

A humiliating blot on the national image nowadays is the widespread opposition of young people to America's involvement in the Vietnam war. It is especially tragic because so much of the objection reflects an attitude of treason, or at least seems to because of the emphasis it receives in news coverage. Young punks who denounce their country, burn their draft cards, desecrate the flag and cheer for the enemy get the lion's share of headlines. But so very little is said in behalf of the less sensational objectors who have legitimate gripes but also have the decency and judgment to remain loyal.

There are millions of them, young people of character and purpose who are frustrated by their country's bungling through the several long years of the Vietnam fiasco. They dread the day when they will be drafted to serve time in the wilderness. They resent the useless intrusion that will take big years out of their personal careers. They are shamed by the thought that their country, the most powerful in the world, is stalemated for years by a fourth rate country. They are exasperated by the farce of their country seeking friendship with countries that support the enemy.

All these gripes and many more are bugging young people of principle and pride. No wonder an undercurrent of dissatisfaction is sweeping the country. What else can one expect when these people are painfully aware that their personal sacrifices are mostly wasted?

But that isn't all. A greater tragedy is that many of these people are tired of suffering in silence and are lending their support to the less worthy element. We saw the result in Chicago. We saw it in other demonstrations. Common troubles make strange companions, so loyal American youths and traitors have been joining voices in demands. Motives are not necessarily the same but they cannot be distinguished in the resulting rough stuff.

The next development is understandable. Some good people lose sight of their original motives and become openly antagonistic. They go over to the side of the enemy.

As regards the other element: Its attitude can be charitably described as understandable but unfortunate, and originally preventable. In general, the finger of blame can be pointed at the permissive policy encouraged in government and academic circles. Twisted ideas of personal and academic freedom reached the absurd extreme of allowing communism to operate without hindrance. Reds were permitted in government and industry, in the classroom and on the lecture platform, all on the flimsy assumption that thinking Americans would reject them.

Well, that was the big mistake. The enemy was underestimated. As a highly trained operative he was able to match wits successfully with less clever or poorly informed people. He exploited social and economic problems as proof of our system's inferiority. He praised his system and ridiculed ours, supporting his claims by distorting facts on both sides. He encouraged anarchy by preaching class and

Hornets Favored In Friday Contest With Collinsville

Muenster's Hornets and their coaches, Glenn Richardson and Dan Hamric, with two impressive wins to their credit, are eager to keep a good thing going. So they have very definite ideas about their game with Collinsville on the local field Friday night.

The opponent's record includes a 40-0 loss to Anna and a 52-22 win over Lindsay. That last score ordinarily would be alarming, but the fact that Lindsay was in pitiful condition for the game makes it less impressive. At the same time the Hornets have two impressive wins, one by a big score, the other by a close count over a stout team. So the record seems to favor the Hornets and they are determined to measure up to it.

Physical condition, Richardson says, is fine except for one case of flu. Knowing how that saps a player's energy, he's keeping his fingers crossed and hoping that the bug will not bother the others. Otherwise the boys are all OK and ready for action.

Adults Invited to Enroll for Basic Education Course

Superintendent L. B. Bruns of the Muenster School District has announced plans for forming an Adult Basic Education class for all qualified interested adults in this area on Oct. 14.

The class is being financed through the Texas Education Agency, and sponsored by the Cooke County Public Schools of Gainesville. The Program Director is George Petrus, Federal Program Coordinator for the Cooke County Schools.

According to Mr. Petrus, the minimum number of qualified students is 15 per class. The number of classes will depend on early interest that is shown by those adults who are qualified. The classes are allocated on a first come, first serve basis, over an 11 county area.

All material, supplies, and teachers will be furnished free of charge to all students who are 18 years or older and have not received a high school diploma. The class itself will provide all levels of learning from the beginning student through a study program for the G. E. D. High School Equivalency diploma. It also can be geared to provide a program for non-citizens to study for their U. S. Citizenship papers.

The subject improvement areas will include reading, math (including modern and consumer math), english, spelling, vocabulary, writing, science, and social studies. It also can provide other areas of concentration in which students have an interest for improvement. Mr. Petrus noted that many students who have participated in the program in the past found that it has qualified them for better jobs. "This" he said, "is the basic goal of this program."

If further information concerning this program is needed or if you would like to enroll, please contact L. B. Bruns or Charles Cash.

Tax Collectors' Day Has Come

It's that time again. People of Muenster are receiving window envelopes with pink statements telling that taxes are due. The City of Muenster and the Muenster School District have sent out their statements. The county tax office was delayed by a bottleneck in the switch to computer billing. This county is one of many having its statements prepared by an Austin firm, which was swamped by the sudden rush of work.

The county statement like the other two, will be payable any time before Feb. 1, 1969. On that date all of the tax statements become subject to penalty, which increases each month.

