VOLUME XXXVII

MUENSTER, COOKE COUNTY, TEXAS 76252 NOVEMBER 2, 1973

NUMBER 50

There's an old saying to the effect that most people are usually down on what they aren't up on — especially in regard to constitutional amendments. Since that's the case we should not be surprised if several propositions on next week's ballot are turned down even though there are very good reasons to approve them.

That applies especially to the first proposition on the ballot proposing annual sessions of the legislature along with raises in salary and per diem allowance. Texas voters have consistently refused to approve that in the past and there's still a big doubt whether they'll do it this time.

It seems that people can't get over the old idea that legislating is part time work and doesn't deserve any more than part time pay. Well, it isn't that way any more. Even though the sessions last only a few months the work is intensive and hours are long, actually the equivalent of many more weeks on the job. Furthermore, if the amendment passes the sessions will be longer.

Along with all this, a person ought to consider what's expected of a senator representing about 360,000 persons or a representative representing about 75,000. Imagine how many people contact him reminding him of the wishes back home. The man is loaded with public relations duties along with his legislative duties. And he needs more good time to keep informed on legislative issues, besides, of course visiting his constituents and accepting their invitations to make free speeches.

One doesn't have to strain the imagination to realize that a good legislator earns \$15,000 a year. Whoever doesn't agree ought to remember that \$15,000 a year is far from a big income in these times. It's considerably less than the average among the people of the caliber that we expect in those who represent us at Austin. In our own experience we know people of less ability who get more than the legislators are asking.

To put it another way, we are unfair and absurd now in paying only \$400 a month for the work being done. True the men get by because they have other income but that's no excuse for our underpaying them. What we're actually doing is paying an unskilled labor wage to men who run the state's \$5 billion business.

We like to think also that the higher salary will make it possible for some people to spend their full time on the job. Getting more people interested may result in better selection and hence in better government.

Then, of course, we ought to consider what other states pay their legislators. Oklahoma pays \$9,480 almost twice as much, and many states are paying over \$15,000, whereas none pays as little as Texas does.

The same applies to per diem pay which, simply, is compensation for the added expense of being away from home while the legislature is in session. At current prices, can that be done at \$12 a day? That figure was set back in 1960. By comparison, \$13 a day now certainly is not out of line.

Amendments 2 and 3 both concern single adults with regard to the homestead law. The first proposes the same legal protection given to couples. The other proposes the \$3,000 ad valorem exemption which is allowed to couples. Well, why not? It seems only reasonable to have the law apply equally to both single owners and couples.

Number 4 appears to be a matter of establishing uniformity somewhere by requiring compliance with general district laws when creating conservation and reclamation districts. Again the question is, Why Not? Approval seems like a good idea.

The next one doesn't concern us except to allow people along the Gulf to levy a tax on themselves to finance a sea wall. We ought to okay that one no matter what we think of the motive behind it, principally to let the people do as they wish, but even more so in this case. It's ridiculous to tell them they aren't allowed to build a wall for protection against the storms. The puzzle here is that such an obvious provision was not on the books long ago.

Last Appeal Made For UF Donations Total Now \$1129

Muenster's United Fund drive will close this weekend in spite of the fact that it is still considerably short of its quota and a number of people have not responded to the campaign packets that were delivered to them 3 weeks ago.

Chairman Ray Wilde stated Wednesday that the community's total to date is \$1129, which is just under 70 per cent of the \$1636 that was donated last year. So, he is making a last appeal to those who have not given, and also reminding them that to a great extent the local donations will be offset by Muenster's participation in the county wide UF program.

He mentioned the fund's assistance to the local boys' club, to the Red Cross which sponsors annual swimming lessons, also to the Boy Scouts, the 4-H and FFA in which Muenster youth are participating. People who have postponed are asked to consider those benefits and get their contributions in before the deadline.

That deadline, he said is Saturday, which will enable him to make his report and his remittance to county headquarters on Monday. The donation and campaign card can be mailed or delivered to him or to Wilde Chevrolet.

The campaign was originally intended as a quickie. Civics students of Sacred Heart High distributed the packets on October 8 leaving word that they would return for cards and donations a week later. People who were not ready were asked to remit directly to Wilde.

Those who still have not remitted are urgently asked to do so before Monday.

Garden Club Asks Your Help

Now is clean-up time. Nov. 5th to 10th is next week and this is the last plea to each citizen of our community to clean up his property. We would like to have the cleanest town in Texas after next week cleanup. Many, particular the home owners, are actively working on their property however business locations, vacant lots on main street and along Hwy 82 along with the alleys in the down town area have to date been neglected. When cleaning up after halloween please check the alleys.

A truck will be available for those who need it but put the trash in bundles and small boxes, not in barrels as the boys could not lift them. If you need help do call these numbers 4228 or 4497.

Friday Tussle of Hornets, Indians Rated a Toss-Up

According to the records the Hornets will get back to their own caliber of competition when they take on the Nocona Indians here Friday night at 8.

The district's defending champs have lost much of their punch since last year and now have only a single win for the season to date. That win was a 52-0 romp over Callisburg, which is struggling through a tragic season.

The long string of losses, however, should not be taken too seriously. Nocona has met a number of strong teams and some of the defeats actually were a credit to the Indians. In view of that fact their record is about equal to the Hornets', who have a pair of wins.

Muenster will have its usual problem going into the game. Nocona's line has a weight advantage of 43 pounds per man and it also has a quarterback with a good running record. Meanwhile the Hornets have a backfield problem in the loss of Louis Koelzer. He's out for the rest of the season with a dislocated shoulder.

Coach Glenn Richardson expects to relieve that situation by activating the junior varsity boys who have an open date on their calendar this week. Mark Sicking and Mark Mollenkopf will likely have a chance in the backfield, and a few of the linemen are good prospects as replacements.

Also in the plan is Curtis Klement's move to tight end as a means of improving the team's passing potential.

The upcoming game is the third of the 14-A schedule and badly needed by the Hornets if they are to avoid a dismal record for the season and the district. They are now 2-5 overall and 0-2 in 14-A.

Big Indians Dump Hornets 26-0 for Second 14-A Loss

Muenster High's Hornets had one of those miserable nights last Friday in their tussle with the big Indians of Sanger. They went down by a count of 26-0 for their second loss in the District 14-A race. Meanwhile Sanger marked up its second win, keeping abreast of the highly favored Frisco Coons. As of now Nocona and Pilot Point stand at 1-1, and Callisburg is in the cellar with Muenster.

Besides being overwhelmed by Sanger's big advantage in weight, the Hornets had a flock of turnover problems. They lost possession three times on interceptions and twice on fumbles while Sanger lost one fumble and one interception. Also their total yardage added to an even 200 while Sanger rolled up 383.

The Redskins got their first march under way about half through the first period. It went 70 yards on consistent gains by McCuiston, Johnson and Armstrong, the scoring run being by Armstrong for 19 yards. A kick by Hobbs made the score 7-0 with 2:20 left in the first quarter.

Their next drive was launched in the second quarter from the Indians' 40 yard line. Big gains in the 60 yard march were a pass from Armstrong to Nichols and a romp by McCuiston. Johnson carried on the 3 yard plunge to pay dirt. The half time score was 13-0.

The third period went scoreless but the Indians got their game together again early in the fourth on a drive of 55 yards. Their three husky backs kept up a steady push that ended in a 3 yard crash by McCuiston.

Soon after that the visitors were on their way again following the interception of a Muenster pass. It got started on the Indian 40 and, like the others, was a matter of grinding out steady yardage on power plays. McCuiston made the last two yards and Hobbs' kick was good for the extra point.

