

MUENSTER ENTERPRISE

VOLUME XXXVII

MUENSTER, COOKE COUNTY, TEXAS 76252 OCTOBER 26, 1973

NUMBER 49

Referring again to this week's referendum on the proposed alternate water system for Muenster, the first thing in order is a bit of clarification on a boner printed here last week. It was stated then that the vote does not concern the establishment of a water district because that matter has already been settled by the state legislature.

Well, it's a fact that the legislature has done its part, meaning Muenster has the official permission to set up a water system if it chooses. But, as specified by the city council, Muenster people are called upon to make that choice in a referendum of confirmation. In effect they are asked to tell the council whether to proceed with creating the political entity which will have authority to provide a surface supply of water if and when it is necessary.

Contrary to last week's article, this is not a matter of deciding for or against prompt action on a reservoir project. Instead, it's a matter of approving an organization, similar to the board of directors in the local hospital district, with authority to proceed with providing a water reservoir.

It should be understood that the referendum does not commit us unalterably one way or the other. It's still true, as stated last week, that the legislature has made the district available to us, also that the district will still be available later if it is rejected now. On the other hand, approval does not imply that a water supply project is inevitable. It only establishes an organization of local people with responsibility to do what is necessary.

This means that they will be expected to exercise their judgment in the city's behalf. If threatened by shortage of our present supply of well water, they will proceed toward establishing the other source. That may be in just a few years, perhaps in 10, 20 or more years.

Under the circumstances we have a slight change in the issue of this referendum. Instead of deciding whether a project should be activated soon, this will decide only whether we want a small group of people to take over that problem for us. In effect a vote FOR means that we want several persons to watch the signs and exercise their judgment in doing what's needed. A vote AGAINST means that we'll do nothing now but depend on having another referendum to okay the water system when we see that it is necessary.

Basic facts about the program, as presented here last week, still apply. Engineer studies show that the top level of water in our city wells is falling at the rate of four or five feet a year and the depth of remaining available water indicates that the supply should hold out 10 to 20 years. The duration is indefinite but there is no doubt the crisis will come sometime. And when that time comes we'll need to have the other supply ready and waiting. Otherwise we'll be in trouble.

Considering this fact one would think that we can't start too soon on starting the lake. Why take a chance of being caught short? But the proposition takes on a different look when we think about the financing. We want to avoid long years of big payments while we don't need the water.

The purpose of the district is to take advantage of state and federal programs in financing, enabling the city to get a lower interest rate. Estimated cost of the reservoir is \$1,267,000 of which the district would pay \$640,000 for the permanent reservoir portion and Soil Conservation Service would pay \$627,000 for additional capacity for flood control and recreation. Total cost of the district's share of the entire project would include treatment plant plus pump and pipe to bring the water to town. Its cost is \$250,000 raising the district debt to just under \$900,000.

To pay off that obligation the district will sell water to the city at a rate sufficient to raise \$44,000 a year. Payments would start within a year, so there's a possibility that they would have to be made several years before sales of water actually start. Admitting that the treatment plant, pump and pipe can be delayed until shortly before needed, the debt until then is reduced to \$640,000 and payments are reduced to \$32,000 a year. That amount (Continued on Page 10)

All Time High in Deposits, Loans Reported by Bank

The highest deposits and loans ever recorded on the quarterly report of Muenster State Bank were shown last week in its report as of October 17 to the state banking commission.

Deposits were up to an amazing \$7,143,251.35, for an increase of \$1,056,310 during the past year and also an increase of \$651,743 during the past quarter.

Loans also went up sharply. The figure reported was \$2,949,922.54, which is \$454,152 more than a year ago and \$358,105 more than three months ago.

The big gains apply to all of Cooke County's four banks. Their combined deposits were \$56,735,724, a gain of \$8,972,640 during the year. Likewise their loans were \$28,574,132, for a gain of \$4,104,416 during the year.

Banking officials credit their soaring figures principally to three factors. Exceptionally good crops and the high market prices for crops and livestock gave a big boost to agriculture. At the same time business has been good, and inflation continues on its incessant upward spiral. High prices and inflation have a similar effect on bank loans. Farms and business need more operating and investment capital than they did before.

Frisco Wallops Hornets 34-8 in District Opener

Muenster Hornets were 34-8 losers at Frisco Friday night, but considering the caliber of their opposition that was a fair achievement. . . and even more so considering that the game was a lot closer than the score.

The Coons, according to last week's Harris rating are Number 9 in Texas Class A football, whereas the Hornets are Number 121. But if a few big plays could be eliminated the game would have been close in both score and statistics. As it was Frisco led 18-15 in first downs and 353-217 in total yardage. And the teams were even at four each in turnovers.

The Coons got first possession, made a first down and were halted by a stubborn Hornet defense on the second series. Following their punt Muenster was backed up to its 13 yard line.

On third play Curtis Klement zigged and zagged 23 yards to the 40, then the drive ended suddenly with a fumble. Frisco made it from there on five plays and 5 yards for free on a penalty. Big gains were a pass from Barrow to Hampton for 17 and a 16 yard TD by Nichols. Ed Ortega missed his kick for extra point.

The score was 6-0 as the clock read 7:35.

Next Muenster got a first down and failed on the next series, then Frisco made two first downs and kicked on the third series.

Starting from the 19 the Hornets temporarily were on the move again. With Louis Koelzer and Curtis Klement carrying, they gained 36 to the Frisco 45 in five plays and had to kick on the next series.

Following that the Coons went 83 yards in two big plays for their second TD. Sam Williams, the senior back (Continued on Page 10)

At Austin Meeting
Muenster Chamber of Commerce was represented at the Governor's Conference on Rural Development in Austin by Ray Wilde, Urban Endres, Gene Davenport and Al Hess. Governor Dolph Briscoe gave the opening address after which the local men attended different workshops. Speakers included John Hutchison of Texas Extension Service, Agriculture Commissioner John White and Senator Bob Poage. Some 2000 people attended the sessions and dinner.

Horses Win at Fair
Dr. and Mrs. Antonetti's Appaloosa horses have annexed some more honors by winning at the State Fair of Louisiana. "Top Doc Barrett" 1972 stallion was first in his class and "Miss Top Prize" 1972 mare placed second in her class. John McPike of Keller showed the horses.

Standard Time Returns Sunday

Effective Sunday at 2 a.m., it's clock changing time again. Daylight Saving time has run its course for this year and the country now will get back in time with the sun.

Sometime during Saturday night people will set their clocks back, recovering the hour they lost in April. Then, after an extra hour of sleep, they'll find the day further advanced than it used to be.

In case anyone forgets to change he may find himself an hour early for church the next morning.

Tigers Headed for Showdown Tussle With Tough Hawks

Sacred Heart Tigers are headed for their toughest test of the season Friday night when they tangle with Cistercian High of Irving. According to Coach Bob Steele this one should be a toss-up, but his boys are in high spirits and seriously aware that this is their biggest obstacle to a perfect season. Physically they are also fine, so they are probably at their over-all best.

And their best will be needed to handle this job, according to pre-season records. The Hawks have a 3-4 standing, one of the wins being over the potent Fort Worth Day School. However their strength is most apparent in close losses to a trio of power houses. They yielded 14-12 to Notre Dame of Wichita Falls, 8-6 to Tyler Gorman and 14-0 to Dallas Christian.

The team is described as good sized and strong in the line with average speed and good weight in the backfield. It has the advantage in power but Sacred Heart will have the better speed. Mistakes and breaks could become the deciding factors of the game.

The Tigers are entering this hassle with a 7-0 record, with several long margin wins. Including last year's record, the team's string of continuous victories now stands at 14.

City Cleanup Week Nears

Muenster Garden Club's ecology committee sends out a reminder that it's nearing time to cleanup and fixup in the city-wide cleanup week, Nov. 5-10.

The committee looks forward to seeing all weeds, cans, trash and rubbish including tree limbs removed from city yards, shrubs trimmed and lawns cut, and paintup for an environmental face-lift. Each property owner is urged to cooperate in this project.

Schedule of Football Games

The following football games of the two local schools are on schedule for the coming week.

Thursday, Oct. 25, 5:00 SH 7th Grade, Tiger Cubs and Tiger B at Celina.

Friday, Oct. 26, 8:00 Sanger at MHS.

Friday, Oct. 26, 8:00 Cistercian at Sacred Heart.

Tuesday, Oct. 30, 6:45 SH Cubs and Tiger B at Lindsay.

Tuesday, Oct. 30, 7:00 Muenster 8th Grade at Nocona.

Burleson Tells Counties in EDA

A telegram Wednesday from Congressman Omar Burleson to the Muenster Enterprise reads as follows:

"Congressman Omar Burleson announces that the Economic Development Administration has designated Cooke, Fannin and Grayson Counties as the Texoma Economic Development District eligible for federal financial assistance in planning and carrying out programs to create new jobs and stimulate long range economic growth.