On an average, taxpayers within the city of Muenster will pay taxes that add to a total of \$5.26 per \$100 of assessed valuation. Actually that figure should be adjusted to compensate for difference in assessment as related to actual value.

The city and school district each has a rate of \$1.50. The county has a rate of \$1.61, which includes 78 cents for the general fund, 47 cents for the state, 6 cents for FM road fund and 30 cents for the county college. People within the Muenster Hospital District have another 65 cents added to the county statement. The county serves as collector for the hospital district.

However people get a slight tax relief on homesteads. Homesteads are exempt of the 47 cents for the state and 6 cents for county FM Roads.

Reports from the two local tax offices indicate that over 3000 statements have been mailed here in a total amount of over \$138,000.

Mrs. L. B. Bruns said that the district's total tax bill is \$111,267 on valuations of \$7,417,808. Oil properties account for \$3,403,468 and other properties amount to \$4,014,340.

Mrs. Glenn Richardson of the city office said that the total assessed tax on 508 statements is \$27,285.49 on total valuations of \$1,819,034.

Past experience at both offices indicates probable collections of 97 per cent by Feb-

Gala Homecoming Set for SH Alumni

There'll be gala goings-on, come rain or shine, Saturday night for Sacred Heart School's homecoming celebration '68. That's what students and members of the Alumni Association predicted this week as they completed final plans for the event.

The homecoming crowd will see the Tigers and Fort Worth Day School in battle, will

Tigers Will Host F.W. Day School In Homecoming Game

Sacred Heart's opponent for its homecoming game Saturday night is sort of an unknown quantity, and that's what has Tiger Coach Joe Felderhoff worried.

Up to Wednesday morning he had no roster data indicating how many players, their sizes and experience, etc. The only information here so far is that the Day School was judged 14-13 by Fort Worth Christian, but the comparison is of little help because information on the opponent is equally scant.

The fact that Sacred Heart clobbered Day School 37-6 last year also is of little help. Tigers are weaker than they were, and it is assumed that the visitors are stronger, but the comparative strength remains a problem.

Up to now the Tigers have a 2-1 record, with close wins over Saint Jo and Alford and a big loss to Windthorst.

Condition of his players is Felderhoff's biggest worry. Jim Dangelmayr, Danny Schmitt and Paul Bayer have old injuries aggravated by last week's game. At best they will not be up to par, and it is possible that one or more will have to sit out the whole game. To make matters worse, Tiger reserve strength is very limited.

witness royal ceremonies in which a queen is crowned at half-time, and will have a choice of two bands for dancing as the grand finale.

For ex-students and Alumni members there will be added attractions including a reunion, buffet, and program. Honored graduates this year are those of the 1948 and 1958 classes. They will receive complimentary tickets to the football game and dance.

All ex-students are invited to the reunion-buffet. There will be no charge. This event beginning at 6 p.m. is the program opener. It will be held in the Parish Hall.

Kickoff time on the Tiger field is 8 p.m. Dancing follows the game. Dancers will find music to their liking. The Bishops Four will make the rhythm in the high school gym and The Sounds, Inc., will be in the Parish Hall.

And one of these will reign over homecoming festivities: Diane Hess, senior; Darlene Hess, junior; Donna Kay Endres, sophomore; Carla Rose Schilling, freshman. Identity of the queen will not be revealed until coronation time. The other three will be princesses in the royal court.

Terrific Trojans Trample Tigers In 46-0 Triumph

The Windthorst Trojans lived up to their big reputation here Friday night by clobbering Sacred Heart's Tigers 46-0.

There's a combination of ruggedness and speed and lots of hustle, which was in control of the game offensively and defensively from whistle to whistle. While allowing the Tigers only two first downs, they made yardage and scores with monotonous regularity. In total gains they led 416 to 48, plus a beautiful 85 yard (Continued on page 8)

Era, Prairie Valley Take Top Honors In Grass Judging

Era and Prairie Valley FFA grass judging teams took top honors Saturday at the 18th annual grass judging contest at Cooke County Junior College. The contest is sponsored each year by the Upper Elm-Red Soil and Water Conservation District with the Soil Conservation Service technicians assisting.

Era took first place in the Senior teams with a score of 1435. Forestburg was second with 1364; Nocona third 1331; Muenster fourth 1300; and Cooke County 4-H fifth with 1180.

Prairie Valley took first place in Junior teams with a score of 1071; Nocona was second 1033; Muenster third 965; Collinsville fourth 956; and Era fifth, 883.

Freddie Williams of Forestburg FFA was high point individual with a score of 484; Jerry Ford, Era second 482; Danny Richardson, Era third 472; Henry Sicking, Muenster fifth 469; Mark Priddy, Nocona sixth 453; Craig Williams, Gainesville seventh 452; Harold Huddleston, Forestburg eighth 450; Steve Chapman, Nocona ninth 448; and Robert Winters, Prairie Valley tenth with 441 score.

The top team will participate Saturday, October 5, in the grass judging contest at the State Fair in Dallas.