For the Hornets it was not just a matter of being overpowered by the district heavies. Call it the Indian sign that Sanger has seemingly put on MHS in the past few years. They had their good spots offensively and defensively but fizzled several times when the chips were down. They lacked the extra something that enabled them to look much better the week before playing

Six New Teams on Hornets' Football Schedule for '74

The football schedule for the MHS Hornets is going to be different next year. With big changes in the district lineup and more changes in the pre-district schedule, the team will have only four of this year's opponents on next year's list.

Much of that derives from the fact that UIL has transferred Muenster and Callisburg from District 14-A to 13-A, thereby eliminating Nocona, Sanger, Frisco and Pilot Point as conference rivals. Instead it has Windthorst, Archer City and Holliday as new rivals, along with former rival Callisburg.

Also a number of changes were made in the pre-district schedule. Boyd, Northwest, Lake Dallas and Newcastle are scratched. In their places are Frisco and Pilot Point of this year's 14-A opponents, Lindsay and Valley View of the old time Class B rivalry, and Notre Dame of Wichita Falls, a brand new opponent on the Hornet schedule. And Whitesboro is back as the sixth pre-district game.

From the standpoint of classification there will be two B opponents, Lindsay and Valley View; six A opponents, the other 13-A members plus Frisco and Pilot Point; AA Whitesboro, and Notre Dame which has no UIL classification but is probably a AA equivalent.

From the travel standpoint the situation next year is fair because several more distant teams will come here. But the following year MHS will go to Frisco, Wichita Falls, Windthorst and Archer City. The only drive next year is to Holliday.

The schedule reads as follows:

- Sept. 6, Lindsay, there
- Sept. 13, Whitesboro, here
- Sept. 20, Pilot Point, there
- Sept. 27, Valley View, there
- Oct. 4, Frisco, here
- Oct. 11, Notre Dame, here
- Oct. 18, Open
- Oct. 25, Callisburg, there
- Nov. 1, Windthorst, here
- Nov. 8, Holliday, there
- Nov. 15, Archer City, here

Joe Eckart, 84 Pastor's Father Dies in Arkansas

Joe Eckart, 84, of Subiaco, Ark., father of the Rev. Placidus Eckart, SH pastor, died in Van Buren, Ark., Hospital Monday after suffering a stroke about a week earlier.

Funeral services were conducted Wednesday from St. Benedict's Church in Subiaco with burial following in St. Benedict's Cemetery.

Survivors include his wife; three other sons Ed, Gene and Vincent of Subiaco; three daughters Mrs. Ceal Gorrell of Subiaco and Sisters Christine and Bede of Fort Smith; a brother Albert Eckart of Subiaco and a sister, Sister Fidelis of Fort Smith. He was an uncle of Father Stephen Eckart and James Eckart of Muenster.

Father Placidus left Sunday to be bedside and remained to be with the family until Friday.

Muenster Juniors Trimmed 12-8 by Nocona Youngsters

Fate was unkind to the Muenster Juniors at Nocona Tuesday night. They lost 12-8 in spite of dominating the game all the way through. Two big plays did it all for the Nocona kids whereas the Little Monsters failed to finish a number of nice drives. First downs were 15-3 in Muenster's favor.

Nocona made its only progress in the first period when it made 1 first down and followed up with a 38 yard pass and run for a TD.

In the second period Muenster was knocking at the goal and dropped a touchdown pass that would have reversed the outcome. On the next play a little Indian intercepted and went 95 yards for a TD.

Muenster got its score in the third quarter completing a 63 yard drive with a 2 yard plunge by Gary Hermes. Neal Walterscheid followed over for extra points.

Muenster still had a bright chance to win in the final period, but ran out of steam at the 14 after a 60 yard drive.

County FB Elects Officers, Delegates

Members of the Cooke County Farm Bureau in their October meeting elected officers for the coming year and delegates to the state convention in Abilene, December 2 to 5.

Charlie Kammerdiener is the new president succeeding Burney Almon and Martin Bayer is the vice president.

Elected as convention delegates and alternates are Messrs. and Mmes. Charlie Kammerdiener, Martin Krahl, J. T. Cole, George Gehrig, Al Walter, Martin Bayer and Ray Sicking.

The meeting's program was headed by the address of Gene Davenport of the Cooke County Electric Co-op's community service department. Also featured were reports by Barbie Hess and Grant Krahl on their attendance at the Citizenship Seminar conducted by the Farm Bureau at Baylor University in July.

E. V. Cox gave financial and membership reports, disclosing that the county FB unit has 943 members. Also Burney Almon presented James Dennis, special insurance agent since September 1.

Mrs. Rose Wilde of Amarillo is back at home after spending a week in San Antonio visiting her sister Mrs. Mary Bergman and nieces and husbands, the Art Arnolds and Chuck Flens.

Drive carefully. You can never tell when life might be worth living again.

Voters Approve Water District

Voters of Muenster in their special referendum last Saturday approved the creation of a local water district by a decisive majority of 128-58.

In doing so they authorized the city council to appoint a board of local residents empowered to build a reservoir and provide a supply of surface water if and when the present supply of well water becomes inadequate.

Appointment of the governing board will be taken up at the regular city council meeting Monday night, according to Mayor David Bright, however the actual selections may be delayed for a few weeks. And after that more time will be needed for the procedure of getting the men and their organization established.

Tigers Battle to 16-16 Deadlock With Cistercian

The Sacred Heart Tigers came to the end of their long winning streak Friday, but their 16-16 tie with the powerful Cistercian Hawks of Irving was the equivalent of a win. They did a marvelous job in coming from behind for a final deadlock with their highly rated visitors. Furthermore they were the leaders in total yardage and first downs.

The contest was as exciting as the score indicated, a nail biting experience for the Tiger fans who had to wait until the last .55 seconds to see their favorites avoid the threatening loss.

During the first quarter neither of the teams was able to make any progress. Each had possession three times and each managed for two scattered first downs. But things started popping moments after the second period opened.

The Hawks, backed up to their 10, got off a short kick and Sacred Heart had its best position so far, only 26 yards away. Short hard crashes by Kevin Pels and Dickie Mosler barely made a first down. Pels put tremendous effort into the next run and reached the goal but a holding penalty nullified the play and put the Tigers back to their 31. On the next play Pels was rampaging again, gaining 25 yards before he was wrestled down. Then Mosler went up the middle for the remaining 6 yards. A sensational stretching one handed catch by John Bartush from Roger Endres added bonus points.

That seemed to give the Tigers momentum. They held the Hawks on the first series, gained 16 and got 15 free yards to the 31, but made only 5 on the next series.

Jeff Fette's fumble recovery three plays later put them back in business on the 32. A pass to Davy Krahl gained 12 and Mosler's run gained 11 to the 9. However the next four tries failed to make the distance. The ball went over to the Hawks just one foot short of the goal. So the half ended 8-0.

Things started popping again early in the third quarter when Danny Voth and Steve Taylor recovered a Cistercian fumble on the 43 and two plays advanced it to the 29. Then came a short gain, two incomplete passes plus two 15 yard penalties. The Tigers were backed up to their 43 and were kicking from their 35. The kick was blocked and picked up by Thompson who scooted to the goal for an easy touchdown. Bloodgood followed over for extra points, tying the count at 8-8.

Following kickoff John Bartush gained 17 but the next series bogged down and Sacred Heart had to kick. Cistercian's nice run back to midfield was spoiled by a clipping penalty, setting the Hawks back to their 11. And that's where they cranked the best drive of the game. It used 19 plays overcoming a 15 yard penalty along the way, and the pay off was a 1 yard plunge by Bloodgood. Cronin got around left end for extra points. The visitors led 16-8 with 8 minutes left in the game.