"The Sherman-Denison area of Grayson County is the EDA designated growth center for the Texoma District, and Sherman and Grayson Counties are the re-development areas. "All counties will share in the benefit of planning conducted with EDA grants.

"Cooke County will be eligible for planning grant money from this agency."

Nowadays a lucky coin is any coin you still have.

Fun and Frolic Team Oct. 28-29 in Hospital Benefit

Frontier Frolics, this year's variety show by Muenster Hospital Auxiliary as a benefit to secure funds for the hospital's alert system, is going into its final rehearsals for the big show.

Once again it is a community effort with a cast of some 50 performers — business and professional people, housewives and youths — working together, practicing long hours, spending many more hours making costumes they finance themselves. All receipts go to the alert system fund.

This year the show will be presented two nights in an effort to draw maximum attendance.

The dates are Sunday, Oct. 28 and Monday, Oct. 29. The place is Muenster High School Auditorium.

Tickets now on sale at Modern Floors, Evelyn's Style-room and Hamric's are available also from Mrs. Mel Stephens and may be bought at the door on show nights.

Chairmen of various details, headed by Mrs. Roy Monday, general chairman, are Mrs. Charles Bayer, scenery and props; Mrs. Mel Stephens, music and tickets; Mrs. Herbert Miller, lighting; Mrs. Arthur Bayer, costumes; Mrs. Dan Hamric, publicity; Mrs. Chris Cain, makeup; and Mmes. Tom Sangster, Johnny Pagel and Andy Wimmer.

The Men In Service

Earns Promotion

Stephen Walterscheid has advanced to private first class in the U.S. Army while soldiering in Germany with the 708th Maintenance Battalion. He is an armorer in the battalion's headquarters company. In the service since August 1972, he trained at Fort Ord, Calif. and Fort Lee, Va. Son of Mr. and Mrs. Joe H. Walterscheid, he was employed at Hamric's before entering the Army.

At New Station

Army Pvt. Tommy Hess is settled at a new assignment at Fort Bragg after completing a two-week leave here with his parents Mr. and Mrs. Ray Hess on transfer from Fort Ord, Calif. His new address: Pvt. Tommy R. Hess, 465-90-2570; HHC 548th ENDR Bn. (Const); Fort Bragg, N.C. 28307. He drove to his new station in a new Mazda.

Bees and Monsters Divide Twin Bill With Sanger Boys

Muenster's Bees and Monsters broke even Tuesday night in a pair of games with the future Indians of Sanger. As a starter the Muenster Juniors were swamped 31-0 by the hosting eighth graders. Then the loss was promptly averaged as the MHS Bees rolled over Indians second stringers 38-6.

The junior teams fought it out on equal terms for a quarter, then Sanger suddenly got on the scoreboard with an 80 yard punt return. The achievement seemed to put the spark in Sanger or take it out of Muenster, or both. At any rate the home team was in control the rest of the way.

Later in the second quarter they blocked a punt and followed with an 18 yard touchdown pass. In the third they ended a 49 yard drive with a 1 yard plunge. In the fourth quarter they scored twice, on an interception and 47 yard return, then on a 43 yard run. The only extra point was a kick after the first TD.

The second game went the other way by almost the identical margin. It started with a 37 yard drive and Mark Mollenkopf's 1 yard dive followed by John Eckart's kick for extra point. Shortly later Muenster blocked a kick on the 12 and Mollenkopf scored from the 5 a few plays later.

The second quarter was a standoff, except one play. Sanger uncorked a surprise pass on punt formation for a 75 yard touchdown. Half time score was 31-6.

From then on the Bees took over. They went 60 yards ending it with a 10 yard pass from Tim Wolf to Terry Lewis. Mark Sicking got away for a 63 yard scoring romp. Wolf went over from the 12 in a 49 yard drive. And finally Sicking went 33 yards to top off a hot individual performance of 185 yards for the evening. Eckart's kick topped the count to 38-6.

Hornets Assigned To District 13-A Of UIL Football

District football at Muenster High School will be very different next year. Superintendent L. B. Bruns received notification Monday from the University Interscholastic League that MHS has been assigned to District 13-A with Holliday, Archer City, Windthorst and Callisburg.

The transfer apparently became necessary because three schools of the 14-A area became eligible for A classification. Those were Howe, Pottsboro and Van Alstyne. At the same time Windthorst grew out of the B classification and was grouped with Muenster and Callisburg in joining Holliday and Archer City.

Another school, conspicuous by its absence, is Nocona, which is located between here and the trio to the west. That seems to indicate that Nocona has been assigned to the AA rank.

As regards schedule, this calls for more travel than before by the Hornets and their fans. Callisburg is the only near-by team whereas the drive to Windthorst will be comparable to the current longest (Frisco), and the other two will be longer.

Coaches of the five schools will meet soon to draw up their 13-A schedule. Shortly after that Coach Richardson expects to have his complete schedule for next year.

Tigers Take 7th In 22-10 Thriller At Lake Worth Jr.

As anticipated, the game with Lake Worth Junior Varsity last Friday was the beginning of tough football for Sacred Heart's Tigers. For the first time this season they did not take the lead until the fourth quarter. Furthermore they did not put the game in the bag until slightly more than two minutes before the end. The count was 22-10.

Statistics were almost as impressive as the score. Sacred Heart was ahead 17-10 in first downs and 233-179 in yardage, even after losing possession on four turnovers while the Bullfrogs lost only once.

For a long time it seemed that the hose team would live up to its rating. As second stringers of a Class AA school they were expected to give the Class B Tigers a heap of trouble. And that's how they started.

Following kickoff the Bullfrogs went directly down the field on a 65 yard scoring drive. Nine plays, including a pass for 24 reached the 14 and a sweep around right end finished the job. Another sweep the other way added extra points. The score was 8-0 with 6:14 left in the first period.

On the kickoff that followed Sacred Heart fumbled and the Frogs were 31 yards away. However they got only 3 yards closer in the next four tries and the Tigers started their scoring drive from there.

Dickie Mosier, Kevin Pels and Davy Krahl hammered the line for steady gains to mark up 72 yards and 5 first downs on fourteen plays. Pels made the final yard on the second play of the second quarter. A run for extra points failed. Sacred Heart trailed 8-6.

After that Lake Worth kicked on its second series, Sacred Heart lost a fourth down try on its third series, then Lake Worth kicked again on second series. The Tigers were on their 10 yard line. Next play Roger Endres was dropping back to pass and got caught behind the line for a (Continued on Page 10)

Garden Club Will Collect Thursday For Cemetery Fund

Semi-annual collection for Sacred Heart Cemetery will be conducted by the cemetery committee of Muenster Garden Club next Thursday, All Saints Day, Nov. 1.

Members of the club will be at the church doors to accept donations after all services for the day including the evening Mass on Wednesday, Oct. 31. Funds received are used for the cemetery's general maintenance.

City Votes Saturday On Water District

In a referendum to be held Saturday, Muenster voters will decide whether to form a local water district for the purpose of providing a lake of surface water for the city's need when the present supply of well water becomes inadequate.

Balloting will be in the city hall from 8 a.m. to 7 p.m. under supervision of Joe Horn and Lee Toothaker. The choice offered on the ballot will be "For the District" and "Against the District."

By voting "For" the city

Sanger Is Favored Over Hornets in Friday Game Here

Though the odds are not quite as awesome as last week they will still be stacked high against the Hornets in Friday night's game with the Sanger Indians on the MHS field at 8 o'clock.

According to the Harris rating Sanger is only Number 74 in the Harris statewide rating whereas Frisco is Number 9. But that's still far ahead of Muenster with its rating of Number 121.

A similar reading can be taken from the comparative record of the season to date. Muenster has 2 wins and 4 losses. Sanger has 4 wins and 2 losses. And one of Sanger's victims was Whitesboro, which later defeated Muenster.

Still another discouraging sign is physical comparison of the teams. Sanger has the biggest line of the district, while Muenster and Callisburg share the distinction of being the smallest. Also the Indians can be rated slightly ahead in backfield weight and speed.

In spite of all that, however, some encouragement can be taken from last week's performance by the Hornets. They delighted their coaches with a great job against the Frisco powerhouse. If a few big plays could be taken away, the game would have been close in both score and statistics. Possibly also the Hornets will have a slight advantage in passing. So, it's still not hopeless for MHS. Continued stout effort plus a few breaks can see them through.

In last week's district opener Frisco beat Muenster 34-8, Sanger nudged Pilot Point 14-6, and Nocona trampled Callisburg 52-0.

Era Juniors Dump Tiger Cubs 14-8

The perfect record of the Tiger Cubs was shattered Tuesday night when they went down in 14-8 defeat before the Era Juniors. To make matters worse, it was the key game of the 7-B junior race. A win would have given Sacred Heart a 2 game lead over Era, but now the teams are tied at 1 loss each. With both teams favored in their remaining games, it is probable that they can finish in a tie.