The grass and land judging contests for FFA and 4-H are two activities the Soil Conservation District sponsors each year. The training of these leaders of tomorrow is important to our district and nation, according to Harold Skaggs, Supervisor. "These contests provide the best opportunity we have to teach young men the basic principles of land, water and plant management. The conservation of our Soil and Water is essential, because most of our food, clothing and shelter comes from the soil," Skaggs said.

Credit Cards: The Iowa Department of Social Service is spending \$32,000 to have 50,000 plastic cards made up to distribute to persons on State welfare. The cards will speed payments to doctors, druggists, nursing homes and hospitals, it is said.

Big Request: Postmaster General Marvin Watson thinks that mail service would improve if all of us would use envelopes compatible with the automatic sorting equipment used in post offices. The equipment can best handle envelopes no smaller than 3 by 5 inches, and no larger than 5 1/2 by 11 1/2 inches. The Postmaster's request was mailed in an envelope that measured 9 1/2 by 12 1/2 inches.

Worth Remembering: The Reverend Billy Graham quotes a European diplomat as telling him, right after the Czechoslovakian invasion: "The only dedicated Communists left are in the western world."

Economic Lesson: When you next hear a government official discussing billion-dollar expenditures, think of watchmaker Arde Bulova's explanation of one billion. He asks an estimate of the number of

minutes that have elapsed since the birth of Christ. Answers normally range in the trillions, but the answer is: only a little more than one billion.

Economy in Brazil: Civil service workers can't be fired in Brazil. Officially, a quarter of its 800,000 civil servants are classified as idle. As an economy measure, those with nothing to do will be permitted to take a two-year vacation at half pay.

Protest in Canada: Canadians of Chinese ancestry are up in arms over Prime Minister Trudeau's announced intention to recognize the Mao regime. The Canadian Chinese convened a national convention, wrote a strong letter to Trudeau. "A Chinese Communist embassy in Ottawa would become the field headquarters and commanding post to direct the guerilla warfare in North America," the letter said.

Sandra Sicking and Lawrence Knabe Jr. Say Vows at Mass

Miss Sandra Kay Sicking, daughter of Mr. and Mrs. Ray Sicking, pledged wedding vows with Lawrence Knabe Jr., son of Mr. and Mrs. Lawrence Knabe of Gainesville, in a 5 p.m. service in Sacred Heart Church Saturday.

Father Benedict Buergler performed the double ring ceremony and celebrated the nuptial Mass. Acolytes were Mike and Pat Eberhart of Gainesville and Stanley, Tommy and Robert Eberhart of Lindsay, all cousins of the bride.

Given in marriage by her father, the bride wore a formal gown of white silk tulle, with Empire bodice and long petal point sleeves of lace. Lace medallions re-embroidered with seed pearls and iridescent ornaments ornamented the skirt and the aisle-wide lace-edged chapel train. A petal headpiece studded with bridal jewels held her bouffant elbow-length veil and she carried a bouquet of gardenias, stephanotis and baby's breath. In keeping with a tradition in her mother's side of the family, she wore an antique necklace that belonged to her great-grandmother, the late Mrs. Joe Tempel.

The bride's three sisters were her attendants. Miss Patti Sicking was maid of honor and Misses Linda and Elaine Sicking were bridesmaids. They wore identical sky blue formal Empire dresses, the bodice and bell sleeves covered with lace. Their headpieces were matching Dior bows and mini-veils and they carried pink carnations nose-gays.

Attending the bridegroom

were his brothers Martin and Alvin Knabe and the bride's brother, Bob Sicking. Cousins of the couple Janet Krahl of Muenster and Kevin Hellinger of Gainesville were flower girl and ring bearer. Little Miss Krahl's costume was a miniature duplicate of those worn by the bride's attendants.

Ushers were Kevin Sandmann of Valley View, Danny Eberhart and James Hellinger of Lindsay and Ben Fleitman Jr. of Muenster.

Presenting the sacred vessels at the offertory were the bride's cousins, Steve and Miss Cynthia Eberhart of Lindsay, Billy and David Krahl of Muenster.

Sacred Heart men's choir sang the Mass, Anthony Luke was organist and Mrs. Norbert Walterscheid was vocal soloist before the service and again afterward when the couple went to the Blessed Virgin's shrine where she placed a bouquet of white gladioli on the altar.

Wedding reception and dinner were held in the Knights of Columbus Hall. Miss Dorothy Knabe, sister of the bridegroom and Miss Karen Hellinger, a cousin, both of Gainesville registered about 175 guests. Afterward the Sounds, Inc., played for dancing.

When the couple left on their honeymoon she was wearing a blue crepe A-line dress with black accessories. They will make their home in Gainesville where he is employed by F. E. Schmitz. He attended schools in Gainesville and she was graduated from Sacred Heart High last May.

