) Woodson said today that the federal cost-sharing program for most soil and water conservation practices should be continued.

Commenting on the Administration's cut-off of funds for the Rural Environmental Assistance (REAP) and Water Bank programs, and disaster loans to farmers, the state farm leader said that agriculture should not be expected to bear an unequal portion of federal spending cuts.

Under the REAP program, annual payments have been offered land owners covering part of the cost of installing approved conservation and pollution control practices. "This program, which is cost-sharing and not an income supplement, benefits all people," Woodson said. "It is an investment in the future of this country and not a subsidy solely for the benefit of land owners." "The soil and water conservation practices not only contribute to pollution control, but also help provide Americans with a bountiful food supply at reasonable prices."

Woodson said farmers and ranchers do support measures to reduce inflationary pressures because they are hurt more than most groups by higher production costs since they cannot pass along cost increases. If the Administration is determined to cut federal spending, it should be across the board in all departments of government, the state farm leader said.

Firemen Meeting Postponed Because of the severe weather the firemen's regular meeting has been postponed to next Thursday, the 18th, at 7 p.m.

KCs and CDA Prep For Winter Party

Local Knights of Columbus and Catholic Daughters are banking on a break in the weather while preparing for a gala social event Saturday night the 20th in the KC hall. They call it a Winter Party, sponsored jointly by the two organizations. The fun begins with a happy hour from 6:30 to 7:30. Next is a spaghetti supper from 7:30 to 8:30 and then a dance, with music by the Czechmates, from 8:30 to 12:30. Tickets, at \$7.00 per couple, are available at Hamric's.

Sportswriters Pick Alan Miller and Jim Endres on All State Teams

A pleasant surprise for local football fans came during the past weekend when Alan Miller and Jim Endres of the Muenster Hornets were listed on the Class A all state teams selected by the Texas Sportswriters Association. Miller is on the first team of offense and Endres is on the second team offense.

This is the second time this season for Miller to be named on a Texas dream team. He was included two weeks ago in the Fort Worth Star Telegram's all state selection, the only player who had also been on last year's Star Telegram team.

Selection of Endres came as a special surprise because his crippled knee kept him sidelined most of the season. However he was outstanding when he was permitted to play. He was particularly good at pass-

ing and also made substantial rushing gains on the option plays. His high standard of performance in the few games rather than the season statistics earned the recognition for him.

Miller and Endres helped each other to the dream team. Miller's glue finger catches account to a great extent for Endres' good record of pass completions. And Endres' remarkable accuracy was a big factor in Miller's fine receiving record.

Two other members of the 14-A district, both of Nocona, were chosen for the all state team. Mike Fenoglio was picked for offensive guard on the first team and Ricky Copeland was named a linebacker on the second team defense. Both were also on the Star Telegram's all state teams.

Community Shivers In Severe Ice Storm

Winter came to Muenster in a big way this week when the most severe ice storm since the early fifties blanketed the area. Thermometers plunged to 10 degrees and did not rise above the freezing mark.

It was part of a widely scattered cold front that spread over many states and far into South Texas, seemingly an appropriate follow-up to the pre-season cold spells that brought sharp temperature falls with snow before Thanksgiving and Christmas.

It started Saturday night with freezing rain and a temperature drop to the low twenties. A heavy coat of ice covered everything on Sunday morning. Driving was hazardous, a number of tree limbs were broken, power lines were sagging. The area was on the verge of serious trouble from wind or an additional buildup of ice, either of which could have snapped the electric lines and paralyzed the area.

However the community was fortunate. Wind or additional rain did not come. Electric power generally continued without interruption. Only exceptions were an hour of darkness over the Electric Co-

op system after a tree limb broke a Brazos Transmission line, plus a few minor breaks in the Co-op's line.

Likewise Muenster Telephone Corp. had a few broken lines in the outer edges of its area and TP&L had no breakage whatever. Telephone lines here are mostly immune to ice troubles because about 90 per cent of the conductor is buried. However the company had trouble with its toll calls because of more than 20 breaks in the Bell system's overhead wires.