However, if Tuesday's game is an indicator, wins are far from assured for the Cubs in remaining games. They were miserably below par Tuesday as they gained only 17 yards on offense and failed to make one first down. Era, on the other hand made 13 first downs for a total of 225 yards. Sacred Heart was in possession for 20 plays, Era for 55 plays.

The visitors got started on their second possession and gained 61 to the 11 before Sacred Heart held. Four plays later the Cubs kicked and Era moved again. That drive went 53 yards and ended in a pass for 4 yards. Another pass added 2 points. The score was 8-0 with 20 second left in the first half.

Starting the second half Era got its second scoring drive in motion. It went 58 yards in 11 plays and the score came on a 16 yard pass.

Just before the quarter ended Sacred Heart blocked a punt and had good position 34 yards away but lost on the series. Four plays later Era kicked and Joe Sicking, aided by four fine blocks, returned 70 yards for the Sacred Heart score. Joe Bartush made extra points.

In the final minutes the visitors made another good drive that went 57 yards and was stopped on the 13 less than a minute before the end.

will approve the district, which has been authorized by the state legislature, thereby enabling the city council to establish a board of directors who will be responsible for building a lake if and when it is needed.

The issue of creating a district was brought on by the declining supply of local well water. Judging from a drop of four to five feet annually in the level of Trinity formation water, engineers estimate that local wells will go dry in 10 to 20 years. They are also concerned about possible pollution from salt and oil.

The city itself could have taken on the project of building a reservoir but, because of more favorable financing it preferred the district, which will assume all obligations and retire its debt by selling water to the city and any other customers.

As now planned, the lake cost would be shared almost equally by the district and the Soil Conservation Service. The district share of \$640,000 would pay for the needed reservoir capacity and the SCS share of \$627,000 would pay for additional capacity for flood control and recreation. In addition the district would have to build a treatment plant and pump and water line to supply the city. To finance the entire obligation the district would raise \$44,000 a year by water sales.

The principal problem concerning the project is when the lake should be built. If delayed too long the city may have a water shortage. If built too soon the district obligations would come due several years before its water would be needed. To raise the funds for those payments the city water department would have to increase present rates at least 40 per cent.

With that dilemma before it, the city council is eager to have authorized personnel on the job to do the paper work and other preparations that do not involve heavy expense, then be prepared to get a project moving on short notice when its necessity becomes apparent.

While taking precaution to avoid a water shortage, the council hopes that construction of the dam can be delayed for many years.

Home-School Group Sponsors Carnival Halloween Night

The hour approaches when hobgoblins hob, witches roam and little gremlins play — that's Halloween Carnival night at Sacred Heart Parish Hall.

Annually sponsored by SH Home School Society on Oct. 31 to keep children off the streets and to discourage trick and treat antics, the carnival offers fun and food for all age groups and parents are invited to attend with their youngsters.

Fun games and skill games, fortune telling, a jail, barbecue, coffee, soft drinks, candy, and more, are on the program.

Everyone is invited to attend between the hours of 6 and 10 p.m.

Shipman of Aggies Has Surgery Here

A well known football personality has come to Muenster Hospital for repair by Dr. Marvin Knight of a knee injury sustained early in the season.

He's David Shipman of Odessa Permian, named on last year's AAAA all-state team and now a member of the Texas Aggies team. He came Monday, had surgery Tuesday. His mother of Odessa came here for the surgery and is spending many hours daily at his bedside. Another visitor as Bob Wright of the Aggie coaching staff, who accompanied Shipman to Muenster.

Paper Drive Saturday

SH seniors will conduct a scrap paper drive Saturday, October 27, beginning at 9 a.m. Persons unable to get their paper out may call 759-2552. Persons with paper to give are asked to have it boxed or corded and out at the curb for quick pickup.

State Legislators Address Meeting Of Co-op Group

State Representatives Bill Sullivant of the 23rd District and Joe Hanna of the 54th District were guest speakers last week in a meeting of the political action committee of

Cooke County Electric Co-op's Member and Community Services Department.

Mr. Hanna complimented the group on its interest in area progress and explained that rural Texas, with a tremendous task before it, is represented by only 30 per cent of the state's elected officials.

Because of these reasons, he said, "a committee like this can be good for the area and will have to work hard to maintain its legislative position and develop its opportunities." He said that he needs information on wishes of the people, by letter, telephone or personal contact. He also referred to the last legislative session, especially regarding re-writing of the state constitution.

Sullivant complimented the committee's activity, endorsed Hanna's suggestion on contact with the legislators, and indicated that he opposed departure from the pay-as-you-go financing in state government.

Among those attending a Political Action Committee meeting sponsored by Cooke County Electric Co-op are: (top photo) Joe Hanna, representative 54th Dist.; Mike Sloan, Electric Co-op manager; Vincent Zimmerer, Electric Co-op director; Bill Sullivant, representative 23rd Dist.; Pete Skinner, Electric Co-op director. (Bottom-photo) W. W. Weems, Kimbell Oil mgr.; Hollis Berry, Rosston; Bill Sullivant.

Gene Davenport, manager of the Member and Community Services Department, said that it is non-partisan and will continue gathering information on legislative affairs affecting the area and will make the information known through every available media.

Referring to amendments to be voted on in the Nov. 6 election, he outlined Number 1 on legislative pay raises and said it is supported by Texas Electric Cooperatives. He explained Amendments 2 and 3 relating to homestead exemptions, and Number 7 to provide additional bonds for the veterans' land fund.

Amendment 9 was discussed at length. It proposes authorizing the legislature to exempt certain water supply corporations and cooperatives from property tax on certain facilities. Views for and against were given, including a prepared statement by the Texas Rural Water Association. Communities of this area concerned with the amendment at Wood-

bine, Forestburg, Callisburg, Ringgold and Mountain Springs.

The Political Action Committee Manual, prepared by the member and Community Services Department was examined. Contents include the meaning of government relations, the principles involved, 19 reasons for legislative affairs, and five factors in checking the merit of legislation.

Legislative committees were named as follows. On the federal level: Jack Crownover, Blake Freeman, Robert T. Lewis Jr.; on the state level: Richard Bailey, Eugene Bentley, Rufus Moore, Mrs. Jay Pybas, Mrs. Pete Skinner; on the local level: Hollis Berry, Viola Durham, Coy Fite, Ray Lynch and Vincent Zimmerer. Serving with all three groups are Mike Sloan and Gene Davenport.

Henry Wadsworth Longfellow is the only American whose bust is in Westminster Abbey in England.

Senior 4-H Girls Meet Miss Knapp And Plan Programs

Sacred Heart Senior 4-H Club girls met Miss Ava Knapp, new county assistant extension agent, at their October meeting. She will help them on their projects which they discussed. They also talked about future programs for which they plan to secure speakers from the fields of medicine, home economics, stenography and social work.

Randy Jordan, assistant county agent, met with the boys' club and introduced members to an auto mechanics teacher from Cooke County Junior College. The boys have selected small engines as their project.

Club presidents Beverly Walterscheid and Jack Dangelmayr presided and members heard reports on the recent county council meeting in Gainesville.

"You think so much of your golf game," complained the wife, "that you don't even remember when we got married."

"Of course I do, honey," he assured her. "It was the day I sank that forty-foot putt."

It pays to advertise with the Muenster Enterprise.

At least ten countries use the eagle as the symbol of supremacy.

Birthday Party at Hillcrest Manor Has 3 Honorees

Three residents of Hillcrest Manor, Robert Montgomery, W. B. Martin and Mrs. Mary E. Felderhoff, shared honors as Oc-

tober birthday honorees at the nursing home's monthly birthday party on Oct. 19.

The Peacemakers, a Gospel singing quartet from Gainesville, entertained. They are Randy Hardin, Pam Dennis, Donald Sills and Sheila Brown.

Steve Potts accompanied on the piano.

They also sang "Happy Birthday" to the honorees who received gifts from their families and from the nursing home staff.

Beautiful decorated cakes

were furnished by Mr. and Mrs. B. W. Hordison of Montague, Mr. and Mrs. James Martin and family of Saint Jo, Mr. and Mrs. Charlie Martin of Nocona, Mr. and Mrs. Bob Tuggle of Myra and Mr. and Mrs. Arnold Rohmer.

Punch and coffee were furnished by the home's owners Mr. and Mrs. O. D. Garland.

Helping serve were Mrs. Pearl Rosson of Myra, Mrs. Virginia Petrie of Lindsay, Mrs. Aileen Reed of Saint Jo, Mrs. Kay Williams of Gainesville and Miss Theresa Fleitman, staff members.

Other entertainers after refreshments were Mr. and Mrs. Jack Hogan, violin and piano, and Alfred Fielder of Gainesville, violin. They presented country, western, and sacred numbers. Mrs. Ollie Tuggle of Waco did an old time jig dance. Tommie Hogan and Evelyn Fielder joined in a charleston.

Mrs. Tuggle was formerly a dance instructor at North Texas State School in Denton. She is an aunt of Mrs. Alfred Fielder and was spending the weekend at the Fielder home.