Wedding guests included the bride's paternal grandmother, Mrs. Will Sicking of Myra and her maternal grandparents, Mr. and Mrs. Ed Eberhart of Gainesville.

Former classmates attending the wedding were Robert Miller, Stan Endres and Tom Hess, students at NTSU, Denton, Paul Caplinger, a student of X-ray technology at St. Joseph's Hospital in Fort Worth, Miss Joyce Schmitt, a nursing student at TWU in Denton and Jeanne Vogel who is attending St. Paul's School of Nursing in Dallas.

Miss Paula Herr Roy Reiter Wed In Church Service

Sacred Heart Church was the scene Sunday of the marriage of Miss Paula Herr and Spec. 4 Roy Reiter. The couple exchanged vows in a double ring ceremony during nuptial Mass at 5 p.m. Father Placidus Eckart officiated.

Parents of the couple are Mr. and Mrs. Albert Hess and Mrs. Hilda Reiter.

Given in marriage by her father, the bride wore a formal gown of white imported organza with beaded scalloped Chantilly lace accenting the Empire bodice and completely circling the removable mantel chapel train. A petal headpiece studded with bridal jewels held her elbow-length veil and she carried a bridal cascade of glameillas.

Adding sentiment to her wedding, she wore an antique gold locket that was worn by her mother and maternal grandmother on their wedding days.

Miss Marlene Herr was her sister's maid of honor and Miss Kathleen Sicking, niece of the bridegroom, was bridesmaid. They wore identical formal Empire dresses of peacock blue peau with matching lace accents. Double bows and veiling formed their headpieces. Each carried a single glameilla with blue satin streamers.

Doyle Albers of Lewisville, cousin of the bride, was best man and Ricky Walterscheid, another cousin, was groomsmen. Eddie Hellman and Roy Wimmer were ushers.

Wedding music was provided by Gareld Payne, organist, and Mrs. Dave Walterscheid, vocalist. Their selections included Blessed Be This Day, Ave Maria and Sante Maria.

Presenting the sacred vessels at the offertory were Mr. and Mrs. Vincent Zimmerer and Mr. and Mrs. Andy Arendt of Lindsay.

After Mass, Lisa Reiter, small niece of the bridegroom, presented a bouquet of white gladioli to the bride and she placed it on the Blessed Virgin's altar.

Wedding reception and buffet were held in the Knights of Columbus Hall for about 200 relatives and friends. They were registered by Misses Debbie Russell and Debbie Sicking.

For her daughter's wedding Mrs. Herr wore a peacock blue three-piece knit suit with matching accessories. Mrs. Reiter, mother of the bridegroom, wore a peacock blue crepe ensemble with matching accessories. Both had corsages of white carnations.

When the newlyweds left on their honeymoon she was wearing a two-piece antique gold knit suit with black accessories.

The bride is a 1968 graduate of Muenster High School and had been employed at Russell-Newman Mfg. Co. at Saint Jo.

Spec. 4 Reiter is a graduate of Muenster High School and attended Cooke County Junior College. He is stationed at Seoul, Korea, with the Army. After his mid-term leave he will return to Seoul and his bride will live with her parents until he returns in the Spring of 1969.

Sherman Deanery NCCW Institute Set Next Quarter

Members of the Sherman Deanery National Council of Catholic Women at their recent quarterly meeting made plans to have an institute instead of a regular meeting for the next quarter.

The institute will be held in Denton on November 21 and will be an all-day session beginning at 10 a.m.

Members of Our Lady of Victory altar society of Paris were hostesses for the quarterly meeting in September. The afternoon started with Mass at 1:30 in OLV Church and business was conducted at Holiday Inn. Mrs. R. H. Johnson, acting president, was elected to fill the unexpired term of Mrs. Gordon Beavers who has moved from Sherman to New Jersey.

Mrs. Tom Morgan, altar society president, welcomed guests and Father Ben Mysliwiec, OLV pastor, introduced the guest speaker, Father Raymond Berthiaume of Idabel, Okla. He spoke on "Render to Caesar's," urging participation in civic affairs and especially this election year, to remember to vote.

Other members of the clergy present were Msgr. Robert Forliti of Sherman and Father John Brennan of Denison.

Crowley Calls For Rural Development As GOP State Goal

FT. WORTH — At the urging of congressional candidates Frank Crowley, the Republican Party of Texas has made the economic development of rural and small town areas of the state a primary goal.

"With the mass exodus of Texans from rural areas to the cities in recent years both have suffered," Crowley told

the platform committee at the state convention here this week.

"This exodus has come about because of the efficiency of Texas farmers who have adapted to technological changes allowing fewer people to produce more and because of the ill-advised and mal-administered agricultural policies of the present Administration in Washington," the 13th District candidate from Richardson said.