The other big problem was the ice covered streets and sidewalks. They were great for the youngsters who managed to bring out a surprising number of sleds, but treacherous for walking and driving. Because of hazardous driving the two local schools, like most of the others in North Texas, had four holidays. And warnings were issued constantly for highway travel.

Drivers who used chains had no problems in maneuvering the slippery streets. For others skids could be counted in the thousands. Loss of control was commonplace. Many cars were immobilized but not damaged beside the road and a few crashed. An estimated number of about thirty needed wrecker service. Tim Stormer and Eddie Fleitman had moderate damage to their vehicles but escaped injury.

Mrs. Harvey Lampkin was less fortunate. She has a broken leg. Falls could be numbered in the dozens, several of them resulting in injuries. Mrs. Bessie Elder is hospitalized with a broken knee cap and Roy Townsley with broken ribs. Ernest Jaska has a dislocated shoulder. Earline Otto received multiple fractures crashing into a tree on a sled. And dozens are known to be nursing bruises.

Bad Weather Stops Local Boxers in Opening Tourney

Members of the Muenster Boys' Club and their coach, Mike Stoffels opened their 1973 season last weekend at a Commanche, Okla., tournament, but the weather limited their participation to just a start. The tourney had to be called off because of hazardous travel conditions.

This is the third annual boxing program for the boys and their coach, also the third year of membership in the North Texas and Southern Oklahoma Amateur Boxing Association, which sponsors the tournaments and draws up the rules whereby they are conducted.

A newly adopted rule, Stoffels said, is intended especially for beginners of high school age, who would otherwise be reluctant to participate. It provides a special tournament division for boys 15 to 19 who have not had previous experience, thereby assuring that the older beginners will not be matched out of their class.

Stoffels regards the new rule as an inducement to older boys who want to join. Any who are interested are invited to visit the Boys' Club at 5 o'clock on weekdays or call him at 759-4447.

Present members of the club are Jeff Hess, Roger Haverkamp, Billy Haverkamp, Frank Stoffels, Nicky Stoffels, Phil Wolf, Monte Wimmer, Curtis Grewing, Glenn Grewing, Giles Trubenbach, Pat Walterscheid, Damian Walterscheid, Kevin Klement, Gene Luttmier, John Stephens, Mike Stephens, Dean Swirczynski, Gary Barnhill and Terry Huchton.

To Bomb or Not to Bomb

While peace-at-any-price advocates chirp away about the "immorality" of U.S. bombing in Southeast Asia, more level heads read intelligence reports gathered on the scene. A little research leads to some interesting conclusions.

Hanoi's apparent reason-

ableness at the conference table came about after — not before — they were unable to mount a fall offensive in 1972. It was known that the North Vietnamese Defense Minister, General Vo Giap, had planned major attacks in hope of securing large amounts of territory in South Vietnam.

With the Communists in control of wide areas, North Vietnam would pressure the United States into an immediate settlement, and part of that settlement would be the recognition and acceptance of the Communist territorial gains.

But two things upset the

Communist plans:

One was the fighting ability of the valiant South Vietnamese. For years they were thought to be "fair weather soldiers," incapable of defending their own country. Since little confidence was placed in them, they were not given modern arms to fight with, and the American troops fought most of the engagements.

President Nixon gave the South Vietnamese the responsibility of fighting their own battles, and he backed them up with equipment. Their performance has been irregular, but constantly improving. The increasing vigor of their resistance stopped the Red aggressors, drove them back, and helped to force postponement of Giap's plan.

The other factor causing Hanoi to abandon its fall offensive was the increased pressure of heavy bombing by our B-52s, the mining of the Red supply harbors, and the pounding by shells from American ships. Staging areas, supply routes, ammunition and field dumps were struck repeatedly. In short, the Communists were being subjected to some old-fashioned, painful, arm twisting. With the South Vietnamese forces counter attacking on the ground, U.S. planes destroying existing Soviet and Red Chinese military supplies, the mined harbor and blockaded seacoast choking off resupplies, Hanoi decided that it was wiser to talk than fight.