Guests in addition to those bringing cakes included Mrs. Billy Potts and daughter Stephanie and Mike Branch of Gainesville, Sister Georgia Felderhoff, Susan and Sandra Walterscheid and Christi Rohmer, Muenster, and Kevin, Ty and Todd Martin of Nocona, the Charlie Martins' sons.

A league is about three miles.

Joyce Swirczynski And John Monday Say Vows at Mass

Miss Joyce Swirczynski became the bride of John Monday in Sacred Heart Church Saturday in a double ring ceremony during Nuptial Mass at 5 p.m. Father Placidus Eckart, pastor, officiated.

Miss Mary Lou Kralicke was organist for the processional and recessional and accompanied vocalists Christi Koesler, Beverly Walterscheid and Carol Yosten. They sang "Words" before Mass, "Let It Be Me" at the offertory, "Wedding Song" at the communion and "Peace, Joy and Happiness" after Mass when the couple went to the Blessed Virgin's shrine where the bride presented the traditional floral tribute.

Parents of the couple are Mr. and Mrs. Richard Swirczynski and Mr. and Mrs. Andy Monday.

Presented by her father, the bride wore a gown of white chiffon over satin, the empire bodice accented with scalloped lace which also formed the high neckline and cuffed the long sheer sleeves. The same lace sprinkled with sequins ornamented the skirt front and formed a wide band at the hemline. The lace also edged the detachable cathedral length train and the full length veil held by a lace band.

Her flowers were a cascade of gold sweetheart roses, mums and stephanotis and she wore a gold chain and cross which her mother wore at her wedding. It originally belonged to the bride's late grandmother Mrs. Adam Beyer.

Bride's attendants were Miss Darlene Wolf, maid of honor, and Miss Janet Swirczynski twin sister, another sister Miss Shirley Swirczynski and the groom's sister Mrs. Gary Covington of Grand Prairie, bridesmaids. Michelle Monday, niece of the groom, was flower girl.

They all wore floor length gowns of gold polyester crepe, the empire bodices covered with sheer chiffon and the long sleeves in sheer floral print of gold and avocado green with wide cuffs at the wrists. Their gold picture hats were trimmed with green velvet and their flowers were mums with gold and green trim.

Attending the groom were Glenn Richardson, best man, and Terry Miller, Dallas, Tom Flusche and Roy Monday, a brother, groomsmen.

Cliff Sicking, brother-in-law of the bride, and Earl Koelzer were ushers. Mass servers were Gene Lutmer, bride's cousin, and Phil Wolf, Bert Hesse, Craig Walterscheid and Kent Fuhrman.

Wedding reception and dinner were held in the VFW Hall where Mrs. J. D. Rumley of Big Spring and Miss Elaine Sicking registered guests. Mrs. Charles Bayer and Miss Paula

Sicking served the wedding cake.

Guests included the groom's grandmother Mrs. Andy O'Connor and the bride's grandfather Joe Swirczynski, and from a distance Mr. and Mrs. Charles Wimmer and family of Oklahoma City, Mrs. Cecilia Fry of Dallas, Messrs. and Mmes. Ed Swirczynski and Carl Beyer of Fort Worth and Terry Dees of Wichita Falls and Gary Covington of Grand Prairie.

Rehearsal dinner was held in the home of Mr. and Mrs. Roy Monday.

A pre-nuptial shower with classmates as guests was given by Miss Darlene Wolf.

The newlyweds are at home in Muenster southwest of town. Both are graduates of Muenster High School. He is employed at Modern Floors.

Mr. and Mrs. R. P. Cain and daughter Paula visited parents and grandparents, the W. B. Martins at Hillcrest Manor and their son and daughter-in-law the Kenny Cains at their home Sunday afternoon. The R. P. Cains told about moving from Farmers Branch to Garland to occupy the former Kenny Cain home.

A man whose normal weight is 150 pounds would weigh about 50 pounds if all the water in his system were dried up.

Congratulations
Arthur and Evelyn Felderhoff
on 25 happy years together
May God richly bless the remaining
years of your marriage

Group Takes Party To Windthorst Kin

A group of six from Muenster, Mr. and Mrs. Bill Becker, Mrs. Joe Swingler, Mrs. Joe Wilde, Mrs. Albert Schilling and Albert Knabe Sr., went to Windthorst early Wednesday morning taking covered dishes and gifts to help their relative Mrs. Katie Meurer celebrate her Oct. 24 birthday. It was her 89th.

Others there for the day-long celebration included Mrs. Meurer's daughters Mrs. Henry Thoele and Mrs. Henrietta Turpin of Wichita Falls.

Cousins Honored At Birthday Party

Cousins Melanie Richey and De Ann Trachta were honorees at a birthday party on Oct. 14, at the home of their grandmother Mrs. Dick Cain.

Melanie, youngest daughter of Mr. and Mrs. Wendell Richey of Gainesville, was five years old and De Ann, daughter of Mr. and Mrs. Wayne Trachta of New Braunfels, was two.

An aunt, Mrs. Gene Hartman of Denton, planned the party featuring a Raggedy Ann theme and set a pretty refreshment table holding two cakes — a Raggedy Ann and a Raggedy Andy confection.

The party den was lavish with colored crepe paper streamers and colored balloons. After games were played, the cakes were cut and served with punch to about 35 guests — cousins, friends and aunts of the honorees — and De Ann's other grandmother Mrs. Dick Trachta.

MELANIE RICHEY

DE ANN TRACHTA

Local News BRIEFS

Mr. and Mrs. Lloyd Young, Marysville, have their baby granddaughter Jennifer Riggs of Euless with them for two weeks while her young sister Amy Riggs is a surgical patient at St. Paul's Hospital in Dallas. They are daughters of Mr. and Mrs. Wayne Riggs. Other weekend visitors were the Youngs' daughter Mrs. Earl Minor, Robbie and Randy of Euless and a son Mike Young and son Brent of Dallas.

When Mrs. Dick Cain spent last weekend in Bellevue with her mother Mrs. J. S. Hogan and her sister and brother-in-law the T. C. Rhones other relatives joining them made a small family reunion. Another sister and husband, the O. Z. Smiths came from Lubbock, Mr. and Mrs. Michael Rhone and Chris Michael, Mr. and Mrs. Larry Witzel and Robby and Miss Kathy Rhone came from Wichita Falls. Earlier Mrs. Cain visited in Dallas with her daughter and family the Bill McCollums at their home and with his mother Mrs. David McCollum at Baylor Hospital. She also visited in Waxahachie with Mr. and Mrs. Darrell Melton and other friends.

Mrs. Keith Tompkins and children Mark, Mary Beth, David and Brian of Arlington were Sunday visitors with parents and grandparents the Victor Hartmans.

Mr. and Mrs. Charles Felderhoff and sons Chad and Larry of Dallas were visitors with his parents, the Tony Felderhoffs during the weekend.

Mr. and Mrs. Leonard Gudd who had been visiting his sister Mrs. Ronnie Hoagland and her son and his wife, the Peter McCoy's, left Sunday to return to their home in Clifton, N. J. The Muenster trio saw them off from Love Field.

Miss Georgia Bayer returned to Austin Tuesday after a long weekend with her parents the George Bayers. She had five days off from her nursing duties.

Visiting Mr. and Mrs. Bruno Fleitman over the Veterans Day weekend were their daughter Mrs. Frank Cox and daughter Kelly who returned to Houston Monday. They came especially to see her sister Miss Blondie Fleitman, home from Denver, Colo., for a week. She left Wednesday this week. Sunday other family members joined at the Fleitman home for a reunion.

Abbot Alfred Hoenig of Corpus Christi is here since Saturday to visit his Muenster relatives. Sunday afternoon his sister and brother-in-law the T. Vogels were hosts for a family gathering and supper. Others present were the Joe, Tony and Alphonse Hoenigs and Johnny Ottos.

At Lindsay Sunday to spend the day with Mr. and Mrs. Henry Hess were their daughter and family, the Gus Berends of Windthorst. Other guests for dinner were the David Huchton and James Hellingner families and Henry Hess Jr.

According to the Tax Foundation, Inc., Americans need 23 minutes of their eight-hour workday to meet their medical care expenses. It takes 58 minutes for food and beverages, one hour for housing and household operations and 18 minutes for recreation.

Robin Young Says Nuptial Vows with Gary Lynn Links

Miss Robin Leigh Young and Gary Lynn Links exchanged wedding vows in a double ring ceremony at Grand Avenue Baptist Church, Gainesville, on October 13, 7:30 p.m., with the pastor the Rev. Leroy Martin officiating.

Parents of the couple are Mr. and Mrs. Lloyd Young, and Mr. and Mrs. Jessie Links Jr. of Gainesville.