Crowley outlined three ways in which the state could help make rural areas an economically profitable place to live: (1) Tax incentives for industries which agree to decentralize and move some operations to non-metropolitan areas; (2) Education programs could be tailored to fit the needs of the particular area served in order to best equip students to fill jobs which are available in their home areas; (3) Future transportation plans for the state would be developed with the thought of providing fast and economic movement of goods from rural areas to consumers in the cities.

"The answer to the problems of the cities does not lie in massive Federal spending programs aimed at cramming more ants into the already overcrowded anthill," Crowley said.

He cited from personal experience in his present capacity as Dallas County Commissioner the problems of police agencies, welfare departments, and hospitals are facing in metropolitan areas in dealing with many "in-migrants" who are frequently ill-suited to

cope with an urban environment.

"By instituting programs which allow a man to live a fruitful life and educate his children wherever he chooses, whether in a rural area or in the city, government will be rendering a service for all residents of the state and not just for a select few," Crowley said.

SH Cubs Lose 14-6 To Era Youngsters

The Tiger Cubs of Sacred Heart Elementary were 14-6 losers in their first football game of this season. They played Era Tuesday night on the Sacred Heart field.

Both teams did fine at moving the ball, but the big difference is that Sacred Heart finished the job only once, but Era did it twice.

The visitors were the first to get on the scoreboard. They did it in the first quarter on a 10 yard dive through the line to end a 55 yard push. A run for bonus points made the score 8-0.

Era kids upped their count to 14-0 in the third quarter on a 65 yard run through the line. A pass for extra points failed.

Finally Sacred Heart got on the board in the fourth period as Mark Schmitt broke through the line and found clear sailing for 80 big yards. A pass attempt for extra points did not connect.

The Cubs missed at least three other chances to score. Two of their drives were stopped by fumbles and one by an interception.

Their next game will be with Lindsay's Squires October 15 on the Tiger field.

42 Party Saturday
 Ross - Point Progress Club will sponsor a 42 party Saturday, Oct. 5, at 7:30 p.m. in the Community Center at Rosston. Everyone is invited to attend. Proceeds will be used to improve the community center building.

Also last week Sacred was taken off the undefeated list by Windthorst.

 - d. Leave basic color and color pattern unchanged. (Red is recessive.)

Angus Cattle have long been known for longevity, mothering ability, hardiness, smaller calves at birth, feeding ability, and carcass quality.

As a new breed, RED ANGUS Cattle production offers opportunity on the ground floor, with a sound progressive breeding program.

Red Angus can increase the amount you receive from a weaning calf as much as \$15.00 per calf.

A performance testing program is a part of the registry requirement and a goal to be "Best by Test." It is the opinion of the RED ANGUS breeders that registry breeders should produce the kind of cattle commercial men can use and make money using. We have never had a dwarf.

Hereford breeders are finding it convenient to use RED ANGUS bulls on yearlings for an extra calf crop, keeping the red color.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Thomas Price, a cooperater with the Upper Elm-Red Soil and Water Conservation District has recently completed 1860 feet of cross fence. The Great Plains Conservation Program has assisted with cost share payments in carrying out the different conservation practices on his farm located 4 miles East of Forestburg. He will use this fence to rotate his livestock between two fields of Coastal Bermuda after establishment. Seven acres were shaped and 40 acres sprigged this past year. He will begin work on the other field this fall. There are 12 acres of gullies to

be shaped and 40 acres of plowing to be done. This work will begin very soon in order to obtain a good firm seedbed by next spring. Before planting next spring a tandem disc and harrow or drag will go over to level the soil. This will also control weeds and other competition that came up during the fall and winter according to Arlin Naegeli, Soil Conservationist at Muenster.

Price, like many other farmers and ranchers, has found that it is very important to start with a good seedbed when establishing grass. All seedbed preparation for grass to be planted next spring should begin very soon with the initial plowing.

Howard Sledge of Forestburg, Upper Elm-Red Soil and Water Conservation District cooperater, has started critical area shaping of gullies on his farm south of Forestburg. Sledge will shape and sod to bermudagrass 10 acres of gullied areas, as his Great Plains Conservation contract.

Just as soon as the shaping is completed, Sledge will have the seedbed prepared with a bulldozer and disc. This will leave the land cloddy and rough to catch moisture during the winter. Immediately before planting, he will disc lightly and sod to Coastal bermudagrass in February.

Sledge is a firm believer in a good seedbed for grass planting. He states that "experience is the best teacher." "I sodded 112 acres in 1967 to Coastal bermudagrass and seeded 165 acres to native bluestem grass last spring. I can show anyone the difference in seedbed preparations by the growth of the grass." Sledge stated, "Where a good seedbed was prepared the grass is a lot better."

Cecil Chaney, soil conservation technician, states that "a seedbed should be prepared for grass planting as it is for new crop planting. Best results have been obtained by district cooperaters, when the seedbed is prepared in the fall. This will let the soil take up moisture during the winter. Then the field is ready to be sodded around the first of February.