The Tigers snapped back with two first downs but prospects got very gloomy when they fumbled the ball away on the third series. However they regained possession six plays later when Steve Taylor recovered a Cistercian fumble on the Hawks' 37.

The next three plays gained 5 and Endres, on a fourth down play reached Kenny Hess who went on for a 17 yard all important gain to the 15. From there Krahl put on a burst of

(Continued on Page 4)

The mayor also pointed out that creation of the district is a first step in meeting future needs of the city, but the second step may be a long time in coming. It will depend on when, in the board's opinion, the declining supply of well water makes it necessary to start providing the surface water. Engineer reports indicate that wells here should produce ten to twenty years longer. However there is the possibility that they can go dry or become polluted from salt or oil at an earlier date.

Creation of the water district is an alternate method of supplying water. It was also possible to have the city take over the responsibility directly, but the council preferred the district because of advantages in financing through state and federal agencies. The plan is for the district to assume complete obligation and retire its debt from the sale of water to the city. Minimum annual revenue to make the payments is estimated at \$44,000 a year.

As proposed, the reservoir's cost is estimated at \$1,267,000 to be shared equally by the district and the Soil Conservation Service.

The big problem now is whether to go ahead with construction in order to have water available in four to five years, or to wait until water shortage is more definitely in sight. Building early can result in making big payments for several years before the water is in use. Delaying could result in a water shortage. Deciding on that issue is the principal problem facing the newly authorized water district board.

Tigers Look for Eighth Win Friday At Dickson, Okla.

Sacred Heart's Tigers have every intention of resuming their winning way when they go to Dickson, Okla., Friday night. Following last week's 16-16 deadlock with Cistercian, their long list of victories has been broken, but the tie in this case is practically equivalent to a win. The Hawks are potent.

Indications are that the Tigers are headed for another rugged game. Dickson is a big school that would probably be AAA by Texas classification, hence it should have a big potential for talent.

According to Coach Bob Steele the Sooners have an average of over 190 in the line plus a fullback of 195. It appears to be lots of power which the Tigers will have to overcome with speed. As in most previous games weight will favor the opponent but speed will favor Sacred Heart.

Comparative scores in action with two common foes indicate that the game should be a dandy. Both have a win over Kingston, Sacred Heart by a score of 34-0 and Dickson by 28-0. Also Dickson lost to Pottsboro by one TD whereas Sacred Heart nudged Pottsboro by one TD in pre-season scrimmage. In last year's contest Sacred Heart was a 34-6 winner.

Physically, fortune continues smiling on the Tigers. All came through last week's game in fine condition.

Schedule of Football Games

The following football games of the two local schools are on schedule for the coming week.

Thursday, Nov. 1, Lindsay Juniors and HS B team at Sacred Heart, 6 p.m.

Friday, Nov. 2, Nocona at Muenster, 8 p.m.

Friday, Nov. 2, SH Tigers at Dickson, Okla., 8 p.m.

Tuesday, Nov. 6, Ceilina Junior Hi and HS B team at Sacred Heart, 6 p.m.

Tuesday, Nov. 6, Callisburg Juniors at Muenster, 6 p.m.

Letters to the Editor

Now that farm products are selling to the consumer at a fair marginal profit we frequently hear and read remarks such as "the farmer is getting rich." Considering his complete investment — land, machinery, etc., and man hours he has the least income of any

comparable line of endeavor. Besides he is also the most maligned of all occupations. Do we ever hear of a bank president referred to as "Hayseed" or a doctor as "backward" or a lawyer as "dick" or an administrator as "Hick" or "dumb." These descriptions often precede "farmer." And who gets the proverbial shaft when the travelling salesman's automobile develops mechanical difficulties and has to spend the night at a farm house. Constitutionally the farmer has

 Charlie Hellman

Dear Editor,
 I would like to write a few lines in regard to this so called City Docket.

Well it is a funny thing that here in Muenster there are always some that think they are just a little better than the other guy. Mr. Wiseguy if you don't want your name in the paper act like a man, then it won't get in the paper.

Some of our Muenster people are very bad in holding up for their children's wrongs and that makes the children that much worse. If their names appear often enough in the City Docket they may learn to respect the law with the help of the parents but too many parents hold up for their children's wrongs.

There are very few of our youth that respect the elders.

Adults that had their names in the paper are angry. They say that it is not right that the others get by in talking the Editor out of it.

Well, Mr. Editor, news is news and we want it. If one of my girls or boys might get caught that is the only way I would learn about it.

What some of us don't understand is why? Some parents are so ignorant and think that their children are to get by with everything. I don't hold up for my kids when I know they are in the wrong.

Yes, so many parents wonder why their cars wear out and tires blow out. What do the parents do? They run to the dealer and raise h--- with him — some sorry car or some sorry tires — when Sonny runs the h--- out of it.

So parents quit taking up for your kids and thank the Lord we have a wonderful sheriff.

October Birthday Kin Share Party

The home of Mr. and Mrs. Lee Toothaker was the scene of a dinner party Sunday honoring three family members who have birthdays in October.

The honorees were Mrs. Toothaker, her sister Mrs. Hugh Tims of Crowley and daughter-in-law Mrs. Wallis Lee Toothaker of Fort Worth.

Other guests were Mrs. Toothaker's sister and husband, Mr. and Mrs. C. D. Potts of Cedaredge, Colo., who are wintering in Las Vegas, Nev., and drove to Muenster from there, Hugh Timms, Wallis Lee Toothaker and daughters Georgeann and Jean Marie.

Another family member, Mrs. Bob McAfee of Sherman, who previously joined in the party for a quadruple celebration was absent. She is a patient at Heritage Manor and relatives took a party to her there one day.

Mr. and Mrs. Potts arrived last Friday to spend a week here.

Texans Will Vote Next Tuesday on 9 Amendments

Though one would hardly know from the public interest shown to date, Texas will have an election next Tuesday, Nov. 6, on nine proposed amendments to the state constitution.

It will be held in the K of C hall from 7 a.m. to 7 p.m. under supervision of B. J. Swirczynski.

Heading the ballot is the proposed amendment to provide for annual regular sessions of the legislature and also for a salary raise to legislators from \$4,800 to \$15,000 a year plus a raise of per diem allowance from \$12 to \$18 for each day of regular or special session.

This proposal brings back an issue that has been rejected four times in the past eight years and is receiving extensive support this time on the basis that the job is getting bigger and the salary, by comparison with other salaries, is getting smaller. It's also pointed out that Texas has the lowest legislative pay scale and that many states now pay more than the proposed \$15,000. Per diem increase is suggested because cost of living has gone up and is still going.

Number 2 on the ballot calls for applying homestead protection also to property of single adults, and to provide that a family homestead may not be abandoned without consent of both spouses.

Number 3 also applies to homesteads. It proposes to extend the \$3,000 ad valorem exemption to homesteads of unmarried adults.

Number 4 provides for notice and approval in compliance with general district laws in creation of conservation and reclamation districts.

Number 5 provides that counties bordering on the Gulf of Mexico may levy a tax for construction of a sea wall if approved by the vote of resident taxpayers.

Number 6 proposes granting a district court the jurisdiction of a probate court and to authorize the legislature to make adjustments in probate proceedings as well as provide appeals in probate matters.

Number 7 proposes an additional \$100 million in bonds for the Veterans' Land Fund.

Number 8 authorizes and requires cities, towns and villages to levy ad valorem taxes sufficient to pay their general obligations.