However much the Reds may stall and bluster, they know that with American bombs dropping from the skies, each passing day means that they grow weaker as the South grows stronger. The war will end on the day that they decide it is no longer expedient to continue their aggression.

Coalition Means Slavery

Miss Patricia Young, one of the Canadian newspaper columnists best known in America, recently wrote that if a "coalition" government is forced upon the South Vietnamese government, it would signal "the obituary of that nation as a free society." Miss Young based her opinion upon a study of the past record of other nations who tried it, and she cited a few examples.

"In 1947," she said, "a rigged election in Poland found Party leader Count Grocholski arrested and charged with treason, then executed just five days before the alleged 'election.' Hungary's post-war

provisional-government was a coalition of 72 Communists, 35 Social Democrats and 57 members of the Smallholder's Party. On February 23, 1947, the leader of the Smallholder's Party was arrested and quietly disposed of — which left the Communists in full control.

"President Karlis Ulmanis of Latvia tried to operate a coalition government. Like so many others, he was arrested and deported on July 21, 1940, leaving the Communists in control. Everyone remembers the fierce patriotism of Jan Mazyrek, who headed the Czechoslovak coalition with Communists. Although his death was officially declared "suicide," those who knew him best are convinced he was murdered. So was freedom.

"The pattern of demanding coalition governments when the Communists cannot hope to get themselves elected is a well known Red ploy. From where I sit, any such coalition imposed upon the South Vietnamese people dooms the nation to communist slavery within a year."

Miss Young might have added that North Vietnam, too, began as a coalition government. Today, not one of the non-communist political leaders in North Vietnam remains alive, save for the very few who managed to flee.

A Return To Decency

As we enter the year 1973 there are encouraging signs that we might have a good year. And one of the most encouraging news stories is the report that Grove Press, Inc., the notorious promoter and publisher of pornographic and hate-America literature, has been dropped from the over-the-counter trading system because its net capital has dropped to less than the \$250,000 minimum required for listing.

According to the last report by Grove Press to the Securities and Exchange Commission for the year 1971, the corporation suffered a loss of nearly \$7 million, and the Grove stock, which sold for around \$20.00 a share in 1968, can't be sold today for even as much as \$1.00 a share. To put it another way, the "investors" who paid \$20 a share in the hope of exploiting sex and filth have lost \$1,900 in cold cash for every \$2,000 invested.

It was Grove Press, you might recall, that defied the law by publishing "Tropic of Cancer" and "Lady Chatterley's Lover" with the expectation that the liberal U. S. Supreme Court would let them off the hook which the Court did. The widely publicized case provided Grove with what amounted to millions of dollars in free advertising, and it appeared (at least, to some) that there were big profits to be made.

Hopefully, the decline in the fortunes of Grove Press, which has been one of the "giants" in the field of pornography, signals a lack of interest on the part of the American people. It could mean that America will experience a return to decency.

Point of Idiocy

The stated objective of the Water Quality Control Act of 1972, in the words of Representative Philip M. Crane of Illinois, "... is to give the country 100 percent clean water by 1985. Yet, according to expert testimony before Committee, the estimated cost of achieving 100 percent clean water by 1985 is \$2.3 trillion. This \$2.3 trillion just happens to be more than the entire world's Gross National Product." The Congressman points out that it was almost impossible for anyone to vote against the bill because to do so would make it appear that he "... was in favor of dirty water." Thus public pressure and an onrushing political stampede to support before the eyes of the voters, the most high-minded goals can result in the passage of absolutely inoperable and idiotic legislation. This does not serve the public interest, and it thwarts our national purpose by failing to set standards that can be reached to move us closer to environmental goals we all favor.