Mr. Young presented his daughter for marriage. She wore a white silk taffeta gown, the empire bodice and bishop sleeves ornamented with lace which also formed a wide ruffle at the bottom of the skirt and circled the train. Her laced mantilla was held by a lace bonnet sprinkled with seed pearls and her flowers were a cascade of white carnations, stephanotis and English ivy. For something borrowed she wore a diamond necklace belonging to her sister Mrs. Mike Felderhoff.

Miss Kenya Hale was maid of honor in an empire gown of plum and pink floral print and wore a white picture hat with the floral print trim. She carried a nosegay of white carnations, stephanotis and English ivy.

Robert Strait of Gainesville was best man. Wedding music was provided by Mrs. Regan Brown, organist, and Bob Matthews, vocalist. He sang "Wedding Song" and "The Lord's Prayer."

A reception was held in the church Fellowship Hall. Mrs. Dwayne Stewart, sister of the groom, presided at the guest book. Mrs. Earl Minor of Euless and Mrs. Mike Felderhoff, sisters of the bride, served punch and Mrs. Charles Bayer served the wedding cake. Assisting was Mrs. Wayne Riggs of Euless, another sister of the bride.

The newlyweds are at home in Gainesville at 525 S. Rusk St. He is a graduate of Gainesville High, attended CCJC and is employed at Safeway. She attended Muenster High School. Wedding guests included Earl Minor and Wayne Riggs and families of Euless, Dr. and Mrs. Leverett Golden of Hurst, Jimmy Spire of Arlington, Mike and Brent Young of Dallas and those from Muenster and Gainesville. A pre-nuptial shower was hosted by Misses Kenya Hale and Roxie Reed in the Hale home. Classmates were guests.

O'Connors Observe 53rd Anniversary

Mr. and Mrs. Andy O'Connor celebrated their 53rd wedding anniversary on Oct. 14 surrounded by their children, grandchildren and great-grandchildren in this home.

A grandson and his wife, Mr. and Mrs. Roy Monday, were hosts for a buffet of finger foods.

The couple's two daughters Mrs. Cecilia Fry of Dallas and Mrs. Evelyn Monday, her husband Andy, and their children were present with other relatives and friends from Muenster, Lindsay, Myra and Saint Jo, including local Pastor Father Placidus Eckart and Father Bede Mitchel of Lindsay.

Mr. O'Connor was feeling well enough to be up in a chair for the afternoon and early evening. Family pictures were made and anniversary gifts displayed. The following evening an anniversary Mass was celebrated in the O'Connor home.

An executive is a man employed to talk to visitors so employees will have a chance to work.

BIRTHS

Mr. and Mrs. H. D. Flippo of Saint Jo announce a daughter, Sara Grace, five pounds 14 1/2 ounces, born at Muenster Hospital 3:21 a.m. Thursday, Oct. 18. She's their third child.

Mr. and Mrs. Tom Hamilton became great-grandparents for the first time Thursday, Oct. 18. Newest member of the family is Melanie Sue Walker, eight pound nine ounce daughter of Mr. and Mrs. John Walker of Kendrick, Okla. Mr. and Mrs. Jerry Walker, also of Kendrick, are grandparents for the first time.

What would you guess, if someone asked you to name the single category of goods or services that Americans spend the most on? Food? That would be a popular guess, right now. Or perhaps housing? Well, get ready for a shock. In 1971, we spent a total of \$332.6 billion to purchase food, clothing, housing and automobiles. The same year, we spent \$338.5 billion on local, state and federal government.

NEWS OF THE SICK

Phil Mullins is a patient at Baylor Hospital where he underwent back surgery Tuesday morning. His wife was with him. She accompanied him when he went to Dallas Sunday to enter the hospital and they observed their fourth wedding anniversary Monday. Cards for the patient may be addressed to him in care of Baylor Hospital, Room 6002; 3500 Gaston; Dallas, Texas 75246.

Tom Hamilton was dismissed from Arlington Memorial Hospital Tuesday and is up and around his home. He underwent major surgery at Arlington Memorial Hospital on October 15 and will be going to Fort Worth five days a week for five weeks for treatment at the radiation center.

Donald Endres is back at home since Sunday, dismissed from Muenster Hospital. He'll be confined to the house for three weeks but can have visitors.

HOSPITAL NOTES

The following patients were dismissed during the past week from Muenster Memorial Hospital.

Tuesday, Oct. 16: Jennifer Murrell, John Swift and Lee Parkhill, Gainesville; Mrs. Cora Moore, Saint Jo; Joe C. Fox, Richardson.

Wednesday, Oct. 17: Mrs. Emil Rohmer, Mrs. Andrew Klement and baby girl, Muenster; Eddie Puckett, Era; Jerry Reed, Saint Jo; William Echols and Jim Parks, Gainesville; Mrs. Julia Sisto, Mesquite.

Thursday, Oct. 18: Joe Turbeville, Saint Jo.

Friday, Oct. 19: Mrs. John McBee and baby boy, Gainesville; L. S. Valentine, Sanger.

Saturday, Oct. 20: Mrs. R. C. Thurman, Gainesville.

Sunday, Oct. 21: Donald Endres, Muenster; Wanda Lou Boggess and Mrs. H. D. Flippo and baby girl, Saint Jo.

Monday, Oct. 22: Eugene Fleitman and Mrs. Clyde Fisher, Muenster; Justin Ashley and John B. Hale, Saint Jo; Beverly Brandon, Forestburg; David C. Broyles, Nacoma; Mrs. Bill Fisher and Mrs. George Brown, Gainesville; Donald Hudgins Jr., Whitesboro.

Tuesday, Oct. 23: Mrs. Fred Massey, Gainesville.

Tourists See Five Countries While Traveling Abroad

Portugal, Spain, Italy, France and Ireland were on the itinerary of the Legion of Mary Pilgrimage group which included Mrs. Rose Hofbauer and Mrs. Ronnie Hoagland of Muenster and Mr. and Mrs. Joe Walter of Gainesville. It was a famous shrines tour and included also Rome and Paris.

Flying across the Atlantic from New York to Lisbon they made a bus tour there to see the birthplace of St. Anthony, a cathedral, monastery and museum before leaving for Fatima.

It was on arrival at Lisbon that Father Kormann, the tour's spiritual director, discovered that his wallet with its contents was missing. An SOS to Pan-Am and a search of the plane revealed nothing. The other members of the tour got together and made up a purse to compensate for the loss so he could continue on the trip.

They participated in a night candle-light procession at the famous Fatima shrine, visited the 'Basilica containing the tombs of Jacinta and Francisco, two of the children to whom Our Lady appeared in 1917, toured the village, saw the homes of the children and other places connected with the Apparitions and visited with a brother of the children who still lives at Fatima.

Next was Madrid, seeing the Plaza de Espana, Royal Palace, monumental Bull Park — a retirement place for bulls — chapels, cathedrals and the Royal Armoury, and the famous Prado Museum. The next day, still in Madrid, they had an excursion to see the massive and severe Monastery Palace built by Phillip II in 1584 containing the tombs of the Kings of Spain, and a visit to Valley of the Fallen, a memorial to the million men who died in the Spanish Civil War.

Leaving Madrid the next day they flew to Rome to spend five days in the Eternal City. There was so much to do and see in this Capital of the Republic of Italy and center of the Roman Catholic Church.

Highlights included Vatican City, Basilica of St. Peter, Sistine Chapel, Museum and Library, Capitoline Hill, Forum, Colosseum, Trevi Fountain, Pantheon, Senate House, Castle of St. Angelo, basilicas, chapels, churches, Roman Bath, and as a climax a visit at the Pope's summer home, an audience and Papal Blessing.

And it was in Rome that Mrs. Hoagland celebrated her birthday with a party for the group—she entertained with a cocktail party and a champagne supper. It was the second time she had a birthday while touring Rome.

With free time before departure for Paris, Mrs. Hof-

bauer and the Walters went to Subiaco, Italy, to visit the original Subiaco Monastery and the tombs of St. Benedict and St. Scholastica.

From Paris by night train to Lourdes with two days free for devotions at the great Shrine of Our Lady at the Grotto of the Apparitions, Rosary Basilica, St. Pius X Basilica, Way of the Cross over the Hillside, Blessed Sacrament Procession and blessing of the sick, Torchlight Procession, and visits to places associated with the life of St. Bernadette, where she was born, hospital and chapel, the church containing the baptismal font where she was baptized.

From Lourdes by train to Paris where sight-seeing included Sacred Heart of Montmartre, Madeleine Church, Napoleon's Tomb, Eiffel Tower, Arch of Triumph, Opera House, Luxembourg Gardens, Louvre and Notre Dame.

And attending Mass at the Shrine of the Miraculous Medal where Our Lady appeared to St. Catherine Labouré to institute devotion to her through the Miraculous Medal. Seeing the incorrupt body of St. Catherine and body of St. Louis de Merillac, co-founder with St. Vincent de Paul of the Daughters of Charity. Also a visit to the nearby Church of the Vincentian Fathers to see the remains of St. Vincent de Paul, then an excursion to Versailles to visit the great Palace and gardens built by Louis XIV.