Number 9 would authorize the legislature to exempt water supply corporations and cooperatives from payment of ad valorem taxes.

Norway, Sweden, Denmark and Iceland comprise the Scandinavian countries.

Frontier Frolics Is Huge Success

I would like to take this opportunity to thank the people of Muenster and the surrounding communities for their wonderful support of the Muenster Hospital Auxiliary's benefit show. It is indeed a compliment to our community that people who are so busy with their business and family will

take the time out to participate in the show. The warm audience and full house that we played to was a wonderful reward to the cast members. It is with great pleasure that I tell you that the show was a huge success, far beyond our dreams. And, this is yet another feather in Muenster's cap.

Sincerely,
 Mrs. Jane Monday

Open House Nov. 3 Will Show Bowie's New L-S Auction

An open house, dedication and first sale are scheduled at Bowie's new Livestock Auction Commission Company Saturday, Nov. 3.

Designed and built by J. C. Volkman, building contractor, the spacious complex includes 60,000 square feet of covered pen arena, 8000 square feet of office and cafe area, will seat

approximately 700 people and handle approximately 3000 head of cattle.

Dedication and opening day ceremonies will begin at 10:30 a.m. and the first sale will start at 11 a.m. That is the starting hour for a sale every Saturday.

Owners are John Tridwell and Larry Ogle.

Open house festivities will be covered by Radio KBAN and there will be a drawing every hour for boots or a hat.

Gift Party Honors Mrs. Kenny Cain

A party with a shower of layette gifts honored Mrs. Kenny Cain Sunday afternoon in Garland, where she lived before moving to Muenster. Friends Mrs. John Tarvin and Mrs. Bill Bliss were co-hostesses in the former's home.

They presented the honoree a unique corsage combining safety pins, a rattler and pink and blue bows, and served cake and punch to about 20 guests. Mrs. Cain opened and displayed gifts.

Those present included the honoree's mother Mrs. John H. Wimmer and her husband's mother Mrs. R. P. Cain and a sister Mrs. Ted Miller of Plano.

Mr. and Mrs. Wimmer and Mrs. Cain had noon dinner with the Miller family and Mr. Wimmer remained there during the party. The local trio visited there again after returning Mrs. Miller to her home.

Silver Wedding Observance Fetes Emmet Sicking

Mr. and Mrs. Emmet Sicking, married Oct. 27, 1948, were honored by their children Sunday in observance of their silver wedding anniversary.

The family celebration took place at the Caravan where the group was together for noon dinner and the silverweds received a joint gift from their children.

All were present including Miss Joyce Sicking and Mrs. James Lutkenhaus of Houston, Mrs. Hank Arendt of Carrollton, Misses Debbie and Lois Sicking of Sherman, also parents Mr. and Mrs. Joe Krahl of Gainesville and Mrs. Will Sicking of Myra and Mr. and Mrs. Elmo Self of Gainesville. As Victoria Krahl, Mrs. Self was her sister's maid of honor. Also present were Hank Arendt and James Lutkenhaus and the couple's other children Laura, Mark, Bryan, Bill and Julia.

The former Miss Mary Krahl and Emmet Sicking were married in St. Mary's Church at Gainesville and reside on a farm at Myra.

Tiger B and Cubs Lose 2 at Celina

Tiger Cubs and Tiger Bs of Sacred Heart ran into too much power at Celina Thursday night and came home with a pair of losses. Cubs went down 24-0 and the Bs 20-0.

Coach Bob Steele was happy with the performance of both of his teams and feels they did a good job in holding the score down as well as they did. The Cubs made two successful goal line stands, stopping their big opponents both times inside the 10. The same can be said for the B team. They held twice, however a penalty ruling on one of the fourth down plays gave Celina free yardage and another play, on which they scored.

Also the Cubs made two nice drives to scoring position but lacked the steam to finish the job on one of the attempts and were stopped by an interception on the other.

Celina had a big weight advantage in both games, especially the Bs who had a line averaging over 200 plus a pair of backs who are capable but ineligible for the varsity.

In the Cubs game Celina made two quick touchdowns in the first quarter after which Sacred Heart defense held them in check until late in the fourth period. In the next game Celina scored once in the first quarter, twice in the third and once in the fourth.

Family Joins to Fete Felderhoffs On 25 Anniversary

Twenty-fifth wedding anniversary of Mr and Mrs. Arthur Felderhoff brought a day-long celebration Saturday that continued over into Sunday and included surprises for the silver-wedded.

Joined by their immediate family they started the day by attending an anniversary Mass in Sacred Heart Church followed by a brunch with their children as hosts in Rohmer's Restaurant and presentation of a joint anniversary gift.

In the evening the Felderhoffs were joined in the KC Hall by over 160 guests for a happy hour at 6:30, a catered dinner at 7:15 and a dance at 8:30. Ran Wild and his brass band from Dallas made the music.

Miss Frances Spaeth of Denison who was her sister's maid of honor in 1948, presided at the guest book. On the table was a floral arrangement, a gift from the Ernest Jaskas.

There were two decorated anniversary cakes — the white confection with wedding bells, silver leaves, a silver 25 and figurines for the couple's three daughters and two sons — the other a feed sack shape inscribed with MM Feeds, the 25-year groom's business. Both were made by Mrs. Henry Spaeth, a sister-in-law. Floral tribute on the cake table consisted of white carnations, spider mums, blue statice and baby's breath, a gift from the children.

Floral complement on the

honor couple's table consisted of five red roses denoting their children, pink and white carnations and baby's breath, a gift from the John Fishers.

Mrs. Felderhoff wore a blue and silver formal gown and had a red rose corsage. Miss Frances Spaeth wore a yellow solid and floral gown and had a blue corsage. Mr. Felderhoff and his best man of 25 years ago, Norbert Felderhoff of Gainesville, a cousin, had red rose bud boutonnieres.

Miss Evelyn Spaeth was married to Arthur Felderhoff in St. Peter's Church at Lindsay on Oct. 26, 1948. They have spent their married life in Muenster. He is owner of Muenster Milling Company.

Their children are Mrs. Bob Hultstrand (Diann) and Dale Felderhoff both of Dallas, Ronnie, Gina and Sherie of the home.

Bob Hultstrand related a history of the honor couple in an after dinner program. She is a daughter of the late Mr. and Mrs. George Spaeth of Lindsay where she was born. He was born in Muenster, the son of Mrs. Mary E. Felderhoff and the late Joe Felderhoff.

Out of town guests in addition to those from Lindsay and Gainesville included Mrs. Georgia Berry and son James of Garland and Mr. and Mrs. Walter Haverkamp of Whitesboro.

Mrs. Mark Kuta called congratulations from Norwich, N. Y. She's Mrs. Felderhoff's sister.

Sunday at noon the silver-wedded had their children and his and her brothers and sisters at their home for dinner.

speed around left end and went in for the touchdown. Endres threaded a pass between two defenders to Bartush for the catch up points.

Less than a minute remained after that and both sides were straining to break the tie. Cistercian failed to move in four tries. Sacred Heart tried twice and was intercepted on the final play of the game.

4-H Club News

7th & 8th Grade Girls
 Seventh and eighth grade 4-H clubbers of Sacred Heart School met Miss Ava Knapp, new assistant Extension agent, at their recent meeting and she explained how young people can help keep their homes clean and neat. Brenda Voth, president, presided and Sherri Herr called the roll.

BIRTHS

Mr. and Mrs. Dickey Embry of Gainesville announce a daughter, their second girl, eight pounds two ounces. She was born Sunday, Oct. 28, at Gainesville Hospital and is a sister for DeAnne. The grandparents are Mr. and Mrs. Ray Owen of Muenster and Mr. and Mrs. Everett Embry of Sivils Bend.