Pollution levels can be brought to a very low and, indeed, a harmless point from the standpoint of their effect on the environment as technology and know-how are applied to the problem. To reach for zero standards of pollution is simply beyond either the technical, material or monetary resources of the nation in the foreseeable future.

THE INFORMED CONSUMER

By Crawford C. Martin
 Attorney General of Texas

The Texas Motor Vehicle Commission is a relatively new state agency having been operative less than two years. The primary function of the Commission is the licensing of all new car dealers, distributors, manufacturers, and representatives of the manufacturers.

Two of the Commission's duties are to ensure that all new car warranties are honored and that no car dealer is guilty of willful fraud of any retail buyer to the buyer's damage.

When a consumer feels that his new car warranty has not been fulfilled and has been unable to obtain satisfaction from the dealer, he should file a complaint with the Commission. The Commission will then contact the dealer. If a solution is not reached the Commission will conduct a hearing to determine the merits of the complaint.

If the Commission feels that the consumer has been wronged, they will recommend to the car dealer that he rectify the situation. In addition, the Motor Vehicle Commission can revoke the license of any new car dealer who fails to comply with the regulations and orders of the Commission. To date, the Commission has been able to settle about 90% of all new car warranty complaints with one letter to the dealer.

There have also been com-

plaints filed where it is alleged that consumers were defrauded by being sold wrecked and re-conditioned cars as new. When the Commission finds that there has been a fraud involved, they can bring suit and obtain a \$1,000 fine for each act in violation of the statute or for each day that a violation continues to occur. This protection which is afforded to the consumer through the Motor Vehicle Commission is unique in that Texas is one of very few states who have empowered a Motor Vehicle Commission to hold hearings and seek fines from dealers who fail to stand behind new car warranties and who are guilty of fraud. If you feel that you have a complaint against a new car dealer, you should contact the Texas Motor Vehicle Commission, Box 13287, Capitol Station, Austin, Texas 78711.

Homsleys Feted In Observance of 40th Anniversary

Mr. and Mrs. H. H. Homsley of Fort Worth, formerly of Muenster, celebrated their fortieth wedding anniversary Sunday at an open house for which their three daughters were hostesses from 2 to 4 p.m. in the home of Mr. and Mrs. Willie Walterscheid here.

Receiving guests with the honor couple were their daughters Mrs. Wayne (Marge) Fincher of Fort Worth, Mrs. Wayne (Barbara) Traweek of Weatherford and Mrs. Walterscheid.

A ruby red theme was accentuated in the party rooms where a champagne fountain was on a table covered with red felt and the anniversary cake was on a table covered with red net. At either end were the crystal punch service and silver coffee service.

Three oldest granddaughters of the honorees presided at the refreshment table. They are Miss Jeannett McCann of Irving, Miss Tina McCann of Weatherford and Miss Regina Fincher of Fort Worth. Another granddaughter Miss Melinda McCann of Weatherford presided at the guest book. She registered relatives and friends from Mineral Wells, Weatherford, Irving,

Fort Worth, Dallas and Cooke County.

Many phone calls came during the party. People unable to attend on account of the icy weather telephoned congratulations.

Howard H. Homsley and Miss LaVerne Weir were married Dec. 24, 1932, in Jacksboro. In addition to their daughters and sons-in-law their family includes ten grandchildren.

They came to Muenster from Lorraine, Texas, in 1955 to be teachers at Muenster High School where he also was superintendent. They lived here until 1961 when they moved to Fort Worth and he became associated with Garrett Book Company.

In 1957 he won Muenster's Citizen of the Year award sponsored by the Lions Club. He was chosen by community vote for his services to the community including active participation in youth and civic organizations, educational and recreational improvement public relations and community spirit. He is an outstanding speaker and has returned to Muenster on several occasions as guest speaker for banquets.

The stubborn citizen told the candidate he wouldn't vote for him if he were St. Peter himself. Candidate: "If I were St. Peter, my friend, you wouldn't be in my precinct."