According to the district supervisors, now is the time to start preparing seedbeds for grass planting next spring. Technical assistance is from the SCS on pasture establishment and management.

Social Security Has New Method of Reporting Changes

Social security beneficiaries in Cooke county who need to report changes of address or other events that affect the payment of their monthly benefits may now do so through the social security office at 315 West Mulberry in Sherman, Gus Jones, district manager, said today. Reports may be made by mail, telephone, or personal visit.

Jones said that up to now beneficiaries were encouraged to notify the Social Security Administration about the occurrence of these events on postcard forms pre-addressed to one of six social security record centers throughout the country. Beneficiaries received the postcard forms when they initially applied for monthly benefits.

Jones said that the change in reporting methods is designed to reduce the time needed to change addresses and process other information having an effect on payment of monthly benefits. The change is prompted by the increased capacity of social security district offices to transmit the information over high speed communications circuits to record offices.

In addition to address changes, Jones said that events that affect receipt of monthly social security checks include employment, marriage or remarriage in some instances, divorce and death.

Jones also announced that effective after Thursday evening, September 26, the Sherman Social Security Office will no longer be open past 4:45 p.m. Its hours will be 8:30 a.m. to 4:45 p.m. Monday through Friday. A representative may also be seen in Gainesville each Tuesday and Thursday from 9:30 a.m. to 12:00 noon in the Federal Building.

Putting-you-firsts:

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

Headlight washers

You push the windshield washer knob and hold it, and your headlights come clean.

Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.)

The spray removes up to 80% of accumulated dirt.

The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

Heated glass

In a moment your rear window will self-defrost.

Because we've built onto it a network of tiny ceramic strips capable of heating the entire surface.

Fog and frost disappear quickly and quietly. You just flick a switch.

The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

Pushbutton tire chains

You press a button on the instrument panel and the rear tires get a shot of "liquid tire chain."

You spin your wheels once, wait a moment, and you're off—with traction you wouldn't believe possible on slick ice, or packed snow.

Available on all 1969 big Chevrolets.

Steering wheel lock

When you own a car as desirable as the 1969 Chevrolet, you don't take chances.

When you leave it, you lock it. Not just the doors.

You lock the ignition, steering wheel and transmission lever, too.

Our new lock on the steering column takes care of all that.

Standard on all 1969 Chevrolets, Chevelles, Chevy Novas, Camaros and Corvettes.

Sorry, car thieves.

Power steering plus

The 1969 Caprice, Impala and Camaro are available with a new type of power steering.

Variable-ratio power steering.

What it does is give you faster steering with fewer turns of the wheel.

Variable-ratio power steering is particularly helpful in short, full turns.

And parking becomes unbelievably easy. You'll see.

Walk-in wagons

The tailgate swings open like a door on most of our 1969 station wagons.

Which in itself is no big deal. But wait, there's more.

We've built a concealed step into the rear bumper.

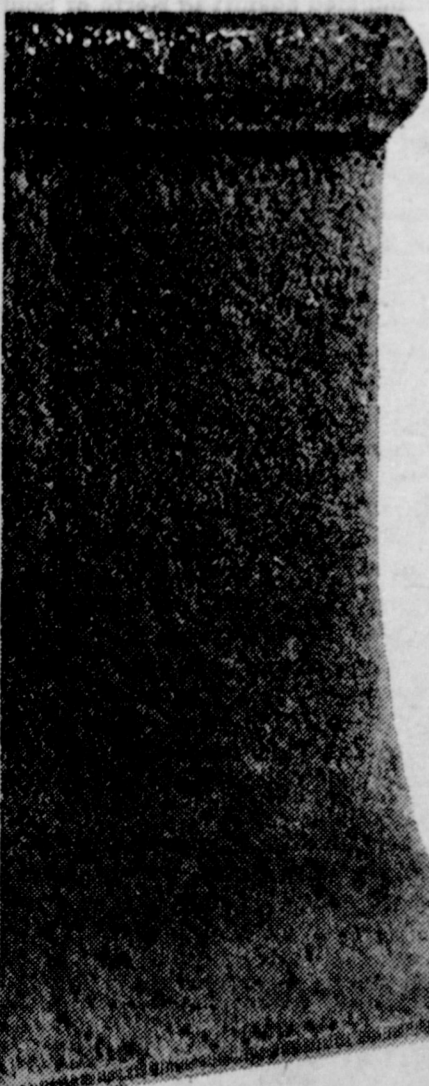

You simply step up, over, and in.

(The way we build our wagons, you can do it without bumping your head, and without acrobatics.)

Walk into a wagon soon at your Chevrolet dealer's.

Nuptial Mass Unites Linda Lutkenhaus Robert L. Coursey

Miss Linda Ann Lutkenhaus, daughter of Mr. and Mrs. Alex Lutkenhaus, became the bride of Robert Louis Coursey of Gainesville in a double ring ceremony at nuptial Mass in Sacred Heart Church Saturday afternoon at three o'clock. The bridegroom is the grandson of Mrs. Noble Glenn Sr. of Gainesville.