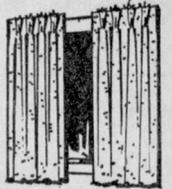

Kin of Mrs. Cain Seriously Burned

Mrs. Dick Cain was in Dallas Sunday to visit at the bedside of her grandnephew, ten-month-old Chris Michael Rhone, son of Mr. and Mrs. Mike Rhone of Wichita Falls. The baby was seriously scalded in the bathtub at home Saturday afternoon when he pushed the hot water lever and received serious burns from the waist down.

He was rushed by ambulance to Parkland Hospital in Dallas and is in the intensive care unit of the burns center. He probably will be transferred to Galveston John Sealy Hospital for skin graft surgery later.

The baby's father Mike Rhone is well known in Muenster as the senior member of the Cherry Rhone Orchestra. Dickie Cain of Denton drove his mother to Dallas and they had dinner with the Bill McCollum family. Meeting them at Parkland to be with the little boy's parents were the grandparents Mr. and Mrs. T. C. Rhone of Bellevue, aunts Kathy Rhone and Becky Wetzel of Wichita Falls and an uncle Steve Rhone of Bellevue.

Mission services are being conducted each evening this week at 7:30 in St. Mary's Church at Gainesville by the Rev. John Schroeder, Jesuit. He travels the country conducting missions and is a friend of Father Bede Mitchel from their times together in Arkansas.

Auxiliary to VFW Adds New Member

Muenster VFW Auxiliary has added a new member with Mrs. Cleo Lanier's transfer of membership from Bowie VFW Auxiliary. The Forestburg resident was welcomed at the October meeting.

Mrs. Arthur Bayer, president, conducted business and reminded members that present dues are effective until Jan. 1 when they increase one dollar. New members will be accepted at the Nov. 11 meeting.

Members voted to comply with the month's participation program by contributing from the treasury to the National Home's Christmas fund.

Members also agreed to continue their memorial service on Nov. 11, a tradition since the Auxiliary was organized to honor deceased servicemen on Veterans Day. The short service consists of prayers and placing a wreath on the memorial marker. Relatives and friends of the deceased are invited to attend the 15-minute tribute.

After adjournment Mrs. Dink Hudspeth and Mrs. Charles Knabe served refreshments to 17 members. Mrs. Charles Hamilton won the door prize.

At Windthorst Meeting
Sacred Heart Parish was represented at the district meeting of the Catholic State League in Windthorst Sunday by Denis Walterscheid, Mr. and Mrs. Joe Hoenig, Mr. and Mrs. Wilfred Bindel, Davey Krahl and Misses Cheryl Bayer and Doreen Pels. They will give their reports at their respective society November meetings. Davey and Cheryl are state officers, first and second vice presidents, respectively.

Doris Schmitt in TWU Fall Concert

Texas Woman University's Choralliers of which Muenster's Doris Schmitt is a member will present their fall concert Thursday, Nov. 8, 8 p.m., in Redbud Auditorium on campus. There will be no admission charge.

Members of the popular singing group, directed by Mrs. Lanelle Stevenson, have made numerous overseas tours in conjunction with USO.

The concert features a variety of popular and folk songs done in a contemporary manner.

Miss Schmitt, daughter of Mr. and Mrs. Al Schmitt, is a sophomore nursing major at TWU.

Lindsay News

LINDSAY — Miss Melinda Bezner, a junior, has been chosen as Lindsay FFA Chapter's first sweetheart.

Lindsay students will have a holiday Friday, Nov. 2, when Lindsay's faculty joins area teachers in attending the Region XI TSTA meeting and workshop.

Kirk Graham sustained a broken wrist in a motorcycle accident last Saturday. Son of Mr. and Mrs. Bill Graham, he is a junior high football player, out for the rest of the season.

Mrs. Joe Bezner Sr. is back in Lindsay, presently living with her son Joe Jr. and family. She was at Frontier Manor in Gainesville for extended nursing care after dismissal from Muenster Hospital where she had undergone surgery for a broken hip.

Mr. and Mrs. William Bezner went to Houston for a weekend visit with their son Joe and family and attended the first Communion of their granddaughter Mitze Bezner Saturday evening. A daughter, Sister Bernadette Bezner of San Antonio, joined them. Sunday they attended the Octoberfest in the Bavarian Gardens.

Mr. and Mrs. James Gera had a week's vacation at Ear Lake, Ontario, Canada, and brought back a moose that he got while hunting. They traveled one route there and another back for sight-seeing. It snowed while they were in Canada.

Annual Halloween Carnival sponsored by Lindsay Parent Teacher Club Sunday night drew a large crowd for fun and food, with a costume contest the highlight for youngsters. Judges in the costume parade were Mr. and Mrs. Leonard Endres and Mr. and Mrs. Charles Cash of Muenster. Winners were Glenn Fuhrmann, best dressed preschooler; his brother Linus, best TV character — Cousin Ip of the Monsters —; they are sons of the Billy Fuhrmanns; Kevin Macready, son of the Irby Macreadys, most unusual costume — Frankenstein; and Madge Klement, daughter of the Richard Klements, for most effort put forth — dressed as a bum. Mrs. Charles Stoffels won the door prize.

Lindsay St. Anne Society Plans for Coming Activity

LINDSAY — Members of St. Anne's Society at their regular meeting again decided to make contributions of cash instead of sponsoring a picnic to boost the organization's treasury. Each woman of the parish is expected to donate five dollars.

In other business members made plans to sponsor a "welcome to Lindsay" reception for Father Bede Mitchell on Nov. 4 after All Souls Day services. Mrs. Julius Hermes Jr. reported that 18 new surplices in different sizes have been made

for the altar boys and that new cassocks will be made after Christmas. In the future St. Anne's Society will be making and paying for the surplices instead of the boys' mothers.

A nominating committee consisting of Mmes. Damon Fuhrmann and John Louis Hess was appointed to draw up a slate of nominees for election of a vice president, treasurer and secretary.

Mrs. Joe Paul Fuhrmann, president, presided and read a letter from the society's adopted Korean orphan Sung Sim. He wrote about his baptism and reception of the sacraments for the first time.

Members agreed to send additional money to the Korean orphanage for Christmas, also to send gifts to Wichita Falls State Hospital and to Lindsay servicemen overseas.

Twenty-seven members and Father Damian, spiritual advisor, attended the meeting and Mrs. Frank Schmidkofer won the door prize. The business session followed recitation of the rosary in church.

Mr. and Mrs. Damian Hellman, Kevin, Linda, Donnie and Joey of Irving spent Sunday with parents and grandparents, the Leo Henscheids.

**Forestburg
News**

By Myrt Denham
FORESTBURG, Oct. 24 — Sunday afternoon Oct. 14 there was a cutting horse practice session at our local rodeo grounds. Now I really couldn't find out very many details about this event. Perhaps I just didn't contact the right people. Was told that people came from various parts of the North Texas area to participate and that our high school seniors were in charge of the concession stand.

Mr. and Mrs. Tom English, east of the Burg, flew to Chicago, Oct. 11. Their daughter, Mrs. Tommy Lou Moore and sons, live at 125 W.E.G.O. Trail, Mt. Prospect — a suburb of Chicago. Tom and Bertha visited the John Hancock Bldg., Lake Michigan, and other points of interest — returning home Monday, Oct. 15.