Shirley Hacker Is Married Saturday To Jerry Wilson

Mr. and Mrs. Jerry Dean Wilson are making their home in Gainesville at 338 N. Dixon since returning from their wedding trip following their marriage Saturday, January 6. She is the former Miss Shirley Rose Hacker, daughter of Mr. and Mrs. John Hacker. The groom's parents are Mr. and Mrs. Elmo Wilson of Callisburg.

Father Placidus Eckart, pastor, celebrated the nuptial Mass and heard the double ring vows.

The bride wore a floor length gown of white organza over peau de soie with empire bodice, slim A-line skirt and attached chapel train edged in lace. Lace appliques sprinkled with sequins and seed pearls dotted the long full sleeves with French cuffs and the bodice and skirt. A Juliet styled cap held her tiered waist-length veil and her flowers were white sweet-heart roses, blue-tinted carnations and English ivy.

Miss Janel Stoffels of Denton was maid of honor with Miss Patsy Wilson of Callisburg, groom's sister, and Mrs. Maurus Hacker of Lindsay, bride's sister-in-law as bridesmaids. They were dressed identically in floor-length gowns with light blue crepe bodices and royal blue velvet skirts with trim defining the empire waists. They wore matching bows in their hair and carried baskets of blue-tinted carnations and baby's breath.

Mark Wiesmann of Houston was best man. Lonnie Woods of Gainesville and Jacob Bezner of Denton were groomsmen. Maurus Hacker, bride's brother and Will Bezner, both of Lindsay, were ushers.

Jeanna Strittmatter of Denton, niece of the bride, handed her the traditional floral tri-

bute for the Blessed Virgin's altar.

Wedding music was provided by Sister Yvonne Lerner, organist, and Mrs. Norbert Walterscheid, aunt of the bride, who sang "On This Day" and "Mother at Your Feet." Sister Yvonne also played "The Wedding March" and played the guitar for Mrs. Louis White who sang "The Wedding Song."

Wedding reception and dinner were held in the KC Hall where Misses Debbie and Vickie Muller of Bedford, nieces of the bride, registered guests. Blue candles surrounded by cedar with blue glitter balls adorned the tables.

Out of town guests included the James Strittmatter family of Denton, the Clyde Muller family of Bedford and the Donald Pelzel family of Pilot Point.

The bride is a 1971 graduate of Sacred Heart High and is employed at Jr. Elite dress factory here. The groom, a graduate of Gainesville High, attended CCJC and NTSU. He is employed at National Supply in Gainesville.

A shower hosted by Miss Patsy Wilson, Mrs. Elmo Wilson and Mrs. Donald Pelzel was a pre-nuptial courtesy on Dec. 17 in Gainesville National Bank Hospitality Room.

Surprises Greet Ray Sicking on 25th Anniversary

Surprises greeted Mr. and Mrs. Ray Sicking at their home on the eve of their silver wedding anniversary Friday night. Their children planned the party and with some 35 other guests arrived in a body carrying a decorated anniversary cake and finger foods for a festive buffet. Afterward there was dancing to the rhythm of Doug Martin and his Rustlers.

The anniversary cake, made and decorated by Mrs. Charles Bayer, was topped with a bride and groom figurine and the numerals 25. It also held figurines representing the children and grandchild.

Mr. and Mrs. Sicking were married in Sacred Heart Church on Jan. 6, 1948, and live a half mile north of Myra in the home where they set up housekeeping.

She is the former Miss Dorothy Eberhart, daughter of Ed Eberhart and the late Mrs. Eberhart. He is the son of Mrs. Will Sicking and the late Mr. Sicking.

Their children are Mrs. Larry Knabe of Valley View and Bobby, Patti, Linda and Elaine of the home. They have one grandchild, Lisa Knabe.