From Paris by air to Dublin with free time in this capital of Ireland with one of the loveliest settings in Europe,

with the famous Liffey River flowing through the center of the city. The many picturesque bridges crossing the city combine an old charm with modern advantages.

Three days in Dublin gave time for visiting Adam and Eve Church, St. Mary's Cathedral, University, Shrine of Our Lady of Dublin, Phoenix Park, Zoological Gardens, shopping and individual activities. Early afternoon departure returned the tourists to John F. Kennedy International Airport the same day.

There were 23 tourists including three priests on the pilgrimage. Weather was beautiful throughout, and the food with each country's own exotic dishes was delicious. Souvenirs and many pictures came back with never to be forgotten memories of this Legion of Mary Pilgrimage.

Camp Fire Girls Plan for Outing

Sixth grade Camp Fire girls finished plans for their camp-out at Camp Letoli when they held their regular weekly meeting last Wednesday.

In connection with their plans for camp this weekend the girls talked about first aid and camping equipment, and shredded foam rubber for their sit-upons. Renee Wilde presided, Phyllis Grewing read minutes of the previous meeting, Sharon Sicking collected dues, and Bridget Felderhoff was welcomed as a new member.

Leaders Mrs. Roy Hartman and Mrs. Joe Felderhoff met with the group.

Its nine-foot wing-spread makes the condor the largest bird that flies.

Kristen Klement Baptized Sunday

Infant Kristen Anne Klement, wearing the baptismal gown her father was baptized in, was christened Sunday at 3 p.m. in Sacred Heart Church by Father Placidus Eckart. Daughter of Mr. and Mrs. Andrew Klement, wee Kristen's godparents are her uncle and aunt Mr. and Mrs. Ray Wimmer of Hurst.

Others at the service were the baby's parents, both sets of grandparents the Gene Klements and the Ed Conrads of Windthorst, uncles and aunts Mr. and Mrs. Michael

Berend of Wichita Falls, Renee Conrady of Windthorst, and Misses Lynda and Judy Klement. Little Jenny Wimmer accompanied her parents to Muenster.

All were guests for a christening dinner at noon hosted by Mr. and Mrs. Gene Klement in their home.

MHS Bees Nudge Frisco B 14-8 in Loop 14-A Thriller

The MHS Bees made it 2-0 in the District 14-A race Thursday night by edging Frisco's second stringers 14-8. The game was a thriller all the way. Muenster took the lead late in the first quarter but never was comfortably in front.

For a moment after making its second TD, Muenster seemed to be out of the strain but a sensational pass play for 65 yards narrowed the margin to 6 points, and the pressure continued to the end.

Muenster made its best drive following the opening kickoff. Mark Mollenkopf and Mark Sicking ripped off steady gains in a drive that went 65 yards to the 10 in 8 plays. Next three plays got only 1 yard and a pass from Tim Wolf to Danny Endres reached the 1.

The visitors had to punt on the first series and promptly regained possession on Muenster's fumble. Four plays later the Coons kicked again and Sicking, assisted by some fine blocks, returned it 60 yards for the first score then went over again for bonus points.

Frisco threatened about midway in the second quarter with a good drive that went 73 yards in eight plays in spite of a major penalty. Big gainers were passes for 19 and 22 and runs for 28 and 9. But the next series gained only 5 and stopped on the 10.

The third quarter was a standoff, each team getting only two first downs. But action picked up in the fourth. Muenster lost possession twice on fumbles, Frisco twice on interceptions and once on a fumble. Then the Bees put their second drive together. It went 58 yards in seven plays and Mollenkopf scored from the 15. A run for extra points was short.

Time remaining was only 4 minutes and the margin was comfortable. But then came the 65 yard bomb and suddenly the pressure was on again with 3:40 to go. Following that Muenster kicked to end its series and got the ball four plays later after Frisco failed to gain.

Frisco led 257-169 in total yardage, Muenster 12-8 in first downs. Each team lost possession three times on turnovers.

Family Together At CCJC Program

Mr. and Mrs. August Fleitman and children Randy and Jan were in Gainesville Sunday to have dinner with her parents, the E. H. Richardsons. Mr. Richardson has been released from hospital care to continue convalescence at home. He had undergone major surgery at Wilson N. Jones Hospital in Sherman Sept. 25.

In the afternoon the Fleitman family accompanied her mother, sister Laverna and brother Mark to Cooke County Junior College where they attended a program by Phi Theta Kappa, honor society, of which their son and brother Leslie Richardson was named new president. He spoke on the honor society and introduced members. The college dean spoke and music was furnished by the Madrigals.

In addition to his own work Leslie also tutors at CCJC.

SH Teams Take 2 from Kingston 20-8 and 54-0

Two teams of future Tigers at Sacred Heart High posted victories Thursday night in games with Kingston, Okla. In the evening's curtain raiser the local seventh graders won 20-8, and in the next one the Tiger B team went on a 54-0 scoring spree.

The first contest was conducted like a scrimmage. Coaches were on the field and there were no kickoffs. The ball was put into play on the 30 yard line.

Cubs started it with a drive for 70 yards ending in a 12 yard end run by Bert Hesse.

Kingston also went the full distance and scored on a quarterback sneak, then took the lead with extra points.

However the Cubs did not trail long. Jesse Walterscheid scored on a 40 yard sprint. Finally a recovered fumble sparked a 40 yard drive ending in Gene Luttmner's score from the 8. Joe Bartush upped the count to 20-8.

The second game was as one sided as the score indicated. Sacred Heart seemed to score whenever it wished whereas the visitors never got as far as midfield.

Point makers were as follows. Leon Bayer went 50 yards on a punt return. Bob Schmitz scored from the 8 and Bayer added 2 points. Sacred Heart led 14-0 at the first quarter.

Next period it was Bayer from the 4 followed by a pass from Bob Grewing to Chris Felderhoff for extra points. Then Chris Felderhoff on a 40 yard pass play and bonus points by Schmitz. Half time score was 30-0.

After intermission Grewing scored on an 8 yard quarterback sneak and Schmitz made extra points. Brent Hess went over from the 6 and Leon Bayer added two. Finally Hess scored from the 4 and Bayer upped the count to 54-0.

It isn't the people who want something for nothing causing all the trouble... it's the ones that have succeeded in getting it.

IT HAPPENED 35 YEARS AGO

Oct. 29, 1938

Dallas firm gets contract to build REA line at cost of \$108,197.39 using aluminum wire; survey begins at once; construction will start Nov. 15. The inflated dollar: you see its effect on your food prices, your housing prices and most other things... just as Texas Power & Light sees it on the cost of everything necessary to produce and supply your electricity.

FUEL COSTS MORE
To produce electric power, TP&L generating plants must use fuel--and fuel costs more today than ever before. Since 1952, the price of natural gas, the principal fuel used by TP&L, has risen more than 500%. The Company's 1972 fuel bill was more than \$40 million, 30% higher than in 1971. These trends have continued during 1973.

CONSTRUCTION COSTS MORE
To counter uncertain supplies and rising costs of natural gas and fuel oil, TP&L must build new generating plants which will use more readily available fuels such as lignite and nuclear materials. Ironically, these plants cost far more to build than gas or oil-fueled plants. A lignite-fueled plant costs more than twice as much per kilowatt as a gas-fueled plant and the cost of a nuclear plant is still higher.

FINANCING COSTS MORE
Just as most people borrow money to build their homes, TP&L borrows money to construct its power plants and other facilities. The interest rates the Company must pay on borrowed money are much higher than a few years ago, adding further to the costs of providing electric service.