Ruth Smith, our Freemound and Rosston Road friend, is really a busy bee these days. Monday, Oct. 15 Ruth attended a realtors luncheon in Gainesville. This took place in the Petroleum Room of the Turner Hotel. I really do admire this lady! Ruth is so capable and lives such a full rich life. She raises cattle, sheep, has chickens, dogs, and cats; she sews, does all types of fancy work, cooks, keeps house, goes to college, works for the Lynn Vowell Realtors, and also finds time to do all her church work. Ruth also finds time for her friends and relatives. We might add that Ruth not only raises cattle and sheep but she rounds 'em up, doctors 'em, etc., all by herself. What a gal.

State Representative Joe Hanna and wife Betty of Breckenridge visited with Cleo Lanier Monday afternoon Oct. 15. Then Monday night Cleo and Wilma Mosley attended the VFW Ladies Auxiliary meeting in Muenster.

Gene Lanier and some of his co-workers at Bell Helicopter left Oct. 11 for a deer hunting trip in Colorado. Gene makes a yearly trip into that area to hunt deer. He returned home on Oct. 16. "No luck this time" — but just wait, we bet Gene gets a deer before the season is over.

Visiting the Allen Taylors and Roxie McDonald this past week were Mrs. Tina Smith and daughter Frances of Denton and a friend Mrs. Wright of Fort Worth. Mrs. Smith and Mrs. Taylor were school chums at the old Huddleston Community School.

Guy and Catherine Gates of Torrance, California, have been visiting with friends and relatives in the area. Guy is Velma Freeman's son and Catherine is a sister of Jack C. Dill.

We like to keep up with folks that grew up in this area — left here to make their homes elsewhere. Most of us would live to be able to live in our home-towns — but some of us just are not that fortunate. We tend to live where we can make a living and accumu-

late those material things we consider so necessary. Anyway, would like to let you know that two of our former folks won themselves a paid vacation to Las Vegas, Nevada and San Francisco. Bertha and J. C. Volkman of Bowie were awarded this trip by the Hot Point Corporation. They left from Dallas Wednesday, Oct. 17 and were to return sometime Saturday.

Alice Shears and sister Esther Shears made a trip to Denton Tuesday Oct. 16. They visited their aunt, Linn Wheelers who is a resident of the Silver Leaf Nursing Home. They also got in some shopping.

Charles Edwards (AG teacher), Charles Lanier and John Woods left Tuesday Oct. 16 to attend the National FFA Convention in Kansas City, Missouri. They returned home Saturday Oct. 20.

Terry Brewer, son of the Elmo Brewers of Dewey, flew up to Kansas City via Braniff Airlines on the 16th. Terry was awarded his American Farmers Degree Wed. night Oct. 17. This is the highest degree awarded by the FFA. Terry returned home Thursday Oct. 18.

Mrs. Marion Sockwell took Charles Edward's place at our local high school during Charles' absence. Don't know what sort of AG teacher Marion made — guess Charles should have hired Howard (he is Marion's husband) instead. Howard is very handy with tools, etc. and he has done right well at ranching too.

My husband reports that for the first time since he has been carrying the mail that part of the Rosston Road was graded while it was still wet enough to do some good. He says if some of those road hands just had nerve enough to cross that old bridge across Clear Creek and grade the rest of the road — well, it would be fairly decent for the time being. Guess it would be too much to hope for to have them clear out some of those blind corners that this road is renowned for.

The next meeting of the P.T.O. will be the night of Nov. 12 at 7:30 p.m. at the school. There is to be a program on narcotics given by a Mr. Garsee of Gainesville. Jewell Dill says this is a very interesting program and the P.T.O. members urge everyone to attend.

There has been a little activity at the Denham spread. The T. W. Smiths of New Braunfels and the Burg dropped by Friday night Oct. 19. Gladys and Wesley have returned for a few weeks stay at their place here. Then on Saturday my brother LeRoy O. Zunker and wife Marjorie of New Braunfels blew in. We all helped the Mets and Oakland A's play ball Saturday p.m. On Sunday we were busy helping them again (by radio) and also helping the Cowboys play football via TV. My brother and mate headed home Monday a.m. Hardly had we bid them adieu when our friends the Charles C. Gilberts of Oklahoma City and Charles' mother from La Grange, Indiana, arrived for the day. The Gilberts took us out to Nocona Hills at Lake Nocona to see the two lots they had purchased there recently. We had lunch there at the club house and just had a lovely day with these former Air Force friends.

Mr. Gilbert is retired from the Air Force also and is employed by Wadill and Reed Investments in Oklahoma City.

It is about time for Roe Sledge, hog-man, and Cecil Foster, cow-man to have their fall round-up down New Harp way. It is a good thing Roe has hogs and Cecil has cows so they can tell them apart. They both believe in the old adage of "open-range." Roe has him up some posts but no wire and Cecil doesn't have up anything. From all accounts it is getting harder to tell their stock apart as Roe says his hogs are getting bigger and Cecil's cows are starting to develop snouts. Wonder what kind of exotic breed these two are gonna come up with.

News from twenty odd years ago:

(1) The writer was in Casey Jones' store at Forestburg last Tuesday (that cold day.) Struck up a pretty good conversation with Mrs. Skeeter Jones, Robert Ensey, Glen Lynch and Howard Sledge when Mutt Willis had to come along and go to talking about an old sick calf. Looks like when a feller is about to find a few square meals some old cow poke has to come along and ruin everything.

(2) Audy Lee Knox won't hardly let his brother Stiff ride up in the cab of the pickup with him anymore. Guts says Hershel must have been chewing tobacco and spit out of the window a time or two the time they turned over a couple of times on the Bowie highway some weeks back. Boy, make him ride in the back, that's right. Life is too uncertain at the best.

(3) Mrs. Roxie Dunn and Meb, when he is awake, are passing out letters and cards in the old Medley Drug Store building. The Post Office has been in nearly every other building in town, in the years that have come and gone.

In closing, I would like to pass on some information to my Muenster friends. Several have inquired when the New Braunfels Wurstfest would be this year. My brother says it will start the 2nd of November. I'm not plugging this festival, just like to pass the date on to those of you that are interested.

FORESTBURG, Oct. 29 — Folks, I'm sorry, but I goofed last week and just didn't get my news in on time to meet the deadline. That is what a houseful of company will do — but I sure will take company any time.

Saturday, Oct. 20, Mr. and Mrs. C. C. White of Dallas accompanied by a niece and nephew were in the burg. Mr. White is a half brother of the late W. F. (Dutch) Landers and he hadn't been here in 20 years. He went to visit Mark Landers first and Mark didn't know him. They visited with all their relatives hereabouts.

Mark and Hettie Landers had some more company that weekend. Their daughter Mrs. Marguerite Wright and her daughter of Wichita Falls were down to visit them.

The Ross Point Harvest Supper will be held Nov. 10. It will be at the Community Center and they will start serving at 5 p.m. and continue to 9 p.m. The charge is \$2 — all you can eat and this includes pie and drink.

SH Group Goes to Irving Convention

Four members of the Sacred Heart Student Council attended the fall Convention of District III of the Texas Association of Student Councils Monday, October 15, at Nimitz High School in Irving. Those attending were Sandy Reiter, Barbie Hess, Peggy Hoedebeck, Steve Taylor, and their sponsor Sister Mary John.

The all-day affair was designed to present ideas to the students so that they can improve their student councils. During a break, the students went to a planetarium to hear a lecture on astronomy.

Local CYO Group Adds New Members

Muenster CYO added three new members at its October meeting, heard reports on past activity, and planned future projects.

President Cheryl Bayer presided in the presence of Father Stephen Eckart, spiritual advisor, and Lynda Klement led the opening prayer.