Father Andrew Wewer officiated, Anthony Luke was organist and Mrs. Norbert Walterscheid was vocal soloist.

For her wedding the bride wore a formal gown of candlelight silk organza over taffeta with a portrait neckline and short sleeves of Belgium lace encrusted with crystal beads. The skirt was enhanced with garlands of lace which accented the waistline and extended to the back to form a butterfly bow and the chapel train.

Her mantilla veil of imported Belgium lace was highlighted with pearls and iridescents and was held in place by a silk pill box. She carried an arm bouquet of red roses and greenery fashioned like the bouquet her mother carried at her wedding. After Mass she placed a single red rose on the Blessed Virgin's altar.

Mrs. Arthur Hennigan was her sister's matron of honor wearing a sky blue formal dress of organza over taffeta. Satin bands circled the sleeves and hemline. Blue silk roses held her veil, and her colonial bouquet was made of pink and white flowers.

Arthur Hennigan was best man. Robert Glenn, Gainesville, and Jerry Mosman, Dallas were ushers.

Wedding reception and dinner were held in the VFW Hall and a dance followed. Miss Judy Lutkenhaus, bride's cousin, presided at the guest book registering about 110 relatives and friends.

The new Mrs. Coursey attended schools in Gainesville, Muenster and Saint Jo and was graduated from Saint Jo High. She had been a linotype operator at the Saint Jo Tribune since 1959.

The bridegroom attended schools in Gainesville and completed high school there. He served 4 years in the U.S. Marine Corps and is now employed in Fort Worth.

After a wedding trip to South Texas the couple will live in Gainesville.

Sister and Brother Mark Birthdays

A sister and brother who each year get together to celebrate their September birthdays had another happy day Sunday when Dr. and Mrs. E. W. Laake of Dallas visited with his sister, Angela Laake and niece Rosa Driever.

The birthday pair exchanged gifts and the four enjoyed birthday cake and other refreshments. It was Dr. Laake's 81st and his sister's 86th.

Miss Laake's birthday Saturday brought gifts and greetings from other relatives and friends and other friends stopped in for visits. She is still a shut-in following bone graft surgery on her left arm in May and July.

Home-School Group Plans to Sponsor Halloween Event

Members of Sacred Heart Home-School Society enjoyed a social after their September business meeting last Wednesday night. About 150 parents and teachers were present.

During the business session conducted by Alvin Fuhrman, president, members decided to have their meeting on the fourth Tuesday of every month, rather than on Wednesday.

The organization agreed to again sponsor the annual Halloween Carnival and costume contest on Halloween night. Roommothers will be in charge of the various events.

During the social hour Bud and his Muenster Playboys provided music and those attending helped themselves to refreshments.

Mr. and Mrs. J. J. Haverkamp spent Sunday and overnight with their children, the Ferd Haverkamps at Dallas and the Willard Zimmerers at Farmers Branch. They all attended a church carnival at Farmers Branch Sunday. The Muenster couple saw the Zimmerers' new home for the first time. The family moved about two weeks ago.

Mr. and Mrs. H. H. Homsley of Fort Worth spent Sunday with their daughter and family, the Willie Waltersheids, enroute to Illinois on a business trip.

The home of Mr. and Mrs. Al Wiesman was the scene of a family gathering over the weekend, the first since Jim Wiesman went to Vietnam with the Air Force. He's back now with military service ended. Mr. and Mrs. Kenneth Wiesman and children Klair and Kurt came from Austin and Mr. and Mrs. Edward Guthrie and son Rickey came from Fort Worth. Sunday they celebrated Al Wiesman's birthday.

Miss Carol Henscheid of Dallas spent the weekend with her parents, the Leo Hensheids, and heard all about their recent trip to California.

3H Faculty Goes To Dallas Meeting

Faculty members of Sacred Heart School were among some 1000 Catholic school teachers throughout the Dallas-Fort Worth diocese at the annual Diocesan Teachers Institute in Dallas Monday.

While students enjoyed a free day their teachers discussed such new concepts as classrooms without walls and nongraded schools in sessions at Jesuit High and St. Rita School.

A highlight of the afternoon program was a swap session, a new feature of the institute, at which teachers gathered in small groups to swap ideas and techniques among themselves.

Dr. John O'Brian of the department of education of St. Louis University keynoted the morning session. And there was an extensive exhibit of new textbooks, audio-visual equipment and educational aids.

B Team Drops 12-6 Tilt to Whitesboro

The Bees of Muenster Public School apparently lost their rabbit's foot in their game at Whitesboro last Thursday night. In spite of a nice job offensively and defensively, they came out at the short end of a 12-6 score.

The young Bearcats did their best work as the game opened. They combined a pass and 15 free yards on a penalty with steady ground gains into a 61 yard scoring drive. From then until the end their net yardage on rushing and passes was only 30. Bees had net yardage of 191 but failed to gain where it counted on the scoreboard.