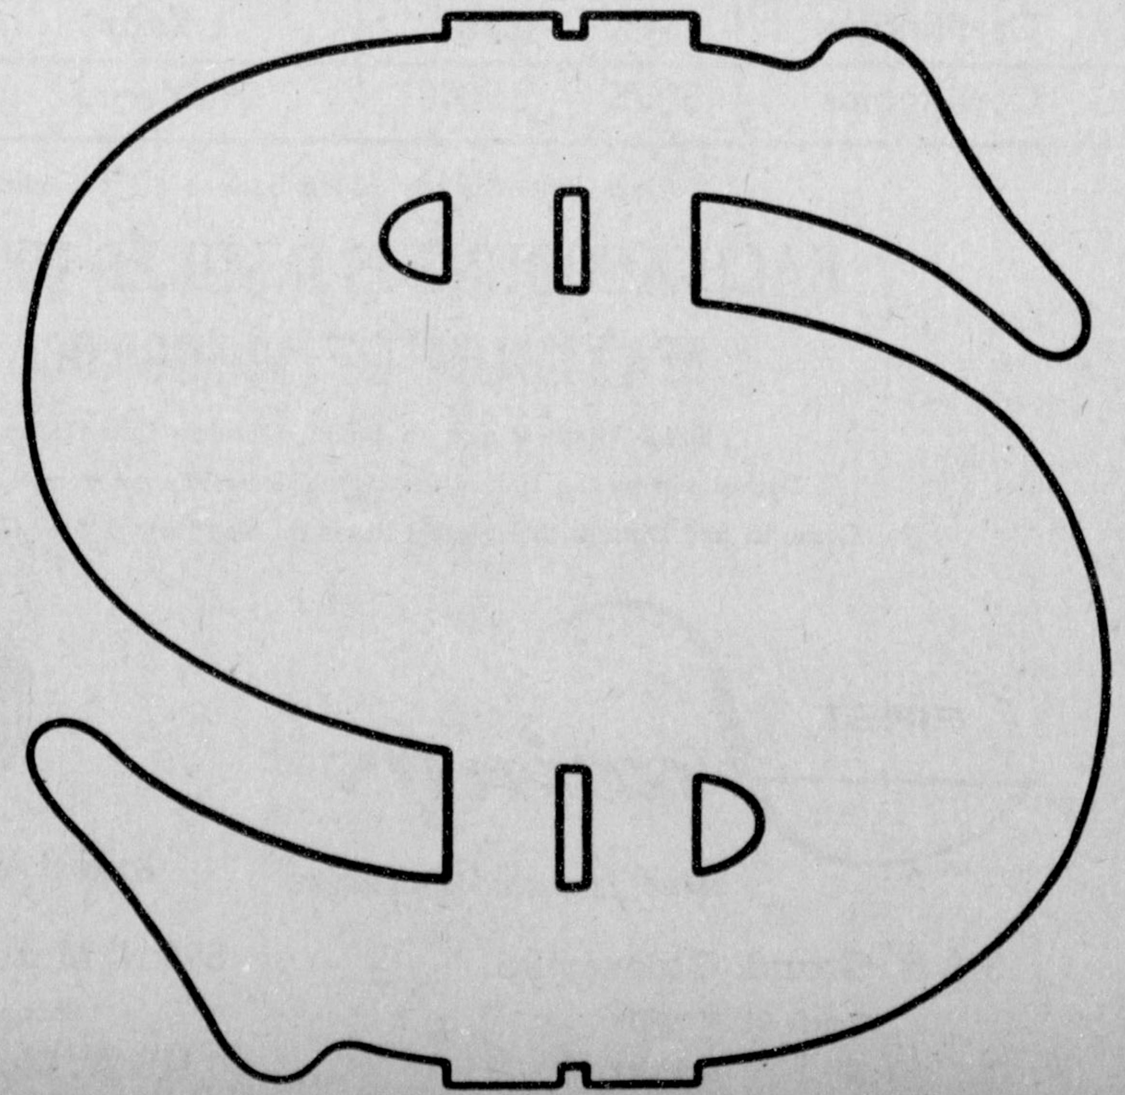

You and all TP&L customers expect an adequate and reliable supply of electric power and we're constantly working to meet this responsibility. However, because of the squeeze of rising costs, it is inevitable that electric rates must be increased in the future.

Although your cost of electric service will be greater in the years ahead, electricity will still be one of the biggest bargains in your budget.

Local News BRIEFS

Mr. and Mrs. Paul Fetsch and Garry returned Monday morning from a three-day flying trip to visit their son and brother Robert Fetsch at Statesville, N. C. He took them on extensive tours including Renolda Gardens, Blue Ridge Mountains, Lindville Falls, Old Salem and Winston Salem. It was the prime weekend for fall foliage. Another interesting sight was a ballooning exhibition by a group of hobbyists taking rides in the airborne baskets. Robert works for the State of North Carolina Mental Health Clinic. So does his blind roommate Gary Wood. The Fetsch trio stayed with them at their apartment.

Former Muenster residents Mr. and Mrs. Marvin Morrison of Commerce were back Saturday to make pop calls on old friends and neighbors. They were road-testing a new Chevy.

Mr. and Mrs. Jack Hogan and their small granddaughter Joanna Cantrell accompanied the couple's daughter and husband the James Goldsmiths of Nocona to Dallas Sunday afternoon to take in the State Fair.

Carol Felderhoff and Robert Zimmerer Will Marry at Lindsay on November 17

LINDSAY — Mr. and Mrs. Anthony J. Felderhoff have announced the approaching marriage of their daughter Carol, and Robert Zimmerer, son of Mr. and Mrs. Bruno Zimmerer.

The wedding will be solemnized in St. Peter's Church at 6 p.m. on November 17. Officiating will be the bride's uncle, Father Alcuin Kubis of Little Rock, Ark., and Father Francis Zimmerer, uncle of the groom, of Edgar, Wis.

Miss Felderhoff is a 1973 graduate of Lindsay High, is attending CCJC and is employed at the Professional Center in Gainesville. Also a graduate of Lindsay High, Mr. Zimmerer attended CCJC and is a graduate of NTSU. He is employed at Weber Aircraft in Gainesville.

Chosen as bride's attendants

are Miss Patsy Arendt, Misses Donna Zimmerer and Cindy Felderhoff, sisters of the couple, and Miss Darlene Wolf of Sherman, cousin of the bride. Rudy Zimmerer will attend his cousin as best man, Anthony Felderhoff, Jr., brother of the bride, Larry Zimmerer and Steve Zimmerer, cousins of the groom, will be groomsmen.

Lindsay News

LINDSAY — Pat Hermes is one of five new teachers on the staff at Gainesville State School for girls. Son of Mr. and Mrs. Julius Hermes Sr., he is a former biology teacher and coach at Gainesville Junior High, taught sixth grade and physical education in Taegu, Korea, two years and taught fifth grade in Tainan, Taiwan, last year.

Mrs. Doug Reiter of Gainesville was honored on her birthday at a dinner in Country Inn Restaurant. Attending were her five sisters, Mrs. Gene Pelzel and Mrs. Harold Schmitz of Lindsay, Mrs. John Schmitz, Mrs. Nick Dieter and Mrs. George Schmidkofer and daughter Polly Ann of Gainesville. They presented a joint gift.

Pear trees at the Henry Hess farm home have their seasons mixed. They're in bloom. Normally they bloom in spring.

Members of the Annual staff have had a meeting to lay out pages and do other early planning in order to meet their first deadline. They will design the cover themselves and chose artwork and colors.

Annual Halloween Carnival sponsored by Lindsay School room mothers will be held Sunday, Oct. 28, in the cafeteria from 6 to 8:30 p.m. Highlight for the kiddoes will be a costume contest with prizes for the best dressed preschooler, best TV character, most unusual costume and most effort put in a costume. There will be games for all ages including cake wheel, grab bag, and candy game. Refreshments will be sold throughout the evening and a door prize will be awarded.

Friends Together After 30 Years

They turned back the pages of time, spanned 30 years in recalling memories, when Mrs. Dick Cain had as her house guest Mrs. Lyle (Gladys) Johnson of Ardmore, Okla., an old friend and former neighbor of the Dick Cains in the early years of their marriage.

Mrs. Cain's sister, Mrs. T. C. Rhone of Bellevue, drove over one day to visit and the trio had an old-fashioned gab fest to bring themselves up to date on family and friends the past 30 years.

They were also together at MHS Homecoming festivities in the KC Hall where Mrs. Johnson got acquainted with the Cain and Rhone families and enjoyed listening to the Cherry Rhone Orchestra.

MUESTER STATE BANK

Serving the financial needs of this area since 1923

Lens-View

Saturday is the day to vote for or against the water district. We favor a "Yes" vote so should water become a problem the mechanics will be set up to proceed. Doing without electricity, gas or telephone would be inconceivable but being without water is a catastrophe. Just imagine going through even a day when you could not drink, wash or flush.

The issue is thoroughly explained in this paper and whichever way you decide — be sure to vote.

City cleanup is Nov. 5th to 10th. Next week, with the time change, it'll get dark an hour earlier. Notice all the lots full of weeds, trash and junk that are eye sores in our town. Most residents and business houses are proud of Muenster — it can be attractive, but everyone will have to do his part.

It's possible for ladies to earn \$550 and more from now to Christmas. The Jr. Elite dress factory has a number of vacancies and it offers many fringe benefits such as vacations, hospitalization insurance and will soon add a profit sharing feature. The clean, well lighted building, pleasant management and cheerful employees makes it an ideal place to work.

Experience is knowing a lot of things you shouldn't do.

Tires should be rotated every 6,000 to 8,000 miles in order to realize their full tread life potential, say industry experts. The first rotation is the most important, setting the stage for long, even tire wear.

"What's going on up there?"

\$19,000 in life insurance will pay roughly \$100 a month for 20 years to the beneficiaries. Let us at FMW Agency help you to plan the amount of life insurance you need for family protection and retirement income.

Letters to the Editor

Dear Editor;
This is a special invitation to you, your staff and all of our readers to come to our Frontier Frolics Variety Show. The dates are Sunday, Oct. 28 and Monday Oct. 29 at 8 p.m. in the Muenster Public School Auditorium.