A report, with discussion, concerned the recent Day of Recollection and the district meeting of the Catholic State League in Windthorst along with plans for a benefit dance. Father Stephen closed with prayer.

All bears except the polar bear have very poor eyesight. They depend on their ears and nose for defense against intruders.

Forestburg News -

Decie Ellzey had a houseful of guests the weekend of Oct. 20. Visitors were Lottie Hagar, a friend, of McFarland, Calif., Mrs. Betty Ingram, a sister from Lynnwood, Calif., Mrs. Lou Ferris, also a sister of Wheeler, Texas, Mrs. Sam Wright, a daughter, and children of Temple. Also Kenneth Ferris and son, a nephew of Houston and Mr. and Mrs. Bob Mulligan — she's a niece — of Dallas. Kenneth Ferris and Mrs. Mulligan are the children of Mrs. Lou Ferris of Wheeler, Texas.

On Monday, Oct. 22, Decie Ellzey celebrated her 73rd birthday. She is a young 73 — very active in all community activities and in her church. Decie is still the chief cook and bottle washer at our local school lunchroom. No matter how hard we Forestburgers try we can never praise Decie enough for all she has done for all of us and the community.

The Clifford Hudspeths will have them some neighbors before long. Mr. and Mrs. Gary Johnson have purchased themselves a nice mobile home and moved it on the Bud Johnson land which joins the Hudspeth property.

Glady's Barclay was in "hog-heaven" the weekend of Oct. 20-22 instead of out feeding Charlie's hogs. Her mother Mrs. Archie Linder and her sister and family the Robert Kellers of San Antonio were Glady's and Charlie's guests. Us "foreigners" always look forward to our kin coming for a visit.

My Mercy Bench friends are after me to report that my husband does some Mercy Benching himself. They tell me he makes pretty good use of the Bench almost every day for an hour or so when he gets in from his mail route. I guess he is getting in some practice for when he retires. Several regular sitters tell me the "better half" won't sit on the bench when he knows I'm floatin' around the burg or due to arrive.

Willie Kuykendall says he guessed a feller could get tired of doing anything. He says he even got tired sitting on the Mercy Bench — however some days were worse than others.

Barney and Veda Brogdon had themselves a few days' vacation last week. They spent Friday night Oct. 19, with Veda's sister Mrs. Carl Cummings of Quanah. They visited their son Johnny and family at Pampa from Saturday, Oct. 20, till Monday the 22nd when they went on to Wichita Falls. There they visited another sister of Veda's, Mrs. Monte Evanson and two of her brothers Floyd and Oran Steadham. Veda said Barney was in a hurry to get home to his hogs. Seems there were some blessed events due and Barney thought he might be needed. However, Veda said according to daughter, Becky Scott, they had hardly been gone over an hour when one of these events occurred — no complications and the family is doing well.

The annual Thanksgiving Community Supper is being planned for the Forestburg

area folks. It is to take place the night of Thursday, Nov. 15. This is all the info I have at the present but will keep you informed as I learn more.

Looks like Casey Jones must be getting some oil checks. He hasn't let his belt out any but he keeps putting it down a little lower all the time.

The T. W. Smiths met the Bob Davises from New Braunfels in Denton Saturday, Oct. 20, and they all took in the college football game. The Davises then spent Oct. 21 and 22 with the Smiths at the Smith hide-away here at the burg.

Ted and Laura Belle Jackson made a trek down to Arlington Sunday, Oct. 21, to visit LBJ's sister — Mrs. L. C. Griffin — and husband. The Griffin's daughter and family, the Joel Campbells of Dallas also joined in on the fun.

Vera Mae McGee was real thrilled over her company the Oct. 20 weekend. Her guests were Mrs. Leon Perryman, wife of the late Oscar Perryman. Oscar was Vera Mae's brother. Leon lives in Lamesa. Her daughter and husband the Thurman Yates of Silver City, N. M., also were guests. Other guests were the Raymond Tanners of Lubbock and the Clarence Pierces of Greenville.

Mrs. Tanner and Mrs. Pierce are Vera Mae's cousins and the daughters of Aunt Nannie Gilland.

Dr. J. R. Williams of Garland, son of Mrs. Ollie Williams and the late Riley Williams passed away Sunday, Oct. 21. Funeral services were held at Garland Tuesday, Oct. 23, and Dr. Williams was laid to rest at Valley Mills. Guy and Catherine Gates, Deward Williams and daughter and Mrs. Velma Freeman attended the services. Dr. Williams was a brother of Velma and Deward.

Howard Sockwell wants us to caution everyone about fires. When you burn your trash, stay with it! Also if you smoke be sure those cigarettes and cigars are out before you cast them away. There is a lot of grass this year and the

fire potential is great. Remember that feed for our cows is high and we need that grass this winter. The wind may be out of a different direction and the fire won't die out in that Glen Lynch country as it did before. So folks, let's do be mighty careful.

Well, we had us another good Fellowship supper in the annex of Forestburg United Methodist Church Wednesday night, Oct. 24. Sure a lot of good cooks in that Methodist bunch. The supper was followed by a Council of Ministries meeting with Merle Hudspeth in charge. After that Faith Sandusky and your writer were in charge of the dishpan and dirty dishes.

With that I take leave this week. Since you may get a

double dose of Forestburg news you will have enough to read. We do have more news to report but will just have to

keep it on ice. The Muenster Enterprise might have to put on an extra crew if Forestburg folks are too active.

Sandra Otto and Jimmy Joe Lehnertz Are Planning December 1 Wedding
 Mr. and Mrs. Thomas L. Otto of Gainesville have announced the engagement and approaching marriage of their daughter, Sandra, and Jimmy Joe Lehnertz, son of Mr. and Mrs. Jimmy Lehnertz, all of Gainesville and formerly of Muenster.
 Vows will be exchanged December 1 at 6 p.m. in St. Mary's Catholic Church with Father James Gillespie, pastor, officiating.
 A graduate of Gainesville High School, the bride-to-be is employed in Dallas by the Federal Government Printing Office.
 Also a graduate of GHS, the groom attended CCJC and is employed at National Supply and The Automotive, Inc.
 Grandparents of the couple

are Mrs. Agnes Lehnertz and the late Joe Lehnertz and the late Mr. and Mrs. Tony Otto of Muenster.
 After their wedding the young couple will make their home at 1804 Buck Street in Gainesville.

Mrs. Joe Luke Is Birthday Honoree
 Mrs. Joe Luke celebrated her birthday in company of her son and daughter-in-law Mr. and Mrs. Norman Luke who came from Houston for the weekend and the Oct. 21 observance. Sunday the three went to Seymour and Munday to visit cousins.
 Mr. and Mrs. Herman Jungman of Seymour took them out for a birthday dinner. Later they drove to Munday for birthday cake and ice cream at the home of Mr. and Mrs. Bill Hertel. Others there were Mr. and Mrs. John Michels and Mrs. Eugene Michels. They showered the honoree with gifts.
 Mr. and Mrs. Larry Kostyniak of College Station were weekend visitors with her parents, the Norbert Koeslers.

NOTES FROM THE LIBRARY

By Bettie Luke
 We have been very busy helping students research for their term papers which are biographies of world authors. We have also shelved a number of new biographies: Herman Melville, Cicero, Victor Hugo, Ibsen, Moliere, Anton Chekov, Tolstoy and others.
 An interesting new book in "The Handywoman's Guide" by Michael Squeglia. Its contents include maintenance and repair of small heat producing electrical appliances such as irons, toasters, broilers, coffee makers, vaporizers, fry pans, cookers, grills, waffle irons and space heaters. The handyman husband isn't always available when something goes wrong so this manual is dedicated to the housewife for those all-too-many do-it-yourself fix-it jobs.
 With holiday season parties coming up, the Library has a new "Party Game Book" by Margaret E. Mulak which should prove helpful.
 Come and read with us.