Attendants at their wedding 25 years ago were his brother Emmet Sicking and her sister Isabelle, Mrs. Julius Stelzer of Post. She was unable to attend on account of weather. She telephoned—she was grounded. Planes had cancelled flights.

Mr. and Mrs. Herman Eberhart who also were married on Jan. 6, 1948, were among guests. Their silver anniversary celebration, planned for Saturday night was called off on account of the ice storm. They announced they will have the celebration later. She is the former Miss Katie Jones.

NOTES FROM THE LIBRARY

By Bettie Luke

A new collection "The United States Books" by Bernadine Bailey including all 50 states and Washington, D. C., has been added to the shelves of Muenster Public Library.

These are wonderful books for children studying geography of the United States. Each book gives the Great Seal of the individual state, shows and describes the state flower, also principal cities, capitals and flags in color.

Library personnel are proud of this collection and happy to acquire it, as the library had no books on geography of the states.

Come and read with us.

Add to Stork Derby

Add one gift to Muenster's stork derby, making a total of 33 for Wade Everett Fleitman and his parents Mr. and Mrs. Robert Fleitman. Overlooked and missed in the list of gifts published last week was a humidifier from Cooke County Electric Co-op. The derby is sponsored annually by Muenster Hospital Auxiliary for the first baby born in Muenster Hospital in the New Year. Little Mr. Muenster '73 arrived January 1, 10:10 p.m.

Electric heating. Sure cure for the shivers.

It's gentle, clean and quiet and it warms you deep down—like a sunny day. With electric home heating you can warm the chilly corners and do away with the icy drafts around your ankles. Whether you're remodeling, replacing an inadequate heating system or planning a new home, there's an electric heating system just right for you.

An electric furnace forces warm air wall to wall in winter. An electric heat pump does the heating job in the winter and also cools you in summer. Space heaters warm up the difficult spots. Baseboard heating eases even warmth across your floors and up to the ceiling. Radiant ceiling or wall panels are great for add-on rooms and allow you individual-room temperature

control. Before another winter chills you, let a TP&L representative help you select the electric heating that's best for your home.

Write or call your TP&L Service Representative for a free computerized heating estimate. It will include size and type of heating equipment needed and will give a month-by-month estimate of your electricity bill.

Tire chains have been in great demand. All dealers report they could have sold dozens more had they been available. As soon as stocks are replenished guess I'll have to buy a pair to be ready for the next spell.

Often we see suggestions on saving money — one is to buy things out of season. Wonder how many people bought bathing suits or straw hats this week.

The school children are enjoying another vacation. Nothing makes them happier than no school because of ice and snow. Presume the mothers are also glad to have them at home to enjoy their Christmas toys.

All the golfers can do is talk about their games. I once knew a man who with three others decided on New Years eve to play golf every day the following year. They had many wet and cold rounds and when there was snow they used red golf balls. They did play every day that year but he admitted some days they only played one or two holes — you see they were in Philadelphia, Penn.

The ice has caused its share of accidents, but seeing sleds pulled by cars, makes us shudder. That sport is a no no in most northern cities because it is dangerous — dangerous; and we must wear a safety helmet while riding a motorcycle and fasten seat belts in the car.

How many hours we have spent in front of the tube watching every weather forecast hopeful that relief was in sight. Its bound to change.

Special plastic identification cards will be issued to Soviet visitors and payment for the service is being made through Group Hospitalization, Inc. (USA/USSR), 550 Twelfth Street, S. W., Washington, D. C. A special bulletin, Number 271A dated November 2, 1972, was sent to all member hospitals in the State of New York advising them of this special Blue Cross program for Soviet citizens.

"The identification card states: The bearer of this card is visiting the United States under programs created by the agreement on health co-operation signed during the visit of President Richard M. Nixon to the U.S.S.R. in May 1972. These programs guarantee full payment of all expenses during the visit, including all expenses related to health care. Needles to say, this new medicare program for visiting Soviet spies and 'students' will be paid for by you — the U. S. taxpayer."