Following the first score Muenster made a first down and lost possession on an interception then got it back on a fumble. For the rest of the first half there were two efforts by the Bees which gained two first downs and fizzled on the third series.

They started the next half with two more first downs and fumbled on the 20. Four plays later Whitesboro had to kick and the Bees made another start at the 39. A first down went to the 23, then a pass was blocked behind the scrimmage line and floated for a soft catch by a Whitesboro lad who raced some 70 yards for his team's second TD.

Moments later the Bees got another jolt. John Felderhoff was on a 40 yard run and almost there when the ball just got away from him. A Whitesboro pursuer recovered it on the 1.

But then the Bees finally

scored. They allowed only 1 yard in three tries then blocked the attempted punt and covered it for a touchdown.

Whitesboro Kids Nip Monsters 12-8

The Little Monsters of public school elementary opened their football season Thursday night with a 12-8 loss at Whitesboro.

A fumble early in the game gave the home kids a fat opportunity and they used it well. Three plays later they gained 10 for the first touchdown.

For a short time after that Muenster kids were on the move. Three first downs advanced 38 to the 14 but a penalty plus fouled up plays stopped them. After four tries they lost possession on the 21.

Opening the second half the Monsters did better, starting a drive with Jim Endres' interception on the 38. Seven plays made it from there, Endres going the final 3 on a quarterback sneak and also going over for extra points.

Whitesboro kids came back with a good drive of their own. Runs for 10 and 24 and a pass for 16 were big gainers in a 54 yard push to the 1 where the Monsters dug in and almost prevented the winning TD. A reverse play on fourth try did it.

Confetti - - -

race hatreds, support of the enemy in Vietnam, open hostility to our government.

As a result of all that our country has two separate serious problems, both of its own making, both of which need to be dealt with by sharp changes of policy.

First of all the country's leaders need to restore pride and confidence of lots of good loyal people who have been disillusioned by bungling. It needs to launch an educational campaign removing doubts, showing the rightness of our mission in Vietnam and exposing the aggressive purpose of communism. It needs to quit the no win policy, to give our best support to our men in combat, to break off relations with any country that helps the Reds. In a word our country needs to do things that inspire old time loyalty, a firm conviction that our country is right.

As regards the other element, the first national need is a clear understanding that communism is not a legitimate political theory but an evil system dedicated to world domination and our enslavement. An educational campaign to get that message across is good as a starting counter attack. Let the public know the truth about it. At the same time spread the word that people who really want to be enemies will be treated as enemies.

Weekending with the Victor Koelzers was her niece Miss Mary Handing of Umbarger who is a student at TWU in Denton.

more defensive tussle - kicks by the Tigers, the Trojans and the Tigers again before Windthorst got going again. Then it was 75 yards in eight plays, Osterman stepping off the last 35.

Next one came in a hurry. Larry Berend intercepted for Windthorst on first play after kickoff. Then a pass from Schroeder went 35 for a score. And another quickie as the final quarter started. Tigers had to punt ending their first series after kickoff. Norbert Roewe blocked it, and Schroeder passed to Koetter for 35 yards and a TD.

The last score was the result of an 83 yard drive in six plays, the payoff being a plunge for 13 by Clifford Penartz.

A kick for extra point failed. The visitors led 6-0 as the second kickoff opened the second quarter. Two plays after that the Tigers fumbled and Windthorst was set up with 38 to go. Gains for first down were followed by a penalty back to the 39 and a pass form there, Dan Schroeder to Don Osterman was good for the second score. A kick made the count 13-0.

The rest of the period was mostly defensive. Kicks by Sacred Heart, Windthorst, and Sacred Heart again. Then two first downs, a fumble recovered by Lee Roy Hess, a first down for Sacred Heart and a kick on the next series. Dan Schroeder took that kick on the 15 and used fine blocks in breaking loose for his 85 yard romp to the goal. Another kick for extra point made the count 20-0 as the half ended.

Wolf Boy OK after Football Injury

A football injury, apparently very serious, turned out to be minor for Gary Wolf, son of the Ed Wolfs of Valley View. He was hurt in the game at Sanger, taken to Gainesville Hospital and transferred to Saint Paul's, Dallas, when he was found to be paralyzed from the waist down. He responded quickly to treatment, was walking around in the hospital Sunday, returned home Monday.

Mr. and Mrs. Alois Haverkamp spent Sunday in Fort Worth with their daughter and family, the Gilbert Boydstuns.

Telephone visits with out of state children and grandchildren sparked the weekend for Mrs. John Felderhoff. The Monty Elliotts of Bushnell, Ill., phoned Saturday evening and the Urban Schrages of Salinas, Calif., were on the line Sunday. It was no special occasion and neither family knew the other planned to phone. News of the family and weather was exchanged.