Mrs. Cliff Sicking Is Shower Honoree

A come and go surprise shower honored Mrs. Cliff Sicking Sunday afternoon with Mmes. Bryan Russell, David Fisher, Jimmy Kupper of Valley View, Larry Vogel of Myra and Larry Kostyniak of College Station as co-hostesses in the Russell home.
 A Raggedy Ann and Raggedy Andy theme was carried out in the party room. On arrival the honoree was pinned with a corsage made of infant socks in yellow and white.
 Thirty-three guests — classmates, other friends and relatives attended. Their gifts were displayed along with the hostess' gifts, a Raggedy Ann and Andy crib comforter and a pair of Raggedy Ann and Andy planters containing ivy. The plants decorated the refreshment table which also held a baby's birthday candle and twin cakes, Raggedy Ann and Andy. The cakes were served with punch.
 Guests included the honoree's mother Mrs. Richard Swirczynski, her husband's mother Mrs. Emmet Sicking and grandmother Mrs. Will Sicking of Myra.
 Others attending from a distance were Miss Joyce Sicking and Mrs. James Lutkenhaus of Houston, Mrs. Hank Arendt of Carrollton, Miss Debbie Sicking of Sherman, Mrs. Bobby Bruns of Arlington and Mrs. Dean McMahon of Lewisville.

FHA Man Talks At Conference of Rural Committee

Stan Reed of the Farm Home Administration was guest speaker at a meeting of the Cooke County Advisory Committee last Thursday night in the office of Cooke County Electric Co-op.

He said that his office is as productive as the people want it to be and the advisory committee can serve its communities well by spreading the message on the many helpful programs available.

Among services listed are housing loans for up to 14,000 square feet of space and 33 years to finance; a renovation program allowing up to \$3,500 for heat or sanitation; a farm ownership program with 40 years to pay; community water and sewer loans; and soil and water system loans to help with land-clearing and conservation practices.

He said his office this year has processed 206 housing loans averaging \$18,000; four farm financing loans averaging \$35,000 and four more being processed; six operating loans averaging \$24,000 and five more being processed; and three rural water systems and two rural sewer systems.

The advisory committee reviewed Operation Identification reporting good acceptance by the public, which has received 3,000 decals to date.

Gene Davenport reported on his attendance at the Governor's Rural Development Conference in Austin on Oct. 23. It included workshops on economic development, housing, resources transportation, health, education and government.

Also discussed was the Leadership Manual and a reminder to have work sessions soon in communities that have not had them. Programs under consideration for 1974 are seminars and educational meetings, law enforcement, leadership development and agribusiness economics.

Community leaders attending the meeting were Junior Durham of Ross Point, Fred Haynie of Mountain Springs, ley Kammerdiener of Downard Fairplains, Ray Lynch of William Hermes of Hood, Char Woodbine, Woody Weems of Callisburg and Parker Yarborough of Era.

Jets Hear Talk on Computer Careers

Muenster Jets Club had as their guest speaker at their October 22 meeting William L. (Bill) Birden of Louisville, manager of General Computer Systems, Inc., Dallas.

He talked on computer programming outlining the six basic career fields: operator, salesman, programmer, design engineer, system analyst, and support and test engineers. He was introduced by Emmet Walterscheid.

Seventh and eighth grade speech and drama students of Sacred Heart School, coached by Brother Thomas Moster, performed at SH Home-School Society's October meeting.

It is surprising that only 186 people out of around 500 of voting age went to the polls last Saturday. The outcome was 55% in favor of the water district. Those who did not vote showed that they had confidence in the judgement of our city council, who after all have studied the water needs and are better informed on the subject than the average citizen. It's a consolation to know that now the larger cities south of us cannot file for a water district in our immediate area.

Next week is "Texas Nurse Week". So much can be said about those ladies in white who we take for granted till we need them to ease our pain or make us comfortable when we're sick. Many of them are specialists and probably someday there will be a classification of nurses calling them assistant doctors, doctors 2nd or Nurses class 1, 2, or 3. Re-

member your favorite nurse this week with a card, flowers, candy, or a phone call.

In the past we've mentioned bird, deer, elk and moose hunters but have neglected the coon hunters. There are only a few of these hearty out-doorsmen around and where they formerly stayed out all night now only hunt three to five hours. I was talked into going coon hunting several years ago. About dark the hunters, five of us, started arriving at the designated starting point. There were ten or twelve dogs, a box of sandwiches, three jugs of coffee and two flash lights. Each dog had a short name such as Jip, Blue, Rip, Pete, Queen, etc. In the dark the dog knew his owner by smell and the owner knew his dog also by smell.

The dogs were turned loose and we spent the next several hours walking, not on roads or level fields but through brush, across creeks, into fences, over cactus and into rocks.

The dogs were, I presume, talking to each other in the short barks or brays they let out as they roamed the area. Once in awhile one would

change his tune and one of the hunters would claim the sound was from his dog who had picked up a trail. Before long the others got noisier meaning the trail was hot. The hunters said they knew from the dogs' bark which was in the lead, which was chasing a skunk, which had gotten lost, whether they were crossing a creek, fence row or farm yard. One hunter, when his dog was quiet, claimed the dog was crossing posted land.

When all the dogs got extra loud and sounded alike it meant the coon was treed. They must have been a mile from us and we hurried to get there. By the time we arrived the dogs had either given up on that one, he got away, or it might have been a squirrel. This went on for hours until someone admitted they'd been out long enough. I had that feeling hours earlier.

We waited at the pickups drinking coffee till a few of the dogs found us. Some of them did not show up and it was decided they had gone home or were lost.

I had never walked so many miles, been so lost, scratched

up from fences and brush, muddy from falling in creeks—and had not seen a coon. The coon hunter is a hearty soul who loves his dogs, does not carry a gun, has no use for a coon should he get one and his only trophy is a toothpick. Believe I'll stick to the silly game of golf for my exercise.

Workshop Nov. 6-7 For Third Order

Members of the Third Order of St. Francis from the parishes of Muenster, Lindsay and Gainesville will join next Tuesday and Wednesday, Nov. 6-7, in Sacred Heart High Library here for a mini workshop each evening beginning at 7 o'clock.

Father Bennett Fonck, assistant provincial of the order, province of Chicago, who is working with fraternity groups in Texas, Oklahoma and Louisiana, will be in charge.

The final session will close with a social hour and refreshments.

A fanatic is a guy who can't change his mind and won't change the subject.

Confetti - - -

Number 6 appears to call for improvements in probate proceedings. This ought to save time by relieving county judges of some of their duty. Also it should improve the odds for justice by allowing appeal on an unsatisfactory probate ruling. This one too seems like a good idea.

Number 7 to provide \$100 million more in bonds for the veterans land fund has obvious merit. This gives Vietnam veterans the same benefits that others have enjoyed for years. An added benefit is that it doesn't cost. This is a banking deal in which the money comes back as land payments are made by the veterans.

Next one authorizes and requires cities, towns and villages to levy tax for debt service. Again the puzzle is that it hasn't been in effect long ago.

And finally the measure to exempt non profit water supply corporations from taxes, just as cities and water districts are excused. That's fair enough. People or firms of similar businesses ought to be controlled by similar regula-

tions. As it looks from here, approval is in order for all propositions on the ballot.