It is sponsored by the Hospital Auxiliary as an effort toward purchasing of a recall system. We hope that all of your readers will come and enjoy a night of Frontier Music and laughter. We are looking forward to seeing all of you there.

Graciously,
Mrs. Frances Bayer
Pres. Hospital Auxiliary

Dear Editor:
I would like to write a few words in support of the proposed Muenster lake. From the information I have been able to gather, it would seem to me that we could be making a grave mistake to pass up the opportunity we have before us.

It is obvious that at some time in the future we will have to depend on a lake for our water supply. We know the Trinity formation cannot supply water for more than 20 years at best, and the widespread water flooding of oil wells for miles around may pollute the Trinity much sooner. Thus the Trinity is only a temporary source.

I have heard of several alternative locations for such a lake from various citizens but on checking them out with the city, I find the engineers have indeed studied these locations and found them to be a poor choice.

These engineers were retained to find the best location and I have to believe they are more capable of picking a site than the average citizen. I'm told that at a recent meeting in Austin of towns attempting to build their own lakes, of 77 communities present, only 2 had help from the Soil Conservation Service. Muenster is one of the two. With Government finding as uncertain as it is today, if we wait we may well lose the 50% the S.C.S. is willing to share of the expense.

Last week's Confetti column pointed out the Pros and Cons of building the lake now or later. I disagree with some of the thoughts expressed. Land is expensive today but in all

probability will be twice as high in ten years. So if we wait, we are inviting much higher costs. This is no different than building a home. Anyone who is building a home today probably wishes he had built ten years ago at a much lower cost.

And assuming that we wait ten years and build the lake at the proposed site, we have then made it rough on those landowners whose land would be taken. Ten years from now land might be extremely difficult for them to find, much less buy. And also, won't they be placed in a state of limbo for ten years afraid to build improvements on their land knowing they may well have to sell in a few years. It seems to me their chances of buying land to replace that which is bought by the water district is much better today than it will be ten years or so later.

Our city council has studied the situation thoroughly and has recommended we go forward. All things considered I believe we should vote "Yes" Saturday and trust our city council to do the job we elected them to do.

Dennis Hess

Dear Editor:
Since you are printing some pros and cons on the proposed lake I would like to present mine.

I presume this is still a free America. Then why doesn't the land owner have first say as to whether they want their homes and property inundated. Secondly if the water shortage is twenty-five years away why not wait until a later date to work out a solution to the problem.

I feel sure that after careful consideration the voters will defeat this senseless proposal. Stand up for your rights, or forever be burdened with excess taxes through the whims of the profiteers.

- 1 disorderly conduct in a motor vehicle, \$32.50.

Tigers ---

safety. That made the count 10-6 just before half time.

Third quarter was an exercise in futility for Sacred Heart. The Tigers moved the ball with authority for 45 yards, making four first downs on eleven plays. But a holding penalty on the next series was too much to overcome. They lost the ball on the 28.

The Bullfrogs failed to move and had to kick ending the first series. So the Tigers started again from their 30 only to fumble the ball away at the 50. A penalty advanced Lake Worth to the 35, then it was the Bullfrogs' turn to fumble. Moster recovered for Sacred Heart.

Next play was the big one of the game. Krahl finally got around left end and outran the secondary in his 78 yard dash to pay dirt for the go-ahead touchdown. Roger Endres passed to John Bartush for extra points. The Tigers were ahead 14-10 with 6:13 to go on the clock.

At that point it was still either side's game, so the Frogs took to the air. One pass gained 15 for a first down, the next series was two incomplete passes and a loss on a blitz, then a kick. Sacred Heart was 35 yards away. Three plays and a penalty reached the 19, Pels crashed to the 5, then to the 1, then to the goal. The strain was over. Sacred Heart was safely in front with only 2:12 left on the clock. A pass to Karl Hess sweetened the count to 22-10.

A final effort by the Bullfrogs gained 43 to Sacred Heart's 25 on two passes, but defense would allow no more. Sacred Heart took possession on the 21 after the next series and held the ball until the end.

Statistics	SH	LW
First downs	17	10

Penalties	3-45	5-45

Tires should be checked for proper inflation when they are cold, before normal heat build-up begins. Cold inflation is the amount of air pressure in a tire before it has been driven more than a mile or after it has been stationary at least three hours.

A class reunion is a time when old school mates get together and find out who is falling apart.

Hornets ---

streak, carried both times, first for 14, then for 69. Ortega added a point. The score was 13-0 with 9:59 left in the first half.

A pair of big penalties gave the Hornets two first downs but they had to kick on the next series. Then the Cooms made a first down before Randy Wolf recovered a fumble on the 44. Two plays later Wolf connected with Terry Walterscheid, who got to the 10 before being hauled down. That seemed like a golden opportunity, but it wasn't to be. Frisco's husky defense held the next four tries to just 1 yard.

Two plays later Frisco gained 35 on a pass to Hampton and got free yardage on a penalty to the Hornet 40. But Hornet defense would allow no more. The Hornets got possession on their 39.

Then disaster struck. Wolf was denied for losses of 10 and 9 then had a pass picked off by Joe Ortega who rambled 25 easy yards to a touchdown. The PAT attempt added 1 for a count of 20-0.

Just before the half ended Frisco headed goalward again. Two passes gained 13 and 31 to the Hornet 16 but Terry Huchton stopped the threat with an interception.

Early in the second half Frisco scored another quickie. Two runs gained 24 to the 10 and a pass to Hamilton finished the job. Following the PAT the score was 27-0.

Finally, then the Hornets got a sustained drive on the way. They went 61 yards to the 15 on fourteen plays including three passes to Dan Sicking and one each to Koelzer and Klement. Then Frisco intercepted. But Terry Huchton got the ball back two plays later on an interception and a clip penalty moved Muenster back to the 44.

An interference ruling advanced Muenster to the 20. One play lost 5, a pass to Klement reached the 18 and another to Klement was good for the TD. A pass to Sicking added 2 points. Remaining time was 10:18.

That was enough for the Cooms to make a final drive which was delayed by a few turnovers. After two first downs Terry Huchton recovered a fumble. Three plays later Frisco intercepted. Then three first downs got to the 10 before

Muenster defense made a goal line stand and got possession on the 2.

However a fumble three plays later was recovered on the 9 and three more plays were enough for the final TD. Johnson scored from the 1 and a kick made the count 34-8 with only 39 seconds remaining.

Medical Fund for Hamilton Started

Members of the First Baptist Church of Muenster, along with other friends of Tom Hamilton, this week have started a medical fund to relieve him of some of the financial burden brought on by his present illness.

A brief history of his case extends over several weeks and includes hospitalization here, tests at Wichita Falls, surgery at Arlington, and now hospitalization and treatment in Fort Worth Medical Center.

The expense of all this medical attention has grown beyond the reach of his family and is expected to continue for some time. Nor is any aid in sight from insurance or medical programs.

Anyone wishing to help may contact Mrs. Glenn Richardson, A. T. Tuggle, A. V. Grant or Tim Stormer, or may deposit to the Hamilton Medical Fund at Muenster State Bank.

A Scotsman asked the bank for a loan of a dollar and was told he'd have to pay four percent interest at the end of the year. For security, he offered \$60,000 in U.S. bonds. The bank accepted the bonds and gave the man the dollar.

At the end of the year the Scotsman was back with a dollar and four cents to clear up his debt and asked for the return of his bonds. Upon returning them the banker remarked, "I don't want to be inquisitive, but since you have all those bonds, why did you have to borrow a dollar?"

"Well," said the Scot, "do you know of any other way I could get the use of a safety deposit box for four cents a year?"

Confetti ---

will have to be paid out of revenue of the city water department, which means that the total local water bill of \$72,000 would be upped by \$32,000, requiring a rate increase of 40 per cent, and probably more.

Obviously the urge to rush construction in order to avoid possible shortage is offset by the urge to delay and avoid paying unnecessary interest. And the big question is just when to start in order to avoid risk and still save money.

A related factor is the time spent to just get a project going. It's estimated that if approved tomorrow dirt moving could not start before two years. Then three to four years can be expected to complete the work and let the reservoir fill to the required level.

The ideal situation would be to have a district board functioning and take care of essential paper work long before construction becomes necessary. It's about the only way the city can crowd its crisis deadline without risking serious trouble.

To summarize briefly, there is no doubt that local wells will eventually go dry, and we must have an alternate water supply when it happens. The big question, of course, is when it will happen, and when we have to be ready. If we rush too much we'll have years of unnecessary payments to make, if we wait too long we'll have a water shortage.

Possibly, also, salt or oil pollution would cause a still earlier need of surface water.

Saturday's referendum is intended as a way to complete the job of forming a local water district with personnel to take on the responsibility of providing water when needed but also trying to avoid unnecessary expense. Considering the alternatives, it seems that the best bet is to approve the district and get those directors on the job as soon as possible.

Alexander the Great was born in Macedonia, died in Babylon, and was buried in Egypt.
